Notes:

\*(1) Courses such as AMS 1A and 1B are 6 units each and satisfy 7 Lower Division GE Areas using a total of 12 units. If you take individual courses at 3 units each it would take a total of 21 units to meet the 7 Lower Division GE Areas. This reduces the number of ANY COURSE ELECTIVES needed to reach a total of 120 units for graduation. AMS 1A and 1B are suggested but feel free to take any GE courses that interest you. (2) Select 'Econ Electives' from any upper division economics course that is a 4 unit class. There are 8 Econ Electives in the B.A. degree. The first 4 electives must be from at least two different specialty areas. The remaining 4 electives can be any upper division economics course. (3) Econ 100W can also be used to satisfy one of the Econ Electives and simultaneously satisfy SJSU Studies Area Z. (4) 'Any Course Electives' give you latitude to select a minor or other courses that help you achieve outstanding Communication Skills, strong Statistical Analysis Skills, renewed Critical Thinking skills, and the ability to apply economic concepts. \* Either B1 or B2 requires a B3 lab component.
