2. A bachelor's degree in Engineering or Mathematical Sciences (including Mathematics, Statistics and Computer Science) plus ISE courses specified by the Graduate Advisor to prepare for graduate work in the Department; OR
3. A bachelor's degree in Natural Sciences plus ISE and MATH courses specified by the Graduate Advisor to prepare for graduate work in the Department.

Requirements for Admission to Classified Standing

Applicants must meet all university admission requirements. Applicants who meet the following requirements beyond university requirements will be considered for admission into the ISE Department. Students may be admitted in either classified or conditionally classified standing. Applicants for classified standing will ordinarily be expected to have completed work for the BS degree in industrial engineering (or its equivalent) at San José State University or another university with an accredited curriculum, with a grade point average of 3.0 ("B") or better in the last 60 units.

Requirements for Admission to Conditionally Classified Standing

Applicants who do not have a baccalaureate degree in industrial engineering (or equivalent), but who meet university requirements for graduate admission and whose academic records or professional achievements give promise of satisfactory performance in graduate study in industrial engineering, may be admitted to Conditionally Classified standing. Applicants whose baccalaureate degrees are not in industrial engineering will be required to take additional courses (prerequisites), which will not be counted in the graduate degree program for the MS - Industrial and Systems Engineering. The GRE General Test is not required.

Requirements for Advancement to Candidacy

Students seeking MS degrees in the College of Engineering must meet the general university requirements for candidacy as outlined in the Academic Requirements section of this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program. In addition, the candidate must demonstrate an aptitude for advanced professional work in industrial engineering, as measured by instructor appraisals, analysis of previous academic work or other appropriate means. Advancement to candidacy and approval of programs will be handled by a faculty committee and the student's advisor.

Requirements for Graduation

Completing Requirements for the MS - Industrial and Systems Engineering

Students who have been advanced to candidacy for master's degrees in engineering must thereafter maintain grade-point averages of 3.0 ("B") or better in all work taken in the graduate program, and in the minimum 30 semester units of approved graduate work. All students are required to complete a thesis, project, or pass a comprehensive examination covering either their graduate course work or major project. The general requirements for the MS - Industrial and Systems Engineering include completion of at least 30 semester hours of approved work. The course requirements consist of three core courses, four courses in a specialty area, one elective, one GWAR elective course and a culminating experience (thesis, project or comprehensive exam). Four specialty areas are offered: Production and Quality Assurance, Human Factors Engineering, Healthcare and Service Systems Engineering, and Supply Chain and Logistics Engineering.

Culminating Experience

Plan A (Thesis)

The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee, which consists of the chair and two other faculty members of the Department, College or University.

Plan B (Project)

The main purpose and hence the main scope of the MS project is to apply knowledge learned in a student's graduate study to a real-world problem, either identified in a current industrial or business setting as a need for improvement or in an academic setting in anticipation of opportunities for potential improvement. In either case, the amount of work must at least be commensurate with a three-unit graduate lecture course. Although creating new knowledge is not expected in the project, most effective application of the knowledge learned in the student's entire graduate program is.

The MS project should be an individual project. With special approval by the Graduate Advisor, a project whose scope is too large for one student can be pursued as a set of multiple MS projects. However, the scope of work for each student must be clearly defined and separated with respect to that of the other student(s). At the end of the MS Project, each student must complete and submit an individual project report and must give an individual presentation. The student earns credit (i.e., CR) for the MS Project if and only if the project has been successfully completed and the project report and the project presentation have been satisfactorily delivered. It will be written under the guidance of the candidate's project committee advisor, with the assistance of the thesis committee, which consists of the chair and another faculty member of the Department, College or University.

Plan B (Comprehensive Exam)

The Comprehensive Exam is a five-hour exam covering three core courses and two elective courses. It is an open-book and open-notes exam. Students in this option take a third elective course (amounting to a total of 9 units of approved electives).

Master's Requirements (30 units)

Graduation Writing Assessment Requirement (GWAR) (3 units)

Successful completion of the following courses satisfies GWAR, which is required for advancement to candidacy.

There are other ways to satisfy GWAR, but they require the addition of an elective selected in consultation with the graduate advisor. For information on Graduation Writing Assessment Requirement (GWAR).

- ISE 202 - Design and Analysis of Engineering Experiments 3 *unit(s)* (GWAR)
- ISE 212 - Human Factors Experiments 3 *unit(s)* (GWAR)
- ISE 251 - Managing the Lean Enterprise Improvement Program 3 *unit(s)* (GWAR)
- ISE 270 - Information Engineering 3 *unit(s)* (GWAR)

Core ISE Courses (9 units)

- ISE 230 - Advanced Operations Research 3 *unit(s)*
- ISE 235 - Quality Assurance and Reliability 3 *unit(s)*
- ISE 240 - Analytics for Systems Engineering 3 *unit(s)*

Courses in an ISE Specialty Area (12 units)

Four Courses from one of the following four specialty areas:

- a. production and quality assurance,
- b. human factors engineering,
- c. supply chain and logistics engineering, or
- d. healthcare and service systems engineering

Approved Electives (3 units)

Courses selected from other ISE specialty areas or approved by the graduate advisor. The following courses may not be used as electives for the MS ISE: ISE 205, ISE 233, and ISE 244.

Culminating Experience (3 units)

Complete one option (Plan A Thesis, Plan B Project, or Plan B Comprehensive Exam):

Plan A (Thesis)

- ISE 299 - Master's Thesis *1-4 unit(s) (3 units required)*

Plan B (Project)

- ISE 298 - Special Problems *1-4 unit(s) (3 units required)*

Plan B (Comprehensive Exam)

- Five-hour exam covering three core courses and two elective courses. Students in this option take a third elective course (a total of 9 units approved electives)

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Industrial and Systems Engineering, Operational Analytics Concentration, MS

The Industrial and Systems Engineering Department at SJSU administers the Master of Science in Industrial and Systems Engineering (MS ISE) degree program with a concentration in Operational Analytics. This program provides students with competency in data analytics methods along with fundamental knowledge in industrial and systems engineering through coursework and a culminating project. The students take 6 core courses, and 3 electives. The program culminates in a thesis or project. Additional information can be found on the MS ISE website.

Admissions

Applicants must submit a complete graduate application through the CSU Cal State Apply portal and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the MS Industrial and Systems Engineering program, Operational Analytics Concentration. See the Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English language proficiency test score as indicated on the Graduate Program Test Requirements webpage. For TOEFL Requirements, see the English Language Proficiency Requirement section in this Catalog.

Admissions to the MS ISE Operational Analytics Concentration will require the same departmental requirements as the MS ISE program which are listed as follows:

1. A bachelor's degree in Industrial or Systems Engineering from an ABET-accredited University; OR
2. A bachelor's degree in Engineering or Mathematical Sciences (including Mathematics, Statistics, and Computer Science) plus ISE courses specified by the Graduate Advisor to prepare for graduate work in the Department; OR
3. A bachelor's degree in Natural Sciences plus ISE and MATH courses specified by the Graduate Advisor to prepare for graduate work in the Department.

Requirements for Admission to Classified Standing

Applicants must meet all university admissions requirements. Applicants who meet the following requirements beyond university requirements will be considered for admission into the ISE Department. Applicants for classified standing will ordinarily be expected to have completed work for the BS degree in industrial engineering (or its equivalent) at San Jose State University or at another university with an accredited curriculum, with a grade point average of 3.0 (B) or better in the upper division work.

Requirements for Admission to Conditionally Classified Standing

If the student's preparation for advanced graduate work is inadequate, they may be admitted with conditionally classified standing, and be required to take the necessary preparatory courses to become classified. Such courses will not ordinarily count towards the Master's degree program requirements.

Students who are admitted on a conditionally classified basis may complete a "Change of Classification in Graduate's Program" petition immediately upon completion of specified conditions. While in the conditionally classified standing, the student can take graduate ISE courses that do not require any prerequisites that have not yet been completed.

Requirements for Advancement to Graduate Candidacy

Students seeking the Master of Science degree in Industrial and Systems Engineering concentration in Operational Analytics must meet the general university requirements for advancement to candidacy as outlined in the Academic Requirements section of this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Please refer to the SJSU catalog section titled "Graduation Writing Assessment Requirement" for details. Courses that satisfy the GWAR are listed in the course requirements for the program. Advancement to candidacy and approval of programs will be handled by the student's graduate advisor.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Culminating Experience

Students choose either Plan A (Thesis) or Plan B (Project) option as their program culminating experience. The decision to embark on a thesis or project will be made by the student in consultation with the program's assigned advisor.

Plan A (Thesis)

Students wishing to pursue the thesis option must begin by obtaining the approval of the MS ISE program Director, and then secure the agreement of a qualified faculty member to serve as chair of the thesis committee. The candidate must provide the name of the committee chair to the MS ISE Program Director prior to working on the thesis. The thesis and thesis process must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. The thesis will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

Plan B (Project)

It is expected that most students will choose the Plan B (Project) option as the MS ISE culminating experience. Students must begin the project by identifying a qualified faculty advisor, or by having one appointed by the MS ISE Operational Analytics Program Director. The advisor and the student mutually agree on the scope of the project. The advisor determines whether the student has met agreed upon project requirements and when the project report is acceptable for submission to the MS ISE Operational Analytics concentration, and notifies the program director of the student's satisfactory completion of the culminating experience requirement.

Course Requirements

Students must maintain a GPA of 3.0 or above in all courses taken in fulfilling prerequisites and the 30 graduate units required for completion of the program. The general requirements for the course completion are as follows:

Master's Requirements (30 units)

Core Courses (18 units)

- ISE 202 - Design and Analysis of Engineering Experiments 3 *unit(s)* (GWAR)
- ISE 205 - Data Ethics 3 *unit(s)*
- ISE 230 - Advanced Operations Research 3 *unit(s)*
- ISE 233 - Operational Data Analysis for Industrial Systems 3 *unit(s)*
- ISE 240 - Analytics for Systems Engineering 3 *unit(s)*
- ISE 244 - AI Tools and Practice for Systems Engineering 3 *unit(s)*

Approved Electives (9 units)

Complete 3 courses. Elective courses must be planned in consultation with the graduate advisor.

- ISE 234 - Electricity Markets & Power Systems Analytics 3 *unit(s)*
- ISE 235 - Quality Assurance and Reliability 3 *unit(s)*
- ISE 241 - Advanced Operations Planning and Control 3 *unit(s)*
- ISE 243 - Advanced Supply Chain Analytics 3 *unit(s)*
- ISE 245 - Advanced Supply Chain Engineering 3 *unit(s)*
- ISE 247 - Logistics for Supply Chain 3 *unit(s)*
- ISE 265 - Advanced System Simulation 3 *unit(s)*

Culminating Experience (3 units)

Complete one option (Plan A Thesis or Plan B Project).

Plan A (Thesis)

- ISE 299 - Master's Thesis *1-4 unit(s) (3 units required)*

Plan B (Project)

- ISE 298 - Special Problems *1-4 unit(s) (3 units required)*

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Materials Engineering, MS

- Requirements for Admission
- Requirements for Candidacy
- Major Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

The MS Materials Engineering program is offered by the Department of Chemical and Materials Engineering. The program provides advanced study of materials engineering topics with an emphasis on both the fundamental and applied aspects. A multidisciplinary approach to education is evident in the materials engineering program's specialization areas of semiconductor processing, polymers, ceramics, structural materials, and biomaterials. Elective courses are also available in science, business, and other engineering fields. This broad-based, multi-disciplinary educational program has proven to be an important factor for a student's future success including leading Silicon Valley companies and in Ph.D. programs. Class schedules are designed for the convenience of employed engineers who wish to pursue graduate work on a part-time basis.

Faculty are actively involved in research areas including electronic and magnetic materials, nanomaterials, energy materials, structural materials, computations, polymers, composites, and biomaterials. Research activity is sponsored by local industries as well as by government funding agencies.

The MS Materials Engineering program welcomes students with undergraduate degrees in a variety of other engineering and science disciplines.

Department Website: www.sjsu.edu/cme

Department Email: chemical-materials-engineering@sjsu.edu

Requirements for Admission

Students can be admitted with conditionally classified standing if they have a MATE degree from a US accredited university in which they obtained a 2.7-2.99 GPA in the last 60 units; a MATE degree from a non-US institution; or if they have a BS degree in a related discipline, such as chemical engineering, chemistry, biology, or physics from an accredited institution. Students with conditionally classified standing will take a series of transition courses. Once these are completed satisfactorily, students can petition from classified standing. For more information on the transition courses, see the department website.

Requirements for Candidacy

Students must meet the university requirements for candidacy which includes successful completion of the Graduation Writing Assessment Requirement (GWAR). The University requires that all graduate students meet the Graduation Writing Assessment Requirement as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Major Requirements

To meet the requirements for the MS - Materials Engineering degree, a student must complete 30 units of approved courses. Students must achieve a minimum of a "C" in each course and a cumulative GPA of 3.0 or better. Students should select a Culminating Experience in consultation with their SJSU research advisor, and a written thesis or project report and an oral defense of their thesis or project must be completed.

Graduation Writing Assessment Requirement

Students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Students in the MS, Chemical Engineering program will complete MATE 280 and MATE 281 and may complete 1-unit of MATE 298/MATE 298I or MATE 299/MATE 299I through their choice of a graduate project or master's thesis, respectively.

Thesis Requirements

Students opting to complete a master's thesis are responsible for securing the commitment of a full-time tenured or tenure-track faculty member who agrees to serve as the thesis committee chair. The student must also secure the commitments of two additional committee members, one of whom must be a full or part-time SJSU faculty member, to serve as the student's thesis committee. If the student is completing their thesis research off-site, then one person of their thesis committee must be at least a supervisor-level employee from that off-site facility. The student must write a thesis proposal and have it approved by the thesis committee in order to pass MATE 281. MATE 299 is taken in the semester the student expects to complete their final oral and written defense which will serve as their culminating experience. The MS candidate must successfully pass an oral defense and complete an approved thesis report in order to receive credit for MATE 299. Students must be enrolled in courses every semester with the exception of an approved leave of absence for one semester. Students who have finished all their 30 units with the exception of an RP grade in MATE 299 are eligible for enrollment in CHE 1290R for a reduced tuition fee. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

Project Requirements

Students opting to complete a graduate project are responsible for securing the commitment of a full-time tenured or tenure-track faculty member who agrees to serve as the project committee chair. The student must also secure the commitments of an additional committee member to serve as the student's project committee. If the student is completing their thesis project research off-site, then one person of their project committee must be at least a supervisor-level employee from that off-site facility. The student must write a project proposal and have it approved by the project committee in order to pass MATE 281. MATE 298 is taken in the semester the student expects to complete their final oral defense and written project report, which will serve as their culminating experience. The MS candidate must successfully pass an oral and defense and complete an approved written project report in order to receive credit for MATE 298. Students must be enrolled in courses every semester with the exception of an approved leave of absence for one semester. Students who have finished all their 30 units with the exception of an RP grade in MATE 298 are eligible for enrollment in CHE 1290R for a reduced tuition fee.

Master's Requirements (30 units)

Core Courses (15 units)

- CHE 200 - Research Methods 3 *unit(s)* (GWAR)
- MATE 205 - Advanced Mechanical Behavior of Solids 3 *unit(s)*
- MATE 215 - Solid State Materials Engineering 3 *unit(s)*
- MATE 241 - Advanced Methods of Materials Characterization 3 *unit(s)*
- MATE 251 - Advanced Solid State Thermodynamics 3 *unit(s)*

Approved Electives (9 units)

9 units of electives selected in consultation with a graduate advisor. At least one technical elective needs to be an approved 200-level course.

Only students who are doing research on campus may be eligible for MATE 282. MATE 282 may be taken 2 times for a maximum of 6 units of technical elective credit. *Only one section of MATE 280/MATE 280I/MATE 282 may be taken per semester.*

Culminating Experience (6 units)

- MATE 281 - MS Thesis/Project Preparation Seminar 3 *unit(s)*
- MATE 280 - Graduate Research OR MATE 280I - Graduate Research Internship 2 *unit(s)*

Complete one course for 1 unit:

- MATE 298 - MS Research/Project 1-2 *unit(s)* (1 *unit* required)
- MATE 298I - Master's Project Internship 1-2 *unit(s)*
- MATE 299 - Master's Thesis 1-3 *unit(s)*
- MATE 299I - Master's Thesis Internship 1-3 *unit(s)*

Total Units Required (30 units)

Mechanical Engineering, MS

- Educational Objectives for Graduate Program

- Admission Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Mechanical Engineering graduate program, offered by the Department of Mechanical Engineering, is designed to afford ample opportunity for working engineers to continue their education. Courses and scholarly activities in such areas as computational fluid dynamics, thermodynamics, heat transfer, rigid-body dynamics, robotics, vibrations, product design, finite element methods, computer-aided mechanical engineering design and optimization, controls and manufacturing engineering and mechatronic systems engineering can lead to a degree of Master of Science in Mechanical Engineering (MSME).

For more information visit the program MSME program website.

Educational Objectives for Graduate Program

The Master of Science in Mechanical Engineering degree program provides students with:

1. A strong foundation beyond the undergraduate level in their chosen focus area as well as in mathematics, basic science and engineering fundamentals, that allows them to successfully compete for technical engineering positions in the local, national and global engineering market, advance in their current position or pursue doctoral studies.
2. Professional and lifelong learning skills to be able to apply and extend theory to solve practical contemporary engineering problems.
3. The expertise necessary to design mechanical engineering systems with a possible specialization in areas such as energy systems, thermal management of electronic systems, electronics packaging and reliability, finite element analysis and CAD, mechatronics and MEMS, product design, robotics, automation, and manufacturing.
4. Strong verbal and written communication skills, including the ability to comprehend and write technical documents.
5. Ability to think and work independently to perform design and in-depth analysis in solving open-ended mechanical engineering problems.

Admission Requirements

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the Mechanical Engineering Program. See the Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English Language Proficiency (ELP) test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Admission to Classified Standing

Students desiring to pursue a Master of Science in Mechanical Engineering must meet all the university admission requirements and satisfy each of the following requirements for admission to classified standing:

1. A Bachelor of Science degree from an engineering department accredited by the Accreditation Board of Engineering and Technology (ABET) or equivalent. Special programs can be developed for those with degrees from other related disciplines. These programs must be approved by the Graduate Program Advisor.
2. A minimum grade point average (GPA) of 3.0 on a 4.0 scale over the last 60 semester units completed in engineering and/or science.
3. Applicants from non-ABET accredited Mechanical Engineering programs must have obtained minimum GRE scores as stipulated on the Graduate Program Test Requirements webpage.

Admission to Conditionally Classified Standing

Applicants whose records show certain deficiencies, such as in GPA or having a non-ME undergraduate major, may be admitted to conditionally classified standing. The Mechanical Engineering Graduate Program Advisor should be contacted for this purpose. Conditionally classified students may later initiate petitions for classified standing in the program when such deficiencies have been removed and their records show promise of success in the degree program. The individual admission letter will explain the required terms and conditions for attaining Classified standing.

Requirements for Advancement to Graduate Candidacy

Prior to registering for the first time (or upon reentering), a student should consult with the Mechanical Engineering Graduate Program Advisor. A schedule of courses will be developed at this time. Students admitted as conditionally classified must satisfy the requirements listed on their letter of acceptance and then apply to GAPE for a change of classification. Students who have completed matriculation and received classified standing in a master's degree curriculum must next be advanced to candidacy for the degree.

A student may advance to candidacy after completing a minimum of 9 units of graded work as a graduate student in 100- or 200-level courses acceptable to the department in which the degree is sought as well as satisfying all other university requirements for advancement to candidacy. Both the university overall GPA and the GPA in courses listed on the MSME Candidacy Form must be at least 3.0 on a scale of 4.0.

If a student's preparation for advanced graduate work is considered inadequate to meet the course prerequisites or other departmental requirements, it will be necessary to take the preparatory courses to meet these requirements. Such courses will not be counted as part of the master's degree program requirements.

The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy.

Students must have their advancement to candidacy approved before starting the first semester of their master's project or thesis classes (ME 295A or ME 299).

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Department Graduation Requirements

The MS program in Mechanical Engineering consists of 30 semester units of approved work as follows:

- 9 units of required core courses for the degree.
- 3 units of the 9-unit core satisfy the Graduate Writing Requirement (GWAR).
- 15 units of elective courses, which ordinarily must be 200-level courses in Mechanical Engineering. With approval by the Graduate Program Advisor, a student may apply up to 6 units of elective coursework from undergraduate (upper division) SJSU Mechanical Engineering electives or graduate courses from other departments, colleges, or universities.
- 6 units of thesis (Plan A) or project (Plan B).

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Students choose a Plan A (Thesis) or Plan B (Project) as their program culminating experience.

Plan A (Thesis)

Plan A requires two semesters of ME 299, 3 units each. The thesis will include original research on a topic approved by the thesis committee and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will undergo a thorough review and revision process under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee. In addition, an open examination (oral defense) will be conducted by the student's thesis committee.

Plan B (Project)

With Plan B, the master's project sequence of ME 295A for 3 units followed by ME 295B for 3 units is required. In addition, an open examination (oral defense) will be conducted by the student's project committee.

Master's Requirements (30 units)

Core Courses (9 units)

- ME 230 - Advanced Mechanical Engineering Analysis 3 *unit(s)*
- ME 273 - Finite Element Methods in Engineering 3 *unit(s)*

Complete One from the Following:

Students who have a GWAR waiver can replace these units with 3 elective units.

- ENGR 200W - Engineering Reports and Graduate Research 3 *unit(s)* (GWAR)
- ME 201 - Project Planning 3 *unit(s)* (GWAR)

Electives (15 units)

Elective courses must be selected in consultation with the Graduate Program Advisor

Culminating Experience (6 units)

Complete One Option (Plan A or Plan B):

Plan A (Thesis)

- ME 299 - Master's Thesis 3 *unit(s)* (Complete six units of ME 299)
- Oral Defense

Plan B (Project)

- ME 295A - Mechanical Engineering Project I 3 *unit(s)*
- ME 295B - Mechanical Engineering Project II 3 *unit(s)*
- Oral Defense

Total Units Required (30 units)

Elective courses must be planned in consultation with the ME Graduate Program Advisor.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Software Engineering, MS

- Educational Objectives of the Graduate Program
- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (33 units)
- Program Learning Outcomes

The MSSE program, offered by the Department of Computer Engineering, provides students with an educational experience that builds on traditional computer science and engineering and takes an integrative approach to software engineering. The program integrates the forces shaping software development, including emerging technologies, with the understanding of rapidly changing technologies and architectures and their influence on software engineering processes, where large-scale design is pre-eminent, service and component integration is the standard mode of development, and there is increased globalization of the software development workforce.

The program offers specializations in *Enterprise Software Technologies, Cloud Computing and Virtualization, Software Systems Engineering, Data Science, Cybersecurity and Networking Software*.

Class schedules are designed for the convenience of employed engineers who wish to pursue graduate work on a part-time basis.

The MSSE Program welcomes students with undergraduate degrees in other engineering or science disciplines and that have strong programming skills.

Program Website: <https://www.sjsu.edu/cmpe/academic/ms-software-engineering/>.

Educational Objectives of the Graduate Program

To provide MSSE graduates with the ability to:

1. Acquire advanced knowledge of the practice of software engineering, from vision to analysis, design, validation, and deployment.
2. Tackle complex engineering problems and tasks, using contemporary engineering principles, methodologies, and tools.
3. Demonstrate leadership and the ability to participate in teamwork in an environment with different disciplines of engineering, science, and business.
4. Understand the ethical, economic, and environmental implications of their work, as appropriate.
5. Advance successfully in the engineering profession and sustain a process of life-long learning in engineering or other professional areas.
6. Communicate effectively in both oral and written forms.

Admissions Requirements

Candidates must meet all university admissions requirements. Applicants can be admitted in either classified or conditionally classified standing. If an applicant's preparation for advanced graduate work is considered inadequate to meet the course prerequisites or other departmental requirements, the conditions will include taking preparatory courses to meet these requirements. Such courses will not count as part of the master's degree program requirements.

Applicants may be considered for admission with conditionally classified standing if they have a BS degree in any engineering or science discipline from an accredited institution. Students with conditionally classified standing will take a series of core programming courses based on their evaluation by the MSSE Graduate Advisor.

For admission with classified standing, an applicant must possess a BSSE or BSCS degree from an accredited institution with a grade point average of 3.0 or better.

The admission letter will explain required coursework, terms and conditions for removing deficiencies and attaining classified standing.

GRE scores must be submitted if an applicant's bachelor's degree is not from an ABET-accredited U.S. university degree program. Under some circumstances, a waiver of the GRE test requirement will be granted. Descriptions of the minimum GRE scores acceptable for admission and the conditions for a waiver are listed on the admissions requirements webpage. In addition, applicants who do not possess a degree from a U.S. university must achieve a minimum English-language proficiency test score as indicated on the GAPE website.

Requirements for Advancement to Graduate Candidacy

Students may advance to candidacy after completing all prerequisites assigned during admissions, the degree core courses, specialization courses, and the Graduation Writing Assessment Requirement (GWAR). MSSE program course requirements and the links to specialization course requirements are listed at www.sjsu.edu/msse.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MS - Software Engineering Graduation Requirements

The Computer Engineering Department offers courses designed to provide a flexible curriculum structure that allows students to follow a course of study to meet their individual career goals. As shown below, the program consists of 33 semester units of 200-level courses with a cumulative GPA of 3.0 or better. At least 27 units must be 200-level software engineering courses, and undergraduate coursework will not count towards the master's degree unless approved by the MSSE Graduate Advisor. A detailed description of elective class requirements can be found at www.sjsu.edu/msse. Students may further their degree by adding internships (CMPE 298I) to their plan of study.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

This requirement is satisfied by passing CMPE 294 or ENGR 200W or CMPE 295W.

Culminating Experience (Plan A or Plan B)

All students must complete one of the following culminating experiences: thesis or project. Theses and projects are completed under the supervision of an advisor.

Plan A (Thesis)

A master's thesis includes original research on a topic approved by the thesis committee and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It undergoes a thorough review and revision process under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

Plan B (Project)

A master's project is a research or development effort performed by a student individually on a topic chosen by mutual agreement between an advisor and the student. The choice of project topic is also approved by the Graduate Advisor. The individual student projects could be distinct components of a larger integrated project performed by a team of students. At the end of CMPE 295B, a project report is submitted for department review, and students present their project work in a department project exposition.

Master's Requirements (33 units)

Common Core (12 units)

- CMPE 202 - Software Systems Engineering 3 unit(s)
- CMPE 272 - Enterprise Software Platforms 3 unit(s)
- CMPE 255 - Data Mining 3 unit(s)

GWAR (3 units)

- CMPE 294 - Computer Engineering Seminar 3 unit(s) (GWAR)

- CMPE 295W - Master's Project 3 *unit(s)* (GWAR)
- ENGR 200W - Engineering Reports and Graduate Research 3 *unit(s)* (GWAR)

Area of Specialization (6 units)

Complete two courses from one of the specializations:

Enterprise Software Technologies

- CMPE 273 - Enterprise Distributed Systems 3 *unit(s)*
- CMPE 275 - Enterprise Application Development 3 *unit(s)*

Cloud Computing and Virtualization

- CMPE 281 - Cloud Technologies 3 *unit(s)*
- CMPE 283 - Virtualization Technologies 3 *unit(s)*

Software Systems Engineering

- CMPE 285 - Software Engineering Processes 3 *unit(s)*
- CMPE 287 - Software Quality Assurance and Testing 3 *unit(s)*

Networking Software

- CMPE 206 - Computer Network Design 3 *unit(s)*
- CMPE 207 - Network Programming and Application 3 *unit(s)*

Data Science

- CMPE 257 - Machine Learning 3 *unit(s)*
- CMPE 258 - Deep Learning 3 *unit(s)*

Cybersecurity

- CMPE 209 - Network Security and Applications 3 *unit(s)*
- CMPE 279 - Software Security Technologies 3 *unit(s)*

Approved Electives (9 units)

Elective classes can be any 200-level CMPE course except 295 or 299 culminating experience classes, 298, or 298i. Also permitted are 100-level or 200-level courses from Engineering or Science disciplines selected in consultation with the MSSE Graduate Advisor. One elective must be a specialization core class from a specialization other than the student's declared specialization.

Culminating Experience (6 units)

Complete one option (Plan A or Plan B):

Plan A (Thesis)

- CMPE 299A - Master Thesis I *3 unit(s)*
- CMPE 299B - Master Thesis II *3 unit(s)*

Plan B (Project)

- CMPE 295A - Master Project I *3 unit(s)*
or
- CMPE 295W - Master's Project *3 unit(s)* ; **and,**
- CMPE 295B - Master Project II *3 unit(s)*

Total Units Required (33 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Basic Certificate(s)

Cybersecurity Foundations Certificate

The Department of Computer Engineering offers an 18-unit Cybersecurity Foundations Certificate program to students seeking career opportunities in cybersecurity. The program aligns with the nationally defined knowledge areas and prepares the students with well-grounded fundamentals to become a professional in cybersecurity.

University Basic Certificate Requirements

Basic certificate programs provide opportunities for students to pursue specialized, often pre-professional, focused educational objectives that may be separate from a degree program. At least 6 units must be completed at SJSU. Students must have a minimum GPA of 2.0 in basic certificate coursework in order to be awarded a certificate. Generally, a maximum of 33% of basic certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, a basic certificate may be completed entirely through Open University if the student has completed a Bachelor's degree and received approval from the department or school (University Policy S16-17 A). If a student has completed a Bachelor's degree and received approval from the department or school, a basic certificate may be completed entirely through Open University.

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate completion form to the Office of the Registrar. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Core

- CMPE 130 - Advanced Algorithm Design 3 *unit(s)*
- CMPE 132 - Information Security 3 *unit(s)*
- CMPE 138 - Database Systems I 3 *unit(s)*
- CMPE 142 - Operating Systems Design 3 *unit(s)*

Complete One Course From:

- CMPE 148 - Computer Networks I 3 *unit(s)*
- CS 158A - Computer Networks 3 *unit(s)*

Complete One Course From:

- CMPE 181 - Internet of Things Platforms 3 *unit(s)*
- CMPE 182 - Internet of Things Security 3 *unit(s)*
- CS 158B - Computer Network Management 3 *unit(s)*

Total Units Required (18 units)

Advanced Certificate(s)

Cybersecurity Engineering Certificate

With the global threats of cyber-crime, our nation's continued security and economic prosperity depend on the availability of increasing cybersecurity workforce. The Department of Computer Engineering offers a 12-unit Cyber Security Engineering (CSE) Certificate program to students who seek career opportunities in cybersecurity and information assurance. The courses in the certificate program cover mobile-based software system, advanced topics, and project experience in information security.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Core

- CS 265 - Cryptography and Computer Security 3 *unit(s)*
- CMPE 235 - Mobile Software System Design 3 *unit(s)*
- CMPE 295B - Master Project II 3 *unit(s)*

Complete One Course From:

- CMPE 295A - Master Project I 3 *unit(s)*
- CMPE 295W - Master's Project 3 *unit(s)* (GWAR)

Total Units Required (12 units)

Secure Software Engineering Certificate

With the global threats of cyber-crime, our nation's continued security and economic prosperity depend on the availability of increasing cybersecurity workforce. The Department of Computer Engineering offers a 9-unit Secure Software Engineering (SSE) Certificate program to students who seek career opportunities in cybersecurity and information assurance. The courses in the certificate program cover critical aspects in security domain, including network security, software security, and cyber risk management.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Core

- CMPE 209 - Network Security and Applications 3 *unit(s)*
- CMPE 272 - Enterprise Software Platforms 3 *unit(s)*
- CMPE 279 - Software Security Technologies 3 *unit(s)*

Total Units Required (9 units)

Secure Test Engineering Certificate

With the global threats of cyber-crime, our nation's continued security and economic prosperity depend on the availability of increasing cybersecurity workforce. The Department of Computer Engineering offers a 9-unit Secure Test Engineering (STE) Certificate program to students who seek career opportunities in cybersecurity and information assurance. The courses in the program cover the fundamentals in the design of secure software systems, including software systems engineering, quality assurance, and enterprise platforms.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the

Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Core

- BUS 248 - Cyber Risk Management 3 *unit(s)*
- CMPE 202 - Software Systems Engineering 3 *unit(s)*
- CMPE 287 - Software Quality Assurance and Testing 3 *unit(s)*

Total Units Required (9 units)

Six Sigma Black Belt Certificate

The revolutions in lean manufacturing and quality have swept the world and broadened into the disciplines of lean enterprise and six sigma. Six Sigma's emphasis is on improving existing capabilities. Six Sigma is a set of structured methodologies, problem-solving tools, and advanced statistical methods for analyzing and improving processes, product designs, and services on a broad range of metrics, especially cost, quality, time, and variability. It moves beyond treating symptoms and short-term problems to the elimination of root causes, thereby emphasizing lasting improvement.

This certificate, offered by the Department of Industrial and Systems Engineering, is available to ISE graduate students and local professionals.

Major-Specific Graduation Requirements

All courses in the Certificate must be successfully completed with a grade of "B or better", and students must pass an exit exam.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (12 units)

- ISE 202 - Design and Analysis of Engineering Experiments 3 *unit(s)*
- ISE 235 - Quality Assurance and Reliability 3 *unit(s)*
- ISE 250 - Leading the Six Sigma Improvement Project 3 *unit(s)*
- ISE 251 - Managing the Lean Enterprise Improvement Program 3 *unit(s)* (GWAR)

Total Units Required (12 units)

Spartan Accelerated Graduate Education (SAGE) Scholars

Spartan Accelerated Graduate Education (SAGE) Programs programs are combined bachelor's and master's programs at SJSU (per University Policy F19-1). Sometimes they may also satisfy the requirements for a credential. Students in these programs pursue a bachelor's and master's degree simultaneously. These program allow students to earn graduate credit while in their junior and/or senior year, reducing the number of semesters required for completion of a master's degree.

Aerospace Engineering BS + MS

- Admissions Requirements
- Graduate Standing Requirements
- Program Requirements (144 units)
- Advising Roadmap

The Aerospace Engineering Spartan Accelerated Graduate Education (SAGE) Programs is a combined bachelor's and master's program per University Policy F19-1. Students in this program will simultaneously pursue an Aerospace Engineering, BS (BSAE) and an Aerospace Engineering, MS (MSAE) degree. The program will allow students to earn graduate credit while in their senior year, reducing the number of semesters required for the completion of the MSAE degree.

Total SAGE Program Units (BS + MS) 144

For more information, contact the **SAGE Scholars Aerospace Program Coordinator**: Nikos Mourtos

Admissions Requirements

Students must adhere to the following admissions requirements:

1. Successfully completed all the courses required in the first 3 years of the BSAE degree (95 units) and not more than 120 undergraduate degree applicable units at the time of admission into the Aerospace Engineering SAGE program;
2. Completed the undergraduate Graduation Writing Assessment Requirement (ENGR 100W) prior to admission into the Aerospace Engineering SAGE program;

3. Complete all BSAE junior-level courses (AE 105, AE 112, AE 114, AE 138, AE 140, AE 157, AE 160, AE 162, AE 165) with a GPA of 3.0 or higher; and,
4. Have a minimum 2.5 cumulative GPA at the time of admission into the Aerospace Engineering SAGE program.

Students who have reached up to their first semester as classified seniors will remain eligible for entry into the Aerospace Engineering SAGE program. Second semester, senior-level students enrolled in the term they expect to graduate from their baccalaureate degree are not eligible to enter into the Aerospace Engineering SAGE program as these students will not gain the accelerated graduate-level benefit offered through the Aerospace Engineering SAGE blended program option.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Meeting every semester with an academic advisor to plan and track coursework and graduate status. Once the BSAE degree is conferred, students meet every semester with their graduate advisor to plan a formal course of study.
- Maintain a GPA of 3.0 or higher and in Major Preparation and Major Required listed courses, no individual grade below a C.
- The proposed graduate program must be approved by the Aerospace Engineering graduate coordinator before the student may be considered a candidate for the MS degree.
- Requirements are waived or satisfied with required courses in the major: GE Areas A3, B, C2, and E, SJSU Studies (R, S and V) and Physical Education. Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units.

Program Requirements (144 units)

Aerospace Engineering, BS (117 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

University Requirements (21 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Lower and Upper Division General Education, students must pass ENGR 100W with a grade of "C" or better ("C-" not accepted).

- GE Areas A1, A2, C1, C1/C2 two D/American Institutions (US123), and F 21 unit(s)

Major Preparation (36 units)

To qualify for a baccalaureate degree in Aerospace Engineering, a student must receive a grade of "C" or better in all courses in preparation for the major.

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2)
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 32 - Calculus III 3 *unit(s)* (B4)
- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 *unit(s)*
- AE 105 - Mathematical Methods for Aerospace Engineers 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)
- PHYS 52 - General Physics III: Waves, Light, Heat 4 *unit(s)* (B1+B3)

Major Requirements (60 units)

Core Courses (13 units)

- AE 20 - Computer-Aided Design for Aerospace Engineers 2 *unit(s)*
- AE 30 - Computer Programming for Aerospace Engineers 2 *unit(s)*
- EE 98 - Introduction to Circuit Analysis 3 *unit(s)*
- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)

Required Courses (39 units)

SAGE students must complete AE112, AE114, AE138, AE140, AE157, AE160, AE162, AE165 with a grade of "B-" or better in each course.

- AE 112 - Aerospace Structures and Materials I 4 *unit(s)*
- AE 114 - Aerospace Structures and Materials II 3 *unit(s)*
- AE 138 - Vector-Based Dynamics for Aerospace Applications 3 *unit(s)*
- AE 140 - Rigid Body Dynamics 3 *unit(s)*
- AE 157 - Aerospace Automatic Control Systems Design 3 *unit(s)*
- AE 160 - Aerodynamics I 3 *unit(s)*
- AE 162 - Aerodynamics II 3 *unit(s)*
- AE 164 - Aerothermodynamics 5 *unit(s)*
- AE 165 - Aerospace Flight Mechanics 3 *unit(s)*
- AE 167 - Aerospace Propulsion 3 *unit(s)* OR AE 267 - Space Propulsion Systems 3 *units*
- AE 168 - Aerospace Vehicle Dynamics and Control 3 *unit(s)*
- **Complete one course:**
- AE 119 - Finite Element Analysis for Aerospace Applications 3 *unit(s)*
- AE 149 - Advanced Dynamics and Simulation 3 *unit(s)*
- AE 169 - Computational Fluid Dynamics 3 *unit(s)*

Capstone (8 units)

Complete one of the following options:

Option 1: Aircraft Design

- AE 171A - Aircraft Design I 3 *unit(s)* (S)
- AE 171B - Aircraft Design II 3 *unit(s)* (V)
- ENGR 195A - Global and Social Issues in Engineering 1 *unit(s)* (S)
- ENGR 195B - Global and Social Issues in Engineering 1 *unit(s)* (V)

Option 2: Spacecraft Design

- AE 172A - Spacecraft Design I 3 *unit(s)* (S)
- AE 172B - Spacecraft Design II 3 *unit(s)* (V)
- ENGR 195A - Global and Social Issues in Engineering 1 *unit(s)* (S)
- ENGR 195B - Global and Social Issues in Engineering 1 *unit(s)* (V)

Aerospace Engineering MS (27 units)

Core Courses (15 units)

- AE 200 - Engineering Analysis of Aerospace Systems 3 *unit(s)*

Dynamics and Control (3 units)

Complete one course:

- AE 242 - Orbital Mechanics and Mission Design 3 *unit(s)*
- AE 243 - Advanced Astrodynamics 3 *unit(s)*
- AE 245 - Spacecraft Dynamics and Control 3 *unit(s)*
- AE 246 - Advanced Aircraft Stability and Control 3 *unit(s)*
- AE 247 - Trajectory Optimization in Aerospace Applications 3 *unit(s)*

Aerospace Structures and Materials (3 units)

Complete one course:

- AE 250 - Advanced Structures and Materials 3 *unit(s)*
- AE 251 - Structural Vibrations for Aerospace Applications 3 *unit(s)*

Fluid Dynamics (3 units)

Complete one course:

- AE 262 - Advanced Aerodynamics 3 *unit(s)*
- AE 264 - Gas Dynamics 3 *unit(s)*
- AE 265 - Boundary Layers 3 *unit(s)*
- AE 266 - Hypersonics 3 *unit(s)*
- AE 269 - Advanced Computational Fluid Dynamics 3 *unit(s)*

Area of Specialization/Approved Electives (9 units)

Students may specialize in one of the two areas listed below. Students electing not to complete an area of specialization must complete one GVAR Course (AE 210, AE 271 or AE 273) and select two additional (100-level or 200-level) elective courses in consultation with the AE Graduate Coordinator.

Aircraft Design (9 units)

Students must select three courses from the following list, including at least one of the GVAR courses (AE 271 or AE 273):

- AE 246 - Advanced Aircraft Stability and Control 3 *unit(s)*
- AE 247 - Trajectory Optimization in Aerospace Applications 3 *unit(s)*
- AE 250 - Advanced Structures and Materials 3 *unit(s)*
- AE 251 - Structural Vibrations for Aerospace Applications 3 *unit(s)*
- AE 262 - Advanced Aerodynamics 3 *unit(s)*
- AE 264 - Gas Dynamics 3 *unit(s)*
- AE 265 - Boundary Layers 3 *unit(s)*
- AE 266 - Hypersonics 3 *unit(s)*
- AE 269 - Advanced Computational Fluid Dynamics 3 *unit(s)*
- AE 271 - Advanced Aircraft Design 3 *unit(s)* (GVAR)
- AE 273 - Aircraft Subsystems 3 *unit(s)* (GVAR)

Space Transportation and Exploration (9 units)

Students must select three courses from the following list, including the GVAR course (AE 210):

- AE 210 - Advanced Space Systems Engineering 3 *unit(s)* (GVAR)
- AE 242 - Orbital Mechanics and Mission Design 3 *unit(s)*
- AE 243 - Advanced Astrodynamics 3 *unit(s)*
- AE 245 - Spacecraft Dynamics and Control 3 *unit(s)*
- AE 247 - Trajectory Optimization in Aerospace Applications 3 *unit(s)*
- AE 250 - Advanced Structures and Materials 3 *unit(s)*
- AE 251 - Structural Vibrations for Aerospace Applications 3 *unit(s)*
- AE 264 - Gas Dynamics 3 *unit(s)*
- AE 265 - Boundary Layers 3 *unit(s)*
- AE 266 - Hypersonics 3 *unit(s)*
- AE 269 - Advanced Computational Fluid Dynamics 3 *unit(s)*

Culminating Experience (6 units)

Complete One Option (Plan A or Plan B):

Plan A (Thesis)

Students take AE 299 twice.

- AE 299 - Aerospace Engineering Masters Thesis 3 *unit(s)*

Plan B (Project)

- AE 295A - Aerospace Engineering Masters Project I 3 *unit(s)*
- AE 295B - Aerospace Engineering Masters Project II 3 *unit(s)*

Total Units Required (144 units)

Note: The standalone Aerospace Engineering, BS program requires 3 units of approved Technical Electives. Students satisfy this requirement in the SAGE Scholars Program by completing 3 units required within the Area of Specialization/Approved Electives in the Aerospace Engineering, MS degree. In addition, the standalone AE BS program requires AE 167 (3 units), and the standalone AE MS program requires AE 267 (3 units). SAGE students complete either AE 167 or AE 267, as either three-unit course will satisfy both BS and MS requirements for aerospace propulsion. These 6 units (3 units in the MS Area of Specialization/Approved Electives and AE 167 or 267) are considered to count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

Students interested in aerospace propulsion may still take both AE 167 and AE 267 and use one of them to satisfy the propulsion requirement and the other as one of their electives.

Biomedical Engineering BS + MS

- Admissions Requirements
- Graduate Standing Requirements
- Program Requirements (141 units)
- Advising Roadmap

The Biomedical Engineering Spartan Accelerated Graduate Education (SAGE) Scholars Program provides students the opportunity to earn their Biomedical Engineering, BS and Biomedical Engineering, MS degrees simultaneously, completing both degrees in five years, rather than the usual six years when completing them individually. The SAGE Scholars Program Coordinator works closely with the students to ensure a seamless transition from undergraduate to graduate status, without students having to file a formal application for admission to the graduate program. Students have the possibility to combine their senior project and MS project/thesis research requirements, enabling them to undertake more in-depth, publishable quality research which in turn better prepares them for PhD programs as well as professional careers. The Biomedical Engineering SAGE Scholars Program offers students intellectual stimulation and growth and the opportunity to strengthen their research competencies by working closely with their research mentors for a longer period of time.

Students interested in pursuing a Chemistry Minor concurrently should contact their advisor.

Total SAGE Program Units (BS + MS) 141

For more information, contact the **BME SAGE Scholars Program Coordinator** Alessandro Bellofiore.

Admissions Requirements

All SJSU Biomedical Engineering, BS undergraduates are eligible to apply for, and be admitted to, the Biomedical Engineering SAGE Scholars program if they fulfill the following requirements:

1. Completed a minimum of 75 units towards the Biomedical Engineering, BS degree;
2. Have a cumulative GPA of 3.0 or better, or GPA of 3.0 or better in the last 60 semester units;
3. Have completed all lower-division general education courses and American Institutions courses; and,

4. Must not be declared in another major.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Meeting every semester with an academic advisor to plan and track coursework and graduate status. Once the BS degree is conferred, students meet every semester with their graduate advisor to plan a formal course of study;
- Maintain GPA of 3.0 or higher with no individual grade below a C. Students not maintaining these standards will be placed on probation initially, followed by disqualification if the grades are not improved within two semesters; and,
- The proposed graduate program must be approved by the graduate coordinator before the student may be considered a candidate for the MS degree.
- Students are converted to graduate status when they have completed 123 SAGE program-applicable units. The following University Requirements are waived or satisfied with required courses in the major: GE Areas A2, A3, B, C2, and E, SJSU Studies (R, S and V) and Physical Education. Alternate courses that may satisfy these requirements are not counted in the calculation of the 123 SAGE program-applicable units.

Program Requirements (141 units)

Biomedical Engineering, BS (123 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

University Requirements (18 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass ENGR 100W with a grade of "C" or better ("C-" not accepted).

- GE Areas A1, C1, C1/C2, two D/American Institutions (US123) and F 18 *unit(s)*

Major Preparation (45 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2+B3)
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 8 - Organic Chemistry 3 *unit(s)*
- CHEM 9 - Organic Chemistry Lab 1 *unit(s)*
- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2) (or equivalent second semester composition course.)
- MATH 30 - Calculus I 3 *unit(s)* (B4) (or MATH 30X)
- MATH 31 - Calculus II 4 *unit(s)* (B4) (or MATH 31X)

- MATH 32 - Calculus III 3 *unit(s)* (B4) (or MATH 32H or MATH 32X)
- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 *unit(s)* OR MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

Major Requirements (60 units)

Core Courses (11 units)

- BME 25 - Introduction to Biomedical Engineering Design 2 *unit(s)*
- BME 65 - Biomedical Applications of Statics 3 *unit(s)* (CE 95 or CE 99 also accepted)
- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R) A grade of C or better (C- not accepted) is required to meet graduation requirement.

Biomedical Engineering Required Courses (43 units)

- BME 68 - Biomedical Applications of Metals and Ceramics 3 *unit(s)* (MATE 25 also accepted)
- BME 115 - Foundations of Biomedical Engineering 4 *unit(s)*
- BME 116 - Biosensors and Bioinstrumentation 3 *unit(s)* (EE 98 also accepted)
- BME 133 - Programming Applications in Biomedical Engineering 1 *unit(s)*
- BME 135 - Biomedical Engineering Design Methods 2 *unit(s)*
- BME 147 - Quantitative and Statistical Methods for Biomedical Engineers 3 *unit(s)*
- BME 165 - Applied Engineering Biomechanics 3 *unit(s)*
- BME 168 - Medical and Biological Polymers 3 *unit(s)*
- BME 177 - Physiology for Engineers 3 *unit(s)*
- BME 198A - Senior Design Project I 2 *unit(s)* (S)
- BME 198B - Senior Design Project II 2 *unit(s)* (V)
- ENGR 195A - Global and Social Issues in Engineering 1 *unit(s)* (S)
- ENGR 195B - Global and Social Issues in Engineering 1 *unit(s)* (V)
- BME 210 - Mathematical Methods in Biomedical Engineering 3 *unit(s)*
- BME 217 - Experimental and Computational Biofluid Mechanics 3 *unit(s)*
OR BME 254 - Microscale Biomedical Systems: Physics and Applications 3 *unit(s)*
- BME 272 - Biomedical Device Design and Principles 3 *unit(s)*
- BME 274 - Regulatory, Clinical and Manufacturing Aspects of Medical Devices 3 *unit(s)* (GWAR)

Technical Elective (6 units)

- Electives must be selected from the approved departmental list in consultation with the student's academic advisor.

Biomedical Engineering, MS (30 units)

Core Courses (9 units)

- BME 207 - Experimental Methods in BME 3 *unit(s)* (GWAR)

- BME 276 - Project Management in Biomedical Technologies 3 *unit(s)*
- BME 291 - MS Thesis/Project Preparation Seminar 3 *unit(s)*

Biomedical Engineering Electives (3-6 units)

- Additional electives must be selected from the approved departmental list in consultation with the student's academic advisor.

Culminating Experience (3-6 units)

Students must complete a written thesis or project report and an oral defense of their thesis or project. Ideally, the culminating experience builds on the foundations laid in the student's senior design project (BME 198A and BME 198B). The candidate may choose either the Plan A (Thesis) or Plan B (Project) option. For either option, the student is required to develop a project proposal in BME 291. This must be approved by the student's project advisor and the reading committee at the culmination of BME 291. Once the proposal is approved, the student is required to:

1. implement the approved research plan using appropriate methods for the investigation,
2. use appropriate statistical techniques for analysis of the data and drawing conclusions,
3. discuss the results in light of findings reported by other investigators,
4. write a professional report of appropriate length, and
5. present it and defend the project to the reading committee.

Culminating Experience Options

- **Plan A (Thesis) (6 units)**

The student who opts to complete a master's thesis is responsible for securing the commitment of a full-time tenured or tenure-track BME faculty member who agrees to serve as the thesis committee chair. The student must also secure the commitments of two additional committee members, one of whom must be a full-time tenured or tenure-track faculty member at SJSU, to serve on the student's thesis committee. The student must write a thesis proposal and have it approved by the thesis committee and pass BME 291 - MS Thesis/Project Preparation Seminar (3 units) and BME 298 - MS Project (3 units) before enrolling in BME 299 - MS Thesis (3 units). The thesis must also meet all university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

- **Plan B (Project) (3 units)**

Students opting to complete a master's project must pass BME 291 - MS Thesis/Project Preparation Seminar (3 units) before enrolling in BME 298 - MS Project (3 units).

The project proposal is prepared in BME 291 and must be approved by the student's reading committee at the culmination of that course.

Chemical Engineering BS + MS

- Admissions Requirements
- Graduate Standing Requirements
- Program Requirements (144 units)
- Advising Roadmap

The Chemical Engineering Spartan Accelerated Graduate Education (SAGE) Scholars Program enables qualified students in the Chemical Engineering, BS program to simultaneously complete the requirements for both the

Chemical Engineering, BS and Chemical Engineering, MS degrees. Students will be able to complete BS and MS degrees in Chemical Engineering within 5 years. The Chemical Engineering SAGE Scholars program will allow students to be hired in better positions in leading Silicon Valley companies and to get into Ph.D. programs within 5 years of starting their Chemical Engineering, BS degree.

Total SAGE Program Units (BS + MS) 144

For more information, contact the **SAGE Scholars Program Coordinator** Liat Rosenfield.

Admissions Requirements

All SJSU Chemical Engineering, BS undergraduates are eligible to apply for, and be admitted to, the Chemical Engineering SAGE Scholars program if they fulfill the following requirements:

1. Successfully completed a minimum of 75 Chemical Engineering BS applicable units and not more than 123 undergraduate degree applicable units at the time of admission in the program;
2. Completed CHE 110B, CHE 115, CHE 190 and ENGR 100W with grades "B-" or better;
3. Minimum 3.0 cumulative GPA at time of admission; and,
4. Have completed all *lower-division* work (including lower-division general education courses and American Institutions courses).

Students who have reached up to their first semester as classified seniors will remain eligible for entry into the SAGE program. Second semester, senior-level students enrolled in the term they expect to graduate from their baccalaureate degree are not eligible to enter into the SAGE program as these students will not gain the accelerated graduate-level benefit offered through the SAGE blended program option.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Meeting every semester with an academic advisor to plan and track coursework and graduate status. Once the BS degree is conferred, students meet every semester with their graduate advisor to plan a formal course of study;
- Maintain GPA of 3.0 or higher with no individual grade below a C. Students not maintaining these standards will be placed on probation initially, followed by disqualification if the grades are not improved within two semesters; and,
- The proposed graduate program must be approved by the graduate coordinator before the student may be considered a candidate for the MS degree.
- Students are converted to graduate status when they have completed 123 SAGE program-applicable units. The following University Requirements are waived or satisfied with required courses in the major: GE Areas A3, B, C2, and E, SJSU Studies Area R and Physical Education. Alternate courses that may satisfy these requirements are not counted in the calculation of the 123 SAGE program-applicable units.

Program Requirements (144 units)

Chemical Engineering, BS (123 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

University Requirements (27 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass ENGR 100W with a grade of "C" or better ("C-" not accepted).

- GE Areas A1, A2, C1, C1/C2 two D/American Institutions (US123), F, S, and V 27 unit(s)

Major Preparation (31 units)

- CHEM 1A - General Chemistry 5 unit(s) (B1+B3)
- CHEM 1B - General Chemistry 5 unit(s) (B1+B3)
- ENGL 1B - Argument and Analysis 3 unit(s) (C2) (or equivalent second semester composition course.)
- MATH 30 - Calculus I 3 unit(s) (B4) (or MATH 30X)
- MATH 31 - Calculus II 4 unit(s) (B4) (or MATH 31X)
- MATH 32 - Calculus III 3 unit(s) (B4) (or MATH 32H or MATH 32X)
- PHYS 50 - General Physics I: Mechanics 4 unit(s) (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 unit(s) (B1+B3)

Major Requirements (65 units)

Core Courses (11 units)

- CE 99 - Introductory Statics 2 unit(s) (CE 95 also accepted.)
- ENGR 10 - Introduction to Engineering 3 unit(s) (E) (CS 46A or equivalent also accepted, but additional GE Area E units will be required)
- ENGR 100W - Engineering Reports 3 unit(s) (WID+R) A grade of C or better (C- not accepted) is required to meet graduation requirement.
- MATE 25 - Introduction to Materials 3 unit(s)

Major Courses (45 units)

- CHE 110A - Mathematical Methods in Chemical Engineering 2 unit(s)
- CHE 110B - Computational Methods in Chemical Engineering 2 unit(s)
- CHE 115 - Industrial Chemical Calculations 3 unit(s)
- CHE 151 - Process Engineering Thermodynamics 4 unit(s)
- CHE 158 - Kinetics and Reactor Design 3 unit(s)
- CHE 160A - Unit Operations I 4 unit(s)
- CHE 160B - Unit Operations II 4 unit(s)
- CHE 161L - Undergraduate Chemical Engineering Laboratory 2 unit(s)
- CHE 162 - Engineering Statistics and Analysis 2 unit(s)
- CHE 163L - Undergraduate Chemical Engineering Laboratory II 2 unit(s)
- CHE 165A - Plant Design I 2 unit(s)
- CHE 165B - Plant Design II 2 unit(s)
- CHE 185 - Chemical Process Dynamics and Control 2 unit(s)
- CHE 190 - Introduction to Transport Phenomena 3 unit(s)

- CHEM 112A - Organic Chemistry 3 *unit(s)*
- CHEM 112B - Organic Chemistry 3 *unit(s)*
- CHEM 113A - Organic Chemistry Lab 2 *unit(s)*

Technical Electives (9 units)

ABET required upper division chemistry (3 units)

- CHEM 130A - Biochemistry 4 *unit(s)*
- CHEM 135 - General Biochemistry 4 *unit(s)*
- CHEM 161A - Physical Chemistry 3 *unit(s)*

CHE Technical Electives (6 units)

- Technical electives can be chosen from designated courses for breadth or focus in one of the four areas of Biochemical Engineering, Environmental Engineering, Semiconductor and Materials Processing, and Alternative Energy and Sustainability with advisor approval.
- Only students who are doing research on campus may be eligible for CHE 282. CHE 282 may be taken 2 times for a maximum of 6 units of technical elective credit. Only one section of CHE 280/CHE 280I/CHE 282 can be taken per semester. *At least one technical elective needs to be an approved 200-level course.*

Chemical Engineering, MS (21 units)

Core Courses (12 units)

- CHE 200 - Research Methods 3 *unit(s)* (GWAR)
- CHE 211 - Advanced Chemical Engineering Thermodynamics 3 *unit(s)*
- CHE 218 - Reaction Kinetics 3 *unit(s)* (GWAR)
- CHE 219 - Transport Processes 3 *unit(s)*

Approved Electives (3 units)

- Elective selected in consultation with a SAGE advisor. 3 *unit(s)*

Culminating Experience (6 unit)

- CHE 281 - MS Thesis/Project Preparation Seminar 3 *unit(s)*
- CHE 280 - Graduate Research OR CHE 280I - Graduate Research Internship 2 *unit(s)*

Complete one course below for one unit.

- **Thesis Requirements:** Students opting to complete a master's thesis are responsible for securing the commitment of a full-time tenured or tenure-track faculty member who agrees to serve as the thesis committee chair. The student must also secure the commitments of two additional committee members, one of whom must be a full or part-time SJSU faculty member, to serve as the student's thesis committee. If the student is completing their thesis research off-site, then one person of their thesis committee must be at least a supervisor-level employee from that off-site facility. The student must write a thesis proposal and have it approved by the thesis committee in order to pass CHE 281. CHE 299 is taken in the semester the student expects to complete their final oral and written defense which will serve as their culminating experience. The MS candidate must successfully pass an oral defense and complete an approved thesis report in order to receive credit for CHE 299. Students must be enrolled in courses every

semester with the exception of an approved leave of absence for one semester. Students who have finished all their 21 units with the exception of an RP grade in CHE 299 are eligible for enrollment in CHE 1290R for a reduced tuition fee. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

- **Project Requirements:** Students opting to complete a graduate project are responsible for securing the commitment of a full-time tenured or tenure-track faculty member who agrees to serve as the project committee chair. The student must also secure the commitments of an additional committee member to serve as the student's project committee. If the student is completing their thesis project research off-site, then one person of their project committee must be at least a supervisor-level employee from that off-site facility. The student must write a project proposal and have it approved by the project committee in order to pass CHE 281. CHE 298 is taken in the semester the student expects to complete their final oral defense and written project report, which will serve as their culminating experience. The MS candidate must successfully pass an oral and defense and complete an approved written project report in order to receive credit for CHE 298. Students must be enrolled in courses every semester with the exception of an approved leave of absence for one semester. Students who have finished all their 21 units with the exception of an RP grade in CHE 298 are eligible for enrollment in CHE 1290R for a reduced tuition fee.
- CHE 298 - MS Research/Project 1-2 unit(s)
- CHE 298I - MS Research/Project Internship 1-3 unit(s)
- CHE 299 - Master's Thesis 1-3 unit(s)
- CHE 299I - Master's Thesis Internship 1-3 unit(s)

Total Units Required (144 units)

The standalone Chemical Engineering, BS program requires the completion of 9 units of approved chemical engineering technical electives including 3 units of an ABET required chemistry elective. These nine units are considered to count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

Only students who are doing research on campus may be eligible for CHE 282. CHE 282 may be taken 2 times for a maximum of 6 units of technical elective credit. Only one section of CHE 280/CHE 280I/CHE 282 can be taken per semester.

Electrical Engineering BS + MS

The Electrical Engineering Spartan Accelerated Graduate Education (SAGE) Scholars Program enables qualified students in the Electrical Engineering, BS program to complete simultaneously the requirements for both the Electrical Engineering, BS and Electrical Engineering, MS degrees. Students progress from undergraduate to graduate status seamlessly, with a simplified application process and no application fee, and complete both degrees in one fewer semester than would occur if completing them separately. This program thus provides a substantial cost savings.

Total SAGE Program Units (BS + MS) 144

For more information, contact the **SAGE Scholars Program Coordinator** Thuy Le.

Admissions Requirements

All SJSU Electrical Engineering, BS undergraduates are eligible to apply for, and be admitted to, the Electrical Engineering SAGE Scholars program if they fulfill the following requirements:

1. Successfully completed a minimum of 75 Electrical Engineering BS applicable units and not more than 123 undergraduate degree applicable units at the time of admission in the program;
2. Completed EE 110, EE 112, and EE 118 with grades of "B" or better;
3. Minimum 3.0 cumulative GPA at time of admission. GPA is calculated by the last 60 semester (or 90 quarter) units taken or a student's cumulative GPA, whichever is higher.
4. Have completed all *lower-division* work (including lower-division general education courses and American Institutions courses).

Students who have reached up to their first semester as classified seniors will remain eligible for entry into the SAGE program. Second semester, senior-level students enrolled in the term they expect to graduate from their baccalaureate degree are not eligible to enter into the SAGE program as these students will not gain the accelerated graduate-level benefit offered through the SAGE blended program option.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Meeting every semester with an academic advisor to plan and track coursework and graduate status. Once the BS degree is conferred, students meet every semester with their graduate advisor to plan a formal course of study;
- Maintain GPA of 3.0 or higher.
- The proposed graduate program must be approved by the graduate coordinator before the student may be considered a candidate for the MS degree.
- Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are waived or satisfied with required courses in the major: GE Areas A3, B, C2, and E, SJSU Studies (R, S and V) and Physical Education. Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units.

Program Requirements (144 units)

Electrical Engineering, BS (114 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

University Requirements (21 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the American Institutions (US123), students must pass ENGR 100W with a grade of "C" or better ("C-" not accepted).

- GE Areas A1, A2, C1, C1/C2, D/American Institutions (US123), and F 21 *unit(s)*

Major Preparation (33 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2) (or equivalent second semester composition course.)

- MATH 30 - Calculus I 3 *unit(s)* B4 (or MATH 30X)
- MATH 31 - Calculus II 4 *unit(s)* B4 (or MATH 31X)
- MATH 32 - Calculus III 3 *unit(s)* B4 (or MATH 32H or MATH 32X)
- MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)
- PHYS 52 - General Physics III: Waves, Light, Heat 4 *unit(s)* (B1+B3)

Core Courses (13 units)

- EE 30 - Introduction to Programming Micro-Controllers for Electrical Engineering 3 *unit(s)* (CMPE 30 taken at SJSU is also accepted, but courses equivalent to CMPE 30 taken at other colleges/universities are not accepted.)
- EE 97 - Introductory Electrical Engineering Laboratory 1 *unit(s)*
- EE 98 - Introduction to Circuit Analysis 3 *unit(s)*
- ENGR 10 - Introduction to Engineering 3 *unit(s)*
- ENGR 100W - Engineering Reports 3 *unit(s)*

Major Courses (44 units)

The 1-unit ENGR 195A and ENGR 195B courses must be concurrently enrolled with the required EE 198A and EE 198B courses, respectively.

- EE 102 - Probability and Statistics in Electrical 3 *unit(s)*
- EE 110 - Circuits and Systems 3 *unit(s)*
- EE 110L - Continuous and Discrete Time Systems Lab 1 *unit(s)*
- EE 112 - Introduction to Signal Processing 3 *unit(s)*
- EE 118 - Digital Logic Circuit Design 4 *unit(s)*
- EE 120 - Microprocessor Based System Design 4 *unit(s)*
- EE 122 - Electronic Design I 4 *unit(s)*
- EE 124 - Electronic Design II 4 *unit(s)*
- EE 128 - Physical Electronics 3 *unit(s)*
- EE 132 - Theory of Automatic Controls 3 *unit(s)* **OR** EE 160 - Principles of Communication Systems 3 *unit(s)*
- EE 140 - Principles of Electromagnetic Fields 3 *unit(s)*
- EE 198A - Senior Design Project I 1 *unit(s)* (S)
- EE 198B - Senior Design Project II 3 *unit(s)* (V)
- ENGR 195A - Global and Social Issues in Engineering 1 *unit(s)* (S)
- ENGR 195B - Global and Social Issues in Engineering 1 *unit(s)* (V)
- MATE 153 - Electronic, Optical, and Magnetic Properties of Materials 3 *unit(s)*

Upper Division EE Electives (3 units)

Upper Division Elective must be approved by the SAGE advisor.

Electrical Engineering, MS (30 units)

- EE 295 - Technical Writing - Engineering Ethics 3 *unit(s)* (GWAR) (Students with GWAR waivers take an additional 3 units of electives)
- Complete one course (3 units): EE 210 - Linear System Theory 3 *unit(s)* **OR** EE 221 - Semiconductor Devices I 3 *unit(s)* **OR** EE 250 - Probabilities, Random Variables and Stochastic Processes **OR** EE 275 - Advanced Computer Architectures 3 *unit(s)*

Area of Specialization (9 units)

Students desiring to pursue an area of specialization not listed should consult graduate advisor.

- Device Physics, Micro and Nano Electronics
- Analog Electronics, Integrated Circuits
- Power Electronics, Energy Systems
- Communications, Signal Processing, Remote Sensing
- Control, Robotics, Autonomous Systems
- Digital Systems, Microprocessors and Computers, Embedded Systems
- Network, Network Security, Mobile Network, IoT
- Quantum Computer, Quantum Information
- Artificial Intelligence, Machine Learning, Deep Learning

Culminating Experience (6 units)

- **Plan A (Thesis)**
Students choosing this option must complete the EE 299A - MSEE Thesis Proposal or EE 297A - MSEE Project Proposal and EE 299B - MSEE Thesis. The student is responsible for securing the commitment of three university faculty members, two of whom must be full-time EE faculty members, to serve as the student's thesis committee, with one full-time EE faculty member agreeing to serve as thesis committee chair. The student must write a thesis or project proposal and have it approved by the thesis committee chair or project advisor and pass the MSEE Thesis or Project Proposal course (EE 299A or EE 297A) before enrolling in EE 299B. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee. The candidate for the MSEE degree must successfully pass a final oral defense of the thesis.
- **Plan B (Project)**
The student must complete the EE 297A - MSEE Project Proposal or EE 299A - MSEE Thesis Proposal and EE 297B - MSEE Project. The student is responsible for securing the commitment of a full-time EE faculty member to serve as MSEE Project Advisor. The student must write a project or thesis proposal and have it approved by the project advisor or thesis committee chair and pass the MSEE Project or Thesis Proposal course (EE 297A or EE 299A) before enrolling in EE 297B. The candidate for the MSEE degree must successfully pass a final defense of the project.

Advisor Approved Electives (9 units)

Total Units Required (144 units)

A coherent plan of study must be approved on the prescribed form by the SAGE advisor. The traditional MS - Electrical Engineering degree requires 33 units. Students in the SAGE program are only required to satisfy 30 units for the master's portion of the degree. The standalone Electrical Engineering, BS requires the completion of 12 units of Technical Electives. Students satisfy 9 units of this requirement in this SAGE Scholars Program by completing 9 units within the elective requirement in the MS Electrical Engineering program. These 9 credits are considered to

count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

Industrial and Systems Engineering BS + Industrial and Systems Engineering, Concentration in Operational Analytics, MS

The Industrial and Systems Engineering (ISE) Operational Analytics Spartan Accelerated Graduate Education (SAGE) Program enables qualified students in the Industrial and Systems Engineering, BS program to simultaneously complete the requirements for both the baccalaureate and the master's Industrial and Systems Engineering, Concentration in Operational Analytics degrees. Students can progress from undergraduate to graduate status seamlessly, with a simplified application process and no application fee, and complete both degrees in a year's less time as compared to completing them separately. This will provide significant cost savings to the students.

The ISE Operational Analytics SAGE program will allow students to be hired in better positions in the growing and high demand analytics job market in leading Silicon Valley companies and to get into Ph.D. programs within 5 years of starting their Industrial and Systems Engineering, BS degree.

Total SAGE Program Units (BS + MS) 138

For more information, contact the **SAGE Scholars Program Coordinator**: Hongrui Liu.

Admissions Requirements

The ISE Operational Analytics SAGE program allows undergraduates to begin their graduate studies while completing undergraduate requirements. SAGE programs provide students with an integrative and cohesive educational experience that combines subject matter, pedagogy and research. All SJSU SAGE programs are guided by university policy F-19.

Eligibility Requirements:

Applicants need to fulfill the following requirements:

1. Must have declared the Industrial and Systems Engineering, BS major
2. Have completed a minimum of 75 units towards the Industrial and Systems Engineering, BS degree (but no more than 120 units)
3. Completed ENGR 100W with a grade of "B" or better
4. Have a cumulative GPA of 3.0 or better, or GPA of 3.0 or better in the last 60 semester units
5. Completed all lower division GE requirements
6. Completed all lower division courses (1-99)
7. Not have enrolled in senior project

Most native and transfer students will become eligible to apply for the SAGE program in the Spring semester of Year 3 and enter the pathway during the Summer of Year 3 and Fall of Year 4. Applications will be processed by the Industrial and Systems Engineering Department without an application fee. Students will not need to apply formally for graduate admission if accepted into this program.

Application Requirements and Processes:

1. Students meet with their undergraduate academic advisor. The advisor must complete and sign the SAGE Application form (checking Box A) and the Course of Study Plan. The form and plan should be routed to the registrar's office and a copy should be included in the student application to the department;
2. Students must fill out and include an application form;

3. Transcripts for any coursework completed at other colleges or universities not showing in the students' MySJSU account must be included;
4. Students must include a one-page resume that details their college-level academic, employment, and volunteer experiences. In describing a position held (employment or volunteer service), highlight the duties performed and any relevant awards or accomplishments;
5. Students must include a 1 page personal statement that explains how they arrived at their decision to continue with the ISE Operational Analytics MS degree.

Applications will be processed by the Department of Industrial and Systems Engineering (NOT through CalState Apply). They are processed without an application fee. All application documents should be collated into a single pdf and sent to the department via the program coordinator.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Meeting every semester with an academic advisor to plan and track coursework and graduate status.
- Advisors should note that ISE 245 is elective in standalone BS ISE program, however, SAGE students MUST take it to double count for ISE 135.
- Maintain a GPA of 3.0 or higher.
- Once the BS degree is conferred, students meet every semester with their graduate advisor to plan a formal course of study.
- The proposed graduate program must be approved by the graduate coordinator before the student may be considered a candidate for the MS degree.

Dismissal from Program

- Dismissal by the ISE Department if students do not meet continuation requirements (GPA of 3.0 or higher).
- An exit ramp from the SAGE program to the traditional ISE BS program will be accessible for all students who have not yet converted to graduate status. Exiting can be initiated by the student for any reason. If the student opts out of, or fails to complete the Master's degree portion of the program, the following will apply:
 - Credit earned for graduate coursework and used to complete the bachelor's degree may not be used to satisfy unit requirements of the Master's degree.

Converting to Graduate Status and Advancing to Candidacy

Once the student has completed or will complete 120 degree applicable units within the semester of filing for transition into the graduate program, the advisor must fill out a second SAGE Program Course of Study Plan (checking Box B) to transition into the graduate program and advance to candidacy. This form should be sent to both the Registrar's Office to prepare for the Bachelor's degree graduation evaluation **and** the Graduate Admissions and Program Evaluations Office (GAPE) for processing and placement of the student into the graduate career. The advisor will obtain the graduate program coordinator's signature prior to routing. As this form will also confirm advancement to candidacy, the following eligibility requirements apply for courses counted in the Master's degree **including those courses to be double counted**:

1. GPA of at least 3.00 cumulative in undergraduate career & completed graduate coursework with a 'C' or better;
2. Graduate program designated GWAR course listed on SAGE Program Course of Study Plan;
3. At least 50% of the graduate program must be 200-level courses and at least 60% of the designated graduate courses must be letter graded.

Program Requirements (138 units)

Industrial and Systems Engineering, BS (120 units)

University Requirements (24 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass ENGR 100W with a grade of "C" or better ("C-" not accepted).

GE Areas A1, A2, C1, C1/C2, two D/American Institutions (US123), F, S 24 unit(s)

Exceptions for University Graduation Requirements apply to this major.

Major Preparation (29 units)

- CHEM 1A - General Chemistry 5 unit(s) (B1+B3)
- ENGL 1B - Argument and Analysis 3 unit(s)
- MATH 30 - Calculus I 3 unit(s) (B4)
- MATH 31 - Calculus II 4 unit(s) (B4)
- MATH 32 - Calculus III 3 unit(s) (B4)
- MATH 33LA - Differential Equations and Linear Algebra 3 unit(s)
- PHYS 50 - General Physics I: Mechanics 4 unit(s) (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 unit(s) (B1+B3)

Major Courses (67 units)

ISE 130 must be completed with a "C-" or better. ISE 195A and ISE 195B must be completed with a "C" or better. At least one approved technical elective must be an engineering course and all technical electives must be completed with a grade of "C-" or better.

Core Courses (11 units)

- CMPE 30 - Programming Concepts and Methodology 3 unit(s)
- ENGR 10 - Introduction to Engineering 3 unit(s) (E)
- ME 20 - Design and Graphics 2 unit(s)
- MATE 25 - Introduction to Materials 3 unit(s)

Major Courses (50 units)

- CMPE 131 - Software Engineering I 3 unit(s)
- ENGR 100W - Engineering Reports 3 unit(s) (WID+R)
- ISE 102 - Engineering Economic Systems 3 unit(s)
- ISE 105 - Introduction to Systems Engineering 3 unit(s)
- ISE 115 - Lean Integrated Manufacturing 3 unit(s)
- ISE 120 - Work Methods Design and Measurement 3 unit(s)
- ISE 130 - Engineering Probability and Statistics 3 unit(s)
- ISE 131 - Statistical Process Control and Improvement 3 unit(s)
- ISE 140 - Operations Planning and Control 3 unit(s)
- ISE 142 - Service Systems Engineering and Management 3 unit(s)
- ISE 151 - Engineering Management Systems in Global Society 3 unit(s) (V)

- ISE 167 - System Simulation 3 *unit(s)*
- ISE 194 - Analytics Workshop 1 *unit(s)*
- ISE 195A - Senior Industrial Engineering Design I 1 *unit(s)*
- ISE 195B - Senior Industrial Engineering Design II 3 *unit(s)*
- ISE 202 - Design and Analysis of Engineering Experiments 3 *unit(s)*
- ISE 230 - Advanced Operations Research 3 *unit(s)* (GWAR)
- ISE 245 - Advanced Supply Chain Engineering 3 *unit(s)*

Approved Technical Electives (6 units)

Complete two courses; one course must be graduate level approved by the graduate advisor.

Industrial and Systems Engineering, Concentration in Operational Analytics, MS (18 units)

Core Courses (12 units)

- ISE 205 - Data Ethics 3 *unit(s)*
- ISE 233 - Operational Data Analysis for Industrial Systems 3 *unit(s)*
- ISE 240 - Analytics for Systems Engineering 3 *unit(s)*
- ISE 244 - AI Tools and Practice for Systems Engineering 3 *unit(s)*

Approved Elective (3 units)

Complete one course planned in consultation with the graduate advisor.

- ISE 234 - Electricity Markets & Power Systems Analytics 3 *unit(s)*
- ISE 235 - Quality Assurance and Reliability 3 *unit(s)*
- ISE 241 - Advanced Operations Planning and Control 3 *unit(s)*
- ISE 243 - Advanced Supply Chain Analytics 3 *unit(s)*
- ISE 247 - Logistics for Supply Chain 3 *unit(s)*
- ISE 265 - Advanced System Simulation 3 *unit(s)*

Culminating Experience (3 units)

Complete one option (Plan A Thesis or Plan B Project).

Plan A (Thesis)

- ISE 299 - Master's Thesis 1-4 *unit(s)* (3 units required)

Plan B (Project)

- ISE 298 - Special Problems 1-4 *unit(s)* (3 units required)

Total Units Required (138 units)

The standalone Industrial and Systems Engineering, BS program requires ISE 135, ISE 170, and ISE 155. Students satisfy this requirement in this SAGE Scholars Program by completing ISE 202, ISE 230, and ISE 245, respectively. Industrial and Systems Engineering, Operational Analytics Concentration, MS requires 9 units of Approved Electives. Students satisfy 6 units of Approved Electives in this SAGE Scholars Program by completing ISE 245 and a graduate level elective in the BS Industrial and Systems Engineering program. These 12 units are considered to count toward

both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

Industrial and Systems Engineering BS + Engineering Management MS

The Industrial and Systems Engineering Spartan Accelerated Graduate Education (SAGE) Programs enables qualified students in the Industrial and Systems Engineering, BS (ISE) program to simultaneously complete the requirements for both the Industrial and Systems Engineering, BS and Engineering Management, MS (EM) degree. Students can progress from undergraduate to graduate status seamlessly, with a simplified application process and no application fee, and complete both degrees in a year's less time as compared to completing them separately. This will provide significant cost savings to the student.

The ISE EM SAGE Scholars program will allow students to be hired in better positions in leading Silicon Valley companies and to get into Ph.D. programs within 5 years of starting their Industrial and Systems Engineering, BS degree.

Total SAGE Program Units (BS + MS) 138

For more information, contact the **SAGE Scholars Program Coordinator**: Hongrui Liu.

Admissions Requirements

The ISE EM SAGE program allows undergraduates to begin their graduate studies while completing undergraduate requirements. SAGE programs provide students with an integrative and cohesive educational experience that combines subject matter, pedagogy and research. All SJSU SAGE programs are guided by university policy F-19.

Eligibility Requirements:

Applicants need to fulfill the following requirements:

1. Must have declared the Industrial and Systems Engineering, BS major
2. Have completed a minimum of 75 units towards the Industrial and Systems Engineering, BS degree (but no more than 120 units)
3. Completed ISE 130 with a B- or better, must have successfully completed ENGR 100W or are currently enrolled at time of admission
4. Completed all lower division GE requirements
5. Completed all lower division courses (1-99)
6. Not have enrolled in senior project

Most native and transfer students will become eligible to apply for the SAGE program in the Spring semester of Year 3 and enter the pathway during the Summer of Year 3 and Fall of Year 4. Applications will be processed by the Industrial and Systems Engineering Department without an application fee. Students will not need to apply formally for graduate admission if accepted into this program.

Application Requirements and Processes:

1. Students meet with their undergraduate academic advisor. The advisor must complete and sign the SAGE Application form (checking Box A) and the Course of Study Plan. The form and plan should be routed to the registrar's office and a copy should be included in the student application to the department;
2. Students must fill out and include an application form;
3. Transcripts for any coursework completed at other colleges or universities not showing in the students' MySJSU account must be included;

4. Students must include a one-page resume that details their college-level academic, employment, and volunteer experiences. In describing a position held (employment or volunteer service), highlight the duties performed and any relevant awards or accomplishments;
5. Students must include a 1 page personal statement that explains how they arrived at their decision to continue with Industrial and Systems Engineering, MS degree;

Applications will be processed by the Department of Industrial and Systems Engineering (NOT through CalState Apply). They are processed without an application fee. All application documents should be collated into a single pdf and sent to the department via the program coordinator.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Meeting every semester with an academic advisor to plan and track coursework and graduate status.
- Once the BS degree is conferred, students meet every semester with their graduate advisor to plan a formal course of study;
- The proposed graduate program must be approved by the graduate coordinator before the student may be considered a candidate for the MS degree.

Dismissal from Program

- Dismissal by the ISE Department if students do not meet continuation requirements (GPA of 3.0 or higher).
- An exit ramp from the SAGE program to the traditional ISE BS program will be accessible for all students who have not yet converted to graduate status. Exiting can be initiated by the student for any reason. If the student opts out of, or fails to complete the Master's degree portion of the program, the following will apply:
 - Credit earned for graduate coursework and used to complete the bachelor's degree may not be used to satisfy unit requirements of the Master's degree

Converting to Graduate Status and Advancing to Candidacy

1. GPA of at least 3.00 cumulative in undergraduate career & completed graduate coursework with a 'C' or better;
2. Graduate program designated GVAR course listed on SAGE Program Course of Study Plan;
3. At least 50% of the graduate program must be 200-level courses and at least 60% of the designated graduate courses must be letter graded.
4. Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are waived or satisfied with required courses in the major: GE Areas A3, B, C2, and E, SJSU Studies (R and V) and Physical Education. Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units.

Program Requirements (138 units)

Industrial and Systems Engineering, BS (120 units)

University Requirements (24 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GVAR), students must pass ENGR 100W with a grade of "C" or better ("C-" not accepted).

GE Areas A1, A2, C1, C1/C2, two D/American Institutions (US123), F, S 24 unit(s)

Exceptions for University Graduation Requirements apply to this major.

Major Preparation (29 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2)
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 32 - Calculus III 3 *unit(s)* (B4)
- MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

Major Requirements (67 units)

ISE 130 must be completed with a "C-" or better. ISE 195A and ISE 195B must be completed with a "C" or better. At least one approved technical elective must be an engineering course and all technical electives must be completed with a grade of "C-" or better.

Core Courses (11 units)

- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
- ME 20 - Design and Graphics 2 *unit(s)*
- MATE 25 - Introduction to Materials 3 *unit(s)*
- CMPE 30 - Programming Concepts and Methodology 3 *unit(s)*

Major Courses (50 units)

- CMPE 131 - Software Engineering I 3 *unit(s)*
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- ISE 102 - Engineering Economic Systems 3 *unit(s)*
- ISE 105 - Introduction to Systems Engineering 3 *unit(s)*
- ISE 115 - Lean Integrated Manufacturing 3 *unit(s)*
- ISE 120 - Work Methods Design and Measurement 3 *unit(s)*
- ISE 130 - Engineering Probability and Statistics 3 *unit(s)*
- ISE 131 - Statistical Process Control and Improvement 3 *unit(s)*
- ISE 135 - Design of Experiments 3 *unit(s)*
- ISE 140 - Operations Planning and Control 3 *unit(s)*
- ISE 142 - Service Systems Engineering and Management 3 *unit(s)*
- ISE 151 - Engineering Management Systems in Global Society 3 *unit(s)* (V)
- ISE 167 - System Simulation 3 *unit(s)*
- ISE 194 - Analytics Workshop 1 *unit(s)*
- ISE 195A - Senior Industrial Engineering Design I 1 *unit(s)*
- ISE 195B - Senior Industrial Engineering Design II 3 *unit(s)*
- ISE 230 - Advanced Operations Research 3 *unit(s)*
- ISE 245 - Advanced Supply Chain Engineering 3 *unit(s)*

Approved Technical Electives (6 units)

- ISE 250 - Leading the Six Sigma Improvement Project 3 *unit(s)*
- ISE 251 - Managing the Lean Enterprise Improvement Program 3 *unit(s)* (GWAR)

Engineering Management, MS (18 units)

Core Courses (9 units)

- ISE 200 - Financial Methods for Engineers 3 *unit(s)*
- ISE 222 - Adv Sys Engr 3 *unit(s)*
- ISE 213 - Principles of Engineering Management 3 *unit(s)*

Approved Electives (6 units)

6 units of electives selected in consultation with SAGE advisor. Students take two BUS electives (6 units).

Culminating Experience (3 units)

Complete either Plan A (Thesis) or Plan B (Project):

- Plan A (Thesis)
 - ISE 299 - Master's Thesis 1-4 *unit(s)* (3 units required)
- Plan B (Project)
 - ISE 298 - Special Problems 1-4 *unit(s)* (3 units required)

Total Units Required (138 units)

The standalone Industrial and Systems Engineering, BS requires the completion of ISE 155 and ISE 170. Students satisfy these requirements in this SAGE Scholars Program by completing ISE 245 and ISE 230, respectively. The BS program requires 6 units of Technical Electives. Students satisfy this requirement in this SAGE Scholars Program by completing ISE 250 and ISE 251, Engineering Management, MS Core Courses. These 12 units are considered to count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

Industrial and Systems Engineering BS + MS

The Industrial and Systems Engineering Spartan Accelerated Graduate Education (SAGE) Scholars Program enables qualified students in the Industrial and Systems Engineering, BS (ISE) program to simultaneously complete the requirements for both the Industrial and Systems Engineering, BS and Industrial and Systems Engineering, MS degree. Students can progress from undergraduate to graduate status seamlessly, with a simplified application process and no application fee, and complete both degrees in a year's less time as compared to completing them separately. This will provide significant cost savings to the student.

The ISE SAGE Scholars program will allow students to be hired in better positions in leading Silicon Valley companies and to get into Ph.D. programs within 5 years of starting their Industrial and Systems Engineering, BS degree.

Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units.

Program Requirements (138 units)

Industrial and Systems Engineering, BS (120 units)

University Requirements (24 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GVAR), students must pass ENGR 100W with a grade of "C" or better ("C-" not accepted).

GE Areas A1, A2, C1, C1/C2, two D/American Institutions (US123), F, S 24 unit(s)

Exceptions for University Graduation Requirements apply to this major.

Major Preparation (29 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2)
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 32 - Calculus III 3 *unit(s)* (B4)
- MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*

- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

Major Requirements (67 units)

ISE 130 must be completed with a "C-" or better. ISE 195A and ISE 195B must be completed with a "C" or better. At least one approved technical elective must be an engineering course and all technical electives must be completed with a grade of "C-" or better.

Core Courses (11 units)

- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
- ME 20 - Design and Graphics 2 *unit(s)*
- MATE 25 - Introduction to Materials 3 *unit(s)*
- CMPE 30 - Programming Concepts and Methodology 3 *unit(s)*

Major Courses (56 units)

- CMPE 131 - Software Engineering I 3 *unit(s)*
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- ISE 102 - Engineering Economic Systems 3 *unit(s)*
- ISE 105 - Introduction to Systems Engineering 3 *unit(s)*
- ISE 115 - Lean Integrated Manufacturing 3 *unit(s)*
- ISE 120 - Work Methods Design and Measurement 3 *unit(s)*
- ISE 130 - Engineering Probability and Statistics 3 *unit(s)*
- ISE 131 - Statistical Process Control and Improvement 3 *unit(s)*
- ISE 135 - Design of Experiments 3 *unit(s)*
- ISE 140 - Operations Planning and Control 3 *unit(s)*
- ISE 142 - Service Systems Engineering and Management 3 *unit(s)*
- ISE 151 - Engineering Management Systems in Global Society 3 *unit(s)* (V)
- ISE 167 - System Simulation 3 *unit(s)*
- ISE 194 - Analytics Workshop 1 *unit(s)*
- ISE 195A - Senior Industrial Engineering Design I 1 *unit(s)*
- ISE 195B - Senior Industrial Engineering Design II 3 *unit(s)*
- ISE 230 - Advanced Operations Research 3 *unit(s)*
- ISE 245 - Advanced Supply Chain Engineering 3 *unit(s)*
- Two graduate level electives approved by the graduate advisor 6 *unit(s)*

Industrial and Systems Engineering, MS (18 units)

There are 4 courses that could be used to satisfy GWAR requirements, at least one course in each of the four Specialty Areas. Complete at least one of the following courses:

- ISE 202 - Design and Analysis of Engineering Experiments 3 *unit(s)* (GWAR)
- ISE 212 - Human Factors Experiments 3 *unit(s)* (GWAR)
- ISE 251 - Managing the Lean Enterprise Improvement Program 3 *unit(s)* (GWAR)
- ISE 270 - Information Engineering 3 *unit(s)* (GWAR)

Core Courses (6 units)

- ISE 235 - Quality Assurance and Reliability 3 *unit(s)*
- ISE 240 - Analytics for Systems Engineering 3 *unit(s)*

Specialty Area (9 units)

Complete three courses in one Specialty Area, including at least one of the following GVAR courses: ISE 202, 212, 251, or 270.

Specialty Area 1: Production and Quality Assurance

- Complete three courses from:
 - ISE 202 - Design and Analysis of Engineering Experiments 3 *unit(s)* (GVAR)
 - ISE 233 - Operational Data Analysis for Industrial Systems 3 *unit(s)*
 - ISE 241 - Advanced Operations Planning and Control 3 *unit(s)*
 - ISE 250 - Leading the Six Sigma Improvement Project 3 *unit(s)*
 - ISE 251 - Managing the Lean Enterprise Improvement Program 3 *unit(s)* (GVAR)
 - ISE 265 - Advanced System Simulation 3 *unit(s)*

Specialty Area 2: Supply Chain and Logistics Engineering

- Required course:
 - ISE 247 - Logistics for Supply Chain 3 *unit(s)*
- Complete two courses from:
 - ISE 223 - Dec Model Sus Dev 3 *unit(s)*
 - ISE 241 - Advanced Operations Planning and Control 3 *unit(s)*
 - ISE 243 - Advanced Supply Chain Analytics 3 *unit(s)*
 - ISE 250 - Leading the Six Sigma Improvement Project 3 *unit(s)*
 - ISE 251 - Managing the Lean Enterprise Improvement Program 3 *unit(s)* (GVAR)
 - ISE 265 - Advanced System Simulation 3 *unit(s)*
 - ISE 270 - Information Engineering 3 *unit(s)*

Specialty Area 3: Healthcare and Service Systems Engineering

- Two required courses:
 - ISE 242 - Advanced Service Systems Engineering and Management 3 *unit(s)*
 - ISE 260 - Healthcare Delivery Systems 3 *unit(s)*
- Complete one course from:
 - ISE 200 - Financial Methods for Engineers 3 *unit(s)*
 - ISE 250 - Leading the Six Sigma Improvement Project 3 *unit(s)*
 - ISE 251 - Managing the Lean Enterprise Improvement Program 3 *unit(s)* (GVAR)
 - ISE 261 - Medical Errors Reduction and Patients Safety Engineering 3 *unit(s)*

Specialty Area 4: Human Factors Engineering

- Required course:
 - ISE 210 - Human Factors/Ergonomics 3 *unit(s)*
- Complete two courses from:
 - ISE 202 - Design and Analysis of Engineering Experiments 3 *unit(s)*
 - ISE 212 - Human Factors Experiments 3 *unit(s)* (GVAR)
 - ISE 215 - Usability Evaluation and Testing 3 *unit(s)*
 - ISE 217 - Human Computer Interaction 3 *unit(s)*
 - ISE 219 - HCI for Cyber Security 3 *unit(s)*

Culminating Experience (3 units)

Complete one option: Plan A (Thesis), Plan B (Project), or Plan B (Comprehensive Exam):

- Plan A (Thesis)
 - ISE 299 - Master's Thesis 1-4 unit(s) (3 units required)
- Plan B (Project)
 - ISE 298 - Special Problems 1-4 unit(s) (3 units required)
- Plan B (Comprehensive Exam)
 - Five-hour exam covering three core courses and two elective courses. Students in this option take a third elective course (a total of 9 units approved electives)

Total Units Required (138 units)

The standalone Industrial and Systems Engineering, BS requires ISE 155 and ISE 170. Students satisfy this requirement in this SAGE Scholars Program by completing ISE 245 and ISE 230, respectively. Industrial and Systems Engineering, MS requires 3 units of Approved Elective and 4 courses in a Specialty Area. Students satisfy the Elective and one of the Specialty Area course requirements in this SAGE Scholars Program by completing two graduate level electives within the BS Industrial and Systems Engineering program. These 12 credits are considered to count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

Materials Engineering BS + MS

The Materials Engineering Spartan Accelerated Graduate Education (SAGE) Scholars Program provides students the opportunity to earn their Materials Engineering, BS and Materials Engineering, MS degrees simultaneously, completing both degrees in five years, rather than the usual six years when completing them individually. The SAGE Scholars Program Coordinator works closely with the students to ensure a seamless transition from undergraduate to graduate status, without students having to file a formal application for admission to the graduate program. Students have the possibility to combine their senior project and MS project/thesis research requirements, enabling them to undertake more in-depth, publishable quality research which in turn better prepares them for PhD programs as well as professional careers. The Materials Engineering SAGE Scholars Program offers students intellectual stimulation and growth and the opportunity to strengthen their research competencies by working closely with their research mentors for a longer period of time.

Total SAGE Program Units (BS + MS) 141

For more information, contact the **SAGE Scholars Program Coordinator** Ozgur Keles.

Admissions Requirements

All SJSU Materials Engineering, BS undergraduates are eligible to apply for, and be admitted to, the Materials Engineering SAGE Scholars program if they fulfill the following requirements:

1. Completed a minimum of 75 units towards the Materials Engineering BS degree;
2. Completed MATE 115, MATE 141, MATE 151, and ENGR 100W with grades B or better;
3. Have a cumulative GPA of 3.0 or better, or GPA of 3.0 or better in the last 60 semester units;
4. Have completed all lower-division work (including lower- division general education courses and American Institutions courses); and,
5. Must not be declared in another major.

Students who have reached up to their first semester as classified seniors will remain eligible for entry into the SAGE program. Second semester, senior-level students enrolled in the term they expect to graduate from their baccalaureate degree are not eligible to enter into the SAGE program as these students will not gain the accelerated graduate-level benefit offered through the SAGE blended program option.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Meeting every semester with an academic advisor to plan and track coursework and graduate status. Once the BS degree is conferred, students meet every semester with their graduate advisor to plan a formal course of study;
- Maintain GPA of 3.0 or higher with no individual grade below a C. Students not maintaining these standards will be placed on probation initially, followed by disqualification if the grades are not improved within two semesters; and,
- The proposed graduate program must be approved by the graduate coordinator before the student may be considered a candidate for the MS degree.
- Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are waived or satisfied with required courses in the major: GE Areas A3, B, C2, and E, SJSU Studies (R, S and V) and Physical Education. Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units.

Program Requirements (141 units)

Materials Engineering, BS (117 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

University Requirements (21 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR) students must pass ENGR 100W with a grade of "C" or better ("C-" not accepted).

- GE Areas A1, A2, C1, C1/C2, two Ds/American Institutions (US123), and F 21 *unit(s)*

Major Preparation (33 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2) (or equivalent second semester composition course.)
- MATH 30 - Calculus I 3 *unit(s)* (B4) (or MATH 30X)
- MATH 31 - Calculus II 4 *unit(s)* (B4) (or MATH 31X)
- MATH 32 - Calculus III 3 *unit(s)* (B4) (or MATH 32H or MATH 32X)

- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)
- CHE 110A - Mathematical Methods in Chemical Engineering 2 *unit(s)*

Major Requirements (63 units)

Core Courses (11 units)

- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- MATE 25 - Introduction to Materials 3 *unit(s)*
- CE 99 - Introductory Statics 2 *unit(s)* (CE 95 also accepted.)

Major Courses (46 units)

- CHE 110B - Computational Methods in Chemical Engineering 2 *unit(s)*
- CHE 161 - Process Safety and Engineering Ethics 1 *unit(s)*
- CHE 162 - Engineering Statistics and Analysis 2 *unit(s)*
- MATE 115 - Structure/Properties of Solids 3 *unit(s)*
- MATE 141 - Structure and Analysis of Materials 3 *unit(s)*
- MATE 146 - Experimental Methods in Materials Characterization 3 *unit(s)*
- MATE 151 - Solid State Thermodynamics 3 *unit(s)*
- MATE 152 - Solid State Kinetics 3 *unit(s)*
- MATE 153 - Electronic, Optical, and Magnetic Properties of Materials 3 *unit(s)*
- MATE 154 - Metals and Alloys 3 *unit(s)*
- MATE 155 - Materials Selection and Process Design 3 *unit(s)*
- MATE 185 - Ceramics 3 *unit(s)*
- MATE 186 - Polymers 3 *unit(s)*
- MATE 195 - Mechanical Behavior of Materials 3 *unit(s)*
- MATE 198A - Senior Design Project 2 *unit(s)* (S)
- MATE 198B - Senior Design Project 2 *unit(s)* (V)
- ME 20 - Design and Graphics 2 *unit(s)*
- ENGR 195A - Global and Social Issues in Engineering 1 *unit(s)* (S)
- ENGR 195B - Global and Social Issues in Engineering 1 *unit(s)* (V)

Technical Electives (6 units)

Electives must be selected from the approved departmental list in consultation with the students' advisor.

Only students who are doing research on campus may be eligible for MATE 282. MATE 282 may be taken 2 times for a maximum of 6 units of technical elective credit. Only one section of MATE 280/MATE 280I/MATE 282 may be taken per semester.

Materials Engineering, MS (24 units)

Core Courses (15 units)

- CHE 200 - Research Methods 3 *unit(s)* (GWAR)
- MATE 205 - Advanced Mechanical Behavior of Solids 3 *unit(s)*
- MATE 215 - Solid State Materials Engineering 3 *unit(s)*
- MATE 241 - Advanced Methods of Materials Characterization 3 *unit(s)*
- MATE 251 - Advanced Solid State Thermodynamics 3 *unit(s)*

Approved Electives (3 units)

3 units of approved 200-level electives selected in consultation with a SAGE advisor.

Culminating Experience (6 units)

- MATE 281 - MS Thesis/Project Preparation Seminar 3 *unit(s)*
- MATE 280 - Graduate Research OR MATE 280I - Graduate Research Internship 2 *unit(s)*

Complete one course below for one unit.

- **Thesis Requirements:** Students opting to complete a master's thesis are responsible for securing the commitment of a full-time tenured or tenure-track faculty member who agrees to serve as the thesis committee chair. The student must also secure the commitments of two additional committee members, one of whom must be a full or part-time SJSU faculty member, to serve as the student's thesis committee. If the student is completing their thesis research off-site, then one person of their thesis committee must be at least a supervisor-level employee from that off-site facility. The student must write a thesis proposal and have it approved by the thesis committee in order to pass MATE 281. MATE 299 is taken in the semester the student expects to complete their final oral and written defense which will serve as their culminating experience. The MS candidate must successfully pass an oral defense and complete an approved thesis report in order to receive credit for MATE 299. Students must be enrolled in courses every semester with the exception of an approved leave of absence for one semester. Students who have finished all their 30 units with the exception of an RP grade in MATE 299 are eligible for enrollment in CHE 1290R for a reduced tuition fee. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.
- **Project Requirements:** Students opting to complete a graduate project are responsible for securing the commitment of a full-time tenured or tenure-track faculty member who agrees to serve as the project committee chair. The student must also secure the commitments of an additional committee member to serve as the student's project committee. If the student is completing their thesis project research off-site, then one person of their project committee must be at least a supervisor-level employee from that off-site facility. The student must write a project proposal and have it approved by the project committee in order to pass MATE 281. MATE 298 is taken in the semester the student expects to complete their final oral defense and written project report, which will serve as their culminating experience. The MS candidate must successfully pass an oral and defense and complete an approved written project report in order to receive credit for MATE 298. Students must be enrolled in courses every semester with the exception of an approved leave of absence for one semester. Students who have finished all their 30 units with the exception of an RP grade in MATE 298 are eligible for enrollment in CHE 1290R for a reduced tuition fee.
- MATE 298 - MS Research/Project 1-2 *unit(s)*
- MATE 298I - Master's Project Internship 1-2 *unit(s)*
- MATE 299 - Master's Thesis 1-3 *unit(s)*
- MATE 299I - Master's Thesis Internship 1-3 *unit(s)*

Total Units Required (141 units)

The standalone Materials Engineering, BS and Materials Engineering, MS programs require 9 units of Electives each. Students satisfy these requirements in this SAGE Scholars Program by completing 6 units of Technical Electives within the BS program and 3 units of Approved Electives within the MS program. These 9 units are considered to count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

A maximum of 10 units of MATE 280/MATE 280I are allowed as part of the 24 units required for a MS Chemical Engineering degree.

SJSU Online

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. These upper division degree completion programs are offered through a special session that requires a separate application process. If interested, please contact one of our Enrollment Counselors for more information.

Interdisciplinary Engineering, BS (SJSU Online) (Currently Not Accepting Students)

Fully Online Degree Completion Program

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. This upper division degree completion program is offered through a special session that requires a separate application process.

Our curriculum for the Degree Completion Program covers three primary areas - engineering management and statistical quality engineering, applied computing, and innovation and law. All three areas are applicable to a wide range of engineering and business practices, provide the skills and knowledge that serve existing and emerging technologies, and can provide a competitive advantage for students interested in opportunities in Interdisciplinary Engineering.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes will be delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times convenient for the working learner).

Summary of Degree Units

Transfer Units	63
Interdisciplinary Courses	28
Technical Focus	18
Academic Breadth or Minor	12
Total	121

Program Roadmaps

The 2-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Transfer Units (63 units)

- All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better. However, 63 units of lower division may be completed at the community college.
- Applicants must also have completed the Core Lower Division General Education Requirements, except for GE Area A3 which is waived for this degree (36 units). Of the 36 units, 15 units are fulfilled by math, science, engineering, and second semester composition courses listed below.
- GE Area A3 (Critical Thinking/Logic) is waived for this degree. The remaining three CSU-approved Basics Skills courses must be completed with a C- or better for admission:

(A1) Oral Communication/Speech

(A2) Written English Composition

(B4) Math/Quantitative Reasoning (above the level of intermediate algebra)

- GE Area F - Ethnic Studies must be completed with a C- or better to meet the requirement at San Jose State University.
- Completion of at least 29 units of the Math and Science courses (or equivalents)
 - BIOL 10 - The Living World 3 *unit(s)* (B2+B3)
 - CHEM 30A - Introductory Chemistry 3 *unit(s)* (or CHEM 1A or CHEM 1B) (B1+B3)
 - MATH 30 OR MATH 30X - Calculus I 3 *unit(s)* (B4)
 - MATH 31 OR MATH 31X - Calculus II 4 *unit(s)* (B4)
 - MATH 32 OR MATH 32X - Calculus III 3 *unit(s)* (B4)
 - MATH 33A - Ordinary Differential Equations for SCI & ENGR OR MATH 33LA - Differential Equations and Linear Algebra OR MATH 42 - Discrete Mathematics 3 *unit(s)*
 - PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
 - PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)
- Completion of at least 12 units of the Engineering courses (or equivalents):
 - CMPE 30 - Programming Concepts and Methodology 3 *unit(s)* OR CS 46A - Introduction to Programming 4 *unit(s)*
 - EE 98 - Introduction to Circuit Analysis 3 *unit(s)*
 - ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
 - MATE 25 - Introduction to Materials OR CE 95 - Theory and Application of Statics 3 *unit(s)*

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements, except for GE Area A3 which is waived for this degree, (36 units) must be completed before transferring from a community college or any university.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult your major advisor before selecting courses to satisfy the Upper Division General Education Requirements.

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (58 units)

Interdisciplinary Courses (28 units)

Complete the required courses:

- BUS3 186 - Professional and Business Ethics 3 *unit(s)* (S)
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- ENGR 102 - Renewable Energy Engineering 3 *unit(s)*
- ENGR 120 - Programming Concepts for Behavioral and Social Science Applications 3 *unit(s)*
- ENGR 199A - Senior Design Project I 1 *unit(s)*
- ENGR 199B - Senior Design Project II 2 *unit(s)*
- ISE 102 - Engineering Economic Systems 3 *unit(s)*

- ISE 130 - Engineering Probability and Statistics 3 *unit(s)*
- ME 106 - Fundamentals of Mechatronics Engineering 4 *unit(s)*
- TECH 198 - Technology and Civilization 3 *unit(s)* (V)

Technical Focus (18 units)

Engineering Four Course Sequence (12 units)

- ISE 120 - Work Methods Design and Measurement 3 *unit(s)*
- ISE 131 - Statistical Process Control and Improvement 3 *unit(s)*
- ISE 140 - Operations Planning and Control 3 *unit(s)*
- ISE 151 - Engineering Management Systems in Global Society 3 *unit(s)*

Technical Electives (6 units)

- ENGR 121 - Data Structures and Algorithms for Behavioral and Social Science Applications 3 *unit(s)*
- ENGR 122 - Data Technology for Behavioral and Social Science Applications 3 *unit(s)*

Academic Breadth (12 units)

- ENGR 130 - Introduction to Intellectual Property for Engineers 3 *unit(s)*
- ENGR 131 - Introduction to Patents for Engineers 3 *unit(s)*
- ENGR 195E - Interdisciplinary Computing Project 3 *unit(s)*
- PHIL 137 - Puzzles in Innovation and Law 3 *unit(s)*

Total Units Required (121 units)

College of Health and Human Sciences

Formerly College of Applied Science and Arts

Office: MacQuarrie Hall 431

Telephone: (408) 924-2900

Email: health-human-sciences@sjsu.edu

Website: www.sjsu.edu/chhs

Leadership:

Audrey Shillington, Dean

Matthew Masucci, Associate Dean

Joseph (Joe) Grzywacz, Associate Dean of Research

Overview

The College of Health and Human Sciences provides both liberal and well-defined professional education at the undergraduate and graduate levels. Course work prepares students to be competent and transformative professionals in a technologically complex and culturally diverse society. The college's courses and programs provide students with a theoretical base that is developed and tested through: (1) research; (2) knowledge that can be applied in diverse systems; (3) processes that incorporate human understanding, social justice and cooperation, and (4)

supervised practice through internships, field work and/or preceptorships in a variety of career-related settings. Graduates become leaders and establish professional careers as administrators, educators, practitioners, information specialists and applied researchers in a variety of settings. These settings include both private and public agencies, government institutions at all levels, community and health care organizations and educational institutions. The College of Health and Human Sciences values and respects diversity, inclusion, civility and individual uniqueness; we recognize the strength these factors bring to our community and learning environment. All of our interactions should reflect trust, caring and mutual respect. We value education and intellectual curiosity above all. The academic freedom of faculty and students is vital to our role of promoting life-long learning through intellectual inquiry, scholarship and the pursuit of knowledge. An overarching goal is that faculty and our academic programs will be recognized for outstanding research, teaching and service across disciplinary and geographic boundaries. A list of programs and courses can be found on each department page in the catalog.

- Department of Aerospace Studies (Air Force ROTC)
- Department of Audiology
- Department of Kinesiology
- Department of Military Science (Army ROTC)
- Department of Nutrition, Food Science and Packaging
- Department of Occupational Therapy
- Department of Public Health and Recreation
- School of Social Work
- The Valley Foundation School of Nursing

College of Health and Human Sciences (CHHS) Student Success Center

Offices/Telephone: MacQuarrie Hall (MH) 533 / 408-924-2910; Health Building (HB) 105 / 408-924-8601

Email: CHHSsuccesscenter@sjsu.edu

Website: www.sjsu.edu/chhs-ssc

The College of Health and Human Sciences (CHHS) Student Success Center provides advising for undergraduate students majoring (or interested in majoring) in programs offered in CHHS Departments and Schools. Students are invited to stop by one of our two locations or call the Center for help with applying into a CHHS major, general education advising, academic policy related questions, peer mentoring, health professions advising, and/or to attend any of our various presentations and workshops.

The CHHS Student Success Center is also home to the Undeclared Pre-Nursing (UPN) Program, which is responsible for advising students in the UPN academic track. To find out more about the program and how to apply please visit us.

Internships

The departments/schools within the College offer internships that involve advanced practical experience, fieldwork or clinical experience in a professional work setting under direct supervision of qualified professionals. Interns would be assigned various duties and experiences related to their particular areas of specialization. Internships may include seminars, practica or preceptorships to further develop beginning and advanced level practice skills.

Teaching Credential Programs

The Department of Kinesiology, in collaboration with the Connie L. Lurie College of Education, provides two single subject professional programs designed for individuals who are interested in teaching physical education or adapted

physical education in grades K-12. The California School Nurse Credential prepares Registered Nurses at the Master's and Post Master's level to provide and manage health services and programs in the school setting.

Organized Research Units and Unique Programs

The programs of the College of Health and Human Sciences are further enriched by educational, research, global partnerships, as well as cultural and training opportunities provided by the following specialized research units and unique programs: Institute of Nursing Research and Practice, Human Rights Institute, Timpany Center, The Center for Applied Research on Human Services (CARHS), and the Center for Healthy Aging in Multicultural Populations (CHAMP).

SPARTANS Occupational Career Life Studies Program

The Successful Postsecondary Access & Related Transition Activities for Neurodiverse Students Occupational Career Life Studies (SPARTANS OCLS) Program is designed for college-aged students with intellectual disabilities who did not meet the original admission requirements at SJSU. The program aims to provide inclusive academic, social, and work experiences to support students in their pursuit of independent employment based on person-centered career goals.

Each student's path in the SPARTANS OCLS program will be individualized according to their person-centered plans. The program is a two-year, non-degree, non-residential program offered through a collaboration between the College of Health and Human Sciences, the Lurie College of Education, and Professional & Global Engagement at SJSU. The 36-unit program consists of the following components:

1. **General Education (GE) Requirements:** A minimum of 12 credits, including 1 course from each of the four GE areas, selected through person-centered planning;
2. **Job Track Requirements:** A minimum of 12 credit hours, selected through person-centered planning; and
3. **Supervised Job Internship(s):** A minimum of 12 units, including 6 units of SPARTANS OCLS Internship Seminar and 6 units of SPARTANS OCLS Internship for on- and off-campus job placements/internships related to the chosen job track.

Note: This program currently is not eligible for Federal Financial Aid.

Undergraduate Major(s)

Interdisciplinary Studies, Health Care Leadership Concentration, BS (SJSU Online)

Fully Online Degree Completion Program

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. This upper division degree completion program is offered through a special session that requires a separate application process. The BS Interdisciplinary Studies, Health Care Leadership Concentration, offered by the College of Health and Human Sciences, is designed to give you the knowledge and skills you'll need to prepare you for professional health care careers in a global market. Coursework focuses on health care leadership skills, financial principles, management strategies and standards to improve patient care. You'll take courses in the physical and social sciences giving you a well rounded education to pursue careers in allied health roles or to prepare you for entry into a variety of health-related graduate degree programs. The flexibility offered by the interdisciplinary degree in Health Care Leadership, and the practical skills learned in the program, lead to many exciting careers in fields as diverse as public health, health education and administration, marketing and public relations, media, policy,

research, clinical care, biotechnology, pharmaceutical development and sales, worksite wellness, politics, government, and environmental health among others.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes will be delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times).

Summary of Degree Units

Transfer Units	60
University Requirements	3
Major Requirements	42
University Electives	15
Total	120

Program Roadmaps

The 2-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums) and elective classes that are best suited to your career goals.

Transfer Units (60 units)

All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better.

Applicants must also have completed the Core Lower Division General Education Requirements (39 units), including all four CSU-approved Basics Skills courses, each with a C- or better:

- (A1) Oral Communication/Speech
- (A2) Written English Composition
- (A3) Critical Thinking/Logic
- (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)

- STAT 95 OR PH 67 recommended

GE Area F - Ethnic Studies must be completed with a C- or better to meet the requirement at San Jose State University.

University Requirements (3 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

- KIN 169 - Diversity, Stress and Health 3 *unit(s)* (Area S)
- PH 172 - Contemporary Environmental Health Issues 3 *unit(s)* (Area R)
- NUFS 144 - Food Culture: Consuming Passions 3 *unit(s)* (Area V)

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

Recommended:

- NUFS 100W - Writing Workshop 3 *unit(s)* (WID)
- PH 100W - Writing Workshop 3 *unit(s)* (WID)

Major Requirements (42 units)

- KIN 146 - Introduction to Exercise Technology 3 *unit(s)*
- KIN 151 - Sports and Fitness Marketing 3 *unit(s)*
- KIN 169 - Diversity, Stress and Health 3 *unit(s)* (S)
- NUFS 8 - Nutrition for the Health Professions 3 *unit(s)*
- NUFS 114A - Community Nutrition for Majors 3 *unit(s)*
- NUFS 144 - Food Culture: Consuming Passions 3 *unit(s)* (V)
- PH 99 - Introduction to Public Health 3 *unit(s)*
- PH 102 - Health Team Building 3 *unit(s)*
- PH 103 - Introduction to Health Policy 3 *unit(s)*
- PH 162 - Health Care Organization and Admin 3 *unit(s)*

- PH 172 - Contemporary Environmental Health Issues 3 *unit(s)* (R)
- RECL 152 - Non-Profit Leadership & Management 3 *unit(s)*
- SCWK 130 - Human Behavior in the Social Environment I 3 *unit(s)*
- SCWK 131 - Human Behavior in the Social Environment II 3 *unit(s)*

University Electives (15 units)

Total Units Required (120 units)

Kinesiology, BS

Satisfactory completion of the requirements of the four-year major program in Kinesiology, offered by the Department of Kinesiology, leads to a BS degree. The program is based upon the discipline of kinesiology and stresses both theoretical and practical objectives. Five areas of specialization are offered.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	41
Major Preparation	18
Core Courses	23
Area Specialization	38
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

Students in this major must complete all Requirements for the Major (All courses in Preparation, Core, Concentration/Specialization) with a "C- or better" to graduate. The following courses in Preparation of major must be passed with a "C or better": KIN 100W.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 unit(s) (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 unit(s) (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 unit(s) (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 unit(s) (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (18 units)

- BIOL 65 - Human Anatomy 4 unit(s) (B2+B3) (BIOL 650 may also be used to meet this requirement. This course does not include a human cadaver lab.)
- BIOL 66 - Human Physiology 5 unit(s) (B2+B3)
- CHEM 30A - Introductory Chemistry 3 unit(s) (B1+B3)
- KIN 100W - Writing Workshop 3 unit(s) (WID)
- Mathematics/Quantitative Reasoning 3 unit(s) (Area B4) * STAT 95 Recommended

Major Requirements (61 units)

Core Courses (23 units)

- KIN 70 - Introduction to Kinesiology 3 unit(s)
- KIN 155 - Exercise Physiology 3 unit(s)
- KIN 158 - Biomechanics 3 unit(s)
- KIN 175 - Measurement and Evaluation in Kinesiology 3 unit(s)
- KIN 185 - Senior Seminar 1 unit(s)

Complete one course from:

- KIN 160 - History of Sport and Physical Education 3 unit(s)
- KIN 161 - Philosophical Perspectives of Sport 3 unit(s)
- KIN 164 - Sociocultural Perspectives 3 unit(s)

Complete one course from:

All specializations, except Sports Management and Culture, require both KIN 165 and KIN 166.

- KIN 165 - Motor Development 3 *unit(s)*
- KIN 166 - Motor Learning 3 *unit(s)*

Physical Activity Courses:

- Four activity courses from at least four different movement areas (In addition to university graduation requirement) 4 *unit(s)*

Area of Specialization (38 units)

Specializations are a cluster of courses used by departments for advising purposes. Specializations will **not** appear on transcripts or diplomas. Specialization coursework, along with the Kinesiology Core Courses, is typically undertaken during the junior and senior years following completion of General Education Requirements. Specialization coursework can be taken simultaneously with the Core Courses.

Choose one area of study:

- Exercise and Fitness Specialist
- Inclusive Physical Activity in Communities (IPAC)
- Rehabilitation Science
- Sport Management and Culture
- Individualized Studies

Transfer Curriculum Studies is designed for students with an AA-T in Kinesiology. View the roadmap for Associate Degrees (ADT) Pathways for more information.

Exercise and Fitness Specialist

The Exercise and Fitness Specialist specialization includes coursework to develop knowledge and skills to work in corporate fitness, as a personal trainer, in clinical exercise programs, and a variety of other fitness and exercise related professions.

To fulfill GE areas B4 and D, STAT 95 and PSYC 1 are recommended.

Sub-Core Courses (26 units)

- KIN 147 - Biomechanical Assessment of Movement 3 *unit(s)*
- KIN 154B - ECG Interpretations and "Graded" Exercise Testing 3 *unit(s)*
- KIN 157 - Physiological Assessment 3 *unit(s)*
- KIN 162 - Advanced Fitness Assessment and Exercise Prescription 3 *unit(s)* (fall only)
- KIN 187 - Clinical Exercise Physiology 3 *unit(s)*
- KIN 198 - Internship in Kinesiology 1-6 *unit(s)* (*Complete 2 units*)

Complete one course (3 units):

- KIN 151 - Sports and Fitness Marketing 3 *unit(s)* (fall only)
- KIN 152 - Theory of Sport and Fitness Management 3 *unit(s)*
- KIN 153 - Sport Facility and Event Management 3 *unit(s)*

Complete one course, whichever not taken in the KIN core (3 units):

- KIN 165 - Motor Development 3 *unit(s)*
- KIN 166 - Motor Learning 3 *unit(s)*

Complete one course (3 units):

- KIN 167 - Sports Psychology 3 *unit(s)*
- KIN 168 - Psychology of Coaching 3 *unit(s)*
- KIN 176 - Exercise Psychology 3 *unit(s)*

Guided Electives (12 units)

Complete 12 units of guided electives in consultation with Department advisor. Maximum of 2 nutrition, 1 sport management, and 1 psychology course may be used as guided electives. Subcore and guided electives cannot be double counted. Other guided electives may be approved by Department advisor.

- KIN 69 - Stress Management: A Multidisciplinary Perspective 3 *unit(s)* (E)
- KIN 145A - Physical Activity for Older Adults 3 *unit(s)*
- KIN 146 - Introduction to Exercise Technology 3 *unit(s)*
- KIN 151 - Sports and Fitness Marketing 3 *unit(s)* (fall only) **OR** KIN 152 - Theory of Sport and Fitness Management 3 *unit(s)* **OR** KIN 153 - Sport Facility and Event Management 3 *unit(s)* (whichever not taken in EFS subcore)
- KIN 156 - Introduction to Adapted Physical Activity 3 *unit(s)*
- KIN 163 - Science of Physical Fitness and Nutrition 3 *unit(s)* (R)
- KIN 167 - Sports Psychology 3 *unit(s)* **OR** KIN 168 - Psychology of Coaching 3 *unit(s)* **OR** KIN 176 - Exercise Psychology 3 *unit(s)* (fall only) (whichever not taken in EFS subcore)
- KIN 169 - Diversity, Stress and Health 3 *unit(s)* (S)
- KIN 180 - Independent Study 1-6 *unit(s)* (3 units)
- NUFS 8 - Nutrition for the Health Professions 3 *unit(s)* (E) **OR** NUFS 9 - Introduction to Human Nutrition 3 *unit(s)* (E)
- NUFS 116 - Aging and Nutrition 3 *unit(s)*
- NUFS 123 - Nutrition for Sport 3 *unit(s)*
- PSYC 110 - Adult Psychopathology 3 *unit(s)*
- Other guided electives as approved by Department advisor

Inclusive Physical Activity in Communities (IPAC)

The Inclusive Physical Activity in Communities (IPAC) specialization prepares students to work and teach in the community, with an emphasis on working with special populations, particularly individuals with disabilities and older adults. This specialization can also serve as undergraduate-level preparation for the Master of Science and Doctorate in Occupational Therapy (please see note after the listed required coursework). The IPAC curriculum provides students with the specialized skills and knowledge to provide effective service delivery to individuals with disabilities, older adults, and other diverse populations in a physical activity setting. Students in the IPAC specialization develop competencies in planning, assessing, coordinating, implementing, evaluating and advocating appropriate inclusive physical activity across the lifespan. Coursework in the IPAC specialization prepares students for careers in a variety of fields including: infant/toddler programs, physical activity for older adults in recreation or residential facilities, spinal cord injury rehabilitation centers, aquatic facilities, residential/seasonal camps, health/fitness clubs, disability sport programs, and after school/community transition sites.

To fulfill GE areas B4 and D, STAT 95 and PSYC 1 are recommended.

Sub-Core Courses (26 units)

- EDSE 14A - American Sign Language I 3 *unit(s)*
- KIN 107 - Adapted Aquatics 2 *unit(s)*
- KIN 108 - Adapted Physical Activity for Young Adults with Disabilities 2 *unit(s)*
- KIN 156 - Introduction to Adapted Physical Activity 3 *unit(s)*
- KIN 159 - Sport and Adapted Activities 3 *unit(s)*
- KIN 174 - Assessment of Psychomotor Function 3 *unit(s)*
- KIN 187 - Clinical Exercise Physiology 3 *unit(s)*
- KIN 198 - Internship in Kinesiology 1-6 *unit(s)* (Complete 1 unit)

Complete one course (3 units):

- KIN 153 - Sport Facility and Event Management 3 *unit(s)*
- RECL 97 - Event Planning 3 *unit(s)*

Complete one course, whichever not taken in the KIN core (3 units):

- KIN 165 - Motor Development 3 *unit(s)*
- KIN 166 - Motor Learning 3 *unit(s)*

Guided Electives (12 units)

Complete 12 units of guided electives in consultation with Department advisor.

- ART 46 - Introduction to Ceramics 3 *unit(s)* ** **OR** other acceptable skills class such as textile or painting. Consult advisor and see the ART courses.
- GERO 107 - Aging and Society 3 *unit(s)* (S)
- KIN 145A - Physical Activity for Older Adults 3 *unit(s)*
- KIN 146 - Introduction to Exercise Technology 3 *unit(s)*
- KIN 162 - Advanced Fitness Assessment and Exercise Prescription 3 *unit(s)* (fall only)
- KIN 167 - Sports Psychology 3 *unit(s)*
- KIN 168 - Psychology of Coaching 3 *unit(s)*
- KIN 169 - Diversity, Stress and Health 3 *unit(s)* (S)
- KIN 176 - Exercise Psychology 3 *unit(s)*
- KIN 180 - Independent Study 1-6 *unit(s)* (3 units)
- NUFS 116 - Aging and Nutrition 3 *unit(s)*
- NUFS / KIN 163 - Science of Physical Fitness and Nutrition 3 *unit(s)* (R)
- OCTH 190 - Foundations of Neuroscience for Occupational Therapy 3 *unit(s)* (spring and summer only) **
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D) ** (may NOT be used as Guided Elective if being used to satisfy Area D requirement)
- PSYC 110 - Adult Psychopathology 3 *unit(s)* **
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)** (may NOT be used as Guided Elective if being used to satisfy Area B4 requirement)
- Other guided electives as approved by Department advisor.

**** SJSU Pre-OT students must have 4 of the 8 prerequisites completed before applying for either the Master of Science or OT Doctorate Program. All SJSU OT prerequisite coursework must earn a B or better to count towards application to the program. Complete information about the OT Master's Program is available in the Occupational Therapy, MS section of this catalog or on the program website. Complete information about the OT Doctorate program is available in the Occupational Therapy Doctorate section of this catalog or on the program website.**

Rehabilitation Science

The Rehabilitation Science specialization is designed for students interested in allied health professions, such as physical therapy, chiropractic, and physician's assistant. Coursework is designed to develop knowledge and skills to pursue a future in physical therapy, chiropractic, medical school, or other health or rehabilitation careers.

To fulfill GE areas B4 and D, STAT 95 and PSYC 1 are recommended.

Sub-Core Courses (32 units)

- CHEM 1A - General Chemistry 5 unit(s) (B1B3)
- CHEM 1B - General Chemistry 5 unit(s) (B1B3)
- PHYS 2A - Fundamentals of Physics 4 unit(s) (B1B3)
- PHYS 2B - Fundamentals of Physics 4 unit(s) (B1B3)
- KIN 147 - Biomechanical Assessment of Movement 3 unit(s)
- KIN 157 - Physiological Assessment 3 unit(s)
- KIN 198 - Internship in Kinesiology 1-6 unit(s) (Complete 2 units)

Complete one course, whichever not taken in the KIN core (3 units):

- KIN 165 - Motor Development 3 unit(s)
- KIN 166 - Motor Learning 3 unit(s)

Complete one course (3 units):

- KIN 176 - Exercise Psychology 3 unit(s)
- KIN 187 - Clinical Exercise Physiology 3 unit(s)

Guided Electives (6 units)

Complete 6 units of guided electives in consultation with Department advisor.

- BIOL 109 - Human Neuroanatomy and Physiology 4 unit(s)
- BIOL 129 / PSYC 129 - Neuroscience 3 unit(s)
- KIN 146 - Introduction to Exercise Technology 3 unit(s)
- KIN 156 - Introduction to Adapted Physical Activity 3 unit(s)
- KIN 159 - Sport and Adapted Activities 3 unit(s)
- KIN 163 - Science of Physical Fitness and Nutrition 3 unit(s) (R)
- KIN 167 - Sports Psychology 3 unit(s) **OR** KIN 176 - Exercise Psychology 3 unit(s) **OR** KIN 187 - Clinical Exercise Physiology 3 unit(s) (if not taken in Rehab Science subcore)
- KIN 169 - Diversity, Stress and Health 3 unit(s) (S)
- KIN 180 - Independent Study 1-6 unit(s)

- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D) (may NOT be used as Guided Elective if being used to satisfy Area D requirement)
- PSYC 110 - Adult Psychopathology 3 *unit(s)*
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (may NOT be used as Guided Elective if being used to satisfy B4 math requirement)
- Other guided electives as approved by Department advisor.

Sport Management and Culture

The purpose of the Sport Management and Culture (SMC) specialization is to provide an interdisciplinary understanding of sport management with a particular focus on social and cultural issues. Social justice and diversity issues are highlighted from a critical cultural studies perspective. Additionally, students interested in sports studies gain a background in sport management, strengthening their professional preparation.

To fulfill GE areas B4 and D, STAT 95 and PSYC 1 are recommended.

Sub-Core Courses (22-24 units)

- KIN 151 - Sports and Fitness Marketing 3 *unit(s)* (fall only)
- KIN 152 - Theory of Sport and Fitness Management 3 *unit(s)*
- KIN 153 - Sport Facility and Event Management 3 *unit(s)*
- Internship #1: Complete 3 units of KIN 198 - Internship in Kinesiology 1-6 *unit(s)*

Complete two courses, whichever not taken in the KIN core (6 units):

- KIN 160 - History of Sport and Physical Education 3 *unit(s)*
- KIN 161 - Philosophical Perspectives of Sport 3 *unit(s)*
- KIN 164 - Sociocultural Perspectives 3 *unit(s)*

Complete one course (3 units):

- KIN 167 - Sports Psychology 3 *unit(s)*
- KIN 168 - Psychology of Coaching 3 *unit(s)*

Internship #2: Complete 1-3 units of

- KIN 180 - Independent Study 1-6 *unit(s)*
- KIN 198 - Internship in Kinesiology 1-6 *unit(s)*

Guided Electives (14-16 units)

Complete 14-16 units of guided electives in consultation with Department advisor. A maximum of 6 units may be taken at the lower division level **OR** a Business Minor, Sociology Minor, Psychology Minor, Journalism Minor, or other minor selected in consultation with Departmental Advisor.

- AAS 175 - Asian American Communities 3 *unit(s)*
- AFAM 155A - Triumphs and Trials of the Black Athlete in the U.S., 1850-1999 3 *unit(s)* **OR** AFAM 155B - Triumphs and Trials of the Black Athlete in the U.S., 2000-Present 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*

- CCS 130 - Chicanas and Chicanos in American Society 3 *unit(s)* (S)
- KIN 111 - Sport & Movement in a Global Context 3 *unit(s)* (V)
- KIN 146 - Introduction to Exercise Technology 3 *unit(s)*
- KIN 167 - Sports Psychology 3 *unit(s)* **OR** KIN 168 - Psychology of Coaching 3 *unit(s)* (whichever not taken in SMC subcore)
- KIN 169 - Diversity, Stress and Health 3 *unit(s)* (S)
- KIN 176 - Exercise Psychology 3 *unit(s)*
- PSYC 154 - Social Psychology 3 *unit(s)*
- SOCI 172 - Lesbian, Gay, Bi, Transgender Studies 3 *unit(s)*
- SOCI 175 - Sociology of Masculinities and Femininities 3 *unit(s)*
- WGSS 160 - Queering Gender, Race, and Class 3 *unit(s)*
- Other guided electives as approved by Department advisor.

Individualized Studies

This area of specialization is designed to provide students with the opportunity to develop an individualized program of study. This pathway to the baccalaureate degree may be of particular interest to students needing considerable flexibility in designing a program of study to facilitate pursuit of an advanced degree or a specific career (e.g., sport broadcasting). The Individualized Studies specialization requires advising manager and undergraduate coordinator approval. All coursework beyond the core must be selected in consultation with the student's academic advisor and is expected to form a **coherent program of study** that meets the student's **personal and professional goals**.

Criteria for Individualized Studies Specialization

1. The curriculum should evidence breadth and depth of understanding in a specific area of interest within the field of Kinesiology.
2. The program should exhibit a specific area of interest within Kinesiology as a focal point.
3. The program should include 18 upper division Kinesiology coursework units (in addition to the core requirements), which includes 1-3 units of internship/fieldwork. The program should include 17-19 upper or lower division electives in kinesiology or a related field selected in consultation with departmental advisor.
4. The program should conform to the career objectives submitted as a part of the formal Individualized Studies Proposal (refer to the Kinesiology Undergraduate Handbook).
5. All courses should be adequately justified as a logical inclusion in this program.
6. The program must be submitted **at least 30 units** prior to the student's anticipated graduation date.

Sub-Core Courses (38 units)

- KIN 198 - Internship in Kinesiology 1-6 *unit(s)* (complete 1-3 units)
- Upper Division Kinesiology Coursework selected in consultation with the student's academic advisor 18 *unit(s)*
- Upper or Lower Division Electives in Kinesiology or a related field selected in consultation with Departmental Advisor 17-19 *unit(s)*

Total Units Required (120 units)

Kinesiology, Preparation for Teaching, BS

This major is designed for students interested in teaching physical education in high school or middle school. The BS Kinesiology, Preparation for Teaching, offered by the Department of Kinesiology, is a California Commission on

Teacher Credentialing (CTC) approved subject matter preparation program (SMPP) to attain subject matter competency (SMC). SMC is needed for entry into a physical education single subject credential program. To attain SMC, individuals who do not wish to complete this degree program must pass all portions of the appropriate Commission-approved subject matter examination(s) or meet requirements through a combination of coursework and exams after completion of a bachelor's degree.

Minimum grade point average (GPA) criteria and grades above a C- may be required for verification of subject matter competency. Completion of this degree program will not guarantee admission to SJSU's credential program. Like all other applicants, students must meet credential program standards and undergo screening for admission. See "How to Become a Teacher" for information on application and admission to credential programs.

Note: Students who wish to complete or have completed another major should consult with a Department of Kinesiology advisor who specializes in teacher preparation to determine requirements for single subject matter competency certification in physical education.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	41
Major Preparation	18
Major Core Requirements	23
Concentration Requirements	38
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

Students in this major must complete all courses Required in the Major (All courses in Preparation, Core, Concentration/Specialization) with a "C- or better" to graduate. The following courses in Preparation of major must be passed with a "C or better": KIN 100W.

Adapted Physical Education Added Authorization

The Adapted Physical Education Added Authorization (APEAA) allows an educator to provide students with disabilities a specially designed physical education program as determined by the Commission on Teacher Credentialing (CTC).

Students in the Kinesiology, Preparation for Teaching major take 5 of the 6 required APEAA courses; completing these courses will help students to efficiently obtain the APEAA upon completion of their single subject PE credential. If interested in obtaining the APEAA, students should contact the program co-coordinators Dr. Jihyun Lee and Dr. Erin Siebert.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)

- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (18 units)

- BIOL 65 - Human Anatomy 4 *unit(s)* (B2+B3) (BIOL 65O may also be used to meet this requirement. This course does not include a human cadaver lab.)
- BIOL 66 - Human Physiology 5 *unit(s)* (B2+B3)
- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3)
- KIN 100W - Writing Workshop 3 *unit(s)* (WID)
- Mathematics/Quantitative Reasoning 3 *unit(s)* (Area B4)

Major Requirements (61 units)

Core Courses (23 units)

- KIN 70 - Introduction to Kinesiology 3 *unit(s)*
- KIN 155 - Exercise Physiology 3 *unit(s)*
- KIN 158 - Biomechanics 3 *unit(s)*
- KIN 175 - Measurement and Evaluation in Kinesiology 3 *unit(s)*
- KIN 185 - Senior Seminar 1 *unit(s)*

Physical Activity Courses:

- Four activity courses from at least four different movement areas (In addition to university graduation requirement) 4 *unit(s)*

Complete one course:

- KIN 160 - History of Sport and Physical Education 3 *unit(s)*
- KIN 161 - Philosophical Perspectives of Sport 3 *unit(s)*
- KIN 164 - Sociocultural Perspectives 3 *unit(s)*

Complete one course:

- KIN 165 - Motor Development 3 *unit(s)*
- KIN 166 - Motor Learning 3 *unit(s)*

Major Required Courses (38 units)

- KIN 105 - Water Safety Instructor's Course 2 *unit(s)* (*Age requirement, minimum of 18 years*)
- KIN 107 - Adapted Aquatics 2 *unit(s)*
- KIN 108 - Adapted Physical Activity for Young Adults with Disabilities 2 *unit(s)*
- KIN 156 - Introduction to Adapted Physical Activity 3 *unit(s)*
- KIN 159 - Sport and Adapted Activities 3 *unit(s)*
- KIN 172 - Elementary School Programs, K-6 3 *unit(s)* (*spring only*)
- KIN 173 - Introduction to Teaching Physical Education and Non-Traditional Sports 3 *unit(s)* (*fall only*)
- KIN 174 - Assessment of Psychomotor Function 3 *unit(s)*
- KIN 178 - Management Practices for Physical Education Teachers 3 *unit(s)* (*fall only*)
- KIN 179 - Design and Assessment of Movement Experiences 3 *unit(s)* (*spring only*)
- 2 Additional Activity courses (by advisement) 2 *unit(s)*
(*Movement Areas for Activity Courses*)

Motor Course

Complete the course not taken in Major Core Courses.

- KIN 165 - Motor Development 3 *unit(s)*
- KIN 166 - Motor Learning 3 *unit(s)*

Psychology Course

Complete one course from:

- KIN 167 - Sports Psychology 3 *unit(s)*
- KIN 168 - Psychology of Coaching 3 *unit(s)*
- KIN 176 - Exercise Psychology 3 *unit(s)*

Guided Elective

Complete 3 units in consultation with Department Advisor:

- KIN 111 - Sport & Movement in a Global Context 3 *unit(s)* (V)
- KIN 146 - Introduction to Exercise Technology 3 *unit(s)*

- KIN 151 - Sports and Fitness Marketing 3 *unit(s)* (*fall only*)
- KIN 163 - Science of Physical Fitness and Nutrition 3 *unit(s)* (*R*)
- KIN 167 - Sports Psychology 3 *unit(s)* **OR** KIN 168 - Psychology of Coaching 3 *unit(s)* **OR** KIN 176 - Exercise Psychology 3 *unit(s)* (*whichever not previously taken*)
- KIN 169 - Diversity, Stress and Health 3 *unit(s)* (*S*)
- KIN 180 - Independent Study 1-6 *unit(s)*
- KNED 339 - Instructional Materials and Procedures in Physical Education 3 *unit(s)*

Total Units Required (120 units)

Nursing, BS

Undergraduate Coordinator and Advisor: Dr. Vivian Wong.

The Valley Foundation School of Nursing prepares you for professional careers with a baccalaureate degree in nursing.

Students should be aware that the application requirements and prerequisite courses are subject to change. Interested students should check the Nursing web page frequently for updates and changes.

Summary of Degree Units

University Graduation Requirements	24
Major Preparation	35
Major Requirements	61
Total	120

Program Roadmaps

The 4.5-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses required in the major (preparation, major, and electives) require a grade of "C" or better or "Credit" (see admission implication supplemental criteria). In addition, students must pass background and drug clearances. Policies are posted on The Valley Foundation School of Nursing website.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (15 units)

Of the 39 units required by the university, 24 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details. Of the 39 units, the following 12 units are not satisfied in the major:

- Area A3 Critical Thinking and Writing 3 *unit(s)*
- Area C Arts and Letters 9 *unit(s)*
- GE Area F Ethnic Studies 3 *unit(s)*

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with a major advisor for details. Of the 9 units, the following 3 units are not satisfied in the major.

- Area V Culture, Civilization & Global Understanding (3 units)

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For students in the Nursing, BS major, the Graduation Writing Assessment Requirement (GWAR) is fulfilled with NURS 100WE - Evidence Based Practice Writing Workshop.

Major Preparation (35 units)

- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- COMM 20 - Public Speaking 3 *unit(s)* (A1)
- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3)
- BIOL 65 - Human Anatomy 4 *unit(s)* (B2+B3)
BIOL 65O may also be used to meet this requirement.
- BIOL 66 - Human Physiology 5 *unit(s)* (B2+B3)
- MICR 20 - General Bacteriology 5 *unit(s)* (B2+B3)
- NUFS 8 - Nutrition for the Health Professions 3 *unit(s)*
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)
MATH/UNVS 15 may be used in lieu of the statistics course required by this major.

Additional Major Support (6 units)

- CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (E)
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)

Major Requirements (61 units)

Semester 1

- NURS 10 - Leadership I 2 *unit(s)*

- NURS 11 - Introduction to Pharmacology 2 *unit(s)*
- NURS 12 - Health Assessment & Skills I 3 *unit(s)*
- NURS 13A - Gerontological Nursing Theory 2 *unit(s)*
- NURS 13B - Geriatric Nursing Practicum 1 *unit(s)*
- NURS 100WE - Evidence Based Practice Writing Workshop 3 *unit(s)* (WID)

Semester 2

- NURS 20A - Adult Care Management I 4 *unit(s)*
- NURS 20B - Adult Care Clinical Practicum I 3 *unit(s)*
- NURS 22 - Health Assessment & Skills in Nursing II 2 *unit(s)*
- NURS 123A - Mental Health Theory 3 *unit(s)*
- NURS 123B - Mental Health Practicum 2 *unit(s)*

Semester 3

- NURS 32 - Health Assessment & Skills III 1 *unit(s)*
- NURS 161 - Leadership II 2 *unit(s)*
- NURS 165A - Child Health Theory 3 *unit(s)*
- NURS 165B - Child Health Practicum 2 *unit(s)*
- NURS 168A - Maternal Newborn Theory 3 *unit(s)*
- NURS 168B - Maternal Newborn Practicum 2 *unit(s)*

Semester 4

- NURS 166 - Simulation I 1 *unit(s)*
- NURS 167A - Adult Care Management II 4 *unit(s)*
- NURS 167B - Adult Care Clinical Practicum II 3 *unit(s)*
- NURS 164AR - Community Health Theory for Nursing BS Program 3 *unit(s)* (R)
- NURS 164B - Community Health Practicum 3 *unit(s)*

Semester 5

- NURS 177 - Senior Preceptorship 4 *unit(s)*
- NURS 178 - Leadership III 3 *unit(s)* (S)

Total Units Required (120 units)

Nursing, Concurrent Enrollment Program (CEP) ADN to BSN

Dual Admission Program Between SJSU and Evergreen Valley Community College

The Nursing, Concurrent Enrollment Program (CEP) ADN to BSN (formerly Nursing, Integrated Community College Pathway, BS (ICCP) is a joint program between Evergreen Valley Community College (EVCC) and The Valley Foundation School of Nursing in which students are concurrently enrolled in both. The CEP program allows students to complete an Associate Degree in Nursing, apply and sit for the National Council Licensure Examination for Nurses (NCLEX-RN), and complete post licensure nursing content and upper general education courses to earn a BS Nursing.

Summary of Degree Units

University Graduation Requirements	3
EVC Lower Division Transfer Units	70
NCLEX - RN Examination	20
Major Requirements	24
University Electives	3
Total	120

Program Roadmap

Students enrolled in the CEP follow the Concurrent Enrollment Program ADN to BSN roadmap designed to satisfy the Associate Degree in Nursing from EVC and the Nursing BS requirements in 5 semesters or only 2.5 years of enrollment at SJSU.

- **Semester one** requires students to take one nursing course at SJSU and 9 units of the EVCC Associate Degree in Nursing Program.
- **Semester two** requires students to take two nursing course at SJSU and 9 units of the EVCC Associate Degree in Nursing Program
- **Semester three** requires students to take two SJSU courses (one SJSU nursing course and one SJSU elective course), and 9 units of the EVCC Associate Degree in Nursing Program.
- **Semester four** requires students to take 9 units of the EVCC Associate Degree in Nursing Program and two SJSU courses (one SJSU nursing course and one Upper Division GE Course (Area V), and will complete any other remaining Undergraduate University Graduation Requirements.
- Students completing semester four will apply and pass the **NCLEX-RN examination** before entering into the final semester of the CEP program.
- **Semester five** continues with four SJSU nursing courses.

Failure to Progress

The CEP program is a rigorous curriculum that will require strict criterion for participation. For students who enter the program the following criteria has been agreed upon.

1. Students who fall out of progression within the Associate Degree Program will defer to EVCC's progression and disqualification policies. Students who are disqualified from EVCC are automatically disqualified from SJSU's CEP program.
2. Students who do not pass the NCLEX-RN examination during the interim semester will have the option to move out of the CEP program and into the existing Nursing, RN to BSN Concentration, BSN program at SJSU when licensure is obtained. The impact to the student may include additional semesters of course work depending on when the student obtains licensure.
3. Students who fail any SJSU nursing courses during semesters 1 thru 4 of the CEP program will be moved into the existing regular EVCC program and removed from the CEP. Students can apply to the Nursing, RN to BSN Concentration, BSN program at SJSU after graduating from the ADN program as a regular progression student.

Major-Specific Graduation Requirements

All courses required in the major require a grade of "C" or better or "Credit" (see admission impaction supplemental criteria for exceptions). In addition, students must pass background and drug clearances. Policies are posted on The Valley Foundation School of Nursing website.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with the major advisor for details.

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (90 units)

Evergreen Community College Coursework (70 units)

Transferred from EVCC Associate Degree in Nursing Program.

External Exam Credit (20 units)

NCLEX - RN examination

Students admitted to the program will receive 20 units of credit for passage of the National Council Licensure Examination (NCLEX) for Registered Nurses.

Major Requirements (24 units)

- NURS 100WE - Evidence Based Practice Writing Workshop 3 *unit(s)* (WID)
- NURS 112 - Professional Practice Success I 3 *unit(s)*
- NURS 113 - Professional Practice Success II 3 *unit(s)*
- NURS 171 - Theoretical Foundations 3 *unit(s)*
- NURS 172R - Community Health Theory for RN to BSN Program 3 *unit(s)*
- NURS 173 - Community Health Practicum 3 *unit(s)*
- NURS 177A - Senior Preceptorship 3 *unit(s)*
- NURS 178A - Leadership 3 *unit(s)* (S)

University Electives (3 units)

Total Units Required (120 units)

Nursing, RN to BSN Concentration, BSN

RN to BSN Concentration, Program Coordinator and Advisor: Dr. Lisa Rauch.

Admittance into this degree offered by The Valley Foundation School of Nursing requires an Associate in Science degree in Nursing (ADN) and passage of the NCLEX - National Council Licensure Examination (by the second semester of the RN to BSN program) by the state of California, and completion of the 4 prerequisite courses Chemistry, Public Speaking, Critical Thinking, and Statistics.

Admission occurs every Fall semester. The RN to BSN program can be completed in 3 semesters of full-time study.

Summary of Degree Units

University Graduation Requirements	3
Community College Lower Division Coursework	70
External Exam Credit (NCLEX - RN Exam)	20
Major Requirements	24
University Electives	3
Total	120

Program Roadmaps

The 3 semester Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

All courses required in the major require a grade of "C" or better or "Credit" (see admission impaction supplemental criteria). In addition, students must pass background and drug clearances. Policies are posted on The Valley Foundation School of Nursing website.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

Of the 39 units required by the university, 39 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by major coursework outlined below. Consult with the major advisor for details. Of the 9 units, the following 3 units are not satisfied in the major.

- Area V 3 unit(s)

American Institutions

The 6 units of American Institutions (US123) requirement may be satisfied in the major (if identified below) or by transfer from a community college or university. Other courses meet the American Institutions requirement, but may not include additional GE areas.

Consult major advisor for department recommended coursework to meet GE requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For students in the Nursing RN to BSN Concentration, the Graduation Writing Assessment Requirement (GWAR) is fulfilled with NURS 100WE - Evidence Based Practice Writing Workshop.

Major Preparation (90 units)

Community College Lower Division Coursework (70 units)

Community College lower division coursework necessary for Associate Degree in Nursing (ADN).

External Exam Credit (20 units)

NCLEX - RN examination

Students admitted to the program will receive 20 units of credit for passage of the National Council Licensure Examination (NCLEX) for Registered Nurses in their final semester of the program.

Major Requirements (24 units)

Semester 1

- NURS 100WE - Evidence Based Practice Writing Workshop 3 unit(s) (WID)
- NURS 112 - Professional Practice Success I 3 unit(s)
- NURS 171 - Theoretical Foundations 3 unit(s)

Semester 2

- NURS 172R - Community Health Theory for RN to BSN Program 3 unit(s) (R)
- NURS 173 - Community Health Practicum 3 unit(s)
- NURS 113 - Professional Practice Success II 3 unit(s)

Semester 3

- NURS 178A - Leadership 3 unit(s) (S)
- NURS 177A - Senior Preceptorship 3 unit(s)

University Electives (3 units)

Total Units Required (120 units)

Nutritional Science, Applied Nutrition and Food Sciences Concentration, BS

The Bachelor of Science in Nutritional Science with a concentration in Applied Nutrition and Food Sciences, offered by the Department of Nutrition, Food Science and Packaging, provides students with the education and background needed to gain employment in settings as diverse as community organizations, educational institutions, hospitals, health and fitness, nutrition and research laboratories, corporations and government agencies. The course plan emphasizes providing a scientific foundation in introductory chemistry, bacteriology and human physiology. Support courses in psychology, statistics and economics also provide a strong background. Numerous courses in nutrition education, health in multicultural populations, community nutrition, food science, epidemiology, food safety and sanitation, cultural aspects of food, as well as nutrition, provide the industry-focused education needed for the graduates to succeed in their careers. Students complete a field experience course planned for a higher level of work responsibilities with enrollment as a senior for 90 hours. A carefully prepared multi-year program of study will ensure an appropriate sequencing of required courses and students should seek early and frequent advice from departmental advisors.

The Concentration course plan meets the Program Learning Outcomes established for the Department. The BS degree in Nutritional Science with a Concentration in Applied Nutrition and Food Sciences is a regimented degree plan for students who wish to develop a focused set of skills to be successful in the community environment and the food industry.

- Program Learning Outcomes

Major-Specific Graduation Requirements

Students in this major must have an overall 2.5 average across the courses in the major to graduate.

Summary of Degree Units

University Graduation Requirements	32
Major Preparation	19
Major Core Requirements	34
Concentration Requirements	32
University Electives	3
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or Specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (19 units)

- BIOL 66 - Human Physiology 5 unit(s) (B2+B3)
- CHEM 1A - General Chemistry 5 unit(s) (B1+B3)
- CHEM 30B - Introductory Chemistry 3 unit(s) (Students may substitute CHEM 8 for CHEM 30B)
- NUFS 100W - Writing Workshop 3 unit(s) (WID)

Complete one course:

- STAT 95 - Elementary Statistics 3 unit(s) (B4)
- PH 67 - Introductory Health Statistics 3 unit(s) (B4) (UNVS 15 may be used in lieu of the statistics course required by this major.)

Major Requirements (66 units)

Major Core (34 units)

- NUFS 8 - Nutrition for the Health Professions 3 unit(s)
- NUFS 20 - Sanitation and Environmental Issues in the Hospitality Industry 2 unit(s)
- NUFS 31 - Professionalism in Nutrition, Food Science and Packaging 1 unit(s)
- NUFS 101A - Food Science 4 unit(s)
- NUFS 103 - Food Processing and Packaging I 2 unit(s)
- NUFS 106A - Human Nutrition in the Life Span 3 unit(s)
- NUFS 106B - Research Methodology in Nutrition and Food Science 3 unit(s)
- NUFS 111 - Foodservice Production Management 3 unit(s)
- NUFS 134 - Multicultural Complementary and Alternative Medicine 3 unit(s) (S)
- NUFS 151 - Food Microbiology 2 unit(s)
- NUFS 192 - Field Experience in Nutrition and Food Science and Packaging Technology 1-6 unit(s)
- PKG 107 - Principles of Packaging 3 unit(s)

Complete one course:

- NUFS 139 - Hunger and Environmental Nutrition 3 unit(s) (R)
- NUFS 144 - Food Culture: Consuming Passions 3 unit(s) (V)

Applied Nutrition and Food Sciences (32 units)

Complete 32 units from:

- CHEM 132 - Introductory Biochemistry 4 unit(s)

- CHEM 132L - Introductory Biochemistry Lab 1 *unit(s)*
- ENVS 1 - Introduction to Environmental Issues 3 *unit(s)* (A3)
- KIN 155 - Exercise Physiology 3 *unit(s)*
- NUFS 10 - Basic Life Skills 3 *unit(s)* (E)
- NUFS 21 - Culinary Principles and Practice 3 *unit(s)*
- NUFS 22 - Catering and Beverage Management 3 *unit(s)*
- NUFS 103L - Food Processing Laboratory 1 *unit(s)*
- NUFS 104A - Cultural Aspects of Food 3 *unit(s)*
- NUFS 105 - Current Issues in Nutrition 3 *unit(s)*
- NUFS 108A - Nutrition and Metabolism 3 *unit(s)*
- NUFS 114A - Community Nutrition for Majors 3 *unit(s)*
- NUFS 116 - Aging and Nutrition 3 *unit(s)*
- NUFS 117 - Food Evaluation Techniques 3 *unit(s)*
- NUFS 118 - Food Chemistry 3 *unit(s)*
- NUFS 122 - Chemical Analysis of Food 3 *unit(s)*
- NUFS 123 - Nutrition for Sport 3 *unit(s)*
- NUFS 124 - Disordered Eating and Nutrition Therapy 3 *unit(s)*
- NUFS 150 - Food and Nutritional Toxicology 2 *unit(s)*
- NUFS 180 - Individual Studies 1-6 *unit(s)*
- NUFS 190 - Nutrition Education and Counseling 3 *unit(s)*
- NUFS 194 - Entrepreneurial Nutrition 1 *unit(s)*
- SPAN 1A - Elementary Spanish 4 *unit(s)* (C2) **OR** SPAN 4A - Basic Spanish I 4 *unit(s)* (or by advisement)

University Electives (3 units)

Total Units Required (120 units)

Nutritional Science, Dietetics Concentration, BS

The Department of Nutrition, Food Science and Packaging offers a Bachelor of Science in Nutritional Science with a concentration in Dietetics. This Didactic Program in Dietetics (DPD) provides students with the competencies, knowledge and skills required of the dietetics professional for practice roles of today and the future. The program helps students to develop critical thinking skills and problem-solving ability in clinical and community nutrition and food service management. The Dietetics curriculum includes support courses from the social, physical, and life sciences. Students have the option to select elective courses outside the major and/or to complete minors in business, chemistry, education, gerontology, health science, human performance, journalism, or other areas. In addition, with the appropriate coursework, students are also prepared for advanced degrees (M.S.) and post baccalaureate education (Dietetic Internships). The dietetics concentration is appropriate for students who would like to become practicing nutritionists or dietitians.

The Didactic Program in Dietetics (DPD) transmits knowledge and skills at the undergraduate level that are needed for competent dietetics practice to improve the quality of life in diverse communities. The SJSU DPD program is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (120 South Riverside Plaza, Suite 2190, Chicago, IL 60606-6995; 800-877-1600, ext. 5400). On August 7, 2020, the program was reaccredited and received full accreditation for 8 years until December 31, 2028.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	35
Major Preparation	24
Major Core Requirements	34
Concentration Requirements	27
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)

- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (24 units)

- BIOL 66 - Human Physiology 5 *unit(s)* (B2+B3)
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 30B - Introductory Chemistry 3 *unit(s)* (Students may substitute CHEM 8 for CHEM 30B)

- CHEM 132 - Introductory Biochemistry 4 *unit(s)*
- CHEM 132L - Introductory Biochemistry Lab 1 *unit(s)*
- NUFS 100W - Writing Workshop 3 *unit(s)* (*WID*)

Complete one course:

- STAT 95 - Elementary Statistics 3 *unit(s)* (*B4*)
- PH 67 - Introductory Health Statistics 3 *unit(s)* (*B4*) (*UNVS 15 may be used in lieu of the statistics course required by this major.*)

Major Requirements (61 units)

Major Core (34 units)

- NUFS 8 - Nutrition for the Health Professions 3 *unit(s)*
- NUFS 20 - Sanitation and Environmental Issues in the Hospitality Industry 2 *unit(s)*
- NUFS 31 - Professionalism in Nutrition, Food Science and Packaging 1 *unit(s)*
- NUFS 101A - Food Science 4 *unit(s)*
- NUFS 103 - Food Processing and Packaging I 2 *unit(s)*
- NUFS 106A - Human Nutrition in the Life Span 3 *unit(s)*

- NUFS 192 - Field Experience in Nutrition and Food Science and Packaging Technology 1-6 *unit(s)*
- PKG 107 - Principles of Packaging 3 *unit(s)*

Complete one course:

- NUFS 139 - Hunger and Environmental Nutrition 3 *unit(s)* (*R*)
- NUFS 144 - Food Culture: Consuming Passions 3 *unit(s)* (*V*)

Concentration Requirements (27 units)

- NUFS 108A - Nutrition and Metabolism 3 *unit(s)*
- NUFS 109 - Advanced Nutrition 3 *unit(s)*
- NUFS 110A - Medical Nutrition Therapy 3 *unit(s)*
- NUFS 110B - Medical Nutrition Therapy 3 *unit(s)*
- NUFS 113 - Foodservice Systems: Mgmt & Proc 3 *unit(s)*
- NUFS 114A - Community Nutrition for Majors 3 *unit(s)*
- NUFS 190 - Nutrition Education and Counseling 3 *unit(s)*

Major Electives (6 units)

Complete 6 units from the following (or by advisement).

- NUFS 10 - Basic Life Skills 3 *unit(s)* (E)
- NUFS 21 - Culinary Principles and Practice 3 *unit(s)*
- NUFS 22 - Catering and Beverage Management 3 *unit(s)*
- NUFS 103L - Food Processing Laboratory 1 *unit(s)*
- NUFS 104A - Cultural Aspects of Food 3 *unit(s)*
- NUFS 105 - Current Issues in Nutrition 3 *unit(s)*
- NUFS 116 - Aging and Nutrition 3 *unit(s)*
- NUFS 123 - Nutrition for Sport 3 *unit(s)*
- NUFS 124 - Disordered Eating and Nutrition Therapy 3 *unit(s)*
- NUFS 180 - Individual Studies 1-6 *unit(s)*
- NUFS 194 - Entrepreneurial Nutrition 1 *unit(s)*
- SPAN 1A - Elementary Spanish (C2) **OR** SPAN 4A - Basic Spanish I 4 *unit(s)* (or by advertisement)

Total Units Required (120 units)

Nutritional Science, Food Management Concentration, BS

The concentration in Food Management under the Bachelor of Science in Nutritional Science provides students with the education and background needed to gain employment in foodservice administration. The course plan emphasizes providing a scientific foundation in introductory chemistry, bacteriology and human physiology. Support courses in psychology, statistics and economics also provide a strong background. Business courses in human resource management, accounting, and labor relations are needed to provide business skills utilized in foodservice management. Numerous courses in culinary skills, foodservice production management and procurement, catering, sanitation and food science, and cultural aspects of food, as well as nutrition, provide the industry focused education needed to function in the foodservice industry in management.

All students majoring in the Food Management concentration complete both a foodservice internship for 200 hours as well as a field experience course planned for a higher level of work responsibilities with enrollment as a senior for 90 hours. Both experiences provide the students majoring in the Food Management Concentration with the knowledge, skills, and confidence to interview for foodservice management positions. A carefully prepared multi-year program of study will ensure an appropriate sequencing of required courses and students should seek early and frequent advice from departmental advisors.

The Concentration course plan meets the Program Learning Outcomes established for the Department of Nutrition, Food Science and Packaging. The BS degree in Nutritional Science with a Concentration in Food Management is a regimented degree plan for students who wish to develop a focused set of skills to be successful in the foodservice industry so they can apply these skills in a practical setting.

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or Specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (17 units)

- BIOL 66 - Human Physiology 5 *unit(s)* (B2+B3)
- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3) (*Students may substitute CHEM 1A for CHEM 30A*)
- CHEM 30B - Introductory Chemistry 3 *unit(s)* (*Students may substitute CHEM 8 for CHEM 30B*)
- NUFS 100W - Writing Workshop 3 *unit(s)* (WID)

Complete one course:

- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)

- PH 67 - Introductory Health Statistics 3 *unit(s)* (B4) (UNVS 15 may be used in lieu of the statistics course required by this major.)

Major Requirements (68 units)

Major Core (34 units)

- NUFS 8 - Nutrition for the Health Professions 3 *unit(s)*
- NUFS 20 - Sanitation and Environmental Issues in the Hospitality Industry 2 *unit(s)*
- NUFS 31 - Professionalism in Nutrition, Food Science and Packaging 1 *unit(s)*
- NUFS 101A - Food Science 4 *unit(s)*
- NUFS 103 - Food Processing and Packaging I 2 *unit(s)*
- NUFS 106A - Human Nutrition in the Life Span 3 *unit(s)*
- NUFS 106B - Research Methodology in Nutrition and Food Science 3 *unit(s)*
- NUFS 111 - Foodservice Production Management 3 *unit(s)*
- NUFS 134 - Multicultural Complementary and Alternative Medicine 3 *unit(s)* (S)
- NUFS 151 - Food Microbiology 2 *unit(s)*
- NUFS 192 - Field Experience in Nutrition and Food Science and Packaging Technology 1-6 *unit(s)*
- PKG 107 - Principles of Packaging 3 *unit(s)*

Complete one course:

- NUFS 139 - Hunger and Environmental Nutrition 3 *unit(s)* (R)
- NUFS 144 - Food Culture: Consuming Passions 3 *unit(s)* (V)

Food Management Concentration (23 units)

- BUS1 20N - Survey of Accounting 3 *unit(s)*
- NUFS 21 - Culinary Principles and Practice 3 *unit(s)*
- NUFS 22 - Catering and Beverage Management 3 *unit(s)*
- NUFS 25 - Internship in Foodservice Management 1-2 *unit(s)*
- NUFS 104A - Cultural Aspects of Food 3 *unit(s)*
- NUFS 113 - Foodservice Systems: Mgmt & Proc 3 *unit(s)*
- NUFS 114A - Community Nutrition for Majors 3 *unit(s)*
- NUFS 190 - Nutrition Education and Counseling 3 *unit(s)*

Major Electives (11 units)

Complete 11 units from the following (or by advisement):

- NUFS 10 - Basic Life Skills 3 *unit(s)* (E)
- NUFS 103L - Food Processing Laboratory 1 *unit(s)*
- NUFS 105 - Current Issues in Nutrition 3 *unit(s)*
- NUFS 116 - Aging and Nutrition 3 *unit(s)*
- NUFS 194 - Entrepreneurial Nutrition 1 *unit(s)*
- PKG 169 - Food Packaging and Preservation 3 *unit(s)*

- SPAN 1A - Elementary Spanish **OR** SPAN 4A - Basic Spanish I 4 unit(s) (or by advisement)

Total Units Required (120 units)

Packaging, BS

The Bachelor of Science in Packaging program, offered by the Department of Nutrition, Food Science and Packaging, is one of a handful of programs in the USA providing technical expertise in this multidisciplinary field. Every product manufactured from health care and beauty products to washing machines and drugs require packages to protect and sell the product. The BS degree in Packaging is a regimented degree plan for students who wish to develop a focused set of skills in pre-selected areas of packaging so they can apply these skills in a technical setting. The degree plan emphasizes industry focused scientific and methodological training, as well as breadth in pre-selected areas of engineering, graphic design, project management, advertising, and material science. Students also take support courses in chemistry, math, physics, and statistics to prepare for the major. A carefully prepared multi-year program of study will ensure an appropriate sequencing of required courses and students should seek early and frequent advice from departmental advisors.

The academic program at SJSU begins with material courses to understand the properties of glass, plastics and paper then expands to the properties and manufacturing and use of packages made from these materials. The next group of courses describe the use of packages in particular industries such as food, pharmaceuticals, medical products and healthcare and beauty. The courses include the corporate use of packages and project management in driving packaging projects in a firm to the understanding of federal regulations for heavily regulated industries like drugs and medical products.

The number of potential jobs for graduates and careers available with a background in packaging is driven by the uniqueness of the skills learned by the students but also by the fact that there are very few places to learn the skills necessary to design and develop package systems. The packaging students engage in several industry-sponsored competitions every year as well as attending at least one major trade show at little expense to themselves. These industry-focused activities along with a paid internship position enable packaging graduates to interview as knowledgeable graduates.

- Program Learning Outcomes

Major-Specific Graduation Requirements

Students in this major must have an overall 2.0 average across the courses in the major to graduate.

Summary of Degree Units

University Graduation Requirements	35
Major Preparation	25
Major Requirements	52
University Electives	8
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (25 units)

May substitute CHEM 1A for CHEM 30A. Students can also substitute CHEM 8 for CHEM 30B.

- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3)
- CHEM 30B - Introductory Chemistry 3 *unit(s)*
- NUFS 100W - Writing Workshop 3 *unit(s)* (WID) **OR** PH 100W - Writing Workshop 3 *unit(s)* (WID)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4)
- MATH 71 - Calculus for Business and Aviation 3 *unit(s)* (B4)
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)

Complete one course:

- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)
- PH 67 - Introductory Health Statistics 3 *unit(s)* (B4)

Major Requirements (52 units)

Core Courses (13 units)

- NUFS 9 - Introduction to Human Nutrition 3 *unit(s)* (E) **OR** NUFS 8 - Nutrition for the Health Professions 3 *unit(s)*

- NUFS 31 - Professionalism in Nutrition, Food Science and Packaging 1 unit(s)
- NUFS 151 - Food Microbiology 2 unit(s)
- NUFS 192 - Field Experience in Nutrition and Food Science and Packaging Technology 1-6 unit(s) (4 units required)
- PKG 107 - Principles of Packaging 3 unit(s)

Packaging Requirements (39 units)

- NUFS 103 - Food Processing and Packaging I 2 unit(s)
- NUFS 103L - Food Processing Laboratory 1 unit(s)
- NUFS 139 - Hunger and Environmental Nutrition 3 unit(s) (R)
- PKG 120 - Artios CAD For Packaging 3 unit(s)
- PKG 121 - Solidworks For Packaging 3 unit(s)
- PKG 141A - Packaging Materials I, Paper, Metal, and Wood Based 3 unit(s)
- PKG 141B - Packaging Materials II, Plastics, Composites, and Glass 3 unit(s)
- PKG 146 - Packaging for Medical Devices and Pharmaceuticals 3 unit(s)
- PKG 156 - Packaging Machinery Systems 3 unit(s)
- PKG 158 - Protective Package Design and Testing 3 unit(s)
- PKG 159 - Packaging Material Handling and Distribution 3 unit(s)
- PKG 160 - Hazardous Materials Packaging 3 unit(s)
- PKG 169 - Food Packaging and Preservation 3 unit(s)
- PKG 170 - Packaging Development and Management 3 unit(s)

University Electives (8 units)

Total Units Required (120 units)

Public Health, BS

Students pursuing a BS in Public Health, offered by the Department of Public Health and Recreation, will join a group of students dedicated to documenting, monitoring, assessing, and improving the health of all communities, especially those who are marginalized.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	35
Major Preparation	22
Major Core Requirements	39
UD PH Electives or Minor	15
University Electives	9
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in Required for the Major Core must be completed with a grade of "C" or better to graduate. All other approved electives require a "C-" or better to graduate.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

This requirement is fulfilled in this major with:

- PH 100W - Writing Workshop 3 *unit(s)* (WID)

Major Preparation (22 units)

Students in this major must earn a grade of "C" or better in each of the courses required in the Preparation for the Major.

- BIOL 21 - Human Biology 3 *unit(s)* (B2B3)
- BIOL 65 - Human Anatomy 4 *unit(s)* (B2B3)
- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1)

CHEM 1A or CHEM 1B may be used to fulfill the CHEM 30A major preparation course.

- PH 1 - Understanding Your Health 3 unit(s) (E)
- PH 15 - Human Life Span 3 unit(s) (D)
- PH 67 - Introductory Health Statistics 3 unit(s) (B4)

Any course that is currently articulated to STAT 95 may be used to fulfill the PH 67 preparation course for this major. UNVS 15 may be used in lieu of the statistics course required by this major.

- PH 99 - Introduction to Public Health 3 unit(s)

Major Requirements (54 units)

Students must complete the following **major core courses** with a grade of "C" or better to graduate.

Core Courses (39 units)

- PH 102 - Health Team Building 3 unit(s)
- PH 103 - Introduction to Health Policy 3 unit(s)
- PH 104 - Community Health Promotion 4 unit(s)
- PH 135 - Health Issues in a Multicultural Society 3 unit(s) (S)
- PH 158 - Health Communications 3 unit(s)
- PH 161 - Epidemiology 3 unit(s)
- PH 162 - Health Care Organization and Admin 3 unit(s)
- PH 165A - Public Health Leadership Series I 1 unit(s)
- PH 165B - Public Health Leadership Series II 1 unit(s)
- PH 165C - Public Health Leadership Series III Fieldwork Experience 2 unit(s)
- PH 165D - Public Health Leadership Series IV 1 unit(s)
- PH 167 - Biostatistics 3 unit(s)
- PH 172 - Contemporary Environmental Health Issues 3 unit(s) (R)
- PH 179 - Public Health Capstone 3 unit(s)

Population Health Elective - Choose one course from the following:

- PH 145 - Community Mental Health 3 unit(s) or
- PH 176 - Introduction to Global Health 3 unit(s)

Upper Division Public Health Electives or Minor (15 units)

Students must complete 15 units of upper division public health elective coursework from the approved list of courses or complete a minor.

- PH 145 - Community Mental Health 3 unit(s)
- PH 164 - Health Social Marketing 3 unit(s)
- PH 168 - Theoretical Foundations in Community Health Education 3 unit(s)
- PH 176 - Introduction to Global Health 3 unit(s)
- PH 183 - Special Topics in Community Health Education 3 unit(s)
- PH 188 - Community Health Assessment 3 unit(s)
- PH 191 - Applied Epidemiology 3 unit(s)
- PH 193 - Special Topics in Population Data Science 3 unit(s)
- PH 195 - Fundamentals of Data Management and Presentation 3 unit(s)
- PH 197 - Quantitative Analysis 3 unit(s)

- PH 198 - Qualitative Methods 3 *unit(s)*
- RECL 152 - Non-Profit Leadership & Management 3 *unit(s)*

University Electives (9 units)

- RECL 10 - Creating a Meaningful Life (*E*) is recommended.

Additional courses selected in consultation with major advisor.

Total Units Required (120 units)

Public Health, BS (SJSU Online)

Fully Online Degree Completion Program

Students pursuing a BS in Public Health, offered by the Department of Public Health and Recreation, will join a group of students dedicated to documenting, monitoring, assessing, and improving the health of all communities, especially those who are marginalized.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes are delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times).

Summary of Degree Units

Transfer Units	60
University Graduation Requirements	6
Major Requirements	54
Total	120

Program Roadmaps

The 2-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Transfer Units (60 units)

- All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better.
- Applicants must also have completed the Core Lower Division General Education Requirements (39 units), including all four CSU-approved Basics Skills courses, each with a C- or better:
 - (A1) Oral Communication/Speech
 - (A2) Written English Composition
 - (A3) Critical Thinking/Logic
 - (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)

- Completion of at least 22 units of the following courses (or equivalents):
 - BIOL 21 - Human Biology 3 *unit(s)* (B2+B3)
 - BIOL 65 - Human Anatomy 4 *unit(s)* (B2+B3)
 - CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3)
 - PH 1 - Understanding Your Health 3 *unit(s)* (E)
 - PH 15 - Human Life Span 3 *unit(s)* (D)
 - PH 67 - Introductory Health Statistics 3 *unit(s)* (B4) (or equivalent statistics course)
 - PH 99 - Introduction to Public Health 3 *unit(s)*

University Requirements (6 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult your major advisor before selecting courses to satisfy the Upper Division General Education Requirements.

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

This requirement is fulfilled in this major with:

- PH 100W - Writing Workshop 3 *unit(s)* (WID)

Major Requirements (54 units)

Students must complete the following the major core courses with a grade of "C" or better to graduate.

Core Courses (39 units)

- PH 102 - Health Team Building 3 *unit(s)*
- PH 103 - Introduction to Health Policy 3 *unit(s)*
- PH 104 - Community Health Promotion 4 *unit(s)*
- PH 135 - Health Issues in a Multicultural Society 3 *unit(s)* (S)
- PH 158 - Health Communications 3 *unit(s)*
- PH 161 - Epidemiology 3 *unit(s)*
- PH 162 - Health Care Organization and Admin 3 *unit(s)*
- PH 165A - Public Health Leadership Series I 1 *unit(s)*
- PH 165B - Public Health Leadership Series II 1 *unit(s)*
- PH 165C - Public Health Leadership Series III Fieldwork Experience 2 *unit(s)*
- PH 165D - Public Health Leadership Series IV 1 *unit(s)*
- PH 167 - Biostatistics 3 *unit(s)*
- PH 172 - Contemporary Environmental Health Issues 3 *unit(s)* (R)
- PH 179 - Public Health Capstone 3 *unit(s)*

Population Health Elective - Choose one course from the following:

- PH 145 - Community Mental Health 3 *unit(s)*
- PH 176 - Introduction to Global Health 3 *unit(s)*

Upper Division Public Health Electives or Minor (15 units)

Students must complete 15 units of upper division public health elective coursework from the approved list of courses or complete a minor.

- PH 145 - Community Mental Health 3 *unit(s)*
- PH 164 - Health Social Marketing 3 *unit(s)*
- PH 168 - Theoretical Foundations in Community Health Education 3 *unit(s)*
- PH 176 - Introduction to Global Health 3 *unit(s)*
- PH 183 - Special Topics in Community Health Education 3 *unit(s)*
- PH 188 - Community Health Assessment 3 *unit(s)*
- PH 191 - Applied Epidemiology 3 *unit(s)*
- PH 193 - Special Topics in Population Data Science 3 *unit(s)*
- PH 195 - Fundamentals of Data Management and Presentation 3 *unit(s)*
- PH 197 - Quantitative Analysis 3 *unit(s)*
- PH 198 - Qualitative Methods 3 *unit(s)*
- RECL 152 - Non-Profit Leadership & Management 3 *unit(s)*

Total Units Required (120 units)

Public Health, Concentration in Community Health Education, BS

Students pursuing a BS in Public Health, offered by the Department of Public Health and Recreation, will join a group of students dedicated to documenting, monitoring, assessing, and improving the health of all communities, especially those who are marginalized.

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

This requirement is fulfilled in this major with:

- PH 100W - Writing Workshop 3 unit(s) (WID)

Major Preparation (22 units)

Students in this major must earn a grade of "C" or better in each of the courses required in the Preparation for the Major.

- BIOL 21 - Human Biology 3 unit(s) (B2B3)
- BIOL 65 - Human Anatomy 4 unit(s) (B2B3)
- CHEM 30A - Introductory Chemistry 3 unit(s) (B1)
CHEM 1A or CHEM 1B may be used to fulfill the CHEM 30A major preparation course.
- PH 1 - Understanding Your Health 3 unit(s) (E)
- PH 15 - Human Life Span 3 unit(s) (D)
- PH 67 - Introductory Health Statistics 3 unit(s) (B4)
Any course that is currently articulated to STAT 95 may be used to fulfill the PH 67 preparation course for this major. UNVS 15 may be used in lieu of the statistics course required by this major.
- PH 99 - Introduction to Public Health 3 unit(s)

Major Requirements (54 units)

Students must complete the following **major core** and **concentration** courses with a grade of "C" or better to graduate.

Core Courses (36 units)

- PH 102 - Health Team Building 3 unit(s)
- PH 103 - Introduction to Health Policy 3 unit(s)
- PH 104 - Community Health Promotion 4 unit(s)
- PH 135 - Health Issues in a Multicultural Society 3 unit(s) (S)
- PH 158 - Health Communications 3 unit(s)
- PH 161 - Epidemiology 3 unit(s)
- PH 162 - Health Care Organization and Admin 3 unit(s)
- PH 165A - Public Health Leadership Series I 1 unit(s)
- PH 165B - Public Health Leadership Series II 1 unit(s)
- PH 165C - Public Health Leadership Series III Fieldwork Experience 2 unit(s)
- PH 165D - Public Health Leadership Series IV 1 unit(s)
- PH 167 - Biostatistics 3 unit(s)
- PH 172 - Contemporary Environmental Health Issues 3 unit(s) (R)

Population Health Elective - Complete the following:

- PH 176 - Introduction to Global Health 3 *unit(s)*

Concentration Courses (18 units)

- PH 145 - Community Mental Health 3 *unit(s)*
- PH 164 - Health Social Marketing 3 *unit(s)*
- PH 168 - Theoretical Foundations in Community Health Education 3 *unit(s)*
- PH 183 - Special Topics in Community Health Education 3 *unit(s)*
- PH 188 - Community Health Assessment 3 *unit(s)*
- PH 189 - Community Health Education Capstone 3 *unit(s)*

University Electives (9 units)

- RECL 10 - Creating a Meaningful Life (E) is recommended.

Additional courses selected in consultation with major advisor.

Total Units Required (120 units)

Public Health, Concentration in Population Data Science, BS

Students pursuing a BS in Public Health, offered by the Department of Public Health and Recreation, will join a group of students dedicated to documenting, monitoring, assessing, and improving the health of all communities, especially those who are marginalized.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	35
Major Preparation	22
Major Core Requirements	36
Concentration Requirements	18
University Electives	9
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in Required for the Major Core must be completed with a grade of "C" or better to graduate. All other approved electives require a "C-" or better to graduate.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

- PH 165C - Public Health Leadership Series III Fieldwork Experience 2 *unit(s)*
- PH 165D - Public Health Leadership Series IV 1 *unit(s)*
- PH 167 - Biostatistics 3 *unit(s)*
- PH 172 - Contemporary Environmental Health Issues 3 *unit(s)* (R)

Population Health Elective - Choose one course from the following:

- PH 176 - Introduction to Global Health 3 *unit(s)*
- PH 145 - Community Mental Health 3 *unit(s)*

Concentration Courses (18 units)

- PH 191 - Applied Epidemiology 3 *unit(s)*
- PH 193 - Special Topics in Population Data Science 3 *unit(s)*
- PH 195 - Fundamentals of Data Management and Presentation 3 *unit(s)*
- PH 197 - Quantitative Analysis 3 *unit(s)*
- PH 198 - Qualitative Methods 3 *unit(s)*
- PH 199 - Population Data Science Capstone 3 *unit(s)*

University Electives (9 units)

- RECL 10 - Creating a Meaningful Life (E) is recommended.

Additional courses selected in consultation with major advisor.

Total Units Required (120 units)

Recreation, BS

The Recreation degree program, founded in 1947 by the Department of Public Health and Recreation, has a core accredited by the Council on Accreditation of Park, Recreation, and Tourism Related Professions (COAPRT). The degree has maintained continuous accreditation since its first awarding of this status occurred in April 1987,

demonstrating the rigor and recognition of our programs. The Bachelor's degree in Recreation is a nationally accredited program comprised of a core set of classes and courses split generally between concentration courses and major electives. Graduates completing one of these concentrations are eligible to apply for national and state certification. While the general recreation degree is the most flexible in terms of choosing related electives, students may instead elect to complete a more specialized course of study in one of our two approved concentrations within the B.S. Recreation Degree: Recreation Management and Recreation Therapy. We also offer an M.S. in Recreation, which is designed to meet increasing needs and demands for recreation professionals and administrators in our growing fields of practices in public, non-profit, and commercial sectors, not only locally and regionally, but also nationally and globally.

Major Electives (14-17 units)

14-17 units of electives in consultation with academic advisor

up to 5 can be taken outside of Recreation - all must be approved by advisor

Total Units Required (120 units)

Recreation, Recreation Therapy Concentration, BS

Major Advisor: Susan Ross

The recreation degree program, founded in 1947 by the Department of Public Health and Recreation, has a core accredited by the Council on Accreditation of Park, Recreation, and Tourism Related Professions (COAPRT). The degree has maintained continuous accreditation since its first awarding of this status occurred in April 1987, demonstrating the rigor and recognition of our programs. The Bachelor's degree in Recreation is a nationally accredited program comprised of a core set of classes and courses split generally between concentration courses and major electives. Graduates completing one of these concentrations are eligible to apply for national and state certification. While the general recreation degree is the most flexible in terms of choosing related electives, students may instead elect to complete a more specialized course of study in one of our two approved concentrations within the B.S. Recreation Degree: Recreation Management and Recreation Therapy. We also offer MS in Recreation, all of which are designed to meet increasing needs and demands for recreation professionals and administrators in our growing fields of practices in public, non-profit, and commercial sectors, not only locally and regionally, but also nationally and globally.

Recreation therapy is a systematic process of treatment services that utilize recreation and other activity-based interventions to address the assessed needs of individuals with illnesses and/or disabling conditions, as a means to improve psychological and physical health, recovery, and well-being. Graduates of recreation therapy work in a wide range of health services settings (i.e. veterans administration, mental health, addictions, physical medicine, rehabilitation, prison/corrections, pediatrics, municipal park and recreation, hospice, skilled nursing, adventure/therapeutic camps, and private practice).

- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (16 units)

- RECL 100W - Writing Workshop 3 *unit(s)* (WID)
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- PSYC 110 - Adult Psychopathology 3 *unit(s)*

Complete One Course From:

- PH 15 - Human Life Span 3 *unit(s)* (D)
- PH 99 - Introduction to Public Health 3 *unit(s)*

Human Anatomy (4 units)

Complete one course:

- BIOL 65 - Human Anatomy 4 *unit(s)* (B2B3)
- BIOL 65O - Human Anatomy 4 *unit(s)* (B2B3)

Major Requirements (54 units)

Core Courses (32 units)

- RECL 90 - Foundations of Recreation Parks & Tourism 3 *unit(s)*
- RECL 110 - Leisure, Life and Contemporary Society 3 *unit(s)*
- RECL 112 - Foundations of Recreation Therapy 3 *unit(s)*
- RECL 132 - Recreation Program Planning 3 *unit(s)*
- RECL 135 - Planning and Managing Rec Areas & Facil 3 *unit(s)*

- RECL 136 - Principles of Recreation and Park Admin 3 *unit(s)*
- RECL 160 - Evaluation and Research in Recreation 3 *unit(s)*
- RECL 170A - Pre-Intern Workshop 1 *unit(s)*

Internship (10 units)

Complete one course:

- RECL 170B - Internship in Recreation 10 *unit(s)*
- RECL 170C - Internship in Recreation Therapy 10 *unit(s)*

Recreation Therapy Concentration (22 units)

- RECL 140A - Spec Interventions in RT:Aquatic Therapy 1 *unit(s)*
- RECL 140B - Spec Inter in RT: Behavior Interventions 1 *unit(s)*
- RECL 140C - Spec Inter in RT: Adventure Tx 1 *unit(s)*
- RECL 148 - Biofeedback Principles and Practices 3 *unit(s)*
- RECL 169 - Practicum in Recreation Therapy 1 *unit(s)*
- RECL 187 - Leisure Education in Recreation Therapy 3 *unit(s)*
- RECL 193 - RT Interventions for People with Physical Conditions 3 *unit(s)*
- RECL 197 - Recreation Therapy in Mental Health 3 *unit(s)*
- RECL 198 - Rec Therapy Assessment and Documentation 3 *unit(s)*
- RECL 199 - Advanced Practices in Recreation Therapy 3 *unit(s)*

University Electives (3 units)

Additional courses selected in consultation with major advisor

Total Units Required (120 units)

Social Work, BA

The BASW program, which is offered by the School of Social Work and has been fully accredited by the Council on Social Work Education since 1976, educates generalist social work practitioners with a liberal arts foundation for practice from a transcultural perspective with individuals, families, and groups within organizations and in the context of broader communities in which they are embedded. To develop the necessary professional generalist skills in their work with individuals, families, groups, communities, and organizations, the BASW program curriculum and field practicum experiences provide students with learning opportunities to develop: 1) a selected body of knowledge about social institutions, and methods of problem-solving in social relationships; 2) the skills for integrating knowledge, thought, and feeling into an effective and efficient program of doing; and, 3) a personal and professional value system which incorporates a growing self-awareness necessary for the sensitive and disciplined use of self in helping roles.

In addition to the core social work curriculum, which includes human behavior in the social environment, social policy and programs, practice, social research, and field education, electives are offered to expand a student's interest in the areas of social work with families; social services to children and youth; alcoholism and substance abuse and the family.

Summary of Degree Units

University Graduation Requirements	50
Major Preparation	3
Major Requirements	38
University Electives	29
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Requirements of the Major

All students must complete SCWK 110, SCWK 120, and SCWK 130 with a passing grade of "C" or better and receive a grade of "Credit" in SCWK 140 before moving forward to other advanced Social Work courses (SCWK 111, SCWK 112, SCWK 175) or to the field education program (SCWK 141, SCWK 142).

Major-Specific Graduation Requirements

The following courses Required in the Major must be completed with a grade of "C or better": SCWK 110, SCWK 111, SCWK 112, SCWK 120, SCWK 130, and SCWK 175. The following courses must be completed with "Credit": SCWK 140, SCWK 141 and SCWK 142.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (3 units)

- STAT 95 - Elementary Statistics 3 unit(s) (B4) (UNVS 15 may be used in lieu of the statistics course required by this major.)

Major Requirements (38 units)

- SCWK 110 - Foundations of Social Work Practice 3 unit(s)
- SCWK 111 - Generalist Social Work Practice I 3 unit(s)
- SCWK 112 - Generalist Practice II 3 unit(s)
- SCWK 120 - Social Welfare Institutions and Policies I 3 unit(s)
- SCWK 121 - Social Welfare Institutions and Policies II 3 unit(s)
- SCWK 130 - Human Behavior in the Social Environment I 3 unit(s)
- SCWK 131 - Human Behavior in the Social Environment II 3 unit(s)
- SCWK 140 - Introduction to Field Practicum 3 unit(s)
- SCWK 141 - Field Practicum I 2-5 unit(s) (4 units required)
- SCWK 142 - Field Practicum II 2-5 unit(s) (4 units required)
- SCWK 170 - Introduction to Research Methods 3 unit(s)
- SCWK 175 - Social Work Senior Seminar 3 unit(s)

University Electives (29 units)

Total Units Required (120 units)

Undergraduate Minor(s)

Aerospace Studies Minor

The Minor in Aerospace Studies is offered by the Department of Aerospace Studies (Air Force ROTC). The Air Force ROTC program is designed to provide instruction in leadership, management, and national security studies along with military education and training. This program prepares the cadet for assignment to positions of responsibility and importance in the Air Force and the opportunity to obtain an officer's commission in the United States Air and Space Forces.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University

Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (16 units)

- AS 1A - Heritage and Values *1 unit(s)*
- AS 1B - Heritage and Values *1 unit(s)*
- AS 2A - Team Leadership Fundamentals *1 unit(s)*
- AS 2B - Team Leadership Fundamentals *1 unit(s)*
- AS 131A - Leading People and Effective Communication *3 unit(s)*
- AS 131B - Leading People and Effective Communication *3 unit(s)*
- AS 141A - National Security, Leadership & Commissioning Prep *3 unit(s)*
- AS 141B - National Security, Leadership & Commissioning Prep *3 unit(s)*

Total Units Required (16 units)

Complementary and Alternative Health Practices Minor

Minor Advisor: Susan Ross

The Complementary and Alternative Health Practices Minor program, offered by the Department of Public Health and Recreation, is designed to provide a strong academic understanding of the theory, practice, and effectiveness of complementary and alternative medical (CAM) therapies. Emphasis is on critical thinking skills and using a scientific evidence-based eye while keeping an open mind. Classes will form the basis for evaluating CAM therapies commonly practiced by U.S. residents.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (13-15 units)

Required Courses (9 units)

- NUFS 134 - Multicultural Complementary and Alternative Medicine *3 unit(s) (S)*
- NUFS 135 - Health Issues in a Multicultural Society *3 unit(s) (S)*

Complete One Course From:

- BIOL 54 - Human Understanding *3 unit(s) (E)*
- PHIL 111 - Medical Ethics *3 unit(s)*
- ANTH 108 - Medical Anthropology *3 unit(s)*

Electives (4-6 units)

Choose courses from two different areas. HPRF 180 - Individual Studies, may be used for any area depending upon topic studied.

Alternative Medical Systems

- ANTH 108 - Medical Anthropology 3 *unit(s)*
- PHIL 111 - Medical Ethics 3 *unit(s)*

Mind/Body Interventions

- KIN 69 - Stress Management: A Multidisciplinary Perspective 3 *unit(s)* (E)
- RELS 122 - Magic, Science and Religion 3 *unit(s)* (V)
- RECL 197 - Recreation Therapy in Mental Health 3 *unit(s)*

Biological-Based Therapies

- BIOL 54 - Human Understanding 3 *unit(s)* (E)
- NUFS 104A - Cultural Aspects of Food 3 *unit(s)*
- NUFS 105 - Current Issues in Nutrition 3 *unit(s)*

Manipulative and Body-Based Methods

- KIN 50 - Tai Chi (Non-Combative) 1 *unit(s)* (PE)
- KIN 61A - Beginning Hatha Yoga 1 *unit(s)* (PE)

Total Units Required (13-15 units)

Note: HPRF 180 may be used for any area depending on topic studied.

Health Professions Minor

A Minor in Health Professions, offered by the Department of Public Health and Recreation, provides all students with the opportunity to gain a breadth of knowledge and understanding of the challenging health issues facing a multicultural society. Courses must be unique to the minor.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (12-15 units)

Required Courses (3 units)

- PH 135 - Health Issues in a Multicultural Society 3 *unit(s)* (S)

Electives (9-13 units)

Choose Courses from Four of the Following Five Areas.

Gerontology

- GERO 108 - Health in Later Life 3 *unit(s)*

Public Health

- PH 102 - Health Team Building 3 *unit(s)*
- PH 161 - Epidemiology 3 *unit(s)*
- PH 162 - Health Care Organization and Admin 3 *unit(s)*

Nursing

- NURS 180 - Individual Studies 1-4 *unit(s)* (Or other courses with Director of Health Professions Approval)

Nutrition, Food Science and Packaging

- NUFS 8 - Nutrition for the Health Professions 3 *unit(s)*
- NUFS 9 - Introduction to Human Nutrition 3 *unit(s)* (E)
- NUFS 106A - Human Nutrition in the Life Span 3 *unit(s)*
- NUFS 116 - Aging and Nutrition 3 *unit(s)* (Or other courses with Director of Health Professions Approval)

Other Health-Related Areas

- KIN 69 - Stress Management: A Multidisciplinary Perspective 3 *unit(s)* (E)
- KIN 155 - Exercise Physiology 3 *unit(s)*
- KIN 156 - Introduction to Adapted Physical Activity 3 *unit(s)*
- PH 169 - Diversity, Stress and Health 3 *unit(s)* (S)
- KIN 188 - Prevention and Care of Athletic Injuries 2 *unit(s)*
- RECL 110 - Leisure, Life and Contemporary Society 3 *unit(s)*
- RECL 112 - Foundations of Recreation Therapy 3 *unit(s)*
- RECL 185 - Leisure, Recreation and Aging 3 *unit(s)*
- RECL 198 - Rec Therapy Assessment and Documentation 3 *unit(s)* (Or other courses with Director of Health Professions Approval)

Total Units Required (12-15 units)

Or other courses with Director of Health Science Approval.

Kinesiology Minor

Through advisement, students can develop the electives that help to focus their minor program of study. Contact the Department of Kinesiology for academic advisement.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

- KIN 70 - Introduction to Kinesiology 3 *unit(s)*
- Three activity courses from three different movement areas approved by the advisor; these courses are in addition to the two unit university graduation requirement 3 *unit(s)*
- Kinesiology upper division electives 6 *unit(s)*

Complete One Course From:

- KIN 160 - History of Sport and Physical Education 3 *unit(s)*
- KIN 161 - Philosophical Perspectives of Sport 3 *unit(s)*
- KIN 164 - Sociocultural Perspectives 3 *unit(s)*
- KIN 167 - Sports Psychology 3 *unit(s)*
- KIN 168 - Psychology of Coaching 3 *unit(s)*

Complete One Course From:

- KIN 155 - Exercise Physiology 3 *unit(s)*
- KIN 158 - Biomechanics 3 *unit(s)*
- KIN 165 - Motor Development 3 *unit(s)*
- KIN 166 - Motor Learning 3 *unit(s)*

Total Units Required (18 units)

Military Science Minor

The Military Science Minor is offered by the Department of Military Science (Army ROTC). The Military Science Minor Form is required to declare Military Science Minor.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the

coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (16 or 24 units)

Select Plan A (24 units) or Plan B (16 units).

Plan A (24 units)

These courses are Without military obligation or basic camp.

- MILS 1A - Leadership & Personal Development 2 *unit(s)*
- MILS 1B - Introduction to Tactical Leadership 2 *unit(s)*
- MILS 2A - Innovative Team Leadership 2 *unit(s)*
- MILS 2B - Foundations of Tactical Leadership 2 *unit(s)*
- MILS 130A - Adaptive Team Leadership 4 *unit(s)*
- MILS 130B - Applied Team Leadership 4 *unit(s)*
- MILS 140A - Adaptive Leadership 4 *unit(s)*
- MILS 140B - Leadership in a Complex World 4 *unit(s)*

Plan B (16 units)

With military service or basic camp.

- MILS 130A - Adaptive Team Leadership 4 *unit(s)*
- MILS 130B - Applied Team Leadership 4 *unit(s)*
- MILS 140A - Adaptive Leadership 4 *unit(s)*
- MILS 140B - Leadership in a Complex World 4 *unit(s)*

Total Units Required (16 or 24 units)

Nutrition and Food Science Minor

The Minor in Nutrition and Food Science is offered by the Department of Nutrition, Food Science and Packaging. Students wanting to broaden their understanding of food science, nutrition, environmental, cultural and health implications of food should consider this minor. The Nutrition and Food Science minor is a flexible bundle of courses designed by the student to complement their chosen major area of study. Courses used to complete this minor may also be used to complete general education requirements.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Required Courses (9 units)

- NUFS 105 - Current Issues in Nutrition 3 *unit(s)*

Complete One Course From:

- NUFS 8 - Nutrition for the Health Professions 3 *unit(s)*
- NUFS 9 - Introduction to Human Nutrition 3 *unit(s)* (E)

Complete One Course From:

- NUFS 139 - Hunger and Environmental Nutrition 3 *unit(s)* (R)
- NUFS 144 - Food Culture: Consuming Passions 3 *unit(s)* (V)

Additional Courses (6 units)

Complete six units from:

- NUFS 1A - Physical Science of Food 3 *unit(s)* (B1)
- NUFS 20 - Sanitation and Environmental Issues in the Hospitality Industry 2 *unit(s)*
- NUFS 22 - Catering and Beverage Management 3 *unit(s)*
- NUFS 104A - Cultural Aspects of Food 3 *unit(s)*
- NUFS 106A - Human Nutrition in the Life Span 3 *unit(s)*
- NUFS 114B - Community Nutrition (non-majors) 3 *unit(s)*
- NUFS 116 - Aging and Nutrition 3 *unit(s)*
- NUFS 123 - Nutrition for Sport 3 *unit(s)*
- NUFS 124 - Disordered Eating and Nutrition Therapy 3 *unit(s)*
- NUFS 134 - Multicultural Complementary and Alternative Medicine 3 *unit(s)* (S)
- NUFS 194 - Entrepreneurial Nutrition 1 *unit(s)*
- PKG 107 - Principles of Packaging 3 *unit(s)*

Total Units Required (15 units)

Nutrition for Physical Performance Minor

The Minor in Nutritional for Physical Performance is offered by the Department of Nutrition, Food Science and Packaging. This minor is for students interested in better understanding the interrelationship of nutrition and physical activity. Coursework is drawn from both the Nutrition, Food Science and Packaging and Kinesiology Department course offerings. Courses used to complete this minor may also be used to complete general education requirements.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

- NUFS 8 - Nutrition for the Health Professions 3 *unit(s)*
- NUFS 105 - Current Issues in Nutrition 3 *unit(s)*
- NUFS 106A - Human Nutrition in the Life Span 3 *unit(s)*
- NUFS 123 - Nutrition for Sport 3 *unit(s)*
- KIN 162 - Advanced Fitness Assessment and Exercise Prescription 3 *unit(s)*

Total Units Required (15 units)

If KIN 162 is required by the major, select another nutrition course with approval of the advisor.

Packaging Minor

The Minor in Packaging is offered by the Department of Nutrition, Food Science and Packaging. Students wanting to broaden their understanding of the packaging industry should consider this minor. The packaging program complements the disciplines of engineering, design, graphic design, project management, advertising, and material science. The Packaging minor is a flexible bundle of courses designed by the student to complement their chosen major area of study. Courses used to complete this minor may also be used to complete general education requirements.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Required Courses (9 units)

- PKG 107 - Principles of Packaging 3 *unit(s)*
- PKG 141A - Packaging Materials I, Paper, Metal, and Wood Based 3 *unit(s)*
- PKG 141B - Packaging Materials II, Plastics, Composites, and Glass 3 *unit(s)*

Approved Electives (6 units)

Complete six units from:

- PKG 146 - Packaging for Medical Devices and Pharmaceuticals 3 *unit(s)*
- PKG 156 - Packaging Machinery Systems 3 *unit(s)*
- PKG 158 - Protective Package Design and Testing 3 *unit(s)*
- PKG 159 - Packaging Material Handling and Distribution 3 *unit(s)*
- PKG 169 - Food Packaging and Preservation 3 *unit(s)*
- PKG 170 - Packaging Development and Management 3 *unit(s)*

Total Units Required (15 units)

Public Health Minor

The Minor in Public Health, offered by the Department of Public Health and Recreation, introduces students to public health through foundational courses. Students gain both a broad understanding of relevant career pathways and hands-on skills that can be applied in practice. Courses reflect the interdisciplinary and complementary nature of public health concepts and practices.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Required GE Foundation (3 units)

Choose one of the following:

- PH 1 - Understanding Your Health 3 *unit(s)* (E)
- PH 15 - Human Life Span 3 *unit(s)* (D)

Required PH Core (6 units)

- PH 99 - Introduction to Public Health 3 *unit(s)*
- PH 161 - Epidemiology 3 *unit(s)*

Required PH Policy or Administration (3 units)

Choose one of the following:

- PH 103 - Introduction to Health Policy 3 *unit(s)*
- PH 162 - Health Care Organization and Admin 3 *unit(s)*

Upper Division Public Health Elective (3 units)

Choose one of the following:

- PH 135 - Health Issues in a Multicultural Society 3 *unit(s)* (S)
- PH 145 - Community Mental Health 3 *unit(s)*
- PH 158 - Health Communications 3 *unit(s)*
- PH 172 - Contemporary Environmental Health Issues 3 *unit(s)* (R)
- PH 176 - Introduction to Global Health 3 *unit(s)*
- PH 183 - Special Topics in Community Health Education 3 *unit(s)*

- PH 193 - Special Topics in Population Data Science 3 *unit(s)*
- PH 195 - Fundamentals of Data Management and Presentation 3 *unit(s)*

Total Units Required (15 units)

Recreation and Nature Minor

This multidisciplinary minor, offered by the Department of Public Health and Recreation, covers topics including conceptual foundations of play, recreation and leisure; understanding structures and processes of living systems; managing outdoor recreation behavior; human activity impacts on living systems; and design and implementation of interpretive programs. Students will learn how to balance recreation needs with protecting and enhancing the natural environment. This is an ideal minor for students who are passionate about promoting and protecting outdoor recreational spaces and nature.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (20 units)

Core Courses (20 units)

- ENVS 10 - Life on a Changing Planet 3 *unit(s)* (B2)
- RECL 90 - Foundations of Recreation Parks & Tourism 3 *unit(s)*

Complete Two Courses From:

- ENVS 144 - California Wetland Controversies 4 *unit(s)*
- ENVS 161 - California Wildlands 4 *unit(s)*
- ENVS 173 - Forest Ecology and Conservation 4 *unit(s)*
- ENVS 187 - Environmental Restoration 4 *unit(s)*
- ENVS 189 - Coastal Field Studies 4 *unit(s)*
- ENVS 191 - Advanced Environmental Restoration 4 *unit(s)*

Complete Two Courses From:

- RECL 136 - Principles of Recreation and Park Admin 3 *unit(s)*
- RECL 144 - Natural and Cultural Resource Interpretation in Recreation and Parks 3 *unit(s)*
- RECL 155 - Outdoor Recreation Systems 3 *unit(s)*
- RECL 157 - Sustainable Recreation & Ecotourism 3 *unit(s)*

Total Units Required (20 units)

Recreation Minor

The recreation degree program, founded in 1947 by the Department of Public Health and Recreation, has a core accredited by the Council on Accreditation of Park, Recreation, and Tourism Related Professions (COAPRT). The degree has maintained continuous accreditation since its first awarding of this status occurred in April 1987, demonstrating the rigor and recognition of our programs. The Bachelor's degree in Recreation is a nationally accredited program comprised of a core set of classes and courses split generally between concentration courses and major electives. Graduates completing one of these concentrations are eligible to apply for national and state certification. While the general recreation degree is the most flexible in terms of choosing related electives, students may instead elect to complete a more specialized course of study in one of our two approved concentrations within the Recreation, BS Degree: Recreation Management and Recreation Therapy. We also offer Recreation, MS (Not Accepting Students), all of which are designed to meet increasing needs and demands for recreation professionals and administrators in our growing fields of practice in public, non-profit, and commercial sectors, not only locally and regionally, but also nationally and globally.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Required Core (6 units)

- RECL 90 - Foundations of Recreation Parks & Tourism 3 *unit(s)*
- RECL 97 - Event Planning 3 *unit(s)*

Upper Division Requirements (9 units)

Complete nine (9) upper division units in consultation with department advisor

Total Units Required (15 units)

Social Work Minor

The Minor in Social Work, offered by the School of Social Work, consists of 18 units and is designed to enrich the student's major area of study by providing an understanding of the values and structures of current human service programs within a historical and developmental framework. Admission into the minor program is based on the availability of space.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

- SCWK 10 - Introduction to Social Welfare and Social Work 3 *unit(s)*
- SCWK 110 - Foundations of Social Work Practice 3 *unit(s)*
- SCWK 120 - Social Welfare Institutions and Policies I 3 *unit(s)*
- SCWK 130 - Human Behavior in the Social Environment I 3 *unit(s)*

Department Electives (6 units)

Complete two courses from:

- SCWK 121 - Social Welfare Institutions and Policies II 3 *unit(s)*
- SCWK 131 - Human Behavior in the Social Environment II 3 *unit(s)*
- SCWK 140 - Introduction to Field Practicum 3 *unit(s)*
- SCWK 170 - Introduction to Research Methods 3 *unit(s)*
- SCWK 192 - Social Work with Families 3 *unit(s)*

Total Units Required (18 units)

Master(s)

Kinesiology, MS

- Requirements for Admission to Classified Standing
- Requirements for Admission to Conditionally Classified Standing
- Requirements for Advancement to Candidacy
- Graduation Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Science in Kinesiology, offered by the Department of Kinesiology, includes five specializations. Our rapidly growing program regularly enrolls 70 to 90 students with varied interests, backgrounds, and goals. Our alumni successfully obtain jobs across the Bay Area, the state of California, the US, and abroad. In addition, the program has placed numerous students in top-tier doctoral programs across the US and Canada. Students are selected to the program based on undergraduate academic achievement and overall potential for success in the program, and in one of the following Graduate Specializations listed below.

Graduate Coordinator: Dr. Cole Armstrong

Requirements for Admission to Classified Standing

The Department of Kinesiology requires the following of all applicants seeking admission to classified standing in the MS - Kinesiology program in addition to meeting requirements for admission to the Graduate Division:

1. A baccalaureate degree with a major or a minor in Kinesiology.
2. A minimum grade point average of 3.0 in the last 60 semester units (or 90 quarter units) of work.
3. A fully completed CSU Apply Application, including the Statement of Purpose on the application. Statement of purpose should include a thoughtful narrative about the applicant's research interests, as the two core

research methods courses necessitate that students think about their final culminating experiences upon acceptance into the program.

4. Two (2) letters of recommendation submitted with online application (or emailed directly to the Graduate Coordinator via verified work email).

Requirements for Admission to Conditionally Classified Standing

The graduate coordinator, in consultation with faculty, may approve admission of a student who meets the requirements for admission to the Graduate Division who:

- a. has neither a major nor a minor in Kinesiology;
- b. has a grade point average between 2.75-3.0 in the last 60 semester units (or 90 quarter units).

The student may become eligible for admission to classified standing upon:

1. satisfactory completion of a maximum of 12 units of upper-division foundation coursework assigned by the Graduate Coordinator or an assigned Academic Advisor. The number of foundation units are determined by the graduate coordinator based on an overall assessment of the applicant's transcripts, experience, and overall portfolio. Foundation units may also be completed prior to entering the program (e.g., in the Spring semester prior to entering in the Fall).
2. completion of six units of graduate course work with a minimum grade point average of 3.0 in each course (if admitted with no foundation units and a GPA of below 3.0).

Requirements for Advancement to Candidacy

General university admission requirements to candidacy for the Master of Science degree are outlined in detail in the Catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program. Following are additional requirements of the Department of Kinesiology for the Master of Science degree.

Upon admission to the Graduate Division and prior to registration, each student should meet with a graduate academic advisor in the student's chosen specialization area. If there are any deficiencies in a student's undergraduate work, additional upper-division undergraduate foundation courses (i.e., Foundation Courses) may be required. Foundation courses may not be counted for credit in the master's program. If foundation units are required, additional upper-division KIN units will be assigned by the graduate advisor.

A proposed program for the graduate objective selected should be developed as early as possible with the assistance of a graduate academic advisor in the student's specialization area.

The proposed program must be approved by the graduate advisor, the graduate coordinator, and the Office of Graduate Studies before the student is considered a candidate for the Master of Science degree.

Graduation Requirements

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). In Kinesiology, students must pass either KIN 250 or KIN 251 with a grade of B or better to satisfy this requirement.

Culminating Experience

Plan A (Master's with Thesis)

The purpose of this plan is to provide research-focused concentrated study in one of the subdisciplinary areas of Kinesiology. It is crucial that students electing Plan A identify the focus of their specialization early so that an appropriate thesis topic may be developed and a thesis committee selected. (6 units)

Plan B (Master's - Culminating Project)

This plan is for students interested in producing a research-based creative project in Kinesiology. The plan requires a special project in place of a thesis. (3 units)

Master's Requirements (30 units)

A minimum of 15 units must be 200-level courses. All specializations require KIN 250 (GWAR) and KIN 251 (GWAR).

Required Core Courses (6 units)

- KIN 250 - Fundamentals of Quantitative Research 3 *unit(s)* (GWAR)
- KIN 251 - Fundamentals of Qualitative Research 3 *unit(s)* (GWAR)

Specializations (18 units)

General

The General specialization is aimed at students who desire a holistic, interdisciplinary program of study in Kinesiology that cannot be achieved in the other areas of specialization. Students work directly with their assigned academic advisor to plan out a set of graduate and undergraduate courses that best suit their ultimate career goals.

Electives (18 units)

Electives to be determined in consultation with an assigned advisor.

Exercise Physiology

The Exercise Physiology specialization helps prepare students to meet societal challenges for health and wellness. This area of study provides an advanced theoretical and research background in exercise physiology, as well as hands-on experience gained through a required internship. There are 3 areas of focus in the exercise physiology graduate program: General Exercise Physiology, Clinical Exercise Physiology, and Strength & Conditioning.

Required Specialization Courses (9 units)

- KIN 255 - Advanced Exercise Physiology 3 *unit(s)*
- KIN 256 - Environmental Exercise Physiology 3 *unit(s)*
- KIN 285 - Internship in Kinesiology 1-3 *unit(s)*

Suggested Electives (9 units)

- KIN 152 - Theory of Sport and Fitness Management 3 *unit(s)*
 - KIN 154B - ECG Interpretations and "Graded" Exercise Testing 3 *unit(s)*
 - KIN 157 - Physiological Assessment 3 *unit(s)*
 - KIN 162 - Advanced Fitness Assessment and Exercise Prescription 3 *unit(s)* (*Fall only*)
 - KIN 168 - Psychology of Coaching 3 *unit(s)*
 - KIN 187 - Clinical Exercise Physiology 3 *unit(s)*
 - KIN 188 - Prevention and Care of Athletic Injuries 2 *unit(s)* and KIN 189 - Prevention and Care of Athletic Injuries Laboratory (*Lecture/Lab*)
 - KIN 257 - Biomechanics 3 *unit(s)*
 - KIN 265 - Advanced Motor Development 3 *unit(s)*
 - KIN 266 - Principles and Concepts of Perceptual Motor Learning 3 *unit(s)*
 - KIN 267 - Advanced Sport Psychology 3 *unit(s)*
 - KIN 285 - Internship in Kinesiology 1-3 *unit(s)*
 - BIOL 124 - Systems Physiology 3 *unit(s)*
 - BIOL 131 - Endocrine Physiology 3 *unit(s)*
 - NUFS 108A - Nutrition and Metabolism 3 *unit(s)*
 - NUFS 123 - Nutrition for Sport 3 *unit(s)*
- Other - Advisor Approval Required*

Movement Science

The graduate concentration in Movement Science provides advanced training on human movement analysis from biomechanical, neuromotor control, developmental and learning perspectives as they apply in various sport and physical activity settings. The focus of the Movement Science program specifically includes an interdisciplinary and integrative approach among motor development, motor learning, and biomechanics. Students learn to develop a specific set of skills to apply across various applications in academia, healthcare, and industry, as well as pursue further training at the doctoral level. Specifically, theoretical and practical research training ensures that graduate students have knowledge and skills to analyze human movement using new technologies in industry and applied healthcare.

Required Specialization Courses (9 units)

- KIN 257 - Biomechanics 3 *unit(s)*
- KIN 265 - Advanced Motor Development 3 *unit(s)*
- KIN 266 - Principles and Concepts of Perceptual Motor Learning 3 *unit(s)*

Suggested Electives (9 units)

- KIN 154B - ECG Interpretations and "Graded" Exercise Testing 3 *unit(s)*
- KIN 157 - Physiological Assessment 3 *unit(s)*
- KIN 162 - Advanced Fitness Assessment and Exercise Prescription 3 *unit(s)* (*Fall only*)
- KIN 168 - Psychology of Coaching 3 *unit(s)*

- KIN 187 - Clinical Exercise Physiology 3 unit(s)
 - KIN 255 - Advanced Exercise Physiology 3 unit(s) (Fall only)
 - KIN 256 - Environmental Exercise Physiology 3 unit(s) (Spring only)
 - KIN 267 - Advanced Sport Psychology 3 unit(s)
 - KIN 285 - Internship in Kinesiology 1-3 unit(s)
 - BME 177 - Physiology for Engineers 3 unit(s)
 - BME 207 - Experimental Methods in BME 3 unit(s)
 - ME 267 - Engineering Biomechanics 3 unit(s)
 - PSYC 129 - Neuroscience 3 unit(s)
 - PSYC 135 - Cognition 3 unit(s)
 - PSYC 155 - Human Learning 3 unit(s)
 - PSYC 160 - Clinical Psychology 3 unit(s)
- Other - Advisor Approval Required*

Sports Management

The focus of the Sport Management specialization is to develop culturally informed professionals capable of management and leadership across the many sport industry professions. In addition, the balance between applied research and practical experiences ensures that our graduates have a deep and transferable knowledge base as they enter the job market, as well as potentially influencing sport scholarship by pursuing higher levels of education.

Required Specialization Courses (15 units)

- KIN 280 - Advanced Fieldwork in Sport Management 1-3 unit(s)
- KIN 281 - Legal and Ethical Aspects of Sport 3 unit(s)
- KIN 282 - Marketing and Social Aspects of Sport 3 unit(s)
- KIN 283 - Management, Leadership and Communication in Sport 3 unit(s)
- KIN 284 - Financial Aspects of Sport 3 unit(s)

Suggested Electives (3 units)

- KIN 151 - Sports and Fitness Marketing 3 unit(s)
 - KIN 152 - Theory of Sport and Fitness Management 3 unit(s)
 - KIN 153 - Sport Facility and Event Management 3 unit(s)
 - KIN 164 - Sociocultural Perspectives 3 unit(s)
 - KIN 168 - Psychology of Coaching 3 unit(s)
 - KIN 263 - International Sport and Physical Education 3 unit(s)
 - KIN 264 - Sport Sociology 3 unit(s)
 - AFAM 105 - Race and Health Inequities in the US 3 unit(s)
 - AFAM 106 - Black Diasporas 3 unit(s)
 - AFAM 115 - The Great Migration and Black Communities 3 unit(s)
 - AFAM 151 - Race, Class and the Environment 3 unit(s)
 - AFAM 158 - Race, Sport, Activism & Social Movements 3 unit(s)
 - AFAM 162 - The Aesthetics of Hip-Hop 3 unit(s)
 - BUS2 130 - Introduction to Marketing 3 unit(s)
 - MCOM 105 - Lifestyles, Diversity and the Media 3 unit(s)
 - MCOM 107 - Audio Podcasting, Aesthetics and Invention 3 unit(s)
- Other - Advisor Approval Required*

Psychosocial Aspects of Sport and Physical Activity

The specialization in Psychosocial Aspects of Sport and Physical Activity encompasses a variety of approaches to the study of sport and the body and comprises theories and research methodologies from psychology, sociology, history, philosophy, and cultural studies of sport. Two areas of focus in this specialization include sport and exercise psychology, and critical sport studies. Coaches, students interested in sport and exercise psychology and/or critical social issues in sport, and individuals wishing to pursue advanced degrees in sport and exercise psychology or sport sociology/critical sport studies would benefit from this specialization.

Required Specialization Courses (6 units)

- KIN 264 - Sport Sociology 3 unit(s)
- KIN 267 - Advanced Sport Psychology 3 unit(s)

Suggested Electives (12 units)

- KIN 156 - Introduction to Adapted Physical Activity 3 unit(s)
 - KIN 164 - Sociocultural Perspectives 3 unit(s)
 - KIN 167 - Sports Psychology 3 unit(s)
 - KIN 168 - Psychology of Coaching 3 unit(s)
 - KIN 176 - Exercise Psychology 3 unit(s)
 - KIN 260 - Philosophy of Sport and Embodiment 3 unit(s)
 - KIN 263 - International Sport and Physical Education 3 unit(s)
 - EDCO 218 - Counseling Process & Techniques 3 unit(s)
 - PSYC 135 - Cognition 3 unit(s)
 - PSYC 160 - Clinical Psychology 3 unit(s)
 - PSYC 165 - Theory and Methods of Counseling 3 unit(s)
 - PSYC 210 - Advanced Psychopathology 3 unit(s)
 - SOCI 164 - Social Action 3 unit(s)
 - SOCI 172 - Lesbian, Gay, Bi, Transgender Studies 3 unit(s)
 - SOCI 175 - Sociology of Masculinities and Femininities 3 unit(s)
 - SOCI 201 - Graduate Sociological Theory 3 unit(s)
 - WGSS 169 - Sexualities and the Body 3 unit(s)
- Other - Advisor Approval Required*

Culminating Experience (6 units)

An oral defense is required with both Thesis and Project.

Plan A (Thesis) (6 units)

- KIN 299 - Master's Thesis 1-6 unit(s)

Plan B (Project) (6 units)

- KIN 298 - Special Studies 3 unit(s)
3 additional units of electives selected in consultation with graduate advisor

Total Units Required (30 units)

Nursing, Family Nurse Practitioner Concentration, MS

FNP MS Program Coordinator and Advisor: Dr. Dorothy Moore.

- Requirements for Admission
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (40 units)
- Program Learning Outcomes

A graduate of this program is prepared for advanced nursing practice with a concentration as a Family Nurse Practitioner (FNP). Please see an advisor at The Valley Foundation School of Nursing for more details.

Requirements for Admission

Candidates must meet all the university admission requirements. Students can be admitted in either classified or conditionally classified standing.

The FNP option is offered in Special Session and only if student enrollment is adequate.

Minimum requirements for admission are: After earning a baccalaureate degree in Nursing from an accredited program with a minimum GPA of 3.0 The applicant will submit:

- a. A personal statement describing the applicant's interest in the field and professional goals.
- b. Submit a current resume or curriculum vitae.
- c. A short video submission describing the applicant's interest.
- d. Two letters of recommendations from professionals in the field who can testify to the applicant's ability to succeed in a graduate-level academic program and their suitability to succeed in the profession.
- e. Evidence of having met the health requirements of the school.
- f. Evidence of knowledge and skills in the following areas: physical and psychosocial assessment skills developed to the level that the applicant can perform a complete history and physical exam on a well adult of either gender within one hour. Work completed to make up any of the above deficiencies will not be counted as part of the required units for the MS - Nursing.

Additionally, two years of acute care experience are preferred.

Requirements for Advancement to Graduate Candidacy

The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy and for conversion from conditional to classified standing. Advancement to candidacy for the MS - Nursing program also requires that the candidate must have:

1. Earned at least a "B" (3.0) average in a minimum of 9 letter-graded semester units of 100-level and/or 200-level coursework completed while in graduate standing at San José State University and in any coursework completed while in graduate standing at other institutions before enrollment here.
2. Classified standing.
3. Planned a proposed program of study approved by the Nursing Graduate Coordinator and approved by GAPE.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MS - Nursing, Concentration FNP Graduation Requirements

Culminating Experience: Project

Candidates for the degree complete a written capstone project as part of their 40-unit regular degree requirement. This project is an investigation of an evidenced-based nursing topic. It shall identify a clinical problem and question(s), state the major theoretical perspectives, explain the significance of the undertaking, relate it to relevant, scholarly and professional literature, set forth the appropriate sources for and methods of gathering and analyzing the data, and offer a conclusion or recommendation.

Completion of Clinical Hours: Practice

All students shall complete a minimum of 540 supervised clinical hours.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (40 units)

Core Courses (19 units)

- NURS 200 - Population Based Health Care Systems 3 *unit(s)*
- NURS 202 - Theoretical Foundations 2 *unit(s)*
- NURS 248 - Advanced Health Assessment 3 *unit(s)*
- NURS 258 - Professional Issues for Nurse Practitioners 2 *unit(s)*
- NURS 259 - Advanced Clinical Pharmacology 3 *unit(s)*
- NURS 260 - Advanced Physiology and Pathophysiology for Advanced Practice Nursing 3 *unit(s)*
- NURS 295A - Research Methods 3 *unit(s)* (GWAR)

FNP Concentration (18 units)

- NURS 250 - Family Nurse Practitioner Concepts and Theory I 2 *unit(s)*
- NURS 251 - Family Nurse Practitioner (FNP) Concepts and Theory II 2 *unit(s)*
- NURS 252A - Family Nurse Practitioner (FNP) Concepts and Theory III 2 *unit(s)*
- NURS 253 - Family Nurse Practitioner Practicum I 2 *unit(s)*
- NURS 254 - Family Nurse Practitioner Practicum II 5 *unit(s)*
- NURS 256 - Family Nurse Practitioner Practicum III 5 *unit(s)*

Culminating Experience (3 units)

- NURS 297 - Master's Project 1-4 unit(s)

Total Units Required (40 units)

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Nursing, MS

MSN Program Coordinator and Advisor: Dr. Dorothy Moore

- Requirements for Admission
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (36 units)
- Program Learning Outcomes

A graduate of this program is prepared for advanced nursing practice with a focus as a Nurse Educator (NE). Please see an advisor at The Valley Foundation School of Nursing for more details.

Requirements for Admission

Candidates must meet all the university admission requirements. Students can be admitted in either classified or conditionally classified standing.

After earning a baccalaureate degree in Nursing from an accredited program and obtaining San José State University admission, one may enter the master's program with a major in Nursing. Graduates of non-accredited baccalaureate programs must take prior coursework that will be assessed to determine requisite content and equivalency to baccalaureate degree requirements. Programs of study for the MS degree with a major in Nursing are based on this assessment. A California RN license is required.

Minimum requirements for admission are:

1. Completion of an accredited baccalaureate program. Applicants who have completed other curricula or who have deficiencies will be considered individually and may be required to enroll in designated courses.
2. Applicants must present a GPA of at least 3.0 in the last 60 units of the undergraduate nursing major.
3. Evidence of licensure as a Registered Nurse (RN) in the State of California.
4. Completion of The Valley Foundation School of Nursing application with all attachments.
5. A personal statement describing the applicant's interest in the field and professional goals.
6. Submit a current resume or curriculum vitae.
7. Two letters of recommendations from professionals in the field who can testify to the applicant's ability to succeed in a graduate-level academic program and their suitability to succeed in the profession.
8. Evidence of having met the health requirements of the school.
9. Evidence of knowledge and skills in the following areas: physical and psychosocial assessment skills developed to the level that the applicant can perform a complete history and physical exam on a well adult of either gender within one hour. Work completed to make up any of the above deficiencies will not be counted as part of the required units for the MS - Nursing.

Requirements for Advancement to Graduate Candidacy

The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy and for conversion from conditional to classified standing. The MS - Nursing degree also requires that the applicant has been granted classified standing and has removed any deficiencies involved. In addition, the candidate must have:

1. Earned at least a "B" (3.0) average in a minimum of nine graded semester units of 100- and/or 200-level work completed in graduate standing at San José State University and in any coursework completed in graduate standing at other institutions before enrollment here.
2. Classified standing.
3. Planned a proposed program of study approved by the Nursing School Graduate Coordinator and approved by GAPE.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MS Nursing Graduation Requirements

Culminating Experience: Project

Candidates for the degree complete a written capstone project as part of their 40-unit regular degree requirement. This project is an investigation of an evidenced-based nursing topic. It shall identify a clinical problem and question(s), state the major theoretical perspectives, explain the significance of the undertaking, relate it to relevant, scholarly and professional literature, set forth the appropriate sources for and methods of gathering and analyzing the data, and offer a conclusion or recommendation.

Completion of Clinical Hours: Practice

All students shall complete direct patient care supervised clinical hours.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (36 units)

Required Core Courses (19 units)

- NURS 200 - Population Based Health Care Systems 3 *unit(s)*
- NURS 201 - Clinical Leadership Role Development 2 *unit(s)*
- NURS 202 - Theoretical Foundations 2 *unit(s)*
- NURS 248 - Advanced Health Assessment 3 *unit(s)*

- NURS 259 - Advanced Clinical Pharmacology 3 *unit(s)*
- NURS 260 - Advanced Physiology and Pathophysiology for Advanced Practice Nursing 3 *unit(s)*
- NURS 295A - Research Methods 3 *unit(s)* (GWAR)

Functional Area of Specialization (14 units)

Nurse Educator

- EDUC 186 - Using Instructional Media 3 *unit(s)*
- NURS 212 - Curriculum Development in Nursing 3 *unit(s)*
- NURS 214 - Nurse Educator Theory and Direct Care Practicum I 4 *unit(s)*
- NURS 216 - Academic Theory & Practicum II 4 *unit(s)*

Culminating Experience (3 units)

Complete one course from:

- NURS 297 - Master's Project 1-4 *unit(s)*
- NURS 299 - Master's Thesis 1-4 *unit(s)*

Total Units Required (36 units)

Elective courses, if applicable, are to be taken outside The Valley Foundation School of Nursing. The content of these units is to support the chosen functional option. At least one of the courses must be at the 200-level of course work. FNP students do not have elective course requirements.

Nutritional Science, MS

- University Admissions
- Requirements for Advancement to Candidacy for the MS - Nutritional Science
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Science in Nutritional Science program is designed to meet the needs of the student who has a baccalaureate degree and seeks advanced preparation in nutrition science, nutrition education, geriatric nutrition, and foodservice/restaurant management and packaging. The program is intended to prepare candidates to assume leadership roles in their profession and communities and to provide the opportunity to acquire a foundation for doctoral study. Our MS graduates have earned doctorates, become college and university faculty, been employed in private, federal, and state research institutions, and have established their own private practice or consulting business. In the process of fulfilling requirements for the MS degree, it is possible to complete the academic requirements of the Academy of Nutrition and Dietetics (AND) and the Accreditation Council for Education in Nutrition and Dietetics (ACEND) toward becoming a registered dietitian. Courses are scheduled to accommodate the time needs of working graduate students.

Additional information is available on the Department of Nutrition, Food Science and Packaging website.

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. See the Graduate Admissions website and Graduate Admissions for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. For TOEFL Requirements, see English Language Proficiency Requirement.

Requirements for Admission to Classified Standing

Candidates must meet all the university admission requirements. Students can be admitted to the MS, Nutritional Science program in either classified or conditionally classified standing. All prospective students submit one application to obtain approval for university-level admission and department-level admission into the M.S. in Nutritional Science program. A departmental selection committee will rank applicants for admission to classified standing on the basis of information provided in the application. Criteria include:

1. BS degree in Nutritional Science, Food Science, Food Management, Packaging or equivalent
2. Grade point average of B.S. upper division coursework
3. Grade point average of prerequisite science courses as described in the MS, Nutritional Science graduate handbook
4. GRE scores
5. Letter of intent
6. Letter of recommendations
7. Research and professional experience

Requirements for Admission to Conditionally Classified Standing

Students seeking an MS, Nutritional Science degree who meet requirements for admission to the Graduate Division, but do not have a B.S. degree in Nutritional Science, Food Science, Foodservice Management, Packaging or equivalent, may apply for conditionally classified standing in the department. The decision to accept the student for study in this program will be made by a departmental selection committee. Criteria include:

1. BA or BS degree
2. Grade point average of B.S. or B.A. upper division coursework
3. Number of prerequisite course requirements completed and grade point average. Course requirements described in the MS, Nutritional Science graduate handbook.
4. GRE scores
5. Letter of intent
6. Letter of recommendations
7. Research and professional experience

Requirements for Advancement to Candidacy for the MS - Nutritional Science

Prior to registering for the first time (or upon re-entering), a student should consult with the Graduate Coordinator to develop a schedule of courses. Advancement to candidacy for the Master's degree in Nutritional Science requires favorable action of the Graduate Committee of the Department of Nutrition, Food Science and Packaging and of the university's Office of Graduate Admissions & Program Evaluations (GAPE). In general, students will be recommended for candidacy when they:

1. Fulfill all university requirements for advancement to candidacy.

2. Attain classified graduate standing
3. Complete a minimum of 9 units of letter-graded approved courses.
4. Earn a minimum 3.0 grade point average in all classes listed on the candidacy form.
5. Successfully complete NUFS 217 with at least a "C" to meet the Graduation Writing Assessment Requirement (GWAR).
6. Select a graduate advisor and thesis or project topic.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MS - Nutritional Science Graduation Requirements

Completion of 30 units of approved coursework including the core courses. Maintenance of a 3.0 GPA is necessary. Completion of the culminating experience of such scope and manner as determined by the student's graduate committee. The program consists of 30 semester units of approved work, including 6 units of Plan A (Thesis) or 3 units of Plan B (Project).

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Plan A (Thesis)

For this plan, the student is required to complete 6 units of NUFS 299 - Master's Thesis. The student is required to complete a research project under advisement of a Nutrition, Food Science and Packaging faculty. The research must result in the generation of a thesis that meets the University Master's Thesis and Doctoral Dissertation Guidelines. The student must pass an oral examination defending the research to a departmental faculty committee. The student must prepare an oral presentation or poster presentation for the public.

Plan B (Project)

For this plan, the student is required to complete 3 units of NUFS 298 - Special Studies in Nutrition, Food Science and Packaging. The student is required to complete a project under advisement of a Nutrition, Food Science and Packaging faculty. The student is required to submit a written project in publication format, pass an oral examination defending the project to a departmental faculty committee, and prepare an oral presentation or poster presentation for the public.

Master's Requirements (30 units)

Core Courses (15 units)

- NUFS 201 - Colloquium in Nutrition, Food Science and Packaging 3 *unit(s)*

- NUFS 217 - Issues in Nutrition, Food and Packaging 3 *unit(s)* (GWAR)
- NUFS 257 - Biostatistics in Research 3 *unit(s)*
- NUFS 295A - Research Methodology 3 *unit(s)*

Complete one course:

- NUFS 219A - Advanced Nutrition and Metabolism 3 *unit(s)*
- NUFS 219B - Seminar in Advanced Topics in Human Nutrition & Dietetics 3 *unit(s)*
- NUFS 242 - Advanced Foodservice/Restaurant Management 3 *unit(s)*
- NUFS 243 - Nutrition and Dietetics Leadership 3 *unit(s)*
- PKG 270 - Package Design for End Use 3 *unit(s)*

Culminating Experience (3-6 units)

Complete Plan A (Thesis) or Plan B (Project)

Plan A (Thesis) (6 units)

- NUFS 299 - Master's Thesis 1-6 *unit(s)*

Plan B (Project) (3-6 units)

- NUFS 298 - Special Studies in Nutrition, Food Science and Packaging 1-6 *unit(s)* (3 *units required*)
- An additional 3-unit elective selected in consultation with the graduate advisor 3 *unit(s)*

Specialization Area (9-12 units)

9-12 units electives selected in consultation with the graduate advisor

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Occupational Therapy, MS

- Admission Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (72 units)
- Program Learning Outcomes

The SJSU Department of Occupational Therapy offers the oldest accredited OT program in the CSU system. Founded in 1943, the Master of Science in Occupational Therapy (MSOT) degree program is designed for those who have already earned a baccalaureate degree in another field. The program of study enables students to obtain the education and degree necessary to be eligible to practice as an occupational therapist. Once the MS degree in Occupational Therapy is complete, including the successful completion of the OCTH 201A and OCTH 201B courses, the student is eligible to sit for the national certification examination. Successful completion of the examination qualifies the candidate to apply for national certification and state licensure.

The MOST program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE), located at 6116 Executive Boulevard, Suite 200, North Bethesda, MD 20852-4929. ACOTE's telephone number is (301) 652-6611. National Board for Certification in Occupational Therapy (NBCOT) School Program Performance Data is also available on the NBCOT website.

See the department website for more information.

Admission Requirements

The curriculum of the Master of Science in Occupational Therapy degree program is designed for those who have already earned a baccalaureate degree in another field. The program of study enables students to obtain the education and degree necessary to be eligible to practice as an occupational therapist. Once the MS degree in Occupational Therapy is complete, including the successful completion of the OCTH 201A and OCTH 201B courses, the student is eligible to sit for the national certification examination. Successful completion of the examination qualifies the candidate to apply for national certification and state licensure. Applications are accepted October 1 - March 1 for the subsequent Fall semester. It is important that students apply as early as possible.

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the Occupational Therapy Centralized Application Service (OTCAS) and to the department to obtain admission into the Occupational Therapy program. See the Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. For TOEFL Requirements, see the English Language Proficiency Requirement.

Admission to Classified Graduate Standing

Prospective students must meet the following prerequisites. All prerequisite courses must be completed before acceptance into the program:

1. Cumulative GPA of 3.0 (on 4.0 scale) in the last 60 semester units (or 90 quarter units) of coursework and a minimum grade of B or better for all prerequisite courses.
2. Minimum of 80 hours of volunteer experience or equivalent paid work experience preferably in 2 different types of therapeutic settings; 60 of the hours must be completed under the supervision of an occupational therapist. The additional 20 hours must be completed in a community service setting. Hours must be verified by a supervisor on the Evaluation Form for Volunteer Experience available on the Department of Occupational Therapy website; forms are submitted at the time of application.
3. Completion of Student Information Form available on the OTCAS and subsequent submission of the first page of the OTCAS application form and the general essay from the OTCAS application directly to the Occupational Therapy department.

4. Human Anatomy with human cadaver laboratory (virtual laboratory acceptable), 3 semester units or 4 quarter units. Course must be taken within 7 years of application to the program.
5. Physiology with laboratory, 3 semester units or 4 quarter units.
6. General psychology course, 3 semester or 4 quarter units.
7. Introductory Sociology or Cultural Anthropology course, 3 semester or 4 quarter units.
8. Abnormal Psychology course, 3 semester or 4 quarter units.
9. College-level skills course which may be taken through adult education. The purpose of the course is to have students work with an artistic medium. Acceptable courses include Ceramics, painting, weaving, graphic arts and woodworking. Previous work may be accepted as fulfilling this requirement at the discretion of the Admissions Committee.
10. Statistics course, either an upper-division course offered by the departments of education, social sciences, psychology or division of health professions or a lower division statistics course that covers correlations and analysis of variance, 3 semester or 4 quarter units. Course must be completed within seven years of the application.
11. Neuroanatomy - Course available online via Open University through the SJSU Occupational Therapy department. Courses from other institutions may also be acceptable at the discretion of the Admissions Committee. Accepted list of courses available on the OT Program website. 3 semester or 4 quarter units.
12. Evidence of an understanding of occupational therapy and defined career goals in relation to the profession as stated on the Student Information Form and/or accompanying personal written statements (see #3 above).
13. Ability to write as demonstrated in the student information form (see #3 above), transcripts of all previous work submitted and any correspondence.
14. Three letters of recommendation from former instructors, employers, supervisors, or other individuals knowledgeable about the candidate's academic abilities, capacity for goal-directed behavior, and the ability to integrate and synthesize ideas. One letter must be from an academic instructor.

All prerequisite courses must be completed before acceptance into the program. All transcripts must be sent to OTCAS in addition to the University. For current admission procedures, please visit the Occupational Therapy Department website.

These requirements exist for all prospective students holding baccalaureate degrees in other disciplines. The department reviews completed files and makes recommendations for acceptance or denial to the SJSU Admissions Office.

Requirements for Advancement to Candidacy

Matriculated graduate students must submit a Petition for Advancement to Graduate Candidacy a minimum of one semester prior to graduating. General university requirements for advancement to candidacy are detailed in the Graduate Policies and Procedures section of this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program. Successful completion of OCTH 245, including passing the final written paper in this course with a grade of "B" or better, fulfills the GWAR in this program.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

In consultation with the department graduate coordinator, the candidate will develop and pursue a program of study. The candidate must successfully complete all requirements of the selected plan including the course work specified in the Master's Degree Approval Program.

Global Experience

To satisfy the Department's International Experience requirement, students may participate in an international experience. Alternatives to the requirement must be approved by the Occupational Therapy department. Specific details can be found on the department's website.

Culminating Fieldwork Requirement

Following completion of the academic coursework (60 units), students must be enrolled in and complete two Fieldwork Courses, OCTH 201A and OCTH 201B, prior to the University awarding the Master of Science degree in Occupational Therapy.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Plan B (Project)

Students in this program fulfill their culminating experience requirement with a Plan B (Project). The Comprehensive Master's project requires critical analysis and synthesis of information gathered, crafted into a publishable paper with a poster and oral presentation. Students will enroll in 3 units of OCTH 295 - Advanced Research Methods in Occupational Therapy which supports inquiry into advanced topics in occupational therapy practice, including theoretical and clinical problems.

Master's Requirements (72 units)

Core Courses (57 units)

- OCTH 211 - Historical and Theoretical Foundations of Occupational Therapy 3 *unit(s)*
- OCTH 212 - Occupations through the Lifespan 3 *unit(s)*
- OCTH 213 - Professional Development I 3 *unit(s)*
- OCTH 216 - Evaluation in Occupational Therapy 3 *unit(s)*
- OCTH 221 - Occupational Analysis 3 *unit(s)*
- OCTH 222 - Functional Kinesiology for Occupational Therapists 3 *unit(s)*
- OCTH 224 - Occupational Therapy Practice in the Community I 3 *unit(s)*
- OCTH 226 - Occupational Therapy with Children 3 *unit(s)*
- OCTH 233 - Professional Development II 3 *unit(s)*
- OCTH 234 - Occupational Therapy Practice in the Community II 3 *unit(s)*
- OCTH 236 - Occupational Therapy with Youth 3 *unit(s)*
- OCTH 245 - Introduction to Research Methods 3 *unit(s)* (GWAR)
- OCTH 246 - Occupational Therapy with Young Adults 3 *unit(s)*
- OCTH 256 - Occupational Therapy with Middle Aged Adults 3 *unit(s)*
- OCTH 266 - Occupational Therapy with Older Adults 3 *unit(s)*
- OCTH 275 - Evidence Based Practice in Occupational Therapy 3 *unit(s)*
- OCTH 276 - Practicum and Seminar 1A 3 *unit(s)*

- OCTH 286 - Practicum and Seminar 1B 4 *unit(s)*

Complete One Course (Chosen with Advisor):

- OCTH 210 - Seminar in Occupational Therapy 2-3 *unit(s)*
- OCTH 210ITL - Seminar in Occupational Therapy: International Experience 2-3 *unit(s)*

Culminating Fieldwork (12 units)

- OCTH 201A - Field Work Experience 3-6 *unit(s)* (6 *units required*)
- OCTH 201B - Advanced Field Work Experience 3-6 *unit(s)* (6 *units required*)

Culminating Experience (3 units)

- OCTH 295 - Advanced Research Methods in Occupational Therapy 3 *unit(s)*

Total Units Required (72 units)

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point average of 3.0 in order to graduate.

Public Health, MPH

- Graduate Admission
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (42 units)
- Program Learning Outcomes

San José State University's Department of Public Health and Recreation offers a Master of Public Health (MPH) degree with a specialization in community health education in two formats; Campus (regular session) and Online (through Professional and Continuing Education). Both campus and online students engage in the same rigorous course of study. The MPH degree on campus offers students the flexibility to complete their degree in two years or more, depending on personal circumstances. The MPH online option is offered through special session and is a fast-paced, 24-month program of study.

Our MPH Program was founded in 1970 to prepare community health education practitioners and has been continuously accredited by the Council on Education for Public Health (CEPH) since 1974. CEPH is the independent agency officially recognized to accredit graduate programs in public health. As stated in its mission statement, CEPH assures quality in public health education and training to achieve excellence in practice, research and service, through collaboration with organizational and community partners. The SJSU MPH Program is well-known for its practice-oriented, community-based training. The program's essential mission is:

To provide a professional education that prepares students to be innovative thinkers, critically engaged practitioners, and transformative leaders who can apply the conceptual frameworks, health education and public health competencies, in order to develop programs, build community capacity, advocate policy for health equity, and contribute to evidence-based public health practice.

The MPH program's mission is achieved through an integrated program of instruction, scholarship, and internships in partnership with a diverse network of community programs and practitioners. Our ultimate goal is public health and social justice through planned, organized, and empowering community efforts.

Additional information is available on the Master of Public Health website.

Graduate Admission

University Admission

Candidates must apply through the CSU admissions portal, Cal State Apply, and meet all university graduate admission requirements.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Program Admission

New students are admitted once a year, and begin course work during the fall semester in both online and campus formats. A detailed Admissions Information Packet is available at www.sjsu.edu/hsr/academicprograms/mph.

Applications for the Campus and Special Session Online formats are accepted between October 1 and June 1 for fall admission. Applications after June 1 will be considered on a space-available basis. Applications received after July 1 will not be eligible for review and will require resubmission for consideration for the next application cycle. Applying to the MPH program, both campus and online, requires two parallel, but separate, application processes. All MPH applicants must:

- A. Submit a complete university application through Cal State Apply. Successful applicants must be admitted to the university by the SJSU Graduate Admissions and Program Evaluations.
- B. Submit a complete application to the MPH program, which includes:
 1. At least two letters of recommendation on official letterhead, signed, and include contact information for author
 2. Resume/CV
 3. Statement of Purpose (1-2 pages)

Additional information and the Application Packet are available on the MPH Admissions website.

Program Requirements for Admission to Classified Standing

Students can be admitted in either classified or conditionally classified standing. To be admitted to the Master of Public Health Program in Classified status, an applicant must possess a baccalaureate degree with an overall minimum GPA of 3.0 in the last 60 semester or quarter units, demonstrated multicultural experience, and a clear commitment to public health as evidenced through work or volunteer experiences.

Program Requirements for Admission to Conditionally Classified Standing

Admission with Conditionally Classified standing is available to Campus format applicants only. If an applicant's preparation for advanced graduate work is considered inadequate to meet the course prerequisites or other departmental requirements, the applicant may be admitted with conditions that will include taking longer than two

years to complete the program and taking writing and/or computation preparation courses. The program admissions letter will explain terms and requirements.

Requirements for Advancement to Candidacy

Matriculated graduate students must submit a Petition for Advancement to Graduate Candidacy a minimum of one semester prior to graduating. General university requirements for advancement to candidacy for the MPH degree are detailed in the Graduate Policies and Procedures section.

The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Course Requirements

To meet the requirements for the MPH, a student must complete 42 units (and satisfy the program GWAR requirement) with a cumulative GPA of 3.0 or better.

In consultation with the department graduate coordinator, the candidate will develop and pursue a plan of study. The candidate must successfully complete all requirements of the selected plan including the course work specified in the Master's Degree Approval Program. The MPH program requires grades of B- or better to pass courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

The student must complete one of three culminating experience options: Plan A (Thesis), Plan B (Project), or the courses-only Plan B (Comprehensive Examination). Master's theses and graduate projects may only be undertaken by regular session MPH Campus students upon departmental approval and will require additional units. The Plan A (Thesis) option requires an additional 6 units of coursework and College of Graduate Studies approval of the completed thesis. The Plan B (Project) option requires a minimum of 3 additional units of coursework.

Plan A (Thesis)

Campus students opting to complete a master's thesis will take the PH 299 - Master's Thesis twice for an additional 6 units over program requirements. The student is responsible for securing the commitment of a full-time tenured or tenure-track MPH faculty member who agrees to serve as thesis committee chair. The student must also secure the commitments of two additional university faculty members, one of whom must be a full-time tenure or tenure-track faculty member, to serve as the student's thesis committee. The student must write a thesis proposal and have it approved by the thesis committee, and pass the HS 205 and PH 215 courses before enrolling in the PH 299. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral

Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

Plan B (Project)

Campus students opting to complete a master's project will take the PH 298 - Graduate Project for an additional 3-6 units over program requirements.

Plan B (Comprehensive Exam)

All Online students and Campus students opting for the courses-only option must pass the Comprehensive Exam (given once a semester) to earn the MPH degree. The Comprehensive Exam is the student's opportunity to demonstrate mastery and integration of the knowledge and skills of the MPH curriculum. The comprehensive exam is a written exam that is administered on campus.

Special Session Program Information

Academic Programs offered through Special Session are operated by the Professional and Continuing Education. Registration and enrollment in a Special Session course or program must use the special session application form and will follow special session fee and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or program will trigger a separate and additional set of fees. This may require an additional enrollment appointment from the Registrar and it may have implications for financial aid status or requirements. Please visit the Professional and Global Engagement website for more information.

Master's Requirements (42 units)

Required Courses (37 units)

- PH 200 - Contemporary Practice in Public Health 2 *unit(s)*
- PH 201 - Groups and Training: Theory and Practice 2 *unit(s)*
- PH 205A - Quantitative Methods for Public Health Practice I 3 *unit(s)*
- PH 205B - Quantitative Methods in Public Health 3 *unit(s)*
- PH 215 - Qualitative Methods for Public Health Practice 3 *unit(s)*
- PH 225 - Evaluation Methods for Public Health Practice 3 *unit(s)*
- PH 262 - Health Policy and Organization 3 *unit(s)*
- PH 265 - Environmental Health 3 *unit(s)*
- PH 271 - Theoretical Foundations of Public Health 3 *unit(s)*
- PH 272 - Health Promotion Planning and Evaluation 3 *unit(s)* (GWAR)
- PH 276 - Community Organization and Health Promotion 3 *unit(s)*
- PH 277 - Multicultural Communication for Health Professionals 3 *unit(s)*
- PH 293 - Public Health Leadership 3 *unit(s)*

Required Practicum (5 units)

- PH 291A - Fieldwork Seminar 1 *unit(s)*
- PH 291B - Fieldwork Practicum 1-2 *unit(s)* (Students take 2 units of PH 291B)
- PH 291C - Professional Skills for Public Health Practice 1 *unit(s)*
- PH 291P - Professional Development 1 *unit(s)*

Culminating Experience (0-6 units)

Students in the MPH program complete a Plan B (Comprehensive Exam). Campus MPH students have the option of choosing either a Plan A (Thesis) or Plan B (Project) instead. The thesis and project options require additional coursework.

Plan A (Thesis) (6 units)

The Plan A (Thesis) option requires two consecutive semesters of the PH 299 for an additional 6 units of coursework.

- PH 299 - Master's Thesis 3 unit(s) (Students take 6 units of PH 299)

Plan B (Project) (3-6 units)

The Plan B (Project) option requires an additional 3-6 units of coursework.

- PH 298 - Graduate Project 3 unit(s) - 6 unit(s)

Plan B (Comprehensive Exam) (0 units)

Total Units Required (42 units)

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Recreation, International Tourism Concentration, MS (Not Accepting Students)

- Graduation Writing Assessment Requirement
- Master's Requirements (30 units)

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (30 units)

Core Courses (6 units)

Required Courses (9 units)

Electives (9 units)

Selected in consultation with graduate advisor.

Culminating Experience (6 units)

Total Units Required (30 units)

Recreation, MS (Not Accepting Students)

- Overview
- General Requirements for Admission
- Requirements for Advancement to Candidacy for the MS - Recreation
- Master's Requirements (30 units)

Overview

The recreation degree program, founded in 1947 by the Department of Public Health and Recreation, has a core accredited by the Council on Accreditation of Park, Recreation, and Tourism Related Professions (COAPRT). The degree has maintained continuous accreditation since its first awarding of this status occurred in April 1987, demonstrating the rigor and recognition of our programs. The Bachelor's degree in Recreation is a nationally accredited program comprised of a core set of classes and courses split generally between concentration courses and major electives. Graduates completing one of these concentrations are eligible to apply for national and state certification. While the general recreation degree is the most flexible in terms of choosing related electives, students may instead elect to complete a more specialized course of study in one of our two approved concentrations within the B.S. Recreation Degree: Recreation Management and Recreation Therapy. We also offer M.S. in Recreation, all of which are designed to meet increasing needs and demands for recreation professionals and administrators in our growing fields of practices in public, non-profit, and commercial sectors, not only locally and regionally, but also nationally and globally.

General Requirements for Admission

Applicants to the graduate program must complete all sections of the CSU online application including the personal statement which must address the applicant's potential to develop expert knowledge and the advanced skills needed to succeed in the field and/or to continue study in a doctoral program. Criteria for admission include an overall grade point average of 2.5 and an upper-division grade point average of 3.0. Additionally, applicants are requested to send a copy of their personal statement and their resume to the department graduate coordinator.

Requirements for Advancement to Candidacy for the MS - Recreation

In addition to university requirements for advancement to candidacy or the Master of Science degree in Recreation, students must have completed the following requirements: all deficiencies must be completed with a grade point average of at least 3.0; the admission to candidacy form must be completed and approved by the graduate program advisor and the Associate Dean for College of Graduate Studies; and the Graduation Writing Assessment Requirement (GWAR) must be demonstrated at least one semester prior to submission of the admission to candidacy form. Courses that satisfy the GWAR are listed in the course requirements for the program.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (30 units)

Core Courses (6 units)

Electives (18 units)

Selected in consultation with graduate advisor.

Culminating Experience (6 units)

Total Units Required (30 units)

Social Work, MSW

- Admissions Requirements
- Advancement to Candidacy
- Graduation Requirements
- Master's Requirements (37-60 units)
- Program Learning Outcomes

The MSW Program offers graduate professional education in advanced generalist social work practice from a transcultural multi-systems perspective. It prepares graduates for advanced practice and leadership in areas of interest such as: health and aging; children, youth, and families; and mental health. The curriculum emphasizes the application of skills in those areas of practice where the need for social workers in the next decade will be the greatest in the State of California. The graduate program, offered by SJSU's School of Social Work has been fully accredited by the National Commission on Accreditation of the Council on Social Work Education since 1973.

Department Website: www.sjsu.edu/socialwork.

Admissions Requirements

University Admissions Requirements

All graduate applicants must submit a complete graduate application by applying through the CSU Cal State Apply system. Candidates must meet all university-level admissions requirements.

Program Admissions Requirements

In addition to these general requirements established by the university, applicants for admission for the Master's of Social Work degree must demonstrate a commitment to social work goals either by having completed undergraduate social work education, or by holding a baccalaureate in a related field and having significant experience, and/or personal involvement with social issues as they relate to various marginalized groups and communities.

To be admitted to the School of Social Work, an applicant must first complete the graduate application for admission to the University through Cal State Apply. The applicant then submits a separate application to the MSW program which includes:

- a. A personal statement describing the applicant's interest in the field and professional goals.

- b. Three recommendations from professionals in the field or former professors who can testify to the applicant's ability to succeed in a graduate-level academic program and his or her suitability to meet the challenges of the profession.
- c. A description of all social work-related experience (paid, internship, and/or volunteer).
- d. A sample of the applicant's best writing, i.e., a paper written for an upper-division or graduate-level class, technical report, or other example of academic or professional written work.

Applications to the Master's in Social Work program and all supporting materials must be sent directly to the School of Social Work for review and recommendation by the MSW Program Admissions Committee.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirement webpage.

Advanced Standing Option

The Advanced Standing option allows qualified candidates with a Bachelor's degree in Social Work from an accredited program to complete the Master's program in one summer and one academic year. Admission to Advanced Standing (AS) in the MSW Program at SJSU is competitive. The following are areas of evaluation for admission to AS. Meeting these minimum requirements does not guarantee admission into AS. Please also note our ability to offer AS and thus admission to AS is dependent on program level resources.

- A. Bachelor's degree in social work from a program accredited by CSWE at the time of admission or within the last 7 years;
- B. GPA (minimum of 3.5);
- C. Minimum grade of A- in all BSW/BASW (social work major) courses;
- D. At least 400 hours of recent social work-related experience (cumulative internship, paid, or volunteer experience) in addition to the 400-hours requirement for the BSW degree;
- E. Three letters of recommendation specific to qualifications for Advanced Standing, in addition to the usual scored recommender forms;
- F. Evaluations from BSW/BASW field internships;
- G. Personal statement; and,
- H. Personal interview.

Conditionally Classified Standing

An applicant who does not meet all requirements for admission in classified standing for the Master's in Social Work may be admitted into the program on a conditionally classified basis. The MSW Program Admissions Committee may consider applicants who possess strong or considerable work experience and who can by additional preparation remedy minor academic deficiencies. Such admissions will be conditional upon completion of specific courses listed by the graduate advisor on the admission notification.

Advancement to Candidacy

Students must complete all university requirements for advancement to candidacy for the master's degree as outlined in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

The student will consult with the MSW graduate advisor to complete a petition for advancement to candidacy. The petition includes an official plan of study listing all courses needed to complete the requirements for the degree. The plan of study must be approved by the MSW Graduate Advisor and then by the Office of Graduate Admissions and Program Evaluations (GAPE), which notifies the student of advancement to candidacy.

The student must also demonstrate an aptitude for advanced study in social work, as measured by successful completion of the Foundation Year of study, instructor appraisals, and/or evaluation of previous academic work (i.e., applicable transfer units or course substitutions).

Graduation Requirements

University Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures. Students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience: Project (Plan B)

Candidates for the degree complete a capstone project as part of their 37-unit for Advanced Standing or 60-unit regular degree requirement. This project is a complete research study on a social work-related topic.

Program Requirements

The School of Social Work offers an On-Campus MSW Program and an Online/Hybrid MSW Program. All students in the Master's of Social Work program must complete a total of 60 semester units of study in social work with a minimum cumulative grade point average of 3.0 overall. This includes two years (1,200 hours) of field internship in a social agency or community setting selected and approved by the MSW Field Education Committee. Students must pass all letter-graded classes with a "C" or better grade, and pass all field practicum courses with a credit "CR" grade.

Students admitted in the Advanced Standing Option are required to take and clear two bridge courses and the Graduation Writing Assessment Requirement (GWAR) during the summer before the start of the Fall semester. Once students in this program option complete these courses they enter their final year of the MSW program.

On-Campus Program

The On-Campus MSW Program offers a Two-Year/Full-Time, Three-Year/Part-Time plan of study, and an Advanced Standing option. The Two-Year Plan requires a full-time commitment to the program. The Three-Year plan is designed for working professionals. It includes two years of field practicum and coursework spread over three academic years, with many courses taught in the evening and on weekends. Both plans have identical course requirements for completing the degree.

To assist matriculated students in progressing more rapidly toward their MSW degree and to increase accessibility to the course curriculum for both Two-Year/Full-Time and Three-Year/Part-Time students, the MSW Program sometimes offers courses during the summer and winter terms when the budget allows for this. The number and type of courses are dependent upon student interest and faculty resources.

For detailed information on the program, see the School of Social Work Master of Social Work (MSW) webpage.

Online/Hybrid Program (Special Session)

The Online/Hybrid MSW Program offers a two-year continuous enrollment program and an Advanced Standing option. The two-year program requires continuous enrollment (i.e., two to three academic courses and a field education course concurrently through the calendar year). In the Online/Hybrid program, academic courses are completed online (with asynchronous sessions and synchronous sessions usually on weekday evenings), and field

education is completed in-person. Note that the three areas of interest are also offered in the Online/Hybrid MSW Program (children, youth, and families; mental health; and health and aging), although the health and aging area is currently in a pilot phase and might not be offered consistently. The Online/Hybrid MSW Program degree requirements and the social work competencies covered are the same as those of the On-Campus MSW Program.

Special Session Information

Academic Programs offered through Special Session are operated by the Professional and Continuing Education (PaCE). Registration and enrollment in a Special Session must use the special session application form and will follow special session fees and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or the program will trigger a separate and additional set of fees. This may require an additional enrollment appointment from the Registrar and it may have implications for financial aid status or requirements. Please visit the Professional and Continuing Education for more information.

Master's Requirements

Program Options (9-32 units)

Regular Program Option Foundation Core Curriculum (32 units)

Students admitted to the regular program option have the choice to complete the program in 2 years (Full Time) or 3 years (Part Time). The full time students will complete all of their Foundation or Generalist (core) Curriculum in their first year of the program, whereas the part time students complete the core curriculum in two years (12 units in their first year and 20 units in their second year).

- SCWK 200W - Social Work Graduate Writing Course 3 *unit(s)* (GWAR)
- SCWK 202 - Social Policy and Services: History and Values 3 *unit(s)*
- SCWK 204 - Social Policy Analysis 3 *unit(s)*
- SCWK 212 - Human Behavior in Social Environment I 3 *unit(s)*
- SCWK 214 - Human Behavior in Social Environment II 3 *unit(s)*
- SCWK 220 - Transcultural Generalist Practice I 3 *unit(s)*
- SCWK 221 - Transcultural Generalist Practice II 3 *unit(s)*
- SCWK 230 - Social Work Practicum I 1-6 *unit(s)*
- SCWK 231 - Social Work Practicum II 1-6 *unit(s)*
- SCWK 240 - Research Methods and Design 3 *unit(s)*

Advanced Standing Option Summer Bridge Courses (9 units)

Students admitted to the Advanced Standing Option use their Summer Bridge courses to replace the Foundation Core Curriculum courses (32 units).

- SCWK 243 - Advanced Standing SW Bridge - Grad 2 *unit(s)*
- SCWK 215 - Advanced Standing Bridge Integrated 4 *unit(s)*
- SCWK 200W - Social Work Graduate Writing Course 3 *unit(s)* (GWAR)

Advanced Year Core Curriculum (12 units)

Transcultural Multi-Systems Areas of Interest

Elective courses must be planned in consultation with the Graduate Advisor.

Students are required to take one advanced course from each bucket; Advanced Practice, Advanced Policy, and Advanced General Elective.

- On-campus program: students are required to take an additional Advanced Practice Course in the Fall.
- Online/hybrid students are required to take an additional Advanced Elective course in the Spring.

Advanced Practice (3 units)

Complete one course:

- SCWK 222 - Transcultural Advanced Generalist Practice I: Family Systems Focus 3 *unit(s)*
- SCWK 223 - Transcultural Advanced Generalist Practice II: Community Systems Focus 3 *unit(s)*
- SCWK 251 - Social Work in Health and Aging 3 *unit(s)*
- SCWK 261 - Social Work Practice with Children 3 *unit(s)*
- SCWK 262 - Social Work Practice with Adolescents 3 *unit(s)*
- SCWK 265 - Child Welfare Practice in Public and Government Systems 3 *unit(s)*
- SCWK 272 - Social Work in Educational Settings 3 *unit(s)*
- SCWK 281 - Social Work in Mental Health 3 *unit(s)*

Advanced Policy (3 units)

Complete one course:

- SCWK 250 - Policy Practice in Health and Aging 3 *unit(s)*
- SCWK 260 - Policy Practice in Child and Family Welfare 3 *unit(s)*
- SCWK 280 - Policy Practice in Mental Health 3 *unit(s)*

Advanced General Electives (6 units)

Two courses selected in consultation with graduate advisor.

- SCWK 224 - Advanced Generalist Practice With Spanish Speaking Populations 3 *unit(s)*
- SCWK 263 - Social Work and the Law 3 *unit(s)*
- SCWK 283 - Psychopharmacology for Social Workers 3 *unit(s)*
- SCWK 285 - Social Work and Social Problems 3 *unit(s)*
- SCWK 285ITL - Social Work and Social Problems: International Experience 3 *unit(s)*
- SCWK 287 - Advanced Generalist Practice in Substance Abuse 1-3 *unit(s)*
- An additional 200-level course selected in consultation with graduate advisor.

Practicum (10 units)

- SCWK 232 - Social Work Practicum III 1-6 *unit(s)*
Students generally take 5 units of SCWK 232.
- SCWK 233 - Social Work Practicum IV 1-6 *unit(s)*
Students generally take 5 units of SCWK 233.

Culminating Experience (6 units)

Project (Plan B)

- SCWK 298A - Special Study A 1-4 unit(s) (3 units required)
- SCWK 298B - Special Study B 1-4 unit(s) (3 units required)
- Comprehensive Examination 0 unit(s)

Total Units Required (37-60 units)

Students in the Regular Program Option complete the program with 60 units and students in the Advanced Standing Option complete the degree with 37 units.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Doctoral

Audiology, AUD

- University Admissions
- Requirements to Admission
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Doctorate Requirements (110 units)
- Program Learning Outcomes

The Doctor of Audiology program, offered by the Department of Audiology, is a 4-year course of study that includes academic courses, clinical rotations, and a doctoral research project. Audiology is an allied health profession that is concerned with 1) the science of the hearing and balance mechanisms; and 2) the clinical identification, diagnosis, and treatment of individuals with hearing and balance disorders. The Doctor of Audiology program will prepare individuals to diagnose and treat hearing loss and other disorders involving the ear, advise patients on means to use and preserve their remaining hearing, and select and fit hearing aids and other devices. Coursework includes instruction in acoustics, anatomy and physiology, hearing measurement, auditory pathology, middle and inner ear analysis, vestibular analysis and rehabilitation, rehabilitation therapies and assistive technologies, and pediatric and other special applications.

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system at calstate.edu/apply and meet all the university admission requirements. Applicants apply separately to the Communication Sciences and Disorders Centralized Application Service (CSDCAS) to obtain admission into the AuD degree program. See the GAPE Graduate Admissions website and this Catalog for general information about Graduate Admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage at GAPE. For TOEFL

Requirements, see the Policies and Procedures section, Graduate and Post-Baccalaureate Information in this Catalog.

Requirements to Admission

The admission requirements for the Audiology doctoral program are provided in EO 1112, Article 2, Admissions. They are as follows:

1. Completion of a baccalaureate degree earned at an institution accredited by a regional accrediting association, or an equivalent academic preparation as determined by the appropriate campus authority (i.e., Graduate Admissions and Program Evaluation [GAPE]).
2. An overall GPA of 3.0 or better in all undergraduate and graduate coursework.
3. Completion of prerequisite courses in:
 - a. Hearing/Speech science
 - b. Phonetics
 - c. Language development
 - d. Neurology and neurophysiology of communication
 - e. Introduction to audiology
 - f. Deaf studies/ASL (optional)
 - g. Anatomy and Physiology of Speech and Hearing Mechanism
 - h. One course in each of the following areas
 - biological sciences,
 - physical sciences,
 - social/behavioral sciences, and
 - statistics
4. An applicant-authored statement of purpose reflecting a commitment to audiology, including the applicant's preparation for training in this profession, aptitude and motivation, commitment to working with diverse populations and the basis for interest in audiology and specifically, the SJSU program of study.
5. Three letters of recommendation.
6. Resume.
7. Documentation of 20 hours of observation in an audiology clinic or private practice.

Requirements for Advancement to Candidacy

Candidacy denotes that a student is fully qualified to complete the final stages of the Doctor of Audiology degree. Matriculated graduate students must submit a Petition for Advancement to Graduate Candidacy a minimum of one semester prior to graduating. General university requirements for advancement to candidacy are detailed in the Graduate Policies and Procedures section of this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program. Successful completion of AUD 513 including passing the final written paper in this course with a grade of "B" or better, fulfills the GWAR in this program.

Requirements to Graduation

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies. Completion of the degree also requires a minimum overall GPA of 3.0.

Culminating Experience

The culminating experience will be the successful defense of the student's research project during AUD 598A.

Doctorate Requirements (110 units)

- AUD 501 - Acoustics and Instrumentation 3 *unit(s)*
- AUD 502 - Anatomy and Physiology 3 *unit(s)*
- AUD 503 - Psychoacoustics 3 *unit(s)*
- AUD 504 - Audiological Assessment I 3 *unit(s)*
- AUD 505A - Professional Issues I 3 *unit(s)*
- AUD 505B - Professional Issues II 3 *unit(s)*
- AUD 505C - Professional Issues III 3 *unit(s)*
- AUD 505D - Professional Issues IV 2 *unit(s)*
- AUD 505E - Professional Issues V 3 *unit(s)*
- AUD 506 - Anatomy and Physiology of the Central Auditory Nervous System (CANS) 3 *unit(s)*
- AUD 507 - Hearing Aids I 3 *unit(s)*
- AUD 508 - Audiological Assessment II 3 *unit(s)*
- AUD 509 - Practicum in Audiology 3 *unit(s)* (6 units required)
- AUD 510A - Clinical Rotation in Audiology I 3 *unit(s)*
- AUD 510B - Clinical Rotation in Audiology II 3 *unit(s)*
- AUD 510C - Clinical Rotation in Audiology III 3 *unit(s)*
- AUD 510D - Clinical Rotation in Audiology IV 3 *unit(s)*
- AUD 510E - Clinical Rotation in Audiology V 3 *unit(s)*
- AUD 510F - Clinical Rotation in Audiology VI 3 *unit(s)*
- AUD 511 - Pediatric Audiology 3 *unit(s)*
- AUD 512 - Pediatric Auditory Habilitation 3 *unit(s)*
- AUD 513 - Research Methods 3 *unit(s)* (GWAR)
- AUD 514 - Audiological Assessment III 3 *unit(s)*
- AUD 515 - Hearing Aids II 3 *unit(s)*
- AUD 516 - Adult Auditory Rehabilitation 3 *unit(s)*
- AUD 517 - Audiological Assessment IV 3 *unit(s)*
- AUD 518 - Hearing Conservation 3 *unit(s)*
- AUD 519 - Hearing Aids III 3 *unit(s)*
- AUD 521 - Medical Audiology 3 *unit(s)*
- AUD 522 - Tinnitus 2 *unit(s)*
- AUD 523 - Pharmacology 1 *unit(s)*
- AUD 524 - Speech Perception and Language Development 3 *unit(s)*
- AUD 525 - Genetics 1 *unit(s)*
- AUD 526A - Clinical Externship in Audiology I 3 *unit(s)*
- AUD 526B - Clinical Externship in Audiology II 3 *unit(s)*
- AUD 598A - Research Project 2 *unit(s)* (8 units required)

Total Units Required (110 units)

Nursing Practice, DNP

DNP Program Coordinator and Advisor: Dr. Robin Whitney.

- Admission Requirements
- University Admissions
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Program Learning Outcomes

The Doctor of Nursing Practice (DNP) is a practice degree program designed to prepare nurses at a doctoral level to lead health care change, serve as nursing faculty, and advance healthcare throughout California. The DNP program prepares nurse leaders and advanced practice nurses for evidence-based practice in patient care, leadership, and educational roles. Graduates are also prepared to serve as clinical faculty in postsecondary nursing education programs. The curriculum is based on the American Association of Colleges of Nursing's The Essentials of Doctoral Education for Advanced Nursing Practice (2006) and meets all requirements for national accreditation.

Designed for working professionals, coursework is offered primarily in an online format with intensive sessions held on-site at the San José State University campus at the beginning of each academic year. Our graduates will serve as stewards of the nursing discipline and work collaboratively with other disciplines to improve the health and health care systems of our community.

See the The Valley Foundation School of Nursing website for more information.

Admission Requirements

Prior to applying to the University, students should refer to The Valley Foundation School of Nursing website for information regarding advisement for entry into the DNP degree program. The DNP is a five-semester, 39-unit program that can be completed in 23 months of full-time study. It follows the cohort model, and there is no part-time option. It requires 1,000 hours of post-baccalaureate clinical practice. Applications open in the fall for admission in the following Fall semester.

The Valley Foundation School of Nursing uses the Cal State Apply for submission of applications to the Doctor of Nursing Practice (DNP) program.

1. Applicants require a(n): MSN from an accredited institution or a master's degree in a health-related field with additional post-baccalaureate courses in nursing theories, research methods, transcultural nursing and informatics.
2. Overall GPA of 3.0 or better.
3. Current, unrestricted California RN license.
4. National Certification in a nursing area or specialty.
5. Preparation and experience as an APN, administrator, or educator.

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. See the GAPE Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. For TOEFL Requirements, see the Policies and Procedures section, Graduate and Post-Baccalaureate Application Procedures.

Requirements for Admission to Classified Standing

Applicants to the DNP program may be fully admitted in Classified status if they meet the admissions requirements for the University and the department. The minimum requirements for admission to the program are as follows:

1. MSN from an accredited institution or a master's degree in a health-related field with additional post-baccalaureate courses in nursing theories, research methods, transcultural nursing and informatics.
2. Overall GPA of 3.0 or better.
3. Current, unrestricted California RN license.
4. National Certification in a nursing area or specialty.
5. Preparation and experience as an APN, administrator, or educator.

All prospective students must also submit the following application materials to Cal State Apply:

1. California RN License. Applicants must upload a copy (front and back) of a current and unrestricted RN license. Upload under "License".
2. Personal Statement. Upload a personal statement outlining your goals as a Doctor of Nursing Practice. Include your intended topic or area of interest for your doctoral project (evidence-based practice, quality improvement, program evaluation) and goals for improved practice. Statements should be typed, in Times New Roman font, double-spaced, and no longer than two pages. Upload under "Personal Statement".
3. CV/Resume. Upload a copy of your current CV or resume. Upload under "CV/Resume".
4. United States Veterans. If you are a U.S. Veteran please upload documentation. One seat is available each semester for veterans meeting application criteria. Upload under "Military Papers".
5. National Certification (if applicable). National certification in a specialty field is a requirement for graduation but NOT for admission. However, if you are currently nationally certified, upload a copy under "Certification".
6. Writing Sample. Upload an example of a scholarly paper you wrote in a prior course of study or a published manuscript. The example should include citations of scholarly research and proper use of a reference and citation format, grammar, punctuation, and style.
7. Verification of Master's program clinical hours. Upload a letter from the university's program director or registrar that verifies the number of clinical hours that were completed within the Master's program. Upload the letter under "Other". Alternatively, clinical hours can be calculated based upon a formula that multiplies the semester or quarter hours by the number of units completed for transcript courses labeled as residency courses.

Conditionally Classified Standing

Applicants may be conditionally admitted (admitted with conditions) if they meet the admission requirements for the Graduate Division but do not fully meet departmental admissions requirements. The individual admission notification will explain the required terms and conditions for attaining Classified standing.

Requirements for Advancement to Candidacy

Candidacy denotes that a student is fully qualified to complete the final stages of the Doctor of Nursing Practice degree. Matriculated graduate students must submit a Petition for Advancement to Graduate Candidacy a minimum of one semester prior to graduating. General university requirements for advancement to candidacy are detailed in the Graduate Policies and Procedures section of this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures. Completion of the degree also requires a minimum overall GPA of 3.0.

Practicum Requirement

Practice Experiences in the Curriculum (AACN Essentials, 2006). DNP programs provide rich and varied opportunities for practice experiences aimed at helping graduates achieve the essential and specialty competencies upon completion of the program. In order to achieve the DNP competencies, programs include a minimum of 270 hours as part of a supervised academic program. DNP students must complete a total of 1,000 post-baccalaureate hours (inclusive of hours completed in the student's Master's program) to be eligible for the DNP degree.

Practice experiences are designed to help students achieve specific learning outcomes related to the DNP Essentials and specialty competencies. These experiences are designed to provide systematic opportunities for feedback and reflection. Experiences include in-depth work with experts from nursing as well as other disciplines and provide opportunities for meaningful student engagement within practice environments. Given the intense practice focus of DNP programs, practice experiences are designed to help students build and assimilate knowledge for advanced specialty practice at a high level of complexity. Therefore, end-of-program practice immersion experiences should be required to provide an opportunity for further synthesis and expansion of the learning developed to that point. These experiences also provide the context within which the final DNP product is completed.

Practice immersion experiences afford the opportunity to integrate and synthesize the essentials and special requirements necessary to demonstrate competency in an area of specialized nursing practice. Proficiency may be acquired through a variety of methods, including attaining case requirements, patient or practice contact hours, completing specified procedures, demonstrating experiential competencies, or a combination of these elements. Students who do not have 1,000 hours of eligible post-baccalaureate practice experience complete this requirement through the NURS 580 - DNP Practicum. Units are contingent on hours required. Note that all students are required to perform 270 hours (one semester) of practice experience during the DNP program. These hours are performed in conjunction with the doctoral project.

For more information, see Practice Experiences in the Curriculum (AACN Essentials, 2006).

Culminating Experience

Plan B (Project)

All students must complete a doctoral project prior to the conferral of the doctoral degree. The doctoral project requires enrollment in the NURS 595A, NURS 595B, and NURS 595C over consecutive semesters. Each student must form a Doctoral Project Committee comprised of one faculty member and two additional faculty or clinical professionals. The project committee chair shall be a tenured or tenure-track nursing program faculty member. Qualified individuals whose expertise is germane to the topic may be members of the Doctoral Project Committee pending approval of the committee chair and the student's program advisor. All students are required to perform 270 hours (one semester) of practice experience in conjunction with the doctoral project. (See the Culminating Experience page for a more detailed discussion of the meaning of Plan B.)

The doctoral project shall be the written product of systematic, rigorous scholarship related to advanced nursing practice and focused on a potential or existing health problem or issue affecting a group or community, rather than an individual. The doctoral project will conform to the following criteria: It shall identify the clinical problem and question(s), state the major theoretical perspectives, explain the significance of the undertaking, relate it to relevant, scholarly and professional literature, set forth the appropriate sources for and methods of gathering and analyzing the data, and offer a conclusion or recommendation. Students must conduct the project according to ethical principles and present it in an oral defense to the project committee in a public forum

Doctorate Requirements (39 units)

Core Courses (27 units)

Semester 1

- NURS 574 - The Role of Diversity and Social Issues in Healthcare 2 *unit(s)*
- NURS 575 - Application of Theories in Advanced Nursing Practice 2 *unit(s)*
- NURS 583 - Leadership and Professional Responsibility in Complex Healthcare Systems 2 *unit(s)*

Semester 2

- NURS 585 - Foundations of Evidence-Based Practice 3 *unit(s)* (GWAR)
- NURS 576 - Application of Biostatistics to Populations 3 *unit(s)*
- NURS 587 - Principles of Epidemiology 3 *unit(s)*

Semester 3

- NURS 593 - Project Management and Finance 2 *unit(s)*
- NURS 584 - Technology, Informatics, and Data Management in the Transformation of Healthcare 2 *unit(s)*

Semester 4

- NURS 591 - Instructional Design and Curriculum Development 3 *unit(s)*
- NURS 592 - Outcomes Evaluation in Practice and Education 3 *unit(s)*

Semester 5

- NURS 586 - Transformation of Health Care Systems: Health Policy and Economics 2 *unit(s)*

Practicum (6 units)

1,000 hours total, can count prior field work hours. Students may have to take additional course units to earn total hours required.

Semesters 2-5

- NURS 580 - DNP Practicum 6 *unit(s)* (*Will be completed four times for a total of 24 units*)

Culminating Experience (6 units)

Semester 3

- NURS 595A - Translating Evidence into Reflective Practice I 2 *unit(s)*

Semester 4

- NURS 595B - Translating Evidence into Reflective Practice II 2 *unit(s)*

Semester 5

- NURS 595C - Translating Evidence into Reflective Practice III Doctoral Project 2 *unit(s)*
- Oral Defense
- Journal Article Submission

Optional Elective (0-2 units)

Optional 2-unit course recommended for students interested in pursuing educational roles

Semester 5

- NURS 594 - Application of Evidence-Based Teaching in Nursing 2 *unit(s)*

Total Units Required (39 units)

Elective courses must be planned in consultation with the Graduate Advisor.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Occupational Therapy Doctorate, OTD

- Program Learning Outcomes
- Admissions Requirements
- Candidacy Requirements
- Graduation Requirements
- Doctorate Requirements (112 units)

The first cohort of students were accepted into the Occupational Therapy Doctorate (OTD) program in Spring 2023. The OTD program has full WSCUC approval and is awaiting approval by the Accreditation Council for Occupational Therapy Education (ACOTE). Final review and approval will be provided by ACOTE, located at 6116 Executive Boulevard, Suite 200, North Bethesda, MD 20852-4929. ACOTE's telephone number is (301) 652-6611. See the department website for more information:

The OTD program uses a cohort model where students are admitted and progress through a sequenced program of study in an organized manner to support completion of the degree within three years of full time enrollment. This model fosters collaboration between students and faculty. The OTD degree is designed to prepare the student as an entry-level occupational therapist and seeks to support students as leaders and practitioner-scholars. The curriculum is designed using a variety of instructional methods to enhance content mastery. Although the majority of instruction will be face to face instruction, classes will include simulations, case presentations, involvement with the on campus faculty-run clinics and online instruction.

Admissions Requirements

University Requirements

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. See the Graduate Admissions website and this catalog for general information about Graduate Admissions at SJSU. Applicants apply separately to the department to obtain admission into the OTD degree program. Applicants must also apply to the Occupational Therapy Centralized Application Service (OTCAS). Refer to the Occupational Therapy Department website for specific information on the submission process.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. For TOEFL Requirements, see the **English Language Proficiency Requirement** in this Catalog.

Program Requirements

Requirements for admission shall apply to all OTD applicants and shall include, at minimum, the following:

- a. The applicant holds a baccalaureate degree earned at an institution accredited by a regional accrediting association, or the applicant has completed equivalent academic preparation as determined by the appropriate campus authority.
- b. A minimum GPA of 3.0 (on a 4.0 scale) in the last 60 semester or 90 quarter units **is required**. A 3.2 GPA is preferred.
- c. The applicant has demonstrated sufficient preparation to successfully undertake the coursework and clinical education required to practice as an occupational therapist. Evidence considered in the admission process shall include, but not be limited to:
 - i. Graduate Record Examination (GRE) scores taken within five years of application.
 - ii. An applicant-authored statement of purpose reflecting a commitment to occupational therapy, including applicant's preparation for training in this profession, aptitude and motivation, commitment to working with diverse populations and the basis for interest in occupational therapy.
 - iii. Letters of recommendation are required and a personal interview may be included.
- d. The applicant has met any additional requirements established by the chancellor in consultation with the faculty and any additional requirements prescribed by the appropriate campus authority
- e. To enter the OTD program at SJSU, the applicant must successfully complete the following prerequisites with a grade of "B" or better:
 - i. Statistics course completed within the past 7 years
 - ii. Human Anatomy with a lab (completed within the past 7 years)
 - iii. Physiology with a lab
 - iv. Neuroanatomy
 - v. General Psychology
 - vi. Abnormal Psychology
 - vii. Sociology OR Cultural Anthropology
 - viii. Skills course where the student is engaged in working with materials with their hands to produce an end product such as ceramics, sculpture, glass blowing, etc.
- f. Students may petition to have classes completed at another institution accepted for credit at SJSU but per Executive Order a minimum of 65% of semester units must be completed in residency.

Candidacy Requirements

Candidacy denotes that a student is fully qualified to complete the final stages of the Occupational Therapy degree. Matriculated graduate students must submit a Petition for Advancement to Graduate Candidacy a minimum of one semester prior to graduating. General university requirements for advancement to candidacy are detailed in the General Graduate Policies & Procedures section of this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Successful completion of OCTH 245 with a grade of "B" or better on the literature review satisfies the GWAR requirement.

Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the General Graduate Policies & Procedures section of the catalog. Completion of the degree also requires a minimum overall GPA of 3.0 and satisfying the Graduation Writing Assessment Requirement (GWAR).

Doctorate Requirements (112 units)

- OCTH 201A - Field Work Experience 3-6 *unit(s)* (6 units required)
- OCTH 201B - Advanced Field Work Experience 3-6 *unit(s)* (6 units required)

- OCTH 206D - Clinical Practice Skills for Occupational Therapy 3 *unit(s)*
- OCTH 210D - Seminar in Occupational Therapy 2-3 *unit(s)* **OR** OCTH 210ITL - Seminar in Occupational Therapy: International Experience 2-3 *unit(s)* (3 *units* required)
- OCTH 211D - Historical and Theoretical Foundations of Occupational Therapy 3 *unit(s)*
- OCTH 212D - Occupations through the Lifespan 3 *unit(s)*
- OCTH 221D - Occupational Analysis 3 *unit(s)*
- OCTH 222D - Functional Kinesiology for Occupational Therapists 3 *unit(s)*
- OCTH 245D - Introduction to Research Methods 3 *unit(s)* (GWAR)
- OCTH 276D - Practicum and Seminar 1A 3 *unit(s)*
- OCTH 286D - Practicum and Seminar 1B 4 *unit(s)*
- OCTH 505 - Occupational Therapy Doctorate Exploration I 1 *unit(s)*
- OCTH 515 - Occupational Therapy Doctorate Exploration II 2 *unit(s)*
- OCTH 516 - Evaluations in Occupational Therapy 3 *unit(s)*
- OCTH 524 - Occupational Therapy Practice in the Community 2 *unit(s)*
- OCTH 525 - OTD Exploration III 3 *unit(s)*
- OCTH 526 - Occupational Therapy with Children 3 *unit(s)*
- OCTH 533 - Professional Development - Leadership 3 *unit(s)*
- OCTH 534 - Community and Population Health 3 *unit(s)*
- OCTH 536 - Occupational Therapy with Youth 3 *unit(s)*
- OCTH 543 - Professional Development - Teaching, Learning, and Service 3 *unit(s)*
- OCTH 546 - Occupational Therapy for Young Adults 3 *unit(s)*
- OCTH 553 - Professional Development - Management 3 *unit(s)*
- OCTH 555 - Qualitative Research Methods in Occupational Therapy 3 *unit(s)*
- OCTH 556 - Occupational Therapy with Middle Aged Adults 3 *unit(s)*
- OCTH 565 - Quantitative Research Methods in Occupational Therapy 3 *unit(s)*
- OCTH 566 - Occupational Therapy for Older Adults 3 *unit(s)*
- OCTH 575 - Advanced Research Methods and Data Analysis 2 *unit(s)*
- OCTH 576 - Seminar in Professional Practice 3 *unit(s)*
- OCTH 585 - Evidence-Based Practice 3 *unit(s)*
- OCTH 586 - Advanced Occupational Therapy Practice in Mental Health 3 *unit(s)*
- OCTH 595 - Doctoral Capstone Project 3 *unit(s)*
- OCTH 591A - Capstone Experience 1 3 *unit(s)*
- OCTH 591B - Capstone Experience 2 11 *unit(s)*

Total Units Required (112 units)

Advanced Certificate(s)

Advanced Social Work Practice in Gerontology Certificate

The Certificate in Advanced Social Work Practice in Gerontology offers the opportunity to focus and build on developing advanced practice knowledge and skills relevant to social work practice with older adults. The coursework and field internship are to be completed in the Advanced year of the MSW program. Students can indicate their interest in participating in the Certificate program to the Graduate Student Advisors at any point from admission to the MSW program to prior to starting their planning for Advanced year courses. Currently, this certificate is only available to SJSU Master in Social Work students.

Certificate Prerequisites

All MSW Foundation year courses are to be completed prior to moving on to the Advanced year courses for the Certificate.

- Students in the regular 2-year program complete 32 units in the first year; Students in the Advanced Standing Program complete 9 units of summer bridge courses prior to starting the Advanced year in the fall.

Certificate Requirements (12 units)

The minimum passing grade for SCWK 250 & SCWK 251 is a "B" and a grade of "CR" for SCWK 233 and 298B in order to obtain the Certificate.

- SCWK 251 - Social Work in Health and Aging 3 *unit(s)*
- SCWK 250 - Policy Practice in Health and Aging 3 *unit(s)*
- SCWK 233 - Social Work Practicum IV 1-6 *unit(s)* (3 units required)
- SCWK 298B - Special Study B 1-4 *unit(s)* (3 units required)

Total Units Required (12 units)

Advanced Social Work Practice in Mental Health Certificate

The Certificate in Advanced Social Work Practice in Mental Health offers the opportunity to focus and build on developing advanced practice knowledge and skills relevant to social work practice in mental health settings. The coursework and field internship are to be completed in the Advanced year of the MSW program. Students can indicate their interest in participating in the Certificate program to the Graduate Student Advisors at any point from admission to the MSW program to prior to starting their planning for Advanced year courses. Currently, this certificate is only available to SJSU Master in Social Work students.

Certificate Prerequisites

All MSW Foundation year courses are to be completed prior to moving on to the Advanced year courses for the Certificate.

- Students in the regular 2-year program complete 32 units in the first year; Students in the Advanced Standing Program complete 9 units of summer bridge courses prior to starting the Advanced year in the fall.

Certificate Requirements (12 units)

The minimum passing grade for SCWK 280 & SCWK 281 is a "B" and a grade of "CR" for SCWK 233 and 298B in order to obtain the Certificate.

- SCWK 281 - Social Work in Mental Health 3 *unit(s)*
- SCWK 280 - Policy Practice in Mental Health 3 *unit(s)*
- SCWK 233 - Social Work Practicum IV 1-6 *unit(s)* (3 units required)
- SCWK 298B - Special Study B 1-4 *unit(s)* (3 units required)

Total Units Required (12 units)

Mindfulness-Based Health and Human Services Certificate

This program, offered by the Department of Occupational Therapy, provides practitioners of healthcare and human services the opportunity to develop, experience, and practice their profession through a mindfulness-based practice model and lens. The program provides curricular opportunities to build essential skills for developing mindfulness-based practices. Developing skillful and steadfast mindful self-care and compassion in the midst of our complex work is the primary focus of this training program. From this embodied experience of the mindfulness-based lens, the program will provide guidance and mentorship to appropriately integrate mindfulness into your work.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (9 units)

Certificate Prerequisites

Mindfulness-Based Stress Reduction (MBSR) Course, 8-week (9-10 session [2.5 to 3 hours per week] with All-Day Retreat Session) and proof of license as healthcare or human services professional from an accredited institution.

Required Courses (9 units)

- OCTH 205 - Mindfulness of Self in Daily Life 3 *unit(s)*
- OCTH 207 - Mindfulness and Quality of Participation in Daily Occupations 2 *unit(s)*
- OCTH 225 - Capstone Evidence-Based MBHHS Practice Project 3 *unit(s)*

Total Units Required (9 units)

Nursing Specialty Advanced Certificate

Certificate(s) Program Coordinator and Advisor: Dr. Vivian Wong.

The Valley Foundation School of Nursing offers a Nursing Specialty Advanced Certificate program for registered nurses graduated with at least a baccalaureate degree. The program allows students to choose from one or more of the following courses: wound, ostomy, and foot and nail. If students are taking only one course, they will be eligible to receive academic credits. However, if they are taking at least two courses, they will be eligible to receive an advanced academic certificate.

Each course in the Nursing Specialty Advanced Certificate consists of both didactic and practicum components, incorporating interactive lectures, discussions, and skills practice in the instructional design. The didactic portion of each course is five weeks in duration and consists of approximately 40 hours of online instruction and 20 hours of onsite instruction. Interactive classes in 3-hour blocks are conducted online via Zoom throughout each of the five-week courses. Canvas is the learning platform for instructional materials and exams. The two onsite days for each specialty are designed for skills demonstration and practice, guest lectures, and vendor exhibition. Each onsite day is an immersive 10-hour learning experience. The total didactic hours include: orientation (2-hour online class), 13 3-hour online classes, and 20 hours of onsite classes (two 10-hour days). The didactic component is equivalent to a 4-unit lecture course.

Students will be assigned to designated preceptors if they take the practicum in the Bay Area or in limited regions outside the Bay Area. Students who wish to take the practicum outside of our contracted agencies will have to locate their own preceptors. Preceptors must meet the criteria set by the Wound, Ostomy, and Continence Nurses Society™ (WOCN®) accreditation committee, and the respective agencies will be required to establish a contract agreement with our university before the practicum can begin. Students should complete a minimum of 45 hours in practicum (five hours of orientation/preceptor conference and 40 hours in preceptorship). The practicum component is equivalent to a one unit off-campus course. The total number of instructional hours (online didactic, onsite didactic, and practicum) is 100 hours, which is equivalent to a 5-unit course (4-unit didactic and 1-unit practicum). Students are required to achieve a final score of at least 80% on the didactic component and a passing credit in practicum to complete each course.

Students will be receiving five units of academic credits for each course. There will be no continuing education contact hours offered. With the certificate of completion or transcript of the academic credits, registered nurses can take the WOCN-Certification Board exams in wound care, ostomy care, and/or foot and nail care. For master's prepared nurses, they may take the Advanced Practice (AP) certification in the selected specialty.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate

may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (10-15 units)

Complete at least two courses.

- NURS 205F - Foot and Nail Care 5 *unit(s)*
- NURS 205O - Ostomy Care 5 *unit(s)*
- NURS 205W - Wound Care 5 *unit(s)*

Total Units Required (10-15 units)

Credential(s)

Credentials are primarily granted by the California Commission on Teaching Credentialing. This excludes the Credential in Spanish Language Counseling.

Credential in Spanish Language Counseling

A Credential in Spanish Language Counseling, offered by the School of Social Work, is available to students who, through coursework or examination, show evidence of competency to conduct counseling/ therapy in Spanish.

This credential is for BASW and MSW students demonstrating advanced levels of Spanish language proficiency and social work practice skills. There are two ways of obtaining the certificate: (1) taking SCWK 224, an elective course that uses cultural, linguistic competencies, and social work skills in the delivery of services to Latino client systems; (2) taking an exam (offered near the time of graduation). For more information, please contact socialwork@sjsu.edu.

Pupil Personnel Services (PM-PPSC) Post-Master's Credential

Post-Master's Pupil Personnel Services Credential (PM-PPSC), offered by the School of Social Work, prepares individuals already with an MSW degree to qualify to be credentialed by the State of California as school social workers. Please see the School of Social Work website for PM-PPSC program website information and application process.

Students accepted into the PM-PPSC program must take and pass the following courses offered through Special Sessions. For more information, please contact socialwork@sjsu.edu.

Credential Requirements (7-10 units)

- SCWK 263 - Social Work and the Law 3 *unit(s)*
- SCWK 272 - Social Work in Educational Settings 3 *unit(s)*
- An appropriate school-based internship approved by the Field Education program, i.e., through SCWK 230 and SCWK 231 1-4 *unit(s)*

Total Units Required (7-10 units)

Pupil Personnel Services (PPSC) Credential (Social Work)

The Pupil Personnel Services Credential (PPSC), offered by the School of Social Work, may be obtained by students who are completing the MSW degree in our program, the CBEST, and meet the PPSC program requirements. The PPSC is obtained in School Social Work and Child Welfare and Attendance. Students must accept placement in an approved PPSC program school setting for their second-year practicum.

- Students in the MSW Program must consult with the MSW Program Coordinator and Advisor prior to starting the process to earn a PPSC.
- While enrolled in the MSW Program, students wanting to earn a PPSC must take and pass the following courses:

Credential Requirements (14-16 units)

- SCWK 263 - Social Work and the Law 3 *unit(s)*
- SCWK 272 - Social Work in Educational Settings 3 *unit(s)*
- An appropriate school-based internship approved by the Field Education program, i.e., through SCWK 232 and SCWK 233 8-10 *unit(s)*

Total Units Required (14-16 units)

Added Authorization(s)

Added Authorizations are granted by the California Commission on Teaching Credentialing and extend special authorization to specific audiences.

Adapted Physical Education Added Authorization

The Adapted Physical Education Added Authorization (APEAA), offered by the Department of Kinesiology, allows an educator to provide students with disabilities a specially designed physical education program as determined by the Commission on Teacher Credentialing (CTC).

Students in the Kinesiology, Preparation for Teaching, BS major take 5 of the 6 required APEAA courses; completing these courses will help students to efficiently obtain the APEAA upon completion of their single subject PE credential. If interested in obtaining the APEAA, students should contact the program co-coordinators Dr. Jihyun Lee and Dr. Erin Siebert.

Authorization Requirements (18 units)

- KIN 107 - Adapted Aquatics 2 *unit(s)*
- KIN 108 - Adapted Physical Activity for Young Adults with Disabilities 2 *unit(s)*
- KIN 156 - Introduction to Adapted Physical Activity 3 *unit(s)*
- KIN 159 - Sport and Adapted Activities 3 *unit(s)*
- KIN 174 - Assessment of Psychomotor Function 3 *unit(s)*
- KNED 189 - Student Teaching Seminar in Adapted PE 2-5 *unit(s)* (5 *units required*)

Total Units Required (18 units)

Spartan Accelerated Graduate Education (SAGE) Scholars

Spartan Accelerated Graduate Education (SAGE) Programs programs are combined bachelor's and master's programs at SJSU (per University Policy F19-1). Sometimes they may also satisfy the requirements for a credential. Students in these programs pursue a bachelor's and master's degree simultaneously. These program allow students to earn graduate credit while in their junior and/or senior year, reducing the number of semesters required for completion of a master's degree.

Kinesiology, Preparation for Teaching, BS + Single Subject Credential in Physical Education + Teaching, MAT

This Spartan Accelerated Graduate Education (SAGE) Scholars Program prepares students to become physical education and/or adapted physical education teachers in K-12 schools. The program allows qualified students to simultaneously complete the requirements for the Kinesiology, Preparation for Teaching, BS, Single Subject Credential - Physical Education and Teaching, MAT (with optional Spanish bilingual and Adapted Physical Education Authorizations). The BS Kinesiology, Preparation for Teaching, offered by the Department of Kinesiology, is a California Commission on Teacher Credentialing (CCTC) approved subject matter preparation program (SMPP) to attain subject matter competency (SMC). SMC is needed for entry into a physical education single subject credential program. Students can progress from undergraduate to graduate status seamlessly, with a simplified application process and no application fee. They complete all degrees in less time as compared to completing them separately.

To add a Spanish Bilingual Authorization to this pathway, students simultaneously apply to the Critical Bilingual Authorization program (CBAP). This requires an additional personal essay in their SAGE Scholars application and an interview in Spanish. CBAP students take one credential course in Spanish (EDTE 208B instead of EDTE 208) and take specified sections of several other credential courses. They do their student teaching in bilingual classrooms and are required to register for 2 seminars of EDTE 297B - Advanced Issues in Bilingual Education (2 units) during their student teaching semesters, for an additional 4 units.

The Adapted Physical Education Added Authorization (APEAA) is partially blended into the Preparation for Teaching, BS, in Kinesiology. To add the APEAA to this pathway, students need to complete an additional APE student teaching course (KNED 189). Students are eligible to take this course after they have completed all of the prerequisite APEAA courses with a B or better and have completed or are concurrently completing their PE student teaching. APEAA students are required to complete an additional 150 fieldwork hours organized by the APEAA co-coordinators in community and PK-14 settings and attend the APE seminars during their student teaching course.

Total SAGE Program Units (BS + Credential + MAT) 163

For more information, contact **SAGE Program Coordinator**: David Daum.

Admissions Requirements

Most native and transfer students will become eligible to apply for the SAGE Scholars program in the Fall semester of Year 3 and enter the pathway during the Spring semester of Year 3. Applications will be processed by the Department of Teacher Education and without an application fee. Students will not need to apply formally for graduate admission if accepted into this program. To be eligible:

- Students must have successfully completed a minimum of 60 undergraduate degree applicable units and not more than 120 undergraduate degree applicable units at the time of program;
- Students must be enrolled in or have completed the undergraduate Graduation Writing Assessment Requirement (GWAR) prior to admission into the program;
- Students must have a minimum 2.75 cumulative GPA at the time of admission. GPA is calculated by the last 60 semester (or 90 quarter) units taken or a student's cumulative GPA, whichever is higher. Note that this is a higher GPA standard than other SAGE Scholars programs; and,
- Students must meet the Master of Art in Teaching and Single Subject Credential admissions requirements.

Students who have reached up to their first semester as classified seniors will remain eligible for entry into the SAGE program. Second semester, senior-level students enrolled in the term they expect to graduate from their baccalaureate degree are not eligible to enter into the SAGE program as these students will not gain the accelerated graduate-level benefit offered through the SAGE blended program option.

Graduate Standing Requirements

Continuation requirements: SAGE Scholars must meet the same requirements to remain in the undergraduate and graduate programs as students in traditional pathways. Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Successfully complete 9 units of graduate coursework in the Secondary Education program;
- Maintain GPA of 3.0 or higher;
- Demonstrate aptitude for advanced work in professional education as measured by instructor appraisals, evaluation of previous academic work, recommendation by qualified professionals, or other assessments;
- Meet with a graduate advisor to plan a formal course of study. The MAT degree approved programs are individually designed to meet specific student objectives;
- To enter student teaching, students must have completed the Subject Matter Competency requirements (CSETs or Subject Matter Competency waiver, if applicable). CBA students must pass the CSET-LOTE prior to student teaching;
- To convert to graduate status, students must have completed their 45 hours of pre-professional service in a public school setting: 25(+) in the secondary subject area and up to 20 hours any work with youth;
- To convert to graduate status, students must have completed all *lower-division* work (including lower and upper-division general education courses and American Institutions courses); and,
- The proposed graduate program must be approved by the graduate coordinator before the student may be considered a candidate for the MAT degree.
- Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are satisfied with required courses in the major: GE Area B. Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units.

Graduation requirements: SAGE Scholars must meet the same undergraduate graduation requirements as Kinesiology, Preparation for Teaching majors, including University and GE requirements, to be conferred the BS. As graduate students, SAGE Scholars must meet all current graduate program requirements. Upon completion of the credential requirements, students must have achieved a SJSU cumulative grade point average of 3.0 in their graduate work order to be recommended for a credential.

Program Requirements (163 units)

Kinesiology, Preparation for Teaching, BS (117 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Major-Specific Graduation Requirements: Students in this major must complete all courses Major Preparation and Requirements with a "C- or better" to graduate. The following course in Major Preparation must be passed with a "C or better": KIN 100W.

Adapted Physical Education Added Authorization: The Adapted Physical Education Added Authorization (APEAA) allows an educator to provide students with disabilities a specially designed physical education program as determined by the Commission on Teacher Credentialing (CTC). Students in the Kinesiology, Preparation for Teaching major take 5 of the 6 required APEAA courses; completing these courses will help students to efficiently obtain the APEAA upon completion of their single subject PE credential. If interested in obtaining the APEAA, students should contact the program co-coordinators Dr. Jihyun Lee and Dr. Erin Siebert.

University Requirements (41 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass KIN 100W with a grade of "C" or better ("C-" not accepted).

- GE Areas A, C, D/American Institutions (US123), E, F, R, S, V 39 *unit(s)*
- Physical Education 2 *unit(s)*

Major Preparation (18 units)

- BIOL 65 - Human Anatomy 4 *unit(s)* (B2+B3) (BIOL 65O may also be used to meet this requirement. This course does not include a human cadaver lab.)
- BIOL 66 - Human Physiology 5 *unit(s)* (B2+B3)
- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3)
- KIN 100W - Writing Workshop 3 *unit(s)* (WID)
- Mathematics/Quantitative Reasoning 3 *unit(s)* (Area B4)

Major Requirements (58 units)

Core Courses

- KIN 70 - Introduction to Kinesiology 3 *unit(s)*
- KIN 155 - Exercise Physiology 3 *unit(s)*
- KIN 158 - Biomechanics 3 *unit(s)*
- KIN 175 - Measurement and Evaluation in Kinesiology 3 *unit(s)*
- KIN 185 - Senior Seminar 1 *unit(s)*
- Six activity courses from at least four different movement areas (*in addition to 2 units of the Undergraduate Graduation Requirement*) 6 *unit(s)*
- KIN 160 - History of Sport and Physical Education **OR** KIN 161 - Philosophical Perspectives of Sport **OR** KIN 164 - Sociocultural Perspectives 3 *unit(s)*
- KIN 165 - Motor Development 3 *unit(s)*

Major Required Courses

- KIN 105 - Water Safety Instructor's Course 2 *unit(s)* (*Age Requirement: minimum of 18 years*)
- KIN 107 - Adapted Aquatics 2 *unit(s)*
- KIN 108 - Adapted Physical Activity for Young Adults with Disabilities 2 *unit(s)*
- KIN 156 - Introduction to Adapted Physical Activity 3 *unit(s)*
- KIN 159 - Sport and Adapted Activities 3 *unit(s)*
- KIN 172 - Elementary School Programs, K-6 3 *unit(s)* (*spring only*) (*includes 20 hours pre-professional hours*)
- KIN 173 - Introduction to Teaching Physical Education and Non-Traditional Sports 3 *unit(s)* (*fall only*)
- KIN 174 - Assessment of Psychomotor Function 3 *unit(s)*
- KIN 178 - Management Practices for Physical Education Teachers 3 *unit(s)* (*fall only*) (*includes 20 hours pre-professional hours*)
- KIN 179 - Design and Assessment of Movement Experiences 3 *unit(s)* (*spring only*)
- KIN 166 - Motor Learning 3 *unit(s)*
- KIN 167 - Sports Psychology 3 *unit(s)* **OR** KIN 168 - Psychology of Coaching 3 *unit(s)* **OR** KIN 176 - Exercise Psychology 3 *unit(s)*

Teaching, MAT + Single Subject Credential in Physical Education (46 units)

Upon completion of the MAT and credential requirements, students must have achieved a SJSU cumulative grade point average of 3.0 in order to be recommended for a credential. Completion of the MAT also requires a minimum grade of "C" in all courses taken and a minimum overall GPA of 3.0.

Spanish Bilingual Authorization: Complete student teaching (EDSC 184X/SSED 184Y/SSED 184Z) in Spanish bilingual classrooms and attend an extra seminar session in these student teaching classes; and take the three advisor designated courses in Spanish.

Adapted Physical Education Added Authorization (APEAA): Complete APE student teaching (KNED 189) in PK-14 settings and attend APE seminar sessions as a part of the student teaching class. Completion of the APEAA also requires a minimum grade of "B" in all prerequisite courses.

- EDTE 208 - Educational Sociology 3 *unit(s)*
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)* (*Multicultural Foundations*) (*EDSC 173 also accepted*)
- EDTE 250 - Qualitative Research in Education 3 *unit(s)* (*Research Core*) (*GWAR*)
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 282 - Assessment and Evaluation 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*
- EDTE 297C - CalTPA Support 1 *unit(s)*
- KNED 339 - Instructional Materials and Procedures in Physical Education 3 *unit(s)*
- EDSC 184P - Introduction to Student Teaching 1 *unit(s)*
- EDSC 184X - Student Teaching I 6 *unit(s)* (*6 units required*)
- KNED 184Y - Student Teaching II: Classroom Teaching 4 *unit(s)*
- KNED 184Z - Student Teaching III - Classroom Teaching 4 *unit(s)*

Culminating Experience (6 units)

Students must satisfy the culminating experience requirement by completing Plan A (Thesis) or Plan B (Project), and a **presentation on the same at the department's colloquium**, which is held near the end of each fall and spring semester.

Plan A (Thesis): Write a master's thesis. The thesis will include original research on a topic approved by the thesis committee, and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. The thesis identifies the problem, states the major assumptions, explains the significance of the undertaking, sets forth the sources for and methods of gathering information, analyzes the data, and offers a conclusion or recommendation. Thesis proposals must be approved by the graduate committee, which is made up of two department faculty and a third faculty member from outside the department. Students enroll in:

- EDTE 299 - Master's Thesis

Plan B (Project): Complete a master's project report. A project is a significant undertaking that evidences originality and independent thinking, appropriate form and organization, and a rationale. It is described and summarized in a report that includes the project's significance, objectives, methodology and a conclusion or recommendation. Students enroll in:

- EDTE 298 - Special Studies in Education

Total Units Required (163 units)

Note: The standalone Kinesiology, Preparation for Teaching, BS program requires the completion of 3 units of Guided Elective. Students satisfy this requirement in this SAGE Scholars Program by completing KNED 339. These 3 units are considered to count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the 120-unit minimum for the bachelor's degree.

Nutritional Science, Applied Nutrition and Food Sciences Concentration, BS + Nutritional Science MS

The Nutritional Science Spartan Accelerated Graduate Education (SAGE) Scholars Program is designed to meet the needs of the student who is working towards a baccalaureate degree and seeks advanced preparation in nutrition science, nutrition education, geriatric nutrition, and foodservice/restaurant management. The program is intended to prepare candidates to assume leadership roles in their profession and communities and to provide the opportunity to acquire a foundation for doctoral study.

Our Nutritional Science MS graduates have earned doctorates, become college and university faculty, been employed in private, federal, and state research institutions, and have established their own private practice or consulting business.

The Nutritional Science SAGE Program enables qualified students in the Bachelor of Science in Nutritional Science program to simultaneously complete the requirements for both the baccalaureate and master's degrees. Students can progress from undergraduate to graduate status seamlessly, with a simplified application process and no application fee, and complete both degrees in a year's less time as compared to completing them separately. This will provide significant cost savings to the student.

Total SAGE Program Units (BS + MS) 141

For more information, contact the **SAGE Scholars Program Coordinator** Dr. Xi Feng.

Admissions Requirements

1. Be enrolled in or have completed the undergraduate Graduation Writing Assessment Requirement (100W/GWAR) prior to admission into the SAGE Scholars program);
2. Successfully completed a minimum of 60 Nutritional Science BS applicable units and not more than 120 undergraduate degree applicable units at the time of admission in the program;

3. Completed NUFS 106A and NUFS 100W with grades of "C" or better;
4. Minimum 3.0 cumulative SJSU GPA at time of admission. GPA is calculated by the last 60 semester (or 90 quarter) units taken or a student's SJSU cumulative GPA, whichever is higher; and,
5. Completed all lower-division work (designated 1-99, including lower-division general education courses and American Institutions courses).

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

1. Students must maintain a GPA of 3.0 or higher. Students in the first four years of the program who do not maintain these standards will be withdrawn from the SAGE Scholars program and returned to the non-SAGE BS in Nutritional Science program.
2. Students may apply for the master's program at that point like any other non-SAGE Scholars applicant.
3. Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are satisfied with required courses in the major: GE Area B and SJSU Studies Area S. Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units unless they are listed in the University Electives section of the major.

Program Requirements (141 units)

Nutritional Science, Applied Nutrition and Food Sciences Concentration (120 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

University Requirements (32 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass NUFS 100W or PH 100W with a grade of "C" or better ("C-" not accepted).

- GE Areas A, C, D/American Institutions (US123), F, and SJSU Studies Area R or V (30 units)
- Physical Education (2 units)

Major Preparation (19 units)

- BIOL 66 - Human Physiology 5 unit(s) (B2+B3)
- CHEM 1A - General Chemistry 5 unit(s) (B1+B3)
- CHEM 30B - Introductory Chemistry 3 unit(s)
- NUFS 100W - Writing Workshop 3 unit(s) (WID)

Complete one course:

- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)
- PH 67 - Introductory Health Statistics 3 *unit(s)* (B4) (UNVS 15 may be used in lieu of the statistics course required by this major.)

Major Requirements (66 units)

Major Core (34 units)

- NUFS 8 - Nutrition for the Health Professions 3 *unit(s)*
- NUFS 20 - Sanitation and Environmental Issues in the Hospitality Industry 2 *unit(s)*
- NUFS 31 - Professionalism in Nutrition, Food Science and Packaging 1 *unit(s)*
- NUFS 101A - Food Science 4 *unit(s)*
- NUFS 103 - Food Processing and Packaging I 2 *unit(s)*
- NUFS 106A - Human Nutrition in the Life Span 3 *unit(s)*
- NUFS 106B - Research Methodology in Nutrition and Food Science 3 *unit(s)*
- NUFS 111 - Foodservice Production Management 3 *unit(s)*
- NUFS 134 - Multicultural Complementary and Alternative Medicine 3 *unit(s)* (S)
- NUFS 151 - Food Microbiology 2 *unit(s)*
- NUFS 192 - Field Experience in Nutrition and Food Science and Packaging Technology 1-6 *unit(s)*
- PKG 107 - Principles of Packaging 3 *unit(s)*

Complete one course:

- NUFS 139 - Hunger and Environmental Nutrition 3 *unit(s)* (R)
- NUFS 144 - Food Culture: Consuming Passions 3 *unit(s)* (V)

Applied Nutrition and Food Sciences Concentration (32 units)

Complete 32 units from:

- CHEM 132 - Introductory Biochemistry 4 *unit(s)*
- CHEM 132L - Introductory Biochemistry Lab 1 *unit(s)*
- ENVS 1 - Introduction to Environmental Issues 3 *unit(s)* (D)
- KIN 155 - Exercise Physiology 3 *unit(s)*
- NUFS 10 - Basic Life Skills 3 *unit(s)* (E)
- NUFS 21 - Culinary Principles and Practice 3 *unit(s)*
- NUFS 22 - Catering and Beverage Management 3 *unit(s)*
- NUFS 103L - Food Processing Laboratory 1 *unit(s)*
- NUFS 104A - Cultural Aspects of Food 3 *unit(s)*
- NUFS 105 - Current Issues in Nutrition 3 *unit(s)*
- NUFS 108A - Nutrition and Metabolism 3 *unit(s)*
- NUFS 114A - Community Nutrition for Majors 3 *unit(s)*
- NUFS 116 - Aging and Nutrition 3 *unit(s)*
- NUFS 117 - Food Evaluation Techniques 3 *unit(s)*
- NUFS 118 - Food Chemistry 3 *unit(s)*
- NUFS 122 - Chemical Analysis of Food 3 *unit(s)*
- NUFS 123 - Nutrition for Sport 3 *unit(s)*

- NUFS 124 - Disordered Eating and Nutrition Therapy 3 *unit(s)*
- NUFS 150 - Food and Nutritional Toxicology 2 *unit(s)*
- NUFS 180 - Individual Studies 1-6 *unit(s)*
- NUFS 190 - Nutrition Education and Counseling 3 *unit(s)*
- NUFS 194 - Entrepreneurial Nutrition 1 *unit(s)*
- SPAN 1A - Elementary Spanish 4 *unit(s)* **OR** SPAN 4A - Basic Spanish I 4 *unit(s)* (or by advertisement)

University Electives (3 units)

Nutritional Science, MS (21 units)

Core Courses (18 units)

- NUFS 201 - Colloquium in Nutrition, Food Science and Packaging 3 *unit(s)*
- NUFS 217 - Issues in Nutrition, Food and Packaging 3 *unit(s)* (GWAR)
- NUFS 257 - Biostatistics in Research 3 *unit(s)*
- NUFS 295A - Research Methodology 3 *unit(s)*

Complete two courses:

- NUFS 219A - Advanced Nutrition and Metabolism 3 *unit(s)*
- NUFS 219B - Seminar in Advanced Topics in Human Nutrition & Dietetics 3 *unit(s)*
- NUFS 220A - Advanced Medical Nutrition Therapy 3 *unit(s)*
- NUFS 242 - Advanced Foodservice/Restaurant Management 3 *unit(s)*
- NUFS 243 - Nutrition and Dietetics Leadership 3 *unit(s)*
- NUFS 260 - Multidisciplinary Health Promotion in Later Life 3 *unit(s)*
- PKG 270 - Package Design for End Use 3 *unit(s)*

Culminating Experience (3 units)

Plan B (Project)

For this plan, the student is required to complete NUFS 298 - Special Studies in Nutrition, Food Science and Packaging and submit a written project in publication format. A bound copy of the project must be submitted to the Nutrition, Food Science and Packaging Department and to the student's project advisor.

- NUFS 298 - Special Studies in Nutrition, Food Science and Packaging 1-6 *unit(s)* (3 units required)

Total Units Required (141 units)

The standalone Nutritional Science, MS program requires 9 units of courses in a Specialization Area. Students satisfy this requirement in this SAGE Scholars Program by completing 9 units from NUFS 114A, 117, 118, 122, 123, 124, 150, and 190 in the Nutritional Science, Applied Nutrition Concentration BS program. These 9 credits are considered to count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

To support student success, the SAGE program allows for extended enrollment to accommodate unforeseen circumstances or personal commitments. Students have the option to add an additional semester to ensure they complete all program requirements.

Nutritional Science, Dietetics Concentration, BS + Nutritional Science MS

The Nutritional Science Spartan Accelerated Graduate Education (SAGE) Scholars Program is designed to meet the needs of the student who has a baccalaureate degree and seeks advanced preparation in nutrition science, nutrition education, geriatric nutrition, and foodservice/restaurant management. The program is intended to prepare candidates to assume leadership roles in their profession and communities and to provide the opportunity to acquire a foundation for doctoral study.

Our Nutritional Science, MS graduates have earned doctorates, become college and university faculty, been employed in private, federal, and state research institutions, and have established their own private practice or consulting business. In the process of fulfilling requirements for the SAGE MS degree, students who have completed the dietetics concentration will meet the academic requirements of the Academy of Nutrition and Dietetics (AND) and the Accreditation Council for Education in Nutrition and Dietetics (ACEND) toward becoming a registered dietitian.

The Nutritional Science SAGE Program enables qualified students in the Bachelor of Science in Nutritional Science program to simultaneously complete the requirements for both the baccalaureate and master's degrees. Students can progress from undergraduate to graduate status seamlessly, with a simplified application process and no application fee, and complete both degrees in a year's less time as compared to completing them separately. This will provide significant cost savings to the student.

Total SAGE Program Units (BS + MS) 141

For more information, contact the **SAGE Scholars Program Coordinator** Dr. Xi Feng.

Admissions Requirements

1. Be enrolled in or have completed the undergraduate Graduation Writing Assessment Requirement (100W/GWAR) prior to admission into the SAGE Scholars program;
2. Successfully completed a minimum of 60 Nutritional Science BS applicable units and not more than 120 undergraduate degree applicable units at the time of admission in the program;
3. Completed NUFS 106A and NUFS 100W with grades of "C" or better;
4. Minimum 3.0 cumulative SJSU GPA at time of admission;
5. Completed all lower-division work (designated 1-99, including lower-division general education courses and American Institutions courses).

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

1. Students must maintain a GPA of 3.0 or higher. Students in the first four years of the program who do not maintain these standards will be removed from the SAGE Scholars program and returned to the non-SAGE BS in Nutritional Science program. In that event, students in the dietetics concentration will be eligible for the Nutrition and Dietetic Technician Registered (NDTR) credential.
2. Students may apply for the master's program at that point like any other non-SAGE Scholars applicant.
3. Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are satisfied with required courses in the major: GE Area B and SJSU Studies Area S. Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units.

Program Requirements (141 units)

Nutritional Science, Dietetics Concentration (120 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

University Requirements (35 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass NUFS 100W or PH 100W with a grade of "C" or better ("C-" not accepted).

- GE Areas A, C, D/American Institutions (US123), F, and SJSU Studies Area R or V (30 units)
- Physical Education (2 units)

Major Preparation (24 units)

- BIOL 66 - Human Physiology 5 unit(s) (B2+B3)
- CHEM 1A - General Chemistry 5 unit(s) (B1+B3)
- CHEM 30B - Introductory Chemistry 3 unit(s)
- CHEM 132 - Introductory Biochemistry 4 unit(s)
- CHEM 132L - Introductory Biochemistry Lab 1 unit(s)
- NUFS 100W - Writing Workshop 3 unit(s) (WID)

Complete one course:

(UNVS 15 may be used in lieu of the statistics course required by this major.)

- STAT 95 - Elementary Statistics 3 unit(s) (B4)
- PH 67 - Introductory Health Statistics 3 unit(s) (B4)

Major Requirements (61 units)

Major Core (34 units)

- NUFS 8 - Nutrition for the Health Professions 3 unit(s)
- NUFS 20 - Sanitation and Environmental Issues in the Hospitality Industry 2 unit(s)
- NUFS 31 - Professionalism in Nutrition, Food Science and Packaging 1 unit(s)
- NUFS 101A - Food Science 4 unit(s)
- NUFS 103 - Food Processing and Packaging I 2 unit(s)
- NUFS 106A - Human Nutrition in the Life Span 3 unit(s)
- NUFS 106B - Research Methodology in Nutrition and Food Science 3 unit(s)
- NUFS 111 - Foodservice Production Management 3 unit(s)
- NUFS 134 - Multicultural Complementary and Alternative Medicine 3 unit(s) (S)

- NUFS 151 - Food Microbiology 2 *unit(s)*
- NUFS 192 - Field Experience in Nutrition and Food Science and Packaging Technology 1-6 *unit(s)*
- PKG 107 - Principles of Packaging 3 *unit(s)*

Complete one course:

- NUFS 139 - Hunger and Environmental Nutrition 3 *unit(s)* (R)
- NUFS 144 - Food Culture: Consuming Passions 3 *unit(s)* (V)

Dietetics Concentration (27 units)

- NUFS 108A - Nutrition and Metabolism 3 *unit(s)*
- NUFS 109 - Advanced Nutrition 3 *unit(s)*
- NUFS 110A - Medical Nutrition Therapy 3 *unit(s)*
- NUFS 110B - Medical Nutrition Therapy 3 *unit(s)*
- NUFS 113 - Foodservice Systems: Mgmt & Proc 3 *unit(s)*
- NUFS 114A - Community Nutrition for Majors 3 *unit(s)*
- NUFS 190 - Nutrition Education and Counseling 3 *unit(s)*

Complete 6 units (or by Advisement):

- NUFS 21 - Culinary Principles and Practice 3 *unit(s)*
- NUFS 22 - Catering and Beverage Management 2 *unit(s)*
- NUFS 103L - Food Processing Laboratory 1 *unit(s)*
- NUFS 104A - Cultural Aspects of Food 3 *unit(s)*
- NUFS 105 - Current Issues in Nutrition 3 *unit(s)*
- NUFS 116 - Aging and Nutrition 3 *unit(s)*
- NUFS 123 - Nutrition for Sport 3 *unit(s)*
- NUFS 124 - Disordered Eating and Nutrition Therapy 3 *unit(s)*
- NUFS 180 - Individual Studies 1-6 *unit(s)*
- NUFS 194 - Entrepreneurial Nutrition 1 *unit(s)*
- SPAN 1A - Elementary Spanish 4 *unit(s)* (C2) OR SPAN 4A - Basic Spanish I 4 *unit(s)* (or by advisement)

Nutritional Science, MS (21 units)

Core Courses (18 units)

- NUFS 201 - Colloquium in Nutrition, Food Science and Packaging 3 *unit(s)*
- NUFS 217 - Issues in Nutrition, Food and Packaging 3 *unit(s)* (GWAR)
- NUFS 257 - Biostatistics in Research 3 *unit(s)*
- NUFS 295A - Research Methodology 3 *unit(s)*

Complete two courses:

- NUFS 219A - Advanced Nutrition and Metabolism
- NUFS 219B - Seminar in Advanced Topics in Human Nutrition & Dietetics
- NUFS 220A - Advanced Medical Nutrition Therapy
- NUFS 242 - Advanced Foodservice/Restaurant Management
- NUFS 243 - Nutrition and Dietetics Leadership
- NUFS 260 - Multidisciplinary Health Promotion in Later Life
- PKG 270 - Package Design for End Use

Culminating Experience (3 units)

Plan B (Project)

For this plan, the student is required to complete NUFS 298 - Special Studies in Nutrition, Food Science and Packaging and submit a written project in publication format. A bound copy of the project must be submitted to the Nutrition, Food Science and Packaging Department and to the student's project advisor.

- NUFS 298 - Special Studies in Nutrition, Food Science and Packaging 1-6 unit(s) (3 units required)

Total Units Required (141 units)

The standalone Nutritional Science, MS program requires 9 units of courses in a Specialization Area. Students satisfy this requirement in this SAGE Scholars Program by completing 9 units from NUFS 108A, NUFS 109, NUFS 110A, and NUFS 110B in the Nutritional Science, Dietetics Concentration BS program. These 9 credits are considered to count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

Documentation of a minimum of 450 hours of dietetics work/volunteer experience is required before applying for the Dietetic Internship. These hours must be completed before the application semester.

NUFS 220A - Advanced Medical Nutrition Therapy is a required course for SAGE students in the Dietetics concentration who will be planning for the SJSU Dietetic Internship.

To support student success, the SAGE program allows for extended enrollment to accommodate unforeseen circumstances or personal commitments. Students have the option to add an additional semester to ensure they complete all program requirements.

Nutritional Science, Food Management Concentration, BS + Nutritional Science MS

The Nutritional Science Spartan Accelerated Graduate Education (SAGE) Scholars Program is designed to meet the needs of the student who has a baccalaureate degree and seeks advanced preparation in nutrition science, nutrition education, geriatric nutrition, and foodservice/restaurant management. The program is intended to prepare candidates to assume leadership roles in their profession and communities and to provide the opportunity to acquire a foundation for doctoral study.

Our Nutritional Science, MS graduates have earned doctorates, become college and university faculty, been employed in private, federal, and state research institutions, and have established their own private practice or consulting business.

The Nutritional Science SAGE Program enables qualified students in the Bachelor of Science in Nutritional Science program to simultaneously complete the requirements for both the baccalaureate and master's degrees. Students can progress from undergraduate to graduate status seamlessly, with a simplified application process and no application fee, and complete both degrees in a year's less time as compared to completing them separately. This will provide significant cost savings to the student.

Total SAGE Program Units (BS + MS) 141

For more information, contact the **SAGE Scholars Program Coordinator** Dr. Xi Feng.

Admissions Requirements

1. Be enrolled in or have completed the undergraduate Graduation Writing Assessment Requirement (100W/GWAR) prior to admission into the SAGE Scholars program;
2. Successfully completed a minimum of 60 Nutritional Science BS applicable units and not more than 120 undergraduate degree applicable units at the time of admission in the program;
3. Completed NUFS 106A and NUFS 100W with grades of "C" or better;
4. Minimum 3.0 cumulative SJSU GPA at time of admission;
5. Completed all lower-division work (designated 1-99, including lower-division general education courses and American Institutions courses).

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

1. Students must maintain a GPA of 3.0 or higher. Students in the first four years of the program who do not maintain these standards will be removed from the SAGE Scholars program and returned to the non-SAGE BS in Nutritional Science program.
2. Students may apply for the master's program at that point like any other non-SAGE Scholars applicant.
3. Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are satisfied with required courses in the major: GE Area B and SJSU Studies Area S. Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units.

Program Requirements (141 units)

Nutritional Science, Food Management Concentration (120 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

University Requirements (35 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass NUFS 100W or PH 100W with a grade of "C" or better ("C-" not accepted).

- GE Areas A, C, D/American Institutions (US123), F, and SJSU Studies Area R or V (30 units)
- Physical Education (2 units)

Major Preparation (17 units)

- BIOL 66 - Human Physiology 5 *unit(s)* (B2+B3)
- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3)
- CHEM 30B - Introductory Chemistry 3 *unit(s)*
- NUFS 100W - Writing Workshop 3 *unit(s)* (WID)

Complete one course:

- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)

- PH 67 - Introductory Health Statistics 3 *unit(s)* (B4)

Major Requirements (68 units)

Major Core (34 units)

- NUFS 8 - Nutrition for the Health Professions 3 *unit(s)*
- NUFS 20 - Sanitation and Environmental Issues in the Hospitality Industry 2 *unit(s)*
- NUFS 31 - Professionalism in Nutrition, Food Science and Packaging 1 *unit(s)*
- NUFS 101A - Food Science 4 *unit(s)*
- NUFS 103 - Food Processing and Packaging I 2 *unit(s)*
- NUFS 106A - Human Nutrition in the Life Span 3 *unit(s)*
- NUFS 106B - Research Methodology in Nutrition and Food Science 3 *unit(s)*
- NUFS 111 - Foodservice Production Management 3 *unit(s)*
- NUFS 134 - Multicultural Complementary and Alternative Medicine 3 *unit(s)* (S)
- NUFS 151 - Food Microbiology 2 *unit(s)*
- NUFS 192 - Field Experience in Nutrition and Food Science and Packaging Technology 1-6 *unit(s)*
- PKG 107 - Principles of Packaging 3 *unit(s)*

Complete one course:

- NUFS 139 - Hunger and Environmental Nutrition 3 *unit(s)* (R)
- NUFS 144 - Food Culture: Consuming Passions 3 *unit(s)* (V)

Food Management Concentration (23 units)

- BUS1 20N - Survey of Accounting 3 *unit(s)*
- NUFS 21 - Culinary Principles and Practice 3 *unit(s)*
- NUFS 22 - Catering and Beverage Management 3 *unit(s)*
- NUFS 25 - Internship in Foodservice Management 1-2 *unit(s)* (2 units required)
- NUFS 104A - Cultural Aspects of Food 3 *unit(s)*
- NUFS 113 - Foodservice Systems: Mgmt & Proc 3 *unit(s)*
- NUFS 114A - Community Nutrition for Majors 3 *unit(s)*
- NUFS 190 - Nutrition Education and Counseling 3 *unit(s)*

Major Electives (11 units)

Complete 11 units from the following (or by advisement):

- NUFS 10 - Basic Life Skills 3 *unit(s)* (E)
- NUFS 103L - Food Processing Laboratory 1 *unit(s)*
- NUFS 105 - Current Issues in Nutrition 3 *unit(s)*
- NUFS 116 - Aging and Nutrition 3 *unit(s)*
- NUFS 194 - Entrepreneurial Nutrition 1 *unit(s)*
- PKG 169 - Food Packaging and Preservation 3 *unit(s)*
- SPAN 1A - Elementary Spanish 4 *unit(s)* (C2) OR SPAN 4A - Basic Spanish I 4 *unit(s)*

Nutritional Science, MS (21 units)

Core Courses (18 units)

- NUFS 201 - Colloquium in Nutrition, Food Science and Packaging 3 *unit(s)*
- NUFS 217 - Issues in Nutrition, Food and Packaging 3 *unit(s)* (GWAR)
- NUFS 257 - Biostatistics in Research 3 *unit(s)*
- NUFS 295A - Research Methodology 3 *unit(s)*

Complete two courses:

- NUFS 219A - Advanced Nutrition and Metabolism 3 *unit(s)*
- NUFS 219B - Seminar in Advanced Topics in Human Nutrition & Dietetics 3 *unit(s)*
- NUFS 220A - Advanced Medical Nutrition Therapy 3 *unit(s)*
- NUFS 242 - Advanced Foodservice/Restaurant Management 3 *unit(s)*
- NUFS 243 - Nutrition and Dietetics Leadership 3 *unit(s)*
- NUFS 260 - Multidisciplinary Health Promotion in Later Life 3 *unit(s)*
- PKG 270 - Package Design for End Use 3 *unit(s)*

Culminating Experience (3 units)

Plan B (Project) For this plan, the student is required to complete NUFS 298 - Special Studies in Nutrition, Food Science and Packaging and submit a written project in publication format. A bound copy of the project must be submitted to the Nutrition, Food Science and Packaging Department and to the student's project advisor.

- NUFS 298 - Special Studies in Nutrition, Food Science and Packaging 1-6 *unit(s)* (3 units required)

Total Units Required (141 units)

The standalone Nutritional Science, MS program requires 9 units of courses in a Specialization Area. Students satisfy this requirement in this SAGE Scholars Program by completing 9 units from NUFS 104A, 111, 113, 114A, and 190 in the Nutritional Science, Food Management Concentration BS program. These 9 credits are considered to count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

To support student success, the SAGE program allows for extended enrollment to accommodate unforeseen circumstances or personal commitments. Students have the option to add an additional semester to ensure they complete all program requirements.

Packaging, BS + Nutritional Science, MS

The Spartan Accelerated Graduate Education (SAGE) Scholars Program with a Packaging, BS and a Nutritional Science, MS with an objective in packaging is a combined bachelor's and master's program. Our program is designed to meet the needs of the student who is working towards a baccalaureate degree and seeks advanced preparation in packaging. The program is intended to prepare candidates to assume leadership roles in their profession and industry and to provide the opportunity to acquire a foundation for doctoral study in packaging or related fields.

The Packaging SAGE Program enables qualified students in the Bachelor of Science in Packaging program to simultaneously complete the requirements for both the baccalaureate and master's degrees. Students can progress from undergraduate to graduate status seamlessly, with a simplified application process and no application fee, and complete both degrees in a year's less time as compared to completing them separately. This will provide significant cost savings to the student.

Total SAGE Program Units (BS + MS) 141

For more information, contact the **SAGE Scholars Program Coordinator**: Dr. Xi Feng.

Admissions Requirements

1. Be enrolled in or have completed the undergraduate Graduation Writing Assessment Requirement (100W/GWAR) prior to admission into the SAGE Scholars program;
2. Successfully completed a minimum of 60 Packaging, BS applicable units and not more than 120 undergraduate degree applicable units at the time of admission in the program;
3. Completed PKG 141A and NUFS 100W with grades of "B" or better;
4. Minimum 3.0 cumulative SJSU GPA at time of admission;
5. Completed all lower-division work (including lower-division general education courses and American Institutions courses).

Students who have reached up to their first semester as classified seniors will remain eligible for entry into the SAGE program. Second semester, senior-level students enrolled in the term they expect to graduate from their baccalaureate degree are not eligible to enter into the SAGE program as these students will not gain the accelerated graduate-level benefit offered through the SAGE blended program option.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Students must maintain a GPA of 3.0 or higher. Students in the first four years of the program who do not maintain these standards will be withdrawn from the SAGE Scholars program and returned to the non-SAGE BS in Packaging program.
- Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are satisfied with required courses in the major: GE Area B1 and B4, and SJSU Studies Area R. Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units.
- A grade of "B" or better is required in the three courses PKG 121 - Solidworks For Packaging, PKG 158 - Protective Package Design and Testing, and PKG 160 - Hazardous Materials Packaging to be double counted. Students who receive a passing grade (e.g., C- or higher) in PKG 121, PKG 158, and PKG 160, but don't earn a B minimum to satisfy the graduate coursework requirement will be required to take graduate electives.
- Students may opt out of the SAGE program and apply for the standalone master's degree program at any point like other non-SAGE applicants, in case they decide to complete a thesis or change the packaging objective.

Program Requirements (141 units)

Packaging, BS (120 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

University Requirements (43 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass NUFS 100W or PH 100W with a grade of "C" or better ("C-" not accepted).

- GE Areas A, C, D/American Institutions, and F; SJSU Studies Areas S and V 33 *units*
- Physical Education 2 *units*
- University Electives 8 *units*

Major Preparation (25 units)

- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3) (Students may substitute CHEM 1A for CHEM 30A)
- CHEM 30B - Introductory Chemistry 3 *unit(s)* (Students may substitute CHEM 8 for CHEM 30B)
- NUFS 100W - Writing Workshop 3 *unit(s)* (WID) OR PH 100W - Writing Workshop 3 *unit(s)* (WID)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4)
- MATH 71 - Calculus for Business and Aviation 3 *unit(s)* (B4)
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- STAT 95 - Elementary Statistics 3 *unit(s)* OR PH 67 - Introductory Health Statistics 3 *unit(s)* (Both B4)

Major Requirements (52 units)

Core Courses (13 units)

- NUFS 9 - Introduction to Human Nutrition 3 *unit(s)* (E) OR NUFS 8 - Nutrition for the Health Professions 3 *unit(s)*
- NUFS 31 - Professionalism in Nutrition, Food Science and Packaging 1 *unit(s)*
- NUFS 151 - Food Microbiology 2 *unit(s)*
- NUFS 192 - Field Experience in Nutrition and Food Science and Packaging Technology 1-6 *unit(s)* (4 *units* required)
- PKG 107 - Principles of Packaging 3 *unit(s)*

Packaging Requirements (39 units)

* PKG 121, PKG 158, PKG 160 (with a grade of B or better) will double count as graduate level courses for the SAGE Program

- NUFS 103 - Food Processing and Packaging I 2 *unit(s)*
- NUFS 103L - Food Processing Laboratory 1 *unit(s)*
- NUFS 139 - Hunger and Environmental Nutrition 3 *unit(s)* (R)
- PKG 120 - Artios CAD For Packaging 3 *unit(s)*
- PKG 121 - Solidworks For Packaging 3 *unit(s)* *
- PKG 141A - Packaging Materials I, Paper, Metal, and Wood Based 3 *unit(s)*
- PKG 141B - Packaging Materials II, Plastics, Composites, and Glass 3 *unit(s)*
- PKG 146 - Packaging for Medical Devices and Pharmaceuticals 3 *unit(s)*
- PKG 156 - Packaging Machinery Systems 3 *unit(s)*
- PKG 158 - Protective Package Design and Testing 3 *unit(s)* *

- PKG 159 - Packaging Material Handling and Distribution 3 *unit(s)*
- PKG 160 - Hazardous Materials Packaging 3 *unit(s)* *
- PKG 169 - Food Packaging and Preservation 3 *unit(s)*
- PKG 170 - Packaging Development and Management 3 *unit(s)*

Master's Requirements (21 units)

Core Courses (15 units)

- NUFS 201 - Colloquium in Nutrition, Food Science and Packaging 3 *unit(s)*
- NUFS 217 - Issues in Nutrition, Food and Packaging 3 *unit(s)* (GWAR)
- NUFS 257 - Biostatistics in Research 3 *unit(s)*
- NUFS 295A - Research Methodology 3 *unit(s)*

Required Electives (6 units)

Complete two courses from:

- PKG 270 - Package Design for End Use 3 *unit(s)*
- PKG 268 - Advanced Laboratory Testing and Analysis 3 *unit(s)*
- DATA 230 - Business Intelligence and Data Visualization 3 *unit(s)*

Culminating Experience (3 units)

Plan B (Project)

- NUFS 298 - Special Studies in Nutrition, Food Science and Packaging 1-6 *unit(s)* (3 units required)

Total Units Required (141 units)

The standalone Nutritional Science, MS program requires 9 units of courses in a Specialization Area. Students satisfy this requirement in this SAGE Scholars Program by completing 9 units from PKG 121, PKG 158, and PKG 160, each with a minimum "B" grade, in the Packaging, BS program. These 9 credits are considered to count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

SJSU Online

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. These upper division degree completion programs are offered through a special session that requires a separate application process. If interested, please contact one of our Enrollment Counselors for more information.

Interdisciplinary Studies, Health Care Leadership Concentration, BS (SJSU Online)

Fully Online Degree Completion Program

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. This upper division degree completion program is offered through a special session that requires a separate application process. The BS Interdisciplinary Studies, Health Care Leadership Concentration, offered by the College of Health and Human Sciences, is designed to give you the knowledge and skills you'll need to prepare you for professional health care careers in a global market. Coursework focuses on health care leadership skills, financial principles, management strategies and standards to improve patient care. You'll take courses in the physical and social sciences giving you a well rounded education to pursue careers in allied health roles or to prepare you for entry into a variety of health-related graduate degree programs. The flexibility offered by the interdisciplinary degree in Health Care Leadership, and the practical skills learned in the program, lead to many exciting careers in fields as diverse as public health, health education and administration, marketing and public relations, media, policy, research, clinical care, biotechnology, pharmaceutical development and sales, worksite wellness, politics, government, and environmental health among others.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes will be delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times).

Summary of Degree Units

Transfer Units	60
University Requirements	3
Major Requirements	42
University Electives	15
Total	120

Program Roadmaps

The 2-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums) and elective classes that are best suited to your career goals.

Transfer Units (60 units)

All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better.

Applicants must also have completed the Core Lower Division General Education Requirements (39 units), including all four CSU-approved Basics Skills courses, each with a C- or better:

- (A1) Oral Communication/Speech
- (A2) Written English Composition
- (A3) Critical Thinking/Logic
- (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)

- STAT 95 OR PH 67 recommended

GE Area F - Ethnic Studies must be completed with a C- or better to meet the requirement at San Jose State University.

University Requirements (3 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

- KIN 169 - Diversity, Stress and Health 3 unit(s) (Area S)
- PH 172 - Contemporary Environmental Health Issues 3 unit(s) (Area R)
- NUFS 144 - Food Culture: Consuming Passions 3 unit(s) (Area V)

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

Recommended:

- NUFS 100W - Writing Workshop 3 unit(s) (WID)
- PH 100W - Writing Workshop 3 unit(s) (WID)

Major Requirements (42 units)

- KIN 146 - Introduction to Exercise Technology 3 *unit(s)*
- KIN 151 - Sports and Fitness Marketing 3 *unit(s)*
- KIN 169 - Diversity, Stress and Health 3 *unit(s)* (S)
- NUFS 8 - Nutrition for the Health Professions 3 *unit(s)*
- NUFS 114A - Community Nutrition for Majors 3 *unit(s)*
- NUFS 144 - Food Culture: Consuming Passions 3 *unit(s)* (V)
- PH 99 - Introduction to Public Health 3 *unit(s)*
- PH 102 - Health Team Building 3 *unit(s)*
- PH 103 - Introduction to Health Policy 3 *unit(s)*
- PH 162 - Health Care Organization and Admin 3 *unit(s)*
- PH 172 - Contemporary Environmental Health Issues 3 *unit(s)* (R)
- RECL 152 - Non-Profit Leadership & Management 3 *unit(s)*
- SCWK 130 - Human Behavior in the Social Environment I 3 *unit(s)*
- SCWK 131 - Human Behavior in the Social Environment II 3 *unit(s)*

University Electives (15 units)

Total Units Required (120 units)

Public Health, BS (SJSU Online)

Fully Online Degree Completion Program

Students pursuing a BS in Public Health, offered by the Department of Public Health and Recreation, will join a group of students dedicated to documenting, monitoring, assessing, and improving the health of all communities, especially those who are marginalized.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes are delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times).

Summary of Degree Units

Transfer Units	60
University Graduation Requirements	6
Major Requirements	54
Total	120

Program Roadmaps

The 2-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Transfer Units (60 units)

- All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better.
- Applicants must also have completed the Core Lower Division General Education Requirements (39 units), including all four CSU-approved Basics Skills courses, each with a C- or better:
 - (A1) Oral Communication/Speech
 - (A2) Written English Composition
 - (A3) Critical Thinking/Logic
 - (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)
- Completion of at least 22 units of the following courses (or equivalents):
 - BIOL 21 - Human Biology 3 unit(s) (B2+B3)
 - BIOL 65 - Human Anatomy 4 unit(s) (B2+B3)
 - CHEM 30A - Introductory Chemistry 3 unit(s) (B1+B3)
 - PH 1 - Understanding Your Health 3 unit(s) (E)
 - PH 15 - Human Life Span 3 unit(s) (D)
 - PH 67 - Introductory Health Statistics 3 unit(s) (B4) (or equivalent statistics course)
 - PH 99 - Introduction to Public Health 3 unit(s)

University Requirements (6 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult your major advisor before selecting courses to satisfy the Upper Division General Education Requirements.

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

This requirement is fulfilled in this major with:

- PH 100W - Writing Workshop 3 *unit(s)* (WID)

Major Requirements (54 units)

Students must complete the following the major core courses with a grade of "C" or better to graduate.

Core Courses (39 units)

- PH 102 - Health Team Building 3 *unit(s)*
- PH 103 - Introduction to Health Policy 3 *unit(s)*
- PH 104 - Community Health Promotion 4 *unit(s)*
- PH 135 - Health Issues in a Multicultural Society 3 *unit(s)* (S)
- PH 158 - Health Communications 3 *unit(s)*
- PH 161 - Epidemiology 3 *unit(s)*
- PH 162 - Health Care Organization and Admin 3 *unit(s)*
- PH 165A - Public Health Leadership Series I 1 *unit(s)*
- PH 165B - Public Health Leadership Series II 1 *unit(s)*
- PH 165C - Public Health Leadership Series III Fieldwork Experience 2 *unit(s)*
- PH 165D - Public Health Leadership Series IV 1 *unit(s)*
- PH 167 - Biostatistics 3 *unit(s)*
- PH 172 - Contemporary Environmental Health Issues 3 *unit(s)* (R)
- PH 179 - Public Health Capstone 3 *unit(s)*
-

Population Health Elective - Choose one course from the following:

- PH 145 - Community Mental Health 3 *unit(s)*
- PH 176 - Introduction to Global Health 3 *unit(s)*

Upper Division Public Health Electives or Minor (15 units)

Students must complete 15 units of upper division public health elective coursework from the approved list of courses or complete a minor.

- PH 145 - Community Mental Health 3 *unit(s)*

- PH 164 - Health Social Marketing 3 *unit(s)*
- PH 168 - Theoretical Foundations in Community Health Education 3 *unit(s)*
- PH 176 - Introduction to Global Health 3 *unit(s)*
- PH 183 - Special Topics in Community Health Education 3 *unit(s)*
- PH 188 - Community Health Assessment 3 *unit(s)*
- PH 191 - Applied Epidemiology 3 *unit(s)*
- PH 193 - Special Topics in Population Data Science 3 *unit(s)*
- PH 195 - Fundamentals of Data Management and Presentation 3 *unit(s)*
- PH 197 - Quantitative Analysis 3 *unit(s)*
- PH 198 - Qualitative Methods 3 *unit(s)*
- RECL 152 - Non-Profit Leadership & Management 3 *unit(s)*

Shannon Miller, Dean

Roula Svorou, Associate Dean of Student Success and Academic Programs

Overview

The College of Humanities and the Arts seeks to instill in students an understanding of human existence that is tolerant, moral and appreciative of human creativity as manifested in works of language and literature, the visual and performing arts, philosophy and theology, and by engagement in the creation of art and criticism.

Through its programs, the College aims to develop engaged participants in the local communities as well as in the global dimension of cultural, intellectual, and economic life. College faculty educate students for lifelong learning as well as for their first job after graduation. Building upon a foundation of excellent oral and written communication, the College helps students pursue a wide variety of paths to knowledge and careers, through specialized study in many fields, including art history, animation, advertising, comparative literature, dance, film, foreign languages, journalism, musical composition and performance, painting, public relations, radio broadcasting, sculpture, television, linguistics, comparative religion, philosophy, theater, and technical and creative writing.

Faculty in all disciplines of the College engage in research published by major scholarly journals and university presses, supported by the major national grants and foundations, and presented at the major scholarly conferences. Artists within the College publish in important literary journals, exhibit at nationally recognized venues, or participate in prestigious performing arts productions. Throughout the College, faculty seek to produce scholarship or creative works that achieve national recognition.

College curricula develop the individual's power to communicate effectively and to analyze critically the conditions upon which cultural perceptions are built. Courses in the College attempt to reveal the evolving aspiration toward aesthetic and intellectual power in human cultures by exposing the student to important ideas, achievements, and experiences in the humanities and the creative arts. In its many professional arts programs, the College develops the

talent of those who have the skill to perform or create works of art, fixing in vivid form the values of diverse heritages. In its programs in language, literature, philosophy, and other areas of the humanities, the College engages students in the discovery and exploration of works from around the world that deepen understanding of how human imagination and intellect function within different historical and cultural contexts. A primary purpose of a humanities education is to develop the skills and confidence that support a creative, analytical mind capable of lifelong learning and adaptation to different contexts and opportunities. Students in design, animation, journalism, and advertising frequently win awards at state and national competitions.

Through its General Education, Arts, and many scholarly programs and research units, such as the Martha Heasley Cox Center for Steinbeck Studies, the Ira F. Brilliant Center for Beethoven Studies, the Center for Literary Arts, the Center on Ethics, and the Center for Comparative Philosophy, the College of Humanities and the Arts makes an indispensable contribution to the SJSU community and the region surrounding it. A list of programs and courses can be found on each department page in the catalog.

- Department of Art and Art History
- Department of Design
- Department of English and Comparative Literature
- Department of Film and Theatre
- Department of Humanities
- Department of Linguistics and Language Development
- Department of Philosophy
- Department of World Languages and Literatures
- School of Journalism and Mass Communications
- School of Music

Humanities and the Arts Student Success Center (HASSC)

Office: Washington Square Hall 120

Telephone: 408-924-5095

Email: ha-successcenter@sjsu.edu

Website: <https://www.sjsu.edu/ha-advising/>

The Humanities and the Arts Student Success Center provides general education advising, academic planning and serves as a resource to other programs at SJSU. We serve undergraduate students who are pursuing major(s) within the College of Humanities and the Arts. We offer both drop-in advising and appointments. All students within the college are encouraged to meet with an academic advisor to discuss a plan that will ensure timely graduation.

Internships

Internships provide students with the opportunity to incorporate work experience in a professional setting as part of their academic programs. Internship representatives are available within each department.

Special Centers

The College of Humanities and the Arts is home to the Martha Heasley Cox Center for Steinbeck Studies, the Ira F. Brilliant Center for Beethoven Studies, the Center for Literary Arts, the Center on Ethics, and the Center for Comparative Philosophy. The College manages the San José State University Writing Center, a resource for all SJSU students to help them become better writers. The College also manages the Hammer Theatre, a city-owned venue that offers a professional venue for our best students in theater, music, and dance.

Teaching Credential Preparation Programs

Teaching credential preparation programs are offered by the School of Music, the Department of Art and Art History, the Department of English and Comparative Literature, and the Department of Humanities (Liberal Studies).

Undergraduate Major(s)

Advertising, BS

In the world of competitive business, companies are always looking to gain an edge for their products or services. Advertising gets them that edge. Successful modern advertising takes creativity and innovation. The School of Journalism and Mass Communications can give you the skills to make a difference in this dynamic field.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	47
Major Requirements	57-60
University Electives	13-16
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (57-60 units)

Core Courses (27 units)

MCOM 199A/MCOM 199B substitutes for MCOM 111 and ADV 129 by invitation.

- ADV 91 - Introduction to Advertising 3 unit(s)
- ADV 121 - Strategic Planning/Communications 3 unit(s)
- ADV 128 - Integrated Marketing Communications (IMC) 3 unit(s)
(Creative Track students are not required to fulfill prerequisite BUS2 130. Contact instructor for permission code.)
- ADV 129 - Advertising Campaign Planning and Management 3 unit(s)
- MCOM 70 - Visual Communication for Modern Media 3 unit(s)
- MCOM 100W - Writing Workshop: Mass Communications 3 unit(s) (WID)
- MCOM 104 - Introduction to Mass Communications Research 3 unit(s)
- MCOM 111 - Mass Communications Internship 3 unit(s)
- MCOM 170 - Strategic Social Media & Digital Marketing 3 unit(s)

Track Option Requirements (30-33 units)

Choose Management, Creative or Marketing Communication Track:

Creative Option (30 units)

- ENGL 71 - Creative Writing 3 unit(s) (C1)
- ADV 93 - Design Fundamentals for Advertising 1 3 unit(s) (offered in Fall semester only)
- ADV 94 - Design Fundamentals for Advertising 2 3 unit(s) (offered in Spring semester only)
- ADV 95 - Working With Type 3 unit(s)
- ADV 124 - Copywriting 3 unit(s) (offered in Fall semester only)
- ADV 130 - Advertising Portfolio 1 3 unit(s) (offered in Fall semester only)
- ADV 131 - Advertising Portfolio 2 3 unit(s)
- ADV 132 - UX UI Design for Advertising 3 unit(s)
- Any Art or Design Elective 3 unit(s)
- Approved elective in Advertising, Journalism, Mass Communications, or Public Relations 3 unit(s)

Management Option (30 units)

- ADV 93 - Design Fundamentals for Advertising 1 3 unit(s) (offered in Fall semester only)
- ADV 122 - Business-to-Business Advertising 3 unit(s)
- ADV 123 - Introduction to Branded Content 3 unit(s)
- ADV 126 - Media Planning and Buying 3 unit(s)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 146 - Fundamentals of Project Management 3 *unit(s)*
- MCOM 63 - New Media 3 *unit(s)*
- MCOM 175 - Social Media and Web Analytics 3 *unit(s)* (offered in Fall semester only)
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (*UNVS 15 may be used in lieu of the statistics course required by this major.*)

Complete one course:

- ADV 116 - Spartan Daily Advertising Staff 3 *unit(s)*
(*May also be used to satisfy the MCOM 111 - Mass Communications Internship requirement. Contact instructor or advisor for more info.*)
- Approved elective in Advertising, Journalism, Mass Communications, or Public Relations 3 *unit(s)*

Marketing Communication Option (33 units)

- ADV 126 - Media Planning and Buying 3 *unit(s)*
- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 146 - Fundamentals of Project Management 3 *unit(s)*
- JOUR 61 - Writing for Print, Electronic and Online Media 3 *unit(s)*
- MCOM 63 - New Media 3 *unit(s)*
- MCOM 175 - Social Media and Web Analytics 3 *unit(s)* (offered in Fall semester only)
- PR 99 - Introduction to Public Relations 3 *unit(s)*
- PR 190 - Media and Influencer Relations 3 *unit(s)*
- PR 191 - Strategic Content Creation 3 *unit(s)*
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)
(*UNVS 15 may be used in lieu of the statistics course required by this major.*)
- Approved elective in Advertising, Journalism, Mass Communications, or Public Relations 3 *unit(s)*

University Electives (10-13 units)

Total Units Required (120 units)

Animation & Illustration, BFA

The award-winning Animation & Illustration BFA program, offered by the Department of Design, is committed to providing a world-class education at an affordable price, preparing students for careers in feature film animation, games, television and any other media that uses animation and storytelling as a core communication tool. Industry professionals and peer educators rank SJSU Animation & Illustration among the best in the nation. The core curriculum combines both traditional and innovative educational strategies. Rigorous drawing classes and intensive study of color theory, design, perspective, and conventional and digital painting are required, as well as the study of the principles of both traditional and 3-D animation, physics of motion, modeling, storyboarding, character design, and visual development. Upper-division classes further define these disciplines offering students an opportunity to specialize in their area of choice.

All students must pass a milestone portfolio review to remain in the BFA program. Students who were admitted as Animation & Illustration BFA and do not pass portfolio review will be changed to Design Studies, BA majors with a specialization in Animation & Illustration (ANI). This specialization provides instruction in ANI foundation skills,

supplemented by studies in design, film, photography, and theater arts. Students receive basic preparation for entry-level jobs in the entertainment industry; optionally, they can later apply to a graduate program in Animation, Illustration or similar fields of study.

The Animation & Illustration BFA is a highly impacted major. This means that the number of applications from fully eligible students far exceeds the number of spaces available in the program. Students interested in an impacted major must apply for admission during the initial filing period for admission in the fall. Applications for admission to impacted majors are not accepted after the initial filing period.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	45
Major Preparation	36
Major Core Requirements	18
Specialization Area	21
Total	120

Program Roadmaps

The 4-Year and 5-year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Requirements

Students must maintain a 3.0 GPA on a 4.0 scale in all major preparation and major required courses. Students who drop below a 3.0 for two consecutive semesters will have their degree status changed from the BFA to the Design Studies, BA.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

This requirement is fulfilled in this major with:

- DSGN 100W - Writing Workshop: Design 3 *unit(s)* (*WID*)

Major Preparation (36 units)

- ANI 11 - Illustration Fundamentals I 3 *unit(s)* (*ART 24 will also be accepted for transfer students*)
- TA 5 - Acting 3 *unit(s)* (*C1*) (*Will also accept ARTH 72 Design in Society*)

Complete One Course From:

Highly Recommend Students take ARTH 70B

- ARTH 70A - Art History, Prehistoric to Medieval 3 *unit(s)* (*C1*)
- ARTH 70B - Art History, Renaissance to Modern 3 *unit(s)* (*C1*)
- ARTH 70C - Arts of Asia 3 *unit(s)* (*C1*)

Additional Support Courses (27 units)

- ANI 10 - Light and Optics 3 *unit(s)* (*ART 12 will also be accepted for transfer students*)
- ANI 13 - Drawing for Animation/Illustration I 3 *unit(s)*
- ANI 15 - Visual Storytelling 3 *unit(s)*
- ANI 21 - Color Principles for Screen Arts 3 *unit(s)* (*ART 14 will also be accepted for transfer students*)
- ANI 31 - 2D Animation I 3 *unit(s)*
- ANI 41 - Introduction to 3D Modeling 3 *unit(s)*
- ANI 61 - Introduction to 3D Animation 3 *unit(s)*
- ANI 71 - Visual Principles 3 *unit(s)*
- ANI 111 - Drawing for Animation/Illustration II 3 *unit(s)*

Major Requirements (39 units)

Core Courses (12 units)

- ANI 121 - Illustration Fundamentals II 3 *unit(s)*
- ANI 122 - Illustration Fundamentals III 3 *unit(s)*
- ANI 131 - 2D Animation II 3 *unit(s)*
- ANI 132 - 2D Animation III 3 *unit(s)*

Specialization Area (21 units)

Choose a Specialization area in Animation and Story or Visual Development and Modeling.

Specializations are a cluster of courses used by departments for advising purposes. Specializations will not appear on transcripts or diplomas. Please see advisor for more details.

Animation and Story (21 units)

- ANI 133 - Animation Production - Storyboarding 3 *unit(s)*
- ANI 161 - Digital Animation I 3 *unit(s)*
- ANI 162 - Digital Animation II 3 *unit(s)*
- Three Approved Upper Division Electives 9 *unit(s)*

Complete One Course From:

- ANI 134 - Animation Production - Storyboarding II 3 *unit(s)*
- ANI 175 - Professional Practices in Entertainment Design 3 *unit(s)*

Visual Development and Modeling (21 units)

- ANI 123 - Visual Development I 3 *unit(s)*
- ANI 141 - Digital Modeling I 3 *unit(s)*
- Three Approved Upper Division Electives 9 *unit(s)*

Complete One Course From:

- ANI 124 - Visual Development II 3 *unit(s)*
- ANI 179 - Special Topics in Animation/Illustration 3 *unit(s)*

Complete One Course From:

- ANI 142 - Digital Modeling II 3 *unit(s)*
- ANI 175 - Professional Practices in Entertainment Design 3 *unit(s)*

Capstone Requirement (6 units)

- ANI 198 - Senior Seminar Animation/Illustration 3 *unit(s)*
- ANI 199 - Senior Project Animation/Illustration 3 *unit(s)*

Total Units Required (120 units)

Art History and Visual Culture, BA

The Art History and Visual Culture major, offered by the Department of Art and Art History, enriches the lives of its students by providing an in-depth knowledge of cultural traditions and creative accomplishment, and by providing the skills necessary for applying that knowledge in the service of our multicultural society. Course offerings include a wide range of themes and topics in Modern, Contemporary, Classical, Renaissance, Islamic, and Nineteenth Century art, architecture, and design. Examination of these diverse areas encourages students to become responsible citizens

through an understanding of the aesthetic, cultural, and ethical choices inherent in human development. Students in this program acquire the communication skills, research techniques, and methods of critical inquiry that have become a vital part of modern life.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	35
Major Preparation	15-17
Major Core Requirements	18
Major Electives	30
University Electives	20-22
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15-17 units)

- ART 100W - Writing Workshop: Fine Arts 3 *unit(s)* (WID)
- ANTH 160 - Reconstructing Lost Civilizations 3 *unit(s)* (R)

Area S Arts (3 units)

Complete one course from:

- CA 172 - The Arts in U.S. Society 3 *unit(s)* (S)
- RELS 191 - Religion in America 3 *unit(s)* (S)
- RTVF 110 - Media and Culture 3 *unit(s)* (S)
- URBP 101 - The City 3 *unit(s)* (S)
- WGSS 101 - Sex, Power, and Politics 3 *unit(s)* (S)

World Language/Art Foundation (6-8 units)

Complete 2 world language or 2 art foundation courses:

- World Language Course 3-4 *unit(s)*
- World Language Course 3-4 *unit(s)*
- ART 12 - Two-Dimensional Design and Color Concepts 3 *unit(s)*
- ART 13 - Three-Dimensional Design Concepts 3 *unit(s)*
- ART 14 - Color 3 *unit(s)*
- ART 24 - Drawing I 3 *unit(s)*

Major Requirements (48 units)

Core Requirements - General Art History (6 units)

Complete two courses from lower division Art History Survey:

- ARTH 70A - Art History, Prehistoric to Medieval 3 *unit(s)* (C1)
- ARTH 70B - Art History, Renaissance to Modern 3 *unit(s)* (C1)
- ARTH 70C - Arts of Asia 3 *unit(s)* (C1)

Art History Methods (3 units)

Complete one course from:

- ARTH 101 - Introduction to Practice of Art History 3 *unit(s)*
- ARTH 175 - Theories of Art History and Art Criticism 3 *unit(s)*

Global Art Area V (3 units)

Complete one course from:

- ARTH 193A - Worlds of Art and Culture 3 *unit(s)* (V)
- ARTH 193B - East Meets West in Art 3 *unit(s)* (V)

Critical Periods in Western Art (3 units)

Complete one course from:

- ARTH 187A - Art of the Italian Renaissance, Fifteenth Century 3 *unit(s)*
- ARTH 190B - Early Modernist Art 3 *unit(s)*

Major Electives (30 units)

Complete 30 units from the coursework below. One course may be art studio. A minimum of one course from each of the following three groups, with a minimum of 3 additional courses selected from one of the groups.

Area 1: World Art

- ARTH 182A - Art of the Americas 3 *unit(s)*
- ARTH 189B - Global Baroque Art and Architecture 3 *unit(s)*
- ARTH 191B - Women in Art 3 *unit(s)*
- ARTH 191C - Contemporary Art in Mexico, the U.S., and Latin America 3 *unit(s)*
- ARTH 193A - Worlds of Art and Culture 3 *unit(s)* (V)
- ARTH 193B - East Meets West in Art 3 *unit(s)* (V)
- ARTH 194A - Art of China 3 *unit(s)*
- ARTH 195 - Art of Japan 3 *unit(s)*

Area 2: Ancient and Early Modern Art in Europe

- ARTH 183A - Art of Egypt and Mesopotamia 3 *unit(s)*
- ARTH 185 - Art of the Classical World 3 *unit(s)*
- ARTH 186 - Medieval Art 3 *unit(s)*
- ARTH 187A - Art of the Italian Renaissance, Fifteenth Century 3 *unit(s)*
- ARTH 187B - Art of the Italian Renaissance, Sixteenth Century 3 *unit(s)*
- ARTH 187C - The Art of Renaissance Venice 3 *unit(s)*
- ARTH 188A - Northern Renaissance Fourteenth and Fifteenth Centuries 3 *unit(s)*
- ARTH 188B - Northern Renaissance, Sixteenth Century 3 *unit(s)*
- ARTH 189A - Baroque Art and Architecture in Europe 3 *unit(s)*
- ARTH 189B - Global Baroque Art and Architecture 3 *unit(s)*

Area 3: Modern and Contemporary Art

- ARTH 110 - History and Theory of New Media 3 *unit(s)*
- ARTH 126 - History of Photography 3 *unit(s)*

- ARTH 127 - Photography, Film, and Architecture 3 *unit(s)*
- ARTH 160 - Modern Architecture 3 *unit(s)*
- ARTH 161 - Contemporary Architecture 3 *unit(s)*
- ARTH 162 - California Architecture 3 *unit(s)*
- ARTH 163 - Twentieth Century Urban Design 3 *unit(s)*
- ARTH 176A - Graphic Design History and Theory 3 *unit(s)*
- ARTH 182B - American Art 3 *unit(s)*
- ARTH 190A - Art of the Nineteenth Century 3 *unit(s)*
- ARTH 190B - Early Modernist Art 3 *unit(s)*
- ARTH 190C - 20th Century Art: from Dada to Pop 3 *unit(s)*
- ARTH 190D - German Art, 1800-2000 3 *unit(s)*
- ARTH 191A - Issues in Contemporary Art 3 *unit(s)*
- ARTH 192A - Modern Design 3 *unit(s)*
- ARTH 192C - History of Interior Design 3 *unit(s)*

Capstone (3 units)

Complete one course from:

- ARTH 199 - Art History Capstone Seminar 3 *unit(s)*
- ARTH 277 - Seminar in Historiography 3 *unit(s)*

University Electives (20-22 units)

Total Units Required (120 units)

Art, Digital Media Art Concentration, BFA

The BFA Concentration in Digital Media Art (DMA), offered by the Department of Art and Art History, offers a multidisciplinary degree in digital art and design in the areas of computer graphics, web development, programming, physical computing, fabrication, prototyping, human computer interface (HCI), interaction design and computer games. Our curriculum is hands-on, providing project-oriented learning in collaborative workshop environments along with individually directed research and culminating exhibition opportunities. The DMA program area teaches technical, aesthetic, and critical thinking skills to empower students as problem solvers and innovators in the field of digital technology. Located in the heart of Silicon Valley, the DMA program is dedicated to the advancement of contemporary technologies through research and experimentation at the intersection of art and science. Students graduating from the program develop real-world skills using a wide range of tools, technologies, and techniques.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

No portfolios are required at the time of application for admission to SJSU. Major requirements for the first two years of study for BA Art/Studio Practice and all BFA degrees are very similar so that students have time to choose the right path and can apply for the BFA, if they choose to do so. At that time BFA program applicants must meet the following departmental requirements:

1. Have completed, be currently enrolled in, or planning to enroll within the following two semesters in all coursework in the common preparation for the BA and BFA Art majors (25-28 units of drawing, digital media, photography, sculpture, art history, ART 1, ART 2, ART 3 and ART 100W) with a minimum grade point average of 3.0 on a 4.0 scale. Also recommended, are three to six additional units from the desired BFA concentration area.
2. Pass the BFA - Art admissions review. During the review, which is held in October and March each year, images of the applicant's creative work are reviewed by the art faculty to determine if the work demonstrates the creative level expected of BFA candidates. Instructions are available on the Art and Art History Department website.

Students complete the BFA Art program with a capstone project, for which each candidate prepares an individual art exhibit to demonstrate the candidate's professional competence.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (24 units)

- ART 12 - Two-Dimensional Design and Color Concepts 3 *unit(s)*
- ART 13 - Three-Dimensional Design Concepts 3 *unit(s)*
- ART 24 - Drawing I 3 *unit(s)*
- ART 68 - Beginning Sculpture: Object & Concept 3 *unit(s)*
- ART 74 - Introduction to Digital Media 3 *unit(s)*
- ART 75 - Introduction to Digital Video Art 3 *unit(s)*
- PHOT 40 - Beginning Photography 3 *unit(s)*

Complete One Course From:

Highly Recommend Students take ARTH 70B

- ARTH 70A - Art History, Prehistoric to Medieval 3 *unit(s)* (C1)
- ARTH 70B - Art History, Renaissance to Modern 3 *unit(s)* (C1)
- ARTH 70C - Arts of Asia 3 *unit(s)* (C1)

Major Requirements (52 units)

Core Requirements (19 units)

Art Fundamentals (10 units)

- ART 1 - Professional Preparation in Art 1 *unit(s)*
- ART 2 - The Artist in Contemporary Culture 3 *unit(s)*
- ART 3 - Medium and Message 3 *unit(s)*
- ART 100W - Writing Workshop: Fine Arts 3 *unit(s)* (WID)

Upper Division Art History (9 units)

- ARTH 110 - History and Theory of New Media 3 *unit(s)*

Complete One Course From:

- ARTH 193A - Worlds of Art and Culture 3 *unit(s)* (V)
- ARTH 193B - East Meets West in Art 3 *unit(s)* (V)

Complete One Course From:

- ARTH 160 - Modern Architecture 3 *unit(s)*
- ARTH 161 - Contemporary Architecture 3 *unit(s)*

- ARTH 190C - 20th Century Art: from Dada to Pop 3 *unit(s)*
- ARTH 191A - Issues in Contemporary Art 3 *unit(s)*
- ARTH 192A - Modern Design 3 *unit(s)*

Specialized Courses (27 units)

Upper Division Digital Media Core (15 units)

- ART 101 - Digital Media Art 3 *unit(s)*
- ART 102 - 3D Modeling and Printing 3 *unit(s)*
- ART 103 - Art as System 3 *unit(s)*
- ART 104 - Interdisciplinary Seminar in Digital Media Art 3 *unit(s)*
- ART 105 - Advanced Digital Video 3 *unit(s)*

Material Processes (3 units)

Complete one course:

- ART 46 - Introduction to Ceramics 3 *unit(s)*
- ART 47 - Introduction to Metalsmithing 3 *unit(s)*
- ART 133 - Topics in Ceramic Sculpture 3 *unit(s)*
- ART 135 - Topics in Moldmaking for Artists 3 *unit(s)*
- ART 137 - Figure Modeling 3 *unit(s)*
- ART 140 - Topics in Glass 3 *unit(s)*
- ART 141 - Topics in Advanced Glass 3 *unit(s)*
- ART 149 - Topics in Jewelry and Small Sculpture 3 *unit(s)*
- ART 151 - Topics in Screen-Printing 3 *unit(s)*
- ART 153 - Topics in Intaglio Processes 3 *unit(s)*
- ART 168 - Topics in Woodworking 3 *unit(s)*
- ART 169 - Topics in Metal Sculpture 3 *unit(s)*
- ART 170 - Topics in Fabricated Sculpture 3 *unit(s)*
- ART 173 - Topics in Installation Art 3 *unit(s)*
- ART 178 - Art Field Work 1-3 *unit(s)*
- PHOT 120 - Image and Idea 3 *unit(s)*

Specialized Digital Media (9 units)

Complete three courses:

- ART 106 - Topics in Human Machine Interface 3 *unit(s)*
- ART 107 - Advanced Projects in Digital Media Art 3 *unit(s)*
- ART 108 - Introduction to Game Studies 3 *unit(s)*
- ART 109 - Web Development in HTML, CSS and JavaScript 3 *unit(s)*
- ART 175 - Special Topics in Studio Art 3 *unit(s)*
- ART 193 - Digital Materials 3 *unit(s)*
- ART 210 - Seminar in Digital Media Art 3 *unit(s)*

Capstone (6 units)

- ART 195 - BFA Group Exhibition 3 *unit(s)*
- ART 198 - BFA Seminar 3 *unit(s)*

Total Units Required (120 units)

Art, Photography Concentration, BFA

The BFA Concentration in Photography, offered by the Department of Art and Art History prepares students for careers in photography by providing courses that emphasize image as it relates to concept, theory, and professional practice in commercial and fine art photography. Our curriculum engages students in a diverse range of contemporary practices in the medium, from innovative approaches to digital imaging and traditional silver-based photography, to historic alternative photographic processes. We recognize the possibilities of the interdisciplinary nature of photographic practice and encourage interested students to explore installation, video and electronic media. In addition to our emphasis on fine art photography our program includes a strong commercial photography component, offering introductory through advanced courses in studio lighting and professional practices. The blend of fine art and commercial photography makes our program unique. Our technical facilities are extensive and include traditional black and white darkroom, commercial lighting studio stations, alternative practices studio, and large format digital printers.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (18 units)

- ART 12 - Two-Dimensional Design and Color Concepts 3 *unit(s)*
- ART 13 - Three-Dimensional Design Concepts 3 *unit(s)*
- ART 24 - Drawing I 3 *unit(s)*
- ART 74 - Introduction to Digital Media 3 *unit(s)*
- PHOT 40 - Beginning Photography 3 *unit(s)*

Complete One Course From:

Highly Recommend Students take ARTH 70B

- ARTH 70A - Art History, Prehistoric to Medieval 3 *unit(s)* (C1)
- ARTH 70B - Art History, Renaissance to Modern 3 *unit(s)* (C1)
- ARTH 70C - Arts of Asia 3 *unit(s)* (C1)

Major Requirements (58 units)

Art Fundamentals (7 units)

- ART 1 - Professional Preparation in Art 1 *unit(s)*
- ART 2 - The Artist in Contemporary Culture 3 *unit(s)*
- ART 100W - Writing Workshop: Fine Arts 3 *unit(s)* (WID)

Art/Art History Electives (6 units)

Complete Two Courses in One of the Following Areas or Other Approved Electives.

Digital Media Art

- ART 75 - Introduction to Digital Video Art 3 *unit(s)*
- ART 105 - Advanced Digital Video 3 *unit(s)*

Photography

- PHOT 110 - Black and White Photography 3 *unit(s)*
- PHOT 113 - Alternative Photo Media 3 *unit(s)*
- PHOT 114 - Advanced Black and White Photography 3 *unit(s)*
- PHOT 122 - Advanced Lighting: Working with Strobes 3 *unit(s)*
- PHOT 123 - Photography as Illustration 3 *unit(s)*
- PHOT 125 - Special Topics in Photography 3 *unit(s)*

Pictorial Arts

- ART 26 - Drawing II 3 *unit(s)*
- ART 61 - Beginning Painting 3 *unit(s)*
- ART 151 - Topics in Screen-Printing 3 *unit(s)*
- ART 152 - Topics in Lithography 3 *unit(s)*
- ART 153 - Topics in Intaglio Processes 3 *unit(s)*
- ART 158 - Topics in Drawing III 3 *unit(s)*
- ART 162 - Watercolor 3 *unit(s)*
- ART 164A - Intermediate Painting 3 *unit(s)*
- ART 164B - Intermediate Painting II 3 *unit(s)*
- ART 165 - Topics in Figure Painting 3 *unit(s)*

Spatial Art

- ART 46 - Introduction to Ceramics 3 *unit(s)*
- ART 132 - Topics in Intermediate Ceramics 3 *unit(s)*
- ART 133 - Topics in Ceramic Sculpture 3 *unit(s)*
- ART 137 - Figure Modeling 3 *unit(s)*
- ART 140 - Topics in Glass 3 *unit(s)*

- ART 141 - Topics in Advanced Glass 3 *unit(s)*
- ART 168 - Topics in Woodworking 3 *unit(s)*
- ART 172 - Intermediate Sculpture: System/Structure 3 *unit(s)*
- ART 173 - Topics in Installation Art 3 *unit(s)*

Upper Division Art History (9 units)

- PHOT 126 - History of Photography 3 *unit(s)*

Complete One Course From:

- ARTH 193A - Worlds of Art and Culture 3 *unit(s)* (V)
- ARTH 193B - East Meets West in Art 3 *unit(s)* (V)

Complete One Course From:

- ARTH 110 - History and Theory of New Media 3 *unit(s)*
- ARTH 191A - Issues in Contemporary Art 3 *unit(s)*

Specialization Courses (30 units)

Courses cannot be taken again if taken in another requirement area.

- PHOT 112 - Color Photography 3 *unit(s)*
- PHOT 115 - Intermediate Digital Imaging 3 *unit(s)*
- PHOT 116 - Contemporary Issues in Photography 3 *unit(s)*
- PHOT 120 - Image and Idea 3 *unit(s)*
- PHOT 121 - Introduction to Studio Lighting 3 *unit(s)*
- PHOT 129 - Professional Practices in Photography 3 *unit(s)*
- PHOT 197 - Senior Project Photography 3 *unit(s)*

Complete Three Courses From:

- PHOT 110 - Black and White Photography 3 *unit(s)*
- PHOT 113 - Alternative Photo Media 3 *unit(s)*
- PHOT 114 - Advanced Black and White Photography 3 *unit(s)*
- PHOT 122 - Advanced Lighting: Working with Strobes 3 *unit(s)*
- PHOT 123 - Photography as Illustration 3 *unit(s)*
- PHOT 125 - Special Topics in Photography 3 *unit(s)*

Capstone (6 units)

- ART 198 - BFA Seminar 3 *unit(s)*
- ART 199 - BFA Project 3 *unit(s)*

Total Units Required (120 units)

Art, Pictorial Art Concentration, BFA

The Pictorial Art BFA program, offered by the Department of Art and Art History, provides students with an intellectual, creative, and physical setting that supports excellence in painting, drawing, and printmaking. It provides a mix of discipline and autonomy. Preparation begins with a strong understanding of the fundamentals of drawing. From that foundation, the program provides comprehensive challenges in all pictorial disciplines and emphasizes both the historical traditions of painting and contemporary approaches. Faculty and students engage in critical and personal dialogue to encourage the development of a strong independent vision.

Summary of Degree Units

University Graduation Requirements	44
Major Preparation	24
Major Core Requirements	25
Concentration Requirements	27
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

No portfolios are required at the time of application for admission to SJSU. Major requirements for the first two years of study for BA Art/Studio Practice and all BFA degrees are very similar so that students have time to choose the right path and can apply for the BFA, if they choose to do so. At that time BFA program applicants must meet the following departmental requirements:

1. Have completed, be currently enrolled in, or planning to enroll within the following two semesters in all coursework in the common preparation for the BA and BFA Art majors (25-28 units of drawing, digital media, photography, sculpture, art history, ART 1, ART 2, ART 3 and ART 100W) with a minimum grade point average of 3.0 on a 4.0 scale. Also recommended, are three to six additional units from the desired BFA concentration area.
2. Pass the BFA - Art admissions review. During the review, which is held in October and March each year, images of the applicant's creative work are reviewed by the art faculty to determine if the work demonstrates the creative level expected of BFA candidates. Instructions are available on the Art and Art History Department website.

Students complete the BFA Art program with a capstone project, for which each candidate prepares an individual art exhibit to demonstrate the candidate's professional competence.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 unit(s) (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 unit(s) (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 unit(s) (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 unit(s) (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (24 units)

- ART 12 - Two-Dimensional Design and Color Concepts 3 unit(s)
- ART 13 - Three-Dimensional Design Concepts 3 unit(s)
- ART 24 - Drawing I 3 unit(s)
- ART 26 - Drawing II 3 unit(s)
- ART 61 - Beginning Painting 3 unit(s)
- ART 74 - Introduction to Digital Media 3 unit(s)
- PHOT 40 - Beginning Photography 3 unit(s)

Complete One Course From:

Highly Recommend Students take ARTH 70B

- ARTH 70A - Art History, Prehistoric to Medieval 3 unit(s) (C1)
- ARTH 70B - Art History, Renaissance to Modern 3 unit(s) (C1)
- ARTH 70C - Arts of Asia 3 unit(s) (C1)

Major Requirements (52 units)

Core Requirements (19 units)

Art Fundamentals (10 units)

- ART 1 - Professional Preparation in Art 1 unit(s)
- ART 2 - The Artist in Contemporary Culture 3 unit(s)
- ART 3 - Medium and Message 3 unit(s)
- ART 100W - Writing Workshop: Fine Arts 3 unit(s) (WID)

Upper Division Art History (9 units)

- One Course of Upper Division Art History 3 *unit(s)*

Complete One Course From:

- ARTH 190B - Early Modernist Art 3 *unit(s)*
- ARTH 191A - Issues in Contemporary Art 3 *unit(s)*

Complete One Course From:

- ARTH 193A - Worlds of Art and Culture 3 *unit(s)* (V)
- ARTH 193B - East Meets West in Art 3 *unit(s)* (V)

Specialized Courses (15 units)

Complete Two Courses From:

- ART 150 - Topics in Printmaking and Letterpress 3 *unit(s)*
- ART 151 - Topics in Screen-Printing 3 *unit(s)*
- ART 152 - Topics in Lithography 3 *unit(s)*
- ART 153 - Topics in Intaglio Processes 3 *unit(s)*
- ART 155 - Topics in Monotype 3 *unit(s)*

Complete Two Courses From:

- ART 25 - Expressive Drawing 3 *unit(s)*
- ART 158 - Topics in Drawing III 3 *unit(s)*
- ART 164A - Intermediate Painting 3 *unit(s)*
- ART 164B - Intermediate Painting II 3 *unit(s)*

Complete One Course From:

- ART 46 - Introduction to Ceramics 3 *unit(s)*
- ART 47 - Introduction to Metalsmithing 3 *unit(s)*
- ART 68 - Beginning Sculpture: Object & Concept 3 *unit(s)*
- ART 132 - Topics in Intermediate Ceramics 3 *unit(s)*
- ART 134 - Topics in Advanced Ceramics 3 *unit(s)*
- ART 140 - Topics in Glass 3 *unit(s)*
- ART 147 - Topics in Metalsmithing and Jewelry 3 *unit(s)*
- ART 149 - Topics in Jewelry and Small Sculpture 3 *unit(s)*
- ART 169 - Topics in Metal Sculpture 3 *unit(s)*
- ART 172 - Intermediate Sculpture: System/Structure 3 *unit(s)*
- ART 173 - Topics in Installation Art 3 *unit(s)*

Area Requirements (12 units)

Complete Four Courses in One of The Following Areas:

Courses cannot be taken again if taken in another requirement area except ART 150, ART 152, ART 153, ART 155, ART 158, and ART 166 which are repeatable for credit.

Area One

- ART 166 - Topics in Advanced Painting 3 unit(s)
Choose 9 units from:
- ART 158 - Topics in Drawing III 3 unit(s)
- ART 162 - Watercolor 3 unit(s)
- ART 164A - Intermediate Painting 3 unit(s)
- ART 164B - Intermediate Painting II 3 unit(s)
- ART 165 - Topics in Figure Painting 3 unit(s)

Area Two

- ART 150 - Topics in Printmaking and Letterpress 3 unit(s)
Choose 9 units from:
- ART 151 - Topics in Screen-Printing 3 unit(s)
- ART 152 - Topics in Lithography 3 unit(s)
- ART 153 - Topics in Intaglio Processes 3 unit(s)
- ART 155 - Topics in Monotype 3 unit(s)

Capstone (6 units)

- ART 198 - BFA Seminar 3 unit(s)
- ART 199 - BFA Project 3 unit(s)

Total Units Required (120 units)

Art, Spatial Art Concentration, BFA

The BFA Art, Concentration in Spatial Art, offered by the Department of Art and Art History, is a degree for artists seeking to specialize in sculpture and three-dimensional art processes. Spatial Art students begin with the common Art core of drawing, photography, digital media art, three-dimensional design, art history, and seminars about making a career as an artist. They then move into intermediate and advanced classes focused on large metal casting, woodworking, glass, ceramics, jewelry, and installation art. All studio classes emphasize concept development and recognition of contemporary art-world trends, while upper-division art history classes provide context and develop students' critical thinking skills.

Core Requirements (19 units)

Art Fundamentals (10 units)

- ART 1 - Professional Preparation in Art 1 *unit(s)*
- ART 2 - The Artist in Contemporary Culture 3 *unit(s)*
- ART 3 - Medium and Message 3 *unit(s)*
- ART 100W - Writing Workshop: Fine Arts 3 *unit(s)* (WID)

Upper Division Art History Requirements (9 units)

- One Course of Upper Division Art History 3 *unit(s)*

Complete One Course From:

- ARTH 193A - Worlds of Art and Culture 3 *unit(s)* (V)
- ARTH 193B - East Meets West in Art 3 *unit(s)* (V)

Complete One Course From:

- ARTH 160 - Modern Architecture 3 *unit(s)*
- ARTH 161 - Contemporary Architecture 3 *unit(s)*

- ARTH 190C - 20th Century Art: from Dada to Pop 3 *unit(s)*
- ARTH 191A - Issues in Contemporary Art 3 *unit(s)*
- ARTH 192A - Modern Design 3 *unit(s)*
- ARTH 192C - History of Interior Design 3 *unit(s)*

Specialized Courses (27 units)

Courses can not be taken again if taken in another requirement area.

- ART 173 - Topics in Installation Art 3 *unit(s)*

Complete Three Courses From:

- ART 47 - Introduction to Metalsmithing 3 *unit(s)*
- ART 133 - Topics in Ceramic Sculpture 3 *unit(s)*
- ART 140 - Topics in Glass 3 *unit(s)*
- ART 168 - Topics in Woodworking 3 *unit(s)*
- ART 169 - Topics in Metal Sculpture 3 *unit(s)*
- ART 170 - Topics in Fabricated Sculpture 3 *unit(s)*

Additional Courses (15 units)

- Complete two upper division courses from ART, ARTH, and/or PHOT. Courses cannot be taken again if taken in another requirement area 6 *unit(s)*

Complete Three Courses From:

- ART 132 - Topics in Intermediate Ceramics 3 *unit(s)*
- ART 133 - Topics in Ceramic Sculpture 3 *unit(s)*
- ART 134 - Topics in Advanced Ceramics 3 *unit(s)*
- ART 135 - Topics in Moldmaking for Artists 3 *unit(s)*
- ART 137 - Figure Modeling 3 *unit(s)*
- ART 140 - Topics in Glass 3 *unit(s)*
- ART 141 - Topics in Advanced Glass 3 *unit(s)*
- ART 147 - Topics in Metalsmithing and Jewelry 3 *unit(s)*
- ART 149 - Topics in Jewelry and Small Sculpture 3 *unit(s)*
- ART 168 - Topics in Woodworking 3 *unit(s)*
- ART 169 - Topics in Metal Sculpture 3 *unit(s)*
- ART 170 - Topics in Fabricated Sculpture 3 *unit(s)*
- ART 172 - Intermediate Sculpture: System/Structure 3 *unit(s)*
- ART 173 - Topics in Installation Art 3 *unit(s)*
- ART 175 - Special Topics in Studio Art 3 *unit(s)*
- ART 180 - Individual Studies 1-3 *unit(s)*

Capstone (6 units)

- ART 198 - BFA Seminar 3 *unit(s)*

- ART 199 - BFA Project 3 *unit(s)*

Total Units Required (120 units)

Art, Studio Practice Concentration (Preparation for Teaching), BA

The BA in Studio Practice/Preparation for Teaching, offered by the Department of Art and Art History, is designed for students interested in teaching art in high school or middle school and has been approved by the California Commission on Teacher Credentialing (CCTC) as meeting the undergraduate subject matter preparation for a single subject credential program to be completed after the BA. The Preparation for Teaching degree provides a broad foundation in contemporary art practice and permits some specialization in a favorite art medium as well as specialized courses in teaching art education for young people. (Note that completing this major does not guarantee admission to a credential program; see www.sjsu.edu/education for more information.) This is an excellent time to prepare for a teaching career in California.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	41
Major Preparation	27
Major Core Requirements (includes Capstone)	25
Specialized Courses	9
University Electives	18
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (27 units)

- ART 12 - Two-Dimensional Design and Color Concepts 3 *unit(s)*
- ART 13 - Three-Dimensional Design Concepts 3 *unit(s)*
- ART 24 - Drawing I 3 *unit(s)*
- ART 68 - Beginning Sculpture: Object & Concept 3 *unit(s)*
- ART 74 - Introduction to Digital Media 3 *unit(s)*
- PHOT 40 - Beginning Photography 3 *unit(s)*

General Art History Survey (3 units)

Highly recommend students take ARTH 70B.

Complete one course:

- ARTH 70A - Art History, Prehistoric to Medieval 3 *unit(s)* (C1)
- ARTH 70B - Art History, Renaissance to Modern 3 *unit(s)* (C1)
- ARTH 70C - Arts of Asia 3 *unit(s)* (C1)

Aesthetics and Art Theory (3 units)

Complete one course:

- ARTH 101 - Introduction to Practice of Art History 3 *unit(s)*
- PHIL 66 - Introduction to Aesthetics 3 *unit(s)* (C1)
- PHIL 106 - Philosophy of Art 3 *unit(s)*

Specialized Art History (3 units)

Complete one course:

- ARTH 185 - Art of the Classical World 3 *unit(s)*
- ARTH 186 - Medieval Art 3 *unit(s)*
- ARTH 187A - Art of the Italian Renaissance, Fifteenth Century 3 *unit(s)*
- ARTH 190B - Early Modernist Art 3 *unit(s)*
- ARTH 191A - Issues in Contemporary Art 3 *unit(s)*
- ARTH 160 - Modern Architecture 3 *unit(s)*
- ARTH 161 - Contemporary Architecture 3 *unit(s)*

Major Requirements (34 units)

Core Requirements (22 units)

Art Fundamentals (13 units)

- ART 1 - Professional Preparation in Art 1 *unit(s)*
- ART 2 - The Artist in Contemporary Culture 3 *unit(s)*
- ART 3 - Medium and Message 3 *unit(s)*
- ART 61 - Beginning Painting 3 *unit(s)*
- ART 100W - Writing Workshop: Fine Arts 3 *unit(s)* (WID)

Teaching Fundamentals (6 units)

- ART 138 - Elementary Art Methods 3 *unit(s)*
- ART 139 - Teaching Diversity through Art 3 *unit(s)*

Upper Division Art History (3 units)

Complete one course:

- ARTH 193A - Worlds of Art and Culture 3 *unit(s)* (V)
- ARTH 193B - East Meets West in Art 3 *unit(s)* (V)

Capstone (3 units)

- ARED 150 - Field Experience in the Arts 3 *unit(s)*

Area Focus (9 units)

Complete three (3) courses in one of the following areas:

Courses can not be taken again if taken in another requirement area.

Ceramics

- ART 46 - Introduction to Ceramics 3 *unit(s)*
- ART 132 - Topics in Intermediate Ceramics 3 *unit(s)*
- ART 133 - Topics in Ceramic Sculpture 3 *unit(s)*
- ART 134 - Topics in Advanced Ceramics 3 *unit(s)*
- ART 137 - Figure Modeling 3 *unit(s)*

Craft

- ART 47 - Introduction to Metalsmithing 3 *unit(s)*
- ART 140 - Topics in Glass 3 *unit(s)*

- ART 141 - Topics in Advanced Glass 3 *unit(s)*
- ART 147 - Topics in Metalsmithing and Jewelry 3 *unit(s)*
- ART 149 - Topics in Jewelry and Small Sculpture 3 *unit(s)*

Drawing/Painting

- ART 25 - Expressive Drawing 3 *unit(s)*
- ART 26 - Drawing II 3 *unit(s)*
- ART 158 - Topics in Drawing III 3 *unit(s)*
- ART 162 - Watercolor 3 *unit(s)*
- ART 164A - Intermediate Painting 3 *unit(s)*
- ART 164B - Intermediate Painting II 3 *unit(s)*
- ART 166 - Topics in Advanced Painting 3 *unit(s)*

Photography

- PHOT 110 - Black and White Photography 3 *unit(s)*
- PHOT 112 - Color Photography 3 *unit(s)*
- PHOT 115 - Intermediate Digital Imaging 3 *unit(s)*
- PHOT 116 - Contemporary Issues in Photography 3 *unit(s)*

Printmaking

- ART 151 - Topics in Screen-Printing 3 *unit(s)*
- ART 152 - Topics in Lithography 3 *unit(s)*
- ART 153 - Topics in Intaglio Processes 3 *unit(s)*
- ART 155 - Topics in Monotype 3 *unit(s)*

Sculpture

- ART 133 - Topics in Ceramic Sculpture 3 *unit(s)*
- ART 137 - Figure Modeling 3 *unit(s)*
- ART 149 - Topics in Jewelry and Small Sculpture 3 *unit(s)*
- ART 168 - Topics in Woodworking 3 *unit(s)*
- ART 170 - Topics in Fabricated Sculpture 3 *unit(s)*
- ART 173 - Topics in Installation Art 3 *unit(s)*

University Electives (18 units)

Talk with your advisor from the Department of Art and Art History about a list of recommended minors.

Total Units Required (120 units)

Art, Studio Practice Concentration, BA

The BA Art, Concentration in Studio Practice, offered by the Department of Art and Art History, is a degree for students who wish to pursue studio practice with the flexibility of a liberal arts degree. This could include a broad-based approach to artistic media or a focus on a single medium; university electives may be employed for any number of recommended minors. Students who wish to place more emphasis on the communication of ideas may opt to take classes, from painting, to video art, to glassblowing, to photography, to woodworking. Others may desire to specialize in one area as well as to develop preprofessional skills within the major. The BA Art, Concentration in Studio Practice allows students to tailor their own degree to meet precisely their artistic and career interests, while progressing through a rigorous core of theoretical seminars and art history lecture classes that will inform their work in any medium. The degree puts an emphasis on developing creative skills and the ability to fit into a variety of careers from high tech to arts administration.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	44
Major Preparation	21
Major Core Requirements	19
Area Focus	12
University Electives (recommend a minor)	24
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (21 units)

- ART 12 - Two-Dimensional Design and Color Concepts 3 *unit(s)*
- ART 13 - Three-Dimensional Design Concepts 3 *unit(s)*
- ART 24 - Drawing I 3 *unit(s)*
- ART 68 - Beginning Sculpture: Object & Concept 3 *unit(s)*
- ART 74 - Introduction to Digital Media 3 *unit(s)*
- PHOT 40 - Beginning Photography 3 *unit(s)*

General Art History Survey (3 units)

Highly recommend students take ARTH 70B.

Complete one course:

- ARTH 70A - Art History, Prehistoric to Medieval 3 *unit(s)* (C1)
- ARTH 70B - Art History, Renaissance to Modern 3 *unit(s)* (C1)
- ARTH 70C - Arts of Asia 3 *unit(s)* (C1)

Major Requirements (31 units)

Core Requirements (19 units)

Art Fundamentals (10 units)

- ART 1 - Professional Preparation in Art 1 *unit(s)*
- ART 2 - The Artist in Contemporary Culture 3 *unit(s)*
- ART 3 - Medium and Message 3 *unit(s)*
- ART 100W - Writing Workshop: Fine Arts 3 *unit(s)* (WID)

Upper Division Art History (6 units)

Complete one course:

- ARTH 110 - History and Theory of New Media 3 *unit(s)*
- ARTH 191A - Issues in Contemporary Art 3 *unit(s)*

Complete one course:

- ARTH 193A - Worlds of Art and Culture 3 *unit(s)* (V)
- ARTH 193B - East Meets West in Art 3 *unit(s)* (V)

Capstone (3 units)

Complete one course:

- ART 197 - BA Senior Project 3 *unit(s)*
- PHOT 120 - Image and Idea 3 *unit(s)*
- PHOT 197 - Senior Project Photography 3 *unit(s)*

Area Focus (12 units)

Complete at least three (3) courses from one of the following areas and one (1) additional course from any area:

Digital Media Art

- ART 75 - Introduction to Digital Video Art 3 *unit(s)*
- ART 101 - Digital Media Art 3 *unit(s)*
- ART 102 - 3D Modeling and Printing 3 *unit(s)*
- ART 103 - Art as System 3 *unit(s)*
- ART 104 - Interdisciplinary Seminar in Digital Media Art 3 *unit(s)*
- ART 105 - Advanced Digital Video 3 *unit(s)*
- ART 106 - Topics in Human Machine Interface 3 *unit(s)*
- ART 107 - Advanced Projects in Digital Media Art 3 *unit(s)*
- ART 108 - Introduction to Game Studies 3 *unit(s)*
- ART 109 - Web Development in HTML, CSS and JavaScript 3 *unit(s)*
- ART 193 - Digital Materials 3 *unit(s)*

Spatial Art

- ART 46 - Introduction to Ceramics 3 *unit(s)*
- ART 132 - Topics in Intermediate Ceramics 3 *unit(s)*
- ART 133 - Topics in Ceramic Sculpture 3 *unit(s)*
- ART 134 - Topics in Advanced Ceramics 3 *unit(s)*
- ART 135 - Topics in Moldmaking for Artists 3 *unit(s)*
- ART 137 - Figure Modeling 3 *unit(s)*
- ART 140 - Topics in Glass 3 *unit(s)*
- ART 141 - Topics in Advanced Glass 3 *unit(s)*
- ART 147 - Topics in Metalsmithing and Jewelry 3 *unit(s)*
- ART 149 - Topics in Jewelry and Small Sculpture 3 *unit(s)*
- ART 168 - Topics in Woodworking 3 *unit(s)*
- ART 169 - Topics in Metal Sculpture 3 *unit(s)*
- ART 170 - Topics in Fabricated Sculpture 3 *unit(s)*
- ART 172 - Intermediate Sculpture: System/Structure 3 *unit(s)*

- ART 173 - Topics in Installation Art 3 *unit(s)*

Pictorial Art

- ART 25 - Expressive Drawing 3 *unit(s)*
- ART 26 - Drawing II 3 *unit(s)*
- ART 61 - Beginning Painting 3 *unit(s)*
- ART 150 - Topics in Printmaking and Letterpress 3 *unit(s)*
- ART 151 - Topics in Screen-Printing 3 *unit(s)*
- ART 152 - Topics in Lithography 3 *unit(s)*
- ART 153 - Topics in Intaglio Processes 3 *unit(s)*
- ART 158 - Topics in Drawing III 3 *unit(s)*
- ART 162 - Watercolor 3 *unit(s)*
- ART 164A - Intermediate Painting 3 *unit(s)*
- ART 164B - Intermediate Painting II 3 *unit(s)*
- ART 165 - Topics in Figure Painting 3 *unit(s)*
- ART 166 - Topics in Advanced Painting 3 *unit(s)*

Photography

- PHOT 110 - Black and White Photography 3 *unit(s)*
- PHOT 112 - Color Photography 3 *unit(s)*
- PHOT 113 - Alternative Photo Media 3 *unit(s)*
- PHOT 114 - Advanced Black and White Photography 3 *unit(s)*
- PHOT 115 - Intermediate Digital Imaging 3 *unit(s)*
- PHOT 116 - Contemporary Issues in Photography 3 *unit(s)*
- PHOT 121 - Introduction to Studio Lighting 3 *unit(s)*
- PHOT 122 - Advanced Lighting: Working with Strobes 3 *unit(s)*
- PHOT 123 - Photography as Illustration 3 *unit(s)*
- PHOT 125 - Special Topics in Photography 3 *unit(s)*
- PHOT 129 - Professional Practices in Photography 3 *unit(s)*

Gallery/Projects/Internships

- ART 174A - Museum and Gallery Operations 3 *unit(s)*
- ART 174B - Internship: Museum and Gallery Operations 3 *unit(s)*
- ART 175 - Special Topics in Studio Art 3 *unit(s)*
- ART 180 - Individual Studies 1-3 *unit(s)*

Art History

- ARTH 110 - History and Theory of New Media 3 *unit(s)*
- ARTH 126 - History of Photography 3 *unit(s)*
- ARTH 160 - Modern Architecture 3 *unit(s)*
- ARTH 161 - Contemporary Architecture 3 *unit(s)*
- ARTH 162 - California Architecture 3 *unit(s)*
- ARTH 163 - Twentieth Century Urban Design 3 *unit(s)*

- ARTH 176A - Graphic Design History and Theory 3 *unit(s)*
- ARTH 182A - Art of the Americas 3 *unit(s)*
- ARTH 182B - American Art 3 *unit(s)*
- ARTH 183A - Art of Egypt and Mesopotamia 3 *unit(s)*
- ARTH 185 - Art of the Classical World 3 *unit(s)*
- ARTH 186 - Medieval Art 3 *unit(s)*
- ARTH 187A - Art of the Italian Renaissance, Fifteenth Century 3 *unit(s)*
- ARTH 187B - Art of the Italian Renaissance, Sixteenth Century 3 *unit(s)*
- ARTH 188A - Northern Renaissance Fourteenth and Fifteenth Centuries 3 *unit(s)*
- ARTH 188B - Northern Renaissance, Sixteenth Century 3 *unit(s)*
- ARTH 189A - Baroque Art and Architecture in Europe 3 *unit(s)*
- ARTH 189B - Global Baroque Art and Architecture 3 *unit(s)*
- ARTH 190A - Art of the Nineteenth Century 3 *unit(s)*
- ARTH 190B - Early Modernist Art 3 *unit(s)*
- ARTH 190C - 20th Century Art: from Dada to Pop 3 *unit(s)*
- ARTH 191A - Issues in Contemporary Art 3 *unit(s)*
- ARTH 192A - Modern Design 3 *unit(s)*
- ARTH 192C - History of Interior Design 3 *unit(s)*

University Electives (24 units)

Talk with your advisor from the Department of Art and Art History about a list of recommended minors.

Total Units Required (120 units)

Chinese, BA

The Department of World Languages and Literatures seeks to develop in students the ability to communicate effectively with people who speak languages other than English and whose world views and cultural values may differ substantially from their own. After the development of the four basic language skills (listening comprehension, speaking, reading, and writing) our programs seek to create an understanding and appreciation of the great works of classical and modern world literature in their original language, as well as in translation.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	41
Major Preparation	20
Major Requirements	37-38
University Electives	21-22
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (20 units)

(Or CHIN 25A/CHIN 25B equivalent)

- CHIN 25A - Intermediate Chinese 4 *unit(s)* (C2)
- CHIN 25B - Intermediate Chinese 4 *unit(s)* (C2)

Foreign Language Requirement

- 12 units of a second world language 12 *unit(s)*

Major Requirements (37-38 units)

- CHIN 101A - Advanced Chinese 4 *unit(s)*
- CHIN 101B - Advanced Chinese 4 *unit(s)*
- CHIN 140 - Chinese Culture and Politics Through Literature 3 *unit(s)* (V)

- FORL 100W - Writing Workshop 3 *unit(s)* (WID)

Complete Six Courses From:

- CHIN 102 - Chinese Culture 4 *unit(s)*
- CHIN 110 - Structure of the Chinese Language 4 *unit(s)*
- CHIN 130 - Readings in Chinese Culture 4 *unit(s)*
- CHIN 132 - Special Topics in Chinese for Careers 4 *unit(s)*
- RELS 144 - Chinese Traditions 3 *unit(s)*

University Electives (21-22 units)

Total Units Required (120 units)

Creative Arts, BA

Advisor: Shannon Rose Riley. M.F.A., Ph.D.

Founded in 1956, the innovative Creative Arts Program is the oldest interdisciplinary arts and creativity studies program in the CSU. The program offers a flexible, interdisciplinary curriculum that examines creativity across the arts domains and emphasizes both creative and critical thinking. Offered by the Department of Humanities, students take core courses in creative arts in combination with art, English, comparative literature, music, dance, radio, film, and theatre courses, individualizing their program of study. We offer a major and a minor in Creative Arts. Key to the Program is an emphasis on creative thinking and the creative process. As a result, our students become effective thinkers and problem-solvers. Our graduates become successful visual and performing artists, teachers, arts administrators, activists, software developers, software engineers, physicians, writers, sound recording engineers, costume designers, arts therapists, librarians, lawyers, and entrepreneurs.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	32
Major Preparation	3
Major Requirements	45
University Electives	40
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

The following Required Major courses must be completed with a grade of "C- or better": CA 172, CA 173, CA 175, CA 176 and CA 178.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

- Recommend AMS 139 - Animals and Society 3 *unit(s)* (R)

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

Major Preparation (3 units)

- HUM 100W - Writing in the Humanities & Interdisciplinary Arts 3 *unit(s)* (WID)

Major Requirements (45 units)

To qualify for a baccalaureate in Creative Arts, a grade of "C-" (1.7) or better is required in each of the following courses:

- CA 172 - The Arts in U.S. Society 3 *unit(s)*
- CA 173 - Thinking About Contemporary World Arts 3 *unit(s)*
- CA 175 - Seminar in Creative Process 3 *unit(s)*
- CA 176 - Creativity and Creative Leadership 3 *unit(s)*
- CA 178 - Senior Seminar in Creative Arts 3 *unit(s)*

Lower Division Courses (9 units)

- CA 60 - Creativity Matters 3 *unit(s)* (E)
- HUM 95 - Introduction to Digital Humanities 3 *unit(s)*

Arts History/Theory Course (3 units)

Three units of lower division non-studio, non-activity courses in history or theory selected from the following: Art; Art History; Comparative Literature; Dance; Design; English; Music; Radio, Television, Film; Theatre Arts; and others approved by the CAP Advisor.

- CA 95 - Introduction to Queer Arts 3 *unit(s)* (C1)
- DANC 10 - Dance Appreciation 3 *unit(s)* (C1)
- ENGL 10 - Great Works of Literature 3 *unit(s)* (C2)
- ENGL 22 - Fantasy and Science Fiction 3 *unit(s)* (C2)
- MUSC 10A - Music Appreciation 3 *unit(s)* (C1)
- MUSC 19 - Music in World Cultures 3 *unit(s)* (C1)
- RTVF 82 - Introduction to Film History 3 *unit(s)*
- RTVF 31 - Film and Television Aesthetics 3 *unit(s)*
- TA 10 - Theatre Appreciation 3 *unit(s)* (C1)

Activity or Studio Courses (6 units)

Six units of activity or studio courses in visual or performing arts or creative writing listed below or approved by the CAP Advisor

- ART 12 - Two-Dimensional Design and Color Concepts 3 *unit(s)*
- ART 13 - Three-Dimensional Design Concepts 3 *unit(s)*
- ART 24 - Drawing I 3 *unit(s)*
- ART 26 - Drawing II 3 *unit(s)*
- DANC 40A - Topics in Modern Dance I 2 *unit(s)* (PE)
- DANC 42A - Topics in Jazz Dance I 2 *unit(s)* (PE)
- ENGL 71 - Creative Writing 3 *unit(s)* (C1)
- TA 5 - Acting 3 *unit(s)* (C1)
- TA 17 - Intermediate Acting 3 *unit(s)*
- TA 48 - Voice & Movement for the Actor 3 *unit(s)* (E)

Upper Division Courses (9 units)

Nine unit program of study of upper division courses in two or more arts disciplines selected primarily from the following: Art; Art History; Comparative Literature; Dance; Design; English; Music; Radio, Television, Film; Theatre Arts; World Languages and Literatures (literature only); or for a complete list of electives, see the Creative Arts Advisor

- AMS 179 - Issues in US Popular Culture 3 *unit(s)*
- ART 110 - History and Theory of New Media 3 *unit(s)*
- ARTH 126 - History of Photography 3 *unit(s)*
- CA 134 - Religion Film & Media 3 *unit(s)*
- DANC 102 - Dance in World Cultures 3 *unit(s)* (V)
- DANC 148 - Children's Dance 3 *unit(s)*

- ENGL 176 - The Short Story 4 *unit(s)*
- RTVF 111 - Global Screen Cultures 3 *unit(s)* (V)
- RTVF 181 - Modern Film History 3 *unit(s)*
- SPAN 120A - Spanish Literature I 4 *unit(s)*
- TA 120 - Theatre History 3 *unit(s)*
- TA 121 - Topics in Performance History 3 *unit(s)*
- TA 131 - Storytelling 3 *unit(s)*

Creative Arts Courses (21 units)

- CA 172 - The Arts in U.S. Society 3 *unit(s)* (S)
- CA 173 - Thinking About Contemporary World Arts 3 *unit(s)* (V)
- CA 175 - Seminar in Creative Process 3 *unit(s)*
- CA 176 - Creativity and Creative Leadership 3 *unit(s)*
- CA 178 - Senior Seminar in Creative Arts 3 *unit(s)*

Complete Six Units From:

- CA 180 - Individual Studies 1-4 *unit(s)*
- CA 190 - Field Work/Internship 1-3 *unit(s)*
- CA 194 - Community Building through Arts Orgs 3 *unit(s)*
- HUM 160 - Special Topics in Humanities 3 *unit(s)*

For prospective teachers only with advisor permission: CA 177 plus either CA 139 or CA 150.

University Electives (40 units)

Total Units Required (120 units)

Dance, BA

The Bachelor of Arts in Dance encourages young artists to explore their talents through comprehensive study of dance technique, choreography, and performance. BA candidates also pursue dance studies in such areas as history, dance cultures, pedagogy, stage production and kinesiology, where students gain the intellectual foundation to understand the body from the perspective of history, culture, and science. Dancers are also invited to choose either contemporary dance or tap/hip hop/jazz as their technical concentration. Through the support of the department's professionally active and diverse faculty, students are encouraged to participate in performance opportunities to refine their unique talents as creative makers, doers, and thinkers.

Auditions are required to place students in the appropriate levels.

Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the preparation and major (all courses in preparation, and core) must be completed with a grade of "C- or better".

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is met with the completion of the major.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (9 units)

- DANC 102 - Dance in World Cultures 3 *unit(s)* (V)

Complete One Course From:

- MUSC 100W - Written Communication II 3 *unit(s)* (WID)
- TA 100W - Writing Workshop: Theatre Arts 3 *unit(s)* (WID)

Complete One Course From:

- ARTH 15 - Intro to Visual Culture 3 *unit(s)* (C1)
- MUSC 10A - Music Appreciation 3 *unit(s)* (C1)

Major Requirements (53 units)

Dance Technique, Performance and Choreography (36 units)

Dance Technique (18 units)

Complete at least six units of DANC 154A and/or DANC 154B. All Dance technique classes are repeatable for credit.

- DANC 54 - Topics in Dance Technique II 3 *unit(s)* (PE)
- DANC 154A - Topics in Dance Technique III 3 *unit(s)* (PE)
- DANC 154B - Topics in Dance Technique IV 3 *unit(s)* (PE)

Culminating Experience (2 units)

- DANC 198 - Internship in Dance 1-3 *unit(s)*

Choreography (10 units)

- DANC 43 - Dance Improvisation 1 *unit(s)*
- DANC 145A - Choreography I 3 *unit(s)*
- DANC 145B - Choreography II 3 *unit(s)*
- DANC 145C - Choreography III 3 *unit(s)*

Performance (6 units)

Any combination of the following courses:

- DANC 12 - Ensemble Dance Rehearsal and Performance 2 *unit(s)*
- DANC 112 - ENS: Dance Rehearsal and Performance 2 *unit(s)*
- DANC 194 - Dance Repertory Activity 1 *unit(s)* (At minimum take DANC 194 twice)

Theory (17 units)

- DANC 51A - Dance Production 3 *unit(s)*
- DANC 51B - Topics in Dance Crewing 0.5 *unit(s)* (Students enroll in DANC 51B twice)
- DANC 75 - Rhythm and Dynamics in Dance 1 *unit(s)*
- DANC 144A - Dance History and Repertory 3 *unit(s)*
- DANC 147A - Dance Seminar 3 *unit(s)*
- DANC 150A - Kinesiology I 3 *unit(s)*
- DANC 150B - Kinesiology II 3 *unit(s)*

University Electives (16 units)

By advisement: 9 units must be outside of the dance area.

Total Units Required (120 units)

Dance, BFA

The Bachelor of Fine Arts in Dance offers a rigorous immersion in the performing art with the goal of providing professional training to young dancers as movers, makers, technicians and thinkers as they evolve as whole artists. At the heart of the curriculum are daily courses in technique, which includes contemporary dance, ballet, hip hop, tap, jazz and West African; rigorous bi-weekly choreographic application of ideas of space, time and form; and near-daily rehearsal in the University Dance Theater (UDT). Through the support of the department's professionally active and diverse faculty, UDT functions as a laboratory where dancers wrestle with new movement idioms or choreographic methods, and are given the chance to push their dancing to new heights. At the same time, the program's academic coursework in history, dance cultures, pedagogy, and kinesiology provide students an intellectual foundation to understand the body as historical, cultural, and material.

Auditions are required for admission.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	42

University Electives	3
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is met with the completion of the major.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (11 units)

- DANC 43 - Dance Improvisation 1 unit(s)
- DANC 75 - Rhythm and Dynamics in Dance 1 unit(s)
- MUSC 10A - Music Appreciation 3 unit(s) (C1)
- MUSC 100W - Written Communication II 3 unit(s) (WID) (TA 100W also accepted)
- DANC 102 - Dance in World Cultures 3 unit(s) (V)

Major Requirements (64 units)

Dance Technique, Performance and Choreography (53 units)

Freshmen must perform at level II in area of option. Minimum of one technique class daily required each semester at SJSU. Level I is prerequisite if unable to perform at level II or higher in Modern, Jazz, Ballet or Tap.

Dance Technique (24 units)

Complete at least 6 units of DANC 154B.

- DANC 54 - Topics in Dance Technique II 3 unit(s) (PE)
- DANC 154A - Topics in Dance Technique III 3 unit(s) (PE)
- DANC 154B - Topics in Dance Technique IV 3 unit(s) (PE)

Performance Requirements (13 units)

Any combination of DANC 12, DANC 112 or DANC 194, 4 units must be DANC 112

- DANC 12 - Ensemble Dance Rehearsal and Performance 2 unit(s)
- DANC 112 - ENS: Dance Rehearsal and Performance 2 unit(s)
- DANC 194 - Dance Repertory Activity 1 unit(s)

Choreography (9 units)

- DANC 145A - Choreography I 3 unit(s)
- DANC 145B - Choreography II 3 unit(s)
- DANC 145C - Choreography III 3 unit(s)

Senior Project (3 units)

- DANC 147A - Dance Seminar 3 *unit(s)*

Production (4 units)

- DANC 51A - Dance Production 3 *unit(s)*
- DANC 51B - Topics in Dance Crewing 0.5 *unit(s)* (*Students will enroll in DANC 51B twice*)

Theory (11 units)

- DANC 144A - Dance History and Repertory 3 *unit(s)*
- DANC 150A - Kinesiology I 3 *unit(s)*
- DANC 150B - Kinesiology II 3 *unit(s)*
- DANC 151 - Introduction to Dance Pedagogy 2 *unit(s)*

University Electives (3 units)

Complete 3 units from university electives or from:

- DANC 49A - Topics in Tap Dance I 1 *unit(s)*
- DANC 53 - World Dance 1 *unit(s)*
- DANC 54 - Topics in Dance Technique II 3 *unit(s)* (PE)
- DANC 112 - ENS: Dance Rehearsal and Performance 2 *unit(s)*
- DANC 148 - Children's Dance 3 *unit(s)*
- DANC 154A - Topics in Dance Technique III 3 *unit(s)* (PE)
- DANC 154B - Topics in Dance Technique IV 3 *unit(s)* (PE)
- DANC 194 - Dance Repertory Activity 1 *unit(s)*
- DANC 198 - Internship in Dance 1-3 *unit(s)*

Total Units Required (120 units)

Design Studies, BA

The BA Design Studies, offered by the Department of Design, provides students with broad exposure to design principles, history, and theory. In addition to receiving a foundation through core courses, students tailor their studies by focusing on one of the areas of specialization described below. Students may be admitted to the BFA in Interior Design or BFA in Graphic Design or the BS in Industrial Design on a space-available basis after successfully completing required portfolio reviews.

- Program Learning Outcomes

Portfolio Review for the BFA and BS Programs

Animation & Illustration: Admission to the Animation & Illustration, BFA is determined at the time students apply for admission to the university. There is no internal change of major into the Animation & Illustration, BFA. Students who were admitted as Animation & Illustration, BFA and did not pass portfolio review will continue as Design Studies, BA majors with a specialization in Animation & Illustration. Consult with your advisor.

Graphic Design: Provides a basic understanding of the aesthetic and technical skills needed for graphic design. Students wishing to pursue a Graphic Design, BFA which would encompass exposure to a wider range of design disciplines, must pass two portfolio reviews: DSGD 100 coursework review in the Fall and DSGD 104 course-work review in the Spring. Students should consult with a major advisor about the portfolio review process and deadlines at the time they enter SJSU.

Industrial Design: Provides basic knowledge of 3D computer-aided design, materials and manufacturing, prototyping, and team-based theory. Students will have a basic preparation for jobs in computer-aided design support and model making, or be prepared to apply to a graduate program in Industrial Design or other areas. Students who wish to pursue the Industrial Design, BS must pass portfolio review. Students should consult with a major advisor about the portfolio review process and deadlines at the time they enter SJSU.

Interior Design: Provides a basic understanding of the aesthetic and technical skills needed for interior design. Students wishing to pursue an Interior Design, BFA which would encompass exposure to a wider range of design disciplines, must pass portfolio review. Students should consult with a major advisor about the portfolio review process and deadlines at the time they enter SJSU.

Summary of Degree Units

University Graduation Requirements	47
Major Requirements	48
University Electives	25
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

This requirement is fulfilled in this major with:

- DSGN 100W - Writing Workshop: Design 3 *unit(s)* (*WID*)

Major Requirements (48 units)

Core Courses (24 units)

- ARTH 72 - Design in Society 3 *unit(s)* (*C1*)

Art History

Complete one course from:

- ARTH 70A - Art History, Prehistoric to Medieval 3 *unit(s)* (*C1*)
- ARTH 70B - Art History, Renaissance to Modern 3 *unit(s)* (*C1*)
- ARTH 70C - Arts of Asia 3 *unit(s)* (*C1*)

Design Drawing

Based on your Area of Specialization, complete one course.

- ANI 11 - Illustration Fundamentals I 3 *unit(s)* (*ANI + GD*)
ART 24 will also be accepted for transfer students.
- DSID 21 - Visualization I 3 *unit(s)* (*ID*)
- DSIT 10 - Sketching, Drawing + Modeling 3 *unit(s)* (*IT*)

Design Foundation I

Based on your Area of Specialization, complete one course.

- ANI 10 - Light and Optics 3 *unit(s)* (*ANI*)
- DSGD 63 - Fundamental Graphic Visualization 3 *unit(s)* (*GD*)
ART 12 will also be accepted for transfer students.
- DSID 22 - Visualization II 3 *unit(s)* (*ID*)
- DSIT 5 - Introduction of Interior Design and Architecture 3 *unit(s)* (*IT*)

Design Foundation II

Based on your Area of Specialization, complete one course.

- ANI 71 - Visual Principles 3 *unit(s)* (*ANI*)
- DSGD 83 - Digital Applications: Basics 3 *unit(s)* (*GD*)
- DSID 31 - Industrial Design Foundation I 3 *unit(s)* (*ID*)
- DSIT 29 - Design Process 3 *unit(s)* (*IT*)

Design Methods I

Based on your Area of Specialization, complete one course.

- ANI 31 - 2D Animation I 3 *unit(s)* (ANI)
- DSGD 109 - Digital Apps: Motion & Interaction Design 3 *unit(s)* (GD)
- DSID 137 - Advanced Physical Prototyping 3 *unit(s)* (ID)
- DSIT 33 - Architectural Presentation 3 *unit(s)* (IT)

Design Methods II

Based on your Area of Specialization, complete one course.

- DSGD 99 - Introduction to Typography 3 *unit(s)* (ANI + GD)
- DSID 32 - Industrial Design Foundation II 3 *unit(s)* (ID)
- DSIT 83 - Visual Communication I 3 *unit(s)* (IT)

Design History

Based on your Area of Specialization, complete one course.

- ARTH 160 - Modern Architecture 3 *unit(s)* (IT)
- ARTH 161 - Contemporary Architecture 3 *unit(s)* (IT)
- DSGD 176A - Graphic Design History and Theory 3 *unit(s)* (GD)
- DSID 122 - Cont. & Crit. Studies: Industrial Design 3 *unit(s)* (ID)
- RTVF 181 - Modern Film History 3 *unit(s)* (ANI)

Area of Specialization (12 units)

Complete one Area of Specialization. Specializations are a cluster of courses used by departments for advising purposes. Specializations will not appear on transcripts or diplomas. Please see advisor for more details.

Graphic Design (GD)

- DSGD 100 - Visual Communication & Process 3 *unit(s)*
- DSGD 104 - Introduction to Graphic Design 3 *unit(s)*
- DSGD 111 - Design Values and Professional Practices 3 *unit(s)*
- DSGN 197 - BA Senior Project 3 *unit(s)*

Industrial Design (ID)

- DSID 41 - Materials and Processes I 3 *unit(s)*
- DSID 129 - Visualization III 3 *unit(s)*
- DSID 136 - Advanced Digital Workshop 3 *unit(s)*
- DSID 143 - Advanced Materials, Process & Technology 3 *unit(s)*

Interior Design (IT)

- DSIT 34 - Interior Architecture Foundation Studio 3 *unit(s)*

Complete Three Courses From:

- DSIT 106 - Architectural Project Materials 3 *unit(s)*
- DSIT 107 - Furniture Design 3 *unit(s)*
- DSIT 108 - Architectural Lighting Design 3 *unit(s)*
- DSIT 112 - Professional Practice of Interior Archit 3 *unit(s)*

Animation & Illustration (ANI)

Only for students who were admitted as Animation & Illustration, BFA and did not pass portfolio review. Consult with your advisor regarding the requirements to satisfy the specialization.

Major Electives (12 units)

With the departmental advisor approval, students must complete **6 units of lower division** design electives and **6 units of upper division** design electives.

Recommended Electives

- TA 5 - Acting 3 *unit(s)* (recommend for ANI students)
- DSID 126 - Ergonomics for Design 3 *unit(s)* (recommend for ID students)
- DSIT 106 - Architectural Project Materials 3 *unit(s)* (recommend for IT students)

University Electives (25 units)

Total Units Required (120 units)

English, BA

The Literature program, offered by the Department of English and Comparative Literature, provides students a solid grounding in literary genres, periods, and critical approaches to British, American, and World Literatures. Students are exposed to a wide range of canonical and non-canonical texts, and they learn to read closely and critically, and to write clearly and effectively. During their time at San Jose State, students will have an opportunity to develop and carry out research projects, and they will learn to locate, evaluate, and organize information effectively. Graduates of our program excel in close reading, critical thinking, and clear writing—all of which are crucial, marketable skills in today's job markets.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	6-16
Major Core Requirements	24-25

English Concentration	20
Major Elective	3-4
University Electives	17-29
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)

- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (6-16 units)

- One year of foreign language study at the college level or equivalency through examination 0-10 *unit(s)*
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3)

Area A2 Course (3 units)

Complete one course:

- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- ENGL 1AS - First-Year Writing: Stretch English II 3 *unit(s)* (A2)

Additional Preparation (3-13 units)

- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3)
- One year of foreign language study at the college level or equivalency through examination 0-10 *unit(s)*

Major Requirements (47-49 units)

Core Courses (24-25 units)

- ENGL 50 - Beginnings to the American Experiment 3 *unit(s)*
- ENGL 60 - Literatures of the Atlantic World, 1680-1860 4 *unit(s)*
- ENGL 70 - Emerging Modernisms and Beyond 3 *unit(s)*
- ENGL 100W - Writing Workshop 4 *unit(s)* (WID)

Literature for Global Understanding (3 units)

Complete one course:

- ENGL 123A - Literatures of the Americas 3 *unit(s)* (V)
- ENGL 123B - Literatures of Africa 3 *unit(s)* (V)
- ENGL 123C - Literatures of the Pacific 3 *unit(s)* (V)
- ENGL 123D - Literatures of Asia 3 *unit(s)* (V)

Shakespeare (4 units)

Complete one course:

- ENGL 144 - Shakespeare I 4 *unit(s)*
- ENGL 145 - Shakespeare and Performance 4 *unit(s)*

American Literature & Ethnicity (3-4 units)

Complete one course:

- ENGL 165 - Black American Literatures 4 *unit(s)*
- ENGL 169 - Ethnicity in American Literature 3 *unit(s)* (S)

English Concentration (20 units)

- ENGL 101 - Introduction to Literary Criticism 4 *unit(s)*

- ENGL 125 - Ancient Literatures 4 *unit(s)*

Complete 12 units of English Concentration Electives:

- ENGL 113 - Gothic and Horror Fiction 4 *unit(s)*
- ENGL 115 - The Bible as Literature 4 *unit(s)*
- ENGL 116 - Myth in Literature 4 *unit(s)*
- ENGL 117A - American Literature, Film, & Culture 3 *unit(s)* or
- ENGL 117B - Global Film, Literature, and Cultures 3 *unit(s)*
- ENGL 122 - Topics in Comparative World Literature 4 *unit(s)*
- ENGL 126 - Holocaust Literature 3 *unit(s)*
- ENGL 140A - Old English 4 *unit(s)*
- ENGL 140B - Beowulf 4 *unit(s)*
- ENGL 141 - Medieval Literature 4 *unit(s)*
- ENGL 142 - Chaucer 4 *unit(s)*
- ENGL 146 - Studies-Early Modern British Literature 4 *unit(s)*
- ENGL 151 - 20th and 21st Century Poetry 4 *unit(s)*
- ENGL 153 - Studies in the British Novel Before 1900 4 *unit(s)*
- ENGL 160 - Topics in American Literature 4 *unit(s)*
- ENGL 162 - Indigenous American Literatures 4 *unit(s)*
- ENGL 163 - Asian American Literatures 4 *unit(s)*
- ENGL 165 - Black American Literatures 4 *unit(s)*
(*only if not used to satisfy Core Courses*)
- ENGL 166 - Latinx Literatures 4 *unit(s)*
- ENGL 167 - Steinbeck 4 *unit(s)*
- ENGL 168 - The American Novel 4 *unit(s)*
- ENGL 169 - Ethnicity in American Literature 3 *unit(s)*
(*only if not used to satisfy Core Courses*)
- ENGL 171 - Pop Cultures 4 *unit(s)*
- ENGL 176 - The Short Story 4 *unit(s)*
- ENGL 177 - Topics in Fiction Since 1900 4 *unit(s)*
- ENGL 182 - Women, Gender, and Sexuality in Literature 4 *unit(s)*
- ENGL 183 - Major Authors 4 *unit(s)*
- ENGL 184 - Queer Literary Studies 4 *unit(s)*

Major Elective (3-4 units)

- Any one upper division English Course 3-4 *unit(s)*

University Electives or Minor (17-29 units)

Total Units Required (120 units)

Explanations and Limitations

English majors who complete the Humanities Honors Program (HUM 10, HUM 11, HUM 20, HUM 21) will be credited for ENGL 125.

Details and advising information on the above requirements are available in the Department of English and Comparative Literature.

English, Creative Writing Concentration, BA

The undergraduate concentration in Creative Writing, offered by the Department of English and Comparative Literature, invites students to become involved in the creation of new literary art. Like all English majors, Creative Writing concentrators begin their studies with the three-course Transatlantic survey sequence, giving them a solid grounding in literary history. Later, they take writing workshops in various genres, including fiction, poetry, creative nonfiction, and scriptwriting. They are encouraged to work on the Department's 150-year-old literary magazine, *Reed*, and to participate in other literary programming on campus, for example the readings and conversations with visiting authors sponsored by SJSU's Center for Literary Arts.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	35
Major Preparation	9-19
Major Core Requirements	24-25
Concentration Requirements	16
Major Elective	3-4
University Electives	18-30
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)

- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (9-19 units)

- ENGL 71 - Creative Writing 3 *unit(s)* (C1)
- One year of foreign language study at the college level or equivalency through examination 0-10 *unit(s)*
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3)

Complete one course (3 units):

- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- ENGL 1AS - First-Year Writing: Stretch English II 3 *unit(s)* (A2)

Major Requirements (43-45 units)

Core Courses (24-25 units)

- ENGL 50 - Beginnings to the American Experiment 3 *unit(s)*
- ENGL 60 - Literatures of the Atlantic World, 1680-1860 4 *unit(s)*
- ENGL 70 - Emerging Modernisms and Beyond 3 *unit(s)*
- ENGL 100W - Writing Workshop 4 *unit(s)* (WID)

Literature for Global Understanding (3 units)

Complete one course:

- ENGL 123A - Literatures of the Americas 3 *unit(s)* (V)
- ENGL 123B - Literatures of Africa 3 *unit(s)* (V)
- ENGL 123C - Literatures of the Pacific 3 *unit(s)* (V)
- ENGL 123D - Literatures of Asia 3 *unit(s)* (V)

Shakespeare (4 units)

Complete one course:

- ENGL 144 - Shakespeare I 4 *unit(s)*
- ENGL 145 - Shakespeare and Performance 4 *unit(s)*

American Literature & Ethnicity (3-4 units)

Complete one course:

- ENGL 165 - Black American Literatures 4 *unit(s)*
- ENGL 169 - Ethnicity in American Literature 3 *unit(s)* (S)

Creative Writing Concentration (16 units)

Courses may be repeated a maximum of 2 times. Complete four courses from:

- ENGL 130 - Writing Fiction 4 *unit(s)*
- ENGL 131 - Writing Poetry 4 *unit(s)*
- ENGL 133 - Reed Magazine 4 *unit(s)*
- ENGL 135 - Writing Nonfiction 4 *unit(s)*
- ENGL 178 - Creative Nonfiction 4 *unit(s)*

Major Elective (3-4 units)

- Any one upper division English Course 3-4 *unit(s)*

University Electives or Minor (18-30 units)

Total Units Required (120 units)

English, Preparation for Teaching (Single Subject), BA

The following course work satisfies San José State University's requirements for a BA in English. The BA- English Preparation for Teaching, offered by the Department of English and Comparative Literature, is approved as subject matter preparation for a single subject credential by the California Commission on Teacher Credentialing (CCTC). Individuals who do not wish to complete one of the degree programs, or individuals seeking a single subject credential in subject areas not listed must pass all portions of the appropriate Commission-approved subject matter examination(s).

Minimum grade point average (GPA) and completion of the program will not guarantee admission to the credential program. Like all other applicants, students must meet credential program standards and undergo screening for admission. See "How to Become a Teacher" for information on application and admission to credential programs.

- ENGL 109 - Writing and the Young Writer *4 unit(s)*

- ENGL 112B - Literature for Young Adults 4 unit(s)
- ENGL 125 - Ancient Literatures 4 unit(s)

University Electives or Minor (11-24 units)

Total Units Required (120 units)

English, Professional and Technical Writing Concentration, BA

Professional and Technical Writing is writing done in a workplace environment designed to persuade, inform, or instruct. While "professional" generally applies to business writing and "technical" generally applies to writing about technical topics, most professional writers would find the distinction superficial because they are frequently required to do both. SJSU's program (formerly called "Career Writing"), offered by the Department of English and Comparative Literature, has been going strong for over 30 years and our graduates work at nearly every major tech firm in the Bay Area. We have a strong job-placement record and help coordinate paid internships with local employers during the summer and the school year.

Total Units Required (120 units)

French, BA

The Department of World Languages and Literatures seeks to develop in students the ability to communicate effectively with people who speak languages other than English and whose world views and cultural values may differ substantially from their own. After the development of the four basic language skills (listening comprehension, speaking, reading, and writing) our programs seek to create an understanding and appreciation of the great works of classical and modern world literature in their original language, as well as in translation.

- FREN 110 - Advanced Grammar: Grammatical Analysis *4 unit(s)*
- FREN 132 - Special Topics in French for Careers *4 unit(s)*
- FREN 170 - Translation and Comparative Stylistics *4 unit(s)*

Complete 2-3 courses from:

- FREN 120A - French Literature from the Middle Ages to 1600 *4 unit(s)*
- FREN 120B - French Literature of the Seventeenth through the Eighteenth Centuries *4 unit(s)*
- FREN 140B - French Literature 20th-21st Centuries *4 unit(s)*

Complete 0-2 courses from:

- FREN 102A - French Culture *4 unit(s)*
- FREN 102C - French Culture *4 unit(s)*
- FREN 160 - Masters of French Literature *4 unit(s)*

University Electives (25 units)

Total Units Required (120 units)

Graphic Design, BFA

The BFA Graphic Design program, offered by the Department of Design, prepares students for intellectually and aesthetically challenging careers in Graphic Design. Preparation involves both theoretical and practical study with emphasis on typography, form and image, information architecture, experience design and interactive design.

Admission to the BFA Graphic Design program is by portfolio review, which takes place after completing preliminary course work. After admission, passage of portfolio reviews conducted at the end of each semester are required to continue to advance through the BFA GD program. All students are required to complete a professional internship. In addition to the regular curriculum, students have the opportunity to attend special classes and workshops led by studio professionals and faculty members.

Students must pass a milestone portfolio review to remain in the BFA program. Students who do not pass the review will be changed to the Design Studies, BA.

The Graphic Design Program is on the list of schools accredited by National Association of Schools of Art & Design (NASAD).

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	47
Major Preparation	21
Major Requirements	48
University Electives	4
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Requirements

Students must maintain a 3.0 GPA on a 4.0 scale in all major preparation and major required courses. Students who drop below a 3.0 for two consecutive semesters will have their degree status changed from the BFA to the Design Studies, BA.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

This requirement is fulfilled in this major with:

- DSGN 100W - Writing Workshop: Design 3 unit(s) (WID)

Major Preparation (21 units)

Preparation Courses (6 units)

- ANI 11 - Illustration Fundamentals I 3 unit(s) (ART 24 will also be accepted for transfer students)

Complete One Course From:

Highly Recommend Students take ARTH 70B

- ARTH 70A - Art History, Prehistoric to Medieval 3 unit(s) (C1)
- ARTH 70B - Art History, Renaissance to Modern 3 unit(s) (C1)
- ARTH 70C - Arts of Asia 3 unit(s) (C1)

Additional Support Courses (15 units)

- ARTH 72 - Design in Society 3 unit(s) (C1)
- DSGD 63 - Fundamental Graphic Visualization 3 unit(s)
ART 12 will also be accepted for transfer students.
- DSGD 83 - Digital Applications: Basics 3 unit(s)
- DSGD 109 - Digital Apps: Motion & Interaction Design 3 unit(s)
- DSGD 176A - Graphic Design History and Theory 3 unit(s)

Major Requirements (48 units)

- DSGD 99 - Introduction to Typography 3 unit(s)
- DSGD 100 - Visual Communication & Process 3 unit(s)
- DSGD 102 - Intermediate Typography 3 unit(s)
- DSGD 103A - Advanced Typography I 3 unit(s)
- DSGD 104 - Introduction to Graphic Design 3 unit(s)
- DSGD 105 - Intermediate Graphic Design 3 unit(s)
- DSGD 106 - Advanced Graphic Design 3 unit(s)
- DSGD 108 - Graphic Design Portfolio 3 unit(s)

- DSGD 110 - Visual Literacy: Image Making 3 *unit(s)*
- DSGD 120 - Exhibition Design & Info Graphics 3 *unit(s)*
- DSGD 150 - Degree Project: Senior Studio 3 *unit(s)*
- DSGD 186 - Digital Applications: Methodology 3 *unit(s)*

Complete One Course From:

- DSGD 127 - Design Practicum 3 *unit(s)*
- DSGN 127 - Internship 1-4 *unit(s)* (3 *units required*)

Complete Three Courses From:

- DSGD 107A - Special Topics in Graphic Design 3 *unit(s)*
- DSGD 107B - Special Topics in Experience Design 3 *unit(s)*
- DSGD 131 - Motion Graphics 3 *unit(s)*
- DSGD 132 - User Interface & Interaction Design 3 *unit(s)*
- DSGD 141 - 3D Branding & Promotion Design 3 *unit(s)*

University Electives (4 units)

Total Units Required (120 units)

Humanities, American Studies Concentration, BA

The American Studies concentration of the Humanities BA provides a San José State home for the study of U.S. cultures. Our courses, research, and events emphasize the cultural, political, and social aspects of the United States, past and present. In addition to our core faculty, we draw our instructors from departments throughout the university in order to integrate disciplines and themes.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	41
Major Preparation	0-12
Major Core Requirements	33
Concentration Electives	12-16
University Electives	18-34
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

Students in this major should consult their advisor regarding the American Institutions requirement. Depending on sequence(s) a student chooses, 0-30 units of GE/AI can be met in the major.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions

The 6 units of American Institutions (US123) requirement may be satisfied in the major (if identified below) or by transfer from a community college or university. Other courses meet the American Institutions requirement, but may not include additional GE areas.

Consult major advisor for department recommended coursework to meet GE requirement.

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

This requirement is fulfilled in this major with:

- HUM 100W - Writing in the Humanities & Interdisciplinary Arts 3 *unit(s)* (WID)

Recommended Major Preparation (0-12 units)

Recommended that native students complete one of the sequences below, in consultation with Advisor. Any student who completes the American Institutions requirement will have met this area.

Complete One Sequence From:

American Civilization

- AMS 1A - American Cultures to 1877 6 *unit(s)* (C1+D)
- AMS 1B - American Cultures 1877 to Present 6 *unit(s)* (C2+D+US123)

World History

- HIST 1A - World History to 1500 3 *unit(s)* (D)
- HIST 1B - World History from 1500 3 *unit(s)* (D)

Western Civilization

- HIST 10A - Western Civilization 3 *unit(s)* (D)
- HIST 10B - Western Civilization 3 *unit(s)* (D)

Major Requirements (45 units)

Core Courses (15 units)

- HUM 80 - Reading the World 3 *unit(s)* (A3)
- HUM 95 - Introduction to Digital Humanities 3 *unit(s)*
- HUM 101 - Human Life: Let's Think About It 3 *unit(s)*
- HUM 160 - Special Topics in Humanities 3 *unit(s)*
- HUM 190 - Senior Seminar in Humanities 3 *unit(s)*

Comparative Courses (9 units)

Complete three courses:

- AMS 129 - The U.S. in a Global Context 3 *unit(s)*
- AMS 159 - Nature and World Cultures 3 *unit(s)* (V)
- CA 173 - Thinking About Contemporary World Arts 3 *unit(s)* (V)

- HUM 119 - Myths, Heroes, and Global Cultures 3 *unit(s)*
- HUM 128 - Perspectives on the Twentieth Century: The West in a Global Context 3 *unit(s)* (V)
- RELS 120 - Censors and Icons: Arts and Religion 3 *unit(s)*
- RELS 131 - Gender, Sexuality, and Religion 3 *unit(s)*

Additional Major Courses (9 units)

Choose three in addition to any American Studies course chosen above.

- AMS 129 - The U.S. in a Global Context 3 *unit(s)*
- AMS 139 - Animals and Society 3 *unit(s)* (R)
- AMS 160 - Special Topics in Humanities 3 *unit(s)*
- AMS 169 - The American Dream 3 *unit(s)* (S)
- AMS 179 - Issues in US Popular Culture 3 *unit(s)*
- CA 172 - The Arts in U.S. Society 3 *unit(s)* (S)
- RELS 162 - Religion and Political Controversy in the US 3 *unit(s)* (S)

Major Electives (12-16 units)

Choose Four Courses From The Following Lists In One Of Three Ways: Topical, Time Period, Or Courses Chosen Evenly Across Multiple Disciplines. Consult American Studies Advisor For More Information And Options.

Values and Ideas:

- AAS 185 - Ethnic Studies Methodologies 3 *unit(s)*
- JS 132 - Race, Gender, Inequality and the Law 3 *unit(s)* (S)
- HIST 173 - New World Encounters, 1400-1750 4 *unit(s)*
- PHIL 112 - American Philosophy 3 *unit(s)*
- POLS 121C - Constitutional Law: Civil Rights 4 *unit(s)*
- POLS 163 - American Political Thought 3 *unit(s)*
- RELS 162 - Religion and Political Controversy in the US 3 *unit(s)* (S)
- RELS 191 - Religion in America 3 *unit(s)* (S)

Arts & Popular Culture:

- AFAM 102 - Black Music 3 *unit(s)*
- AFAM 161 - Black Representations in Media and New Technology 3 *unit(s)*
- ARTH 182A - Art of the Americas 3 *unit(s)*
- ARTH 182B - American Art 3 *unit(s)*
- COMM 169I - The Media: Response and Criticism 4 *unit(s)*
- ENGL 162 - Indigenous American Literatures 4 *unit(s)*
- ENGL 163 - Asian American Literatures 4 *unit(s)*
- ENGL 168 - The American Novel 4 *unit(s)*
- MUSC 120 - Worlds of Jazz 3 *unit(s)* (S)
- TA 103 - Musical Theatre 3 *unit(s)*

Economics, History, Politics and Society:

- AFAM 159 - The Racial Wealth Gap in America 3 *unit(s)* (S)
- ENV5 135 - U.S. Environmental Policy 3 *unit(s)*
- GEOG 140 - The United States 3 *unit(s)* (S)
- HIST 173 - New World Encounters, 1400-1750 4 *unit(s)*
- HIST 174 - Colonial & Revolutionary America 4 *unit(s)*
- HIST 175 - Inventing America, 1800-1860 4 *unit(s)*
- HIST 176 - The Civil War and Reconstruction 4 *unit(s)*
- HIST 177 - Industrial America, 1877-1920 4 *unit(s)*
- HIST 178 - Crash, Depression and War, 1920-1950 4 *unit(s)*
- HIST 179 - Cold War America, 1950-Present 4 *unit(s)*
- HIST 181 - Advanced Topics in American History 4 *unit(s)*
- POLS 154 - U.S. Foreign Policy: Formulation and Administration 4 *unit(s)*

Gender, Family and Sexuality:

- AFAM 125 - Black Kinship in the US - Black Families Past and Present 3 *unit(s)*
- AFAM 152 - Black Feminisms 3 *unit(s)* (S)
- HIST 188 - History of Women in the United States 3 *unit(s)* (S)
- LING 129 - Culture, Language and Ethnicity in the U.S. 3 *unit(s)* (S)
- CCS 160 - Gender and Sexuality in the Chicana/o Community 3 *unit(s)* (S)
- SOCI 172 - Lesbian, Gay, Bi, Transgender Studies 3 *unit(s)*
- WGSS 160 - Queering Gender, Race, and Class 3 *unit(s)*

Race, Ethnicity and Immigration:

- AAS 125 - Filipino Experience in the United States 3 *unit(s)*
- AAS 175 - Asian American Communities 3 *unit(s)* (S)
- AFAM 112 - Black Immigrant Communities 3 *unit(s)*
- ANTH 164 - North America before 1492 3 *unit(s)*
- COMM 172F - Multicultural Communication in the United States 4 *unit(s)*
- ENGL 165 - Black American Literatures 4 *unit(s)*
- ENGL 169 - Ethnicity in American Literature 3 *unit(s)* (S)
- CCS 130 - Chicanas and Chicanos in American Society 3 *unit(s)* (S)
- CCS 175 - Human Migrations: Global Reach 3 *unit(s)*
- SOCI 160 - Immigration and Identity 3 *unit(s)*
- SOCI 162 - Race and Ethnic Relations 3 *unit(s)* (S)

University Electives (18-34 units)

The Department highly recommends majors complete the following:

- One year of college level foreign language or equivalent related to chosen area 0-10 *unit(s)*

Total Units Required (120 units)

Humanities, Liberal Arts Concentration, BA

The Liberal Arts concentration of the Humanities BA, offered by the Department of Humanities, offers students a broad exposure to global humanities with students choosing electives from across the Humanities Department's course offerings. With a major advisor's help, students can also design a particular pathway through the major with select courses from other departments. The BA Humanities, Liberal Arts is an interdisciplinary major integrating approaches from the humanities, the arts, environmental studies, and the social sciences.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Core Requirements	24
Concentration Electives	24
University Electives	34
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (0 units)

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

This requirement is fulfilled in this major with:

- HUM 100W - Writing in the Humanities & Interdisciplinary Arts 3 *unit(s)* (*WID*)

Major Requirements (48 units)

Core Courses (24 units)

- HUM 80 - Reading the World 3 *unit(s)* (*A3*)
- HUM 95 - Introduction to Digital Humanities 3 *unit(s)*
- HUM 101 - Human Life: Let's Think About It 3 *unit(s)*
- HUM 160 - Special Topics in Humanities 3 *unit(s)*
- HUM 190 - Senior Seminar in Humanities 3 *unit(s)*

Comparative Courses (9 units)

Complete three courses:

- AMS 129 - The U.S. in a Global Context 3 *unit(s)*
- AMS 159 - Nature and World Cultures 3 *unit(s)* (*V*)
- CA 173 - Thinking About Contemporary World Arts 3 *unit(s)* (*V*)
- HUM 128 - Perspectives on the Twentieth Century: The West in a Global Context 3 *unit(s)* (*V*)
- RELS 131 - Gender, Sexuality, and Religion 3 *unit(s)*

Major Electives (24 units)

Choose Eight Courses From The Following, At Least Two From Each Area:

Area 1: Global Humanities

- HUM 114 - Legacy of Asia 3 *unit(s)* (*V*)
- HUM 119 - Myths, Heroes, and Global Cultures 3 *unit(s)*
- HUM 128 - Perspectives on the Twentieth Century: The West in a Global Context 3 *unit(s)* (*V*)
- RELS 144 - Chinese Traditions 3 *unit(s)*
- RELS 145 - Middle Eastern Traditions 3 *unit(s)* (*V*)

Area 2: American Studies

- AMS 129 - The U.S. in a Global Context 3 *unit(s)*
- AMS 139 - Animals and Society 3 *unit(s)* (*R*)
- AMS 159 - Nature and World Cultures 3 *unit(s)* (*V*)
- AMS 169 - The American Dream 3 *unit(s)* (*S*)
- AMS 179 - Issues in US Popular Culture 3 *unit(s)*

Area 3: Creative Arts

- CA 95 - Introduction to Queer Arts 3 *unit(s)* (C1)
- CA 172 - The Arts in U.S. Society 3 *unit(s)* (S)
- CA 173 - Thinking About Contemporary World Arts 3 *unit(s)* (V)
- CA 176 - Creativity and Creative Leadership 3 *unit(s)*
- RELS 120 - Censors and Icons: Arts and Religion 3 *unit(s)*

Area 4: Religious Studies

- RELS 122 - Magic, Science and Religion 3 *unit(s)* (V)
- RELS 131 - Gender, Sexuality, and Religion 3 *unit(s)*
- RELS 142 - Contemporary Buddhism and its Roots 3 *unit(s)*
- RELS 162 - Religion and Political Controversy in the US 3 *unit(s)* (S)
- RELS 191 - Religion in America 3 *unit(s)* (S)

University Electives (31 units)

The Department highly recommends majors complete the following:

- One year of college level foreign language or equivalent related to chosen area 0-10 *unit(s)*

Total Units Required (120 units)

Humanities, Religious Studies Concentration, BA

The Humanities B.A. Comparative Religious Studies Concentration, offered by the Department of Humanities, presents scholarly interpretations of the world's religious traditions. It aims to be as global as possible in covering the great diversity of religions and as inclusive as possible in covering various methodological approaches to the study of religion. The program offers a comprehensive preparation for those who plan to undertake graduate education in religious studies, history or sociology of religion, philosophy, theology, and other related areas.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	35
Major Preparation	3
Major Core Requirements	24
Concentration Electives	18-23
University Electives	35-40
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

This requirement is fulfilled in this major with:

- HUM 100W - Writing in the Humanities & Interdisciplinary Arts 3 *unit(s)* (WID)

Major Preparation (3 units)

- RELS 70 - Gods, Guns, Gurus, Grails-World Religion 3 *unit(s)* (C2)

Major Requirements (42-47 units)

Core Courses (15 units)

- HUM 80 - Reading the World 3 *unit(s)* (A3)
- HUM 95 - Introduction to Digital Humanities 3 *unit(s)*
- HUM 101 - Human Life: Let's Think About It 3 *unit(s)*
- HUM 160 - Special Topics in Humanities 3 *unit(s)*

- HUM 190 - Senior Seminar in Humanities 3 *unit(s)*

Comparative Courses (9 units)

Complete three courses:

- AMS 129 - The U.S. in a Global Context 3 *unit(s)*
- AMS 159 - Nature and World Cultures 3 *unit(s)* (V)
- CA 173 - Thinking About Contemporary World Arts 3 *unit(s)* (V)
- HUM 119 - Myths, Heroes, and Global Cultures 3 *unit(s)*
- HUM 128 - Perspectives on the Twentieth Century: The West in a Global Context 3 *unit(s)* (V)
- RELS 131 - Gender, Sexuality, and Religion 3 *unit(s)*

Major Electives (18-23 units)

Six Courses From The Following, At Least Two From Each Area:

Traditions

- RELS 142 - Contemporary Buddhism and its Roots 3 *unit(s)*
- RELS 144 - Chinese Traditions 3 *unit(s)*
- RELS 145 - Middle Eastern Traditions 3 *unit(s)* (V)
- RELS 156 - Islam, Politics and the West 3 *unit(s)*

Thoughts, Texts, and Images

- ENGL 116 - Myth in Literature 4 *unit(s)*
- RELS 90 - Bible History and Literature 3 *unit(s)* (C2)
- RELS 104 - Asian Philosophy 3 *unit(s)* (V)
- RELS 109 - Philosophy of Religion 3 *unit(s)*
- RELS 134 - Religion Film & Media 3 *unit(s)*

Religions and Cultures

- AFAM 134 - The Black Civil Rights Movements 3 *unit(s)*
- HIST 121A - Medieval Worlds, 400-1000 4 *unit(s)*
- HIST 121B - Medieval Worlds, 1000-1500 4 *unit(s)*
- HIST 126 - Advanced Topics in Medieval History 4 *unit(s)*
- RELS 99 - Death, Dying and Religions 3 *unit(s)* (E)
- RELS 111 - Special Topics in Jewish Studies 3 *unit(s)*
- RELS 114 - Legacy of Asia 3 *unit(s)* (V)
- RELS 120 - Censors and Icons: Arts and Religion 3 *unit(s)*
- RELS 122 - Magic, Science and Religion 3 *unit(s)* (V)
- RELS 137 - Introduction to Black Religion 3 *unit(s)*
- RELS 162 - Religion and Political Controversy in the US 3 *unit(s)* (S)
- RELS 191 - Religion in America 3 *unit(s)* (S)

University Electives (35-40 units)

The department recommends majors complete the following:

- One year of college level foreign language or equivalent related to chosen area *0-10 unit(s)*

Total Units Required (120 units)

Industrial Design, BS

The Bachelor of Science Industrial Design (BSID) program, offered by the Department of Design, prepares students for a career in industrial design through a curriculum in design studio, theory and skill classes supported by courses and content in technology, business, science, the arts and humanities. Emphasis is placed on critical thinking, creative design process management, aesthetic theory, communication skills and awareness of business as well as humanistic dimensions of product development. The program draws upon extensive resources of local and internationally prominent design firms and alumni. It emphasizes exposure to professional practice. Studio projects provide experience with a diverse spectrum of products, user scenarios, and industries, leading to a comprehensive professional portfolio. The Industrial Design program is on the list of schools approved by the Industrial Designers Society of America (IDSA) and is accredited by National Association of Schools of Art & Design (NASAD).

Upon successful completion of the first year of study as a Design Studies, BA major, students can elect to participate in the BSID Portfolio Review. This review evaluates a student's demonstrated ability and successful candidates are accepted into the BSID major. The subsequent years of study in the BSID major are highly structured and require passing three annual portfolio courses: DSID 123A, DSID 125A, DSID 128A.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	39
Major Preparation	24
Major Requirements	57
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (*D+US23*)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (*D+US23*)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (*C2+US23*)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (*V+US23*)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

This requirement is fulfilled in this major with:

- DSGN 100W - Writing Workshop: Design 3 *unit(s)* (*WID*)

Major Preparation (24 units)

Preparation Courses (9 units)

- ARTH 72 - Design in Society 3 *unit(s)* (*C1*)
- PHYS 1 - Elementary Physics 3 *unit(s)* (*B1*)
- ARTH 70B - Art History, Renaissance to Modern 3 *unit(s)* (*C1*)

Additional Prep Courses (15 units)

- DSID 21 - Visualization I 3 *unit(s)*
- DSID 22 - Visualization II 3 *unit(s)*
- DSID 31 - Industrial Design Foundation I 3 *unit(s)*
- DSID 32 - Industrial Design Foundation II 3 *unit(s)*

Complete One Course From:

- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (*A3*)
- PHIL 57 - Logic and Critical Reasoning 3 *unit(s)* (*A3*)

Major Requirements (57 units)

Core Courses (50 units)

- DSID 32A - ID Portfolio Project I 1 *unit(s)*
- DSID 41 - Materials and Processes I 3 *unit(s)*

- DSID 121 - Industrial Design Process 3 *unit(s)*
- DSID 122 - Cont. & Crit. Studies: Industrial Design 3 *unit(s)*
- DSID 123 - Intermediate Industrial Design 3 *unit(s)*
- DSID 123A - ID Portfolio Project 2 3 *unit(s)*
- DSID 125 - Advanced Industrial Design 3 *unit(s)*
- DSID 125A - ID Portfolio Project 3 2 *unit(s)*
- DSID 126 - Ergonomics for Design 3 *unit(s)*
- DSID 129 - Visualization III 3 *unit(s)*
- DSID 136 - Advanced Digital Workshop 3 *unit(s)*
- DSID 137 - Advanced Physical Prototyping 3 *unit(s)*
- DSID 143 - Advanced Materials, Process & Technology 3 *unit(s)*
- DSGN 127 - Internship 1-4 *unit(s)*

Complete Four Courses From:

- DSID 124 - Design for All 3 *unit(s)*
- DSID 130 - Sustainable Design 3 *unit(s)*
- DSID 131 - Interaction Design 3 *unit(s)*
- DSID 132 - Softgoods 3 *unit(s)*
- DSID 133 - Design Projects: Making It 3 *unit(s)*
- DSID 134 - Design and Meaning 3 *unit(s)*
- DSID 135 - Design, Entrepreneurship, Intellectual Property and Professional Practice 3 *unit(s)*
- DSID 144 - Design for Healthcare 3 *unit(s)*

Capstone (7 units)

- DSID 128 - Advanced Projects in Industrial Design 3 *unit(s)* (*Students will take DSID 128 twice, for a total of 6 units.*)
- DSID 128A - ID Portfolio Project 4 1 *unit(s)*

Total Units Required (120 units)

Interior Design, BFA

Students majoring in Interior Design, offered by the Department of Design, draw upon a wide range of University and Bay Area community resources to prepare for professional careers in both the private and public sectors in areas such as corporate, hospitality, institutional, office and retail planning, programming, and design. Preparation involves both conceptual and practical study of interior architecture with emphasis on critical thinking, communication skills, design process, emerging technologies, human factors, aesthetic sensibilities, visualization, laws, codes and regulations, and professional ethics. Admission to the BFA Interior Design program is by satisfactory passage of the portfolio review, which occurs after completing preliminary course work. After admission, continued satisfactory passage of subsequent portfolio reviews conducted at the end of each semester are required to continue to advance through the BFA IT program. All students in the Interior Design Program are required to complete a 1-unit professional internship as part of their degree requirements.

Students must pass a milestone portfolio review to remain in the BFA program. Students who do not pass the review will be changed to the Design Studies, BA.

San José State University is an accredited institutional member of the National Association of Schools of Art and Design (NASAD), which is recognized by both the California Council for Interior Design Certification (CCIDC) and the National Council for Interior Design Qualification (NCIDQ).

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	35
Major Preparation	39
Major Requirements	43
University Electives	3
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Requirements

Students must maintain a 3.0 GPA on a 4.0 scale in all major preparation and major required courses. Students who drop below a 3.0 for two consecutive semesters will have their degree status changed from the BFA to the Design Studies, BA.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (39 units)

Preparation Courses (12 units)

- ARTH 72 - Design in Society 3 unit(s) (C1)
- DSGN 100W - Writing Workshop: Design 3 unit(s) (WID)
- DSIT 10 - Sketching, Drawing + Modeling 3 unit(s)

Complete One Course From:

Highly Recommend Students take ARTH 70B

- ARTH 70A - Art History, Prehistoric to Medieval 3 unit(s) (C1)
- ARTH 70B - Art History, Renaissance to Modern 3 unit(s) (C1)
- ARTH 70C - Arts of Asia 3 unit(s) (C1)

Additional Prep Courses (27 units)

- DSIT 5 - Introduction of Interior Design and Architecture 3 unit(s)
- DSIT 29 - Design Process 3 unit(s)
- DSIT 33 - Architectural Presentation 3 unit(s)
- DSIT 34 - Interior Architecture Foundation Studio 3 unit(s)
- DSIT 83 - Visual Communication I 3 unit(s)
- DSIT 102 - Computer Graphics for Interior Architecture 3 unit(s)
- DSIT 103 - Interior Architecture Conceptual Design Studio 3 unit(s)
- ENVS 1 - Introduction to Environmental Issues 3 unit(s) (D)

Complete One Course From:

- ENGL 2 - Critical Thinking and Writing 3 unit(s) (A3)
- PHIL 57 - Logic and Critical Reasoning 3 unit(s) (A3)

Major Requirements (43 units)

- DSIT 100 - Building Codes 3 unit(s)
- DSIT 101 - Architectural Systems and Materials + Adv Modeling 3 unit(s)
- DSIT 104 - Interior Architecture Space Planning Studio 3 unit(s)
- DSIT 105 - Interior Architecture Advanced Design Studio 3 unit(s)
- DSIT 106 - Architectural Project Materials 3 unit(s)
- DSIT 107 - Furniture Design 3 unit(s)
- DSIT 108 - Architectural Lighting Design 3 unit(s)
- DSIT 109 - Object Design for Interiors 3 unit(s)

- DSIT 110 - Capstone Thesis Studio 3 *unit(s)*
- DSIT 111 - Interior Architecture Seminar 3 *unit(s)*
- DSIT 112 - Professional Practice of Interior Archit 3 *unit(s)*
- DSGN 127 - Internship 1-4 *unit(s)*

Complete One Course From:

- ARTH 160 - Modern Architecture 3 *unit(s)*
- ARTH 161 - Contemporary Architecture 3 *unit(s)*

Complete Two Courses From:

- ART 46 - Introduction to Ceramics 3 *unit(s)*
- ART 47 - Introduction to Metalsmithing 3 *unit(s)*
- ART 105 - Advanced Digital Video 3 *unit(s)*
- ART 132 - Topics in Intermediate Ceramics 3 *unit(s)*
- ART 140 - Topics in Glass 3 *unit(s)*
- ART 141 - Topics in Advanced Glass 3 *unit(s)*
- ART 147 - Topics in Metalsmithing and Jewelry 3 *unit(s)*
- ART 149 - Topics in Jewelry and Small Sculpture 3 *unit(s)*
- ART 168 - Topics in Woodworking 3 *unit(s)*
- ART 169 - Topics in Metal Sculpture 3 *unit(s)*
- ARTH 162 - California Architecture 3 *unit(s)*
- ARTH 163 - Twentieth Century Urban Design 3 *unit(s)*
- ARTH 192C - History of Interior Design 3 *unit(s)*
- DSGD 99 - Introduction to Typography 3 *unit(s)*
- ENVS 132 - Solar Home Design 3 *unit(s)*
- ENVS 137 - Green Building Design Issues 3 *unit(s)*
- PHIL 110 - Science, Technology and Human Values 3 *unit(s)* (V)
- URBP 101 - The City 3 *unit(s)* (S)
- URBP 120 - Intro to Housing Economics and Policy 4 *unit(s)*
- URBP 142 - Introduction to Environmental Planning 4 *unit(s)*
- URBP 151 - Introduction to Urban Design 4 *unit(s)*
- URBP 152 - Introduction to Urban Design Studio 4 *unit(s)*

University Electives (3 units)

Total Units Required (120 units)

Student chapters of the American Society of Interior Designers (ASID) and the International Interior Design Association (IIDA) contribute to this professional program.

Japanese, BA

The Department of World Languages and Literatures seeks to develop in students the ability to communicate effectively with people who speak languages other than English and whose world views and cultural values may differ

substantially from their own. After the development of the four basic language skills (listening comprehension, speaking, reading, and writing) our programs seek to create an understanding and appreciation of the great works of classical and modern world literature in their original language, as well as in translation.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	41
Major Preparation	20
Major Core Requirements	22
Major Elective Courses	23-24
University Electives	13-14
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (20 units)

- JPN 25A - Intermediate Japanese 4 *unit(s)* (C2) or equivalent
- JPN 25B - Intermediate Japanese 4 *unit(s)* (C2) or equivalent

Foreign Language Requirement

- 12 units of a second world language (or equivalent) 12 *unit(s)*

Major Requirements (45-46 units)

Core Courses (22 units)

- JPN 101C - Advanced Conversational Japanese 4 *unit(s)*
- JPN 101A - Advanced Japanese 4 *unit(s)*
- JPN 101B - Advanced Japanese 4 *unit(s)*
- JPN 102A - Japanese Culture 4 *unit(s)*
- JPN 102B - Local and Minority Cultures in Japan 3 *unit(s)* (V)
- FORL 100W - Writing Workshop 3 *unit(s)* (WID)

Elective Courses (23-24 units)

Complete six courses:

- JPN 103 - Japanese Ideography and Calligraphy 4 *unit(s)*
- JPN 105 - Media Japanese 4 *unit(s)*
- JPN 107 - Japanese for Business Professionals 4 *unit(s)*
- JPN 110 - Japanese Linguistics 4 *unit(s)*
- JPN 120 - Japanese Literature and Translation 4 *unit(s)*
- JPN 130 - Readings in Japanese Culture 4 *unit(s)*
- JPN 135 - Japanese Culture and Society in Films 4 *unit(s)*
- JPN 140 - Japanese Drama and Lyrics 4 *unit(s)*
- JPN 150 - Japanese Narratives and Life stories 4 *unit(s)*
- JPN 160 - Special Topics in Japanese Studies 3 *unit(s)*

University Electives (13-14 units)

Total Units Required (120 units)

Journalism, BS

Since 1936, SJSU's School of Journalism and Mass Communications has built a global reputation for developing aspiring reporters and editors into top-notch professionals. Silicon Valley employers prefer to hire our grads because of their well-rounded cross-platform skills and strong, time-honored media ethics. JMC's lineup of student media outlets provides young journalists with venues to display and develop their talents in traditional, social and digital media.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (33 units)

Of the 39 units required by the university, 6 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- JOUR 50 - Navigating the News 3 *unit(s)* (D)
- MCOM 63 - New Media 3 *unit(s)*
- MCOM 72 - Mass Communication and Society 3 *unit(s)* (D)
- MCOM 100W - Writing Workshop: Mass Communications 3 *unit(s)* (WID)
- MCOM 163 - Advanced New Media Technologies 3 *unit(s)*

Major Requirements (42 units)

Core Courses (33 units)

- JOUR 61 - Writing for Print, Electronic and Online Media 3 *unit(s)*
- JOUR 95 - Beginning Digital News Photography 3 *unit(s)*
- JOUR 132 - Magazine Reporting, Print and Online 3 *unit(s)*
- JOUR 133 - Editing and News Management 3 *unit(s)*
- JOUR 150 - News Media Management 3 *unit(s)*
Student must be an Editor on a Student Media Publication (JOUR 140A, JOUR 140B, JOUR 140C, or JOUR 140D) to enroll in JOUR 150.
- MCOM 101 - Media Law and Ethics 3 *unit(s)*
- MCOM 104 - Introduction to Mass Communications Research 3 *unit(s)*
- MCOM 111 - Mass Communications Internship 3 *unit(s)*
Student must be enrolled in MCOM 111 at the same time as their internships to receive credit.

Mass Communications (3 units)

Complete one course from:

- MCOM 105 - Lifestyles, Diversity and the Media 3 *unit(s)*
- MCOM 106 - Global Mass Communication 3 *unit(s)*

Media Production (6 units)

Complete two courses from the following list. The courses must be from different student media outlets. All courses are repeatable for credit.

- JOUR 140A - Student Media Production: Update News 1-3 *unit(s)* (3 units required)
- JOUR 140B - Student Media Production: Spartan Daily 1-3 *unit(s)* (3 units required)
- JOUR 140C - Student Media Production: The Spear 3 *unit(s)*
- JOUR 140D - Student Media Production: Magazine 3 *unit(s)*

Major Electives (9 units)

- JOUR 130 - Student Media Apprentice 3 *unit(s)*
- JOUR 136 - Newspaper and Magazine Design 3 *unit(s)*
- JOUR 140A - Student Media Production: Update News 1-3 *unit(s)* (repeatable up to 3 times for credit)
- JOUR 140B - Student Media Production: Spartan Daily 1-3 *unit(s)* (repeatable up to 3 times for credit)

- JOUR 140C - Student Media Production: The Spear 3 *unit(s)* (*repeatable up to 3 times for credit*)
- JOUR 140D - Student Media Production: Magazine 3 *unit(s)* (*repeatable up to 3 times for credit*)
- JOUR 150 - News Media Management 3 *unit(s)* (*repeatable up to 2 times for credit*)
- JOUR 167 - Television News Magazine 3 *unit(s)*
- JOUR 176A - Documentary Unit I - Short Form Feature Production 3 *unit(s)*
- JOUR 176B - Documentary Unit II - Long Form/Series Production 3 *unit(s)*
- MCOM 70 - Visual Communication for Modern Media 3 *unit(s)*
- MCOM 105 - Lifestyles, Diversity and the Media 3 *unit(s)*
- MCOM 106 - Global Mass Communication 3 *unit(s)*
- MCOM 107 - Audio Podcasting, Aesthetics and Invention 3 *unit(s)*
- MCOM 108 - Virtual Worlds, Virtual Reality and Mass Media 3 *unit(s)*
- MCOM 139 - Special Topics Seminar 3 *unit(s)*
- MCOM 180 - Independent Study 1-6 *unit(s)* (*repeatable up to 3 times for credit*)
- MCOM 180ITL - JMC International Experience 1-6 *unit(s)* (*repeatable up to 3 times for credit*)
- PR 195 - Strategic Sport Communication and Media 3 *unit(s)*

University Electives (13 units)

Academic Focus or Minor (optional) (0-13 units)

Optional: Complete an advisor-approved academic focus of 15 units consisting of a minor with approved courses. Academic foci include: Science, Justice Studies, Human Rights, Sports Journalism, or Visual Journalism & News Documentary. Must include at least 6 units of upper division. For more information, contact the major department. **An Academic focus will only appear on a student's diploma or transcript if it is an officially declared minor.**

Total Units Required (120 units)

Liberal Studies, Integrated Teacher Education Program Spanish Bilingual, BA

The Liberal Studies Teacher Preparation - Integrated Teacher Education Program Bilingual (LSTP-ITEPB) combines the study of academic subjects aligned to California standards for the K-8 curriculum with professional preparation courses and field experiences leading to a preliminary Multiple Subject Credential (MSC) plus a Bilingual Authorization in Spanish. Successful completion of this ITEP leads to a Bachelor of Arts degree in Liberal Studies, a Multiple Subject Teaching Credential, and a Bilingual Authorization in Spanish.

The Liberal Studies, Integrated Teacher Education Program Spanish Bilingual, offered by the Department of Humanities, is approved by the California Commission on Teacher Credentialing (CCTC) for waiver of the subject matter examination (CSET for Multiple Subjects) required to earn a teaching credential. The program incorporates Teacher Preparation and information on how to become a teacher including the application and admission to the Multiple Subject Credential program.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements

11

Major Core Requirements	87
Credential Courses	36
University Elective	1
Total	135

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (9 units)

Of the 39 units required by the university, 30 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions

The 6 units of American Institutions (US123) requirement may be satisfied in the major (if identified below) or by transfer from a community college or university. Other courses meet the American Institutions requirement, but may not include additional GE areas.

Consult major advisor for department recommended coursework to meet GE requirement.

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (87 units)

Reading, Language and Literature (21 units)

- CHAD 135 - Development of Language & Literacy in Children 3 *unit(s)*
- EDEL 108A - Curriculum: Reading/Language Arts 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (ENGL 1B also accepted for Transfer Students.)
- ENGL 112A - Children's Literature 3 *unit(s)*
- LING 107 - Patterns of English 3 *unit(s)*

History and Social Science (18 units)

- LSTP 10 - Chronicles of Education 3 *unit(s)* (C2)
- LSTP 139 - Education and (In)Equality 3 *unit(s)* (S)
- SOCS 137 - California History for Teachers 3 *unit(s)*
- SOCS 139 - World History for Teachers 3 *unit(s)* (V)

American Institutions

Complete one sequence:

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D/US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D/US123)

U.S. History and Government (6 units)

- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D/US1)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D/US23)

American Studies (6 units)

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)

Mathematics (9 units)

- MATH 12 - Number Systems 3 *unit(s)* (B4)
- MATH 105 - Concepts in Mathematics, Probability, Statistics 3 *unit(s)*

- MATH 106 - Intuitive Geometry 3 *unit(s)*

Science (15 units)

- BIOL 21 - Human Biology 3 *unit(s)* (B2+B3) OR ENVS 10 - Life on a Changing Planet 3 *unit(s)* (B2)
- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3)
- ENVS 158 - Environmental Education 3 *unit(s)*
- GEOL 103 - Earth Systems and the Environment 3 *unit(s)* (R)
- PHYS 1 - Elementary Physics 3 *unit(s)* (B1)

Visual and Performing Arts (9 units)

- CA 177 - Interdisciplinary Arts for Teaching 3 *unit(s)*

Art Disciplines (6 units)

Complete six units in two different art disciplines:

- ART 39 - Multicultural Arts for Children 3 *unit(s)*
- ART 138 - Elementary Art Methods 3 *unit(s)*
- ART 139 - Teaching Diversity through Art 3 *unit(s)*
- CA 70 - Visual & Media Arts for K-8 Teachers 3 *unit(s)*
- CA 75 - Performing Arts for K-8 Teachers 3 *unit(s)*
- DANC 148 - Children's Dance 3 *unit(s)*
- MUSC 10B - Introduction to Music 3 *unit(s)* (C1)
- MUSC 185A - Music for Children 3 *unit(s)*
- TA 131 - Storytelling 3 *unit(s)*
- TA 167 - Theatre in Education 3 *unit(s)*

Physical Education and Health (3 units)

- CHAD 149 - Child Health and Activity 3 *unit(s)*

Human Development (3 units)

Complete one course from:

- CHAD 60 - Child Development 3 *unit(s)* (E)
- CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (E)

Writing in the Disciplines (3 units)

- HUM 100W - Writing in the Humanities & Interdisciplinary Arts 3 *unit(s)* (WID)

Field Study (6 units)

- LSTP 85A - Fieldwork in Humanities A 1 *unit(s)*

- LSTP 85B - Fieldwork in Humanities B *1 unit(s)*
- LSTP 85C - Fieldwork in Humanities C *1 unit(s)*
- LSTP 185 - Field Experience in Humanities *3 unit(s)*

Credential Courses (36 units)

Credential Core Courses (9 units)

- EDTE 224 - Seminar in Educational Psychology *3 unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education *3 unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy *3 unit(s)*

Methods (9 units)

- EDEL 108B - Curriculum: Science *3 unit(s)*
- EDEL 108C - Curriculum: Social Studies *3 unit(s)*
- EDEL 108D - Curriculum: Mathematics *3 unit(s)*

Student Teaching (18 units)

- EDEL 143A - Beginning Student-Teaching (Phase I) *1-6 unit(s) (4 units required)*
- EDEL 143B - Advanced Student-Teaching (Phase II) *1-10 unit(s) (10 units required)*
- EDTE 297B - Advanced Issues in Bilingual Education *1-3 unit(s) (Course taken twice.)*
- EDTE 297C - CalTPA Support *1 unit(s) (Course taken twice.)*

University Electives (1 unit)

Total Units Required (135 units)

- Freshmen and transfer students enter as Liberal Studies Teacher Preparation majors. Students apply for the ITEPB in the first semester of their junior year. Applicants must meet credential program standards and undergo screening for admission.
- All ITEPB students must take LSTP 139 and EDEL 108A in Spanish.
- All ITEPB students must do student teaching (EDEL 143A and EDEL 143B) in Spanish bilingual classrooms.
- All courses required for the credential must be completed with a grade of C or higher, unless otherwise noted. The cumulative GPA for all credential courses must be 3.0 or higher.

Liberal Studies, Integrated Teacher Education Program, BA

The Liberal Studies Teacher Preparation - Integrated Teacher Education Program (LSTP-ITEP) combines the study of academic subjects aligned to California standards for the K-8 curriculum with professional preparation courses and field experiences leading to a preliminary Multiple Subject Credential (MSC). Successful completion of this ITEP leads to both a Bachelor of Arts degree in Liberal Studies and a Multiple Subject Teaching Credential.

The Liberal Studies, Integrated Teacher Education Program, offered by the Department of Humanities, is approved by the California Commission on Teacher Credentialing (CCTC) for waiver of the subject matter examination (CSET

for Multiple Subjects) required to earn a teaching credential. The program incorporates Teacher Preparation and information on how to become a teacher including the application and admission to the Multiple Subject Credential program.

Summary of Degree Units

University Graduation Requirements	11
Major Core Requirements	87
Credential Courses	36
University Elective	1
Total	135

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (9 units)

Of the 39 units required by the university, 30 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions

The 6 units of American Institutions (US123) requirement may be satisfied in the major (if identified below) or by transfer from a community college or university. Other courses meet the American Institutions requirement, but may not include additional GE areas.

Consult major advisor for department recommended coursework to meet GE requirement.

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (87 units)

Reading, Language and Literature (21 units)

- CHAD 135 - Development of Language & Literacy in Children 3 *unit(s)*
- EDEL 108A - Curriculum: Reading/Language Arts 3 *unit(s)*

- EDEL 108C - Curriculum: Social Studies 3 *unit(s)*
- EDEL 108D - Curriculum: Mathematics 3 *unit(s)*

Student Teaching (18 units)

- EDEL 143A - Beginning Student-Teaching (Phase I) 1-6 *unit(s)* (4 *units* required)
- EDEL 143B - Advanced Student-Teaching (Phase II) 1-10 *unit(s)* (10 *units* required)
- EDTE 297C - CalTPA Support 1 *unit(s)* (Course taken twice.)
- EDTE 297F - Field Support 1 *unit(s)* (Course taken twice.)

University Elective (1 unit)

Total Units Required (135 units)

- All freshmen and transfer students enter as Liberal Studies Teacher Preparation majors. Students apply for the ITEP in the first semester of their junior year. Applicants must meet credential program standards and undergo screening for admission.
- All courses required for the credential must be completed with a grade of C or higher, unless otherwise noted. The cumulative GPA for all credential courses must be 3.0 or higher.

Liberal Studies, Preparation for Teaching, BA

This major is designed for students interested in teaching in elementary school or middle school. The following course work, offered by the Department of Humanities, satisfies San José State University's requirements for a BA in Liberal Studies and is a program approved by the California Commission on Teacher Credentialing (CCTC) for waiver of the subject matter examination (CSET for Multiple Subjects) required to earn a teaching credential.

Maintaining a minimum grade point average (GPA) of at least 2.75 and completion of the program will not guarantee admission to the credential program. Like all other applicants, students must meet credential program standards and undergo screening for admission. See Teacher Preparation: How To Become a Teacher for information on application and admission to credential programs.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	11
Major Core Requirements	96
University Electives	13
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (9 units)

Of the 39 units required by the university, 30 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions

The 6 units of American Institutions (US123) requirement may be satisfied in the major (if identified below) or by transfer from a community college or university. Other courses meet the American Institutions requirement, but may not include additional GE areas.

Consult major advisor for department recommended coursework to meet GE requirement.

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (96 units)

Reading, Language and Literature (15 units)

- CHAD 135 - Development of Language & Literacy in Children 3 *unit(s)*
- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (*ENGL 1B also accepted for Transfer Students.*)
- ENGL 112A - Children's Literature 3 *unit(s)*
- LING 107 - Patterns of English 3 *unit(s)*

History and Social Science (15 units)

- SOCS 137 - California History for Teachers 3 *unit(s)*
- SOCS 138 - US History for Teachers 3 *unit(s)* (S)
- SOCS 139 - World History for Teachers 3 *unit(s)* (V)

Complete One Sequence:

American Studies

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)

Asian American History

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano History

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History

- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)

Mathematics (9 units)

- MATH 12 - Number Systems 3 *unit(s)* (B4)
- MATH 105 - Concepts in Mathematics, Probability, Statistics 3 *unit(s)*
- MATH 106 - Intuitive Geometry 3 *unit(s)*

Science (15 units)

- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3)
- ENVS 158 - Environmental Education 3 *unit(s)*
- GEOL 103 - Earth Systems and the Environment 3 *unit(s)* (R)
- PHYS 1 - Elementary Physics 3 *unit(s)* (B1)

Complete one course:

- BIOL 21 - Human Biology 3 *unit(s)* (B2+B3)
- ENVS 10 - Life on a Changing Planet 3 *unit(s)* (B2)

Visual and Performing Arts (9 units)

- CA 177 - Interdisciplinary Arts for Teaching 3 *unit(s)*

Art Disciplines (6 units)

Complete six units in two different art disciplines:

- ART 39 - Multicultural Arts for Children 3 *unit(s)*
- ART 138 - Elementary Art Methods 3 *unit(s)*
- ART 139 - Teaching Diversity through Art 3 *unit(s)*
- CA 70 - Visual & Media Arts for K-8 Teachers 3 *unit(s)*
- CA 75 - Performing Arts for K-8 Teachers 3 *unit(s)*
- DANC 148 - Children's Dance 3 *unit(s)*
- MUSC 10B - Introduction to Music 3 *unit(s)* (C1)
- MUSC 185A - Music for Children 3 *unit(s)*
- TA 131 - Storytelling 3 *unit(s)*
- TA 167 - Theatre in Education 3 *unit(s)*

Physical Education and Health (3 units)

- CHAD 149 - Child Health and Activity 3 *unit(s)*

Human Development (3 units)

Complete one course from:

- CHAD 60 - Child Development 3 *unit(s)* (E)
- CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (E)

Introduction to Liberal Studies (3 units)

- LSTP 10 - Chronicles of Education 3 *unit(s)* (C2)

Area of Specialization (12 units)

- LSTP 139 - Education and (In)Equality 3 *unit(s)* (S)

Specialization Electives (9 units)

Complete 9 units from the following. Six units may be lower division.

- AMS 10 - Stories that Make America 3 *unit(s)* (C2 + US1)
- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- AMS 12 - Intro to US Popular Culture: Serious Fun! 3 *unit(s)* (C1)
- AMS 129 - The U.S. in a Global Context 3 *unit(s)*
- AMS 169 - The American Dream 3 *unit(s)* (S)
- AMS 179 - Issues in US Popular Culture 3 *unit(s)*
- CA 60 - Creativity Matters 3 *unit(s)* (E)
- CA 95 - Introduction to Queer Arts 3 *unit(s)* (C1)
- CA 172 - The Arts in U.S. Society 3 *unit(s)* (S)
- CA 173 - Thinking About Contemporary World Arts 3 *unit(s)* (V)
- CA 175 - Seminar in Creative Process 3 *unit(s)*

- LSTP 185 - Field Experience in Humanities 3 *unit(s)*

Capstone Course (3 units)

- HUM 190 - Senior Seminar in Humanities 3 *unit(s)*

University Electives (13 units)

Total Units Required (120 units)

Linguistics, BA

The BA-Linguistics program, offered by the Department of Linguistics and Language Development, undertakes the scientific study of the nature, structure and function of language. Linguists study the origins of language, the meaning and history of words, variation in language, what language tells us about the workings of the human mind, and the practical aspects of language, including intercultural communication, language learning and teaching, and language as a conveyor of information in profound human arenas, such as medicine and law. Linguistics is also a central discipline that is involved in communicating with machines using natural language (i.e., artificial intelligence and machine recognition and synthesis of speech). The program offers state-of-the-art equipment for the acoustic and perceptual study of speech. Students in the major acquire critical thinking and problem-solving skills and receive excellent preparation for advanced studies in linguistics as well as anthropology, communication, education, law, and speech and hearing. Students with knowledge of more than one language have an excellent background for the study of linguistics.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	50
Major Preparation	0-10
Major Requirements	36

University Electives 24-34

Total 120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (33 units)

Of the 39 units required by the university, 6 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 unit(s) (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 unit(s) (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

Recommended:

- LLD 100W - Writing Workshop 3 *unit(s)* (WID)

Major Preparation (0-10 units)

Must Meet One Of The Following Criteria:

For students for whom English is not the native language, one year of college level English study may fulfill this requirement.

- One year of college level language other than student's native language 10 *unit(s)*
- Demonstrated equivalent competence 0 *unit(s)*

- One year of college level American Sign Language 6 *unit(s)*

Major Requirements (36 units)

GE Basic Skills requirements must be completed prior to taking courses in the major.

Core Courses (21 units)

- LING 101 - Introduction to Linguistics 3 *unit(s)*
- LING 111 - Introduction to Linguistic Phonetics 3 *unit(s)*
- LING 112 - Introduction to Syntax 3 *unit(s)*
- LING 113 - Introduction to Phonology 3 *unit(s)*
- LING 114 - Introduction to Semantics and Discourse 3 *unit(s)*
- LING 125 - Introduction to Historical and Comparative Linguistics 3 *unit(s)*
- LING 162 - Introduction to Morphology 3 *unit(s)*

Electives in the Major (15 units)

By a careful selection of five additional electives in the major (below), students can choose coursework toward completion of a Certificate in Computational Linguistics or a Certificate in TESOL. Elective courses (up to 3 units) from other departments such as World Languages and Literatures, English, Communication Studies, Computer Science, Psychology, Philosophy, Anthropology and Communicative Disorders can also be taken with prior advisor approval.

Complete five courses from:

- LING 107 - Patterns of English 3 *unit(s)*
- LING 108 - Introduction to Second Language Development, Teaching, and Assessment 3 *unit(s)*
- LING 115 - Corpus Linguistics 3 *unit(s)*
- LING 122 - English as a World Language 3 *unit(s)* (V)
- LING 124 - Introduction to Speech Technology 3 *unit(s)*
- LING 161 - Psycholinguistics 3 *unit(s)*
- LING 165 - Introduction to Natural Language Processing 3 *unit(s)*
- LING 166 - Sociolinguistics 3 *unit(s)*
- LING 167 - Multilingualism and Language Contact 3 *unit(s)*

University Electives (24-34 units)

Upper Division electives may be required if 40 units are not taken as part of program.

Total Units Required (120 units)

Music, BA

The Bachelor of Arts in Music, offered by the School of Music, is designed for the student who seeks a liberal arts education with a major in music. The degree can be tailored to each student. A senior project is required.

An entrance audition is required. All students must complete the core classes and then select electives from at least two categories in consultation with the BA Music Advisor, and directed toward a specific Capstone project (MUSC 182). Four lower-division semesters of applied lessons are required for freshmen and sophomore majors. Ensemble participation is a co-requisite of applied lessons at all times.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Requirements	59
University Electives	23
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the preparation and major (all courses in preparation, and core) must be completed with a grade of "C- or better".

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements And should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

This requirement is fulfilled in this major with:

- MUSC 100W - Written Communication II 3 *unit(s)* (*WID*)

Major Requirements (59 units)

Core Courses (43 units)

Lower Division (31 units)

- MUSC 1A - Music Theory IA 2 *unit(s)*
- MUSC 1B - Musicianship IB 1 *unit(s)*
- MUSC 2A - Music Theory IIA 2 *unit(s)*
- MUSC 2B - Musicianship IIB 1 *unit(s)*
- MUSC 3A - Music Theory IIIA 2 *unit(s)*
- MUSC 3B - Musicianship IIIB 1 *unit(s)*
- MUSC 4A - Music Theory 4A 2 *unit(s)* (*C1*)
- MUSC 4B - Musicianship 4B 1 *unit(s)* (*C1*)
- MUSC 12 - Medieval and Renaissance Music 3 *unit(s)* (*C2*)
- MUSC 13 - Music Technology 1 *unit(s)*
- MUSC 19 - Music in World Cultures 3 *unit(s)* (*C1*)
- MUSC 25A - Piano Proficiency I 1 *unit(s)*
- MUSC 25B - Piano Proficiency II 1 *unit(s)*
- MUSC 40A - Jazz Improvisation - I 2 *unit(s)*

Complete Four Units From:

- MUSC 29AX - Applied Electro-Acoustic 1 1 *unit(s)*
- MUSC 29BX - Applied Electro-Acoustic 2 1 *unit(s)*
- MUSC 29CX - Applied Electro-Acoustic 3 1 *unit(s)*
- MUSC 29DX - Applied Electro-Acoustic 4 1 *unit(s)*
- MUSC 30AX - Applied Piano 1 1 *unit(s)*
- MUSC 30BX - Applied Piano 2 1 *unit(s)*
- MUSC 30CX - Applied Piano 3 1 *unit(s)*
- MUSC 30DX - Applied Piano 3 1 *unit(s)*
- MUSC 33X - Applied Voice 1 *unit(s)*
- MUSC 33AX - Applied Voice 1 1 *unit(s)*
- MUSC 33BX - Applied Voice 2 1 *unit(s)*
- MUSC 33CX - Applied Voice 3 1 *unit(s)*
- MUSC 33DX - Applied Voice 4 1 *unit(s)*
- MUSC 34X - Strings 1 *unit(s)*
- MUSC 34AX - Strings 1 1 *unit(s)*
- MUSC 34BX - Strings 2 1 *unit(s)*
- MUSC 34CX - Strings 3 1 *unit(s)*
- MUSC 34DX - Strings 4 1 *unit(s)*
- MUSC 35AX - Woodwinds 1 1 *unit(s)*

- MUSC 35BX - Woodwinds 2 1 *unit(s)*
- MUSC 35CX - Woodwinds 3 1 *unit(s)*
- MUSC 35DX - Woodwinds 4 1 *unit(s)*
- MUSC 36BX - Brass 1 1 *unit(s)*
- MUSC 36CX - Brass 2 1 *unit(s)*
- MUSC 36DX - Brass 3 1 *unit(s)*
- MUSC 36EX - Brass 4 1 *unit(s)*
- MUSC 37AX - Applied Percussion 1 1 *unit(s)*
- MUSC 37BX - Applied Percussion 2 1 *unit(s)*
- MUSC 37CX - Applied Percussion 3 1 *unit(s)*
- MUSC 37DX - Applied Percussion 4 1 *unit(s)*

Complete Four Units From:

- MUSC 50A - ENS: Concert Choir 1 *unit(s)*
- MUSC 51A - ENS: University Chorales - Treble Choir 1 *unit(s)*
- MUSC 51B - ENS: University Chorales - Spartan Glee 1 *unit(s)*
- MUSC 52 - ENS: Opera Theater 1 *unit(s)*
- MUSC 53 - ENS: University Symphony Orchestra 1 *unit(s)*
- MUSC 54 - ENS: Symphonic Band 1 *unit(s)*
- MUSC 55 - ENS: Wind Ensemble 1 *unit(s)*
- MUSC 57 - ENS: Jazz Orchestra 1 *unit(s)*
- MUSC 59 - ENS: Afro-Latin Jazz Ensemble 1 *unit(s)*
- MUSC 60A - ENS: Choraliers 1 *unit(s)*
- MUSC 60C - ENS: Chamber Music 1 *unit(s)*
- MUSC 60E - ENS: Jazz Singers 1 *unit(s)*
- MUSC 60F - ENS: Small Jazz Ensembles 1 *unit(s)*
- MUSC 60H - ENS: Percussion Ensemble 1 *unit(s)*
- MUSC 60I - ENS: Jazz Ensemble 1 *unit(s)*
- MUSC 160S - ModLark - Mobile Device and Laptop Orchestra 1 *unit(s)*

Upper Division Courses (12 units)

- MUSC 110 - Baroque and Classical Music History 3 *unit(s)*
- MUSC 111 - Romantic and Modern Music History 3 *unit(s)*
- MUSC 117 - Music and Culture in Latin America 3 *unit(s)* (V)
- MUSC 120 - Worlds of Jazz 3 *unit(s)* (S)

Music Electives (15 units)

Take 15 Units from at Least Two of the Following Categories. Five units must be upper division. Select courses in consultation with a major advisor directed towards one of the capstone projects described below. All students must complete the capstone project under MUSC 182, listed below.

Theory, Arranging and Composition

- MUSC 102 - Orchestration 3 *unit(s)*
- MUSC 103 - Form and Analysis 3 *unit(s)*
- MUSC 104 - Counterpoint 3 *unit(s)*

- MUSC 109 - Film Scoring Techniques 3 *unit(s)*

History and Literature

- MUSC 142 - REP: Art Song Repertoire 1 *unit(s)*
- MUSC 144 - REP: Solo Lit., Performance, Pedagogy 1 *unit(s)*
- MUSC 145 - REP: Performance Concepts 2 *unit(s)*
- MUSC 172 - The Arts in U.S. Society 3 *unit(s)* (S)
- MUSC 173 - Thinking About Contemporary World Arts 3 *unit(s)* (V)

Conducting

- MUSC 147A - Beginning Conducting 2 *unit(s)*
- MUSC 147B - Advanced Conducting: Instrumental 2 *unit(s)*
- MUSC 147C - Advanced Conducting: Choral 2 *unit(s)*

Improvisation

- MUSC 140B - Jazz Improvisation-II 2 *unit(s)*
- MUSC 140C - Jazz Improvisation-III 2 *unit(s)*

Music Technology

- MUSC 167 - Electro-Acoustic Music I 3 *unit(s)*
- MUSC 168 - Electro-Acoustic Music II 3 *unit(s)*
- MUSC 170A - Fundamentals of Sound Recording 3 *unit(s)*
- MUSC 170B - Intermediate Sound Recording 3 *unit(s)*
- MUSC 170C - Advanced Sound Recording Production 3 *unit(s)*
- MUSC 180 - Individual Studies 1-2 *unit(s)* (1 *unit* required)

Beginning Methods and Techniques

- MUSC 25C - Piano Proficiency III 1 *unit(s)*
- MUSC 26A - Voice Fundamentals 1 *unit(s)*
- MUSC 41A - Applied Lyric Diction 1 *unit(s)*
- MUSC 41B - Applied Lyric Diction 1 *unit(s)*
- MUSC 122A - Fundamental Techniques of Woodwinds: Flute, Clarinet, and Saxophone 1 *unit(s)*
- MUSC 122B - Fundamental Techniques and Literature: Instrumental 1 *unit(s)*
- MUSC 123A - Brass Fundamentals: Upper Brass 1 *unit(s)*
- MUSC 123B - Brass Fundamentals: Low Brass 1 *unit(s)*
- MUSC 125D - Percussion Techniques 1 *unit(s)*
- MUSC 127A - Fundamental Techniques and Literature: Instrumental Upper Strings - Violin and Viola 1 *unit(s)*
- MUSC 127B - Fundamental Techniques and Literature: Instrumental Lower Strings - Cello and Bass 1 *unit(s)*

Applied Lessons

By audition and special permission from the Director.

- MUSC 129A - Electro-Acoustics 5 1-2 *unit(s)*
- MUSC 130A - Piano 5 1-2 *unit(s)*
- MUSC 130B - Piano 6 1-2 *unit(s)*
- MUSC 130C - Piano 7 1-2 *unit(s)*
- MUSC 130D - Piano 8 1-2 *unit(s)*
- MUSC 133 - Voice 1-2 *unit(s)*
- MUSC 133A - Voice 5 1-2 *unit(s)*
- MUSC 133B - Voice 6 1-2 *unit(s)*
- MUSC 133C - Voice 7 1-2 *unit(s)*
- MUSC 133D - Voice 8 1-2 *unit(s)*
- MUSC 134 - Strings 1-2 *unit(s)*
- MUSC 134A - Strings 5 1-2 *unit(s)*
- MUSC 134B - Strings 6 1-2 *unit(s)*
- MUSC 134C - Strings 7 1-2 *unit(s)*
- MUSC 134D - Strings 8 1-2 *unit(s)*
- MUSC 135 - Woodwinds 1-2 *unit(s)*
- MUSC 135A - Woodwinds 5 1-2 *unit(s)*
- MUSC 135B - Woodwinds 6 1-2 *unit(s)*
- MUSC 135C - Woodwinds 7 1-2 *unit(s)*
- MUSC 135D - Woodwinds 8 1-2 *unit(s)*
- MUSC 136 - Brass 1-2 *unit(s)*
- MUSC 136B - Brass 5 1-2 *unit(s)*
- MUSC 136C - Brass 6 1-2 *unit(s)*
- MUSC 136D - Brass 7 1-2 *unit(s)*
- MUSC 136E - Brass 8 1-2 *unit(s)*
- MUSC 137 - Percussion 1-2 *unit(s)*
- MUSC 137A - Percussion 5 1-2 *unit(s)*
- MUSC 137B - Percussion 6 1-2 *unit(s)*
- MUSC 137C - Percussion 7 1-2 *unit(s)*
- MUSC 137D - Percussion 8 1-2 *unit(s)*
- MUSC 139A - Jazz Studies 5 1-2 *unit(s)*
- MUSC 139B - Jazz Studies 6 1-2 *unit(s)*
- MUSC 139C - Jazz Studies 7 1-2 *unit(s)*
- MUSC 139D - Jazz Studies 8 1-2 *unit(s)*

Chamber Music

Maximum of two units can be counted towards major

- MUSC 60A - ENS: Choraliers 1 *unit(s)*
- MUSC 60D - ENS: Collegium Musicum 1 *unit(s)*
- MUSC 60F - ENS: Small Jazz Ensembles 1 *unit(s)*
- MUSC 60H - ENS: Percussion Ensemble 1 *unit(s)*
- MUSC 60J - ENS: String Ensemble 1 *unit(s)*
- MUSC 60K - ENS: Brass Ensemble 1 *unit(s)*
- MUSC 60L - ENS: Woodwind Ensemble 1 *unit(s)*
- MUSC 60M - ENS: Saxophone Ensemble 1 *unit(s)*
- MUSC 60O - ENS: Trombone Ensemble 1 *unit(s)*
- MUSC 160A - ENS: Choraliers 1 *unit(s)*
- MUSC 160D - ENS: Collegium Musicum 1 *unit(s)*
- MUSC 160F - ENS: Small Jazz Ensembles 1 *unit(s)*

- MUSC 160H - ENS: Percussion Ensemble *1 unit(s)*
- MUSC 160J - ENS: String Ensemble *1 unit(s)*
- MUSC 160K - ENS: Brass Ensemble *1 unit(s)*
- MUSC 160L - Woodwind Ensemble *1 unit(s)*
- MUSC 160M - ENS: Saxophone Ensemble *1 unit(s)*
- MUSC 160O - Trombone Ensemble *1 unit(s)*

Ensembles

Maximum of four units. Ensembles required as co-requisite for those receiving applied lessons.

- MUSC 150A - ENS: Concert Choir *1 unit(s)*
- MUSC 153 - ENS: University Symphony Orchestra *1 unit(s)*
- MUSC 154 - ENS: Symphonic Band *1 unit(s)*
- MUSC 155 - Wind Ensemble *1 unit(s)*
- MUSC 157 - ENS: Jazz Orchestra *1 unit(s)*
- MUSC 159 - ENS: Afro-Latin Jazz Ensemble *1 unit(s)*
- MUSC 160F - ENS: Small Jazz Ensembles *1 unit(s)*
- MUSC 160I - ENS: Jazz Ensemble *1 unit(s)*
- MUSC 160S - ModLark - Mobile Device and Laptop Orchestra *1 unit(s)*

Capstone Experience (1 unit)

One of the following: undergraduate thesis, lecture/demonstration, or an appropriate project approved by the Director and area coordinator.

- MUSC 182 - Senior Project *1 unit(s)*

University Electives or Minor (23 units)

All university electives must be taken outside of music.

Total Units Required (120 units)

Music, Composition Concentration, BM

SJSU's Composition program, offered by the School of Music, provides a thorough and diverse exposure to the art of music composition and includes studies in electro-acoustics, recording technology, and scoring for film. Private composition lessons are at the heart of this degree program, with many opportunities for students to hear their works performed by students, faculty, and professional musicians. Composition students also meet regularly as a group with faculty and guest composers to hear and discuss their compositions. Students in this program complete both junior and senior projects in addition to the regular course of study.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	36
Major Preparation	11-14

Major Requirements	46
Concentration Requirements	24
University Electives	0-3
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the preparation and major (all courses in preparation, and core) must be completed with a grade of "C or better".

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (11-14 units)

- MUSC 1A - Music Theory IA 2 *unit(s)*
- MUSC 19 - Music in World Cultures 3 *unit(s)* (C1)
- MUSC 100W - Written Communication II 3 *unit(s)* (WID)
- MUSC 120 - Worlds of Jazz 3 *unit(s)* (S)

Piano Proficiency (0-3 units)

Students must also satisfy piano proficiency; this requirement may be satisfied with completion of:

- MUSC 25A - Piano Proficiency I 1 *unit(s)*
- MUSC 25B - Piano Proficiency II 1 *unit(s)*
- MUSC 25C - Piano Proficiency III 1 *unit(s)*

Major Requirements (70 units)

Core Courses (46 units)

- MUSC 1B - Musicianship IB 1 *unit(s)*
- MUSC 2A - Music Theory IIA 2 *unit(s)*
- MUSC 2B - Musicianship IIB 1 *unit(s)*
- MUSC 3A - Music Theory IIIA 2 *unit(s)*
- MUSC 3B - Musicianship IIIB 1 *unit(s)*
- MUSC 4A - Music Theory 4A 2 *unit(s)* (C1)
- MUSC 4B - Musicianship 4B 1 *unit(s)* (C1)
- MUSC 12 - Medieval and Renaissance Music 3 *unit(s)* (C2)
- MUSC 110 - Baroque and Classical Music History 3 *unit(s)*
- MUSC 111 - Romantic and Modern Music History 3 *unit(s)*
- MUSC 182 - Senior Project 1 *unit(s)*

Complete Eight Units From:

- MUSC 29 - Electro-Acoustics 1-2 *unit(s)*
- MUSC 29A - Electro-Acoustics 1 1-2 *unit(s)*
- MUSC 29B - Electro-Acoustics 2 1-2 *unit(s)*
- MUSC 29C - Electro-Acoustics 3 1-2 *unit(s)*
- MUSC 29D - Electro-Acoustics 4 1-2 *unit(s)*
- MUSC 30AX - Applied Piano 1 1 *unit(s)*
- MUSC 30BX - Applied Piano 2 1 *unit(s)*
- MUSC 30CX - Applied Piano 3 1 *unit(s)*
- MUSC 30DX - Applied Piano 3 1 *unit(s)*
- MUSC 33X - Applied Voice 1 *unit(s)*
- MUSC 33AX - Applied Voice 1 1 *unit(s)*
- MUSC 33BX - Applied Voice 2 1 *unit(s)*
- MUSC 33CX - Applied Voice 3 1 *unit(s)*
- MUSC 33DX - Applied Voice 4 1 *unit(s)*
- MUSC 34X - Strings 1 *unit(s)*
- MUSC 34AX - Strings 1 1 *unit(s)*
- MUSC 34BX - Strings 2 1 *unit(s)*
- MUSC 34CX - Strings 3 1 *unit(s)*
- MUSC 34DX - Strings 4 1 *unit(s)*
- MUSC 35AX - Woodwinds 1 1 *unit(s)*
- MUSC 35BX - Woodwinds 2 1 *unit(s)*
- MUSC 35CX - Woodwinds 3 1 *unit(s)*
- MUSC 35DX - Woodwinds 4 1 *unit(s)*

- MUSC 36BX - Brass 1 *1 unit(s)*
- MUSC 36CX - Brass 2 *1 unit(s)*
- MUSC 36DX - Brass 3 *1 unit(s)*
- MUSC 36EX - Brass 4 *1 unit(s)*
- MUSC 37AX - Applied Percussion 1 *1 unit(s)*
- MUSC 37BX - Applied Percussion 2 *1 unit(s)*
- MUSC 37CX - Applied Percussion 3 *1 unit(s)*
- MUSC 37DX - Applied Percussion 4 *1 unit(s)*
- MUSC 38BX - Applied Instruction in Music Composition 1 *1 unit(s)*
- MUSC 38CX - Applied Instruction in Music Composition 2 *1 unit(s)*
- MUSC 38DX - Applied Instruction in Music Composition 3 *1 unit(s)*
- MUSC 38EX - Applied Instruction in Music Composition 4 *1 unit(s)*
- MUSC 39AX - Jazz: Improvisation, Composition or Arranging 1 *1 unit(s)*
- MUSC 39BX - Jazz: Improvisation, Composition or Arranging 2 *1 unit(s)*
- MUSC 39CX - Jazz: Improvisation, Composition or Arranging 3 *1 unit(s)*
- MUSC 39DX - Jazz: Improvisation, Composition or Arranging 4 *1 unit(s)*

Complete Eight Units From:

- MUSC 138B - Composition 5 *1-2 unit(s)*
- MUSC 138C - Composition 6 *1-2 unit(s)*
- MUSC 138D - Composition 7 *1-2 unit(s)*
- MUSC 138E - Composition 8 *1-2 unit(s)*

Complete Four Units From:

- MUSC 50A - ENS: Concert Choir *1 unit(s)*
- MUSC 52 - ENS: Opera Theater *1 unit(s)*
- MUSC 53 - ENS: University Symphony Orchestra *1 unit(s)*
- MUSC 54 - ENS: Symphonic Band *1 unit(s)*
- MUSC 55 - ENS: Wind Ensemble *1 unit(s)*

Complete Four Units From:

- MUSC 150A - ENS: Concert Choir *1 unit(s)*
- MUSC 152 - ENS: Opera Theater *1 unit(s)*
- MUSC 153 - ENS: University Symphony Orchestra *1 unit(s)*
- MUSC 154 - ENS: Symphonic Band *1 unit(s)*
- MUSC 155 - Wind Ensemble *1 unit(s)*

Complete Two Units From:

- MUSC 40A - Jazz Improvisation - I *2 unit(s)*
- MUSC 140B - Jazz Improvisation-II *2 unit(s)*
- MUSC 140C - Jazz Improvisation-III *2 unit(s)*

Composition Concentration (20 units)

- MUSC 102 - Orchestration 3 *unit(s)*
- MUSC 103 - Form and Analysis 3 *unit(s)*
- MUSC 104 - Counterpoint 3 *unit(s)*
- MUSC 147A - Beginning Conducting 2 *unit(s)*
- MUSC 167 - Electro-Acoustic Music I 3 *unit(s)*
- MUSC 168 - Electro-Acoustic Music II 3 *unit(s)*
- MUSC 170A - Fundamentals of Sound Recording 3 *unit(s)*

Composition Electives (4 units)

Complete four units from:

- MUSC 109 - Film Scoring Techniques 3 *unit(s)*
- MUSC 122A - Fundamental Techniques of Woodwinds: Flute, Clarinet, and Saxophone 1 *unit(s)*
- MUSC 122B - Fundamental Techniques and Literature: Instrumental 1 *unit(s)*
- MUSC 123A - Brass Fundamentals: Upper Brass 1 *unit(s)*
- MUSC 123B - Brass Fundamentals: Low Brass 1 *unit(s)*
- MUSC 125D - Percussion Techniques 1 *unit(s)*
- MUSC 127A - Fundamental Techniques and Literature: Instrumental Upper Strings - Violin and Viola 1 *unit(s)*
- MUSC 127B - Fundamental Techniques and Literature: Instrumental Lower Strings - Cello and Bass 1 *unit(s)*
- MUSC 160A - ENS: Choraliers 1 *unit(s)*
- MUSC 160D - ENS: Collegium Musicum 1 *unit(s)*
- MUSC 160F - ENS: Small Jazz Ensembles 1 *unit(s)*
- MUSC 160J - ENS: String Ensemble 1 *unit(s)*
- MUSC 160K - ENS: Brass Ensemble 1 *unit(s)*
- MUSC 160L - Woodwind Ensemble 1 *unit(s)*
- MUSC 160M - ENS: Saxophone Ensemble 1 *unit(s)*
- MUSC 160O - Trombone Ensemble 1 *unit(s)*
- MUSC 170B - Intermediate Sound Recording 3 *unit(s)*
- MUSC 170C - Advanced Sound Recording Production 3 *unit(s)*

University Electives (0-3 units)

Total Units Required (120 units)

Music, Jazz Studies Concentration, BM

The Bachelor of Music, Concentration in Jazz Studies, offered by the School of Music, is tailored for students intending to pursue careers as professional jazz performers and composers. Emphasis is placed on jazz improvisation, jazz performance styles, jazz arranging/composition, and jazz pedagogy. Students receive in-depth private instruction and many ensembles develop students' abilities as improvising musicians. Additionally, the university's location allows almost limitless opportunities to secure performances in any of the Bay Area's numerous nightspots. Students are required to complete a senior recital in addition to the regular course of study.

Major Preparation	11-14
Major Core Requirements	47
Concentration Requirements	21
University Electives	2-5
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the preparation and major (all courses in preparation, and core) must be completed with a grade of "C or better".

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (11-14 units)

- MUSC 1A - Music Theory IA 2 *unit(s)*
- MUSC 19 - Music in World Cultures 3 *unit(s)* (C1)
- MUSC 100W - Written Communication II 3 *unit(s)* (WID)

- MUSC 120 - Worlds of Jazz 3 *unit(s)* (S)

Piano Proficiency (0-3 units)

Students must also satisfy piano proficiency; this requirement may be satisfied with completion of:

- MUSC 25A - Piano Proficiency I 1 *unit(s)*
- MUSC 25B - Piano Proficiency II 1 *unit(s)*
- MUSC 25C - Piano Proficiency III 1 *unit(s)*

Major Requirements (68 units)

Core Courses (47 units)

- MUSC 1B - Musicianship IB 1 *unit(s)*
- MUSC 2A - Music Theory IIA 2 *unit(s)*
- MUSC 2B - Musicianship IIB 1 *unit(s)*
- MUSC 3A - Music Theory IIIA 2 *unit(s)*
- MUSC 3B - Musicianship IIIB 1 *unit(s)*
- MUSC 4A - Music Theory 4A 2 *unit(s)* (C1)
- MUSC 4B - Musicianship 4B 1 *unit(s)* (C1)
- MUSC 6 - Jazz Theory 2 *unit(s)*
- MUSC 12 - Medieval and Renaissance Music 3 *unit(s)* (C2)
- MUSC 13 - Music Technology 1 *unit(s)*
- MUSC 27A - Fundamentals of Jazz Keyboard I 1 *unit(s)*
- MUSC 27B - Fundamentals of Jazz Keyboard II 1 *unit(s)*
- MUSC 40A - Jazz Improvisation - I 2 *unit(s)*
- MUSC 110 - Baroque and Classical Music History 3 *unit(s)*
- MUSC 111 - Romantic and Modern Music History 3 *unit(s)*
- MUSC 182 - Senior Project 1 *unit(s)*

Complete Four Units From:

- MUSC 30AX - Applied Piano 1 1 *unit(s)*
- MUSC 30BX - Applied Piano 2 1 *unit(s)*
- MUSC 30CX - Applied Piano 3 1 *unit(s)*
- MUSC 30DX - Applied Piano 3 1 *unit(s)*
- MUSC 33X - Applied Voice 1 *unit(s)*
- MUSC 33AX - Applied Voice 1 1 *unit(s)*
- MUSC 33BX - Applied Voice 2 1 *unit(s)*
- MUSC 33CX - Applied Voice 3 1 *unit(s)*
- MUSC 33DX - Applied Voice 4 1 *unit(s)*
- MUSC 34X - Strings 1 *unit(s)*
- MUSC 34AX - Strings 1 1 *unit(s)*
- MUSC 34BX - Strings 2 1 *unit(s)*
- MUSC 34CX - Strings 3 1 *unit(s)*
- MUSC 34DX - Strings 4 1 *unit(s)*
- MUSC 35AX - Woodwinds 1 1 *unit(s)*
- MUSC 35BX - Woodwinds 2 1 *unit(s)*

- MUSC 35CX - Woodwinds 3 *1 unit(s)*
- MUSC 35DX - Woodwinds 4 *1 unit(s)*
- MUSC 36BX - Brass 1 *1 unit(s)*
- MUSC 36CX - Brass 2 *1 unit(s)*
- MUSC 36DX - Brass 3 *1 unit(s)*
- MUSC 36EX - Brass 4 *1 unit(s)*
- MUSC 37AX - Applied Percussion 1 *1 unit(s)*
- MUSC 37BX - Applied Percussion 2 *1 unit(s)*
- MUSC 37CX - Applied Percussion 3 *1 unit(s)*
- MUSC 37DX - Applied Percussion 4 *1 unit(s)*
- MUSC 38BX - Applied Instruction in Music Composition 1 *1 unit(s)*
- MUSC 38CX - Applied Instruction in Music Composition 2 *1 unit(s)*
- MUSC 38DX - Applied Instruction in Music Composition 3 *1 unit(s)*
- MUSC 38EX - Applied Instruction in Music Composition 4 *1 unit(s)*
- MUSC 39AX - Jazz: Improvisation, Composition or Arranging 1 *1 unit(s)*
- MUSC 39BX - Jazz: Improvisation, Composition or Arranging 2 *1 unit(s)*
- MUSC 39CX - Jazz: Improvisation, Composition or Arranging 3 *1 unit(s)*
- MUSC 39DX - Jazz: Improvisation, Composition or Arranging 4 *1 unit(s)*

Complete Four Units From:

- MUSC 50A - ENS: Concert Choir *1 unit(s)*
- MUSC 51A - ENS: University Chorales - Treble Choir *1 unit(s)*
- MUSC 51B - ENS: University Chorales - Spartan Glee *1 unit(s)*
- MUSC 53 - ENS: University Symphony Orchestra *1 unit(s)*
- MUSC 54 - ENS: Symphonic Band *1 unit(s)*
- MUSC 55 - ENS: Wind Ensemble *1 unit(s)*
- MUSC 57 - ENS: Jazz Orchestra *1 unit(s)*
- MUSC 59 - ENS: Afro-Latin Jazz Ensemble *1 unit(s)*
- MUSC 60F - ENS: Small Jazz Ensembles *1 unit(s)*
- MUSC 60I - ENS: Jazz Ensemble *1 unit(s)*

Complete Four Units From:

- MUSC 153 - ENS: University Symphony Orchestra *1 unit(s)*
- MUSC 154 - ENS: Symphonic Band *1 unit(s)*
- MUSC 155 - Wind Ensemble *1 unit(s)*
- MUSC 157 - ENS: Jazz Orchestra *1 unit(s)*
- MUSC 159 - ENS: Afro-Latin Jazz Ensemble *1 unit(s)*
- MUSC 160F - ENS: Small Jazz Ensembles *1 unit(s)*
- MUSC 160I - ENS: Jazz Ensemble *1 unit(s)*

Complete Eight Units From:

- MUSC 139A - Jazz Studies 5 *1-2 unit(s)*
- MUSC 139B - Jazz Studies 6 *1-2 unit(s)*
- MUSC 139C - Jazz Studies 7 *1-2 unit(s)*
- MUSC 139D - Jazz Studies 8 *1-2 unit(s)*

Jazz Studies Concentration (21 units)

- MUSC 102 - Orchestration 3 *unit(s)*
- MUSC 104 - Counterpoint 3 *unit(s)*
- MUSC 106A - Jazz Arranging I 2 *unit(s)*
- MUSC 106B - Jazz Arranging II 2 *unit(s)*
- MUSC 140B - Jazz Improvisation-II 2 *unit(s)*
- MUSC 140C - Jazz Improvisation-III 2 *unit(s)*
- MUSC 167 - Electro-Acoustic Music I 3 *unit(s)*
- MUSC 170A - Fundamentals of Sound Recording 3 *unit(s)*

Complete One Unit From:

- MUSC 60F - ENS: Small Jazz Ensembles 1 *unit(s)*
- MUSC 60I - ENS: Jazz Ensemble 1 *unit(s)*
- MUSC 160F - ENS: Small Jazz Ensembles 1 *unit(s)*
- MUSC 160I - ENS: Jazz Ensemble 1 *unit(s)*

University Electives (2-5 units)

Total Units Required (120 units)

Music, Music Education Concentration, BM

Students in the Music Education program complete the subject matter preparation for the California Teaching Credential in Music, K-12.

The BM-Bachelor of Music in Music Education, offered by the School of Music, is approved as subject matter preparation for a single subject credential by the California Commission on Teacher Credentialing (CCTC). Individuals who do not wish to complete one of the degree programs, or individuals seeking a single subject credential in subject areas not listed, must pass all portions of the appropriate Commission-approved subject matter examination(s).

Students receive 60-minute weekly lessons every semester in their area of specialty and must participate in the major ensemble of their respective applied area as a co-requisite. In the final semester of applied study, a solo recital is required.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the preparation and major (all courses in preparation, and core) must be completed with a grade of "C or better".

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15-18 units)

- MUSC 1A - Music Theory IA 2 *unit(s)*
- MUSC 1B - Musicianship IB 1 *unit(s)*
- MUSC 2A - Music Theory IIA 2 *unit(s)*
- MUSC 19 - Music in World Cultures 3 *unit(s)* (C1)
- MUSC 28 - Guitar Fundamentals 1 *unit(s)*
- MUSC 100W - Written Communication II 3 *unit(s)* (WID)
- MUSC 120 - Worlds of Jazz 3 *unit(s)* (S)

Piano Proficiency (0-3 units)

Students must also satisfy piano proficiency; this requirement may be satisfied with completion of:

- MUSC 25A - Piano Proficiency I *1 unit(s)*
- MUSC 25B - Piano Proficiency II *1 unit(s)*
- MUSC 25C - Piano Proficiency III *1 unit(s)*

Major Requirements (72-73 units)

Core Courses (43 units)

- MUSC 2B - Musicianship IIB *1 unit(s)*
- MUSC 3A - Music Theory IIIA *2 unit(s)*
- MUSC 3B - Musicianship IIIB *1 unit(s)*
- MUSC 4A - Music Theory 4A *2 unit(s) (C1)*
- MUSC 4B - Musicianship 4B *1 unit(s) (C1)*
- MUSC 12 - Medieval and Renaissance Music *3 unit(s) (C2)*
- MUSC 110 - Baroque and Classical Music History *3 unit(s)*
- MUSC 111 - Romantic and Modern Music History *3 unit(s)*
- MUSC 182 - Senior Project *1 unit(s)*

Complete eight units (8 units)

- MUSC 30 - Piano *1-2 unit(s)*
- MUSC 30A - Piano 1 *1-2 unit(s)*
- MUSC 30B - Piano 2 *1-2 unit(s)*
- MUSC 30C - Piano 3 *1-2 unit(s)*
- MUSC 30D - Piano 4 *1-2 unit(s)*
- MUSC 33 - Voice *1-2 unit(s)*
- MUSC 33A - Voice 1 *1-2 unit(s)*
- MUSC 33B - Voice 2 *1-2 unit(s)*
- MUSC 33C - Voice 3 *1-2 unit(s)*
- MUSC 33D - Voice 4 *1-2 unit(s)*
- MUSC 34 - Strings *1-2 unit(s)*
- MUSC 34A - Strings 1 *1-2 unit(s)*
- MUSC 34B - Strings 2 *1-2 unit(s)*
- MUSC 34C - Strings 3 *1-2 unit(s)*
- MUSC 34D - Strings 4 *1-2 unit(s)*
- MUSC 35 - Woodwinds *1-2 unit(s)*
- MUSC 35A - Woodwinds 1 *1-2 unit(s)*
- MUSC 35B - Woodwinds 2 *1-2 unit(s)*
- MUSC 35C - Woodwinds 3 *1-2 unit(s)*
- MUSC 35D - Woodwinds 4 *1-2 unit(s)*
- MUSC 36 - Brass *1-2 unit(s)*
- MUSC 36B - Brass 1 *1-2 unit(s)*
- MUSC 36C - Brass 2 *1-2 unit(s)*
- MUSC 36D - Brass 3 *1-2 unit(s)*
- MUSC 36E - Brass 4 *1-2 unit(s)*
- MUSC 37 - Percussion *1-2 unit(s)*
- MUSC 37A - Percussion 1 *1-2 unit(s)*

- MUSC 37B - Percussion 2 1-2 *unit(s)*
- MUSC 37C - Percussion 3 1-2 *unit(s)*
- MUSC 37D - Percussion 4 1-2 *unit(s)*
- MUSC 38B - Composition 1 1-2 *unit(s)*
- MUSC 38C - Composition 2 1-2 *unit(s)*
- MUSC 38D - Composition 3 1-2 *unit(s)*
- MUSC 38E - Composition 4 1-2 *unit(s)*
- MUSC 39A - Jazz: Improvisation, Composition or Arranging 1 1-2 *unit(s)*

- MUSC 136B - Brass 5 1-2 *unit(s)*
- MUSC 136C - Brass 6 1-2 *unit(s)*
- MUSC 136D - Brass 7 1-2 *unit(s)*
- MUSC 136E - Brass 8 1-2 *unit(s)*
- MUSC 137 - Percussion 1-2 *unit(s)*
- MUSC 137A - Percussion 5 1-2 *unit(s)*
- MUSC 137B - Percussion 6 1-2 *unit(s)*
- MUSC 137C - Percussion 7 1-2 *unit(s)*
- MUSC 137D - Percussion 8 1-2 *unit(s)*
- MUSC 138B - Composition 5 1-2 *unit(s)*
- MUSC 138C - Composition 6 1-2 *unit(s)*
- MUSC 138D - Composition 7 1-2 *unit(s)*
- MUSC 138E - Composition 8 1-2 *unit(s)*
- MUSC 139A - Jazz Studies 5 1-2 *unit(s)*
- MUSC 139B - Jazz Studies 6 1-2 *unit(s)*
- MUSC 139C - Jazz Studies 7 1-2 *unit(s)*

- MUSC 139D - Jazz Studies 8 1-2 *unit(s)*

Complete four units (4 units)

- MUSC 50A - ENS: Concert Choir 1 *unit(s)*
- MUSC 53 - ENS: University Symphony Orchestra 1 *unit(s)*
- MUSC 54 - ENS: Symphonic Band 1 *unit(s)*
- MUSC 55 - ENS: Wind Ensemble 1 *unit(s)*

Complete four units (4 units)

- MUSC 150A - ENS: Concert Choir 1 *unit(s)*
- MUSC 153 - ENS: University Symphony Orchestra 1 *unit(s)*
- MUSC 154 - ENS: Symphonic Band 1 *unit(s)*
- MUSC 155 - Wind Ensemble 1 *unit(s)*

Complete two units (2 units)

- MUSC 40A - Jazz Improvisation - I 2 *unit(s)*
- MUSC 140B - Jazz Improvisation-II 2 *unit(s)*
- MUSC 140C - Jazz Improvisation-III 2 *unit(s)*

Music Education Concentration (29-30 units)

Select an area of specialization from either the Instrumental or the Choral/General below. All students must take the Common Courses below.

Common Courses (15-16 units)

- MUSC 103 - Form and Analysis 3 *unit(s)*
- MUSC 147A - Beginning Conducting 2 *unit(s)*
- MUED 140 - Foundations of Music Education 3 *unit(s)*
- MUED 142 - Introduction to Music Education: Early Field Experience 1 *unit(s)*

Complete one course (2 units)

- MUSC 147B - Advanced Conducting: Instrumental 2 *unit(s)*
- MUSC 147C - Advanced Conducting: Choral 2 *unit(s)*

Complete one course (2-3 units)

- MUSC 102 - Orchestration 3 *unit(s)*
- MUSC 106A - Jazz Arranging I 2 *unit(s)*
- MUSC 106B - Jazz Arranging II 2 *unit(s)*

Breadth Requirement (2 units)

By advisement select two units of large or chamber ensemble outside of major performing area to satisfy breadth requirement *2 unit(s)*

Instrumental (14 units)

- MUSC 26A - Voice Fundamentals *1 unit(s)*
- MUSC 122A - Fundamental Techniques of Woodwinds: Flute, Clarinet, and Saxophone *1 unit(s)*
- MUSC 122B - Fundamental Techniques and Literature: Instrumental *1 unit(s)*
- MUSC 123A - Brass Fundamentals: Upper Brass *1 unit(s)*
- MUSC 123B - Brass Fundamentals: Low Brass *1 unit(s)*
- MUSC 125D - Percussion Techniques *1 unit(s)*
- MUSC 126 - Marching Band Techniques *1 unit(s)*
- MUSC 127A - Fundamental Techniques and Literature: Instrumental Upper Strings - Violin and Viola *1 unit(s)*
- MUSC 127B - Fundamental Techniques and Literature: Instrumental Lower Strings - Cello and Bass *1 unit(s)*
- MUED 170A - Teaching Instrumental Music *2 unit(s)*
- MUED 175 - Practicum in Music Education *3 unit(s)*

Choral/General (14 units)

- MUSC 41A - Applied Lyric Diction *1 unit(s)*
- MUSC 41B - Applied Lyric Diction *1 unit(s)*
- MUSC 122A - Fundamental Techniques of Woodwinds: Flute, Clarinet, and Saxophone *1 unit(s)*
- MUSC 123A - Brass Fundamentals: Upper Brass *1 unit(s)*
- MUSC 125D - Percussion Techniques *1 unit(s)*
- MUSC 185A - Music for Children *3 unit(s)*
- MUED 170B - Teaching Choral Music *2 unit(s)*
- MUED 175 - Practicum in Music Education *3 unit(s)*

Complete one course (1 unit)

- MUSC 127A - Fundamental Techniques and Literature: Instrumental Upper Strings - Violin and Viola *1 unit(s)*
- MUSC 127B - Fundamental Techniques and Literature: Instrumental Lower Strings - Cello and Bass *1 unit(s)*

University Electives (3-7 units)

Total Units Required (132 units)

Music, Performance Concentration, BM

The Bachelor of Music, Concentration in Performance, offered by the School of Music, is designed for students intending to pursue careers as professional singers or instrumentalists. In addition to the core music courses, the program includes weekly 60-minute private lessons and participation in large ensembles such as choirs, bands, symphony orchestra, and opera theater. Students also perform regularly as soloists and as chamber musicians, both in closed studio classes and in public recitals. In addition to their regular course of study, students are required to present both junior and senior recitals.

Summary of Degree Units

University Graduation Requirements	36
Major Preparation	11-14
Major Requirements	53
Applied Area	17
University Electives	0-3
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the preparation and major (all courses in preparation, and core) must be completed with a grade of "C or better".

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (11-14 units)

- MUSC 1A - Music Theory IA 2 *unit(s)*

- MUSC 19 - Music in World Cultures 3 *unit(s)* (C1)
- MUSC 100W - Written Communication II 3 *unit(s)* (WID)
- MUSC 120 - Worlds of Jazz 3 *unit(s)* (S)

Piano Proficiency (0-3 units)

Students must also satisfy piano proficiency; this requirement may be satisfied with completion of:

- MUSC 25A - Piano Proficiency I 1 *unit(s)*
- MUSC 25B - Piano Proficiency II 1 *unit(s)*
- MUSC 25C - Piano Proficiency III 1 *unit(s)*

Major Requirements (70 units)

Core Courses (53 units)

- MUSC 1B - Musicianship IB 1 *unit(s)*
- MUSC 2A - Music Theory IIA 2 *unit(s)*
- MUSC 2B - Musicianship IIB 1 *unit(s)*
- MUSC 3A - Music Theory IIIA 2 *unit(s)*
- MUSC 3B - Musicianship IIIB 1 *unit(s)*
- MUSC 4A - Music Theory 4A 2 *unit(s)* (C1)
- MUSC 4B - Musicianship 4B 1 *unit(s)* (C1)
- MUSC 12 - Medieval and Renaissance Music 3 *unit(s)* (C2)
- MUSC 13 - Music Technology 1 *unit(s)*
- MUSC 40A - Jazz Improvisation - I 2 *unit(s)*
- MUSC 110 - Baroque and Classical Music History 3 *unit(s)*
- MUSC 111 - Romantic and Modern Music History 3 *unit(s)*
- MUSC 182 - Senior Project 1 *unit(s)*

Complete Six Units From:

- MUSC 102 - Orchestration 3 *unit(s)*
- MUSC 103 - Form and Analysis 3 *unit(s)*
- MUSC 104 - Counterpoint 3 *unit(s)*

Complete Eight Units From:

- MUSC 30 - Piano 1-2 *unit(s)*
- MUSC 30A - Piano 1 1-2 *unit(s)*
- MUSC 30B - Piano 2 1-2 *unit(s)*
- MUSC 30C - Piano 3 1-2 *unit(s)*
- MUSC 30D - Piano 4 1-2 *unit(s)*
- MUSC 33 - Voice 1-2 *unit(s)*
- MUSC 33A - Voice 1 1-2 *unit(s)*
- MUSC 33B - Voice 2 1-2 *unit(s)*
- MUSC 33C - Voice 3 1-2 *unit(s)*
- MUSC 33D - Voice 4 1-2 *unit(s)*

- MUSC 34 - Strings 1-2 *unit(s)*
- MUSC 34A - Strings 1 1-2 *unit(s)*
- MUSC 34B - Strings 2 1-2 *unit(s)*
- MUSC 34C - Strings 3 1-2 *unit(s)*
- MUSC 34D - Strings 4 1-2 *unit(s)*
- MUSC 35 - Woodwinds 1-2 *unit(s)*
- MUSC 35A - Woodwinds 1 1-2 *unit(s)*
- MUSC 35B - Woodwinds 2 1-2 *unit(s)*
- MUSC 35C - Woodwinds 3 1-2 *unit(s)*
- MUSC 35D - Woodwinds 4 1-2 *unit(s)*
- MUSC 36 - Brass 1-2 *unit(s)*
- MUSC 36B - Brass 1 1-2 *unit(s)*
- MUSC 36C - Brass 2 1-2 *unit(s)*
- MUSC 36D - Brass 3 1-2 *unit(s)*
- MUSC 36E - Brass 4 1-2 *unit(s)*
- MUSC 37 - Percussion 1-2 *unit(s)*
- MUSC 37A - Percussion 1 1-2 *unit(s)*
- MUSC 37B - Percussion 2 1-2 *unit(s)*
- MUSC 37C - Percussion 3 1-2 *unit(s)*
- MUSC 37D - Percussion 4 1-2 *unit(s)*

Complete Eight Units From:

- MUSC 130A - Piano 5 1-2 *unit(s)*
- MUSC 130B - Piano 6 1-2 *unit(s)*
- MUSC 130C - Piano 7 1-2 *unit(s)*
- MUSC 130D - Piano 8 1-2 *unit(s)*
- MUSC 133 - Voice 1-2 *unit(s)*
- MUSC 133A - Voice 5 1-2 *unit(s)*
- MUSC 133B - Voice 6 1-2 *unit(s)*
- MUSC 133C - Voice 7 1-2 *unit(s)*
- MUSC 133D - Voice 8 1-2 *unit(s)*
- MUSC 134 - Strings 1-2 *unit(s)*
- MUSC 134A - Strings 5 1-2 *unit(s)*
- MUSC 134B - Strings 6 1-2 *unit(s)*
- MUSC 134C - Strings 7 1-2 *unit(s)*
- MUSC 134D - Strings 8 1-2 *unit(s)*
- MUSC 135 - Woodwinds 1-2 *unit(s)*
- MUSC 135A - Woodwinds 5 1-2 *unit(s)*
- MUSC 135B - Woodwinds 6 1-2 *unit(s)*
- MUSC 135C - Woodwinds 7 1-2 *unit(s)*
- MUSC 135D - Woodwinds 8 1-2 *unit(s)*
- MUSC 136 - Brass 1-2 *unit(s)*
- MUSC 136B - Brass 5 1-2 *unit(s)*
- MUSC 136C - Brass 6 1-2 *unit(s)*
- MUSC 136D - Brass 7 1-2 *unit(s)*
- MUSC 136E - Brass 8 1-2 *unit(s)*
- MUSC 137 - Percussion 1-2 *unit(s)*
- MUSC 137A - Percussion 5 1-2 *unit(s)*
- MUSC 137B - Percussion 6 1-2 *unit(s)*

- MUSC 137C - Percussion 7 1-2 *unit(s)*
- MUSC 137D - Percussion 8 1-2 *unit(s)*

Complete Four Units From:

- MUSC 50A - ENS: Concert Choir 1 *unit(s)*
- MUSC 52 - ENS: Opera Theater 1 *unit(s)*
- MUSC 53 - ENS: University Symphony Orchestra 1 *unit(s)*
- MUSC 54 - ENS: Symphonic Band 1 *unit(s)*
- MUSC 55 - ENS: Wind Ensemble 1 *unit(s)*

Complete Four Units From:

- MUSC 150A - ENS: Concert Choir 1 *unit(s)*
- MUSC 152 - ENS: Opera Theater 1 *unit(s)*
- MUSC 153 - ENS: University Symphony Orchestra 1 *unit(s)*
- MUSC 154 - ENS: Symphonic Band 1 *unit(s)*
- MUSC 155 - Wind Ensemble 1 *unit(s)*

Applied Area (17 units)

Choose an area of specialization below. Area specializations are a cluster of courses departments use for advising purposes, they will not appear on transcripts or diplomas. See Advisor for more details.

Voice (17 units)

Voice students must complete a language proficiency in either Italian, German, or French. This may be satisfied with four years of secondary study, a proficiency exam, or one year of college study

- MUSC 41A - Applied Lyric Diction 1 *unit(s)*
- MUSC 41B - Applied Lyric Diction 1 *unit(s)*
- MUSC 142 - REP: Art Song Repertoire 1 *unit(s)* (*Students must take MUSC 142 twice for a total of 2 units.*)
- MUSC 144 - REP: Solo Lit., Performance, Pedagogy 1 *unit(s)* (*Students must take MUSC 144 two times for a total of 2 units.*)
- MUSC 146 - Introduction to Applied Music Pedagogy 2 *unit(s)*
- MUSC 147A - Beginning Conducting 2 *unit(s)*

Complete Seven Units by Advisement From:

- MUSC 52 - ENS: Opera Theater 1 *unit(s)* (*2 units required*)
- MUSC 60A - ENS: Choraliers 1 *unit(s)*
- MUSC 60D - ENS: Collegium Musicum 1 *unit(s)*
- MUSC 61 - REP: Styles and Interpretation of Opera I 1 *unit(s)*
- MUSC 63 - REP: Styles and Interpretation of Opera II 1 *unit(s)*
- MUSC 102 - Orchestration 3 *unit(s)*
- MUSC 103 - Form and Analysis 3 *unit(s)*
- MUSC 104 - Counterpoint 3 *unit(s)*
- MUSC 124 - Special Topics in Music History/Literature 1-3 *unit(s)*
- MUSC 147B - Advanced Conducting: Instrumental 2 *unit(s)*

- MUSC 147C - Advanced Conducting: Choral 2 *unit(s)*
- MUSC 152 - ENS: Opera Theater 1 *unit(s)*
- MUSC 160A - ENS: Choraliers 1 *unit(s)*
- MUSC 160D - ENS: Collegium Musicum 1 *unit(s)*
- MUSC 161 - REP: Styles and Interpretation of Opera I 1 *unit(s)*
- MUSC 163 - REP: Styles and Interpretation of Opera II 1 *unit(s)* (1-2 *units required*)
- MUSC 180 - Individual Studies 1-2 *unit(s)*
- MUSC 190A - Honors Project 1 *unit(s)*
- MUSC 190B - Honors Project 2 *unit(s)*

Keyboard (17 units)

- MUSC 143 - REP: Collaborative Keyboard Performance 1 *unit(s)* (*Keyboard majors must take MUSC 143 a minimum of four times for a total of 4 units. MUSC 160C may be used as a substitution for the major ensemble requirement.*)
- MUSC 144 - REP: Solo Lit., Performance, Pedagogy 1 *unit(s)* (*Keyboard majors must take MUSC 144 four times for a total of 4 units.*)
- MUSC 145 - REP: Performance Concepts 2 *unit(s)*
- MUSC 146 - Introduction to Applied Music Pedagogy 2 *unit(s)*
- MUSC 147A - Beginning Conducting 2 *unit(s)*

Complete Three Units by Advisement From:

- MUSC 60C - ENS: Chamber Music 1 *unit(s)*
- MUSC 60D - ENS: Collegium Musicum 1 *unit(s)*
- MUSC 102 - Orchestration 3 *unit(s)*
- MUSC 103 - Form and Analysis 3 *unit(s)*
- MUSC 104 - Counterpoint 3 *unit(s)*
- MUSC 124 - Special Topics in Music History/Literature 1-3 *unit(s)*
- MUSC 146A - Pedagogy - Piano 2 *unit(s)*
- MUSC 147B - Advanced Conducting: Instrumental 2 *unit(s)*
- MUSC 160C - ENS: Chamber Music 1 *unit(s)*
- MUSC 160D - ENS: Collegium Musicum 1 *unit(s)*
- MUSC 180 - Individual Studies 1-2 *unit(s)*
- MUSC 190A - Honors Project 1 *unit(s)*
- MUSC 190B - Honors Project 2 *unit(s)*

Symphonic Instrumental (17 units)

- MUSC 146 - Introduction to Applied Music Pedagogy 2 *unit(s)*
- MUSC 147A - Beginning Conducting 2 *unit(s)*

Complete Six Units by Advisement From:

- MUSC 60C - ENS: Chamber Music 1 *unit(s)*
- MUSC 60D - ENS: Collegium Musicum 1 *unit(s)*
- MUSC 60H - ENS: Percussion Ensemble 1 *unit(s)*
- MUSC 60J - ENS: String Ensemble 1 *unit(s)*
- MUSC 60K - ENS: Brass Ensemble 1 *unit(s)*

- MUSC 60L - ENS: *Woodwind Ensemble 1 unit(s)*
- MUSC 60M - ENS: *Saxophone Ensemble 1 unit(s)*
- MUSC 160C - ENS: *Chamber Music 1 unit(s)*
- MUSC 160D - ENS: *Collegium Musicum 1 unit(s)*
- MUSC 160H - ENS: *Percussion Ensemble 1 unit(s)*
- MUSC 160J - ENS: *String Ensemble 1 unit(s)*
- MUSC 160K - ENS: *Brass Ensemble 1 unit(s)*
- MUSC 160L - ENS: *Woodwind Ensemble 1 unit(s)*
- MUSC 160M - ENS: *Saxophone Ensemble 1 unit(s)*

Complete Seven Units by Advisement From:

- MUSC 102 - *Orchestration 3 unit(s)*
- MUSC 103 - *Form and Analysis 3 unit(s)*
- MUSC 104 - *Counterpoint 3 unit(s)*
- MUSC 117 - *Music and Culture in Latin America 3 unit(s) (V)*
- MUSC 124 - *Special Topics in Music History/Literature 1-3 unit(s)*
- MUSC 140B - *Jazz Improvisation-II 2 unit(s)*
- MUSC 140C - *Jazz Improvisation-III 2 unit(s)*
- MUSC 147B - *Advanced Conducting: Instrumental 2 unit(s)*
- MUSC 147C - *Advanced Conducting: Choral 2 unit(s)*
- MUSC 153 - ENS: *University Symphony Orchestra 1 unit(s)*
- MUSC 154 - ENS: *Symphonic Band 1 unit(s)*
- MUSC 155 - *Wind Ensemble 1 unit(s)*
- MUSC 157 - ENS: *Jazz Orchestra 1 unit(s)*
- MUSC 159 - ENS: *Afro-Latin Jazz Ensemble 1 unit(s)*
- MUSC 160C - ENS: *Chamber Music 1 unit(s)*
- MUSC 160D - ENS: *Collegium Musicum 1 unit(s)*
- MUSC 160F - ENS: *Small Jazz Ensembles 1 unit(s)*
- MUSC 160J - ENS: *String Ensemble 1 unit(s)*
- MUSC 160L - ENS: *Woodwind Ensemble 1 unit(s)*
- MUSC 160M - ENS: *Saxophone Ensemble 1 unit(s)*
- MUSC 160O - *Trombone Ensemble 1 unit(s)*
- MUSC 170A - *Fundamentals of Sound Recording 3 unit(s)*
- MUSC 180 - *Individual Studies 1-2 unit(s)*
- MUSC 190A - *Honors Project 1 unit(s)*
- MUSC 190B - *Honors Project 2 unit(s)*

University Electives (0-3 units)

Total Units Required (120 units)

Philosophy, BA

Philosophy is an adventure of the mind. Philosophy majors read and discuss ideas generated by some of the greatest thinkers in history, putting these ideas in conversation with each other and with contemporary concerns. The Department of Philosophy also offers Philosophy students a look at theoretical and practical problems from a philosophical perspective.

Because the study of philosophy develops a student's ability to analyze ideas and arguments, to think critically, and to write well, a major in philosophy provides skills that are valued by many kinds of employers and serve as appropriate pre-professional preparation for various fields, including law, medicine, psychology and theology. Additionally, the major provides preparation for students interested in obtaining a background for graduate work in philosophy.

Summary of Degree Units

University Graduation Requirements	35
Major Requirements	33
University Electives	52
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or Specific questions.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

Major Requirements (33 units)

- PHIL 70A - Ancient Philosophy 3 unit(s) (C2)
- PHIL 70B - Early Modern Philosophy 3 unit(s) (C2)

Complete One Course From:

- PHIL 9 - Mathematics and Logic for General Education 3 unit(s) (B4)
- PHIL 57 - Logic and Critical Reasoning 3 unit(s) (A3)
- PHIL 157 - Intermediate Logic & Language Analysis 3 unit(s) (PHIL 157 requires permission from advisor)

Complete One Seminar Course From:

- PHIL 190 - Seminar in Philosophical Classics 3 unit(s)
- PHIL 195 - Seminar in Philosophy of Law 3 unit(s)
- PHIL 290 - Advanced Seminar in a Selected Philosopher or Tradition 3 unit(s) (GWAR)
- PHIL 291 - Advanced Seminar in Epistemology and Metaphysics 3 unit(s) (GWAR)
- PHIL 292 - Advanced Seminar in Ethics or Aesthetics 3 unit(s)
- PHIL 293 - Advanced Seminar in Logical Theory 3 unit(s)

Philosophy Electives (21 units)

Complete seven upper division Philosophy courses, which may include SJSU Studies Philosophy courses.

Students may substitute a Graduate Level Philosophy course for one of the seven upper division Philosophy courses with permission from the advisor.

University Electives (52 units)

At least 4 units must be Upper Division

Total Units Required (120 units)

Public Relations, BS

The BS Public Relations, offered by the School of Journalism and Mass Communications, prepares students for the broad and exciting field of integrated strategic communication. Students learn how to promote an organization's brand through news outlets and social media influencers, how to create and implement marketing communication assets, and how to plan and execute public relations campaigns. The program includes courses in research, web analytics, strategic writing, content creation, event planning, social media, digital marketing, among other specialized courses in employee communications and sports public relations. Graduates work in agencies and corporations throughout the Silicon Valley, the United States, and worldwide in a wide variety of specializations from high tech to healthcare to sports and entertainment.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (33 units)

Of the 39 units required by the university, 6 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ADV 91 - Introduction to Advertising 3 *unit(s)*
- MCOM 63 - New Media 3 *unit(s)*
- MCOM 72 - Mass Communication and Society 3 *unit(s)* (D)
- MCOM 100W - Writing Workshop: Mass Communications 3 *unit(s)* (WID)
- PR 99 - Introduction to Public Relations 3 *unit(s)*

Major Requirements (42 units)

MCOM 199A / MCOM 199B substitutes for MCOM 111 and PR 199 by invitation.

- MCOM 101 - Media Law and Ethics 3 *unit(s)*
- MCOM 104 - Introduction to Mass Communications Research 3 *unit(s)*
- MCOM 111 - Mass Communications Internship 3 *unit(s)*
- JOUR 61 - Writing for Print, Electronic and Online Media 3 *unit(s)*
- PR 190 - Media and Influencer Relations 3 *unit(s)*
- PR 191 - Strategic Content Creation 3 *unit(s)*
- PR 192 - Case Studies in Strategic Communication 3 *unit(s)*
- PR 197 - Introduction to Corporate Internal Communication 3 *unit(s)*
- PR 199 - Campaign Planning and Management 3 *unit(s)*

Mass Communications Elective (3 units)

- MCOM 70 - Visual Communication for Modern Media 3 *unit(s)*
- MCOM 105 - Lifestyles, Diversity and the Media 3 *unit(s)*
- MCOM 106 - Global Mass Communication 3 *unit(s)*

Approved JMC Electives (12 units)

- Approved electives in the School of Journalism and Mass Communications (JMC), including courses in journalism, advertising, public relations or mass communications.

University Electives (13 units)

Total Units Required (120 units)

Public Relations, BS (SJSU Online)

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. This upper division degree completion program is offered through a special session that requires a separate application process.

The BS Public Relations, offered by the School of Journalism and Mass Communications, prepares students for the broad and exciting field of integrated strategic communication. Students learn how to promote an organization's brand through news outlets and social media influencers, how to create and implement marketing communication assets, and how to plan and execute public relations campaigns. The program includes courses in research, web analytics, strategic writing, content creation, event planning, social media, digital marketing, among other specialized courses in employee communications and sports public relations. Graduates work in agencies and corporations throughout the Silicon Valley, the United States, and worldwide in a wide variety of specializations from high tech to healthcare to sports and entertainment.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes will be delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times).

Summary of Degree Units

Transfer Units	60
SJSU Studies	9
Major Preparation	9
Major Requirements	39
University Electives	3
Total	120

Program Roadmaps

The 2-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Transfer Units (60 units)

- All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better.
- Applicants must also have completed the Core Lower Division General Education Requirements (39 units).
- All four CSU-approved Basics Skills courses must be completed with a C- or better:
 - (A1) Oral Communication/Speech
 - (A2) Written English Composition
 - (A3) Critical Thinking/Logic
 - (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)
- GE Area F - Ethnic Studies must be completed with a C- or better to meet the requirement at San Jose State University.
- Completion of at least 9 units of the following courses (or equivalents) with a grade of "C-" or better:
 - MCOM 63 - New Media
 - MCOM 72 - Mass Communication and Society
 - JOUR 61 - Writing for Print, Electronic and Online Media

University Requirements (9 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with a major advisor before selecting courses to satisfy the Upper Division General Education Requirements.

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (9 units)

- ADV 91 - Introduction to Advertising 3 *unit(s)*
- MCOM 100W - Writing Workshop: Mass Communications 3 *unit(s)* (WID)
- PR 99 - Introduction to Public Relations 3 *unit(s)*

Major Requirements (39 units)

- MCOM 101 - Media Law and Ethics 3 *unit(s)*
- MCOM 104 - Introduction to Mass Communications Research 3 *unit(s)*
- MCOM 111 - Mass Communications Internship 3 *unit(s)*
- PR 190 - Media and Influencer Relations 3 *unit(s)*
- PR 191 - Strategic Content Creation 3 *unit(s)*
- PR 192 - Case Studies in Strategic Communication 3 *unit(s)*
- PR 197 - Introduction to Corporate Internal Communication 3 *unit(s)*
- PR 199 - Campaign Planning and Management 3 *unit(s)*

Mass Communications Elective (3 units)

- MCOM 70 - Visual Communication for Modern Media 3 *unit(s)*
- MCOM 105 - Lifestyles, Diversity and the Media 3 *unit(s)*
- MCOM 106 - Global Mass Communication 3 *unit(s)*

Approved JMC Electives (12 units)

- Approved electives in the School of Journalism and Mass Communications (JMC), including courses in journalism, advertising, public relations or mass communications.

University Electives (3 units)

Total Units Required (120 units)

Radio-Television-Film, BA

The Radio-Television-Film program, offered by the Department of Film and Theatre, is designed for students interested in working in and studying the world of media. Once students complete the required, well-rounded base of audio/film/video/writing/scholarship courses, students can then choose to focus more specifically with the program's degree completion options.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (9 units)

- RTVF 10 - The Art of Film 3 *unit(s)* (C1)
- RTVF 110 - Media and Culture 3 *unit(s)* (S)
- TA 100W - Writing Workshop: Theatre Arts 3 *unit(s)* (WID)

Major Requirements (51 units)

Core Courses (33 units)

- RTVF 20 - Introduction to Audio for Film & Television 3 *unit(s)*
- RTVF 30 - Introduction to Film & Television Production 3 *unit(s)*
- RTVF 31 - Film and Television Aesthetics 3 *unit(s)*
- RTVF 80 - Introduction to Media 3 *unit(s)*
- RTVF 82 - Introduction to Film History 3 *unit(s)*
- RTVF 120 - Intermediate Audio for Film & Television 3 *unit(s)*
- RTVF 130 - Intermediate Film & Television Production 3 *unit(s)*
- RTVF 160 - Introduction to Screenwriting 3 *unit(s)* (Repeatable for credit up to 6 units)
- RTVF 183 - Critical Studies & Research in RTVF 3 *unit(s)*
- RTVF 185 - Special Topics in RTVF 3 *unit(s)* (Repeatable for credit up to 6 units)
- RTVF 198 - RTVF Internships, Portfolio, Career Prep 3 *unit(s)* (Repeatable for credit up to 6 units)

Major Electives (18 units)

Complete 18 units from:

- RTVF 21 - KSJS On-Air Operations 3 *unit(s)*
- RTVF 22 - KSJS Radio Programming & Production 3 *unit(s)*
- RTVF 23 - Podcasting For Radio and Digital Media 3 *unit(s)*
- RTVF 111 - Global Screen Cultures 3 *unit(s)* (V) (Repeatable for credit up to 6 units)

Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (9 units)

- TA 5 - Acting 3 *unit(s)* (C1)
- TA 100W - Writing Workshop: Theatre Arts 3 *unit(s)* (WID)
- TA 127 - Contemporary Theatre 3 *unit(s)* (V)

Major Requirements (51 units)

Core Courses (39 units)

- TA 11 - Script Analysis 3 *unit(s)*
- TA 17 - Intermediate Acting 3 *unit(s)*
- TA 51A - Scenery and Props for the Performing Arts 1 *unit(s)*
- TA 51B - Costume for the Performing Arts 1 *unit(s)*
- TA 51C - Lighting & Sound for the Performing Arts 1 *unit(s)*
- TA 55 - Intro to Design for Theatre 3 *unit(s)* (C1)
- TA 116 - Directing 3 *unit(s)*
- TA 120 - Theatre History 3 *unit(s)* **OR** TA 121 - Topics in Performance History 3 *unit(s)*
- TA 128 - Introduction to Playwriting 3 *unit(s)*
- TA 153 - Costume Design for Performing Arts 3 *unit(s)* **OR** TA 154 - Scenic Design for Performing Arts 3 *unit(s)*
- OR** TA 151 - Lighting Design for Performing Arts 3 *unit(s)*
- TA 170A - Introduction to Acting and Directing for the Camera 3 *unit(s)*
- TA 198 - Internship 3 *unit(s)*

Complete a combination of 9 units:

Complete a combination of 9 units from (at least 3 unit must be TA 191):

- TA 117 - Practice in Acting or Directing 1-3 unit(s) (3 units required)
- TA 191 - Theatre Production Workshop 3 unit(s) (3 units required)

Major Electives (12 units)

- TA 10 - Theatre Appreciation 3 unit(s) (C1)
- TA 13 - Great Comedies for Theatre 3 unit(s) (C2)
- TA 48 - Voice & Movement for the Actor 3 unit(s) (E)
- TA 64 - Make-up for Performing Arts 3 unit(s)
- TA 91 - Scenic Painting & Props 1-3 unit(s) (3 units required)
- TA 103 - Musical Theatre 3 unit(s) (Repeatable for credit up to 6 units)
- TA 110 - Advanced Acting 3 unit(s)
- TA 112 - Rehearsal and Performance 3 unit(s)
(Repeatable for credit)
- TA 113 - Acting and Professional Career Prep 3 unit(s)
- TA 117 - Practice in Acting or Directing 1-3 unit(s) (Repeatable for credit)
- TA 121 - Topics in Performance History 3 unit(s)
- TA 129 - Advanced Playwriting 3 unit(s)
- TA 131 - Storytelling 3 unit(s)
- TA 148 - Voice & Movement for Performance 3 unit(s)
- TA 151 - Lighting Design for Performing Arts 3 unit(s)
- TA 153 - Costume Design for Performing Arts 3 unit(s)
- TA 154 - Scenic Design for Performing Arts 3 unit(s)
- TA 158 - Model Making & Drafting Film & Theatre 3 unit(s)
- TA 161 - Theatre Design Topics 3 unit(s)
- TA 167 - Theatre in Education 3 unit(s)
- TA 168 - Stage Management 3 unit(s)
- TA 170A - Introduction to Acting and Directing for the Camera 3 unit(s)
- TA 170B - Advanced Acting and Directing for the Camera 3 unit(s)
- TA 180 - Individual Studies 1-3 unit(s)
- TA 191 - Theatre Production Workshop 3 unit(s) (Repeatable for credit)
- TA 199H - Honors Program 2-3 unit(s)

University Electives (25 units)

Total Units Required (120 units)

Theatre Arts, Preparation for Teaching, BA (Not accepting students)

This major is designed for students interested in teaching English or theatre arts in high school or middle school. The following course work satisfies San José State University's requirements for a BA in Theatre Arts. A minimum grade point average (GPA) criteria may be required for verification of subject matter competency. Completion of the program will not guarantee admission to the credential program. Like all other applicants, students must meet credential program standards and undergo screening for admission. See "Teaching: How to Become a Teacher in California" (see Teaching) for information on application and admission to credential programs.

Summary of Degree Units

University Graduation Requirements	41
Major Preparation	27
Major Requirements	39
University Electives	13
Total	120

University Requirements for Graduation

Students must complete all residency, curriculum, unit, and GPA requirements as outlined in the Undergraduate University Graduation Requirements section of the Policies and Procedures.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

General Education/American Institution Requirements

Courses that meet General Education/American Institution requirements are noted with area designation for required area. For legend please see General Education Attributes.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3 or B4 must be passed with a "C-" or better to meet the requirement. Consult with major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

Graduation Writing Assessment Requirement

At SJSU, students must pass both the SJSU Writing Skills Test (WST) and a 100W course. Exceptions to the GVAR may be found at Graduation Writing Assessment Requirement (GVAR).

A grade of C or better (C- not accepted) is required to meet graduation requirement.

Major Preparation (27 units)

- ENGL 101 - Introduction to Literary Criticism 4 *unit(s)*
- ENGL 103 - Modern English 4 *unit(s)*
- ENGL 109 - Writing and the Young Writer 4 *unit(s)*

- ENGL 112B - Literature for Young Adults 4 *unit(s)*
- ENGL 145 - Shakespeare and Performance 4 *unit(s)*
- TA 100W - Writing Workshop: Theatre Arts 3 *unit(s)* (GWAR)

Complete One Course From:

- ENGL 117A - American Literature, Film, & Culture 3 *unit(s)* (S)
- ENGL 117B - Global Film, Literature, and Cultures 3 *unit(s)* (V)
- RTVF 181 - Modern Film History 3 *unit(s)*

Complete One Course From:

- ENGL 122 - Topics in Comparative World Literature 4 *unit(s)*
- TA 127 - Contemporary Theatre 3 *unit(s)* (V)

Complete One Course From:

- ENGL 125 - Ancient Literatures 4 *unit(s)*
- TA 120 - Theatre History 3 *unit(s)*

Major Requirements (39 units)

- TA 5 - Acting 3 *unit(s)* (C1)
- TA 11 - Script Analysis 3 *unit(s)*
- TA 48 - Voice & Movement for the Actor 3 *unit(s)* (E)
- TA 51A - Scenery and Props for the Performing Arts 1 *unit(s)*
- TA 51B - Costume for the Performing Arts 1 *unit(s)*
- TA 51C - Lighting & Sound for the Performing Arts 1 *unit(s)*
- TA 64 - Make-up for Performing Arts 3 *unit(s)*
- TA 116 - Directing 3 *unit(s)*
- TA 128 - Introduction to Playwriting 3 *unit(s)*
- TA 151 - Lighting Design for Performing Arts 3 *unit(s)*
- TA 167 - Theatre in Education 3 *unit(s)*
- TA 198 - Internship 3 *unit(s)*

Complete One Course From:

- TA 153 - Costume Design for Performing Arts 3 *unit(s)*
- TA 154 - Scenic Design for Performing Arts 3 *unit(s)*

Complete Two Courses From:

- TA 17 - Intermediate Acting 3 *unit(s)*
- TA 117 - Practice in Acting or Directing 1-3 *unit(s)* (3 *units* required)
- TA 168 - Stage Management 3 *unit(s)*
- TA 170A - Introduction to Acting and Directing for the Camera 3 *unit(s)*
- TA 191 - Theatre Production Workshop 3 *unit(s)* (3 *units* required)

University Electives (13 units)

Total Units Required (120 units)

Undergraduate Minor(s)

Advertising Minor

The Minor in Advertising is offered by the School of Journalism and Mass Communications.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

- ADV 91 - Introduction to Advertising 3 *unit(s)*
- ADV 128 - Integrated Marketing Communications (IMC) 3 *unit(s)*
- ADV 129 - Advertising Campaign Planning and Management 3 *unit(s)*

Minor Electives (9 units)

Complete three courses.

- ADV 93 - Design Fundamentals for Advertising 1 3 *unit(s)*
- ADV 94 - Design Fundamentals for Advertising 2 3 *unit(s)*
- ADV 95 - Working With Type 3 *unit(s)*
- ADV 116 - Spartan Daily Advertising Staff 3 *unit(s)*
- ADV 121 - Strategic Planning/Communications 3 *unit(s)*
- ADV 122 - Business-to-Business Advertising 3 *unit(s)*
- ADV 123 - Introduction to Branded Content 3 *unit(s)*
- ADV 124 - Copywriting 3 *unit(s)*
- ADV 125 - Advertising Layout and Production 3 *unit(s)*
- ADV 126 - Media Planning and Buying 3 *unit(s)*
- ADV 130 - Advertising Portfolio 1 3 *unit(s)*
- ADV 131 - Advertising Portfolio 2 3 *unit(s)*
- ADV 132 - UX UI Design for Advertising 3 *unit(s)*

Total Units Required (18 units)

American Studies Minor

The interdisciplinary American Studies minor, offered by the Department of Humanities, provides students the opportunity to study American cultures and societies. In addition to the focus on a better understanding of American cultures, there is an emphasis upon analytic skills, close reasoning, and effective communication, providing useful preparation for graduate study, for elementary or secondary teaching, or for careers in law, public service, or government.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements

Some lower division General Education and SJSU Studies requirements may be completed with the American Studies Minor.

Plan A (18 units)

- AMS 10 - Stories that Make America 3 *unit(s)* (C2 + US1)
- AMS 11 - Visions of Democracy 3 *unit(s)* (D + US2)
- AMS 12 - Intro to US Popular Culture: Serious Fun! 3 *unit(s)* (C1)

Electives (9 units)

- AMS 129 - The U.S. in a Global Context 3 *unit(s)*
- AMS 139 - Animals and Society 3 *unit(s)* (R)
- AMS 159 - Nature and World Cultures 3 *unit(s)* (S)
- AMS 160 - Special Topics in Humanities 3 *unit(s)*
- AMS 169 - The American Dream 3 *unit(s)* (V)
- AMS 179 - Issues in US Popular Culture 3 *unit(s)*
- AMS 190 - Senior Seminar in Humanities 3 *unit(s)*
- CA 95 - Introduction to Queer Arts 3 *unit(s)* (C1)
- CA 172 - The Arts in U.S. Society 3 *unit(s)* (S)
- HUM 95 - Introduction to Digital Humanities 3 *unit(s)*
- RELS 162 - Religion and Political Controversy in the US 3 *unit(s)* (S)
- RELS 191 - Religion in America 3 *unit(s)*

Plan B (18 units)

Choose six of the following American Studies courses:

- AMS 10 - Stories that Make America 3 *unit(s)* (C2 + US1))
- AMS 11 - Visions of Democracy 3 *unit(s)* (D + US2))
- AMS 129 - The U.S. in a Global Context 3 *unit(s)*
- AMS 139 - Animals and Society 3 *unit(s)* (R)
- AMS 159 - Nature and World Cultures 3 *unit(s)* (S)

- AMS 160 - Special Topics in Humanities 3 *unit(s)*
- AMS 169 - The American Dream 3 *unit(s)* (V)
- AMS 179 - Issues in US Popular Culture 3 *unit(s)*
- AMS 190 - Senior Seminar in Humanities 3 *unit(s)*
- CA 95 - Introduction to Queer Arts 3 *unit(s)* (C1)
- CA 172 - The Arts in U.S. Society 3 *unit(s)* (S)
- HUM 95 - Introduction to Digital Humanities 3 *unit(s)*
- RELS 162 - Religion and Political Controversy in the US 3 *unit(s)* (S)
- RELS 191 - Religion in America 3 *unit(s)*

Total Units Required (18 units)

Architectural Studies Minor

The Minor in Architectural Studies, offered by the Department of Art and Art History, provides essential preparation for students who plan to apply for graduate study in Architecture.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (9 units)

Complete One Course From:

- MATH 19 - Precalculus 5 *unit(s)* (B4)
- MATH 30 - Calculus I 3 *unit(s)* (B4)

Complete One Course From:

- PHYS 1 - Elementary Physics 3 *unit(s)* (B1)
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)

Complete One Course From:

- ARTH 70A - Art History, Prehistoric to Medieval 3 *unit(s)* (C1)
- ARTH 70B - Art History, Renaissance to Modern 3 *unit(s)* (C1)

Minor Requirements (12 units)

Art History Requirement (6 units)

Complete two courses from:

- ARTH 160 - Modern Architecture 3 *unit(s)*
- ARTH 161 - Contemporary Architecture 3 *unit(s)*
- ARTH 162 - California Architecture 3 *unit(s)*
- ARTH 163 - Twentieth Century Urban Design 3 *unit(s)*
- ARTH 192C - History of Interior Design 3 *unit(s)*

Interior Design Requirements (3 units)

Complete one course from:

- DSIT 5 - Introduction of Interior Design and Architecture 3 *unit(s)*
- DSIT 10 - Sketching, Drawing + Modeling 3 *unit(s)*
- DSIT 29 - Design Process 3 *unit(s)*
- DSIT 34 - Interior Architecture Foundation Studio 3 *unit(s)*
- DSIT 103 - Interior Architecture Conceptual Design Studio 3 *unit(s)*

Art Requirements (3 units)

3 units must include a second studio course, either from the Interior Design requirement or from the following.

- ART 13 - Three-Dimensional Design Concepts 3 *unit(s)*
- ART 24 - Drawing I 3 *unit(s)*
- ART 26 - Drawing II 3 *unit(s)*
- ART 68 - Beginning Sculpture: Object & Concept 3 *unit(s)*
- ART 172 - Intermediate Sculpture: System/Structure 3 *unit(s)*
- ART 173 - Topics in Installation Art 3 *unit(s)*

Total Units Required (21 units)

Art Education Minor

The Minor in Art Education, offered by the Department of Art and Art History, helps to prepare students who plan to apply to credential programs in Art without first completing the BA Art/Studio Practice, Concentration in Teacher Preparation.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (24 units)

Core Requirements (21 units)

- ART 12 - Two-Dimensional Design and Color Concepts 3 *unit(s)*
- ART 24 - Drawing I 3 *unit(s)*
- ART 46 - Introduction to Ceramics 3 *unit(s)*

- ART 138 - Elementary Art Methods 3 *unit(s)*
- ART 139 - Teaching Diversity through Art 3 *unit(s)*
- ARED 150 - Field Experience in the Arts 3 *unit(s)*

Complete One Course From:

- PHIL 66 - Introduction to Aesthetics 3 *unit(s)* (C1)
- PHIL 106 - Philosophy of Art 3 *unit(s)*

Upper Division Art History (3 units)

Complete one course from:

- ARTH 182A - Art of the Americas 3 *unit(s)*
- ARTH 183A - Art of Egypt and Mesopotamia 3 *unit(s)*
- ARTH 193A - Worlds of Art and Culture 3 *unit(s)* (V)
- ARTH 193B - East Meets West in Art 3 *unit(s)* (V)
- ARTH 194A - Art of China 3 *unit(s)*
- ARTH 195 - Art of Japan 3 *unit(s)*

Total Units Required (24 units)

Art History and Visual Culture Minor

The Minor in Art History and Visual Culture, offered by the Department of Art and Art History, enriches the lives of its students by providing an in-depth knowledge of cultural traditions and creative accomplishment, and by providing the skills necessary for applying that knowledge in the service of our multicultural society.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (6 units)

Complete 6 units from:

- ARTH 70A - Art History, Prehistoric to Medieval 3 *unit(s)* (C1)
- ARTH 70B - Art History, Renaissance to Modern 3 *unit(s)* (C1)
- ARTH 70C - Arts of Asia 3 *unit(s)* (C1)

Minor Requirements (12 units)

Twelve units of art history course work total. Must include 9 units of upper division art history courses. Of these, six units must be completed at San José State University.

Total Units Required (18 units)

Asian Studies Minor

The Asian Studies Minor, offered by the Department of World Languages and Literatures, acquaints students with the histories, traditional cultures and contemporary conditions of Asian countries and societies. Courses may be selected from anthropology, art, business, foreign languages, geography, history, music philosophy, political science, and religious studies.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements

Minor course work must include at least 12 units that are distinct and separate from the course work in one's major or other minor.

Core Courses (6-9 units)

- CHIN 1A - Elementary Chinese 4 *unit(s)* (C2)
- CHIN 1B - Elementary Chinese 4 *unit(s)* (C2)
- CHIN 25A - Intermediate Chinese 4 *unit(s)* (C2)
- CHIN 25B - Intermediate Chinese 4 *unit(s)* (C2)
- CHIN 102 - Chinese Culture 4 *unit(s)*
- CHIN 110 - Structure of the Chinese Language 4 *unit(s)*
- CHIN 101A - Advanced Chinese 4 *unit(s)*
- CHIN 101B - Advanced Chinese 4 *unit(s)*
- CHIN 130 - Readings in Chinese Culture 4 *unit(s)*
- CHIN 132 - Special Topics in Chinese for Careers 4 *unit(s)*
- CHIN 140 - Chinese Culture and Politics Through Literature 3 *unit(s)* (V)
- JPN 1A - Elementary Japanese 4 *unit(s)* (C2)
- JPN 1B - Elementary Japanese 4 *unit(s)* (C2)
- JPN 25A - Intermediate Japanese 4 *unit(s)* (C2)
- JPN 25B - Intermediate Japanese 4 *unit(s)* (C2)
- JPN 101A - Advanced Japanese **OR** JPN 101C - Advanced Conversational Japanese 4 *unit(s)*
- JPN 102B - Local and Minority Cultures in Japan 3 *unit(s)* (V)
- TAG 1A - Elementary Tagalog I 4 *unit(s)* (C2)
- TAG 1B - Elementary Tagalog II 4 *unit(s)* (C2)
- TAG 25A - Intermediate Tagalog I 4 *unit(s)*
- TAG 25B - Intermediate Tagalog II 4 *unit(s)*
- VIET 1A - Elementary Vietnamese 4 *unit(s)* (C2)
- VIET 1B - Elementary Vietnamese 4 *unit(s)* (C2)
- RELS 144 - Chinese Traditions 3 *unit(s)*

Electives (3-6 units)

- ANTH 177 - Anthropology of Asia 3 *unit(s)*

- ARTH 70C - Arts of Asia 3 *unit(s)* (C1)
- ARTH 193B - East Meets West in Art 3 *unit(s)* (V)
- ARTH 194A - Art of China 3 *unit(s)*
- ARTH 195 - Art of Japan 3 *unit(s)*
- BUS2 133B - Relationship Marketing: Pacific Rim 3 *unit(s)*
- GEOG 160 - East and South Asia 3 *unit(s)*
- HIST 109A - History of China 4 *unit(s)*
- HIST 109B - History of China 4 *unit(s)*
- HIST 110A - History of Japan 4 *unit(s)*
- HIST 110B - History of Japan 4 *unit(s)*
- HUM 114 - Legacy of Asia 3 *unit(s)* (V)
- LING 122 - English as a World Language 3 *unit(s)* (V)
- PHIL 104 - Asian Philosophy 3 *unit(s)* (V)
- POLS 145 - Asian Politics 4 *unit(s)*
- RELS 142 - Contemporary Buddhism and its Roots 3 *unit(s)*

Total Units Required (12 units)

Ceramic Art Minor

The Minor in Ceramic Art, offered by the Department of Art and Art History, provides students with a range of techniques and skills for the production of ceramic art. Students will be exposed to and research historical and contemporary models of ceramic art. Students will also explore advanced sculptural methods for realizing ceramic art, including hand-built, wheel-thrown, and 3D printed forms.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (6 units)

- ART 46 - Introduction to Ceramics 3 *unit(s)*

Complete one course from the following:

- ART 13 - Three-Dimensional Design Concepts 3 *unit(s)*
- ART 68 - Beginning Sculpture: Object & Concept 3 *unit(s)*

Minor Requirements (12 units)

Complete 12 units from the following repeatable courses:

- ART 132 - Topics in Intermediate Ceramics 3 *unit(s)* *
- ART 133 - Topics in Ceramic Sculpture 3 *unit(s)* *
- ART 134 - Topics in Advanced Ceramics 3 *unit(s)* *

- ART 137 - Figure Modeling 3 *unit(s)*

**Courses repeatable for credit when topics change, up to 9 units.*

Total Units Required (18 units)

Chinese Minor

The Chinese minor offers a firm grounding in the language and culture of the Chinese-speaking world. The minor is open to students from any major.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Proficiency

- CHIN 1A - Elementary Chinese 4 *unit(s)* (C2)
- CHIN 1B - Elementary Chinese 4 *unit(s)* (C2)

Minor Requirements (19-20 units)

- CHIN 25A - Intermediate Chinese 4 *unit(s)* (C2)
- CHIN 25B - Intermediate Chinese 4 *unit(s)* (C2)
- CHIN 101A - Advanced Chinese 4 *unit(s)*
- CHIN 101B - Advanced Chinese 4 *unit(s)*

Complete One Course From:

- CHIN 102 - Chinese Culture 4 *unit(s)*
- CHIN 140 - Chinese Culture and Politics Through Literature 3 *unit(s)* (V)
- RELS 144 - Chinese Traditions 3 *unit(s)*

Total Units Required (19-20 units)

Comparative Literature Minor

The Minor in Comparative Literature is offered by the Department of English and Comparative Literature.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the

coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (17-20 units)

Literature (6-8 units)

Choose two courses from:

- ENGL 40 - Contemporary World Fiction 3 *unit(s)* (C2)
- ENGL 117B - Global Film, Literature, and Cultures 3 *unit(s)* (V)
- ENGL 123A - Literatures of the Americas 3 *unit(s)* (V)
- ENGL 123B - Literatures of Africa 3 *unit(s)* (V)
- ENGL 123C - Literatures of the Pacific 3 *unit(s)* (V)
- ENGL 123D - Literatures of Asia 3 *unit(s)* (V)
- COLT 122 - Topics in Comparative World Literature 4 *unit(s)*

Additional Courses (11-12 units)

- Select 11-12 units of Upper Division Instructor Consent and Advisor Approved World Language Literature courses (ENGL 120 or above) or Advisor Approved Upper-Division literature-in-translation courses with extensive reading in the original language 11-12 *unit(s)*

Total Units Required (17-20 units)

Creative Arts Minor

The interdisciplinary Minor in Creative Arts, offered by the Department of Humanities, provides students the opportunity to pursue a flexible, interdisciplinary curriculum that examines creativity across the arts domains and emphasizes both creative and critical thinking. . This minor is recommended to students who are majoring in another arts area who would like to learn more about interdisciplinary work and for students who would like to integrate knowledge of creativity and the arts into their proposed career path.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

- CA 60 - Creativity Matters 3 *unit(s)* (E)
- Three units of course work in arts disciplines from any of the following departments/schools (three units in each): School of Art and Design, School of Music, RTVF Department, English and Comparative Literature Department, World Languages and Literatures Department (literature only) 3 *unit(s)*
- Three units of studio/activity courses in visual or performing arts or creative writing 3 *unit(s)*

Upper Division Requirements (9 units)

Complete One Course From:

- CA 175 - Seminar in Creative Process 3 *unit(s)*
- CA 176 - Creativity and Creative Leadership 3 *unit(s)*

Complete One Course From:

- CA 177 - Interdisciplinary Arts for Teaching 3 *unit(s)* (CA 177 for Prospective Teachers)
- CA 194 - Community Building through Arts Orgs 3 *unit(s)*
- HUM 160 - Special Topics in Humanities 3 *unit(s)*

Complete One Course From:

- CA 172 - The Arts in U.S. Society 3 *unit(s)* (S)
- CA 173 - Thinking About Contemporary World Arts 3 *unit(s)* (V)

Total Units Required (18 units)

Creative Writing Minor

The Minor in Creative Writing is offered by the Department of English and Comparative Literature.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18-19 units)

Lower Division (3 units)

- ENGL 71 - Creative Writing 3 *unit(s)* (C2)

Upper Division (12 units)

Complete 12 units from:

- ENGL 130 - Writing Fiction 4 *unit(s)*
- ENGL 131 - Writing Poetry 4 *unit(s)*
- ENGL 133 - Reed Magazine 4 *unit(s)*
- ENGL 135 - Writing Nonfiction 4 *unit(s)*

Literature Courses (3-4 units)

Select either one survey course

- ENGL 50 - Beginnings to the American Experiment 3 *unit(s)*
- ENGL 60 - Literatures of the Atlantic World, 1680-1860 4 *unit(s)*
- ENGL 70 - Emerging Modernisms and Beyond 3 *unit(s)*
- ENGL 151 - 20th and 21st Century Poetry 4 *unit(s)*
- ENGL 160 - Topics in American Literature 4 *unit(s)*
- ENGL 162 - Indigenous American Literatures 4 *unit(s)*
- ENGL 163 - Asian American Literatures 4 *unit(s)*
- ENGL 165 - Black American Literatures 4 *unit(s)*
- ENGL 166 - Latinx Literatures 4 *unit(s)*
- ENGL 167 - Steinbeck 4 *unit(s)*
- ENGL 168 - The American Novel 4 *unit(s)*
- ENGL 169 - Ethnicity in American Literature 3 *unit(s)*
- ENGL 171 - Pop Cultures 4 *unit(s)*
- ENGL 176 - The Short Story 4 *unit(s)*
- ENGL 177 - Topics in Fiction Since 1900 4 *unit(s)*

Total Units Required (18-19 units)

Dance Minor

The Dance Minor is designed to expose students to a range of movement genres, the basics of stagecraft, and a glimpse into dance's socio-cultural significance. Frequently chosen in tandem with a major in Theatre Arts, and valuable to other degree programs like Film, Performance Studies, and Kinesiology, the Dance Minor provides students a creative outlet that refines body and mind and can deepen understanding of bodies moving through time and space.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (20 units)

Core (3 units)

Complete one course from:

- ARTH 15 - Intro to Visual Culture 3 *unit(s)* (C1)
- DANC 10 - Dance Appreciation 3 *unit(s)* (C1)
- MUSC 10A - Music Appreciation 3 *unit(s)* (C1)

Technique Paths (9 units)

Complete nine units of any combination of Level I, II, III, IV courses in Ballet, Jazz or Modern.

Electives (8 units)

Complete eight units from:

- DANC 40A - Topics in Modern Dance I 2 *unit(s)* (PE)
- DANC 41A - Topics in Ballet I 2 *unit(s)* (PE)
- DANC 42A - Topics in Jazz Dance I 2 *unit(s)* (PE)
- DANC 43 - Dance Improvisation 1 *unit(s)*
- DANC 49A - Topics in Tap Dance I 1 *unit(s)*
- DANC 51A - Dance Production 3 *unit(s)*
- DANC 51B - Topics in Dance Crewing 0.5 *unit(s)* (*Students will enroll in DANC 51B twice*)
- DANC 53 - World Dance 1 *unit(s)*
- DANC 75 - Rhythm and Dynamics in Dance 1 *unit(s)*
- DANC 102 - Dance in World Cultures 3 *unit(s)* (V)
- DANC 112 - ENS: Dance Rehearsal and Performance 2 *unit(s)*
- DANC 145A - Choreography I 3 *unit(s)*
- DANC 145B - Choreography II 3 *unit(s)*
- DANC 145C - Choreography III 3 *unit(s)*
- DANC 148 - Children's Dance 3 *unit(s)*
- DANC 150A - Kinesiology I 3 *unit(s)*
- DANC 150B - Kinesiology II 3 *unit(s)*
- DANC 194 - Dance Repertory Activity 1 *unit(s)*

Total Units Required (20 units)

Digital Media Art Minor

The Minor in Digital Media Art, offered by the Department of Art and Art History, allows students to learn specialized skills in interactive digital media and 3D digital fabrication for application in a variety of creative projects. Digital Media Art courses emphasize concept-development and creative innovation, building on technical skills in web coding, virtual reality, digital fabrication, and interactive installations. Students graduating with a Minor in Digital Media Art will be conversant in the historical, theoretical, and technological aspects of digital media across an array of platforms. For Art majors in other media (eg. Pictorial Art or Spatial Art), the Minor in Digital Media Art facilitates the acquisition of an interdisciplinary art practice incorporating digital technologies. For non-Art majors, it develops both technical and conceptual skills in computer and web-based creative work. The Minor in Digital Media Art allows students to learn the following media and technologies: creative web development; computer-based gaming; digital fabrication of 3-D objects; interactive installations using a variety of digital and screen/projection technologies; software coding for artistic purposes; and motion capture.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (6 units)

- ART 74 - Introduction to Digital Media 3 *unit(s)*
- ART 75 - Introduction to Digital Video Art 3 *unit(s)*

Minor Requirements (12 units)

- ART 101 - Digital Media Art 3 *unit(s)*
- ART 105 - Advanced Digital Video 3 *unit(s)*

Specialized Topics in Digital Media Art (6 units)

Complete two courses from. The courses below allow students to explore a range of specialized topics in Digital Media Art.

- ART 102 - 3D Modeling and Printing 3 *unit(s)*
- ART 103 - Art as System 3 *unit(s)*
- ART 106 - Topics in Human Machine Interface 3 *unit(s)*
- ART 107 - Advanced Projects in Digital Media Art 3 *unit(s)*
- ART 108 - Introduction to Game Studies 3 *unit(s)*
- ART 109 - Web Development in HTML, CSS and JavaScript 3 *unit(s)*
- ART 193 - Digital Materials 3 *unit(s)*

Total Units Required (18 units)

Digital Media for Mass Communications Minor

The Digital Media for Mass Communications Minor, offered by the School of Journalism and Mass Communications, is the ideal complement to any major, helping students effectively learn and apply the necessary mass media skills to communicate their ideas to a mass audience. This minor will help students from all disciplines to achieve technical media competency in today's workplace, no matter their field of study.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

- MCOM 63 - New Media 3 *unit(s)*
- MCOM 107 - Audio Podcasting, Aesthetics and Invention 3 *unit(s)*
- MCOM 108 - Virtual Worlds, Virtual Reality and Mass Media 3 *unit(s)*
- MCOM 163 - Advanced New Media Technologies 3 *unit(s)*
- MCOM 175 - Social Media and Web Analytics 3 *unit(s)*

Total Units Required (15 units)

French Minor

The French minor offers a firm grounding in the language and culture of the French-speaking world. The minor is open to students from any major.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Proficiency

- FREN 1A - Elementary French 4 *unit(s)* (C2)
- FREN 1B - Elementary French 4 *unit(s)* (C2)

Minor Requirements (19-20 units)

- FREN 25A - Intermediate French: Reading 4 *unit(s)* (C2)
- FREN 25B - Intermediate French: Writing 4 *unit(s)* (C2)

Complete Two Courses From:

- FREN 101A - Advanced French: Reading and Writing 4 *unit(s)*
- FREN 101B - Advanced French: Written Communication 4 *unit(s)*
- FREN 101C - Advanced French: Oral Communication 4 *unit(s)*

Complete One Course From:

- FREN 102B - Francophone Cultures: Through Literature and Cinema 3 *unit(s)* (V)
- FREN 132 - Special Topics in French for Careers 4 *unit(s)*

Total Units Required (19-20 units)

German Minor

The German minor offers a firm grounding in the language and culture of the German-speaking world. The minor is open to students from any major.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Proficiency

- GERM 1A - Elementary German 4 *unit(s)* (C2)
- GERM 1B - Elementary German 4 *unit(s)* (C2)

Minor Requirements (19 units)

- GERM 25A - Intermediate German 4 *unit(s)* (C2)
- GERM 25B - Intermediate German 4 *unit(s)* (C2)

Electives (11 units)

Select 11 units of appropriate coursework, including study abroad, with approval from an advisor

Total Units Required (19 units)

Graphic Design Minor

The Minor in Graphic Design is offered by the Department of Design.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (6 units)

Complete One Course From:

- ANI 11 - Illustration Fundamentals I 3 *unit(s)*
(ART 24 will also be accepted for transfer students)
- DSID 21 - Visualization I 3 *unit(s)*
- DSIT 10 - Sketching, Drawing + Modeling 3 *unit(s)*

Complete One Course From:

Highly Recommend Students take ARTH 70B

- ARTH 70A - Art History, Prehistoric to Medieval 3 *unit(s)* (C1)
- ARTH 70B - Art History, Renaissance to Modern 3 *unit(s)* (C1)
- ARTH 70C - Arts of Asia 3 *unit(s)* (C1)

Minor Requirements (15 units)

- DSGD 63 - Fundamental Graphic Visualization 3 *unit(s)*
(ART 12 will also be accepted for transfer students.)

- DSGD 83 - Digital Applications: Basics 3 *unit(s)*
- DSGD 99 - Introduction to Typography 3 *unit(s)*
- DSGD 100 - Visual Communication & Process 3 *unit(s)*
- DSGD 104 - Introduction to Graphic Design 3 *unit(s)*

Total Units Required (21 units)

Humanities Minor

The minor in Humanities is an interdisciplinary and globally focused course of study that integrates ways of knowing, literature, art, culture, ecology, and social institutions for students from majors across the University. The Humanities minor is especially recommended to students seeking a career in international law, business, economic development, justice studies, health care, education, genocide studies, or religious studies. .

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18-21 units)

Choose a Plan

Plan A (21 units)

- HUM 10 - Honors Global Oral and Rhetorical Cultures 3 *unit(s)* (A1)
- HUM 11 - Honors Critical Thinking across Global Cultures 3 *unit(s)* (A3)
- HUM 20 - Honors Global Material Cultures 3 *unit(s)* (C1)
- HUM 21 - Honors Reading Difference across Global Cultures 3 *unit(s)* (C2)
- HUM 190 - Senior Seminar in Humanities 3 *unit(s)*

Complete Two Course From:

- HUM 119 - Myths, Heroes, and Global Cultures 3 *unit(s)*
- HUM 128 - Perspectives on the Twentieth Century: The West in a Global Context 3 *unit(s)* (V)
- HUM 160 - Special Topics in Humanities 3 *unit(s)*
- Any upper division humanities course 3 *unit(s)*

Plan B (18 units)

- HUM 101 - Human Life: Let's Think About It 3 *unit(s)*
- HUM 190 - Senior Seminar in Humanities 3 *unit(s)*
- Twelve units of upper-division Humanities courses, as approved by the advisor 12 *unit(s)*

Total Units Required (18-21 units)

Interaction Design Minor

Minor Coordinator: Dana Ragouzeos (Industrial Design)

Interaction Design deals with the structure and behavior of interactive products and services. Interaction Designers create compelling relationships between people and the interactive systems they use, from computers to mobile devices to appliances; Interaction Designers lay the groundwork for intangible experiences.

The minor, offered by the Department of Design, requires students to complete 21 units of required courses. 12 of these units must be outside the requirements for the student's major, i.e. the same courses cannot be listed on the minor and the major form. It is the student's responsibility to make sure that the prerequisites for each course are met. Students should declare the minor as soon as possible so that they can enroll in courses with waived prerequisites. Students in Majors other than Design Studies, BA, Graphic Design, BFA, or Industrial Design, BS may need to take additional courses to meet prerequisites for the courses required in this minor.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (21 units)

- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- DSGD 83 - Digital Applications: Basics 3 *unit(s)*
- DSID 126 - Ergonomics for Design 3 *unit(s)*
- DSID 131 - Interaction Design 3 *unit(s)*
- DSGD 186 - Digital Applications: Methodology 3 *unit(s)*
- PSYC 173 - Human Factors 3 *unit(s)*

Minor Elective (3 units)

Electives offer a breadth of classes ranging from advanced topics in visual design to coding to relevant cultural concerns. These courses all relate to interaction design in a variety of ways. The offering is intended to provide a small amount of specialization within the minor as driven by the student's career goals.

Note: Some courses have pre/co-requisites that fall outside of the minor. Course availability may vary from semester to semester. Check with your Minor advisor for more information.

- ART 106 - Topics in Human Machine Interface 3 *unit(s)*
- ART 109 - Web Development in HTML, CSS and JavaScript 3 *unit(s)*

Japanese Minor

The Japanese minor offers a firm grounding in the language and culture of the Japanese-speaking world. The minor is open to students from any major.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Proficiency

- JPN 1A - Elementary Japanese 4 *unit(s)* (C2)
- JPN 1B - Elementary Japanese 4 *unit(s)* (C2)

Minor Requirements (20 units)

- JPN 25A - Intermediate Japanese 4 *unit(s)* (C2)
- JPN 25B - Intermediate Japanese 4 *unit(s)* (C2)
- JPN 101A - Advanced Japanese 4 *unit(s)*
- JPN 101C - Advanced Conversational Japanese 4 *unit(s)*
- JPN 102A - Japanese Culture 4 *unit(s)*

Total Units Required (20 units)

Journalism Minor

The Minor in Journalism is offered by the School of Journalism and Mass Communications. The Journalism minor introduces students to concepts and skills in multimedia journalism. Students learn the importance of updating news stories in real time across all media and gain experience in a variety of student media through coursework. It provides the ideal complement to any major.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Complete the following requirements and one student media production class.

- JOUR 61 - Writing for Print, Electronic and Online Media 3 *unit(s)*
- JOUR 130 - Student Media Apprentice 3 *unit(s)*
- JOUR 132 - Magazine Reporting, Print and Online 3 *unit(s)*
- MCOM 63 - New Media 3 *unit(s)*

Choose One Course From:

- JOUR 50 - Navigating the News 3 *unit(s)*
- MCOM 72 - Mass Communication and Society 3 *unit(s)* (D)

Student Media Production

Choose One Course From:

- JOUR 140A - Student Media Production: Update News 1-3 unit(s)
- JOUR 140B - Student Media Production: Spartan Daily 1-3 unit(s)
- JOUR 140C - Student Media Production: The Spear 3 unit(s)
- JOUR 140D - Student Media Production: Magazine 3 unit(s)

Total Units Required (18 units)

Latin American Studies Minor

The interdepartmental minor in Latin American Studies, offered by the Department of World Languages and Literatures, is designed to complement a wide variety of academic majors by providing knowledge of Latin American affairs, culture, and politics. Courses may be selected from art, world languages and literatures, history, Chicana and Chicano studies, philosophy, political science, and theater arts.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (19 units)

Novice high proficiency (ACTFL scale) as determined by the LAS advisor in Spanish, Portuguese or French.

Core Courses (10 units)

- SPAN 102B - Hispanic American Culture 3 unit(s) (V)
- Any LAS advisor-approved Latin American History Course 4 unit(s)

Complete One Course From:

- FREN 102B - Francophone Cultures: Through Literature and Cinema 3 unit(s) (V)
- PORT 102B - Brazilian Culture 3 unit(s)

Other Courses (9 units)

Complete three courses approved by the LAS advisor from the list of electives:

Humanities

Spanish sequence (SPAN 160A, SPAN 160B and SPAN 160C) when focus is on Latin American Studies.

- ARTH 182A - Art of the Americas 3 unit(s)
- DANC 102 - Dance in World Cultures 3 unit(s) (V)
- SPAN 140A - Spanish American Literature 4 unit(s)
- SPAN 140B - Spanish American Literature II 4 unit(s)

- SPAN 160A - Hispanic Culture 4 unit(s)
- SPAN 160B - Hispanic Linguistics 4 unit(s)
- SPAN 160C - Hispanic Literature 4 unit(s)

Social Sciences

- HIST 162 - Colonial Latin America 4 unit(s)
- HIST 163 - Modern Latin America, 1800-Present 4 unit(s)
- HIST 181 - Advanced Topics in American History 4 unit(s)
- CCS 105 - Chicanos: United States/Mexico Relations 3 unit(s)
- POLS 146 - Latin American Politics 4 unit(s)

Business

- BUS3 161A - Applied Organizational Behavior 3 unit(s)

Total Units Required (19 units)

New courses, or courses not listed above, with content directly relevant to the study of Latin America, may be substituted for any of the electives on approval of coordinator.

Linguistics Minor

The Minor in Linguistics, offered by the Department of Linguistics and Language Development, provides training in the scientific study of language for students whose professional competence would be enhanced by a more thorough knowledge of linguistics than is provided in their majors.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Proficiency (0-10 units)

Must meet one of the following criteria:

For students for whom English is not the native language, one year of college level English study may fulfill this requirement.

- One year of college level language other than student's native language 10 unit(s)
- Demonstrated equivalent competence 0 unit(s)
- One year of college level American Sign Language 6 unit(s)

Minor Requirements (15 units)

Core Courses (9 units)

- LING 101 - Introduction to Linguistics 3 *unit(s)*
- LING 111 - Introduction to Linguistic Phonetics 3 *unit(s)*
- LING 112 - Introduction to Syntax 3 *unit(s)*

Electives (6 units)

Six units of upper division coursework, approved by the linguistics advisor

Total Units Required (15 units)

Literature Minor

The Minor in Literature is offered by the Department of English and Comparative Literature.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (17-19 units)

Lower Division Courses (6-7 units)

Complete two courses from:

- ENGL 50 - Beginnings to the American Experiment 3 *unit(s)*
- ENGL 60 - Literatures of the Atlantic World, 1680-1860 4 *unit(s)*
- ENGL 70 - Emerging Modernisms and Beyond 3 *unit(s)*

Upper Division Courses (11-12 units)

Select 11-12 units of Upper Division Advisor Approved Literature classes.

- ENGL 101 - Introduction to Literary Criticism 4 *unit(s)*
- ENGL 109 - Writing and the Young Writer 4 *unit(s)*
- ENGL 112A - Children's Literature 3 *unit(s)*
- ENGL 112B - Literature for Young Adults 4 *unit(s)*
- ENGL 113 - Gothic and Horror Fiction 4 *unit(s)*
- ENGL 115 - The Bible as Literature 4 *unit(s)*
- ENGL 116 - Myth in Literature 4 *unit(s)*
- ENGL 117A - American Literature, Film, & Culture 3 *unit(s)*
- ENGL 117B - Global Film, Literature, and Cultures 3 *unit(s)*
- ENGL 122 - Topics in Comparative World Literature 4 *unit(s)*
- ENGL 123A - Literatures of the Americas 3 *unit(s)*
- ENGL 123B - Literatures of Africa 3 *unit(s)*
- ENGL 123C - Literatures of the Pacific 3 *unit(s)*
- ENGL 123D - Literatures of Asia 3 *unit(s)*

- ENGL 125 - Ancient Literatures 4 unit(s)
- ENGL 126 - Holocaust Literature 3 unit(s)
- ENGL 139 - Visiting Authors 4 unit(s)
- ENGL 140A - Old English 4 unit(s)
- ENGL 141 - Medieval Literature 4 unit(s)
- ENGL 142 - Chaucer 4 unit(s)
- ENGL 144 - Shakespeare I 4 unit(s)
- ENGL 145 - Shakespeare and Performance 4 unit(s)
- ENGL 146 - Studies-Early Modern British Literature 4 unit(s)
- ENGL 151 - 20th and 21st Century Poetry 4 unit(s)
- ENGL 153 - Studies in the British Novel Before 1900 4 unit(s)
- ENGL 156 - Black Women's Writing 3 unit(s)
- ENGL 160 - Topics in American Literature 4 unit(s)
- ENGL 162 - Indigenous American Literatures 4 unit(s)
- ENGL 163 - Asian American Literatures 4 unit(s)
- ENGL 166 - Latinx Literatures 4 unit(s)
- ENGL 167 - Steinbeck 4 unit(s)
- ENGL 168 - The American Novel 4 unit(s)
- ENGL 169 - Ethnicity in American Literature 3 unit(s)
- ENGL 171 - Pop Cultures 4 unit(s)
- ENGL 172 - The Arts in U.S. Society 3 unit(s)
- ENGL 176 - The Short Story 4 unit(s)
- ENGL 177 - Topics in Fiction Since 1900 4 unit(s)
- ENGL 180 - Individual Studies 1-3 unit(s)
- ENGL 181 - Special Topics 4 unit(s)
- ENGL 182 - Women, Gender, and Sexuality in Literature 4 unit(s)
- ENGL 183 - Major Authors 4 unit(s)
- ENGL 184 - Queer Literary Studies 4 unit(s)
- ENGL 190 - Honors Colloquium 4 unit(s)

The following courses do not count for the Literature Minor: ENGL 100WB, ENGL 100W, ENGL 103, ENGL 105, ENGL 106, ENGL 107, ENGL 110, ENGL 120, ENGL 127, ENGL 128, ENGL 129, ENGL 130, ENGL 131, ENGL 133, ENGL 135, ENGL 173, ENGL 199.

Total Units Required (17-19 units)

Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18-20 units)

Required Course (3 units)

- MDES 145 - Middle Eastern Traditions 3 unit(s) (V)

Traditions Courses (6 units)

Complete two courses from:

- RELS 70 - Gods, Guns, Gurus, Grails-World Religion 3 unit(s) (C2)
- MDES 156 - Islam, Politics and the West 3 unit(s)
- MDES 189 - Feminist Perspectives on Gender and Religion 3 unit(s)

Electives (6-7 units)

Complete Two Courses From:

Art History

- MDES 183A - Art of Egypt and Mesopotamia 3 unit(s)

Religious Studies

- MDES 90 - Bible History and Literature 3 unit(s) (C2)

Political Science

- MDES 144 - Middle Eastern Politics 4 unit(s)

University Electives (3-4 units)

- ANTH 11 - Cultural Anthropology 3 unit(s) (D)
- ANTH 146 - Culture and Conflict 3 unit(s) (V)
- BUS2 133A - International Marketing 3 unit(s)
- BUS5 146 - Fundamentals of Project Management 3 unit(s)
- BUS3 161A - Applied Organizational Behavior 3 unit(s)
- COMM 174 - Intercultural Comm and Structural Inequalities 3 unit(s) (S)
- GEOG 12 - World Regional Geography 3 unit(s) (D)
- MDES 180 - Individual Studies 1-4 unit(s)
- MDES 184 - Directed Reading 1-4 unit(s)
- MUSC 19 - Music in World Cultures 3 unit(s) (C1)
- POLS 4 - Introduction to International Relations 3 unit(s) (D)
- POLS 154 - U.S. Foreign Policy: Formulation and Administration 4 unit(s)
- SOCI 162 - Race and Ethnic Relations 3 unit(s) (S) (or other appropriate courses selected with approval of the minor advisor (including individual studies, directed reading, and/or up to 6 units of foreign language studies))

Total Units Required (18-20 units)

Music Minor

The Minor in Music is offered by the School of Music.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Music Fundamentals (3 units)

Complete One Sequence From:

Sequence One:

- MUSC 9 - Music Fundamentals 3 *unit(s)*

Sequence Two:

- MUSC 1A - Music Theory IA 2 *unit(s)*
- MUSC 1B - Musicianship IB 1 *unit(s)*

Sequence Three:

- MUSC 2A - Music Theory IIA 2 *unit(s)*
- MUSC 2B - Musicianship IIB 1 *unit(s)*

Performance Skills (2 units)

Complete 2 units from:

- MUSC 25A - Piano Proficiency I 1 *unit(s)*
- MUSC 25B - Piano Proficiency II 1 *unit(s)*
- MUSC 26A - Voice Fundamentals 1 *unit(s)*
- MUSC 28 - Guitar Fundamentals 1 *unit(s)*
- MUSC 40A - Jazz Improvisation - I 2 *unit(s)*

Ensemble Performance (2 units)

Complete 2 units from:

- MUSC 50A - ENS: Concert Choir *1 unit(s)*
- MUSC 51A - ENS: University Chorales - Treble Choir *1 unit(s)*
- MUSC 51B - ENS: University Chorales - Spartan Glee *1 unit(s)*
- MUSC 52 - ENS: Opera Theater *1 unit(s)*
- MUSC 53 - ENS: University Symphony Orchestra *1 unit(s)*
- MUSC 54 - ENS: Symphonic Band *1 unit(s)*
- MUSC 55 - ENS: Wind Ensemble *1 unit(s)*
- MUSC 57 - ENS: Jazz Orchestra *1 unit(s)*
- MUSC 59 - ENS: Afro-Latin Jazz Ensemble *1 unit(s)*
- MUSC 60A - ENS: Choraliers *1 unit(s)*
- MUSC 60D - ENS: Collegium Musicum *1 unit(s)*
- MUSC 60E - ENS: Jazz Singers *1 unit(s)*
- MUSC 60F - ENS: Small Jazz Ensembles *1 unit(s)*
- MUSC 60H - ENS: Percussion Ensemble *1 unit(s)*
- MUSC 60J - ENS: String Ensemble *1 unit(s)*
- MUSC 60K - ENS: Brass Ensemble *1 unit(s)*
- MUSC 60L - ENS: Woodwind Ensemble *1 unit(s)*
- MUSC 60M - ENS: Saxophone Ensemble *1 unit(s)*
- MUSC 60O - ENS: Trombone Ensemble *1 unit(s)*
- MUSC 150A - ENS: Concert Choir *1 unit(s)*
- MUSC 151 - ENS: University Chorales *1 unit(s)*
- MUSC 152 - ENS: Opera Theater *1 unit(s)*
- MUSC 153 - ENS: University Symphony Orchestra *1 unit(s)*
- MUSC 154 - ENS: Symphonic Band *1 unit(s)*
- MUSC 155 - Wind Ensemble *1 unit(s)*
- MUSC 157 - ENS: Jazz Orchestra *1 unit(s)*
- MUSC 159 - ENS: Afro-Latin Jazz Ensemble *1 unit(s)*
- MUSC 160A - ENS: Choraliers *1 unit(s)*
- MUSC 160D - ENS: Collegium Musicum *1 unit(s)*
- MUSC 160E - ENS: Jazz Singers *1 unit(s)*
- MUSC 160F - ENS: Small Jazz Ensembles *1 unit(s)*
- MUSC 160H - ENS: Percussion Ensemble *1 unit(s)*
- MUSC 160J - ENS: String Ensemble *1 unit(s)*
- MUSC 160K - ENS: Brass Ensemble *1 unit(s)*
- MUSC 160L - Woodwind Ensemble *1 unit(s)*
- MUSC 160M - ENS: Saxophone Ensemble *1 unit(s)*

Music Electives (11 units)

Complete eleven units from:

- MUSC 10A - Music Appreciation *3 unit(s)* (C1)
- MUSC 10B - Introduction to Music *3 unit(s)* (C1)
- MUSC 12 - Medieval and Renaissance Music *3 unit(s)* (C2)
- MUSC 13 - Music Technology *1 unit(s)* (3 units required)
- MUSC 19 - Music in World Cultures *3 unit(s)* (C1)
- MUSC 110 - Baroque and Classical Music History *3 unit(s)*
- MUSC 111 - Romantic and Modern Music History *3 unit(s)*
- MUSC 117 - Music and Culture in Latin America *3 unit(s)* (V)
- MUSC 120 - Worlds of Jazz *3 unit(s)* (S)

- MUSC 122A - Fundamental Techniques of Woodwinds: Flute, Clarinet, and Saxophone *1 unit(s)*
- MUSC 123A - Brass Fundamentals: Upper Brass *1 unit(s)*
- MUSC 125D - Percussion Techniques *1 unit(s)*
- MUSC 127A - Fundamental Techniques and Literature: Instrumental Upper Strings - Violin and Viola *1 unit(s)*
- MUSC 167 - Electro-Acoustic Music I *3 unit(s)*
- MUSC 168 - Electro-Acoustic Music II *3 unit(s)*
- MUSC 170A - Fundamentals of Sound Recording *3 unit(s)*
- MUSC 170B - Intermediate Sound Recording *3 unit(s)*
- MUSC 170C - Advanced Sound Recording Production *3 unit(s)*
- MUSC 185A - Music for Children *3 unit(s)*

Total Units Required (18 units)

Musical Theatre Minor

The Minor in Musical Theatre is offered by the Department of Film and Theatre.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (24 units)

Music (4 units)

- MUSC 9 - Music Fundamentals *3 unit(s)*
- MUSC 26A - Voice Fundamentals *1 unit(s)*

Dance (2 units)

- DANC 42A - Topics in Jazz Dance I *2 unit(s) (PE)*

Theatre Arts (12 units)

- TA 48 - Voice & Movement for the Actor *3 unit(s) (E)*
- TA 17 - Intermediate Acting *3 unit(s)*
- TA 103 - Musical Theatre *3 unit(s)*
- TA 121 - Topics in Performance History *3 unit(s)*

Electives (6 units)

Total Units Required (24 units)

Philosophy Minor

The Minor in Philosophy, offered by the Department of Philosophy, will expose the student to the history, traditions and methods of philosophy in a manner that helps students to productively assess their major course work within a broader philosophical perspective.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

- Lower Division Philosophy courses chosen with Advisor 6 *unit(s)*
- Upper Division Philosophy courses chosen with Advisor 9 *unit(s)*
- An additional Lower or Upper Division Philosophy course chosen with Advisor 3 *unit(s)*

Total Units Required (18 units)

Photography Minor

The Minor in Photography, offered by the Department of Art and Art History, allows students to develop skills that will add valuable breadth and career flexibility to their primary degree.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (21 units)

- PHOT 40 - Beginning Photography 3 *unit(s)*
- PHOT 110 - Black and White Photography 3 *unit(s)*
- PHOT 112 - Color Photography 3 *unit(s)*
- PHOT 120 - Image and Idea 3 *unit(s)*
- PHOT 121 - Introduction to Studio Lighting 3 *unit(s)*

Complete One Course From:

- PHOT 113 - Alternative Photo Media 3 *unit(s)*
- PHOT 114 - Advanced Black and White Photography 3 *unit(s)*
- PHOT 115 - Intermediate Digital Imaging 3 *unit(s)*
- PHOT 122 - Advanced Lighting: Working with Strobes 3 *unit(s)*

- PHOT 123 - Photography as Illustration 3 *unit(s)*
- PHOT 197 - Senior Project Photography 3 *unit(s)*

Complete One Course From:

- PHOT 126 - History of Photography 3 *unit(s)*
- PHOT 129 - Professional Practices in Photography 3 *unit(s)*

Total Units Required (21 units)

Pictorial Art Minor

The Minor in Pictorial Art, offered by the Department of Art and Art History, allows students to develop skills in visual creativity and two-dimensional art practice that will add valuable breadth and career flexibility to their primary degree.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Preparation for the Minor (9 units)

- ART 12 - Two-Dimensional Design and Color Concepts 3 *unit(s)*
- ART 24 - Drawing I 3 *unit(s)*
- ART 26 - Drawing II 3 *unit(s)*

Minor Requirements (12 units)

Complete four courses from the following. Twelve units of studio art work total. Must include 9 units of upper division studio art courses, 9 units of which are taken at San José State University.

- ART 25 - Expressive Drawing 3 *unit(s)*
- ART 151 - Topics in Screen-Printing 3 *unit(s)*
- ART 152 - Topics in Lithography 3 *unit(s)*
- ART 153 - Topics in Intaglio Processes 3 *unit(s)*
- ART 155 - Topics in Monotype 3 *unit(s)*
- ART 158 - Topics in Drawing III 3 *unit(s)*
- ART 162 - Watercolor 3 *unit(s)*
- ART 164A - Intermediate Painting 3 *unit(s)*
- ART 164B - Intermediate Painting II 3 *unit(s)*
- ART 165 - Topics in Figure Painting 3 *unit(s)*
- ART 166 - Topics in Advanced Painting 3 *unit(s)*

Total Units Required (21 units)

Portuguese Minor

The Portuguese minor offers a firm grounding in the language and culture of the Portuguese-speaking world. The minor is open to students from any major.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Proficiency

- PORT 1A - Elementary Portuguese I *4 unit(s) (C2)*
- PORT 1B - Elementary Portuguese II *4 unit(s) (C2)*

Minor Requirements (18 units)

- PORT 20A - Intermediate Portuguese *3 unit(s)*
- PORT 20B - Intermediate Portuguese *3 unit(s)*
- PORT 101A - Advanced Portuguese *3 unit(s)*
- PORT 101B - Advanced Portuguese *3 unit(s)*
- PORT 102A - Intro to Portuguese-Speaking Cultures *3 unit(s)*
- PORT 102B - Brazilian Culture *3 unit(s)*

Total Units Required (18 units)

Professional and Technical Writing Minor

The Minor in Professional and Technical Writing is offered by the Department of English and Comparative Literature.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (16 units)

Core Courses (16 units)

- ENGL 103 - Modern English *4 unit(s)*
- ENGL 106 - Professional and Technical Editing *4 unit(s)*
- ENGL 107 - Professional and Technical Writing *4 unit(s)*

Complete One Course From:

- ENGL 105 - Seminar in Advanced Composition 4 *unit(s)*
- ENGL 110 - UX Design and Visual Communication 4 *unit(s)*
- ENGL 129 - Writing for Professional Publications 4 *unit(s)*

Total Units Required (16 units)

Public Relations Minor

The Minor in Public Relations is offered by the School of Journalism and Mass Communications.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

- MCOM 72 - Mass Communication and Society 3 *unit(s)* (D)
- JOUR 61 - Writing for Print, Electronic and Online Media 3 *unit(s)*
- PR 99 - Introduction to Public Relations 3 *unit(s)*
- PR 192 - Case Studies in Strategic Communication 3 *unit(s)*

Complete two courses from:

- PR 190 - Media and Influencer Relations 3 *unit(s)*
- PR 191 - Strategic Content Creation 3 *unit(s)*
- Approved electives in journalism, advertising, public relations or mass communications 3 *unit(s)*

Total Units Required (18 units)

Radio-Television-Film Minor

The Minor in Radio-Television-Film is offered by the Department of Film and Theatre.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Core Courses (12 units)

- RTVF 20 - Introduction to Audio for Film & Television 3 *unit(s)*
- RTVF 30 - Introduction to Film & Television Production 3 *unit(s)*
- RTVF 80 - Introduction to Media 3 *unit(s)*
- RTVF 82 - Introduction to Film History 3 *unit(s)*

Upper Division Electives (6 units)

With approval of minor advisor

Total Units Required (18 units)

Religious Studies Minor

The interdisciplinary Minor in Religious Studies, offered by the Department of Humanities, provides a basic understanding of religious beliefs and practices for those whose careers would benefit from familiarity with some religious traditions, such as those in teaching, business, journalism, social work, medicine, and law. The minor incorporates the study of religious traditions with a reflection on what religion is and how we understand it.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

- HUM 101 - Human Life: Let's Think About It 3 *unit(s)*
- Plus 12 additional units of which 6 must be upper division and 9 in RELS courses 12 *unit(s)*

One Course from the Following Can Be Included:

- AFAM 137 - Introduction to Black Religion 3 *unit(s)*
- ENGL 116 - Myth in Literature 4 *unit(s)*
- HIST 121A - Medieval Worlds, 400-1000 4 *unit(s)*
- HIST 121B - Medieval Worlds, 1000-1500 4 *unit(s)*

Total Units Required (15 units)

Sculpture Minor

The Minor in Sculpture, offered by the Department of Art and Art History, allows students to develop skills in visual creativity and three dimensional art practice that will add valuable breadth and career flexibility to their primary degree. Sculpture courses emphasize concept-development and cultural critique in addition to technical skill-building.

Students graduating with a Minor in Sculpture will be conversant in the historical, theoretical, and practical aspects of three-dimensional artmaking. For Art majors in other media (eg. Pictorial Art or Photography), the Minor in Sculpture facilitates the acquisition of interdisciplinary art practice. For non-Art majors, it develops both manual and conceptual capacities for three-dimensional expression. The Minor in Sculpture allows students to build skills in the following: woodworking; glass blowing and casting; jewelry and small metals; mold-making and casting in bronze, aluminum, and other materials; welding; installation art; figure modeling; and mixed-media sculpture. Students who are specifically interested in ceramic media should consider the Ceramic Art Minor instead.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (6 units)

- ART 13 - Three-Dimensional Design Concepts 3 *unit(s)*
- ART 68 - Beginning Sculpture: Object & Concept 3 *unit(s)*

Minor Requirements (12 units)

Complete four courses from the following. Twelve units of studio art work total. Must include 9 units of upper division studio art courses, 9 units of which are taken at San José State University.

- ART 47 - Introduction to Metalsmithing 3 *unit(s)*
- ART 135 - Topics in Moldmaking for Artists 3 *unit(s)*
- ART 137 - Figure Modeling 3 *unit(s)*
- ART 140 - Topics in Glass 3 *unit(s)*
- ART 141 - Topics in Advanced Glass 3 *unit(s)*
- ART 147 - Topics in Metalsmithing and Jewelry 3 *unit(s)*
- ART 149 - Topics in Jewelry and Small Sculpture 3 *unit(s)*
- ART 168 - Topics in Woodworking 3 *unit(s)*
- ART 169 - Topics in Metal Sculpture 3 *unit(s)*
- ART 170 - Topics in Fabricated Sculpture 3 *unit(s)*
- ART 172 - Intermediate Sculpture: System/Structure 3 *unit(s)*
- ART 173 - Topics in Installation Art 3 *unit(s)*

Total Units Required (18 units)

Spanish Language Media and Journalism Minor

The School of Journalism and Mass Communications in collaboration with the World Languages department offers a Minor in Spanish Language Media and Journalism, introducing practical skills and theoretical knowledge required for emerging media professionals to pursue a successful career in bilingual environments. The program is taught in a hybrid format, combining in-person and online modalities, to suit students' contextual needs.

The Minor provides multiple opportunities for students. First of all, it focuses on enhancing proficiency in Spanish language for domestic and global job markets that demand bilingual media professionals; secondly, it is designed to

help students to understand fully the media culture and specific approaches of Spanish Speaking countries and of Hispanic communities in the United States; and thirdly, this program invites students to help in fostering the full social and media representation of a community and a culture essential to understand California's and America's present and future.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (17 units)

Required Courses (14 units)

- JOUR 61 - Writing for Print, Electronic and Online Media 3 *unit(s)*
- JOUR 140AS - Student Media Production in Spanish 3 *unit(s)*
- SPAN 101A - Advanced Spanish 4 *unit(s)*
- SPAN 101B - Advanced Spanish 4 *unit(s)*

Elective (3-4 units)

Complete one course:

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D) (+US123 if both CCS 10A and CCS 10B completed)
- JOUR 132 - Magazine Reporting, Print and Online 3 *unit(s)*
- SPAN 102B - Hispanic American Culture 3 *unit(s)*
- SPAN 111 - Advanced Spanish Conversation 4 *unit(s)*
- SPAN 132 - Special Topics in Spanish for Careers 4 *unit(s)*
- SPAN 160B - Hispanic Linguistics 4 *unit(s)*
- SPAN 170 - Spanish Translation: Theory and Practice 4 *unit(s)*

Total Units Required (17 units)

Spanish Minor

The Spanish minor offers a firm grounding in the language and culture of the Spanish-speaking world. The minor is open to students from any major.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Proficiency

- SPAN 1A - Elementary Spanish 4 *unit(s)* (C2)
- SPAN 1B - Elementary Spanish 4 *unit(s)* (C2)

Minor Requirements (19-20 units)

- SPAN 25A - Intermediate Spanish 4 *unit(s)* (C2)
 - SPAN 25B - Intermediate Spanish 4 *unit(s)* (C2)
- OR**
- SPAN 20A - Spanish for Heritage Speakers I 4 *unit(s)* (C2)
 - SPAN 20B - Spanish for Heritage Speakers II 4 *unit(s)* (C2)
- AND**
- SPAN 101A - Advanced Spanish 4 *unit(s)*
 - SPAN 101B - Advanced Spanish 4 *unit(s)*

Complete One Course From:

- SPAN 102A - Spanish Culture 4 *unit(s)*
- SPAN 102B - Hispanic American Culture 3 *unit(s)* (V)

Total Units Required (19-20 units)

Note: In order to meet the minimum requirement of 12 units of coursework completely distinct and separate from the course work in one's major, students who have fulfilled SPAN 25A and SPAN 25B or SPAN 20A and SPAN 20B with the Language Proficiency Exam may need to take additional units.

Sports Journalism Minor

The Sports Journalism minor, offered by the School of Journalism and Mass Communications, is intended to introduce students to how to report, write, promote and produce sports for those outside the field of journalism, but still interested in working in a related aspect of the industry such as advertising, public relations, or English, Kinesiology, etc. This is aimed at students who love sports.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

- JOUR 61 - Writing for Print, Electronic and Online Media 3 *unit(s)*
- JOUR 130 - Student Media Apprentice 3 *unit(s)*
- JOUR 138 - Sports Journalism Investigation 3 *unit(s)*
- JOUR 140C - Student Media Production: The Spear 3 *unit(s)*

- KIN 164 - Sociocultural Perspectives 3 *unit(s)*

Total Units Required (15 units)

Studio Art Minor

The Minor in Studio Art, offered by the Department of Art and Art History, allows students to develop skills that will add valuable breadth and career flexibility to their primary degree.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Minor Support (6 units)

Lower division studio art courses

Core Courses (12 units)

Twelve units of studio art work total. Must include 9 units of upper division studio art courses, 6 units of which are taken at San Jose State University.

Total Units Required (18 units)

Theatre Arts Minor

The Minor in Theatre Arts, offered by the Department of Film and Theatre, provides a background in the theory and practice of the performing arts. The flexibility of the minor allows students to explore various theatrical disciplines, including playwriting, acting, directing, and design/technology.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Core Courses (9 units)

- TA 11 - Script Analysis 3 *unit(s)*
- TA 191 - Theatre Production Workshop 3 *unit(s)* (3 *unit* required)

Complete one course:

- TA 5 - Acting 3 *unit(s)* (C1)
- TA 55 - Intro to Design for Theatre 3 *unit(s)* (C1)

Electives (9 units)

Choose a combination of courses that add up to 9 units, 6 of which must be upper division.

- TA 5 - Acting 3 *unit(s)* (C1) (if not taken above)
- TA 10 - Theatre Appreciation 3 *unit(s)* (C1)
- TA 13 - Great Comedies for Theatre 3 *unit(s)* (C2)
- TA 17 - Intermediate Acting 3 *unit(s)*
- TA 48 - Voice & Movement for the Actor 3 *unit(s)* (E)
- TA 51A - Scenery and Props for the Performing Arts 1 *unit(s)*
- TA 51B - Costume for the Performing Arts 1 *unit(s)*
- TA 51C - Lighting & Sound for the Performing Arts 1 *unit(s)*
- TA 55 - Intro to Design for Theatre 3 *unit(s)* (if not taken above) (C1)
- TA 64 - Make-up for Performing Arts 3 *unit(s)*
- TA 91 - Scenic Painting & Props 1-3 *unit(s)* (3 *units* required)
- TA 100W - Writing Workshop: Theatre Arts 3 *unit(s)* (WID)
- TA 103 - Musical Theatre 3 *unit(s)*
- TA 110 - Advanced Acting 3 *unit(s)*
- TA 112 - Rehearsal and Performance 3 *unit(s)*
- TA 113 - Acting and Professional Career Prep 3 *unit(s)*
- TA 116 - Directing 3 *unit(s)*
- TA 117 - Practice in Acting or Directing 1-3 *unit(s)* (Repeatable for credit)
- TA 120 - Theatre History 3 *unit(s)*
- TA 121 - Topics in Performance History 3 *unit(s)*
- TA 127 - Contemporary Theatre 3 *unit(s)* (V)
- TA 128 - Introduction to Playwriting 3 *unit(s)*
- TA 129 - Advanced Playwriting 3 *unit(s)*
- TA 131 - Storytelling 3 *unit(s)*
- TA 148 - Voice & Movement for Performance 3 *unit(s)*
- TA 151 - Lighting Design for Performing Arts 3 *unit(s)*
- TA 153 - Costume Design for Performing Arts 3 *unit(s)*
- TA 154 - Scenic Design for Performing Arts 3 *unit(s)*
- TA 158 - Model Making & Drafting Film & Theatre 3 *unit(s)*
- TA 161 - Theatre Design Topics 3 *unit(s)*
- TA 168 - Stage Management 3 *unit(s)*
- TA 170A - Introduction to Acting and Directing for the Camera 3 *unit(s)*
- TA 170B - Advanced Acting and Directing for the Camera 3 *unit(s)*
- TA 191 - Theatre Production Workshop 3 *unit(s)*

Total Units Required (18 units)

Master(s)

Art, Art History and Visual Culture Concentration, MA

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Arts in Art History and Visual Culture offers a broad education in art history including preparation for a Ph.D. degree program. It also helps to prepare students for a graduate library degree with a specialization in art history as well as a variety of positions including community college professor, researcher, museum curator, art administrator, conservator, and visual resource librarian.

Additional information is available in the Department of Art and Art History Office and on the department website: www.sjsu.edu/art.

Admissions Requirements

Admission to Classified Standing

Depending on their level of preparation, applicants can be admitted in either classified or conditionally classified standing. Admission requires two steps.

In addition to the university admission requirements, applicants must meet requirements for their area:

- Art History and Visual Culture: completion of 30 or more college-level semester units or equivalent in Art History courses with a minimum 3.0 GPA. At least 24 units should have been in upper-division Art History courses. Courses in related academic areas will be assessed in reviewing the qualifications of applicants. Reading knowledge of a foreign language related to the subject of the intended thesis research is strongly recommended.
 - Art Education: Completion of 45 or more college-level semester units or equivalent in appropriate Art courses with a minimum 3.0 GPA. At least 12 of these units must have been in Art History of which 6 units were upper-division courses and 3 units were in ART 138 - Elementary Art Methods or their equivalent.
- Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Admission to Conditionally Classified Standing

Applicants who meet minimum requirements for admission to the Graduate Division but do not meet all other (programmatic) requirements (i.e., lacking prerequisites or GPA) may be admitted to conditionally classified standing. They will be advanced to classified standing when the Art History graduate advisor certifies they have satisfied all appropriate requirements.

Requirements for Advancement to Graduate Candidacy

Candidacy denotes that the student is fully qualified to complete the final stages of the MA - Art and is thus eligible to enroll in ARTH 299 - Master's Thesis or ART 297B - Master's Project. In order to advance to candidacy, students must meet the university requirements for candidacy. General university requirements for advancement to

candidacy for the MA degree are detailed in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

Additional departmental requirements for candidacy include:

- Secure commitment of three faculty members of the university, two of whom must be members of the Art and Art History faculty, to serve as members of the student's MA - Art project or thesis committee, with one regular Art faculty member agreeing to serve as chair. For candidates in Art History and Visual Culture, the chair of the committee and at least one other committee member must be art historians. This committee must approve the student's proposed program for the MA - Art degree no later than one month prior to the end of the semester preceding the one in which enrollment in the final project or thesis course(s) is planned.
- Submission of a proposed curriculum program conforming to university and departmental requirements. The proposed program must be approved by the Art graduate committee before the student may be considered for the MA - Art. The proposed program must list a total of 30 semester units, of which at least 15 must be in courses at the 200 level. The proposed program must include the required seminars and ARTH 299 - Master's Thesis or ART 297B - Master's Project. Electives to complete the 30 units may be drawn from approved 100 and 200-level courses.
- Passage of the first of two comprehensive exams and the language exam.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MA - Art Graduation Requirements

Requirements are as follows:

- Of the 30 units required, 21 must be in Art History and Visual Culture courses and 9 units may be in related areas of study. Five seminars (15 units) must be included. The MA - Art student with a concentration in Art History and Visual Culture must demonstrate reading knowledge of a foreign language related to the subject of the intended thesis research. The student must also pass a two-part comprehensive written examination designed to test general competence in Art History and Visual Culture. The second part of the exam is based on the candidate's thesis proposal once that has been approved by a pre-thesis committee. Attainment of candidacy and eligibility to enroll in ARTH 299 - Master's Thesis will be contingent upon satisfactory completion of all comprehensive and language examinations.

Thesis Requirements

- The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.
- Thesis Examination: The candidate for the MA - Art degree must successfully pass a final oral examination based on the thesis.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (30 units)

Core Requirements (15 units)

Complete five courses from:

ARTH courses are repeatable for credit when course content changes

- ARTH 272 - Seminar in Renaissance Art 3 unit(s) (GWAR)
- ARTH 273 - Seminar in Baroque Art 3 unit(s)
- ARTH 274 - Seminar in Nineteenth Century Art 3 unit(s)
- ARTH 275 - Seminar in Twentieth Century Art 3 unit(s) (GWAR)
- ARTH 277 - Seminar in Historiography 3 unit(s)
- ART 282A - Seminar in the Theory and Criticism of Contemporary Art 3 unit(s)
- ART 282B - Seminar in Contemporary Art 3 unit(s) (GWAR)

Electives (12 units)

Up to 12 units of departmental graduate advisor-approved 100-level electives. Six units may be taken from other departments with graduate advisor approval.

Culminating Experience (3 units)

- 2 Comprehensive Qualifying Exams
- Language Examination

Complete One Option From (Plan A or Plan B):

Plan A (Thesis)

- ARTH 299 - Master's Thesis 3 unit(s)

Plan B (project)

- ART 297B - Master's Project 3 unit(s)

Total Units Required (30 units)

Elective courses must be planned in consultation with the Art History and Visual Culture Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Art, Digital Media Art Concentration, MFA

- Step I. Admission to MFA Classified Standing

- MFA - Art Advancement to Candidacy
- MFA - Art Completing Requirements
- Master's Requirements (60 units)
- Program Learning Outcomes

Step I. Admission to MFA Classified Standing

Applicants must meet university requirements for admission to classified standing as outlined in this catalog. In addition, they must meet the following requirements:

- Demonstrated interest in the area of study by a professional portfolio. The equivalent to a Bachelor of Fine Art (BFA) degree in the applicant's designated area of graduate emphasis is recommended. At least 6 upper-division units in art history are required.
- Successful completion of the application procedure for the MFA Admission Review. During the MFA Admission Review, appropriate materials documenting the applicant's creative work are examined by the art faculty to determine whether the quality of the work meets the standards expected for MFA graduate work. Applicants should submit copies of their creative materials for the MFA Admission Review; applicants should not submit their original materials unless requested to do so by the faculty. Applicants who pass the review and who meet minimum school and university requirements are admitted to classified standing for the following semester.

Applicants for the MFA Admission Review will be considered only if the review instructions have been carefully followed and all requested materials (including official transcripts) are supplied. For details, email or call the Department of Art and Art History at art@sjsu.edu or 408-924-4320. All materials should be submitted with the application to SJSU prior to the university's deadline.

Admission to Conditionally Classified Status

Applicants who meet the University's minimum requirements for graduate admission and whose creative work, as examined during the MFA Admission Review, shows promise but is not supported by traditional undergraduate preparation in Art may be admitted to conditionally classified status and provided with a list of requirements to be addressed as soon as they enroll. They will be advanced to classified status when the art graduate advisor certifies all appropriate requirements for classified standing have been satisfied. Applicants who have completed an MA - Art degree must meet all prerequisites and requirements for the MFA - Art degree program.

MFA - Art Advancement to Candidacy

Candidacy denotes that the classified graduate student is fully qualified to complete the final stages of the MFA - Art program and is thus eligible to enroll in ART 298A - MFA Project Planning Seminar and ART 298B - MFA Project. In order to attain candidacy, the student must meet the university requirements for advancement to candidacy as outlined in this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program. In addition, the student must:

- Formalize their MFA project committee by obtaining the signatures of at least three university faculty members (two must be members of the art faculty) to serve as members of the student's committee. A regular art faculty member who teaches in the student's major area of emphasis must serve as chair. This committee must approve the student's proposed program of study for the MFA - Art degree no later than one month prior to the end of the semester preceding the one in which the final project is created.
- The student must submit a proposed program of study conforming to university and school requirements on the Petition for Advancement to Candidacy form and filed according to university deadlines. The proposed program of study must be approved by the art graduate committee and the College of Graduate Studies before the student may be considered for the MFA - Art.

- Pass the Advancement to Candidacy (ATC) Review. This is an exhibition of original work that can be scheduled during any semester in one of the department's student galleries. Students must obtain signatures of two faculty members willing to serve on their culminating project committee, including at least one faculty member teaching in the designated area of emphasis, in order to apply to the ATC Review. Passing the review is necessary before the student may file for the Petition for Advancement to Candidacy and enroll in their culminating project classes, ART 298A and ART 298B.

Additional information regarding advancement to candidacy is available in the Art & Art History Department Office.

MFA - Art Completing Requirements

- General Requirements: The MFA - Art program requires a minimum of 60 units of approved courses completed after admission to classified status in the program, of which at least 30 units must be in courses at the 200 level. Electives to complete the 60 units may be drawn from approved 100 and 200 level courses. The program also requires the student to participate in regularly scheduled departmental activities such as studio visits by faculty, first-semester review, first-year review, and Advancement to Candidacy reviews.

- Required Courses: see below.

- All students must meet the university's graduation writing assessment requirement.

- MFA - Art Project: The culmination of the degree is the MFA - Art culminating project which must demonstrate the professional level of the candidate's accomplishment. After advancement to candidacy, the culminating project will be developed under the guidance of the candidate's MFA - ART project committee chair with the assistance of the project committee. Upon the committee's prior approval of the completed work, projects will be appropriately exhibited in accordance with departmental requirements.

All candidates must also submit to the Department of Art and Art History a satisfactory report of the project, following the department's approved format. MFA project reports will document the creative project and the creative process and context for that project with color images that illustrate each work in the project. The project report and the image record (in the case of studio projects) must be approved by the candidate's culminating project committee and by the art graduate advisor before the degree may be awarded.

- Final Examination: The candidate must successfully complete an oral examination based on the area of the MFA - Art culminating project.
- The application for graduation must be filed with the university Graduate Admissions and Program Evaluations (GAPE) according to the posted deadline during the semester prior to completion of degree requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (60 units)

Graduate Seminars and Critiques (12 units)

Graduate Seminars and Critiques in Area of Concentration

- ART 281 - Interdisciplinary Critique Seminar 3 unit(s) (9 units required)

The proposed program of study must be approved by the art graduate committee and the College of Graduate Studies before the student may be considered for the MFA - Art.
- Pass the Advancement to Candidacy (ATC) Review. This is an exhibition of original work that can be scheduled during any semester in one of the department's student galleries. Students must obtain signatures of two faculty members willing to serve on their culminating project committee, including at least one faculty member teaching in the designated area of emphasis, in order to apply to the ATC Review. Passing the review is necessary before the student may file for the Petition for Advancement to Candidacy and enroll in their culminating project classes, ART 298A and ART 298B.

Additional information regarding advancement to candidacy is available in the Art & Art History Department Office.

MFA - Art Completing Requirements

- General Requirements: The MFA - Art program requires a minimum of 60 units of approved courses completed after admission to classified status in the program, of which at least 30 units must be in courses at the 200 level. Electives to complete the 60 units may be drawn from approved 100 and 200 level courses. The program also

requires the student to participate in regularly scheduled departmental activities such as studio visits by faculty, first-semester review, first-year review, and Advancement to Candidacy reviews.

- Required Courses: see below.
- All students must meet the university's graduation writing assessment requirement.
- MFA - Art Project: The culmination of the degree is the MFA - Art culminating project which must demonstrate the professional level of the candidate's accomplishment. After advancement to candidacy, the culminating project will be developed under the guidance of the candidate's MFA - ART project committee chair with the assistance of the project committee. Upon the committee's prior approval of the completed work, projects will be appropriately exhibited in accordance with departmental requirements.

All candidates must also submit to the Department of Art and Art History a satisfactory report of the project, following the department's approved format. MFA project reports will document the creative project and the creative process and context for that project with color images that illustrate each work in the project. The project report and the image record (in the case of studio projects) must be approved by the candidate's culminating project committee and by the art graduate advisor before the degree may be awarded.

- Final Examination: The candidate must successfully complete an oral examination based on the area of the MFA - Art culminating project.
- The application for graduation must be filed with the university Graduate Admissions and Program Evaluations (GAPE) according to the posted deadline during the semester prior to completion of degree requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (60 units)

Graduate Seminars and Critiques (24 units)

Graduate Seminars and Critiques in Area of Concentration

- ART 281 - Interdisciplinary Critique Seminar 3 *unit(s)*
- ART 208 - Graduate Photography Critique 3 *unit(s)* (*ART 208 must be taken 5 times.*)

Additional courses

Complete two courses:

- ART 208 - Graduate Photography Critique 3 *unit(s)*
- ART 260 - Special Tutorials in Art 3 *unit(s)*
- ART 281 - Interdisciplinary Critique Seminar 3 *unit(s)*

Seminars (6 units)

- ART 282A - Seminar in the Theory and Criticism of Contemporary Art 3 *unit(s)*
- ART 282B - Seminar in Contemporary Art 3 *unit(s)* (*GWAR*)

Additional Course (3 units)

Complete one course from:

- ART 174A - Museum and Gallery Operations 3 *unit(s)*
- ART 276 - Artists Teaching Art 3 *unit(s)*

Upper Division Art History (6 units)

Professional Writing Course (3 units)

- ART 200W - Professional Writing in Contemporary Art 3 *unit(s)* (GWAR)

Electives (12 units)

Special Study (3 units)

- ART 298A - MFA Project Planning Seminar 3 *unit(s)*

Culminating Experience (3 units)

- ART 298B - MFA Project 3 *unit(s)*

Total Units Required (60 units)

Art, Pictorial Art Concentration, MFA

- Step I. Admission to MFA Classified Standing
- MFA - Art Advancement to Candidacy
- MFA - Art Completing Requirements
- Master's Requirements (60 units)
- Program Learning Outcomes

Step I. Admission to MFA Classified Standing

Applicants must meet university requirements for admission to classified standing as outlined in this catalog. In addition, they must meet the following requirements:

- Demonstrated interest in the area of study by a professional portfolio. The equivalent to a Bachelor of Fine Art (BFA) degree in the applicant's designated area of graduate emphasis is recommended. At least 6 upper-division units in art history are required.
- Successful completion of the application procedure for the MFA Admission Review. During the MFA Admission Review, appropriate materials documenting the applicant's creative work are examined by the art faculty to determine whether the quality of the work meets the standards expected for MFA graduate work. Applicants should submit copies of their creative materials for the MFA Admission Review; applicants should not submit their original materials unless requested to do so by the faculty. Applicants who pass the review and who meet minimum school and university requirements are admitted to classified standing for the following semester. Applicants for the MFA Admission Review will be considered only if the review instructions have been carefully followed and all requested materials (including official transcripts) are supplied. For details, email or call the Department of Art and Art History at art@sjsu.edu or 408-924-4320. All materials should be submitted with the application to SJSU prior to the university's deadline.

Admission to Conditionally Classified Status

Applicants who meet the University's minimum requirements for graduate admission and whose creative work, as examined during the MFA Admission Review, shows promise but is not supported by traditional undergraduate preparation in Art may be admitted to conditionally classified status and provided with a list of requirements to be addressed as soon as they enroll. They will be advanced to classified status when the art graduate advisor certifies all appropriate requirements for classified standing have been satisfied. Applicants who have completed an MA - Art degree must meet all prerequisites and requirements for the MFA - Art degree program.

MFA - Art Advancement to Candidacy

Candidacy denotes that the classified graduate student is fully qualified to complete the final stages of the MFA - Art program and is thus eligible to enroll in ART 298A - MFA Project Planning Seminar and ART 298B - MFA Project. In order to attain candidacy, the student must meet the university requirements for advancement to candidacy as outlined in this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program. In addition, the student must:

- Formalize their MFA project committee by obtaining the signatures of at least three university faculty members (two must be members of the art faculty) to serve as members of the student's committee. A regular art faculty member who teaches in the student's major area of emphasis must serve as chair. This committee must approve the student's proposed program of study for the MFA - Art degree no later than one month prior to the end of the semester preceding the one in which the final project is created.
- The student must submit a proposed program of study conforming to university and school requirements on the Petition for Advancement to Candidacy form and filed according to university deadlines. The proposed program of study must be approved by the art graduate committee and the College of Graduate Studies before the student may be considered for the MFA - Art.
- Pass the Advancement to Candidacy (ATC) Review. This is an exhibition of original work that can be scheduled during any semester in one of the department's student galleries. Students must obtain signatures of two faculty members willing to serve on their culminating project committee, including at least one faculty member teaching in the designated area of emphasis, in order to apply to the ATC Review. Passing the review is necessary before the student may file for the Petition for Advancement to Candidacy and enroll in their culminating project classes, ART 298A and ART 298B.

Additional information regarding advancement to candidacy is available in the Art & Art History Department Office.

Art, Spatial Art Concentration, MFA

- Step I. Admission to MFA Classified Standing
- MFA - Art Advancement to Candidacy
- MFA - Art Completing Requirements
- Master's Requirements (60 units)
- Program Learning Outcomes

Step I. Admission to MFA Classified Standing

Applicants must meet university requirements for admission to classified standing as outlined in this catalog. In addition, they must meet the following requirements:

- Demonstrated interest in the area of study by a professional portfolio. The equivalent to a Bachelor of Fine Art (BFA) degree in the applicant's designated area of graduate emphasis is recommended. At least 6 upper-division units in art history are required.
- Successful completion of the application procedure for the MFA Admission Review. During the MFA Admission Review, appropriate materials documenting the applicant's creative work are examined by the art faculty to determine whether the quality of the work meets the standards expected for MFA graduate work. Applicants should submit copies of their creative materials for the MFA Admission Review; applicants should not submit their original materials unless requested to do so by the faculty. Applicants who pass the review and who meet minimum school and university requirements are admitted to classified standing for the following semester.

Applicants for the MFA Admission Review will be considered only if the review instructions have been carefully followed and all requested materials (including official transcripts) are supplied. For details, email or call the Department of Art and Art History at art@sjsu.edu or 408-924-4320. All materials should be submitted with the application to SJSU prior to the university's deadline.

Admission to Conditionally Classified Status

Applicants who meet the University's minimum requirements for graduate admission and whose creative work, as examined during the MFA Admission Review, shows promise but is not supported by traditional undergraduate preparation in Art may be admitted to conditionally classified status and provided with a list of requirements to be addressed as soon as they enroll. They will be advanced to classified status when the art graduate advisor certifies all appropriate requirements for classified standing have been satisfied. Applicants who have completed an MA - Art degree must meet all prerequisites and requirements for the MFA - Art degree program.

MFA - Art Advancement to Candidacy

Candidacy denotes that the classified graduate student is fully qualified to complete the final stages of the MFA - Art program and is thus eligible to enroll in ART 298A - MFA Project Planning Seminar and ART 298B - MFA Project. In order to attain candidacy, the student must meet the university requirements for advancement to candidacy as outlined in this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program. In addition, the student must:

- Formalize their MFA project committee by obtaining the signatures of at least three university faculty members (two must be members of the art faculty) to serve as members of the student's committee. A regular art faculty member who teaches in the student's major area of emphasis must serve as chair. This committee must approve the student's proposed program of study for the MFA - Art degree no later than one month prior to the end of the semester preceding the one in which the final project is created.
- The student must submit a proposed program of study conforming to university and school requirements on the Petition for Advancement to Candidacy form and filed according to university deadlines. The proposed program of study must be approved by the art graduate committee and the College of Graduate Studies before the student may be considered for the MFA - Art.
- Pass the Advancement to Candidacy (ATC) Review. This is an exhibition of original work which can be scheduled during any semester in one of the department's student galleries. Students must obtain signatures of two faculty members willing to serve on their culminating project committee, including at least one faculty member teaching in the designated area of emphasis, in order to apply to the ATC Review. Passing the review is necessary before the student may file for the Petition for Advancement to Candidacy and enroll in their culminating project classes, ART 298A and ART 298B.

Additional information regarding advancement to candidacy is available in the Art & Art History Department Office.

MFA - Art Completing Requirements

- **General Requirements:** The MFA - Art program requires a minimum of 60 units of approved courses completed after admission to classified status in the program, of which at least 30 units must be in courses at the 200 level. Electives to complete the 60 units may be drawn from approved 100 and 200 level courses. The program also requires the student to participate in regularly scheduled departmental activities such as studio visits by faculty, first-semester review, first-year review, and Advancement to Candidacy reviews.
- **Required Courses:** see below.
- All students must meet the university's graduation writing assessment requirement.
- **MFA - Art Project:** The culmination of the degree is the MFA - Art culminating project which must demonstrate the professional level of the candidate's accomplishment. After advancement to candidacy, the culminating project will be developed under the guidance of the candidate's MFA - ART project committee chair with the assistance of the project committee. Upon the committee's prior approval of the completed work, projects will be appropriately exhibited in accordance with departmental requirements.
All candidates must also submit to the Department of Art and Art History a satisfactory report of the project, following the department's approved format. MFA project reports will document the creative project and the creative process and context for that project with color images that illustrate each work in the project. The project report and the image record (in the case of studio projects) must be approved by the candidate's culminating project committee and by the art graduate advisor before the degree may be awarded.
- **Final Examination:** The candidate must successfully complete an oral examination based on the area of the MFA - Art culminating project.
- The application for graduation must be filed with the university Graduate Admissions and Program Evaluations (GAPE) according to the posted deadline during the semester prior to completion of degree requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (60 units)

Graduate Seminars and Critiques (12 units)

Graduate Seminars and Critiques in Area of Concentration

- ART 281 - Interdisciplinary Critique Seminar 3 *unit(s)* (12 units required)

- ART 298A - MFA Project Planning Seminar 3 *unit(s)*

Culminating Experience (3 units)

- ART 298B - MFA Project 3 *unit(s)*

Total Units Required (60 units)

Computational Linguistics, MS

The MS Computational Linguistics program, jointly offered by the Department of Linguistics and Language Development and the Department of Computer Science, prepares students with advanced knowledge and skills for Computational Linguistics careers. It features a computing-based curriculum and instructs students in the theory and practice of language, linguistics and applied linguistics, and computer science to prepare students for job careers in automated text analysis, machine translation, grammar checking, speech synthesis & recognition, artificial intelligence, machine learning, web search, information retrieval, big data analytics, and more. The program also prepares students for entry into doctoral programs in a wide variety of interdisciplinary fields such as computational linguistics, natural language processing, computer science, artificial intelligence, information research, media studies, and human-computer interaction. Its integrated coursework provides students with strong computing, analytical, and linguistics skills to understand and solve problems for business and research, with strong societal and cultural implications.

Admission Requirements

Candidates must meet all of the university admission requirements. Students can be admitted in either classified or conditionally classified standing. While the expectation is that (at least at first) most students will enter the MS in Computational Linguistics after finishing the BS Computer Science and Linguistics, some may come from other backgrounds and therefore need prerequisites.

To be admitted to classified standing, applicants must have earned a Bachelor's degree in linguistics, science, or engineering (e.g., applied math, statistics, computer science, and software engineering) from a regionally accredited institution with a minimum GPA of 3.0 (based on a 4.0 scale), and have completed all program prerequisites listed below. Two to three letters of recommendation are also required.

To enter this program with classified standing, a student must have passed the following prerequisites courses (with the listed required grades in some cases):

- A two-semester series of calculus courses covering integration and partial derivation (e.g. MATH 30 and MATH 31 at SJSU), with a grade of B or better
- A linear algebra course (e.g., MATH 39 at SJSU), with a grade of B or better
- A discrete mathematics course (e.g. MATH 42 at SJSU) with a grade of B or better
- A statistics and probability theory course (e.g., MATH 105 or MATH 161A at SJSU)
- A course on Python programming (e.g. CS 22A at SJSU)
- A course on object-oriented programming (e.g. CS 46A at SJSU)
- An introductory data structures course (e.g. CS 46B at SJSU)
- An introductory linguistics course (e.g. LING 101 at SJSU)
- A Natural Language Processing or computational linguistics course (e.g. LING 165 at SJSU)

Applicants from countries in which the native language is not English must submit TOEFL scores. Minimum TOEFL scores acceptable for admission are 600 (paper-based), 250 (computer-based), or 100 (internet-based).

Advancement to Candidacy

The student must obtain a grade of B or better in each of LING 220 and LING 221, complete at least 15 units towards the degree with at least a 3.0 GPA, and meet all other university requirements, including the Graduation Writing Assessment Requirement (GWAR), before being advanced to candidacy.

Students must maintain an overall grade point average (GPA) of 3.0 at all times, otherwise they will be placed on academic notice and required to raise the overall GPA above the 3.0 minimum during the subsequent semester (failing to do so will result in disqualification from the program).

Graduation Requirements

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). This requirement is satisfied by taking CS 200W or LLD 250W in the MS Computational Linguistics program.

Culminating Experience

MS Computational Linguistics students must complete one of the following two options:

- Plan A (Linguistics-focused project): LING 298 and/or LING 299 (2 semesters)
- Plan B (Natural Language Processing-focused project): CS 297 and CS 298 or CS 299

Both plans require two semesters of enrollment in 6-unit coursework in order to conduct the proposed project or thesis study. The student is responsible for securing the commitment of a full-time tenured or tenure-track faculty member in either Department of Linguistics and Language Development or Department of Computer Science who agrees to serve as their primary advisor. The student must also secure the commitments of two additional members, one of whom must be a full-time tenured or tenure-track faculty member at SJSU. Either plan requires writing a manuscript in a formal format describing original computational linguistics research, which is submitted for review by the student's committee. In addition, the student must successfully pass a comprehensive oral examination, according to the standard assessment used in the home department of the primary advisor, by the student's committee based on the conducted project or thesis study.

Master's Requirements (30 units)

Core Courses (15 units)

- LING 220 - Computational Linguistics I 3 *unit(s)*
- LING 221 - Computational Linguistics II 3 *unit(s)*
- LING 230 - Seminar in Linguistics 3 *unit(s)*
- CS 273 - Topics in Natural Language Processing 3 *unit(s)*

Graduation Writing Assessment Requirement

Complete one course:

- CS 200W - Graduate Technical Writing 3 *unit(s)* (GWAR)
- LLD 250W - Becoming a Professional in Linguistics/TESOL 3 *unit(s)* (GWAR)

Electives (9 units)

Complete three courses with consultation and approval from the program coordinator:

- CS 146 - Data Structures and Algorithms 3 *unit(s)*
- CS 153 - Concepts of Compiler Design 3 *unit(s)*
- CS 154 - Formal Languages and Computability 3 *unit(s)*
- CS 156 - Introduction to Artificial Intelligence 3 *unit(s)*
- CS 171 - Introduction to Machine Learning 3 *unit(s)*
- CS 256 - Topics in Artificial Intelligence 3 *unit(s)*
- CS 271 - Topics in Machine Learning 3 *unit(s)*
- CS 272 - Reinforcement Learning and Sequential Decision Making 3 *unit(s)*
- CS 274 - Topics in Web Intelligence 3 *unit(s)*
- LING 111 - Introduction to Linguistic Phonetics 3 *unit(s)*
- LING 112 - Introduction to Syntax 3 *unit(s)*
- LING 113 - Introduction to Phonology 3 *unit(s)*
- LING 114 - Introduction to Semantics and Discourse 3 *unit(s)*

- LING 125 - Introduction to Historical and Comparative Linguistics 3 *unit(s)*
- LING 161 - Psycholinguistics 3 *unit(s)*
- LING 162 - Introduction to Morphology 3 *unit(s)*
- LING 166 - Sociolinguistics 3 *unit(s)*
- LING 167 - Multilingualism and Language Contact 3 *unit(s)*
- LING 201 - Phonology: Theory and Applications 3 *unit(s)*
- LING 202A - Syntactic Theory 3 *unit(s)*
- LING 203 - Semantic Structures 3 *unit(s)*
- LING 213 - Linguistic Field Methods 3 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*
- MATH 161B - Applied Probability and Statistics II 3 *unit(s)*
- MATH 163 - Probability Theory 3 *unit(s)*

Culminating Experience (6 units)

Complete one option (Plan A or Plan B)

Plan A (Linguistics-focused project)

- Comprehensive oral exam
- LING 298 - Individual Study 1-4 *unit(s)*
- LING 299 - Master's Thesis 1-6 *unit(s)*

Plan B (Natural Language Processing-focused project)

- Comprehensive oral exam
- CS 297 - Preparation for Writing Project or Thesis 3 *unit(s)*
Complete one course:
- CS 298 - Master's Writing Project 3 *unit(s)*
- CS 299 - Master's Thesis 3 *unit(s)*

Total Units Required (30 units)

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Creative Writing, MFA

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Master's Requirements (44 units)
- Program Learning Outcomes

The Master of Fine Arts degree in Creative Writing, offered by the Department of English and Comparative Literature, is the recognized terminal degree that offers the minimum professional training deemed necessary by the major schools in the United States for university and college teaching and for positions in the publishing industry. It is also the degree most frequently held by professional writers.

For additional information, please see the MFA program website.

Admissions Requirements

Requirements for Admission to Classified Standing

Applicants must meet university requirements for admission to the Graduate Division and classified standing as outlined in this catalog. In addition, they must meet the following department requirements:

- Earned a 3.0 grade point average in major courses.
- Demonstrate ability in Creative Writing by submitting a creative writing portfolio in Fiction (20-30 pages), Creative Nonfiction (20-30 pages), Poetry (10 pages), or Scriptwriting (20-30 pages).
- Be approved by the departmental MFA in Creative Writing Committee. For each annual cycle, applications are due by February 1, when the review will begin.

Achieved one of the following:

- Possess a bachelor's degree or master's degree in English, Creative Writing, or a related field from an accredited institution.
- Passed a minimum of 12 semester hours in English, Creative Writing, or a related field beyond freshman composition.
- Demonstrated equivalent literary training or experience as determined by the Director of the MFA in Creative Writing Program.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Admission to Conditionally Classified Standing

Students who do not qualify for classified standing but who meet university requirements for graduate admission and whose past performance and creative writing ability give promise of satisfactory completion of requirements for admission to classified graduate standing may, with the approval of the departmental MFA in Creative Writing Committee, be admitted as conditionally classified in the MFA program.

Requirements for Advancement to Graduate Candidacy

Candidacy denotes that the classified graduate student is fully qualified to complete the final stages of the MFA in Creative Writing program and is thus eligible to enroll in ENGL 291 and ENGL 299. In order to advance to candidacy, the student must meet the university requirements for advancement to candidacy as outlined in this catalog. The university requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Most graduate-level literary seminars meet the GWAR. In addition, the student must:

- complete 24 units of an approved 44-unit program with a GPA of 3.0 or better. At least one-half of these units must be graduate-level (i.e., 200-numbered) courses. Any upper-division courses to be applied to the MFA must be approved in advance by the MFA Director.
- formalize his or her MFA thesis committee by obtaining the signatures of three university faculty members (two must be members of the Creative Writing or English faculty) to serve as members of the student's committee. A tenure-line Creative Writing faculty member who teaches in the student's major area of emphasis must serve as chair.
- propose to write a substantial full-length work, with critical introduction or preface (see below), in one of the four program emphases: Poetry, Fiction, Nonfiction, or Script Writing.

- sign up to take the MFA Comprehensive Examination, which a student must pass before an MFA degree is awarded.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

All candidates for the MFA degree in Creative Writing must complete a book-length thesis in their primary genre. The thesis must be approved by a three-member committee, of which at least two members must be full-time SJSU faculty. Thesis committees and projects are declared in the Departmental Thesis Proposal, which is submitted to the Graduate Committee of the Department of English & Comparative Literature the semester before the candidate registers for four units of ENGL 299D or ENGL 299.

At the time of filing for candidacy, MFA candidates must select from two options for filing the final documents. Plan A (Thesis), which we refer to as a University Thesis, will require enrollment in ENGL 299, and the resulting thesis will be reviewed by the College of Graduate Studies and published online, as described below. Plan B (Project), which the Department of English and Comparative Literature refers to as a Departmental Thesis, will require enrollment in ENGL 299D and is considered by the university as a "project" and thus not subject to review by the College of Graduate Studies nor to the policy requiring university theses to be published. Please note that the departmental requirements for the thesis itself as well as the composition of the thesis committee are the same under both options.

Candidates select their Thesis Plan on the Petition for Advancement to Graduate Candidacy form, typically submitted the semester prior to graduation (e.g., in October for May graduation, or in April for December graduation). Although the Candidacy Form lists three plans -- A, B, and C -- MFA candidates may select only Plan A or Plan B.

Plan A (Thesis): University Thesis

After approval by the three-member thesis committee, MFA candidates submit the final manuscript as a PDF to the University's College of Graduate Studies, where it is checked for format. Once certified by Graduate Studies, the PDF is published in two places: on ProQuest (a commercial academic publisher) and on ScholarWorks (the University's open-access repository). Distribution through these two channels assures that research generated by SJSU students is available to as many readers as possible. Candidates who wish to shield their work from public view temporarily, for example, to allow time for commercial publication, can request an embargo of up to five years. After the embargo expires, candidates can ask for an extension or allow the document to be released online. It is possible for access to be restricted to users of the SJSU campus network. Embargo and access options are chosen by candidates when they submit their theses to Graduate Studies.

Only theses submitted via Plan A are eligible for the University's Outstanding Thesis Award, a distinction given annually to the one or two exceptional theses in the entire university. The award is presented at graduation and includes a monetary stipend. Candidates should ask their thesis directors or department chairs for more information about this award.

Plan B (Project): Departmental Thesis

Under this option, the thesis manuscript is prepared according to University guidelines and approved by a three-member thesis committee, and then signed off by the Chair of the Graduate Committee and the Department Chair. The manuscript is not submitted to the College of Graduate Studies. Instead, candidates must deposit a printed, bound copy of their thesis in the collection of the Department of English & Comparative Literature and, optionally, on the thesis shelf of the University Library (binding paid for by the candidate). Because the Departmental Thesis is never published online, this option makes sense for MFA candidates who wish to give their work the maximum

possible protection. It is recommended for those students who wish to protect the copyright of their creative work for future publication.

Departmental Theses are neither eligible for the University's Outstanding Thesis Award nor for nomination to the Proquest Thesis Award.

Master's Requirements (44 units)

Core Courses (4 units)

- ENGL 291 - Lit Practicum 4 *unit(s)*

Workshops (20 units)

Complete 12 units in primary genre and 8 units in secondary genre from the following.

The workshop courses are all repeatable for credit as long as the topic has changed:

- ENGL 240 - Poetry Writing Workshop 4 *unit(s)*
- ENGL 241 - Fiction Writing Workshop 4 *unit(s)*
- ENGL 242 - Nonfiction Writing Workshop 4 *unit(s)*

Literary Research (8 units)

Complete eight units from:

- ENGL 202 - Poetic Craft and Theory 4 *unit(s)*
- ENGL 203 - Narrative Craft and Theory 4 *unit(s)*
- ENGL 204 - Seminar in Modern Approaches to Literature 4 *unit(s)* (GWAR)
- ENGL 208 - Seminar in Comparative Literature 4 *unit(s)* (GWAR)
- ENGL 211 - Seminar in Twentieth Century Poetry 4 *unit(s)* (GWAR)
- ENGL 215 - Seminar in Myth and Symbolism 4 *unit(s)* (GWAR)
- ENGL 216 - Seminar in Medieval English Literature 4 *unit(s)* (GWAR)
- ENGL 224 - Studies in English Early Modern Literature 4 *unit(s)* (GWAR)
- ENGL 225 - Seminar in Shakespeare 4 *unit(s)* (GWAR)
- ENGL 228 - Seminar in Genre Studies 4 *unit(s)* (GWAR)
- ENGL 230 - Seminar in Thematic Studies in British Literature 4 *unit(s)* (GWAR)
- ENGL 232 - Seminar in Form and Genre Studies in British Literature 4 *unit(s)*
- ENGL 233 - Seminar in Period Studies of British Literature 4 *unit(s)* (GWAR)
- ENGL 253 - Seminar in Period Studies of American Literature 4 *unit(s)* (GWAR)
- ENGL 254 - Seminar in Genre Studies of American Literature 4 *unit(s)* (GWAR)
- ENGL 255 - Seminar in Thematic Studies of American Literature 4 *unit(s)* (GWAR)
- ENGL 256 - Seminar in Twentieth Century British Literature 4 *unit(s)* (GWAR)

Professional Development (8 units)

Complete eight units from:

- ENGL 133 - Reed Magazine 4 *unit(s)*
- ENGL 257 - Seminar in the History of Rhetoric 4 *unit(s)*
- ENGL 259 - Seminar in Composition Studies 4 *unit(s)*

- ENGL 298 - Special Study 1-6 unit(s)
- Other literary research classes with consent of advisor

Culminating Experience (4 units)

Plan A (Thesis)

- ENGL 299 - University Thesis 1-6 unit(s) (4 units required)
- Comprehensive Exam

Plan B (Project)

- ENGL 299D - Departmental Thesis 1-6 unit(s) (4 units required)
- Comprehensive Exam

Total Units Required (44 units)

*Note that College of Graduate Studies requires all creative works that serve as theses (novels, poetry collections, screen plays, and so forth) to be accompanied by a preface. At a minimum of 10 pages, the preface should put the creative work in historical, cultural, literary, or other contexts. It should also expound on the literary influences on the student. The text must be written according to a style guide, MLA being the guide of choice in the English and Comparative Literature Department, and include formal literature citations and a References Cited section, both written in accordance with the style guide rules.

Elective courses must be planned in consultation with the English MA Advisor.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Design, MDes

- Admission Requirements
- Requirements for Advancement to Graduate Candidacy
- Master's Requirements (60 units)
- Program Learning Outcomes

The Master of Design (MDes) graduate program at SJSU offers advanced and rigorous studies in design with unique specializations in experience design and animation. Strategically located in California's Silicon Valley, at the center of a globally renowned technology and innovation hub, the MDes program at SJSU sits at the intersection of technology, industry and academia. With a focus on current professional practices, the MDes is an incubator for new ideas and methods. The MDes degree is comparable to an MFA and considered a terminal degree in fields where a PhD is not offered. Additional information is available on the Department of Design website.

Master of Design (MDes) with a Specialization in Animation

With a strong focus on both content creation and digital technology, our Master of Design with a Specialization in Animation is the perfect incubator for your creative ideas and animation career. The program is project based and tailored to nurture the creativity and vision of each student by providing opportunities for individual accomplishment. Ours is a creative community that will help promote the expression of unique and exceptional work.

This rigorous program pairs content creation with a strong technical component that goes hand in hand with its artistic aspects. Technical courses include CG animation, lighting, rendering, and building interactivity in animation and games.

Master of Design (MDes) with a Specialization in Experience Design

The experience design specialization is a two-year program built on multidisciplinary collaboration, design practice, new technology, research, and scholarship that seeks to push the boundaries of design for experience. Our aim is to develop new generations of creative leadership that can design for emerging complex challenges in the field of design and the world at large.

All courses are offered in Silicon Valley near tech companies, world-class museums, start-up companies and groundbreaking design firms. With easy access to San Francisco, Oakland and the surrounding Bay Area students can complete their degree while also pursuing internships and/or continuing their careers.

Admissions Requirements

Prospective students should have a demonstrable academic and/or professional background in the following areas. For the Experience Design Specialization: graphic design, industrial design, product design, user-experience design, user-interface design, interaction design, data visualization, information design and/or other related disciplines. For the Animation Specialization: storyboarding, animation, digital media, illustration, game development or fine arts. A strong portfolio and/or animation reel is required in order to be accepted into the program.

See the MDes program website for more information.

Requirements for Advancement to Graduate Candidacy

General university requirements for advancement to candidacy for the MDes degree are detailed in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR). Application for advancement to candidacy should be done by the middle of the semester before students intend to graduate.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

All students must complete a culminating experience in the form of a creative (master's) project under Plan B (degree without thesis plan) of the university's guidelines for master's degrees. This will consist of a public exhibition, oral presentation and a written element documenting research, process and exhibition. The master's project undergoes a thorough review and revision process under the guidance of the committee chair and with the assistance of the committee advisors.

Each student will form a master's project committee consisting of at least three members. Committee membership will consist of (1) a committee chair and (2) two to four committee advisors. The committee chair must be an SJSU tenured/tenure-track faculty member from the department of design. The committee advisors can come from academia or industry but must be approved by the committee chair. The selection of the committee chair will be finalized by the end of the fall semester of the first year. The selection of the committee advisors will be finalized by

the end of the spring semester of the first year. The committee is responsible for reviewing and advising the students development of a master's project and its documentation.

Satisfactory progress towards degree is determined by the following criteria: (1) committee chair must approve final pre-proposal presentation given in DSGN 291, (2) master's project committee must approve final proposal presentation given in DSGN 292, (3) master's project committee must endorse the outcome of the master's project as completed in DSGN 298. Unsatisfactory performance in any of these areas may result in the student being placed on administrative academic probation.

Master's Requirements (60 units)

Core Curriculum (36 units)

- DSGN 200W - Professional Writing in Design 4 *unit(s)* (GWAR)
- DSGN 201 - Graduate Seminar in Design 4 *unit(s)* *Students complete this course twice.*
- DSGN 203 - Contextual Studies 4 *unit(s)*
- DSGN 291 - Pre-Proposal 4 *unit(s)*
- DSGN 292 - Proposal 4 *unit(s)*
- DSGN 293 - Special Study 4 *unit(s)* *Students complete this course three times.*

Animation or Experience Design Specialization (20 units)

Animation Specialization Courses

- ANI 240 - Visual Narratives 2 *unit(s)*
- ANI 250 - Intellectual Property 2 *unit(s)*
- ANI 255 - Sound Landscapes 2 *unit(s)*
- ANI 257 - New Technologies Studio 4 *unit(s)*
- ANI 258 - Interactive Studio 2 *unit(s)*
- ANI 259 - Post Production Techniques 2 *unit(s)*
- ANI 260 - The Synthetic Image 2 *unit(s)*
- ANI 265 - Visual Styles for Animation 2 *unit(s)*
- ANI 270 - The Synthetic Movement 2 *unit(s)*

Experience Design (XD) Specialization Courses

- DSGN 210 - Graduate Studio: Experience Design 4 *unit(s)* *Students complete this course twice.*
Complete three courses from:
- DSGN 211 - Design Research Methodologies 4 *unit(s)*
- DSGN 212 - Human Dimensions in Experience Design 4 *unit(s)*
- DSGN 213 - Designing with Data & Emergent Technology 4 *unit(s)*
- DSGN 280 - Professional Practices 4 *unit(s)*

Culminating Experience (4 units)

- DSGN 298 - Master's Project 4 *unit(s)*

Total Units Required (60 units)

English, MA

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The written word grounds the Master of Arts in English. Its students learn to analyze literature and to write on literary topics at an advanced level. Students complete a rigorous program of courses that introduce them to cutting-edge research while training them to understand a range of theoretical and literary-historical frameworks for understanding literature. Before students earn a Master of Arts in English, they pass a two-part comprehensive exam. They also may choose to write a thesis. Students have the option to engage in graduate study in rhetoric and to train as college-level writing teachers. The program also offers students pathways to prepare for doctoral work.

Additional information is available in the Department of English and Comparative Literature Office and on the MA program website.

Admissions Requirements

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the Master of Arts in English. See the Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Admission to Classified Standing

In addition to meeting the minimum university admission requirements for the Graduate Division as outlined in this catalog, applicants must have:

- 3.0 grade point average in English or literature courses.
- a minimum of 24 semester hours of acceptable undergraduate upper-division course work in English or other literary studies.
- Earned 2 semesters (3 quarters) credit in a foreign language course or have the equivalent fluency as attested to by a credible academic source.
- Approval by the department graduate committee.

In addition to the university application requirements, applicants to the English MA must submit a writing sample directly to the MA advisor.

Admission to Conditionally Classified Standing

Applicants who do not qualify for classified standing but who do meet university requirements for graduate admission and whose past performance gives promise of satisfactory completion of requirements for graduate admission to classified standing may, with approval of the department graduate committee, be admitted as conditionally classified in the English MA program. Generally, this category is used if the applicant has not yet earned the equivalent fluency of 2 semesters/3 quarters of credit in a foreign language course OR an applicant has not yet completed 24 units of upper-division coursework in literature but otherwise shows promise as a graduate student.

Requirements for Advancement to Graduate Candidacy

Candidacy denotes that the student is fully qualified to complete the final stages of the MA, English. In order to achieve candidacy, students must meet the university requirements. General university requirements for advancement to candidacy for the MA degree are detailed in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR). MA, English students must complete ENGL 201, the program GWAR course, before they can apply for candidacy. Application for advancement to candidacy should be done by the middle of the semester before students intend to graduate.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MA - English Graduation Requirements

Students must complete an approved 30-unit program with a grade point average of 3.0 or better. At least 21 of these units must be graduate-level (i.e., 200-numbered) courses. Any undergraduate coursework to be applied to the MA program must be approved in advance by the graduate advisor.

Included in these 30 units, are the ENGL 201 and ENGL 297. The ENGL 297 requirement will be waived if a student completes a thesis (which requires 6 units of ENGL 299 in lieu of ENGL 297 and one 4-unit graduate-level course).

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Students choose Plan A (Thesis) or Plan B (Comprehensive Examinations) as their program culminating experience.

Plan A (Thesis)

To receive credit for ENGL 299 units, students must submit a thesis proposal to the department graduate committee by the deadline in the semester prior to the one in which the student plans to take the 299 units and complete the thesis.

The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee (made up of three readers arranged by the student and approved by the department graduate committee).

Students choosing the Plan A (Thesis) option must also pass the two-part MA, English comprehensive examinations but are not required to enroll in ENGL 297.

Plan B (Comprehensive Examinations)

Students choosing this option must enroll in ENGL 297 and pass the two-part MA comprehensive examinations. They are also required to take an additional 4-unit elective.

Master's Requirements (30 units)

Core Courses (4 units)

- ENGL 201 - Materials and Methods of Literary Research 4 *unit(s)* (GWAR)

Electives (20 units)

Five additional graduate-level courses chosen with MA advisor's approval

Culminating Experience (6 units)

Complete One Option (Plan A Thesis Plus Comp Exam or Plan B Comp Exam Only):

Plan A (Thesis, plus Comprehensive Exam)

- ENGL 299 - University Thesis 1-6 *unit(s)* (6 units required)
- Comprehensive Exam

Plan B (Comprehensive Exam)

- ENGL 297 - MA Comprehensive Exam Preparation 2 *unit(s)*
- Comprehensive Exam
- One additional graduate-level course chosen with MA advisor's approval

Total Units Required (30 units)

Elective courses must be planned in consultation with the English MA Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 6.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Linguistics, MA (Not Accepting Students)

- Requirements for Admission to Conditionally Classified Standing
- Requirements for Admission to Classified Standing
- Advancement to Candidacy
- Graduation Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

Linguistics, the scientific study of human language, explores what language is, how it works, and which properties human languages have in common. Our curriculum focuses on understanding how different aspects of language work and on how the languages of the world work and on how this understanding can be applied to support our culturally diverse society. Students in the Department of Linguistics and Language Development (LLD) are part of an ethnically and linguistically diverse student body, taught by nationally and internationally recognized faculty. Our research infrastructure includes a state-of-the-art computer lab, a phonology lab, and access to computerized language data. Approximately 25% of our students come from other countries and contribute greatly to our programs.

The MA Linguistics program provides students with an interdisciplinary education in the scientific study of language. Courses in general linguistics develop the ability to analyze data, to propose and refine theories about how language works. Elective courses in computational linguistics serve students interested in speech technology and natural language processing. Other electives in sociolinguistics, multilingualism, and applied linguistics emphasize the role of language in society, including in education, and language variation and change. Graduates in linguistics offer a set of highly specialized skills to IT companies and to organizations whose work places a premium on communication with linguistically diverse audiences. Many graduates pursue careers with companies specializing in these areas. Other graduates pursue teaching careers in language and linguistics in domestic and overseas institutions. A smaller but significant number of linguistics graduates enter PhD programs for more advanced study.

Requirements for the MA Linguistics include those established by the department. For information concerning university requirements, see the Academic Requirements section.

Requirements for Admission to Conditionally Classified Standing

Students holding an accredited baccalaureate degree and who otherwise satisfy the graduate level admissions requirements of San José State University (in the case of students with baccalaureate degrees from a university where English is not the principal language of instruction the minimum score of 577, computer score of 233, or Internet-based score of 90 on the TOEFL or 7.0 on IELTS) are eligible for admission as conditionally classified students. Students must have a grade point average of at least 3.0 in the last 60 semester (90 quarter) units.

Requirements for Admission to Classified Standing

In addition to the above requirements for conditionally classified standing, students in the MA Linguistics program are eligible for admission as classified graduate students if they have completed at least twelve-semester units of linguistics courses equivalent to San José State University's LING 101, LING 111, LING 112, and LING 114 with a grade of "B" or better in each of these classes.

Students admitted as conditionally classified may complete the requirements for classified standing after admission to the program; however, a "B" grade must be achieved in all prerequisite courses. Additionally, the granting of classified standing is subject to the coordinator's review of the conditionally classified student's work.

Advancement to Candidacy

The requirements for advancement to candidacy for the MA Linguistics are those established by the university and the department. For information see the Graduate Policies and Procedures section of this catalog.

Graduation Requirements

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). In the MA Linguistics, this is satisfied with the core course LLD 250W. For more information on the GWAR, please see Graduation Writing Assessment Requirement (GWAR) section.

Culminating Experience

Students have the option of completing the MA - Linguistics under one of two plans:

Plan A (Thesis)

Completion of 30 units; approved thesis proposal and thesis. The thesis option allows a student to pursue research in an area of common interest to the student and a faculty member. A thesis proposal may grow out of a course or be developed in LING 298, and must be approved by the student's advisor and thesis committee members. For more information, visit the Thesis and Dissertation Information website.

Plan B (Comprehensive Exam)

Completion of 30 units; passing of a comprehensive examination.

Master's Requirements (30 units)

Core Courses (18 units)

- LING 113 - Introduction to Phonology 3 *unit(s)*
- LING 201 - Phonology: Theory and Applications 3 *unit(s)*
- LING 202A - Syntactic Theory 3 *unit(s)*
- LING 203 - Semantic Structures 3 *unit(s)*
- LING 213 - Linguistic Field Methods 3 *unit(s)*
- LLD 250W - Becoming a Professional in Linguistics/TESOL 3 *unit(s)* (GWAR)

Culminating Experience (12 units)

Complete One Option (Plan A or Plan B)

Plan A (Thesis) (12 units)

- LING 299 - Master's Thesis 1-6 *unit(s)* (1-3 *units* required)
- Two Electives 6 *unit(s)*

Plan B (Comprehensive Exam) (12 units)

- Four electives 12 *unit(s)*
- Comprehensive Exam 0 *unit(s)*

Elective Courses (6-12 units)

Elective courses must be planned in consultation with the Graduate Advisor. At least 3 elective units must be at the 200-level.

Complete two electives (6 units) if completing Culminating Experience Plan A and four electives (12 units) if completing Culminating Experience Plan B:

- LING 115 - Corpus Linguistics 3 *unit(s)*
- LING 124 - Introduction to Speech Technology 3 *unit(s)*
- LING 125 - Introduction to Historical and Comparative Linguistics 3 *unit(s)*
- LING 161 - Psycholinguistics 3 *unit(s)*
- LING 162 - Introduction to Morphology 3 *unit(s)*
- LING 165 - Introduction to Natural Language Processing 3 *unit(s)*
- LING 166 - Sociolinguistics 3 *unit(s)*
- LING 167 - Multilingualism and Language Contact 3 *unit(s)*
- LING 298 - Individual Study 1-4 *unit(s)*
- LING 299 - Master's Thesis 1-6 *unit(s)*
- LLD 270 - Second Language Acquisition 3 *unit(s)*
- LLD 271 - Intercultural Communication and Second Language Acquisition 3 *unit(s)*

Total Units Required (30 units)

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Mass Communications, MS

- Admission Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The School of Journalism and Mass Communications offers a 30-unit, four-semester Master of Science in Mass Communications degree program that culminates with a professional standard project. The curriculum was designed to help students master the concepts and skills that are driving emerging communication technologies in public relations, advertising, and journalism. Elective units allow students to tailor the program to their interests.

Information about the Master of Science in Mass Communications is available on the website of the School of Journalism and Mass Communications website.

Admission Requirements

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system at calstate.edu/apply and meet all the university admission requirements. Applications meeting university graduate

admission standards will be reviewed by the School of Journalism and Mass Communications. See the Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Admission to Classified Standing

The School admits students in the fall semester only. Applicants are responsible for obtaining information on admissions criteria and deadlines from the JMC School Graduate Coordinator or the main school office.

To be admitted to the program a prospective student must:

- Complete an application for admission to the university, submit required transcripts and pay the required application fees.
- Complete a 250-500 word essay on the applicant's career objectives and upload it on the same application site as above.
- Obtain two letters of recommendation from current or former professors and/or employers who can testify to the candidate's ability to pursue an advanced academic degree. These letters should be sent directly to the Graduate Coordinator of the program. At least one recommendation letter must be from a current or former professor unless the applicant has not taken any courses during the previous five years.
- Foreign students must score at least 600 on the TOEFL (90 on the iBT) and must demonstrate English proficiency in a written essay.
- Grade point averages are given considerable weight in evaluating applications, but are not the sole criterion. An applicant should have an average of 3.0 or better (3.3 for foreign students) in the last two years of undergraduate study and the undergraduate major. Exceptions may be made for applicants if the candidate has had significant professional experience in the mass media, offers strong letters of recommendation or other evidence indicating a potential for success in graduate study.

Applicants must meet requirements for graduate admission; however, no particular specialization in undergraduate work is required of a candidate.

Requirements for Advancement to Candidacy

To be advanced to candidacy for the Master of Science degree, a student must first meet all university requirements for the degree as stated in this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. That requirement is met by taking MCOM 210 (a required course in the program).

The student must demonstrate an aptitude for advanced work in communications, as measured by instructor appraisals, evaluation of previous academic work, recommendations by qualified professionals, or other assessments.

The student will meet with the graduate coordinator to develop a formal course of study. The MS degree-approved program will be individually designed to meet the specific objectives of each student. It will take into consideration the nature of previous undergraduate work and post-graduate work completed, as well as any professional and related occupational experience. The proposed graduate course of study must be approved by the graduate coordinator before the student may be considered a candidate for the MS, Mass Communications.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

In consultation with the department graduate coordinator, the candidate will develop and pursue a program of study. The candidate must successfully complete all requirements of the selected plan including the course work specified in the Master's Degree Approval Program.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

All students in this program follow Plan B (Project) for their culminating experience.

Plan B (Project)

Plan B requires the successful completion of a professionally-oriented project employing multiple media and an oral presentation to a faculty-student audience. Projects should reflect the values of journalism, advertising, or public relations. Projects are designed and completed in a two-semester sequence.

Master's Requirements (30 units)

Core Courses (15 units)

- MCOM 210 - Media and Social Issues 3 *unit(s)* (GWAR)
- MCOM 215 - New Media Visionaries 3 *unit(s)*
- MCOM 284 - Advanced User Experience 3 *unit(s)*
- MCOM 285 - Web Design and Development 3 *unit(s)*
- MCOM 295 - Mass Communications Research 3 *unit(s)*

Electives (9 units)

Nine units of electives approved by graduate advisor. 100- or 200-level courses in the School or other departments, related to the candidate's career objective and culminating experience topic.

Culminating Experience (6 units)

Plan B (Project)

Students take 3 units of MCOM 298A and MCOM 298B in consecutive semesters.

- MCOM 298A - Master's Project I 3 *unit(s)*
- MCOM 298B - Master's Project II 3 *unit(s)*

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Music Education, MA

- Special Session Program Information
- Admissions Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

Advisor: Diana Hollinger

The Master of Arts in Music Education, offered by the School of Music, is designed for the student with a career goal in music education. It provides a broad foundation in educational philosophy, theory, and history in research and practice for a solid grounding for continuing work in K-12 education, community music, and other pursuits, and as preparation for further advanced study. The MA in Music Education is a two-year, 30-unit program focusing on a one-on-one study with an advisor, courses, and practicums in education theory, issues and research in conjunction with seminars in music research and writing, music history, and music theory. The degree culminates with the Written Culminating Exams (WCE), and the completion of a music education thesis (Plan A) or project (Plan B).

Special Session Program Information

Academic Programs offered through Special Session are operated by the Professional and Continuing Education (PaCE). Registration and enrollment in a Special Session course or program will follow the special session fees and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or the program will trigger a separate and additional set of fees. This may require an additional enrollment appointment from the Registrar and it may have implications for financial aid status or requirements. Please visit the PaCE website for more information.

Additional information is available in the School of Music Office and at the program website.

Admissions Requirements

You will need to apply separately to the university to obtain approval for graduate admissions and to the department to obtain admission into the Master of Arts - Music Education. The School of Music graduate program requires applicants to have a bachelor's degree in Music from a regionally accredited institution and to be in good academic standing at the last college or university attended. In rare circumstances, students with degrees in non-music areas who demonstrate artistic potential for graduate study in Music may be admitted to the program. The School of Music requires a minimum GPA of 3.00 in the last 60 units of undergraduate coursework. All required transcripts and supporting documents should be sent directly to the university.

Students from a country where the official language was not English are required to submit a TOEFL (Test of English as a Foreign Language), PTE (Pearson Test of English), or International English Language Testing System (IELTS) score. The minimum entrance score for the TOEFL is 96 (iBT, iBT Home & Paper Edition), with a score of 5 in the Writing Section. The minimum score for the PTE is 68; for the IELTS, the minimum score is 7.0. All test scores must be less than 2 years old. Test scores must be sent directly from the Educational Testing Service office (institution code 4687), Pearson Office, or IELTS office directly to SJSU.

Please see "Graduate Program Test Requirements" for more information. The School of Music does not require the GRE (Graduate Record Exam).

Portfolio and Letters of Recommendation

The submission of a portfolio of work is required including a curriculum vitae, video recording of a teaching episode, statement of teaching philosophy, and a sample undergraduate term paper on an education topic. An interview is also required. Please see the School of Music website for specific portfolio requirements.

The School of Music requires three letters of recommendation addressing the applicant's potential for graduate-level work in music to be sent to the Music Education area advisor.

Admission to Classified Standing

Graduate students admitted to the School of Music are usually admitted in "conditionally classified" status. This status is normal for all entering graduate students, who must demonstrate a bachelor's level competence in music history and music theory by passing the Graduate Entrance Evaluations given during Pre-Instruction before the start of the fall semester. Students who pass their Entrance Evaluations may then become "graduate classified" and are eligible to take all 200-level graduate seminars after completing MUSC 200. Students who fail portions of the Evaluation will remain conditionally classified and will be required to remediate with the appropriate coursework before taking graduate seminars beyond MUSC 200. Coursework taken as remediation is not applied to the Master's degree requirement units.

Students who fail the entire Entrance Evaluation will not be admitted into the program.

Requirements for Advancement to Candidacy

Candidacy denotes that the student is fully qualified to complete the final stages of the MA. In order to achieve candidacy, students must meet the university requirements for candidacy. General university requirements for advancement to candidacy for the MA degree are detailed in the Graduate Policies and Procedures section. Advancement to candidacy requires that the student be in good standing with a 3.0 GPA or better in a minimum of 9 units of letter-graded coursework as a graduate student in 100- or 200-level courses in the degree program as indicated by all courses on the Petition for Advancement to Graduate Candidacy. These courses must conform to university and departmental requirements, and the area and graduate advisors must approve the proposed program. The proposed program must list a total of 30 semester units, including the appropriate number of "core" courses, area of specialization courses, required ensembles, and supervised graduate study.

The student must be "graduate classified" and have met and cleared their conditions for admission to the program indicated by their results in the Graduate Entrance Evaluation in music history and music systems/theory. Candidacy also includes successful completion of the Graduation Writing Assessment Requirement (GWAR), which in the School of Music is MUSC 200.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MA - Music Education

Thesis: In Plan A, six units are devoted to the preparation and writing of a thesis guided by the candidate's major professor and approved by a committee. After final approval by the advisor and thesis committee, the thesis is submitted to Graduate Studies for review. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. The successfully reviewed thesis is then submitted for publication.

Project: In Plan B, six units are devoted to the preparation and production of a written project.

Written Culminating Exams (WCE): At the end of their studies, students demonstrate their thorough grasp of music history, music systems/theory, and their field of specialization through the Written Culminating Exams (WCE). Students must pass all sections of the examination to be awarded their master's degree

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (30 units)

Core Courses (15 units)

- MUSC 200 - Methods of Music Research & Writing 3 *unit(s)* (GWAR)
- MUSC 201 - Seminar in Music History 3 *unit(s)*
- MUSC 202 - Seminar in Music Systems & Theory 3 *unit(s)*

Complete Two Courses From:

- MUED 221 - Foundations of Music Education 3 *unit(s)*
- MUED 228 - Research in Music Education 3 *unit(s)*
- MUED 232 - Directions and Issues in Music Education 3 *unit(s)*

Area of Specialization (9 units)

- Nine units of 200-level graduate and approved 100-level elective courses in area of specialization 9 *unit(s)*

Culminating Experience (6 units)

- Written Culminating Exam 0 *unit(s)*

Choose One Plan From:

Plan A

- MUSC 299 - Master's Thesis 1-3 *unit(s)* (6 *units required*)

Plan B

- MUSC 224 - Supervised Graduate Study 1-2 *unit(s)* (6 *units required*)

Total Units Required (30 units)

Elective courses must be planned in consultation with the area coordinator and the School of Music Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Music, MM

- Admission Requirements
- Advancement to Candidacy
- University Graduation Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Music graduate program in the School of Music offers training for careers in performance, conducting, composition, research, and teaching. We also provide preparation for further advanced study in ten distinct areas:

- Composition
- Choral conducting
- Instrumental conducting
- Instrumental performance
- Jazz studies
- Keyboard studies
- Music education
- Music history
- Vocal performance

Our MM, Music degree program is a 30-unit course of study, typically taken in four semesters over two years, and consists of graduate seminars, one-on-one private lessons, performance ensembles, and area of specialization coursework. The program culminates with the master's exam and the completion of a graduate recital, project, thesis, or music composition.

Additional information is available in the School of Music Office and at the department website.

Admission Requirements

University Requirements

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the MM, Music program. See Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. For TOEFL Requirements, see the Policies and Procedures section, Graduate and Post-Baccalaureate Information.

Program Requirements

Students need to apply separately to the university to obtain approval for university-level admission and to the department to obtain admission into the Master of Music Program. All required transcripts and supporting documents should be sent directly to the university. The School of Music graduate program requires applicants to:

- Have a **bachelor's degree in Music** from a regionally accredited institution;
- Be in **good academic standing** at the last college or university attended;
- Have a minimum **GPA** of 3.00 in the last 60 units of undergraduate coursework;
- Students from a country where the **official language is not English** are required to submit a TOEFL (Test of English as a Foreign Language), PTE (Pearson Test of English), or International English Language Testing System (IELTS) score. The minimum entrance score for the TOEFL is 590 (paper-based), 243 (computer-based), or 96 (internet-based), with a score of 5 in the Writing Section. The minimum score for the PTE is 68; for the IELTS, the minimum score is 7.0. All test scores must be less than 2 years old. Test scores must be sent directly from the Educational Testing Service office (institution code 4687), Pearson Office, or IELTS office directly to SJSU.
- **Audition, Portfolio, Interview**
- Conducting and Performance: a live (preferred) or unedited recorded audition is required for conducting and performance specializations. Please see the School of Music website for specific requirements of individual performance areas.
- Composition, Education, History, Systems/Theory: the submission of a portfolio of work is required for all academic specializations. Please see the School of Music website for specific requirements of individual academic areas.
- Individual areas may also require an interview.
- Submit three **letters of recommendation** addressing the applicant's potential for graduate-level work in music to be sent to the appropriate performance area advisor.

The School of Music does not require the GRE (Graduate Record Exam).

Admission to Classified Standing

Graduate students admitted to the School of Music are usually admitted in "conditionally classified" status. This status is normal for all entering graduate students, who must demonstrate a bachelor's level competence in music history and music theory by passing the Graduate Entrance Evaluations given during Pre-Instruction before the start of the fall semester. Students who pass their Entrance Evaluations may then become "graduate classified" and are eligible to take all 200-level graduate seminars after completing MUSC 200. Students who fail one or more portions of the Evaluation will remain conditionally classified and will be required to remediate with the appropriate coursework before taking graduate seminars beyond MUSC 200. Coursework taken as remediation is not applied to the Master's degree requirement units. Students who fail the entire Entrance Evaluation will not be admitted into the program. Please see the "Graduate Program Test Requirements" for more information

Advancement to Candidacy

Candidacy denotes that the student is fully qualified to complete the final stages of the MM. In order to achieve candidacy, students must meet the university requirements for candidacy. General university requirements for advancement to candidacy for the Master's degree are detailed in the Graduate Policies and Procedures section. Advancement to candidacy requires that the student be in good standing with a 3.0 GPA or better in a minimum of 9 units of letter-graded coursework as a graduate student in 100- or 200-level courses in the degree program as indicated by all courses on the Petition for Advancement to Graduate Candidacy. These courses must conform to university and departmental requirements, and the area and graduate advisors must approve the proposed program. The proposed program must list a total of 30 semester units, including the appropriate number of "core" courses, area of specialization courses, required ensembles, and supervised graduate study.

The student must be "graduate classified" and have met and cleared their conditions for admission to the program indicated by their results in the Graduate Entrance Evaluation in music history and music systems/theory. Candidacy also includes successful completion of the Graduation Writing Assessment Requirement (GWAR), which in the School of Music is MUSC 200.

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures. All students must satisfy Graduation Writing Assessment Requirement (GWAR) and culminating experience as outlined in the degree requirements.

Program Requirements

The Music master's degree is based on 12 units of four "core" graduate seminars, beginning with MUSC 200, and 12 units of area courses and ensembles. Students with the academic specializations (Plan A), 6 units of thesis/composition supervision are taken in preparation for completing a thesis or composition. Students in performance specializations (Plan B), 6 units of private lessons with an individual teacher are taken in preparation for their master's recital or project. All required prerequisite course work must be passed with a grade of "B" or better and a minimum 3.0 GPA must be maintained in order to continue with the graduate program. To complete the program, students take their Written Culminating Exams (WCE) in their final semester.

Master's Requirements (30 units)

Core Courses (12 units)

- MUSC 200 - Methods of Music Research & Writing 3 *unit(s)* (GWAR)
- MUSC 201 - Seminar in Music History 3 *unit(s)*
- MUSC 202 - Seminar in Music Systems & Theory 3 *unit(s)*

Complete One Course From:

- MUSC 203 - Seminar in Style & Performance Practices 3 *unit(s)*
- MUSC 220 - Seminar in Advanced Conducting 3 *unit(s)*

Area of Specialization (12 units)

Students must complete twelve (12) units of graduate 200-level and approved 100-level elective courses in one area of specialization. Areas of specialization include:

- Composition
- Music History
- Music Theory
- Music Education
- Choral Conducting
- Instrumental Conducting
- Jazz Studies
- Performance: Woodwinds, Brass & Percussion
- Performance: Piano

- Performance: Voice

Culminating Experience (6 units)

Students choose a Plan A (Composition or Thesis) or Plan B (Project or Recital) option as their program culminating experience. All students must also successfully complete the Written Culminating Exams (WCE).

Plan A (Composition or Thesis)

Six units are devoted to the preparation and writing of an advisor-approved thesis on a topic approved by the candidate's major professor. Students choosing the thesis option must secure the commitment of three faculty members of the university, two of whom must be members of the permanent faculty, to serve as members of the student's Plan A (Composition or Thesis) committee, with one permanent faculty member agreeing to serve as chair. After final approval by the major advisor and thesis committee members, the thesis is submitted to Graduate Studies. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines.

- MUSC 224 - Supervised Graduate Study 1-2 unit(s) (0-4 units requires)
- MUSC 299 - Master's Thesis 1-3 unit(s) (2-6 units required)
- Written Culminating Exam 0 unit(s)

Plan B (Project or Recital)

Six units are devoted to the preparation and production of a written project.

- MUSC 224 - Supervised Graduate Study 1-2 unit(s) (2 units in each of three semesters)
- Written Culminating Exam 0 unit(s)

Written Culminating Exam (WCE)

At the end of their studies, all Music, MM students must demonstrate their thorough grasp of their field of specialization, music history, and music theory through the Written Culminating Exams (WCE). Students must pass all sections of the examination to be awarded their master's degrees. The examination consists of three essay questions, which will concern subjects in:

- the student's major field (piano, composition, etc.);
- the information covered in the student's MUSC 201 history class; and,
- the information covered in the student's MUSC 202 theory class.

The essay questions will be written by the major instructor and by the professors who taught the student MUSC 201 and MUSC 202. The examination will be given in the middle of the semester. If students are enrolled in MUSC 201 and/or MUSC 202 during their last semester, the essay question(s) will cover the material covered in class to that date. Students have two weeks to complete the examination, which is open book. Students are required to research their topics but cannot work with other students or any other persons on their examination. Each essay must represent only the student's work, and students must sign a declaration on the cover sheet that the essays represent only their own research and writing. Each essay must be 4-6 pages in length, typed, and double-spaced. Footnotes must be used in the correct format to identify all sources. Failure to demonstrate knowledge of correct bibliographic citation will result in a failure in the examination. Students will be notified **two weeks after the examinations** are turned in if they have passed or failed. If the student fails, the examination may be retaken one time upon consultation with the Graduate Advisor. The examinations will be filed in the student's School file.

It is the student's responsibility to inform the Graduate Advisor at the beginning of his or her last semester that he or she needs to take the WCE that semester. The Graduate Advisor will ask for the names of the three professors who will be writing the examination questions, and will assign the dates for the examination. The Graduate Advisor will request the essay questions from your professors and give you the examination on the appointed date.

Total Units Required (30 units)

Elective courses must be planned in consultation with the Area Coordinator and the School of Music Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and an SJSU Cumulative grade point average of 3.0 in order to graduate.

Philosophy, MA

- Requirements for Admission to Classified Standing
- Admission to Conditionally Classified Standing
- Requirements for Advancement to Candidacy for the MA - Philosophy
- Completing Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

The MA Philosophy program is offered by the Department of Philosophy.

Advisors: Dr. Carlos A. Sanchez

Requirements for Admission to Classified Standing

Candidates must meet all university requirements for admission. In addition, a student will be admitted to classified status only if:

- At least 18 units in philosophy have been taken including at least 6 units in upper-division work, at least 6 units in the history of philosophy, at least 3 units in ethics, and at least 3 units of symbolic logic (Phil 9 or its equivalent). Exceptions based on comparable studies and experience may be made with graduate committee approval.
- The average grade received in the 18 units is at least a "B".
- Three letters of recommendation have been submitted.

Admission to Conditionally Classified Standing

Applicants who meet the requirements for admission to the Graduate Division but who do not meet all the requirements for classified standing will be admitted as conditionally classified.

Requirements for Advancement to Candidacy for the MA - Philosophy

The basic requirements for advancement to candidacy for the MA Philosophy are outlined in detail in the Academic Requirements section. The University requires that all graduate students satisfy the Graduation Writing Assessment

Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Completing Requirements

Plan A - Thesis

Designed for students who wish to do a thesis.

Plan B - Option 1: Reading Intensive

Designed for students who wish to do a guided, individualized reading project.

Plan B - Option 2: Applied Philosophy Project

Designed for students who wish to do a project.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (30 units)

Core Courses (15 units)

- PHIL 289 - Graduate Proseminar 3 *unit(s)*
- PHIL 290 - Advanced Seminar in a Selected Philosopher or Tradition 3 *unit(s)* (GWAR)
- PHIL 291 - Advanced Seminar in Epistemology and Metaphysics 3 *unit(s)* (GWAR)
- PHIL 292 - Advanced Seminar in Ethics or Aesthetics 3 *unit(s)*

Complete One Course From:

- PHIL 157 - Intermediate Logic & Language Analysis 3 *unit(s)*
- PHIL 293 - Advanced Seminar in Logical Theory 3 *unit(s)*

Elective Courses (12 units)

One or more of 290, 291, 292, and 293 may be repeated as electives when the course content is different

- 100- or 200-level courses within the department

Culminating Experience (3 units)

Comprehensive Exam

Taken after most of the core and elective courses are completed

Choose One Plan

Plan A: Thesis (3 units)

- PHIL 299 - Master's Thesis *3 unit(s)*

Plan B- Option 1: Reading Intensive (3 units)

- PHIL 298 - Special Studies *1-3 unit(s)*

Plan B- Option 2: Applied Philosophy Project (3 units)

- PHIL 298 - Special Studies *1-3 unit(s) (3 units required)*

Total Units Required (30 units)

Spanish, MA

- Admissions Requirements
- Advancement to Candidacy
- Program Requirements
- Master's Requirements (32 units)
- Program Learning Outcomes

The Master of Arts Degree in Spanish offers students the opportunity to pursue studies in Hispanic literature, linguistics, and culture. The program prepares students for doctoral studies and for careers in the teaching of Spanish, bilingual education, international business, social and governmental services, and other related areas.

More information can be found on the Department of World Languages and Literatures website: www.sjsu.edu/wll.

Admissions Requirements

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the MA, Spanish degree program. See the GAPE Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English Language Proficiency Exam (ELP) score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Admission to Classified Standing

Minimum requirements for admission to the Graduate Division are outlined in this catalog. In order to be admitted to classified standing in the MA program in Spanish, students should possess the following:

- A bachelor's degree (or its equivalent, as assessed by the department), with a major in Spanish, and including at least 16 units of upper-division work in the major with a grade of "B" or better.
- Evidence of college-level proficiency in Spanish.

Requirements for Admission to Conditionally Classified Standing

A student may be admitted to conditionally classified standing if he or she meets minimum requirements for admission to the Graduate Division but does not fully meet requirements for Classified admission to the MA, Spanish program. The individual admission notification will explain the required terms and conditions for attaining Classified standing.

Requirements for Advancement to Candidacy

Advancement to candidacy requires favorable action by both the departmental graduate committee and the university graduate committee. All applicants meet institutional requirements as set forth in this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Graduation Writing Assessment Requirement

Students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Each candidate for the master's degree must successfully complete a final comprehensive written examination.

Program Requirements

The minimum program for a Master of Arts in Spanish degree includes the following:

- The 32 unit program for a Master of Spanish requires at least 20 semester units of 200-level courses. Included in these 32 units, students must take FORL 200W, which satisfies the Graduation Writing Assessment Requirement (GWAR).
- Up to 12 units of approved upper-division (100-level) courses not used to meet a requirement for the BA degree in Spanish at San José State University may be taken in the Graduate Division to complete the minimum 32-unit program.
- Final comprehensive examination conducted in Spanish.
- Demonstration of competence in written English.

Master's Requirements (32 units)

Required Courses (20 units)

- FORL 200W - Graduate Research & Writing 4 *unit(s)* (GWAR)

Complete 16 units:

- SPAN 201 - Modern Spanish 4 *unit(s)*
- SPAN 202 - Seminar in Hispanic Civilization and Culture 4 *unit(s)*
- SPAN 210 - Old Spanish 4 *unit(s)*
- SPAN 220 - Historical Spanish Linguistics 4 *unit(s)*
- SPAN 225 - Spanish Dialectology 4 *unit(s)*
- SPAN 250 - Seminar in the Siglo de Oro 4 *unit(s)*
- SPAN 260A - Hispanic Culture 4 *unit(s)*
- SPAN 260B - Hispanic Linguistics 4 *unit(s)*
- SPAN 260C - Hispanic Literature 4 *unit(s)*
- SPAN 270 - Seminar in Contemporary Literature of Spain and Spanish America 4 *unit(s)*
- SPAN 280 - Seminar in Romanticism in Spain and Spanish America 4 *unit(s)*
- SPAN 298 - Special Study 1-6 *unit(s)*

Electives (12 units)

A maximum of 12 units may be taken from the following:

Elective courses must be planned in consultation with the Graduate Advisor.

- SPAN 111 - Advanced Spanish Conversation 4 *unit(s)*
- SPAN 120A - Spanish Literature I 4 *unit(s)*
- SPAN 120B - Spanish Literature II 4 *unit(s)*
- SPAN 132 - Special Topics in Spanish for Careers 4 *unit(s)*
- SPAN 140A - Spanish American Literature 4 *unit(s)*
- SPAN 140B - Spanish American Literature II 4 *unit(s)*
- SPAN 160A - Hispanic Culture 4 *unit(s)*
- SPAN 160B - Hispanic Linguistics 4 *unit(s)*
- SPAN 160C - Hispanic Literature 4 *unit(s)*
- SPAN 170 - Spanish Translation: Theory and Practice 4 *unit(s)*

Culminating Experience

Plan B (Comprehensive Exam)

Written Comprehensive Examination

Total Units Required (32 units)

Elective courses must be planned in consultation with the Graduate Advisor. Undergraduate courses required as prerequisites do not count towards the MA degree.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 12.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Teaching English to Speakers of Other Languages (TESOL), MA (Not Accepting Students)

- Requirements for Admission to Conditionally Classified Standing
- Requirements for Admission to Classified Standing
- Advancement to Candidacy
- Graduation Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

The MA TESOL prepares students to assess and systematically build the listening, speaking, reading and writing skills of students from other language backgrounds who wish to learn English or to improve their skills in English. The Department of Linguistics and Language Development (LLD) strikes a balance between theory and practice. Students in the department are part of an ethnically and linguistically diverse student body, taught by nationally and internationally recognized faculty. Graduates from the MA TESOL program staff many of the area's English as a Second Language programs at the university, community college, adult school, and private program level. In addition, a number of TESOL graduates have chosen careers in international settings, teaching English as a Foreign Language in universities, schools, and companies in Asia, Latin America, Europe, and other regions. MA TESOL graduates are also eligible to teach abroad through the U.S. government-sponsored Fulbright and English Language Fellow programs. Any undergraduate major is appropriate preparation for this degree. (Note that the department does not have a credentialing program.)

Requirements for the MA TESOL include those established by the department. For information concerning university requirements, see the Academic Requirements section of this catalog.

Requirements for Admission to Conditionally Classified Standing

Students holding an accredited baccalaureate degree and who otherwise satisfy the graduate level admissions requirements of San José State University (in the case of students with baccalaureate degrees from a university where English is not the principal language of instruction the minimum score of 577, computer score of 233, or Internet-based score of 90 on the TOEFL or 7.0 on IELTS) are eligible for admission as conditionally classified students. Students must have a grade point average of at least 3.0 in the last 60 semester (90 quarter) units.

Requirements for Admission to Classified Standing

In addition to the above requirements for conditionally classified standing, students in the MA TESOL program are eligible for admission as classified graduate students if they have completed two prerequisites, equivalent to LING 101 - Introduction to Linguistics and LING 107 - Patterns of English, which must each be completed with a grade of "B" or better.

Students admitted as conditionally classified may complete the requirements for classified standing after admission to the program; however, a "B" grade must be achieved in all prerequisite courses. Additionally, the granting of classified standing is subject to the coordinator's review of the conditionally classified student's work.

Advancement to Candidacy

The requirements for advancement to candidacy for the MA TESOL are those established by the university and the department. For information see the Graduate Policies and Procedures section of this catalog.

Graduation Requirements

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). In the MA TESOL, this is satisfied with the core course LLD 250W - Becoming a Professional in Linguistics/TESOL.

Culminating Experience

Plan A (with Thesis)

Completion of 30 units; approved thesis proposal and thesis. The thesis option allows a student to pursue research in an area of common interest to the student and a faculty member. A thesis proposal may grow out of a course or be developed in LLD 298 - Individual Study, and must be approved by the student's advisor and thesis committee members. For more information, visit the Thesis and Dissertation Information website.

Plan B (without Thesis)

Students are required to complete a total of 30 units (27 required; 3 electives); in addition, students must pass a comprehensive examination.

Master's Requirements (30 units)

Core Courses (27 units)

- LLD 250W - Becoming a Professional in Linguistics/TESOL 3 *unit(s)* (GWAR)
- LLD 260 - English Structures for Teaching I 3 *unit(s)*
- LLD 261 - English Structures for Teaching II 3 *unit(s)*
- LLD 270 - Second Language Acquisition 3 *unit(s)*
- LLD 271 - Intercultural Communication and Second Language Acquisition 3 *unit(s)*
- LLD 280 - Methods and Materials for Teaching English to Speakers of Other Languages 3 *unit(s)*
- LLD 282 - Practicum in Teaching English to Speakers of Other Languages 3 *unit(s)*
- LLD 283 - Curriculum and Assessment in TESOL 3 *unit(s)*
- LLD 293 - Teaching College-level Reading and Writing 3 *unit(s)*

Additional Courses (3 units)

Plan A (with Thesis) (3 units)

- LLD 299 - Master's Thesis 1-6 *unit(s)* (3 *units* required)

Plan B (without Thesis) (3 units)

- One Elective 3 *unit(s)*
- Comprehensive Exam 0 *unit(s)*

Elective Course (0-3 units)

- LING 111 - Introduction to Linguistic Phonetics 3 *unit(s)*
- LING 112 - Introduction to Syntax 3 *unit(s)*
- LING 113 - Introduction to Phonology 3 *unit(s)*
- LING 114 - Introduction to Semantics and Discourse 3 *unit(s)*
- LING 125 - Introduction to Historical and Comparative Linguistics 3 *unit(s)*
- LING 161 - Psycholinguistics 3 *unit(s)*
- LING 162 - Introduction to Morphology 3 *unit(s)*
- LING 166 - Sociolinguistics 3 *unit(s)*
- LING 201 - Phonology: Theory and Applications 3 *unit(s)*
- LING 202A - Syntactic Theory 3 *unit(s)*
- LING 203 - Semantic Structures 3 *unit(s)*
- LING 213 - Linguistic Field Methods 3 *unit(s)*
- Courses from other departments may be used as electives, with graduate advisor approval.

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Basic Certificate(s)

Computational Linguistics Certificate

The Certificate in Computational Linguistics, offered by the Department of Linguistics and Language Development, is an 18 unit program that provides a basic education and a certain amount of practical training in the interdisciplinary field of computational linguistics. It was designed to meet the needs of individuals who desire formal course preparation as language analysts in the environment of human language interfaces in software development. Please contact the computational linguistics coordinator for advising before beginning this certificate.

University Basic Certificate Requirements

Basic certificate programs provide opportunities for students to pursue specialized, often pre-professional, focused educational objectives that may be separate from a degree program. At least 6 units must be completed at SJSU. Students must have a minimum GPA of 2.0 in basic certificate coursework in order to be awarded a certificate. Generally, a maximum of 33% of basic certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, a basic certificate may be completed entirely through Open University if the student has completed a Bachelor's degree and received approval from the department or school (University Policy S16-17 A). If a student has completed a Bachelor's degree and received approval from the department or school, a basic certificate may be completed entirely through Open University.

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate completion form to the Office of the Registrar. The Office of the Registrar records the completion of the program on the student's transcript.

To receive the Certificate in Computational Linguistics, students must complete the following 18 units of course work and fulfill the programming requirement:

Certificate Requirements (18 units)

- LING 101 - Introduction to Linguistics 3 *unit(s)*
- LING 115 - Corpus Linguistics 3 *unit(s)*
- LING 124 - Introduction to Speech Technology 3 *unit(s)*
- LING 165 - Introduction to Natural Language Processing 3 *unit(s)*

Electives (6 units)

- CS 123A - Bioinformatics I 3 *unit(s)*
- CS 123B - Bioinformatics II 3 *unit(s)*
- CS 154 - Formal Languages and Computability 3 *unit(s)*
- CS 156 - Introduction to Artificial Intelligence 3 *unit(s)*
- LING 111 - Introduction to Linguistic Phonetics 3 *unit(s)*
- LING 112 - Introduction to Syntax 3 *unit(s)*
- LING 113 - Introduction to Phonology 3 *unit(s)*
- LING 161 - Psycholinguistics 3 *unit(s)*
- LING 166 - Sociolinguistics 3 *unit(s)*
- MATH 105 - Concepts in Mathematics, Probability, Statistics 3 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*
- MATH 161B - Applied Probability and Statistics II 3 *unit(s)*
- MATH 162 - Statistics for Bioinformatics 3 *unit(s)*
- MATH 163 - Probability Theory 3 *unit(s)*
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)
- STAT 115 - Intermediate Statistics 3 *unit(s)*

Total Units Required (18 units)

Programming Requirement: Demonstrated competence with a programming language such as Java, C/C++, and Python. This requirement is to be satisfied by the time you complete the certificate program rather than before you begin the program. Students typically fulfill the requirement by submitting a final project in a course (e.g. LING 165) that involves a substantial amount of coding.

Any *matriculated upper division undergraduate or graduate student* may pursue this certificate. *Non-matriculated students* may take the courses through Open University. Students must maintain a 3.0 average in these courses to be awarded the certificate.

Prerequisites for Courses: CS and MATH courses above have prerequisites of their own, so the total number of units you must take for the certificate may vary depending on your choice of electives and your academic background.

Global Philosophical Traditions Certificate

The Certificate in Global Philosophical Traditions enables SJSU undergraduate students with diverse backgrounds to gain intermediate knowledge of the methods in comparative philosophy as well as to engage deeply with at least two world philosophies and one western philosophical tradition which broadens the analytic perspective of the Anglo-American philosophical canon. In doing so, they simultaneously acquire skills in cultural understanding which are increasingly valued on the global job market.

The Philosophy Undergraduate Advisor serves as supervisor for the certificate program and will review student programs of study to ensure that students take at least one 3-unit course to fulfill the comparative philosophical thinking and continental philosophy and pragmatism degree requirements, and two 3-unit courses to fulfill the world philosophies degree requirement.

University Basic Certificate Requirements

Basic certificate programs provide opportunities for students to pursue specialized, often pre-professional, focused educational objectives that may be separate from a degree program. At least 6 units must be completed at SJSU. Students must have a minimum GPA of 2.0 in basic certificate coursework in order to be awarded a certificate. Generally, a maximum of 33% of basic certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, a basic certificate may be completed entirely through Open University if the student has completed a Bachelor's degree and received approval from the department or school (University Policy S16-17 A). If a student has completed a Bachelor's degree and received approval from the department or school, a basic certificate may be completed entirely through Open University.

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate completion form to the Office of the Registrar. The Office of the Registrar records the completion of the program on the student's transcript.

To receive the Certificate in Global Philosophical Traditions, students must complete the following twelve units of required coursework:

Certificate Requirements (12 units)

Comparative Philosophical Thinking (3 units)

- PHIL 120 - Comparative Philosophy Theory & Practice 3 *unit(s)*

World Philosophies (6 units)

Complete two courses from:

- PHIL 104 - Asian Philosophy 3 *unit(s)*
- PHIL 118 - Latin American Philosophy 3 *unit(s)*
- PHIL 119 - Africana Philosophy and Culture 3 *unit(s)*

Continental Philosophies & Pragmatism (3 units)

Complete one course from:

- PHIL 112 - American Philosophy 3 *unit(s)*
- PHIL 113 - Existentialism and Phenomenology 3 *unit(s)*
- PHIL 121 - Philosophy and Feminism 3 *unit(s)*

Total Units Required (12 units)

All of SJSU's matriculated student population will be eligible for this certificate. Students who are interested in completing, are currently completing or have completed the requirements for the certificate will meet with the

Undergraduate Advisor to verify their satisfactory completion. The Undergraduate Advisor will also help students complete the SJSU's Basic Undergraduate Certificate Form, and will forward a copy of it to the Office of the Registrar.

Professional and Technical Writing Certificate

The Department of English and Comparative Literature offers a 16-unit program consisting of a twelve-unit core (ENGL 106, ENGL 107, ENGL 129) and four units of an advisor-approved elective. This program is designed for those seeking greater specialization, including post-baccalaureate students who hold or seek employment in technical or professional writing. Prerequisite: Graduate standing.

University Basic Certificate Requirements

Basic certificate programs provide opportunities for students to pursue specialized, often pre-professional, focused educational objectives that may be separate from a degree program. At least 6 units must be completed at SJSU. Students must have a minimum GPA of 2.0 in basic certificate coursework in order to be awarded a certificate. Generally, a maximum of 33% of basic certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, a basic certificate may be completed entirely through Open University if the student has completed a Bachelor's degree and received approval from the department or school (University Policy S16-17 A). If a student has completed a Bachelor's degree and received approval from the department or school, a basic certificate may be completed entirely through Open University.

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate completion form to the Office of the Registrar. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (16 units)

Core Courses (12 units)

- ENGL 106 - Professional and Technical Editing *4 unit(s)*
- ENGL 107 - Professional and Technical Writing *4 unit(s)*
- ENGL 129 - Writing for Professional Publications *4 unit(s)*

Electives (4 units)

Complete one course from:

- ENGL 103 - Modern English *4 unit(s)*
- ENGL 105 - Seminar in Advanced Composition *4 unit(s)*
- ENGL 110 - UX Design and Visual Communication *4 unit(s)*

Total Units Required (16 units)

Translation and Interpretation Certificate

This basic certificate offers undergraduate students a general overview and understanding of the Translation and Interpretation profession using a practical approach where students' translation and interpretation skills will be developed. The eligible languages for this program are Spanish, French, Japanese, and Chinese. Students will learn the theory, practice, culture and ethics of this discipline in different fields (law, health, business, hospitality etc.) while

gaining civic responsibility by participating in issues related to the local community and learning how to have a positive impact on society. The Translation and Interpretation Certificate is offered by the Department of World Languages and Literatures.

Basic Certificates University Requirements

Basic certificate programs provide opportunities for students to pursue specialized, often pre-professional, focused educational objectives that may be separate from a degree program. At least 6 units must be completed at SJSU. Students must have a minimum GPA of 2.0 in basic certificate coursework in order to be awarded a certificate. Generally, a maximum of 33% of basic certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, a basic certificate may be completed entirely through Open University if the student has completed a Bachelor's degree and received approval from the department or school (University Policy S16-17 A). If a student has completed a Bachelor's degree and received approval from the department or school, a basic certificate may be completed entirely through Open University.

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate completion form to the Office of the Registrar. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Prerequisites (8 units)

The two intermediate courses should be in the same language:

Spanish

- SPAN 25A - Intermediate Spanish 4 *unit(s)* (C2)
- SPAN 25B - Intermediate Spanish 4 *unit(s)* (C2)

French

- FREN 25A - Intermediate French: Reading 4 *unit(s)* (C2)
- FREN 25B - Intermediate French: Writing 4 *unit(s)* (C2)

Japanese

- JPN 25A - Intermediate Japanese 4 *unit(s)* (C2)
- JPN 25B - Intermediate Japanese 4 *unit(s)* (C2)

Chinese

- CHIN 25A - Intermediate Chinese 4 *unit(s)*
- CHIN 25B - Intermediate Chinese 4 *unit(s)*

Certificate Requirements (16 units)

Complete four courses in one language:

Spanish

- SPAN 101A - Advanced Spanish 4 *unit(s)*
- SPAN 101B - Advanced Spanish 4 *unit(s)*
- SPAN 132 - Special Topics in Spanish for Careers 4 *unit(s)*
- SPAN 170 - Spanish Translation: Theory and Practice 4 *unit(s)*

French

- FREN 101A - Advanced French: Reading and Writing 4 *unit(s)*
- FREN 101B - Advanced French: Written Communication 4 *unit(s)*
- FREN 132 - Special Topics in French for Careers 4 *unit(s)*
- FREN 170 - Translation and Comparative Stylistics 4 *unit(s)*

Japanese

- JPN 101A - Advanced Japanese 4 *unit(s)*
- JPN 101B - Advanced Japanese 4 *unit(s)*
- JPN 105 - Media Japanese 4 *unit(s)* or JPN 107 - Japanese for Business Professionals 3 *unit(s)*
- JPN 120 - Japanese Literature and Translation 4 *unit(s)*

Chinese

- CHIN 101A - Advanced Chinese 4 *unit(s)*
- CHIN 101B - Advanced Chinese 4 *unit(s)*
- CHIN 132 - Special Topics in Chinese for Careers 4 *unit(s)*
- CHIN 110 - Structure of the Chinese Language 4 *unit(s)*

Total Units Required (16 units)

Undergraduate TESOL Certificate

The undergraduate certificate in TESOL, offered by the Department of Linguistics and Language Development, is for students who have not yet completed the BA. Students complete courses related to the structure of English and teaching of English to speakers of other languages. For students whose major is not linguistics, the TESOL certificate can be combined with the minor in linguistics.

University Basic Certificate Requirements

Basic certificate programs provide opportunities for students to pursue specialized, often pre-professional, focused educational objectives that may be separate from a degree program. At least 6 units must be completed at SJSU. Students must have a minimum GPA of 2.0 in basic certificate coursework in order to be awarded a certificate. Generally, a maximum of 33% of basic certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, a basic certificate may be completed entirely through Open University if the student has completed a Bachelor's degree and received approval from the department or school (University Policy S16-17 A). If a student has completed a Bachelor's degree and received approval from the department or school, a basic certificate may be completed entirely through Open University.

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate completion form to the Office of the Registrar. The Office of the Registrar records the completion of the program on the student's transcript.

To receive the undergraduate Certificate in TESOL, students must complete the following eighteen units of required coursework:

Certificate Requirements (18 units)

Core Courses (12 units)

- LING 101 - Introduction to Linguistics 3 *unit(s)*
- LING 107 - Patterns of English 3 *unit(s)*
- LING 108 - Introduction to Second Language Development, Teaching, and Assessment 3 *unit(s)*
- LING 166 - Sociolinguistics 3 *unit(s)*

Electives (6 units)

Choose two courses with the approval of the TESOL Coordinator

Total Units Required (18 units)

Any matriculated upper division student may pursue this certificate. Students must maintain a 3.0 average in these courses to be awarded the certificate.

Advanced Certificate(s)

Ethics of Science and Emerging Technologies, Advanced Certificate

The Advanced Certificate in Ethics of Science and Emerging Technologies (CESET) enables matriculated SJSU students and industry professionals (via Open University) to gain advanced knowledge of the goals and methods of scientific inquiry and ethical decision-making, and then apply this knowledge to pressing contemporary social issues. By engaging with ethical theory, philosophy of science, epistemology and applied philosophy and ethics, students will acquire practical skills which are increasingly valued on the global job market and can help them advance their career.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

To receive the advanced Certificate in the Ethics of Science and Emerging Technologies, students must complete the following twelve units of required coursework:

Certificate Requirements (12 units)

Philosophy of Science (3 units)

- PHIL 160 - Philosophy of Science 3 *unit(s)*

Ethical Theory (3 units)

- PHIL 132 - Ethical Theory 3 *unit(s)*

Applied Philosophy and Ethics (3 units)

Complete one from:

- PHIL 110 - Science, Technology and Human Values 3 *unit(s)*
- PHIL 111 - Medical Ethics 3 *unit(s)*
- PHIL 117 - Philosophy of Race 3 *unit(s)*
- PHIL 126 - Environmental Ethics and Philosophy 3 *unit(s)*
- PHIL 133 - Ethics in Science 3 *unit(s)*
- PHIL 134 - Computers, Ethics and Society 3 *unit(s)*
- PHIL 159 - Philosophy of Mind 3 *unit(s)*

Advanced Ethics or Epistemology (3 units)

In consultation with a graduate program co-director, choose one of the following:

- PHIL 291 - Advanced Seminar in Epistemology and Metaphysics 3 *unit(s)*
- PHIL 292 - Advanced Seminar in Ethics or Aesthetics 3 *unit(s)*

Total Units Required (12 units)

Graduate TESOL Certificate (Not accepting students)

The graduate certificate in TESOL, offered by the Department of Linguistics and Language Development, is designed to meet the needs of individuals desiring formal course preparation and training as classroom teachers of English to speakers of other languages but not requiring an MA degree. While the certificate is approved by the university, it does not provide certification, accreditation, or credentialing approved by the Commission on Teacher Credentialing. Students must maintain a 3.0 average in these courses to be awarded the certificate.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (18 units)

Core Courses (18 units)

- LING 101 - Introduction to Linguistics 3 *unit(s)*
- LING 107 - Patterns of English 3 *unit(s)*
- LLD 270 - Second Language Acquisition 3 *unit(s)*
- LLD 271 - Intercultural Communication and Second Language Acquisition 3 *unit(s)*
- LLD 280 - Methods and Materials for Teaching English to Speakers of Other Languages 3 *unit(s)*
- LLD 283 - Curriculum and Assessment in TESOL 3 *unit(s)*

Total Units Required (18 units)

Any matriculated graduate student may pursue this certificate. Non-matriculated post-graduate students may take the courses through Extended Studies Open University. Students must maintain a 3.0 average in these courses to be awarded the certificate.

Philosophy Post-baccalaureate Certificate

The Philosophy Post-baccalaureate Certificate enables postgraduate students with diverse backgrounds to gain intermediate knowledge of at least one philosophical sub-discipline. It also leads them to strengthen their skills in analytical and critical writing, ethical decision-making, pedagogy, and research literacy. By doing so, it complements students' prior studies and prepares them for professional positions, which require strong analytical and ethical skills (e.g., policy analyst, ethical counselor, community college teacher or speechwriter).

Additionally, this program also allows students time to carefully consider pursuing a Philosophy MA degree through the completion of advanced coursework and meetings with philosophy faculty. We expect most students to complete the certificate over the course of two semesters. Students who wish to continue towards completion of the Philosophy master's degree should transfer into the program before their third semester. Students who require a third semester to complete the certificate should contact the Philosophy Graduate Program Co-Directors for more information.

The Philosophy Graduate Program Co-Directors serve as advisors for the certificate program and will review all student programs of study to ensure that students take at least one 3-unit course to fulfill each program requirement (Analytical and Critical Writing, Pedagogy and Research Literacy, Intermediate Philosophical Knowledge of a Philosophical Subdiscipline and Ethical Decision-Making).

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

To receive the Post-baccalaureate Certificate in Philosophy, students must complete the following twelve units of required coursework:

Certificate Requirements (12 units)

Analytical and Critical Writing (3 units)

- PHIL 290 - Advanced Seminar in a Selected Philosopher or Tradition *3 unit(s)*

Pedagogy and Research Literacy (3 units)

- PHIL 289 - Graduate Proseminar *3 unit(s)*

Ethical Decision-Making (3 units)

- PHIL 132 - Ethical Theory *3 unit(s)*

Intermediate Philosophical Knowledge of a Philosophical Subdiscipline (3 units)

In consultation with a graduate program co-director, choose one of the following upper decision or graduate level methods courses:

- PHIL 106 - Philosophy of Art *3 unit(s)*
- PHIL 107 - Philosophy and Literature *3 unit(s)*
- PHIL 108 - Political and Social Philosophy *3 unit(s)*
- PHIL 109 - Philosophy of Religion *3 unit(s)*
- PHIL 111 - Medical Ethics *3 unit(s)*
- PHIL 112 - American Philosophy *3 unit(s)*
- PHIL 113 - Existentialism and Phenomenology *3 unit(s)*
- PHIL 117 - Philosophy of Race *3 unit(s)*
- PHIL 118 - Latin American Philosophy *3 unit(s)*
- PHIL 119 - Africana Philosophy and Culture *3 unit(s)*
- PHIL 120 - Comparative Philosophy Theory & Practice *3 unit(s)*
- PHIL 121 - Philosophy and Feminism *3 unit(s)*
- PHIL 122 - Social Justice *3 unit(s)*
- PHIL 126 - Environmental Ethics and Philosophy *3 unit(s)*
- PHIL 149 - Metaphysics & Epistemology *3 unit(s)*
- PHIL 157 - Intermediate Logic & Language Analysis *3 unit(s)*
- PHIL 158 - Philosophy of Language *3 unit(s)*
- PHIL 159 - Philosophy of Mind *3 unit(s)*

Total Units Required (12 units)

Spartan Accelerated Graduate Education (SAGE) Scholars

Spartan Accelerated Graduate Education (SAGE) Programs programs are combined bachelor's and master's programs at SJSU (per University Policy F19-1). Sometimes they may also satisfy the requirements for a credential. Students in these programs pursue a bachelor's and master's degree simultaneously. These program allow students to earn graduate credit while in their junior and/or senior year, reducing the number of semesters required for completion of a master's degree.

Art, Preparation for Teaching, BA + Single Subject Credential in Art + Teaching, MAT

- Admissions Requirements
- Graduate Standing Requirements
- Program Requirements (152 units)
- Advising Roadmap

This Spartan Accelerated Graduate Education (SAGE) Scholars Program allows qualified students in Art, Studio Practice Concentration (Preparation for Teaching), BA to simultaneously complete the requirements for the Baccalaureate, Single Subject Credential - Art and Teaching, MAT degrees (with optional Spanish bilingual authorization). Students can progress from undergraduate to graduate status seamlessly, with a simplified application process and no application fee. They complete all degrees in less time as compared to completing them separately. The program provides a broad foundation in contemporary art practice and permits some specialization in a favorite art medium. It also specializes in courses on teaching art to young people. Graduates most often work in middle and high school classrooms.

To add a Spanish Bilingual Authorization to this pathway, students simultaneously apply to the Critical Bilingual Authorization program (CBAP). This requires an additional personal essay in their SAGE Scholars application and an interview in Spanish. CBAP students take one credential course in Spanish (EDTE 208B instead of EDTE 208) and take specified sections of several other credential courses. They do their student teaching in bilingual classrooms and are required to register for 2 seminars of EDTE 297B - Advanced Issues in Bilingual Education (2 units) during their student teaching semesters, for an additional 4 units.

Total SAGE Program Units (BA + Credential + MAT) 152

For more information, contact the **Program Coordinator**: Erica Colmenares.

Admissions Requirements

Most native and transfer students will become eligible to apply for the SAGE Scholars program in the Fall semester of Year 3 and enter the pathway during the Spring semester of Year 3. Applications will be processed by the Department of Teacher Education and without an application fee. Students will not need to apply formally for graduate admission if accepted into this program.

- Students must have successfully completed a minimum of 60 undergraduate degree applicable units and not more than 120 undergraduate degree applicable units at the time of program;
- Students must be enrolled in or have completed the undergraduate Graduation Writing Assessment Requirement (GWAR) prior to admission into the program;
- Students must have a minimum 2.75 cumulative GPA at the time of admission. GPA is calculated by the last 60 semester (or 90 quarter) units taken or a student's cumulative GPA, whichever is higher Note that this is a higher GPA standard than other SAGE Scholars programs; and,
- Students must meet the Teaching, MAT and Single Subject Credential admissions requirements.

Students who have reached up to their first semester as classified seniors will remain eligible for entry into the SAGE program. Second semester, senior-level students enrolled in the term they expect to graduate from their baccalaureate degree are not eligible to enter into the SAGE program as these students will not gain the accelerated graduate-level benefit offered through the SAGE blended program option.

Graduate Standing Requirements

Continuation requirements: SAGE Scholars must meet the same requirements to remain in the undergraduate and graduate programs as students in traditional pathways. Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Successfully complete 9 units of graduate coursework in the Secondary Education program;
- Maintain GPA of 3.0 or higher;
- Demonstrate aptitude for advanced work in professional education as measured by instructor appraisals, evaluation of previous academic work, recommendation by qualified professionals, or other assessments;
- Meet with a graduate advisor to plan a formal course of study. The MAT degree approved programs are individually designed to meet specific student objectives;
- To enter student teaching, students must have completed the Subject Matter Competency requirements (CSETs or Subject Matter Competency waiver, if applicable);
- To convert to graduate status, students must have completed their 45 hours of pre-professional service in a public school setting: 25(+) in the secondary subject area and up to 20 hours any work with youth;
- To convert to graduate status, students must have completed all *lower-division* work (including lower and upper-division general education courses and American Institutions courses); and,
- The proposed graduate program must be approved by the graduate coordinator before the student may be considered a candidate for the MA degree.
- Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are satisfied with required courses in the major: GE Area C1 and SJSU Studies Area S. Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units.

Graduation requirements: SAGE Scholars must meet the same undergraduate graduation requirements as Art, Preparation for Teaching majors, including University and GE requirements, to be conferred the BA. As graduate students, SAGE Scholars must meet all current graduate program requirements. Upon completion of the credential requirements, students must have achieved a SJSU cumulative grade point average of 3.0 in their graduate work order to be recommended for a credential.

Program Requirements (152 units)

Art, Studio Practice Concentration (Preparation for Teaching), BA (105 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

University Requirements (41 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass the 100W course with a grade of "C" or better ("C-" not accepted).

- GE Areas A, B, C2, D/American Institutions (US123), E, F, R, V 39 *unit(s)*
- Physical Education 2 *unit(s)*

Major Preparation (27 units)

- ART 12 - Two-Dimensional Design and Color Concepts 3 *unit(s)*
- ART 13 - Three-Dimensional Design Concepts 3 *unit(s)*
- ART 24 - Drawing I 3 *unit(s)*
- ART 68 - Beginning Sculpture: Object & Concept 3 *unit(s)*
- ART 74 - Introduction to Digital Media 3 *unit(s)*
- PHOT 40 - Beginning Photography 3 *unit(s)*
- ARTH 70B - Art History, Renaissance to Modern or ARTH 70A - Art History, Prehistoric to Medieval or ARTH 70C - Arts of Asia 3 *unit(s)* (C1)
- ARTH 101 - Introduction to Practice of Art History or PHIL 66 - Introduction to Aesthetics (C1) or PHIL 106 - Philosophy of Art 3 *unit(s)*
- Specialized Art History 3 *unit(s)*

Major Requirements (37 units)

- ART 1 - Professional Preparation in Art 1 *unit(s)*
- ART 2 - The Artist in Contemporary Culture 3 *unit(s)*
- ART 3 - Medium and Message 3 *unit(s)*
- ART 61 - Beginning Painting 3 *unit(s)*
- ART 100W - Writing Workshop: Fine Arts 3 *unit(s)* (WID)
- ART 138 - Elementary Art Methods 3 *unit(s)* (Teaching Fundamentals)
- ART 139 - Teaching Diversity through Art 3 *unit(s)* (Teaching Fundamentals)
- ARTH 193A - Worlds of Art and Culture or ARTH 193B - East Meets West in Art 3 *unit(s)*
- Capstone: ARED 150 - Field Experience in the Arts 3 *unit(s)*
- Area Focus 9 *unit(s)*
- LSTP 139 - Education and (In)Equality 3 *unit(s)* (S) (Substituted for EDTE 208) (Teacher Preparation)

Teaching, MAT + Single Subject Credential in Art (47 units)

- EDSC 184P - Introduction to Student Teaching 1 *unit(s)*
- EDSC 184X - Student Teaching I 6 *unit(s)* (6 *units* required)
- ARED 184Y - Student Teaching II - Classroom Teaching 4 *unit(s)* (4 *units* required)
- ARED 184Z - Student Teaching III - Classroom Teaching 4 *unit(s)* (4 *units* required)
- ARED 238 - Principles of Art Education 3 *unit(s)*
- ARED 365 - Field Experience Seminar in Art Education 1 *unit(s)*
- EDTE 208 - Educational Sociology 3 *unit(s)*
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 250 - Qualitative Research in Education 3 *unit(s)* (Research Core) (GWAR)
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 282 - Assessment and Evaluation 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*
- EDTE 297C - CalTPA Support 1 *unit(s)*

Culminating Experience (6 units)

Students must satisfy the culminating experience requirement by completing Plan A (Thesis) or Plan B (Project), and a **presentation on the same at the department's colloquium**, which is held near the end of each fall and spring semester.

Plan A (Thesis): Write a master's thesis. The thesis will include original research on a topic approved by the thesis committee, and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. The thesis identifies the problem, states the major assumptions, explains the significance of the undertaking, sets forth the sources for and methods of gathering information, analyzes the data, and offers a conclusion or recommendation. Thesis proposals must be approved by the graduate committee, which is made up of two department faculty and a third faculty member from outside the department. Students enroll in:

- EDTE 299 - Master's Thesis

Plan B (Project): Complete a master's project report. A project is a significant undertaking that evidences originality and independent thinking, appropriate form and organization, and a rationale. It is described and summarized in a report that includes the project's significance, objectives, methodology and a conclusion or recommendation. Students enroll in:

- EDTE 298 - Special Studies in Education

Total Units Required (152 units)

Liberal Studies, Preparation for Teaching, BA + Education Specialist Credential + Special Education MA

This Spartan Accelerated Graduate Education (SAGE) Scholars Program allows students in Liberal Studies, Preparation for Teaching, BA to simultaneously complete the requirements for the Education Specialist Credential (Mild/Moderate Support Needs or Extensive Support Needs) and Special Education, MA. Students can progress from undergraduate to graduate status seamlessly, with a simplified application process and no application fee. They complete all degrees in less time as compared to completing them separately. Graduates of this program develop the knowledge and skills necessary to creatively meet the learning needs of students from Kindergarten through age 22 who have disabilities requiring mild, moderate, or extensive support. They most often work in school and/or residential settings.

Total SAGE Program Units (BA + Credential + MA) 155

For more information, contact the **Program Coordinator**: Dr. Erica Colmenares.

Admissions Requirements

Most native and transfer students will become eligible to apply for the SAGE Scholars program in the Fall semester of Year 3 and enter the pathway during the Spring semester of Year 3. To be eligible:

- Students must have successfully completed a minimum of 60 undergraduate degree applicable units and not more than 120 undergraduate degree applicable units at the time of program admission;
- Students must have completed the undergraduate Graduation Writing Assessment Requirement (GWAR) prior to admission into the program;
- Students must have a minimum 2.75 cumulative GPA at time of admission. GPA is calculated by the last 60 semester (or 90 quarter) units taken or a student's cumulative GPA, whichever is higher. Note that this is a higher GPA standard than other SAGE Scholars programs; and,
- Students must meet all Special Education, MA and Education Specialist Credential admissions requirements. Students who have reached up to their first semester as classified seniors will remain eligible for entry into the SAGE program. Second semester, senior-level students enrolled in the term they expect to graduate from their

baccalaureate degree are not eligible to enter into the SAGE program as these students will not gain the accelerated graduate-level benefit offered through the SAGE blended program option.

Graduate Standing Requirements

Continuation requirements: SAGE Scholars must meet the same requirements to remain in the undergraduate and graduate programs as students in traditional pathways. Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Complete successfully 9 units of graduate coursework in the Special Education program;
- Maintain GPA of 3.0 or higher;
- Demonstrate aptitude for advanced work in professional education as measured by instructor appraisals, evaluation of previous academic work, recommendation by qualified professionals, or other assessments;
- Meet with a graduate advisor to plan a formal course of study. The MA degree-approved programs are individually designed to meet specific student objectives;
- To enter student teaching, students must have completed the Elementary Subject Matter requirements (CSETs or ESM waiver requirements);
- To convert to graduate status, students must have completed their 45 hours of pre-professional service;
- To convert to graduate status, students must have completed all lower-division (including lower-division general education courses and American Institutions courses) and SJSU Studies requirements; and,
- The proposed graduate program must be approved by the graduate coordinator before the student may be considered a candidate for the MA degree.
- Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are satisfied with required courses in the major: American Institutions and GE Areas A2, A3, B, C, D and E and SJSU Studies (R,S and V). Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units.

Graduation Requirements: SAGE Scholars must meet the same undergraduate graduation requirements as all Liberal Studies Teacher Preparation majors, including University and GE requirements, to be conferred the BA. As graduate students, SAGE Scholars students must meet all current graduate program requirements. Upon completion of the credential requirements, students must have achieved an SJSU cumulative grade point average of 3.0 in their graduate work order to be recommended for a credential.

Program Requirements (155 units)

Liberal Studies, Preparation for Teaching, BA (107 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Field Study Courses with Pre-Professional Experience: 45 hours included in LSTP 185, and 10 hours included in each LSTP 85A/LSTP 85B/LSTP 85C course.

University Requirements (14 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass HUM 100W with a grade of "C" or better ("C-" not accepted).

- GE Areas A1, one D course, and F 9 *unit(s)*

- GE Area C1 (Recommend: AMS 12 - Intro to US Popular Culture: Serious Fun!) 3 *unit(s)*
- Physical Education 2 *unit(s)*

Major Requirements (93 units)

Lower Division Requirements (33 units)

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- BIOL 21 - Human Biology **OR** ENVS 10 - Life on a Changing Planet 3 *unit(s)* (B2)
- CHAD 60 - Child Development **OR** CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (E)
- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1/B3)
- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3)
- LSTP 10 - Chronicles of Education 3 *unit(s)* (C2)
- LSTP 85A - Fieldwork in Humanities A 1 *unit(s)*
- LSTP 85B - Fieldwork in Humanities B 1 *unit(s)*
- LSTP 85C - Fieldwork in Humanities C 1 *unit(s)*
- MATH 12 - Number Systems 3 *unit(s)* (B4)
- PHYS 1 - Elementary Physics 3 *unit(s)* (B1+B3)

Upper Division Requirements (60 units)

- CA 177 - Interdisciplinary Arts for Teaching 3 *unit(s)*
- CHAD 149 - Child Health and Activity 3 *unit(s)*
- ENGL 112A - Children's Literature 3 *unit(s)*
- ENVS 158 - Environmental Education 3 *unit(s)*
- GEOL 103 - Earth Systems and the Environment 3 *unit(s)* (R)
- LING 107 - Patterns of English 3 *unit(s)*
- LSTP 139 - Education and (In)Equality 3 *unit(s)* (S)
- LSTP 185 - Field Experience in Humanities 3 *unit(s)*
- MATH 105 - Concepts in Mathematics, Probability, Statistics 3 *unit(s)*
- MATH 106 - Intuitive Geometry 3 *unit(s)*
- SOCS 137 - California History for Teachers 3 *unit(s)*
- SOCS 138 - US History for Teachers 3 *unit(s)* (S)
- SOCS 139 - World History for Teachers 3 *unit(s)* (V)
- Art Disciplines 6 *unit(s)*
- Area of Specialization 9 *unit(s)* (at least 3 units must be upper division)
- Capstone: HUM 190 - Senior Seminar in Humanities 3 *unit(s)*
- HUM 100W - Writing in the Humanities & Interdisciplinary Arts 3 *unit(s)* (WID)

Special Education, MA + Education Specialist Credential (48 units)

- EDEL 108D - Curriculum: Mathematics 3 *unit(s)* (3 units required)
- EDSE 102 - Intro to Language Development and Disability 3 *unit(s)* (S) (satisfies Area of Specialization for the Liberal Studies, Preparation for Teaching, BA)
- EDSE 192B - All Learners: An Introduction to Disabilities 1 *unit(s)*
- EDSE 192C - Inclusive Strategies for Educating Students with Disabilities 1 *unit(s)*
- EDSE 192D - Introduction to Special Education Policy and Law 1 *unit(s)*
- EDSE 215 - Assessing Students with Disabilities 3 *unit(s)*
- EDSE 216A - Literacy Instruction: Students with Disabilities 3 *unit(s)*

- **Option 1 - Mild/Moderate Support Needs** (9 units): EDSE 217A - Advanced Fieldwork in Mild Moderate Support Needs 6 *unit(s)* and EDSE 230A - Inclusive Pedagogy for Students with M/MSN 3 *unit(s)*

OR

- **Option 2 - Extensive Support Needs** (9 units): EDSE 154 - Advanced Fieldwork in ESN and ECSE 6 *unit(s)* and EDSE 213A - Methods for Students with Extensive Support Needs 3 *unit(s)*

- EDSE 218D - Teaching Students with Autism Spectrum Disorders 3 *unit(s)* (EDSE 218B also accepted)
- EDSE 224 - Methods for Emergent Bilinguals with Disabilities 1-3 *unit(s)* (3 *units required*)
- EDSE 228A - Topics in Collaboration and Transition 3 *unit(s)*
- EDSE 234 - Early Field Experiences in Special Education 1-3 *unit(s)*
- EDSE 241 - Applying Assistive & Instructional Technology 3 *unit(s)*
- EDSE 279 - Positive Behavior Support 3 *unit(s)*
- EDSE 285 - Intro to Action Research in Special Education 3 *unit(s)* (GWAR)

- **Plan B (Project):** EDSE 220 - Advanced Research Projects in Special Education 3 *unit(s)*
Students will complete a master's project or research paper. This a significant undertaking that evidences originality and independent thinking, appropriate form and organization, and a rationale. The final paper includes the significance, objectives, methodology and a conclusion or recommendation.

Total Units Required (155 units)

The following Education Specialist Credential Courses are shared with the Masters: EDSE 102, EDSE 215, EDSE 218D (or EDSE 218B), EDSE 224, EDSE 228A, EDSE 230A or EDSE 213A, EDSE 241, and EDSE 279.

The Liberal Studies, Preparation for Teaching, BA requires the completion of CHAD 135. Students satisfy this course in this SAGE Scholars Program by completing EDSE 216A. Students must complete a minimum of 120 units to satisfy the bachelor's degree and a minimum of 30 units to satisfy the master's degree. In order to satisfy these requirements, 10 units of the credential count towards the bachelor's degree and remaining units of the credential count towards the master's degree.

Liberal Studies, Preparation for Teaching, BA + Multiple Subject Credential + Teaching, Critical Bilingual Education (Spanish) Concentration MAT

This Spartan Accelerated Graduate Education (SAGE) Scholars Program allows Liberal Studies, Preparation for Teaching, BA students to be concurrently enrolled in the Multiple Subject Credential and Teaching, Critical Bilingual Education (Spanish) Concentration, MAT graduate programs as an undergraduate.

There are numerous benefits to this combined pathway. First and foremost, early exposure to graduate courses productively enhances and integrates students' professional development. Undergraduates will be allowed to enroll in educational theory and practice courses during the years when they are developing competency in the subjects taught in K-8 classrooms. A combined pathway of theory, practice, and K-8 subject matter allows students to integrate these three legs of teaching early and often, and gives them ample time to assimilate the linkages prior to when they are required to demonstrate understanding and skills in all three areas - student teaching.

Critical Bilingual Education (Spanish) Concentration requirements include 3 of the teacher credential courses (EDEL 108A, EDTE 208B, and EDTE 262B) will be taught in Spanish, and student teaching (EDEL 143A/EDEL 143B) will be completed in Spanish bilingual classrooms. Students additionally complete two, 2-unit Spanish seminars (EDTE 297B) to support student teaching during the final year.

Total SAGE Program Units (BA + Credential + MAT) 155

For more information, contact the **Program Coordinator**: Dr. Erica Colmenares.

Admissions Requirements

Most native and transfer students will become eligible to apply for the SAGE Scholars program in the Fall semester of Year 3 and enter the pathway during the Spring semester of Year 3. To be eligible:

- Students must have successfully completed a minimum of 60 undergraduate degree applicable units and not more than 120 undergraduate degree applicable units at the time of program admission;
- Students must be enrolled in or have completed the undergraduate Graduation Writing Assessment Requirement (GWAR) prior to admission into the program. For Liberal Studies students, this means HUM 100W;
- Students must have a minimum 2.75 cumulative GPA at time of admission. GPA is calculated by the last 60 semester (or 90 quarter) units taken or a student's cumulative GPA, whichever is higher. Note that this is a higher GPA standard than other SAGE Scholars programs; and,
- Students must meet all Teaching, MAT and Multiple Subject Credential admissions requirements.

Students who have reached up to their first semester as classified seniors will remain eligible for entry into the SAGE program. Second semester, senior-level students enrolled in the term they expect to graduate from their baccalaureate degree are not eligible to enter into the SAGE program as these students will not gain the accelerated graduate-level benefit offered through the SAGE blended program option.

Graduate Standing Requirements

Continuation requirements: SAGE Scholars must meet the same requirements to remain in the undergraduate and graduate programs as students in traditional pathways. Requirements for program continuation in the graduate program, include:

- Meeting every semester with an academic advisor to plan and track coursework and graduate status. Once the BA is conferred, students meet every semester with their graduate advisor to plan a formal course of study;
- Maintain GPA of 3.0 or higher;
- Successfully completing 9 units of graduate coursework in the Elementary Education program;
- Demonstrating aptitude for advanced work in professional education as measured by instructor appraisals, evaluation of previous academic work, recommendation by qualified professionals, or other assessments;
- Passage of the CSET LOTE (subtest III) must occur prior to the second phase of student teaching; and
- The proposed graduate program must be approved by the graduate coordinator before the student may be considered a candidate for the MAT degree.
- Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are waived or satisfied with required courses in the major: GE Areas A2, A3, B1, B2, B3, B4, C2, and E, SJSU Studies (R, S and V). Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units.

Graduation requirements: SAGE Scholars must meet the same undergraduate graduation requirements as Liberal Studies, Preparation for Teaching majors, including University and GE requirements, to be conferred the BA. As graduate students, SAGE Scholars must meet all current graduate program requirements. Upon completion of the credential requirements, students must have achieved a SJSU cumulative grade point average of 3.0 in their graduate work order to be recommended for a credential.

Program Requirements (155 units)

Liberal Studies, Preparation for Teaching, BA (104 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Field Study Courses with Pre-Professional Experience: 45 hours included in LSTP 185, and 10 hours included in each LSTP 85A/LSTP 85B/LSTP 85C course.

University Requirements (17 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass HUM 100W with a grade of "C" or better ("C-" not accepted).

GE Areas A1, an additional C1 or C2, two D/American Institutions (US123), and F 15 *unit(s)*

Physical Education 2 *unit(s)*

Major Requirements (87 units)

Lower Division Requirements (27 units)

- BIOL 21 - Human Biology 3 *unit(s)* OR ENVS 10 - Life on a Changing Planet 3 *unit(s)* (Both B2)
- CHAD 60 - Child Development 3 *unit(s)* OR CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (Both E)
- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3)
- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3)
- LSTP 10 - Chronicles of Education 3 *unit(s)* (C2)
- LSTP 85A - Fieldwork in Humanities A 1 *unit(s)*
- LSTP 85B - Fieldwork in Humanities B 1 *unit(s)*
- LSTP 85C - Fieldwork in Humanities C 1 *unit(s)*
- MATH 12 - Number Systems 3 *unit(s)* (B4)
- PHYS 1 - Elementary Physics 3 *unit(s)* (B1+B3)

Upper Division Requirements (60 units)

- CA 177 - Interdisciplinary Arts for Teaching 3 *unit(s)*
- CHAD 149 - Child Health and Activity 3 *unit(s)*
- ENGL 112A - Children's Literature 3 *unit(s)*
- ENVS 158 - Environmental Education 3 *unit(s)*
- GEOL 103 - Earth Systems and the Environment 3 *unit(s)* (R)
- LING 107 - Patterns of English 3 *unit(s)*
- LSTP 139 - Education and (In)Equality 3 *unit(s)*
- LSTP 185 - Field Experience in Humanities 3 *unit(s)*
- MATH 105 - Concepts in Mathematics, Probability, Statistics 3 *unit(s)*
- MATH 106 - Intuitive Geometry 3 *unit(s)*
- SOCS 137 - California History for Teachers 3 *unit(s)*
- SOCS 138 - US History for Teachers 3 *unit(s)* (S)
- SOCS 139 - World History for Teachers 3 *unit(s)* (V)
- Art Disciplines 6 *unit(s)* (in two different art disciplines)
- Area of Specialization 9 *unit(s)* (at least 6 units must be upper division)
- Capstone: HUM 190 - Senior Seminar in Humanities 3 *unit(s)*

- HUM 100W - Writing in the Humanities & Interdisciplinary Arts 3 *unit(s)* (*WID*)

Teaching, Critical Bilingual Education (Spanish) Concentration, MAT + Multiple Subject Credential (51 units)

Upon completion of the MAT and credential requirements, students must have achieved a SJSU cumulative grade point average of 3.0 in order to be recommended for a credential. Completion of the MAT also requires a minimum grade of "C" in all graduate courses taken and a minimum overall GPA of 3.0.

- EDEL 108A - Curriculum: Reading/Language Arts 3 *unit(s)*
- EDEL 108B - Curriculum: Science 3 *unit(s)*
- EDEL 108C - Curriculum: Social Studies 3 *unit(s)*
- EDEL 108D - Curriculum: Mathematics 3 *unit(s)*
- EDEL 143A - Beginning Student-Teaching (Phase I) 1-6 *unit(s)* (4 units required)
- EDEL 143B - Advanced Student-Teaching (Phase II) 1-10 *unit(s)* (Students will take up to 10 units of EDEL 143B)
- EDTE 208B - Bilingual Educational Sociology 3 *unit(s)* (*GWAR*)
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 250B - Qualitative Research in Bilingual Education 3 *unit(s)* (*GWAR*)
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262B - Classroom Issues in the Language/Literacy Development of Emergent Bilinguals 3 *unit(s)* OR EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*
- EDTE 297B - Advanced Issues in Bilingual Education 1-3 *unit(s)* (Course should be taken for 1 unit twice.)
- EDTE 297C - CalTPA Support 1 *unit(s)* (Course should be taken twice.)

Culminating Experience (3 units)

Students must satisfy the culminating experience requirement by completing Plan A (Thesis) or Plan B (Project), and a **presentation on the same at the department's colloquium**, which is held near the end of each fall and spring semester.

Plan A (Thesis): Write a master's thesis. The thesis will include original research on a topic approved by the thesis committee, and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. The thesis identifies the problem, states the major assumptions, explains the significance of the undertaking, sets forth the sources for and methods of gathering information, analyzes the data, and offers a conclusion or recommendation. Thesis proposals must be approved by the graduate committee, which is made up of two department faculty and a third faculty member from outside the department. Students enroll in:

- EDTE 299 - Master's Thesis 3 *unit(s)*

Plan B (Project): Complete a master's project report. A project is a significant undertaking that evidences originality and independent thinking, appropriate form and organization, and a rationale. It is described and summarized in a report that includes the project's significance, objectives, methodology and a conclusion or recommendation. Students enroll in:

- EDTE 298 - Special Studies in Education 3 *unit(s)*

Total Units Required (155 units)

The standalone Liberal Studies, Preparation for Teaching, BA requires the completion of CHAD 135. Students satisfy this requirement in this SAGE Scholars Program by completing EDTE 262B. Students must complete a minimum of 120 units to satisfy the bachelor's degree and a minimum of 30 units to satisfy the master's degree. In order to satisfy

these requirements, 16 units of the credential count towards the bachelor's degree and 24 units of the credential count towards the master's degree.

Liberal Studies, Preparation for Teaching, BA + Multiple Subject Credential + Teaching, MAT

This Spartan Accelerated Graduate Education (SAGE) Scholars Program allows students to be concurrently enrolled in the Multiple Subject Credential and Teaching, MAT graduate programs as an undergraduate.

There are numerous benefits to this combined pathway. First and foremost, early exposure to graduate courses productively enhances and integrates students' professional development. Undergraduates will be allowed to enroll in educational theory and practice courses during the years when they are developing competency in the subjects taught in K-8 classrooms. A combined pathway of theory, practice, and K-8 subject matter allows students to integrate these three legs of teaching early and often, and gives them ample time to assimilate the linkages prior to when they are required to demonstrate understanding and skills in all three areas - student teaching.

 - Art Disciplines Area 6 *unit(s)* (in two different art disciplines)
 - Area of Specialization 9 *unit(s)* (at least 6 units must be upper division)
-
- Capstone: HUM 190 - Senior Seminar in Humanities 3 *unit(s)*
 - HUM 100W - Writing in the Humanities & Interdisciplinary Arts 3 *unit(s)* (WID)

Teaching, MAT + Multiple Subject Credential (51 units)

Upon completion of the MAT and credential requirements, students must have achieved a SJSU cumulative grade point average of 3.0 in order to be recommended for a credential. Completion of the MAT also requires a minimum grade of "C" in all graduate courses taken and a minimum overall GPA of 3.0.

- EDEL 108A - Curriculum: Reading/Language Arts 3 *unit(s)* (3 units required)
- EDEL 108B - Curriculum: Science 3 *unit(s)* (3 units required)
- EDEL 108C - Curriculum: Social Studies 3 *unit(s)* (3 units required)
- EDEL 108D - Curriculum: Mathematics 3 *unit(s)* (3 units required)
- EDEL 143A - Beginning Student-Teaching (Phase I) 1-6 *unit(s)* (4 units required)
- EDEL 143B - Advanced Student-Teaching (Phase II) 1-10 *unit(s)* (Students will take up to 10 units of EDEL 143B)
- EDTE 208 - Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)* (Multicultural Foundations)
- EDTE 250 - Qualitative Research in Education 3 *unit(s)* (Research Core) (GWAR)
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*
- EDTE 297C - CalTPA Support 1 *unit(s)* (Course should be taken twice.)
- EDTE 297F - Field Support 1 *unit(s)* (Course should be taken twice.)

Culminating Experience (3 units)

Students must satisfy the culminating experience requirement by completing Plan A (Thesis) or Plan B (Project), and a **presentation on the same at the department's colloquium**, which is held near the end of each fall and spring semester.

Plan A (Thesis): Write a master's thesis. The thesis will include original research on a topic approved by the thesis committee, and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. The thesis identifies the problem, states the major assumptions, explains the significance of the undertaking, sets forth the sources for and methods of gathering information, analyzes the data, and offers a conclusion or recommendation. Thesis proposals must be approved by the graduate committee, which is made up of two department faculty and a third faculty member from outside the department. Students enroll in:

- EDTE 299 - Master's Thesis

Plan B (Project): Complete a master's project report. A project is a significant undertaking that evidences originality and independent thinking, appropriate form and organization, and a rationale. It is described and summarized in a report that includes the project's significance, objectives, methodology and a conclusion or recommendation. Students enroll in:

- EDTE 298 - Special Studies in Education

Total Units Required (155 units)

The standalone Liberal Studies, Preparation for Teaching, BA requires the completion of CHAD 135. Students satisfy this requirement in this SAGE Scholars Program by completing EDTE 262. The MAT shares EDTE 208 with the BA. Students must complete a minimum of 120 units to satisfy the bachelor's degree and a minimum of 30 units to satisfy the master's degree. In order to satisfy these requirements, 12 units of the credential count towards the bachelor's degree and 27 units of the credential count towards the master's degree.

SJSU Online

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. These upper division degree completion programs are offered through a special session that requires a separate application process. If interested, please contact one of our Enrollment Counselors for more information.

Public Relations, BS (SJSU Online)

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. This upper division degree completion program is offered through a special session that requires a separate application process.

The BS Public Relations, offered by the School of Journalism and Mass Communications, prepares students for the broad and exciting field of integrated strategic communication. Students learn how to promote an organization's brand through news outlets and social media influencers, how to create and implement marketing communication assets, and how to plan and execute public relations campaigns. The program includes courses in research, web analytics, strategic writing, content creation, event planning, social media, digital marketing, among other specialized courses in employee communications and sports public relations. Graduates work in agencies and corporations throughout the Silicon Valley, the United States, and worldwide in a wide variety of specializations from high tech to healthcare to sports and entertainment.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes will be delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times).

Summary of Degree Units

Transfer Units	60
SJSU Studies	9

Major Preparation	9
Major Requirements	39
University Electives	3
Total	120

Program Roadmaps

The 2-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Transfer Units (60 units)

- All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better.
- Applicants must also have completed the Core Lower Division General Education Requirements (39 units).
- All four CSU-approved Basics Skills courses must be completed with a C- or better:
 - (A1) Oral Communication/Speech
 - (A2) Written English Composition
 - (A3) Critical Thinking/Logic
 - (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)
- GE Area F - Ethnic Studies must be completed with a C- or better to meet the requirement at San Jose State University.
- Completion of at least 9 units of the following courses (or equivalents) with a grade of "C-" or better:
 - MCOM 63 - New Media
 - MCOM 72 - Mass Communication and Society
 - JOUR 61 - Writing for Print, Electronic and Online Media

University Requirements (9 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with a major advisor before selecting courses to satisfy the Upper Division General Education Requirements.

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (9 units)

- ADV 91 - Introduction to Advertising 3 *unit(s)*
- MCOM 100W - Writing Workshop: Mass Communications 3 *unit(s)* (WID)
- PR 99 - Introduction to Public Relations 3 *unit(s)*

Major Requirements (39 units)

- MCOM 101 - Media Law and Ethics 3 *unit(s)*
- MCOM 104 - Introduction to Mass Communications Research 3 *unit(s)*
- MCOM 111 - Mass Communications Internship 3 *unit(s)*
- PR 190 - Media and Influencer Relations 3 *unit(s)*
- PR 191 - Strategic Content Creation 3 *unit(s)*
- PR 192 - Case Studies in Strategic Communication 3 *unit(s)*
- PR 197 - Introduction to Corporate Internal Communication 3 *unit(s)*
- PR 199 - Campaign Planning and Management 3 *unit(s)*

Mass Communications Elective (3 units)

- MCOM 70 - Visual Communication for Modern Media 3 *unit(s)*
- MCOM 105 - Lifestyles, Diversity and the Media 3 *unit(s)*
- MCOM 106 - Global Mass Communication 3 *unit(s)*

Approved JMC Electives (12 units)

- Approved electives in the School of Journalism and Mass Communications (JMC), including courses in journalism, advertising, public relations or mass communications.

University Electives (3 units)

Total Units Required (120 units)

College of Information, Data & Society

Office: Student Union West

Telephone: 408-924-2670

Email: cpge@sjsu.edu

Website: www.sjsu.edu/cpge

Leadership:

Michael Meth, Interim Dean
Sandy Hirsh, Associate Dean Academics

Overview

The mission of the College of Information, Data & Society is to provide access to relevant educational programs that allow individuals to gain knowledge in a dynamic and innovative environment and become engaged, productive members of an evolving global society. We aspire to be a globally recognized College that shapes the future of the workforce, preparing students for professions that exist today and those that have yet to be created. Our college is the nexus for connecting professionals, institutions, businesses and industries, locally and from around the world, to the knowledge, resources, and talents of Silicon Valley's premier public university.

Academics

The College of Information, Data & Society offers interdisciplinary and forward-looking academic programs that prepare professionals to address the world's increasing challenges around analyzing, managing, protecting, securing, designing, organizing, and preserving data, information, records, and archives through technology-oriented and user-focused practices. The two academic units within the College of Information, Data & Society are the Department of Applied Data Science and the School of Information. Students have the opportunity to study full-time or part-time, learn in person or online, and pursue their education through a bachelor's degree, master's degrees, a credential program, and certificate programs.

This college offers the following programs:

- BS in Information Science and Data Analytics
- MS in Data Analytics
- MS in Informatics
- Master in Library and Information Science
- Master in Archives and Records Administration
- Teacher Librarian Credential
- Post Master's Certificate in Library and Information Science
- Advanced Certificate in Strategic Management of Digital Assets and Services

Undergraduate Major(s)

Information Science and Data Analytics, BS

The Bachelor of Science Information Science and Data Analytics (BS ISDA), offered by the School of Information, prepares students to work with data, technology, and people. BS ISDA majors attain skills that are applicable to a variety of careers involving analytics, visualization, big data, digital curation, digital assets management, knowledge management, information architecture, documents and records management, health care, education, and emerging technologies—all geared toward the information needs of users. Information Science and Data Analytics graduates are utilized by organizations to organize data and interpret the significance of data in a way that can be easily understood and used by others. They focus on what a person can do with an app rather than what an app does.

Program Delivery

The ISDA program is offered in two modes: as a 2-year, degree completion program through SJSU Online for students with 60 or more college credits, and as a 4-year degree program for freshman entering from high school or fewer than 60 credits. In the 2-year program through SJSU Online, all ISDA courses are online and delivered asynchronously via Canvas. In the 4-year program for entering freshman, courses are delivered both on-campus and online. In general, the program is completed as a hybrid program.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	53
Major Preparation	5
Major Requirements	48
University Electives	14
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (33 units)

Of the 39 units required by the university, 6 units may be satisfied by coursework outlined below and General Education waivers. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

Recommended: LLD 100WB - Writing Workshop for Business Students 3 *unit(s)*

Major Preparation (5 units)

Courses must be passed with a grade of C- or better.

- ISDA 20A - Query Languages 1 *unit(s)*
- ISDA 20B - Python Programming 2 *unit(s)*
- ISDA 20C - Web Development 1 *unit(s)*
- ISDA 20D - Computer Operating Systems 1 *unit(s)*

Major Requirements (48 units)

Core Courses (36 units)

All classes are infused with hands-on, real-world, collaborative projects to support students developing portfolios that demonstrate their knowledge and skills. Where necessary, students will have access to virtual labs such as INFOSEC, Amazon Web Services, Google Cloud Computing.

- ISDA 100 - Technical Writing for Information 3 *unit(s)*
- ISDA 101 - Online Learning: Tools and Strategies for Success 1 *unit(s)*
- ISDA 110 - Technology, Culture, and Society 3 *unit(s)*
- ISDA 111 - Information and Data Science 3 *unit(s)*
- ISDA 120 - Information Security 3 *unit(s)*
- ISDA 121 - Human Centered Cybersecurity 3 *unit(s)*
- ISDA 122 - Privacy, Security, Ethics 2 *unit(s)*
- ISDA 123 - Information Assurance 2 *unit(s)*
- ISDA 130 - User Centered Interface Architecture 3 *unit(s)*
- ISDA 131 - Information Architecture 3 *unit(s)*
- ISDA 140 - Big Data Analytics and Management 3 *unit(s)*
- ISDA 141 - Information Visualization 3 *unit(s)*
- ISDA 170 - The Emerging Future: Technology Issues and Trends 4 *unit(s)*

Major Electives (12 units)

Electives can be selected in consultation with an advisor from upper or lower division courses outside the department or from approved graduate courses in the School of Information in areas such as Health Data Analytics, Enterprise Content Management and Digital Preservation, Digital Curation, Digital Assets Management, Digital Forensics, Problem Solving with Data.

If electives from the School of Information graduate courses are used to meet the elective requirements, the courses can only be used for the bachelor's degree and cannot be later applied to any graduate degree.

University Electives (14 units)

Total Units Required (120 units)

Information Science and Data Analytics, BS (SJSU Online)

Fully Online Degree Completion Program

The Bachelor of Science Information Science and Data Analytics (BS ISDA), offered by the School of Information through SJSU online, prepares students to work with data, technology, and people. BS ISDA majors attain skills that are applicable to a variety of careers involving analytics, visualization, big data, digital curation, digital assets management, knowledge management, information architecture, documents and records management, health care, education, and emerging technologies-all geared toward the information needs of users. Information Science and Data Analytics graduates are utilized by organizations to organize data and interpret the significance of data in a way that can be easily understood and used by others. They focus on what a person can do with an app rather than what an app does.

Program Delivery

The program is delivered completely online via Canvas. Classes are delivered asynchronously. Where needed, virtual labs are used.

- Program Learning Outcomes

Summary of Degree Units

Units completed before admission including lower division GE and PE	60
SJSU Studies (Upper Division GE and Writing)	12
Major Requirements	48
Total	120

Program Roadmaps

The 2-Year and 3-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Transfer Units (60 units)

All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better. Applicants should also have completed all four CSU-approved Basics Skills courses, each with a C- or better:

- (A1) Oral Communication/Speech
- (A2) Written English Composition

(A3) Critical Thinking/Logic

(B4) Math/Quantitative Reasoning (above the level of intermediate algebra)

- It is recommended that students complete all lower division General Education and the Physical Education requirement before applying for admissions.
- Completion of at least 5 units of the following courses (or equivalents), each with a grade of C- or better:
- ISDA 20C - Web Development *1 unit*
- ISDA 20B - Python Programming *2 units*
- ISDA 20C - Web Development *1 unit*
- ISDA 20D - Computer Operating Systems *1 unit*

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

Recommend completion before transferring from a community college or any university.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

Recommended: LLD 100WB - Writing Workshop for Business Students *3 unit(s)*

Major Preparation (5 units)

Courses may be transferred from community colleges or any university. Courses must be passed with a grade of C- or better.

- ISDA 20A - Query Languages 1 *unit(s)*
- ISDA 20B - Python Programming 2 *unit(s)*
- ISDA 20C - Web Development 1 *unit(s)*
- ISDA 20D - Computer Operating Systems 1 *unit(s)*

Major Requirements (48 units)

- ISDA 131 - Information Architecture 3 *unit(s)*
- ISDA 140 - Big Data Analytics and Management 3 *unit(s)*
- ISDA 141 - Information Visualization 3 *unit(s)*
- ISDA 170 - The Emerging Future: Technology Issues and Trends 4 *unit(s)*

Major Electives (12 units)

Electives can be selected in consultation with an advisor from upper or lower division courses outside the department or from approved graduate courses in the School of Information in areas such as Health Data Analytics, Enterprise Content Management and Digital Preservation, Digital Curation, Digital Assets Management, Digital Forensics, Problem Solving with Data.

If electives from the School of Information graduate courses are used to meet the elective requirements, the courses can only be used for the bachelor's degree and cannot be later applied to any graduate degree.

Total Units Required (120 units)

Master(s)

Archives and Records Administration, MARA

- Requirements for Admission to Classified Standing
- Requirements for Admission to Conditionally Classified Standing
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (42 units)
- Program Learning Outcomes

The fully online Master of Archives and Records Administration (MARA) degree program at the San Jose State University's School of Information prepares students for leadership positions in information governance and corporate archives.

With the convenient and fully online MARA program, students can live anywhere while they earn their graduate degrees. The master's program is delivered exclusively online via interactive online learning technology. The multimedia format enlivens the learning experience while introducing students to the same types of tools they'll use in their professional careers.

For more information: ischool.sjsu.edu.

Requirements for Admission to Classified Standing

Candidates must meet all university admissions requirements. Applicants who meet the following requirements beyond university requirements will be considered for classified admission into the School of Information:

- A bachelor's degree from any regionally accredited institution in any discipline with a GPA of at least 3.0 at the bachelor's degree institution or in the last 60 semester or 90 quarter units.
- A general understanding of computers and technology. See Technology Literacy Requirements.
- The School requires that all students have computer access from home. See Home Computing Requirements.
- Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Admission to Conditionally Classified Standing

The School of Information does not admit students on a conditional basis.

Requirements for Advancement to Candidacy

In order to achieve candidacy, students must meet the university requirements for candidacy. General university requirements for advancement to candidacy for the MARA degree are detailed in the Graduate Policies and Procedures section.

Students must complete and submit the Petition for Advancement to Graduate Candidacy after completion of nine graded units and by the posted deadlines for the semester in which they plan to graduate. For additional program requirements and submission instructions, refer to the MARA Candidacy Approval Form Information website. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, and GPA requirements as outlined in the Graduation Requirements section of the Policies and Procedures.

Special Session Program Information

Academic Programs offered through Special Session are operated by Professional and Continuing Education. Registration and enrollment in a Special Session course or program are subject to special session fees and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or the program will trigger a separate and additional set of fees.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (42 units)

Core Courses (27 units)

- MARA 200 - Record and Recordkeeping Professions 3 *unit(s)* (GWAR)
- MARA 204 - Management of Archives, Records, Inf. Governance 3 *unit(s)*
- MARA 210 - Records Creation, Appraisal, and Retention 3 *unit(s)*
- MARA 211 - Access, Storage and Retrieval of Records 3 *unit(s)*
- MARA 249 - Management of Digital Data, Information, Records 3 *unit(s)*
- MARA 283 - Enterprise Content Management and Digital Preservation 3 *unit(s)*
- MARA 285 - Research Methods in Records Management and Archival Science 3 *unit(s)*
- MARA 286 - Information Assurance 3 *unit(s)*
- MARA 287 - Developing an Information Governance Strategy 3 *unit(s)*

Electives (12 units)

Complete twelve units:

- INFO 202 - Information Retrieval System Design 3 *unit(s)*
- INFO 220 - Resources and Information Services in Professions and Disciplines 1-3 *unit(s)*
- INFO 240 - Information Technology Tools and Applications 3 *unit(s)*
- INFO 242 - Database Design and Management 3 *unit(s)*
- INFO 246 - Information Technology Tools and Applications - Advanced 1-3 *unit(s)*
- INFO 247 - Vocabulary Design 3 *unit(s)*
- INFO 248 - Beginning Cataloging and Classification 3 *unit(s)*
- INFO 251 - Web Usability 3 *unit(s)*
- INFO 256 - Archives and Manuscripts 3 *unit(s)*
- INFO 259 - Preservation Management 3 *unit(s)*
- INFO 280 - History of Books and Libraries 3 *unit(s)*
- INFO 281 - Seminar in Contemporary Issues 1-3 *unit(s)*
- INFO 282 - Seminar in Library Management 1-3 *unit(s)*
- INFO 284 - Seminar in Archives and Records Management 1-3 *unit(s)*
- INFO 287 - Seminar in Information Science 1-3 *unit(s)*
- INFO 298 - Special Studies 1-3 *unit(s)*

- MARA 284 - Seminar in Archives and Records Management 1-3 unit(s)
- MARA 294 - Professional Experience 3 unit(s)

Culminating Experience (Plan B only) (3 units)

- MARA 289 - Advanced Topics in Archives and Records Administration (ePortfolio) 1-3 unit(s) (3 units required)

Total Units Required (42 units)

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Data Analytics, MS

- Admissions Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Science in Data Analytics, offered by the Department of Applied Data Science, is developed in partnership with industry experts targeting students from diverse academic and professional backgrounds. Students receive the advanced education necessary to apply analytics to solve real-world problems by immersing them in the full data analytics process lifecycle.

Students learn how to build portfolios of data analytics projects by leveraging the interrelationship between domain data knowledge and emerging information technologies. Students advance their knowledge and skills through the integration of:

- Identifying domain-specific problems, defining requirements, and establishing measurable organizational objectives.
- Performing data exploration, preparation, visualization, and governance.
- Applying programming, statistics, database, data mining, and machine learning technologies to build models for descriptive, diagnostic, predictive, and prescriptive data analytics.
- Engaging in the development, validation, and monitoring of data analytics systems to meet requirements and objectives.

Today most organizations treat analytics as a strategic asset, and analytics is central to many functional roles and skills. This program prepares students for a career in data analytics in almost all industry domains. Potential career roles for graduates include data analyst, data administrator, business intelligence analyst, and information research scientist.

The program is offered in both regular and special sessions. For more information, visit the [MS Data Analytics program website](#).

Admissions Requirements

Admission to University

Candidates must apply through the CSU admissions portal, Cal State Apply, and meet all university admission requirements.

In addition to holding a bachelor's degree, international applicants (or applicants who earned their degrees in a country where the primary language is not English) must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Admission to Program

Applicants must meet all university admissions requirements. An applicant can be admitted in either classified or conditionally classified standing.

An applicant can be admitted to classified standing if the applicant has a bachelor's degree from an accredited institution with a grade point average of 3.0 or better. In addition, this applicant's preparation for advanced graduate work in mathematics and computer programming must be considered adequate to meet the course prerequisites and other departmental requirements.

Admission to Conditionally Classified Standing

An applicant might be conditionally admitted to the program with a marginal deficiency in the above requirements. The admission letter will explain the required coursework, terms, and conditions for removing deficiencies and attaining classified standing.

Requirements for Advancement to Candidacy

The university requirements for advancement to candidacy for the master's degree are outlined in the Graduate Policies and Procedures section. Candidacy includes successful completion of the Graduation Writing Assessment Requirement (GWAR), MSDA program course requirements and the links to specialization course requirements are listed at sjsu.edu/msda.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MS - Data Analytics Graduation Requirements

The program consists of 30 semester units of 200-level courses with a cumulative GPA of 3.0 or better. The program has developed two specializations: Specialization in Analytics Technologies and Specialization in Data Engineering. These specializations will be offered according to industry trends, student demands, and resource availability. For more information, visit the MS in Data Analytics program website.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience (Plan A or Plan B)

All students must complete one of the following culminating experience options as part of their 30-unit program requirement.

Plan A (Thesis)

Students opting to complete a master's thesis will take the DATA 299A and DATA 299B as a two-course sequence. The student is responsible for securing the commitment of a full-time tenured or tenure-track faculty member who agrees to serve as the thesis committee chair. The student must also secure the commitments of two additional university faculty members, one of whom must be a full-time tenured or tenure-track faculty member, to serve as the student's thesis committee. The student must write a thesis proposal and have it approved by the thesis committee and pass the DATA 299A course before enrolling in DATA 299B. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

Plan B (Project)

The graduate project is a research or development effort performed by a team of students on a topic chosen by mutual agreement between an advisor and the team. The choice of project topic must also be approved by the instructor of DATA 298A. DATA 298A is the first part of the master's project in which students develop a comprehensive plan and preliminary design of a data analytics project. DATA 298B is the second part of the master's project course in which each student completes an in-depth written project to achieve the program outcomes and satisfy the program's culminating experience requirement.

Master's Requirements (30 units)

Core Courses (15 units)

- DATA 220 - Mathematical Methods for Data Analytics 3 *unit(s)*
- DATA 228 - Big Data Technologies and Applications 3 *unit(s)*
- DATA 230 - Business Intelligence and Data Visualization 3 *unit(s)*
- DATA 245 - Machine Learning Technologies 3 *unit(s)* (GWAR)
- DATA 255 - Deep Learning Technologies 3 *unit(s)*

Electives (9 units)

Complete three courses from one specialization:

Analytics Technologies

- DATA 225 - Database Systems for Analytics 3 *unit(s)*
- DATA 240 - Data Mining and Analytics 3 *unit(s)*
- DATA 265 - Large Language Model Applications 3 *unit(s)*

Data Engineering

- DATA 226 - Data Warehouse and Pipeline 3 *unit(s)*
- DATA 236 - Distributed Systems for Data Engineering 3 *unit(s)*
- DATA 266 - Generative Model Applications 3 *unit(s)*

Culminating Experience (6 units)

Complete One Plan:

Plan A (Thesis) (6 units)

- DATA 299A - MSDA Thesis I 3 *unit(s)*
- DATA 299B - MSDA Thesis II 3 *unit(s)*

Plan B (Project) (6 units)

- DATA 298A - MSDA Project I 3 *unit(s)*
- DATA 298B - MSDA Project II 3 *unit(s)*

Total Units Required (30 units)

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Informatics, MS

- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

Informatics is an interdisciplinary and inter-professional field that focuses on collecting, analyzing, securing, and managing data and information; and turning that data and information into actionable knowledge from a user-centered perspective within the context of another domain, such as health or cybersecurity/privacy.

Students will take 18 units of course work that will provide the **foundations and skills** needed to:

- Design and develop secure user-centered knowledge structures for the Web environment using design thinking, prototyping, and human-computer interaction tools.
- Set up secure digital assets management systems (DAM) working with metadata, workflow, taxonomy, data security, governance, and preservation of digital assets.
- Define, identify, control, manage, secure, and preserve electronic records and information including the management of records and information as operational, legal, and historical evidence in electronic environments.
- Manage projects: people, timelines, resources, goals, and outcomes.

The central set of knowledge and skills obtained in the foundation and skills courses can be applied to many different domains as graduates develop their careers.

For more information visit the MS Informatics website.

Requirements for Admission to Classified Standing

Candidates must meet all university admission requirements.

Applicants who meet the following requirements beyond university requirements will be considered for admission into the School of Information:

- A bachelor's degree from any regionally accredited institution in any discipline with a GPA of at least 2.8 at the bachelor's degree institution or in the last 60 semester or 90 quarter units.
- Skill with HTML5 and CSS3 - or updated standards -as demonstrated via class transcripts or work experience.
- The School requires that all students have computer access from home. See Home Computing Requirements.
- Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Admission to Conditional Classified Standing

The School of Information does not admit students on a conditional basis.

Requirements for Advancement to Graduate Candidacy

In order to achieve candidacy, students must meet the university requirements for candidacy. General university requirements for advancement to candidacy for the Informatics degree are detailed in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

Students must complete and submit the Petition for Advancement to Graduate Candidacy after completion of nine units and by the posted deadlines for the semester in which they plan to graduate.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Special Session Program Information

Academic Programs offered through Special Session are operated by Professional and Continuing Education. Registration and enrollment in a Special Session course or program are subject to special session fees and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or the program will trigger a separate and additional set of fees. This may require an additional enrollment appointment from the Registrar and it may have implications for financial aid status or requirements.

Master's Requirements (30 units)

Foundation and Skills (18 units)

- INFM 200 - Informatics: Fundamentals 3 *unit(s)* (GWAR)
- INFM 201 - Informatics: Technology Foundations 2 *unit(s)*
- INFM 202 - Informatics: Security Overview 1 *unit(s)*
- INFM 203 - Big Data Analytics and Management 2 *unit(s)*
- INFM 204 - Human Centered Design 2 *unit(s)*
- INFM 205 - Informatics: Project Management 2 *unit(s)*
- INFM 206 - Electronic Records: Foundations 3 *unit(s)*
- INFM 207 - DAM: Digital Assets Management 2 *unit(s)*
- INFM 208 - Information Security: Info Assurance 1 *unit(s)*

Specialization Area (9 units)

Specializations will be offered on a rotating basis: Health, and Cybersecurity and Privacy

Health Specialization

- INFM 210 - Health Informatics 3 *unit(s)*
- INFM 213 - Epidemiological Methods 3 *unit(s)*
- INFM 214 - Health Data and Analytics 3 *unit(s)*

Cybersecurity and Privacy Specialization

- INFM 215 - Network Security 3 *unit(s)*
- INFM 216 - Computer Digital Forensics 3 *unit(s)*
- INFM 217 - Tools Lab 3 *unit(s)*

Culminating Experience (Plan B Only) (3 units)

- INFM 211 - Informatics Culminating Project 3 *unit(s)*

Total Units Required (30 units)

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Library and Information Science, MLIS

- Requirements for Admission to Classified Standing
- Requirements for Admission to Conditionally Classified Standing
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (43 units)
- Program Learning Outcomes

The San José State University (SJSU) School of Information prepares individuals for careers as information professionals. Graduates work in diverse areas of the information profession, such as user experience design, digital asset management, information architecture, electronic records management, information governance, digital preservation, and librarianship. The SJSU School of Information delivers all of its graduate degrees and certificates fully online. It is a recognized leader in online education and received the Online Learning Consortium's Outstanding Online Program award.

For more information: ischool.sjsu.edu.

Requirements for Admission to Classified Standing

Candidates must meet all university admission requirements. Applicants who meet the following requirements beyond university requirements will be considered for admission into the School of Information:

- A bachelor's degree from any regionally accredited institution in any discipline with a GPA of at least 3.0 at the bachelor's degree institution or in the last 60 semester or 90 quarter units.
- A general understanding of computers and technology. See Technology Literacy Requirements.
- The School requires that all students have computer access from home. See Home Computing Requirements.
- Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Admission to Conditionally Classified Standing

The School of Information does not admit students on a conditional basis.

Requirements for Advancement to Graduate Candidacy

In order to achieve candidacy, students must meet the university requirements for candidacy. General university requirements for advancement to candidacy for the MLIS degree are detailed in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

Students must complete and submit the Petition for Advancement to Graduate Candidacy after completion of nine units and by the posted deadlines for the semester in which they plan to graduate. For additional program requirements and submission instructions, refer to the MLIS Candidacy Approval Form Information website.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Special Session Program Information

Academic Programs offered through Special Session are operated by Professional and Continuing Education. Registration and enrollment in a Special Session course or program are subject to special session fees and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or the program will trigger a separate and additional set of fees.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

This requirement is satisfied by passing INFO 200.

Culminating Experience

Plan A (Thesis)

The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

Plan B (ePortfolio)

The e-Portfolio provides a program-based assessment to ensure that each student demonstrates mastery of all program learning outcomes for the MLIS degree before graduation. It requires students to select, document, and assemble evidence of their competence in a series of skill areas the faculty have deemed essential for entry-level professional performance.

Master's Requirements (43 units)

Core Courses (13 units)

INFO 200, INFO 202, and INFO 204 must be passed with a grade of B or better.

- INFO 200 - Information Communities 3 *unit(s)* (GWAR)
- INFO 202 - Information Retrieval System Design 3 *unit(s)*
- INFO 203 - Online Learning: Tools and Strategies 1 *unit(s)*
- INFO 204 - Information Professions 3 *unit(s)*
- INFO 285 - Applied Research Methods 1-4 *unit(s)*

Electives (27 units)

Complete twenty-seven units from:

- INFO 210 - Reference and Information Services 1-3 *unit(s)* (3 units required)
- INFO 220 - Resources and Information Services in Professions and Disciplines 1-3 *unit(s)*
- INFO 221 - Government Information Sources 3 *unit(s)*
- INFO 230 - Issues in Academic Libraries 3 *unit(s)*
- INFO 231 - Issues in Special Libraries and Information Centers 3 *unit(s)*
- INFO 232 - Issues in Public Libraries 3 *unit(s)*
- INFO 233 - School Library Media Centers 3 *unit(s)*
- INFO 234 - Intellectual Freedom Seminar 3 *unit(s)*
- INFO 237 - School Library Media Materials 3 *unit(s)*
- INFO 240 - Information Technology Tools and Applications 3 *unit(s)*
- INFO 241 - Automated Library Systems 1-3 *unit(s)* (3 units required)
- INFO 242 - Database Design and Management 3 *unit(s)*
- INFO 244 - Online Searching 3 *unit(s)*
- INFO 246 - Information Technology Tools and Applications - Advanced 1-3 *unit(s)*
- INFO 247 - Vocabulary Design 3 *unit(s)*
- INFO 248 - Beginning Cataloging and Classification 3 *unit(s)*
- INFO 250 - Design and Implementation of Instructional Strategies for Information Professionals 3 *unit(s)*
- INFO 251 - Web Usability 3 *unit(s)*
- INFO 254 - Information Literacy and Learning 3 *unit(s)*
- INFO 256 - Archives and Manuscripts 3 *unit(s)*
- INFO 259 - Preservation Management 3 *unit(s)*
- INFO 263 - Materials for Children 3 *unit(s)*
- INFO 265 - Materials for Young Adults Ages 3 *unit(s)*
- INFO 266 - Collection Management 3 *unit(s)*
- INFO 267 - Services to Youth 1-9 *unit(s)*
- INFO 268 - History of Youth Literature 3 *unit(s)*
- INFO 269 - Early Childhood Literacy 3 *unit(s)*
- INFO 271A - Genres and Topics in Youth Literature 1-9 *unit(s)*

- INFO 275 - Library Services for Racially and Ethnically Diverse Communities 3 *unit(s)*
- INFO 280 - History of Books and Libraries 3 *unit(s)*
- INFO 281 - Seminar in Contemporary Issues 1-3 *unit(s)*
- INFO 282 - Seminar in Library Management 1-3 *unit(s)*
- INFO 283 - Marketing of Information Products and Services 1-3 *unit(s)* (3 *units required*)
- INFO 284 - Seminar in Archives and Records Management 1-3 *unit(s)*
- INFO 286 - Interpersonal Communication Skills for Librarians 1-3 *unit(s)*
- INFO 287 - Seminar in Information Science 1-3 *unit(s)*
- INFO 293 - Introduction to Data Networking 3 *unit(s)*
- INFO 294 - Professional Experiences: Internships 2-4 *unit(s)*
- INFO 295 - School Library Field Work 3 *unit(s)*
- INFO 298 - Special Studies 1-3 *unit(s)*

Culminating Experience (3 units)

Complete One Option (Plan A Thesis Or Plan B Portfolio):

Plan A (Thesis)

- INFO 299 - Thesis 3 *unit(s)*

Plan B (Portfolio)

- INFO 289 - Advanced Topics in Library and Information Science 3 *unit(s)*

Total Units Required (43 units)

Students can transfer up to 9 units subject to the School's transfer policies.

Elective courses must be planned in consultation with the Graduate Advisor

A maximum of 15 upper-division undergraduate units can be applied toward the master's degree.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Advanced Certificate(s)

Library and Information Science Post-Master's Certificate

The Post-Master's Certificate program, offered by the School of Information, features eight career pathways focused on diverse specializations, such as digital curation, emerging technologies, web programming, data science, and more! Certificate program students choose one career pathway and then select five courses from that career pathway, tailoring their in-depth learning experience to their career aspirations. In addition, all students begin the program with a one-unit guided learning experience that introduces our school's interactive online learning environment. After completing 16 units of required coursework, certificate students demonstrate their mastery of the program's learning outcomes.

Visit the Post Master's Certificate webpage for more information.

Gainful Employment Disclosure

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Strategic Management of Digital Assets and Services Certificate

The Strategic Management of Digital Assets and Services Certificate, offered by the School of Information, provide students the insights on handling and governance of digital information and data in organizational and networked contexts, including digital assets management, digital curation, information governance, information assurance, data analytics, marketing, community informatics, and demonstrating value. Students pick one career pathway and select 9 units from that pathway.

Visit the Digital Asset Certificate webpage for more information.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (9 units)

Complete one career pathway and select 9 units from that pathway.

Digital Assets Management Pathway (9 units)

Students select any 9 units from the following:

- INFO 282 - Seminar in Library Management *1-3 unit(s) (3 units required)*
- INFO 284 - Seminar in Archives and Records Management *1-3 unit(s)*

Information Governance, Assurance and Security (9 units)

- MARA 284 - Seminar in Archives and Records Management *1-3 unit(s) (6 units required)*
- INFO 287 - Seminar in Information Science *1-3 unit(s) (3 units required)*

Data Analytics and Data Driven Decision Making (9 units)

Students select any 9 units from the following:

- INFO 246 - Information Technology Tools and Applications - Advanced *1-3 unit(s)*
- INFO 220 - Resources and Information Services in Professions and Disciplines *1-3 unit(s)*
- INFO 282 - Seminar in Library Management *1-3 unit(s)*

Advocacy, Marketing and Community Informatics (9 units)

- INFO 281 - Seminar in Contemporary Issues *1-3 unit(s)*
- INFO 282 - Seminar in Library Management *1-3 unit(s)* (Topic: Digital Assets Management)
- INFO 283 - Marketing of Information Products and Services *1-3 unit(s)*

Total Units Required (9 units)

College of Science

- Overview
- Advising Center
- Special Centers

- Medical Product Development Management MS Program

Office: Science 127

Telephone: 408-924-4800

Website: www.sjsu.edu/science

Leadership:

Michael Kaufman, Dean

Shelley Cargill, Associate Dean of Academic Programs and Student Success

Miri VanHoven, Associate Dean for Research

Overview

San José is at the center of Silicon Valley, known worldwide for its research institutes and industries that set the standard for scientific and technological innovation. San José State is the metropolitan university of the region, and the academic programs of the College of Science prepare students for rewarding careers through our bachelor's and master's level degree programs in the biological sciences, physical sciences, mathematics and computer science fields. Our departments have established partnerships with local employers where students find training and employment opportunities.

The College of Science provides the lower division core biology, chemistry, mathematics and physics courses supporting majors in other technical disciplines (such as engineering). As part of the university general education requirements, we offer courses in quantitative reasoning, the physical universe and its life forms, and earth and the environment. Furthermore, we teach the discipline-specific courses for the science and mathematics teacher credential programs.

Successful science students come from many backgrounds. Some enter the university immediately upon graduation from high school. Others, who have worked or have various life experiences, enroll as either full or part-time students in order to continue their education and better their career opportunities. The maturity, laboratory skills and experience of these students enrich our programs. We have several programs to increase the participation of women and underrepresented students in professional level science. Our College of Science Student Success Center, formerly COSAC, is available to assist students with their academic advising questions.

There are active student clubs associated with each major, several of which have won national recognition for their professional and community service activities. Club members provide mutual support and are able to network with professionals in their field. A list of programs and courses can be found on each department page in the catalog.

- Department of Biological Sciences
- Department of Chemistry
- Department of Computer Science
- Department of Geology
- Department of Mathematics and Statistics
- Department of Physics and Astronomy
- Moss Landing Marine Laboratories
- Science Education Program

College of Science Student Success Center (formerly COSAC)

Special Centers

The College of Science has several unique interdisciplinary instructional research centers and programs: the Master of Biotechnology, MBT, the Medical Product Development Management, MS, the Clinical Lab Scientist Certificate Program, the Clinical Genetic Molecular Biology Molecular Biologist Advanced Certificate, the Center for Applied Mathematics, Computation and Statistics, the Institute for Modern Optics, the Materials Characterization and Metrology Center, the W.M. Keck Facility for Chemical Research, and the Moss Landing Marine Laboratories. Partially funded by external grants and contracts, these centers provide our students opportunities to participate in sponsored research projects. Cooperative programs with local industries and government laboratories are additional sources of professional experience and financial support for our science majors.

Teaching Credential Programs

Two single subject credential programs are coordinated by the College of Science, in collaboration with the Connie L. Lurie College of Education. The single subject professional programs are designed for individuals who are interested in teaching science or mathematics in middle schools or high schools. The Science Education Program offers single subject credential programs in biology, chemistry, earth science and physics. The Department of Mathematics and Statistics offers a mathematics single subject credential program. For detailed information, contact the appropriate program coordinator.

Medical Product Development Management, MS

Office: Duncan Hall (DH), Room 452

Professors

Sulekha Anand, Statistics

Kunal Sampat, Interim Director, Medical Device & Diagnostics Clinical Trials

Leonard Wesley, Bioinformatics

Arvinder Loomba, PMP, Business Management

Sheldon Mullins, Biopharmaceutical Regulatory Affairs

Vivan Tran, Pharmacovigilance & Drug Safety

Overview

The Masters of Science (MS) degree in Medical Product Development Management (MPDM) is offered by SJSU's College of Science, in collaboration with Professional & Global Engagement and the Lucas Graduate School of Business. The MPDM MS program combines clinical research, regulatory affairs, bioinformatics and customized technical classes with MBA-level business and management courses. The industry-relevant curriculum was designed in collaboration with experts from biomedical companies in the greater San Francisco Bay area to prepare students for careers in the biopharmaceutical, medical devices and in-vitro diagnostics industries. To accommodate students

who work full-time, courses are offered during evenings or weekends, and several classes are offered online for scheduling flexibility.

Undergraduate Major(s)

Applied Mathematics, Applied and Computational Mathematics Concentration, BS

This degree is recommended for students who wish to work in the research and development area of industry. This program also prepares a student for graduate study in applied mathematics, numerical analysis, or operations research.

The concentration in Applied and Computational Mathematics, offered by the Department of Mathematics and Statistics, provides a solid foundation in classical applied mathematics as well as computational mathematics, which could be informally described as "how to employ mathematics on computers wisely." A graduate could seek direct employment assisting a group of scientists with the formulation and solution of problems. There is a great need in local and national technical industries for people with sufficiently strong mathematical knowledge to participate on such teams. For example, modern techniques for solving partial differential equations are very sophisticated; the best method in a given situation depends on the properties of the model. Once a numerical approximation has been formulated, the techniques to solve that, and the commercial software available to do it, again require informed decisions.

Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	47
Major Preparation	23
Major Core Requirements	28
Specialized Tracks	15
University Electives	7
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Preparation and Required in the Major must be completed with a grade of "C- or better", and the following Preparation for the Major course with a grade of "C or better": 100W.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)

- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (23 units)

- CS 46A - Introduction to Programming 4 *unit(s)*
- CS 46B - Introduction to Data Structures 4 *unit(s)*
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID + R) or CS 100W (WID) or PHYS 100W (WID) or other 100W in consultation with major advisor.

Support Courses (12 units)

- 12 units in a supporting area, of which at least 6 units must be upper division units. The choices must be approved by the Mathematics and Statistics Department 12 *unit(s)*

Major Requirements (43 units)

Lower Division Requirements (19 units)

- MATH 30 - Calculus I 3 *unit(s)* (B4)
MATH 30X may be used instead of MATH 30.
- MATH 31 - Calculus II 4 *unit(s)* (B4)
MATH 31X may be used instead of MATH 31.
- MATH 32 - Calculus III 3 *unit(s)* (B4)
MATH 32X may be used instead of MATH 32.
- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 *unit(s)*
- MATH 39 - Linear Algebra I 3 *unit(s)*
- MATH 42 - Discrete Mathematics 3 *unit(s)*
MATH 42X may be used instead of MATH 42.

Upper Division Requirements (24 units)

- MATH 143M - Numerical Analysis and Scientific Computing 3 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*

Complete One Course From:

- MATH 134 - Ord. Diff. Eqns and Dynamical Systems 3 *unit(s)*
- MATH 170 - Mathematical Modeling for the Life Sciences 3 *unit(s)*
- MATH 177 - Linear and Non-Linear Optimization 3 *unit(s)*

Specialized Track (15 units)

Complete one of the following two tracks. Tracks are a cluster of courses used for advising purposes. Tracks will not appear on transcripts or diplomas. Please see an advisor in the Mathematics and Statistics department for more details.

Applied Math Track

- MATH 132 - Advanced Calculus 3 *unit(s)*
- MATH 133B - Partial Differential Equations 3 *unit(s)*
- MATH 138 - Complex Variables 3 *unit(s)*
- MATH 143C - Numerical Analysis and Scientific Computing 3 *unit(s)*

Complete One Course From:

- MATH 127 - Applied and Industrial Algebra 3 *unit(s)*
- MATH 142 - Introduction to Combinatorics 3 *unit(s)*
- MATH 146 - An Introduction to Mathematical Cryptography 3 *unit(s)*
- MATH 179 - Introduction to Graph Theory 3 *unit(s)*

Applied Discrete Math Track

- MATH 142 - Introduction to Combinatorics 3 *unit(s)*
- MATH 179 - Introduction to Graph Theory 3 *unit(s)*

Complete One Course From:

- MATH 127 - Applied and Industrial Algebra 3 *unit(s)*
- MATH 163 - Probability Theory 3 *unit(s)*

Complete Two Courses (Not Counted Above):

- MATH 127 - Applied and Industrial Algebra 3 *unit(s)*
- MATH 129B - Linear Algebra II 3 *unit(s)*
- MATH 143C - Numerical Analysis and Scientific Computing 3 *unit(s)*
- MATH 143M - Numerical Analysis and Scientific Computing 3 *unit(s)*
- MATH 146 - An Introduction to Mathematical Cryptography 3 *unit(s)*

- MATH 161B - Applied Probability and Statistics II 3 *unit(s)*
- MATH 162 - Statistics for Bioinformatics 3 *unit(s)*
- MATH 163 - Probability Theory 3 *unit(s)*
- MATH 177 - Linear and Non-Linear Optimization 3 *unit(s)*
- CS 116A - Introduction to Computer Graphics 3 *unit(s)*
- CS 146 - Data Structures and Algorithms 3 *unit(s)*
- CS 151 - Object-Oriented Design 3 *unit(s)*
- CS 155 - Introduction to the Design and Analysis of Algorithms 3 *unit(s)*
- CS 157A - Introduction to Database Management Systems 3 *unit(s)*
- CS 159 - Introduction to Parallel Processing 3 *unit(s)*

University Electives (7 units)

Total Units Required (120 units)

Biological Sciences - Ecology and Evolution, BS

The BS Ecology and Evolution degree, offered by the Department of Biological Sciences, prepares students for careers in conservation and wildlife management, entomology, zoology, and plant biology for jobs at environmental consulting firms, the California Department of Fish and Wildlife, the US Forest Service, the US Fish and Wildlife Service, water districts, biotechnology companies, and national parks. The program includes several hands-on, field-oriented classes, which prepare students with practical experiences in the field.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	31-37
Major Core	38
Major Electives	7-13
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

Students in this major must complete all lower division courses in the Requirements of the Major with a "C- or better" to graduate.

Prerequisite Requirements

Enrollment in any chemistry course requires that the prerequisite courses be passed with a grade of "C or better" (C- not accepted). Exceptions may be made only with instructor consent or if not explicitly stated in the course description. Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (31-37 units)

- BIOL 100W - Scientific Communication Workshop 3 *unit(s)* (R+WID)
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)

Statistical Analysis (3 units)

Complete One Course From:

- BIOL 155 - Hypothesis Testing 3 *unit(s)*
- BIOL 156 - Ecological Sampling Design and Analyses 3 *unit(s)*

Organic Chemistry (4-8 units)

Complete One Sequence From:

- CHEM 8 - Organic Chemistry 3 *unit(s)*
- CHEM 9 - Organic Chemistry Lab 1 *unit(s)*
- OR
- CHEM 112A - Organic Chemistry 3 *unit(s)*
- CHEM 112B - Organic Chemistry 3 *unit(s)*
- CHEM 113A - Organic Chemistry Lab 2 *unit(s)*

Calculus Concepts (3-5 units)

Complete One Course From:

- MATH 19 - Precalculus 5 *unit(s)* (B4)
- MATH 30 - Calculus I 3 *unit(s)* (B4)

Major Requirements (45-51 units)

Core Courses (38 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2+B3)
- BIOL 31 - Principles of Biology II 4 *unit(s)* (B2+B3)
- BIOL 106 - Physiological Ecology 3 *unit(s)*
- BIOL 106L - Physiological Ecology Lab 1 *unit(s)*
- BIOL 113 - Principles of Systematics 3 *unit(s)*
- BIOL 118 - Evolution 4 *unit(s)*
- BIOL 160 - Ecology 4 *unit(s)* (R)
- BIOL 163 - Conservation Biology 3 *unit(s)*
- BOT 165 - Plant Communities of California 4 *unit(s)*

Biological Diversity (8 units)

Complete Two Courses From:

- BOT 104 - Plant Taxonomy 4 *unit(s)*
- ENT 101 - Insect Diversity 4 *unit(s)*
- ZOOL 115 - Invertebrate Zoology and Natural History 4 *unit(s)*
- ZOOL 116 - Vertebrate Evolution and Natural History 4 *unit(s)*

Major Electives (7-13 units)

Complete 7-13 units from:

BOT 104, ENT 101, ZOOL 115 and *ZOOL 116* (whichever weren't taken above),

- BIOL 111 - Fire Ecology 4 *unit(s)*
- BIOL 115 - General Genetics 4 *unit(s)*
- BIOL 124 - Systems Physiology 3 *unit(s)*
- BIOL 148 - Molecular Ecology 4 *unit(s)*
- BIOL 155 - Hypothesis Testing 3 *unit(s)*
- BIOL 161 - Introduction to Marine Ecology 4 *unit(s)*
- BIOL 162 - Marine Biology and Oceanography 4 *unit(s)*
- BIOL 164 - Ecological Field Methods 3 *unit(s)*
- BIOL 180 - Individual Studies 1-4 *unit(s)*
- BOT 104 - Plant Taxonomy 4 *unit(s)*
- CHEM 132 - Introductory Biochemistry 4 *unit(s)*
- CHEM 135 - General Biochemistry 4 *unit(s)*
- ENT 101 - Insect Diversity 4 *unit(s)*

- ENT 106 - Forensic Entomology 3 *unit(s)*
- GEOL 137 - Introduction to GPS/GIS for Geologic Applications 4 *unit(s)*
- GEOL 142 - Paleontology 4 *unit(s)*
- MICR 101 - General Microbiology 5 *unit(s)*
- ZOOL 115 - Invertebrate Zoology and Natural History 4 *unit(s)*
- ZOOL 116 - Vertebrate Evolution and Natural History 4 *unit(s)*
- ZOOL 143 - Biogeography 3 *unit(s)*
- Other upper-division non-GE BIOL/BOT/ENT/ZOOL/MICR/MS electives with prior advisor approval

Total Units Required (120 units)

Students must obtain a prior advisor approval for electives and for choice of courses within categories.

Biological Sciences - Marine Biology, BS

The BS Marine Biology degree, offered by the Department of Biological Sciences, prepares students for careers in marine science and graduate programs. Students have the opportunity to take specialized, upper-division coursework on the SJSU Campus and at our affiliated Moss Landing Marine Laboratories in Monterey County.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	35
Major Preparation	27
Major Core	35
Major Electives	23
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

Students in this major must complete all lower division courses in the Requirements of the Major with a "C- or better" to graduate.

Prerequisite Requirements

Enrollment in any chemistry course requires that the prerequisite courses be passed with a grade of "C or better" (C- not accepted). Exceptions may be made only with instructor consent or if not explicitly stated in the course description. Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Of the 39 units, the following 21 units are not satisfied in the major:

- GE Area A1 3 *unit(s)*
- GE Area A2 3 *unit(s)*
- GE Area C1 3 *unit(s)*
- GE Area C2 3 *unit(s)*
- Additional Area C1 or C2 3 *unit(s)*
- GE Area E 3 *unit(s)*
- GE Area F 3 *unit(s)*

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (27 units)

- BIOL 100W - Scientific Communication Workshop 3 *unit(s)* (R+WID)
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 8 - Organic Chemistry 3 *unit(s)*
- CHEM 9 - Organic Chemistry Lab 1 *unit(s)*
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)

Complete one course:

- BIOL 155 - Hypothesis Testing 3 *unit(s)*
- BIOL 156 - Ecological Sampling Design and Analyses 3 *unit(s)*

Major Requirements (58 units)

Core Courses (31 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2+B3)
- BIOL 31 - Principles of Biology II 4 *unit(s)* (B2+B3)
- BIOL 106 - Physiological Ecology 3 *unit(s)*
- BIOL 106L - Physiological Ecology Lab 1 *unit(s)*
- BIOL 113 - Principles of Systematics 3 *unit(s)*
- BIOL 118 - Evolution 4 *unit(s)*
- BIOL 160 - Ecology 4 *unit(s)* (R)
- BIOL 161 - Introduction to Marine Ecology 4 *unit(s)*
- BIOL 162 - Marine Biology and Oceanography 4 *unit(s)*

Biological Diversity (4 units)

Complete one course:

- ZOO 115 - Invertebrate Zoology and Natural History 4 *unit(s)*
- ZOO 116 - Vertebrate Evolution and Natural History 4 *unit(s)*
- MS 112 - Marine Birds and Mammals 4 *unit(s)*
- MS 113 - Marine Ichthyology 4 *unit(s)*
- MS 124 - Marine Invertebrate Zoology I 4 *unit(s)*
- MS 131 - Marine Botany 4 *unit(s)*

Major Electives (23 units)

Complete 23 units from:

- BIOL 115 - General Genetics 4 *unit(s)*
- BIOL 142 - Paleontology 4 *unit(s)*
- BIOL 143 - Biogeography 3 *unit(s)*
- BIOL 148 - Molecular Ecology 4 *unit(s)*
- BIOL 155 - Hypothesis Testing 3 *unit(s)* *If not taken above*
- BIOL 156 - Ecological Sampling Design and Analyses 3 *unit(s)* *If not taken above*
- BIOL 163 - Conservation Biology 3 *unit(s)*
- BIOL 164 - Ecological Field Methods 3 *unit(s)*
- BIOL 180 - Individual Studies 1-4 *unit(s)*
- CHEM 132 - Introductory Biochemistry 4 *unit(s)*
- GEOL 137 - Introduction to GPS/GIS for Geologic Applications 4 *unit(s)*
- GEOL 142 - Paleontology 4 *unit(s)*
- MS 105 - Marine Science Diving 3 *unit(s)*
- MS 112 - Marine Birds and Mammals 4 *unit(s)* *If not taken above*
- MS 113 - Marine Ichthyology 4 *unit(s)* *If not taken above*
- MS 124 - Marine Invertebrate Zoology I 4 *unit(s)* *If not taken above*
- MS 131 - Marine Botany 4 *unit(s)* *If not taken above*
- MS 135 - Physiological Ecology of Marine Algae 4 *unit(s)*
- MS 141 - Geological Oceanography 4 *unit(s)*
- MS 142 - Physical Oceanography 4 *unit(s)*
- MS 143 - Chemical Oceanography 4 *unit(s)*
- MS 180 - Independent Studies 1-4 *unit(s)*
- ZOO 115 - Invertebrate Zoology and Natural History 4 *unit(s)* *If not taken above*

- ZOOL 116 - Vertebrate Evolution and Natural History 4 *unit(s) If not taken above*
- Other upper-division non-GE BIOL/BOT/ZOOL/MICR/MS electives with prior advisor approval

Total Units Required (120 units)

Biological Sciences, BA

The BA Biological Sciences degree, offered by the Department of Biological Sciences, provides a fundamental biology background while affording ample electives for students that desire a high degree of flexibility. This degree program is desirable for careers involving some aspect of biology such as preparation for K-12 teaching programs, pre-professional programs for pharmacy, optometry and dental schools, government fields related to biology, science writing, science illustration, or patent agent.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	35-41
Major Requirements	34-35
University Electives	6-13
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

Students in this major must complete all lower division courses in the Requirements of the Major with a "C- or better" to graduate.

Prerequisite Requirements

Enrollment in any chemistry course requires that the prerequisite courses be passed with a grade of "C or better" (C- not accepted). Exceptions may be made only with instructor consent or if not explicitly stated in the course description. Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements (except for 1 course in GE Area C and 1 course in GE Area D) and should follow the 60 unit guarantee roadmap (which include the missing GE in Area C and D). Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (35-41 units)

- BIOL 100W - Scientific Communication Workshop 3 *unit(s)* (R+WID)
- BIOL 155 - Hypothesis Testing 3 *unit(s)*
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)

Organic Chemistry (4-8 units)

Complete the Organic Chemistry A or B course sequence:

Organic Chemistry A

- CHEM 8 - Organic Chemistry 3 *unit(s)*
- CHEM 9 - Organic Chemistry Lab 1 *unit(s)*

Organic Chemistry B

- CHEM 112A - Organic Chemistry 3 *unit(s)*
- CHEM 112B - Organic Chemistry 3 *unit(s)*
- CHEM 113A - Organic Chemistry Lab 2 *unit(s)*

Biochemistry (4 units)

Complete one course:

- CHEM 132 - Introductory Biochemistry 4 *unit(s)*
- CHEM 135 - General Biochemistry 4 *unit(s)*

Calculus (3-5 units)

Complete one course:

- MATH 19 - Precalculus 5 *unit(s)* (B4)
- MATH 30 - Calculus I 3 *unit(s)* (B4)

Major Requirements (34-35 units)

Core Courses (15-16 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2+B3)
- BIOL 31 - Principles of Biology II 4 *unit(s)* (B2+B3)

Complete One Course From:

- BIOL 115 - General Genetics 4 *unit(s)*
- BIOL 118 - Evolution 4 *unit(s)*

Complete One Course From:

- BIOL 135B - Eukaryotic Cell and Molecular Biology II 3 *unit(s)* (R)
- BIOL 159 - Integrative Biology 3 *unit(s)* (R)
- BIOL 160 - Ecology 4 *unit(s)* (R)
- BIOL 178 - Integrative Physiology 3 *unit(s)* (R)
- MICR 127 - Microbial Physiology 3 *unit(s)* (R)

Major Electives (19 units)

Major electives selected in consultation with major advisor. BIOL 115, BIOL 118, BIOL 159, and/or BIOL 160 may be used as electives if they are not used to satisfy a requirement in Core Courses. The following courses may be taken as electives in the major for a combined total of 4 units: BIOL 180, BIOL 182, BIOL 184, BIOL 186, BOT 180, BOT 186, ENT 180, ENT 186, MICR 180, ZOOL 180, ZOOL 186, and CHEM 180.

- BIOL 105 - Principles of Developmental Biology 3 *unit(s)*
- BIOL 106 - Physiological Ecology 3 *unit(s)*
- BIOL 106L - Physiological Ecology Lab 1 *unit(s)*
- BIOL 107 - Immunology 3 *unit(s)*
- BIOL 107L - Immunology Laboratory 2 *unit(s)*
- BIOL 111 - Fire Ecology 4 *unit(s)*
- BIOL 113 - Principles of Systematics 3 *unit(s)*
- BIOL 115 - General Genetics 4 *unit(s)*
- BIOL 116 - Molecular Genetics 4 *unit(s)*
- BIOL 116L - Molecular Genetics Laboratory 3 *unit(s)*
- BIOL 117 - Human Genetics 3 *unit(s)*

- BIOL 118 - Evolution 4 *unit(s)*
- BIOL 119 - Neurogenetics 3 *unit(s)*
- BIOL 122 - Bacterial Diversity 2 *unit(s)*
- BIOL 122L - Bacterial Diversity Laboratory 2 *unit(s)*
- BIOL 123A - Bioinformatics I 3 *unit(s)*
- BIOL 123B - Bioinformatics II 3 *unit(s)*
- BIOL 124 - Systems Physiology 3 *unit(s)*
- BIOL 125 - Systems Physiology Laboratory 2 *unit(s)*
- BIOL 131 - Endocrine Physiology 3 *unit(s)*
- BIOL 134 - Vertebrate Histology 4 *unit(s)*
- BIOL 135A - Eukaryotic Cell and Molecular Biology I 3 *unit(s)*
- BIOL 135B - Eukaryotic Cell and Molecular Biology II 3 *unit(s)*
- BIOL 135L - Molecular Cell Biology Lab 3 *unit(s)*
- BIOL 136 - Vertebrate Neurophysiology 3 *unit(s)*
- BIOL 136L - Vertebrate Neurophysiology Laboratory 1 *unit(s)*
- BIOL 137 - Introduction to Principles of Toxicology 3 *unit(s)*
- BIOL 138 - Stem Cell Biology 3 *unit(s)*
- BIOL 139 - Cancer Biology 3 *unit(s)*
- BIOL 143 - Biogeography 3 *unit(s)*
- BIOL 145 - Advanced Undergraduate Biology Seminar 1-3 *unit(s)*
- BIOL 145L - Advanced Undergraduate Biology Lab 1-2 *unit(s)*
- BIOL 155 - Hypothesis Testing 3 *unit(s)*
- BIOL 156 - Ecological Sampling Design and Analyses 3 *unit(s)*
- BIOL 159 - Integrative Biology 3 *unit(s)*
- BIOL 160 - Ecology 4 *unit(s)*
- BIOL 161 - Introduction to Marine Ecology 4 *unit(s)*
- BIOL 162 - Marine Biology and Oceanography 4 *unit(s)*
- BIOL 163 - Conservation Biology 3 *unit(s)*
- BIOL 164 - Ecological Field Methods 3 *unit(s)*
- BIOL 165 - Advanced Human Anatomy 4 *unit(s)*
- BIOL 167 - Cardiorespiratory Physiology 3 *unit(s)*
- BIOL 168 - Reproductive Physiology 3 *unit(s)*
- BIOL 170 - Cellular and Molecular Physiology 3 *unit(s)*
- BIOL 178 - Integrative Physiology 3 *unit(s)*
- BIOL 180 - Individual Studies 1-4 *unit(s)*
- BIOL 181 - Introduction to Health Care 1-3 *unit(s)*
- BIOL 182 - Tutor Assistant in Biology 1-2 *unit(s)*
- BIOL 184 - Directed Reading 1-4 *unit(s)*
- BIOL 186 - Senior Thesis 2-4 *unit(s)*
- BIOL 190 - Field Studies in Biology 1-4 *unit(s)*
- BIOL 198 - Undergraduate Research 0.5-4 *unit(s)*
- BOT 104 - Plant Taxonomy 4 *unit(s)*
- BOT 143 - Biogeography 3 *unit(s)*
- BOT 160 - Ecology 4 *unit(s)*
- BOT 165 - Plant Communities of California 4 *unit(s)*
- BOT 180 - Individual Studies 1-4 *unit(s)*
- BOT 186 - Senior Thesis 2-4 *unit(s)*
- CHEM 180 - Individual Studies 1-4 *unit(s)*
- ENT 101 - Insect Diversity 4 *unit(s)*
- ENT 106 - Forensic Entomology 3 *unit(s)*
- ENT 143 - Biogeography 3 *unit(s)*

- MICR 101 - General Microbiology 5 *unit(s)*
- MICR 122 - Bacterial Diversity 2 *unit(s)*
- MICR 122L - Bacterial Diversity Laboratory 2 *unit(s)*
- MICR 123 - Food Microbiology 2 *unit(s)*
- MICR 123L - Food Microbiology Laboratory 2 *unit(s)*
- MICR 127 - Microbial Physiology 3 *unit(s)*
- MICR 127L - Microbial Physiology Laboratory 2 *unit(s)*
- MICR 140 - Hematology 3 *unit(s)*
- MICR 140L - Hematology Laboratory 2 *unit(s)*
- MICR 141 - Pathogenic Microbiology I 3 *unit(s)*
- MICR 141L - Pathogenic Microbiology I Laboratory 3 *unit(s)*
- MICR 142 - Pathogenic Microbiology II 3 *unit(s)*
- MICR 142L - Pathogenic Microbiology II Laboratory 3 *unit(s)*
- MICR 166 - Bacterial Genetics 4 *unit(s)*
- MICR 170 - General Virology 3 *unit(s)*
- MICR 180 - Individual Studies 1-4 *unit(s)*
- MICR 184 - Directed Reading 1-4 *unit(s)*
- ZOOL 143 - Biogeography 3 *unit(s)*

University Electives (6-13 units)

University electives selected in consultation with major advisor.

Total Units Required (120 units)

Biological Sciences, Microbiology Concentration, BS

The BS Biological Sciences, concentration in Microbiology degree, Department of Biological Sciences, prepares students for positions in industries that use or detect microorganisms and for graduate studies in basic, applied or medical microbiology. The program includes specialized instruction in basic microbiology, immunology, medical microbiology, microbial physiology, bacterial genetics and bacterial diversity. It is also designed to accommodate those who wish to pursue certification as Clinical Laboratory Scientists (medical technologists).

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	17
Major Core Requirements	26
Major/Laboratory Electives	16
Chemistry Minor Requirements	23
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

Students in this major must complete all lower division courses in the Requirements of the Major with a "C- or better" to graduate.

Prerequisite Requirements

Enrollment in any chemistry course requires that the prerequisite courses be passed with a grade of "C or better" (C- not accepted). Exceptions may be made only with instructor consent or if not explicitly stated in the course description. Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)

- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (17 units)

- BIOL 100W - Scientific Communication Workshop 3 *unit(s)* (R+WID)
- BIOL 155 - Hypothesis Testing 3 *unit(s)*
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- MATH 30 - Calculus I 3 *unit(s)* (B4) (Note: (MATH 30X (3 units) or Advanced Placement (AP) Exam with a score of 3 or higher is also acceptable.)

Major Requirements (42 units)

Core Courses (26 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2+B3)
- BIOL 31 - Principles of Biology II 4 *unit(s)* (B2+B3)
- BIOL 107 - Immunology 3 *unit(s)*
- MICR 101 - General Microbiology 5 *unit(s)*
- MICR 127 - Microbial Physiology 3 *unit(s)* (R)
- MICR 141 - Pathogenic Microbiology I 3 *unit(s)*
- MICR 166 - Bacterial Genetics 4 *unit(s)*

Laboratory Electives (7 units)

Complete at least 7 units of laboratory courses from:

- BIOL 107L - Immunology Laboratory 2 *unit(s)*
 - BIOL 116L - Molecular Genetics Laboratory 3 *unit(s)*
 - BIOL 180 - Individual Studies 1-4 *unit(s)*
 - BIOL 182 - Tutor Assistant in Biology 1-2 *unit(s)*
 - BIOL 184 - Directed Reading 1-4 *unit(s)*
 - BIOL 186 - Senior Thesis 2-4 *unit(s)*
 - CHEM 180 - Individual Studies 1-4 *unit(s)*
 - MICR 122L - Bacterial Diversity Laboratory 2 *unit(s)*
 - MICR 123L - Food Microbiology Laboratory 2 *unit(s)*
 - MICR 127L - Microbial Physiology Laboratory 2 *unit(s)*
 - MICR 140L - Hematology Laboratory 2 *unit(s)*
 - MICR 141L - Pathogenic Microbiology I Laboratory 3 *unit(s)*
 - MICR 142L - Pathogenic Microbiology II Laboratory 3 *unit(s)*
- *Any combination of BIOL 180, 182, 184, 186, or CHEM 180 may be taken for a maximum of 4 units.*

Major Electives (9 units)

Complete 9 additional units from the laboratory electives above or:

- BIOL 115 - General Genetics 4 *unit(s)*
- BIOL 116 - Molecular Genetics 4 *unit(s)*
- BIOL 118 - Evolution 4 *unit(s)*
- BIOL 124 - Systems Physiology 3 *unit(s)*
- BIOL 125 - Systems Physiology Laboratory 2 *unit(s)*
- BIOL 134 - Vertebrate Histology 4 *unit(s)*
- BIOL 135A - Eukaryotic Cell and Molecular Biology I 3 *unit(s)*
- BIOL 135L - Molecular Cell Biology Lab 3 *unit(s)*
- BIOL 156 - Ecological Sampling Design and Analyses 3 *unit(s)*
- CHEM 55 - Quantitative Analysis 2 *unit(s)*
- MICR 122 - Bacterial Diversity 2 *unit(s)*
- MICR 123 - Food Microbiology 2 *unit(s)*
- MICR 140 - Hematology 3 *unit(s)*
- MICR 142 - Pathogenic Microbiology II 3 *unit(s)*
- MICR 170 - General Virology 3 *unit(s)*

Chemistry Minor Requirements (23 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)

- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 112A - Organic Chemistry 3 *unit(s)*
- CHEM 112B - Organic Chemistry 3 *unit(s)*
- CHEM 113A - Organic Chemistry Lab 2 *unit(s)*
- CHEM 120S - Chemical Safety Seminar 1 *unit(s)*
- CHEM 135 - General Biochemistry 4 *unit(s)*

Total Units Required (120 units)

Students pursuing the California State Clinical Laboratory Science license should consult an advisor for additional requirements.

Biological Sciences, Molecular Biology Concentration, BS

The BS Biological Sciences, concentration in Molecular Biology degree, offered by the Department of Biological Sciences, prepares students for careers in the biotechnology industry including research, drug development, marketing, and management, for graduate or professional school (PhD, MD, other health science-related programs), and for patent law. The program includes a strong theoretical background as well as intensive hands-on laboratory experience.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	17
Major Core Requirements	28
Major Electives	14
Chemistry Minor Requirements	23
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

Students in this major must complete all lower division courses in the Requirements of the Major with a "C- or better" to graduate.

Prerequisite Requirements

Enrollment in any chemistry course requires that the prerequisite courses be passed with a grade of "C or better" (C- not accepted). Exceptions may be made only with instructor consent or if not explicitly stated in the course description. Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)

- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (17 units)

- BIOL 100W - Scientific Communication Workshop 3 *unit(s)* (R+WID)
- BIOL 155 - Hypothesis Testing 3 *unit(s)*
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- MATH 30 - Calculus I 3 *unit(s)* (B4) (Note: MATH 30X (3 units) or Advanced Placement (AP) Exam with a score of 3 or higher is also acceptable)

Major Requirements (42 units)

Core Courses (28 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2+B3)
- BIOL 31 - Principles of Biology II 4 *unit(s)* (B2+B3)
- BIOL 115 - General Genetics 4 *unit(s)*
- BIOL 116 - Molecular Genetics 4 *unit(s)*
- BIOL 116L - Molecular Genetics Laboratory 3 *unit(s)*
- BIOL 135A - Eukaryotic Cell and Molecular Biology I 3 *unit(s)*
- BIOL 135B - Eukaryotic Cell and Molecular Biology II 3 *unit(s)* (R)
- BIOL 135L - Molecular Cell Biology Lab 3 *unit(s)*

Major Electives (14 units)

Complete 14 units of major electives:

- BIOL 105 - Principles of Developmental Biology 3 *unit(s)*
- BIOL 107 - Immunology 3 *unit(s)*
- BIOL 107L - Immunology Laboratory 2 *unit(s)*
- BIOL 117 - Human Genetics 3 *unit(s)*
- BIOL 119 - Neurogenetics 3 *unit(s)*
- BIOL 123A - Bioinformatics I 3 *unit(s)*
- BIOL 123B - Bioinformatics II 3 *unit(s)*
- BIOL 124 - Systems Physiology 3 *unit(s)*
- BIOL 125 - Systems Physiology Laboratory 2 *unit(s)*
- BIOL 136 - Vertebrate Neurophysiology 3 *unit(s)*
- BIOL 137 - Introduction to Principles of Toxicology 3 *unit(s)*
- BIOL 138 - Stem Cell Biology 3 *unit(s)*
- BIOL 139 - Cancer Biology 3 *unit(s)*
- BIOL 180 - Individual Studies 1-4 *unit(s)*
- BIOL 182 - Tutor Assistant in Biology 1-2 *unit(s)*
- BIOL 184 - Directed Reading 1-4 *unit(s)*
- BIOL 186 - Senior Thesis 2-4 *unit(s)*
- BIOL 198 - Undergraduate Research 0.5-4 *unit(s)* (1-4 *units* required)
- CHEM 180 - Individual Studies 1-4 *unit(s)*
- MICR 101 - General Microbiology 5 *unit(s)*
- MICR 166 - Bacterial Genetics 4 *unit(s)*
- MICR 170 - General Virology 3 *unit(s)* (or other courses with prior advisor approval, at least 9 elective units must be in Biological Sciences)

**Any combination of BIOL 180, 182, 184, 186, or CHEM 180 may be taken for a maximum of 4 units.*

Chemistry Minor Requirements (23 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 112A - Organic Chemistry 3 *unit(s)*
- CHEM 112B - Organic Chemistry 3 *unit(s)*
- CHEM 113A - Organic Chemistry Lab 2 *unit(s)*
- CHEM 120S - Chemical Safety Seminar 1 *unit(s)*
- CHEM 135 - General Biochemistry 4 *unit(s)*

Total Units Required (120 units)

Biological Sciences, Systems Physiology Concentration, BS

The BS Biological Sciences, concentration in Systems Physiology degree, offered by the Department of Biological Sciences, prepares students for professional health schools including medicine, dentistry, veterinary science, and pharmacy, for graduate studies, and for positions that require knowledge of physiological systems, especially of physiological data collection and recording. The program provides specialized, focused courses pertaining to bodily systems.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements

38

Major Preparation	17
Major Core Requirements	23
Major Electives	19
Chemistry Minor Requirements	23
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

Students in this major must complete all lower division courses in the Requirements of the Major with a "C- or better" to graduate.

Prerequisite Requirements

Enrollment in any chemistry course requires that the prerequisite courses be passed with a grade of "C or better" (C- not accepted). Exceptions may be made only with instructor consent or if not explicitly stated in the course description. Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (17 units)

- BIOL 100W - Scientific Communication Workshop 3 *unit(s)* (R+WID)
- BIOL 155 - Hypothesis Testing 3 *unit(s)*
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- MATH 30 - Calculus I 3 *unit(s)* (B4) (Note: MATH 30X (3 units) or Advanced Placement (AP) Exam with a score of 3 or higher is also acceptable)

Major Requirements (42 units)

Core Courses (23 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2+B3)
- BIOL 31 - Principles of Biology II 4 *unit(s)* (B2+B3)
- BIOL 115 - General Genetics 4 *unit(s)*
- BIOL 124 - Systems Physiology 3 *unit(s)*
- BIOL 125 - Systems Physiology Laboratory 2 *unit(s)*
- BIOL 170 - Cellular and Molecular Physiology 3 *unit(s)*
- BIOL 178 - Integrative Physiology 3 *unit(s)* (R)

Major Electives (19 units)

Complete 16 units:

- BIOL 105 - Principles of Developmental Biology 3 *unit(s)*
- BIOL 107 - Immunology 3 *unit(s)*
- BIOL 107L - Immunology Laboratory 2 *unit(s)*
- BIOL 131 - Endocrine Physiology 3 *unit(s)*
- BIOL 134 - Vertebrate Histology 4 *unit(s)*
- BIOL 135L - Molecular Cell Biology Lab 3 *unit(s)*
- BIOL 136 - Vertebrate Neurophysiology 3 *unit(s)*
- BIOL 136L - Vertebrate Neurophysiology Laboratory 1 *unit(s)*
- BIOL 137 - Introduction to Principles of Toxicology 3 *unit(s)*
- BIOL 165 - Advanced Human Anatomy 4 *unit(s)*
- BIOL 167 - Cardiorespiratory Physiology 3 *unit(s)*
- BIOL 168 - Reproductive Physiology 3 *unit(s)*
- BIOL 180 - Individual Studies 1-4 *unit(s)*
- BIOL 182 - Tutor Assistant in Biology 1-2 *unit(s)*
- BIOL 184 - Directed Reading 1-4 *unit(s)*
- BIOL 186 - Senior Thesis 2-4 *unit(s)*
- CHEM 180 - Individual Studies 1-4 *unit(s)*

**Any combination of BIOL 180, 182, 184, 186, or CHEM 180 may be taken for a maximum of 4 units.*

Complete 3 units:

Courses can also be taken from the 16-unit list above.

Other courses with prior advisor consent

- BIOL 116 - Molecular Genetics 4 *unit(s)*

- BIOL 116L - Molecular Genetics Laboratory 3 *unit(s)*
- BIOL 117 - Human Genetics 3 *unit(s)*
- BIOL 119 - Neurogenetics 3 *unit(s)*
- BIOL 135B - Eukaryotic Cell and Molecular Biology II 3 *unit(s)* (R)
- MICR 101 - General Microbiology 5 *unit(s)*
- MICR 140 - Hematology 3 *unit(s)*
- MICR 140L - Hematology Laboratory 2 *unit(s)*

Chemistry Minor Requirements (23 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 112A - Organic Chemistry 3 *unit(s)*
- CHEM 112B - Organic Chemistry 3 *unit(s)*
- CHEM 113A - Organic Chemistry Lab 2 *unit(s)*
- CHEM 120S - Chemical Safety Seminar 1 *unit(s)*
- CHEM 135 - General Biochemistry 4 *unit(s)*

Total Units Required (120 units)

Chemistry, BA

This program, offered by the Department of Chemistry, provides a fundamental chemistry background, while affording ample electives for developing a second specialty. The degree is designed for those wishing to work in scientific laboratories, or in fields allied to chemistry such as medicine, education, environmental monitoring, electronics, food processing, sales, pharmaceuticals, safety, literature search, or in a supervisory capacity in businesses dealing with chemical products.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	14
Major Requirements	52
University Electives	16
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Prerequisite Requirements

Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements (except for 1 course in GE area C and 1 course in GE area D) and should follow the 60 unit guarantee roadmap (which include the missing GE in area C and D). Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)

- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (14 units)

PHYS 50 and PHYS 51 accepted for Transfers, in lieu of PHYS 2A/PHYS 2B.

- MATH 30 - Calculus I 3 *unit(s)* (B4)
MATH 30X may be used instead of MATH 30.
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHIL 133 - Ethics in Science 3 *unit(s)* (V)

Major Requirements (52 units)

Core Courses (33 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 55 - Quantitative Analysis 2 *unit(s)*
- CHEM 55L - Quantitative Analysis Laboratory 2 *unit(s)*

- CHEM 100W - Writing Workshop: Chemical Communications 3 *unit(s)* (*WID*)
- CHEM 112A - Organic Chemistry 3 *unit(s)*
- CHEM 112B - Organic Chemistry 3 *unit(s)*
- CHEM 113A - Organic Chemistry Lab 2 *unit(s)*
- CHEM 113B - Organic Chemistry Lab 3 *unit(s)*
- CHEM 120S - Chemical Safety Seminar 1 *unit(s)*
- CHEM 160 - Physical Chemistry 4 *unit(s)*

Approved Upper Division Chemistry Electives (19 units)

Students must complete at least three Upper Division lab courses, including at least one capstone course.

Elective Lab Courses (4-6 units)

Complete two courses from:

- CHEM 131A - Biochemistry Lab 2 *unit(s)*
- CHEM 155 - Instrumental Analysis 4 *unit(s)*
- CHEM 162L - Physical Chemistry Lab 2 *unit(s)*

Capstone Course (3 units)

Complete one course from:

- CHEM 114 - Advanced Organic Chemistry Lab 3 *unit(s)*
- CHEM 131B - Biochemistry Lab II 3 *unit(s)* (*R*)
- CHEM 146 - Physical-Inorganic Techniques 3 *unit(s)*

Other Upper Division Chemistry Electives (10-12 units)

Complete 10-12 units from:

- CHEM 105 - Computational Data Analysis in Chemistry 3 *unit(s)*
- CHEM 121S - Radiation Safety 1-2 *unit(s)*
- CHEM 130A - Biochemistry 4 *unit(s)* (*CHEM 135 or CHEM 130A may count toward the degree.*)
- CHEM 130B - Biochemistry 4 *unit(s)*
- CHEM 130C - Biochemistry 3 *unit(s)*
- CHEM 135 - General Biochemistry 4 *unit(s)* (*CHEM 135 or CHEM 130A may count toward the degree.*)
- CHEM 145 - Inorganic Chemistry 3 *unit(s)*
- CHEM 170A - Macromolecular, Supramolecular & Nanoscale Systems 1 *unit(s)*
- CHEM 180 - Individual Studies 1-4 *unit(s)*
- CHEM 191 - Undergraduate Seminar 0.5 *unit(s)*
- CHEM 213 - Organic Synthesis 3 *unit(s)*
- CHEM 236 - Biophysical Methods 3 *unit(s)*
- CHEM 245 - Advanced Inorganic Chemistry 3 *unit(s)*
- CHEM 250 - Current Topics in Analytical Chemistry 3 *unit(s)*

University Electives (16 units)

A minor is strongly recommended.

Total Units Required (120 units)

Chemistry, Biochemistry Concentration, BS

The Biochemistry concentration, offered by the Department of Chemistry, is designed for students interested in graduate work in biochemistry, medicine or related fields, or for responsible positions in industrial or government laboratories.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	29
Major Preparation	33
Major Core Requirements	29
Concentration Requirements	29
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Prerequisite Requirements

Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (18 units)

Of the 39 units required by the university, 21 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (33 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2+B3)
- BIOL 31 - Principles of Biology II 4 *unit(s)* (B2+B3)
- BIOL 115 - General Genetics 4 *unit(s)*
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2) (or equivalent.)
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- PHIL 133 - Ethics in Science 3 *unit(s)* (V)
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)

Major Requirements (58 units)

Core Courses (29 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 55 - Quantitative Analysis 2 *unit(s)*
- CHEM 55L - Quantitative Analysis Laboratory 2 *unit(s)*
- CHEM 100W - Writing Workshop: Chemical Communications 3 *unit(s)* (WID)
- CHEM 112A - Organic Chemistry 3 *unit(s)*
- CHEM 112B - Organic Chemistry 3 *unit(s)*
- CHEM 113A - Organic Chemistry Lab 2 *unit(s)*
- CHEM 113B - Organic Chemistry Lab 3 *unit(s)*
- CHEM 120S - Chemical Safety Seminar 1 *unit(s)*

Biochemistry Concentration Required Courses (29 units)

- CHEM 130A - Biochemistry 4 *unit(s)*
- CHEM 130B - Biochemistry 4 *unit(s)*
- CHEM 130C - Biochemistry 3 *unit(s)*
- CHEM 131A - Biochemistry Lab 2 *unit(s)*
- CHEM 160 - Physical Chemistry 4 *unit(s)*

Capstone Course (3 units)

- CHEM 131B - Biochemistry Lab II 3 *unit(s)* (R)

Science Electives (9 units)

Complete 9 units from the following where a maximum of 3 units may be taken on a CR/NC grading basis:

- BIOL 107 - Immunology 3 *unit(s)*

- BIOL 107L - Immunology Laboratory 2 *unit(s)*
- BIOL 116 - Molecular Genetics 4 *unit(s)*
- BIOL 116L - Molecular Genetics Laboratory 3 *unit(s)*
- BIOL 117 - Human Genetics 3 *unit(s)*
- BIOL 118 - Evolution 4 *unit(s)*
- BIOL 119 - Neurogenetics 3 *unit(s)*
- BIOL 123A - Bioinformatics I 3 *unit(s)*
- BIOL 123B - Bioinformatics II 3 *unit(s)*
- BIOL 124 - Systems Physiology 3 *unit(s)*
- BIOL 125 - Systems Physiology Laboratory 2 *unit(s)*
- BIOL 135A - Eukaryotic Cell and Molecular Biology I 3 *unit(s)*
- BIOL 135B - Eukaryotic Cell and Molecular Biology II 3 *unit(s)* (R)
- BIOL 135L - Molecular Cell Biology Lab 3 *unit(s)*
- BIOL 137 - Introduction to Principles of Toxicology 3 *unit(s)*
- BIOL 165 - Advanced Human Anatomy 4 *unit(s)*
- BIOL 170 - Cellular and Molecular Physiology 3 *unit(s)*
- MICR 101 - General Microbiology 5 *unit(s)*
- CHEM 105 - Computational Data Analysis in Chemistry 3 *unit(s)*
- CHEM 114 - Advanced Organic Chemistry Lab 3 *unit(s)*
- CHEM 145 - Inorganic Chemistry 3 *unit(s)*
- CHEM 155 - Instrumental Analysis 4 *unit(s)*
- CHEM 162L - Physical Chemistry Lab 2 *unit(s)*
- CHEM 170A - Macromolecular, Supramolecular & Nanoscale Systems 1 *unit(s)*
- CHEM 180 - Individual Studies 1-4 *unit(s)*
- CHEM 184 - Directed Reading 1-3 *unit(s)*
- CHEM 191 - Undergraduate Seminar 0.5 *unit(s)*

Total Units Required (120 units)

Chemistry, BS

This curriculum prepares students for graduate work in chemistry or for responsible positions in industrial or government laboratories. This degree, offered by the Department of Chemistry, meets all requirements for Certification by the American Chemical Society. It does not require a minor, although with judicious choice of electives, a minor may be obtained in biology, mathematics, or physics.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	32
Major Preparation	28
Major Requirements	60
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Prerequisite Requirements

Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (18 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements (except for 1 course in GE area C and 1 course in GE area D) and should follow the 60 unit guarantee roadmap (which include the missing GE in area C and D). Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (28 units)

- ENGL 1B - Argument and Analysis 3 *unit(s)*
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 32 - Calculus III 3 *unit(s)* (B4)
- PHIL 133 - Ethics in Science 3 *unit(s)* (V)
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)
- PHYS 52 - General Physics III: Waves, Light, Heat 4 *unit(s)* (B1+B3)

Major Requirements (60 units)

Core Courses (29 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 55 - Quantitative Analysis 2 *unit(s)*
- CHEM 55L - Quantitative Analysis Laboratory 2 *unit(s)*
- CHEM 100W - Writing Workshop: Chemical Communications 3 *unit(s)* (WID)
- CHEM 112A - Organic Chemistry 3 *unit(s)*
- CHEM 112B - Organic Chemistry 3 *unit(s)*
- CHEM 113A - Organic Chemistry Lab 2 *unit(s)*
- CHEM 113B - Organic Chemistry Lab 3 *unit(s)*
- CHEM 120S - Chemical Safety Seminar 1 *unit(s)*

Major Courses (23 units)

- CHEM 105 - Computational Data Analysis in Chemistry 3 *unit(s)*
- CHEM 130A - Biochemistry 4 *unit(s)*
- CHEM 145 - Inorganic Chemistry 3 *unit(s)*
- CHEM 155 - Instrumental Analysis 4 *unit(s)*
- CHEM 161A - Physical Chemistry 3 *unit(s)*
- CHEM 161B - Physical Chemistry 3 *unit(s)*
- CHEM 162L - Physical Chemistry Lab 2 *unit(s)*
- CHEM 170A - Macromolecular, Supramolecular & Nanoscale Systems 1 *unit(s)*

Capstone Course (3 units)

- CHEM 146 - Physical-Inorganic Techniques 3 *unit(s)*

Science Electives (5 units)

Complete five units from:

- ASTR 117A - Astrophysics I 3 *unit(s)*
- CHEM 114 - Advanced Organic Chemistry Lab 3 *unit(s)*
- CHEM 121S - Radiation Safety 1-2 *unit(s)*
- CHEM 131A - Biochemistry Lab 2 *unit(s)*
- CHEM 180 - Individual Studies 1-4 *unit(s)*
- CHEM 191 - Undergraduate Seminar 0.5 *unit(s)*
- CHEM 213 - Organic Synthesis 3 *unit(s)*
- CHEM 218 - Organotransition Metal Chemistry 3 *unit(s)*
- CHEM 236 - Biophysical Methods 3 *unit(s)*
- CHEM 245 - Advanced Inorganic Chemistry 3 *unit(s)*
- CHEM 250 - Current Topics in Analytical Chemistry 3 *unit(s)*
- MATH 112 - Vector Calculus 3 *unit(s)*
- MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*
- MATH 39 - Linear Algebra I 3 *unit(s)*
- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 *unit(s)*
- MATH 138 - Complex Variables 3 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*
- PHYS 122 - Modern Physics 4 *unit(s)*

- PHYS 130 - Mathematical Methods in Physics 4 *unit(s)*
- PHYS 158 - Modern Optics 3 *unit(s)*
- PHYS 160 - Thermodynamics and Statistical Physics 3 *unit(s)*

Total Units Required (120 units)

Climate Science, BS

The BS Climate Science program (formerly Meteorology, Climate Science concentration, BS), offered by the Department of Meteorology and Climate Science, is designed to prepare students for careers in emerging fields of climate change studies and mitigation, and related fields including energy and carbon management. Graduating students will be ready to begin careers in the private sector or in government, or in government agencies as a climatologist, sustainability consultant, renewable energy scientist, geoscientist, or will be ready to enter graduate programs in the atmospheric/climate sciences.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	35
Major Preparation	20
Major Core Requirements	53
Concentration Electives	9
University Electives	3
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (20 units)

- BIOL 31 - Principles of Biology II 4 *unit(s)* (B2+B3)
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)

Major Requirements (62 units)

Core Courses (53 units)

- COMM 146F - Communication and the Environment 4 *unit(s)*
- ENVS 1 - Introduction to Environmental Issues 3 *unit(s)* (A3)
- ENVS 119 - Energy and the Environment 3 *unit(s)* (R)
- ENVS 133 - Sustainable Energy Strategies 3 *unit(s)*
- GEOL 3 - Planet Earth 3 *unit(s)* (B1)
- ISE 103 - Life Cycle Engineering 3 *unit(s)*
- METR 12 - Global Warming: Science and Solutions 3 *unit(s)* (B1)
- METR 40 - Weather Seminar 1 *unit(s)*
- METR 50 - Scientific Computing I 2 *unit(s)*
- METR 51 - Scientific Computing II 2 *unit(s)*
- METR 60 - Meteorology and Climate Science I 3 *unit(s)*
- METR 61 - Meteorology and Climate Science II 2 *unit(s)*
- METR 100W - Writing Workshop: Meteorological Reports 3 *unit(s)* (WID)
- METR 123 - Advanced Climatology 3 *unit(s)*
- METR 135 - The Global Carbon Cycle 3 *unit(s)*
- METR 136 - Applied Statistics and Analysis in Meteorology 3 *unit(s)*
- METR 163 - Meteorological Instrumentation 3 *unit(s)*
- METR 173 - Global Climate Modeling 3 *unit(s)*
- METR 174 - Climate Change Capstone 3 *unit(s)*

Major Electives (9 units)

Students may use 3 units of METR 168A to satisfy the elective. Complete nine units from:

- ENVS 107 - Introduction to Environmental Economics and Policy 4 *unit(s)*
- ENVS 116 - Solar Energy Analysis 3 *unit(s)*

- ENVS 124 - Introduction to Environmental Law 3 *unit(s)*
- ENVS 128 - Water Resource Management 3 *unit(s)*
- ENVS 130 - Energy Policy Analysis 3 *unit(s)*
- ENVS 132 - Solar Home Design 3 *unit(s)*
- GEOG 120 - Food Supply and Agricultural Systems 3 *unit(s)*
- GEOG 124 - Special Topics in Geography 3 *unit(s)*
- GEOG 130 - Natural Resources 3 *unit(s)*
- GEOG 70 - Introduction to Geographic Information Systems 4 *unit(s)*
- GEOG 171 - Advanced Geographic Information Systems 4 *unit(s)*
- GEOG 181 - Introduction to Remote Sensing 3 *unit(s)*
- GEOG 182 - Programming for GIS 3 *unit(s)*
- METR 131 - Air Pollution Meteorology 3 *unit(s)*

Total Units Required (120 units)

Computer Science and Linguistics, BS

The BS Computer Science and Linguistics program, jointly offered by the Department of Computer Science and the Department of Linguistics and Language Development, prepares students with foundational knowledge and skills for the combination of Computer Science and Linguistics careers. It features a computing-based curriculum and instructs students in the theory and practice of language, linguistics and applied linguistics, and computer science to prepare students for job careers in automated text analysis, machine translation, grammar checking, speech synthesis & recognition, artificial intelligence, machine learning, web search, information retrieval, big data analytics, and more. The program also prepares students for entry to graduate programs in a wide variety of interdisciplinary fields such as computational linguistics, natural language processing, computer science, artificial intelligence, information research, media studies, and human-computer interaction. Its balanced coursework provides students with strong computing, analytical, and linguistics-focused skills to understand and solve problems for business and research, with strong societal and cultural implications.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	44
Major Preparation	22
Major Requirements	53
University Electives	1
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

A grade of "C-" or better is required for courses being used to meet any requirement in any minor or major offered by the Department of Computer Science, including Major Preparation courses.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with the major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with the major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (22 units)

- MATH 30 - Calculus I 3 *unit(s)* (B4) (*MATH 30X & MATH 30W (5 units) may be used in place of MATH 30.*)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 39 - Linear Algebra I 3 *unit(s)*
- MATH 42 - Discrete Mathematics 3 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*
- CS 100W - Technical Writing Workshop 3 *unit(s)* (WID) or LLD 100W - Writing Workshop 3 *unit(s)* (WID)
- PHIL 134 - Computers, Ethics and Society 3 *unit(s)* (V)

Requirements of the Major (53 units)

Lower Division (11 units)

- CS 22A - Python for Everyone 3 *unit(s)* (B4)
- CS 46A - Introduction to Programming 4 *unit(s)*
- CS 46B - Introduction to Data Structures 4 *unit(s)*

Upper Division (33 units)

- CS 146 - Data Structures and Algorithms 3 *unit(s)*
- CS 154 - Formal Languages and Computability 3 *unit(s)*
- CS 156 - Introduction to Artificial Intelligence 3 *unit(s)*
- CS 171 - Introduction to Machine Learning 3 *unit(s)*

- LING 101 - Introduction to Linguistics 3 *unit(s)*
- LING 111 - Introduction to Linguistic Phonetics 3 *unit(s)*
- LING 115 - Corpus Linguistics 3 *unit(s)*
- LING 124 - Introduction to Speech Technology 3 *unit(s)*
- LING 165 - Introduction to Natural Language Processing 3 *unit(s)*

Complete one from:

- LING 112 - Introduction to Syntax 3 *unit(s)*
- LING 113 - Introduction to Phonology 3 *unit(s)*
- LING 114 - Introduction to Semantics and Discourse 3 *unit(s)*
- LING 162 - Introduction to Morphology 3 *unit(s)*

Complete one from:

- LING 125 - Introduction to Historical and Comparative Linguistics 3 *unit(s)*
- LING 161 - Psycholinguistics 3 *unit(s)*
- LING 166 - Sociolinguistics 3 *unit(s)*
- LING 167 - Multilingualism and Language Contact 3 *unit(s)*

Major Electives (9 units)

Complete 9 units from:

- CS 22B - Python Programming for Data Analysis 3 *unit(s)*
- CS 47 - Introduction to Computer Systems 3 *unit(s)*
- CS 116A - Introduction to Computer Graphics 3 *unit(s)*
- CS 122 - Advanced Programming with Python 3 *unit(s)*
- CS 131 - Processing Big Data - Tools and Techniques 3 *unit(s)*
- CS 133 - Introduction to Data Visualization 3 *unit(s)*
- CS 149 - Operating Systems 3 *unit(s)*
- CS 151 - Object-Oriented Design 3 *unit(s)*
- CS 153 - Concepts of Compiler Design 3 *unit(s)*
- CS 155 - Introduction to the Design and Analysis of Algorithms 3 *unit(s)*
- CS 157A - Introduction to Database Management Systems 3 *unit(s)*
- CS 157B - Database Management Systems II 3 *unit(s)*
- CS 157C - NoSQL Database Systems 3 *unit(s)*
- CS 158A - Computer Networks 3 *unit(s)*
- CS 166 - Information Security 3 *unit(s)*
- CS 176 - Introduction to Social Network Analysis 3 *unit(s)*
- CS 190 - Internship Project 1 *unit(s)* or CS 190I - Internship Project 3 *unit(s)* (*at most 3 units may be used*)
- LING 107 - Patterns of English 3 *unit(s)*
- LING 108 - Introduction to Second Language Development, Teaching, and Assessment 3 *unit(s)*
- LING 112 - Introduction to Syntax 3 *unit(s)*
- LING 113 - Introduction to Phonology 3 *unit(s)*
- LING 114 - Introduction to Semantics and Discourse 3 *unit(s)*
- LING 122 - English as a World Language 3 *unit(s)* (V)
- LING 125 - Introduction to Historical and Comparative Linguistics 3 *unit(s)*
- LING 161 - Psycholinguistics 3 *unit(s)*
- LING 162 - Introduction to Morphology 3 *unit(s)*

- LING 165 - Introduction to Natural Language Processing 3 *unit(s)*
- LING 166 - Sociolinguistics 3 *unit(s)*
- LING 167 - Multilingualism and Language Contact 3 *unit(s)*
- LING 180 - Individual Studies 1-3 *unit(s)*
- UNVS 101 - Leadership and Career Accelerator 3 *unit(s)*

OR ONE of the courses below:

- CS 85A - Practical Computing Topics 1 *unit(s)* or CS 85C - Practical Computing Topics 1-3 *units (at most 3 units may be used)*
- CS 180 - Individual Studies 1-3 *unit(s) (may be used with prior approval)*
- CS 180H - Individual Studies for Honors 3 *unit(s) (may be used with prior approval)*
- CS 185A - Advanced Practical Computing Topics 1 *unit(s)* or CS 185C - Advanced Practical Computing Topics 3 *units (at most 3 units may be used)*

University Electives (1 unit)

Total Units Required (120 units)

Computer Science, BS

This degree, offered by the Department of Computer Science, provides a solid background for a variety of careers in the computing profession. Entry level positions include jobs in programming, systems analysis, software engineering and customer support. Such positions are required by nearly every institution whether it is public or private. The program not only prepares students for graduate work in computer science, but also for advanced work in the related fields of management science and operations research.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	41
Major Preparation	27
Major Requirements	38
Major Electives	14
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

A grade of "C-" or better is required for courses being used to meet any requirement in any minor or major offered by the Department of Computer Science, including Major Preparation courses. The Major Preparation and Major Requirements must include at least 37 units of upper division mathematics and computer science course work, excluding CS 100W.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Of the 39 units, the following 24 units are not satisfied in the major:

- GE Area A 9 unit(s)
- GE Area C 9 unit(s)
- GE Area E 3 unit(s)
- GE Area F 3 unit(s)

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details. Of the 9 units, the following 6 units are not satisfied in the major:

- SJSU Studies Area R
- SJSU Studies Area S

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 unit(s) (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 unit(s) (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 unit(s) (D)
- AAS 33B - Asian Americans in U.S. History II 3 unit(s) (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with grade of C or better (C- not accepted) is required to meet graduation requirement. Exceptions to the GWAR may be found at Graduation Writing Assessment Requirement (GWAR).

This requirement is fulfilled in this major with

- CS 100W - Technical Writing Workshop 3 *unit(s)* (WID)

Major Preparation (27 units)

- MATH 30 - Calculus I 3 *unit(s)* (B4) (*MATH 30X & MATH 30W (5-units) may be used in place of MATH 30.*)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 42 - Discrete Mathematics 3 *unit(s)*
- MATH 39 - Linear Algebra I 3 *unit(s)*
- PHIL 134 - Computers, Ethics and Society 3 *unit(s)* (V)

Additional Mathematics Course (3 units)

Complete one course:

- MATH 32 - Calculus III 3 *unit(s)* (B4)
- MATH 142 - Introduction to Combinatorics 3 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*

Approved Science Electives (8 units)

Students must complete a total of 8 units of science electives. At least six of those units must be fulfilled by the courses listed below. The remaining units may be satisfied by GE Areas B1, B2, B3.

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2/B3)
- BIOL 31 - Principles of Biology II 4 *unit(s)* (B2/B3)
- CHEM 1A - General Chemistry 5 *unit(s)* (B1/B3)
- GEOL 1 - General Geology 4 *unit(s)* (B1/B3)
- GEOL 4L - Earth Systems Lab 1 *unit(s)* (B3)
- GEOL 7 - Earth, Time and Life 4 *unit(s)* (B1/B3)
- METR 10 - Weather and Climate 3 *unit(s)* (B1)
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1/B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1/B3)

Major Requirements (52 units)

Lower Division (11 units)

- CS 46A - Introduction to Programming 4 *unit(s)* or CS 46AX - Introduction to Programming 4 *unit(s)*
- CS 46B - Introduction to Data Structures 4 *unit(s)*
- CS 47 - Introduction to Computer Systems 3 *unit(s)*

Upper Division (27 units)

- CS 146 - Data Structures and Algorithms 3 *unit(s)*
- CS 147 - Computer Architecture 3 *unit(s)*
- CS 149 - Operating Systems 3 *unit(s)*
- CS 151 - Object-Oriented Design 3 *unit(s)*
- CS 152 - Programming Paradigms 3 *unit(s)*
- CS 154 - Formal Languages and Computability 3 *unit(s)*
- CS 157A - Introduction to Database Management Systems 3 *unit(s)*
- CS 160 - Software Engineering 3 *unit(s)*
- CS 166 - Information Security 3 *unit(s)*

Major Electives (14 units)

Required Major Elective (minimum of one course)

Complete at least **one** major elective from the following list of electives:

- CS 116A - Introduction to Computer Graphics 3 *unit(s)*
- CS 116B - Computer Graphics Algorithms 3 *unit(s)*
- CS 122 - Advanced Programming with Python 3 *unit(s)*

- CS 123A - Bioinformatics I 3 *unit(s)*
- CS 123B - Bioinformatics II 3 *unit(s)*
- CS 131 - Processing Big Data - Tools and Techniques 3 *unit(s)*
- CS 133 - Introduction to Data Visualization 3 *unit(s)*
- CS 134 - Computer Game Design and Programming 3 *unit(s)*
- CS 136 - Introduction to Computer Vision 3 *unit(s)*
- CS 144 - Advanced C++ Programming 3 *unit(s)*
- CS 153 - Concepts of Compiler Design 3 *unit(s)*
- CS 155 - Introduction to the Design and Analysis of Algorithms 3 *unit(s)*
- CS 156 - Introduction to Artificial Intelligence 3 *unit(s)*
- CS 157B - Database Management Systems II 3 *unit(s)*
- CS 157C - NoSQL Database Systems 3 *unit(s)*
- CS 158A - Computer Networks 3 *unit(s)*
- CS 158B - Computer Network Management 3 *unit(s)*
- CS 159 - Introduction to Parallel Processing 3 *unit(s)*
- CS 161 - Software Project 3 *unit(s)*
- CS 168 - Blockchain and Cryptocurrencies 3 *unit(s)*
- CS 171 - Introduction to Machine Learning 3 *unit(s)*
- CS 174 - Server-side Web Programming 3 *unit(s)*
- CS 175 - Mobile Device Development 3 *unit(s)*
- CS 176 - Introduction to Social Network Analysis 3 *unit(s)*

Additional Upper Division Electives

At most 6 units of CS 85A/C and CS 185A/C may be used.

- CS 108 - Introduction to Game Studies 3 *unit(s)*
- CS 143C - Numerical Analysis and Scientific Computing 3 *unit(s)*
- CS 143M - Numerical Analysis and Scientific Computing 3 *unit(s)*
- CS 180 - Individual Studies 1-3 *unit(s)* or CS 180H - Individual Studies for Honors 3 *unit(s)* (*may be used with prior advisor approval*)
- CS 185A - Advanced Practical Computing Topics 1 *unit(s)*
- CS 185C - Advanced Practical Computing Topics 3 *unit(s)*
- CS 190 - Internship Project 1 *unit(s)* or CS 190I - Internship Project 3 *unit(s)* (*at most 3 units may be used*)

Lower Division Electives

Students must secure prior department consent to use the following courses to satisfy the major elective requirement, except for CS 48, which does not require special consent.

- CS 48 - Applied Algorithms 1 *unit(s)*
- CS 85A - Practical Computing Topics 1 *unit(s)*
- CS 85C - Practical Computing Topics 3 *unit(s)*

Only one of the following:

- CS 49C - Programming in C 3 *unit(s)*
- or
- CS 49J - Programming in Java 3 *unit(s)*

Mathematics Electives

- MATH 142 - Introduction to Combinatorics 3 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*
- MATH 162 - Statistics for Bioinformatics 3 *unit(s)*
- MATH 164 - Mathematical Statistics 3 *unit(s)*
- MATH 177 - Linear and Non-Linear Optimization 3 *unit(s)*
- MATH 178 - Mathematical Modeling 3 *unit(s)*
- MATH 179 - Introduction to Graph Theory 3 *unit(s)*
- MATH 203 - Applied Mathematics, Computation, and Statistics Projects 3 *unit(s)* (*may be used with prior advisor approval*)

Total Units Required (120 units)

Data Science, BS

The BS Data Science, offered by the Department of Computer Science, prepares students with foundational knowledge and skills for data science careers. It features a computing-based curriculum and instructs students in the theory and practice of data management, machine learning, and computing analysis of data-centered problems. Its balanced coursework provides students with strong analytical, computing, and data-focused skills to understand and solve problems for business and research, with societal, cultural impacts. Graduates of this program will have the necessary knowledge, tools, and skills for solving complex real-world problems, drawing conclusions from data-driven methodologies. Students will meet the qualifications for data scientist positions in industry and government and will apply a sound understanding of the social and ethical implications of data analytics in their work as data scientists.

Summary of Degree Units

University Graduation Requirements	44
Major Preparation	25
Major Requirements	51
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

A grade of "C-" or better is required for courses being used to meet any requirement in any minor or major offered by the Department of Computer Science, including Major Preparation courses.

University Requirements

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)

- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (25 units)

- MATH 30 - Calculus I 3 *unit(s)* (B4) (MATH 30X & MATH 30W (5 units) may be used in place of MATH 30.)
- MATH 31 - Calculus II 4 *unit(s)* (B4) (MATH 31X & MATH 31W (5 units) may be used in place of MATH 31.)
- MATH 39 - Linear Algebra I 3 *unit(s)*
- MATH 42 - Discrete Mathematics 3 *unit(s)* (MATH 42X & MATH 42W (4 units) may be used in place of MATH 42.)
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*
- MATH 167R - Statistical Programming with R 3 *unit(s)*
- CS 100W - Technical Writing Workshop 3 *unit(s)* (WID)
- PHIL 133 - Ethics in Science 3 *unit(s)* (V)

Major Requirements (51 units)

CS 22A or CS 122 (3 units)

Complete one course:

- CS 22A - Python for Everyone 3 *unit(s)* (requires prior department approval) (B4)
- CS 122 - Advanced Programming with Python 3 *unit(s)*

Lower Division (8 units)

- CS 46A - Introduction to Programming 4 *unit(s)* or CS 46AX - Introduction to Programming 4 *unit(s)*
- CS 46B - Introduction to Data Structures 4 *unit(s)*

Upper Division (21 units)

- CS 131 - Processing Big Data - Tools and Techniques 3 *unit(s)*
- CS 133 - Introduction to Data Visualization 3 *unit(s)*
- CS 146 - Data Structures and Algorithms 3 *unit(s)*
- CS 156 - Introduction to Artificial Intelligence 3 *unit(s)*
- CS 157A - Introduction to Database Management Systems 3 *unit(s)*
- CS 163 - Data Science Senior Project 3 *unit(s)*

- CS 171 - Introduction to Machine Learning 3 *unit(s)*

Major Electives (13 units)

Complete 13 units from the following courses:

- CS 22B - Python Programming for Data Analysis 3 *unit(s)*
- CS 47 - Introduction to Computer Systems 3 *unit(s)*
- CS 48 - Applied Algorithms 1 *unit(s)*
- CS 49J - Programming in Java 3 *unit(s)* (*may be used with prior approval*)
- CS 85A - Practical Computing Topics 1 *unit(s)* (*may be used with prior approval*)
- CS 85C - Practical Computing Topics 3 *unit(s)* (*at most 3 units may be used*) **or** CS 180 - Individual Studies 1-3 *unit(s)* (*may be used with prior approval*) **or** CS 180H - Individual Studies for Honors 3 *unit(s)* (*may be used with prior approval*)
- CS 116A - Introduction to Computer Graphics 3 *unit(s)*
- CS 122 - Advanced Programming with Python 3 *unit(s)*
- CS 123A - Bioinformatics I 3 *unit(s)*
- CS 123B - Bioinformatics II 3 *unit(s)*
- CS 136 - Introduction to Computer Vision 3 *unit(s)*
- CS 151 - Object-Oriented Design 3 *unit(s)*
- CS 155 - Introduction to the Design and Analysis of Algorithms 3 *unit(s)*
- CS 157B - Database Management Systems II 3 *unit(s)*
- CS 157C - NoSQL Database Systems 3 *unit(s)*
- CS 158A - Computer Networks 3 *unit(s)*
- CS 166 - Information Security 3 *unit(s)*
- CS 176 - Introduction to Social Network Analysis 3 *unit(s)*
- CS 185C - Advanced Practical Computing Topics 3 *unit(s)* (*At most 6 units may be used*)
- CS 190 - Internship Project 1 *unit(s)* **or** CS 190I - Internship Project 3 *unit(s)* (*At most 3 units may be used*)
- MATH 32 - Calculus III 3 *unit(s)*
- MATH 161B - Applied Probability and Statistics II 3 *unit(s)*
- MATH 161C - Applied Probability and Statistics III 3 *unit(s)*
- MATH 163 - Probability Theory 3 *unit(s)*
- MATH 164 - Mathematical Statistics 3 *unit(s)*
- UNVS 101 - Leadership and Career Accelerator 3 *unit(s)*

Domain Field Electives (6 units)

Complete 6 units of major requirement courses of one particular major program (excluding BS - Computer Science, BS - Software Engineering, and BS - Information Science and Data Analytics) to gain domain expertise; requires prior department approval.

Total Units Required (120 units)

Earth System Science, BS

The Earth System Science (ESS) major, offered by the Department of Geology, is designed to broaden the perspectives of geoscience students by integrating an understanding of Earth's biological and physical systems with interdisciplinary, solutions-oriented investigations of the human dimensions of sustainability. The Earth System Science degree will prepare students for career options including geohazard assessment, environmental geology,

climate change and environmental remediation, water resource management, geoscience consulting, Earth Science teaching, and other career opportunities that center the societal-Earth connection.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	23
Major Requirements	31
Major Electives	20-23
University Electives	5-8
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (23 units)

- BIOL 10 - The Living World 3 *unit(s)* (B2)
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- GEOL 111 - Geology and the Environment 3 *unit(s)* (R)
- MATH 19 - Precalculus 5 *unit(s)* (B4)
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
or PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)

Major Requirements (31 units)

Lower Division (8 units)

Complete one of the following (4 units):

- GEOL 1 - General Geology 4 *unit(s)* (B1+B3)
- GEOL 3 - Planet Earth 3 *unit(s)* (B1) and GEOL 4L - Earth Systems Lab 1 *unit(s)* (B3)
- GEOL 7 - Earth, Time and Life 4 *unit(s)* (B1+B3)
- GEOL 9 - Earth Disasters 4 *unit(s)* (B1+B3)

Complete the following two courses (4 units):

- GEOL 5 - Sustainability, Human Development, and the Earth 3 *unit(s)* (E)
- GEOL 28 - Geology Outdoors 1 *unit(s)*

Upper Division (19 units)

- Any 100W 3 *unit(s)* (WID)
- GEOL 130 - Marine Geology 4 *unit(s)*
- GEOL 134 - Geomorphology 4 *unit(s)*
- GEOL 138 - Hydrogeology 4 *unit(s)*
- GEOL 142 - Paleontology 4 *unit(s)*

Capstone (4 units)

- GEOL 145 - Earth System Science 4 *unit(s)*

Major Electives (20-23 units)

Complete 20-23 units of STEM and interdisciplinary in consultation with your major advisor. The following are a list of *recommended* electives.

- GEOL 124 - Sedimentology and Stratigraphy 3 unit(s) (R)
- GEOL 135 - Geochemistry 4 unit(s)
- GEOL 137 - Introduction to GPS/GIS for Geologic Applications 4 unit(s)
- BIOL 110 - Biodiversity and Biopolitics 3 unit(s) (R)
- METR 155 - Remote Sensing 3 unit(s)
- ENVS 1 - Introduction to Environmental Issues 3 unit(s) (A3)
- ENVS 107 - Introduction to Environmental Economics and Policy 4 unit(s)
- ENVS 119 - Energy and the Environment 3 unit(s) (R)
- ENVS 124 - Introduction to Environmental Law 3 unit(s)
- ENVS 185 - Environmental Impact Analysis 4 unit(s) (Crosslisted with URBP)
- ENVS 187 - Environmental Restoration 4 unit(s)
- GEOG 107 - Mapping the World 3 unit(s) (R)
- GEOG 70 - Introduction to Geographic Information Systems 4 unit(s)
- GEOG 181 - Introduction to Remote Sensing 3 unit(s)
- GEOG 182 - Programming for GIS 3 unit(s)

University Electives (5-8 units)

The following are recommended electives:

- ANTH 11 - Cultural Anthropology 3 unit(s) (D)
- ANTH 129 - Environmental Anthropology 3 unit(s)
- PHIL 126 - Environmental Ethics and Philosophy 3 unit(s)
- PHIL 133 - Ethics in Science 3 unit(s)
- POLS 135 - U.S. Environmental Policy 3 unit(s) (Crosslisted with ENVS)
- SOCI 141 - Environmental Sociology 3 unit(s)
- URBP 142 - Introduction to Environmental Planning 4 unit(s) (Crosslisted with ENVS)

Total Units Required (120 units)

Geology, BS

The BS in Geology, offered by the Department of Geology, provides a flexible program that prepares students for careers in environmental remediation and management, water resources, natural hazards mitigation, geophysics and geology, engineering and hazardous materials, and digital mapping. Our graduates find work in local and international firms as well as in regional, state, and federal government agencies.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	35
Major Preparation	16
Major Requirements	54
University Electives	15
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (16 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- MATH 30 - Calculus I 3 *unit(s)* (B4)

Complete One Sequence From:

Fundamentals

- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)

General Physics

- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

Major Requirements (54 units)

Core Courses (34-36 units)

- GEOL 1 - General Geology 4 unit(s) (B1+B3)
- GEOL 7 - Earth, Time and Life 4 unit(s) (B1+B3)
- GEOL 28 - Geology Outdoors 1 unit(s)
- Any 100W 3 unit(s) (WID)
- GEOL 120 - Fundamentals of Mineralogy 3 unit(s)
- GEOL 122 - Petrology 4 unit(s)
- GEOL 124 - Sedimentology and Stratigraphy 3 unit(s) (R)
- GEOL 125 - Structural Geology 4 unit(s)
- GEOL 129A - Spring Field Geology 2 unit(s)
- GEOL 137 - Introduction to GPS/GIS for Geologic Applications 4 unit(s)

Complete One Course From:

- GEOL 129B - Advanced Field Geology 4 unit(s) (Note: students planning to pursue licensure as a Professional Geologist should take GEOL 129B)
- GEOL 129C - Digital Geologic Field Mapping 2 unit(s)

Geology Electives (18-20 units)

Complete 18-20 units from:

- GEOL 127 - Tectonics 3 unit(s)
- GEOL 129C - Digital Geologic Field Mapping 2 unit(s) (If not taken as Geology Core Course)
- GEOL 130 - Marine Geology 4 unit(s)
- GEOL 132 - Planetary Geology 3 unit(s)
- GEOL 134 - Geomorphology 4 unit(s)
- GEOL 135 - Geochemistry 4 unit(s)
- GEOL 138 - Hydrogeology 4 unit(s)
- GEOL 140 - Principles of Engineering Geology 4 unit(s)
- GEOL 142 - Paleontology 4 unit(s)
- GEOL 143 - Active Tectonics 4 unit(s)
- GEOL 145 - Earth System Science 4 unit(s)
- GEOL 147 - Introduction to Applied Geophysics 4 unit(s)
- GEOL 174 - Hazardous Materials 3 unit(s)
- GEOL 180 - Individual Studies 1-3 unit(s)
- MS 141 - Geological Oceanography 4 unit(s)

University Electives (15 units)

MATH 31 recommended for graduate school or technical careers

Total Units Required (120 units)

Mathematics, BA

The BA - Mathematics, offered by the Department of Mathematics and Statistics, is recommended for students who enjoy problem solving and would like to apply problem solving skills along with communication and analyzing skills in a future career. This degree also provides an excellent background for graduate work in mathematics and other disciplines including law and medicine as well as engineering and science.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	44
Major Preparation	12-15
Major Requirements	46
University Electives	15-18
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Preparation and Required in the Major must be completed with a grade of "C- or better", and the following Preparation for the Major course with a grade of "C or better": 100W.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements And should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (12-15 units)

- ENGR 100W - Engineering Reports 3 *unit(s)* (*WID+R*) or CS 100W (*WID*) or PHYS 100W (*WID*) or other 100W in consultation with major advisor.
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (*B1+B3*)

Complete one course (3-4 units):

- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (*B1+B3*) (PHYS 52 also accepted.)
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*

With prior approval, 6 units of upper division mathematics-related courses from other departments may be substituted for PHYS 50 and PHYS 51/MATH 161A.

Programming (2-4 units)

Complete one course:

- MATH 50 - Scientific Computing I 2 *unit(s)*
- MATH 167R - Statistical Programming with R 3 *unit(s)*
- CS 22A - Python for Everyone 3 *unit(s)* (*B4*)
- CS 46A - Introduction to Programming 4 *unit(s)*
- CS 49C - Programming in C 3 *unit(s)*
- CS 49J - Programming in Java 3 *unit(s)*
- CMPE 30 - Programming Concepts and Methodology 3 *unit(s)*

Major Requirements (46 units)

Core Courses (16 units)

- MATH 30 - Calculus I 3 *unit(s)* (*B4*)
MATH 30X may be used instead of MATH 30.
- MATH 31 - Calculus II 4 *unit(s)* (*B4*)
MATH 31X may be used instead of MATH 31.
- MATH 32 - Calculus III 3 *unit(s)* (*B4*)
MATH 32X may be used instead of MATH 32.
- MATH 39 - Linear Algebra I 3 *unit(s)*
- MATH 42 - Discrete Mathematics 3 *unit(s)*

MATH 42X may be used instead of MATH 42.

Upper Division Core (15 units)

- MATH 108 - Introduction to Abstract Mathematics and Proofs 3 *unit(s)*
- MATH 128A - Abstract Algebra I 3 *unit(s)*
- MATH 131A - Introduction to Analysis 3 *unit(s)*

Complete one course (3 units):

- MATH 112 - Vector Calculus 3 *unit(s)*
- MATH 115 - Modern Geometry and Transformations 3 *unit(s)*
- MATH 138 - Complex Variables 3 *unit(s)*

Complete one course (3 units):

- MATH 128B - Abstract Algebra II 3 *unit(s)*
- MATH 129B - Linear Algebra II 3 *unit(s)*
- MATH 131B - Introduction to Real Variables 3 *unit(s)*

Upper Division Mathematics Elective (15 units)

Complete five courses (not counted above) from:

- MATH 112 - Vector Calculus 3 *unit(s)*
- MATH 115 - Modern Geometry and Transformations 3 *unit(s)*
- MATH 126 - Theory of Numbers 3 *unit(s)*
- MATH 128B - Abstract Algebra II 3 *unit(s)*
- MATH 129B - Linear Algebra II 3 *unit(s)*
- MATH 131B - Introduction to Real Variables 3 *unit(s)*
- MATH 132 - Advanced Calculus 3 *unit(s)*
- MATH 133B - Partial Differential Equations 3 *unit(s)*
- MATH 134 - Ord. Diff. Eqns and Dynamical Systems 3 *unit(s)*
- MATH 138 - Complex Variables 3 *unit(s)*
- MATH 142 - Introduction to Combinatorics 3 *unit(s)*
- MATH 143C - Numerical Analysis and Scientific Computing 3 *unit(s)*
- MATH 143M - Numerical Analysis and Scientific Computing 3 *unit(s)*
- MATH 146 - An Introduction to Mathematical Cryptography 3 *unit(s)*
- MATH 150 - Theory of Interest 3 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*
- MATH 161B - Applied Probability and Statistics II 3 *unit(s)*
- MATH 162 - Statistics for Bioinformatics 3 *unit(s)*
- MATH 163 - Probability Theory 3 *unit(s)*
- MATH 164 - Mathematical Statistics 3 *unit(s)*
- MATH 170 - Mathematical Modeling for the Life Sciences 3 *unit(s)* **OR** MATH 178 - Mathematical Modeling 3 *unit(s)*
- MATH 177 - Linear and Non-Linear Optimization 3 *unit(s)*
- MATH 179 - Introduction to Graph Theory 3 *unit(s)*
- MATH 180 - Individual Studies 1-4 *unit(s)* (*Requires prior approval*)
- MATH 180H - Individual Studies for Honors 3 *unit(s)* (*Requires prior approval*)

- MATH 180R - Undergraduate Research in Mathematics 1-4 unit(s) (Requires prior approval)
- MATH 203 - Applied Mathematics, Computation, and Statistics Projects 3 unit(s)

University Electives (15-18 units)

Total Units Required (120 units)

Mathematics, Integrated Teacher Education Program, BA

A National Science Foundation Noyce Grant awardee, the Mathematics, BA Integrated Teacher Education Program (ITEP) major is designed for students interested in teaching mathematics in high school or middle school. The coursework satisfies requirements for a BA in Mathematics and Single Subject Credential - Mathematics (SSC), including 21 units of the Education Specialist Preliminary Teaching Credential: Mild/Moderate Support Needs (ESC). The Mathematics, Integrated Teacher Education Program, BA has been approved by the California Commission on Teacher Credentialing (CCTC) as an integrated undergraduate teacher preparation program. Students who complete the 4-year BA Math degree will be recommended to the CCTC for a preliminary single subject credential to teach middle school and high school mathematics. Students who complete the ESC requirements for an additional school year after graduation (18 units) will be recommended to the CCTC to receive a preliminary education in mild to moderate services and earn a Master of Arts in Special Education.

Those students interested in earning the BA Mathematics, Single Subject Credential in Mathematics, Education Specialist Credential in Mild/Moderate Support Services, and MA in Special Education are strongly encouraged to enroll in the SAGE Mathematics Program, that is, Math ITEP + MA SPED + ESC program. Note that this is an accelerated honors program that will allow 12 units of coursework to double count for both the BA and MA degree (EDSE 102, 218D, 279, and 270). Students who opt to do the BA Math ITEP program and MA SPED program separately will not be allowed to double count those units in the stand alone MA SPED degree and will have to take 12 units of substitute courses to fulfill the MA SPED unit requirements.

BA Math ITEP students must have successfully passed the California Basic Educational Skills Test (or equivalent alternatives) and completed 80% of math coursework in order to satisfy subject matter competency and engage in solo teaching in middle school or high school math classrooms. Minimum grade point average (GPA) criteria is required to verify subject matter competency and entry to student teaching.

The subject matter preparation component of the integrated Math Integrated Teacher Education Program, offered by the Department of Mathematics and Statistics, includes (1) a minimum of 30 semester units of core mathematics coursework that is directly related to subjects that are commonly taught in departmentalized mathematics classes in California public schools and (2) a minimum of 15 semester units of coursework that provides extended study (breadth and depth) of the subject.

The 33 required upper division units of credential courses need to be taken at SJSU.

Learn more about the initial eligibility requirements before beginning the credential component of the BA Math ITEP.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	29
Major Preparation	15-17
Major Core Requirements	43

Credential Requirements 32

Total 120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Preparation and Required in the Major must be completed with a grade of "C- or better", and the following Preparation for the Major course with a grade of "C or better": ENGR 100W.

All credential courses in the Preparation and Required in the Major must be completed with a grade of "B" or better.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15-17 units)

- AAS 25 / AFAM 25 / CCS 25 - The Changing Majority: Power and Ethnicity in America 3 *unit(s)* (F) (*Multicultural Foundations*)
- CHAD 60 - Child Development 3 *unit(s)* (E)
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)

Programming (2-4 units)

Complete one course:

- CMPE 30 - Programming Concepts and Methodology 3 *unit(s)*
- CS 22A - Python for Everyone 3 *unit(s)* (B4)
- CS 46A - Introduction to Programming 4 *unit(s)*
- CS 49C - Programming in C 3 *unit(s)*
- CS 49J - Programming in Java 3 *unit(s)*
- MATH 50 - Scientific Computing I 2 *unit(s)*
- MATH 167R - Statistical Programming with R 3 *unit(s)*

Major Requirements (76 units)

Lower Division Courses (16 units)

- MATH 30 - Calculus I 3 *unit(s)* (B4) (MATH 30X may be used instead of MATH 30.)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 32 - Calculus III 3 *unit(s)* (B4)
- MATH 39 - Linear Algebra I 3 *unit(s)*
- MATH 42 - Discrete Mathematics 3 *unit(s)*

Upper Division Core (27 units)

- MATH 102 - Secondary School Mathematics 3 *unit(s)*
- MATH 108 - Introduction to Abstract Mathematics and Proofs 3 *unit(s)*
- MATH 115 - Modern Geometry and Transformations 3 *unit(s)*
- MATH 126 - Theory of Numbers 3 *unit(s)*
- MATH 128A - Abstract Algebra I 3 *unit(s)*
- MATH 128B - Abstract Algebra II 3 *unit(s)* OR MATH 129B - Linear Algebra II 3 *unit(s)* OR MATH 131B - Introduction to Real Variables 3 *unit(s)*
- MATH 131A - Introduction to Analysis 3 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*
- MATH 161B - Applied Probability and Statistics II 3 *unit(s)*

Credential Requirements (33 units)

- EDSE 102 - Intro to Language Development and Disability 3 *unit(s)* (S)
- EDSE 124 - Teach for Social Justice: Language & Disability 3 *unit(s)* (V)
- EDSE 215 - Assessing Students with Disabilities 3 *unit(s)*
- EDSE 218D - Teaching Students with Autism Spectrum Disorders 3 *unit(s)*
- EDSE 279 - Positive Behavior Support 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*
- MTED 184X - Student Teaching Phase I 4 *unit(s)*
- MTED 184Y - Student Teaching II - Classroom Teaching 4 *unit(s)*
- MTED 184Z - Student Teaching III - Classroom Teaching 4 *unit(s)*
- MTED 394 - Secondary Mathematics Methods 3 *unit(s)*

Total Units Required (120-122 units)

Meteorology, BS

The BS Meteorology degree program, offered by the Department of Meteorology and Climate Science, is designed to develop meteorologists who, upon graduation, are ready to begin professional practice in the private sector or in government, or are ready to enter graduate programs in atmospheric science.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	39
Major Preparation	27
Major Requirements	54
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All Preparation and Required in the Major courses must be completed with a "C- or better".

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (27 units)

A minimum grade of "C-" must be attained in all major and preparation courses.

- CHEM 1A - General Chemistry 5 unit(s) (B1+B3)
- MATH 30 - Calculus I 3 unit(s) (B4)
- MATH 31 - Calculus II 4 unit(s) (B4)
- MATH 32 - Calculus III 3 unit(s) (B4)
- PHYS 50 - General Physics I: Mechanics 4 unit(s) (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 unit(s) (B1+B3)
- PHYS 52 - General Physics III: Waves, Light, Heat 4 unit(s) (B1+B3)

Major Requirements (54 units)

Core Courses (48 units)

- METR 10 - Weather and Climate 3 unit(s) (B1)
- METR 40 - Weather Seminar 1 unit(s)
- METR 50 - Scientific Computing I 2 unit(s)
- METR 51 - Scientific Computing II 2 unit(s)
- METR 60 - Meteorology and Climate Science I 3 unit(s)
- METR 61 - Meteorology and Climate Science II 2 unit(s)
- METR 100W - Writing Workshop: Meteorological Reports 3 unit(s) (WID)
- METR 121A - Dynamic Meteorology 4 unit(s)
- METR 121B - Dynamic Meteorology 3 unit(s)
- METR 123 - Advanced Climatology 3 unit(s)
- METR 125 - Physical Meteorology 3 unit(s)
- METR 136 - Applied Statistics and Analysis in Meteorology 3 unit(s)
- METR 150 - Computers in Meteorology III 3 unit(s)
- METR 163 - Meteorological Instrumentation 3 unit(s)
- METR 170A - Weather Briefing 1 unit(s)
- METR 170B - Weather Briefing 1 unit(s)
- METR 171A - Synoptic Weather Analysis and Forecasting 3 unit(s)
- METR 172 - Mesoscale Meteorology 3 unit(s)
- METR 179 - Topics in Senior Thesis 1-2 unit(s) (2 units required)

Major Electives (6 units)

Complete two courses from:

- METR 130 - Boundary Layer Meteorology 3 unit(s)
- METR 131 - Air Pollution Meteorology 3 unit(s)
- METR 155 - Remote Sensing 3 unit(s)
- METR 161 - Introduction to Hydrometeorology 3 unit(s)
- METR 164 - Introduction to Fire Weather 3 unit(s)
- METR 165 - Mountain Meteorology 3 unit(s)

- METR 170C - Weather Briefing III 1 unit(s)
- METR 173 - Global Climate Modeling 3 unit(s)
- METR 174 - Climate Change Capstone 3 unit(s)
- METR 185 - Special Topics 1-3 unit(s)

Total Units Required (120 units)

Physics, BA

This 120-unit program, offered by the Department of Physics and Astronomy, provides a strong foundation in physics while allowing sufficient electives for the student to pursue a second program of study in another field (e.g., science education, business, math, or another science; transfer students must take at least 12 units of upper division physics major courses at SJSU with a GPA of 2.0 or better in these courses).

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	44
Major Preparation	30
Major Requirements	34
University Electives	12
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or Specific questions.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

Major Preparation (30 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 32 - Calculus III 3 *unit(s)* (B4)
- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)
- PHYS 52 - General Physics III: Waves, Light, Heat 4 *unit(s)* (B1+B3)

Major Requirements (34 units)

Core Courses (34 units)

- PHYS 20 - Invitation to Physics and Astronomy 1 *unit(s)*
- PHYS 40 - Introduction to Computational Physics 3 *unit(s)*
- PHYS 105A - Advanced Mechanics I 4 *unit(s)*
- PHYS 110A - Electricity and Magnetism I 3 *unit(s)*
- PHYS 120A - Electronics, Data Acquisition & Analysis 3 *unit(s)*
- PHYS 122 - Modern Physics 4 *unit(s)*
- PHYS 130 - Mathematical Methods in Physics 4 *unit(s)*
- PHYS 160 - Thermodynamics and Statistical Physics 3 *unit(s)*
- Additional units of upper division physics 9 *unit(s)*

University Electives (12 units)

Total Units Required (120 units)

Physics, BS

This 120-unit program, offered by the Department of Physics and Astronomy, prepares students for professional positions in applied and computational physics or for graduate study (transfer students must take at least 12 units of upper division physics major courses at SJSU with a GPA of 2.0 or better in these courses).

- PHYS 140 - Computational Methods in Physics 3 *unit(s)*
- PHYS 160 - Thermodynamics and Statistical Physics 3 *unit(s)*
- PHYS 163 - Quantum Mechanics 3 *unit(s)*

Complete One Course From:

- PHYS 120B - Advanced Scientific Measurements Laboratory 3 *unit(s)*
- PHYS 120C - Advanced Physics Lab: Optics and Lasers 3 *unit(s)*

Astronomy and Physics Electives (6 units)

Additional six units in upper division Physics or Astrophysics from:

- ASTR 117A - Astrophysics I 3 *unit(s)*
- ASTR 117B - Astrophysics II 3 *unit(s)*
- ASTR 155 - Topics in Modern Astrophysics 3 *unit(s)*
- PHYS 105B - Advanced Mechanics II 3 *unit(s)*
- PHYS 120B - Advanced Scientific Measurements Laboratory 3 *unit(s)*
- PHYS 120C - Advanced Physics Lab: Optics and Lasers 3 *unit(s)*
- PHYS 155 - Topics in Physics and Astronomy 3-9 *unit(s)*
- PHYS 158 - Modern Optics 3 *unit(s)*
- PHYS 168 - Lasers 3 *unit(s)*
- PHYS 175A - Solid State Physics 3 *unit(s)*
- PHYS 180 - Individual Studies 1-4 *unit(s)* (no more than 3 units)

University Electives (3 units)

Total Units Required (120 units)

Physics, Preparation for Teaching, BA

This major is designed for students interested in teaching science in high school or middle school. Students enrolled in this program will earn units towards their single subject credential as an undergraduate. The following course work satisfies San José State University's requirements for a BA in Physics, offered by the Department of Physics and Astronomy. A minimum grade point average (GPA) criterion may be required for verification of subject matter competency. Completion of the program will not guarantee admission to the credential program. Like all other applicants, students must meet credential program standards and undergo screening for admission. See "Teaching: How to Become a Teacher in California" (see Teaching) for information on application and admission to credential programs.

Core Courses (53 units)

- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*
- EDSC 162 - Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDSC 173 - Psychological Foundations of Secondary Teacher Education 3 *unit(s)*
- PHYS 20 - Invitation to Physics and Astronomy 1 *unit(s)*
- PHYS 40 - Introduction to Computational Physics 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)
- PHYS 52 - General Physics III: Waves, Light, Heat 4 *unit(s)* (B1+B3)
- PHYS 105A - Advanced Mechanics I 4 *unit(s)*
- PHYS 110A - Electricity and Magnetism I 3 *unit(s)*
- PHYS 120A - Electronics, Data Acquisition & Analysis 3 *unit(s)*
- PHYS 122 - Modern Physics 4 *unit(s)*
- PHYS 130 - Mathematical Methods in Physics 4 *unit(s)*
- SCED 273 - Secondary School Science 3 *unit(s)*
- SCED 175 - Classroom Experiences in Science Teaching 1 *unit(s)*
- Additional units of upper division physics 6 *unit(s)*

University Electives (5 units)

Total Units Required (120 units)

Statistics, BS

The Statistics, BS degree, offered by the Department of Mathematics and Statistics, is recommended for students who wish to pursue a career in statistics. This program also prepares students for graduate study in probability, statistics, and data science. The program is designed to address the high demand in statisticians, data analysts, and data scientists in the current job market. It provides rigorous and balanced education in statistics. Students enrolled in the program will receive a solid mathematical, statistics, and data analysis background; moreover, they will learn programming, data management, and communication skills.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements 47

Major Preparation	9-11
Major Requirements	61
University Electives	1-3
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Preparation and Required in the Major must be completed with a grade of "C- or better", and the following Preparation for the Major course with a grade of "C or better": 100W.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)

- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (9-11 units)

Complete One 100W Course From:

- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- CS 100W - Technical Writing Workshop 3 *unit(s)* (WID)
- PHYS 100W - Methods of Research and Communication in Physics 3 *unit(s)* (WID)

Complete Two Courses:

- CS 46A - Introduction to Programming 4 *unit(s)*
 - CS 46B - Introduction to Data Structures 4 *unit(s)*
- OR**
- CMPE 30 - Programming Concepts and Methodology 3 *unit(s)*
 - CMPE 50 - Object-Oriented Concepts and Methodology 3 *unit(s)*

Major Requirements (61 units)

Lower Division Requirements (16 units)

- MATH 30 - Calculus I 3 *unit(s)* (B4)
MATH 30X may be used instead of MATH 30.
- MATH 31 - Calculus II 4 *unit(s)* (B4)
MATH 31X may be used instead of MATH 31.
- MATH 32 - Calculus III 3 *unit(s)* (B4)
MATH 32X may be used instead of MATH 32.
- MATH 39 - Linear Algebra I 3 *unit(s)*
- MATH 42 - Discrete Mathematics 3 *unit(s)*
MATH 42X may be used instead of MATH 42.

Upper Division Requirements (21 units)

- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*
- MATH 161B - Applied Probability and Statistics II 3 *unit(s)*
- MATH 161C - Applied Probability and Statistics III 3 *unit(s)*
- MATH 163 - Probability Theory 3 *unit(s)*
- MATH 164 - Mathematical Statistics 3 *unit(s)*
- MATH 167PS - Introduction to Python Programming and SQL 3 *unit(s)*
- MATH 167R - Statistical Programming with R 3 *unit(s)*

Major Electives (24 units)

Complete 24 units from:

- CS 146 - Data Structures and Algorithms 3 *unit(s)*
- CS 151 - Object-Oriented Design 3 *unit(s)*
- MATH 108 - Introduction to Abstract Mathematics and Proofs 3 *unit(s)*
- MATH 132 - Advanced Calculus 3 *unit(s)*
- MATH 142 - Introduction to Combinatorics 3 *unit(s)*
- MATH 143C - Numerical Analysis and Scientific Computing 3 *unit(s)*
- MATH 143M - Numerical Analysis and Scientific Computing 3 *unit(s)*
- MATH 146 - An Introduction to Mathematical Cryptography 3 *unit(s)*
- MATH 151 - Fundamentals of Data Science 3 *unit(s)*
- MATH 162 - Statistics for Bioinformatics 3 *unit(s)*
- MATH 177 - Linear and Non-Linear Optimization 3 *unit(s)*
- MATH 180 - Individual Studies 1-4 *unit(s)* *
- MATH 188I - Student Internships 3 *unit(s)* **

**At most 3 units of any combination of Math 180, 180R and 180H may count towards degree requirements.*

Note: Math 180 and 180R have variable units. Math 180H is a 3-unit course.

***At most 3 units of Math 188i may count towards degree requirements.*

University Elective (1-3 units)

Total Units Required (120 units)

Undergraduate Minor(s)

Astronomy Minor

The Astronomy Minor offered by the Department of Physics and Astronomy requires completion of the physics and astronomy courses taken at San José State University with a grade of "C" (2.0 GPA) or better.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (21 units)

- PHYS 50 - General Physics I: Mechanics 4 unit(s) (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 unit(s) (B1+B3)
- PHYS 52 - General Physics III: Waves, Light, Heat 4 unit(s) (B1+B3) (Or take PHYS 50 series equivalents)
- ASTR 117A - Astrophysics I 3 unit(s)
- ASTR 117B - Astrophysics II 3 unit(s)
- ASTR 155 - Topics in Modern Astrophysics 3 unit(s)

Total Units Required (21 units)

Atmospheric and Seismic Hazards Minor

This non-mathematical Minor in Atmospheric and Seismic Hazards, offered by the Department of Meteorology and Climate Science, is designed to increase student understanding of natural and man-made meteorological, geological and environmental hazards.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (13 units)

Required Courses (10 units)

- METR 112 - Global Climate Changes 3 unit(s) (R)
- METR 170A - Weather Briefing 1 unit(s) (Taken in the Fall Semester)
- GEOL 3 - Planet Earth 3 unit(s) (B1)

Complete One Course From:

- METR 10 - Weather and Climate 3 unit(s) (B1)
- METR 12 - Global Warming: Science and Solutions 3 unit(s) (B1)

Electives (3 units)

Please note: If a student is taking this minor as a requirement for their major, both courses may be required. Please see advisor for more details.

- METR 113 - Atmospheric Pollution 3 unit(s) (R)
- GEOL 112 - Hazards, Risks of Earthquakes and Volcanoes 3 unit(s) (R)

Total Units Required (13 units)

Bioinformatics Minor

Insights into many areas of biology, including genomics, molecular biology, neuroscience, physiology, microbiology, ecology, and evolution, can be gained using computational methods. Bioinformatics is the use of computational tools to understand important questions in the biological sciences. The Minor in Bioinformatics, offered by the Department of Biological Sciences, gives students a background in the biological sciences, computation skills, and experience using these skills to address biological questions. The minor requires 8 units of biology courses, 6 units of introductory courses in a programming language (either Python or Java), and 6 units of courses in bioinformatics.

At least 12 units must be distinct from the requirements of the student's major. At least six units must be completed at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0. A grade of "C-" or better is required for courses being used to meet any requirement in the minor.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (20 units)

Lower Division (14 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2B3)
- BIOL 31 - Principles of Biology II 4 *unit(s)* (B2B3)
- CS 22A - Python for Everyone 3 *unit(s)* (B4)
- CS 22B - Python Programming for Data Analysis 3 *unit(s)*

Upper Division (6 units)

- BIOL 123A - Bioinformatics I 3 *unit(s)*
- BIOL 123B - Bioinformatics II 3 *unit(s)*

Total Units Required (20 units)

Biological Sciences Minor

Environmental Studies students should consult an advisor from the Department of Biological Sciences.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

At least six (6) units, selected in consultation with the Biological Sciences Department advisor for minors, must be taken at San Jose State University.

- BIOL 20 - Ecological Biology 3 *unit(s)* (B2+B3)
- BIOL 21 - Human Biology 3 *unit(s)* (B2+B3)
- Ten to twelve (10-12) additional units in biological sciences courses of which six (6) units must be upper division 10-12 *unit(s)*

Total Units Required (18 units)

Broadcast Meteorology Minor

The Minor in Broadcast Meteorology, offered by the Department of Meteorology and Climate Science in collaboration with the School of Journalism and Mass Communications, is designed to prepare students from both STEM- and non-STEM majors to solve interdisciplinary problems involving the meteorology, climate and atmospheric sciences. Students will learn to prepare and present a professional weathercast with emphasis on communication skills, computer graphics, and on-camera delivery. Broadcast meteorology combines passions in weather, communications, technology applications, and reporting. Students in the minor will build meteorological knowledge and communication skills, which are essential for broadcast meteorology.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (22 units)

Core Courses (16 units)

- METR 10 - Weather and Climate 3 *unit(s)*
- METR 55 - Introduction to Broadcast Meteorology 3 *unit(s)*
- METR 100W **OR** MCOM 100W - Writing Workshop: Mass Communications 3 *unit(s)*
- METR 170A - Weather Briefing 1 *unit(s)*
- JOUR 130 - Student Media Apprentice 3 *unit(s)*
- JOUR 140A - Student Media Production: Update News 1-3 *unit(s)* (3 units required)

Electives (6 units)

- ENVS 119 - Energy and the Environment 3 *unit(s)* (R)
- METR 112 - Global Climate Changes 3 *unit(s)* (R)
- METR 115 - Wildfire in the Earth System 3 *unit(s)* (R)

Total Units Required (22 units)

Chemistry Minor

A Chemistry Minor to accompany a major in some other field is offered by the Department of Chemistry. A Chemistry Minor is 11 units of core chemistry courses and 12 units of upper division chemistry courses taken at San José State University with a "C" (2.0) average or better. Students who pursue this Minor will gain a deeper understanding of chemistry as the central science bringing together all fields of physical science and providing insight into a wide array of applications from medicine to materials.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (23 units)

Core Courses (11 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 120S - Chemical Safety Seminar 1 *unit(s)*

Approved Chemistry Electives (12 units)

Approved courses from at least two areas beyond general chemistry, chosen from analytical chemistry, biochemistry, inorganic chemistry, organic chemistry and physical chemistry (including at least one lab course).

- CHEM 55 - Quantitative Analysis 2 *unit(s)*
- CHEM 55L - Quantitative Analysis Laboratory 2 *unit(s)*
- CHEM 112A - Organic Chemistry 3 *unit(s)*
- CHEM 112B - Organic Chemistry 3 *unit(s)*
- CHEM 113A - Organic Chemistry Lab 2 *unit(s)*
- CHEM 130A - Biochemistry 4 *unit(s)*
- CHEM 130B - Biochemistry 4 *unit(s)*
- CHEM 131A - Biochemistry Lab 2 *unit(s)*
- CHEM 135 - General Biochemistry 4 *unit(s)*
- CHEM 145 - Inorganic Chemistry 3 *unit(s)*
- CHEM 155 - Instrumental Analysis 4 *unit(s)*
- CHEM 160 - Physical Chemistry 4 *unit(s)*
- CHEM 161A - Physical Chemistry 3 *unit(s)*
- CHEM 161B - Physical Chemistry 3 *unit(s)*
- CHEM 162L - Physical Chemistry Lab 2 *unit(s)*
- CHEM 170A - Macromolecular, Supramolecular & Nanoscale Systems 1 *unit(s)*

Total Units Required (23 units)

Climate Change Strategies Minor

The Minor in Climate Change Strategies, offered by the Department of Meteorology and Climate Science, is designed to increase students' understanding of climate change, potential impacts, and strategies to deal with what's coming.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Meteorology Courses (6 units)

Complete One Course From:

- METR 12 - Global Warming: Science and Solutions 3 *unit(s)*
- METR 112 - Global Climate Changes 3 *unit(s)*

Complete One Course From:

- METR 113 - Atmospheric Pollution 3 *unit(s)* (R)
- METR 115 - Wildfire in the Earth System 3 *unit(s)* (R)

Environmental Studies Courses (9 units)

- ENVS 119 - Energy and the Environment 3 *unit(s)* (R)
- ENVS 130 - Energy Policy Analysis 3 *unit(s)*

Complete One Course From:

- ENVS 116 - Solar Energy Analysis 3 *unit(s)*
- ENVS 133 - Sustainable Energy Strategies 3 *unit(s)*

Total Units Required (15 units)

Computer Science Minor

At least 12 units must be distinct from the student's major. At least three units of upper-division coursework must be completed in the Department of Computer Science at SJSU. Students are expected to have satisfied the prerequisites for any of the courses taken to fulfill the requirements for the Computer Science Minor. A grade of "C-" or better is required for courses being used to meet any requirement in the minor.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (3 units)

- MATH 42 - Discrete Mathematics 3 *unit(s)*

Minor Requirements (17 units)

Lower Division (8 units)

- CS 46A - Introduction to Programming 4 *unit(s)*
- CS 46B - Introduction to Data Structures 4 *unit(s)*

Upper or Lower Division Elective (3 units)

Complete one course from:

- MATH 30 - Calculus I 3 *unit(s)* (B4)
- CS 49C - Programming in C 3 *unit(s)* (Or any permitted Upper Division Elective)

Upper Division Electives (6 units)

Complete six units from:

- CS 123A - Bioinformatics I 3 *unit(s)*
- CS 131 - Processing Big Data - Tools and Techniques 3 *unit(s)*
- CS 146 - Data Structures and Algorithms 3 *unit(s)*
- CS 151 - Object-Oriented Design 3 *unit(s)*
- CS 174 - Server-side Web Programming 3 *unit(s)*

Total Units Required (20 units)

Geology Minor

The Department of Geology offers a baccalaureate minor to supplement a major in some fields. The geology minor consists of at least 15 units, at least six of which must be upper-division courses, selected in consultation with the geology advisor.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Core Courses (9 units)

- GEOL 1 - General Geology 4 *unit(s)* (B1+B3)
- GEOL 7 - Earth, Time and Life 4 *unit(s)* (B1+B3)
- GEOL 28 - Geology Outdoors 1 *unit(s)*

Electives (6 units)

Complete six units from:

- GEOL 105 - General Oceanography 3 *unit(s)* (R)
- GEOL 107 - Prehistoric Life 3 *unit(s)* (R)
- GEOL 111 - Geology and the Environment 3 *unit(s)* (R)
- GEOL 112 - Hazards, Risks of Earthquakes and Volcanoes 3 *unit(s)* (R)
- GEOL 120 - Fundamentals of Mineralogy 3 *unit(s)*
- GEOL 122 - Petrology 4 *unit(s)*
- GEOL 124 - Sedimentology and Stratigraphy 3 *unit(s)* (R)
- GEOL 125 - Structural Geology 4 *unit(s)*
- GEOL 134 - Geomorphology 4 *unit(s)*
- GEOL 135 - Geochemistry 4 *unit(s)*
- GEOL 137 - Introduction to GPS/GIS for Geologic Applications 4 *unit(s)*
- GEOL 138 - Hydrogeology 4 *unit(s)*

- GEOL 142 - Paleontology 4 unit(s) (or other geology courses selected with advisor approval (at least one upper division course must include a lab))

Total Units Required (15 units)

Mathematics Minor

A grade of "C-" or better is required for courses being used to satisfy the requirements for the Minor in Mathematics, offered by the Department of Mathematics and Statistics.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (16 units)

Lower Division (10 units)

- MATH 30 - Calculus I 3 unit(s) (B4) (MATH 30X may be used instead of MATH 30.)
- MATH 31 - Calculus II 4 unit(s) (B4) (MATH 31X may be used instead of MATH 31.)

Complete One Course From:

- MATH 32 - Calculus III 3 unit(s) (B4) (MATH 32X may be used instead of MATH 32.)
- MATH 33LA - Differential Equations and Linear Algebra 3 unit(s)
- MATH 39 - Linear Algebra I 3 unit(s)
- MATH 42 - Discrete Mathematics 3 unit(s) (MATH 42X may be used instead of MATH 42.)

Upper Division Mathematics Electives (6 units)

6 units in upper division Mathematics numbered between 108 and 179 (inclusive) but excluding MATH 151 and those numbered between 160 and 169 (inclusive).

Total Units Required (16 units)

Physics Minor

A Physics Minor to accompany a major in some other field is offered by the Department of Physics and Astronomy. A Physics Minor is 18 units of physics courses taken at San José State University with a "C" (2.0) average or better.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University

Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)
- PHYS 52 - General Physics III: Waves, Light, Heat 4 *unit(s)* (B1+B3)
- Six units of upper division physics or astronomy courses approved by Physics advisor including (up to four units combined) of PHYS 180 and/or 184, excluding PHYS 100W and ASTR 101 6 *unit(s)*

Total Units Required (18 units)

Science Content for Teaching Minor

The Science Education Minor, offered by the Science Education Program, is designed as a program of study that will allow students who are interested in becoming elementary and middle school teachers to satisfy the Introductory Science Authorization course work requirements of the California Commission on Teacher Credentialing.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Courses designated as "In Preparation for the Major" may be included in the minor. All prerequisite courses and expected proficiencies must be included in the course catalog description for the minor. Prerequisite courses will be included in the unit count. If there is a level of proficiency required to enter a minor (e.g., language or math proficiency), any courses to achieve proficiency will not be included in the minor unit count.

Minor Requirements

Consult with the Science Education Program.

Science Education Minor

The Science Education Minor, offered by the Science Education Program, is designed as a program of study that will allow students who are interested in becoming elementary and middle school teachers to satisfy the Introductory Science Authorization course work requirements of the California Commission on Teacher Credentialing.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (14 units)

- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*
- SCED 175 - Classroom Experiences in Science Teaching 1 *unit(s)* (*Must be completed 2 times for 2 units*)
- SCED 174 - Science Pedagogy for Learning Assistants 3 *unit(s)*
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*

Complete one course (3 units):

- SCED 273 - Secondary School Science 3 *unit(s)*
Students interested in teaching high school science should take SCED 273 (open to seniors and post-baccalaureate students only; department consent is required) (Single Subject Credential).
- EDEL 108B - Curriculum: Science 3 *unit(s)*
Students interested in teaching elementary or middle school science should take EDEL 108B (open to seniors and post-baccalaureate students only; department consent is required) (Multiple Subject Credential).

Total Units Required (14 units)

Statistics Minor

The Statistics Minor, offered by the Department of Mathematics and Statistics, provides a theoretical and applied background in probability and statistics to prepare the students for statistical data analysis.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (7 Units)

- MATH 30 - Calculus I 3 *unit(s)* (B4) (*MATH 30X may be used instead of MATH 30.*)
- MATH 31 - Calculus II 4 *unit(s)* (B4) (*MATH 31X may be used instead of MATH 31.*)

Minor Requirements (12 units)

- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*

Complete One Course From:

- MATH 32 - Calculus III 3 *unit(s)* *(B4) (*MATH 32X may be used instead of MATH 32.*)
- MATH 39 - Linear Algebra I 3 *unit(s)* *

Elective Courses (6 units)

Complete six units from:

- MATH 151 - Fundamentals of Data Science 3 *unit(s)* **
- MATH 161B - Applied Probability and Statistics II 3 *unit(s)*
- MATH 161C - Applied Probability and Statistics III 3 *unit(s)*
- MATH 162 - Statistics for Bioinformatics 3 *unit(s)*
- MATH 163 - Probability Theory 3 *unit(s)*
- MATH 164 - Mathematical Statistics 3 *unit(s)*

Total Units Required (19 units)

*MATH 163 and MATH 164 require MATH 32; MATH 151 requires MATH 39.

**Students who select MATH 151 may be required to take an extra prerequisite course, MATH 167R.

Wildfire Sciences Minor

The Department of Meteorology and Climate Science offers a minor in Wildfire Sciences, which complements any career in which understanding wildfire science and wildfire risk is important. It is especially relevant to environmental and climate change related fields and prepares students to enter a workforce with wildfire-specific skill sets and knowledge. Nearly all employees in land management agencies and nonprofits in California are effectively working in wildfire or fire-related fields.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (20-22 units)

Required Courses (14 units)

- BIOL 111 - Fire Ecology 4 *unit(s)*
- ENVS 175 - Wildfire Policy and Management 3 *unit(s)*
- METR 115 - Wildfire in the Earth System 3 *unit(s)*

Geographic Information Systems (GIS)

Complete one of the following:

- ENVS 179A - Fundamentals of GIS for Urban Planning 4 *unit(s)*
- GEOL 137 - Introduction to GPS/GIS for Geologic Applications 4 *unit(s)*
- URBP 179A - Fundamentals of GIS for Urban Planning 4 *unit(s)*
- URBP 179B - Advanced GIS for Urban Planning 4 *unit(s)*
- Any other advisor approved GIS course

Electives (6-8 units)

Complete two elective courses from the following approved courses:

- BIOL 20 - Ecological Biology 3 *unit(s)*
- BIOL 150 - Field Studies in Natural History 1-2 *unit(s)*
- BOT 104 - Plant Taxonomy 4 *unit(s)*
- BOT 165 - Plant Communities of California 4 *unit(s)*
- BIOL 143 - Biogeography 3 *unit(s)*
- BIOL 156 - Ecological Sampling Design and Analyses 3 *unit(s)*
- BIOL 160 - Ecology 4 *unit(s)*
- BIOL 163 - Conservation Biology 3 *unit(s)*
- BIOL 164 - Ecological Field Methods 3 *unit(s)*
- BIOL 190 - Field Studies in Biology 1-4 *unit(s)*
- ENVS 161 - California Wildlands 4 *unit(s)*
- ENVS 173 - Forest Ecology and Conservation 4 *unit(s)*
- GEOG 1 - Physical Geography 3 *unit(s)*
- GEOG 181 - Introduction to Remote Sensing 3 *unit(s)*
- GEOL 6 - Geology of California 3 *unit(s)*
- METR 10 - Weather and Climate 3 *unit(s)*
- METR 112 - Global Climate Changes 3 *unit(s)*
- METR 113 - Atmospheric Pollution 3 *unit(s)*
- METR 155 - Remote Sensing 3 *unit(s)*
- METR 164 - Introduction to Fire Weather 3 *unit(s)*

Total Units Required (20-22 units)

Master(s)

Applied Mathematics, MS

- Requirements for Admission
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (33 units)
- Program Learning Outcomes

Applied Mathematics MS, offered by SJSU's Department of Mathematics and Statistics is appropriate for students who seek to deepen their knowledge of mathematics and its applications for work in the research and development area of industry.

Requirements for Admission

Candidates must meet all the university admission requirements. Students can be admitted in either classified or conditionally classified standing. If an applicant's preparation for advanced graduate work is considered inadequate to meet the course prerequisites or other departmental requirements, the conditions will include taking preparatory courses to meet these requirements. Such courses will not count as units that fulfill the master's degree program requirements.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Classified Standing

To enter this program with classified standing, a student must meet the minimum requirements for admission to the Graduate Division, have completed 18 semester units of upper-division mathematics with a GPA of at least 3.0, and have one to three letters of recommendation submitted on his or her behalf. The coursework must be acceptable toward a bachelor's degree in mathematics and may not be counted toward the MS degree.

Conditionally Classified Standing

A student who meets the minimum requirements for admission to the Graduate Division but does not satisfy the mathematics coursework requirements stated above may be admitted as a conditionally classified student. Eligibility is determined on a case-by-case basis. The individual admission letter will explain the required terms and conditions for attaining classified standing. After arrival at SJSU, a conditionally accepted student must complete additional coursework to make up the unit deficiency in order to achieve classified status. These make-up units will not be included in the MS degree unit requirement total.

Requirements for Advancement to Graduate Candidacy

To advance to candidacy for the MS degree, a student must meet the university candidacy requirements, as stated in this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

The student must complete the Petition for Advancement to Graduate Candidacy form. This form lists, among other things, all the coursework to be counted toward the master's degree. After the form has been signed by the student's thesis or writing project director (if applicable) and the Graduate Coordinator, it is forwarded to GAPE for final approval. Any subsequent changes to the student's program require approval from GAPE.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Program Graduation Requirements

Graduation Writing Assessment Requirement

Students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Students must choose one of three options: The Plan A (Thesis), Plan B (Project), or Plan B (Comprehensive Examination).

Plan A (Thesis)

A student who selects the Thesis option must find a willing tenured or tenure-track faculty member to serve as the thesis advisor, and complete a thesis under that advisor's supervision. The thesis must be reviewed and approved by a committee composed of the advisor and two other faculty members chosen by the student in consultation with the advisor. The student must give a public presentation on the thesis, which is followed by an oral examination (defense) conducted by the committee. Theses must be filed with the Associate Dean of Graduate Studies, subject to the SJSU Master's Thesis and Doctoral Dissertation Guidelines and deadlines established by the College of Graduate Studies.

Thesis students must enroll in MATH 299 (3 units). Students receive credit when the thesis is completed, successfully defended, and all committee members have signed off on it. Students who do not complete their theses during the semester in which they are enrolled in MATH 299 will receive a grade of "RP" for that course. If all other degree requirements have been completed, students must subsequently enroll in MATH 1290R in compliance with university regulations until the thesis is completed, defended, and approved by the College of Graduate Studies.

Plan B (Project)

A student who selects the Project option must find a willing tenured or tenure-track faculty member to serve as the project advisor, and complete a written project under that advisor's supervision. The project must be reviewed and approved by a committee composed of the advisor and two other faculty members chosen by the student in consultation with the advisor. The student must give a public presentation on the project, which is followed by an oral examination (defense) conducted by the committee.

Students choosing the Plan B (Project) option must enroll in MATH 298 (3 units). Students receive credit when the writing project is completed, successfully defended, and all committee members have signed off on it. Students who do not complete their projects during the semester in which they are enrolled in MATH 298 will receive a grade of "RP" for that course. If all other degree requirements have been completed, students must subsequently sign up for MATH 1290R in compliance with university regulations until the writing project is completed and defended.

Plan B (Comprehensive Examination)

Students who select this option must pass two written comprehensive examinations. One examination will be in Numerical Analysis (MATH 243A and MATH 243M). The second exam will be in Differential Equations/Dynamical Systems (MATH 233A and MATH 234).

Students choosing the Plan B (Comprehensive Exam) option must enroll in an additional elective (3 units) selected in consultation with the program graduate advisor. Students complete the program Culminating Experience when they pass both exams. Students who successfully complete all other program requirements but not one or both exams must subsequently enroll in MATH 1290R for the following semester or semesters in compliance with the university requirement for continuous enrollment until both exams have been passed in one sitting.

Master's Requirements (33 units)

Core Courses (21 units)

- CS 200W - Graduate Technical Writing 3 *unit(s)* (GWAR)
- MATH 233A - Applied Mathematics I 3 *unit(s)*
- MATH 234 - Advanced Dynamical Systems 3 *unit(s)*
- MATH 243A - Numerical Solution of PDEs 3 *unit(s)*
- MATH 243M - Numerical Linear Algebra 3 *unit(s)*

Applied Mathematics

Select one of the following courses in consultation with the graduate advisor:

- MATH 203 - Applied Mathematics, Computation, and Statistics Projects 3 *unit(s)*
- MATH 285 - Advanced Topics in Mathematics 3 *unit(s)*
- MATH 288J - Applied Mathematics Internship 3 *unit(s)*

Statistics

Select one of the following courses in consultation with the graduate advisor:

- MATH 163 - Probability Theory 3 *unit(s)*
- MATH 261A - Regression Theory and Methods 3 *unit(s)*
- MATH 263 - Stochastic Processes 3 *unit(s)* (or another 200-level statistics course with consent of graduate advisor)

Electives (6 units)

Complete two courses from:

- MATH 229 - Advanced Matrix Theory 3 *unit(s)*
- MATH 238 - Advanced Complex Variables 3 *unit(s)*
- MATH 261A - Regression Theory and Methods 3 *unit(s)*
- MATH 263 - Stochastic Processes 3 *unit(s)*
- MATH 279A - Graph Theory 3 *unit(s)*
- MATH 279B - Advanced Graph Theory 3 *unit(s)*
- MATH 285A - Advanced Topics in Applied Mathematics 3 *unit(s)*
- MATH 297A - Preparation for Writing Project, Research Project or Thesis 3 *unit(s)*

Additional Electives (3 units)

Complete one 100-level or 200-level course selected in consultation with MS Mathematics Advisor. Elective courses may include a maximum of 3 units of MATH 280 and/or MATH 297A. Courses excluded are: MATH 100W, MATH 101, MATH 102, MATH 105, MATH 106, MATH 107A, MATH 107B, MATH 188I, MATH 201A, MATH 201B, and MATH 287.

Culminating Experience (3 units)

Plan A (Thesis)

- MATH 299 - Master's Thesis 1-4 *unit(s)* (3 *units required*)
- Oral Presentation
- Oral Defense

Plan B (Project)

- MATH 298 - Special Study 1-4 *unit(s)* (3 *units required*)
- Oral Presentation
- Oral Defense

Plan B (Comprehensive Exam)

- Additional 3-unit elective selected in consultation with graduate advisor
- Comprehensive Exam

Total Units Required (33 units)

Elective courses must be planned in consultation with the graduate advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 6.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Bioinformatics, MS

- Admissions Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (34 units)
- Program Learning Outcomes

The MS Bioinformatics, offered by the Department of Computer Science, features an interdisciplinary curriculum in bioinformatics, biology, computer science, and mathematics. Questions in many areas of biology, including genomics, molecular biology, neuroscience, physiology, microbiology, ecology, and evolution, must now be answered using mathematical and computational methods. New techniques allow the acquisition of many thousands or millions of biological measurements, and the field of bioinformatics has developed to address this need. The MS Bioinformatics program will provide students with an understanding of biological questions, a background in mathematics, and the computational skills necessary to address complex problems in the biological sciences. Students will also gain experience utilizing these skills to answer biological questions, including those with biomedical applications. The goal of the MS in Bioinformatics program is to prepare students for careers in the growing field of bioinformatics both in academia and in the biotechnology industry.

For more information, please visit the MS Bioinformatics website.

Admissions Requirements

University Admission

Candidates must apply through the CSU admissions portal, Cal State Apply, and meet all university admissions requirements. Applicants from countries in which the native language is not English or from countries with multiple native languages including English, must submit TOEFL scores. Minimum TOEFL scores acceptable for admission are 250 (Computer Based), 100 (Internet Based). Additional information about the TOEFL is on the Graduate Program Test Requirement webpage.

Admission to the Program

Candidates must meet all the university admission requirements. Students can be admitted in either classified or conditionally classified standing. To be admitted to classified standing, applicants must have a Bachelor's degree

from an accredited college or university in the biological or computational sciences or in engineering, a minimum GPA of 3.0 on a 4.0 scale, and completion of all program prerequisites listed on the admission requirements webpage. Two letters of recommendation from academic instructors or advisors are also required. Currently, GRE exam results are not required.

Students who meet the minimum university admission requirements can be conditionally classified if there is sufficient space in the program to accommodate them. Conditionally classified students will be required to complete undergraduate coursework and prerequisite coursework (listed in "Requirements for Admission to Classified Standing"), as directed by the graduate coordinators.

Requirements for Admission to Classified Standing

To enter this program with classified standing, a student must have a minimum 3.0 GPA in the last 60 units of required degree coursework and have completed each of the following courses with a grade of "C" or better:

- BIOL 30 - Principles of Biology I (4 units)
- BIOL 31 - Principles of Biology II (4 units)
- BIOL 115 - General Genetics (4 units)
- CS 22A - Python for Everyone (3 units)
- CS 22B - Python Programming for Data Analysis (3 units)
- MATH 30 - Calculus I (3 units)
- MATH 31 - Calculus II (4 units)
- MATH 161A - Applied Probability and Statistics I (3 units)

Requirements for Advancement to Candidacy

To be advanced to candidacy for the MS degree, a student must meet the university requirements for advancement to candidacy for the master's degree as outlined in the Graduate Policies and Procedures section. University requirements include completion of 9 letter-graded units with a GPA of at least 3.0 and satisfaction of the Graduation Writing Assessment Requirement (GWAR). The GWAR is met in this program by a "B" grade in CS 200W.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). *This requirement is satisfied by taking CS 200W.*

Culminating Experience

Under the direction of a Project Advisor, students will complete a culminating written project or thesis describing original bioinformatics research and formatted for publication in a professional journal, and will give an oral defense of their research to a committee. Students can choose one of three tracks for this project: Biological Sciences, Computer Science, and Mathematics. The Project Advisor must be a full-time tenured or tenure-track faculty member

in the department of the chosen track. The committee, which will evaluate the written project or thesis and the defense, will consist of the Project Advisor and two other members, one of whom must be a full-time tenured or tenure-track faculty member at SJSU. The research topic and the committee must be approved by the Bioinformatics Graduate Coordinator. Students will conduct their research while enrolled in at least 2 consecutive Culminating Experience courses in the department of their chosen track, with their Project Advisor as the instructor. Students in the Biological Sciences track will enroll in BIOL 297 while working on the research project and enroll in BIOL 298 the semester they complete the project. Students in the Computer Science track will take CS 297 followed by either CS 298 or CS 299. Students in the Mathematics track will take MATH 297A followed by MATH 298 or MATH 299.

Master's Requirements (34 units)

Core Courses (19 units)

- CS 123A **OR** BIOL 123A - Bioinformatics I 3 *unit(s)*
- CS 123B **OR** BIOL 123B - Bioinformatics II 3 *unit(s)*
- BIOL 205 - Advanced Molecular Techniques 4 *unit(s)*
- CS 200W - Graduate Technical Writing 3 *unit(s)* (GWAR)
- CS 223 - Advanced Bioinformatics 3 *unit(s)*
- MATH 162 - Statistics for Bioinformatics 3 *unit(s)*

Electives (9 units)

At least 6 units must be graduate level.

- BIOL 135A - Eukaryotic Cell and Molecular Biology I 3 *unit(s)*
- BIOL 135B - Eukaryotic Cell and Molecular Biology II 3 *unit(s)* (R)
- BIOL 215 - Seminar in Advanced Genetics 3 *unit(s)*
- BIOL 256 - Advanced Experimental Design and Analysis 3 *unit(s)*
- CHE 293 - Applied Bioinformatics 3 *unit(s)*
- CS 122 - Advanced Programming with Python 3 *unit(s)*
- CS 131 - Processing Big Data - Tools and Techniques 3 *unit(s)*
- CS 133 - Introduction to Data Visualization 3 *unit(s)*
- CS 218 - Topics in Cloud Computing 3 *unit(s)*
- CS 224 - Next Generation Sequencing & Genome Assembly 3 *unit(s)*
- CS 225 - Topics in Sequence-based Machine Learning for Bioinformatics 3 *unit(s)*
- CS 255 - Design and Analysis of Algorithms 3 *unit(s)*
- CS 256 - Topics in Artificial Intelligence 3 *unit(s)*
- CS 257 - Database System Principles 3 *unit(s)*
- CS 267 - Topics in Database Systems 3 *unit(s)*
- CS 271 - Topics in Machine Learning 3 *unit(s)*
- CS 280 - Graduate Individual Studies 1-3 *unit(s)*
- Other 100- or 200-level courses may be accepted only with prior program coordinator consent.

Culminating Experience (6 units)

Select **one** of the following tracks in consultation with the Graduate Advisor:

Biological Sciences Track (6 units)

- Select **one** of the following in consultation with the Graduate Advisor:
- BIOL 297 - Graduate Research *1-5 unit(s)*
- CS 297 - Preparation for Writing Project or Thesis *3 unit(s)*
- MATH 297A - Preparation for Writing Project, Research Project or Thesis *3 unit(s)*
- Additional Electives with advisor consent
- BIOL 298 - MS Project Culminating Experience *1 unit(s)*

Computer Science Track (6 units)

- CS 297 - Preparation for Writing Project or Thesis *3 unit(s)*
- CS 298 - Master's Writing Project *3 unit(s)*
or CS 299 - Master's Thesis 3 unit(s)

Mathematics Track (6 units)

- MATH 297A - Preparation for Writing Project, Research Project or Thesis *3 unit(s)*
- MATH 298 - Special Study *1-4 unit(s)*
or MATH 299 - Master's Thesis 3 unit(s)

Total Units Required (34 units)

Elective courses must be planned in consultation with one of the Graduate Coordinators.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 12.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of at least 3.0 in order to graduate.

Biological Sciences, Ecology and Evolution Concentration, MS

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The master's program in Biological Sciences with a concentration in Ecology and Evolution, offered by the Department of Biological Sciences, offers students training in the pursuit of rigorous scientific investigation with an emphasis on ecological and evolutionary processes. Students in this degree program emphasize botany, entomology, zoology, or conservation biology through the choice of advisor, committee, course work, and thesis or project. Our graduates have an excellent grasp of the theory and application of ecological and evolutionary principles.

In addition, students with our degree will have gained experience in critical thinking, problem-solving, research methodology (e.g., experimental design, sampling techniques, and analysis), and both written and oral communication. Our alumni are successful applicants for doctoral degree programs and generally attain high-level academic and non-academic positions in both the private and public sectors.

For more information visit the SJSU Biological Sciences website.

Admissions Requirements

Candidates must meet all the university admission requirements. In addition, applicants must upload a personal statement, resume, and two letters of recommendation in the Cal State Apply admissions portal. **Applicants must also be accepted by a tenured or tenure-track faculty member in the Department of Biological Sciences prior to acceptance by the program.** It is the student's responsibility to contact any potential faculty advisors. For complete details on the student approval process, please visit the Biological Sciences Graduate Programs website.

Students can be admitted in either classified or conditionally classified standing. Conditional acceptance means that the candidate must fulfill specific requirements in order to be eligible to apply for advancement to candidacy. These conditions will be stipulated as part of the acceptance agreement between the faculty advisor and the applicant. Failure to fulfill these requirements will result in disqualification from the program.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Advancement to Graduate Candidacy

Each semester, students should consult with their graduate advisor to develop a schedule of courses. Students admitted as conditionally classified must satisfy the requirements listed in their acceptance agreement before advancing to candidacy. Students who have achieved classified standing in the master's degree curriculum must next advance to candidacy for the degree. A student may advance to candidacy after completing a minimum of 9 units of letter-graded work as a graduate student in 100- or 200-level courses acceptable to the department as well as fulfilling the other university requirements for advancement to candidacy, as detailed in the Graduate Policies and Procedures section. Candidacy includes successful completion of the Graduation Writing Assessment Requirement (GWAR), which is satisfied in this degree by completion of BIOL 202 with a grade of "B" or higher.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MS Biological Sciences, Concentration in Ecology and Evolution, Graduation Requirements

As shown below, the program consists of 30 semester units of approved work. The student consults with his or her advisor to select a thesis or project topic.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

A grade of "B" or better in BIOL 202 will satisfy the graduate competency in writing requirement.

Culminating Experience Requirements

Plan A (Thesis)

Thesis: The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee. The MS thesis document must be approved by the student's thesis research committee before submission. Typically, the thesis committee will provide the candidate feedback during the Thesis Defense and may request changes to the thesis before final approval.

Oral Thesis Defense: All MS candidates are required to present a public seminar based on their research project.

Plan B (Project)

Written Project: The written project must be a manuscript describing the student's research project, written following a professional journal's format for submission. It will be written under the guidance of the candidate's graduate committee chair with the assistance of their graduate committee. The manuscript must be approved by the student's graduate committee. Typically, the committee will provide the candidate feedback during the Project Defense and may request changes to the manuscript before final approval.

Oral Project Defense: All MS candidates are required to present a public seminar based on their research project.

Master's Requirements (30 units)

Core Courses (15 units)

- BIOL 201 - Graduate Seminar in Biological Sciences 1 unit(s)
- BIOL 202 - Graduate Studies in Biology 3 unit(s) (GWAR)
- BIOL 220 - Science Communication 3 unit(s)
- BIOL 297 - Graduate Research 1-4 unit(s) (Students take a total of 8 core units of this class.)

Concentration Courses (9 units)

- BIOL 218 - Advanced Evolution 3 unit(s)
- BIOL 256 - Advanced Experimental Design and Analysis 3 unit(s)
- BIOL 255E - Advanced Topics: Ecology and Evolution 1-4 unit(s) (3 units required)

Electives (5 units)

Elective courses must be planned in consultation with the Graduate Advisor.

- BIOL 255E - Advanced Topics: Ecology and Evolution 1-4 unit(s)
- BIOL 255L - Advanced Biology Laboratory 1-4 unit(s)
- BIOL 255M - Advanced Topics: Molecular & Microbiology 1-4 unit(s)
- BIOL 255P - Seminar in Advanced Biology: Physiology 1-4 unit(s)
- 100- or 200-level courses chosen with advisor consent

Culminating Experience (1 unit)

Complete One Option (Plan A or Plan B):

Plan A (Thesis)

- BIOL 299 - Master's Thesis 1-4 unit(s) (1 unit required)
- Seminar- Thesis Defense

Plan B (Project)

- BIOL 298 - MS Project Culminating Experience 1 unit(s)
- Seminar- Project Defense

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

At least 60% of the units applying toward the degree must be letter-graded coursework.

A public seminar on the thesis or project must be given.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Biological Sciences, MA

- Admission Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The MA in Biological Sciences, offered by the Department of Biological Sciences, offers students broad training in areas of science that may include general biology, plant biology, cell biology, ecology, entomology, genetics, microbiology, immunology, systems physiology, toxicology, zoology, or, under special circumstances, marine biology. Students with an MA in Biological Sciences go on to careers in research, biotechnology, medical and health sciences, and teaching.

For more information visit the SJSU Biological Sciences website.

Admissions Requirements

Candidates must apply through the CSU admissions portal, Cal State Apply, and meet all university admission requirements.

In addition, applicants must upload a personal statement, resume, and two letters of recommendation in the Cal State Apply admissions portal.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. The program does not currently require the GRE for admission.

Note: Applicants' admission into the program is contingent upon their being accepted by a tenured or tenure-track faculty member in the Department of Biological Sciences who will become their major advisor. Applicants must contact the graduate coordinator.

Requirements for Admission to Classified Standing

Students can be admitted in either classified or conditionally classified standing. To be admitted to the MA in Biological Sciences program in Classified status, an applicant must meet all of the minimum university and departmental requirements for admission.

Admission to Conditionally Classified Standing

If an applicant's preparation for advanced graduate work is considered inadequate to meet the course prerequisites or other departmental and/or faculty requirements, the conditions will include passing additional courses (specified by the student's major advisor) in the first semester of the program with a grade of B or better. The program admissions letter will explain terms and requirements.

Requirements for Advancement to Candidacy

Each semester, students should consult with their graduate advisor to develop a schedule of courses. Students admitted as conditionally classified must satisfy the requirements listed in their acceptance agreement before advancement to candidacy. Students who have completed matriculation and achieved classified standing in the master's degree curriculum must next advance to candidacy for the degree. A student may advance to candidacy after completing a minimum of 9 units of graded work as a graduate student in letter-graded 100- or 200- level courses acceptable to the department as well as fulfilling the other university requirements for advancement to candidacy, as detailed in the Graduate Policies and Procedures section. Candidacy includes successful completion of the Graduation Writing Assessment Requirement (GWAR), which is satisfied in this degree by the completion of BIOL 202 with a "B" or higher.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

A grade of "B" or better in BIOL 202 will satisfy the graduate competency in writing requirement.

Culminating Experience

Students in the MA, Biological Sciences may complete the program Culminating Experience through either a comprehensive exam or graduate project. Students who have advanced to candidacy, and who have completed or are in the final semester of completing the 30 units of required coursework will choose, in consultation with their major advisor, one of two options for their Culminating Experience. The program does not offer a thesis option.

Plan B (Comprehensive Exam)

Students choosing the Plan B (Comprehensive Exam) will enroll in BIOL 298M, and successfully complete the written exam, followed by an oral exam as their culminating experience. The advising committee determines the format of the written and oral exams. Once the written portion of the exam is passed, students take a two- to three-hour oral examination. Successful completion of both exams is required for the award of the MA Biological Sciences degree. Students who are not successful in their first attempt will have one opportunity to retake one or both exams. Written and oral exams will include material from graduate-level coursework taken by the student. Successful completion of both the written and oral exams is determined by a majority vote of the student's graduate committee.

Plan B (Project)

The student choosing the Plan B (Project) must enroll in the 1-unit BIOL 298M and complete a research project that has been approved and supervised by their major advisor. This culminating experience option requires students to complete a written report in the style of a manuscript for publication that describes the project and to deliver an oral presentation describing the project to the advising committee. Research projects for the MA Biological Sciences are typically 1-2 semesters in duration. Successful completion of both the manuscript and the oral presentation is determined by a majority vote of the student's graduate committee.

As shown below, the program consists of 30 semester units of approved work. The student consults with his or her advisor to select coursework.

Master's Requirements (30 units)

Core Courses (15 units)

- BIOL 201 - Graduate Seminar in Biological Sciences *1 unit(s) (2 units required)*
- BIOL 202 - Graduate Studies in Biology *3 unit(s) (GWAR)*

Foundations in Biology (3 units)

Complete one course:

- BIOL 215 - Seminar in Advanced Genetics *3 unit(s)*
- BIOL 218 - Advanced Evolution *3 unit(s)*
- BIOL 230 - Comparative Animal Physiology *3 unit(s)*

Current Trends in Biology (3 units)

Complete one course:

- BIOL 255E - Advanced Topics: Ecology and Evolution *1-4 unit(s)*
- BIOL 255M - Advanced Topics: Molecular & Microbiology *1-4 unit(s)*
- BIOL 255P - Seminar in Advanced Biology: Physiology *1-4 unit(s)*

Supervised Studies (4 units)

Complete 4 units:

- BIOL 280 - Master's Individual Studies *1-3 unit(s)*
- BIOL 284 - Master's Directed Reading *1-3 unit(s)*

Electives (14 units)

Students may enroll in a maximum combination of 4 units in BIOL 280 and BIOL 284.

- BIOL 205 - Advanced Molecular Techniques 4 *unit(s)*
- BIOL 215 - Seminar in Advanced Genetics 3 *unit(s)*
- BIOL 218 - Advanced Evolution 3 *unit(s)*
- BIOL 220 - Science Communication 3 *unit(s)*
- BIOL 227 - Advanced Physiology 3 *unit(s)*
- BIOL 233 - Immunological Techniques 3 *unit(s)*
- BIOL 230 - Comparative Animal Physiology 3 *unit(s)*
- BIOL 255E - Advanced Topics: Ecology and Evolution 1-4 *unit(s)*
- BIOL 255L - Advanced Biology Laboratory 1-4 *unit(s)*
- BIOL 255M - Advanced Topics:Molecular & Microbiology 1-4 *unit(s)*
- BIOL 255P - Seminar in Advanced Biology: Physiology 1-4 *unit(s)*
- BIOL 256 - Advanced Experimental Design and Analysis 3 *unit(s)*
- BIOL 280 - Master's Individual Studies 1-3 *unit(s)*
- BIOL 284 - Master's Directed Reading 1-3 *unit(s)*
- 100- or 200-level courses chosen with advisor consent

Culminating Experience (1 unit)

Choose One Option:

Plan B (Project)

- BIOL 298M - MA Culminating Experience 1 *unit(s)*
- Seminar - Project Defense

Plan B (Comprehensive Exam)

- BIOL 298M - MA Culminating Experience 1 *unit(s)*
- Comprehensive Written Examination
- Comprehensive Oral Examination

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

At least 60% of the units applying toward the degree must be letter-graded coursework.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Biological Sciences, Molecular Biology and Microbiology Concentration, MS

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Science program in Biological Sciences with a concentration in Molecular Biology and Microbiology, offered by the Department of Biological Sciences, offers students training in the pursuit of rigorous scientific investigation with an emphasis on discovering the molecular mechanisms that underlie biological processes such as behavior, cell biology, immunology, microbial diversity, microbial engineering, pathogenesis, and neural development. During their research experience, students acquire the skills necessary to successfully address a variety of research questions under the guidance of faculty.

In addition, students with our degree will have gained experience in critical thinking, problem-solving, research methodology (e.g., experimental design, sampling techniques, and analysis), and both written and oral communication. Our alumni are successful applicants for doctoral degree programs and generally attain high level academic and non-academic positions in both the private and public sectors.

For more information visit the SJSU Biological Sciences website.

Admissions Requirements

Candidates must meet all the university admission requirements. In addition, applicants must upload a personal statement, resume, and two letters of recommendation in the Cal State Apply admissions portal. **Applicants must also be accepted by a tenured or tenure-track faculty member in the Department of Biological Sciences prior to acceptance by the program.** It is the student's responsibility to contact any potential faculty advisors. For complete details on the student approval process, please visit the Biological Sciences Graduate Programs.

Students can be admitted in either classified or conditionally classified standing. Conditional acceptance means that the candidate must fulfill specific requirements in order to be eligible to apply for advancement to candidacy. These conditions will be stipulated as part of the acceptance agreement between the faculty advisor and the applicant. Failure to fulfill these requirements will result in disqualification from the program.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Advancement to Graduate Candidacy

Each semester, students should consult with their graduate advisor to develop a schedule of courses. Students admitted as conditionally classified must satisfy the requirements listed in their acceptance agreement before advancing to candidacy. Students who have achieved classified standing in the master's degree curriculum must next advance to candidacy for the degree. A student may advance to candidacy after completing a minimum of 9 units of letter-graded work as a graduate student in 100- or 200-level courses acceptable to the department as well as fulfilling the other university requirements for advancement to candidacy, as detailed in the Graduate Policies and Procedures section. Candidacy includes successful completion of the Graduation Writing Assessment Requirement (GWAR), which is satisfied in this degree by the completion of BIOL 202 with a grade of "B" or better.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MS Biological Sciences, Concentration Molecular Biology and Microbiology, Graduation Requirements

As shown below, the program consists of 30 semester units of approved work. The student consults with his or her advisor to select a thesis or project topic.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

A grade of "B" or better in BIOL 202 will satisfy the graduate competency in writing requirement.

Culminating Experience Requirements

Plan A (Thesis)

Thesis: The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee. The MS thesis document must be approved by the student's thesis research committee before submission. Typically, the thesis committee will provide the candidate feedback during the Thesis Defense and may request changes to the thesis before final approval.

Oral Thesis Defense: All MS candidates are required to present a public seminar based on their research project.

Plan B (Project)

Written Project: The written project must be a manuscript describing the student's research project, written following a professional journal's format for submission. It will be written under the guidance of the candidate's graduate committee chair with the assistance of their graduate committee. The manuscript must be approved by the student's graduate committee. Typically, the committee will provide the candidate feedback during the Project Defense and may request changes to the manuscript before final approval.

Oral Project Defense: All MS candidates are required to present a public seminar based on their research project.

Master's Requirements (30 units)

Core Courses (15 units)

- BIOL 201 - Graduate Seminar in Biological Sciences 1 unit(s)
- BIOL 202 - Graduate Studies in Biology 3 unit(s) (GWAR)
- BIOL 220 - Science Communication 3 unit(s)
- BIOL 297 - Graduate Research 1-4 unit(s) (Students take a total of 8 core units of this class.)

Concentration Courses (9 units)

- BIOL 205 - Advanced Molecular Techniques 4 unit(s)

- BIOL 215 - Seminar in Advanced Genetics 3 *unit(s)*
- BIOL 255M - Advanced Topics:Molecular & Microbiology 1-4 *unit(s)* (*Students take at least 2 units of this class*)

Electives (5 units)

Elective courses must be planned in consultation with the Graduate Advisor

- BIOL 233 - Immunological Techniques 3 *unit(s)*
- BIOL 255L - Advanced Biology Laboratory 1-4 *unit(s)*
- BIOL 255M - Advanced Topics:Molecular & Microbiology 1-4 *unit(s)*
- Other 100- or 200-level courses chosen with advisor consent

Culminating Experience (1 unit)

Complete One Option (Plan A or Plan B):

Plan A (Thesis)

- BIOL 299 - Master's Thesis 1-4 *unit(s)* (1 *unit* required)
- Seminar- Thesis Defense

Plan B (Project)

- BIOL 298 - MS Project Culminating Experience 1 *unit(s)*
- Seminar- Project Defense

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

At least 60% of the units applying toward the degree must be letter-graded coursework.

A public seminar on the thesis or project must be given.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Biological Sciences, Physiology Concentration, MS

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The master's program in Biological Sciences with a concentration in Physiology, offered by the Department of Biological Sciences, offers students training in the pursuit of rigorous scientific investigation with an emphasis on the

integrative nature of physiology across levels of organization from molecule to organism. During their research experience, students acquire the skills necessary to successfully address a variety of research questions under the guidance of faculty.

In addition, students with our degree will have gained experience in critical thinking, problem-solving, research methodology (e.g., experimental design, sampling techniques, and analysis), and both written and oral communication. Our alumni are successful applicants for doctoral degree programs and generally attain high level academic and non-academic positions in both the private and public sectors.

Students can be admitted in either classified or conditionally classified standing. Conditional acceptance means that the candidate must fulfill specific requirements in order to be eligible to apply for advancement to candidacy. These conditions will be stipulated as part of the acceptance agreement between the faculty advisor and the applicant. Failure to fulfill these requirements will result in disqualification from the program.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Advancement to Graduate Candidacy

Each semester, students should consult with their graduate advisor to develop a schedule of courses. Students admitted as conditionally classified must satisfy the requirements listed in their acceptance agreement before advancing to candidacy. Students who have achieved classified standing in the master's degree curriculum must next advance to candidacy for the degree. A student may advance to candidacy after completing a minimum of 9 units of letter-graded work as a graduate student in 100- or 200-level courses acceptable to the department as well as fulfilling the other university requirements for advancement to candidacy, as detailed in the Graduate Policies and Procedures section. Candidacy includes successful completion of the Graduation Writing Assessment Requirement (GWAR), which is satisfied in this degree by the completion of BIOL 202 with a grade of "B" or better.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MS - Biological Sciences, Concentration in Physiology, Graduation Requirements

As shown below, the program consists of 30 semester units of approved work. The student consults with his or her advisor to select a thesis or project topic.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

A grade of 'B' or better in BIOL 202 will satisfy the graduate competency in writing requirement.

Culminating Experience Requirements

Plan A (Thesis)

Thesis: The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee. The MS thesis document must be approved by the student's thesis research committee before submission. Typically, the thesis committee will provide the candidate feedback during the Thesis Defense and may request changes to the thesis before final approval.

Oral Thesis Defense: All MS candidates are required to present a public seminar based on their research project.

Plan B (Project)

Written Project: The written project must be a manuscript describing the student's research project, written following a professional journal's format for submission. It will be written under the guidance of the candidate's graduate committee chair with the assistance of their graduate committee. The manuscript must be approved by the student's graduate committee. Typically, the committee will provide the candidate feedback during the Project Defense and may request changes to the manuscript before final approval.

Oral Project Defense: All MS candidates are required to present a public seminar based on their research project.

Master's Requirements (30 units)

Core Courses (15 units)

- BIOL 201 - Graduate Seminar in Biological Sciences 1 unit(s)
- BIOL 202 - Graduate Studies in Biology 3 unit(s) (GWAR)
- BIOL 220 - Science Communication 3 unit(s)
- BIOL 297 - Graduate Research 1-4 unit(s) (Students take a total of 8 core units of this class.)

Concentration Courses (9 units)

- BIOL 227 - Advanced Physiology 3 unit(s)
- BIOL 230 - Comparative Animal Physiology 3 unit(s)
- BIOL 255P - Seminar in Advanced Biology: Physiology 1-4 unit(s) (Students take at least 3 units of this course.)

Electives (5 units)

Elective courses must be planned in consultation with the Graduate Advisor.

- BIOL 255E - Advanced Topics: Ecology and Evolution 1-4 unit(s)
- BIOL 255L - Advanced Biology Laboratory 1-4 unit(s)
- BIOL 255M - Advanced Topics:Molecular & Microbiology 1-4 unit(s)

- BIOL 255P - Seminar in Advanced Biology: Physiology 1-4 unit(s)
- 100- or 200-level courses chosen with advisor consent

Culminating Experience (1 unit)

Complete One Option (Plan A or Plan B):

Plan A (Thesis)

- BIOL 299 - Master's Thesis 1-4 unit(s) (1 unit required)
- Seminar- Thesis Defense

Plan B (Project)

- BIOL 298 - MS Project Culminating Experience 1 unit(s)
- Seminar- Project Defense

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

At least 60% of the units applying toward the degree must be letter-graded coursework.

A public seminar on the thesis or project must be given.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Biotechnology, MBT

- Admissions Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (36 units)
- Program Learning Outcomes

The Master of Biotechnology (MBT) program, offered by the Department of Biological Sciences, integrates advanced, hands-on training in laboratory-based molecular biology courses with MBA-level business courses from the College of Business. The core courses provide an introduction to aspects of the biotechnology industry including drug development, marketing, finance, and intellectual property. The required internship experience allows the students to apply what they have learned in real-world settings.

Through elective choices, students supplement the core program with additional hands-on science or MBA courses in support of their career goals. MBT program graduates are highly trained individuals who have had direct exposure to the biotechnology corporate world and are ready to make immediate contributions to biotechnology companies. Graduates work in a variety of positions in research, product development, marketing, regulatory affairs, clinical affairs, project management, quality, and others.

For more information visit the SJSU Master of Biotechnology website.

Admissions Requirements

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system at calstate.edu/apply and meet all the university admission requirements. Applicants must submit additional supporting documents including a resume separately to the department to obtain admission into the Master in Biotechnology degree program. See the graduate admissions requirements website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Admission to the Program

Applicants must submit an official transcript (for international WES evaluated transcript), English-language proficiency test (if applicable), statement of purpose, resume, GRE or waiver, and 2 letters of recommendation to the university. Potential candidates will be interviewed during the spring semester. Admission is based on the acceptance to the university and the outcome of the interview.

Requirements for Advancement to Candidacy

All students will submit their Advancement to Candidacy petitions during the fall of their second year, after having fulfilled all University requirements for advancement to candidacy, as detailed in the Graduate Policies and Procedures section. Candidacy includes successful completion of the Graduation Writing Assessment Requirement (GWAR), which is satisfied in this degree by the completion of BIOL 202TA and BIOL 202TB with grades of "B" or higher.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Requirements

The Master of Biotechnology program consists of 36 semester units of approved work. It includes a 2-unit internship in the biotechnology industry.

Special Session Program Information

Academic Programs offered through Special Session are operated by Professional and Continuing Education (PaCE). Registration and enrollment in a Special Session course or program must use the special session application form and will follow the special session fees and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or the program will trigger a separate and additional set of fees. This may require an additional enrollment appointment from the Registrar and it may have implications for financial aid status or requirements. Please visit the Biotechnology website for more information.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

This requirement is satisfied by passing BIOL 202TA and BIOL 202TB.

Culminating Experience

Plan B (Project)

The culminating experience is the Biotechnology Colloquium (BIOL 285T), which includes the preparation of a business plan for a biotechnology startup company.

Master's Requirements (36 units)

Core Courses (29 units)

- BIOL 202TA - Biotech Seminar: Biotech Products 3 *unit(s)* (GWAR)
- BIOL 202TB - Biotech Seminar: Drug Development Process 3 *unit(s)* (GWAR)
- BIOL 202TC - Biotech Seminar: Biotech Business I 2 *unit(s)*
- BIOL 202TD - Biotech Seminar: Biotech Business II 2 *unit(s)*
- BIOL 205T - Advanced Molecular Techniques for Biotechnology 4 *unit(s)*
- BIOL 280T - Internship in the Biotechnology Industry 2 *unit(s)*
- BIOL 282C - Biotechnology Company Management 3 *unit(s)*
- BUS 282A - Essentials of Management and Organizational Behavior 3 *unit(s)*
- BUS 282B - Essentials of Operations Management 3 *unit(s)*

Complete One Course From:

- BIOL 221T - Advanced Bioinformatics for Biotechnology 4 *unit(s)*
- BIOL 255T - Introduction to Stem Cell Techniques 4 *unit(s)*

Electives (6 units)

Students must take any two of the following 200-level science and/or business courses:

Science Electives

- BIOL 227T - Principles of Pharmacology 3 *unit(s)*
- BIOL 233T - Immunological Techniques for Biotechnology 3 *unit(s)*
- BIOL 283T - Topics in Biotech Regulatory Affairs 3 *unit(s)*
- BIOL 281T - Individual Studies in Biotechnology 1-4 *unit(s)*

Business Electives

- 200-level MBA for Professional course chosen in consultation with the Program Director

Culminating Experience (Plan B) (1 unit)

- BIOL 285T - Colloquium in Biotechnology 1 unit(s)

Total Units Required (36 units)

Elective courses must be planned in consultation with the Graduate Advisor.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Chemistry, MA

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The MA Chemistry degree is designed for persons who seek to augment and enhance their knowledge of chemistry beyond the bachelor's level. It is intended for (1) those who are interested in teaching chemistry at community colleges, (2) high school teachers who are currently certified and have teaching experience, (3) those who are interested in chemical sales, technical librarianship, and scientific writing, or (4) those who already have a significant amount of research experience. The MA degree is not recommended to those who wish to conduct or direct chemical research and have no previous research experience in the private sector.

For more information visit the Chemistry Department's Graduate Programs webpage.

Admissions Requirements

The applicant must apply to and be admitted by both San José State University and the Department of Chemistry. Check the SJSU graduate admissions requirements website and the Chemistry Department website for the most up-to-date instructions.

Admission to the University

Applicants are admitted to the program by the Chemistry Department Graduate Advisor after they have been admitted to the graduate school by the university. University admission requirements include a bachelor's degree (or equivalent), a minimum 2.5 GPA, and good standing at the last college or university attended. Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Admission to the Chemistry Department

The Chemistry Department requires that the bachelor's degree be in chemistry or intimately related science (e.g., chemical physics, biochemistry, materials science). In all cases, however, incoming students must have had the equivalent of 40 semester units of undergraduate chemistry including at least 10 units of general chemistry, 10 units of organic chemistry, 4 units of analytical chemistry, and 4 units of physical chemistry. A grade point average of 3.0 or

higher for the chemistry coursework is preferred. In addition, admission to the Chemistry MA program requires at least two, but preferably three, letters of recommendation.

Admissions Status

Admission may be with graduate classified standing, which means that the student is deemed qualified to enroll in the graduate curriculum. In some cases, students are admitted with conditionally classified standing, which means that they must complete specified prerequisite work and/or graduate work with acceptable grades before they can be moved to classified status. Students with conditionally classified status should complete the conditions of their acceptance as early as possible. Such students may take graduate courses at the same time they are fulfilling the conditions. Prerequisite work is assigned for one or more of the following reasons: (1) low chemistry course GPA in undergraduate work, (2) insufficient number of undergraduate units in chemistry, or (3) lack of coursework in particular areas of study. In order to change from conditionally classified to classified standing, a student must (1) fulfill the conditions, and (2) obtain the Graduate Advisor's signature on the Change of Classification in Graduate Program form. Only students in classified standing may petition for advancement to candidacy, a requirement for graduation.

Requirements for Advancement to Graduate Candidacy

After approximately two semesters of coursework and completion of a preliminary seminar based on a proposed, faculty-guided research project, students may apply for advancement to graduate candidacy for the MA degree. In addition, the student must have graduate classified status and must have completed CHEM 100W for the Graduation Writing Assessment Requirement (GWAR). The Preliminary Seminar Guidelines and Evaluation form may be found on the Chemistry Department Forms webpage. The 30-unit Proposed Graduate Degree Program is written by the Graduate Advisor in consultation with the student and entered on the Advancement to Graduate Candidacy form, which must be approved and signed by the Graduate Advisor. Students cannot enroll in CHEM 299 - Master's Thesis or apply for graduation until they are official candidates for a degree. See the Graduate Policies and Procedures section for further details regarding university requirements for advancement to candidacy for the master's degree.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Program Graduation Requirements

Note that the coursework requirements for the MA degree differ from the requirements for the MS degree in Chemistry. In addition to completing the 30 units of coursework listed on the approved candidacy form, an MA degree candidate in Chemistry must complete the following activities as part of their culminating experience:

Final Seminar

All MA candidates are required to present a departmental seminar based on their research project. The seminar is scheduled through the faculty instructor for CHEM 285 and, therefore, must take place during the fall or spring semester.

Final Oral Examination

All MA candidates are required to pass a Final Oral Examination based on the research project as detailed in the thesis. The Final Oral Examination is administered by the thesis committee, and the candidate must provide the committee with a copy of the thesis for review at least two weeks prior to the exam date. The final exam may be scheduled on the same date as the Final Seminar if the two-week thesis delivery requirement is met.

Thesis (Plan A)

The MA thesis document must be approved by the student's thesis research committee before submission. Typically, the thesis committee will provide the candidate feedback during the Final Oral Examination and may request changes to the thesis before final approval. See the most current version of the SJSU Master's Thesis and Doctoral Dissertation Guidelines and the submission deadlines set by the College of Graduate Studies.

Master's Requirements (30 units)

Graduation Writing Assessment Requirement

Students must pass the Graduation Writing Assessment Requirement (GWAR). *This requirement is satisfied in the core courses.*

Core Courses (21 units)

- CHEM 100W - Writing Workshop: Chemical Communications 3 unit(s) (GWAR)
If CHEM 100W was completed for an undergraduate degree, three additional units of electives must be substituted
- CHEM 120S - Chemical Safety Seminar 1 unit(s)
- CHEM 285 - Seminar 0.5 unit(s) (2 units required - complete course 4 times)
- CHEM 297 - MA Special Study 1-3 unit(s) (3 units required)
- Preliminary Seminar Presentation

Chemistry 200-Level Courses (12 units)

Complete 12 units of 200-level Chemistry courses.

Electives (7 units)

- Any 200-level CHEM course or any 100-level CHEM course with graduate advisor consent; one of the electives must be an advanced chemistry laboratory course

Culminating Experience (2 units)

(Plan A only)

- CHEM 299 - Master's Thesis 1-6 unit(s) (2 units required)

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Chemistry, MS

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The MS Chemistry degree is designed for persons who seek greater competency in chemical research or for those who want an introduction to graduate work before starting a program for the PhD degree. Emphasis is placed upon, but not limited to, training in advanced laboratory techniques, operation of state-of-the-art instruments, data acquisition and interpretation, and strategies involved in designing and conducting research in chemistry.

For more information visit the Chemistry Department's Graduate Programs webpage.

Admissions Requirements

The applicant must apply to and be admitted by both San José State University and the Department of Chemistry. Check the SJSU graduate admissions requirements website and the Chemistry Department website for the most up-to-date instructions.

Admission to the University

Students are admitted to the program by the Chemistry Department Graduate Advisor after they have been admitted to the graduate school by the university. University admissions requirements include a bachelor's degree (or equivalent), a minimum 2.5 GPA, and good standing at the last college or university attended. Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Admission to the Chemistry Department

The Department of Chemistry requires further that the bachelor's degree be in chemistry or an intimately related science (e.g., chemical physics, biochemistry, or materials science). In all cases, however, incoming students must have had the equivalent of 40 semester units of undergraduate chemistry including at least 10 units of general chemistry, 10 units of organic chemistry, 4 units of analytical chemistry, and 4 units of physical chemistry. A grade point average of 3.0 or higher for the chemistry coursework is preferred. In addition, admission to Chemistry requires at least two, but preferably three, letters of recommendation.

Admissions Status

Admission may be with graduate classified standing, which means that the student is deemed qualified to enroll in the graduate curriculum. In some cases, students are admitted with conditionally classified standing, which means that they must complete specified remedial work and/or graduate work with acceptable grades before they can be moved to classified status. Students with conditionally classified status should complete the conditions of their acceptance as early as possible. Such students may take graduate courses at the same time they are fulfilling the conditions. Prerequisite work is assigned for one or more of the following reasons: 1) low chemistry course GPA in

undergraduate work, 2) insufficient number of undergraduate units in chemistry, or 3) lack of coursework in particular areas of study. In order to change from conditionally classified to classified standing, a student must 1) fulfill the conditions, and 2) obtain the Graduate Advisor's signature on the Change of Classification in Graduate Program form. Only students in classified standing may petition for advancement to candidacy, a requirement for graduation.

Requirements for Advancement to Graduate Candidacy

After approximately two semesters of coursework and completion of a preliminary seminar based on a proposed, faculty-guided research project, students may apply for advancement to graduate candidacy for the MS degree. In addition, the student must have graduate classified standing and must have completed CHEM 100W for the Graduation Writing Assessment Requirement (GWAR). The Preliminary Seminar Guidelines and Evaluation form may be found on the Chemistry Department Forms webpage. The 30-unit Proposed Graduate Degree Program is written by the Graduate Advisor in consultation with the student and entered on the Petition for Advancement to Graduate Candidacy form which must be approved and signed by the Graduate Advisor. Students cannot enroll in CHEM 299 - Master's Thesis or apply for graduation until they are official candidates for a degree. See the Graduate Policies and Procedures section for further details regarding university requirements for advancement to candidacy for the master's degree.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Program Graduation Requirements

In addition to completing the 30 units of coursework listed on the approved Candidacy form, an MS degree candidate in Chemistry must complete the following activities as part of their culminating experience:

Final Seminar

All MS candidates are required to present a departmental seminar based on their research project. The seminar is scheduled through the faculty instructor for CHEM 285 and, therefore, must take place during the fall or spring semester.

Final Oral Examination

All MS candidates are required to pass a Final Oral Examination based on the research project as detailed in the thesis. The Final Oral Examination is administered by the thesis committee, and the candidate must provide the committee with a copy of the thesis for review at least two weeks prior to the exam date. The Final Oral Examination may be scheduled on the same date as the Final Seminar if the two-week thesis delivery requirement is met.

Thesis (Plan A)

The MS thesis document must be approved by the student's thesis research committee before submission. Typically, the thesis committee will provide the candidate feedback during the Final Oral Examination and may request changes

to the thesis before final approval. See the most current version of the SJSU Master's Thesis and Doctoral Dissertation Guidelines and the submission deadlines set by the College of Graduate Studies.

Master's Requirements (30 units)

Graduation Writing Assessment Requirement

Students must pass the Graduation Writing Assessment Requirement (GWAR). *This requirement is satisfied in the core courses.*

Core Courses (19-25 units)

- CHEM 100W - Writing Workshop: Chemical Communications 3 *unit(s)*
If CHEM 100W was completed for an undergraduate degree, three additional units of electives must be substituted.
- CHEM 120S - Chemical Safety Seminar 1 *unit(s)*
- CHEM 285 - Seminar 0.5 *unit(s)* (2 units required - complete course 4 times)
- CHEM 298 - Research 1-6 *unit(s)* (4 units minimum required; 10 units maximum)
- CHEM 200-Level Courses 9 *unit(s)*
- Preliminary Seminar Presentation

Electives (3-9 units)

Any 200-level Chemistry course or any 100-level Chemistry course from the following list with graduate advisor consent.

- CHEM 105 - Computational Data Analysis in Chemistry 3 *unit(s)*
- CHEM 114 - Advanced Organic Chemistry Lab 3 *unit(s)*
- CHEM 121S - Radiation Safety 1-2 *unit(s)*
- CHEM 126 - Introduction to Nuclear Science 3 *unit(s)*
- CHEM 127 - Nuclear Science Lab 3 *unit(s)*
- CHEM 130A - Biochemistry 4 *unit(s)*
- CHEM 130B - Biochemistry 4 *unit(s)*
- CHEM 130C - Biochemistry 3 *unit(s)*
- CHEM 131A - Biochemistry Lab 2 *unit(s)*
- CHEM 135 - General Biochemistry 4 *unit(s)*
- CHEM 145 - Inorganic Chemistry 3 *unit(s)*
- CHEM 146 - Physical-Inorganic Techniques 3 *unit(s)*
- CHEM 155 - Instrumental Analysis 4 *unit(s)*
- CHEM 170A - Macromolecular, Supramolecular & Nanoscale Systems 1 *unit(s)*

Culminating Experience (Plan A Only) (2 units)

- CHEM 299 - Master's Thesis 1-6 *unit(s)*
- Department Seminar Presentation
- Oral Examination

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Computer Science, MS

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (33 units)
- Program Learning Outcomes

The Master of Science in Computer Science degree, offered by the Department of Computer Science, provides greater depth in computer science for more advanced positions in industry or teaching at the community college level. Check the Department website for details about the Computer Science program.

Admissions Requirements

University Admissions

Applicants must submit a complete graduate application by applying through Cal State Apply and meet all the university admission requirements. See the Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirement webpage at GAPE. For TOEFL Requirements, see the Policies and Procedures section, Graduate and Post-Baccalaureate Information in this Catalog.

Requirements for Admission to Classified Standing

To enter this program with classified standing, a student must meet the minimum requirements for admission to the Graduate Division. In addition, entering students are expected to have a bachelor's degree in computer science or its equivalent, e.g., a degree presenting at least the breadth and depth of the SJSU BS, Computer Science program. An applicant holding a recent bachelor's degree in Computer Science from an ABET-accredited university will normally meet the course requirements for admission to the MSCS program.

Requirements for Admission to Conditionally Classified Standing

Applicants who meet the minimum requirements for admission to the Graduate Division but lack other prerequisite course knowledge can be admitted in conditionally classified status if there is sufficient space in the program to accommodate them. Conditionally classified students will be required to complete undergraduate coursework to attain Classified standing. The individual admission notification will explain the required terms and conditions for attaining Classified standing.

Transfer of Courses into the Major

Students may transfer nine credits into the program from coursework completed in the SJSU Computer Science Department. A maximum of 6 units may be from courses outside the SJSU Computer Science Department. All transfer credit must fulfill MS, Computer Science program requirements and be approved by the Graduate Coordinator.

Requirements for Advancement to Graduate Candidacy

The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. The Computer Science Department policy is that students should complete the GWAR requirement (usually by taking CS 200W) in their first year in the MS program and must complete it two semesters before graduation. Courses that satisfy the GWAR are listed in the course requirements for the program.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

This requirement is satisfied by taking CS 200W.

Culminating Experience

Students choose a Plan A (Thesis) or Plan B (Written Project) option as their program culminating experience.

Plan A (Thesis)

After being advanced to candidacy, the student choosing the thesis option must obtain a thesis director from among the tenured or tenure-track faculty of the Computer Science Department who then becomes his or her advisor. Before work can begin, the thesis topic must be approved by a three-member committee consisting of the thesis director, another professor from the CS Department, and a third member who is an expert in the field, selected by the thesis director and approved by the Department Chairperson. The candidate should register for CS 297 before the final semester, and take CS 299 in the final semester of the program. Students who do not finish the thesis in that semester enroll in the 1290R for subsequent semesters until it is completed. Upon completion of the thesis, the candidate must pass a comprehensive oral examination in the area of his or her thesis, conducted by the thesis committee. The thesis must also meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines.

Plan B (Written Project)

After being advanced to candidacy, the student must obtain a project director from the Computer Science Department who then becomes his or her advisor. Before work can begin, the project topic must be approved by a three-member committee consisting of the project director, another professor from the CS Department, and a third member who is an expert in the field, selected by the thesis director and approved by the Department Chairperson. The candidate should register for the CS 297 before the final semester, and take the CS 298 in the final semester of the program.

Students who do not finish the project in that semester enroll in the 1290R for subsequent semesters until it is completed. Upon completion of the project, the candidate must pass an oral examination in the area of his or her project conducted by the project committee.

Master's Requirements (33 units)

Core Courses (21 units)

- CS 200W - Graduate Technical Writing 3 *unit(s)* (GWAR)

Foundations (3 units)

Choose one of the following foundations courses:

- CS 252 - Advanced Programming Language Principles 3 *unit(s)*
- CS 254 - Theory of Computation 3 *unit(s)*
- CS 255 - Design and Analysis of Algorithms 3 *unit(s)*
- CS 262 - Randomized Algorithms and Applications 3 *unit(s)*
- MATH 279A - Graph Theory 3 *unit(s)*

Architecture (3 units)

Choose one of the following architecture courses:

- CS 247 - Advanced Computer Architecture 3 *unit(s)*
- CS 258 - Computer Communication Systems 3 *unit(s)*
- CS 259 - Advanced Parallel Processing 3 *unit(s)*
- CS 268 - Topics in Wireless Mobile Networking 3 *unit(s)*

Systems Software (3 units)

Choose one of the following systems software courses:

- CS 218 - Topics in Cloud Computing 3 *unit(s)*
- CS 249 - Distributed Computing 3 *unit(s)*
- CS 253 - Advanced Compiler Design 3 *unit(s)*
- CS 257 - Database System Principles 3 *unit(s)*
- CS 267 - Topics in Database Systems 3 *unit(s)*

Specialty Courses (9 units)

Select nine units of 200-level computer science courses from the Foundations, Architecture, or Systems Software classes above, or from the following list:

Variable topic courses may be repeated for up to 6 units.

- CS 216 - Physically Based Modeling for Computer Graphics 3 *unit(s)*
- CS 223 - Advanced Bioinformatics 3 *unit(s)*
- CS 224 - Next Generation Sequencing & Genome Assembly 3 *unit(s)*
- CS 225 - Topics in Sequence-based Machine Learning for Bioinformatics 3 *unit(s)*
- CS 256 - Topics in Artificial Intelligence 3 *unit(s)*
- CS 265 - Cryptography and Computer Security 3 *unit(s)*

- CS 266 - Topics in Information Security 3 *unit(s)*
- CS 271 - Topics in Machine Learning 3 *unit(s)*
- CS 272 - Reinforcement Learning and Sequential Decision Making 3 *unit(s)*
- CS 273 - Topics in Natural Language Processing 3 *unit(s)*
- CS 274 - Topics in Web Intelligence 3 *unit(s)*
- CS 276 - Machine Learning on Graphs 3 *unit(s)*
- CS 286 - Advanced Topics in Computer Science 3 *unit(s)*

Subject Varies by Topic

- CS 286 - Advanced Topics in Computer Science 3 *unit(s)* (*Note: Unless the course syllabus states otherwise, a CS 286 course offering is deemed to be in the Speciality Courses area*)

Electives (6 units)

Select 6 units of permissible elective courses from the following list. Courses not on the list must be approved in advance by a graduate coordinator. Any graduate courses listed above not used to satisfy degree requirement may be used as an elective course.

- CS 116A - Introduction to Computer Graphics 3 *unit(s)*
- CS 116B - Computer Graphics Algorithms 3 *unit(s)*
- CS 123A - Bioinformatics I 3 *unit(s)*
- CS 123B - Bioinformatics II 3 *unit(s)*
- CS 134 - Computer Game Design and Programming 3 *unit(s)*
- CS 136 - Introduction to Computer Vision 3 *unit(s)*
- CS 143C - Numerical Analysis and Scientific Computing 3 *unit(s)*
- CS 143M - Numerical Analysis and Scientific Computing 3 *unit(s)*
- CS 153 - Concepts of Compiler Design 3 *unit(s)*
- CS 155 - Introduction to the Design and Analysis of Algorithms 3 *unit(s)*
- CS 156 - Introduction to Artificial Intelligence 3 *unit(s)*
- CS 157B - Database Management Systems II 3 *unit(s)*
- CS 157C - NoSQL Database Systems 3 *unit(s)*
- CS 158A - Computer Networks 3 *unit(s)*
- CS 158B - Computer Network Management 3 *unit(s)*
- CS 159 - Introduction to Parallel Processing 3 *unit(s)*
- CS 161 - Software Project 3 *unit(s)*
- CS 168 - Blockchain and Cryptocurrencies 3 *unit(s)*
- CS 171 - Introduction to Machine Learning 3 *unit(s)*
- CS 174 - Server-side Web Programming 3 *unit(s)*
- CS 175 - Mobile Device Development 3 *unit(s)*
- CS 176 - Introduction to Social Network Analysis 3 *unit(s)*
- MATH 142 - Introduction to Combinatorics 3 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*
- MATH 161B - Applied Probability and Statistics II 3 *unit(s)*
- MATH 162 - Statistics for Bioinformatics 3 *unit(s)*
- MATH 163 - Probability Theory 3 *unit(s)*
- MATH 164 - Mathematical Statistics 3 *unit(s)*
- MATH 177 - Linear and Non-Linear Optimization 3 *unit(s)*
- MATH 178 - Mathematical Modeling 3 *unit(s)*
- MATH 179 - Introduction to Graph Theory 3 *unit(s)*

- MATH 203 - Applied Mathematics, Computation, and Statistics Projects 3 *unit(s)*

Electives may include three units from:

- CS 180 - Individual Studies 1-3 *unit(s)*
- CS 280 - Graduate Individual Studies 1-3 *unit(s)*

Culminating Experience (6 units)

Complete One Option (Plan A or Plan B)

Plan A (Thesis) (6 units)

- CS 297 - Preparation for Writing Project or Thesis 3 *unit(s)*
- CS 299 - Master's Thesis 3 *unit(s)*
- Comprehensive Oral Examination

Plan B (Project) (6 units)

- CS 297 - Preparation for Writing Project or Thesis 3 *unit(s)*
- CS 298 - Master's Writing Project 3 *unit(s)*
- Comprehensive Oral Examination

Total Units Required (33 units)

No more than 6 units may be taken from outside the Department of Computer Science.

Elective courses must be planned in consultation with a CS Graduate Advisor or your CS Thesis or CS Writing Project advisor.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Data Science, MS

- Admissions Requirements
- Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (36 units)
- Program Learning Outcomes

The Master of Science in Data Science program, jointly offered by the Department of Computer Science and Department of Mathematics and Statistics, provides students with a Bachelor's degree in the sciences or engineering with foundational knowledge, experience, and skills that are crucial for a data science career. It features a multidisciplinary curriculum in applied math, statistics, computer science, and their intersection - machine learning. Its rigorous, balanced coursework provides students with strong mathematical, computing, and data skills, as well as project experience. Graduates of this program will have the necessary theoretical knowledge, practical data analysis and coding skills for solving complex real-world problems based on massive amounts of data and also meet the qualifications for various data scientist positions in industry and government.

Admission Requirements

Candidates must meet all of the university admission requirements. Students can be admitted in either classified or conditionally classified standing.

To be admitted to classified standing, applicants must have earned a Bachelor's degree in the sciences or engineering from a regionally accredited institution with a minimum GPA of 3.0 (based on a 4.0 scale), and have completed all program prerequisites listed below. Two to three letters of recommendation are also required. The GRE General Test score (when available) should be submitted along with the packet and it will be used to compare and rank applicants. To enter this program with classified standing, a student must have passed the following prerequisites courses (with a C- or better OR the listed required grade below):

- Three semesters college-level calculus courses - differential calculus (e.g., MATH 30 at SJSU), integral calculus (e.g., MATH 31 at SJSU), and a multivariable calculus course (e.g., MATH 32 at SJSU), with a grade of B or better on the multivariable calculus course.
- A linear algebra course (e.g., MATH 39 at SJSU), with a grade of B or better.
- A discrete math course (e.g., MATH 42 or CS 42 at SJSU).
- An upper-division calculus-based statistics course (e.g., MATH 161A at SJSU), with a grade of B or better.
- A probability theory course (e.g., MATH 163 at SJSU), with a grade of C or better.
- Two CS introductory courses on programming and data structures (e.g., CS 46A and CS 46B at SJSU).
- An upper division data structures and algorithms course (e.g., CS 146 at SJSU), with a grade of B or better.
- An advanced course in object-oriented programming (e.g., CS 151 or CMPE 135 at SJSU) or two semesters of statistical programming coursework, (e.g., MATH 167R and MATH 167PS at SJSU).

Applicants from countries in which the native language is not English must submit TOEFL scores. Minimum TOEFL scores acceptable for admission are 575 (Paper-based), 240 (Computer-based), or 90 (Internet-based).

Advancement to Candidacy

Students may advance to candidacy after completing all admission conditions and all prerequisites for the culminating experience including the Graduation Writing Assessment Requirement (GWAR).

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Master's Requirements (36 units)

Core Courses (27 units)

- CS 156 - Introduction to Artificial Intelligence 3 *unit(s)*
- CS 157A - Introduction to Database Management Systems 3 *unit(s)*
- CS 200W - Graduate Technical Writing 3 *unit(s)* (GWAR)
- CS 274 - Topics in Web Intelligence 3 *unit(s)*
- MATH 164 - Mathematical Statistics 3 *unit(s)*
- MATH 261A - Regression Theory and Methods 3 *unit(s)*

- MATH 250 - Mathematical Data Visualization 3 *unit(s)*
- MATH 252 - Cluster Analysis 3 *unit(s)*

Complete one course from:

- MATH 251 - Statistical and Machine Learning Classification 3 *unit(s)*
- CS 271 - Topics in Machine Learning 3 *unit(s)*

Elective Course (3 units)

The elective can be selected from the list of courses offered in the Department of Computer Science and Department of Mathematics and Statistics and requires approval from the program coordinator.

Overall, students must take at least 4 MATH courses and 4 CS courses, not counting the writing course (CS 200W) and the project/thesis courses (CS 297/MATH 297A, CS 298/MATH 298).

Culminating Experience (6 units)

Both plans require two semesters of enrollment in 6-unit coursework in order to conduct the proposed project or thesis study. The student is responsible for securing the commitment of a full-time tenured or tenure-track faculty member who agrees to serve as his or her advisor. The student must also secure the commitments of two additional members, one of whom must be a full-time tenured or tenure-track faculty member, to serve as the student's committee. Topics and committee selections must be approved by the MS Data Science Coordinator. Either plan requires writing a manuscript in a formal format describing original data science research, which is submitted for review by the student's committee. In addition, the student must successfully pass a comprehensive oral examination by the student's committee based on the conducted project or thesis study.

Plan A (Thesis)

- MATH 297A - Preparation for Writing Project, Research Project or Thesis 3 *unit(s)* or
 - CS 297 - Preparation for Writing Project or Thesis 3 *unit(s)*
- and*
- CS 299 - Master's Thesis 3 *unit(s)* or
 - MATH 299 - Master's Thesis 1-4 *unit(s)*

Plan B (Project)

- MATH 297A - Preparation for Writing Project, Research Project or Thesis 3 *unit(s)* or
 - CS 297 - Preparation for Writing Project or Thesis 3 *unit(s)*
- and*
- CS 298 - Master's Writing Project 3 *unit(s)* or
 - MATH 298 - Special Study 1-4 *unit(s)*

Total Units Required (36 units)

Students who enter the program having already completed courses equivalent in level and content to any of those required for the degree may be allowed to substitute an appropriate alternative course upon advanced approval by the MS Data Science Coordinator. The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 9.

Geology, MS

- Admission Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The MS program provides graduates with advanced training in the Geosciences, culminating in the completion of an independent research thesis project. The academic curriculum and extensive faculty expertise provide the opportunity for study in many areas of the Geosciences. Graduates are employed as environmental consultants, engineering geologists, hydrogeologists, hydrologists, and geotechnical engineers.

The Department of Geology welcomes students with undergraduate degrees in other disciplines.

For more information visit the SJSU Geology website.

Admission Requirements

Candidates must meet all university admission requirements. Students can be admitted in either classified or conditionally classified standing. If an applicant's preparation for advanced graduate work is considered insufficient to meet the course prerequisites or other departmental requirements (typically because the student does not have a BS in Geology or related field), the conditions will include taking the core Geology BS courses to meet their requirements.

The GRE is not required.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Advancement to Graduate Candidacy

University Candidacy Requirements

A student is eligible for advancement to candidacy for the MS degree in Geology after the student has fulfilled the general all-university requirements for advancement to candidacy as outlined in the Graduate Policies and Procedures section of this catalog and the department requirements. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR). In addition, the student's approval of the candidacy must be done by the departmental graduate advisor.

Department Candidacy Requirements

The student will prepare a written thesis proposal in consultation with her/his thesis adviser. The student will defend her/his proposal in an oral examination with her/his thesis advisor and a minimum of two other thesis committee members

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Geology Department Requirements

An approved program for each candidate may be designed in consultation with the advisor on the basis of each individual's objectives. The program shall include at least 30 semester units earned beyond the bachelor's degree in 200-level and 100-level courses approved for graduate credit. This total includes 4 semester units of thesis research. At least 12 units must consist of 200-level courses. All students are required to take a 2-unit seminar (GEOL 285). All candidates are required to submit a master's thesis.

An oral presentation of thesis research is to be made before an open meeting of the Geology Department. The thesis must be approved by the student's thesis committee and submitted in final form, as defined in the SJSU Master's Thesis and Doctoral Dissertation Guidelines, to the Graduate Division of the university in accordance with published deadlines.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (30 units)

Core (14 units)

- GEOL 285 - Seminar 2 *unit(s)*

Complete Twelve Units From:

- GEOL 213 - Advanced Igneous and Metamorphic Petrology 4 *unit(s)* (GWAR)
- GEOL 214 - Volcanology 4 *unit(s)*
- GEOL 222 - Advanced Sedimentary Geology 4 *unit(s)*
- GEOL 231 - Advanced Structural Geology and Tectonics 4 *unit(s)* (GWAR)
- GEOL 234 - Advanced Geomorphology 4 *unit(s)* (GWAR)
- GEOL 238 - Advanced Hydrogeology 4 *unit(s)* (GWAR)
- GEOL 242 - Advanced Paleontology 4 *unit(s)*
- GEOL 255 - Advanced Geology 4 *unit(s)*

Electives (12 units)

Other 100-level or 200-level courses, selected with advisor approval. GEOL 285 may be taken a second time.

Culminating Experience (4 units)

Plan A (Thesis)

- GEOL 299 - Master's Thesis 1-4 *unit(s)* (1 *unit* of GEOL 299 in each of four semesters is recommended)
- Thesis Defense (oral presentation)

Total Units Required (30 units)

Elective courses must be planned in consultation with the Geology Department Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Marine Science, MS

- Admissions Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

Moss Landing Marine Laboratories (MLML) is the second oldest marine lab in Monterey Bay. Established in 1966, it has an international reputation for excellence in marine science research and education. The hands-on, field oriented MLML approach places students, faculty, research, and staff where discoveries are made: at the frontiers of marine science worldwide. The wealth of nearby marine resources, excellent marine facilities and operations, renowned faculty and research-based curriculum combine to make the MLML program one of the best graduate programs of its kind in the United States. MLML provides students with a cutting-edge education that prepares them for careers in marine science and oceanography, education and outreach, conservation, policy and management, and for doctoral studies. See the program website at mlml.sjsu.edu/gradprog/.

For more information about the program contact the MLML graduate program coordinator at mlml-grad-program@sjsu.edu.

Admissions Requirements

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the department (MLML) to obtain admission into the MS Marine Science program. See the MLML graduate program website for program application and admission requirements.

Before submitting application materials, prospective students must select and contact an MLML faculty advisor(s) and consider scheduling a visit to MLML. Discussing your application with a potential faculty advisor will (1) provide you with a better understanding of what our program has to offer; (2) help you determine if the selected faculty advisor is the right academic mentor for you; (3) enable you to speak with the potential advisor about the application process; (4) allow you to speak with current students; and (5) strengthen your application and improve your chances of acceptance.

For Fall admission, the MLML online program application deadline is February 1, after which applicants must also email the supplemental application materials listed below to the MLML Graduate Program Coordinator (mlml-grad-program@sjsu.edu) as a single PDF attachment by February 15.

For Spring admission, the MLML online program application deadline is September 30, and applicants must also email the following supplemental application materials to the MLML Graduate Program Coordinator (mlml-grad-program@sjsu.edu) as a single PDF attachment by September 30 as well:

- Statement of Purpose - detailing (at a minimum) (1) why you want to study marine science, (2) why you want to attend MLML, (3) your background in marine science, (4) your specific research interests, and (5) what long-term goals you ultimately intend to pursue by attending MLML;
- CV/Resume - summarizing relevant academic and professional experience, including (1) academic background (degrees earned, GPA, relevant coursework), (2) research experience, and (3) relevant employment history, volunteer experience, and/or memberships;
- Unofficial Transcripts - from all post-secondary institutions attended;
- The GRE is not required.

Applicants must also request to have three letters of recommendation sent to the program from people familiar with their academic and/or professional background. Letters of recommendation must be emailed directly from your recommenders as a .pdf attachment to the MLML Graduate Program Coordinator at mlml-grad-program@sjsu.edu by February 15 for Fall admission and by September 30 for Spring admission.

These application instructions can also be found at [Applying to the MLML Master's Program](#).

Applicants may be admitted either as conditional or classified. Conditionally admitted applicants will have some condition(s), such as completion of additional coursework, placed upon their admission into the MLML program; classified students are admitted into the program without any such condition(s).

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the [Graduate Program Test Requirement](#) webpage.

Requirements for Advancement to Candidacy

SJSU university requirements for advancement to candidacy for the master's degree are outlined in the [Graduate Policies and Procedures](#) section.

Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

The MLML program requirements for Advancing to Candidacy are as follows:

- Completion of the majority of coursework with the exception of the Culminating Experience course MS 299 - Master's Thesis
- Acquired thesis proposal approval from the entire thesis committee
- Acquired research permitting approval (if applicable)

CSU policy requires that English competency shall be a requirement of classified graduate students as a condition necessary for advancement to candidacy for the award of a master's degree. MLML students satisfy this requirement by earning a grade of B or better in one of the five core marine science courses.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the [Graduation Requirements](#) section of the [Graduate Policies and Procedures](#).

Marine Science MS Graduation Requirements

Graduate students shall successfully complete 30 units of course work with a grade of "B" or better in each course, a thesis project, and an oral research defense to qualify for the M.S. degree in Marine Science at Moss Landing Marine Laboratories.

All students shall maintain continuous enrollment in the MLML graduate program until all degree requirements are met. All students shall complete core courses with a grade of "B" or better. If a student receives lower than a "B" in a core course, the student may either retake this course or take another core course to fulfill the core course degree requirement. If a student receives lower than a "B" in a non-core class, the student may either retake the course or take another course to use towards the 30-unit requirement. Students may enroll in MS 298, while they are conducting their research. Students are eligible to use 2-units of MS 298 toward their Elective Coursework requirement. Students are encouraged to complete their degree requirements within three years.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Plan A (Thesis)

The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee, and must meet the academic standards of the MLML program. The candidate for the MS in Marine Science at MLML must also successfully pass a final oral defense of the thesis, in the form of a seminar open to the public, with the thesis committee evaluating the success of the presentation.

Master's Requirements (30 units)

Core (18 units)

Complete three marine science core courses from:

- MS 203 - Advanced Marine Ecology 4 *unit(s)* (GWAR)
- MS 241 - Advanced Geological Oceanography 4 *unit(s)* (GWAR)
- MS 242 - Advanced Physical Oceanography 4 *unit(s)* (GWAR)
- MS 243 - Advanced Chemical Oceanography 4 *unit(s)* (GWAR)
- MS 244 - Advanced Biological Oceanography 4 *unit(s)*

Complete one data analysis course from:

- MS 204 - Sampling and Experimental Design 4 *unit(s)*
- MS 263 - Data Analysis in Marine Science 4 *unit(s)*

Complete at least 2 units of the variable topic seminar:

- MS 285 - Graduate Seminar in Marine Science 2 *unit(s)*

Elective Courses (8 units)

- Complete additional 200- or 100-level Elective Courses selected in consultation with the graduate advisor to meet the 30 units degree requirements
- MS 285 - Graduate Seminar in Marine Science 2 *unit(s)* (Variable topic seminar may be taken up to two times total)
- MS 298 - Research in the Marine Science 1-4 *unit(s)* (May be taken for up to 2 units)

Culminating Experience (4 units)

Plan A (Thesis)

- MS 299 - Master's Thesis 1-4 unit(s) (4 units required)
- Thesis Defense 0 unit(s)

Total Units Required (30 units)

Advanced Coursework must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Mathematics, MA

- Requirements for Admission
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (33 units)
- Program Learning Outcomes

This degree, offered by SJSU's Department of Mathematics and Statistics is recommended for future community college teachers and for students who plan to continue toward the PhD in mathematics.

Requirements for Admission

Candidates must meet all the university Graduate Admissions. Students can be admitted in either classified or conditionally classified standing. If an applicant's preparation for advanced graduate work is considered inadequate to meet the course prerequisites or other departmental requirements, the conditions will include taking preparatory courses to meet these requirements. Such courses will not count as part of the master's degree program requirements.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Classified Standing

To enter this program with classified standing, a student must meet the minimum requirements for admission to the Graduate Division, have completed 18 semester units of upper-division undergraduate mathematics with a GPA of at least 3.0, and have one to three letters of recommendation submitted on his or her behalf. The coursework must be acceptable toward a bachelor's degree in mathematics and may not be counted toward the MA degree.

Conditionally Classified Standing

A student who meets the minimum requirements for admission to the Graduate Division but does not satisfy the mathematics coursework requirements stated above may be admitted as a conditionally classified student. Eligibility is determined on a case-by-case basis. The individual admission letter will explain the required terms and conditions for attaining classified standing. After arrival at SJSU, a conditionally admitted student must complete additional

coursework to make up for the unit deficiency in order to achieve classified status. These make-up units will not be included in the MA degree unit requirement total.

Requirements for Advancement to Graduate Candidacy

To advance to candidacy in the MA Mathematics, a student must meet the university candidacy requirements, as stated in this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

The student must complete the Petition for Advancement to Graduate Candidacy form. This form lists, among other things, all the coursework to be counted toward the master's degree. After the form has been signed by the student's thesis or writing project advisor (if applicable) and the Graduate Coordinator, it is forwarded to GAPE for final approval. Any subsequent changes to the student's program require approval from GAPE.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

Students must pass the Graduation Writing Assessment Requirement (GWAR).

Program Graduation Requirements

Culminating Experience

Students must choose one of three options: The Plan A (Thesis), Plan B (Project), or Plan B (Comprehensive Examination).

Plan A (Thesis)

A student who selects the Thesis option must find a willing tenured or tenure-track faculty member to serve as the thesis advisor, and complete a thesis under that advisor's supervision. The thesis must be reviewed and approved by a committee composed of the advisor and two other faculty members chosen by the student in consultation with the advisor. The student must give a public presentation on the thesis, which is followed by an oral examination (defense) conducted by the committee. The thesis must be filed with the College of Graduate Studies, subject to the SJSU Master's Thesis and Doctoral Dissertation Guidelines and deadlines established by that office.

Thesis students must enroll in MATH 299 (3 units). Students receive credit when the thesis is completed, successfully defended, and all committee members have signed off on it. Students who do not complete their theses during the semester in which they are enrolled in MATH 299 will receive a grade of "RP" for that course. If all other degree requirements have been completed, students must subsequently enroll in MATH 1290R in compliance with university regulations until the thesis is completed, defended, and approved by Graduate Studies.

Plan B (Project)

A student who selects the Project option must find a willing tenured or tenure-track faculty member to serve as the project advisor, and complete a written project under that advisor's supervision. The project must be reviewed and approved by a committee composed of the advisor and two other faculty members chosen by the student in consultation with the advisor. The student must give a public presentation on the project, which is followed by an oral examination (defense) conducted by the committee.

Students choosing the Plan B (Project) option must enroll in MATH 298 (3 units). Students receive credit when the writing project is completed, successfully defended, and all committee members have signed off on it. Students who do not complete their projects during the semester in which they are enrolled in MATH 298 will receive a grade of "RP" for that course. If all other degree requirements have been completed, students must subsequently sign up for MATH 1290R in compliance with university regulations until the writing project is completed and defended.

Plan B (Comprehensive Examination)

Students who select this option must pass two written comprehensive examinations. One examination will be in Higher Algebra (MATH 221A and MATH 221B). The second exam will be in Analysis (MATH 231A and MATH 231B).

Students choosing the Plan B (Comprehensive Exam) option must enroll in an additional elective (3 units) selected in consultation with the program graduate advisor. Students complete the program Culminating Experience when they pass both exams. Students who successfully complete all other program requirements but not one or both exams must subsequently enroll in MATH 1290R for the following semester or semesters in compliance with the university requirement for continuous enrollment until both exams have been passed in one sitting.

Master's Requirements (33 units)

Core Courses (21 units)

- CS 200W - Graduate Technical Writing 3 unit(s) (GWAR)
- MATH 221A - Higher Algebra I 3 unit(s)
- MATH 221B - Higher Algebra II 3 unit(s)
- MATH 231A - Real Analysis 3 unit(s)
- MATH 231B - Functional Analysis 3 unit(s)

Complete Two Courses From:

- MATH 229 - Advanced Matrix Theory 3 unit(s)
- MATH 238 - Advanced Complex Variables 3 unit(s)
- MATH 275A - Topology 3 unit(s)
- MATH 279A - Graph Theory 3 unit(s)

Electives (6 units)

Complete two courses from:

- MATH 203 - Applied Mathematics, Computation, and Statistics Projects 3 unit(s)
- MATH 226 - Theory of Numbers 3 unit(s)
- MATH 229 - Advanced Matrix Theory 3 unit(s)
- MATH 233A - Applied Mathematics I 3 unit(s)
- MATH 234 - Advanced Dynamical Systems 3 unit(s)
- MATH 238 - Advanced Complex Variables 3 unit(s)
- MATH 243A - Numerical Solution of PDEs 3 unit(s)
- MATH 243M - Numerical Linear Algebra 3 unit(s)

- MATH 261A - Regression Theory and Methods 3 *unit(s)*
- MATH 263 - Stochastic Processes 3 *unit(s)*
- MATH 275A - Topology 3 *unit(s)*
- MATH 275B - Advanced Topics in Topology 3 *unit(s)*
- MATH 279A - Graph Theory 3 *unit(s)*
- MATH 279B - Advanced Graph Theory 3 *unit(s)*
- MATH 285M - Advanced Topics in Pure Mathematics 3 *unit(s)*
- MATH 297A - Preparation for Writing Project, Research Project or Thesis 3 *unit(s)*

Additional Electives (3 units)

Complete an additional 100-level or 200-level courses selected in consultation with MA Mathematics advisor. Elective courses may include a maximum of 3 units of MATH 280 and/or MATH 297A.

Courses excluded: MATH 102, MATH 105, MATH 106, MATH 201A, MATH 287.

Culminating Experience (3 units)

Plan A (Thesis)

- MATH 299 - Master's Thesis 1-4 *unit(s)* (3 *units required*)
- Oral Presentation
- Oral Defense

Plan B (Writing Project)

- MATH 298 - Special Study 1-4 *unit(s)* (3 *units required*)
- Oral Presentation
- Oral Defense

Plan B (Comprehensive Exam)

- Additional 3-unit elective selected in consultation with graduate advisor
- Comprehensive Exam

Total Units Required (33 units)

Elective courses must be planned in consultation with the MA Mathematics Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 6.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Mathematics, Mathematics Education Concentration, MA (Not Accepting Students)

This degree is recommended for secondary school mathematics teachers who want to increase their mathematical competence and their knowledge of the teaching and learning of mathematics.

Requirements for Admission to Classified Standing

Admission requirements to classified standing for this program are the same as for the MA - Mathematics program, except the 18 semester unit requirement is replaced by 21 semester units.

Requirements for Admission to Conditionally Classified Standing

Admission requirements to conditionally classified standing are the same as for the MA - Mathematics program.

Requirements for Advancement to Candidacy for the MA - Mathematics, Concentration in Mathematics Education

Requirements are the same as for the MA - Mathematics except that requirement 2 is replaced by: The Qualifying Examination is an individualized written exam on fundamental ideas related to the concentration in Mathematics Education. These ideas are normally covered in MTED 209.

Completing Requirements for the MA - Mathematics, Concentration in Mathematics Education

Both Plan A (with Thesis) and Plan B (with Writing Project) requirements are the same as in the MA Mathematics except the thesis or writing project must be in the field of mathematics education.

Electives

The rules for elective units are the same as those for MA - Mathematics

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (30 units)

Required Core Courses (21 units)

- See Department of Mathematics and Statistics for course options 3 *unit(s)*

Complete Twelve Units From:

Including a one-year sequence

- MATH 221A - Higher Algebra I 3 *unit(s)*
- MATH 221B - Higher Algebra II 3 *unit(s)*

- MATH 226 - Theory of Numbers 3 *unit(s)*
- MATH 229 - Advanced Matrix Theory 3 *unit(s)*
- MATH 231A - Real Analysis 3 *unit(s)*
- MATH 231B - Functional Analysis 3 *unit(s)*
- MATH 233A - Applied Mathematics I 3 *unit(s)*
- MATH 234 - Advanced Dynamical Systems 3 *unit(s)*
- MATH 238 - Advanced Complex Variables 3 *unit(s)*
- MATH 243A - Numerical Solution of PDEs 3 *unit(s)*
- MATH 243M - Numerical Linear Algebra 3 *unit(s)*
- MATH 258 - Categorical Data Analysis 3 *unit(s)*
- MATH 261A - Regression Theory and Methods 3 *unit(s)*
- MATH 261B - Design and Analysis of Experiments 3 *unit(s)*
- MATH 263 - Stochastic Processes 3 *unit(s)*
- MATH 265 - Time Series Theory and Methods 3 *unit(s)*
- MATH 275A - Topology 3 *unit(s)*
- MATH 275B - Advanced Topics in Topology 3 *unit(s)*
- MATH 279A - Graph Theory 3 *unit(s)*
- MATH 279B - Advanced Graph Theory 3 *unit(s)*
- MATH 285 - Advanced Topics in Mathematics 3 *unit(s)*

Electives (6 units)

- 100-200 level mathematics courses not to include MATH 102, MATH 105, MATH 106, MATH 33LA, MATH 39, MATH 33A, or MATH 287.

Culminating Experience (3 units)

Plan A

- MATH 299 - Master's Thesis 1-4 *unit(s)* (3 units required)

Plan B

- MATH 298 - Special Study 1-4 *unit(s)* (3 units required)

Total Units Required (30 units)

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 6.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Medical Product Development Management, MS

- Requirements for Admission to Classified Standing
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (35 units)

- Program Learning Outcomes

Overview

The Masters of Science degree in Medical Product Development Management (MPDM) is offered by SJSU's College of Science, in collaboration with the College of Information, Data & Society and the Lucas Graduate School of Business. The MPDM MS program combines clinical research, regulatory affairs, bioinformatics and customized technical classes with MBA-level business and management courses. The industry-relevant curriculum was designed in collaboration with experts from biomedical companies in the greater San Francisco Bay area to prepare students for careers in the biopharmaceutical, medical devices and in-vitro diagnostics industries. To accommodate students who work full-time, courses are offered during evenings or weekends, and several classes are offered online for scheduling flexibility.

Students in the Master of Science in Medical Product Development Management degree program develop proficiency in applying leadership, management and decision making skills in a regulated environment; understanding and conversing with others in a multi-disciplinary field; and understanding ethical, business, financial, global, and strategic implications in medical product development. The MPDM program prepares students to enrich their communities as ethical and socially responsible graduates in a field in which the highest levels of integrity are a fundamental necessity.

Please refer to the MPDM program website for more information.

Requirements for Admission to Classified Standing

Applying for graduate school at San José State University is a two-step process. Apply to the university through Cal State Apply to obtain approval for university-level admission, and to the department to obtain admission into the MS, Medical Product Development Management program. Please visit the admission requirements page for more information. Applicants may come from a wide variety of undergraduate (or postgraduate) areas of study including but not limited to nursing, pre-med, biology, chemistry, mathematics, science education, pharmacy, engineering, business, computer science, psychology, social sciences, and pre-law.

To be accepted into the program in classified standing, an applicant must:

- Meet all university admission requirements.
- Hold a baccalaureate degree from an accredited four-year college or university.
- Have a grade point average (GPA) of at least 2.5 (3.0 or above preferred) in the last 60 semester or 90 quarter units of coursework.
- Satisfactory completion of a 3-unit undergraduate course in introductory statistics and probability from an accredited college or university is recommended.
- Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirement webpage.

Applicants should note that a high degree of proficiency in both written and oral communications in English is a fundamental skill required both to complete the degree program and for success in the field.

The program does not accept students in conditionally classified standing.

Requirements for Advancement to Candidacy

Students must meet the university requirements for candidacy. General university requirements for advancement to candidacy for the master's degree are detailed in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR). The program GWAR course

is SMPD 281A. Requirements for advancing to candidacy in the MS, Medical Product Development Management are successful completion of SMPD 281A and 9 units of overall program credits.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Program Graduation Requirements

The general requirements for the course completion as outlined below.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

SMPD 281A will satisfy the graduation writing requirement for MPDM.

Culminating Experience

Plan B (Project)

The culminating project challenges the student to demonstrate leadership, teamwork, and decision-making skills. The student will write or prepare a publication-worthy paper or presentation for a biomedical professional journal, conference, or event. The paper or presentation must demonstrate the depth of knowledge of the processes, methods, and procedures used in clinical research and development or in the management of medical product development on a topic selected by the student (with advisor approval).

This degree is listed with the College of Science.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Special Session Program Information

Academic Programs offered through Special Session are operated by Professional & Global Engagement. Registration and enrollment in a Special Session course or program must use the special session application form and will follow the special session fees and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or the program will trigger a separate and additional set of fees. This may require an additional enrollment appointment from the Registrar and it may have implications for financial aid status or requirements. Please visit the Professional Education website for more information.

Master's Requirements (35 units)

- SMPD 283A - Regulatory Affairs I, Biopharmaceutical 3 unit(s)
- SMPD 283B - Regulatory Affairs II Device-Diagnostics 3 unit(s)
- SMPD 286 - Statistical Methods in Clinical Trials 3 unit(s)
- SMPD 287 - Informatics in Drug and Device Development 3 unit(s)

Management Courses (12 units)

- BUS 210 - Developing and Managing People 3 *unit(s)* (GWAR)
- BUS 284C - Managing Medical Product Development 3 *unit(s)*
- BUS 286 - Project Management 3 *unit(s)*

Choose one course (3 units):

- SMPD 202T - MPDM Seminars: Biomedical Business 3 *unit(s)*
- BUS 250 - Law and Ethics 3 *unit(s)*

Core Courses (11 units)

Clinical Development (6 units)

- SMPD 281A - Clinical Development Seminar I 3 *unit(s)* (GWAR)
- SMPD 285 - MPDM Research / Practicum 1 *unit(s)*
- SMPD 281B - Clinical Development Seminar II 2 *unit(s)*

Clinical Trials (2 units)

- SMPD 289A - Special Topics in Clinical Trials Management I 2 *unit(s)*

Culminating Experience (3 units)

Plan B Project

- SMPD 289B - Clinical Trials Seminar II 3 *unit(s)*

Total Units Required (35 units)

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Meteorology, MS

- Admission Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Science in Meteorology prepares students for high-level professional responsibility, independent research, and continued graduate work in atmospheric science. Graduate-level theoretical and applied meteorology courses and a substantial research project lead to the preparation of the master's thesis, the culmination of the degree plan of study. Departmental opportunities for financial support include research and teaching assistantships.

The Department of Meteorology and Climate Science has one of the most active research programs at SJSU. The meteorology faculty has a wide range of expertise and supports a broad range of research activity. Their areas of specialization include Weather Analysis and Forecasting, Fire Weather, Urban Meteorology and Air Pollution, Atmospheres of Other Planets, Tropical Meteorology, Radar and Satellite Remote Sensing, Cloud and Aerosol Physics, Atmospheric Dynamics, Meteorological Data Processing, Data Communications, and Data Acquisition and Display.

Our graduates find employment in forecasting, research, consulting and media, and continue for the Ph.D. degree at top universities throughout the country. Department alumni include top scientists and forecasters in The National Oceanic and Atmospheric Administration (NOAA), the National Weather Service (NWS), the United States Air Force and Navy, NASA, various state and federal air pollution agencies, the aerospace industry, and aviation operations. Others of our alumni are university professors, high school and community college teachers, TV forecasters, meteorologists in the wind power, electric, gas and oil industries, science writers, and consultants for legal cases, air pollution problems and building design.

Admission Requirements

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the MS, Meteorology program. See the Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. For TOEFL Requirements, see the Policies and Procedures section, Graduate and Post-Baccalaureate Information.

Requirements for Admission to Classified Standing

Students are admitted to the MS, Meteorology program in Classified or Conditional Standing. Admission to classified standing requires the following. Applicants must:

- Possess the equivalent of an SJSU BS in Meteorology or, with the approval of the department graduate committee, a degree in physical science or mathematics. Students entering with degrees in other areas may be admitted to conditionally classified standing, and will be required to make up deficiencies (e.g., in meteorology and math) before enrolling in the core graduate classes.
- Have earned a minimum GPA of 2.75 (on a scale of 0-4) in their BS degrees.
- Submit Graduate Record Examination (GRE) scores. More information about the GRE can be found on the Graduate Program Test Requirements webpage.

Requirements for Admission to Conditionally Classified Standing

Those applicants who meet minimum requirements for graduate admission, but do not meet departmental requirements, may be admitted to conditionally classified standing on the approval of the department graduate committee. The individual admission notification will explain the required terms and conditions for attaining Classified standing. Resolving deficiencies usually involve the successful completion of undergraduate courses in meteorology courses and math. Upon completion of these courses, the student advances from conditional to classified standing via petition to Graduate Studies.

Requirements for Advancement to Candidacy

University requirements for advancement to candidacy for the master's degree are outlined in the Graduate Policies and Procedures section. Competence in the general areas covered by METR 121A, METR 125, either METR 60 or METR 171A (Synoptic Meteorology, to be decided in consultation with the department graduate committee), and METR 100W or METR 202, must be demonstrated to the Department Graduate Committee **prior** to advancement to candidacy. This can be done by satisfactory completion of these courses (or their equivalent) with a minimum grade of "B" in each, or successful completion of a comprehensive written examination. Students should consult with the graduate advisor concerning these alternatives. A student admitted in classified standing may be advanced to candidacy after completion of the terms and conditions specified in the admission notification letter.

The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. MS, Meteorology students are currently required to take METR 202 to satisfy this University requirement.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures. Courses taken to meet the requirements for advancement to candidacy will not be counted as part of the MS program. All students must complete the Graduation Writing Assessment Requirement.

Graduation Writing Assessment Requirement

Students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Students complete the Plan A (Thesis) as their MS, Meteorology degree program culminating experience. The Plan B (Project) option is only offered under exceptional circumstances and students may not choose it themselves.

Plan A (Thesis)

This option requires an acceptable written research thesis and a successful oral presentation of the thesis. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. Students in the thesis option enroll in one unit of METR 285 and two units of METR 299 in their final semester. Students who complete the METR 299 but not its associated thesis enroll in the 1290R until both are completed.

Plan B (Project)

The Project option is open to students who can demonstrate to the Departmental Graduate Committee that they possess adequate professional meteorological experience to substitute for the research thesis. It is only offered under exceptional circumstances and students may not choose it themselves. Students approved for the Plan B option will select a suitable topic in meteorology on which to prepare a carefully documented written report in consultation with the project advisor. They will enroll in one unit of METR 285 and an additional two units of METR 298, Research in their final semester. Students who complete their final METR 298 but not its associated thesis enroll in the 1290R until both are completed.

Master's Requirements (30 units)

Core Courses (12 units)

- METR 202 - Research Methods in Meteorology 3 *unit(s)* (GWAR)
- METR 205 - Advanced Atmospheric and Climate Dynamics 3 *unit(s)*
- METR 215 - Advanced Physical Meteorology 3 *unit(s)*
- METR 240 - Numerical Modeling 3 *unit(s)*
or METR 241 - Parameterization in NWP

Research (6 units)

- METR 298 - Research 1-4 *unit(s)* (At least 3 units of METR 298 in each of two semesters.)

Advanced Courses (3 units)

Complete 3 units of the following selected in consultation with the graduate advisor:

- METR 209 - Adv Fire Behavior 3 *unit(s)*
- METR 241 - Parameterization in NWP 3 *unit(s)*
- METR 280 - Recent Developments in Meteorology 1-3 *unit(s)*

Electives (6 units)

6 units of the following selected in consultation with the graduate advisor:

Students may take 3 additional units of Advanced Courses as an elective. Students may also take approved elective(s) in physics, computer science, and/or mathematics. Elective units cannot include METR 285, METR 298 or METR 299.

- METR 121B - Dynamic Meteorology 3 *unit(s)*
- METR 123 - Advanced Climatology 3 *unit(s)*
- METR 125 - Physical Meteorology 3 *unit(s)*
- METR 130 - Boundary Layer Meteorology 3 *unit(s)*
- METR 131 - Air Pollution Meteorology 3 *unit(s)*
- METR 135 - The Global Carbon Cycle 3 *unit(s)*
- METR 150 - Computers in Meteorology III 3 *unit(s)*
- METR 155 - Remote Sensing 3 *unit(s)*
- METR 163 - Meteorological Instrumentation 3 *unit(s)*
- METR 164 - Introduction to Fire Weather 3 *unit(s)*
- METR 165 - Mountain Meteorology 3 *unit(s)*
- METR 172 - Mesoscale Meteorology 3 *unit(s)*
- METR 173 - Global Climate Modeling 3 *unit(s)*
- METR 185 - Special Topics 1-3 *unit(s)*

Culminating Experience (3 units)

Students in this program complete a Plan A (Thesis)

Plan A (Thesis)

- METR 285 - Colloquium 1 unit(s) (*Minimum one unit*)
- METR 299 - Master's Thesis 1-6 unit(s) (*2 units METR 299 in the final semester*)

Plan B (Project)

- METR 285 - Colloquium 1 unit(s) (*Minimum one unit*)
- METR 298 - Research 1-4 unit(s) (*2 units METR 298 in the final semester*)

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Physics, MS

- Admissions Requirements
- Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

At the core of all science, physics helps us understand chemical reactions, protein folding, the Earth's interior, and the life cycle of stars. Physicists invented the semiconductor, the laser, and the electron microscope. They play key roles in the design and operation of spacecraft and in the development of electronic and optical instrumentation. The Department of Physics and Astronomy faculty are experts in lasers and optics, computational physics, condensed matter, astrophysics, and physics education research. The department receives on average approximately \$1.8 million annually in external funding for sponsored research.

See the Department of Physics and Astronomy website.

Admissions Requirements

Candidates must meet all the university admissions requirements. Students can be admitted in either *classified* or *conditionally classified* standing:

- **Classified Standing:** Students admitted with classified standing will have an undergraduate degree in Physics or other STEM discipline with classes completed in upper-division Mechanics, Electricity and Magnetism and Quantum Mechanics.
- **Conditional Classified Standing:** Conditional acceptance means that the candidate must fulfill specific requirements in order to be eligible to apply for advancement to candidacy. These conditions will be stipulated as part of the acceptance agreement between the faculty adviser and the applicant. Failure to fulfill these requirements will result in disqualification from the program.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Advancement to Candidacy

Each semester, students should consult with their graduate advisor to develop a schedule of courses. Students admitted as conditionally classified must satisfy the requirements listed in their acceptance agreement before advancing to candidacy. Students who have achieved classified standing in the master's degree curriculum must next advance to candidacy for the degree. A student may advance to candidacy after:

- Completing a minimum of 9 units of letter-graded work as a graduate student in 100- or 200-level courses acceptable to the department as well as fulfilling the other university requirements for advancement to candidacy.
- Candidacy includes successful completion of the Graduation Writing Assessment Requirement (GWAR), which is satisfied in this degree by the completion of PHYS 200W or PHYS 220E with a grade of "B" or better.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Program Graduation Requirements

Students must complete program requirements, which consists of 30 semester units of approved work. The student consults with their advisor to select a thesis or project topic.

Culminating Experience

Plan A (Thesis)

Thesis: The thesis must meet university requirements as stipulated in the Graduate Policies and Procedures section of this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's research committee chair with the assistance of the research committee. The MS thesis document must be approved by the student's research committee before submission. Typically, the research committee will provide the candidate feedback during the Thesis Defense and may request changes to the thesis before final approval. Oral Thesis Defense: All MS candidates are required to present a public seminar based on their research project.

Plan B (Project)

Written Project: The written project must be a manuscript describing the student's research project, written following a professional journal's format for submission. It will be written under the guidance of the candidate's research committee chair with the assistance of their research committee. The manuscript must be approved by the student's research committee. Typically, the committee will provide the candidate feedback during the Project Defense and may request changes to the manuscript before final approval.

Master's Requirements (30 units)

Graduation Writing Assessment Requirement (3 units)

Students must pass the Graduation Writing Assessment Requirement (GWAR). Complete one of the following:

- PHYS 200W - Research and Communication in Physics 3 *unit(s)* (GWAR)
- PHYS 220E - Graduate Optics Lab 3 *unit(s)* (GWAR)

Core Courses (12 units)

Choose 4 of the following:

- PHYS 205 - Advanced Dynamics 3 *unit(s)*
- PHYS 210 - Electromagnetic Theory 3 *unit(s)*
- PHYS 230 - Methods in Mathematical Physics 3 *unit(s)*
- PHYS 260 - Statistical Mechanics 3 *unit(s)*
- PHYS 263A - Quantum Theory 3 *unit(s)*

Electives (9 units)

- 6 *units* letter-graded 200-level physics
- 3 *units* 100- or 200-level physics, mathematics, science or engineering courses approved by the graduate advisor

Culminating Experience (6 units)

Complete one option (Plan A or Plan B):

Plan A (Thesis)

- PHYS 297 - Directed Research 1-5 *unit(s)* (5 *units* required)
- PHYS 299 - Master's Thesis 1-4 *unit(s)* (1 *unit* required)

Plan B (Project)

- PHYS 297 - Directed Research 1-5 *unit(s)* (2 *units* required)
- Additional 3 *units* of PHYS 297 or elective selected in consultation with graduate advisor
- PHYS 298 - Graduate Research Report 1-4 *unit(s)* (1 *unit* required)

Total Units Required (30 units)

Quantum Technology, MS

Quantum technologies exploit intricate quantum mechanical phenomena such as superposition and entanglement to obtain and process information in fundamentally new ways. 'Quantum technology' encompasses the fields of quantum computation, quantum sensing, and quantum communication, all of which are expected to revolutionize industrial computing technologies as well as pose new challenges and opportunities for national security and defense.

The interdisciplinary MS in Quantum Technology program at SJSU brings together faculty from the College of Science and College of Engineering to train the next generation of engineers and scientists for the workforce and research needs of the Quantum Information Science & Engineering enterprise. The program offers a modern education in quantum science, including the fundamentals of quantum information science and hands-on quantum software and hardware laboratory courses. Research experiences are integrated into the curriculum via project-based learning and a culminating master's thesis or research project. Students are trained in a broad set of skills across physics and engineering towards the convergent goal of becoming well-equipped for a career in quantum science

and technology. The MS in Quantum Technology is jointly offered by the Department of Physics and Astronomy and the Department of Electrical Engineering.

Admissions Requirements

Candidates must meet all of the university admission requirements. Students can be admitted in either classified or conditionally classified standing.

Classified Standing: applicants must have earned a Bachelor's degree in the sciences or engineering or other STEM discipline from an accredited institution with a minimum GPA of 3.0 (based on a 4.0 scale), and have completed classes in mechanics, linear algebra, electricity and magnetism, and computer programming or their equivalent.

Conditionally Classified Standing: Conditional acceptance means that the candidate does not meet one or more of the above requirements and must fulfill additional specific requirements, such as completing additional coursework, in order to be eligible to apply for advancement to candidacy. These conditions will be stipulated as part of the acceptance agreement between the faculty adviser and the applicant.

Applicant should submit a) a resume or curriculum vitae, b) 1-2 page statement of purpose that addresses (1) how your previous coursework, research, or employment prepares you for our program; and (2) how our program fits into your career interests and goals, and c) one signed letter of recommendation from an academic or employment reference.

Failure to fulfill these requirements will result in disqualification from the program.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Advancement to Candidacy

Each semester, students should consult with their graduate advisor to develop a schedule of courses. Students admitted as conditionally classified must satisfy the requirements listed in their acceptance agreement before advancing to candidacy. Students who have achieved classified standing in the master's degree curriculum must next advance to candidacy for the degree. A student may advance to candidacy after:

- Completing a minimum of 9 units of letter-graded work as a graduate student in 100- or 200-level courses acceptable to the program as well as fulfilling the other university requirements for advancement to candidacy.
- Completing the Graduation Writing Assessment Requirement (GWAR).

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Course Requirements

Required courses must be passed with a grade of "B-" or better with an overall grade point average (GPA) of 3.0 or above at all times.

- Students who enter the program having already completed courses equivalent in level and content to any of those required for the degree may be allowed to substitute an appropriate alternative course upon advance approval by the MS Quantum Technology Program Director.
- Up to 9 credits toward the degree may be transferred from an outside institution with approval of the Program Director.
- A maximum of 9 upper-division undergraduate units can be applied toward the degree.
- Electives make up 12 units of the degree; at least 6 units of electives must be 200-level letter graded courses in physics or electrical engineering. For the additional 6 units of electives students may enroll in letter-graded 100- or 200-level physics, mathematics, science or engineering courses. All electives must be selected in consultation with the Program Director.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR), which is satisfied in this degree by the completion of PHYS 200W or PHYS 220E or EE 295 with a grade of "B" or better.

Culminating Experience

Students in the MS Quantum Technology program are required to complete one of the following options to fulfill the culminating experience requirements. The students should enroll in project/thesis courses matching the home department of their research advisor (Physics & Astronomy or Electrical Engineering). Students must complete 6 units of research and project courses to fulfill the degree requirements.

Plan A (Thesis)

Students choosing the thesis option must complete 3-5 units of directed research or project proposal courses (4-5 units of PHYS 297 or exactly 3 units of EE 299A) and 1-3 units of thesis writing (1-2 units of PHYS 299 or exactly 3 units of EE 299B) to fulfill the degree requirements. Students should enroll in the research and project courses corresponding to their research advisor's home department. Students are responsible for identifying a faculty thesis advisor and two additional thesis committee members. At least one faculty member must be full-time in PHYS or EE; this person will serve as the committee chair.

The written thesis must meet university requirements as stipulated in the Graduate Policies & Procedures section of this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis advisor with the assistance of the thesis committee. The MS thesis document must be approved by the thesis committee before submission. Candidates for the Quantum Technology MS degree must successfully pass a final oral thesis defense. The defense talk will be open to the public.

Plan B (Written Project)

Students choosing the written project option must complete 3-5 units of directed research or project proposal courses (4-5 units of PHYS 297 or exactly 3 units of EE 297A) and 1-3 units of a project writing course (1-2 units of PHYS 298 or exactly 3 units of EE 297B). Students are responsible for identifying a faculty project advisor and one additional project committee member. At least one faculty member must be full-time in EE or PHYS; this person will serve as the committee chair. Students must complete a public oral presentation of the project and the project manuscript must be approved by the student's committee.

Master's Requirements (30 units)

Core Courses (12 units)

- PHYS 161 - Fundamentals of Quantum Information 3 *unit(s)*

GWAR Course (3 units)

- PHYS 200W - Research and Communication in Physics 3 *unit(s)* (GWAR)
- PHYS 220E - Graduate Optics Lab 3 *unit(s)* (GWAR)
- EE 295 - Technical Writing - Engineering Ethics 3 *unit(s)* (GWAR)

Core Technical Courses (6 units)

Complete two courses from the following:

- PHYS 250 - Quantum Programming 3 *unit(s)*
- PHYS 253 - Quantum Many-Body Physics 3 *unit(s)*
- EE 274 - Quantum Computing Architectures 3 *unit(s)*

Electives (12 units)

Complete at least 2 200-level PHYS or EE courses. Up to 2 100-level elective courses may count towards the degree. Other mathematics, computer science, engineering or STEM courses may count with prior approval by the program director.

- EE 225 - Introduction to Quantum Computing 3 *unit(s)*
- EE 226 - Cryogenic Nanoelectronics 3 *unit(s)*
- EE 250 - Probabilities, Random Variables and Stochastic Processes 3 *unit(s)*
- PHYS 163 - Quantum Mechanics 3 *unit(s)*
- PHYS 208 - Introduction to Electro-Optics 3 *unit(s)*
- PHYS 240 - Computational Physics 3 *unit(s)*
- PHYS 263A - Quantum Theory 3 *unit(s)*
- PHYS 268 - Laser Spectroscopy 3 *unit(s)*
- PHYS 275 - Solid State Physics 3 *unit(s)*
- Other mathematics, computer science, engineering or STEM courses with prior approval.

Culminating Experience (6 units)

Complete one of the following 4 options. Students should enroll in project/thesis courses matching the home department of their research advisor.

Plan A (Thesis):

Advisor in Physics & Astronomy Department:

- PHYS 297 - Directed Research 1-5 *unit(s)* (4-5 *units* required)
- PHYS 299 - Master's Thesis 1-4 *unit(s)* (1-2 *units* required)

Advisor in Electrical Engineering Department:

- EE 299A - MSEE Thesis Proposal 3 *unit(s)*
- EE 299B - MSEE Thesis 3 *unit(s)*

Plan B (Project):

Advisor in Physics & Astronomy Department:

- PHYS 297 - Directed Research 1-5 unit(s) (4-5 units required)
- PHYS 298 - Graduate Research Report 1-4 unit(s) (1-2 units required)

Advisor in Electrical Engineering Department:

- EE 297A - MSEE Project Proposal 3 unit(s)
- EE 297B - MSEE Project 3 unit(s)

Total Units Required (30 units)

Science Education, MS

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The MS in Science Education, offered by the Science Education Program, is a flexible program designed for prospective and practicing K-12 science teachers, educators and specialists working in informal or outdoor education, community college science educators, and prospective science education PhD students. The curriculum is designed to augment and broaden the candidate's knowledge of current advances in science education research, and connect these findings to best classroom practices.

For more information, please visit the Science Education Programs website.

Qualified students who have earned a multiple or single-subject credential at San José State University may apply up to 9 units of approved credential coursework from the College of Education and 3 units of approved credential coursework from the College of Science to the MS Science Education degree. Students who earned their credential elsewhere may transfer up to 9 units of completed post-graduate coursework to the MS Science Education program at the discretion of the Science Education Graduate Coordinator.

Admissions Requirements

Minimum admission requirements to the Graduate Division are outlined in this catalog. In addition, classified standing requires an undergraduate major with a grade point average of 2.75.

- Demonstrated subject-matter competency in science, either through a baccalaureate degree in science or by passing the California Subject Examinations for Teachers (CSET) in General Science (215) and one Specialized Science CSET in either Life Science (217), Chemistry (218), Earth and Space Science (219) or Physics (220).
- Evidence of appropriate goal(s) and commitment to graduate-level study as demonstrated by a personal statement written by the applicant and letters of recommendation from two or more persons qualified to judge the applicant's potential as a graduate student.
- A minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage, if the applicant is from a country in which the native language is not English.
- Approval of the graduate advisor and/or graduate committee.

Requirements for Advancement to Graduate Candidacy

The student must satisfy general university requirements for advancement to candidacy as outlined in detail in this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement

(GWAR) as a condition for advancement to candidacy. SCED 220 meets the GWAR requirement and is also a required course in this program, so no additional classes beyond the core courses for the MS Science Education are needed to meet this requirement.

Requirements for Graduation

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

This requirement is satisfied by passing SCED 220.

Culminating Experience

Plan A (with Thesis)

This option requires a thesis in science education approved by a master's committee of no fewer than three members. The thesis is credited under SCI 299 units. At the end of the program, the candidate must successfully deliver an oral seminar and defense of the thesis, cumulatively known as a culminating experience. The written thesis must be submitted to the master's advisor and master's committee for approval before being submitted to the Office of Graduate Studies for university approval. Note: this is an uncommon choice for our graduate students.

Plan B (with Project)

This option requires a project related to science education approved by a master's committee of no fewer than three members. The project is credited under SCED 298 units. At the end of the program, the candidate must successfully deliver an oral seminar and defense of the project, cumulatively known as a culminating experience. The written report of the project must be submitted to the master's advisor and master's committee. Note: the majority of our graduate students choose this path to graduation.

Master's Requirements (30 units)

Core Courses (9 units)

- SCED 273 - Secondary School Science 3 unit(s)
- SCED 205 - Methods of Research 3 unit(s)
- SCED 220 - Theories and Practices in Science Education 3 unit(s) (GWAR)

Electives (15 units)

- SCED 230 - Science Education Data Analysis 3 unit(s)
- SCED 255 - Advanced Natural Science 1-3 unit(s)
- SCED 285 - Seminar 3 unit(s)
- Other 100- or 200-level courses related to the student's MS project selected with advisor approval.

Approved 200-level Courses Include:

A maximum of 9 units taken through the College of Education may be transferred from the credential program. Additional College of Education units may be selected with advisor approval.

- EDTE 208 - Educational Sociology 3 unit(s)
- EDTE 224 - Seminar in Educational Psychology 3 unit(s)
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 unit(s)
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 unit(s)
- EDTE 282 - Assessment and Evaluation 3 unit(s)
- EDTE 294 - Research/Practices in Health and Special Education 3 unit(s)

Culminating Experience (6 units)

Complete One Option (Plan A or Plan B):

Plan A (Thesis)

- SCED 297 - Science Education Research 1-3 unit(s)
- SCI 299 - Master's Thesis 1-6 unit(s)
- Oral Defense

Plan B (Project)

- SCED 297 - Science Education Research 1-3 unit(s)
- SCED 298 - Research 1-6 unit(s)
- Oral Defense

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Coordinator and Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Statistics, MS

- Admissions Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (36 units)
- Program Learning Outcomes

The Master of Science in Statistics prepares students to become practicing statisticians in business, government and industry fields. It features theoretical and applied coursework in statistics and advanced statistical techniques, and its skills-based coursework emphasizes writing and communication skills and provides students with practical project experience. The program was developed in concert with industry and is designed to dovetail into professional career opportunities.

Persons with bachelor's degrees in engineering, the sciences, economics, business, the social sciences or other fields that use statistics are encouraged to apply. Those with bachelor's degrees in mathematics or statistics are welcome to apply for the program in order to advance their technical and theoretical skills.

Information about MS Statistics is available on the Department of Mathematics and Statistics website.

Admissions Requirements

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. See the Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. For TOEFL Requirements, see the Policies and Procedures section, Graduate and Post-Baccalaureate Information.

Requirements for Admission to Classified Standing

To enter this program with classified standing, an applicant must meet the minimum requirements for admission to the Graduate Division. Applicants must also have completed the following SJSU courses or their equivalents each with a grade of "B" or better (this coursework is not counted toward the MS degree):

- A calculus series through multiple integration and partial differentiation (equivalent to the SJSU courses MATH 30, MATH 31 and MATH 32);
- Linear algebra equivalent to MATH 39; and
- Introductory calculus-based probability and statistics equivalent to MATH 161A.

In addition, applicants must have two letters of recommendation submitted on their behalf.

Requirements for Admission to Conditionally Classified Standing

An applicant who meets the minimum requirements for admission to the Graduate Division but does not yet satisfy the mathematics and statistics coursework program requirements stated above may be admitted as Conditionally Classified. The student must complete additional coursework to make up the deficiency before beginning the program. The units earned from this additional coursework may not be counted towards the total number of units required for the MS degree. The individual admission letter will explain the required terms and conditions for attaining Classified standing.

Requirements for Advancement to Candidacy

To be advanced to candidacy for the MS Statistics degree:

- A student must meet the candidacy requirements as stated in this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. The GWAR requirement is fulfilled by passing CS 200W.
- Complete MATH 163 and MATH 164, each with a grade of at least B.
- Complete at least 18 units towards the degree with at least a 3.0 average.
- Complete the Request for Candidacy and Graduate Degree Program form for the Master of Science degree. This form lists, among other things, all the coursework to be counted toward the master's degree. After the form has been

signed by the Graduate Coordinator, it is forwarded to the GAPE for final approval. Any subsequent changes to the student's program require approval from GAPE.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Program Graduation Requirements

Students in the MS Statistics program complete all courses in the program core, project experience or written exam, and culminating experience. Those choosing the Specialization in Machine Learning complete the electives MATH 251, MATH 252, and six units of additional electives selected in consultation with, and approved by, the Statistics Coordinator.

All other students complete MATH 261B and 9 units of electives selected in consultation with, and approved by, the Statistics Coordinator. The electives should form a coherent set of courses associated with the student's career goals. They may include a maximum of 6 units of MATH 203, MATH 288I, or MATH 298. Although they may be repeated, each of the courses: MATH 203, MATH 288i, MATH 297A, MATH 298, may count at most once towards the degree. The maximum number of 100-level undergraduate units that can be applied toward the master's degree is 12. The maximum number of units graded on a CR/NC basis that can be applied towards the degree is 12.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). This requirement in the MS Statistics program is satisfied by completing CS 200W.

Culminating Experience

Project or Comprehensive Exam

Students in the MS, Statistics either complete a project course (MATH 203, MATH 288I, or MATH 298) or they take a comprehensive exam together with an extra elective course. In order for the project course or comprehensive exam to count towards the culminating experience, the student must have completed at least MATH 163 and MATH 164 (each with grade B or better) as well as MATH 261A (with grade C or better) at the time they begin their project or take the exam.

Master's Requirements (36 units)

Core Courses (21 units)

- CS 200W - Graduate Technical Writing 3 unit(s) (GWAR)
- MATH 163 - Probability Theory 3 unit(s)
- MATH 164 - Mathematical Statistics 3 unit(s)
- MATH 167R - Statistical Programming with R 3 unit(s)
- MATH 167PS - Introduction to Python Programming and SQL 3 unit(s)

- MATH 250 - Mathematical Data Visualization 3 *unit(s)*
- MATH 261A - Regression Theory and Methods 3 *unit(s)*

Electives or Specialization (12 units)

Complete 12 Units of Electives or the Specialization in Machine Learning. Specializations are a cluster of courses designed around a common theme and do not appear on transcripts or diplomas.

Electives

- Students not pursuing a specialization take MATH 261B and 9 units of electives selected in consultation with the graduate advisor 9 *unit(s)*
- MATH 261B - Design and Analysis of Experiments 3 *unit(s)*

Specialization in Machine Learning

- MATH 251 - Statistical and Machine Learning Classification 3 *unit(s)*
- MATH 252 - Cluster Analysis 3 *unit(s)*
 - 6 *units of additional electives selected in consultation with, and approved by, the Statistics Coordinator. 6 units(s)*

Culminating Experience (3 units)

Course Option

Complete one course from:

- MATH 203 - Applied Mathematics, Computation, and Statistics Projects 3 *unit(s)*
- MATH 288I - Statistics Internships 3 *unit(s)*
- MATH 298 - Special Study 1-4 *unit(s)* (3 *units required*)

Elective and Exam Option

One additional elective approved by the graduate advisor (3 units) and a comprehensive written exam on material from all of the following courses: MATH 163 - Probability Theory, MATH 164 - Mathematical Statistics, and MATH 261A - Regression Theory and Methods.

Total Units Required (36 units)

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Basic Certificate(s)

Fundamentals of Cybersecurity Certificate

The Fundamentals of Cybersecurity Certificate program, offered by the Department of Computer Science, aligns with the nationally defined knowledge areas in cybersecurity and information assurance, and prepares students with well-grounded fundamentals to become a professional in these areas.

University Basic Certificate Requirements

Basic certificate programs provide opportunities for students to pursue specialized, often pre-professional, focused educational objectives that may be separate from a degree program. At least 6 units must be completed at SJSU. Students must have a minimum GPA of 2.0 in basic certificate coursework in order to be awarded a certificate. Generally, a maximum of 33% of basic certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, a basic certificate may be completed entirely through Open University if the student has completed a Bachelor's degree and received approval from the department or school (University Policy S16-17 A). If a student has completed a Bachelor's degree and received approval from the department or school, a basic certificate may be completed entirely through Open University.

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate completion form to the Office of the Registrar. The Office of the Registrar records the completion of the program on the student's transcript.

The Fundamentals of Cybersecurity Certificate requires a minimum GPA of 2.5 in basic certificate coursework in order to be awarded a certificate.

Core Requirements (18 units)

- CS 146 - Data Structures and Algorithms 3 *unit(s)*
- CS 149 - Operating Systems 3 *unit(s)*
- CS 157A - Introduction to Database Management Systems 3 *unit(s)*
- CS 158B - Computer Network Management 3 *unit(s)*
- CS 166 - Information Security 3 *unit(s)*

Complete One Course From:

- CS 158A - Computer Networks 3 *unit(s)*
- CMPE 148 - Computer Networks I 3 *unit(s)*

Total Units Required (18 units)

Advanced Certificate(s)

Clinical Genetic Molecular Biologist Scientist Training Program Certificate

Program Director: Michael Bowling

The Clinical Genetic Molecular Biologist Scientist Training Program, offered by the Department of Biological Sciences, is a 12-month postbaccalaureate training program that prepares students for the American Society for Clinical Pathology Technologist in Molecular Biology Certification Exam and State of California CGMBS licensure.

Student Admissions

Admission to the program will require:

- A bachelor's degree in genetics, molecular biology, or a related field with a minimum GPA of 2.8
- 18 semester units of biology including:
 - 3 semester units of general genetics
 - 3 semester units of molecular biology or cell biology
 - 12 additional units in basic biology, human genetics, cell biology, microbiology, molecular biology or related subjects
 - 10 semester units of chemistry, including biochemistry
- Of the above, at least 10 semester units of upper division biology or chemistry must have been completed with a grade of B or better
- Experience with molecular biology techniques, either through hands-on work (at least 500 work hours) or through classes (at least 9 semester units of laboratory credits in molecular biology, cell biology, microbiology or genetics related labs)
- Three (3) letters of recommendation
- Possession of a Clinical Genetic Molecular Biologist Scientist Trainee License
- Acceptance by the SJSU CGMBS Program admissions committee and a clinical affiliate
- Legal right to work in the United States
- Successfully passing a drug test and background check
- Proof of current immunity to Hepatitis B and other infectious diseases as required by our clinical affiliates
- For applicants with prerequisites or a degree from a foreign country, a course-by-course transcript evaluation is required from one of the following agencies:
 - National Association of Credential Evaluation Services (NACES)
 - Association of International Credential Evaluators, Inc (AICE)

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the

Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (9 units)

- BIOL 291A - Introduction to Molecular Diagnostics I 3 *unit(s)*
- BIOL 291B - Introduction to Molecular Diagnostics II: Human Genetic Diseases and Detection 3 *unit(s)*
- MICR 293 - CGMBS Lab Management 3 *unit(s)*

Total Units Required (9 units)

Clinical Laboratory Scientist (CLS) Training Program Certificate

Program Director: Michael Bowling

The Clinical Laboratory Scientist (CLS) Training Program, offered by the Department of Biological Sciences, is a 12 month advanced certificate program that enables students to obtain a Medical Laboratory Scientist (MLS) Certificate from the American Society for Clinical Pathology (ASCP), as well as a California Clinical Laboratory Scientist License issued by the California Department of Public Health. The program is approximately 55 weeks long. Students spend 32 hours a week training on site at one of our hospital affiliates, and 8 hours a week taking part in formal coursework online. See the CLS website for application instructions.

Accreditation

The Clinical Lab Scientist Training Program is approved by Laboratory Field Services, a division of the State of California, Department of Public Health (www.cdph.ca.gov). The program is accredited by the National Accreditation Agency for Clinical Laboratory Science (NAACLS), and our graduated students are eligible to take the ASCP national certification exam. For more information, you can contact NAACLS directly at: 5600 N. River Road, Suite 720, Rosemont, IL 60018 or by calling 773-714-8880. You can also reach them on the web by emailing info@naaccls.org.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Core (24 units)

- MICR 291A - Advanced Hematology 4 *unit(s)*
- MICR 291B - Advanced Pathophysiology 4 *unit(s)*
- MICR 291C - Advanced Human Immunology 4 *unit(s)*
- MICR 291D - Advanced Medical Microbiology 4 *unit(s)*
- MICR 291E - Advanced Immunohematology 4 *unit(s)*
- MICR 291F - Molecular Based Diagnostic Techniques 4 *unit(s)*

Additional Core (21 units)

Three semesters of the following course:

- MICR 291G - Clinical Laboratory Management 4 *unit(s)*
- MICR 292 - Topics and Demonstrations in Clinical Laboratory Science 3 *unit(s)*

Total Units Required (45 units)

Cybersecurity: Core Technologies Certificate

The Department of Computer Science offers a 9-unit advanced (graduate) certificate program to students to advance knowledge of cybersecurity. The Cybersecurity: Core Technologies Certificate program aligns with nationally defined knowledge areas and prepares students to become a professional in cybersecurity and information assurance.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Core

With the permission, CS 158A may be substituted for one regular CS course that lists CS 158A as a prerequisite (including CS 158B, CS 258, and CS 268).

- CS 158A - Computer Networks 3 unit(s)
- CS 265 - Cryptography and Computer Security 3 unit(s)
- CS 266 - Topics in Information Security 3 unit(s)

Total Units Required (9 units)

Spartan Accelerated Graduate Education (SAGE) Scholars

Spartan Accelerated Graduate Education (SAGE) Programs programs are combined bachelor's and master's programs at SJSU (per University Policy F19-1). Sometimes they may also satisfy the requirements for a credential. Students in these programs pursue a bachelor's and master's degree simultaneously. These program allow students to earn graduate credit while in their junior and/or senior year, reducing the number of semesters required for completion of a master's degree.

Mathematics, Integrated Teacher Education Program, BA + Single Subject Credential + Education Specialist Credential + Special Education, MA

The 4-year 120-unit BA in Mathematics, Integrated Teacher Education Program (BA Math ITEP) provides students with an in-depth understanding of the discipline of mathematics as well as insights and skills to analyze and work with middle school and high school urban communities to address the issues they face. The 5-year 144-unit Spartan Accelerated Graduate Education (SAGE) Scholars Math Program enables qualified BA Math ITEP students to simultaneously complete all the requirements for the BA, Mathematics Integrated Teacher Education Program, Math Single Subject Credential, Education Specialist Credential, and the Masters of Arts in Special Education. Students progress from undergraduate to credential to graduate status seamlessly with a simplified application process and no application fee. This SAGE Math Program in light of its integrated and combined design, can be completed in five years and provides significant cost and time savings for students. Students in the BA Math ITEP are not required to complete the SAGE Math Program.

Total SAGE Program Units (BA + Credential + Credential + MA) 144

For more information, contact the **Program Coordinator**: Lisa Simpson.

Admission Requirements

Most first time frosh and transfer students will become eligible to apply for the SAGE Math Program in the fall semester of Year 3. By program design, they are expected to formally advance to the two credential programs (i.e., single subject and mild/moderate education specialist) in the fall semester of Year 3. The SAGE Math Program includes the MA in Special Education with embedded Education Specialist credential in Mild Moderate Support Needs. Students who do not want to complete both the Ed Specialist Credential and the MA in SPED are not eligible for the MATH SAGE program and would be held to completing 30 units post-bac for the MA in SPED. Applications will be processed by the Mathematics Department and without an application fee. As per AA 2012-01, students will not need to apply formally for credential and graduate admission if accepted into the SAGE Math Program.

Students will be eligible to be admitted into the SAGE Math Program after:

- Completing all lower division coursework (students may apply in the semester where they are completing their final lower division coursework);
- Students must successfully complete a minimum of 60 undergraduate degree applicable units and not more than 120 undergraduate degree applicable units at the time of admission into the SAGE program;
- Students must be enrolled in or have completed the undergraduate Graduation Writing Assessment Requirement (WID 100W course) prior to admission into the SAGE program;
- Obtaining a Certificate of Clearance from the California Commission on Teacher Credentialing;
- Passing an admissions interview and submitting all admissions requirements into the credential programs; and
- Meeting the Basic Skills Requirement (through coursework, CBEST, or other alternative options).

Additional requirements include:

- A minimum GPA of 2.5 at time of admission. GPA is calculated by the last 60 semester (or 90 quarter) units taken or a student's cumulative GPA, whichever is higher;
- Students must attend an information session facilitated by the BA Math ITEP Coordinator (Ferdie Rivera).
- Students meet with their undergraduate math advisor (Cheryl Roddick). The advisor must complete and sign the SAGE Admission and Transition Graduate Application Form (checking Step 1) and the SAGE Program Academic Career Planner (PACP). The form and planner should be routed to the registrar's office and a copy should be included in the student application to the department. In addition to the SAGE Math Application and PACP, the following documents are to be included in the application to the department.
- Student must include transcripts from each college attended if not viewable in the student's MySJSU account;
- Students must include 2 letters of recommendation addressing the applicant's qualifications and potential for success in the SAGE Math Program. All letters must be written within the past 2 years and must include the date the letter was written, the handwritten signature of the recommender, and contact information of the recommender;
- Students must include evidence of having completely met the Basic Skills Requirement through coursework, CBEST, or an alternative testing options by the fall semester in Year 4 before they engage in solo student teaching;
- To enter solo student teaching in the fall semester of Year 4, students must have completed at least 80% of subject matter competence requirements in mathematics with a cumulative GPA of 2.5; and
- Students must engage in an admissions interview with the BA Math ITEP Coordinator (Ferdie Rivera).

Applications will be processed by the Mathematics and Statistics Department and not through CalState Apply. They are processed without an application fee. All application documents should be collated into a single pdf and sent to the department via ferdinand.rivera@sjsu.edu.

Academic Standing

Continuation requirements: SAGE Math students must meet the same requirements to remain in the undergraduate, credential, and graduate programs as students in traditional pathways. Requirements for program continuation and advancement to candidacy in the credential and graduate programs, include:

- Successfully complete 39 units of combined credential and graduate coursework in the Department of Special Education with a minimum grade of B in each course taken;
 - Demonstrate aptitude for advanced work in professional education as measured by instructor appraisals, evaluation of previous academic work, recommendation by qualified professionals, or other assessments;
 - Meet with a graduate advisor (Lisa Simpson) to plan a formal course of study. The MA Special Education degree is individually designed to meet specific student objectives.
 - To convert to credential and graduate status, SAGE Math students must have completed the Basic Skills Requirement (coursework, CBEST, or equivalent);
 - To convert to graduate status, SAGE Math students must have completed all lower division and SJSU Studies (Areas V and S) requirements. If applicable, some students may be permitted to take or repeat a math course in Year 5;
 - To convert to graduate status, SAGE Math students must have completed all the requirements for a preliminary single subject credential in mathematics;
 - Clearly understand that there is no grade forgiveness for all graduate-level coursework; and
 - The graduate program must be approved by the Department of Special Education Graduate Coordinator (Lisa Simpson) before the SAGE Math student is considered a candidate for the MA Special Education degree.
- Graduation requirements: To be conferred the BA Math ITEP degree, SAGE Math students must meet the same undergraduate GPA requirement as all BA Math majors, including all Math ITEP course requirements and University and GE requirements. As credential students, SAGE Math students must meet all credential program requirements, which includes a grade of B in each course, successful student teaching, and subject matter competence in mathematics. Upon completion of the credential requirements, SAGE Math students must have achieved a SJSU cumulative GPA of 2.5 in their undergraduate work in order to be recommended for a preliminary credential. As graduate students, SAGE Math students must meet all graduate program requirements. Upon completion of the master's program requirements, students must have achieved a SJSU cumulative GPA of 3.0 in order to be recommended for a MA degree.

Program Requirements (144-146 units)

Mathematics, Integrated Teacher Education Program, BA (120-122 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

University Requirements (29 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass ENGR 100W with a grade of "C" or better ("C-" not accepted).

- GE Areas A, B2, C, D/American Institutions (US123) 27 *unit(s)*
- Physical Education 2 *unit(s)*

Major Preparation (15-17 units)

- AAS 25/AFAM 25/CCS 25 - The Changing Majority: Power and Ethnicity in America 3 *unit(s)* (F)
- CHAD 60 - Child Development 3 *unit(s)* (E)
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)

- Programming Course: CMPE 30, CS 22A, CS 46A, CS 49C, CS 49J, MATH 167R, OR MATH 50 2-4 *unit(s)*

Major Requirements (43 units)

Lower Division Courses (16 units)

- MATH 30 - Calculus I 3 *unit(s)* (B4)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 32 - Calculus III 3 *unit(s)* (B4)
- MATH 39 - Linear Algebra I 3 *unit(s)*
- MATH 42 - Discrete Mathematics 3 *unit(s)*

Upper Division Core (27 units)

- MATH 102 - Secondary School Mathematics 3 *unit(s)*
- MATH 108 - Introduction to Abstract Mathematics and Proofs 3 *unit(s)*
- MATH 115 - Modern Geometry and Transformations 3 *unit(s)*
- MATH 126 - Theory of Numbers 3 *unit(s)*
- MATH 128A - Abstract Algebra I 3 *unit(s)*
- MATH 128B - Abstract Algebra II 3 *unit(s)* OR MATH 129B - Linear Algebra II 3 *unit(s)* OR MATH 131B - Introduction to Real Variables 3 *unit(s)*
- MATH 131A - Introduction to Analysis 3 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*
- MATH 161B - Applied Probability and Statistics II 3 *unit(s)*

Credential Requirements (33 units)

- EDSE 102 - Intro to Language Development and Disability 3 *unit(s)* (S)
- EDSE 124 - Teach for Social Justice: Language & Disability 3 *unit(s)* (V)
- EDSE 215 - Assessing Students with Disabilities 3 *unit(s)*
- EDSE 218D - Teaching Students with Autism Spectrum Disorders 3 *unit(s)*
- EDSE 279 - Positive Behavior Support 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*
- MTED 184X - Student Teaching Phase I 4 *unit(s)*
- MTED 184Y - Student Teaching II - Classroom Teaching 4 *unit(s)*
- MTED 184Z - Student Teaching III - Classroom Teaching 4 *unit(s)*
- MTED 394 - Secondary Mathematics Methods 3 *unit(s)*

Education Specialist Credential + Special Education, MA (24 units)

- EDSE 216A - Literacy Instruction: Students with Disabilities 3 *unit(s)*
- EDSE 217A - Advanced Fieldwork in Mild Moderate Support Needs 6 *unit(s)*
- EDSE 220 - Advanced Research Projects in Special Education 3 *unit(s)*
- EDSE 228A - Topics in Collaboration and Transition 3 *unit(s)*
- EDSE 230A - Inclusive Pedagogy for Students with M/MSN 3 *unit(s)*
- EDSE 241 - Applying Assistive & Instructional Technology 3 *unit(s)*
- EDSE 285 - Intro to Action Research in Special Education 3 *unit(s)*

Total Units Required (144-146 units)

The standalone Mathematics, Integrated Teacher Education Program, BA requires the completion of EDSE 102, 215, EDSE 279, and EDSE 218D. These 12 units are considered to count toward the BA Math ITEP, Single Subject and Education Specialist Credentials, and the Special Education, MA degree.

College of Social Sciences

Leadership:

Anne Marie Todd, Dean

Clifton M. Oyamoto, Associate Dean for Academic Programs and Student Success

Lois Takahashi, Associate Dean for Research and Faculty Success

Overview

Programs in the College of Social Sciences prepare students for work and life in Silicon Valley and a rapidly changing world. Our twelve departments provide training for careers in counseling, criminology, environmental restoration, computerized mapping, public administration, economic analysis, organizational communication, international relations, ergonomics, urban and regional planning, and countless other fields in business, government, teaching and human services. Major courses of study emphasize the contributions of the many cultures that form our community. Internships are encouraged to help students relate academic work to the opportunities and needs of this diverse region. Completion of one of our undergraduate majors also provides an excellent foundation for advanced graduate work in one of the disciplines or at a professional school such as law or business.

New technologies increasingly improve our instruction and link us to the innovative industry of our region and to the educational resources of the world, but personal interaction between students and faculty is still prized within the College of Social Sciences. Capable and interesting teachers, active student clubs and small classes provide ideal environments for learning. If you are interested in majoring in one of the social sciences, contact an advisor in one of our departments or the dean's office. A list of programs and courses can be found on each department page in the catalog.

- Department of African American Studies
- Department of Anthropology
- Department of Chicana and Chicano Studies
- Department of Communication Studies
- Department of Economics
- Department of Environmental Studies
- Department of History
- Department of Justice Studies
- Department of Political Science
- Department of Psychology
- Department of Sociology and Interdisciplinary Social Sciences

- Department of Urban and Regional Planning

Website: www.sjsu.edu/socsci-ssc/

The College of Social Sciences Success Center (CoSS SSC) is dedicated to providing a welcoming and inclusive advising environment for students. We are committed to student success, promoting lifelong learning, and providing students the tools to make informed decisions about their academic goals. We provide General Education advising for undergraduate students majoring or intending to major in any of the departments in the College of Social Sciences (CoSS). We are committed to helping you develop a clear path to graduation and supporting your academic success.

Centers and Institutes

The Centers and Institutes of the College of Social Sciences further enriched the educational, research and training opportunities provided to our students and faculty.:

- The Spatial Analytics and Visualization (SAVI) Center uses the power of geography and Geographic Information Science to produce impactful research and facilitate knowledge exchange by organizing public events, and bringing together scholars and professionals.
- Burdick Military History Project supports the study and teaching of military history through public lectures, the Veterans Oral History Project, and its specialized collection of materials relating to military history. Contact the Department of History.
- The Center for Economic Education supports high school teachers interested in developing Advanced Placement (AP) courses or improving existing AP Economics courses. Contact the Department of Economics.
- The SJSU Communication Center offers academic support for students seeking help with their public speaking, writing, and general communication skills through workshops and individual tutoring.
- College of Social Sciences Ethnic Studies Collaborative works to strengthen African American Studies, Asian American Studies, Chicana and Chicano Studies, and Native American and Indigenous Studies programs at SJSU and throughout the CSU. See the CSU Task Force on the Advancement of Ethnic Studies report for more information.
- East Asian Regional Materials and Resources Center (EARMARC) provides audio-visual materials for high school and college students in Northern California. The video and film library currently holds about 200 videos and reels, most of which are related to China or Japan. The collection also includes slide sets and audio materials. Almost all areas of East Asian society and culture are covered.
- The Environmental Resource Center (ERC) is run by student directors and supervised by a faculty advisor. In addition to organizing behavior changes via on campus events, the ERC is working to move our campus towards sustainable use of water, energy and materials.
- The Human Rights Institute is an "Organizational Research and Training Unit" under the California State University system that specializes in human rights research, journalism, and policy design. HRI students and faculty study

pressing social problems and work with community organizations, stakeholders, and policy makers to inform and design solutions according to relevant scholarship, human rights law, and international best practices. Further, the SJSU HRI is building the Human Rights News Network—a source of original and relevant human rights reporting from students, faculty, and Institute partners.

- The Institute for Metropolitan Studies is an interdisciplinary center for research, service, and public programming with a focus on issues of significance to San José and the greater San Francisco Bay Area. It engages in the issues facing our region through hosting powerful public events, often in collaboration with other institutions and community groups.
- The Institute for Public Affairs and Civic Engagement (IPACE) is designed to facilitate the study of politics and public policy in the Silicon Valley and the civic engagement of students through internships, service learning, and sponsorship of research talks led by SJSU faculty and members of the broader community.
- The Record Clearance Project provides presentations regarding expungement law and employment rights of people with criminal convictions, LiveScan fingerprinting, Speed Screening interviews and others.
- The Sourisseau Academy for State and Local History promotes a better understanding of California's state and local history, with an emphasis on the history of Santa Clara Valley, through graduate scholarships and collections of historical source materials.

Programs

Teaching Preparation Programs

- Social Science, Preparation for Teaching (Single Subject), BA - This major is designed for students interested in teaching history, political science (government), economics, or ethnic studies in high school or middle school. The following course work satisfies San José State University's requirements for a BA in Social Science Preparation for Teaching. The BA Social Science Preparation for Teaching, offered by the Department of History, is an approved program by the California Commission on Teacher Credentialing (CCTC). Students completing the program qualify for a waiver of the subject matter examination (CSET for Social Science) required to earn a teaching credential.
- The Environmental Studies, Preparation for Teaching, BA offered by the Department of Environmental Studies is designed for students interested in teaching in elementary or middle school. The coursework satisfies University requirements for a BA in Environmental Studies and is a program approved by the Teacher Credentialing in the State of California (CTC) for waiver of the Commission-approved subject matter examination (CSET for Multiple Subjects). Thus, students completing this program are eligible to apply for the Multiple Subject Teaching Credential (K-8) program.
- African American Studies, BA + Single Subject Credential in Social Science + Teaching, MAT SAGE Program - This Spartan Accelerated Graduate Education (SAGE) Scholars Program prepares students to teach History, Social Science, and Ethnic Studies in California public high schools. The Department of African American Studies provides an interdisciplinary curriculum and comprehensive liberal arts education by training students to appreciate diversity and multicultural American society. As juniors, African American Studies, BA majors are eligible to apply for a SAGE Scholars program that allows them to be concurrently enrolled in the Single Subject Credential - Social Science and Teaching, MAT programs (with an optional Spanish bilingual authorization) as an undergraduate. This combined degree pathway can be completed in five years.
- Chicana and Chicano Studies, BA + Single Subject Credential in Social Science + Teaching, MAT - This Spartan Accelerated Graduate Education (SAGE) Program prepares students to teach History, Social Science, and Ethnic Studies in California public high schools. The Department of Chicana and Chicano Studies provides an interdisciplinary curriculum and comprehensive liberal arts education by training students to appreciate diversity and multicultural American society. As juniors, Chicana and Chicano Studies, BA are eligible to apply for a SAGE

Scholars program that allows them to be concurrently enrolled in the Single Subject Credential - Social Science and Teaching, MAT programs (with an optional Spanish bilingual authorization) as an undergraduate. This combined degree pathway can be completed in five years.

Undergraduate Major(s)

African American Studies, BA

The Department of African American Studies aims to provide students throughout the University with critical, interdisciplinary, and specialized knowledge about African and African American populations and its communities. Our curriculum, programming, and scholarship examines, explores, and engages the intellectual traditions within the African Diaspora from multiple perspectives-historical, cultural, philosophical, political, social, and theoretical-in service to its students and society.

Summary of Degree Units

University Graduation Requirements	38
Major Requirements	42
University Electives	40
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions

Complete one major-specific 6 unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but the sequence listed below also fulfills major requirements.

African American Studies

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (42 units)

- Any 100W (Recommend AFAM 100W - Writing Workshop 3 *unit(s)*) OR COMM 100W - Writing Workshop: Writing for Influence OR SOCI 100W - Writing Workshop 3 *unit(s)* (All WID)
- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)
- AFAM 22 - The Humanities in African American Culture 3 *unit(s)*
- AFAM 40 - African Origins 3 *unit(s)* or AFAM 111 - African Nations: History, Politics, and Culture 3 *unit(s)*
- AFAM 134 - The Black Civil Rights Movements 3 *unit(s)* (F)
- AFAM 151 - Race, Class and the Environment 3 *unit(s)* (R)
- AFAM 152 - Black Feminisms 3 *unit(s)* (S)

Major Electives (18 units)

Complete six courses from:

- AFAM 102 - Black Music 3 *unit(s)*
- AFAM 105 - Race and Health Inequities in the US 3 *unit(s)*
- AFAM 106 - Black Diasporas 3 *unit(s)*
- AFAM 110 - Race and Education in the US 3 *unit(s)*
- AFAM 111 - African Nations: History, Politics, and Culture 3 *unit(s)*
- AFAM 112 - Black Immigrant Communities 3 *unit(s)*

- AFAM 115 - The Great Migration and Black Communities 3 unit(s)
- AFAM 120 - Sociology of Black Communities 3 unit(s)
- AFAM 125 - Black Kinship in the US - Black Families Past and Present 3 unit(s)
- AFAM 130 - Black Perspectives in Psychology - Black Psychology 3 unit(s)
- AFAM 137 - Introduction to Black Religion 3 unit(s)
- AFAM 142 - Race, Justice, and the Legal System 3 unit(s)
- AFAM 145 - Race, Policy, and Urban Cities 4 unit(s)
- AFAM 156 - Black Women's Writing 3 unit(s)
- AFAM 157 - Race, Tech, and Global Futures 3 unit(s)
- AFAM 158 - Race, Sport, Activism & Social Movements 3 unit(s) (F)
- AFAM 159 - The Racial Wealth Gap in America 3 unit(s) (S)
- AFAM 160 - Black Political Power in the US 3 unit(s)
- AFAM 161 - Black Representations in Media and New Technology 3 unit(s)
- AFAM 162 - The Aesthetics of Hip-Hop 3 unit(s) (F)
- AFAM 165 - Topics in Ethnic American Literature 4 unit(s)
- AFAM 166 - Black Women's Histories 3 unit(s)
- AFAM 170 - Interracial Intimacies and Mixed Race Identity in the U.S. 3 unit(s) (S)
- AFAM 180 - Individual Studies 1-4 unit(s)
- AFAM 184 - Directed Reading 1-4 unit(s)
- AFAM 185 - Special Topics in African American Studies 3 unit(s)
- AFAM 190 - Internship in Community Development 1-4 unit(s)
- AFAM 192 - International Program Studies 1-6 unit(s)

University Electives (40 units)

At least 4 units must be Upper Division. A minor or double major is recommended (selected with advisor approval).

Total Units Required (120 units)

Anthropology, BA

The Department of Anthropology provides students with an integrated anthropological experience through coursework in archeology, cultural anthropology, and physical anthropology. This broad training prepares our students for a wide range of careers in diverse fields including project management, health care, education, immigrant services, heritage management, museum curation, business and industry, and much more. Anthropology majors learn many useful skills including cultural competency, critical thinking, research design, and professional writing--skills that are increasing in demand in private, public, and non-profit organizations.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)

- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

Major Preparation (3 units)

Complete three units from:

- SOCI 15 - Statistical Applications in the Social Sciences 3 *unit(s)* (B4)
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (UNVS 15 may be used in lieu of the statistics course required by this major.)
- GEOG 12 - World Regional Geography 3 *unit(s)* (D)

Major Requirements (42 units)

Core Courses (15 units)

- ANTH 11 - Cultural Anthropology 3 *unit(s)* (D)
- ANTH 12 - Introduction to Human Evolution 3 *unit(s)* (B2)
- ANTH 13 - Archaeology 3 *unit(s)* (A3)
- ANTH 131 - Theories of Culture 3 *unit(s)*
- ANTH 191 - Frontiers of Anthropology 3 *unit(s)*

Research Methods (3 units)

Complete three units from:

- ANTH 149 - Ethnographic Methods 3 *unit(s)*
- ANTH 155 - Forensic Osteology 3 *unit(s)*
- ANTH 168 - Archaeological Methodology 3 *unit(s)*
- ANTH 169 - Archaeological Site Excavation 3 *unit(s)*

Cultural Anthropology (6 units)

Complete six units from:

- ANTH 102 - Silicon Valley Connections 3 *unit(s)*
- ANTH 105 - Applied Anthropology 3 *unit(s)*
- ANTH 107 - Eating Culture: The Anthropology of Food 3 *unit(s)*
- ANTH 108 - Medical Anthropology 3 *unit(s)*
- ANTH 125 - Urban Anthropology 3 *unit(s)*
- ANTH 129 - Environmental Anthropology 3 *unit(s)*
- ANTH 130 - Kin, Kith, and Community: The Anthropology of Social Organization 3 *unit(s)*
- ANTH 132 - Creating Built Worlds 3 *unit(s)*
- ANTH 133 - Organizational Cultures 3 *unit(s)*
- ANTH 134 - Systemic Leadership 3 *unit(s)*
- ANTH 136 - Thought Control in Contemporary Society 3 *unit(s)*
- ANTH 142 - Culture in Mind 3 *unit(s)*
- ANTH 143 - Culture and Adaptation 3 *unit(s)*
- ANTH 144 - Gifts, Markets, and Power 3 *unit(s)*
- ANTH 148 - Religion and Anthropology 3 *unit(s)*
- ANTH 149 - Ethnographic Methods 3 *unit(s)*
- ANTH 173 - Multimedia Anthropology 3 *unit(s)*
- ANTH 175 - Anthropology of Native America 3 *unit(s)*
- ANTH 176 - Native California: Past and Present 3 *unit(s)*
- ANTH 177 - Anthropology of Asia 3 *unit(s)*

Archaeology (6 units)

Complete six units from:

- ANTH 143 - Culture and Adaptation 3 *unit(s)*
- ANTH 161 - Old World Civilizations 3 *unit(s)*
- ANTH 162 - Inca, Aztec and Maya Civilization 3 *unit(s)*
- ANTH 164 - North America before 1492 3 *unit(s)*
- ANTH 165 - Historical Archaeology 3 *unit(s)*
- ANTH 168 - Archaeological Methodology 3 *unit(s)*
- ANTH 169 - Archaeological Site Excavation 3 *unit(s)*

Physical Anthropology (6 units)

Complete six units from:

- ANTH 151 - Modernity and Disease 3 *unit(s)*
- ANTH 152 - Becoming Human 3 *unit(s)*
- ANTH 154 - Monkeys, Apes and Humans 3 *unit(s)*

- ANTH 155 - Forensic Osteology 3 unit(s)
- ANTH 156 - Bioarchaeology 3 unit(s)
- ANTH 157 - Forensic Anthropology 3 unit(s)
- ANTH 159 - Mummies 3 unit(s)

Anthropology Electives (6 units)

All current upper-division anthropology courses, except SJSU Studies Area R, S, or V courses, and any of the following courses as appropriate and with approval of advisor.

Double major and second baccalaureate requirements are the same as for the regular major except only 6 upper division anthropology electives are needed for a total of 30 units.

- ANTH 180 - Individual Studies 1-4 unit(s)
- ANTH 184 - Directed Reading 1-4 unit(s)
- ANTH 190 - Designing Research 3 unit(s)
- ANTH 195 - Anthropology Practicum 1-6 unit(s)

University Electives (31 units)

Total Units Required (120 units)

Anthropology, BA (SJSU Online)

Fully Online Degree Completion Program

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. This upper division degree completion program is offered through a special session that requires a separate application process.

The Department of Anthropology provides students with an integrated anthropological experience through coursework in archeology, cultural anthropology, and physical anthropology. This broad training prepares our students for a wide range of careers in diverse fields including project management, health care, education, immigrant services, heritage management, museum curation, business and industry, and much more. Anthropology majors learn many useful skills including cultural competency, critical thinking, research design, and professional writing-skills that are increasing in demand in private, public, and non-profit organizations.

Program Delivery

The program is delivered completely online. Classes will be delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times).

Summary of Degree Units

Transfer Units	60
University Graduation Requirements	12

Major Requirements	33
University Electives	15
Total	120

Program Roadmaps

The 2-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Transfer Units (60 units)

- All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better.
- Applicants must also have completed the Core Lower Division General Education Requirements (39 units).
- All four CSU-approved Basics Skills courses must be completed with a C- or better:
 - (A1) Oral Communication/Speech
 - (A2) Written English Composition
 - (A3) Critical Thinking/Logic
 - (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)
- GE Area F - Ethnic Studies must be completed with a C- or better to meet the requirement at San Jose State University.
- Completion of at least 12 units of the following courses (or equivalents):

ANTH	11	-	Cultural	Anthropology 3	<i>unit(s) (D)</i>
ANTH	12	-	Introduction	to Human	Evolution 3 <i>unit(s) (B2)</i>
ANTH		13		-	Archaeology (A3)
Statistics (STAT 95, SOCI/SOCS 15, UNVS 15, or equivalent) (B4)					

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education Requirements, American Institutions, Graduation Writing Assessment and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult your major advisor before selecting courses to satisfy the Upper Division General Education Requirements.

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

Major Requirements (33 units)

Core Courses (6 units)

- ANTH 131 - Theories of Culture 3 *unit(s)*
- ANTH 191 - Frontiers of Anthropology 3 *unit(s)*

Research Methods (3 units)

Complete One Course:

- ANTH 149 - Ethnographic Methods 3 *unit(s)*
- ANTH 155 - Forensic Osteology 3 *unit(s)*
- ANTH 168 - Archaeological Methodology 3 *unit(s)*
- ANTH 169 - Archaeological Site Excavation 3 *unit(s)*

Cultural Anthropology (6 units)

Complete Two Courses:

- ANTH 102 - Silicon Valley Connections 3 *unit(s)*
- ANTH 105 - Applied Anthropology 3 *unit(s)*
- ANTH 107 - Eating Culture: The Anthropology of Food 3 *unit(s)*
- ANTH 108 - Medical Anthropology 3 *unit(s)*
- ANTH 125 - Urban Anthropology 3 *unit(s)*
- ANTH 129 - Environmental Anthropology 3 *unit(s)*
- ANTH 130 - Kin, Kith, and Community: The Anthropology of Social Organization 3 *unit(s)*
- ANTH 132 - Creating Built Worlds 3 *unit(s)*

- ANTH 133 - Organizational Cultures 3 *unit(s)*
- ANTH 134 - Systemic Leadership 3 *unit(s)*
- ANTH 136 - Thought Control in Contemporary Society 3 *unit(s)*
- ANTH 142 - Culture in Mind 3 *unit(s)*
- ANTH 143 - Culture and Adaptation 3 *unit(s)*
- ANTH 144 - Gifts, Markets, and Power 3 *unit(s)*
- ANTH 148 - Religion and Anthropology 3 *unit(s)*
- ANTH 149 - Ethnographic Methods 3 *unit(s)*
- ANTH 173 - Multimedia Anthropology 3 *unit(s)*
- ANTH 175 - Anthropology of Native America 3 *unit(s)*
- ANTH 176 - Native California: Past and Present 3 *unit(s)*
- ANTH 177 - Anthropology of Asia 3 *unit(s)*

Archaeology (6 units)

Complete Two Courses:

- ANTH 143 - Culture and Adaptation 3 *unit(s)*
- ANTH 161 - Old World Civilizations 3 *unit(s)*
- ANTH 162 - Inca, Aztec and Maya Civilization 3 *unit(s)*
- ANTH 164 - North America before 1492 3 *unit(s)*
- ANTH 165 - Historical Archaeology 3 *unit(s)*
- ANTH 168 - Archaeological Methodology 3 *unit(s)*
- ANTH 169 - Archaeological Site Excavation 3 *unit(s)*

Physical Anthropology (6 units)

Complete Two Courses:

- ANTH 151 - Modernity and Disease 3 *unit(s)*
- ANTH 152 - Becoming Human 3 *unit(s)*
- ANTH 154 - Monkeys, Apes and Humans 3 *unit(s)*
- ANTH 155 - Forensic Osteology 3 *unit(s)*
- ANTH 156 - Bioarchaeology 3 *unit(s)*
- ANTH 157 - Forensic Anthropology 3 *unit(s)*
- ANTH 159 - Mummies 3 *unit(s)*

Anthropology Electives (6 units)

All current upper-division anthropology courses, except SJSU Studies Area R, S, or V courses.

University Electives (15 units)

Total Units Required (120 units)

Asian American Studies, BA

The Asian American Studies (AAS) program, offered by the Department of Sociology and Interdisciplinary Social Sciences, provides an interdisciplinary liberal arts education. The program offers a Bachelor of Arts major and a minor in Asian American Studies - both are designed to develop student skills in critical analysis, writing, communication and reasoning, while retrieving, documenting and analyzing the diverse artistic, economic, social, political and historical experiences of Asian Americans in the United States. In addition to foundational courses on history, theory, and methods, the degree encompasses three different areas of emphasis: Social Sciences, Humanities & Arts, and other critical interdisciplinary studies in Ethnic Studies and Women, Gender and Sexuality Studies.

The mission of the AAS degree program is to empower students to create a more socially-just and equitable society. AAS students will meet this vision by applying interdisciplinary theories into action, cultivating critical thought, and serving Asian American communities. Specifically, AAS brings together perspectives from different fields in the creative arts, humanities and social sciences while at the same time seeking to maintain a commitment to activism and to the needs of our communities.

Summary of Degree Units

University Graduation Requirements	44
Major Requirements	45
University Electives	31
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (33 units)

Of the 39 units required by the university, 6 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but the sequence listed below may also fulfill major requirements.

Consult with a major advisor to select the appropriate sequence.

Asian American Studies

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (45 units)

Core Courses (18 units)

- AAS 1 - Introduction to Asian American Studies 3 *unit(s)* (F)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D) (*American Institutions US123 ONLY when taken in sequence with AAS 33A*)
- AAS 175 - Asian American Communities 3 *unit(s)* (S)
- AAS 184 - Ethnic Studies Theory 3 *unit(s)*
- AAS 185 - Ethnic Studies Methodologies 3 *unit(s)*

Writing in the Disciplines (WID) Course

Complete one course:

- AFAM 100W - Writing Workshop 3 *unit(s)* (WID)
- SOCI 100W - Writing Workshop 3 *unit(s)* (WID)

Major Electives (27 units)

Asian American Studies (12 units)

Complete four courses:

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)*
- AAS 125 - Filipino Experience in the United States 3 *unit(s)*
- AAS 158 - Asian American Intersections 3 *unit(s)*
- AAS 159 - Asian American Media Representation and Popular Culture 3 *unit(s)*
- AAS 170 - Special Topics in Asian American Studies 3 *unit(s)*
- AAS 180 - Individual Studies 1-4 *unit(s)*
- AAS 186 - Southeast Asian Diaspora in the US 3 *unit(s)*
- AAS 190 - Internship 1-4 *unit(s)*

African American Studies (3 units)

Complete one course:

- AFAM 105 - Race and Health Inequities in the US 3 *unit(s)*
- AFAM 110 - Race and Education in the US 3 *unit(s)*
- AFAM 115 - The Great Migration and Black Communities 3 *unit(s)*
- AFAM 120 - Sociology of Black Communities 3 *unit(s)*
- AFAM 125 - Black Kinship in the US - Black Families Past and Present 3 *unit(s)*
- AFAM 130 - Black Perspectives in Psychology - Black Psychology 3 *unit(s)*
- AFAM 134 - The Black Civil Rights Movements 3 *unit(s)*
- AFAM 137 - Introduction to Black Religion 3 *unit(s)*
- AFAM 142 - Race, Justice, and the Legal System 3 *unit(s)*
- AFAM 145 - Race, Policy, and Urban Cities 4 *unit(s)*
- AFAM 151 - Race, Class and the Environment 3 *unit(s)*
- AFAM 152 - Black Feminisms 3 *unit(s)*
- AFAM 156 - Black Women's Writing 3 *unit(s)*
- AFAM 157 - Race, Tech, and Global Futures 3 *unit(s)*
- AFAM 158 - Race, Sport, Activism & Social Movements 3 *unit(s)*
- AFAM 159 - The Racial Wealth Gap in America 3 *unit(s)*
- AFAM 161 - Black Representations in Media and New Technology 3 *unit(s)*
- AFAM 162 - The Aesthetics of Hip-Hop 3 *unit(s)*

Arts and Humanities (3 units)

Complete one course:

- ENGL 123C - Literatures of the Pacific 3 *unit(s)*
- ENGL 156 - Black Women's Writing 3 *unit(s)* (*Cross listed as AFAM/WGSS 156*)
- ENGL 165 - Black American Literatures 4 *unit(s)*
- ENGL 169 - Ethnicity in American Literature 3 *unit(s)*
- LING 129 - Culture, Language and Ethnicity in the U.S. 3 *unit(s)*
- PHIL 117 - Philosophy of Race 3 *unit(s)*
- RELS 137 - Introduction to Black Religion 3 *unit(s)*

Chicana/Chicano Studies (3 units)

Complete one course:

- CCS 105 - Chicanos: United States/Mexico Relations 3 *unit(s)*
- CCS 115 - Chicana/o Families 3 *unit(s)*
- CCS 120 - Political Economy and Chicana/o Communities 3 *unit(s)*
- CCS 127 - Chicanas/os and the Criminal Justice System 3 *unit(s)*
- CCS 130 - Chicanas and Chicanos in American Society 3 *unit(s)*
- CCS 135 - Contemporary Chicana/o Issues 3 *unit(s)*
- CCS 144 - Chicana/o Literature 3 *unit(s)*
- CCS 145 - Chicana/o Folklife and Popular Culture 3 *unit(s)*
- CCS 147 - Music in Mexican America 3 *unit(s)*
- CCS 150 - Research Methods 3 *unit(s)*
- CCS 151 - Theory in Chicana/o Studies 3 *unit(s)*
- CCS 152 - The Story of Chicano Spanish 3 *unit(s)*
- CCS 160 - Gender and Sexuality in the Chicana/o Community 3 *unit(s)*
- CCS 170 - Chicana/Chicano Film 3 *unit(s)*
- CCS 175 - Human Migrations: Global Reach 3 *unit(s)*

Women, Gender and Sexuality Studies (3 units)

Complete one course:

- WGSS 101 - Sex, Power, and Politics 3 *unit(s)*
- WGSS 102 - The Global Study of Women 3 *unit(s)*
- WGSS 112 - Women in the Global Economy 3 *unit(s)*
- WGSS 114 - Politics of Mothering and Reproduction 3 *unit(s)*
- WGSS 120 - Special Topics in Women's Studies 3 *unit(s)*
- WGSS 135 - Trans Studies: Identities, Embodiment, & Politics 3 *unit(s)*
- WGSS 156 - Black Women's Writing 3 *unit(s)* (*Crosslisted as AFAM/ENGL 156*)
- WGSS 160 - Queering Gender, Race, and Class 3 *unit(s)*
- WGSS 169 - Sexualities and the Body 3 *unit(s)*

Additional Elective (3 units)

Complete one course:

- COMM 126F - Race and Performance 4 *unit(s)*
- COMM 174 - Intercultural Comm and Structural Inequalities 3 *unit(s)* (S)
- ENVS 151 - Race, Class and the Environment 3 *unit(s)*
- JS 132 - Race, Gender, Inequality and the Law 3 *unit(s)* (S)
- SOCI 118 - Sociology of Human Rights and Social Justice 3 *unit(s)*
- SOCI 142 - Critical Native American Studies 3 *unit(s)*
- SOCI 160 - Immigration and Identity 3 *unit(s)*
- SOCI 162 - Race and Ethnic Relations 3 *unit(s)* (S)

University Electives (31 units)

Students are encouraged to enroll in a minor or second major.

Total Units Required (120 units)

Behavioral Science, BA

Behavioral Science majors develop an interdisciplinary perspective on human behavior and an understanding of psychological, social and cultural dimensions to being human in a complex society. Offered cooperatively by the Departments of Anthropology, Psychology and Sociology, the Behavioral Science Program is housed in the Department of Anthropology, which oversees academic advising. The program prepares graduates for a variety of jobs that require working with social science data and with people. Many of our alumni have pursued careers in human resources, social work, counseling, sales and marketing and law enforcement.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	50
Major Requirements	48
University Electives	22
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

Major Requirements (48 units)

Core Courses (15 units)

- ANTH 11 - Cultural Anthropology 3 *unit(s)* (D)
- ANTH 193 - Behavioral Science in Practice 3 *unit(s)* (ANTH 193 can also be taken as PSYC 193 and SOCI 193)
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- SOCI 1 - Introduction to Sociology 3 *unit(s)* (D)

Statistics Course

Complete one course:

- STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (UNVS 15 may be used in lieu of the statistics course required by this major.)
- SOCI 15 - Statistical Applications in the Social Sciences 3 *unit(s)* (B4) (SOCI 15 can also be taken as SOCS 15)

Methods Requirement

Students must complete at least one of the following courses:

A 3-unit maximum of individual studies may be used to meet the degree requirements.

- ANTH 149 - Ethnographic Methods 3 *unit(s)*
- ANTH 165 - Historical Archaeology 3 *unit(s)*
- PSYC 18 - Introduction to Research Methods 3 *unit(s)*
- PSYC 120 - Advanced Research Methods and Design 4 *unit(s)*
- SOCI 104 - Quantitative Research Methods 3 *unit(s)*

Anthropology (9 units)

Three courses (at least 2 upper division) which may include

- ANTH 149 - Ethnographic Methods 3 *unit(s)*
- ANTH 165 - Historical Archaeology 3 *unit(s)*
- ANTH 168 - Archaeological Methodology 3 *unit(s)*

Psychology (9 units)

Three courses in psychology (at least 2 upper division) which may include

- PSYC 18 - Introduction to Research Methods 3 *unit(s)*
- PSYC 120 - Advanced Research Methods and Design 4 *unit(s)*

Sociology (9 units)

- SOCI 101 - Social Theory 3 *unit(s)*

Two Additional Upper Division Sociology Courses

Two additional upper division sociology courses which may include:

- SOCI 104 - Quantitative Research Methods 3 *unit(s)*

Area of Specialization (6 units)

Specializations are a cluster of courses used by departments for advising purposes. Specializations will not appear on transcripts or diplomas. Please see advisor for more details.

Two additional upper division anthropology, psychology, or sociology courses, except SJSU Studies Area R, S, or V courses, approved by Behavioral Science advisor.

University Electives (22 units)

At least one unit must be Upper Division course.

Total Units Required (120 units)

Chicana and Chicano Studies, BA

The BA in Chicana and Chicano Studies, offered by the Department of Chicana and Chicano Studies, provides students an in-depth understanding of the discipline of Chicana/o Studies as well as skills and expertise to analyze social, economic, and political issues within and faced by Chicanx-Latinx communities. The degree provides three interrelated areas of specialization that also prepare students for work and careers in several occupations: Cultural & Creative Expression, Institutions & Community Engagement, and Transnationalism & Global Relations.

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with the major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but the sequence listed below is recommended.

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government *3 unit(s) (D)*
- CCS 10B - Mexican Americans and the Development of U.S. History and Government *3 unit(s) (D+US123)*

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

Major Requirements (40 units)

Lower Division Core (4 units)

- CCS 1 - Introduction to Chicana and Chicano Studies *3 unit(s) (F)*
- CCS 2 - Library Studies *1 unit(s)*

Upper Division Core (15 units)

- CCS 125 - Chicana/o Community Studies 3 *unit(s)*
- CCS 135 - Contemporary Chicana/o Issues 3 *unit(s)*
- CCS 150 - Research Methods 3 *unit(s)*
- CCS 151 - Theory in Chicana/o Studies 3 *unit(s)*
- CCS 190 - Chicana and Chicano Studies Capstone 3 *unit(s)*

Additional Upper Division Courses (21 units)

All Majors will select a specific specialization area and will take 9 units in that area and 6 units in each of the other two areas for a total of 21 units.

Cultural and Creative Expression

- CCS 144 - Chicana/o Literature 3 *unit(s)*
- CCS 145 - Chicana/o Folklife and Popular Culture 3 *unit(s)*
- CCS 147 - Music in Mexican America 3 *unit(s)*
- CCS 152 - The Story of Chicano Spanish 3 *unit(s)*
- CCS 170 - Chicana/Chicano Film 3 *unit(s)*

Institutions and Community Engagement

- CCS 115 - Chicana/o Families 3 *unit(s)*
- CCS 127 - Chicanas/os and the Criminal Justice System 3 *unit(s)*
- CCS 185 - Teaching in a Diverse Society 3 *unit(s)*

Transnationalism and Global Relations

- CCS 105 - Chicanos: United States/Mexico Relations 3 *unit(s)*
- CCS 120 - Political Economy and Chicana/o Communities 3 *unit(s)*
- CCS 175 - Human Migrations: Global Reach 3 *unit(s)*

University Electives (30 units)

Students may choose 9 3-unit university or Chicana and Chicano Studies electives. Students are encouraged to enroll in a minor or second major.

Total Units Required (120 units)

Communication Studies, BA

The Bachelor of Arts in Communication Studies is designed to equip students in Silicon Valley with a vast knowledge of communication rooted in theoretical frameworks, research methods, and practical application.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	47
Major Requirements	42
University Electives	31
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

COMM 101C is a prerequisite for COMM 198 and COMM 199C.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (33 units)

Of the 39 units required by the university, 6 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

Major Requirements (42 units)

For the BA in Communication Studies only 6 units of CR/NC coursework will be accepted. COMM 198, a required course, counts as 2 units of CR/NC coursework.

Core Courses (10 units)

- COMM 101C - Junior Seminar: Theorizing Communication 4 *unit(s)*
- COMM 198 - Applied Activity in Communication 1-2 *unit(s)*
- COMM 199C - Senior Seminar: Synthesis & Application 4 *unit(s)*

Major Courses (32 units)

Foundations Courses (8 units)

Complete eight units from:

- COMM 110F - Interpersonal Communication 4 *unit(s)*
- COMM 117F - Understanding Play & Games 4 *unit(s)*
- COMM 122F - Performance Studies 4 *unit(s)*
- COMM 126F - Race and Performance 4 *unit(s)*
- COMM 130F - Activism, Action, and Resistance 4 *unit(s)*
- COMM 132F - Dis/Ability Communication 4 *unit(s)*
- COMM 133F - Ethical Problems in Communication 4 *unit(s)*
- COMM 144F - Organizational Communication 4 *unit(s)*
- COMM 146F - Communication and the Environment 4 *unit(s)*
- COMM 149F - Rhetoric and Public Life 4 *unit(s)*
- COMM 160F - Language, Meaning, and Culture 4 *unit(s)*
- COMM 161F - Communication and Culture 4 *unit(s)*
- COMM 164F - Communication and Global Organizations 4 *unit(s)*
- COMM 170F - Persuasion 4 *unit(s)*
- COMM 172F - Multicultural Communication in the United States 4 *unit(s)*
- COMM 173F - Intercultural Communication and Global Understanding 4 *unit(s)*
- COMM 175F - Nonverbal Communication 4 *unit(s)*
- COMM 178F - Critical Intercultural Communication Studies 4 *unit(s)*
- COMM 181F - New Media/New World 4 *unit(s)*
- COMM 185F - Health Communication 4 *unit(s)*

Inquiry Courses (8 units)

Complete eight units from:

- COMM 119I - Researching Games 4 *unit(s)*
- COMM 123I - Performance of Ethnodrama 4 *unit(s)*
- COMM 145I - Rhetorical and Cultural Criticism 4 *unit(s)*
- COMM 150I - Inquiry in Organizational Communication 4 *unit(s)*
- COMM 151I - New Media/New Methods 4 *unit(s)*
- COMM 152I - Communication in World Cultures 4 *unit(s)*
- COMM 153I - Discourse Analysis 4 *unit(s)*
- COMM 154I - Ethnography for Communication Studies 4 *unit(s)*
- COMM 155I - Quantitative Communication Inquiry 4 *unit(s)*
- COMM 156I - Observation and Interviewing Methods 4 *unit(s)*
- COMM 169I - The Media: Response and Criticism 4 *unit(s)*
- COMM 186I - Research Methods in Health Communication 4 *unit(s)*

Practice Courses (8 units)

Complete eight units from:

- COMM 105P - Communication, Self, and Society 4 unit(s)
- COMM 111P - Interviewing 4 unit(s)
- COMM 113P - Games in Everyday Life 4 unit(s)
- COMM 114P - Business and Professional Speaking 4 unit(s)
- COMM 115P - Communication and Conflict 4 unit(s)
- COMM 116P - Mediation: Theory and Practice 4 unit(s)
- COMM 120P - Persuasive & Presentation Skills 4 unit(s)
- COMM 121P - Performance as Practice 4 unit(s)
- COMM 124P - Communication Training and Development 4 unit(s)
- COMM 125P - Ensemble Performance 4 unit(s)
- COMM 131P - New Media/You Media 4 unit(s)
- COMM 140P - Argumentation and Debate 4 unit(s)
- COMM 141P - Small Group Communication 4 unit(s)
- COMM 147P - Argumentation and Persuasion in Courts of Law 4 unit(s)
- COMM 165P - Communication and Organizational Philanthropy 4 unit(s)
- COMM 176P - Communication and Gender 4 unit(s)
- COMM 182P - Communication in the Classroom 4 unit(s) (*strongly recommended for students who plan to pursue a teaching credential*)
- COMM 187P - Communication and Community Wellness 4 unit(s)

Additional Major Courses (8 units)

Complete eight units of Foundations (F), Inquiry (I), or Practice (P) courses or lower division COMM courses.

8 additional units in Communication Studies may be lower division Core GE Courses and may be completed at SJSU or another college.

- COMM 10 - Communication and Human Relationships 3 unit(s) (D)
- COMM 20 - Public Speaking 3 unit(s) (A1)
- COMM 20EL - Public Speaking for English Language Learners 3 unit(s) (A1)
- COMM 21 - Performing Culture and Society 3 unit(s) (D)
- COMM 40 - Argumentation and Advocacy 3 unit(s) (A1)
- COMM 41 - Critical Decision Making 3 unit(s) (A3)
- COMM 45 - Media and Culture 3 unit(s) (A3)
- COMM 74 - Fundamentals of Intercultural Communication 3 unit(s) (E)
- COMM 74Q - Fundamentals of Intercultural Communication 3 unit(s) (E)
Up to 6 units of SJSU Studies COMM Courses may count toward the major. Must take both COMM 168A and COMM 168B to satisfy the SJSU Studies requirement.
- COMM 100W - Writing Workshop: Writing for Influence 3 unit(s) (WID)
- COMM 157SL - Community Action/Community Service 3 unit(s) (S)
- COMM 168A - Climate Action and Leadership I 6 unit(s)
- COMM 168B - Climate Action and Leadership II 3 unit(s) (R+S+V)
- COMM 174 - Intercultural Comm and Structural Inequalities 3 unit(s) (S)
- COMM 179 - Global Media and Resistance 3 unit(s) (V)

Up to 4 units of variable unit courses may count toward the major. No more than 1 unit of COMM 80 and COMM 91J may count toward the major. No more than 3 units of Individual Studies, Directed Reading, or Forensics may count toward the major.

- COMM 80 - Communication Workshop 1 unit(s)

- COMM 91J - Judge Training 1 unit(s)
- COMM 180 - Individual Studies 1-3 unit(s)
- COMM 184 - Directed Reading 1-2 unit(s)
- COMM 191A - Activity Projects in Forensics 1-3 unit(s)
- COMM 191B - Activity Projects in Forensics 1-3 unit(s)
- COMM 191C - Activity Projects in Forensics 1-3 unit(s)
- COMM 191J - Activity Projects in Forensics 1 unit(s)
- COMM 191M - Activity Projects in Forensics 1 unit(s)
- COMM 193 - Activity Projects in Intercultural/International Communication 1-3 unit(s)
- COMM 195 - Special Topics in Communication Studies 1-3 unit(s)

University Electives (31 units)

A minor is encouraged but not required.

Total Units Required (120 units)

Communication Studies, Preparation for Teaching, BA (Not Accepting Students)

This major is designed for students interested in teaching English or speech communication in high school or middle school. The following course work satisfies San José State University's requirements for a BA in Communication Studies.

A minimum grade point average (GPA) and completion of the program will not guarantee admission to the credential program. Like all other applicants, students must meet credential program standards and undergo screening for admission. See "Teaching: How to Become a Teacher in California" (see Teaching) for information on application and admission to credential programs.

Summary of Degree Units

University Graduation Requirements	50
Major Preparation	22-24
Major Core Requirements	14
Preparation for Teaching	24
University Electives	8-10
Total	120

University Requirements for Graduation

Students must complete all residency, curriculum, unit, and GPA requirements as outlined in the Undergraduate University Graduation Requirements section of the Policies and Procedures.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

General Education/American Institution Requirements

Courses that meet General Education/American Institution requirements are noted with area designation for required area. For legend please see General Education Attributes.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (33 units)

Of the 39 units required by the university, 6 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

Major Preparation (22-24 units)

- ENGL 105 - Seminar in Advanced Composition 4 *unit(s)*
- ENGL 112B - Literature for Young Adults 4 *unit(s)*
- ENGL 125 - Ancient Literatures 4 *unit(s)*

Complete One Course From:

- ENGL 103 - Modern English 4 *unit(s)*
- LING 107 - Patterns of English 3 *unit(s)*

Complete One Course From:

- ENGL 144 - Shakespeare I 4 *unit(s)*
- ENGL 145 - Shakespeare and Performance 4 *unit(s)*

Complete One Course From:

- ENGL 162 - Indigenous American Literatures 4 unit(s)
- ENGL 163 - Asian American Literatures 4 unit(s)
- ENGL 168 - The American Novel 4 unit(s)
- ENGL 169 - Ethnicity in American Literature 3 unit(s) (S)

Major Requirements (38 units)

Core Courses (14 units)

- COMM 101C - Junior Seminar: Theorizing Communication 4 unit(s)
- COMM 182P - Communication in the Classroom 4 unit(s)
- COMM 198 - Applied Activity in Communication 1-2 unit(s)
- COMM 199C - Senior Seminar: Synthesis & Application 4 unit(s)

Additional Requirements (24 units)

- Two courses in Foundations Area 8 unit(s)
- Two Courses in Inquiry Area 8 unit(s)
- Two Courses in Practice Area 8 unit(s) (One Course in Practice Area AND COMM 157SL (3 units) will meet Practice Area requirement)

University Electives (8-10 units)

Total Units Required (120 units)

Economics, BA

The Department of Economics has one core mission: to train both graduate and undergraduate students in the economic way of thinking and market process. Our internationally recognized faculty will guide your exploration of economic theory, equipping you with the analytical decision-making skills to prepare you to succeed in careers in business, public policy, government service, data management, as well as providing a solid foundation for future doctoral studies in economics.

Economics is a general program, flexible enough to allow for a variety of student objectives. The Economics BA has 17 units of open electives. These elective units give students the flexibility to supplement the thinking skills developed in economics with technical skills developed in such fields as finance, marketing, and public relations. A bachelor degree in economics serves as an excellent springboard to an MBA or law degree.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	47
Major Preparation	6

Major Core Requirements	26
Upper Division Economics Electives	24
University Electives	17
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

Courses required in the major (Preparation, Core, Capstone, and major electives) must be completed with a minimum grade of "C-" with the exception of MATH 71/71X.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (6 units)

The statistics course in Major Preparation must be completed with a grade of "C-" or better:

- Any Statistics course 3 *unit(s)* (including SOCI 15 (B4), SOCS 15 (B4), STAT 95 (B4), BUS2 90)
- MATH 71 - Calculus for Business and Aviation 3 *unit(s)* (B4)
MATH 71X may be used instead of MATH 71. MATH 30 or 30X also accepted.

Major Requirements (50 units)

All courses required in the major (Core, Capstone, and major electives) must be completed with a minimum grade of "C-".

Core Courses (26 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ECON 100W - Writing Workshop: Economic Reports 4 *unit(s)* (WID)
- ECON 101 - Microeconomic Analysis 4 *unit(s)*
- ECON 102 - Macroeconomic Analysis 4 *unit(s)*
- ECON 103A - Introduction to Econometrics and Research Methods 4 *unit(s)*

Capstone Experience (4 units):

Complete one course:

- ECON 190 - History of Economic Thought 4 *unit(s)*
- ECON 191 - Economic Thought of Nobel Prize Winners 4 *unit(s)*

Upper Division Economics Electives (24 units)

Select any 100-level courses within the Department of Economics with the exception of ECON 109, which is NOT intended for majors.

University Electives (17 units)

A minor in a field recommended by the advisor is encouraged.

Total Units Required (120 units)

Economics, BA (SJSU Online)

Fully Online Degree Completion Program

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. This upper division degree completion program is offered through a special session that requires a separate application process.

The Department of Economics has one core mission: to train both graduate and undergraduate students in the economic way of thinking and market process. Our internationally recognized faculty will guide your exploration of economic theory, equipping you with the analytical decision-making skills to prepare you to succeed in careers in business, public policy, government service, data management, as well as providing a solid foundation for future doctoral studies in economics.

Economics is a general program, flexible enough to allow for a variety of student objectives. The Economics BA has 7 units of open electives. These elective units give students the flexibility to supplement the thinking skills developed in economics with technical skills developed in such fields as finance, marketing, and public relations. A bachelor degree in economics serves as an excellent springboard to an MBA or law degree.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes will be delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times).

Summary of Degree Units

Transfer Units	60
University Graduation Requirements	9
Major Requirements	44
University Electives	7
Total	120

Program Roadmaps

The 2-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Transfer Units (60 units)

- All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better.
- Applicants must also have completed the Core Lower Division General Education Requirements (39 units).
- All four CSU-approved Basics Skills courses must be completed with a C- or better:
 - (A1) Oral Communication/Speech
 - (A2) Written English Composition
 - (A3) Critical Thinking/Logic
 - (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)
- GE Area F - Ethnic Studies must be completed with a C- or better to meet the requirement at San Jose State University.
- Completion of at least 12 units of the following courses (or equivalents):
- ECON 1A - Principles of Economics: Macroeconomics 3 unit(s) (with a grade of "C-" or better)

- ECON 1B - Principles of Economics: Microeconomics 3 unit(s) (D) (with a grade of "C-" or better)
- Any Statistics course 3 unit(s) (B4) (with a grade of "C-" or better)
- MATH 71 - Calculus for Business and Aviation 3 unit(s) (B4)
MATH 71X - Calculus for Business and Aviation may be used instead of MATH 71. MATH 30 or 30X also accepted.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult your major advisor before selecting courses to satisfy the Upper Division General Education Requirements.

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (44 units)

All courses required in the major (Core, Capstone, and major electives) must be completed with a minimum grade of "C-".

Core Courses (16 units)

- ECON 100W - Writing Workshop: Economic Reports 4 *unit(s)* (WID+R)
- ECON 101 - Microeconomic Analysis 4 *unit(s)*
- ECON 102 - Macroeconomic Analysis 4 *unit(s)*
- ECON 103A - Introduction to Econometrics and Research Methods 4 *unit(s)*

Capstone Experience (4 Units)

Complete one course:

- ECON 190 - History of Economic Thought 4 *unit(s)*
- ECON 191 - Economic Thought of Nobel Prize Winners 4 *unit(s)*

Upper Division Economics Electives (24 units)

Select six 100-level courses with the Department of Economics with the exception of ECON 109, which is not intended for majors.

University Electives (7 units)

Total Units Required (120 units)

Economics, BS

The Department of Economics has one core mission: to train both graduate and undergraduate students in the economic way of thinking and market process. Our internationally recognized faculty will guide your exploration of economic theory, equipping you with the analytical decision-making skills to prepare you to succeed in careers in business, public policy, government service, data management, as well as providing a solid foundation for future doctoral studies in economics.

The Economics BS is designed for those seeking a more quantitative study of economics.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	47
Major Preparation	6
Major Core Requirements	30
Upper Division Economics Electives	20
University Electives	17
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses required in the major (Core and major electives) must be completed with a minimum grade of "C-". The following courses in Preparation for the Major must be completed with a "C" or better: MATH 30 (or MATH 30X) and a Statistics course.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Major Preparation (6 units)

The following courses in Preparation for the Major must be completed with a grade of "C" or better.

- Any Statistics course 3 *unit(s)* (including SOCI 15 (B4), SOCS 15 (B4), STAT 95 (B4), BUS2 90)
- MATH 30 - Calculus I 3 *unit(s)* (B4)
MATH 30X may be used instead of MATH 30. MATH 30P or 30PL also accepted.

Major Requirements (50 units)

All courses required in the major (Core and major electives) must be completed with a minimum grade of "C-".

Core Courses (30 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ECON 100W - Writing Workshop: Economic Reports 4 *unit(s)* (WID)
- ECON 101 - Microeconomic Analysis 4 *unit(s)*
- ECON 102 - Macroeconomic Analysis 4 *unit(s)*
- ECON 103A - Introduction to Econometrics and Research Methods 4 *unit(s)*
- ECON 103B - Econometric Methods 4 *unit(s)*
- ECON 104 - Mathematical Methods for Economics 4 *unit(s)*

Upper Division Economics Electives (20 units)

Select any 100-level courses within the Department of Economics with the exception of ECON 109, which is NOT intended for majors.

University Electives (17 units)

A minor in a field recommended by the advisor is encouraged.

Total Units Required (120 units)

Environmental Studies, BA

The BA degree, offered by the Department of Environmental Studies, is designed to prepare students for career opportunities in coastal resource management, environmental communications, environmental regulation and policy, integrated and solid waste management, human ecology and environmental planning.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	29
Major Preparation	12
Major Core Requirements	28
Major Electives	21
Advisor Approved Minor	18
University Electives	12
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (12 units)

- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3)
- ENVS 10 - Life on a Changing Planet 3 *unit(s)* (B2)
- MATH 18A - College Algebra 3 *unit(s)* (B4)
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)

Major Requirements (79 units)

Core Courses (28 units)

- ENVS 1 - Introduction to Environmental Issues 3 *unit(s)* (A3)
- ENVS 100W - Environmental Research and Writing 3 *unit(s)* (WID)
- ENVS 107 - Introduction to Environmental Economics and Policy 4 *unit(s)*
- ENVS 110 - Resource Analysis 4 *unit(s)*
- ENVS 117 - Human Ecology 3 *unit(s)*
- ENVS 124 - Introduction to Environmental Law 3 *unit(s)*
- ENVS 185 - Environmental Impact Analysis 4 *unit(s)*
- ENVS 198 - Senior Seminar 4 *unit(s)*

Major Electives (21 units)

Field Courses (8 units)

Complete two courses:

- ENVS 144 - California Wetland Controversies 4 unit(s)
- ENVS 148 - Sustainable Materials Management 4 unit(s)
- ENVS 154 - Sustainable Agriculture 4 unit(s)
- ENVS 161 - California Wildlands 4 unit(s)
- ENVS 166 - Nature and Conservation Photography 4 unit(s)
- ENVS 173 - Forest Ecology and Conservation 4 unit(s)
- ENVS 187 - Environmental Restoration 4 unit(s)
- ENVS 189 - Coastal Field Studies 4 unit(s)
- ENVS 190 - Advanced Environmental Impact Assessment 4 unit(s)
- ENVS 191 - Advanced Environmental Restoration 4 unit(s)
- ENVS 270 - Field Studies in Water Resource Management 4 unit(s)

Complete One SJSU Studies Sequence (9 units)

Sequence One (9 units)

- ENVS 168A - Climate Action and Leadership I 6 unit(s)
- ENVS 168B - Climate Action and Leadership II 3 unit(s) (R+S+V)

Sequence Two (9 units)

- ENVS 150 - Introduction to Environmental Thought 3 unit(s) (S)
- ENVS 159 - Nature and World Cultures 3 unit(s) (V)

Complete One 'R' Course From:

- ENVS 111 - Geology and the Environment 3 unit(s) (R)
- ENVS 113 - Atmospheric Pollution 3 unit(s) (R)
- ENVS 119 - Energy and the Environment 3 unit(s) (R)
- ENVS 152 - Globalization and the Environment 3 unit(s) (R)

Advisor Approved Electives (4 units)

Additional units of advisor approved electives.

Recommended that students take 1-4 units of ENVS 194 - Environmental Internship.

Advisor Approved Minor (18 units)

If the minor is fewer than 18 units, students must complete additional advisor approved electives.

University Electives (12 units)

Total Units Required (120 units)

Environmental Studies, BS

The BS degree, offered by the Department of Environmental Studies, is designed to prepare students for career opportunities in energy or water resources management, biological resource protection, aquatic environments, sustainable agriculture, energy resources, environmental health and safety, environmental impact assessment, environmental restoration, and wilderness open space resource management.

Summary of Degree Units

University Graduation Requirements	29
Major Preparation	24
Major Core Requirements	28
Major Electives	21
Advisor Approved Minor	18
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (24 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2+B3)
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- ENVS 10 - Life on a Changing Planet 3 *unit(s)* (B2)
- MATH 19 - Precalculus 5 *unit(s)* (B4)
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)

Major Requirements (67 units)

Core Courses (28 units)

- ENVS 1 - Introduction to Environmental Issues 3 *unit(s)* (A3)
- ENVS 100W - Environmental Research and Writing 3 *unit(s)* (WID)
- ENVS 107 - Introduction to Environmental Economics and Policy 4 *unit(s)*
- ENVS 110 - Resource Analysis 4 *unit(s)*
- ENVS 117 - Human Ecology 3 *unit(s)*
- ENVS 124 - Introduction to Environmental Law 3 *unit(s)*
- ENVS 185 - Environmental Impact Analysis 4 *unit(s)*
- ENVS 198 - Senior Seminar 4 *unit(s)*

Major Electives (21 units)

Field Courses (8 units)

Complete two courses:

- ENVS 144 - California Wetland Controversies 4 *unit(s)*
- ENVS 148 - Sustainable Materials Management 4 *unit(s)*
- ENVS 154 - Sustainable Agriculture 4 *unit(s)*
- ENVS 161 - California Wildlands 4 *unit(s)*
- ENVS 166 - Nature and Conservation Photography 4 *unit(s)*
- ENVS 173 - Forest Ecology and Conservation 4 *unit(s)*
- ENVS 187 - Environmental Restoration 4 *unit(s)*
- ENVS 189 - Coastal Field Studies 4 *unit(s)*
- ENVS 190 - Advanced Environmental Impact Assessment 4 *unit(s)*
- ENVS 191 - Advanced Environmental Restoration 4 *unit(s)*
- ENVS 270 - Field Studies in Water Resource Management 4 *unit(s)*

Choose one SJSU Studies Sequence (9 units)

Sequence One (9 units)

- ENVS 168A - Climate Action and Leadership I 6 *unit(s)*
- ENVS 168B - Climate Action and Leadership II 3 *unit(s)* (R+S+V)

Sequence Two (9 units)

- ENVS 150 - Introduction to Environmental Thought 3 *unit(s)* (S)
- ENVS 159 - Nature and World Cultures 3 *unit(s)* (V)

Complete One 'R' Course From:

- ENVS 111 - Geology and the Environment 3 *unit(s)* (R)
- ENVS 113 - Atmospheric Pollution 3 *unit(s)* (R)
- ENVS 119 - Energy and the Environment 3 *unit(s)* (R)
- ENVS 152 - Globalization and the Environment 3 *unit(s)* (R)

Advisor Approved Electives (4 units)

Additional units of advisor approved electives.

Recommended that students take 1-3 units of ENVS 194 - Environmental Internship .

Advisor Approved Minor (18 units)

If the minor is fewer than 18 units, students must complete additional advisor approved electives.

Total Units Required (120 units)

Environmental Studies, Preparation for Teaching, BA

The Environmental Studies, Preparation for Teaching, BA , offered by the Department of Environmental Studies, is designed for students interested in teaching in elementary or middle school. The course work satisfies University requirements for a BA in Environmental Studies and is a program approved by the Teacher Credentialing in the State of California (CTC) for waiver of the Commission-approved subject matter examination (CSET for Multiple Subjects). Thus, students completing this program are eligible to apply for the Multiple Subject Teaching Credential (K-8) program.

Students completing this program must also meet all other credential program standards. See "Teaching: How to Become a Teacher in California" (see Teaching) for information on application and admission to credential programs.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	11
Major Core Requirements	25
Multiple Subjects Preparation Core	73-79

Internship	3-9
University Electives	0-8
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (9 units)

Of the 39 units required by the university, 30 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions

The 6 units of American Institutions (US123) requirement may be satisfied in the major (if identified below) or by transfer from a community college or university. Other courses meet the American Institutions requirement, but may not include additional GE areas.

Consult major advisor for department recommended coursework to meet GE requirement.

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (101-113 units)

Core Courses (25 units)

- ENVS 1 - Introduction to Environmental Issues 3 *unit(s)* (A3)
- ENVS 100W - Environmental Research and Writing 3 *unit(s)* (WID)
- ENVS 119 - Energy and the Environment 3 *unit(s)* (R)
- ENVS 129 - Water Policy in the Western U.S. 3 *unit(s)*
- ENVS 150 - Introduction to Environmental Thought 3 *unit(s)* (S)
- ENVS 151 - Race, Class and the Environment 3 *unit(s)* or AFAM 151 - Race, Class and the Environment 3 *unit(s)* (Both Area R)
- ENVS 154 - Sustainable Agriculture 4 *unit(s)*
- ENVS 158 - Environmental Education 3 *unit(s)*

Multiple Subjects Preparation Core Curriculum Requirements (73-79 units)

Reading, Language and Literature (22-25 units)

- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (ENGL 1B also accepted for Transfer Students.)
- ENGL 10 - Great Works of Literature 3 *unit(s)* (C2)
- ENGL 103 - Modern English 4 *unit(s)*
- ENGL 112A - Children's Literature 3 *unit(s)*

Complete one sequence:

Sequence One

- COMM 45 - Media and Culture 3 *unit(s)* (A3)
- LING 108 - Introduction to Second Language Development, Teaching, and Assessment 3 *unit(s)*
- EDEL 108E - Teaching Reading in Linguistically and Culturally Diverse Classrooms 3 *unit(s)*

Sequence Two

- CHAD 150 - Development of Language and Communicative Competence 3 *unit(s)*
- CHAD 151 - Developing Literacy in a Diverse Society 3 *unit(s)*

History and Social Science (15 units)

- SOCS 137 - California History for Teachers 3 *unit(s)*
- SOCS 138 - US History for Teachers 3 *unit(s)* (S)
- SOCS 139 - World History for Teachers 3 *unit(s)* (V)

Complete one sequence:

African American Studies

Must complete both AFAM 2A and AFAM 2B to meet requirement.

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American History

Must complete both AAS 33A and AAS 33B to meet requirement.

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies

Must complete both CCS 10A and CCS 10B to meet requirement.

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History

Must complete both HIST 15 and POLS 15 to meet requirement.

- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)

Mathematics (9 units)

- MATH 12 - Number Systems 3 *unit(s)* (B4)
- MATH 105 - Concepts in Mathematics, Probability, Statistics 3 *unit(s)*
- MATH 106 - Intuitive Geometry 3 *unit(s)*

Science (12 units)

ENVS 158 - Environmental Education is also a required Science course, but it is completed as part of the Core Courses.

- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1/B3)
- ENVS 10 - Life on a Changing Planet 3 *unit(s)* (B2)
- GEOL 103 - Earth Systems and the Environment 3 *unit(s)* (R)
- PHYS 1 - Elementary Physics 3 *unit(s)* (B1)

Visual and Performing Arts (9 units)

- CA 177 - Interdisciplinary Arts for Teaching 3 *unit(s)*

Complete two courses (6 units):

- ART 39 - Multicultural Arts for Children 3 *unit(s)*
- ART 138 - Elementary Art Methods 3 *unit(s)*
- DANC 148 - Children's Dance 3 *unit(s)*
- MUSC 10B - Introduction to Music 3 *unit(s)* (C1)
- MUSC 185A - Music for Children 3 *unit(s)*
- TA 131 - Storytelling 3 *unit(s)*

Physical Education and Health (3 units)

- CHAD 149 - Child Health and Activity 3 *unit(s)*

Human Development (3 units)

Complete one course:

- CHAD 60 - Child Development 3 *unit(s)* (E)
- CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (E)

Internship (3-9 units)

- ENVS 194 - Environmental Internship 1-9 *unit(s)*

Advisor Approved Electives (0-8 units)

Total Units Required (120 units)

Forensic Science, Biology Concentration, BS

The Department of Justice Studies' Forensic Science program at SJSU offers Bachelor of Science (BS) degrees in Forensic Chemistry, Forensic Biology, Crime Scene Investigation, and Digital Evidence for students with a career interest in crime lab work. Students in the forensic science major take basic and advanced biology, chemistry, and physics courses to build a strong foundation in the sciences, and complement these with coursework in forensic science applications. The curricula of each major concentration meet the American Academy of Forensic Sciences Forensic Education Program Accreditation standards.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	30
Major Preparation	49
Major Requirements	41
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses required in the major, including all electives, must be completed with a grade of C or better. This includes all courses in the following sections: Major Preparation and the Major Requirements.

Prerequisite Requirements

Enrollment in any chemistry course requires that the prerequisite courses be passed with a grade of "C or better" (C- not accepted). Exceptions may be made only with instructor consent or if not explicitly stated in the course description. Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements (except for 1 course in GE Area C and 1 course in GE Area D) and should follow the 60 unit guarantee roadmap (which include the missing GE in Area C and D). Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 unit may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (49 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2+B3)
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 55 - Quantitative Analysis 2 *unit(s)*
- CHEM 55L - Quantitative Analysis Laboratory 2 *unit(s)*
- CHEM 112A - Organic Chemistry 3 *unit(s)*

- CHEM 112B - Organic Chemistry 3 *unit(s)*
- CHEM 113A - Organic Chemistry Lab 2 *unit(s)*
- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- JS 171 - Human Rights and Justice 3 *unit(s)* (V)
- MATH 30 - Calculus I 3 *unit(s)* (B4) MATH 30X may be used instead of MATH 30.
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)

Statistics Course

Complete one course: (UNVS/MATH 15 may be used in lieu of the statistics course required by this major.)

- JS 15 - Introductory Statistics in Justice Studies 3 *unit(s)* (B4)
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)

Major Requirements (41 units)

Core Courses (18 units)

- FS 100W - Forensic Science Writing Workshop 3 *unit(s)* (WID) OR JS 100W - Writing Workshop 3 *unit(s)* (WID)
- FS 11 - Survey of Forensic Science 3 *unit(s)*
- FS 161 - Crime Scene Investigation 3 *unit(s)*
- FS 162 - Forensic Science Applications 3 *unit(s)*

Practical Requirement

Complete 3 units:

- JS 180 - Individual Studies 1-3 *unit(s)*
- JS 181 - Internship: Justice Studies 1-6 *unit(s)* (3 *units* required)
- JS 182 - Themis: Journal of Justice Studies and Forensic Science 3 *unit(s)*
- JS 184 - Directed Reading 1-3 *unit(s)*

Senior Capstone

Complete one course:

- FS 169 - FS Senior Seminar: Studies in Contemporary FS Issues 3 *unit(s)*
- JS 189 - Senior Seminar: Contemporary Problems 3 *unit(s)*

Concentration Courses (23 units)

- BIOL 31 - Principles of Biology II 4 *unit(s)* (B2+B3)
- BIOL 115 - General Genetics 4 *unit(s)*
- FS 57 - Biological Criminalistics 3 *unit(s)*
- FS 167 - Forensic Molecular Biology 4 *unit(s)*
- FS 177 - Forensic Genotyping Technologies 4 *unit(s)*

Biochemistry Course

Complete one course:

- CHEM 130A - Biochemistry 4 *unit(s)*
- CHEM 135 - General Biochemistry 4 *unit(s)*

Total Units Required (120 units)

Forensic Science, Chemistry Concentration, BS

The Department of Justice Studies' Forensic Science program at SJSU offers Bachelor of Science (BS) degrees in Forensic Chemistry, Forensic Biology, Crime Scene Investigation, and Digital Evidence for students with a career interest in crime lab work. Students in the forensic science major take basic and advanced biology, chemistry, and physics courses to build a strong foundation in the sciences, and complement these with coursework in forensic science applications. The curricula of each major concentration meet the American Academy of Forensic Sciences Forensic Education Program Accreditation standards.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses required in the major, including all electives, must be completed with a grade of C or better. This includes all courses in the following sections: Major Preparation and the Major Requirements.

Prerequisite Requirements

Enrollment in any chemistry course requires that the prerequisite courses be passed with a grade of "C or better" (C- not accepted). Exceptions may be made only with instructor consent or if not explicitly stated in the course description. Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements (except for 1 course in GE Area C and 1 course in GE Area D) and should follow the 60 unit guarantee roadmap (which include the missing GE in Area C and D). Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (41 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2+B3)
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 55 - Quantitative Analysis 2 *unit(s)*
- CHEM 55L - Quantitative Analysis Laboratory 2 *unit(s)*
- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- JS 171 - Human Rights and Justice 3 *unit(s)*
- MATH 30 - Calculus I 3 *unit(s)* (B4)
MATH 30X may be used instead of MATH 30.
- PHIL 186 - Professional and Business Ethics 3 *unit(s)*
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)

Statistics Course

Complete one course: (UNVS/MATH 15 may be used in lieu of the statistics course required by this major.)

- JS 15 - Introductory Statistics in Justice Studies 3 *unit(s)* (B4)
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)

Major Requirements (47 units)

Core Courses (18 units)

- FS 100W - Forensic Science Writing Workshop 3 *unit(s)* (WID) OR JS 100W - Writing Workshop 3 *unit(s)* (WID)
- FS 11 - Survey of Forensic Science 3 *unit(s)*

- FS 161 - Crime Scene Investigation 3 *unit(s)*
- FS 162 - Forensic Science Applications 3 *unit(s)*

Practical Requirement

Complete 3 units:

- JS 180 - Individual Studies 1-3 *unit(s)*
- JS 181 - Internship: Justice Studies 1-6 *unit(s)* (3 units required)
- JS 182 - Themis: Journal of Justice Studies and Forensic Science 3 *unit(s)*
- JS 184 - Directed Reading 1-3 *unit(s)*

Senior Capstone

Complete one course:

- FS 169 - FS Senior Seminar: Studies in Contemporary FS Issues 3 *unit(s)*
- JS 189 - Senior Seminar: Contemporary Problems 3 *unit(s)*

Concentration Courses (29 units)

- CHEM 112A - Organic Chemistry 3 *unit(s)*
- CHEM 112B - Organic Chemistry 3 *unit(s)*
- CHEM 113A - Organic Chemistry Lab 2 *unit(s)*
- CHEM 145 - Inorganic Chemistry 3 *unit(s)*
- CHEM 155 - Instrumental Analysis 4 *unit(s)*
- CHEM 160 - Physical Chemistry 4 *unit(s)*
- FS 166 - Forensic Chemistry 3 *unit(s)*
- FS 176 - Introduction to Fire and Explosion Investigations 3 *unit(s)*

Biochemistry Course

Complete one course:

- CHEM 130A - Biochemistry 4 *unit(s)*
- CHEM 135 - General Biochemistry 4 *unit(s)*

Total Units Required (120 units)

Forensic Science, Crime Scene Investigation Concentration, BS

The Department of Justice Studies' Forensic Science program at SJSU offers Bachelor of Science (BS) degrees in Forensic Chemistry, Forensic Biology, Digital Evidence, and Crime Scene Investigation (CSI) for students with a career interest in crime lab work. Students in the forensic science major take basic and advanced biology, chemistry, and physics courses to build a strong foundation in the sciences, and complement these with coursework in forensic science applications. The curricula of each major concentration meet the American Academy of Forensic Sciences Forensic Education Program Accreditation standards. The CSI Concentration focuses on a study of the methods and techniques of scientific crime scene investigation, such as documentation and collection of physical evidence, crime scene reconstruction, fingerprint development and firearms and toolmarks analyses.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

All courses required in the major, including all electives, must be completed with a grade of C or better. This includes all courses in the following sections: Major Preparation and the Major Requirements.

Prerequisite Requirements

Enrollment in any chemistry course requires that the prerequisite courses be passed with a grade of "C or better" (C- not accepted). Exceptions may be made only with instructor consent or if not explicitly stated in the course description. Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements (except for 1 course in GE Area C and 1 course in GE Area D) and should follow the 60 unit guarantee roadmap (which include the missing GE in Area C and D). Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (44 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2 +B3)
- CS 46A - Introduction to Programming 4 *unit(s)*
- CS 46B - Introduction to Data Structures 4 *unit(s)*
- CS 47 - Introduction to Computer Systems 3 *unit(s)*
- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- JS 171 - Human Rights and Justice 3 *unit(s)* (V)
- MATH 30 - Calculus I 3 *unit(s)* (B4)
MATH 30X may be used instead of MATH 30.

- MATH 42 - Discrete Mathematics 3 *unit(s)*
MATH 42X may be used instead of MATH 42.
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1B3)

Statistics Course

Complete one course: (UNVS/MATH 15 may be used in lieu of the statistics course required by this major.)

- JS 15 - Introductory Statistics in Justice Studies 3 *unit(s)* (B4)
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)

Programming Course

Complete one course:

- CS 22A - Python for Everyone 3 *unit(s)* (B4)
- CS 49C - Programming in C 3 *unit(s)*

Major Requirements (36 units)

Core Courses (18 units)

- FS 100W - Forensic Science Writing Workshop 3 *unit(s)* (WID) **OR** JS 100W - Writing Workshop 3 *unit(s)* (WID)
- FS 11 - Survey of Forensic Science 3 *unit(s)*
- FS 161 - Crime Scene Investigation 3 *unit(s)*
- FS 162 - Forensic Science Applications 3 *unit(s)*

Practical Requirement

Complete 3 units:

- JS 180 - Individual Studies 1-3 *unit(s)*
- JS 181 - Internship: Justice Studies 1-6 *unit(s)*
- JS 182 - Themis: Journal of Justice Studies and Forensic Science 3 *unit(s)*
- JS 184 - Directed Reading 1-3 *unit(s)*

Senior Seminar

Complete one course:

- FS 169 - FS Senior Seminar: Studies in Contemporary FS Issues 3 *unit(s)*
- JS 189 - Senior Seminar: Contemporary Problems 3 *unit(s)*

Concentration Courses (18 units)

- CS 146 - Data Structures and Algorithms 3 *unit(s)*

- CS 147 - Computer Architecture 3 *unit(s)*
- FS 12 - Introduction to Digital Evidence Investigations 3 *unit(s)*
- FS 101 - Expert Witness Testimony 3 *unit(s)*
- FS 130 - Digital Forensic Analysis 3 *unit(s)*
- FS 131 - Digital Forensic Applications 3 *unit(s)*

University Electives (8 units)

Total Units Required (120 units)

Geographic Information Science (GIS), BS

The Bachelor of Science in Geographic Information Science (GIS) offers courses in theory, inquiry, and applications of spatial data that prepare students for the growing field of geospatial professionals. The program builds knowledge through project-based courses that train students in spatial problem solving and computational thinking, and to use geospatial tools and techniques to analyze data that can be communicated visually, orally and in writing. Graduates will be technologically proficient in programming, web mapping, project development, data collection and integration, and cartography. The BS GIS program is offered by the Department of Urban and Regional Planning.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	44
Major Preparation	3
Major Core	41
Major Electives	3
University Electives	29
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or Specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (3 units)

- STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (UNVS 15 may be used in lieu of the statistics course required by this major.)

Major Requirements (44 units)

Core Courses (41 units)

- GEOG 3 - Spatial Data Literacy 1 *unit(s)*
- GEOG 4 - Geospatial Ethics & Privacy 1 *unit(s)*
- GEOG 70 - Introduction to Geographic Information Systems 4 *unit(s)*
- GEOG 100W - Writing Workshop 3 *unit(s)* (WID)
- GEOG 103 - Colloquium 1 *unit(s)*
- GEOG 107 - Mapping the World 3 *unit(s)* (R)
- GEOG 171 - Advanced Geographic Information Systems 4 *unit(s)*
- GEOG 172 - Cartography and Data Visualization 3 *unit(s)*
- GEOG 173 - Drones and Spatial Data Collection 3 *unit(s)*
- GEOG 175 - Geographic Information Systems Project Development 3 *unit(s)*
- GEOG 178 - Participatory GIS 3 *unit(s)*
- GEOG 181 - Introduction to Remote Sensing 3 *unit(s)*
- GEOG 182 - Programming for GIS 3 *unit(s)*
- GEOG 195 - Open Source GIS 3 *unit(s)*
- GEOG 199 - Senior Seminar 3 *unit(s)*

Major Elective (3 units)

Complete one course from:

- GEOG 187 - Research Experience 3 *unit(s)*
- URBP 148 - Introduction to Spatial Visualization Technology in Urban Planning 1-4 *unit(s)*

University Electives (29 units)

Declaring a minor is recommended.

Total Units Required (120 units)

Geography, BA

The Geography, BA degree offered by the Department of Urban and Regional Planning, prepares students to understand the environment around us and interpret human and non-human patterns across the Earth's surface. The major allows flexibility in course selection while providing a strong foundation in human, physical, and regional aspects of the discipline. Geography at SJSU also features a strong technology component based on applications of Geographic Information Systems (GIS). Geography is essential to the growing need for global literacy and our faculty is committed to working with students to develop the skills that will serve them well in a career or in graduate studies.

Summary of Degree Units

University Graduation Requirements	35
Major Preparation	3
Major Core	28
Major Electives	18-20
University Electives	34-36
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or Specific questions.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)

- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (3 units)

- STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (UNVS 15 may be used in lieu of the statistics course required by this major.)

Major Requirements (46-47 units)

Core Geography Courses (28 units)

- GEOG 1 - Physical Geography 3 *unit(s)* (B1)
- GEOG 10 - Cultural Geography 3 *unit(s)* (D)
- GEOG 12 - World Regional Geography 3 *unit(s)* (D)
- GEOG 100W - Writing Workshop 3 *unit(s)* (WID)
- GEOG 105 - Urban Geography 3 *unit(s)*
- GEOG 135 - Research Methods in Geography 3 *unit(s)*
- GEOG 70 - Introduction to Geographic Information Systems 4 *unit(s)*
- GEOG 186 - Field Methods in Geography 3 *unit(s)*
- GEOG 199 - Senior Seminar 3 *unit(s)*

Major Electives (18-20 units)

GEOG 92, GEOG 124, GEOG 180, and GEOG 197 (no more than 12 units) may be substituted for core courses and major electives only with prior advisor approval.

Human Geography (minimum of 6 units)

Students must complete two human geography courses.

- GEOG 112 - Nations, Cultures & Globalization 3 *unit(s)* (V)
- GEOG 113 - Global Cities 3 *unit(s)*
- GEOG 115 - Global Development 3 *unit(s)*
- URBP 101 - The City 3 *unit(s)* (S)
- URBP 136 - Introduction to Land Use Planning 4 *unit(s)*

Physical Geography (minimum of 6 units)

Students must complete two physical geography courses.

- GEOG 107 - Mapping the World 3 *unit(s)* (R)
- GEOG 121 - Population and Global Change 3 *unit(s)*
- GEOG 130 - Natural Resources 3 *unit(s)*
- GEOG 165 - National Parks 3 *unit(s)*

Regional Synthesis (minimum of 3 units)

Complete one regional geography course.

- GEOG 110 - Urbanization in the Global South 3 *unit(s)*
- GEOG 140 - The United States 3 *unit(s)* (S)
- GEOG 160 - East and South Asia 3 *unit(s)*
- GEOG 168 - Sub-Saharan Africa 3 *unit(s)*

Geographic Information Science (minimum of 3 units)

Complete one GIS course.

- GEOG 171 - Advanced Geographic Information Systems 4 *unit(s)*
- GEOG 172 - Cartography and Data Visualization 3 *unit(s)*
- GEOG 181 - Introduction to Remote Sensing 3 *unit(s)*

University Electives (34-36 units)

Declaring a minor is recommended.

Total Units Required (120 units)

Global Studies, BA

Global Studies, offered by the Department of Environmental Studies, is an interdisciplinary program that encourages students to look at the world holistically. The tremendous international migrations of people, movements of goods, technology transfers, and mixing of cultures make it important to study the world as a human community in ways we haven't considered in the past. The program is designed to train future leaders to grapple with some of the most pressing issues of our time using a global perspective. The focus of our program on studying global issues from multiple perspectives provides students the intellectual foundation and the analytical and communication skills to prepare for careers in government, education, NGOs, international development agencies, international philanthropic organizations, law, consulting, global health organizations, writing, and graduate study. We are the only Global Studies program in the San Francisco Bay Area and one of the few in the CSU system that offers an interdisciplinary program that includes a suite of core courses in Global Studies. Global Studies is a relatively new field and our program is at the leading edge of shaping this field for the future.

- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

This requirement is fulfilled in this major with:

- GLST 100W - Writing Workshop 3 *unit(s)* (WID)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Major Preparation (6 units)

- GLST 1A - Introduction to Global Studies 3 *unit(s)*
- GLST 1B - Introduction to Global Studies 3 *unit(s)* (B2)

Major Requirements (55 units)

Core Courses (9 units)

- GLST 164 - Advanced Seminar in Global Citizenship 3 *unit(s)*
- GLST 179 - Capstone Seminar in Global Studies 3 *unit(s)*

Complete one course from:

- GLST 188 - Special Topics in International Experiences 3 *unit(s)* (V)
- GLST 189 - Global Experience 1-3 *unit(s)*

Major Breadth Courses (24-28 units)

Complete the Global Studies course and one additional course in different departments in these four areas.

Area 1: Global Sustainability (6-7 units)

- GLST 167 - Changing Ecologies of Globalization 3 *unit(s)* (R)

Complete one course from:

- ANTH 129 - Environmental Anthropology 3 *unit(s)*
- BIOL 110 - Biodiversity and Biopolitics 3 *unit(s)* (R)
- COMM 146F - Communication and the Environment 4 *unit(s)*
- ENVS 150 - Introduction to Environmental Thought 3 *unit(s)* (S)
- ENVS 152 - Globalization and the Environment 3 *unit(s)* (R)
- ENVS 159 - Nature and World Cultures 3 *unit(s)* (V)
- GEOG 121 - Population and Global Change 3 *unit(s)*
- GEOL 111 - Geology and the Environment 3 *unit(s)* (R)
- GEOL 112 - Hazards, Risks of Earthquakes and Volcanoes 3 *unit(s)* (R)
- PH 172 - Contemporary Environmental Health Issues 3 *unit(s)* (R)
- METR 112 - Global Climate Changes 3 *unit(s)* (R)
- NUFS 139 - Hunger and Environmental Nutrition 3 *unit(s)* (R)
- PHIL 126 - Environmental Ethics and Philosophy 3 *unit(s)*

Area 2: Global Development, Population, Human Rights (6-7 units)

- GLST 143 - Gender, Power, Intl Dev 3 *unit(s)* (V)

Complete one course from:

- ANTH 151 - Modernity and Disease 3 *unit(s)*
- ANTH 132 - Creating Built Worlds 3 *unit(s)*
- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- ECON 113B - Economic History of Europe 4 *unit(s)*
- ECON 190 - History of Economic Thought 4 *unit(s)*
- GEOG 115 - Global Development 3 *unit(s)*
- HIST 155 - 20th Century World 3 *unit(s)* (V)
- JS 171 - Human Rights and Justice 3 *unit(s)* (V)

- JS 172 - Human Trafficking and Modern Day Slavery 3 *unit(s)*
- JS 173 - Advancing Human Rights Through Diversity, Equity and Inclusion 3 *unit(s)*
- POLS 147 - Globalization 4 *unit(s)*
- POLS 155 - The Wealth of Nations 4 *unit(s)*
- SOCI 118 - Sociology of Human Rights and Social Justice 3 *unit(s)*
- SOCI 160 - Immigration and Identity 3 *unit(s)*
- SOCI 169 - Political Sociology 3 *unit(s)*
- WGSS 102 - The Global Study of Women 3 *unit(s)* (V)
- WGSS 112 - Women in the Global Economy 3 *unit(s)*

Area 3: Global Security and Technology (6-7 units)

- GLST 156 - Technology of the Modern World 3 *unit(s)*

Complete one course from:

- ANTH 136 - Thought Control in Contemporary Society 3 *unit(s)*
- ANTH 146 - Culture and Conflict 3 *unit(s)* (V)
- BUS5 165A - Global Leadership 3 *unit(s)*
- COMM 115P - Communication and Conflict 4 *unit(s)*
- COMM 179 - Global Media and Resistance 3 *unit(s)* (V)
- GEOG 107 - Mapping the World 3 *unit(s)* (R)
- GEOG 112 - Nations, Cultures & Globalization 3 *unit(s)* (V)
- GEOG 70 - Introduction to Geographic Information Systems 4 *unit(s)*
- GEOG 181 - Introduction to Remote Sensing 3 *unit(s)*
- JS 123 - Terrorism, Intelligence, and Security 3 *unit(s)*
- JS 161 - Introduction to Cybercrime 3 *unit(s)*
- MCOM 180 - Independent Study 1-6 *unit(s)*
- POLS 148 - Nationalism and Comparative Political Cultures 4 *unit(s)*
- POLS 150 - War and Peace 3 *unit(s)* (V)
- POLS 152A - International Organizations and NGOs 4 *unit(s)*
- TECH 198 - Technology and Civilization 3 *unit(s)* (V)

Area 4: Global Cultures and Society (6-7 units)

- SOCI 116 - Global Society 3 *unit(s)*

Complete one course from:

- ANTH 107 - Eating Culture: The Anthropology of Food 3 *unit(s)*
- ANTH 115 - The Emerging Global Culture 3 *unit(s)* (V)
- ANTH 148 - Religion and Anthropology 3 *unit(s)*
- ARTH 193A - Worlds of Art and Culture 3 *unit(s)* (V)
- ARTH 193B - East Meets West in Art 3 *unit(s)* (V)
- CA 173 - Thinking About Contemporary World Arts 3 *unit(s)* (V)
- COMM 152I - Communication in World Cultures 4 *unit(s)*
- COMM 173F - Intercultural Communication and Global Understanding 4 *unit(s)*
- COLT 122 - Topics in Comparative World Literature 4 *unit(s)*
- ENGL 117B - Global Film, Literature, and Cultures 3 *unit(s)* (V)

- ENGL 123A - Literatures of the Americas 3 *unit(s)* (V)
- ENGL 123B - Literatures of Africa 3 *unit(s)* (V)
- ENGL 123C - Literatures of the Pacific 3 *unit(s)* (V)
- ENGL 123D - Literatures of Asia 3 *unit(s)* (V)
- ENGL 126 - Holocaust Literature 3 *unit(s)* (V)
- HIST 132 - Advanced Topics in World History 4 *unit(s)* (May be taken twice if topic changes and with advisor approval.)
- HUM 128 - Perspectives on the Twentieth Century: The West in a Global Context 3 *unit(s)* (V)
- LING 122 - English as a World Language 3 *unit(s)* (V)
- MCOM 106 - Global Mass Communication 3 *unit(s)*
- PHIL 120 - Comparative Philosophy Theory & Practice 3 *unit(s)*
- TECH 198 - Technology and Civilization 3 *unit(s)* (V)
- WGSS 189 - Feminist Perspectives on Gender and Religion 3 *unit(s)*

Minor Requirement (12-16 units)

Global Studies majors are required to select a minor field in consultation with the Global Studies advisor.

Major Upper Division Electives (6 units)

Students may take GLST 162 or GLST 192 or electives in the Breadth categories listed above to fulfill this requirement. See a Global Studies Advisor for additional approved Upper Division Electives.

University Electives (18 units)

Total Units Required (120 units)

History, BA

The History BA curriculum offered by the Department of History is designed for those who wish a general liberal education, for those who want a broad foundation for any one of the social sciences, for those who desire advanced degrees in the field of history, and for those who wish to secure the teaching credential.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Requirements	52
University Electives	30
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (33 units)

Of the 39 units required by the university, 6 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions

Complete one major-specific 6 unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but the sequence listed below also fulfills major requirements.

U.S. History and Government

- HIST 15 - Essentials of U.S. History 3 unit(s) (D+US1)
- POLS 15 - Essentials of U.S. & California Government 3 unit(s) (D+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (52 units)

Lower Division Major Requirements (15 units)

- HIST 99 - History Fundamentals 3 *unit(s)*

Complete One Sequence From:

World History

- HIST 1A - World History to 1500 3 *unit(s)* (D)
- HIST 1B - World History from 1500 3 *unit(s)* (D)

Western Civilization

- HIST 10A - Western Civilization 3 *unit(s)* (D)
- HIST 10B - Western Civilization 3 *unit(s)* (D)

Complete One Sequence From:

US History

6 units of the GE requirement can be fulfilled by choosing the HIST 15 and POLS 15 courses among the major requirement.

- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)

American People

- HIST 20A - History of the American People 3 *unit(s)* (US1)
- HIST 20B - History of the American People 3 *unit(s)* (US1)

Upper Division Major Requirements (37 units)

Students who fulfill SJSU Studies Area S with HIST 185 or HIST 188 and/or SJSU Studies Area V with HIST 136, HIST 153 or HIST 155 may need additional upper-division courses to meet the minimum University graduation requirement of 40 upper-division units. Such students should take an additional upper-division History course.

- HIST 100W - History Writers' Workshop 3 *unit(s)* (WID)
- HIST 102 - Historiography 4 *unit(s)*

Field of Study Courses

Upper-division History courses are divided into 4 fields of study: Ancient & Medieval, Europe, United States, and World. 30 units of upper-division courses must include at least 1 course from each field, including at least 2 pre-1750 courses. Consult major advisor for details.

HIST 173 may be counted as either a United States or a World field course. Students who take HIST 173 must inform the major advisor which field they want it to count toward.

Ancient & Medieval

- HIST 104 - Advanced Topics in Ancient History 4 *unit(s)*
- HIST 112 - Ancient West to 500 BCE 4 *unit(s)*
- HIST 114 - The Ancient West, 500 BCE-400 CE 4 *unit(s)*
- HIST 121A - Medieval Worlds, 400-1000 4 *unit(s)*
- HIST 121B - Medieval Worlds, 1000-1500 4 *unit(s)*
- HIST 126 - Advanced Topics in Medieval History 4 *unit(s)*

Europe

- HIST 124 - Early Modern Europe 4 *unit(s)*
- HIST 143 - Europe, 1750-1900 4 *unit(s)*
- HIST 144 - Europe, 1900-1945 4 *unit(s)*
- HIST 145 - Europe and the World Since 1945 4 *unit(s)*
- HIST 146 - Advanced Topics in European History 4 *unit(s)*
- HIST 153 - History of Women in Europe 3 *unit(s)* (SJSU Studies Area V)

United States

- HIST 171 - U.S. Constitutional & Legal History 4 *unit(s)*
- HIST 173 - New World Encounters, 1400-1750 4 *unit(s)*
- HIST 174 - Colonial & Revolutionary America 4 *unit(s)*
- HIST 175 - Inventing America, 1800-1860 4 *unit(s)*
- HIST 176 - The Civil War and Reconstruction 4 *unit(s)*
- HIST 177 - Industrial America, 1877-1920 4 *unit(s)*
- HIST 178 - Crash, Depression and War, 1920-1950 4 *unit(s)*
- HIST 179 - Cold War America, 1950-Present 4 *unit(s)*
- HIST 181 - Advanced Topics in American History 4 *unit(s)*
- HIST 185 - LGBTQ+ History in the United States 3 *unit(s)* (SJSU Studies Area S)
- HIST 188 - History of Women in the United States 3 *unit(s)* (SJSU Studies Area S)
- HIST 189A - California History to 1900 4 *unit(s)* (GE Area US3)
- HIST 189B - California History Since 1900 4 *unit(s)* (GE Area US3)

World

- HIST 109A - History of China 4 *unit(s)*
- HIST 109B - History of China 4 *unit(s)*
- HIST 110A - History of Japan 4 *unit(s)*
- HIST 110B - History of Japan 4 *unit(s)*
- HIST 130 - Military History to 1500 4 *unit(s)*
- HIST 131 - Military History from 1500 4 *unit(s)*
- HIST 132 - Advanced Topics in World History 4 *unit(s)*
- HIST 136 - World Jewish History 3 *unit(s)*
- HIST 155 - 20th Century World 3 *unit(s)* (SJSU Studies Area V)
- HIST 162 - Colonial Latin America 4 *unit(s)*
- HIST 163 - Modern Latin America, 1800-Present 4 *unit(s)*
- HIST 167 - Advanced Topics in Latin American History 4 *unit(s)*
- HIST 173 - New World Encounters, 1400-1750 4 *unit(s)*

Pre-1750 (select at least two)

- HIST 104 - Advanced Topics in Ancient History 4 unit(s)
- HIST 109A - History of China 4 unit(s)
- HIST 110A - History of Japan 4 unit(s)
- HIST 112 - Ancient West to 500 BCE 4 unit(s)
- HIST 114 - The Ancient West, 500 BCE-400 CE 4 unit(s)
- HIST 121A - Medieval Worlds, 400-1000 4 unit(s)
- HIST 121B - Medieval Worlds, 1000-1500 4 unit(s)
- HIST 124 - Early Modern Europe 4 unit(s)
- HIST 126 - Advanced Topics in Medieval History 4 unit(s)
- HIST 130 - Military History to 1500 4 unit(s)
- HIST 136 - World Jewish History 3 unit(s)
- HIST 162 - Colonial Latin America 4 unit(s)
- HIST 173 - New World Encounters, 1400-1750 4 unit(s)
- HIST 174 - Colonial & Revolutionary America 4 unit(s)

University Electives and/or Minor (30 units)

Minor recommended, but not required; consult history advisor.

Total Units Required (120 units)

A checklist of requirements is available in department office.

Justice Studies, BS

The undergraduate program in Justice Studies, offered by the Department of Justice Studies, provides students with an interdisciplinary curriculum that engages in critical analysis of justice issues. Core classes focus on theory and empirical research that addresses the relationship between law, justice, the justice system, and society. Electives address a number of more specialized and topical justice-related issues.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	41
Major Preparation	6
Major Requirements	45
University Electives	28
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Preparation and Requirements for the major (all courses in preparation, core, and concentration/specialization) must be completed with a grade of "C or better".

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (6 units)

Complete one course from:

- FS 11 - Survey of Forensic Science 3 *unit(s)*
- JS 10 - Introduction to Justice Studies 3 *unit(s)*
- JS 12 - Introduction to Legal Studies 3 *unit(s)*
- JS 25 - Introduction to Human Rights and Justice 3 *unit(s)* (D)

Statistics Course

Complete one course:

- JS 15 - Introductory Statistics in Justice Studies 3 *unit(s)* (B4)
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (UNVS 15 may be used in lieu of the statistics course required by this major.)

Major Requirements (45 units)

Justice Studies Core (24 units)

- JS 100W - Writing Workshop 3 *unit(s)* (*WID*)
- JS 101 - Critical Issues and Ideas in Justice 3 *unit(s)*
- JS 114 - Research Methods in Justice Studies 3 *unit(s)*
- JS 132 - Race, Gender, Inequality and the Law 3 *unit(s)* (*S*)
- JS 151 - Criminological Theory 3 *unit(s)*
- JS 171 - Human Rights and Justice 3 *unit(s)* (*V*)

Complete One Course From:

- JS 141 - Record Clearance Project Representation 3 *unit(s)*
- JS 142 - Record Clearance Project - Advanced Study and Community Involvement 3 *unit(s)*
- JS 181 - Internship: Justice Studies 1-6 *unit(s)* (3 *units* required)

Complete One Course From:

- FS 169 - FS Senior Seminar: Studies in Contemporary FS Issues 3 *unit(s)*
- JS 189 - Senior Seminar: Contemporary Problems 3 *unit(s)*

Additional Courses (21 units)

Students Must Complete 21 Units from the Following Areas

Area A: Theory Courses (6-9 units)

Complete six to nine units from:

- FS 160 - Special Topics in Forensic Science 1-5 *unit(s)*
- JS 103 - Courts and Society 3 *unit(s)*
- JS 153 - Crime and Justice Across the Life Course 3 *unit(s)*
- JS 157 - Deviance and Justice 3 *unit(s)*
- JS 185 - Special Topics in Law and Justice 3 *unit(s)* (*When class topic Area A Theories is offered.*)

Area B: Methodology Courses (3-6 units)

Complete three to six units from:

- FS 160 - Special Topics in Forensic Science 1-5 *unit(s)*
- JS 107 - Justice Management and Ethics 3 *unit(s)*
- JS 117 - Qualitative Research Methods 3 *unit(s)*
- JS 131 - Crisis Intervention, Mediation and Restorative Justice 3 *unit(s)*
- JS 143 - Criminal Evidence and Procedure 3 *unit(s)*
- JS 185 - Special Topics in Law and Justice 3 *unit(s)* (*When class topic Area B Methods is offered.*)

Area C: Critical Inquiry Courses (3-6 units)

Complete three to six units from:

- FS 160 - Special Topics in Forensic Science 1-5 *unit(s)*
- FS 171 - Forensic Criminology 3 *unit(s)*

- JS 122 - Drugs and Society 3 unit(s)
- JS 128 - Punishment, Culture and Society 3 unit(s)
- JS 130 - Sexuality & Justice 3 unit(s)
- JS 136 - Family and Community Violence 3 unit(s) (S)
- JS 144 - Criminal Law 3 unit(s)
- JS 146 - Guns and the Law 3 unit(s)
- JS 150 - Gender and Crime 3 unit(s)
- JS 174 - Reproductive Justice 3 unit(s)
- JS 185 - Special Topics in Law and Justice 3 unit(s) (When class topic Area C Critical Inquiry is offered.)

Area D: Local, Transnational, Historical Courses (3-6 units)

Complete three to six units from:

- FS 160 - Special Topics in Forensic Science 1-5 unit(s)
- FS 170 - Forensic Science in Human Rights Investigations 3 unit(s)
- JS 121 - Media and Justice 3 unit(s)
- JS 123 - Terrorism, Intelligence, and Security 3 unit(s)
- JS 127 - Immigration and Justice 3 unit(s)
- JS 129 - International Crime and Deviance 3 unit(s)
- JS 137 - Collaborative Response to Family Violence 3 unit(s)
- JS 145 - White Collar Crime 3 unit(s)
- JS 156 - Gangs, Criminal Syndicates & Justice 3 unit(s)
- JS 158 - The Prison Community 3 unit(s)
- JS 161 - Introduction to Cybercrime 3 unit(s)
- JS 172 - Human Trafficking and Modern Day Slavery 3 unit(s)
- JS 173 - Advancing Human Rights Through Diversity, Equity and Inclusion 3 unit(s)
- JS 185 - Special Topics in Law and Justice 3 unit(s) (When class topic Area D Local, Transnational, Historical is offered.)

Area E: Experiential Learning Courses (0-6 units)

Complete up to six units from:

- JS 140 - Record Clearance Project 3 unit(s)
- JS 141 - Record Clearance Project Representation 3 unit(s)
- JS 142 - Record Clearance Project - Advanced Study and Community Involvement 3 unit(s)
- JS 179 - Human Rights Practicum and Seminar 3 unit(s)
- JS 180 - Individual Studies 1-3 unit(s)
- JS 181 - Internship: Justice Studies 1-6 unit(s) (3 units required) (JS 181 may be taken again for elective credit.)
- JS 182 - Themis: Journal of Justice Studies and Forensic Science 3 unit(s)
- JS 184 - Directed Reading 1-3 unit(s)

University Electives (28 units)

A minor is strongly recommended

Total Units Required (120 units)

Justice Studies, Criminology Concentration, BS

The undergraduate program in Justice Studies, offered by the Department of Justice Studies, provides students with an interdisciplinary curriculum that engages in critical analysis of justice issues. Core classes focus on theory and empirical research that addresses the relationship between law, justice, the justice system, and society. Electives address a number of more specialized and topical justice-related issues.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (6 units)

Complete one course from:

- FS 11 - Survey of Forensic Science 3 unit(s)
- JS 10 - Introduction to Justice Studies 3 unit(s)
- JS 12 - Introduction to Legal Studies 3 unit(s)
- JS 25 - Introduction to Human Rights and Justice 3 unit(s) (D)

Statistics Course

Complete one course:

- JS 15 - Introductory Statistics in Justice Studies 3 unit(s) (B4)
- STAT 95 - Elementary Statistics 3 unit(s) (B4) (UNVS 15 may be used in lieu of the statistics course required by this major.)

Major Requirements (45 units)

Justice Studies Core (24 units)

- JS 100W - Writing Workshop 3 unit(s) (WID)
- JS 101 - Critical Issues and Ideas in Justice 3 unit(s)
- JS 114 - Research Methods in Justice Studies 3 unit(s)
- JS 132 - Race, Gender, Inequality and the Law 3 unit(s) (S)
- JS 151 - Criminological Theory 3 unit(s)
- JS 171 - Human Rights and Justice 3 unit(s) (V)

Complete one course:

- JS 141 - Record Clearance Project Representation 3 unit(s)
- JS 142 - Record Clearance Project - Advanced Study and Community Involvement 3 unit(s)
- JS 181 - Internship: Justice Studies 1-6 unit(s) (3 units required)

Complete one course:

- FS 169 - FS Senior Seminar: Studies in Contemporary FS Issues 3 unit(s)
- JS 189 - Senior Seminar: Contemporary Problems 3 unit(s)

Concentration Required Courses (12 units)

Students must complete the following courses

- JS 102 - Police and Society 3 unit(s)
- JS 104 - Penal Politics & Institutions 3 unit(s)

- JS 152 - Juvenile Delinquency & Justice 3 *unit(s)*
- JS 155 - Victimology 3 *unit(s)*

Concentration Electives (9 units)

Students must complete 9 units from the following areas:

Area A: Theory Courses (0-6 units)

Complete up to six units from:

- FS 160 - Special Topics in Forensic Science 1-5 *unit(s)*
- JS 103 - Courts and Society 3 *unit(s)*
- JS 153 - Crime and Justice Across the Life Course 3 *unit(s)*
- JS 157 - Deviance and Justice 3 *unit(s)*
- JS 185 - Special Topics in Law and Justice 3 *unit(s)* (*When class topic Area A Theories is offered.*)

Area B: Methodology Courses (0-6 units)

Complete up to six units from:

- FS 160 - Special Topics in Forensic Science 1-5 *unit(s)*
- JS 107 - Justice Management and Ethics 3 *unit(s)*
- JS 117 - Qualitative Research Methods 3 *unit(s)*
- JS 131 - Crisis Intervention, Mediation and Restorative Justice 3 *unit(s)*
- JS 143 - Criminal Evidence and Procedure 3 *unit(s)*
- JS 185 - Special Topics in Law and Justice 3 *unit(s)*
(*When class topic Area B Methodologies is offered.*)

Area C: Critical Inquiry Courses (0-6 units)

Complete up to six units from:

- FS 160 - Special Topics in Forensic Science 1-5 *unit(s)*
- FS 171 - Forensic Criminology 3 *unit(s)*
- JS 122 - Drugs and Society 3 *unit(s)*
- JS 128 - Punishment, Culture and Society 3 *unit(s)*
- JS 130 - Sexuality & Justice 3 *unit(s)*
- JS 136 - Family and Community Violence 3 *unit(s)* (S)
- JS 144 - Criminal Law 3 *unit(s)*
- JS 146 - Guns and the Law 3 *unit(s)*
- JS 150 - Gender and Crime 3 *unit(s)*
- JS 174 - Reproductive Justice 3 *unit(s)*
- JS 185 - Special Topics in Law and Justice 3 *unit(s)* (*When class topic Area C Critical Inquiry is offered.*)

Area D: Local, Transnational, Historical Courses (0-6 units)

Complete up to six units from:

- FS 160 - Special Topics in Forensic Science 1-5 *unit(s)*

- FS 170 - Forensic Science in Human Rights Investigations 3 unit(s)
- JS 121 - Media and Justice 3 unit(s)
- JS 123 - Terrorism, Intelligence, and Security 3 unit(s)
- JS 127 - Immigration and Justice 3 unit(s)
- JS 129 - International Crime and Deviance 3 unit(s)
- JS 137 - Collaborative Response to Family Violence 3 unit(s)
- JS 145 - White Collar Crime 3 unit(s)
- JS 156 - Gangs, Criminal Syndicates & Justice 3 unit(s)
- JS 158 - The Prison Community 3 unit(s)
- JS 161 - Introduction to Cybercrime 3 unit(s)
- JS 172 - Human Trafficking and Modern Day Slavery 3 unit(s)
- JS 173 - Advancing Human Rights Through Diversity, Equity and Inclusion 3 unit(s)
- JS 185 - Special Topics in Law and Justice 3 unit(s) (*When class topic Area D Local, Transnational, Historical is offered.*)

Area E: Experiential Learning Courses (0-6 units)

Complete up to six units from:

- JS 140 - Record Clearance Project 3 unit(s)
- JS 141 - Record Clearance Project Representation 3 unit(s)
- JS 142 - Record Clearance Project - Advanced Study and Community Involvement 3 unit(s)
- JS 179 - Human Rights Practicum and Seminar 3 unit(s)
- JS 180 - Individual Studies 1-3 unit(s)
- JS 182 - Themis: Journal of Justice Studies and Forensic Science 3 unit(s)
- JS 184 - Directed Reading 1-3 unit(s)

University Electives (28 units)

A minor is strongly recommended

Total Units Required (120 units)

Political Science, BA

The BA Political Science, offered by the Department of Political Science, provides students with an understanding of politics and the political process and prepares them for their lifelong responsibilities as citizens, as well as furthering their skills in critical analysis and communication. The major in political science may lead to a wide variety of careers, including teaching, the law, business, and public service.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	44
Major Requirements	46-50
University Electives	26-30

Total **120**

Major-Specific Graduation Requirements

Capstone course must be completed with a C- or better graduate.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Undergraduate Graduation Requirements

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details. Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (3 units)

The 6 units of American Institutions coursework shown below may also fulfill GE Area D. Other courses meet the American Institutions requirement, but may not include additional GE areas.

Consult Major Advisor for department recommended coursework to meet GE requirement.

This major includes:

- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D/US23)

Complete one of the following courses for US1:

- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D/US1)
- HIST 20A - History of the American People 3 *unit(s)* (US1)
- HIST 20B - History of the American People 3 *unit(s)* (US1)
- HIST 170 - Topics in American History 3 *unit(s)* (US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S/US1)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (46-50 units)

Lower Division Core Courses (12 units)

- POLS 2 - Introduction to Comparative Politics 3 *unit(s)* (D)
- POLS 3 - Introduction to Political Thought 3 *unit(s)* (C2)
- POLS 4 - Introduction to International Relations 3 *unit(s)* (D)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D/US23)

Upper Division Core Courses (21-22 units)

- POLS 100W - Writing Workshop 3 *unit(s)* (WID)
- POLS 100M - Political Inquiry 4 *unit(s)* A grade of C- or better is required

Additional Upper Division Core Courses (14-15 units)

Complete 14-15 units from the following. One course from each of the four fields is required.

U.S. Government and Politics (3-4 units)

Complete one course:

- POLS 102 - State Government and Politics 4 *unit(s)* (US3)
- POLS 103 - Local Government and Politics 4 *unit(s)*
- POLS 105 - Congress 4 *unit(s)*
- POLS 106 - The United States Presidency 4 *unit(s)*
- POLS 108 - Political Participation 4 *unit(s)*
- POLS 111 - Political Movements 4 *unit(s)*
- POLS 114 - Introduction to Public Administration 3 *unit(s)*
- POLS 121A - Constitutional Law: Institutional Powers 4 *unit(s)*
- POLS 122 - Judicial Politics 4 *unit(s)*
- POLS 130 - American Public Policy 4 *unit(s)*

Comparative Politics (4 units)

Complete one course:

- POLS 141 - Politics of Post-Communist Countries 4 *unit(s)*

- POLS 142 - African Politics *4 unit(s)*
- POLS 144 - Middle Eastern Politics *4 unit(s)*
- POLS 145 - Asian Politics *4 unit(s)*
- POLS 146 - Latin American Politics *4 unit(s)*
- POLS 147 - Globalization *4 unit(s)*
- POLS 148 - Nationalism and Comparative Political Cultures *4 unit(s)*

International Relations (4 units)

Complete one course:

- POLS 152A - International Organizations and NGOs *4 unit(s)*
- POLS 153 - European Union *4 unit(s)*
- POLS 154 - U.S. Foreign Policy: Formulation and Administration *4 unit(s)*
- POLS 155 - The Wealth of Nations *4 unit(s)*
- POLS 157 - International Security *4 unit(s)*

Political Thought (3 units)

Complete one course:

- POLS 160A - Classical Political Thought *3 unit(s)*
- POLS 160B - Modern Political Thought *3 unit(s)*
- POLS 160C - Recent Political Thought *3 unit(s)*
- POLS 163 - American Political Thought *3 unit(s)*

Additional Upper Division Courses (13-16 units)

Upper Division Electives (9-12 units)

Three additional upper division courses from POLS 102-POLS 199 (except POLS 120, POLS 150 or POLS 170V).

Capstone Course (4 units)

A grade of C- or better is required. Complete one course:

- POLS 181C - Internship Capstone *4 unit(s)*
- POLS 190 - Senior Seminar *4 unit(s)*

University Electives (26-30 units)

Students may choose Political Science or other electives.

Total Units Required (120 units)

Psychology, BA

The undergraduate degree, offered by the Department of Psychology, assures a broad coverage of the major areas of content and methods in psychology identified by the American Psychological Association as the backbone of a strong degree program. The goal of the breadth part of the degree requirements is to provide a strong background in general psychology. In addition, sufficient flexibility is offered through choices in fulfilling these requirements and

through the electives so that students, in consultation with their advisors, can design a program of study which focuses on each student's particular area of interest.

A carefully prepared multi-year program of study will ensure an appropriate sequencing of required courses (e.g., BIOL 21 or BIOL 65 is a prerequisite to PSYC 30, STAT 95 is a prerequisite to PSYC 18 and PSYC 100W, PSYC 100W is a prerequisite for PSYC 118, PSYC 118 is also a pre- or co-prerequisite for PSYC 190/PSYC 195). Use advisor's expertise and the MyGPS planning tools for GE, SJSU Studies, and American Institutions course selection to ensure a strong foundation for future coursework. Seeking advising is especially important for those at risk for probation, those in the honors program, and those planning to go on to graduate school in psychology. The two and four-year planners give additional guidance in designing a particular program of study including suggestions about the order in which to take classes even if they are not governed by official prerequisite requirements. All of these materials as well as the extra coursework and other requirements for Departmental Honors are available on the department website or the department office.

Once declared as a psychology major, there are no minimum grade requirements for any particular course in the major other than a C- or better for the lower division statistics requirement, a C or better for PSYC 100W, and an overall 2.0 average across the courses in the major (i.e., a D- can "count" towards meeting psychology requirements even if it does not count towards General Education requirements).

The registration system may allow registration in a course prior to completion of the posted lower division prerequisite(s)-such enrollment neither removes the expectation for completion of the prerequisite prior to taking the course nor removes the prerequisite coursework from the students' anticipated program of study. This is particularly relevant regarding BIOL 21/BIOL 65 prior to PSYC 30 and PSYC 18 and PSYC 100W prior to PSYC 118.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	41
Major Preparation	3-4
Major Requirements	48
University Electives	27-28
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or Specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (3-4 units)

Complete one course from:

- BIOL 21 - Human Biology 3 *unit(s)* (B2+B3)
- BIOL 65 - Human Anatomy 4 *unit(s)* (B2+B3)
- BIOL 65O - Human Anatomy 4 *unit(s)* (B2+B3)

Major Requirements (48 units)

Lower Division Core (12 units)

- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- PSYC 18 - Introduction to Research Methods 3 *unit(s)*
- PSYC 30 - Introductory Psychobiology 3 *unit(s)*
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (*UNVS 15 may be used in lieu of the statistics course required by this major. A grade of C- or better is required to meet this statistics requirement.*)

Upper Division Core (27 units)

- PSYC 100W - Writing Workshop 3 *unit(s)* (WID)
- PSYC 118 - Advanced Research Methods in Psychology 3 *unit(s)* OR PSYC 120 - Advanced Research Methods and Design 4 *unit(s)*

Complete One Course From:

- PSYC 102 - Psychology of Childhood 3 *unit(s)*
- PSYC 112 - Psychology of Adolescence 3 *unit(s)*
- PSYC 114 - Psychology of Aging 3 *unit(s)*

Complete Two Courses From:

- PSYC 129 - Neuroscience 3 *unit(s)*
- PSYC 135 - Cognition 3 *unit(s)*
- PSYC 155 - Human Learning 3 *unit(s)*
- PSYC 158 - Perception 3 *unit(s)*

Complete One Course From:

- PSYC 110 - Adult Psychopathology 3 *unit(s)*
- PSYC 142 - Child Psychopathology 3 *unit(s)*

Complete One Course From:

- PSYC 139 - Psychology of Personality 3 *unit(s)*
- PSYC 154 - Social Psychology 3 *unit(s)*

Complete One Course From:

- PSYC 117 - Psychological Tests and Measures 3 *unit(s)*
- STAT 115 - Intermediate Statistics 3 *unit(s)*

Complete One Course From:

- PSYC 190 - Current Issues Capstone 3 *unit(s)*
- PSYC 195 - Honors Seminar in Psychology 3 *unit(s)*

Psychology Electives (9 units)

In addition to any course with a Psychology or Statistics prefix not used elsewhere within the Psychology, BA major program, other courses that can be used as Psychology Elective units include: BIOL 129, ENGR 120, GERO 114, JS 161, KIN 167, PH 126, PH 145, POLS 177, SOCI 145.

- Three units of upper or lower division psychology courses 3 *unit(s)*
- Six units of upper division psychology courses 6 *unit(s)*

PSYC 191 satisfies SJSU Studies Area S

University Electives (27-28 units)

Total Units Required (120 units)

Social Science, Preparation for Teaching (Single Subject), BA

This major is designed for students interested in teaching history, political science (government), economics, or ethnic studies in high school or middle school. The following course work satisfies San José State University's requirements for a BA in Social Science Preparation for Teaching. The BA Social Science Preparation for Teaching, offered by the Department of History, is an approved program by the California Commission on Teacher Credentialing (CCTC). Students completing the program qualify for a waiver of the subject matter examination (CSET for Social Science) required to earn a teaching credential.

Maintaining a minimum grade point average (GPA) of at least 2.75 and completion of the program will not guarantee admission to the credential program. Like all other applicants, students must meet credential program standards and undergo screening for admission. See How to Become a Teacher for information on application and admission to credential programs.

Summary of Degree Units

University Graduation Requirements	38
Major Requirements	64-66
University Electives	16-18
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (33 units)

Of the 39 units required by the university, 6 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions

The 6 units of American Institutions (US123) requirement may be satisfied in the major (if identified below) or by transfer from a community college or university. Other courses meet the American Institutions requirement, but may not include additional GE areas.

Consult major advisor for department recommended coursework to meet GE requirement.

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (64-66 units)

Lower Division (15 units)

- HIST 1A - World History to 1500 3 *unit(s)* (D)
- HIST 1B - World History from 1500 3 *unit(s)* (D)
- HIST 99 - History Fundamentals 3 *unit(s)*

Complete One Sequence

Complete one sequence of U.S. History and Government courses from:

African American U.S. History & Government

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American U.S. History and Government

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano U.S. History and Government

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government

- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)

Upper Division Core (49-51 units)

- CCS 185 - Teaching in a Diverse Society 3 *unit(s)*
- ECON 109 - Analysis of Economic Issues for Teachers 3 *unit(s)*
- HIST 100W - History Writers' Workshop 3 *unit(s)* (WID)
- POLS 101 - American Government for Teachers 3 *unit(s)*
- SOCS 137 - California History for Teachers 3 *unit(s)*
- SOCS 138 - US History for Teachers 3 *unit(s)* (S)
- SOCS 139 - World History for Teachers 3 *unit(s)* (V)
- SOCS 195 - Social Science Teacher Preparation 3 *unit(s)*
- SOCI 177 - Sociology of Education 3 *unit(s)*
- Six Upper Division U.S. History Courses (approved by Social Science Teacher Preparation Advisor) 22-24 *unit(s)*

University Electives (16-18 units)

Students are strongly encouraged to take elective courses in or pursue a minor in History.

Total Units Required (120 units)

Sociology, BA

The BA in Sociology, offered by the Department of Sociology and Interdisciplinary Social Sciences, educates students about social processes that create, maintain, and transform social institutions and social identities. Sociology provides a framework for understanding social behavior in groups, social change and inequality in society, and solutions to social problems. Analytical and research skills speak to the needs of a changing world. The degree offers students the widest flexibility in terms of future career choices.

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (42 units)

Core Courses (27 units)

- SOCI 1 - Introduction to Sociology 3 *unit(s)* (D)
- SOCI 80 - Social Problems 3 *unit(s)* (D)
- SOCI 100W - Writing Workshop 3 *unit(s)* (WID)
- SOCI 101 - Social Theory 3 *unit(s)*
- SOCI 104 - Quantitative Research Methods 3 *unit(s)*
- SOCI 105 - Qualitative Research Methods 3 *unit(s)*
- SOCI 116 - Global Society 3 *unit(s)*

Statistics Course (3 units)

Complete one course:

- SOCI 15 - Statistical Applications in the Social Sciences 3 *unit(s)* (B4) (UNVS 15 may be used in lieu of the statistics course required by this major)

Complete one course (3 units):

- SOCI 105B - Advanced Qualitative Research Methods 3 *unit(s)*
- SOCI 181B - Sociology Career Capstone 3 *unit(s)*

Additional Requirements (15 units)

Complete one course (3 units):

- SOCI 118 - Sociology of Human Rights and Social Justice 3 *unit(s)*
- SOCI 140 - Sociology of Media 3 *unit(s)*
- SOCI 146 - Work, Power, and Leisure 3 *unit(s)*
- SOCI 160 - Immigration and Identity 3 *unit(s)*
- SOCI 161 - City Life 3 *unit(s)*
- SOCI 162 - Race and Ethnic Relations 3 *unit(s)* (S)
- SOCI 163 - Social Change 3 *unit(s)*
- SOCI 164 - Social Action 3 *unit(s)*
- SOCI 165 - Poverty, Wealth and Privilege 3 *unit(s)*
- SOCI 166 - Medical Sociology 3 *unit(s)*
- SOCI 169 - Political Sociology 3 *unit(s)*
- SOCI 177 - Sociology of Education 3 *unit(s)*

Complete one course (3 units):

- SOCI 151 - Violence in the Family 3 *unit(s)*
- SOCI 154 - Sociology and Non-Conforming Behavior 3 *unit(s)*
- SOCI 170 - Sociology of Family 3 *unit(s)*
- SOCI 171 - Person and Society 3 *unit(s)*
- SOCI 172 - Lesbian, Gay, Bi, Transgender Studies 3 *unit(s)*
- SOCI 173 - Socialization and Identity 3 *unit(s)*
- SOCI 174 - Sexualities 3 *unit(s)*
- SOCI 175 - Sociology of Masculinities and Femininities 3 *unit(s)*
- SOCI 176 - Sociology of Everyday Life 3 *unit(s)*
- SOCI 178 - Sociology of Childhood 3 *unit(s)*

Upper Division Sociology Courses (9 units):

- Select any additional three upper division Sociology courses including those listed above* 9 *unit(s)*

University Electives (34 units)

A minor is strongly recommended.

Total Units Required (120 units)

*SOCI 120, SOCI 180, SOCI 181, SOCI 196 (Experimental Courses) and SOCI 199H may be applied to the major when they have direct relevance; such relevance is determined by an advisor.

Double major or double concentration requirements: contact the Department of Sociology and Interdisciplinary Social Sciences for an appointment with a department advisor.

Sociology, Community Change Concentration, BA (Not Accepting Students)

The Department of Sociology and Interdisciplinary Social Sciences (SISS) educates students about the social processes that create, maintain, and transform our society. The major uses sociological foundations and applications as well as interdisciplinary approaches to the study of society and in teacher education training. Sociologists analyze

how social institutions and social structures such as the economy, politics, education, the family, mass media, and the criminal justice system affect individuals in society. The major provides students with the skills and knowledge to navigate the social, political, economic, historical and cultural issues that build and sustain effective leadership in our complex global society.

- SOCI 101 - Social Theory 3 unit(s)
- SOCI 100W - Writing Workshop 3 unit(s) (WID)
- SOCI 104 - Quantitative Research Methods 3 unit(s)
- SOCI 105 - Qualitative Research Methods 3 unit(s)
- SOCI 116 - Global Society 3 unit(s)

Statistics Course

Complete one course:

- SOCI 15 - Statistical Applications in the Social Sciences 3 unit(s) (B4) (UNVS 15 may be used in lieu of the statistics course required by this major.)

Complete One Course From:

- SOCI 105B - Advanced Qualitative Research Methods 3 unit(s)
- SOCI 181B - Sociology Career Capstone 3 unit(s)

Community Change Concentration (15 units)

- SOCI 163 - Social Change 3 unit(s)
- SOCI 164 - Social Action 3 unit(s)

Complete Three Courses From:

- SOCI 57 - Community Involvement and Personal Growth 3 unit(s) (E)
- SOCI 118 - Sociology of Human Rights and Social Justice 3 unit(s)
- SOCI 120 - Contemporary Social Issues 3 unit(s)
- SOCI 146 - Work, Power, and Leisure 3 unit(s)
- SOCI 160 - Immigration and Identity 3 unit(s)
- SOCI 161 - City Life 3 unit(s)
- SOCI 162 - Race and Ethnic Relations 3 unit(s) (S)
- SOCI 165 - Poverty, Wealth and Privilege 3 unit(s)
- SOCI 166 - Medical Sociology 3 unit(s)
- SOCI 169 - Political Sociology 3 unit(s)
- SOCI 171 - Person and Society 3 unit(s)
- SOCI 199H - Senior Honors Project 1-4 unit(s)

University Electives (37 units)

A minor is strongly recommended.

Total Units Required (120 units)

*SOC1 120, SOC1 180, SOC1 181, SOC1 196 (Experimental Courses) and SOC1 199H may be applied to the major when they have direct relevance to the concentration; such relevance is determined by approval of an advisor.

Sociology, Race and Ethnic Studies Concentration, BA (Not Accepting Students)

The Department of Sociology and Interdisciplinary Social Sciences (SISS) educates students about the social processes that create, maintain, and transform our society. The major uses sociological foundations and applications as well as interdisciplinary approaches to the study of society and in teacher education training. Sociologists analyze how social institutions and social structures such as the economy, politics, education, the family, mass media, and the criminal justice system affect individuals in society. The major provides students with the skills and knowledge to navigate the social, political, economic, historical and cultural issues that build and sustain effective leadership in our complex global society.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	44
Major Core Requirements	27
Concentration Requirements	15-16
University Electives	33-34
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (30 units)

Of the 39 units required by the university, 9 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)

- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (42-43 units)

Core Courses (27 units)

- SOCI 1 - Introduction to Sociology 3 *unit(s)* (D)
- SOCI 15 - Statistical Applications in the Social Sciences 3 *unit(s)* (B4) (UNVS 15 may be used in lieu of the statistics course required by this major.)
- SOCI 80 - Social Problems 3 *unit(s)* (D)
- SOCI 100W - Writing Workshop 3 *unit(s)* (WID)
- SOCI 101 - Social Theory 3 *unit(s)*
- SOCI 104 - Quantitative Research Methods 3 *unit(s)*
- SOCI 105 - Qualitative Research Methods 3 *unit(s)*
- SOCI 116 - Global Society 3 *unit(s)*

Complete One Course From:

- SOCI 105B - Advanced Qualitative Research Methods 3 *unit(s)*
- SOCI 181B - Sociology Career Capstone 3 *unit(s)*

Race and Ethnic Studies Courses (15-16 units)

Concentration Core (3 units)

Complete one course from:

- AAS 185 - Ethnic Studies Methodologies 3 *unit(s)*
- SOCI 162 - Race and Ethnic Relations 3 *unit(s)* (S)

Race and Ethnic Studies Breadth (12-13 units)

Complete one course from each of the following areas:

Area 1- Asian American Studies (3-4 units)

- AAS 125 - Filipino Experience in the United States 3 *unit(s)*
- AAS 170 - Special Topics in Asian American Studies 3 *unit(s)*
- AAS 175 - Asian American Communities 3 *unit(s)* (S)
- AAS 186 - Southeast Asian Diaspora in the US 3 *unit(s)*
- An upper division AAS Courses 3-4 *unit(s)*

Area 2- African American Studies (3 units)

- AFAM 112 - Black Immigrant Communities 3 *unit(s)*
- AFAM 120 - Sociology of Black Communities 3 *unit(s)*
- AFAM 125 - Black Kinship in the US - Black Families Past and Present 3 *unit(s)*
- AFAM 134 - The Black Civil Rights Movements 3 *unit(s)*

Area 3- Chicana and Chicano Studies (3 units)

- CCS 115 - Chicana/o Families 3 *unit(s)*
- CCS 120 - Political Economy and Chicana/o Communities 3 *unit(s)*
- CCS 125 - Chicana/o Community Studies 3 *unit(s)*
- CCS 127 - Chicanas/os and the Criminal Justice System 3 *unit(s)*
- CCS 130 - Chicanas and Chicanos in American Society 3 *unit(s)* (S)
- CCS 135 - Contemporary Chicana/o Issues 3 *unit(s)*

Area 4- Native American Studies (3 units)

- ANTH 164 - North America before 1492 3 *unit(s)*
- ANTH 175 - Anthropology of Native America 3 *unit(s)*
- ANTH 176 - Native California: Past and Present 3 *unit(s)*
- SOCI 142 - Critical Native American Studies 3 *unit(s)*

University Electives (33-34 units)

A minor is strongly recommended.

Total Units Required (120 units)

*SOCI 120, SOCI 180, SOCI 181, SOCI 196 (Experimental Courses) and SOCI 199H may be applied to the concentration when they have direct relevance; such relevance is determined by an advisor.

Women, Gender, and Sexuality Studies, BA

The Women, Gender, and Sexuality Studies (WGSS) Program, offered by the Department of Sociology and Interdisciplinary Social Sciences at San Jose State, is committed to interdisciplinary scholarship and teaching based on global feminist frameworks. WGSS curriculum investigates how lives are shaped by gender and gender identity, race, class, sexuality, and nation. The program emphasizes the importance of understanding gender as integral to social and political structures of power. Students will obtain skills to cultivate critical thinking, cultivation of dialogue, coalition building, appreciation of diversity, and contribution to social change based on feminist frameworks. The goal of the WGSS program includes integrating the academic and experiential, thereby contributing to social change and justice.

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (39 units)

Core Courses (18 units)

- WGSS 10 - Women, Gender, and Sexuality Studies 3 *unit(s)* (D)
- WGSS 20 - Women of Color in the U.S. 3 *unit(s)* (D)

- SOCI 100W - Writing Workshop 3 *unit(s)* (WID)
- SOCI 105 - Qualitative Research Methods 3 *unit(s)*
- WGSS 101 - Sex, Power, and Politics 3 *unit(s)* (S)
- WGSS 102 - The Global Study of Women 3 *unit(s)* (V)

Complete Four Courses (12 units)

- WGSS 112 - Women in the Global Economy 3 *unit(s)*
- WGSS 114 - Politics of Mothering and Reproduction 3 *unit(s)*
- WGSS 135 - Trans Studies: Identities, Embodiment, & Politics 3 *unit(s)*
- WGSS 160 - Queering Gender, Race, and Class 3 *unit(s)*
- WGSS 169 - Sexualities and the Body 3 *unit(s)*
- WGSS 189 - Feminist Perspectives on Gender and Religion 3 *unit(s)*

Major Electives (9 units)

Complete 3 courses:

- CCS 160 - Gender and Sexuality in the Chicana/o Community 3 *unit(s)* (S)
- SOCI 170 - Sociology of Family 3 *unit(s)*
- SOCI 172 - Lesbian, Gay, Bi, Transgender Studies 3 *unit(s)*
- SOCI 174 - Sexualities 3 *unit(s)*
- WGSS 107 - Psychology of Women 3 *unit(s)*
- WGSS 121 - Philosophy and Feminism 3 *unit(s)*
- WGSS 131 - Gender, Sexuality, and Religion 3 *unit(s)*
- WGSS 156 - Black Women's Writing 3 *unit(s)*
- WGSS 175 - Sociology of Masculinities and Femininities 3 *unit(s)*
- WGSS 180 - Individual Studies 1-4 *unit(s)*
- WGSS 190 - Internship 1-4 *unit(s)*

University Electives (37 units)

A minor is strongly recommended.

Total Units Required (120 units)

Undergraduate Minor(s)

African American Studies Minor

The African American Studies minor consists of 18 semester units with courses emphasizing the humanities and social sciences. The interdepartmental structure of this minor will enable students, while pursuing degrees in specific disciplines, to interface more efficiently with African Americans and other persons of African racial and ethnic heritage.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Required Courses (9 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)
- AFAM 22 - The Humanities in African American Culture 3 *unit(s)* (F) OR AFAM 25 - The Changing Majority: Power and Ethnicity in America (F)

Upper Division Electives (9 units)

Chosen to complement the major. At least 3 units must have the AFAM prefix (see department Chair or minor advisor for specific information).

Total Units Required (18 units)

African Studies Minor

The Minor in African Studies is offered by the Department of African American Studies.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Core Courses (6 units)

- AFAM 40 - African Origins 3 *unit(s)*
- AFAM 111 - African Nations: History, Politics, and Culture 3 *unit(s)*

Elective Courses (9 units)

Complete nine units from:

- AFAM 112 - Black Immigrant Communities 3 *unit(s)*
- AFAM 119 - Africana Philosophy and Culture 3 *unit(s)*
- ENGL 123B - Literatures of Africa 3 *unit(s)* (V)

- POLS 142 - African Politics 4 *unit(s)*
- Other courses in consultation with advisor

Total Units Required (15 units)

Anthropology Minor

The Department of Anthropology offers an anthropology minor, which complements any career in which understanding human behavior is important. It is especially relevant to business majors and pre-professional students preparing for careers in law, medicine, or social work. Anthropology minors learn many useful skills including cultural competency, critical thinking, research design, and professional writing skills that are increasing in demand in private-public, and non-profit organizations. Many students minor in anthropology simply because they find that learning about the human species is interesting and enjoyable.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

- Four upper division anthropology electives (advisor consultation available) 12 *unit(s)*

Complete Two Courses From:

- ANTH 11 - Cultural Anthropology 3 *unit(s)* (D)
- ANTH 12 - Introduction to Human Evolution 3 *unit(s)* (B2)
- ANTH 13 - Archaeology 3 *unit(s)* (A3)

Total Units Required (18 units)

Applied Research Methods Minor

The interdisciplinary Minor in Applied Research Methods (ARM), offered by the Department of Political Science, is designed to prepare students for careers involving social research and data analysis. The ARM Minor provides students with a broad understanding of research methods, including both quantitative and qualitative approaches and techniques such as surveys, experiments, interviews, focus groups, ethnography, and content analysis. Students in the ARM Minor will learn to apply these research skills to socially relevant issues, combining theoretical background with hands-on skills practice. The ARM Minor provides an ideal complement to the programs of students from a variety of social sciences, business, and applied sciences and arts disciplines.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the

coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (3 units)

Introductory Statistics (3 units)

Complete one course from:

- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)
- PH 67 - Introductory Health Statistics 3 *unit(s)* (B4)
- JS 15 - Introductory Statistics in Justice Studies 3 *unit(s)* (B4)
- SOCI 15 - Statistical Applications in the Social Sciences 3 *unit(s)* (B4)
- UNVS 15 - Statway: Statistics-Concepts & Methods 3 *unit(s)* (B4) (Or other introductory statistics course approved by Minor Coordinator)

Minor Requirements (12-16 units)

Intermediate Statistics (3-4 units)

Complete one course from:

- ECON 103A - Introduction to Econometrics and Research Methods 4 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*
- STAT 115 - Intermediate Statistics 3 *unit(s)*

Quantitative Methods (3-4 units)

Complete one course from:

- COMM 155I - Quantitative Communication Inquiry 4 *unit(s)*
- ECON 108 - Cost-Benefit Analysis 4 *unit(s)*
- JS 114 - Research Methods in Justice Studies 3 *unit(s)*
- MATH 161B - Applied Probability and Statistics II 3 *unit(s)*
- POLS 100M - Political Inquiry 4 *unit(s)*
- PSYC 117 - Psychological Tests and Measures 3 *unit(s)*
- SOCI 104 - Quantitative Research Methods 3 *unit(s)*

Qualitative Methods (3-4 units)

Complete one course from:

- ANTH 149 - Ethnographic Methods 3 *unit(s)*
- COMM 156I - Observation and Interviewing Methods 4 *unit(s)*
- COMM 111P - Interviewing 4 *unit(s)*
- COMM 121P - Performance as Practice 4 *unit(s)*
- COMM 150I - Inquiry in Organizational Communication 4 *unit(s)*
- COMM 151I - New Media/New Methods 4 *unit(s)*
- GEOG 135 - Research Methods in Geography 3 *unit(s)*
- JS 117 - Qualitative Research Methods 3 *unit(s)*
- SOCI 105 - Qualitative Research Methods 3 *unit(s)*

Applied Research Methods Electives (3-4 units)

Complete one course from:

- ANTH 105 - Applied Anthropology 3 *unit(s)*
- ENVS 110 - Resource Analysis 4 *unit(s)*
- GEOG 70 - Introduction to Geographic Information Systems 4 *unit(s)*
- ORGS 102 - Organizations, Inquiry & Analysis 4 *unit(s)*

Total Units Required (15-19 units)

Area Studies Minor

The Minor in Area Studies, offered by the Department of History, provides an opportunity for concentrated study in the history, politics, economics, geography, or culture of one of four designated regions of the world.

With the consent of the Area Studies advisor, a student may select courses concerning aspects of one of the following regions - East and Southeast Asia, Africa and the Middle East, Latin America, or Europe (inclusive of Russia) - and global courses from a general list.

The student must complete 9 or more units in one area and 3 units in general courses. See the Area Studies advisor for details.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (12 units)

- Three courses from one of the designated regions 9 *unit(s)*
- East and Southeast Asia
- Africa and the Middle East
- Latin America
- Europe (inclusive of Russia)
- One general course 3 *unit(s)*

Total Units Required (12 units)

Asian American Studies Minor

Program Coordinator: Associate Professor Yvonne Y. Kwan

Office: DMH 213

Phone: 408-924-5258

Email: yvonne.y.kwan@sjsu.edu

The Minor in Asian American Studies (AAS) is offered by the Department of Sociology and Interdisciplinary Social Sciences. AAS is an interdisciplinary Ethnic Studies field that examines the structural and ideological forces that shape the lives of Asian Americans. AAS supports self-determination of Asian American communities through creative expressions, centering of community voices, critical pedagogies, and critical epistemologies. Social justice, equity, and activism undergird our pedagogy and scholarship.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Required Courses (9 units)

- AAS 1 - Introduction to Asian American Studies 3 *unit(s)* (F)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+with AAS 33A, US123)
- AAS 175 - Asian American Communities 3 *unit(s)* (S)

Additional Course (3 units)

Complete one course from:

- AAS 184 - Ethnic Studies Theory 3 *unit(s)*
- AAS 185 - Ethnic Studies Methodologies 3 *unit(s)*

Electives (3 units)

Complete one course from:

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)*
- AAS 125 - Filipino Experience in the United States 3 *unit(s)*
- AAS 158 - Asian American Intersections 3 *unit(s)*
- AAS 159 - Asian American Media Representation and Popular Culture 3 *unit(s)*
- AAS 170 - Special Topics in Asian American Studies 3 *unit(s)*
- AAS 180 - Individual Studies 1-4 *unit(s)*
- AAS 184 - Ethnic Studies Theory 3 *unit(s)*
- AAS 185 - Ethnic Studies Methodologies 3 *unit(s)*
- AAS 186 - Southeast Asian Diaspora in the US 3 *unit(s)*
- AAS 190 - Internship 1-4 *unit(s)*
- AAS 192 - History of Japanese Americans 3 *unit(s)*

Total Units Required (15 units)

Black Women's Studies Minor

The Department of African American Studies is committed to providing students with critical and multidimensional scholarship, teaching, and community service based on Black feminist ideologies and concepts. The Black Women's

Studies minor explores, examines, and engages the intellectual traditions connected to the cultural, historical, philosophical, and social perspectives of the lived experience at the nexus of Blackness and womanhood; topics covered within the minor are interdisciplinary in nature. The minor emphasizes the significance of understanding power and political structures of power through the intersections of race and womanhood. Students will acquire skills in critical thinking, cultivation of dialogue, research development, and contribution to social change based on Black feminist ideologies and concepts. The coursework in the minor focuses on integrating academic and experiential scholarship, teaching, and learning.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Core Courses (9 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)
- AFAM 152 - Black Feminisms 3 *unit(s)* (S)

Elective Courses (6 units)

Complete six units from the list below or select another course in consultation with an advisor:

- AFAM 156 - Black Women's Writing 3 *unit(s)*
- AFAM 166 - Black Women's Histories 3 *unit(s)*
- COMM 176P - Communication and Gender 4 *unit(s)*
- WGSS 20 - Women of Color in the U.S. 3 *unit(s)* (D)
- WGSS 160 - Queering Gender, Race, and Class 3 *unit(s)*

Total Units Required (15 units)

Chicana and Chicano Studies Minor

The Department of Chicana and Chicano Studies offers a minor that is a unique interdisciplinary program of study that supplements any undergraduate major by providing a well-rounded introduction to the Chicana-Latinx community, including its historical, cultural, social, political, and economic context. Coursework supports major programs in economics, business, politics, culture, education, personnel management, marketing, psychology/counseling, community development, public administration, and fine arts.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Complete eighteen units from:

No more than 3 lower-division courses may be counted towards the 18 units. It is possible to complete the minor with only Upper Division courses.

Must complete the entire CCS 10A and CCS 10B sequence to meet the American Institutions requirement.

Substitute courses approved by the undergraduate advisor or Chair

- CCS 1 - Introduction to Chicana and Chicano Studies 3 unit(s)
- CCS 2 - Library Studies 1 unit(s)
- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 unit(s) (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 unit(s) (D+US123)
- CCS 25 - The Changing Majority: Power and Ethnicity in America 3 unit(s) (F)
- CCS 30 - Race and Ethnicity in Public Space 3 unit(s) (F)
- CCS 40 - Chicana/o Theater: Social Justice Performance Art 3 unit(s)
- CCS 74 - Public Address 3 unit(s) (A1)
- CCS 115 - Chicana/o Families 3 unit(s)
- CCS 120 - Political Economy and Chicana/o Communities 3 unit(s)
- CCS 125 - Chicana/o Community Studies 3 unit(s)
- CCS 127 - Chicanas/os and the Criminal Justice System 3 unit(s)
- CCS 130 - Chicanas and Chicanos in American Society 3 unit(s) (S)
- CCS 135 - Contemporary Chicana/o Issues 3 unit(s)
- CCS 144 - Chicana/o Literature 3 unit(s)
- CCS 147 - Music in Mexican America 3 unit(s)
- CCS 150 - Research Methods 3 unit(s)
- CCS 151 - Theory in Chicana/o Studies 3 unit(s)
- CCS 160 - Gender and Sexuality in the Chicana/o Community 3 unit(s) (S)
- CCS 170 - Chicana/Chicano Film 3 unit(s)
- CCS 175 - Human Migrations: Global Reach 3 unit(s)
- CCS 180 - Individual Studies 1-4 unit(s)
- CCS 185 - Teaching in a Diverse Society 3 unit(s)

Total Units Required (18 units)

Communication in the Information Age Minor

This interdisciplinary minor in Communication in the Information Age, offered by the Department of Communication Studies, provides students the theoretical insights and practical skills necessary to thrive in the information age. The curriculum teaches the basic skills of information retrieval and evaluation; provides insight into contemporary media practices; and explores the intersection of technology, identity, and culture. Completion of this minor means that you can:

- Employ a broad range of resources and information technologies of effective personal, artistic, and professional communication.
- Practice effective principles of information gathering, evaluation, and synthesis while demonstrating awareness of legal, ethical, and practical issues relating to these practices.

- Develop reasoned and well articulated perspectives on contemporary questions related to rights and responsibilities in the information age, with particular awareness of issues related to equity, intellectual property, intellectual freedom, and the ethical responsibilities of media institutions.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Minor Core (7 units)

- MCOM 72 - Mass Communication and Society 3 *unit(s)* (D)
- COMM 181F - New Media/New World 4 *unit(s)*

Electives (11 units)

Complete eleven units from:

- ARTH 72 - Design in Society 3 *unit(s)* (C1)
- ARTH 176A - Graphic Design History and Theory 3 *unit(s)*
- COMM 131P - New Media/You Media 4 *unit(s)*
- COMM 151I - New Media/New Methods 4 *unit(s)*
- RTVF 110 - Media and Culture 3 *unit(s)* (S)

Total Units Required (18 units)

Communication Studies Minor

The minor in Communication Studies complements any major. Whatever your career path, you will need excellent communication skills to succeed.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Students complete 18 units in Communication Studies for the minor; at least 12 of the 18 units must be upper division.

Students can take up to 3 units of the following classes towards their minor.

- COMM 80 - Communication Workshop 1 unit(s) (only 1 unit may count toward minor)
- COMM 91A - Activity Project in Forensics: Intramural Debate 1 unit(s)
- COMM 91J - Judge Training 1 unit(s) (only 1 unit may count toward minor)
- COMM 180 - Individual Studies 1-3 unit(s)
- COMM 184 - Directed Reading 1-2 unit(s)
- COMM 190 - Activity Projects in Speech 1-6 unit(s)
- COMM 190I - Activity Proj in Speech International 1-6 unit(s)
- COMM 191A - Activity Projects in Forensics 1-3 unit(s)
- COMM 191B - Activity Projects in Forensics 1-3 unit(s)
- COMM 191C - Activity Projects in Forensics 1-3 unit(s)
- COMM 191J - Activity Projects in Forensics 1 unit(s)
- COMM 191M - Activity Projects in Forensics 1 unit(s)
- COMM 193 - Activity Projects in Intercultural/International Communication 1-3 unit(s)
- COMM 195 - Special Topics in Communication Studies 1-3 unit(s)

Total Units Required (18 units)

Comparative U.S. Race and Ethnic Relations Minor

The Comparative U.S. Race and Ethnic Relations (CRER) Minor, offered by the Department of African American Studies, is a multi- and interdisciplinary program that examines the historical, cultural, and social formations of power and inequality in the United States. In addition to its emphasis on the comparative histories and experiential knowledge of marginalized racial and ethnic groups in the U.S., including but not limited to Native Americans, Black and African Americans, Latinxs, and Asian Pacific Islander Desi/Americans, this program employs a complex intersectional lens to address issues of social justice, discrimination, settler colonialism, immigration, and racialization.

Advisors

African American Studies: Dr. Wendy Thompson

Sociology and Interdisciplinary Social Sciences (representing Women, Gender, and Sexuality Studies and Asian American Studies): Dr. Yvonne Y. Kwan

Sociology and Interdisciplinary Social Sciences (representing Native American Studies): Dr. Kerri J. Malloy

Chicana and Chicano Studies: Dr. Jonathon Gomez

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Core Course (3 units)

- AFAM 25 - The Changing Majority: Power and Ethnicity in America 3 unit(s)
or
- CCS 25 - The Changing Majority: Power and Ethnicity in America 3 unit(s)

Elective Courses (12 units)

Complete four additional courses in consultation with a CRER minor advisor (via AFAM). Minor advisors will also be available in each of the other contributing departments (i.e., AAS/SOCI/WGSS, ANTH, and CCS) to assist with advising—especially as it pertains to the department/program-specific courses.

No more than two courses from a single ethnic group or program may be selected.

- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)*
- AAS 125 - Filipino Experience in the United States 3 *unit(s)*
- AAS 175 - Asian American Communities 3 *unit(s)*
- AFAM 105 - Race and Health Inequities in the US 3 *unit(s)*
- AFAM 106 - Black Diasporas 3 *unit(s)*
- AFAM 110 - Race and Education in the US 3 *unit(s)*
- AFAM 112 - Black Immigrant Communities 3 *unit(s)*
- AFAM 120 - Sociology of Black Communities 3 *unit(s)*
- AFAM 125 - Black Kinship in the US - Black Families Past and Present 3 *unit(s)*
- AFAM 130 - Black Perspectives in Psychology - Black Psychology 3 *unit(s)*
- AFAM 134 - The Black Civil Rights Movements 3 *unit(s)*
- AFAM 137 - Introduction to Black Religion 3 *unit(s)*
- AFAM 142 - Race, Justice, and the Legal System 3 *unit(s)*
- AFAM 151 - Race, Class and the Environment 3 *unit(s)* (R)
- ANTH 175 - Anthropology of Native America 3 *unit(s)*
- ANTH 176 - Native California: Past and Present 3 *unit(s)*
- CCS 105 - Chicanos: United States/Mexico Relations 3 *unit(s)*
- CCS 115 - Chicana/o Families 3 *unit(s)*
- CCS 120 - Political Economy and Chicana/o Communities 3 *unit(s)*
- CCS 125 - Chicana/o Community Studies 3 *unit(s)*
- CCS 127 - Chicanas/os and the Criminal Justice System 3 *unit(s)*
- CCS 130 - Chicanas and Chicanos in American Society 3 *unit(s)*
- CCS 135 - Contemporary Chicana/o Issues 3 *unit(s)*
- CCS 144 - Chicana/o Literature 3 *unit(s)*
- CCS 152 - The Story of Chicano Spanish 3 *unit(s)*
- CCS 160 - Gender and Sexuality in the Chicana/o Community 3 *unit(s)*
- CCS 170 - Chicana/Chicano Film 3 *unit(s)*
- CCS 175 - Human Migrations: Global Reach 3 *unit(s)*
- CCS 185 - Teaching in a Diverse Society 3 *unit(s)*
- SOCI 142 - Critical Native American Studies 3 *unit(s)*
- WGSS 20 - Women of Color in the U.S. 3 *unit(s)*
- WGSS 112 - Women in the Global Economy 3 *unit(s)*
- WGSS 114 - Politics of Mothering and Reproduction 3 *unit(s)*
- WGSS 160 - Queering Gender, Race, and Class 3 *unit(s)*

Total Units Required (15 units)

Economics Minor

The Minor in Economics is offered by the Department of Economics. Students from many majors find a minor in economics to be a useful complement to their main area of study.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Lower Division Courses (6 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s) (D)*

Upper Division Courses (12 units)

The department recommends that a minimum of 12 units of upper division in the minor be taken in residence.

Total Units Required (18 units)

Environmental Impact Assessment Minor

The Minor in Environmental Impact Assessment is offered by the Department of Environmental Studies.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (24 units)

- ENVS 10 - Life on a Changing Planet 3 *unit(s) (B2)*
- ENVS 124 - Introduction to Environmental Law 3 *unit(s)*
- ENVS 151 - Race, Class and the Environment 3 *unit(s) (R)*
- ENVS 185 - Environmental Impact Analysis 4 *unit(s)*
- ENVS 190 - Advanced Environmental Impact Assessment 4 *unit(s)*

Complete one course:

- ENVS 119 - Energy and the Environment 3 *unit(s) (R)*
- ENVS 128 - Water Resource Management 3 *unit(s)*
- ENVS 129 - Water Policy in the Western U.S. 3 *unit(s)*

Complete one course:

- ENVS 144 - California Wetland Controversies 4 *unit(s)*
- ENVS 161 - California Wildlands 4 *unit(s)*
- ENVS 173 - Forest Ecology and Conservation 4 *unit(s)*
- ENVS 187 - Environmental Restoration 4 *unit(s)*
- ENVS 270 - Field Studies in Water Resource Management 4 *unit(s)*

Total Units Required (24 units)

Environmental Justice Minor

The Minor in Environmental Justice is offered by the Department of Environmental Studies.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

- ENVS 127 - Community-Based Participatory Research 3 *unit(s)*
- ENVS 150 - Introduction to Environmental Thought 3 *unit(s)* (S)
- ENVS 151 - Race, Class and the Environment 3 *unit(s)* (R)

Complete one course:

- ENVS 1 - Introduction to Environmental Issues 3 *unit(s)* (A3)
- AFAM 25 - The Changing Majority: Power and Ethnicity in America 3 *unit(s)* (D)

Complete one course:

- ENVS 119 - Energy and the Environment 3 *unit(s)* (R)
- ENVS 122 - Borderlands and the Environment 3 *unit(s)*
- ENVS 124 - Introduction to Environmental Law 3 *unit(s)*
- ENVS 129 - Water Policy in the Western U.S. 3 *unit(s)*
- ENVS 140 - Politics and the Environment 3 *unit(s)*
- ENVS 159 - Nature and World Cultures 3 *unit(s)* (V)

Complete one course:

- AFAM 130 - Black Perspectives in Psychology - Black Psychology 3 *unit(s)*
- AFAM 133 - Introduction to Social Issues in Planning 4 *unit(s)*
- AFAM 142 - Race, Justice, and the Legal System 3 *unit(s)*
- AFAM 145 - Race, Policy, and Urban Cities 4 *unit(s)*
- AFAM 159 - The Racial Wealth Gap in America 3 *unit(s)* (S)
- AFAM 160 - Black Political Power in the US 3 *unit(s)*

Total Units Required (18 units)

Environmental Restoration Minor

The Minor in Environmental Restoration Minor is offered by the Department of Environmental Studies.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (24 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2B3)
- ENVS 144 - California Wetland Controversies 4 *unit(s)*
- ENVS 154 - Sustainable Agriculture 4 *unit(s)*
- ENVS 173 - Forest Ecology and Conservation 4 *unit(s)*
- ENVS 187 - Environmental Restoration 4 *unit(s)*
- ENVS 191 - Advanced Environmental Restoration 4 *unit(s)*

Total Units Required (24 units)

Environmental Studies Minor

The Minor in Environmental Studies is offered by the Department of Environmental Studies for students who are not majoring with a BA or BS in Environmental Studies.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (19 units)

- ENVS 1 - Introduction to Environmental Issues 3 *unit(s)* (A3)
- ENVS 124 - Introduction to Environmental Law 3 *unit(s)*
- ENVS 185 - Environmental Impact Analysis 4 *unit(s)*
- Two Advisor-approved electives 6 *unit(s)*

Complete One Course From:

- ENVS 107 - Introduction to Environmental Economics and Policy 4 *unit(s)*

- ENVS 119 - Energy and the Environment 3 *unit(s)* (R)

Total Units Required (19 units)

Forensic Studies Minor

The Minor in Forensic Studies, offered by the Department of Justice Studies, will appeal to students in majors across the university and has practical applications in the areas of law, law enforcement, engineering, computer science, accounting, chemistry, biology, nursing, medicine, and anthropology.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirement (15 units)

Required Courses (9 units)

- FS 11 - Survey of Forensic Science 3 *unit(s)*
- FS 161 - Crime Scene Investigation 3 *unit(s)*
- FS 162 - Forensic Science Applications 3 *unit(s)*

Additional Courses (6 units)

ANY UPPER-DIVISION FORENSIC SCIENCE COURSE may be used as an elective, or any course from the list below. Other courses not on this list may be utilized with approval from the Minor Coordinator.

- ANTH 157 - Forensic Anthropology 3 *unit(s)*
- JS 143 - Criminal Evidence and Procedure 3 *unit(s)*
- PHIL 133 - Ethics in Science 3 *unit(s)* (V)
- PHIL 160 - Philosophy of Science 3 *unit(s)* (R)
- PHOT 110 - Black and White Photography 3 *unit(s)*
- PSYC 110 - Adult Psychopathology 3 *unit(s)*
- PSYC 129 - Neuroscience 3 *unit(s)*
- PSYC 153 - Psychology in the Courtroom 3 *unit(s)*

Total Units Required (15 units)

Geographic Information Science Minor

The Minor in Geographic Information Science, offered by the Department of Urban and Regional Planning enables students interested in Geographic Information Science to include that experience in their undergraduate programs.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (14 units)

- GEOG 70 - Introduction to Geographic Information Systems 4 *unit(s)*
- GEOG 171 - Advanced Geographic Information Systems 4 *unit(s)*

Elective Courses (minimum of 6 units)

Students must complete two GIS technology courses.

- GEOG 107 - Mapping the World 3 *unit(s)*
- GEOG 172 - Cartography and Data Visualization 3 *unit(s)*
- GEOG 173 - Drones and Spatial Data Collection 3 *unit(s)*
- GEOG 178 - Participatory GIS 3 *unit(s)*
- GEOG 181 - Introduction to Remote Sensing 3 *unit(s)*
- GEOG 182 - Programming for GIS 3 *unit(s)*
- GEOG 195 - Open Source GIS 3 *unit(s)*
- URBP 148 - Introduction to Spatial Visualization Technology in Urban Planning 1-4 *unit(s)*

Total Units Required (14 units)

Geography Minor

The Minor in Geography, offered by the Department of Urban and Regional Planning, enables students interested in the broader field of Geography to include that experience in their undergraduate programs.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (13 units)

Required Courses (10 units)

- GEOG 1 - Physical Geography 3 *unit(s)* (B1)
- GEOG 70 - Introduction to Geographic Information Systems 4 *unit(s)*

Complete One Course From:

- GEOG 10 - Cultural Geography 3 *unit(s)* (D)
- GEOG 12 - World Regional Geography 3 *unit(s)* (D)

Elective Courses (3 units)

Students must complete one course from a Geography subdiscipline.

- GEOG 105 - Urban Geography 3 *unit(s)*
- GEOG 107 - Mapping the World 3 *unit(s)*
- GEOG 110 - Urbanization in the Global South 3 *unit(s)*
- GEOG 112 - Nations, Cultures & Globalization 3 *unit(s)*
- GEOG 113 - Global Cities 3 *unit(s)*
- GEOG 115 - Global Development 3 *unit(s)*
- GEOG 121 - Population and Global Change 3 *unit(s)*
- GEOG 124 - Special Topics in Geography 3 *unit(s)*
- GEOG 130 - Natural Resources 3 *unit(s)*
- GEOG 140 - The United States 3 *unit(s)*

Total Units Required (13 units)

Global Studies Minor

SJSU's Department of Environmental Studies offers the Minor in Global Studies as an interdisciplinary program that encourages students to look at the world holistically. The tremendous international migration of people, movements of goods, technology transfers, and mixing of cultures makes it important to study the world as a human community in ways we haven't considered in the past. The program is designed to train future leaders to grapple with some of the most pressing issues of our time, from a global perspective. The focus of our program on studying global issues from multiple perspectives provides students the intellectual foundation and the analytical and communication skills to prepare for careers in government, education, NGOs, international development agencies, international philanthropic organizations, law, consulting, global health organizations, writing, and graduate study. We are the only Global Studies program in the San Francisco Bay Area and one of the few in the CSU system that offers an interdisciplinary program that includes a suite of core courses in Global Studies. Global Studies is a relatively new field and our program is at the leading edge of shaping this field for the future.

Students may complete a minor in Global Studies by completing 15 units of lower and upper-division core coursework in Global Studies.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Complete One Course From:

- GLST 1A - Introduction to Global Studies 3 *unit(s)*

- GLST 1B - Introduction to Global Studies 3 *unit(s)* (B2)

Complete One Course From:

- GLST 188 - Special Topics in International Experiences 3 *unit(s)* (V)
- GLST 189 - Global Experience 1-3 *unit(s)*

Complete Three Courses From:

- GLST 143 - Gender, Power, Intl Dev 3 *unit(s)* (V)
- GLST 156 - Technology of the Modern World 3 *unit(s)*
- GLST 162 - Contemporary Global Issues 3 *unit(s)*
- GLST 164 - Advanced Seminar in Global Citizenship 3 *unit(s)*
- GLST 167 - Changing Ecologies of Globalization 3 *unit(s)* (R)

Total Units Required (15 units)

History Minor

The History Minor is offered by the Department of History.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Lower Division Course(s)

Complete 3-6 lower division units (HIST 1 - HIST 99).

Upper Division Courses

Complete 12-15 upper division units (HIST 100 - HIST 199), except for HIST 170S.

Total Units Required (18 units)

Human Rights Minor

The Minor in Human Rights, offered by the Department of Justice Studies, is meant to prepare students for careers in relation to international law, human rights advocacy/reporting/organizing, and human rights scholarship. The Minor can supplement the program of students who have interests in (for example) social problems, public policy, social

movements and social change, international relations/studies, law and governance, issues of justice, and global cultures.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Required Courses (9 units)

- JS 25 - Introduction to Human Rights and Justice 3 *unit(s)* (D)
- JS 179 - Human Rights Practicum and Seminar 3 *unit(s)*

Complete One Course From:

- JS 171 - Human Rights and Justice 3 *unit(s)* (V)
- SOCI 118 - Sociology of Human Rights and Social Justice 3 *unit(s)*

Additional Courses (6 units)

Choose two courses from different departments. Substantive Electives are revised each Fall semester.

Complete two courses from:

- AAS 175 - Asian American Communities 3 *unit(s)* (S)
- AFAM 120 - Sociology of Black Communities 3 *unit(s)*
- AFAM 134 - The Black Civil Rights Movements 3 *unit(s)*
- AFAM 151 - Race, Class and the Environment 3 *unit(s)* (R)
- AFAM 159 - The Racial Wealth Gap in America 3 *unit(s)* (S)
- ANTH 115 - The Emerging Global Culture 3 *unit(s)* (V)
- ANTH 140 - Human Sexuality 3 *unit(s)* (S)
- ANTH 146 - Culture and Conflict 3 *unit(s)* (V)
- COMM 157SL - Community Action/Community Service 3 *unit(s)* (S)
- COMM 174 - Intercultural Comm and Structural Inequalities 3 *unit(s)* (S)
- ECON 112 - Economic Development 4 *unit(s)*
- ENGL 117B - Global Film, Literature, and Cultures 3 *unit(s)* (V)
- ENGL 122 - Topics in Comparative World Literature 4 *unit(s)*
- ENGL 126 - Holocaust Literature 3 *unit(s)* (V)
- ENGL 165 - Black American Literatures 4 *unit(s)*
- ENGL 169 - Ethnicity in American Literature 3 *unit(s)* (S)
- ENVS 105 - Environmental Change and Problems, San Francisco Bay Area 3 *unit(s)*
- ENVS 107 - Introduction to Environmental Economics and Policy 4 *unit(s)*
- ENVS 117 - Human Ecology 3 *unit(s)*
- ENVS 140 - Politics and the Environment 3 *unit(s)*

Total Units Required (15 units)

Human Systems Integration Minor

The Human Systems Integration (HSI) Minor: (1) studies the cognitive, perceptual, and performance capabilities and limitations of people as they interact with sociotechnical systems and devices (e.g., energy and transportation systems, computers, mobile devices, workplaces); and (2) seeks to apply evidence-based principles in the development of human-centered systems and devices. The HSI Minor, offered by the Department of Psychology, aims to provide students with interdisciplinary training to prepare them to work in cross-functional teams to optimize human capabilities, increase system efficiency, reliability, and safety, and minimize error.

At least 12 units outside of preparation for the minor must be separate and distinct from the units used for the major program of the student. See a departmental advisor for approval of courses. Visit the Psychology Department Advising website for more information.

It is permissible for Psychology Majors to have a minor in Human Systems Integration.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (6 units)

- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)

Statistics Course

Complete one course:

- PH 67 - Introductory Health Statistics 3 *unit(s)* (B4)
- SOCI 15 - Statistical Applications in the Social Sciences 3 *unit(s)* (B4)
- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)
- UNVS 15 - Statway: Statistics-Concepts & Methods 3 *unit(s)* (B4)
- BUS2 90 - Business Statistics 3 *unit(s)*

Required Courses (9 units)

- PSYC 173 - Human Factors 3 *unit(s)*

Complete Two Courses From:

- PSYC 135 - Cognition 3 *unit(s)*
- PSYC 155 - Human Learning 3 *unit(s)*
- PSYC 158 - Perception 3 *unit(s)*

Minor Electives (6-8 units)

Complete at least two courses from:

- ART 108 - Introduction to Game Studies 3 *unit(s)*
- AVIA 2 - Private Pilot Ground 3 *unit(s)*
- AVIA 73 - Air Traffic Control 3 *unit(s)*
- AVIA 141 - Human Factors in Aviation 3 *unit(s)*
- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS4 92 - Introduction to Business Programming 3 *unit(s)*
- BUS4 111 - Networking and Data Communications 3 *unit(s)*
- CS 46A - Introduction to Programming 4 *unit(s)*
- CS 46B - Introduction to Data Structures 4 *unit(s)*
- DSID 121 - Industrial Design Process 3 *unit(s)*
- ENGR 120 - Programming Concepts for Behavioral and Social Science Applications 3 *unit(s)*
- ISE 164 - Computer and Human Interaction 3 *unit(s)*
- ISE 114 - Safety Engineering 3 *unit(s)*
- PSYC 136 - Cognitive Science 3 *unit(s)*
- PSYC 170 - Industrial and Organizational Psychology 3 *unit(s)*
- STAT 115 - Intermediate Statistics 3 *unit(s)*

Total Units Required (21-23 units)

Jewish Studies Minor

In the Jewish Studies Program, offered by the Department of History, students learn about Jewish ethnicity, history, literature, languages, ethics, religion, and music, exploring the diverse experiences and challenges of Jews in the United States and across the Jewish diaspora, including Israel and the wider Middle East, Europe, and Latin America. The program encourages awareness of minority perspectives, critical and interdisciplinary thinking, and exploration of cross-cultural relations. As is true with any good learning, the minor seeks to enable students to make the leap from knowledge to commitment and action. To that end, the program encourages students to engage in deeper Jewish-focused research and/or service-oriented fieldwork. The interdisciplinary minor includes courses offered by departments within the College of Humanities and the Arts and the College of Social Sciences, and helps to prepare students for graduate education (in history, English, international relations, religious studies, philosophy, world languages, etc.), as well as professional training and careers (teaching, law, public sector service and advocacy, foreign service and diplomacy, museums, religious organizations, creative fields, etc.). Scholarships are awarded each semester to outstanding students enrolled in the Jewish studies minor program.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

To allow students their greatest flexibility, the minor has no courses specifically required. Minor credit will be earned for the student's significant research and focus on Jewish aspects of each course; students should consult with the Jewish Studies coordinator to confirm this significant focus.

Minor Requirements (15 units)

Select 15 units from the courses below, with the following caveat:

No more than three Hebrew classes may be counted toward the minor.

For courses not primarily about Jewish issues, the student's own focus on Jewish issues in research/writing will determine whether the course qualifies for Jewish Studies minor credit, subject to approval by the Jewish Studies coordinator.

Additional courses will be approved for the minor by the Jewish Studies coordinator, based on individual instructors' syllabi (for course numbers that vary in content).

Jewish Studies minors are encouraged to engage in service learning in at least one of their required or elective classes. Students may, if they prefer, deepen their Jewish writing/research through independent study (JWSS 180) and/or actively participate in the larger community through fieldwork (PSYC 186 or HIST 199).

- ENGL 115 - The Bible as Literature 4 *unit(s)*
- ENGL 126 - Holocaust Literature 3 *unit(s)*
- HEBR 1A - Elementary Hebrew 4 *unit(s)*
- HEBR 1B - Elementary Hebrew 4 *unit(s)*
- HEBR 15A - Intermediate Hebrew 3 *unit(s)*
- HEBR 15B - Intermediate Hebrew 3 *unit(s)*
- HEBR 102A - Advanced Hebrew 3 *unit(s)*
- HEBR 102B - Advanced Hebrew 3 *unit(s)*
- HIST 104 - Advanced Topics in Ancient History 4 *unit(s)*
- HIST 132 - Advanced Topics in World History 4 *unit(s)*
- HIST 136 - World Jewish History 3 *unit(s)*
- HIST 199 - Public History Internship 3 *unit(s)*
- JWSS 111 - Special Topics in Jewish Studies 3 *unit(s)*
- JWSS 180 - Individual Studies 1-3 *unit(s)*
- MUSC 10C - Pop and Rock in the U.S. 3 *unit(s)*
- PHIL 109 - Philosophy of Religion 3 *unit(s)*
- PSYC 186 - Psychology Field Work 1-4 *unit(s)*
- RELS 70 - Gods, Guns, Gurus, Grails-World Religion 3 *unit(s)*
- RELS 90 - Bible History and Literature 3 *unit(s)*
- RELS 99 - Death, Dying and Religions 3 *unit(s)*
- RELS 191 - Religion in America 3 *unit(s)*

Total Units Required (15 units)

Justice Studies Minor

The Minor in Justice Studies is offered by the Department of Justice Studies.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Required Lower Division Courses (3 units)

Complete one course from:

- JS 10 - Introduction to Justice Studies 3 *unit(s)*
- JS 12 - Introduction to Legal Studies 3 *unit(s)*
- JS 25 - Introduction to Human Rights and Justice 3 *unit(s) (D)*

Required Upper Division Courses (6 units)

Complete Two Courses From:

- JS 101 - Critical Issues and Ideas in Justice 3 *unit(s)*
- JS 102 - Police and Society 3 *unit(s)*
- JS 114 - Research Methods in Justice Studies 3 *unit(s)*
- JS 151 - Criminological Theory 3 *unit(s)*

Upper Division Electives (9 units)

Complete any three upper division JS courses.

Total Units Required (18 units)

Legal Studies Minor

The Minor in Legal Studies is offered by the Department of Justice Studies.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18-22 units)

- POLS 120 - Law and Society 3 *unit(s) (S)*

Additional Courses (15-19 units)

Take No More Than One Course From Each Area Below.

Perspectives in Law

- ECON 141 - Law and Economics 4 *unit(s)*
- ENVS 124 - Introduction to Environmental Law 3 *unit(s)* (Can also be taken as POLS 124)
- JS 144 - Criminal Law 3 *unit(s)*
- PHIL 155 - Philosophy of Law 3 *unit(s)*

Contemporary Issues in Law and Justice

- AFAM 142 - Race, Justice, and the Legal System 3 *unit(s)*
- CCS 127 - Chicanas/os and the Criminal Justice System 3 *unit(s)*
- JS 101 - Critical Issues and Ideas in Justice 3 *unit(s)*
- JS 122 - Drugs and Society 3 *unit(s)*
- JS 123 - Terrorism, Intelligence, and Security 3 *unit(s)*
- JS 132 - Race, Gender, Inequality and the Law 3 *unit(s)* (S)
- JS 143 - Criminal Evidence and Procedure 3 *unit(s)*
- JS 171 - Human Rights and Justice 3 *unit(s)* (V)
- JS 174 - Reproductive Justice 3 *unit(s)*
- SOCI 151 - Violence in the Family 3 *unit(s)*

Legal History

- AFAM 134 - The Black Civil Rights Movements 3 *unit(s)*
- PHIL 195 - Seminar in Philosophy of Law 3 *unit(s)*
- POLS 121A - Constitutional Law: Institutional Powers 4 *unit(s)*
- POLS 121B - Constitutional Law: Civil Liberties 4 *unit(s)*
- POLS 121C - Constitutional Law: Civil Rights 4 *unit(s)*

Law and Ethics

- BUS3 186 - Professional and Business Ethics 3 *unit(s)* (S)
- COMM 133F - Ethical Problems in Communication 4 *unit(s)*
- FS 170 - Forensic Science in Human Rights Investigations 3 *unit(s)*
- JS 141 - Record Clearance Project Representation 3 *unit(s)*
- MCOM 101 - Media Law and Ethics 3 *unit(s)*

Law and the Courts

- COMM 147P - Argumentation and Persuasion in Courts of Law 4 *unit(s)*
- JS 103 - Courts and Society 3 *unit(s)*
- JS 140 - Record Clearance Project 3 *unit(s)*
- POLS 122 - Judicial Politics 4 *unit(s)*

Total Units Required (18-22 units)

Park Ranger and Administration Minor

The Minor in Park Ranger and Administration is offered by the Department of Environmental Studies.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (19-21 units)

Core Courses (13 units)

- ENVS 187 - Environmental Restoration 4 *unit(s)*
- Three 3-unit lower division (CSU-transferable) courses from an A.S. degree in Park Management, from West Valley College or equivalent program 9 *unit(s)*

Additional Units (6-8 units)

Complete two courses from:

- ENVS 144 - California Wetland Controversies 4 *unit(s)*
- ENVS 154 - Sustainable Agriculture 4 *unit(s)*
- ENVS 165 - National Parks 3 *unit(s)*
- ENVS 173 - Forest Ecology and Conservation 4 *unit(s)*
- ENVS 189 - Coastal Field Studies 4 *unit(s)*
- POLS 114 - Introduction to Public Administration 3 *unit(s)*

Total Units Required (19-21 units)

Political Science Minor

Students majoring in a wide variety of fields find a minor in political science interesting and useful, providing knowledge and skills that enhance their careers, improve their citizenship, and cultivate their minds. The Minor in Political Science, offered by the Department of Political Science, appeals especially to students in the other social sciences or in business, journalism, or administration of justice, although many others also use the minor to broaden their education. Political Science department advisors help students customize their programs to support their special interests. A minimum of six units must be completed in residence to satisfy the requirements for a political science minor. The minimum requirements are:

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Lower Division Courses (6 units)

Complete One Course From:

- POLS 1 - American Government 3 *unit(s)* (US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)

Complete One Course From:

- POLS 2 - Introduction to Comparative Politics 3 *unit(s)* (D)
- POLS 3 - Introduction to Political Thought 3 *unit(s)* (C2)
- POLS 4 - Introduction to International Relations 3 *unit(s)* (D)

Upper Division Electives (12 units)

Twelve additional upper division units from POLS 102-POLS 199.

Total Units Required (18 units)

Psychology Minor

A Minor in Psychology, offered by the Department of Psychology, has a minimum of 18 units of PSYC and/or STAT. At least 12 of the 18 units must be upper-division (i.e., courses numbered 100+ at SJSU). At least 12 units must be separate and distinct from the units used for the major program of the student. See a departmental advisor for approval of courses.

It is not permissible for a Psychology Major to also have a minor in Psychology.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements

Lower Division Electives (0-6 units)

PSYC or STAT Prefix (may include Community College courses with a PSYC prefix that do not articulate as equivalent to any particular SJSU Psychology course)

Upper Division Electives (12-18 units)

PSYC or STAT Prefix (other courses that can also be used as upper division Psychology Elective units include: BIOL 129, ENGR 120, GERO 114, JS 161, KIN 167, PH 126, PH 145, POLS 177, SOCI 145, and WOMS 107)

Total Units Required (18 units)

Public Administration and Public Policy Minor

The Public Administration and Public Policy Minor, offered by the Department of Political Science, provides a structured introduction to the practice of government. This minor appeals especially to students who are interested in exploring careers in the public, private, or non-profit sectors that involve policy development, advocacy, and evaluation, or government relations. This minor compliments the Political Science major, as well as other majors across the social sciences, business, journalism, justice studies, social work, and many other disciplines.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (3 units)

Complete one course from:

- POLS 1 - American Government 3 *unit(s)* (US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)

Minor Requirements (15 units)

- POLS 114 - Introduction to Public Administration 3 *unit(s)*
- POLS 130 - American Public Policy 4 *unit(s)*

Complete Two Courses From:

- POLS 102 - State Government and Politics 4 *unit(s)* (US3)
- POLS 103 - Local Government and Politics 4 *unit(s)*
- POLS 121A - Constitutional Law: Institutional Powers 4 *unit(s)*
- POLS 181 - Internships 4 *unit(s)*

Total Units Required (18 units)

Sociology Minor

The Minor in Sociology, offered by the Department of Sociology and Interdisciplinary Social Sciences, complements a large number of majors including any of the social sciences, business, journalism, radio and TV, child development, justice studies, kinesiology, education, social work, and others. SOCI 1 and any other five sociology courses, at least three of which must be upper-division = 18 total semester units required for the minor.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

- SOCI 1 - Introduction to Sociology 3 *unit(s)* (D)
- Other courses approved by the minor advisor, at least three of which must be upper division*

Total Units Required (18 units)

*SOCI 120, SOCI 180, SOCI 181, SOCI 196 Experimental Courses and SOCI 199H may be applied to the major when they have direct relevance; such relevance is determined by advisor.

Sociology of Education Minor

Program Coordinator: Associate Professor Megan Thiele

Office: DMH 224

Phone: 408-924-2975

Email: megan.thiele@sjsu.edu

California's K-12 public school population has undergone a major demographic change in the last decade. Educational policy leaders are concerned with educational equity, graduation rates, attrition, retention, and increasingly segregated schools. Preparation for the changing landscape of K-12 education includes analyzing, assessing, and developing sound policy recommendations to ensure that public schools are meeting the needs of the diverse student population. The Sociology of Education Minor, offered by the Department of Sociology and Interdisciplinary Social Sciences, provides students with the latest research and reports on the status of education on a local, state, national, and international level.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

In the course listings below, click on the course title to view the course description. GE areas are shown in parentheses. See Course Note Abbreviations in the SJSU Catalog for definitions of codes.

Required Courses (6 units)

- SOCI 1 - Introduction to Sociology 3 *unit(s)*
- SOCI 177 - Sociology of Education 3 *unit(s)*

Minor Electives (12 units)

Complete four courses:

- SOCI 143 - Feminist Perspectives on Gender and Education 3 *unit(s)*
- SOCI 144 - Education for Liberation 3 *unit(s)*
- SOCI 147 - Education and Global Justice 3 *unit(s)*
- SOCI 148 - Current Topics and Trends in Education 3 *unit(s)*
- SOCI 162 - Race and Ethnic Relations 3 *unit(s)*
- SOCI 179 - Sociology of Higher Education 3 *unit(s)*
- CCS 185 - Teaching in a Diverse Society 3 *unit(s)*

Total Units Required (18 units)

Sustainability Minor

The minor in Sustainability offers interdisciplinary coursework that provides foundational and applied skills and knowledge in ecological soundness, social equity, and economic viability that prepare students for careers in sustainability. Elective courses are selected from a variety of academic departments to prepare students for interdisciplinary sustainability careers and meet individual students' interests. Course offerings complement most majors while providing students with a sustainability lens through which sustainability challenges and solutions can be understood and addressed. Students are encouraged to apply their sustainability knowledge and skills through an applied practicum course. The Sustainability Minor is jointly offered by the Department of Environmental Studies and Department of Geology.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements

Students should select courses from at least two different colleges.

Introduction to Sustainability

Complete one course:

- ENVS 1 - Introduction to Environmental Issues 3 *unit(s)* (A3)
- GEOL 5 - Sustainability, Human Development, and the Earth 3 *unit(s)* (E)

Economic Course

Complete one course:

- BUS5 167 - Managing Environmental Issues 3 *unit(s)* (Cross listed as ENVS 167)

- ENVS 107 - Introduction to Environmental Economics and Policy 4 *unit(s)* (Cross listed as ECON 107)

Environmental Course

Complete one course:

- BIOL 111 - Fire Ecology 4 *unit(s)*
- ENGR 102 - Renewable Energy Engineering 3 *unit(s)*
- ENVS 128 - Water Resource Management 3 *unit(s)*
- ENVS 119 - Energy and the Environment 3 *unit(s)* (R)
- ENVS 187 - Environmental Restoration 4 *unit(s)*
- METR 12 - Global Warming: Science and Solutions 3 *unit(s)* (B1)
- METR 112 - Global Climate Changes 3 *unit(s)* (R)
- PH 172 - Contemporary Environmental Health Issues 3 *unit(s)* (R)

Social Equity Course

Complete one course:

- AFAM 151 - Race, Class and the Environment 3 *unit(s)* (Cross listed as ENVS 151)
- AMS 159 - Nature and World Cultures 3 *unit(s)* (V) Cross listed as ENVS 159/HUM 159)
- ENVS 150 - Introduction to Environmental Thought 3 *unit(s)* (S)
- SOCI 141 - Environmental Sociology 3 *unit(s)*

Practicum

Complete one course:

- ENVS 193 - Supervised Projects and Research 1-15 *unit(s)*
- Additional Elective Course 3 *unit(s)*

Elective Course

Complete one course:

- AMS 139 - Animals and Society 3 *unit(s)* (R)
- BIOL 10 - The Living World 3 *unit(s)* (B2)
- BIOL 20 - Ecological Biology 3 *unit(s)* (B2+B3)
- BIOL 110 - Biodiversity and Biopolitics 3 *unit(s)* (R)
- BIOL 150 - Field Studies in Natural History 1-2 *unit(s)* (B3)
- BUS5 167 - Managing Environmental Issues 3 *unit(s)*
- CHAD 102 - Development of Self in a Culturally Diverse Society 3 *unit(s)* (S)
- CHAD 131 - Equity, Resilience, and Risk in Public Schools 3 *unit(s)* (S)
- COMM 146F - Communication and the Environment 4 *unit(s)*
- ENGR 100W - Engineering Reports 3 *unit(s)* (R+WID)
- ENVS 117 - Human Ecology 3 *unit(s)*
- ENVS 124 - Introduction to Environmental Law 3 *unit(s)*
- ENVS 133 - Sustainable Energy Strategies 3 *unit(s)*
- ENVS 142 - Introduction to Environmental Planning 4 *unit(s)*
- ENVS 146F - Communication and the Environment 4 *unit(s)*

- ENVS 148 - Sustainable Materials Management 4 *unit(s)*
- ENVS 150 - Introduction to Environmental Thought 3 *unit(s)* (S)
- ENVS 152 - Globalization and the Environment 3 *unit(s)* (R)
- ENVS 154 - Sustainable Agriculture 4 *unit(s)*
- ENVS 167 - Managing Environmental Issues 3 *unit(s)*
- GEOL 3 - Planet Earth 3 *unit(s)* (B1)
- GEOL 150 - Field Studies in Natural History 1-2 *unit(s)* (B3)
- GLST 167 - Changing Ecologies of Globalization 3 *unit(s)* (R)
- ISE 103 - Life Cycle Engineering 3 *unit(s)*
- JS 25 - Introduction to Human Rights and Justice 3 *unit(s)* (D)
- NUFS 139 - Hunger and Environmental Nutrition 3 *unit(s)* (R)
- POLS 124 - Introduction to Environmental Law 3 *unit(s)*
- RECL 157 - Sustainable Recreation & Ecotourism 3 *unit(s)*
- URBP 142 - Introduction to Environmental Planning 4 *unit(s)*

Total Units Required (18 units)

Sustainable Energy Minor

The Minor in Sustainable Energy is offered by the Department of Environmental Studies.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

- ENVS 116 - Solar Energy Analysis 3 *unit(s)*
- ENVS 119 - Energy and the Environment 3 *unit(s)* (R)
- ENVS 130 - Energy Policy Analysis 3 *unit(s)*
- ENVS 133 - Sustainable Energy Strategies 3 *unit(s)*

Choose One Course From:

- ENVS 132 - Solar Home Design 3 *unit(s)*
- ENVS 137 - Green Building Design Issues 3 *unit(s)*

Total Units Required (15 units)

Sustainable Water Resources Minor

The Minor in Sustainable Water Resources is offered by the Department of Environmental Studies.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (21 units)

- ENVS 1 - Introduction to Environmental Issues 3 *unit(s)* (A3)
- ENVS 128 - Water Resource Management 3 *unit(s)*
- ENVS 129 - Water Policy in the Western U.S. 3 *unit(s)*
- ENVS 144 - California Wetland Controversies 4 *unit(s)*
- ENVS 154 - Sustainable Agriculture 4 *unit(s)*
- ENVS 270 - Field Studies in Water Resource Management 4 *unit(s)*

Total Units Required (21 units)

Urban Studies Minor

The Minor in Urban Studies, offered by the Department of Urban and Regional Planning, is a professionally-oriented program designed to: 1) familiarize students with the social, economic, political and physical aspects of the major urban issues of our time; and 2) introduce students to basic professional skills and strategies used to improve our urban environment.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (13 units)

Required Courses (7 units)

- URBP 101 - The City 3 *unit(s)* (S)
- URBP 136 - Introduction to Land Use Planning 4 *unit(s)*

Elective Courses (6 units minimum)

Students must complete two urban studies courses. Other courses may be substituted with permission of advisor.

- URBP 110 - Urbanization in the Global South 3 *unit(s)*
- URBP 120 - Intro to Housing Economics and Policy 4 *unit(s)*
- URBP 133 - Introduction to Social Issues in Planning 4 *unit(s)*
- URBP 142 - Introduction to Environmental Planning 4 *unit(s)*
- URBP 143 - Intro Private Development and Planning 3 *unit(s)*
- URBP 148 - Introduction to Spatial Visualization Technology in Urban Planning 1-4 *unit(s)*

- URBP 150 - Introduction to Municipal Finance 4 *unit(s)*
- URBP 151 - Introduction to Urban Design 4 *unit(s)*
- URBP 152 - Introduction to Urban Design Studio 4 *unit(s)*
- URBP 156 - Introduction to Local Transportation Planning 4 *unit(s)*
- URBP 178 - Intro to Regional Transport Planning 4 *unit(s)*

Total Units Required (13 units)

Values, Technology and Society Minor

This interdisciplinary minor, offered by the Department of Anthropology, groups existing courses from a number of departments into an integrated study of the interaction of values, technology, and society as they give shape and direction to the world in which we live. In particular, the minor focuses on the increasing recognition of the need to assert human values (in particular, moral, social, aesthetic, and political values) given the accelerating development of modern technology and the associated increasing complexity and interconnectedness of our lives. Courses in the minor examine these themes as they are reflected in such issues as war and peace, the environment, health, modern science and technology, our use of computers, and the expression of values in our technological society through ethics, art, design, and religion.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Core Courses (9 units)

Complete One Course From:

- ANTH 11 - Cultural Anthropology 3 *unit(s)* (D)
- ANTH 13 - Archaeology 3 *unit(s)* (A3)

Complete Two Courses From:

- ANTH 132 - Creating Built Worlds 3 *unit(s)*
- ANTH 143 - Culture and Adaptation 3 *unit(s)*
- PHIL 110 - Science, Technology and Human Values 3 *unit(s)* (V)
- TECH 198 - Technology and Civilization 3 *unit(s)* (V)

Electives (9 units)

Three courses (9 units) chosen from the following approved list selected in consultation with the program advisor; one additional core course may be substituted for an elective course with advisor approval. Students are encouraged to select courses that address one of the following program foci.

Complete Three Courses From:

Students may take up to 6 units of lower division coursework in completing the minor requirements.

People and Environments

- BIOL 110 - Biodiversity and Biopolitics 3 *unit(s)* (R)
- ENVS 1 - Introduction to Environmental Issues 3 *unit(s)* (A3)
- ENVS 150 - Introduction to Environmental Thought 3 *unit(s)* (S)
- GEOL 111 - Geology and the Environment 3 *unit(s)* (R)
- METR 112 - Global Climate Changes 3 *unit(s)* (R)
- PSYC 173 - Human Factors 3 *unit(s)*

Health and Medicine

- ANTH 151 - Modernity and Disease 3 *unit(s)*
- PH 135 - Health Issues in a Multicultural Society 3 *unit(s)* (S)
- SOCI 166 - Medical Sociology 3 *unit(s)*

Technology and Social Control

- ANTH 136 - Thought Control in Contemporary Society 3 *unit(s)*
- ANTH 173 - Multimedia Anthropology 3 *unit(s)*
- ENVS 152 - Globalization and the Environment 3 *unit(s)* (R)
- RTVF 110 - Media and Culture 3 *unit(s)* (S)

Total Units Required (18 units)

Women, Gender, and Sexuality Studies Minor

Program Coordinator: Professor Tanya Bakhru
Office: DMH 213
Phone: 408-924-5744
Email: tanya.bakhru@sjsu.edu

The Women, Gender, and Sexuality Studies Program, offered by the Department of Sociology and Interdisciplinary Social Sciences at San Jose State, is committed to interdisciplinary scholarship and teaching based on global feminist frameworks. WGSS curriculum investigates how lives are shaped by gender and gender identity, race, class, sexuality, and nation. The program emphasizes the importance of understanding gender as integral to social and political structures of power. Students will obtain skills to cultivate critical thinking, cultivation of dialogue, coalition building, appreciation of diversity, and contribution to social change based on feminist frameworks. The goal of the WGSS program includes integrating the academic and experiential, thereby contributing to social change and justice.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Required Courses (12 units)

- WGSS 10 - Women, Gender, and Sexuality Studies 3 *unit(s)* (D)

Complete Nine Units:

- WGSS 20 - Women of Color in the U.S. 3 *unit(s)* (D)
- WGSS 101 - Sex, Power, and Politics 3 *unit(s)* (S)
- WGSS 102 - The Global Study of Women 3 *unit(s)* (V)
- WGSS 112 - Women in the Global Economy 3 *unit(s)*
- WGSS 114 - Politics of Mothering and Reproduction 3 *unit(s)*
- WGSS 135 - Trans Studies: Identities, Embodiment, & Politics 3 *unit(s)*
- WGSS 160 - Queering Gender, Race, and Class 3 *unit(s)*
- WGSS 169 - Sexualities and the Body 3 *unit(s)*
- WGSS 189 - Feminist Perspectives on Gender and Religion 3 *unit(s)*

Electives (3 units)

Complete one course from:

- CCS 160 - Gender and Sexuality in the Chicana/o Community 3 *unit(s)* (S)
- SOCI 172 - Lesbian, Gay, Bi, Transgender Studies 3 *unit(s)*
- SOCI 174 - Sexualities 3 *unit(s)*
- WGSS 107 - Psychology of Women 3 *unit(s)*
- WGSS 131 - Gender, Sexuality, and Religion 3 *unit(s)*
- WGSS 156 - Black Women's Writing 3 *unit(s)*
- WGSS 175 - Sociology of Masculinities and Femininities 3 *unit(s)*
- WGSS 180 - Individual Studies 1-4 *unit(s)*
- WGSS 190 - Internship 1-4 *unit(s)*

Total Units Required (15 units)

Master(s)

Applied Anthropology, MA

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (36 units)
- Program Learning Outcomes

Offered by the Department of Anthropology, more information about the Masters in Applied Anthropology program and important dates can be obtained at the Anthropology department website.

Admissions Requirements

Candidates must meet all the university admission requirements. The university-level graduate application is separate from the application you send to the department. You will need to apply separately to the university to obtain approval for university-level admission and to the department to obtain admission into the Applied Anthropology Program. Minimum requirements for the program are a bachelor's degree in Anthropology or a core of introductory Cultural and Physical or Archaeological Anthropology; an upper-division methods course in Ethnography, Archaeology, or Osteology; an upper-division anthropological theory course; and 6 elective units in upper-division Anthropology (approximately 18 units overall). A 3.0 grade point average (B or better) in the last 60 semester units of undergraduate work and all Anthropology courses is required. Depending on their level of preparation, applicants can be admitted in either classified or conditionally classified standing.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage

Requirements for Advancement to Graduate Candidacy

Students must meet the university requirements for candidacy. General university requirements for advancement to candidacy for the MA degree are detailed in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

Further requirements of the department for advancement to candidacy include completion of 18 units in the graduate program and submission of a project or thesis proposal to the department's Graduate Committee. In order to advance to candidacy, all students must participate in the First Year Review in their second semester. Further information on the First Year Review is available on the program FAQ page on the Department of Anthropology website.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MA -Applied Anthropology Graduation Requirements

Each course of study must include 36 semester units. Eighteen of the units are in the Applied Anthropology core. Six units of upper-division or graduate Anthropology depth courses will be taken with the permission of the student's advisor, and 6 units of upper-division or graduate classes outside of Anthropology emphasizing the student's area of application will be taken with the permission of the student's advisor. Six additional units will reflect research or professional internships and thesis or project report preparation. SJSU Studies courses may not be used to fulfill the Anthropology depth requirement or field of application requirement. In addition, students are expected to conduct original research and write a thesis or, alternatively, to be engaged in professional activity and write a project report. All research or professional activity must conform to the ethical standards of the discipline of Anthropology as outlined by the American Anthropological Association, the Society for Applied Anthropology, and the university's Institutional Review Board. The policy on timely progression to the degree is available on the Applied Anthropology program website.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Students must choose between Plan A (Thesis) or Plan B (Project) in order to graduate. In both cases, students must submit (to the department) and have approved a proposal for the work they are undertaking. For more information on Plan A and Plan B options and how to choose between them, please see the program FAQ on the Department of Anthropology website.

Plan A (Thesis)

Plan A students enroll in ANTH 299 - Master's Thesis and complete a thesis under the supervision of a department committee. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. A thesis is a scholarly contribution to general knowledge and follows a fairly standard, traditional form across disciplines and fields. Typically, a thesis has an introductory chapter that includes a problem statement, a literature review chapter followed by one on methodology, one or more chapters of data and findings, an analytical/interpretive chapter, and a concluding chapter. This basic template can be modified to best meet your needs, but it must be done in consultation with your committee chair to ensure it meets university requirements.

Plan B (Project)

Plan B students enroll in ANTH 298 - Anthropology Project and undertake a project in applied anthropology and prepare a report documenting the process and results. The report is submitted to the anthropology graduate faculty, but not the College of Graduate Studies. All research or professional activity must conform to the ethical standards of the discipline of anthropology as outlined by the American Anthropological Association, the Society for Applied Anthropology, and the requirements of the university's Institutional Review Board. A project report documents some activity that the student undertook to apply anthropological skills and knowledge. Because it is not submitted to the College of Graduate Studies, it does not have to meet that office's thesis requirements. Specifically, its length and organization are more variable and must be negotiated with the committee chair and the graduate faculty of the department. Project reports may be as brief as 50 pages and as long as several hundred. The report will typically document the problem, question, or issue that stimulated the application; a literature review that includes both the history of the specific problem and its context, as well as comparable problems elsewhere are included. It will document in detail the application (i.e., what the student did), its rationale (i.e., why the student took the steps he or she did), and the outcomes (i.e., what happened). Although the emphasis will be on solving or addressing a particular problem, the report will also include a systematic reflection on what happened and why, the larger lessons the student learned, and how they might inform practice in the future.

Master's Requirements (36 units)

Core Courses (18 units)

- ANTH 230 - Theory in Practice 3 *unit(s)* (GWAR)
- ANTH 231 - Applications Core 3 *unit(s)*
- ANTH 232 - Applications Core 3 *unit(s)*
- ANTH 233 - Fields of Application 3 *unit(s)*
- ANTH 234 - Advanced Research Methods 3 *unit(s)*
- ANTH 235 - Quantitative Methods 3 *unit(s)* (*Advisor approved elective may be substituted for ANTH 235*)

Anthropology Depth Requirement (6 units)

Two 3-unit upper division anthropology courses approved by faculty advisor

Field of Application Requirement (6 units)

Two 3-unit upper division SJSU courses approved by faculty advisor

Culminating Experience (6 units)

- ANTH 280 - Individual Studies 1-4 unit(s) (3 units required)

Complete One Option From (Plan A or Plan B):

Plan A (Thesis)

- ANTH 299 - Master's Thesis 1-6 unit(s)

Plan B (Project)

- ANTH 298 - Anthropology Project 1-6 unit(s) (3 units required)

Total Units Required (36 units)

Elective courses must be planned in consultation with the Anthropology Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Chicana and Chicano Studies, MA

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The CCS Graduate program at SJSU trains students to become leaders in a number of professional fields, including: teaching, social services, government ad policy, health care, and community service. We also prepare students for doctoral study in Chicana/o Studies, Ethnic Studies, and other academic fields.

The MA degree offers three areas of expertise: Education, Policy, and Comparative Ethnic Studies.

MA - Chicana and Chicano Studies, Specialization in Comparative Ethnic Studies

The Comparative Ethnic Studies specialization is designed to prepare students for doctoral study in Chicana/o Studies, Ethnic Studies, and other academic fields. In addition to courses in Chicana and Chicano Studies, students

may take courses from other areas of Ethnic Studies, such as African American Studies and Asian American Studies, so as to develop strengths in several areas of Ethnic Studies.

MA - Chicana and Chicano Studies, Specialization in Education

The Education specialization is intended to prepare students for effective work in a number of fields requiring expertise in issues relevant to Chicanx and Latinx education. Among the most critical areas within this emphasis are the analysis of the K-12 educational system and the development of methods for training competent professionals to work with these communities.

MA - Chicana and Chicano Studies, Specialization in Policy Studies

The Policy Studies specialization is designed to provide students with a strong background in policy analysis and development as they relate to the Chicanx and Latinx community. The intent of this specialization is to prepare students to apply a Chicanx and Latinx perspective to the development and implementation of contemporary policies that address the needs of this and other communities.

Information about the program and important dates can be obtained at the Department of Chicana and Chicano Studies website.

Admissions Requirements

Candidates must meet all the university admission requirements. In addition to the regular application for admission to the university, each applicant must submit directly to the graduate advisor of the Chicana and Chicano Studies MA Program two letters of recommendation (faculty letters are preferred), a statement of purpose, and a writing sample (6 to 10 pages). Those students who do not meet the standards for classified status may be admitted with specific conditions as conditionally classified; the conditions must be fulfilled before the student will be advanced to candidacy for the master's degree in Chicana and Chicano Studies. If the conditions are not fulfilled, the program reserves the right to dismiss the student from the program by notifying the Associate Dean of Graduate Studies.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Advancement to Graduate Candidacy

Students must meet the university requirements for candidacy. General university requirements for advancement to candidacy for the MA degree are detailed in the Graduate Policies & Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR). Students pursuing the Plan A (Thesis) option must meet additional departmental requirements for candidacy by securing the commitment of three faculty members of the university, two of whom must be members of the program permanent faculty, to serve as members of the student's Plan A (Thesis) committee, with one permanent faculty member agreeing to serve as chair. The committee must approve the student's thesis proposal no later than one month prior to the end of the semester preceding the one in which enrollment in the final thesis course (CCS 299) is planned.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Department Graduation Requirements

At an appropriate time, and with the assistance of the graduate advisor, students will select a specialization and a culminating experience (Plan A or Plan B Project) as outlined below:

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Plan A (Thesis)

The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee. The candidate for the MA - Chicana and Chicano Studies degree must successfully pass a final oral defense of the thesis. This requirement is fulfilled by enrolling in CCS 298 and CCS 299 in consecutive semesters.

Plan B (Project)

The project is independently conducted research under the supervision of one member of the program permanent faculty. It is typically more focused on working directly with communities than the thesis. The candidate for the MA - Chicana and Chicano Studies degree must successfully complete a final project paper approved by the project advisor. This requirement can be fulfilled by enrolling in CCS 298 for one or two semesters.

Master's Requirements (30 units)

Core Courses (18 units)

- CCS 200 - Ideology and the Chicana/o Experience 3 *unit(s)* (GWAR)
- CCS 205 - Chicana/o History 3 *unit(s)*
- CCS 210 - Foundations in Chicana/o Studies 3 *unit(s)*
- CCS 225 - The Impact of American Institutions on the Chicana/o Community 3 *unit(s)*
- CCS 240 - Applied Chicana/o Studies Seminar 3 *unit(s)*
- CCS 275 - Research Methods 3 *unit(s)*

Area of Specialization (12 units)

Complete One Area of Specialization

Specialization in Comparative Ethnic Studies

Complete One Option (Plan A and Plan B Project)

Plan A (Thesis)

- CCS 252 - Comparative Ethnic Studies 3 *unit(s)*
- CCS 298 - Special Studies 1-6 *unit(s)*
- CCS 299 - Master's Thesis 3-6 *unit(s)*

Complete one course from:

- CCS 215 - Chicanas/os and Education 3 *unit(s)*
- CCS 230 - Policy Analysis and the Chicana/o Community 3 *unit(s)*

Plan B (Project)

- CCS 215 - Chicanas/os and Education 3 *unit(s)*
- CCS 230 - Policy Analysis and the Chicana/o Community 3 *unit(s)*
- CCS 252 - Comparative Ethnic Studies 3 *unit(s)*
- CCS 298 - Special Studies 1-6 *unit(s)*

Specialization in Education

Complete One Option (Plan A and Plan B Project)

Plan A (Thesis)

- CCS 215 - Chicanas/os and Education 3 *unit(s)*
- CCS 298 - Special Studies 1-6 *unit(s)*
- CCS 299 - Master's Thesis 3-6 *unit(s)*

Complete one course from:

- CCS 230 - Policy Analysis and the Chicana/o Community 3 *unit(s)*
- CCS 252 - Comparative Ethnic Studies 3 *unit(s)*

Plan B (Project)

- CCS 215 - Chicanas/os and Education 3 *unit(s)*
- CCS 230 - Policy Analysis and the Chicana/o Community 3 *unit(s)*
- CCS 252 - Comparative Ethnic Studies 3 *unit(s)*
- CCS 298 - Special Studies 1-6 *unit(s)*

Specialization in Policy Studies

Complete One Option (Plan A and Plan B Project)

Plan A (Thesis)

- CCS 230 - Policy Analysis and the Chicana/o Community 3 *unit(s)*
- CCS 298 - Special Studies 1-6 *unit(s)*

- CCS 299 - Master's Thesis 3-6 *unit(s)*

Complete one courses from:

- CCS 215 - Chicanas/os and Education 3 *unit(s)*
- CCS 252 - Comparative Ethnic Studies 3 *unit(s)*

Plan B (Project)

- CCS 215 - Chicanas/os and Education 3 *unit(s)*
- CCS 230 - Policy Analysis and the Chicana/o Community 3 *unit(s)*
- CCS 252 - Comparative Ethnic Studies 3 *unit(s)*
- CCS 298 - Special Studies 1-6 *unit(s)*

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Clinical Psychology, MS

- Admission Requirements
- Degree Requirements
- Master's Requirements (60 units)
- Program Learning Outcomes

The Master of Science (MS) degree in Clinical Psychology, offered by the Department of Psychology, is designed to provide the student with both theoretical and practical training in the assessment, diagnosis, and treatment of a wide variety of individual (adult and children), couples', and family mental health problems, and to prepare the student to work in private or public service agencies, independent practice, community mental health centers, or hospitals. The required academic course work and supervised fieldwork of 60 semester units meets the course work requirements for the California State Marriage and Family Therapist (MFT) license and most of the requirements for the Licensed Professional Clinical Counselor (LPCC) license (see www.bbs.ca.gov for requirements). An additional 2500-3000 hours of acceptable supervised experience is required for admission to the state MFT or LPCC licensing examination.

Admission Requirements

To be eligible for admission into the Clinical Psychology program, you must:

- Meet all of the University graduate admission requirements.
- Have a baccalaureate degree (BA or BS) in Psychology OR any baccalaureate degree (BA or BS) and a minimum of 30 semester units (45 quarter units) in Psychology.
- Have taken the REQUIRED six courses in psychology from the list provided below. These are to be included in the minimum 30 semester units (10 semester courses).

- Have a minimum GPA of 3.0 in all Psychology coursework AND a minimum of 3.0 the last 2 years of academic work attempted (60 semester or 90 quarter units).
- Provide evidence of a minimum of 100 hours of paid or volunteer applied clinical experience working with persons in a counseling/helping capacity (e.g., volunteer in home for children with developmental, emotional, and/or behavioral disorders, provide counseling on a suicide and crisis telephone hotline).
- Provide three letters of recommendation. One reference MUST be from a clinical supervisor and another MUST come from a professor or instructor who can comment on the applicant's academic work. Additional references may come from former instructors and from supervisors of previous work in volunteer placements in the clinical field.

Undergraduate Courses in Psychology Required for Admission

- General or Introduction to Psychology (SJSU code PSYC 1)
- Elementary Statistics (SJSU code STAT 95)
- Introduction to Research Methods (SJSU code PSYC 18 or PSYC 118 or PSYC 120)
- Psychobiology or equivalent (SJSU code PSYC 30)

Each of the above four (1-4) may be taken at the community college or university level and may be lower-division courses.

- Upper-division course in Abnormal Psychology (SJSU code PSYC 110)
- Upper-division course in Theory and Methods of Counseling, or Clinical Psychology (SJSU code PSYC 160, or PSYC 165)

Degree Requirements

General university requirements and procedures for completing the Master of Science degree are described in the Academic Regulations section of this catalog. In addition to these, the following departmental requirements must be fulfilled.

- The student must complete a total of 60 units in clinical psychology as specified in the table below.
- Candidates must demonstrate satisfactory performance on one or more final comprehensive examinations. These examinations are both written and oral.
- The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

The culminating experience for the Clinical Psychology program is a comprehensive ("comp") exam completed in two phases. The first phase is the written portion, and the second is the oral portion. The written portion of the second-year comp evidences the student's conceptualization, treatment development, and professional and ethical delivery of therapy for a specific client while on fieldwork placement. This written portion is evaluated by two faculty members and scored according to the criteria provided in the MS Clinical Student Handbook. If and when students pass the minimum criteria for the written portion, they advance to the oral portion of the comp.

The oral portion provides time for students to briefly present the same case that was described in the written portion, to interact with other students about each other's cases, and to field questions about their cases from faculty member examiners. The oral portion is scored according to the criteria provided in the MS Clinical Student Handbook.

Master's Requirements (60 units)

Core Courses (48 units)

- PSYC 203A - Clinical Assessment I 3 *unit(s)* (GWAR)
- PSYC 208 - Family Assessment and Intervention 3 *unit(s)*
- PSYC 209 - Psychology of Contemporary Families 3 *unit(s)*
- PSYC 210 - Advanced Psychopathology 3 *unit(s)*
- PSYC 211 - Child Psychopathology 3 *unit(s)*
- PSYC 212 - Lifespan Development 3 *unit(s)*
- PSYC 222 - Gender and Ethnic Issues in Counseling and Therapy 3 *unit(s)*
- PSYC 224A - Clinical Psychology Practicum I 3 *unit(s)*
- PSYC 224B - Clinical Psychology Practicum II 3 *unit(s)*
- PSYC 225 - Advanced Group Dynamics 3 *unit(s)*
- PSYC 226 - Addictions and Treatment 3 *unit(s)*
- PSYC 228 - Professional Ethics for Psychologists 3 *unit(s)*
- PSYC 232 - Clinical Psychopharmacology 3 *unit(s)*
- PSYC 258 - Methods of Psychotherapy 3 *unit(s)*
- PSYC 260 - Crisis and Trauma Counseling 3 *unit(s)*
- PSYC 291 - Method and Design for Applied Research 3 *unit(s)*

Culminating Experience (6 units)

Students will take PSYC 298 twice.

- PSYC 298 - Special Problems 1-6 *unit(s)*

Field Work (6 units)

- PSYC 243 - Field Work in Psychology 1-6 *unit(s)*

Total Units Required (60 units)

Communication Studies, MA

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (32 units)
- Program Learning Outcomes

The Master of Arts in Communication Studies, offered by the Department of Communication Studies, is a comprehensive 32-unit program that provides advanced study in theories of communication, methodologies reflected in diverse approaches to communication research, and practice in applying concepts and methods in scholarly and

"real world" contexts. A broad range of coursework in diverse areas of communication including environmental, interpersonal, intercultural, health, organizational, media studies, pedagogy, performance studies, and rhetoric provides students with a deeper understanding of the communication process, the study of communication, and the dimensions of ethical communication and research. Select students will teach at the college level through the Teaching Associate (TA) program. Our alumni continue on to doctoral programs, teaching at colleges and universities, and careers in a wide range of professions in Silicon Valley and beyond.

Information about the MA in Communication Studies can be found on the Department of Communication Studies website.

Admissions Requirements

University Admission

Candidates who meet all university admission requirements may apply through the CSU admissions portal, Cal State Apply.

Applicants from countries in which the primary language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. Applicants who possess a baccalaureate degree from a post-secondary institution where English is the principal language of instruction are exempt from this requirement. The program does not currently require the GRE for admission.

Admission to the Program

Minimum requirements for admission to the MA in Communication Studies are a baccalaureate degree in Communication Studies or a related field, usually in the social sciences, humanities, or arts. A 3.0 grade point average (B or better) is desired. Depending on their level of preparation, applicants may be admitted in either classified or conditionally classified standing.

See how to apply for the MA in Communication Studies.

Program Requirements for Admission to Classified Standing

To be admitted to the Master of Arts in Communication Studies program in classified status, an applicant must have a grade point average of 3.0 or better in their last 60 units, and possess a baccalaureate degree in Communication Studies, or related field in the social sciences, humanities, or arts from an accredited U.S. or international university.

Program Requirements for Admission to Conditionally Classified Standing

If an applicant's preparation for advanced graduate work is considered inadequate to meet the course prerequisites or other departmental requirements, the conditions of admission will include additional BA or MA level coursework in Communication Studies, depending on the nature of the applicant's case. The program admissions letter will explain the terms and requirements.

Requirements for Advancement to Graduate Candidacy

Students must meet the university requirements for advancement to graduate candidacy. General university requirements for advancement to candidacy for the MA degree are detailed in the Graduate Policies &

Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR). For Communication Studies, candidates meet the GWAR requirement by taking COMM 297C, a required course that students will take in their second semester.

Further requirements of the department for advancement to candidacy include completion of a minimum of 12 letter-graded units, all with grades of "C" or higher, and a minimum GPA of 3.0.

Students will submit a culminating experience plan to the department's Graduate Coordinator. If the plan is satisfactory and the student is considered to be a potentially competent and mature practitioner, they will be advanced to candidacy. Students who fail to meet the expected standards will be terminated from the program.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

This requirement is satisfied by passing COMM 297C.

Culminating Experience

Students in the MA in Communication Studies complete the program with a 1-4-unit Culminating Experience selected from three options: a master's thesis, master's project, or comprehensive exam.

Plan A (Thesis) COMM 299 4 unit(s)

Students opting to complete a master's thesis will take 4 units of COMM 299. The student is responsible for securing a full-time tenured or tenure-track Communication Studies faculty member to serve as thesis advisor and committee chair. In order to do this, it is recommended that the student demonstrate, in a written proposal, that they are capable of completing a thesis, both in terms of research skills and writing ability, and that they have sufficient time to undertake a major research and writing project. Demonstrating these points does not obligate a professor to serve as an advisor, and no reason need be given to a student for declining to supervise a thesis. In consultation with their thesis advisor, the student must also secure two additional university faculty members, one of whom must be a full-time tenured or tenure-track faculty member, to serve as the thesis committee. The student must write a thesis proposal (prospectus) and have it approved by the thesis committee before enrolling in COMM 299 (typically this is done through a prospectus defense.) The thesis is written under the guidance of the thesis advisor with the assistance of the committee members. The student must pass an oral defense of the thesis. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines.

A thesis committee has the option of terminating the thesis option if the candidate does not submit an acceptable thesis within five semesters. In that situation, the student will be required to take the Plan B comprehensive examination as their culminating experience.

Plan B (Project) COMM 298 4 unit(s)

Students opting to complete a master's thesis will take 4 units of COMM 298. The student is responsible for securing a full-time tenured or tenure-track Communication Studies faculty member to serve as project advisor and committee chair. In order to do this, it is recommended that the student demonstrate, in a written proposal, that they are capable of completing a project, both in terms of research skills and writing ability, and that they have sufficient time to undertake a major research and writing project. Demonstrating these points does not obligate a professor to serve as an advisor, and no reason need be given to a student for declining to supervise a thesis. In consultation with their thesis advisor, the student must also secure two additional university faculty members, one of whom must be a full-time tenured or tenure-track faculty member, to serve as the thesis committee. The student must write a project proposal (prospectus) and have it approved by the thesis committee before enrolling in COMM 298. (Typically, this is done through a prospectus defense.) The project is completed under the guidance of the project advisor with the assistance of the committee members. The student must pass an oral defense of the project.

Plan C (Comprehensive Exam) COMM 298 1 unit(s)

Most students will take a comprehensive exam as the culminating experience. Students taking exams will enroll in 1-unit of COMM 298. Students taking an exam will therefore complete an additional 4 units of coursework.

Master's Requirements (32 units)

In addition to three core courses taken during the first year of the program, students are required to complete coursework in three areas: theoretical foundations of one or more divisions within communication studies; specific research methods/modes of inquiry; and engagement with theories and methods through applied practice.

Core Courses (12 units)

- COMM 200C - Graduate Study in Communication 4 unit(s)
- COMM 201C - Methods and Methodologies of Communication Studies 4 unit(s)
- COMM 297C - Advanced Writing Workshop 4 unit(s) (GWAR)

Seminars (12 units)

Complete a minimum of 4 units from each area (Foundations, Inquiry, and Practice).

Foundations (Theory) Seminar Courses (4 units)

- COMM 210F - Interpersonal Communication 4 unit(s)
- COMM 222F - Performance and Culture 4 unit(s)
- COMM 244F - Organizational Communication 4 unit(s)
- COMM 249F - Rhetorical Theory 4 unit(s)
- COMM 250F - Communication Theory: Critical and Interpretive 4 unit(s)
- COMM 255F - Seminar in Communication Theory 4 unit(s)
- COMM 274F - Intercultural Communication 4 unit(s)

Inquiry (Research Methods) Courses (4 units)

- COMM 221I - Performing Narratives 4 unit(s)
- COMM 245I - Communication Criticism 4 unit(s)
- COMM 295I - Special Topics in Communication Inquiry 4 unit(s)

Practice (Applied) Courses (4 units)

- COMM 282P - Communication Pedagogy 4 *unit(s)*
- COMM 285A - Teaching Associate Practicum I 2 *unit(s)*
- COMM 285B - Teaching Associate Practicum II 1-3 *unit(s)*

Advanced Specialization/Electives (4 units)

- Additional 200-level seminar (see above) 4 *unit(s)*
- COMM 193 - Activity Projects in Intercultural/International Communication 1-3 *unit(s)* (Requires instructor consent.)
- COMM 280 - Independent Study 1-4 *unit(s)* (Requires instructor consent.)
- COMM 291 - Communication Studies Graduate Internship Program 1-4 *unit(s)* (Requires instructor consent.)
- Study Abroad units from other departments. 1-4 *unit(s)* (Requires approval from Graduate Program Director.)
- 200-level course from a program other than Communication Studies. 1-4 *unit(s)* (Requires approval from Graduate Program Director.)

Culminating Experience (4 units)

Complete One Option (Plan A Thesis, Plan B Project, or Plan C Comp Exam).

Plan A (Thesis) (4 units)

Students opting to complete a Thesis register for 4 units of COMM 299.

- COMM 299 - Master's Thesis 1-6 *unit(s)* Requires instructor consent.

Plan B (Project) (4 units)

Students opting to complete a Project register for 4 units of COMM 298.

- COMM 298 - Master's Project or Comprehensive Exam 1-4 *unit(s)* Requires instructor consent.

Plan B (Comprehensive Exam) (4 units)

Students opting to take Comprehensive Exams register for 1 unit of COMM 298 and complete 3 units of additional coursework (Seminars or Electives) to earn a minimum of 32 total units.

- COMM 298 - Master's Project or Comprehensive Exam 1-4 *unit(s)*
- Additional seminar or elective chosen from above. 3 *unit(s)*

Total Units Required (32 units)

In order to graduate, students must achieve a minimum grade point average of 3.0 in both their candidacy coursework and in their SJSU cumulative coursework.

Seminar substitution: when deemed necessary for extenuating circumstances or a specific course of study, students may substitute an F, I, or P seminar for a seminar from another category (i.e., an F for a P, and I for an F. etc.) with the approval of the Graduate Program Director.

Credit for undergraduate coursework: Students may earn up to 4 units of coursework for study abroad (COMM 193/COMM 195). In rare circumstances, students may argue for the inclusion of an upper division undergraduate course other than study abroad, such as COMM 198 or an F, I, or P course in a specific area of study. Students must demonstrate the importance of the course to their program of study and receive approval from the Graduate Program Director.

All 295 courses may be repeated for credit for up to 8 units.

Core substitution: In rare circumstances, students may substitute a core course from another MA Program with the approval of the Graduate Program Director and the department Chair.

Criminology, Global Criminology Concentration, MS

- Admission Requirements
- Requirements for Advancement to Candidacy
- University Graduation Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

The Department of Justice Studies at San José State University offers an online Master of Science in Criminology with a Concentration in Global Criminology designed to adapt to the ever-changing environment of the justice and legal systems, and the discipline of criminology. It uniquely combines the advanced study of contemporary international crime and the various responses to crime around the globe with analytic and research techniques used by advanced scholars. It provides an international comparative curriculum that develops analytical skills, understanding of legal concepts, theoretical competency, and abilities to apply criminology in practical ways. It aims to equip graduates with a truly global outlook on crime and criminal justice, a commitment to international justice, and professional competencies to apply practices from around the globe to meet the particular needs of their communities.

This degree program is housed in the Department of Justice Studies.

Graduate Coordinator: Dr. Jodie Warren

Admission Requirements

To be considered for admission to the MS in Criminology program, applicants must complete the university admission requirements, as well as have a baccalaureate degree from an accredited four-year college or university, minimum grade point average of 3.0 in the last 60 credits of coursework, a general understanding of computers and technology, and access to a computer with Internet. International applicants must have a TOEFL score of 550 (Paper Based), 213 (Computer Based), or 80 (Internet Based).

International (Foreign) Students

Documentation of the applicant's TOEFL score should accompany other admission materials. For TOEFL requirements see Graduate Program Test Requirements.

Requirements for Advancement to Candidacy

For advancement to candidacy for the Master of Science degree in Criminology, Concentration in Global Criminology, students must meet the general university requirements for advancement to candidacy outlined in the academic requirements section of this catalog. The University requires that all graduate students complete the Graduation

Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Requirements for the MS - Criminology, Concentration in Global Criminology.

Each student must take a core curriculum of 15 units (JS 265, JS 266, JS 271, JS 272, and JS 273). Elective courses must be 200-level courses in the department. Subject to graduate coordinator approval, two graduate courses in other departments or programs may be taken as electives, if the student demonstrates their relevance to the student's program of study, and/or career goals. Undergraduate courses may not count toward the 30 units of required graduate course work. Students who are academically or administratively disqualified from the program will generally not be readmitted.

Special Session Program Information

Academic Programs offered through Special Session are operated by Professional & Global Engagement. Registration and enrollment in a Special Session course or program must use the special session application form and will follow the special session fees and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or the program will trigger a separate and additional set of fees. This may require an additional enrollment appointment from the Registrar and it may have implications for financial aid status or requirements. Please visit the Professional Education website for more information.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (30 units)

Core Courses (15 units)

- JS 265 - Comparative Criminal Justice Systems 3 *unit(s)* (GWAR)
- JS 266 - Applied Research Methods and Statistics 3 *unit(s)*
- JS 271 - International Human Rights 3 *unit(s)*
- JS 272 - Policing in Global Contexts 3 *unit(s)*
- JS 273 - International Criminology and Juvenile Delinquency 3 *unit(s)*

Concentration Requirements (12 units)

- JS 267 - Crime and Gender Around the World 3 *unit(s)*
- JS 268 - Immigration and International Law 3 *unit(s)*
- JS 269 - Cyber Forensics 3 *unit(s)*
- JS 270A - Global Terrorism 3 *unit(s)*

Culminating Experience (3 units)

- JS 274 - Applied Project 3 *unit(s)*

Total Units Required (30 units)

Economics, Applied Economics Concentration, MA

- Requirements for Admission with Classified Standing
- Requirements for Admission with Conditionally Classified Standing
- Requirements for Advancement to Candidacy for the MA - Economics
- Requirements for Graduation
- Master's Requirements (32-33 units)
- Program Learning Outcomes

Requirements for Admission with Classified Standing

An applicant first must meet the requirements for admission to the university. In addition, the applicant should possess a minimum grade point average of "B". Bachelor degrees in fields other than economics are acceptable for admission to the department. For admission to classified standing, an applicant's preparation in calculus (MATH 71 or MATH 30), statistics (STAT 95), and intermediate microeconomics (ECON 101), intermediate macroeconomics (ECON 102) and intermediate econometrics (ECON 103A), must be satisfactory (grades of "B" or better).

Requirements for Admission with Conditionally Classified Standing

A student who does not meet all requirements for admission to classified standing may be admitted into the program on a conditionally classified basis if he or she has demonstrated an interest in and an ability to master economic analysis, and has completed introductory statistics (STAT 95) and calculus (MATH 71 or MATH 30). Such admission will require students to take specific courses, ECON 101, ECON 102, and ECON 103A, with grades of "B" or better, before taking graduate (200-level) courses.

Requirements for Advancement to Candidacy for the MA - Economics

To be advanced to candidacy for the Master of Arts degree, a student must first meet the university requirements for the degree as stated in the Academic Regulations section of this catalog. Also, a candidate:

- Must have at least a 3.0 ("B") average in nine semester hours of approved San José State University courses in economics at the 100- or 200-level.
- Must obtain approval of a formal master's degree program from the departmental graduate advisor and from the University Graduate Committee.
- Must have successfully completed the Graduation Writing Assessment Requirement (GWAR). The University requires that all graduate students complete the GWAR as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Graduate Theory Grade Requirement

All master's degree students must complete a microeconomic theory course (ECON 201), a macroeconomic theory or monetary theory course (ECON 202 or ECON 235), and ECON 205 with a grade of "B" or better. All 100 - level courses must be completed with a "B" or better. Policies concerning Probation and Disqualification are available online and in the Economics Office.

Undergraduate Course Grade Requirement

Master's degree students may count a limited number of 100-level undergraduate courses as approved electives; however, these courses must be completed with a grade of "B" or better and must be approved in advance by a department graduate advisor. Students earning less than a "B" in any of these classes are allowed one attempt to retake and achieve the minimum grade. Policies concerning Probation and Disqualification are available online and in the Department of Economics Office.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

In consultation with the department graduate coordinator, the candidate will develop and pursue a program of study. The candidate must successfully complete all requirements of the selected plan including the course work specified in the Master's Degree Approval Program. At an appropriate time, and with the assistance of the graduate advisor, the student chooses a proposed Master's degree program and Plan A or Plan B culminating experience as outlined below.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

This requirement is satisfied by passing ECON 203A.

Culminating Experience

Plan B (Comprehensive Examination)

Most students complete a final written comprehensive examination. The exam covers three subjects: microeconomic theory, macroeconomic/monetary and econometrics. Students register once for one unit of ECON 298E in the semester they plan to take the examination. Students not passing the exam may take it a total of three times. Policies concerning Probation and Disqualification for failure to complete the exam are available online and in the Economics Office.

Master's Requirements (32-33 units)

Core Courses (16 units)

- ECON 104 - Mathematical Methods for Economics 4 unit(s)
- ECON 201 - Seminar in Microeconomic Analysis 3 unit(s)
- ECON 203A - Economic Research Methods 3 unit(s) (GWAR)

- ECON 205 - Workshop in Economic Analysis 3 *unit(s)*

Complete One Course:

- ECON 202 - Seminar in Macroeconomic Analysis 3 *unit(s)*
- ECON 235 - Seminar in Monetary Theory and Policy 3 *unit(s)*

Concentration Requirements (9-10 units)

- ECON 203B - Seminar in Econometric Methods 3 *unit(s)*

Complete Two Courses:

- ECON 138 - Business and Economic Forecasting 4 *unit(s)*
- ECON 232 - Seminar in Public Finance 3 *unit(s)*
- ECON 241 - Seminar in Law and Economics 3 *unit(s)*
- ECON 251 - Seminar in Labor Economics 3 *unit(s)*
- ECON 297 - Experimental Methods in Economics 3 *unit(s)*

Electives (6 units)

- Approved 100- or 200-level courses

Culminating Experience (1 unit)

- ECON 298E - Special Study Comprehensive Exam 1 *unit(s)*

Total Units Required (32-33 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 12.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Economics, MA

- Requirements for Admission with Classified Standing
- Requirements for Admission with Conditionally Classified Standing
- Requirements for Advancement to Candidacy for the MA - Economics
- Requirements for Graduation
- Master's Requirements (32 units)
- Program Learning Outcomes

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

In consultation with the department graduate coordinator, the candidate will develop and pursue a program of study. The candidate must successfully complete all requirements of the selected plan including the course work specified in the Master's Degree Approval Program. At an appropriate time, and with the assistance of the graduate advisor, the student chooses a proposed Master's degree program and Plan A or Plan B culminating experience as outlined below.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

This requirement is satisfied by passing ECON 203A.

Culminating Experience

Plan A (Thesis)

The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee. It is the candidate's responsibility to find an Economics Faculty member to Chair the thesis committee, and work with the Chair to determine the other members of the committee and the thesis topic.

Plan B (Comprehensive Examination)

Most students complete a final written examination, not a thesis. The comprehensive exam covers three subjects: microeconomic theory, macroeconomic/monetary and econometrics. Students register once, for one unit of ECON 298E in the semester they plan to take the examination. Students can take the exam a total of three times. Policies concerning Probation and Disqualification for failure to complete the exam are available online and in the Economics Office.

Master's Requirements (32 units)

Core Courses (16 units)

- ECON 104 - Mathematical Methods for Economics 4 unit(s)
- ECON 201 - Seminar in Microeconomic Analysis 3 unit(s)
- ECON 203A - Economic Research Methods 3 unit(s) (GWAR)
- ECON 205 - Workshop in Economic Analysis 3 unit(s)

Complete One Course:

- ECON 202 - Seminar in Macroeconomic Analysis 3 unit(s)
- ECON 235 - Seminar in Monetary Theory and Policy 3 unit(s)

Electives (12 units)

- Approved 100- or 200-level courses

Culminating Experience (4 units)

Plan A (Thesis)

- ECON 299 - Master's Thesis 1-6 *unit(s)*

Plan B (Comprehensive Exam)

- ECON 298E - Special Study Comprehensive Exam 1 *unit(s)*
- One additional Economics elective 3 *unit(s)*

Total Units Required (32 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 12.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Environmental Studies, MS

- Admissions Requirements
- Requirements for Admission to Classified Standing
- Requirements for Admission to Conditionally Classified Standing
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Science in Environmental Studies program, offered by the Department of Environmental Studies, is designed to prepare students for careers as environmental professionals or to pursue further academic training in Ph.D. and other advanced degree programs. Global and local perspectives are integrated in the coursework and the faculty and students embrace a diversity of perspectives. Faculty members work closely with graduate students within the above areas of specialization to execute a program of study. For additional information, review the list of faculty thesis advisors and contact those with focus areas of interest to you. See the department website for more information: www.sjsu.edu/envs/graduate.

Our interdisciplinary curriculum embraces both quantitative and qualitative research, and some of the topics that it focuses on include:

- California Wild (Protected) Lands
- Forest Ecology and Conservation
- Climate Impacts Research
- Human Ecology
- Coastal Environments
- Agroecology
- Insect Conservation
- Corporate Sustainability
- Marine Environments

- Energy
- Nature and Conservation Photography
- Environmental Education
- Political Ecology
- Environmental Impact Assessment
- Pro-environmental Behavior
- Environmental Justice
- Sustainable Food Systems
- Environmental Policy
- Water Resources Management
- Environmental Restoration
- Wetlands Ecology, Restoration, and Management
- Wildlife Conservation and Management

Admissions Requirements

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system at calstate.edu/apply and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the Environmental Studies Program. See the GAPE Graduate Admissions website and this Catalog for general information about admission requirements at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage at GAPE. For TOEFL Requirements, see the Policies and Procedures section, Graduate and Post-Baccalaureate Information.

Requirements for Admission to Classified Standing

The Department of Environmental Studies admits students to the Master of Science programs in Classified or Conditional Standing. Contact the department or see our admissions materials for specific application deadlines. For admission to classified standing the department requires the following:

- An undergraduate degree in Environmental Studies or related field from an accredited institution.
- An overall grade point average of 3.0 ("B") or better for the last 60 semester units of academic study.
- The capability, in the opinion of the graduate committee, of successfully completing degree requirements.
- The removal of deficiencies if preparation differs markedly from the BS - Environmental Studies at San José State University. (BA students may be required to complete a general science background.) Courses used to remove such deficiencies cannot be used to fulfill MS requirements. For further information, see the graduate coordinator.
- Two letters of recommendation from university faculty members or professionals in the field.
- A personal statement of purpose that describes your background and objectives for seeking the MS - Environmental Studies at SJSU. This letter should also convey a sense of focus and direction for thesis research and potential faculty thesis advisers in the department.
- Applicants from countries in which the native language is not English must achieve a minimum score of 580 (Paper Based), 237 (Computer Based), or 92 (Internet Based) on the TOEFL exam for foreign students.

Requirements for Admission to Conditionally Classified Standing

If not accepted into classified standing, the applicant may qualify for conditionally classified status for which the following will be required: the ability, in the opinion of the departmental graduate committee, to remove deficiencies in a period not to exceed the equivalent of one full-time semester of coursework. The individual admission letter will explain the required terms and conditions for attaining Classified standing.

Requirements for Advancement to Candidacy

Once a student has completed all required courses, with the exception of ENVS 299 and has submitted a completed and signed thesis proposal to the Graduate Coordinator, a Petition to Advance to Candidacy must be submitted to the Graduate Coordinator and GAPE office. The application to candidacy should be submitted a year prior to the expected graduation date. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program. In addition, students must secure a commitment of three faculty members of the university, two of whom must be members of the permanent faculty, to serve as members of the student's Plan A (thesis) or Plan B (Project) committee, with one permanent faculty member agreeing to serve as chair. The committee must approve the student's thesis or project proposal for the master's degree no later than one month prior to the end of the semester preceding the one in which enrollment in the final project or thesis course(s) is planned.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

In consultation with the department graduate coordinator, the candidate will develop and pursue a program of study. The candidate must successfully complete all requirements of the selected plan including the course work specified in the Master's Degree Approval Program.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Students choose a Plan A (Thesis) or Plan B (Project) option as their program culminating experience. Each student must secure the commitment of three faculty members of the university, two of whom must be members of the permanent faculty, to serve as members of the student's Plan A (thesis) or Plan B (Project) committee, with one permanent faculty member agreeing to serve as chair. The committee must approve the student's thesis or project proposal for the master's degree no later than one month prior to the end of the semester preceding the one in which enrollment in the final project or thesis course(s) is planned.

Plan A (Thesis)

The thesis will include original research on a topic approved by the thesis committee and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will undergo a thorough review and revision process under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee. In addition, the candidate for the MS degree must successfully pass a final oral defense of the thesis.

Plan B (Project)

Under rare circumstances, a very strong project of appropriate scope and depth for master's level work might be approved in lieu of the thesis. This option requires the written consent of at least three graduate advisors, the

graduate coordinator, and the department chair. In addition to the required coursework, Plan B students will take comprehensive examinations on three topics to be arranged by the student's project committee.

Master's Requirements (30 units)

Seminars (9 units)

- ENVS 200 - Seminar: Environmental Methods 3 *unit(s)*
- ENVS 250 - Seminar: Environmental Thought and Philosophy 3 *unit(s)*
- ENVS 297 - Research and Proposal Development 3 *unit(s)* (GWAR)

Application Science (9 units)

9 units of 100- or 200-level field analysis, laboratory work, or other form of application science selected with advisor's approval.

Electives (6 units)

- 100- or 200-level courses in Environmental Studies or related fields selected with advisor's approval. The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Culminating Experience (6 units)

Complete One Option (Plan A or Plan B):

Plan A (Thesis) (6 units)

- ENVS 299 - Master's Thesis 1-6 *unit(s)*

Plan B (Project) (6 units)

- ENVS 298 - Special Study 1-4 *unit(s)* (3 *units required*)
- Additional 3 units of electives selected with advisor's approval 3 *unit(s)*

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Geographic Information Science (GISc), MS (Accepting Students for Fall 2025)

- Admission Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Program Learning Outcomes

The Master of Science in Geographic Information Science (MS GISc) is a one-year graduate degree offered by the Department of Urban and Regional Planning. With a streamlined program of study, students will learn theory and applications of spatial thinking/reasoning and use of GIS to support problem solving and decision making. The program will harness a wide array of courses in GISci, statistics, computer science, geography, urban and regional planning and their intersection through 8 upper division courses. With these courses, students will use the geospatial competency model to be increasingly challenged in face to face, project-based courses to prepare them for a rapidly expanding 21st Century technology intensive profession. Key outcomes of the program of study include understanding of theory and scholarship, ability to perform spatial data collection and analysis, accurate and ethical use of geospatial tools and techniques, and the ability to communicate technical information visually, orally, and in written forms.

MS GISc graduates are eligible for the **Optional Practical Training (OPT) 24-month extension for STEM students.**

Geography/GIS graduate advisor: Dr. Ahoura Zandiatashbar

Admission Requirements

Candidates must meet all of the university admission requirements. The MS GISc application materials include:

- Letters of Recommendation: Applicants are required to submit 2 letters of recommendation commenting on their ability for potential graduate studies and research in MS GISc graduate program.
- Transcripts: Official transcripts from all higher educational institutions attended (even those where you did not get a degree) to be submitted to the Graduate Admissions Office.
- Resume (CV): Current Resume or CV
- Essay: A short essay (maximum 2 pages) that briefly describes applicant's education and career background, past research experience, anticipated master project and topic, and reasoning for pursuing a Master's in Geographic Information Systems. It is important to note that the anticipated master's project or topic will not influence the admission decision.
- Bachelor's Degree: Applicants must have completed a Bachelor's Degree with some focus on geography or spatial analysis from an accredited institution. If there is no geography or spatial analysis, applicants may be asked to enroll in related undergraduate courses

Basic requirements for admission to the Graduate Division are outlined in the Admissions section. In addition, the department requires the following for admission to classified standing:

- Undergraduate GPA Requirement: Applicants must have completed a Bachelor's Degree program with a minimum cumulative GPA of 3.0 (4.0 scale).
- Writing Sample: Academic/professional writing samples
- GRE (OPTIONAL): The GRE General Test score can be optionally submitted along with the packet to compare and rank applicants or for potential financial aid or funded positions. There is no minimum requirement, but the GRE score could be used to compare and rank applicants or to be considered for potential financial aid or funded positions.
- TOEFL: Applicants from countries in which the native language is not English must have:
 - TOEFL iBT (Internet-based) 80
 - TOEFL paper-based 550
- Academic International English Language Testing System (IELTS) 6.5
- Academic Pearson Test of English (PTE) 53

- International Students: International students are advised to closely follow guidelines for submitting transcripts and any other supporting documents, including demonstrating competence in English, available on the Graduate Admissions & Program Evaluation website.
- Prerequisites for non-GIS applicants:
- GIS171 - Vector GIS analysis/modeling refresher (1 unit)
- GIS182 - Raster GIS analysis/modeling refresher (1 unit)

Requirements for Advancement to Candidacy

The student may be advanced to candidacy by complying with requirements of the university as outlined in the Master's Requirements section of this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Requirements for Graduation

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Culminating Experience

GIS171 and GIS182 represent the culmination of the MS in Geographic Information Science program. Through these courses, under faculty guidance students undertake a comprehensive project focusing on real-world geospatial challenges, integrating advanced GIS techniques and emerging technologies.

GIS171 - Master Report 1: Final Project Research Design (3 units): Students initiate their projects by identifying a relevant geospatial issue and developing a project proposal under faculty guidance. They leverage GIS tools to analyze data and formulate insights, laying the foundation for innovative solutions.

GIS182 - Final Project Development (3 units): In the final phase, students refine their projects, creating user-friendly interfaces and communicating findings effectively. Through presentations and deliverables, they showcase the practical application and impact of their GIS solutions.

Innovative Outcomes: The MS GIS Culminating Experience encourages diverse outputs, including comprehensive reports, web-tools, mobile applications, and GeoAI-based products. Students are encouraged to explore innovative solutions tailored to real-world needs, with opportunities for external applications in collaboration with potential user companies.

Upon completion, students emerge as adept geospatial professionals, equipped to address complex spatial challenges in diverse fields. Their projects serve as tangible contributions to the field of GIS, demonstrating their ability to innovate and lead in a rapidly evolving landscape. The Culminating Experience in MS GIS through GIS171 and GIS182 exemplifies the program's commitment to hands-on learning and practical application. As students embark on their post-graduate endeavors, they carry with them the skills, knowledge, and passion to make meaningful contributions to the field of Geographic Information Science.

Master's Requirements (30 units)

Fall Semester (15 units)

- GIS 205 - Spatial Data Literacy and Ethics 4 unit(s) (GWAR)

- GISC 210 - Spatial Data Science Through Open-Source GIS Technologies *4 unit(s)*
- GISC 220 - Spatial Statistics, Analysis, & Modeling *4 unit(s)*
- GISC 298A - Master Report 1: Final Project Research Design *3 unit(s)*

Spring Semester (15 units)

- GISC 230 - WebGeoViz *(4 units)*
- GISC 279 - Python for Geo-Analysis *(4 units)*
- GISC 282 - Advanced Remote Sensing *(4 units)*
- Culminating Experience: GISC 298B - Final Project *(3 units)*

Total Units Required (30 units)

Geography, MA

- Admissions Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The MA in Geography is offered by the Department of Urban and Regional Planning. Admission to the graduate program is flexible, and potential students are evaluated on a case-by-case basis. A strong record based on either undergraduate performance or employment experience is expected. Graduate students without a geography degree can expect added course work in geographic literature and theory. More information can be found on the Geography webpage.

Admissions Requirements

All graduate applicants must submit a complete graduate application by applying through the CSU Cal State Apply system. Additional information regarding university admission requirements is in this catalog. Applicants from countries in which the native language is not English must achieve a minimum English language proficiency test score as indicated on the Graduate Program Test Requirement webpage.

Admissions to Classified Standing

Basic requirements for admission to the Graduate Division are outlined in the Admissions section. In addition, the department requires the following for admission to classified standing:

- An undergraduate degree in geography or a reasonably related field from an accredited institution.
- A 3.0 ("B") overall grade point average for the last 60 semester units of academic study.
- The capability, in the opinion of the Department Graduate Committee, of successfully completing the degree requirements.
- The removal of deficiencies if preparation differs markedly from the BA - Geography at San José State University.

Admissions to Conditionally Classified Standing

If not accepted into classified standing, the applicant may qualify for conditionally classified status for which the following will be required:

- The ability, in the opinion of the Department Graduate Committee, to remove deficiencies which do not exceed the equivalent of one full-time semester of course work.
- The qualifications to be accepted to classified standing within a reasonable length of time, and the background to conduct studies at the graduate level.

Requirements for Advancement to Candidacy

The student may be advanced to candidacy for the MA - Geography by complying with requirements of the university as outlined in the Academic Regulations section of this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program. In addition, students must obtain their thesis advisor's approval for their thesis proposal.

Students will complete a course of study designed to prepare them for professional work in their chosen subfield. Accordingly, they will need to take specific courses to support research and project work in that field.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

In consultation with the department advisor, the candidate will develop and pursue a program of study outlined in Plan A or Plan B. The candidate must successfully complete all requirements of the selected plan including the course work specified in the Master's Degree Approved Program.

Plan A (with Thesis)

- A minimum of eighteen units in geography.
- The thesis, based on independent research, is to be conducted under the direction of a thesis advisor and must be acceptable to and approved by the Thesis Committee. The Committee consists of the thesis advisor (committee chair), an additional member from the university faculty, and an additional member who may be from outside the university. The thesis topic shall be developed within the departmental foci in consultation with the thesis advisor. The thesis must conform to the SJSU Master's Thesis and Doctoral Dissertation Guidelines.
- Final Examination: The thesis must be successfully defended orally before the thesis committee.

Plan B (without Thesis)

- A minimum of twenty-one units in geography, with at least 50% of the units in graduate-level courses.
- Project: The student shall present the results of a project in one of the areas of departmental focus. Appropriate projects include research completed for a geography graduate seminar or an independent study conducted under the

supervision of a faculty advisor. The results will be reported in a written paper and other materials submitted to the department, and will be presented formally to a geography faculty and student colloquium for acceptance.

Master's Requirements (30 units)

Plan A (with Thesis) (30 units)

Core Seminar (3 units)

- GEOG 290 - Seminar in Research Design for Geographic Information Science 3 *unit(s)* (GWAR)

Geography Seminars (6 units)

Complete two courses from:

Courses can be repeated twice if topic changes.

- GEOG 239 - Geographic Information Technology 3 *unit(s)*
- GEOG 279 - Geographic Information Science Applications 3 *unit(s)*
- GEOG 282 - Advanced Geographic Techniques 3 *unit(s)*

Culminating Experience (6 units)

- GEOG 299 - Master's Thesis 1-6 *unit(s)*

Electives (15 units)

100 or 200-level courses in geography or related fields selected with advisor's approval. Students should take the following courses, depending on their area of focus:

- GEOG 282 - Advanced Geographic Techniques 3 *unit(s)*
- GEOG 195 - Open Source GIS 3 *unit(s)*

Three Additional Units

- GEOG 173 - Drones and Spatial Data Collection 3 *unit(s)*
- GEOG 175 - Geographic Information Systems Project Development 3 *unit(s)*
- GEOG 182 - Programming for GIS 3 *unit(s)*

Plan B (without Thesis) (30 units)

Core Seminar (3 units)

- GEOG 290 - Seminar in Research Design for Geographic Information Science 3 *unit(s)* (GWAR)

Geography Seminars (9 units)

Complete three courses from:

- GEOG 239 - Geographic Information Technology 3 *unit(s)*
- GEOG 279 - Geographic Information Science Applications 3 *unit(s)*
- GEOG 282 - Advanced Geographic Techniques 3 *unit(s)*

Electives (18 units)

At least 3 units must be 200-level.

100 or 200-level courses in geography or related fields selected with advisor's approval. Students should take the following courses, depending on their area of focus:

- GEOG 282 - Advanced Geographic Techniques 3 *unit(s)*
- GEOG 195 - Open Source GIS 3 *unit(s)*

Three Additional Units

- GEOG 173 - Drones and Spatial Data Collection 3 *unit(s)*
- GEOG 175 - Geographic Information Systems Project Development 3 *unit(s)*
- GEOG 182 - Programming for GIS 3 *unit(s)*

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor. The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15. Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

History, MA

- Requirements for Admission to Classified Standing
- Requirements for Admission to Conditionally Classified Standing
- University Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

While designed to strengthen students' depth and breadth of historical knowledge, the MA in History requires those who study the past at an advanced level to move beyond the acquisition of content knowledge and develop the more complex skills and habits of mind associated with historiography-including synthesis, analysis, and evaluation. This course of study serves those preparing to teach history at community colleges, those seeking preparation for the doctorate, museum curators, historical archivists, historians working in governmental agencies, and secondary teachers choosing a traditional Master's degree.

Requirements for Admission to Classified Standing

Prospective students must apply separately to the university to obtain approval for graduate-level admission and to the department to obtain admission into the MA in History program. Applicants must meet all the university admission requirements as outlined in this catalog and stated in subsequent policy changes (this refers both to admission and

graduation procedures). Students can be admitted in either classified or conditionally classified standing. Admission to classified standing for the MA - History requires that the undergraduate preparation of the applicant be comparable to that of the BA degree at San José State University. This preparation must include one upper-division or graduate course in historical method and a course in historiography. The applicant who does not have this preparation must remove all deficiencies after admission to the program. Students who have a baccalaureate degree in a field other than history will be required to complete up to 8 units in upper-division or graduate history courses. Units thus taken will not be counted toward the minimum 30 units required for the MA - History. Requirements and policies change; please refer to the Department of History website for the most current information.

Requirements for Admission to Conditionally Classified Standing

A student who does not meet all requirements for admission in classified standing for the MA - History may be admitted in conditionally classified status. The graduate advisor will list on the admissions notification all deficiencies and courses that must be taken while in the program.

University Requirements

The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirement webpage.

Requirements for Advancement to Candidacy

At least one semester before a candidate expects to graduate, the student must complete the Petition for Advancement to Graduate Candidacy form delineating the entire degree program, that is, the courses that the student has completed or expects to complete toward the Master's. The candidate must submit the form to the Graduate Advisor and then to GAPE for final approval. Through this procedure, the student's entire program will be examined to determine whether it complies with all departmental and university requirements for the degree, including the university requirement for demonstrated competency in written English.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Department Graduation Requirements

Following admission to the university and the department, the student should consult the history department website and speak with the graduate advisor regarding degree requirements and a proposed degree program. Candidates must complete 20 units of course work in one of the following fields of study: United States History, European History or World History. Eight units may be taken in any field of history. Two units will focus on professional development. Specialists in European History and United States History may apply one World History Colloquium (HIST 220) to their primary field, and World History specialists may apply one U.S. History Colloquium (HIST 210A) or one European History Colloquium (HIST 209 or HIST 211) to their primary field. Five courses and the 2 units of

professional development --a total of 22 units-- must be completed at the graduate level. All students must maintain a 3.0 GPA average to remain in the program and either pass the comprehensive examination or complete a thesis to receive the degree.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Plan B (Comprehensive Examination)

In addition to the course of study outlined above, graduate students must take and pass a comprehensive examination (Plan B). On the exam, the student is expected to demonstrate considerable breadth and depth of knowledge, a familiarity with historiographical issues, and adherence to acceptable rules of grammar, spelling and literary style in presentation. The examination will be scheduled toward the end of the fall and spring semesters, and students must pass the examination within three attempts or no degree will be awarded.

Plan A (Thesis)

In some exceptional cases, students may substitute a thesis (Plan A) for the comprehensive examination. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee. A thesis option will be considered only upon the nomination of a professor, who agrees to serve as the first reader. The student must demonstrate to the nominating professor, in a written proposal, that he or she is capable of completing a thesis, both in terms of research skills and writing ability, and that he or she has sufficient time to undertake a major research and writing project. In addition, the proposed project must have intrinsic historical value. Demonstrating these points does not obligate a professor to nominate or to serve as a first reader, and no reason need be given to a student for declining to supervise a thesis. Permission to write a thesis is also contingent on finding two other professors willing to serve as second and third readers; they also serve entirely at their own discretion. Finally, the department's graduate studies committee must approve all thesis proposals. After all three readers have signed the thesis, the candidate must submit it to the University for final approval.

A thesis committee has the option of terminating the thesis option if the candidate does not submit an acceptable thesis within five semesters. In that situation, the student will be required to take the Plan B comprehensive examination as the program culminating experience.

Language Requirement

All candidates for general MA in History must demonstrate competency in one foreign language. The sole exception are students whose primary field is U.S. History, who may, if they do not wish to meet the language requirement, take two history graduate-level courses in substitution.

The language competency requirement may be met in four ways:

- Through examination by a history faculty member with expertise in your language. The exam will be a translation of approximately 500 words to be completed in two hours with a hard-copy dictionary allowed.
- By taking two years of a foreign language at a university or community college. An average grade of "C" or better must have been attained, and the coursework completed within five years of admission to the university.
- If your primary concentration is European History, you may also fulfill this requirement by taking one year of Greek and one year of Latin.
- By taking and passing the Educational Testing Service Graduate Foreign Language Exam.

Master's Requirements (30 units)

Professional Development (2 units)

- HIST 298 - Special Study 1-6 unit(s) (*Should be completed during student's first semester*)

Colloquia (8-12 units)

European History Primary Field (8 units)

HIST 209 and HIST 211 may be repeated for credit

- HIST 209 - Colloquium in Ancient and Medieval Europe 4 unit(s) (GWAR)
- HIST 211 - Advanced Colloquium in Modern Europe 4 unit(s) (GWAR)

United States History Primary Field (12 units)

- HIST 210A - Advanced Colloquium United States History 4 unit(s)
- HIST 210B - Advanced Colloquium United States History 4 unit(s) (GWAR)
- HIST 210C - Advanced Colloquium United States History 4 unit(s)

World History Primary Field (8 units)

- HIST 220 - Advanced Colloquium in World History 4 unit(s) (*HIST 220 may be repeated for credit*)

Seminars (8 units)

Graduate or Upper Division courses selected in consultation with the Graduate Advisor.

Additional Graduate or Upper Division Courses (8-12 units)

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 8.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Justice Studies, MS

- Admission Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (33 units)
- Program Learning Outcomes

The Department of Justice Studies at San José State University offers a full-time two-year or part-time three-year Master's program drawing upon criminology, criminal justice, sociology, political science, psychology, law, and history.

Areas of teaching and research in the Department include theory, policing, law and society, human rights, policy evaluation, juvenile justice, immigration, punishment & society, race theory, history, and forensic science.

The Master's program prepares students for careers in criminal justice settings, public institutions, grassroots community organizations, and nonprofit agencies, as well as for doctoral programs and research positions in public agencies.

More information is available on the Department of Justice Studies website.

Admission Requirements

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the MS, Justice Studies program.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. For TOEFL requirements, see English Language Proficiency Requirement .

Admission to the Program

To be considered for admission to the Justice Studies Department, applicants must complete the university admission requirements, as well as have a minimum grade point average of 3.0 in the last 60 units of university course work. Admission decisions will be based on a weighted assessment of the applicant's grade point average, course work and preparation, two letters of recommendation from academics, and a short essay on a justice-related topic chosen each year by the Justice Studies graduate committee (see department website for further information).

Admission in Conditionally Classified Standing

Applicants meeting the university's requirements for the Graduate Division but lacking experience in research methods in the social sciences may, at the department's discretion, be required to take one or two classes to prepare them for the degree. These students may be admitted under conditionally classified standing. The individual admission notification will explain the required terms and conditions for attaining Classified standing.

Requirements for Advancement to Candidacy

For advancement to candidacy for the Master of Science degree in Justice Studies, students must meet the general university requirements for advancement to candidacy outlined in this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Advancement to Candidacy requires the following:

- Classified standing
- Completion of 9 units of core or required courses with a grade point average of 3.0 ("B") or better

- Completion of the GVAR

Once advanced to candidacy, the student should meet with the department graduate coordinator to draft an approved plan of study. This program must identify 33 units of course work as outlined in the following list of course requirements.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Completing Requirements for the MS - Justice Studies

Course Requirements

Each student must complete a core curriculum of 18 units (JS 201, JS 202, JS 203, JS 207, JS 211 and JS 220), 9 units of elective courses, and master's thesis or project as their 6-unit culminating experience. The thesis option requires six units of JS 299; the project option requires completion of JS 297 and an additional 3-unit elective. Elective courses must be 200-level courses in the department. Subject to graduate coordinator approval, two graduate courses in other departments on campus may be taken as electives, if the student demonstrates their relevance to the student's program of study and/or career goals in Justice Studies. Undergraduate courses may not count toward the 33 units of required graduate course work. Students who are academically or administratively disqualified from the program will generally not be readmitted.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GVAR).

Culminating Experience

Students select one of the following options for their culminating experience. Students should choose the option that best suits their particular interests and goals.

Plan A (with Thesis)

Plan A provides an advanced program of study for those who are primarily interested in conducting research, and pursuing advanced study toward the doctorate. The Plan A is a 6-unit thesis option designed to provide opportunities for in-depth investigation in the student's area of emphasis. The thesis will include original research on a topic approved by the thesis committee and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. The student and the thesis committee chair, with approval by the graduate coordinator, determine the thesis requirements and timelines. Approval by the graduate coordinator and thesis committee and a "B" average in the core coursework is required before a student can register for JS 299 (3 units). Students interested in this option must also submit a brief written statement to the graduate coordinator describing their research interests and expertise, and receive permission from the graduate coordinator.

Plan B (Project)

The Plan B option provides an advanced program of study for professionals and those who want to pursue careers in justice studies fields. It requires a 3-unit research project that is conducted with the rigor appropriate to graduate work. Its culminating experience is a substantial, original paper on a specific research topic and an associated poster

presentation evaluated by a faculty panel comprised of all members of the Justice Studies graduate committee. Individual projects are agreed to by the graduate student and JS 297 academic advisor and require the approval of the Graduate Coordinator. Students choosing this option must take an additional 3-unit elective and enroll in JS 297 during their final semester.

Master's Requirements (33 units)

Core Courses (18 units)

- JS 201 - Justice and Social Theory 3 *unit(s)* (GWAR)
- JS 202 - Survey of Research Methods 3 *unit(s)*
- JS 203 - Seminar in Applied Statistics in Justice 3 *unit(s)*
- JS 207 - Seminar in Qualitative Research Methods 3 *unit(s)*
- JS 211 - Historical Issues in Justice Studies 3 *unit(s)*
- JS 220 - Seminar: Criminological Theory 3 *unit(s)*

Electives (9 units)

9 units from the following:

- JS 204 - Justice Organizations, Ethics & Change 3 *unit(s)*
- JS 205 - Seminar in Law and Courts 3 *unit(s)*
- JS 206 - Seminar in Juvenile Justice 3 *unit(s)*
- JS 208 - Seminar: Punishment & Society 3 *unit(s)*
- JS 209 - Seminar in Police and Social Control 3 *unit(s)*
- JS 212 - Local & Global Perspectives on Human Rights 3 *unit(s)*
- JS 214 - Seminar: Social Movement, Community Organizing, and Social Justice 3 *unit(s)*
- JS 218 - Seminar: Immigration, Law & Justice 3 *unit(s)*
- JS 221 - Seminar: Deviance & Social Control 3 *unit(s)*
- JS 223 - Seminar: Comparative Criminology & Criminal Justice 3 *unit(s)*
- JS 281 - Justice Practicum 1-3 *unit(s)*
- JS 298 - Special Study 1-3 *unit(s)*

Culminating Experience (6 units)

Plan A (with Thesis)

- JS 299 - Master's Thesis 3-6 *unit(s)* (6 units required)

Plan B (Project)

- JS 297 - Program Evaluation Project 3 *unit(s)*
- Additional 3 units electives 3 *unit(s)*

Total Units Required (33 units)

Elective courses must be planned in consultation with the graduate advisor.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Psychology, Industrial/Organizational Psychology Concentration, MS

- Admission Requirements
- Degree Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Science (MS) degree in Industrial/Organizational (I/O) Psychology program, offered by the Department of Psychology, is designed to provide students with a fundamental grounding in theory, research, and application in the field of I/O Psychology and to prepare them to work in a wide range of settings including medium-to-large sized organizations, government agencies, human resources or management consulting firms, and large research organizations. The program places particular emphasis on the science-practitioner approach in which students understand and appreciate theory and research as they apply their knowledge and skills to the needs and challenges of organizations.

Admission Requirements

To be eligible for admission into the Industrial/Organizational Psychology program, you must:

- Meet all of the University graduate admissions requirements
- Have completed either a baccalaureate degree (BA/BS) in psychology or any baccalaureate degree and a minimum of 30 semester (45 quarter) units in psychology
- Have a minimum GPA of 3.0 in the last 60 semester units (90 quarter units) of all college and/or university course work
- Have a minimum GPA of 3.0 in all college and/or university psychology courses taken
- Have taken the GRE Exam (General Test only), although we do not require a minimum score for your application to be considered.

Degree Requirements
