Past Catalogs

Are you looking for a different catalog? Visit the Archived Catalogs section to view past catalogs.

What's New?

For a list of changes to programs and policies and new courses and programs in the academic catalog, visit the What's New? Page.

What are Catalog Rights?

Undergraduate Students

Students may elect to satisfy degree requirements for a different academic catalog year for their major and/or their Undergraduate University Graduation Requirements. Talk to your advisor about your Undergraduate Catalog Rights.

Graduate Students

Students, who since gaining Classified Graduate Standing status have maintained continuous enrollment, may elect to satisfy the degree requirements in effect at the time of gaining Classified Graduate Standing status or at the time of completing their degree requirements.

Organizational Changes

- College of Information, Data & Society (formerly College of Professional and Global Education)
- Professional & Global Engagement (formerly College of Professional and Global Education)

Programs

New Degrees (3)

- Asian American Studies, BA
- Computational Linguistics, MS
- Geographic Information Science (GISc), MS (Accepting Students for Fall 2025)

New Minors (3)

- Energy Systems Minor
- Spanish Language Media and Journalism Minor
- Sustainability Minor

New Certificates (4)

- Advanced Social Work Practice in Gerontology Certificate
- Advanced Social Work Practice in Mental Health Certificate
- Clinical Genetic Molecular Biologist Scientist Training Program Certificate
- Innovation & Entrepreneurship Certificate

New Credentials (1)

- PK-3 Early Childhood Education (PK-3 ECE) Specialist Instruction Credential

Major Program Revisions (6)

- Accounting and Analytics, MS (formerly Accountancy, MS)
- Biological Sciences - Marine Biology, BS

- Business Administration, Accounting Concentration, BS + Accounting and Analytics, MS (formerly Business Administration, Accounting Concentration, BS + Accountancy, MS)
- Communicative Disorders and Sciences, BS (formerly Communicative Disorders and Sciences, BA)
- Clinical Psychology, MS (formerly Clinical Mental Health Counseling, MS)
- History Minor (formerly General History Minor)

General Education Program

Area A1: Oral Communication

- HUM 10 - Honors Global Oral and Rhetorical Cultures (A1)

Area A3: Critical Thinking and Writing

- HUM 11 - Honors Critical Thinking across Global Cultures (A3)

Area B4: Mathematics/Quantitative Reasoning

- ESM 19 - Precalculus (B4)
- ESM 26 - Quantitative Reasoning in Linguistic Diversity (B4)

Area C1: Arts

- ENGL 71 - Creative Writing (C1) (formerly C2)
- HUM 20 - Honors Global Material Cultures (C1)

Area C2 - Humanities

- HEBR 1A - Elementary Hebrew (C2)
- HEBR 1B - Elementary Hebrew (C2)
- HUM 21 - Honors Reading Difference across Global Cultures (C2)
- JWSS 1A - Elementary Hebrew (C2)
- JWSS 1B - Elementary Hebrew (C2)
- RELS 1A - Elementary Hebrew (C2)
- RELS 1B - Elementary Hebrew (C2)

Area F: Ethnic Studies

- NAIS 1 - Intro to Native American and Indigenous Studies (F)
- NAIS 2 - California Indigenous Peoples (F)

Area R: Earth, Environment, and Sustainability

- AFAM 151 - Race, Class and the Environment (R) (Spring 2025)
- ENVS 151 - Race, Class and the Environment (R) (Spring 2025)
- JOUR 160 - Environmental Journalism (R)

Area S: Self, Society & Equality in the U.S.

- AFAM 152 - Black Feminisms (S)
- AFAM 159 - The Racial Wealth Gap in America (S)
- AFAM 170 - Interracial Intimacies and Mixed Race Identity in the U.S. (S)
- NUFS 134 - Multicultural Complementary and Alternative Medicine (S)

Area V: Cultures and Global Understanding

- HIST 118 - Yiddish History and Culture (V)
- JWSS 118 - Yiddish History and Culture (V)
- MCOM 118 - Metaverse, Society and World-Building (V)

- RTVF 111 - Global Screen Cultures (V)

Graduation Writing Assessment Requirement (GWAR)

- DATA 245 - Machine Learning Technologies (GWAR)

Spartan Accelerated Graduate Education (SAGE) Scholars Programs (7)

Spartan Accelerated Graduate Education (SAGE) Scholars programs are combined bachelor's and master's programs at SJSU (per University Policy F19-1). Sometimes they may also satisfy the requirements for a credential. Students in these programs pursue a bachelor's and master's degree simultaneously. These programs allow students to earn graduate credit while in their junior and/or senior year, reducing the number of semesters required for completion of a master's degree.

- Business Administration, Finance Concentration, BS + Finance, MS *Pending final approval from the CSU Chancellor's Office*
- Economics, BA + Economics, Applied Economics Concentration, MA
- Economics, BA + Economics, MA
- Economics, BS + Economics, Applied Economics Concentration, MA
- Economics, BS + Economics, MA
- Industrial and Systems Engineering BS + Industrial and Systems Engineering, Concentration in Operational Analytics, MS
- Mathematics, Integrated Teacher Education Program, BA + Single Subject Credential + Education Specialist Credential + Special Education, MA

SJSU Online (1)

- Interdisciplinary Studies, Health Care Leadership Concentration, BS (SJSU Online)

New Courses (117)

Effective Fall 2024 (unless otherwise indicated).

Business

- BUS 227G - Tax Compliance & Planning (TCP) (*Spring 2025*)
- BUS 244 - Information Technologies for Business: Essentials & Emerging
- BUS 270S - Special Topics in Finance
- BUS2 135C - Entertainment Marketing (*Spring 2024*)
- BUS2 135D - Sports Marketing (*Spring 2024*)
- BUS3 184N - Business Network Experience
- BUS4 118A - Cloud Computing for Data Professionals
- HSPM 155 - Sustainable Hospitality and Tourism Management (*Spring 2024*)

Education

- CHAD 264 - Seminar in Family Systems (*Spring 2024*)
- CHAD 274 - Seminar in Middle Childhood and Adolescent Development (*Spring 2024*)
- EDD 590 - Research Seminar and Colloquium in Educational Leadership (*Spring 2024*)
- EDD 598 - Dissertation Research Development (*Spring 2024*)

- EDLD 11 - Making Research Work: Explorations in Career Pathways (*Spring 2024*)
- EDTE 208A - Culture, Education and Power for Spanish-English Bilinguals
- EDTE 208M - Culture, Education and Power for Mandarin-English Bilinguals
- EDTE 262A - Language Methods and Equity for Spanish-English Bilinguals
- EDTE 262M - Language Methods and Equity for Mandarin-English Bilinguals
- EDTE 297A - Advanced Issues in Spanish-English Bilingual Education (*Spring 2024*)

Engineering

- AE 105 - Mathematical Methods for Aerospace Engineers
- AE 119 - Finite Element Analysis for Aerospace Applications (*Spring 2024*)
- AVIA 129 - Aviation Cybersecurity (*Spring 2024*)
- AVIA 160 - Aircraft Dispatch (*Spring 2025*)
- CHE 282 - Applied Graduate Research
- CHE 283C - Graduate Curricular Practical Training
- CMPE 217 - Human AI Interaction
- CMPE 219 - Cybersecurity Clinics with HCI
- CMPE 297 - Special Topics in Computer/Software Engineering (*Spring 2024*)
- ISE 216 - Service Design: Process and Methods
- ISE 295C - Graduate Curricular Practical Training
- MATE 146 - Experimental Methods in Materials Characterization
- MATE 282 - Applied Graduate Research
- MATE 283C - Graduate Curricular Practical Training
- TECH 242 - Vision System Application in Manufacturing

Health and Human Sciences

- AUD 526C - Clinical Externship in Audiology III (*Spring 2024*)
- HS 90 - Introduction to Health Science Professions
- HS 110 - Interprofessional Health Teams (*Spring 2025*)
- KIN 276 - Advanced Exercise Psychology
- OCTH 201AD - Field Work Experience
- OCTH 201BD - Advanced Field Work Experience
- OCTH 206D - Clinical Practice Skills for Occupational Therapy
- OCTH 210D - Seminar in Occupational Therapy
- OCTH 210ITLD - Seminar in Occupational Therapy: International Experience
- OCTH 211D - Historical and Theoretical Foundations of Occupational Therapy
- OCTH 212D - Occupations through the Lifespan
- OCTH 221D - Occupational Analysis
- OCTH 222D - Functional Kinesiology for Occupational Therapists
- OCTH 245D - Introduction to Research Methods (*GWAR*)
- OCTH 276D - Practicum and Seminar 1A
- OCTH 286D - Practicum and Seminar 1B

Humanities and the Arts

- ADV 127 - Practical Qualitative Research in Advertising
- ART 15 - Digital 2D Foundations
- ARTH 150 - Modern Textiles: A Global History of Art and Design (*Spring 2025*)
- DSGN 101 - Design Thinking Studio
- ENGL 160 - Topics in American Literature
- ENGL 171 - Pop Cultures
- HEBR 1A - Elementary Hebrew (C2)
- HEBR 1B - Elementary Hebrew (C2)
- HUM 10 - Honors Global Oral and Rhetorical Cultures (A1)
- HUM 11 - Honors Critical Thinking across Global Cultures (A3) (*Spring 2025*)
- HUM 20 - Honors Global Material Cultures (C1)
- HUM 21 - Honors Reading Difference across Global Cultures (C2) (*Spring 2025*)
- JOUR 140AS - Student Media Production in Spanish
- JOUR 160 - Environmental Journalism (R)
- JPN 170 - Japanese Language Proficiency Test (JLPT) Preparation (*Spring 2024*)
- JWSS 1A - Elementary Hebrew (C2)
- JWSS 1B - Elementary Hebrew (C2)
- LING 220 - Computational Linguistics I (*Spring 2024*)
- LING 221 - Computational Linguistics II (*Spring 2024*)
- MCOM 94 - Sport, Communication and Society
- MCOM 118 - Metaverse, Society and World-Building (*Spring 2025*)
- MCOM 172 - Introduction to Spanish Language Media and Journalism
- MUSC 10BK - Class Piano for Non-Majors
- MUSC 60S - ModLark - Mobile Device and Laptop Orchestra (Intro. Level)
- MUSC 66A - Mariachi San José
- MUSC 166A - Mariachi San Jose
- MUSC 266A - Mariachi San Jose
- RELS 1A - Elementary Hebrew (C2)
- RELS 1B - Elementary Hebrew (C2)
- RTVF 22 - KSJS Radio Programming & Production
- RTVF 23 - Podcasting For Radio and Digital Media
- RTVF 83 - Digital Media Impact and Analysis

College of Information, Data & Society

- DATA 201 - Database Technologies for Data Analytics
- DATA 202 - Mathematics for Applied Data Science
- DATA 226 - Data Warehouse and Pipeline
- DATA 236 - Distributed Systems for Data Engineering
- DATA 265 - Large Language Model Applications
- DATA 266 - Generative Model Applications
- IDT 201 - Introduction: Instructional Systems & Learning Technologies (*Spring 2025*)
- IDT 202 - Systematic Design: Instruction & Human Performance (*Spring 2025*)
- IDT 203 - Trends and Issues in Instructional Design and Human Perf (*Spring 2025*)
- IDT 204 - Theories of Teaching, Learning, and Human Cognition
- IDT 205 - Learning Design and Technologies (*Spring 2025*)
- IDT 206 - Advanced Instructional Design and Development (*Spring 2025*)

- IDT 207 - Learning Analytics and Data-Driven Evaluation and Assessment (*Spring 2025*)
- IDT 298 - Capstone Applied Project and e-Portfolio (*Spring 2025*)
- ISDA 160 - User Experience (UX) Research and Design

Science

- CS 148 - Applied Algorithms II
- CS 273 - Topics in Natural Language Processing (*Spring 2024*)
- MICR 293 - CGMBS Lab Management (*Spring 2024*)

Social Sciences

- AAS 158 - Asian American Intersections
- AAS 184 - Ethnic Studies Theory
- AFAM 170 - Interracial Intimacies and Mixed Race Identity in the U.S. (*S*)
- CCS 190 - Chicana and Chicano Studies Capstone (*Spring 2024*)
- FS 172 - Practical Forensic Microscopy
- FS 174 - Forensic Taphonomy and the Depositional Environment
- GISC 205 - Spatial Data Literacy and Ethics (*GWAR*)
- GISC 210 - Spatial Data Science Through Open-Source GIS Technologies
- GISC 220 - Spatial Statistics, Analysis, & Modeling
- GISC 298A - Master Report 1: Final Project Research Design
- HIST 118 - Yiddish History and Culture (*V*)
- JS 213 - Seminar in Cybercrime (*Spring 2024*)
- JS 224 - Seminar in Reproductive Justice (*Spring 2024*)
- JWSS 118 - Yiddish History and Culture (*V*)
- NAIS 1 - Intro to Native American and Indigenous Studies (*F*)
- NAIS 2 - California Indigenous Peoples (*F*)

Undergraduate Education

- ESM 19 - Precalculus (*B4*)
- ESM 26 - Quantitative Reasoning in Linguistic Diversity (*B4*)

Message from the President

Dear Spartans,

Welcome to the 2024-2025 academic year at San José State University!

Whether you are taking the first step toward building a career or simply seeking personal enrichment, this catalog is designed to help you find the courses that will advance your educational journey. SJSU offers degrees in more than 140 majors at the bachelor's level, as well as in nearly 100 fields of graduate study. The university also awards four different doctoral degrees and hosts a variety of credential, certificate and other programs. Whatever your interest, we have the classes that will help you achieve your goals.

College is more than classes, of course, and I want you to get the most out of your time at SJSU. Here are some ways to make your time here successful and special.

- Find your fit and make new friends by exploring the 400+ recognized student groups (RSOs) that span a wide range of interests and topics.
- Watch for interesting and entertaining events on the Sammy App and the Events Calendar on our university homepage.
- Talk to your instructors about the hands-on learning opportunities available to undergraduates across all of our colleges. Many of these activities occur outside the classroom and provide the real-world experience employers are looking for.
- Leverage the expertise and resources of your college-based Student Success Center or, if you are still considering which major to pursue, visit the Exploratory Student Success Center on the first floor of the Administration Building.
- Take advantage of late-night tutoring at the Dr. Martin Luther King, Jr. Library, which you can access in-person or online.
- If you find yourself confronting an unexpected financial, food or housing emergency, reach out to SJSU Cares online or by stopping by the office on the first floor of Clark Hall.

You are about to embark on a new year of self-discovery, learning, engagement and belonging with your fellow Spartans. I look forward to soon adding your name to our growing list of notable Spartan alumni making a difference locally and globally.

It's great to have you here at SJSU!

Sincerely,

Dr. Cynthia Teniente-Matson
President

The California State University

The California State University (CSU) is the nation's largest and most diverse four-year public university. With 23 unique universities and seven off-campus centers, the CSU serves more than 450,000 students and employs more than 63,000 faculty and staff.

Each year, the university awards nearly 127,000 degrees, changing the trajectory of students' lives by opening doors to opportunities for upward mobility. Nearly one-third of CSU students are the first in their families to attend college and more than half of CSU students are from traditionally underrepresented backgrounds.

For one of the most affordable tuitions in the country, students learn from world-class faculty, gain valuable hands-on experiences and receive strong career advising, empowering them to become leaders in the changing workforce.

CSU graduates are serving as leaders in the industries that drive California's economy, including business, agriculture, entertainment, engineering, teaching, hospitality and health care. To learn more, visit the California State University website.

A Tradition of Excellence for More than Six Decades

Since 1961, the CSU has provided an affordable, accessible, and high-quality education to millions of Californians. While each university is unique based on its curricular specialties, location and culture, every CSU is distinguished for the quality of its educational programs. All CSUs are fully accredited, provide a high-quality broad liberal educational program and offer opportunities for students to engage in university life through the Associated Students, Inc., clubs and service learning.

Facts

- Today, one in every 20 Americans with a college degree is a CSU graduate.
- 1 in every 10 employees in California is a CSU graduate.
- The CSU's network of more than 4 million alumni is larger than the population of 23 U.S. states.
- The CSU awards nearly half of the bachelor's degrees earned in California.
- The CSU awards more than one-quarter of California's baccalaureate nursing degrees.
- Between 2017 and 2022, the CSU prepared more of California's teachers than any other state institution.
- About four percent of the nation's teachers graduate from the CSU.
- In 2022-23, CSU students earned nearly 20,000 undergraduate business degrees and more than 7,300 engineering degrees.
- The CSU offers more than 4,000 degree programs that align with the state's workforce demands.
- The CSU's online concurrent enrollment program gives students the ability to enroll in courses offered by other universities in the CSU system.
- Through CSU community engagement centers, 33,765 students participated in service-learning, contributing more than 656,000 hours of service in 2022-23.

Governance

The CSU is governed by the Board of Trustees, most of whom are appointed by the governor and serve with faculty and student representatives. The CSU Chancellor is the chief executive officer, reporting to the Board. The presidents serve as the university-level chief executive officers. The Trustees, Chancellor and presidents develop university-wide educational policy. The presidents, in consultation with the CSU Academic Senate and other university stakeholder groups, render and implement local policy decisions.

CSU Historical Milestones

The individual California State Colleges were established as a system with a Board of Trustees and a chancellor in 1960 by the Donahoe Higher Education Act. In 1972, the system was designated as the California State University and Colleges, and in 1982 the system became the California State University (CSU). Today, the CSU is comprised of 23 member universities, including comprehensive and polytechnic universities and, since July 1995, the California State University Maritime Academy, a specialized university.

The oldest university - San José State University - was founded in 1857 and became the first institution of public higher education in California. The newest - California State University Channel Islands - opened in fall 2002, with freshmen arriving in fall 2003. And in 2022, the CSU in Humboldt became California State Polytechnic University, Humboldt, joining San Luis Obispo and Pomona as the state's third public polytechnic university.

In 1963, the CSU's Academic Senate was established to act as the official voice of CSU faculty in university-wide matters. Also, the California State College Student Presidents Association - which was later renamed the California State Student Association (CSSA), was founded to represent each university student association on issues affecting students.

Through its many decades of service, the CSU has continued to adapt to address societal changes, student needs and workforce trends. While the CSU's core mission has always focused on providing high-quality, affordable bachelor's and master's degree programs, over time the university has added a wide range of services and programs to support student success - from adding health centers and special programs for veterans to building student residential facilities to provide a comprehensive educational experience.

In 2010, in an effort to accommodate community college transfer students, the CSU, in concert with the California Community Colleges (CCC), launched the Associate Degree for Transfer (ADT), which guarantees CCC transfer students with an ADT admission to the CSU with junior status. The ADT has since proven to be one of the most effective paths to a CSU for community college transfer students. In 2023, the CSU launched the Transfer Success Pathway program to guarantee future CSU admission to high school graduates who are entering a California community college and who commit to transferring within three years.

Always adapting to changes in technology to support student learning and degree completion, the CSU launched CSU Fully Online, which enables CSU students to complete online courses at other CSUs, expanding enrollment opportunities and providing more educational opportunities for students who may prefer an online format to a traditional classroom setting.

The CSU marked a significant educational milestone when it broadened its degree offerings to include professional doctoral degrees. The CSU independently offers Doctor of Education (Ed.D.), Doctor of Physical Therapy (DPT), Doctor of Audiology (AuD), Doctor of Nursing Practice (DNP) and Doctor of Occupational Therapy (OTD) degree programs. Additionally, the CSU was recently authorized to offer the independent Doctor of Public Health (DrPH). A limited number of other doctoral degrees are offered jointly with the University of California and private institutions in California.

The CSU strives to continually develop innovative programs, services and opportunities that will give students the tools they need to meet their full potential. In 2015, the CSU system launched Graduation Initiative 2025, a bold plan to support students, increase the number of California's graduates earning high-quality degrees and eliminate achievement and equity gaps for all students. Through this initiative, the CSU is ensuring that all students have the opportunity to graduate according to their personal goals, positively impacting their lives, families and communities.

By providing an accessible, hands-on education that prepares graduates for career success, the CSU has created a network of alumni so extensive and renowned that it spans across the globe. More than 4 million CSU alumni are making a difference in the lives of the people of California and the world.

Trustees of the CSU

Ex Officio Trustees

The Honorable Gavin Newsom
Governor of California

The Honorable Eleni Kounalakis
Lieutenant Governor of California

The Honorable Robert Rivas
Speaker of the Assembly

The Honorable Tony Thurmond
State Superintendent of Public Instruction

Dr. Mildred Garcia
Chancellor, California State University

Officers of the Trustees

The Honorable Gavin Newsom - President
Lillian Kimbell - Chair
Wenda Fong - Vice Chair
Andrew Jones - Secretary
Steve Relyea - Treasurer

Appointed Trustees

Appointments are for a term of eight years, except student, alumni, and faculty trustees whose terms are for two years. Terms expire in the year in parentheses. Names are listed alphabetically.

Larry L. Adamson (2026)
Diana Aguilar-Cruz (2024)
Diego Arambula (2028)
Raji Brar (2029)

Programs & Services

Academic Advising

Academic Advising ensures academic success and graduation in a timely manner. Undergraduates will have access to academic advisors in the College Student Success Center and in the major department. Academic advisors assist you with selecting courses and developing a plan for fulfilling SJSU requirements or choosing major requirements. Students should visit their college student success center for any questions they have about general education, probation and disqualification advising, assistance with interpreting your Degree Progress Report (MyProgress), academic planning using MyPlanner, and the process for late drop and withdrawal petitions

Academic Success Centers

College of Health and Human Sciences (CHHS) Student Success Center (SSC)

The College of Health and Human Sciences (CHHS) Student Success Center (SSC) provides advising for undergraduate students majoring or wanting to major or minor in programs offered in CHHS Departments and Schools, including undeclared/pre-nursing.

All CHHS students and students interested in a CHHS major are invited to stop by the Center for advising. The Center's services include general education advising, help with changing majors, academic policy related questions, meeting with peer mentors, and various regularly scheduled presentations and workshops. Looking for academic advice or maybe just some tips about how to navigate your way around SJSU? Check out the CHHS Student Success Center! It's also a great place to meet, study, and learn. Laptop computers are also available for use in our Center.

Contact the CHHS Student Success Centers at:

MacQuarrie Hall (MH) 533

College of Information, Data & Society Student Success Center (SSC)

The College of Information, Data & Society Student Success Center (SSC) provides advising for undergraduate students majoring or wanting to major in programs offered in the College's Departments and Schools. The SSC works with students to develop plans that help them attain their personal, educational, and professional goals through academic advising, peer mentoring, and tutoring. The SSC also provides guidance on academic probation and other SJSU policies and procedures and advises prospective students.

www.sjsu.edu/cies/academic/success-center/

College of Science Student Success Center

The College of Science Student Success Center (formerly College of Science Advising Center, COSAC), is located in Duncan Hall, Room 212. The College of Science Student Success Center provides general education advising, academic advising for lower division Biology, Chemistry and Computer Science majors and other advising and student success services for students in the College of Science.

College of Science Student Success Center offers Change of Major workshops for students that would like to change into a Biology, Chemistry or Computer Science major. In addition, we process Chemistry Minor applications for students interested in adding a Chemistry minor.

www.sjsu.edu/science-ssc/

College of Social Sciences Student Success Center

The College of Social Sciences (CoSS) Student Success Center was formerly the Academic Counseling Center for Excellence in the Social Sciences (ACCESS). Both current CoSS students and those students interested in minoring or majoring in a social sciences degree program are encouraged to see an advisor at the College of Social Science (CoSS) Student Success Center for general education advising, graduation support, and/or help with changing majors. We provide both drop-in advising and appointments.

Clark Hall (CL) 240

www.sjsu.edu/socsci-ssc/

Engineering Student Success Center (ESSC)

The Engineering Student Success Center provides advising services and student success programming for undergraduate and graduate students in the College of Engineering. We offer both drop-in advising and appointments.

The ESSC works in partnership with the Engineering major departments to offer a wide variety of advising and support services such as course planning, university policies, campus academic resources, and general support to help students persist to graduation. As students progress through their programs, we also offer graduation advising and assistance with post-college transitions, whether students decide to pursue graduate studies or begin their career in Silicon Valley and beyond.

Exploratory Student Success Center

The Exploratory Student Success Center (formerly Undergraduate Advising and Success Center, UASC) provides academic planning, General Education advising and academic advising for undeclared students. Other services include probation and disqualification advising for all undergraduate majors, assistance with interpreting your Degree Progress Report (MyProgress), and after the Late Registration period, processing late drop and withdrawal petitions.

Administration (ADM) 150

Email: undergraduate-advising@sjsu.edu

www.sjsu.edu/exploratory/

Humanities and the Arts Student Success Center (HASSC)

The Humanities and Arts Student Success Center, located in Clark Hall, provides academic advising services to all students with majors and minors in the College of the Humanities and the Arts. Services include university requirements advising which encompasses general education, academic planning support, career advising and career exploration events, and mentoring to undergraduate students.

H&A Spartans are highly encouraged to proactively meet with our professional advisors for guidance on developing successful pathways toward graduation. H&A Spartans are also encouraged to study in our office, learn more about the majors and minors in our College, and participate in our scheduled activities including workshops and networking events.

Clark Hall (CL) 244

Accessible Education Center (AEC)

The AEC facilitates academic accommodations and retention services for students with disabilities. Students interested in registering with the AEC begin the process online by completing the application and uploading disability documentation. Documentation should be appropriate to both verify a disability and to support requests for accommodations. Students can register with AEC at any time during their time at SJSU. The AEC determines and prescribes accommodations, services, and/or auxiliary aids on a case-by-case basis. In following the interactive process, eligible students may qualify for the following accommodations, services, and/or auxiliary aids (non-exhaustive list):

- Testing Accommodations
- Note Taking Services
- Alternative Formats
- Training for Assistive Technology
- Access to AEC Computer Lab (Center for Accessible Technology)
- Real-time Captioning
- Interpreting Services (ASL)
- Priority Registration

Bursar's Office

The Bursar's Office manages the payment processing of tuition, fees, and housing. We administer installment payment plans, issue the student ID card (Tower Card), disburse financial aid, process refunds, provide financial counseling, and are responsible for collecting outstanding balances due to the university. Additionally, we also deliver the following services:

- Accept payment processing of cash, check, money order transactions in person; ACH (Automated Clearing House), credit card, or 529 Plan through the TRANSACT payment portal online. International wire and international credit card payments are collected through Flywire
- Publish tuition and fees schedule online
- Provide student account financial information
- Approve and disburse emergency loans
- Manage third-party agreements with agencies and departments paying student fees
- Collect on past due student accounts
- Process stop payments on university-issued checks

- Issue the 1098-T document

Career Center

Preparing for the college-to-career transition starts the moment you arrive on campus. Engage with us to discover your career interests, find internships and jobs that help you develop in-demand skills and learn how to design a meaningful future career.

Career Readiness

- Major and career exploration resources
- Free digital apps available 24/7 for self-assessments, resume building, interview preparation, and skills-building
- Personalized career counseling and coaching from master-level career counselors with industry experience to guide you on your career journey
- Strategies to build career experience through on- and off-campus career experiences and experiential learning.
- Mentoring programs to help you build your professional network
- Internship, job and graduate study preparation to help you meet your career goals

Career Opportunities

- Access to SJSU Handshake, our job and internship database, offering thousands of new opportunities each month for SJSU students
- Career fairs, networking events, and interviews with top employers to help you stand out from the crowd

Services are available to:

- Currently enrolled SJSU students
- New SJSU graduates (within 1 year of graduation)
- Alumni who purchase a Career Center annual membership or a la carte services

Case Management

The office of Case Management serves both the University and the individual student by working in a holistic manner with students who are experiencing higher levels of distress, life challenges, or barriers which could be interfering with their ability to be successful. Besides our 1:1 non-clinical case management support, our office also operates the SJSU Cares, Spartan Food Pantry, and Behavioral Intervention Team programs. Learn more at sjsu.edu/casemanagement/

Supporting Basic Needs through SJSU Cares

SJSU Cares assists students who are facing an unforeseen economic crisis by providing direct support and referrals around basic needs including food, housing, emergency assistance and more. Students needing support can submit a Request for Assistance at sjsu.edu/sjsucares

Spartan Food Pantry

Diaz Compean Student Union (first floor)

The Spartan Food Pantry is a walk-in, full-service, staffed, food assistance program offering non-perishable goods, fresh produce, and refrigerated items to eligible students. Review eligibility, donation guidelines, and volunteer opportunities at sjsu.edu/spartanfoodpantry

Behavioral Intervention Team (BIT)

The mission of the Behavioral Intervention Team (BIT) is to improve campus safety through a pro-active, thoughtful, and caring approach to situations that pose, or may reasonably pose, a threat to the safety and well-being of the SJSU community. If you are concerned about a Spartan in Distress please complete a Concerning Behavior Referral form or learn more at sjsu.edu/bit/

Emergency Information

Dial 911 from any on-campus or pay phone (or 408-924-2222 from mobile phones) to report a crime in progress or any life-threatening police, fire or medical emergency.

Bluelight Phones

Bluelight emergency phones are located throughout the campus grounds and inside buildings, elevators and in parking lots and garages. Bluelight phones connect to University Police 24 hours a day and can be used to report emergencies or request an evening safety escort, shuttle ride or motorist assistance. Depending on the location, Bluelight phones are activated by either pressing a call button or picking up the phone receiver.

Non-Emergency and General Information

To report crimes not in progress, general concerns or request information, contact University Police at 408-924-2222 or visit UPD on the first floor of the University Police Building 24 hours a day.

Alert-SJSU Notifications and Major Emergency Information

Alert-SJSU is the campus emergency notification system that provides information about what to do and where to go during a natural disaster or life threatening emergency. To register or update alert settings (most students are already automatically registered), sign in to MySJSU, select Alert-SJSU and enter your contact phone numbers and e-mail addresses. For more information during a major emergency, call 408-924-SJSU and not University Police (unless you are reporting a crime in progress or a life threatening emergency).

Facilities Unique to SJSU

- **Africana, Asian American, Chicano, & Native American Studies Center (AACNA)** is an open stack area at the Dr. Martin Luther King, Jr. Library that functions both as a library resource center and a community center, with the goals of scholarship, leadership, and community responsibility. AACNA provides six unique collections of materials along with programming and exhibits that support the university's academic disciplines and provide a visible identity for historically underrepresented groups.
- **Art Foundry**, located one mile south of campus, provides facilities for casting and fabricating large-scale sculptures in bronze, aluminum, iron and steel as well as work in stone and other materials.
- **Aviation Facility** provides hands-on aviation operation and maintenance experience from its classroom, laboratory and hanger facility at Reid-Hillview Airport.
- **Biological Sciences Research Collections** include entomology, herpetology, vertebrate and invertebrate museums and the Carl Sharsmith Herbarium.
- **Computer Music Labs** offer state-of-the-art computer and electro-acoustic music facilities to undergraduate and graduate music students, from 21st century technology such as a Meyer surround sound environment to classic synthesizers, such as an original Buchla 200e "Electric Music Box".
- **Engineering Laboratories** are state-of-the-art, the result of a \$41 million project supported by many of the nation's leading high technology corporations.
- **The Hammer Theatre** is a city-owned venue operated by the university. The Hammer offers dynamic, diversified performing arts, educational, and technology related programming.
- **Healthy Development Community Clinic** is an interdisciplinary training clinic that offers free services, education, and resources to foster health equity and holistic wellness for under-resourced children, youth, and families in South and East San Jose.
- **The Interdisciplinary Science Building** is a cutting-edge facility that includes Biology and Chemistry teaching and research laboratories, the Wildfire Interdisciplinary Research Center, Professional & Global Engagement classrooms and the Innovation Loft.
- **Ira F. Brilliant Center for Beethoven Studies** is the only research facility and document repository in North America dedicated solely to the study of the life and performance of the works of Ludwig van Beethoven.
- **Phyllis Forward Simpkins International House** is a large residence, located close to campus, that is home to U.S. and international students attending SJSU. The application to live at I-House can be found on the I-House website www.sjsu.edu/ihouse.
- **Journalism Laboratories** include the newsroom and advertising offices of the Spartan Daily, the studios of television's Update News, and the production room of the student magazine, Access, that provide applied experience in specific media.
- **Moss Landing Marine Laboratories** provides access to the geologically and biologically important Monterey Bay Canyon and to some of the world's richest ocean and salt marsh research areas.
- **Kay Armstead Center for Communicative Disorders** is an on-campus multilingual audiology and speech pathology community clinic.
- **Timpany Center** is owned by Santa Clara County and operated by the Department of Kinesiology in collaboration with other schools/departments within the College of Health and Human Sciences to provide

internships/research opportunities in health and physical activity for those with disability, older populations, and the obese.

Financial Aid and Scholarships

The Financial Aid and Scholarships Office awards federal, state and local grants, loans and scholarships. Start by filing the federal Free Application for Federal Student Aid (FAFSA). Eligible AB540 students (undocumented immigrant status) may qualify for state grant programs by completing the CA Dream Application. Both applications are available beginning on October 1 for the next academic year and the priority filing deadline is March 2. The priority deadline is March 2 of every year. You must apply every year to be considered for financial aid for the following academic year. By completing the process, we establish your financial need. Need is the difference between a typical student budget and what you and your family are expected to pay. Aid is awarded via:

Grants

Since grants generally do not have to be repaid, grants typically are awarded to undergraduate students with the greatest need. SJSU distributes the Federal Pell Grants, Federal Supplemental Educational Opportunity Grants (SEOG), Federal Teacher Education Assistance for College and Higher Education (TEACH) Grant; Golden State teacher Grant (GSTC), California Grants A, B; Middle Class Scholarship (MCS), the State Graduate Fellowship, Educational Opportunity Program (EOP), Graduate Professional Business, Ed.D Program - Educational Leadership Grant, Audiology Program Grant for the Doctor of Audiology (AuD) Program, Nursing Practice Grant for Doctor of Nursing Practice (DNP) Program, Occupational Therapy Grant for Doctor of Occupational Therapy (OTD) Program, Spartan Completion Grant and the State University Grants.

Loans

Loans can be helpful, but they must be repaid. If you must borrow, limit the amount to what you really need. It may seem nice now, but you will be repaying the funds, with interest, after you leave school. SJSU awards the following loan type: Kuhlman Loan, a loan program funded from the estate of a generous alumna. Also, loans are awarded through the federal government for the Federal Direct Stafford Subsidized and Unsubsidized Loans and Federal Plus Loans (for parents of college students). In addition, graduate students are eligible to borrow through the Federal Graduate Plus Loan Program, CA Dream Loans are available to students who complete the CA Dream Application and meet eligibility criteria.

Scholarships

Apply online. The Scholarship Office has information to assist you with your scholarship search.

Work Study

Rather than take loans, the Federal Work-Study program allows students to work part-time while learning job skills. There are both on-campus and off-campus job listings for qualified students.

Fee Deferrals

Once you have submitted all requested documents, a fee deferral will be assigned to your record to hold your classes and delay the payment of registration fees while your financial aid process is completed. To prevent enrollment cancellation, it is your responsibility to submit all requested documents prior to the scheduled fee payment deadline.

Be sure to monitor your account at MySJSU for file status changes and "To Do" items. Financial Aid fee deferrals are temporary and are issued once all requested financial aid documents are submitted.

Financial Aid and Scholarships

Student Services Center (SSC)
408-283-7500
www.sjsu.edu/faso

Financial Assistance

The following information concerning student financial assistance may be obtained from the Director of Financial Aid and Scholarships, Student Services Center, 408-283-7500:

- A description of the federal, state, institutional, local, and private student financial assistance programs available to students who enroll at San José State University;
- For each aid program, a description of procedures and forms by which students apply for assistance, student eligibility requirements, criteria for selecting recipients from the group of eligible applicants, and criteria for determining the amount of a student's award;
- A description of the rights and responsibilities of students receiving financial assistance, including federal Title IV student assistance programs, and criteria for continued student eligibility under each program;
- Provide information to students about the institution's satisfactory academic progress standards that students must maintain for the purpose of receiving financial assistance and criteria by which a student who has failed to maintain satisfactory progress may reestablish eligibility for financial assistance (appeals process);
- The method by which financial assistance disbursements will be made to students and the frequency of those disbursements;
- The way the school provides for Pell-eligible students to obtain or purchase required books and supplies by the seventh day of a payment period and how the student may opt out;
- The terms of any loan received as part of the student's financial aid package, a sample loan repayment schedule, and the necessity for repaying loans;
- The general conditions and terms applicable to any employment provided as part of the student's financial aid package;
- The terms and conditions of the loans students receive under the Direct Loan Program;
- The responsibility of San José State University for providing and collecting exit counseling information for all student borrowers under the federal student loan programs; and
- Contact information for university offices available for disputes concerning federal, institutional and private loans.

Honors

The university recognizes outstanding academic achievement of its students through a variety of different honors.

Honors in the Major

Students who have completed an approved honors in the major receive "honors at graduation" as distinct from "university honors at graduation." The following departments offer honors in the major programs:

- Department of Aviation and Technology
- Department of Biological Sciences

- Department of Chemistry
- Department of Child and Adolescent Development
- Department of Communication Studies
- Department of Computer Science
- Department of Economics
- Department of English and Comparative Literature
- Department of Environmental Studies
- Department of Geology
- Department of History
- Department of Mathematics and Statistics
- Department of Political Science
- Department of Psychology
- Department of Sociology and Interdisciplinary Social Sciences
- Lucas College and Graduate School of Business
- School of Music

President and Dean Scholars

Each spring the Honors Convocation recognizes and encourages superior undergraduate academic achievement of Presidents' and Deans' Scholars. There are two levels of Honors Scholars:

- **President's Scholars:** Any undergraduate student who has earned a 4.0 grade point average at San José State University during Fall or Spring terms.
- **Deans' Scholars:** Any undergraduate student who has earned a 3.65 or higher grade point average at San José State University during Fall or Spring terms.

The minimal load allowed for the award of academic honors is the student's full program of graded courses or 12 units, CR (Credit) grades are not counted toward the calculation of the grade point average nor toward the 12 unit minimum. Only SJSU courses for which grades are posted, including the clearance of incompletes made during that time period, shall be used.

Recognition of these Honors Scholars through the Honors Convocation was inaugurated at the university in 1962 by the three honor societies - Phi Kappa Phi, Sigma Xi and the Phi Beta Kappa Faculty Club. It is currently under the sponsorship of the University Honors and Honors Programs Committee.

Certain grades are not counted for honors: credit by examination, "overseas" grades, extension courses, "credit" grades and incompletes. Designation as a President's or Dean's Scholar does not apply to second baccalaureate, credential or graduate students.

Outstanding Graduating Senior Awards

Announced each year at Commencement by the University President, the Outstanding Graduating Senior Awards recognize exceptional scholarship and service to the university and community based on the following criteria:

- An overall cumulative GPA of at least 3.75;
- Significant demonstrated SJSU leadership area(s) of university life and/or;
- Significant contributions to the welfare of the university and/or the community, and/or;
- Evidence of a high level of intellectual, artistic, or academic accomplishment, and/or personal contribution as an undergraduate student;
- At least one professional nomination letter submitted by a SJSU faculty or staff member.

To be considered for this honor, visit the Student Affairs website at www.sjsu.edu/studentaffairs and follow the programs link for Outstanding Graduating Senior Awards or contact the Office of the Vice President for Student Affairs at 408-924-5900.

University Honors at Graduation

Criteria used to determine honors at graduation are those in effect as of the date of graduation. Honors at graduation are only bestowed upon undergraduates (as described in University Policy, S17-13).

- Summa Cum Laude is awarded to those undergraduate students achieving a cumulative grade point average of 3.85 or higher in both university and college work, and all work undertaken at SJSU.
- Magna Cum Laude is awarded to those undergraduate students achieving a cumulative grade point average of 3.70 or higher (but less than 3.85) in both university and college work, and all work undertaken at SJSU.
- Cum Laude is awarded to those undergraduate students achieving a cumulative grade point average of 3.50 (but less than 3.70) or higher in both university and college work, and all work undertaken at SJSU.

Housing

SJSU's residence halls and apartments provide you with a great opportunity to transition into university life. Living on campus is a great way to connect with the academic, social, and cultural aspects of our campus. Immerse yourself in study groups, clubs, athletic events and social activities for the total on-campus living experience!

Visit the University Housing website for more information and to fill out an online application.

Housing License Agreement

University Housing Services strives to create a residential community that supports and enhances academic success, fosters the learning and development of our students, and promotes student involvement and civic engagement. As a department, our practices promote efficiency, operational effectiveness and fiscal responsibility.

Frosh On-Campus Housing Requirements

For more information related to campus housing policies and requirements, refer to the Housing website.

ID - SJSU ID Number

An SJSU ID number is assigned to all students. To protect your privacy, the SJSU ID number replaces the use of Social Security Number for most SJSU transactions. This number cannot be changed. New students receive this information via admission office communications shortly after submitting your application. See SJSU ID, also known as the Tower Card.

SJSU ID Password

Access One.SJSU.edu on the web using your SJSU ID number and password. MySJSU uses your SJSUOne login information. If you have not yet set your password, you can navigate to One.SJSU.edu to MySJSU and click the Set/Reset Password button to create a password

Having trouble logging in? If you cannot reset your password using the Set/Reset Password button, please contact itservicedesk@sjsu.edu for assistance. Include your full name, SJSU ID if known (also known as your Tower ID), date of birth, and mailing address.

Institutional Assistance

- Information concerning the **cost of attending** San José State University is available from the Financial Aid and Scholarship Office, and includes:
 - Tuition and fees;
 - The estimated costs of books and supplies;
 - Estimates of typical student room, board, and transportation costs; and
 - If requested, additional costs for specific programs.
- Information concerning the **refund policies** of San José State University for the return of unearned tuition and fees or other refundable portions of institutional charges is available from the Bursar's Office.
- Information concerning **policies regarding Federal Title IV student assistance funding and return of those funds** as required by regulation is available from the Financial Aid and Scholarship Office.
- Information regarding facilities and services available to **students with disabilities** may be obtained from the Director of the Accessible Education Center.
- Information concerning San José State University policies, procedures, and facilities for students and others to **report criminal actions or other emergencies** occurring on campus may be obtained from the University Police Department.
- Information concerning San José State University Annual Security Report and Annual Fire Safety Report may be obtained from the Clery Director, Office of the Vice President for Administration and Finance.
- Information concerning the prevention of **drug and alcohol abuse and rehabilitation programs** may be obtained from the Student Wellness Center. The current Drug and Alcohol Abuse Prevention Program (DAAPP), maintained by the DFSCA/Part 86 Compliance Official, is available for viewing on the Drug-Free Schools and Communities Act website.
- Information regarding **student retention and graduation rates** at San José State University and, if available, the number and percentage of students completing the program in which the student is enrolled or has expressed interest may be obtained from the College of Graduate Studies or Undergraduate Education.
- Information concerning **athletic opportunities** available to male and female students and the financial resources and personnel that San José State University dedicates to its men's and women's teams may be obtained from the Athletics Director of Compliance.
- Information concerning **teacher preparation programs** at San José State University, including the pass rate on teacher certification examinations, may be obtained from Credential Services.
- Information concerning **grievance procedures for students** who feel aggrieved in their relationships with the university, its policies, practices and procedures, or its faculty and staff may be obtained from the Student Ombudsperson.
- Information concerning student activities that San José State University provides, must be easily accessible on the Student Involvement website.
- Information concerning student body diversity at San José State University, including the percentage of enrolled, full-time students who are (1) male, (2) female, (3) Pell Grant recipients, and (4) self-identified members of a specific racial or ethnic group, must be obtained from Institutional Research.
- The federal Military Selective Service Act (the "Act") requires most males residing in the United States to present themselves for registration with the **Selective Service System** within thirty days of their eighteenth birthday. Most males between the ages of 18 and 25 must be registered. Males born after December 31, 1959, may be required to submit a statement of compliance with the Act and regulations in order to receive

any grant, loan, or work assistance under specified provisions of existing federal law. In California, students subject to the Act who fail to register are also ineligible to receive any need-based student grants funded by the state or a public postsecondary institution.

- Selective Service registration forms are available at any U.S. Post Office, and many high schools have a staff member or teacher appointed as a Selective Service Registrar. Applicants for financial aid can also request that information provided on the Free Application for Federal Student Aid (FAFSA) be used to register them with the Selective Service. For more information on the Selective Service System and to initiate the registration process, visit the official Selective Service Systems website.

International House

The SJSU International House is home to 72 U.S. and international students attending SJSU. Residents come from approximately 30 countries including the U.S. and enjoy outstanding facilities including fully-equipped computer room, wireless internet access throughout the building, study room, grand and upright pianos, spacious living and dining rooms, sports equipment and games. I-House staff promotes cross-cultural learning and communication, encouraging active participation in a wide variety of programs and activities.

I-House meets the on-campus living requirement for freshmen.

Visit the I-House website for more information and an application.

MyProgress Report

The MyProgress Report, linked at your MySJSU account, allows matriculated students, advisors, and evaluators to determine what requirements a student has satisfied and what requirements are still needed. The MyProgress report matches academic requirements (university and major/minor) against a student's individual academic record.

The report is a valuable tool in tracking your degree requirements, as well as an advising tool to assist you and your advisor in monitoring your academic progress. You should consult with your major advisor on a regular basis.

Official verification of completion of your degree requirements will be processed by the Office of the Registrar.

one.sjsu.edu

One.SJSU.edu is the primary website for important transactions between students and the campus. By clicking on the MySJSU tile:

- Applicants can access information sent to them by the admissions offices (Undergraduate Admissions, Student Outreach & Recruitment, & Outreach and GAPE) by logging in to check application status and view messages in their MySJSU student portal.
- Admitted and enrolled students can view their enrollment appointment start date and time for registration.
- Admitted and enrolled students can register for classes.
- Admitted and enrolled students can search for open sections of classes.
- Admitted and enrolled students can print their own class schedule.
- Admitted and enrolled students pay fees online.
- Undergraduates can view their degree progress using MyProgress.
- Continuing and former students can print grades from Spring 1991 to the present.

Open University

San José State University's Open University program permits enrollment by non-matriculated students in specified regular curriculum classes on a space available basis. Formal admission to the university is not required.

For further information concerning Open University, contact Professional and Global Engagement or visit the website below.

professionaled@sjsu.edu
sjsu.edu/current/

Campus Centers and Institutes (formally Organized Research and Training Units)

Centers, Institutes, and Collaboratives

Campus Centers and Institutes (CCIs) are "organized around a scholarly, creative, research, education, and/or public service activity that combines the interests and expertise of individuals, departments or administrative units, and may draw on expertise of others external to the campus or the Academy; and may offer services to constituents beyond the campus community, e.g. individuals as well as private and public entities. While CCIs by their nature and location serve the campus community, their focus is not exclusively internal." (University Policy S22-1).

- Accounting Advancement Center Links SJSU students and accounting professional firms; facilitates student networking and professional opportunities; sponsors student seminars on current accounting issues; and rewards excellence among students and faculty members through scholarships and grants.
- Bay Area Retail Leadership Center Consists of a multilateral partnership between SJSU students, retail industry partners, and SJSU faculty, administration, and staff. A program of Center-sponsored events brings constituents together in an effort to provide co-curricular, experiential learning opportunities designed to build students' leadership skills as well as their awareness and knowledge about retailing as a career destination.
- Center for Applied Mathematics, Computation, and Statistics Provides an innovative educational program to develop training through practical experience.
- Center for Applied Research on Human Services Housed in the College of Health and Human Sciences, the Center provides support and services to SJSU faculty interested in applied human services research, including a Grants Academy, writing groups, statistical consultation, and methodological workshops.
- Center for Asian Studies Provides information and counsel about studies in Asia.
- Center for Banking and Financial Services The mission of the Center is to provide an important complementary component to students' curricular education in the area of financial intermediation. One of its major goals is to create a link between SJSU students and the banking and financial services sector. By promoting professional development events, the Center provides students with opportunities to interact with professionals. Another major goal is to provide value to the college and university by enhancing the students' knowledge of financial topics. In fact, the Center sponsors presentations and lectures focusing on topics related to financial intermediation. Finally, the Center rewards excellence among students and faculty members by providing financial support through scholarships and research grants.
- Center for Comparative Philosophy Aims at promoting and enhancing the research and scholarship in comparative philosophy, the concerns of which cut across different disciplines as well as different areas of philosophy, for the sake of contributing to the academic mission of SJSU and the international scholarship of comparative philosophy.
- Center for Human Language Technology Supports the study of computational linguistics, acts as a resource for Silicon Valley technology industries, and explores applications of human language technology in industry, education, and society at large.
- Center for International Sport and Kinesiology Promotes and facilitates cross-national and cross-cultural interaction of individuals and their ideas in the context of sport and human performance.
- Center for Literary Arts of San José Provides programs featuring major contemporary writers, poets, and scholars.
- Center for Organizational Resilience **Re•silience** (*noun* /rəˈzilyəns/) - "the ability to withstand and recover from deliberate attacks, accidents, or naturally occurring threats or incidents" (US Presidential Policy Directive 21, 2013). In a world of accelerating change, resilience is recognized as ever more crucial to survival, not just for individuals but for organizations as well. The mission of the Center for Organizational Resilience (COR) at San Jose State University is to serve as Silicon Valley's Center of Excellence for theory and practice in the emerging field of Resilience Management. COR supports a network of subject matter experts coalescing to provide resilience thought leadership and research and to disseminate leading practices to academia and the public and private sectors through training, seminars and a variety of digital channels.

- Center for the Development of Recycling A national clearinghouse for recycling information and for applied waste management research aimed to increase the scope and availability of recycling information and to increase the effectiveness of recycling as a solid waste management strategy.
- Center on Ethics Facilitates the planning and coordination of research-related activities concerned with issues of professional and business ethics.
- Center for Innovation in Applied Education Policy: Serving At-Promise Youth in K-12 education across California. We are next-generation CSU faculty with a collaborative vision that supports systemic change. The IAEP Center is based at San José State University and serves to empower California systems of support providers to better serve at-promise students. Our Center is committed to interprofessional and interdisciplinary collaboration centered on closing opportunity gaps. Meet the directors, faculty, graduate students, and advisory board members that serve to strengthen our knowledge network hub.
- Early Childhood Institute Recognizing the potential each and every child brings into the world, the Early Childhood Institute (ECI) at SJSU promotes equitable, high-quality, inclusive early learning experiences by 1) expanding and enhancing the training of early childhood professionals; 2) collaborating with campus and community partners to advance applied research; and 3) engaging in advocacy efforts that benefit educators, young children, and families.
- Global Leadership Advancement Center Housed in SJSU's Lucas College and Graduate School of Business, its mission is advancing, fostering, and disseminating cutting-edge knowledge on global leadership and its development via diverse programs for scholars, students, and the community. GLAC has two innovative student programs unique to San Jose State: the GLLab, which is an assessment center for global competencies, and the Global Leadership Passport Program, a co-curricular program in which students earn stamps for activities that prepare them for global work. GLAC's Social Innovation Initiative leverages the symbiotic relationship among San José State University, social entrepreneurs, the City of San José, foundations, and other innovation organizations to encourage and train people to apply technology and innovation for the good of the local community.
- Human Rights Institute A research and policy institute in the heart of Silicon Valley. To ensure its lasting success and for those looking to invest in effective policy solutions and distinguish SJSU as a new center for human rights scholarship-anonymously or to leave a deliberate legacy-there are plenty of opportunities to give.
- Institute for Emancipatory Education facilitates community-engaged research and advances emancipatory pedagogies that support the redesign of learning from preschool through post-secondary.
- Institute for Metropolitan Studies Facilitates the exchange of knowledge and expertise regarding urban problems and critical matters related to metropolitan development.
- Institute for Modern Optics Facilitates communication, collaboration, and coordination in the area of lasers and optics and promotes research projects in non-linear effects at surfaces, laser beam characteristics, two-wave laser mixing, holography, light emission from thin film tunnels, and laser spectroscopy; contact the Physics Department for more information.
- Institute for Nursing Research and Practice Promotes the climate of inquiry within the School of Nursing by coordinating and promoting research projects and interests of nursing faculty in order to develop innovative models for nursing research, practice, and education.
- Institute for People and Performance The Institute for People and Performance (IPP), housed in San Jose State University's Lucas College and Graduate School of Business aspires to be a center of excellence aimed at advancing knowledge of human capital management, through a combination of training, research, and engagement with industry and professional organizations.
- Ira F. Brilliant Center for Beethoven Studies The only research facility and document repository in North America dedicated solely to the study of the life of and performance of the works of Ludwig van Beethoven.
- Martha Heasley Cox Center for Steinbeck Studies Houses one of the most extensive collections of the Nobel Prize-winning author's manuscripts, letters, photographs, and artifacts, fostering research concerning the life and work of the author.
- Materials Characterization and Metrology Center Provides materials imaging and chemical analysis capabilities for applications in various fields of science and engineering. Instruments are located in various buildings across campus.

- Mineta Transportation Institute Focuses on international surface transportation policy issues as related to three primary responsibilities: research, education, and technology transfer. MTI receives policy oversight from an internationally respected board of trustees who represent all of the major transportation modes.
- Silicon Valley Big Data and Cybersecurity Center Directs the development of cybersecurity and big data research projects through multidisciplinary cooperation. Serves as a clearinghouse and promotes cooperation between industry, government, and SJSU in research & development, policy analysis & development, and workforce training.
- Silicon Valley Center for Entrepreneurship Promotes effective entrepreneurship through knowledge creation, knowledge dissemination, collaborative partnerships and outreach activities.
- Silicon Valley Center for Operations and Technology Management A knowledge portal for sharing academic and industrial information related to operations, supply chain, and technology management among students, faculty members, and industry partners. It is also the point of training for supplying and supporting the professional needs of the industry. The Center serves as a future knowledge hub through research on state-of-the-art topics relevant to the Center's themes.
- The Spatial Analytics and Visualization Institute (SAVI) uses the power of geography and Geographic Information Science to produce impactful research and professional services to serve our university departments, neighborhood organizations, public agencies and private sector entities in Silicon Valley and the Bay Area. The SAVI Center facilitates knowledge exchange in GIScience by organizing public events, bringing together scholars and professionals with unique expertise to present cutting edge research findings and hosting educational workshops on technological advances in spatial analytics and visualization.
- Sourisseau Academy for State and Local History Promotes a better understanding of California's state and local history, with an emphasis on the history of Santa Clara Valley, through graduate scholarships and collections of historical source materials.
- The Wildfire Interdisciplinary Research Center (WIRC) at San José State University brings together an interdisciplinary team of academic and industry leaders to address the wildfire problem faced by many regions around the nation and the world. A National Science Foundation Industry-University Cooperative Research Center (IUCRC), and an official Campus Center and Institute within the California State University system, WIRC's mission is to conduct high-impact wildfire research to provide new predictive tools and informed strategies to communities and industry stakeholders, including first responders, those interested in risk analysis, and policymakers in communities, companies, and utilities affected by wildfire.

For more detailed information, visit Campus Centers and Institutes.

Parking Permits

Parking Online Services

Parking Services at San José State University uses virtual permits and License Plate Recognition (LPR) on campus.

Virtual permits allow you to park in your designated area without being required to display a physical permit. The license plate registered when purchasing your parking session will become your virtual parking permit. As each vehicle's license plate is used as your parking permit, license plates must be registered precisely to avoid being issued a citation. Errors in license plate registration are the responsibility of the registrant and will cause the issuance of a violation. License plates of vehicles must be accessible to read from the end of the parking space. You can register up to three vehicles on your permit. Only one vehicle is allowed on campus at a time. Paid parking session is required at all times when parking on campus. 24 hours a day, 7 days a week. License Plate Recognition (LPR) verifies parking session in all garages and lots. SJSU LPR Usage and Privacy Policy is available online.

Benefits of Virtual Permits

- Eliminates the requirement to display physical permits and the need to move permits from vehicle-to vehicle
- Eliminates the need to come to the Office to pick up physical permits. No More Lines!!!
- Easy to upgrade or downgrade semester or academic virtual parking permit

- Lost or stolen permits and the associated replacement fees, police reports, and processing times will be eliminated
- Your permit is active as soon as the permit effective date
- No more forgetting your permit or worrying about a permit being displayed improperly

No parking permit will be sold at the Bursar's Office. Student parking virtual permits are available for sale through Parking Online Services. For more information, please visit Parking Services, e-mail parking@sjsu.edu, or call 408-924-6557.

Student virtual permits purchased online with a credit card are active as soon as the permit effective date. For other forms of payment, please contact Parking Services.

Availability

Please note that parking permits do not guarantee on-campus parking availability during peak periods (typically Monday through Thursday, 9:00 am to 12:00 pm). During peak periods, commuters are encouraged to use Transportation Alternatives or the South Campus Garage located at 1278 S. 10th Street, San Jose, CA 95112.

Peer Connections

Peer Connections offers a range of programs to support students in their personal and academic growth including, but not limited to the development of critical thinking skills, independent learning strategies and effective study habits. All services are available free of charge to students enrolled in SJSU courses. Peer Connections' offerings consist of:

- Tutoring in over 320 different courses including writing, math, business, and science classes.
- Mentoring to guide students in their personal adjustment to college, helping students connect with other students and get the resources needed to thrive.
- Organized study groups with Supplemental Instruction Leaders for the most challenging classes.
- Support in certain classes to offer smaller group discussions and interactive collaborative learning.
- Appointments and drop-in services both in-person and online

Peer Connections

peerconnections.sjsu.edu

Pre-Professional Study

Several sources of information and assistance are available for students who plan to enter the professions of art administration, dentistry, medicine, law, pharmacy, optometry, veterinary medicine, physical therapy, social work and theology. General information, including names and locations of faculty members who have been designated as "pre-professional" advisors, may be obtained from the appropriate academic department office. Interested students should also contact the university of their choice for information regarding the professional prerequisites for that institution. Consultants are available at the Career Center to discuss possible career paths. Application forms for admissions tests to law school, medical school and dental school are available in the Testing Office.

Student associations in pre-law, pre-medicine and pre-dentistry conduct active programs which include information about admission to professional schools, test preparation and seminars/workshops in the profession.

Pre-Law Programs

Law schools do not require any specific major. The American Bar Association emphasizes this point in its publication *Law as a Career*: "An undergraduate should be aware that there is no particular course of study that is required or preferred by law schools. Accordingly, students from a wide variety of majors (e.g., philosophy, physics, political science, engineering, and business) are admitted to law schools each year. There is no true pre-law curriculum."

However, students should keep in mind that particular courses will help them develop skills that are necessary for law school. The Law School Admission Council's *Official Guide to U.S. Law Schools* explains: "While no single curricular path is the ideal preparation for law school, you should choose courses that sharpen analytical reasoning and writing skills. Law schools prefer students who can think, read, and write well, and who have some understanding of what shapes human experience."

Students considering careers in law should consult regularly with a pre-law faculty advisor. The number and kind of courses that prepare students for law can be offered by a variety of departments. It is therefore important that students consult with a faculty member familiar with the curricular choices that best align student aspirations with law school expectations. A faculty advisor can also provide valuable information concerning law school and law careers that will not be acquired through any set of courses. The following departments offer pre-law advising: Justice Studies, Philosophy, Political Science. SJSU's pre-law website contains advisor contact info, as well as further information regarding course/major selection and preparation for law school applications.

Pre-Medical Programs

Medical schools do not require any specific major. While many applicants major in biology or biochemistry, the admission rate is quite good for non-science majors, in particular for psychology, because these graduates will have shown strength in two academic areas. At a minimum, during their college years, applicants must complete one year of general chemistry with lab, one year of organic chemistry with lab, physics with lab, math through calculus, one semester of statistics, one year of English composition, and one year, preferably two, of biology with lab. Students interested in any medical field should get as much hands-on experience as possible volunteering or working in medical settings so that they fully understand how physicians and other health professionals spend their time. There are pre-medical advisors in Biological Sciences, Chemistry, and Psychology; consult them early and often.

Office of the Registrar

The Office of the Registrar is responsible for registration, grades, verification of enrollment and degree, official transcripts, residency determinations, reinstatement, undergraduate graduation (which includes diplomas), visitor/concurrent enrollment, Dual Enrollment (Step-to-College), cross-enrollment, document imaging, and FERPA Compliance.

Research and Innovation, Division

Students have opportunities in many majors to work with faculty on research, scholarship and creativity activity projects. Those who do can present their work in the spring semester in the SJSU Student Research Competition. Finalists of the SJSU competition are eligible for the CSU Student Research Competition.

Division of Research and Innovation

Service Learning

In March 2000, the California State University Board of Trustees passed a landmark resolution in response to a request from the governor for a community service requirement for all students in California's public institutions of higher education. The CSU Board of Trustees' resolution called for the chancellor and each CSU president to "ensure that all students have opportunities to participate in community service, service learning (deemed academically appropriate by faculty), or both."

To learn more about general education service learning classes, courses in your major, or other service-based leadership opportunities for students, contact the Center for Community Learning and Leadership.

Student Government

Associated Students, SJSU, was founded in 1897 to provide representation and services to students at San José Teachers College. Since then, the organization has evolved from a student club to a fully operational student government entity. Also, as an auxiliary to the University, we provide services that allow students to enhance their college experience.

Originally, voluntary fees were first collected in 1910 to provide services and activities. By 1957, all students were paying a portion of their registration fees to support their student government organization.

Associated Students was incorporated in 1980 and the Student Council also became the Corporation's Board of Directors.

Review our website for more information and policies related to services provided.

Student Organizations

With over 400 student organizations at SJSU, getting involved is the best way to connect with campus life! For more information on department programs and services, please visit our Recognized Student Organizations website.

Student Involvement Policies and Procedures: Student Organization Handbook and Policies.

Student Wellness Center

The Student Wellness Center, centrally located in the heart of campus, is home to your health, counseling, and well-being needs at SJSU. Visit your medical provider, talk to your counselor, relax in the Wellness Lounge, and more!

(408) 924-5678
studentwellnesscenter@sjsu.edu
sjsu.edu/wellness

Counseling & Psychological Services

The Student Wellness Center offers confidential counseling; groups and workshops; crisis intervention services; resource referral and consultation; and outreach presentations. Counselors can work with you to improve your mood, decrease your anxiety, increase your skills in handling stress, improve your skills in relationships, and help you make better decisions.

Student Health Services

The Student Wellness Center provides quality, convenient, affordable medical care to registered SJSU students. Primary care is covered by a matriculated student's registration fees. Additional services, such as select laboratory tests, immunizations, procedures, pharmacy, and specialty visits, are provided at a nominal fee.

Wellness & Health Promotion

The Student Wellness Center offers workshops, health education, programming, and hosts activities in the Wellness Lounge, where students can access services and learn strategies to support their well-being.

Crisis Counseling and After Hours Emergencies

If you feel like you need to speak to someone immediately, we have counselors available to talk with you during business hours. Please come on in or give us a call at 408-924-5678.

- For after-hours nursing advice, call 408-924-5678
- For after-hours crisis counseling, call 408-924-5678
- National Suicide & Crisis Hotline: 9-8-8 (call or text)
- Trans Lifeline: 877-565-8860

Study Abroad and Away Programs

Study Abroad and Away contributes to the internationalization of San José State University by providing students the opportunity to study abroad on long-term programs (Exchange Programs, CSU International Programs, and International Student Exchange Programs) and short-term programs (Faculty-Led Programs and Summer School Abroad Programs) for academic credit, offering non-credit Alternative Break Programs for cultural immersion, and designing other globally focused opportunities. Through these channels, we seek to cultivate a diverse global community through international and domestic academic opportunities and partnerships.

CSU International Programs

Developing intercultural communication skills and international understanding among its students is a vital mission of the California State University (CSU). Since its inception in 1963, the CSU International Programs (CSU IP) has contributed to this effort by providing qualified students an affordable opportunity to continue their studies abroad for a full academic year in all programs and a semester option in some countries and programs.

More than 20,000 CSU students have taken advantage of this unique study option. Also, through the CSU IP exchange partnerships, more than 5,000 international students have come to study at the CSU.

International Programs participants earn resident academic credit at their home university while they pursue full-time study at a host university or study center abroad. CSU IP serves the needs of students in more than 100 designated academic majors. Affiliated with 70 recognized universities and institutions of higher education in 18 countries, CSU IP also offers a wide selection of study abroad destinations and learning environments

Students participating in CSU IP pay CSU tuition and program fees, and are responsible for airfare, accommodations, meals and other personal expenses. Financial aid, with the exception of Federal Work-Study, is available to qualified students and limited scholarship opportunities are also available. All programs require students to maintain good academic and disciplinary standing, many programs are open to sophomores or graduate students. California

Community College transfer students are eligible to apply (to select programs) directly from their community colleges. Students must possess a current cumulative grade point average of 2.75 or 3.0, depending on the program, and must fulfill all coursework prerequisites. Additional program information and application instructions can be found on the International Programs Website.

International Student Exchange Programs (ISEP)

SJSU is a member of ISEP, a non-profit organization that offers study abroad options at over 200 universities in 51 countries. Study with ISEP for an academic year, a semester, or a summer! Immerse yourself in classes at local universities and receive SJSU credits for each course. If you are interested in studying abroad in a place that is off the beaten path, ISEP has the program for you!

SJSU Faculty-Led Programs (FLP) & Summer School Abroad (SSA)

SJSU Faculty-Led Programs and Summer School Abroad programs are 1-8 week study abroad programs that take place domestically and abroad during the summer or winter sessions. FLPs are led by an SJSU faculty member and SSA programs offer direct placement into a partner university's summer school abroad for a short-term program. Both experiences provide students the opportunity to earn SJSU credit while participating in a global experience.

SJSU Alternative Break Programs

Alternative Break Programs provide San José State University students the opportunity to experience other cultures through community visits, service learning projects, group activities, and discussions. These non-credit bearing programs allow you to explore another region of the U.S. or an international destination with a group of your classmates and an SJSU leader during spring break or summer!

Tower Card

- The Tower ID Card with the student's photo is issued to students who pay the campus fees. Paper IDs are available to students who request them for other programs, i.e., Open University and Special Session.
- To obtain an SJSU Tower Card, students must present a valid driver's license, state ID (issued by the DMV), passport, or other government-issued ID at the Tower Card Window located in the Student Services Center.
- To avoid a long wait in line, upload your photo online at myid.sjsu.edu. You may pick up your card after you receive an email approving your submitted photo.
- If newly admitted students upload their photos on time, you may receive your Tower Cards during orientation.
- You are required to use this card as student identification to access services at the Event Center, Student Wellness Center, Student Services Center (including Admissions, Bursar's Office, Financial Aid and Scholarship Office, and Office of the Registrar), Career Center, MLK Library, Santa Clara County Valley Transportation Authority (buses and light rail) as well as to obtain parking permits and other student services.
- Replacement ID cards are \$20.
- Visit sjsu.edu/bursar/students-parents/tower-card.php for more information.

Veterans Resource Center

The Veterans Resource Center (VRC) is designed as a one-stop resource that plays a primary role in serving the university's growing community of veterans and military students. The one-stop VRC is dedicated to assisting eligible student Veterans, Reservists, National Guard, Active Duty, and dependents with state/federal education benefits and certification, campus resources, and intentional student programs that aid in the transition from military to education to career.

Writing Center

The San José State University Writing Center offers a variety of resources to help students become better writers, and all our services are free for SJSU students. Our mission is to enhance the writing skills of SJSU students so they can communicate clearly in any setting (informal, academic, or professional). All our writing tutors have gone through a rigorous hiring process, and they are well trained to assist all students at all levels within all disciplines to become better writers. We accomplish this goal through offering the following services:

- in-person tutoring appointments;
- online drop-in tutoring sessions (open lab);
- online tutoring appointments (conducted via Zoom);
- one-hour workshops on various writing topics;
- numerous online resources, including videos, handouts, and a blog;
- special programming, such as intensive workshops for graduate students.

Changes of Rules and Policies

Although every effort has been made to assure the accuracy of the information in this catalog, students and others who use this catalog should note that laws, rules, and policies change from time to time and that these changes may alter the information contained in this publication.

Changes may come in the form of statutes enacted by the Legislature, rules and policies adopted by the Board of Trustees of the California State University, by the chancellor or designee of the California State University, or by the President or designee of the university. It is not possible in a publication of this size to include all of the rules, policies and other information that pertain to students, the institution, and the California State University. More current or complete information may be obtained from the appropriate department, school, or administrative office.

Nothing in this catalog shall be construed as, operate as, or have the effect of an abridgment or a limitation of any rights, powers, or privileges of the Board of Trustees of the California State University, the chancellor of the California State University, or the President of the university. The trustees, the chancellor, and the president are authorized by law to adopt, amend, or repeal rules and policies that apply to students. This catalog does not constitute a contract or the terms and conditions of a contract between the student and the university or the California State University. The relationship of students to the university and the California State University is one governed by statute, rules, and policy adopted by the legislature, the trustees, the chancellor, the presidents and their duly authorized designees.

The annual update of SJSU policies is recommended as an up-to-date source of information on course offerings, general education, registration procedures, schedule of fees and other pertinent information on policies and procedures.

Information in this academic catalog is subject to change.

Institutional Learning

University Learning Goals | Values | Program Learning Outcomes | GE Learning Goals | Course Learning Outcomes

Mission

Honoring our roots as the first public university in the West, SJSU is an empowering institution enrolling historically underserved students, driving inclusion, and embracing talent from diverse cultures from our region and across the globe. SJSU's spirit of innovation and creativity drives academic excellence, teaching, research, and service in a learning environment where all students belong. Together, we nurture leaders to thrive and transform our community, Silicon Valley, and the world.

The significance of centering an image of students at Commencement is to remind us that student success is at the center of our mission, goals, and outcomes assessment efforts.

University Learning Goals (ULGs)

Developed in 2013 and revised in 2017, University Learning Goals (ULG) define the skills and knowledge of San José State University graduates at both the graduate and undergraduate level. These goals help students understand the purpose of their time at SJSU and guide academic planning and curriculum development.

The SJSU experience is designed to ensure that students have the power to be lifelong learners and have successful futures. At the baccalaureate level this preparation begins as students complete their general education requirements, and continues through SJSU Studies and their majors. For graduate students, these goals are integrated throughout their coursework and research.

University Goals Power Lifelong Learning

The student learning experience at SJSU is centered on helping students achieve five important goals. These goals represent the skills and knowledge that power lifelong learning and career success. San José State University graduates will have developed:

- 1. Social and Global Responsibilities.** An ability to consider the purpose and function of one's degree program training within various local and/or global social contexts and to act intentionally, conscientiously, and ethically with attention to diversity and inclusion.
- 2. Specialized Knowledge.** Depth of knowledge required for a degree, as appropriate to the discipline.
- 3. Intellectual Skills**
 - a. Fluency with specific theories, assumptions, foundational knowledge, analytical and interpretive protocols, tools, and technologies appropriate to the discipline or field of study.
 - b. Skills necessary for mastery of a discipline at a level appropriate to the degree and leading to lifelong learning, including critical and creative thinking and practice, effective communication, thorough and ethical information gathering and processing, competence with quantitative and/or qualitative methodologies, and productive engagement in collaborative activities.
 - c. For undergraduate students in a baccalaureate program: an understanding of critical components of broad academic areas, including the arts, humanities, social sciences, quantitative reasoning, and sciences.

4. Integrative Knowledge and Skills

- a. Mastery in each step of an investigative, creative, or practical project (e.g., brainstorming, planning, formulating hypotheses or complex questions, designing, creating, completing, and communicating) with integration within and/or across disciplines.
- b. An ability to articulate the potential impacts of results or findings from a particular work or field in a societal context.

5. Applied Knowledge. An ability to apply theory, practice, and problem solving to new materials, settings, and problems.

Values

We are:

- Champions for student success
- Visionary and community-minded
- Inclusive and equity-minded
- Trustworthy and act with integrity and accountability
- Collaborative and embrace teamwork

Find out more about how we use our values as a framework achieving our mission and vision.

Program Learning Outcomes (PLOs)

- Graduate Program Learning Outcomes
- Undergraduate Program Learning Outcomes
- Co-Curricular Programs: Service Departments and Services Program Learning Goals

University Undergraduate Graduation Requirement

General Education Learning Goals

Students who complete the General Education curriculum should be able to demonstrate the knowledge, skills and values described below:

Goal 1: To develop students' core competencies for academic, personal, creative, and professional pursuits. Goal 1 has five learning outcomes (PLOs 1-5):

PLO 1. [Oral Communication]

Create and deliver logically-organized, well-supported, and compelling messages both in presentation and in conversation for specific audiences and diverse settings.

PLO 2. [Written Communication]

Develop and practice a writing process that accounts for the goals, dynamics, and genres of written communication, with special attention to the conventions of writing at the university.

PLO 3. [Critical Thinking]

Identify and analyze a subject/topic/issue/problem of significance by evaluating the merits of different positions or perspectives; support the analysis with relevant evidence and information while stating assumptions; and draw evidence-based conclusions.

PLO 4. [Quantitative Reasoning]

Analyze, interpret, and represent quantitative information in various forms to examine a question; explain the processes behind data collection and generation; and communicate evidence in support of an argument or purpose while stating assumptions, limitations, and biases, and drawing appropriate conclusions.

PLO 5. [Information Literacy]: Identify information needs, locate and access relevant and credible information while accounting for bias, and use information legally and ethically.

Goal 2: To enact the university's commitment to diversity, inclusion, and justice by ensuring that students have the knowledge and skills to serve and contribute to the well-being of local and global communities and the environment. Goal 2 has two learning outcomes (PLOs 6 and 7):

PLO 6. [Diversity, Inclusion, and Justice]

Examine diverse cultures, communities, and environments; explore different perspectives; analyze connections to issues of justice/injustice; and prepare to live and work responsibly and cooperatively in multicultural societies.

PLO 7. [Civic and Global Engagement]

Engage with global perspectives and knowledge; develop civic skills, interests, and values; and apply knowledge, skills and values to multicultural, community, and environmental interests.

Goal 3: To offer students integrated, multidisciplinary, and innovative study in which they pose challenging questions, address complex issues, and develop cooperative and creative responses. Goal 3 has two learning outcomes (PLOs 8 and 9):

PLO 8. [Integration and Application]

Integrate and apply knowledge and methods from more than one discipline or area of study to explore a complex question, address an issue, or produce a creative work.

PLO 9. [Reflection and Self-Assessment]

Evaluate and reflect on one's own learning while building on prior knowledge and life experiences.

Developing Educated Persons

Each of the General Education areas develop students to become educated persons.

Fundamental Skills of an Educated Person

Fundamental Skills courses (A1-3, B4) develop students' communication and analytical skills. An educated person can communicate ideas effectively verbally and in writing. An educated person must also have strong reasoning powers in order to analyze all types of information. Per CSU policy, each Fundamental Skills course must be passed with a grade of C- or better to fulfill graduation requirements.

Fundamental Knowledge of an Educated Person

Fundamental Knowledge courses (B1-3, C1-2, D, E, F) develop students' understanding and appreciation of the fundamentals of science, arts and humanities, and the forces that shape the individual and modern society throughout the lifespan. This fundamental knowledge is crucial to understanding more advanced topics, including a major field of study.

Integrated Knowledge of an Educated Person

SJSU Studies courses (R, S, V) help students integrate knowledge between and among disciplines. An educated person is able to apply concepts and methods learned in one area to other areas as part of a lifelong learning process. SJSU Studies courses develop abilities that enable students to live and work intelligently, responsibly, and cooperatively in multicultural societies and to develop abilities to address complex issues and problems using disciplined analytical skills and creative techniques.

American Institution Learning Outcomes

US1. American Institutions - U.S. History

To fulfill the requirements for U.S. History, students should be able to explain and evaluate the principal events, developments, and ideas covering a minimum time span of approximately one hundred years in all the territories now in the United States (including external regions and powers as appropriate).

As students explore the historical development of the United States, they should be able to evaluate and synthesize different positions, support analysis with relevant evidence, and create evidence-based interpretations of:

1. Major subtopics in United States history, such as Native Americans and their interactions with the U.S. government; slavery and its legacies; the foundational ideals of the American Republic; colonization and territorial expansion; economic development; political reform and reaction; immigration to the United States and the experiences of immigrants; foreign relations; wars and conflicts; movements including religious, labor, civil rights, feminist, and environmental.
2. Multiple perspectives related to, for example, diverse cultures, communities, and environments; age, gender, and sexuality; the history and experience of racial, ethnic, and religious minorities; the experiences of people with disabilities; and patterns of race and class relations.

US2. American Institutions - U.S. Constitution

To fulfill the requirements for U.S. Constitution, students should be able to explain how political decisions are made, what the consequences of such decisions are for individuals and society, and how individuals and groups may affect the decision-making process. As students explore the meaning and content of the democratic process as it has evolved in the United States and California, at a minimum, they should be able to evaluate:

1. The foundations of the political system, including the evolution of the U.S. Constitution, political culture, separation of powers, federalism, and relations among various levels of government. Students will also analyze the evolving institutions of government, including a study of the powers of the President, Congress, and the Judiciary as well as the bureaucracy;
2. The links between the people and the political system of the United States, including voting, and other forms of participation, as well as other content areas such as tribal governments, political parties, interest/lobbying groups, and public opinion and socialization. Students should also analyze the rights and obligations of citizens, which may include the tension between various freedoms of expression, including issues related to censorship and freedom of speech, due process and the maintenance of order; and
3. Connections to issues of justice/injustice, including the efforts to end racial, gender and other forms of discriminatory practices in both the public and private sectors.

US3. American Institutions - California Government

To fulfill the requirements for California government, students should be able to explain how political decisions are made at the state and local level, taking into account the diverse cultures, communities, and environments of California, including the impact of demographic changes on the history and politics of the state and the nation.

As students explore the operations of government at the state level, they should be able to evaluate:

1. The foundations of the California political system, the similarities and differences between the California and U.S. Constitutions, and the relationship between state and local government in California; and
2. The evolving relationships of state and local government with the federal government, such as the relationship with tribal governments; the generation and resolution of conflicts; the establishment of cooperative processes under the constitutions of both the state and nation; and the political processes involved.

Physical Education Goals

The goals of the Physical Education Requirement are to:

1. Provide a fundamental understanding of the influence physical activity has on physical and mental well-being;
2. Promote development of a repertoire of skills for constructive leisure activity and a physically active lifestyle important to maintaining health;
3. Provide an understanding of the guidelines for developing and maintaining physical fitness throughout the lifespan;
4. Provide exposure to a variety of lifetime fitness activities and sports; and
5. Enhance the student's liberal arts education and develop a well-rounded individual.

Course Learning Outcomes (CLOs)

Course Learning Outcomes are identified on each course syllabus (per University Policy S16-9).

Fundamental Skills of an Educated Person (A1-3, B4)

Fundamental Skills courses develop students' communication and analytical skills. An educated person can communicate ideas effectively verbally and in writing. An educated person must also have strong reasoning powers in order to analyze all types of information. Per CSU policy, each Fundamental Skills course must be passed with a grade of C- or better to fulfill graduation requirements.

Learning Outcomes

Oral Communication (A1)

Oral Communication courses cultivate an understanding of the social, psychological, political and practical significance of communication, with special emphasis on the roles of public communication in a free society. Area A1 courses emphasize the content as well as the form of communication and focus on the communicative process from a rhetorical perspective. By researching, developing, and delivering, at minimum, three distinct extemporaneous oral presentations, students will develop their own sense of voice, speaking with confidence in ways that reflect their unique perspective and identities while respecting the freedom of expression of all members of the community.

Upon successful completion of an Area A1 course, students should be able to:

1. Identify and critically evaluate socially significant topics, then compose and deliver extemporaneous oral presentations on these topics;
2. Engage in critical and analytical listening;
3. Analyze audiences and adapt oral presentations to accomplish the purpose of the speech;
4. Create a clear central message that demonstrates an understanding of socially significant issues; and
5. Demonstrate the ethical responsibilities of a public speaker by addressing the economic, legal, and social aspects of topics; and by locating and evaluating sources and integrating research through appropriate citation.

Written Communication I (A2)

Written Communication I courses cultivate an understanding of the writing process and the goals, dynamics, and genres of written communication, with special attention to the nature of writing at the university. Students will develop college-level reading abilities, rhetorical sophistication, and writing styles that give form and coherence to complex ideas and feelings.

Upon successful completion of an Area A2 course, students should be able to:

1. Demonstrate knowledge and understanding of the content, context, effectiveness, and forms of written communication;
2. Perform essential steps in the writing process (prewriting, organizing, composing, revising, and editing);
3. Articulate an awareness of and write according to the rhetorical features of texts, such as purpose, audience, context, and rhetorical appeals;
4. Integrate their ideas and those of others by synthesizing, explaining, analyzing, developing, and criticizing ideas effectively in several genres; and
5. Demonstrate college-level language use, clarity, and grammatical abilities in writing.

Critical Thinking and Writing (A3)

Critical Thinking and Writing courses develop students' understanding of the relationship of language to logic. By engaging students in complex issues requiring critical thinking and effective argumentation, A3 courses develop students' abilities to research and analyze important topics and to construct their own arguments on issues that generate meaningful public debate and deliberation. Courses include explicit instruction and practice in inductive and deductive reasoning as well as identification of formal and informal fallacies of language and thought. Students will develop their abilities to distinguish fact from judgment and belief from knowledge; to articulate elementary inductive and deductive processes; and to recognize common logical errors or fallacies of language and thought. Students will develop the ability to analyze, criticize, and advocate complex ideas; reason inductively and deductively; research and rebut information and arguments; and reach well-supported factual conclusions and judgments.

Upon successful completion of an Area A3 course, students should be able to:

1. Locate, interpret, evaluate and synthesize evidence in a comprehensive way, including through library research; and integrate research findings into oral and written arguments through appropriate citation and quotation;
2. Use a full range of rhetorical and logical strategies to articulate and explain their positions on complex issues in dialogue with other points of view;
3. Identify and critically evaluate the assumptions in and the contexts of arguments; and
4. Use inductive and deductive logic to construct valid, evidence-supported arguments and draw valid conclusions.

Mathematics/Quantitative Reasoning (B4)

Area B4 courses develop students' abilities to reason quantitatively, practice computational skills, and explain and apply mathematical and/or quantitative reasoning concepts to solve problems at the college level.

Upon successful completion of an Area B4 course, students should be able to:

1. Use mathematical methods to solve quantitative problems, including those presented in verbal form;
2. Interpret and communicate quantitative information using language appropriate to the context and intended audience;
3. Reason, model, draw conclusions, and make decisions based on numerical and graphical data; and
4. Apply mathematical or quantitative reasoning concepts to solve real life problems.

Fundamental Knowledge of an Educated Person (B1-3, C1-2, D, E, F)

Fundamental Knowledge courses develop students' understanding and appreciation of the fundamentals of science, arts and humanities, and the forces that shape the individual and modern society throughout the lifespan. This fundamental knowledge is crucial to understanding more advanced topics, including a major field of study.

Learning Outcomes

Physical and Life Science (B1, B2, B3)

Physical and life science courses develop students' understanding of the scientific method as a continuous and adaptive process of discovery and communication about the physical universe and its life forms. These courses equip students with the quantitative and qualitative methods and skills necessary for understanding and applying scientific theories, concepts, and data about both living and non-living systems.

Upon successful completion of an Area B1-B3 course, students should be able to:

1. Demonstrate knowledge of scientific theories, concepts, and data used in the physical and life sciences;
2. Apply scientific principles and communicate in ways appropriate to the discipline about the process and results of scientific discovery;
3. Access, critically evaluate, and represent scientific information in various forms and draw appropriate conclusions; and
4. Use methods derived from current scientific inquiry to form evidence-based opinions about science-related matters of personal, public, and ethical concern.

Arts and Humanities (C)

Across the disciplines in Area C coursework, students cultivate and refine their affective, cognitive, and expressive faculties by studying works of the human intellect and imagination. Area C courses help students to respond subjectively as well as objectively to aesthetic experiences and to develop an understanding of the integrity of both emotional and intellectual responses. In their intellectual and subjective considerations, students develop a better understanding of the interrelationship between the self and the creative arts and the humanities in a variety of cultures.

Arts (C1)

Students develop their understanding of the historical and cultural contexts in which works of art and humanistic inquiry are created and interpreted. Courses enable students to participate in social and cultural communities associated with artistic and humanistic endeavors, thus enriching their lives and promoting lifelong appreciation of the humanistic and creative arts.

Upon successful completion of a C1 course, students should be able to:

1. Identify aesthetic qualities and processes that characterize works of the human intellect and imagination;
2. Explore and articulate their own subjective aesthetic and intellectual responses to such works;
3. Analyze the role and impact of the creative arts in culture and on the interrelationship of self and community; and
4. Research and apply relevant aesthetic criteria and/or artistic conventions in effective written responses to works of art.

Humanities (C2)

Upon successful completion of a C2 course, students should be able to:

1. Analyze and understand works of philosophical and humanistic importance, including their temporal and cultural dimensions;
2. Explore and articulate their own subjective aesthetic and intellectual responses to such texts;
3. Analyze and assess ideas of value, meaning, and knowledge, as produced within the humanistic disciplines; and
4. Research and write effective analyses of works of the human intellect and imagination.

Social Sciences (D)

Students learn from Area D courses that human behavior is inextricably interwoven with social, political, and economic institutions. By exploring the principles, methodologies, values systems, and ethics employed in social scientific inquiry, students come to appreciate processes of social change and social continuity, the role of human agency in those social processes, and the forces that engender social cohesion and fragmentation.

Upon successful completion of an Area D course, students should be able to:

1. Demonstrate understanding of the ways in which social institutions, culture, and environment shape and are shaped by the behavior of individuals, both past and present;
2. Compare and contrast the dynamics of two or more social groups or social systems in a variety of historical and/or cultural contexts;
3. Place contemporary social developments in cultural, environmental, geographical, or historical contexts; and
4. Draw on social/behavioral science information from various perspectives to formulate applications appropriate to contemporary social issues.

Human Understanding and Development (E)

Area E courses prepare students for lifelong learning as well as addressing challenges confronting students who are entering the complex social system of the university. Courses help students understand themselves as integrated physiological, social, and psychological beings capable of formulating strategies for lifelong personal development.

Upon successful completion of an Area E course, students should be able to:

1. Describe and analyze the interrelationships among physiological, social/cultural, and psychological dimensions of human well-being;
2. Think critically and communicate effectively about ethics and integrity in academic and non-academic settings;
3. Reflect upon their own experiences along dimensions of well-being and engage in activities that promote human wellness across the lifespan; and
4. Know how to access social and academic resources that enhance learning and facilitate positive interpersonal relationships with diverse groups and individuals.

Ethnic Studies (F)

Upon successful completion of an Area F course, students should be able to discover and critically evaluate significant topics, then compose and deliver oral and/or media-driven presentations on the topics as related to the group(s) studied in this class. Area F emphasizes comparative concepts and frameworks in ethnic studies with a focus on historically defined racialized core groups: Native Americans, African Americans, Asian Americans, and Chicanx/Latinx Americans.

Approved courses shall meet at least three of the five following student learning outcomes: Students shall be able to:

1. Analyze and articulate concepts such as race and racism, racialization, ethnicity, equity, ethno-centrism, eurocentrism, white supremacy, self-determination, liberation, decolonization, sovereignty, imperialism, settler colonialism, and anti-racism;
2. Apply ethnic studies theory and knowledge to describe and actively engage with anti-racist and anti-colonial issues and the practices and movements that have and continue to facilitate the building of a more just and equitable society;
3. Critically analyze the intersection of race and racism as they relate to class, gender, sexuality, religion, spirituality, national origin, immigration status, ability, tribal citizenship, sovereignty, language, and/or age;
4. Critically review how struggle, resistance, racial and social justice, solidarity, and liberation are relevant to current and structural issues such as communal, national, international, and transnational politics as, for example, in immigration, reparations, settler-colonialism, multiculturalism, language policies; and,
5. Describe and actively engage with anti-racist and anti-colonial issues and the practices and movements that have contributed to the building of a more just and equitable society.

Integrated Knowledge of an Educated Person (R, S, V, WID)

SJSU Studies courses help students integrate knowledge between and among disciplines. An educated person is able to apply concepts and methods learned in one area to other areas as part of a lifelong learning process. SJSU Studies courses develop abilities that enable students to live and work intelligently, responsibly, and cooperatively in multicultural societies and to develop abilities to address complex issues and problems using disciplined analytical skills and creative techniques.

Learning Goals

Science (R): Earth, Environment, and Sustainability

In Area R courses, students apply knowledge of scientific theories and concepts as well as quantitative reasoning to explore the relationship between humans and the natural environment. Students achieve an understanding of the role that science plays in addressing complex issues, as well as the potential limits of scientific endeavors and the value systems and ethics associated with scientific inquiry.

Upon successful completion of an Area R course, students should be able to:

1. Apply scientific principles and the scientific method to answer questions about earth, the environment, and sustainability while recognizing the limits of both the method and principles;
2. Apply mathematical or quantitative reasoning concepts to the analysis and generation of solutions to issues of earth, the environment, and sustainability;
3. Communicate a scientific finding, assertion, or theory to a general audience with the integrity and rigor of the underlying science; and
4. Explain ethical, social, and civic dimensions of scientific inquiry.

Social Sciences (S): Self, Society and Equality in the United States

In Area S courses, students study the interrelationships of individuals, racial groups, and cultural groups to understand and appreciate issues of equality, structured inequality and justice in the United States. By exploring different perspectives and helping students articulate and discuss their own values, Area S courses prepare students to live and work responsibly and cooperatively in a multicultural society.

Upon successful completion of an Area S course, students should be able to:

1. Describe how identities are shaped by cultural and societal influences within contexts of equality and inequality. Examples include, but are not limited to, race, ethnicity, gender identity, gender expression, sexual orientation, religion, disability status, age, generation, regional origin, national identity, language, intersectionalities;
2. Analyze historical, economic, political, or social processes that shape diversity, equality, and structured inequalities in the U.S. and reflect on one's own identities and positions within these structures;
3. Evaluate social actions which have or have not led to greater equality and social justice in the U.S.; and
4. Engage in constructive interactions about social issues in the U.S. within the framework of equality and inequalities.

Humanities (V): Cultures and Global Understanding

Courses in Cultures and Global Understanding examine multiple aspects of human expression in cultures and societies outside the United States, including how such cultures develop and influence one another as well as U.S. cultures and societies.

After successfully completing the course, students shall be able to:

1. Analyze historical, social, and/or cultural significance of creative works of human expression (examples include, but are not limited to, written works, images, media, music, dance, technologies, designs), from at least one cultural tradition outside the United States;
2. Examine how creative works of human expression [as defined in #1] outside the United States have influenced the United States' cultures;
3. Explain how a culture outside the U.S. has changed in response to internal and external influences; and
4. Appraise how the study of creative works of human expression from outside the United States shapes one's own understanding of cultural experiences and practices.

Writing in the Disciplines (WID)

Writing in the Disciplines (WID) courses develop students' abilities to communicate effectively in their major course of study and in their careers. With an emphasis on critical thinking, these upper-division core courses advance students' understanding of the genres, audiences, and purposes of college writing while preparing them for successful communication in their chosen professions.

Upon successful completion of a Writing in the Disciplines course, students should be able to:

1. Explain, analyze, develop, and critique ideas effectively, including ideas encountered in multiple readings and expressed in different forms of discourse;
2. Organize and develop complete discipline-specific texts and other documents for both professional and general audiences, using appropriate editorial and citation standards;
3. Locate, organize, and synthesize information effectively to accomplish a specific purpose, and to communicate that purpose in writing; and
4. Produce discipline-specific written work that demonstrates upper-division proficiency in language use, grammar, and clarity of expression.

Undergraduate Program Learning Outcomes

A | B | C | D | E | F | G | H | I | J | K | L | M | N | O | P | Q | R | S | T | U | V | W | X | Y | Z

Graduates will be able to satisfy the following program learning outcomes.

A

Advertising, BS

PLO 1 Demonstrate knowledge of the diversity of groups in a global society in relationship to communications.

PLO 2 Demonstrate the ability to think critically, creatively and independently.

PLO 3 Write correctly and clearly in forms and styles appropriate for the communications professions, audiences, and purposes they serve.

PLO 4 Demonstrate the ability to use tools and technologies appropriate for the communications professions in which they work.

Aerospace Engineering, BS

PLO 1 Problem Solving - Identify, formulate, and solve complex aerospace engineering problems through application of mathematics, science, and engineering principles.

PLO 2 Design to Meet Requirements and Constraints - Design aerospace vehicles that meet specified requirements and subject to public health, safety and welfare, global, cultural, social, environmental, and economic constraints.

PLO 3 Communicate Effectively - Communicate effectively with a range of audiences.

PLO 4 Ethical and Professional Responsibilities - Recognize ethical and professional responsibilities in engineering situations and make informed judgments, considering the impact of engineering solutions in global, economic, environmental, and societal contexts.

PLO 5 Teamwork - Function effectively on a team, whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

PLO 6 Experiments and Data Analysis - Design and conduct appropriate experiments, analyze and interpret data, and use engineering judgment to draw conclusions.

PLO 7 Knowledge Acquisition - Acquire knowledge as needed, using appropriate learning strategies.

African American Studies, BA

PLO 1 Describe global linkages between African Americans and other people of African descent throughout the world, articulate the impact of slavery of African peoples in U.S. society and explain how American society and its institutions have historically shaped Black Americans/African Americans.

PLO 2 Describe and explain African-centered theories, concepts, and research.

PLO 3 Critique historical and contemporary research literature, formulate research, interpret historical records, documents, and audiovisual materials, collect and analyze data, and draw conclusions that follow logically from the analysis.

PLO 4 Demonstrate strong oral and written communication skills.

PLO 5 Apply knowledge on behalf of the university, local, state, regional, national, and/or global community.

Animation & Illustration, BFA

PLO 1 Create drawn images that demonstrate an understanding of the principles of color, design, optics, and perspective and the application of basic skills in life drawing and the physics of motion.

PLO 2 Demonstrated ability in life drawing, applied knowledge of both digital and traditional painting, and intermediate studies in the physics of motion. Create sequential narratives that apply storytelling principles, and demonstrate the ability to work cooperatively.

PLO 3 Create and develop original narrative, sequential projects-short films and tests incorporating visual development, modeling, storyboarding and animation.

PLO 4 Apply professional standards and practices including proficiency in visual development, modeling, animation, or storyboarding.

PLO 5 Demonstrate an understanding of art, film and animation history, theory, and criticism from a variety of perspectives, including those of art historians, animators and filmmakers, by creating, drawing, and applying knowledge to classroom tasks.

Anthropology, BA

PLO 1 Understanding culture as the distinguishing phenomenon of human life, and the relationship of human biology and evolution.

PLO 2 Awareness of human diversity and the ways humans have categorized diversity.

PLO 3 Knowledge of the significant findings of archaeology, cultural anthropology, and physical anthropology, and familiarity of the important issues in each sub-discipline.

PLO 4 Knowledge of the history of anthropological thought and its place in modern intellectual history.

PLO 5 Comprehension of migration, colonialism, and economic integration as significant phenomenon shaping global society.

PLO 6 Ability to access various forms of anthropological data and literature.

PLO 7 Awareness of importance and value of anthropological knowledge in contemporary society, and the ability to apply it to social issues.

PLO 8 Knowledge of the research methods of the sub-disciplines of anthropology, and the ability to apply appropriate research methods in at least one sub-discipline.

PLO 9 Ability to present and communicate anthropological knowledge and the results of anthropological research to different audiences.

PLO 10 Knowledge of political and ethical implications of social research.

Applied Mathematics, Concentration in Applied and Computational Mathematics, Applied Math Track, BS

PLO 1 Communicate applied mathematics concepts in writing.

PLO 2 Analyze and critique proofs and theory in applied mathematics.

PLO 3 Perform computations in applied mathematics.

Applied Mathematics, Concentration in Applied and Computational Mathematics, Discrete Math Track, BS

PLO 1 Communicate applied discrete mathematics concepts in writing.

PLO 2 Analyze and critique proofs and theory in applied discrete mathematics.

PLO 3 Perform computations in applied discrete mathematics.

Art History and Visual Culture, BA

PLO 1 Recognize and identify significant artworks and of the canon of historical periods customary in Western and Non-Western traditions.

PLO 2 Translate visual perception into verbal analysis, using a variety of strategies to clearly communicate with an intended audience.

PLO 3 Describe, analyze and explain artworks from differing historical and cultural contexts, using terms and concepts appropriate to specific historical and contemporary cultures.

PLO 4 Investigate and communicate art historical information through research, documentation, and clearly written arguments that integrate appropriate theoretical perspectives.

PLO 5 Discuss the theoretical, historiographic, and professional foundations of the discipline of Art History and apply this understanding to explaining and solving research problems.

Art, BFA (Concentrations in Digital Media Art, Photography, Pictorial Art, and Spatial Art)

PLO 1 Create Original Artwork: Generate original artwork across various media and styles that demonstrates creativity, innovation, and expertise of artistic techniques.

PLO 2 Develop Critical Thinking, Creative Capacity, and Problem-Solving Skills: Develop critical thinking, creative capacity, and problem-solving skills through a variety of generative methods, such as brainstorming, hypothesizing, modeling, play, and experimentation, to conceptualize artwork with specific goals, purposes, or

messages.

PLO 3 Apply Visual Literacy and Art Historical Knowledge: Apply visual literacy skills and knowledge of art history to produce, interpret, analyze, and effectively communicate the meanings of various materials and media.

PLO 4 Demonstrate Awareness of Art's Societal and Global Significance: Demonstrate awareness of art's unique role in offering new perspectives, addressing social issues, engaging diverse cultural practices, and providing a multifaceted global view of scholarship through the generation and evaluation of artwork.

PLO 5: Prepare for Professional Careers in Art: Prepare for careers as creative arts professionals by (1) producing a portfolio of professional-level work, (2) generating professional communication documents that illuminate their process, skills, and ideas, and (3) actively participating in the planning, coordinating, and execution of solo and collaborative art and research projects.

Art, Studio Practice Concentration, BA

PLO 1 Demonstrate Proficiency in Artistic Practices: Demonstrate increasing proficiency in artistic skill-based practices, utilizing diverse materials, tools, and media for planning, designing, and realizing artistic work.

PLO 2 Foster Critical Thinking, Creative Capacity, and Problem-Solving Skills: Foster critical thinking, creative capacity, and problem-solving skills through a variety of generative methods, such as brainstorming, hypothesizing, modeling, play, and experimentation, to conceptualize artwork with specific goals, purposes, or messages.

PLO 3 Apply Visual Literacy and Art Historical Knowledge: Apply visual literacy skills and knowledge of art history to produce, interpret, analyze, and effectively communicate the meanings of various materials and media.

PLO 4 Cultivate Awareness of Art's Societal and Global Significance: Cultivate awareness of art's unique role in offering new perspectives, addressing social issues, engaging diverse cultural practices, and providing a multifaceted global view of scholarship through the generation and evaluation of their artwork.

PLO 5: Prepare for Professional Careers in Art: Prepare for careers as creative arts professionals by (1) producing a portfolio of professional-level work, (2) generating professional communication documents that illuminate their process, skills, and ideas, and (3) actively participating in the planning, coordinating, and execution of solo and collaborative art and research projects.

Art, Studio Practice - Preparation for Teaching Concentration, BA

PLO 1: Demonstrate Proficiency in Interdisciplinary Art Practices: Demonstrate proficiency in interdisciplinary skill-based art practices using diverse materials, tools, and media for personal artwork and adapt these skills to plan, design, and deliver comprehensive art education.

PLO 2: Foster Critical Thinking, Creative Capacity, and Problem-Solving Skills: Foster critical thinking, creative capacity, & problem solving skills through a variety of generative methods such as brainstorming, hypothesizing, modeling, play, and experimentation for conceptualizing work that has an intended goal, purpose, or message.

PLO 3: Apply Visual Literacy and Art Historical Knowledge: Apply visual literacy skills and knowledge of art history to produce, interpret, analyze, and effectively communicate the meanings of various materials and media through various communication strategies, while integrating these concepts into art education practices.

PLO 4: Promote Art's Cultural and Global Significance: Demonstrate awareness of art's unique role in offering new perspectives, addressing social issues, engaging diverse cultural practices, and providing a multifaceted global view of scholarship through the generation and evaluation of their work and promoting these findings through effective teaching methods.

PLO 5: Develop Comprehensive Art Education Strategies: Develop comprehensive knowledge, skills and understandings to design sequential learning experiences for all students through art curriculum development: instruction plans, and art experiences that maintain effective environments for student learning.

Asian American Studies, BA

PLO 1 Demonstrate a core competency in interdisciplinary knowledge of major concepts, theories, and methods in Asian American Studies (AAS). For specifics see below.

PLO 1A Explain the sociopolitical, historical, contemporary, and comparative formations of race and ethnicity.

PLO 1B Analyze systems of power and hierarchies associated with the intersections of race and ethnicity to class, gender, sexuality, religion, spirituality, national origin, immigration status, ability, sovereignty, language, health, and/or age to understand the diversity and complexity of Asian American populations.

PLO 2 Apply Asian American Studies theory and knowledge to the following:

PLO 2A Addressing anti-racist and anti-colonial issues;

PLO 2B Identifying practices and movements that have and continue to facilitate the building of a more just and equitable society.

PLO 3 Communicate knowledge in Asian American studies effectively and creatively-appropriate to purpose and audience in the following forms: written, visual and/or oral forms.

Aviation, BS

PLO 1 Demonstrate strong communication, critical thinking, and interpersonal skills

PLO 2 Use skills in team development, dynamics, and management to work as team players.

PLO 3 Demonstrate ethical behavior and concern for colleagues, society, and the environment.

PLO 4 Apply science, math, and management principles to solve problems in aviation.

PLO 5 Describe certification processes for an aviation professional.

PLO 6 Describe the theory of aircraft design, performance, operating characteristics, and maintenance.

PLO 7 Analyze and explain the role and regulations regarding aviation safety and human operations.

PLO 8 Describe the legal and labor issues in national and international aviation.

PLO 9 Describe meteorology and environmental issues as they relate to aviation.

B

Behavioral Science, BA

PLO 1 Provide opportunities for students to synthesize the perspectives of the disciplines of anthropology, psychology, and sociology.

PLO 2 Provide opportunities to apply the perspectives of the behavioral sciences to a variety of contemporary issues and professional settings.

Biological Sciences, BA

PLO 1 Demonstrate the ability to formulate hypotheses and design experiments to address a scientific question.

PLO 2 Demonstrate an understanding of the relevant content in their discipline.

PLO 3 Demonstrate laboratory or field skills in their discipline.

PLO 4 Demonstrate proficiency in scientific writing skills by effectively writing an advanced scientific paper.

PLO 5 Demonstrate proficiency in oral presentation skills by effectively presenting scientific research.

Biological Sciences, BS (Concentrations in Microbiology, BS, Molecular Biology, and Systems Physiology)

PLO 1 Demonstrate the ability to formulate hypotheses and design experiments to address a scientific question.

PLO 2 Demonstrate an understanding of the relevant content in their discipline.

PLO 3 Demonstrate laboratory or field skills in their discipline.

PLO 4 Demonstrate proficiency in scientific writing skills by effectively writing an advanced scientific paper.

PLO 5 Demonstrate proficiency in oral presentation skills by effectively presenting scientific research.

Biomedical Engineering, BS

PLO 1 Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

PLO 2 Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

PLO 3 Communicate effectively with a range of audiences.

PLO 4 Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

PLO 5 Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

PLO 6 Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment

to draw conclusions.

PLO 7 Acquire and apply new knowledge as needed, using appropriate learning strategies.

Business Administration, BS

PLO 1 Business Knowledge. Recognize basic business principles and demonstrate discipline-specific competencies as applied to local and global environments;

PLO 2 Communication. Communicate ideas clearly, logically, and persuasively in oral and written format, using technology appropriately;

PLO 3 Ethical Awareness. Recognize, analyze, and articulate solutions to ethical issues that arise in business;

PLO 4 Teams and Diversity. Demonstrate the skills of effective teamwork and recognize the complexities and opportunities of working in diverse teams;

PLO 5 Critical Thinking. Critically evaluate business problems and apply appropriate evidence-based methods and technology to make informed decisions; and,

PLO 6 Innovation. Apply strategies and procedures to enable innovation.

C

Chemical Engineering, BS

PLO 1 Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

PLO 2 Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

PLO 3 Communicate effectively with a range of audiences.

PLO 4 Recognize ethical and professional responsibilities in engineering situations and make informed judgments, considering the impact of engineering solutions in global, economic, environmental, and societal contexts.

PLO 5 Function effectively on a team, whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

PLO 6 Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

PLO 7 Acquire and apply new knowledge as needed, using appropriate learning strategies.

Chemistry, BA

PLO 1.1 Students will be able to identify, formulate, and solve a range of chemistry problems (fundamental to complex) through application of mathematical, scientific, and chemical principles.

PLO 1.2 Students will be able to recognize, relate, and/or apply chemistry terms and concepts to propose and solve interdisciplinary and multidisciplinary real world problems.

PLO 2.1 Students will be able to develop an experiment to address a hypothesis using literature and execute the planned experiment using standard chemistry techniques.

PLO 2.2 Students will be able to acquire, record, and critically evaluate data through use of instrumentation and software, appropriate record keeping practices, figure preparation, and scrutiny of experimental results.

PLO 2.3 Students will be able to recognize and assess laboratory hazards, practice risk minimization, and conduct safe laboratory practices

PLO 3.1 Students will be able to explore, critique, and reflect on how chemistry relates to society, culture, and issues of equity and ethics that shape their scientific beliefs and identities.

PLO 3.2 Students will be able to identify as scientists within the scientific community through constructing peer reviews, engaging in collaborations, and participating in mentorship.

PLO 4.1 Students will be able to design and deliver engaging presentations on diverse chemistry topics in a professional manner and with clear, concise organization that demonstrates mastery of the topic.

PLO 4.2 Students will be able to integrate research findings into a concise original written report that either analyzes collected data and obtained results or reviews and reflects on published scientific work.

PLO 4.3 Students will be able to identify an audience and construct a message tailored to that audience and act as a science ambassador by conveying the importance of the research or topic of study.

PLO 4.4 Students will be able to prepare professional documents, such as résumés and cover letters, that accurately represent the students' skills and knowledge for graduate/professional school or potential future employers.

Chemistry, BS (Concentrations in General Chemistry and Biochemistry)

PLO 1.1 Students will be able to identify, formulate, and solve a range of chemistry problems (fundamental to complex) through application of mathematical, scientific, and chemical principles.

PLO 1.2 Students will be able to recognize, relate, and/or apply chemistry terms and concepts to propose and solve interdisciplinary and multidisciplinary real world problems.

PLO 2.1 Students will be able to develop an experiment to address a hypothesis using literature and execute the planned experiment using standard chemistry techniques.

PLO 2.2 Students will be able to acquire, record, and critically evaluate data through use of instrumentation and software, appropriate record keeping practices, figure preparation, and scrutiny of experimental results.

PLO 2.3 Students will be able to recognize and assess laboratory hazards, practice risk minimization, and conduct safe laboratory practices

PLO 3.1 Students will be able to explore, critique, and reflect on how chemistry relates to society, culture, and issues of equity and ethics that shape their scientific beliefs and identities.

PLO 3.2 Students will be able to identify as scientists within the scientific community through constructing peer reviews, engaging in collaborations, and participating in mentorship.

PLO 4.1 Students will be able to design and deliver engaging presentations on diverse chemistry topics in a professional manner and with clear, concise organization that demonstrates mastery of the topic.

PLO 4.2 Students will be able to integrate research findings into a concise original written report that either analyzes collected data and obtained results or reviews and reflects on published scientific work.

PLO 4.3 Students will be able to identify an audience and construct a message tailored to that audience and act as a science ambassador by conveying the importance of the research or topic of study.

PLO 4.4 Students will be able to prepare professional documents, such as résumés and cover letters, that accurately represent the students' skills and knowledge for graduate/professional school or potential future employers.

Chicana and Chicano Studies, BA

PLO 1 Identify and explain the significance of historical, social, political and cultural events in shaping the Chicana experience in the U.S. (Overview)

PLO 2 Identify and use social theories to analyze historical and contemporary contexts in the U.S. Chicana experience including analysis of the intersections of identity with gender, class, race/ethnicity, sexuality, nation, ability and citizenship status. (Theory)

PLO 3 Describe and explain the significance of global migration and immigration in Chicana histories and within contemporary communities. (Global)

PLO 4 Effectively use oral, written, and creative communication to demonstrate critical thinking, research, and advocacy. (Skills)

Child and Adolescent Development, BA (including a Preparation for Teaching Program)

PLO 1 Demonstrate holistic knowledge of child and adolescent development that integrates physical, cognitive, social, and emotional domains.

PLO 2 Describe how contextual factors, including family, community, policy, and culture, influence development across diverse populations.

PLO 3 Apply developmental theory and research to address the individual and collective needs of children, youth, and families.

PLO 4 Demonstrate understanding of effective advocacy to ensure equity and respect for children, families, and the broader community.

Chinese, BA

PLO 1 Demonstrate intermediate mid to high (ACTFL) skills in listening, speaking, reading, and writing

PLO 2 Use the language to investigate, explain, and reflect on products, practices, and perspectives of the cultures studied

PLO 3 Analyze and compare critically a wide variety of literary texts to demonstrate knowledge of major genres, authors, critical theory, and literary movements as they relate to cultural and artistic movements

PLO 4 Identify and describe linguistic patterns of the target language

PLO 5 Demonstrate introductory translation skills of a variety of texts

PLO 6 Develop and carry out research projects, including term papers and bibliographic research, in accordance with a major style guideline

Civil Engineering, BS

PLO 1 Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

PLO 2 Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

PLO 3 Communicate effectively with a range of audiences.

PLO 4 Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

PLO 5 Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

PLO 6 Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions

PLO 7 Acquire and apply new knowledge as needed, using appropriate learning strategies.

Climate Science, BS

PLO 1 Explain current climate in terms of basic physical and dynamic processes.

PLO 2 Explain the mechanisms responsible for climate change.

PLO 3 Know and be able to practice the techniques used for collecting, analyzing, and interpreting various forms of climate data.

PLO 4 Demonstrate an ability to synthesize concepts from a broad range of disciplines, and apply them to problems in climate science.

PLO 5 Explain ideas and results through written, statistical, graphical, oral and computer-based forms of communication

Communication Studies, BA

PLO 1 Core: Students will examine the historical formation of the communication studies discipline and how it shapes communication as a central problematic in contemporary life.

PLO 2 Core: Students will design their future as communication leaders in contemporary society.

PLO 3 Foundation: Students will explain a set of assumptions and concepts that distinguish an area of communication study.

PLO 4 Inquiry: Students will distinguish the types of questions, problems, or phenomena that a research approach addresses from those it does not.

PLO 5 Practice: Students will apply a set of communication-related concepts to a problem or phenomenon in a significant relational, sociopolitical, or cultural context.

Communicative Disorders and Sciences, BS

PLO 1 Explain basic human mechanisms and processes including anatomy, physiology, and neurobiology of speech, language, hearing, and swallowing.

PLO 2 Distinguish between characteristics of human communication differences and disorders across the lifespan.

PLO 3 Describe common clinical approaches, evidence-based practices and interprofessional collaboration in speech-language pathology and audiology.

PLO 4 Articulate essential elements of equitable and inclusive educational and healthcare services.

PLO 5 Apply knowledge, skills, and dispositions to ethical and culturally responsive practice with diverse populations.

Computer Engineering, BS

PLO 1 Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

PLO 2 Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

PLO 3 Communicate effectively with a range of audiences.

PLO 4 Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

PLO 5 Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

PLO 6 Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

PLO 7 Acquire and apply new knowledge as needed, using appropriate learning strategies.

Computer Science, BS

PLO 1 Analyze a complex computing problem and apply principles of computing and other relevant disciplines to identify solutions.

PLO 2 Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.

PLO 3 Communicate effectively in a variety of professional contexts.

PLO 4 Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.

PLO 5 Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.

PLO 6 Apply computer science theory and software development fundamentals to produce computing-based solutions.

Computer Science and Linguistics, BS

PLO 1 Apply the fundamental understanding and knowledge of diverse forms of languages and linguistic phenomena for computational analysis.

PLO 2 Design, implement, and evaluate theoretical models of linguistic phenomena as well as practical applications that involve computer processing of human language.

PLO 3 Communicate effectively in a variety of professional contexts.

PLO 4 Recognize professional responsibilities and make informed judgments in computer science and linguistics

practice based on legal and ethical principles.

PLO 5 Play an effective role as a team member or a leader engaged in activities appropriate to the program's discipline.

PLO 6 Apply theory, computer science fundamentals, and tools throughout the applied linguistics process and employ the resulting knowledge and skills to produce computer science and linguistics solutions.

Creative Arts, BA

PLO 1 Perform interdisciplinary analysis of various forms of creative arts, attending to connections and commonalities as well as differences, in both written and oral formats.

PLO 2 Identify and articulate various and sometimes contested functions and purposes of the creative arts.

PLO 3 Demonstrate the ability to develop and use practice-based and digital humanities methodologies in research projects.

PLO 4 Identify, select, use and cite information sources appropriately.

PLO 5 Create class projects that demonstrate innovative thinking.

PLO 6 Collaborate effectively with other students in the completion of team projects.

D

Dance, BA

PLO 1 Identify and work conceptually with the elements of dance.

PLO 2 Understand the choreographic processes, aesthetic properties of style, and the ways these shape are shaped by artistic and cultural ideas and contexts.

PLO 3 An acquaintance with a wide selection of dance repertory, the principal eras, genres, and cultural sources.

PLO 4 Develop and defend critical evaluations.

PLO 5 Fundamental knowledge of the body and of kinesiology as applicable to work in dance.

PLO 6 Perform consistent with the goals and objectives of the specific liberal arts degree program being followed, and appropriate to the individuals' needs and interests.

PLO 7 An understanding of procedures for realizing a variety of dance styles.

PLO 8 Knowledge and/or skills in one or more areas of dance beyond basic course work and performance appropriate to the individuals' needs and interests, and consistent with the goals and objectives of the specific liberal arts degree program being followed.

Dance, BFA

PLO 1 Highest level of technical skill in at least one area of performance.

PLO 2 Achieve the highest possible level of conceptual understanding of the medium and its expressive possibilities.

PLO 3 Technical proficiency standards.

PLO 4 Have a fundamental knowledge of the body and kinesiology.

PLO 5 Develop basic knowledge and skills in dance pedagogy.

PLO 6 Develop basic knowledge and skills in choreography and have opportunities to develop their choreographic potential in studies that include traditional and/or experimental approaches.

PLO 7 Demonstrate their competence by developing a body of work for evaluation in the major area of study.

PLO 8 Be able to place dance in historical, cultural, and stylistic contexts.

PLO 9 Develop an understanding of the common elements and vocabulary and the interaction of these elements and to be able to employ this knowledge in analysis of dance.

PLO 10 Form and defend analysis and critiques of dance and communicate dance ideas, concepts, and requirements to professionals and laypersons related to practice of the major field.

PLO 11 Learn to analyze dance perceptively and to evaluate.

PLO 12 Form and defend individual critiques.

Data Science, BS

PLO 1 Analyze a complex problem involving large datasets and apply principles of computing and other relevant disciplines to identify solutions.

PLO 2 Design, implement, and evaluate a computing-based solution to meet a given set of requirements for processing and analyzing large data sets.

PLO 3 Communicate effectively in a variety of professional contexts.

PLO 4 Recognize professional responsibilities and make informed judgments in data science practice based on legal and ethical principles.

PLO 5 Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.

PLO 6 Apply theory, software development fundamentals, and tools throughout the data lifecycle and employ the resulting knowledge and skills to produce data-driven solutions.

Design Studies, BA

PLO 1 Utilize knowledge gained in the classroom to develop discipline-based skills in materials and techniques.

PLO 2 Demonstrate professional depth of knowledge within their field of study.

PLO 3 Engage in global views and weigh design decisions within the parameters of ecological, socio-economic, and cultural contexts.

PLO 4 Demonstrate all aspects of the design process to identify complex problems and generate solutions that optimize human experiences.

PLO 5 Engage in multi-disciplinary collaborative work team structures.

PLO 6 Demonstrate discipline-based design ideas verbally, visually and digitally.

E

Earth System Science, BS

PLO 1 Explain interactions between geosphere, hydrosphere, biosphere, atmosphere (Earth Systems) temporally and spatially.

PLO 2 Use scientific principles and methodology including quantitative and critical thinking skills to address complex Earth System issues and problems.

PLO 3 Investigate human interactions and perspectives of complex Earth Systems problems.

PLO 4 Communicate scientific perspectives on ESS issues.

Biological Sciences - Ecology and Evolution, BS

PLO 1 Hypotheses and Experiments Students will demonstrate the ability to formulate hypotheses and design experiments to address a scientific question.

PLO 2 Biology Content Students will demonstrate an understanding of the relevant content in their concentration.

PLO 3 Laboratory or Field Skills Students will demonstrate laboratory or field skills relevant to their concentration.

PLO 4 Scientific Writing Skills Students will demonstrate proficiency in scientific writing skills by effectively writing an advanced scientific paper.

PLO 5 Oral Presentations Students will demonstrate proficiency in oral presentation skills by effectively presenting scientific research.

Economics, BA

PLO 1 Students will be able to use microeconomic theory to understand and explain the determinants of prices, optimal behavior in strategic situations, and welfare effects in markets, and to critique real-world policy.

PLO 2 Students will be able to use macroeconomic theory to understand and explain economic growth, business cycles, and monetary policy, as well as to critique real-world macroeconomic policy.

PLO 3 Describe an economic study that illustrates one of the following methods of economic inquiry: Applied Econometrics, Experimental Economics, or Other (Analytical Narrative, Cost-Benefit Analysis, Simulation, etc.).

PLO 4 List the subfields of economics and explain the JEL system, describe the contours of economics as a scholarly

discipline, and describe in detail one of the two subfields: Economic History / Economic Thought or Econometrics.

PLO 5 Generate and apply new knowledge to an economics problem, using theory and methods of economic inquiry, and communicate the results through academic writing, speaking, and presentation.

Economics, BS

PLO 1 Students will be able to use microeconomic theory to understand and explain the determinants of prices, optimal behavior in strategic situations, and welfare effects in markets, and to critique real-world policy.

PLO 2 Students will be able to use macroeconomic theory to understand and explain economic growth, business cycles, and monetary policy, as well as to critique real-world macroeconomic policy.

PLO 3 Describe an economic study that illustrates one of the following methods of economic inquiry: Applied Econometrics, Experimental Economics, or Other (Analytical Narrative, Cost-Benefit Analysis, Simulation, etc.).

PLO 4 List the subfields of economics and explain the JEL system, describe the contours of economics as a scholarly discipline, and describe in detail one of the two subfields: Economic History / Economic Thought or Econometrics.

PLO 5 Generate and apply new knowledge to an economics problem, using theory and methods of economic inquiry, and communicate the results through academic writing, speaking, and presentation.

Electrical Engineering, BS

PLO 1 Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

PLO 2 Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

PLO 3 Communicate effectively with a range of audiences.

PLO 4 Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

PLO 5 Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

PLO 6 Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

PLO 7 Acquire and apply new knowledge as needed, using appropriate learning strategies.

Engineering Technology, Computer Network System Management (CNSM) Concentration, BS

PLO 1 Demonstrate strong communication, critical thinking, and interpersonal skills;

PLO 2 Use skills in team development, dynamics, and management to work as team players;

PLO 3 Demonstrate ethical behavior and concern for colleagues, society, and the environment;

PLO 4 Demonstrate leadership skills for a technology professional;

PLO 5 Implement and manage computer and network systems;

PLO 6 Solve problems related to daily interruptions of information flow;

PLO 7 Design and interface components for connected products;

PLO 8 Manage databases and cloud computing systems and services;

PLO 9 Implement and manage Internet of Things (IoT) systems;

PLO 10 Apply cybersecurity techniques to protect networks from attacks.

Engineering Technology, Manufacturing Systems Concentration, BS

PLO 1 Demonstrate strong communication, critical thinking, and interpersonal skills;

PLO 2 Use skills in team development, dynamics, and management to work as team players;

PLO 3 Demonstrate ethical behavior and concern for colleagues, society, and the environment;

PLO 4 Demonstrate leadership skills for a technology professional;

PLO 5 Apply science and math principles to solve technical problems in manufacturing.

PLO 6 Integrate principles of design, materials selection, and manufacturing processes into product development;

PLO 7 Implement automation, advanced and smart manufacturing including robotics, 3D printing and IIoT to improve manufacturing operations and processes;

PLO 8 Apply lean principles and quality assurance to product development, management and decision making in manufacturing enterprises; and,

PLO 9 Demonstrate cross-functional skills to address professional practices, as well as global and societal issues relevant to manufacturing.

English, BA (Concentrations in General English, Creative Writing, Preparation for Teaching (Single Subject), and Professional and Technical Writing)

PLO 1 Read closely in a variety of forms, styles, structures, and modes, and articulate the value of close reading in the study of literature, creative writing, or rhetoric.

PLO 2 Show familiarity with major literary works, genres, periods, and critical approaches to British, American, and World Literature.

PLO 3 Write clearly, effectively, and creatively, and adjust writing style appropriately to the content, the context, and nature of the subject.

PLO 4 Develop and carry out research projects, and locate, evaluate, organize, and incorporate information effectively.

PLO 5 Articulate the relations among culture, history, and texts, including structures of power.

Environmental Studies, BA (including a Preparation for Teaching Program)

PLO 1 Write a logical analytical paper using good writing style and construction supported by appropriate research.

PLO 2 Determine, apply and interpret appropriate basic statistical or other quantitative analyses to environmental data.

PLO 3 Develop proficiency in the interdisciplinary sustainability principles that are the foundations of environmental studies; they will know the key environmental challenges facing the planet, know relevant interdisciplinary information about these challenges, and be able to develop/identify feasible solutions.

PLO 4 Productively conduct group/team work to deliver professional quality presentations and reports and also engage in community service and democratic participation.

PLO 5 Demonstrate in-depth knowledge and skills in a non-science field.

Environmental Studies, BS

PLO 1 Write a logical analytical paper using good writing style and construction supported by appropriate research.

PLO 2 Determine, apply and interpret appropriate basic statistical or other quantitative analyses to environmental data.

PLO 3 Develop proficiency in the interdisciplinary sustainability principles that are the foundations of environmental studies; they will know the key environmental challenges facing the planet, know relevant interdisciplinary information about these challenges, and be able to develop/identify feasible solutions.

PLO 4 Productively conduct group/team work to deliver professional quality presentations and reports and also engage in community service and democratic participation.

PLO 5 Demonstrate in-depth knowledge and skills in a science or technical field.

F

Forensic Science, BS (Concentrations in Biology, Chemistry, and Digital Evidence)

PLO 1 Apply the scientific method to draw logical conclusions about crime scenes.

PLO 2 Demonstrate competence in the recognition, documentation, collection, and analysis of forensic evidence.

PLO 3 Identify sources and causes of error in forensic science.

PLO 4 Interpret evidence and communicate findings clearly in both written reports and oral testimony.

PLO 5 Contextualize forensic science within the fields of criminal justice, human rights, and physical and mental health.

French, BA (Including a Preparation for Teaching Program)

PLO 1 Demonstrate intermediate mid to high (ACTFL) skills in listening, speaking, reading, and writing.

PLO 2 Use the language to investigate, explain, and reflect on products, practices, and perspectives of the cultures studied.

PLO 3 Analyze and compare critically a wide variety of literary texts to demonstrate knowledge of major genres, authors, critical theory, and literary movements as they relate to cultural and artistic movements.

PLO 4 Identify and describe linguistic patterns of the target language.

PLO 5 Demonstrate introductory translation skills of a variety of texts.

PLO 6 Develop and carry out research projects, including term papers and bibliographic research, in accordance with a major style guideline.

G

Interdisciplinary Engineering, BS

PLO 1 Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

PLO 2 Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

PLO 3 Communicate effectively with a range of audiences.

PLO 4 Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

PLO 5 Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

PLO 6 Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

PLO 7 Acquire and apply new knowledge as needed, using appropriate learning strategies.

Geography, BA

PLO 1 Apply social and ethical responsibilities to foster inclusion and sustainability;

PLO 2 Evaluate, critique, and communicate geographic information within relevant scholarship and in relation to other disciplines;

PLO 3 Demonstrate mastery in physical, regional, and human geography while examining the interrelationships between subdisciplines;

PLO 4 Create, investigate and collaborate on productive spatial research activities from inquiry to impact;

PLO 5 Apply appropriate geographic theories, methods, and geospatial technologies to address problems from local to global scales.

Geographic Information Science (GIS), BS

PLO 1 Examine social and ethical issues with GIS to foster learning about inclusion and sustainability;

PLO 2 Analyze, critique, and communicate geospatial data and scholarship in relation to other scientific disciplines;

PLO 3 Demonstrate mastery of geographic information science literature, data, methods, and visualization tools and techniques;

PLO 4 Create, investigate, and collaborate on productive spatial research activities from inquiry to impact;

PLO 5 Apply geographic information science theories, methods, and technologies to address problems from local to global scales.

Geology, BS

PLO 1 Develop the skill to read and accurately interpret topographic and geologic maps.

PLO 2 Effectively communicate scientific ideas and results in writing.

PLO 3 Use the fundamentals of chemistry, physics, and math to solve geologic problems.

PLO 4 Classify and identify geological materials such as minerals, rocks, and fossils, and understand their

relationships to each other and interacting earth systems.

PLO 5 Visualize and comprehend geologic structures and processes.

PLO 6 Understand how geologists measure deep time and reconstruct earth history.

Global Studies, BA

PLO 1 Engage in interdisciplinary studies and demonstrate an understanding of complex global events and processes of globalization in relationship to culture, politics, gender studies, sustainability, and foreign language.

PLO 2 Demonstrate the ability to write, speak, research, and critically analyze complex global events and processes of globalization.

PLO 3 Analyze, synthesize, and interpret texts, images, and experiences, demonstrating quantitative literacy, innovation of thought and creation of theoretical or practical solutions to global problems.

PLO 4 Demonstrate a critical understanding of the ethical implications of global citizenship, informed by global awareness and cross-cultural understanding.

Graphic Design, BFA

PLO 1 Apply the principles of color, composition, hierarchy, typography as they relate in the various media-digital, print, motion, 3-D, etc.-that exist in design.

PLO 2 Demonstrate the ability to create and develop original concepts, build prototypes, integrate feedback and carry projects through to the production process.

PLO 3 Apply principles of visual communication as they relate to reaching audiences, the role of design in society, and the ability to work cooperatively.

PLO 4 Identify key aspects of graphic design history, theory and criticism from a variety of perspectives, including prominent designers, historians and contemporary writers and thought-leaders.

PLO 5 Show fluency in the breadth of disciplines that graphic design encompasses, with deep exploration into information architecture, user interface design, interactive design, motion graphics, iterative image-making, exhibition design and typeface design.

PLO 6 Demonstrate understanding of the design process, design thinking and professional standards and practices, including real-project learning scenarios and a transition into preparing a portfolio to enter the working force.

H

History, BA

PLO 1 Describe and explain how peoples and societies evolved across time and space demonstrating the importance of context (social, political, economic, cultural, environmental, ideological, and technological).

PLO 2 Illustrate the complexity of historical causality and describe past events from multiple perspectives.

PLO 3 Analyze the credibility of historical sources and arguments, revising interpretations as new evidence warrants.

PLO 4 Conceive and carry out historical research, constructing persuasive evidence-based arguments using primary and secondary sources according to recognized standards of the historical discipline.

Humanities, American Studies Concentration, BA

PLO 1 Demonstrate the ability to frame questions and pursue answers to aesthetic, social, cultural and global problems using interdisciplinary methods.

PLO 2 Demonstrate the ability to describe and compare the roles, impacts and ethical implications of ideas, texts, social movements, contemporary situations, and creations of the human imagination.

PLO 3 Demonstrate skill in written and verbal communication, including argumentation.

PLO 4 Demonstrate the ability to identify, select, use, and cite information sources appropriately.

PLO 5 Explain how current events and contemporary issues are understood with knowledge of the historical and cultural background of a particular world area (e.g., America, East Asia, Europe, or the Middle East), including processes of cultural formation, historical development, and social change.

Humanities, Liberal Arts Concentration, BA

PLO 1 Demonstrate the ability to frame questions and pursue answers to aesthetic, social, cultural and global problems using interdisciplinary methods.

PLO 2 Demonstrate the ability to describe and compare the roles, impacts and ethical implications of ideas, texts, social movements, contemporary situations, and creations of the human imagination.

PLO 3 Demonstrate skill in written and verbal communication, including argumentation.

PLO 4 Demonstrate the ability to identify, select, use, and cite information sources appropriately.

Humanities, Religious Studies Concentration, BA

PLO 1 Demonstrate the ability to frame questions and pursue answers to aesthetic, social, cultural and global problems using interdisciplinary methods.

PLO 2 Demonstrate the ability to describe and compare the roles, impacts and ethical implications of ideas, texts, social movements, contemporary situations, and creations of the human imagination.

PLO 3 Demonstrate skill in written and verbal communication, including argumentation.

PLO 4 Demonstrate the ability to identify, select, use, and cite information sources appropriately.

PLO 5 Demonstrate a high level of religious literacy, including the ability to articulate etic and emic perspectives for specific religions, and a functional understanding of at least five major world religious systems (e.g. Judaism, Christianity, Islam, Hinduism, Buddhism, Confucianism, Taoism, Sikhism, Jainism, a specific geographic set of indigenous religions [African, Australian, North American, South American, Pacific Islander, North Asian, pre-Christian European], Wicca, Afro-Caribbean religions).

PLO 6 Function adroitly within the interdisciplinary nature of comparative religious studies. Describe how religion, as a phenomenon, can be analyzed historically, philosophically, psychologically, sociologically, geographically, and artistically, as well as theologically. Demonstrate ability to write and speak about religions in a scholarly, civil, and respectful manner, using the academic discourses that have evolved for this purpose. Foster civil discourse about religion by encountering and engaging community members, faculty, and students who hold diverse views within and about religious traditions.

I

Industrial and Systems Engineering, BS

PLO 1 Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

PLO 2 Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

PLO 3 Communicate effectively with a range of audiences.

PLO 4 Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

PLO 5 Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

PLO 6 Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

PLO 7 Acquire and apply new knowledge as needed, using appropriate learning strategies.

Industrial Design, BS

PLO 1 Demonstrate a functional knowledge of design aesthetics to create appropriate 2D and 3D artifacts, as well as have the ability to think visually and develop design concepts utilizing rapid 2D and 3D visualization tools and techniques.

PLO 2 Articulate a functional understanding of manufactured products, including being able to explain how products work, what constitutes their structural integrity, and what materials and manufacturing processes are required to produce them.

PLO 3 Apply their knowledge of end-user psychology, ergonomics, anthropometry, and user interaction to the design of manufactured products.

PLO 4 Investigate, analyze, synthesize, and make design decisions based on an ecological understanding of the impact of a design, including the reconciliation of priorities and concerns of end users with those of business, society, and the environment.

PLO 5 Employ a design process that generates products that are useful, usable, and desirable to specific segments of the human population, including an understanding of how designers define problems, researching contextual issues, determining design requirements, and conceptualizing and evaluating alternatives to test and refine solutions.

Information Science and Data Analytics, BS (SJSU Online)

PLO 1 Apply information science and data analytics concepts and methods by thinking critically and creatively to conceptualize and solve real-world problems.

PLO 2 Demonstrate an understanding of the data lifecycle, including data curation and stewardship, distributed computing, and the data pipeline ecosystem.

PLO 3 Demonstrate an understanding of professional and ethical responsibility in data ownership security, sensitivity of data, and consequences and privacy concerns of data analysis.

PLO 4 Demonstrate an ability to identify user-centric information and data needs of diverse populations and to interpret data findings effectively to diverse audiences, orally, visually, and in written formats.

PLO 5 Demonstrate an understanding of how people from diverse backgrounds and cultures interact with technology and with each other in technological contexts; and how to plan strategically for emerging technologies and the changing technological landscape.

Interdisciplinary Studies, Educational and Community Leadership Concentration, BA (SJSU Online)

PLO 1 Create interdisciplinary strategies to manage challenges within one's professional field.

PLO 2 Show leadership skills (planning, coordination, technology, and managing) that promote change for the betterment of all individuals within a community system.

PLO 3 Use an assets-based approach when supporting child, youth, adult, and community learning/treatment/change.

PLO 4 Advocate an anti-racist approach to establish social justice with diverse communities.

PLO 5 Communicate ethically and responsibly in oral and written form across settings, purposes, and audiences.

PLO 6 Analyze an issue or problem, integrating at least two disciplinary perspectives.

Interdisciplinary Studies, Health Care Leadership Concentration, BS (SJSU Online)

PLO 1 Demonstrate critical thinking and problem-solving skills in health care leadership contexts.

PLO 2 Apply ethical principles and decision-making frameworks to healthcare leadership situations.

PLO 3 Demonstrate effective oral and written communication skills for diverse healthcare contexts.

PLO 4 Evaluate healthcare systems and policies to improve patient care and organizational outcomes.

Interior Design, BFA

PLO 1 Understand concepts, principles, and theories of sustainability as they pertain to building methods, materials, systems, and occupants within the parameters of ecological, socio-economic, and cultural contexts.

PLO 2 Express ideas clearly through visual media (ideation drawings and sketches), the production of presentation drawings across a range of appropriate media, and to produce integrated contract documents including drawings, schedules, and specifications appropriate to project size and scope.

PLO 3 Understand and apply laws, codes, standards, accessibility guidelines and industry-specific regulations that impact the design of interior spaces.

PLO 4 Be informed by knowledge of human factors and theories of human behavior related to the built environment, including an understanding of the diverse social and behavioral norms that affect design decisions.

PLO 5 Apply theories of human behavior in the built environment by selecting, interpreting, and applying appropriate anthropometric data when designing a space.

PLO 6 Be able to work in a multi-disciplinary collaborative environment to identify and explore complex problems and generate creative solutions that optimize the human experience within the interior environment.

J

Japanese, BA

PLO 1 Demonstrate intermediate mid to high (ACTFL) skills in listening, speaking, reading, and writing.

PLO 2 Use the language to investigate, explain, and reflect on products, practices, and perspectives of the cultures studied.

PLO 3 Analyze and compare critically a wide variety of literary texts to demonstrate knowledge of major genres, authors, critical theory, and literary movements as they relate to cultural and artistic movements.

PLO 4 Identify and describe linguistic patterns of the target language.

PLO 5 Demonstrate introductory translation skills of a variety of texts.

PLO 6 Develop and carry out research projects, including term papers and bibliographic research, in accordance with a major style guideline.

Journalism, BS

PLO 1 Demonstrate knowledge of the diversity of groups in a global society in relationship to communications.

PLO 2 Demonstrate the ability to think critically, creatively and independently.

PLO 3 Write correctly and clearly in forms and styles appropriate for the communications professions, audiences, and purposes they serve.

PLO 4 Demonstrate the ability to use tools and technologies appropriate for the communications professions in which they work.

Justice Studies, BS (Concentrations in General Justice Studies and Criminology)

PLO 1 Explain the major concepts, theories, and historical trends within studies of crime, law, and social justice at all levels, from local to global.

PLO 2 Describe and apply ways to gather valid information and conduct research to answer questions about crime, law, and social justice issues.

PLO 3 Understand and critically analyze individual, institutional, and societal responses to crime, law, and social justice issues.

PLO 4 Employ interdisciplinary perspectives on systems of inequality and concepts of justice to propose grounded, informed, and sustainable solutions to social problems in communities and/or institutions.

PLO 5 Articulate compelling, reasoned, and empirically-informed positions on issues of justice to diverse audiences. Students will value empirical evidence, tolerate ambiguity, act ethically, and recognize their role and responsibility as a member of society.

K

Kinesiology, BS (Including a Preparation for Teaching Program)

PLO 1 Explain, identify, and/or demonstrate the theoretical and/or scientific principles that can be used to address issues or problems in the sub-disciplines in kinesiology.

PLO 2 Effectively communicate in writing (clear, concise and coherent) on topics in kinesiology.

PLO 3 Effectively communicate through an oral presentation (clear, concise and coherent) on topics in kinesiology.

PLO 4 Utilize their experiences across a variety of health-related and skill-based activities to inform their scholarship and practice in the sub disciplines in kinesiology.

PLO 5 Identify and analyze social justice and equity issues related to kinesiology for diverse populations.

L

Liberal Studies, BA (Including Integrated Teacher Education, Integrated Teacher Education - Spanish Bilingual, and Preparation for Teaching Programs)

PLO 1 Demonstrate the ability to frame questions and pursue answers to aesthetic, social, cultural and global problems using interdisciplinary methods.

PLO 2 Demonstrate the ability to describe and compare the roles, impacts and ethical implications of ideas, texts, social movements, contemporary situations, and creations of the human imagination.

PLO 3 Demonstrate skill in written and verbal communication, including argumentation.

PLO 4 Demonstrate the ability to identify, select, use and cite information sources appropriately.

PLO 5 Demonstrate foundational knowledge in subjects taught in K-8 schools.

PLO 6 Demonstrate understanding of how to engage and support learning for all K-8 students by creating lesson plans that use a variety of instructional strategies, resources and technologies to meet students' diverse learning needs.

PLO 7 Demonstrate understanding of how to create and maintain effective learning environments through reflection and through the development of lesson that promote student learning, reflect diversity and encourage constructive interactions among students.

PLO 8 Demonstrate understanding of how to plan instruction and assess student learning by creating lesson plans that use formative and summative assessment data to plan, differentiate and modify instruction.

Linguistics, BA

PLO 1A Transcribe, using the International Phonetic Alphabet, and produce speech sounds of the world's languages. Apply concepts of acoustic theory in analyses of speech data.

PLO 1B Analyze linguistic sound patterns in terms of their function, their structure, and the pressures that influence their change over time.

PLO 1C Analyze words and their internal structure in terms of their meanings, their sound properties, and the pressures that influence their change over time.

PLO 1D Analyze sentence structure in any language in terms of grammatical relations and constituent structure, and recognize the typological diversity of syntactic phenomena.

PLO 1E Analyze the meaning of words and sentences, elaborate on the role of linguistic and pragmatic context in the interpretation of meaning, and understand the role of theories in the analysis of semantic data.

PLO 1F Identify phonological, morphological, syntactic and semantic changes in the history of a language, discuss the contribution of social factors to language variation and change, explain the genetic and typological classification of languages, and use the comparative method to reconstruct ancestors of related languages.

PLO 2A Analyze phonetic, phonological, morphological, syntactic, semantic, and historical linguistics data.

PLO 2B Critically evaluate competing approaches to the analysis of linguistic data.

PLO 2C Use library and electronic research sources effectively.

PLO 2D Use reading and writing skills effectively.

PLO 2E Demonstrate proficiency equivalent to one-year college level study in a language other than their native language.

PLO 3A Discuss issues in speech synthesis, speech recognition, natural language processing, and develop speech recognition, speech synthesis and natural language processing programs.

PLO 3B Evaluate theories of first and second language acquisition, and second language teaching.

PLO 3C Identify language-related social programs in areas such as education, the law, the workplace, etc., and discuss the feasibility of various empirically-based solutions.

M

Biological Sciences - Marine Biology, BS

- PLO 1** Hypotheses and Experiments Students will demonstrate the ability to formulate hypotheses and design experiments to address a scientific question.
- PLO 2** Biology Content Students will demonstrate an understanding of the relevant content in their concentration.
- PLO 3** Laboratory or Field Skills Students will demonstrate laboratory or field skills relevant to their concentration.
- PLO 4** Scientific Writing Skills Students will demonstrate proficiency in scientific writing skills by effectively writing an advanced scientific paper.
- PLO 5** Oral Presentations Students will demonstrate proficiency in oral presentation skills by effectively presenting scientific research.

Materials Engineering, BS

- PLO 1** Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- PLO 2** Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- PLO 3** Communicate effectively with a range of audiences.
- PLO 4** Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- PLO 5** Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- PLO 6** Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- PLO 7** Acquire and apply new knowledge as needed, using appropriate learning strategies.

Mathematics, BA (Including a Preparation for Teaching Program)

- PLO 1** Demonstrate the ability to prove mathematical statements in abstract algebra using definitions, theorems, and logical arguments.
- PLO 2** Prove mathematical statements in real analysis using definitions, theorems, and logical arguments.
- PLO 3** Demonstrate depth of understanding of undergraduate mathematics by solving problems in advanced courses using concepts from prerequisite courses.

Mechanical Engineering, BS

- PLO 1** Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- PLO 2** Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- PLO 3** Communicate effectively with a range of audiences.
- PLO 4** Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- PLO 5** Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- PLO 6** Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- PLO 7** Acquire and apply new knowledge as needed, using appropriate learning strategies.

Meteorology, BS

- PLO 1** Read and interpret various meteorological diagrams, and develop and present a short-to-medium-term forecast with considerable skill.
- PLO 2** Explain meteorological phenomena at various scales in terms of basic physical and dynamic processes, including radiative forcing, thermodynamics, microphysics, and dynamics.
- PLO 3** Know the design and use of meteorological instruments, and techniques for collecting and interpreting the data.

PLO 4 Explain current climate in terms of basic physical and dynamical processes, and explain the mechanisms responsible for climate change.

PLO 5 Explain ideas and results through written, statistical, graphical, oral and computer-based forms of communication.

Music, BA

PLO 1 Hear, identify, and work conceptually with the melodic, harmonic, and rhythmic elements of music, including sight-reading, keyboard proficiency, and analysis.

PLO 2 Identify, discuss, and write about the history, traditions, practices, and cultures of the Western art-music tradition, along with related materials of non-Western music's.

PLO 3 Competently perform repertory appropriate to a university music program, utilizing skills and knowledge gained from the previous two learning outcomes.

PLO 4 Work proficiently with basic music technology, its applications, and its use in their area of specialization.

PLO 5 Successfully complete a capstone experience appropriate to their area of specialization.

Music, BM (Concentrations in Composition, Jazz Studies, Music Education, and Performance)

PLO 1 Hear, identify, and work conceptually with the melodic, harmonic, and rhythmic elements of music, including sight-reading, keyboard proficiency, and analysis.

PLO 2 Identify, discuss, and write about the history, traditions, practices, and cultures of the Western art-music tradition, along with related materials of non-Western music's.

PLO 3 Competently perform repertory appropriate to a university music program, utilizing skills and knowledge gained from the previous two learning outcomes.

PLO 4 Work proficiently with basic music technology, its applications, and its use in their area of specialization.

PLO 5 Successfully complete a capstone experience appropriate to their area of specialization.

PLO 6 Perform standard repertoire competently and expressively, and provide musical leadership appropriate to a university music program as soloists, as conductors, and as members of major performing ensembles and smaller chamber ensembles.

PLO 7 Identify and discuss the repertory in their major performance area; perform from a cross-section of that repertory through a successful capstone experience (a senior solo recital or senior recital of original compositions).

PLO 8 (*For Music Education Concentration only*) Demonstrate basic performance skills as well as pedagogical and classroom methods appropriate for a music education major entering the field of public-school teaching.

N

Nursing, BS (Nursing, RN to BSN Concentration, BSN, and Nursing, Concurrent Enrollment Program (CEP) ADN to BSN)

PLO 1 Conduct comprehensive focused assessments of biological and social determinants of health and illness in clients, using culturally appropriate approaches.

PLO 2 Use the nursing process to provide holistic client-centered care that demonstrates the safe application of the pathophysiological, medical, and nursing management of common acute and chronic illnesses, and health promotion

PLO 3 Deliver client-centered education that integrates the application of developmental stages across the lifespan, cultural background, educational level, and health literacy considerations.

PLO 4 Act as an advocate to develop collaborative, evidence-based strategies for interprofessional, client-centered care.

PLO 5 Demonstrates accountability for safe administration and evaluation of pharmacologic agents and complementary modalities used in health promotion as well as acute and chronic illnesses.

PLO 6 Use relevant technology and informatics to support nursing care that contributes to safe and high-quality client outcomes.

PLO 7 Communicate effectively with clients and members of the interprofessional healthcare team to improve client outcomes.

PLO 8 Demonstrate beginning levels of clinical judgment, systems thinking, and accountability for client outcomes

when delegating to and supervising other members of the healthcare team.

PLO 9 Assumes responsibility for and evaluates own professional nursing practice according to the ethical standards of the ANA Code for Nurses, standards of nursing practice, and legal mandates.

PLO 10 Coordinate healthcare for clients and populations across the lifespan to maximize health, independence, functional ability, and quality of life.

PLO 11 Analyze the influence of the social determinants of health, health care policy, financial drivers, and regulatory environments on nursing practice in the global community.

Nutritional Science, BS (Concentrations in Dietetics, Applied Nutrition and Food Sciences, and Food Management)

PLO 1 Obtain a critical understanding and the ability to apply theoretical and scientific knowledge from the subdisciplines in nutrition.

PLO 2 Effectively communicate the essential theories, scientific applications, and ethical considerations related to the discipline.

PLO 3 Identify global, social, environmental, and/or cultural issues related to the discipline for diverse populations.

P

Packaging, BS

PLO 1 Assess a package's functional properties;

PLO 2 Demonstrate knowledge of package material properties to meet particular physical needs;

PLO 3 Describe a package production system in order to present design and develop cost comparisons between various package configurations;

PLO 4 Assess a distribution channel to identify particular stresses incurred;

PLO 5 Design a package system (primary, secondary and tertiary) to contain, protect and transport products from manufacturer to consumer;

PLO 6 Develop reproducible test methodologies for evaluating particular properties in a package/material; and,

PLO 7 Organize and assemble presentations describing package systems, operations, designs, and cost comparisons.

Philosophy, BA

PLO 1 Demonstrate **intermediate levels** of written and oral communication in philosophical argument as addressed to audiences of both specialists and non-specialists in the field.

PLO 2 Demonstrate a **basic ability** to formulate a valid research question in a field of philosophical inquiry and address that research question in an article-length essay that includes evidence from both primary and secondary sources.

PLO 3 Demonstrate **intermediate knowledge** of core areas and methods of the global history of philosophy, including majors figures, ideas, and philosophical traditions.

PLO 4 Demonstrate **intermediate knowledge** of major ethical and aesthetic theories

PLO 5 Demonstrate a **basic ability** to offer philosophically rigorous argumentation on behalf of ethical and/or aesthetic choices.

PLO 6 Demonstrate an **intermediate understanding** of influential philosophical conceptions of the nature of reality, knowledge, language, and the human mind.

PLO 7 Demonstrate an **intermediate understanding** of influential philosophical conceptions of the nature of logic and reasoning *or* an ability to solve philosophical problems by using the tools of logical reasoning and formal languages.

PLO 8 Demonstrate an **intermediate understanding** of the ways in which culture, race, ethnicity, gender, economic class, sexual orientation, ability or disability, and national membership influence perceptions about the nature of value, practical reason, reality, knowledge, language, *or* the human mind.

Physics, BA

- PLO 1** Formulate specific research questions and design and/or interpret experiments that address these questions.
- PLO 2** Demonstrate an understanding of a breadth of physics concepts by solving physics problems related to these concepts.
- PLO 3** Demonstrate laboratory, modeling, computational and/or data analysis skills relevant to physics research.
- PLO 4** Communicate scientific content and thinking as evidenced by productive collaboration with peers, well-reasoned professionally formatted written papers and visual and oral presentations.
- PLO 5** Demonstrate an understanding of how work in physics influences technology, society and culture.

Physics, BS

- PLO 1** Formulate specific research questions and design and/or interpret experiments that address these questions.
- PLO 2** Demonstrate an understanding of a breadth of physics concepts by solving physics problems related to these concepts.
- PLO 3** Demonstrate laboratory, modeling, computational and/ or data analysis skills relevant to physics research.
- PLO 4** Communicate scientific content and thinking as evidenced by productive collaboration with peers, well-reasoned professionally formatted written papers and visual and oral presentations.
- PLO 5** Demonstrate an understanding of how work in physics influences technology, society and culture.

Physics, Preparation for Teaching, BA

- PLO 1** Know basic physics principles.
- PLO 2** Apply their knowledge to practical, theoretical and experimental problems.
- PLO 3** Be prepared for careers in science, industry and education.

Political Science, BA

- PLO 1** Breadth Students should possess a broad knowledge of the theory and methods of the various branches of the discipline.
- PLO 2** Application and Disciplinary Methods Students should be able to formulate research questions, engage in systematic literature searches using primary and secondary sources, evaluate research studies, and critically analyze and interpret influential political texts. Students should be able to apply these techniques to identify, understand, and analyze domestic and international political issues and organizations.
- PLO 3** Communication Skills Students should master basic competencies in oral and written communication skills and be able to apply these skills in the context of political science. This means communicating effectively about politics and/or public administration, public policy, and law.
- PLO 4** Citizenship Students should acquire an understanding of the role of the citizen in local, state, national, and global contexts and appreciate the importance of lifelong participation in political processes.

Psychology, BA

- PLO 1** Students will be able to demonstrate familiarity with the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.
- PLO 2** Students will be able to design, implement, and communicate basic research methods in psychology, including research design, data analysis, and interpretations.
- PLO 3** Students will be able to use critical and creative thinking, skeptical inquiry, and a scientific approach to address issues related to behavior and mental processes.
- PLO 4** Students will be able to apply psychological principles to individual, interpersonal, group, and societal issues.
- PLO 5** Students will value empirical evidence, tolerate ambiguity, act ethically, and recognize their role and responsibility as a member of society.

Psychology, BS (Discontinued, Eff F23)

- PLO 1** Students will be able to demonstrate familiarity with the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.
- PLO 2A** Students will be able to design, implement, and communicate basic research methods in psychology, including research design, data analysis, and interpretations.

- PLO 2B** Students will be able to design, implement, and communicate advanced research methods in two or more focused domains within psychology, including research design, data analysis, and interpretations within each domain.
- PLO 3** Students will be able to use critical and creative thinking, skeptical inquiry, and a scientific approach to address issues related to behavior and mental processes.
- PLO 4** Students will be able to apply psychological principles to individual, interpersonal, group, and societal issues.
- PLO 5** Students will value empirical evidence, tolerate ambiguity, act ethically, and recognize their role and responsibility as a member of society.

Public Health, BS (Concentrations in Community Health Education and Population Data Science)

- PLO 1 Social Justice** - Apply principles of social justice, through the lens of cultural humility, to achieve and sustain health equity.
- PLO 2 Factors of Health** - Explain the intersectionality of environmental, social, economic, behavioral, biological and political factors influencing human health and identify opportunities for change.
- PLO 3 Ethics** - Interpret and apply ethical principles to the practice of public health.
- PLO 4 Communication** - Demonstrate an ability to deliver public health messages in written, oral, and media-based formats to both public and professional audiences.
- PLO 5 Research** - Use public health methods and tools to collect and analyze population health data.
- PLO 6 Research** - Interpret the basic concepts of human health and disease and research grounded in the history, philosophy, and practice of public health.
- PLO 7 Policy** - Analyze the effects of multiple levels of policy and health systems on population and individual health outcomes and employ strategies to participate in the policy process.
- PLO 8 Community** - Use public health processes and practices, including working collaboratively with diverse individuals and communities, to create relevant interventions or investigations that engage and build community capacity, promote health, and reduce health inequities and disparities.

Public Relations, BS

- PLO 1** Demonstrate knowledge of the diversity of groups in a global society in relationship to communications.
- PLO 2** Demonstrate the ability to think critically, creatively and independently.
- PLO 3** Write correctly and clearly in forms and styles appropriate for the communications professions, audiences, and purposes they serve.
- PLO 4** Demonstrate the ability to use tools and technologies appropriate for the communications professions in which they work.

R

Radio-Television-Film, BA

- PLO 1** Become media literate: Know the history, processes and current structure of the electronic media, its ethical parameters, and the social and political effects of electronic and mass communication (radio, television, film, new media) on an audience.
- PLO 2** Tell meaningful stories through production of good narratives in radio, television, and film. Appreciate the art and aesthetics of media.
- PLO 3** Communicate information and entertainment to diverse cultures using radio, television and film. Be sensitive to the ways and processes of, and the attitudes held by races, religions, political and social groups that are not their own.
- PLO 4** Understand how to plan, produce, write and direct radio, television and film/cinema projects. Achieve professional-level skills of production. Select and operate video/television, film, and audio/radio technologies.
- PLO 5** Determine what type of information is needed for a research question, problem, or issue, and be able to retrieve, evaluate and effectively use such information to produce scholarship and production in radio, television, film and new media.

Recreation, BS (Concentrations in General Recreation, Recreation Management, and Recreation Therapy)

PLO 1 Demonstrate summative knowledge and skills across the core curriculum integrating the standards of the Recreation profession within the context of a rapidly changing world.

PLO 2 Plan, implement, and evaluate a recreation program or special events that are inclusive, culturally grounded and sensitive to diverse populations.

PLO 3 Demonstrate budgeting and financial skills in the framework of sustainability and ethical stewardship.

PLO 4 Demonstrate professional behavior and competencies in the framework of ethics, personal, and social responsibility.

PLO 5 Demonstrate proficient and professional written communication keeping in mind the global communities they will be working in.

S

Social Science, Preparation for Teaching (Single Subject), BA

PLO 1 The major will provide students with the opportunity to learn and apply content knowledge, discipline- specific analysis skills, and pedagogical methods and theories that underlie the K-12 social science curriculum.

PLO 2 The major will prepare prospective teachers to analyze complex discipline-based issues especially as they relate to the theory and practice of teaching social science. Students will learn to synthesize information from multiple sources and perspectives and communicate this knowledge effectively in a variety of oral and written formats.

PLO 3 The major will equip students with the necessary knowledge to use appropriate technologies especially as they relate to K-12 social science teaching.

PLO 4 The major will provide students with the essential understanding, knowledge and appreciation of diverse perspectives and contributions by and about diverse groups.

PLO 5 The major provides prospective teachers with planned, structured field experiences in classrooms; the field experiences are linked to coursework and give breadth of experience with diverse populations.

Social Work, BA

PLO 1 Demonstrate Ethical and Professional Behavior.

PLO 2 Engage Diversity and Difference in Practice.

PLO 3 Advance Human Rights and Social, Economic, and Environmental Justice.

PLO 4 Engage In Practice-informed Research and Research-informed Practice.

PLO 5 Engage in Policy Practice.

PLO 6 Engage with Individuals, Families, Groups, Organizations, and Communities.

PLO 7 Assess Individuals, Families, Groups, Organizations, and Communities.

PLO 8 Intervene with Individuals, Families, Groups, Organizations, and Communities.

PLO 9 Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities.

Sociology, BA (Concentrations in General Sociology, Community Change, Race and Ethnic Studies, and Social Interaction)

PLO 1 Think sociologically about the relationship between social structure, interaction, identities, and inequalities.

PLO 2 Identify and explain major sociological theories and apply them to everyday life.

PLO 3 Be proficient in qualitative and quantitative research design, data collection and data analysis.

PLO 4 Be proficient in oral and written communication skills appropriate to the discipline.

PLO 5 Practice sociology as educated and civically engaged persons.

Software Engineering, BS

PLO 1 Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

PLO 2 Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

PLO 3 Communicate effectively with a range of audiences.

PLO 4 Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

PLO 5 Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

PLO 6 Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

PLO 7 Acquire and apply new knowledge as needed, using appropriate learning strategies.

Spanish, BA

PLO 1 Demonstrate intermediate mid to high (ACTFL) skills in listening, speaking, reading, and writing

PLO 2 Use the language to investigate, explain, and reflect on products, practices, and perspectives of the cultures studied

PLO 3 Analyze and compare critically a wide variety of literary texts to demonstrate knowledge of major genres, authors, critical theory, and literary movements as they relate to cultural and artistic movements

PLO 4 Identify and describe linguistic patterns of the target language

PLO 5 Demonstrate introductory translation skills of a variety of texts

PLO 6 Develop and carry out research projects, including term papers and bibliographic research, in accordance with a major style guideline

Statistics, BS

PLO 1 Perform standard mathematical computations with accuracy.

PLO 2 Apply statistical models to solve concrete problems and formulate meaningful conclusions.

PLO 3 Use technology to solve statistical problems.

Interdisciplinary Studies, BA

PLO 1 Analyze an issue or problem, integrating at least two disciplinary perspectives.

Interdisciplinary Studies, BS

PLO 1 Analyze an issue or problem, integrating at least two disciplinary perspectives.

T

Theatre Arts, BA

PLO 1 Demonstrate a literacy of language of stage and/or screen; know how to analyze a script, understand the historical and contemporary structure of a script, and the social and political effects of a performance on an audience.

PLO 2 Demonstrate an ability to tell meaningful stories through performance; correlate performance to production; Demonstrate acting skills and development of a character.

PLO 3 Communicate information and entertainment to diverse cultures using stage and/or screen; demonstrate sensitivity to the processes of and the attitudes held by races, religions, political and social groups that are not their own.

PLO 4 Demonstrate how to plan, perform, produce, write and direct for stage and screen; demonstrate professional-level skills of production; design for and operate contemporary technologies.

PLO 5 Demonstrate what type of information is needed for a research question, problem, or issue, and be able to retrieve, evaluate and effectively use such information to produce quality scholarship.

W

Women, Gender, and Sexuality Studies, BA

PLO 1 Identify and analyze the intersections of gender, sexuality, race, class, and nation social and institutional contexts.

PLO 2 Identify and describe major theories and political movements central to Women, Gender, and Sexuality Studies, placing contemporary developments in cultural, historical, environmental, and embodied contexts.

PLO 3 Describe the global span of feminist movements and the connection among gender and sexual minorities around the world.

PLO 4 Demonstrate critical thinking and research skills through written, oral and creative means.

Graduate Program Learning Outcomes

A | B | C | D | E | F | G | H | I | J | K | L | M | N | O | P | Q | R | S | T | U | V | W | X | Y | Z

Graduates will be able to satisfy the following program learning outcomes.

A

Accounting and Analytics, MS

PLO 1 Apply accounting, auditing, and tax principles within the context of a complex business environment.

PLO 2 Evaluate information technology and internal control processes and their role in financial and managerial reporting.

PLO 3 Demonstrate conceptual and analytical skills and their real world applications.

PLO 4 Develop effective oral and written communication skills in a context of conducting research.

PLO 5 Examine ethical implications of accounting practice.

Aerospace Engineering, MS

PLO 1 Model and Solve Problems - Use graduate level mathematics to model and solve aerospace engineering problems.

PLO 2 Analysis and Design - Apply aerospace engineering science (aerodynamics, propulsion, flight mechanics, stability & control, aerospace structures & materials, etc.) to perform an in-depth analysis and / or design of an aerospace engineering system taking into consideration economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability constraints.

PLO 3 Computational and Experimental Tools - Use modern tools (computational or experimental).

PLO 4 Literature Review - Perform a literature search related to a given problem, cite the references in appropriate ways, and demonstrate an understanding of the cited literature.

PLO 5 Technical Writing - Graduate level technical writing ability, including correct language and terminology, appropriate visuals, and summarizing key ideas.

Applied Anthropology, MA

PLO 1 Understand a range of anthropological research methods and be able to conduct research relevant to problem solving in various settings and for different clients/partners.

PLO 2 Know basic models of applying anthropology in different settings and have the skills to be able to function as practitioners of several of them.

PLO 3 Be knowledgeable about (1) the discipline of anthropology in general and how it contributes to understanding and improving contemporary society, and (2) a particular field of anthropology in greater depth.

PLO 4 Be able to function effectively in at least one content area or domain of application.

PLO 5 Understand personal, political and ethical issues inherent in research and application.

PLO 6 Develop professionally as practitioners with skills in contracting, project management, and budgeting, as well as the ability to communicate about project goals and findings and the discipline of anthropology to diverse audiences.

PLO 7 Be knowledgeable about the region as a social and cultural system with complex state national and global interconnections.

Archives and Records Administration, MARA

PLO 1 Articulate the ethics, values, and foundational principles of archives and records management professionals and appreciate the important role record keepers play in social memory and organizational accountability.

PLO 2 Recognize the social, cultural, and economic dimensions of records, recordkeeping, and records use.

PLO 3 Understand the evolution of information recordkeeping systems in response to technological change.

PLO 4 Have expertise in the basic concepts and principles used to identify, evaluate, select, organize, maintain, and

provide access to records of current and enduring value.

PLO 5 Understand the system of standards and structures endorsed and utilized by the recordkeeping professions, particularly in the areas of electronic records and digital assets management.

PLO 6 Apply fundamental management theories and principles to the administration of records and recordkeeping organizations.

PLO 7 Know the legal requirements and ethical principles involved in records management and the role the recordkeeper plays in institutional compliance and risk management.

PLO 8 Be conversant with current information technologies and best practices relating to records preservation and security.

PLO 9 Understand research design and research methods and possess the analytical, written, and oral communication skills to synthesize and disseminate research findings.

PLO 10 Identify ways in which archivists and records managers can contribute to the cultural, economic, educational, and social well being of our global communities.

Art, Art History and Visual Culture Concentration, MA

PLO 1 Art History Knowledge - Demonstrate knowledge (visual recognition and identification) of significant artworks and of the canon of historical periods customary in Western and Non-Western traditions.

PLO 2 Art History Skills - Demonstrate increasing skills of visual analysis appropriate to describing and explaining artworks from a variety of historical contexts.

PLO 3 Writing and Research - Demonstrate the writing and research skills necessary for the accurate and complete investigation and communication of art historical information.

PLO 4 Methodology - Demonstrate a theoretical, historiographic, and professional understanding of the discipline of Art History and apply this understanding to explaining and solving research problems.

Art, MFA (Concentrations in Digital Media Art, Photography, Pictorial Art, and Spatial Art)

PLO 1 Demonstrate Advanced Artistic Creation: Produce complex, innovative artworks demonstrating mastery in diverse techniques and conceptual depth.

PLO 2 Apply Critical Analysis and Scholarly Research: Develop a deep theoretical and historical understanding that informs artistic practice.

PLO 3 Demonstrate Professional Practice and Teaching Readiness: Prepare for diverse professional roles through exhibition design, curatorial practice, and teaching.

PLO 4 Integrate Interdisciplinary Approaches, Global Perspectives, and Ethical Practices: Engage with interdisciplinary approaches, global perspectives, and advocate for ethical practices within the art community.

Artificial Intelligence, MS

PLO 1 Identify and apply fundamental concepts, algorithms, and methodologies to formulate, analyze, design, and evaluate artificial intelligence and machine learning systems.

PLO 2 Tackle complex machine learning and artificial intelligence problems using contemporary principles, algorithms, technologies, methodologies, and tools.

PLO 3 Lead and participate in a team to develop AI and machine learning applications.

PLO 4 Recognize the ethical, economic and environmental implications of their work, as appropriate.

PLO 5 Sustain a process of life-long learning in engineering or other professional areas.

PLO 6 Communicate effectively and persuasively with a variety of audiences.

Audiology, AUD

PLO 1 Specialized Knowledge - Recall, apply, and synthesize their knowledge of the hearing and balance mechanisms, including normal processes, disorders, and treatments.

PLO 1A Demonstrate knowledge and skill competencies outlined by the Council on Academic Accreditation (CAA) and the Accreditation Commission for Audiology Education (ACAE).

PLO 2 Social Responsibilities - Summarize and describe the contexts in which they may practice audiology and advise patients, with attention to local and culturally sensitive models of health care.

PLO 2A Demonstrate the ability to act ethically, intentionally, and conscientiously regarding issues related to inclusion and diversity.

PLO 3 Intellectual Skills - Correctly interpret theories, assumptions, and protocols appropriate to audiology practice (i.e., diagnosis and treatment) within quantitative and qualitative methodologies. They will also demonstrate the ability to think critically and creatively, effectively communicate, gather and process information thoroughly and ethically, write in a scientific voice, and engage in inter-professional activities.

PLO 4 Integrative Knowledge and Skills - Design, complete, and present a scholarly research project that will reflect the depth of contemporary audiology knowledge and contribute to knowledge in hearing science or to improvements in audiology practice, policy, or client outcomes.

PLO 5 Applied Knowledge and Skills - Apply classroom theories and prior clinical experiences to new clinical settings, age groups, disorders, technologies, and devices, with increasing speed, effectiveness, and independence.

B

Bioinformatics, MS

PLO 1 Demonstrate effective scientific written communication skills.

PLO 2 Demonstrate effective scientific oral communication skills.

PLO 3 Demonstrate the ability to independently answer complex biological questions using computational methods.

PLO 4 Demonstrate the ability to develop a research plan using information gained through critical analysis of primary literature

Biological Sciences, MA

PLO 1 Develop effective written communication skills, as assessed by a research proposal at baseline, followed by a written exam.

PLO 2 Develop effective oral communication skills, as assessed by a research proposal at baseline, followed by an oral exam.

PLO 3 Demonstrate the ability to independently answer questions regarding their specific field of study, as assessed by a research proposal at baseline, followed by an oral exam.

PLO 4 Demonstrate the ability to develop, present, defend and critically analyze hypotheses and conclusions using information gained through searches of primary literature, as assessed by a research proposal at baseline, followed by an oral exam.

Biological Science, MS (concentrations in General Biology, Ecology and Evolution, Molecular Biology and Microbiology, and Physiology)

PLO 1 Develop effective written communication skills, as assessed by a research proposal at baseline, followed by a written thesis or project.

PLO 2 Develop effective oral communication skills, as assessed by a research proposal at baseline, followed by an oral presentation.

PLO 3 Demonstrate the ability to independently answer questions regarding their specific field of research, as assessed by a research proposal at baseline, followed by an oral presentation.

PLO 4 Demonstrate the ability to develop, present, and defend a research plan using information gained through preliminary experiments as well as critical analysis of primary literature, as assessed by a research proposal at baseline, followed by a written thesis or project.

Biomedical Engineering, MS (Concentrations in General Biomedical Engineering and Biomedical Devices)

PLO 1 Solve complex engineering problems and tasks, and use engineering, science and statistics principles to justify recommendations.

PLO 2 Evaluate the impact of their work on society, including ethical, economic, global and environmental aspects.

PLO 3 Can deliver effective presentations of engineering results in written and oral formats.

PLO 4 Have life-long learning skills and are able to apply their engineering knowledge to critically evaluate relevant

literature and new technologies or systems.

PLO 5 Are effective leaders, capable of working in diverse environments.

PLO 6 Are able to apply their engineering education to a variety of career paths.

Biotechnology, MBT

PLO 1 Apply the five ACRL (Assoc. of College Research Librarians) standards.

PLO 2 Demonstrate advanced understanding of topics at the interface of biology and business central to the biotechnology industry.

PLO 3 Demonstrate their ability to efficiently work in teams.

PLO 4 Demonstrate their ability to communicate effectively, verbally and written, to convey scientific and commercial ideas.

Business Administration, MBA (Including Early Career and Professional Programs)

PLO 1 Demonstrate knowledge of key business functions and the technologies that enable them.

PLO 2 Apply analytical models and data-driven methods for making business decisions.

PLO 3A Evaluate the benefits and complexities of cultural diversity.

PLO 3B Develop strategies for organizations to adapt to global and social changes.

PLO 4 Develop ethical managerial decisions that consider all stakeholders.

PLO 5 Identify factors that contribute to effective leadership and demonstrate the skills and behaviors necessary to be a productive team member.

PLO 6 Integrate knowledge and formulate strategies to deliver value to customers and society.

PLO 7 Deliver effective oral and written communications in the digital era.

C

Chemical Engineering, MS

PLO 1 Are able to solve complex engineering problems and tasks, and use engineering, science and statistics principles to justify recommendations.

PLO 2 Are able to evaluate the impact of their work on society, including ethical, economic, global and environmental aspects.

PLO 3 Can deliver effective presentations of engineering results in written and oral formats.

PLO 4 Have life-long learning skills and are able to apply their engineering knowledge to critically evaluate relevant literature and new technologies or systems.

PLO 5 Are effective leaders, capable of working in diverse environments.

PLO 6 Are able to apply their engineering education to a variety of career paths.

Chemistry, MA

PLO 1 Demonstrate an advanced understanding of selected topics in chemistry.

PLO 2 Demonstrate information literacy skills for acquiring knowledge of chemistry, both as a student and as a life-long learner.

PLO 3 Demonstrate an understanding of experimentation, observation and data analysis, and their application to defined questions in chemistry.

PLO 4 Demonstrate a familiarity with available instrumentation for conducting specific scientific research.

PLO 5 Communicate effectively, verbally and written, for the purposes of conveying chemical information to both professional scientists and to the public.

Chemistry, MS

PLO 1 Demonstrate an advanced understanding of selected topics in chemistry.

PLO 2 Demonstrate information literacy skills for acquiring knowledge of chemistry, both as a student and as a life-long learner.

PLO 3 Demonstrate an understanding of experimentation, observation and data analysis, and their application to

defined questions in chemistry.

PLO 4 Demonstrate a familiarity with available instrumentation for conducting specific scientific research.

PLO 5 Communicate effectively, verbally and written, for the purposes of conveying chemical information to both professional scientists and to the public.

Chicana and Chicano Studies, MA

PLO 1 Identify and analyze the major issues, questions, and debates driving theory and research in Chicana/o Studies through written and oral discourse, particularly the central role of race and ethnicity and its intersectional relationship to other socially constructed categories, such as gender, class/SES, and normative heterosexuality, and its historically evolving role in shaping individual and group identities, opportunities, and outcomes in US institutions.

PLO 2 Analyze major theories, paradigms, and methods used to study Chicana and Latinx communities historically and today, critically evaluate scholarship in the discipline, and conduct an ethically-based research, creative, or community-based project in Chicana/o Studies.

PLO 3 Effectively present and write insights related to PLOs 1 & 2 in chosen area of emphasis through capstone project that demonstrates the significance of this work and is adequate for effective instruction at the college level.

Child and Adolescent Development, MA

PLO 1 Design developmentally appropriate practices to effectively address the individual and collective needs of children, families, and communities.

PLO 2 Critically analyze different sources of information to evaluate evidence-based practices in social policy, education, and interventions relevant to child and adolescent development.

PLO 3 Synthesize and translate evidence-based research and information from varied perspectives to communicate with different audiences.

PLO 4 Demonstrate collaborative leadership skills to implement culturally- and linguistically-responsive practices that ensure equity and respect for individual children, families, and staff, as well as the broader community respect to credibility and validity and determine the appropriate contexts to use each type of source.

Civil Engineering, MS

PLO 1 Apply advanced concepts, theory and analysis for problem solving.

PLO 2 Synthesize and integrate necessary engineering concepts into the engineering solution process.

PLO 3 Apply modern tools for computations, simulations, analysis and design.

PLO 4 Communicate effectively.

Clinical Psychology, MS

PLO 1.1 Students will be able to apply, compare, and contrast a variety of psychotherapy theories and implement at least one chosen theory or intervention with clinical case material.

PLO 1.2 Students will be able to evaluate, select, and implement empirically supported clinical interventions for clinical case material and clients.

PLO 2.1 Students will be able to integrate and communicate clinical case material.

PLO 2.2 Students will be able to synthesize contextual and cultural variables into their understanding of and presentation of client materials.

PLO 2.3 Students will effectively respond to queries about clinical material and engage in discussions about their clients with supervisors and peers.

PLO 2.4 Students will be able to analyze cases other than those they are treating, applying theories, principles, and relevant empirical findings to those cases.

PLO 3.1 Students will be able to evaluate, select, and implement different assessment devices and strategies for assessing client outcomes and processes of change over the course of treatment including nomothetic and idiographic approaches.

PLO 4.1 Students will demonstrate competency consistent with professional standards of practice in areas including, but not limited to, psychotherapy theory, service delivery, ethics, assessment, research methods, family/couples therapy, cultural diversity and humility, risk management and safety planning, psychopharmacology, and issues

relevant to adult and child clinical populations.

PLO 5.1 Students will demonstrate fulfillment of coursework and other pre-degree licensing requirements outlined by the Board of Behavioral Sciences.

Communication Studies, MA

PLO 1 Students will evaluate communication-related theories, their philosophical assumptions, and their potential for developing knowledge.

PLO 2 Students will distinguish the ethical implications (e.g., positionality, racial equity, social justice, accessibility, and citational politics) among specific communication-related theories, modes of inquiry, and practices.

PLO 3 Students will justify modes of inquiry used for communication research and creative activity.

PLO 4 Students will propose scholarly research and/or creative activity of their own, employing one or more modes of inquiry.

PLO 5 Students will produce advanced scholarly writing that considers inclusivity amid disciplinary conventions.

PLO 6 Students will argue their intellectual and creative contributions in scholarly conversation.

PLO 7 Students will articulate practical application of the knowledge generated from communication research and/or creative activity (e.g., policy, pedagogy, activism).

Computational Linguistics, MS

PLO 1 Apply fundamental understandings and knowledge of diverse forms of languages and linguistic phenomena for computational analysis.

PLO 2 Design, implement, and evaluate theoretical models of linguistic phenomena and Natural Language Processing tasks that involve computer processing of human language.

PLO 3 Recognize professional responsibilities and make informed judgments in computational linguistics practice based on ethical and legal principles.

PLO 4 Integrate linguistic theory, advanced computing principles, and tools in the science of language and employ the resulting knowledge and skills to produce computational and linguistic solutions.

Computer Engineering, MS

PLO 1 Demonstrate an understanding of advanced knowledge of the practice of computer engineering, from vision to analysis, design, validation, and deployment.

PLO 2 Tackle complex engineering problems and tasks using contemporary engineering principles, methodologies and tools.

PLO 3 Demonstrate leadership and the ability to participate in teamwork in an environment with different disciplines of engineering, science, and business.

PLO 4 Be aware of ethical, economic, and environmental implications of their work, as appropriate.

PLO 5 Advance successfully in the engineering profession and sustain a process of life-long learning in engineering or other professional areas.

PLO 6 Communicate effectively in both oral and written forms.

Computer Science, MS

PLO 1 Breadth of knowledge in computer science with course work in at least three of the subject areas Foundations, Architecture, Systems Software, Specialty.

PLO 2 Depth of knowledge in an advanced topic in computer science, including the ability to carry out original work that builds upon the existing body of knowledge in the field.

PLO 3 Ability to communicate effectively both orally and in writing Computer Science topics to researchers, practitioners, and the public.

Counseling and Guidance, MA

- PLO 1** Design culturally sustaining prevention and intervention counseling programs within educational environments.
- PLO 2** Model ethical and inclusive leadership skills that promote equity, social justice, and student success.
- PLO 3** Apply effective and inclusive assessment practices within their work with school and community stakeholders.
- PLO 4** Create social, cultural, and educational interventions that support students' academic advancement.
- PLO 5** Select and apply relevant research methods to conduct program evaluations, supported by effective technological applications.

Creative Writing, MFA

- PLO 1** Demonstrate a high level of ability to write and complete a publishable, full-length work of literature in a primary genre concentration (fiction, creative nonfiction, poetry, or scriptwriting).
- PLO 2** Demonstrate a high level of proficiency to write works of literature in a secondary genre concentration (fiction, creative nonfiction, poetry, or scriptwriting).
- PLO 3** Demonstrate an appropriate level of knowledge of literary history, literary theory, and craft and theory of creative writing.
- PLO 4** Demonstrate critical and analytical skills in the evaluation and interpretation of literary texts.
- PLO 5** Demonstrate a command of written academic English, including the abilities to: a) organize and present material in a cogent fashion; b) formulate and defend original arguments; c) employ effectively the language of their discipline; d) write under time constraints.

Criminology, Global Criminology Concentration, MS

- PLO 1** Describe ways to create social change through a critical understanding of the local and global dimensions of crime.
- PLO 2** Articulate and evaluate scholarly-grounded perspectives on issues of crime and justice, including ways that criminology explains crime and reactions to crime, through academic, professional and social media.
- PLO 3** Explain theories, assumptions, foundational knowledge, analytical and interpretive protocols, tools, and technologies within the field of criminology at a level demonstrating preparation for advanced professional responsibilities, or pursuing a PhD in criminology-related areas.
- PLO 4** Demonstrate skills in each step of an investigative, creative, or practical project (e.g., brainstorming, planning, formulating hypotheses or complex questions, designing, creating, completing, and communicating) that helps advance understanding of a criminological or related issue.
- PLO 5** Employ global perspectives on criminology and concepts of justice to support research-informed solutions to contemporary social problems.

D

Data Analytics, MS

- PLO 1** Integrate multidisciplinary knowledge to engage in practical data analytics projects, from analyzing requirements to managing data, building models, presenting results, and assessing societal impacts.
- PLO 2** Identify, use, and evaluate current and emerging multidisciplinary data analytics technologies and tools.
- PLO 3** Apply effective oral and written communication skills necessary to professional work including collaboration and presentation to multidisciplinary audiences.
- PLO 4** Perform research in applying data analytics to specific domains.
- PLO 5** Utilize quantitative skills from a rich foundation of essential knowledge to solve complex, dynamic, and practical data analytics problems in various professional domains.
- PLO 6** Work productively as individuals and in teamwork to perform data analytics tasks as part of a multidisciplinary team.
- PLO 7** Identify ways in which data analytics professionals can contribute to the cultural, economic, educational and social well-being in diverse and multicultural local, national and global contexts.

Data Science, MS

- PLO 1** Apply computer science knowledge and tools to assist in performing data science tasks.
- PLO 2** Summarize and evaluate statistical and machine learning concepts, models and techniques.
- PLO 3** Integrate multidisciplinary knowledge and software to tackle challenging, complex data science tasks.
- PLO 4** Communicate effectively, both orally and in writing, data science concepts, algorithms, and results to a broad audience.
- PLO 5** Identify ways in which data scientists can contribute to the cultural and economic well-beings of diverse societies in local, national and global scopes.

Design, MDes

- PLO1** Utilize creative research methodologies to investigate, discover, and understand complex problems.
- PLO2** Plan, implement, and evaluate creative projects that consider technological, ecological, socio-economic, and/or global contexts.
- PLO3** Employ creative practice and technology to conceptualize unique solution for complex problems as part of a culminating project.
- PLO4** Demonstrate the ability to create, participate in and lead interdisciplinary and collaborative creative projects.

E

Economics, MA (Concentrations in General Economics and Applied Economics)

- PLO 1** Students will be able to use microeconomic theory to understand and explain the determinants of prices, optimal behavior in strategic situations, and welfare effects in markets, and to critique real-world policy.
- PLO 2** Students will be able to use macroeconomic theory to understand and explain economic growth, business cycles, and monetary policy, as well as to critique real-world macroeconomic policy.
- PLO 3** Describe an economic study that illustrates one of the following methods of economic inquiry: Applied Econometrics, Experimental Economics, or Other (Analytical Narrative, Cost-Benefit Analysis, Simulation, etc.).
- PLO 4** List the subfields of economics and explain the JEL system, describe the contours of economics as a scholarly discipline, and describe in detail one of the two subfields: Economic History / Economic Thought or Econometrics.
- PLO 5** Generate and apply new knowledge to an economics problem, using theory and methods of economic inquiry, and communicate the results through academic writing, speaking, and presentation.

Education, Curriculum and Instruction (LACES) Concentration, MA Discontinued Eff Fall 2024

- PLO 1** Understand foundational and theoretical literature related to education in a specific content area (e.g., literacy, mathematics, science, social studies, etc.).
- PLO 2** Understand how to critically examine and evaluate methods of instruction including those used with struggling K- 12 learners and non-native speakers of English.
- PLO 3** Use ongoing assessment data to teach students from diverse linguistic and cultural backgrounds.
- PLO 4** Discuss and critique different perspectives of curriculum and explore how these perspectives relate to K-12 classrooms and schooling.
- PLO 5** Discuss and identify the important aspects of history, language, and culture undergirding assumptions, values, and beliefs of competing perspectives in education.
- PLO 6** Review and critique theoretical and research literature in one's field of interest.
- PLO 7** Design and implement a study to address a question in one's field of interest that supports a defensible conclusion and considers relevant implications.

Educational Leadership, Concentration in Emancipatory School Leadership, MA

- PLO 1** Build organizational cultures that reflect the diversity of experience and knowledge within school communities.
- PLO 2** Identify approaches to educational leadership that include the cultural wealth present in communities that schools serve.
- PLO 3** Design professional development that challenges bias and inequity in school settings.

PLO 4 Create culturally sustaining approaches to instructional leadership.

PLO 5 Implement policies and practices that reflect emancipatory school leadership principles.

Educational Leadership, EdD (Fully Online)

PLO 1 Analyze the relationship between system structure and system behavior and propose appropriate structural changes to bring about desirable educational outcomes.

PLO 2 Compare and contrast the strengths and limitations of research and scholarly literature, on the basis of validity, reliability, credibility, bias, and interpretability.

PLO 3 Apply systemic leadership perspectives for creatively addressing complex challenges in educational settings.

PLO 4 Apply concepts such as validity, reliability, bias, and consequences to evaluate the technical quality of qualitative and quantitative data.

PLO 5 Analyze current education policy and school reform trends for equity with integration of research, policy, and practical considerations.

PLO 6 Design and evaluate educational organizations to foster learner-centered teaching, learning, and research-based professional development.

PLO 7 Analyze the role of political, social, and economic forces in perpetuating opportunity gaps for BIPOC and other minoritized learners in K-20 educational institutions.

Electrical Engineering, MS

PLO 1 Base analysis, problem-solving and design on core advanced EE theory.

PLO 2 Demonstrate high-level of expertise and competence in an area of concentration in electrical engineering.

PLO 3 Apply modern tools for research, computation, simulations, analysis, and design.

PLO 4 Demonstrate leadership skills in the workplace, to function professionally in a globally competitive world, and to communicate engineering results effectively.

Engineering, MS

PLO 1 Evaluate and apply advanced engineering principles, methods, and tools to solving problems or improving efficiency.

PLO 2 Design and implement a component, system, or process to meet design specifications and objectives.

PLO 3 Understand and advance the frontiers of emerging technologies.

PLO 4 Understand the social, economic and political context of contemporary engineering practice and its ethics and understand the impact of engineering solutions on society and the environment.

PLO 5 Communicate effectively in both oral and written forms.

Engineering Management, MS

PLO 1 Have an advanced level of ability in applying engineering management knowledge in engineering management decision making.

PLO 2 Have an advanced level of ability in identifying, formulating, analyzing, and solving managerial decision-making problems.

PLO 3 Have an advanced level of ability in effectively interpreting, communicating, and implementing managerial solutions of technical and non-technical problems.

PLO 4 Recognize the need for and to engage in life-long learning.

PLO 5 Recognize professional and ethical responsibility.

PLO 6 Recognize different types of leadership in different types of organizational structures.

PLO 7 Have an advanced level of ability in using techniques and skills in constructing lean solutions to organizational technical problems.

PLO 8 Have an advanced level of ability in constructing economical, environmentally friendly, and socially responsible managerial decisions.

Engineering Technology, MS

PLO 1 Apply advanced analytical, computational, engineering fundamentals, as well as technical and managerial skills to problem solving to improve reliability, security and efficiency of production, services and operational facilities.

PLO 2 Demonstrate leadership and managerial skills to communicate problems, processes, and solutions to management and relevant audiences using proper technical and analytical tools.

PLO 3 Conduct independent research, analyze and interpret data and apply the result for improving engineering and technology systems through effective project management methods.

PLO 4 Evaluate technology systems, operations, products, and processes related to sustainable products, advanced manufacturing, and computer networks to identify failures and problems using engineering concepts and tools and propose solutions for system improvement.

PLO 5 Demonstrate professionalism with commitment to ethical principles and pursuit of excellence in engineering technology careers and leadership positions.

Engineering, Electronic Materials and Devices Concentration, MS (Discontinued Eff Fall 2024)

PLO 1 Work individually or collaboratively to plan and develop deliverables to meet project specifications and requirements.

PLO 2 Apply advanced theory, engineering practice and analytical methods to solve engineering problems.

PLO 3 Create written documents and deliver oral presentations for a range of audiences.

PLO 4 Appraise ethical, social, economic, and environmental implications of engineering practice in local and global contexts.

English, MA

PLO 1 Demonstrate an appropriate level of expertise in literary history, literary theory, and rhetoric.

PLO 2 Demonstrate high-level proficiency in literary research and in the synthesis of research.

PLO 3 Demonstrate critical and analytical skills in the interpretation and evaluation of literary texts.

PLO 4 Demonstrate a command of written academic English, including the abilities to a) organize and present material in a cogent fashion, b) formulate and defend original arguments, c) employ effectively the language of their discipline and d) write under time constraints.

Environmental Studies, MS

PLO 1 Thoroughly review literature and research in a specific area of environmental studies and be able to formulate original research questions based on critical analysis of aforementioned review.

PLO 2 Develop appropriate and feasible methods for original research project.

PLO 3 Possess thorough knowledge of the history of environmental thought.

PLO 4 Carry out original research plan and write a high-quality scholarly thesis or professional report.

PLO 5 Present original research results in a public oral defense.

F

Finance, MS

PLO 1 Financial Management Knowledge: Apply financial management and accounting principles within the context of a complex business environment.

PLO 2 Financial Management Solutions: Develop value-enhancing financial solutions employing evidence-based methods and appropriate technology.

PLO 3 Ethical Awareness: Evaluate the ethical implications of financial management practices.

PLO 4 Effective Communication: Demonstrate effective oral and written communication skills in the context of financial management.

G

Geographic Information Science (GISc), MS (Accepting Students for Fall 2025)

PLO 1 Analyze geographic patterns in different data types for measuring spatial statistical models to detect non-randomness.

PLO 2 Use alternative open source tools for practicing GIS besides licensed and conventional platforms for hosting, data development, processing, and sharing.

PLO 3 Design, evaluate, develop and execute on a GIS project with the appropriate GIS different concepts, spatial analytics and visualization techniques, and datasets to solve a variety of spatial problems.

PLO 4 Apply and incorporate the applications of data ethics and literacy in GIS projects.

Geography, MA

PLO 1 Critically evaluate and interpret published research on the theoretical foundations of geographical information science.

PLO 2 Explain contemporary issues in geographic information science in the context of current theory.

PLO 3 Define a research problem and design and execute a research program.

PLO 4 Evaluate and interpret research results in the context of current theory.

PLO 5 Communicate research results in written, graphic, and verbal form.

PLO 6 Demonstrate understanding of how geographic information science and technology may be applied to a variety of problems.

Geology, MS

PLO 1 Formulate scientifically sound and logistically reasonable plans for solving geologic problems.

PLO 2 Apply the appropriate techniques to acquire and interpret data to arrive at scientifically sound conclusions.

PLO 3 Demonstrate scientific writing of acceptable quality.

PLO 4 Demonstrate the ability to present results of scientific research in oral format.

H

Higher Education Leadership, MA

PLO 1 Identify the complex history and dimensions that define the discipline of higher education.

PLO 2 Plan for transformative organizational change through a critical and praxis-based approach to diversity, access, equity, and inclusion.

PLO 3 Analyze the roles and interests of the varied stakeholders that characterize and sustain the enterprise of higher education.

PLO 4 Develop the skills to foster responsive, cooperative, mutually beneficial, and ethically sound internal and external relationships with campus and community constituents.

PLO 5 Identify the ethics and values that distinguish higher education as a "public good" versus a "private good".

History, MA

PLO 1 Identify, summarize, and synthesize historical arguments about how peoples and societies evolved across time and space.

PLO 2 Interpret, evaluate, compare, and critique historiographical arguments.

PLO 3 Construct persuasive evidence-based historical arguments using original research including primary sources.

Human Factors/Ergonomics, MS

PLO 1 Have an ability to apply knowledge of the sciences of human factors and workplace ergonomics.

PLO 2 Have an ability to design and conduct experiments, as well as to analyze and interpret data.

PLO 3 Have an ability to design a system, component, or process to meet accepted human factors and workplace ergonomics standards within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.

- PLO 4** Have an ability to function on multi-disciplinary teams.
- PLO 5** Have an ability to identify, formulate and solve human factors and workplace ergonomics problems.
- PLO 6** Understand professional and ethical responsibility.
- PLO 7** Have an ability to communicate effectively.
- PLO 8** Have the broad education necessary to understand the impact of human factors and workplace ergonomics solutions in a global, economic, environmental, and societal context.
- PLO 9** Have a recognition of the need for, and an ability to engage in, life-long learning.
- PLO 10** Have the knowledge of contemporary issues.
- PLO 11** Have an ability to use the techniques, skills, and modern human factors and workplace ergonomics tools necessary for industrial and systems engineering practice.

Human Factors/Ergonomics, User Experience Concentration, MS

- PLO 1** Apply research, knowledge, and methods of human factors and workplace ergonomics to improve human-machine systems.
- PLO 2** Design, implement, interpret, and communicate the results of user research, including experiments and usability testing.
- PLO 3** Ethically design systems, components, and processes to meet human factors and workplace ergonomic standards while incorporating realistic constraints.

I

Industrial and Systems Engineering, MS

- PLO 1** Apply discipline knowledge and provide effective leadership to derive solutions to problems/challenges within an organization.
- PLO 2** Effectively and productively participate in teams.
- PLO 3** Recognize organizational processes and behaviors.
- PLO 4** Have an advanced level of ability in collecting, analyzing, and interpreting data.
- PLO 5** Have an advanced level of ability in synthesizing and designing solutions for unstructured problems.
- PLO 6** Have an advanced level of ability in evaluating the impact of these solutions in the broader context of the organization and society.
- PLO 7** Have an advanced level of ability in effectively communicating solutions in the form of written, oral and electronic media.
- PLO 8** Have an advanced level knowledge of methodological and computational skills with which they are able to operate (apply) effectively.
- PLO 9** Develop skills to support life-long learning within the field of profession of ISE.

Informatics, MS

- PLO 1** Apply technology informatics skills to solve specific industry data and information management problems, with a focus on usability and designing for users.
- PLO 2** Evaluate, manage, and develop electronic records programs and applications in a specific organizational setting.
- PLO 3** Demonstrate strong understanding of security and ethics issues related to informatics, user interface, and inter-professional application of informatics in specific fields by designing and implementing appropriate information assurance and ethics and privacy solutions.
- PLO 4** Identify user needs, ideate informatics products and services, prototype new concepts, and evaluate a prototype's usability.
- PLO 5** Work collaboratively in teams and use project management practices effectively to solve user-centric information and data problems.
- PLO 6** Conduct informatics analysis and visualization applied to different real-world fields, such as health science and sports.

J

Justice Studies, MS

PLO 1 Evaluate the relationships between social justice and criminal justice across different societies and historical periods.

PLO 2 Demonstrate knowledge and skills needed to fulfill professional responsibilities or to pursue further postgraduate education in justice-related fields.

PLO 3 Synthesize knowledge of scholarly approaches, theoretical perspectives, empirical findings, and historical trends within the subject areas of criminal justice and social justice.

PLO 4 Design, implement, and evaluate research projects in the fields of criminal and social justice, including data collection, analysis, and interpretation.

PLO 5 Apply multidisciplinary notions and principles of justice when formulating responses to social problems in communities and/or justice-related institutions.

K

Kinesiology, MS

PLO 1 Demonstrate the ability to conduct and critique research using theoretical and applied knowledge.

PLO 2 Interpret and synthesize research findings to a variety of disciplines within Kinesiology.

PLO 3 Effectively communicate essential theories, scientific applications, and ethical considerations in each student's Kinesiology program specialization.

PLO 4 Interpret and apply research findings through acquired skills in order to become agents of change to address issues in Kinesiology through the application of knowledge and research.

L

Library and Information Science, MLIS

PLO 1 Demonstrate awareness of the ethics, values, and foundational principles of one of the information professions, and discuss the importance of those principles within that profession.

PLO 2 Describe and compare different organizational settings in which information professionals' practice.

PLO 3 Articulate the importance of designing programs and services supportive of diversity, inclusion, and equity for clientele and employees.

PLO 4 Apply the fundamental principles of planning, management, marketing, and advocacy.

PLO 5 Design, query, and evaluate information retrieval systems.

PLO 6 Use the basic concepts and principles related to the selection, evaluation, organization, and preservation of physical and digital information items.

PLO 7 Demonstrate understanding of basic principles and standards involved in organizing information such as classification and controlled vocabulary systems, cataloging systems, metadata schemas or other systems for making information accessible to a particular clientele.

PLO 8 Demonstrate proficiency in identifying, using, and evaluating current and emerging information and communication technologies.

PLO 9 Describe the fundamental concepts of information-seeking behaviors and how they should be considered when connecting individuals or groups with accurate, relevant and appropriate information.

PLO 10 Design collaborative or individual learning experiences based on learning principles and theories.

PLO 11 Demonstrate understanding of quantitative and qualitative research methods, the ability to design a research project, and the ability to evaluate and synthesize research literature.

PLO 12 Demonstrate professional leadership and communication skills.

PLO 13 Evaluate programs and services using measurable criteria.

PLO 14 Understand global perspectives on effective information practices that are supportive of cultural, economic, educational, or social well-being.

Linguistics, MA (Not Accepting Students)

PLO 1A Transcribe, using the International Phonetic Alphabet, and produce speech sounds of the world's languages. Apply concepts of acoustic theory in analyses of speech data.

PLO 1B Analyze linguistic sound patterns in terms of their function, their structure, and the pressures that influence their change over time.

PLO 1C Analyze sentence structure of typologically diverse languages using current formalism and explain how syntactic and semantic structures interface.

PLO 1D Analyze the meaning of linguistic expressions, elaborate on the role of linguistic, pragmatic, and cultural context in the interpretation of meaning, and understand the role of theories in the analysis of semantic data.

PLO 1E Show an understanding of current linguistic theories; compare and evaluate different theoretical approaches.

PLO 2A Extract patterns from complex data sets, motivate categorization procedures, and apply learned analytical principles over such patterns.

PLO 2B Carry out independent empirical, experimental or theoretical research involving formulating a research project, presenting a literature review, using appropriate methodology, collecting data pertinent to the project, and interpreting the data.

PLO 2C Use library and electronic research sources effectively.

PLO 2D Use reading and writing and oral skills effectively.

PLO 2E Demonstrate proficiency equivalent to a two-year of an Indo-European or a one-year of a non- Indo-European college level study in a language other than their native language.

PLO 3A Discuss issues in speech synthesis, speech recognition, natural language processing, and develop speech recognition, speech synthesis and natural language processing programs.

PLO 3B Evaluate theories of first and second language acquisition, and second language teaching.

PLO 3C Apply linguistic knowledge to address societal issues related to language variation and diversity, and intercultural communication.

PLO 3D Recognize the relation between language and cognition and evaluate theories of their interaction.

PLO 3E Identify phonological, morphological, syntactic and semantic changes in the history of a language, discuss the contribution of social factors to language variation and change, explain the genetic and typological classification of languages, and use the comparative method to reconstruct ancestors of related languages.

PLO 4 Instill in students an appreciation for the diversity and dynamic nature of human languages and cultures in the U.S. and the world.

M

Marine Science, MS

PLO 1A Demonstrate an understanding of fundamental concepts in a particular category of oceanography and marine science.

PLO 1B Be able to synthesize and integrate across all of these fields, yet achieve a depth of understanding in the student's individual specialty or field of study.

PLO 2 Demonstrate the ability to critically analyze scientific research, whether the student's own research, or that performed by others.

PLO 3 Pose relevant scientific hypotheses or questions that may then serve to guide thesis research.

PLO 4 Demonstrate proficiency in the design and implementation of experiments or data collection methodologies to address specific hypotheses/questions.

PLO 5 Master the skills and tools of data collection and analysis (including analytical and statistical techniques as appropriate) specific to the student's scientific field of study.

PLO 6 Demonstrate the ability to place one's own research within the larger context of relevant field of scientific study

and to clearly identify the implications of this research for that field.

PLO 7 Demonstrate proficiency in oral and written communication by being able to present research clearly and concisely. This includes thoughtful and thorough oral and written presentation of their thesis and their responses to questions.

Mass Communications, MS

PLO 1 Demonstrate knowledge of the diversity of groups in a global society in relationship to communications.

PLO 2 Demonstrate the ability to think critically, creatively and independently.

PLO 3 Write correctly and clearly in forms and styles appropriate for the communications professions, audiences, and purposes they serve.

PLO 4 Demonstrate the ability to use tools and technologies appropriate for the communications professions in which they work.

Materials Engineering, MS

PLO 1 Are able to solve complex engineering problems and tasks, and use engineering, science and statistics principles to justify recommendations.

PLO 2 Are able to evaluate the impact of their work on society, including ethical, economic, global and environmental aspects.

PLO 3 Can deliver effective presentations of engineering results in written and oral formats.

PLO 4 Have life-long learning skills and are able to apply their engineering knowledge to critically evaluate relevant literature and new technologies or systems.

PLO 5 Are effective leaders, capable of working in diverse environments.

PLO 6 Are able to apply their engineering education to a variety of career paths.

Mathematics, MA

PLO 1 Demonstrate proficiency in graduate-level abstract algebra.

PLO 2 Demonstrate proficiency in graduate-level real analysis.

PLO 3 Evaluate and synthesize research articles in their subfield of mathematics.

PLO 4 Demonstrate effective written communication of advanced mathematics.

PLO 5 Demonstrate effective oral communication of advanced mathematics.

Applied Mathematics, MS

PLO 1 Orally communicate applied mathematics concepts.

PLO 2 Create mathematical models in applied mathematics.

PLO 3 Perform computations and analyze the accuracy of the results.

Mechanical Engineering, MS

PLO 1 A strong foundation beyond the undergraduate level in their chosen focus area as well as in mathematics, basic science and engineering fundamentals, to successfully compete for technical engineering positions in the local, national and global engineering market, advance in their current position or pursue doctoral studies.

PLO 2 Professional and lifelong learning skills to be able to apply and extend theory to solve practical contemporary engineering problems.

PLO 3 The expertise necessary to design mechanical engineering systems with possible specialization in areas such as energy systems, electronics cooling, electronics packaging & reliability, finite element analysis & CAD, mechatronics & MEMS, product design, robotics, automation & manufacturing.

PLO 4 Strong verbal and written communication skills, including the ability to read, write and comprehend technical documents.

PLO 5 Think and work independently to perform design and in-depth analysis in solving open-ended mechanical engineering problems.

Medical Product Development Management, MS

PLO 1 Demonstrate the ability to write a cited, research review paper or design an independent research project that addresses an issue in clinical research / clinical trials.

PLO 2 Demonstrate knowledge of the clinical trial skills and Good Clinical Practices (GCP) relevant to safely and effectively conduct clinical research in human participants

PLO 3 Demonstrate proficiency in scientific writing skills by effectively writing an advanced research paper

PLO 4 Exhibit proficiency in oral presentation skills by effectively presenting project outcome or experience.

PLO 5 Demonstrate leadership, teamwork, and decision-making skills by effectively conducting a capstone / culminating

Meteorology, MS

PLO 1 Conduct an independent research project, and communicate the results in written and oral form in acceptable professional formats.

PLO 2 Explain meteorological phenomena in terms of advanced physical and dynamic concepts.

PLO 3 Understand and be able to apply advanced numerical methods to solve atmospheric and climate science problems.

Multilingual and Multicultural Literacy Education, MA

PLO 1 Use culturally and linguistically sustaining pedagogy to complete ongoing assessment-instruction cycles to address the literacy needs of students from diverse linguistic and cultural backgrounds;

PLO 2 Implement approaches to literacy education that include the cultural wealth present in the families and communities that schools serve;

PLO 3 Discuss and identify the aspects of history, language, and culture undergirding assumptions, values, and beliefs of competing literacy perspectives;

PLO 4 Create culturally sustaining approaches to literacy leadership that reflect the diversity of experience and knowledge within school communities.

Music, MM

PLO 1 Perform, compose, conduct, or research at a professionally competent level, to be assessed in the final recital or project.

PLO 2 Have an increased breadth of knowledge and skills beyond the undergraduate level in the foundational areas of music theory and history and in other areas related to their music concentration, assessed with final projects in 201, 202, 203 and the WCE for music theory and history.

PLO 3 Identify and use standard digital and paper research tools in music and produce a comprehensive bibliography that shows their ability to utilize standard scholarly tools relevant to their concentration area according to standards set in a research and bibliographic rubric, to be assessed in final projects for 200 and WCE.

PLO 4 Produce an independent creative or scholarly product that demonstrates technical proficiency in their concentration area and effective artistic and intellectual judgments, assessed in final projects for 203, 201, 200, 202, WCE, and in-class participation.

Music Education, MA

PLO 1 Perform, compose, conduct, or research at a professionally competent level, to be assessed in the final recital or project.

PLO 2 Have an increased breadth of knowledge and skills beyond the undergraduate level in the foundational areas of music theory and history and in other areas related to their music concentration.

PLO 3 Identify and use standard digital and paper research tools in music and produce a comprehensive bibliography that shows their ability to utilize standard scholarly tools relevant to their concentration area according to standards set in a research and bibliographic rubric.

PLO 4 Produce an independent creative or scholarly product that demonstrates technical proficiency in their concentration area and effective artistic and intellectual judgments.

N

Nursing, MS (Concentration in Family Nurse Practitioner)

- PLO 1** Apply critical thinking and ethical decision-making including the use of the nursing and research processes.
- PLO 2** Provide theory and research-based culturally competent, safe therapeutic nursing interventions for clients in advanced nursing practice.
- PLO 3** Employ advanced interpersonal skills in professional relationships with clients, families/caregivers, and multidisciplinary health care team members.
- PLO 4** Support health promotion and disease prevention activities in developing and monitoring holistic plans of care for well and at-risk clients, considering access, quality and cost.
- PLO 5** Demonstrate the collaborative and leadership skills required in advanced nursing practice within a multidisciplinary and multicultural (community) health care context.
- PLO 6** Plan, implement, and evaluate advanced nursing practice that promotes and preserves health and healthy lifestyles of individual clients and aggregates.
- PLO 7** Plan, implement, and evaluate advanced therapeutic nursing practice in a rapidly changing, multicultural health care environment.
- PLO 8** Implement care management, including but not limited to case management, resource management, advocacy, and outcome evaluation.
- PLO 9** Employ information technology in advanced nursing practice to evaluate and improve health care delivery and outcomes.
- PLO 10** Actualize the advanced nursing practice role by incorporating professional standards, ethical guidelines, legal mandates, and professional activities.

Nursing Practice, DNP (Doctor of Nursing Practice Program)

- PLO 1** Provide safe, effective, and efficient care within the scope of advanced nursing practice.
- PLO 2** Develop effective strategies to ensure the safety of patients and populations.
- PLO 3** Critically analyze literature and develop best practices.
- PLO 4** Translate research into clinical practice.
- PLO 5** Measure patient outcomes.
- PLO 6** Design, implement, and evaluate quality improvement measures.
- PLO 7** Analyze the cost-effectiveness of practice initiatives.
- PLO 8** Evaluate information systems and patient care technology.
- PLO 9** Influence healthcare policy, educate others about health disparities, and advocate for social justice.
- PLO 10** Demonstrate leadership skills to ensure patient outcomes, enhance communication, and create change in healthcare.

Nutritional Science, MS

- PLO 1** To demonstrate advanced competency in professional writing and oral communication of the essential theories, scientific applications, and/or ethical considerations related to the profession.
- PLO 2** To identify and articulate social and cultural issues related to nutrition/packaging for various populations.
- PLO 3** To analyze and critique published research, and design and conduct research studies using the scientific method.

O

Occupational Therapy, MS

- PLO 1** Be educated as a generalist with a broad exposure to the delivery models and systems used in settings where occupational therapy is currently practiced and where it is emerging as a service.
- PLO 2** Achieve entry level competence.
- PLO 3** Articulate and apply occupational therapy theory, models of practice, clinical reasoning to evidence-based evaluations and interventions to achieve expected outcomes.
- PLO 4** Uphold the ethical standards, values, and attitudes of the occupational therapy profession.

- PLO 5** Be a competent and critical consumer of research and knowledge that supports practice.
- PLO 6** Understand and value the occupational core of the profession.
- PLO 7** Identify the social, political, economic and cultural issues in a diverse society that impact the ability of individuals, communities and populations (clients) to participate in meaningful occupations.
- PLO 8** Advocate for individuals, communities and populations (clients) and actively promote occupational therapy.
- PLO 9** Demonstrate professional and leadership behaviors.
- PLO 10** Be prepared to make a positive impact on occupational pursuits for the health and well-being of society.
- PLO 11** Be self-directed, life-long learners.

Occupational Therapy Doctorate, OTD

- PLO 1** Achieve entry-level competence as a generalist with a broad exposure to the delivery models and systems used in settings where occupational therapy is currently practiced and where it is emerging as a service;
- PLO 2** Understand, value and uphold the occupational core of the profession including the ethical standards, attitudes, and professional behaviors;
- PLO 3** Articulate and apply occupational therapy theory, models of practice, clinical reasoning to evidence-based evaluations and interventions to achieve expected outcomes;
- PLO 4** Be a competent and critical consumer of research and knowledge that supports practice; design, implement and present a scholarly project that will contribute to the professional body of knowledge;
- PLO 5** Identify the social, political, economic and cultural issues in a diverse society that impact the ability of individuals, communities and populations (clients) to participate in meaningful; occupations; create opportunities for occupational engagement for individuals, communities, or populations;
- PLO 6** Advocate for individuals, communities, and populations (clients) and actively promote occupational therapy; and,
- PLO 7** Demonstrate professional leadership skills to be prepared to make a positive impact on occupational pursuits for the health and well-being of society.

P

Philosophy, MA

- PLO 1** Demonstrate **advanced levels** of written and oral communication in philosophical argument as addressed to audiences of both specialists and non-specialists in the field.
- PLO 2** Demonstrate a **professional-level ability** to formulate a valid research question in a field of philosophical inquiry and address that research question in an article-length essay that includes evidence from both primary and secondary sources.
- PLO 3** Demonstrate **advanced knowledge** of core areas and methods of the global history of philosophy, including majors figures, ideas, and philosophical traditions.
- PLO 4** Demonstrate **advanced knowledge** of major ethical and aesthetic theories.
- PLO 5** Demonstrate a **professional-level ability** to offer philosophically rigorous argumentation on behalf of ethical and/or aesthetic choices.
- PLO 6** Demonstrate an **advanced understanding** of influential philosophical conceptions of the nature of reality, knowledge, language, and the human mind.
- PLO 7** Demonstrate an **advanced understanding** of influential philosophical conceptions of the nature of logic and reasoning *or* an ability to solve philosophical problems by using the tools of logical reasoning and formal languages.
- PLO 8** Demonstrate an **advanced understanding** of the ways in which culture, race, ethnicity, gender, economic class, sexual orientation, ability or disability, and national membership influence perceptions about the nature of value, practical reason, reality, knowledge, language, *or* the human mind.
- PLO 9** Students completing an MA in Philosophy will be able to effectively teach a range of courses at the undergraduate level **in diverse formats (in-person, online synchronous and online asynchronous).**

Physics, MS

PLO 1 Students will be able to engage in experiential projects involving the formulation of research questions and the design and execution of empirical studies, computational simulations, and/or theoretical models aimed at addressing these questions.

PLO 2 Students will demonstrate a deep understanding of physics concepts by applying those concepts to research in physics.

PLO 3 Students will be able to construct meaningful conclusions from data sets relevant to research activities by applying laboratory, modeling, computational, and/or data analysis skills.

PLO 4 Students will be able to communicate scientific content and thinking by generating a professionally formatted graduate thesis or project report and by orally presenting their work to an audience of professional physicists. Students will also demonstrate productive collaboration with peers in classroom and/or research contexts.

PLO 5 Students will be able to communicate to others a sophisticated understanding of how work in physics influences technology, society, and culture.

Psychology, Industrial/Organizational Psychology Concentration, MS

PLO 1A Learn core psychological competencies including: History of I/O Psychology and its integration into the broader discipline and Related fields of psychology (i.e. social psychology, personality psychology, psychometrics, motivation, learning theory).

PLO 1B Students will learn core I/O competencies including: Ethical, legal and professional issues; Measurement of individual differences; Criterion theory and development; Job and task analysis; Employee selection; Performance appraisal and feedback; Training and development; Work motivation; Attitude theory; Organization theory; and Organizational development.

PLO 1C Learn data collection and analysis skills including: Research methods (i.e. methods, procedures, and techniques used to conduct empirical research in I/O psychology) and Statistical methods (i.e. techniques used in the analysis of data generated by empirical research).

PLO 2 Perform professional activities related to I/O Psychology including, but not limited to: Administering employee surveys; Evaluating organizational interventions; Conducting job analyses; Creating selection tests; and Developing performance management systems.

Psychology, Research and Experimental Psychology Concentration, MA

PLO 1 Demonstrate advanced knowledge of the major theoretical perspectives and research methods across areas of experimental psychology (i.e., Developmental, Social, Cognitive, and Physiological).

PLO 2 Possess an advanced level of competence in research methods, statistical techniques, and technical writing skills. Students completing the MA in Psychology program are required to complete a thesis. The thesis will demonstrate: creative problem-solving in the design, implementation of empirical research; project management skills in the implementation of empirical research; advanced competency in the statistical analysis and interpretation of empirical research findings; communication (oral and written) of research findings at a professional level.

PLO 3 Achieve career enhancement through placement in a doctoral program or acceptance of a position requiring a master's in psychology in the public or private sector.

Public Administration, MPA

PLO 1 Lead and manage in public governance

PLO 1A Apply the project management approach to public management models.

PLO 1B Manage projects.

PLO 1B Understand the relationships between public policy, whether proposed or enacted, and leadership and management in implementation.

PLO 2 Participate in and contribute to the public policy process

PLO 2A Apply techniques for program evaluation and policy analysis.

PLO 2B Describe and execute the policy making process, including defining the problem, setting the agenda, formulate policy, implement policy and evaluate policy.

PLO 2C Prepare a budget reflecting policy priorities.

PLO 3 Analyze, synthesize, think critically, solve problems and make decisions

PLO 3A Employ analytical tools for collecting, analyzing, presenting and interpreting data, including appropriate statistical concepts and techniques.

PLO 3B Identify and employ alternative sources of funding, including grants, taxes and fees.

PLO 3C Understand and apply the legal context of public affairs, administration and policy.

PLO 4 Articulate and apply a public service perspective

PLO 4A Behave ethically and with integrity: tell the truth, keep confidences, admit mistakes.

PLO 4B Understand and apply criteria appropriate to public affairs, administration and policy.

PLO 4C Maintain privacy and security of documents and understand Big Data challenges.

PLO 5 Communicate and interact productively with a diverse and changing workforce and citizenry

PLO 5A Communicate effectively in writing: prepares clear, concise and well-organized written materials tailored to the audience's level of expertise and needs.

PLO 5B Communicate effectively in speech: presents oral information accurately, clearly, concisely persuasively tailored level of expertise and needs.

PLO 5C Work productively in teams.

Public Health, MPH

PLO 1 Apply quantitative and qualitative forms of analysis to emerging trends, priorities, and assets in order to predict future individual, community, and population health needs and opportunities, taking into account public health's historical foundations and current evidence base, and to communicate the implications for health promotion policy and practice.

PLO 2 Apply concepts and theories of behavior, education, systems, complexity, communication, and ecological frameworks to design, plan, implement, evaluate, and disseminate health education and health promotion interventions and policy in accordance with public health objectives, community needs, and organizational and community goals.

PLO 3 Provide technical assistance and act as a health education resource across a broad range of settings to promote community health through community building and organizing with identified stakeholders, including community members, consumers, health practitioners and health care providers, policy and decision-makers.

PLO 4 Apply principles and skills of leadership and management to human, fiscal, capital, and social resources when administering health education strategies, interventions, and programs.

PLO 5 Apply the principles and skills of effective inclusive and multicultural practice when engaging with individuals, groups, organizations, and communities from diverse cultures and backgrounds.

PLO 6 Apply policy analysis methods and develop an advocacy strategy to advance public health policy.

PLO 7 Advance public health practice and the health education profession by drawing upon historical and contemporary contributions of the field and applying principles of social justice.

PLO 8 Adhere to standards for ethical practice and research based on their personal values and mission statements, institutional mandates, and the Code of Ethics for the Health Education Profession, in order to apply them to fields of public health and community health education.

Q

Quantum Technology, MS

PLO 1 Demonstrate deep knowledge of basic concepts in quantum theory required for quantum information science by applying them to research and coursework in quantum technologies.

PLO 2 Formulate research questions related to quantum technologies and design experiments, computational algorithms, and/or analytic models to address those questions.

PLO 3 Demonstrate knowledge of the applications of quantum technology to solve problems in computing, sensing, and communication.

PLO 4 Communicate scientific content and thinking effectively as evidenced by productive collaboration with peers, well-reasoned professionally formatted written research papers and visual and oral presentations.

PLO 5 Communicate the impact of quantum technological solutions in a global, economic, environmental, societal, and ethical context, including political, health, safety, manufacturability, and sustainability.

PLO 6 Articulate the interdisciplinary nature of quantum technology, including the importance of diverse skill sets in the successful commercialization of quantum technology.

S

Science Education, MS

PLO 1A Synthesize primary literature from science education research and apply how it fits to their project.

PLO 1B Demonstrate knowledge of at least two areas (e.g. inquiry based instruction, learning theory, assessment) that are related to, or supportive of research for their project.

PLO 2A Present science and science education content in the form of graduate seminars or in the oral defense of their project (also known as the culminating experience).

PLO 2B Organize and write the results of their project in a manner consistent with standards in professional science education publications.

Social Work, MSW

PLO 1 Demonstrate Ethical and Professional Behavior.

PLO 2 Engage Diversity and Difference in Practice.

PLO 3 Advance Human Rights and Social, Economic, and Environmental Justice.

PLO 4 Engage In Practice-informed Research and Research-informed Practice.

PLO 5 Engage in Policy Practice.

PLO 6 Engage with Individuals, Families, Groups, Organizations, and Communities.

PLO 7 Assess Individuals, Families, Groups, Organizations, and Communities.

PLO 8 Intervene with Individuals, Families, Groups, Organizations, and Communities.

PLO 9 Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities.

Software Engineering, MS

PLO 1 Demonstrate an understanding of advanced knowledge of the practice of software engineering, from vision to analysis, design, validation and deployment.

PLO 2 Tackle complex engineering problems and tasks, using contemporary engineering principles, methodologies and tools.

PLO 3 Demonstrate leadership and the ability to participate in teamwork in an environment with different disciplines of engineering, science and business.

PLO 4 Be aware of ethical, economic and environmental implications of their work, as appropriate.

PLO 5 Advance successfully in the engineering profession, and sustain a process of life-long learning in engineering or other professional areas.

PLO 6 Communicate effectively, in both oral and written forms.

Spanish, MA

PLO 1 Ability to understand the historical development of the Spanish language in its external (history, culture) and internal development (morphology, syntax and semantics).

PLO 2 Knowledge of and familiarity with the linguistic variation of Spanish and its main dialects, including phonology, geographical variation, social dialects, and registers.

PLO 3 Knowledge of the literatures and cultures of the Spanish-speaking world (Spain, Spanish America and the Hispanic U.S.) and relevant literary and cultural criticism.

PLO 4 Ability to write and present orally in a scholarly fashion.

Special Education, MA

- PLO 1** Assess and identify the educational needs and strengths of students with disabilities from diverse socioeconomic, cultural and linguistic backgrounds.
- PLO 2** Critically evaluate pedagogy, curricula and instructional materials grounded in quality indicators of evidence-based practices for students with disabilities.
- PLO 3** Plan, design, implement, and monitor linguistically and culturally appropriate instruction that meets the unique needs of students with disabilities.
- PLO 4** Apply knowledge of the purpose, characteristics, and appropriate use of different types of assessments used for special education eligibility, placement, and service selection.
- PLO 5** Utilize research-based knowledge and theoretical, conceptual and evidence-based practices related to individuals with disabilities to improve services and instruction in the field.

Speech Language Pathology, MS

- PLO 1** Explain basic human mechanisms and processes including anatomy, physiology, and neurobiology of speech, language, hearing, and swallowing.
- PLO 2** Distinguish between characteristics of human communication differences and disorders across the lifespan.
- PLO 3** Describe common clinical approaches, evidence-based practices and interprofessional collaboration in speech-language pathology and audiology.
- PLO 4** Articulate essential elements of equitable and inclusive educational and healthcare services.
- PLO 5** Apply knowledge, skills, and dispositions to ethical and culturally responsive practice with diverse populations.

Statistics, MS

- PLO 1** Carry out appropriate inferential procedures based on the mathematical theory of statistics.
- PLO 2** Use technology and statistical software to perform advanced statistical analyses.
- PLO 3** Communicate and present specialized statistical concepts clearly in oral, graphical, and written forms using appropriate technical terms in a way that is accessible to a general audience.

T

Taxation, MS

- PLO 1** Evaluate tax compliance and planning issues within the context of our global economy.
- PLO 2** Prepare tax research reports based on primary authority.
- PLO 3** Demonstrate effective written and oral communication skills for tax compliance and planning.
- PLO 4** Explain policy principles for existing tax law and proposals for change.
- PLO 5** Evaluate appropriate approaches to the ethical issues of tax compliance and planning.
- PLO 6** Develop skills for effective tax practice including keeping current, interacting with others, and career advancement.

Teaching, MAT

- PLO 1** Plan for collaborative relationships with students, leaders, families, organizations, advocates, and / or other community members that center their diverse assets, interests, needs, and expertise in ways that augment students' educational experiences.
- PLO 2** Critically examine, design, and implement authentic, asset-based learning environments, curricula, and pedagogical approaches that affirm and cultivate students' diverse cultural, linguistic, cognitive, and socioeconomic resources as disciplinarily relevant instructional and pedagogical resources.
- PLO 3** Critically examine, design, and implement ongoing feedback-based approaches to assessment that center formative guidance during the learning process as opportunities for students to revise, expand, and grow as learners.
- PLO 4** Analyze and critique important intersecting aspects of history, ideology, policy, power, race, class, language, and other facets of culture underlying societal and one's personal values, biases, and practices within education.
- PLO 5** Design and apply classroom inquiry cycles to address a problem of practice through culturally sustaining, holistic pedagogical practices and critical self-reflection.

Teaching, Critical Bilingual Education (Spanish) Concentration, MAT

PLO 1 Plan for collaborative relationships with leaders, families, organizations, advocates, and other community members that center their diverse assets, interests, needs, expertise, and linguistic skills in ways that augment students' educational experiences and agency in bilingual communities.

PLO 2 Critically examine, design, and implement authentic, asset-based bilingual curricula and bilingual instructional methods that affirm and cultivate students' diverse cultural, linguistic, cognitive, and socioeconomic resources as disciplinarily relevant instructional and pedagogical resources.

PLO 3 Critically examine, design, and implement ongoing feedback based approaches to assessment that have a linguistic lens and center formative guidance during the learning process as opportunities for students to revise, expand, and grow as bilingual learners.

PLO Analyze and critique important intersecting aspects of history, ideology, policy, power, race, class, language, and other facets of culture underlying societal and one's personal values, biases, bilingual identity, and practices within bilingual education.

PLO 5 Design and apply classroom inquiry cycles to address a problem of bilingual practice through culturally and linguistically sustaining, holistic pedagogical practices and critical self-reflection.

PLO 6 Analyze and critique language in education policies at multiple levels, from federal, to state, to local levels, identify areas of personal agency, and be able to determine equitable courses of educational action for bilingual learners.

Teaching English to Speakers of Other Languages (TESOL), MA (Not Accepting Students)

PLO 1A Analyze language as a system consisting of phonology, morphology, syntax, semantics, lexis, pragmatics, and discourse and articulate the relationships between the various intrasentential levels and features of English structure.

PLO 1B Correlate the knowledge and analytical skills in objective 1A with the four skills of reading, writing, listening, and speaking with sufficient precision to teach and assess proficiency in English as a non-native language.

PLO 2A Demonstrate an understanding of the role of pragmatic knowledge and knowledge of text structure in the comprehension, production, and acquisition of a second language.

PLO 2B Demonstrate an understanding of the intersection between culture, language, language learning and teaching, and language use with particular reference to English as a global language.

PLO 2C Apply theoretical knowledge of second language acquisition in second language learning/acquisition contexts.

PLO 3A Identify the instructional strategies that go with the established teaching methods and apply them to various language learning and teaching situations.

PLO 3B Critically evaluate the teaching of actual ESL classes with regard to teaching strategies and activities and with regard to goals 1 and 2.

PLO 3C Demonstrate an understanding of the theory and practice of needs analysis, curriculum design, and assessment techniques.

PLO 3D Develop ESL curriculum for diverse target groups, design supplementary materials for use with particular instructional strategies, and develop language tests and assessment instruments by synthesizing the objectives of goals 1 and 2 and the teaching strategies in objective 3A.

PLO 4A Critically examine concepts such as race, ethnicity, identity, and culture and their relationship to language teaching and learning in the context of a globalized world.

PLO 4B Design syllabi that create classroom and program environments that foster global cultural consciousness.

PLO 5A Complete a one-semester supervised practicum in which they plan lessons and teach English to an actual ESL class.

PLO 5B Carry out independent research.

PLO 5C Effectively write and present for professional audiences.

Transportation Management, MS

PLO 1 Transportation Systems and Society - Craft management decisions that integrate knowledge of multi-modal transportation, social, and environmental systems.

PLO 1A Evaluate transportation proposals to identify impacts on transportation system performance objectives (e.g. accessibility and safety).

PLO 1B Evaluate transportation proposals to identify impacts on broad policy goals (e.g. equity, economic competitiveness, and environmental sustainability).

PLO 1C Analyze transportation management proposals to identify the relevant legislative and administrative structures that guide the decision.

PLO 2 Innovation - Develop innovative solutions for transportation management challenges.

PLO 2A Develop solutions to transportation management challenges that are informed by global best practices and emerging transportation technologies

PLO 3 Leadership - Develop high-impact leadership styles and competencies (traits, skills, behaviors).

PLO 3A Identify effective strategies to improve leadership competencies.

PLO 4 Communications - Communicate effectively with a diverse workforce and citizenry.

PLO 4A Prepare written materials that are clear, technically proficient, and tailored to diverse audiences' needs and level of expertise.

PLO 4B Deliver oral presentations that are clear, engaging, and tailored to diverse audiences' needs and level of expertise.

PLO 5 Analytics - Identify and evaluate transportation management issues using appropriate data and analytical methods.

PLO 5A Collect, analyze, and synthesize information from multiple sources using appropriate data and analytical methods.

U

Urban Planning, MUP

PLO 1 Conceptualize planning problems from complex, real-world situations so that the problems are meaningful to clients, and are research-worthy.

PLO 2 Communicate effectively.

PLO 3 Work effectively as team members and leaders of planning teams, and to apply an understanding of interpersonal and group dynamics to assure effective group action.

PLO 4 Analyze and synthesize planning knowledge and apply it to address actual planning problems.

PLO 5 Develop planning strategies to advance community priorities through collaborative engagement with stakeholders, and do so in a manner that deliberately incorporates multicultural and historical perspectives.

Service Departments and Services Program Learning Goals

Division of Student Affairs

Campus Life

- Associated Students, SJSU
- Gender Equity Resource Center
- MOSAIC Cross Cultural Center
- Student Conduct & Ethical Development
- PRIDE Center
- Student Involvement
- Student Union, Inc.
- University Housing Services

Health, Wellness & Student Services

- Accessible Education Center
- Career Center
- International Student and Scholar Services
- Veterans Resource Center
- SJSU Cares
- Student Wellness Center
 - Wellness & Health Promotion
 - Counseling & Psychological Services
 - Health Services
- UndocuSpartan Student Resource Center

Student Success

- Asian Pacific Islander Student Empowerment (CAPISE)
- Black Leadership & Opportunity Center (BLOC)
- Chicana/Latina Student Success Center (Centro)
- Educational Programs & Academic Support
- Educational Opportunity Program
- Guardian Scholars
- Native American/ Indigenous Student Success Center (NAISSC)

Course Note Abbreviations

The following course abbreviation codes are used throughout the academic catalog to identify the undergraduate or graduate graduation requirements.

Area	Description
A1	Area A1: Oral Communication
A2	Area A2: Written Communication IA
A3	Area A3: Critical Thinking and Writing
B1	Area B1: Physical Science
B1+3	Areas B1 + B3: Physical Science & Laboratory Science
B2	Area B2: Life Science
B2+3	Areas B2 + B3: Life Science & Laboratory Science
B3	Area B3: Laboratory Science
B4	Area B4: Mathematics/Quantitative Reasoning
C1	Area C1: Arts
C2	Area C2: Humanities
D	Area D: Social Sciences (formerly D1 Human Behavior, D2 Comparative Systems, D3 Social Issues)
E	Area E: Human Understanding & Development
F	Area F: Ethnic Studies
US1	Area US1: American History
US23	Areas US2 and US3: US Constitution & California Government
US3	Area US3: California Government Only
US123	Areas US1, US2, and US3 American History, US Constitution & California Government
R	Area R: Earth, Environment, and Sustainability
S	Area S: Self, Society & Equality in the U.S.
V	Area V: Cultures and Global Understanding

GWAR Graduation Writing Assessment Requirement

WID Writing in the Disciplines

Archived Catalog Abbreviations

In archived academic catalogs, you may see references to abbreviation codes when a course fulfills multiple General Education Requirements areas and/or Undergraduate University Graduation Requirements. In some cases, the area may not be met until the entire course sequence is completed.

Code	GE Areas
D1	Human Behavior
D2	Comparative Systems
D3	Social Issues
M1	A1+ C2 + US123
M2	A2 + C2 (must satisfy sequence)
M3	A3 + D
M4	C1 + D
M5	C2 + D + US123 (must satisfy sequence)
M6	D + US123 (must satisfy sequence)
M7	D + US123 (must satisfy sequence)
M8	C1 + C2 (must satisfy sequence)
M9	A3 or C2 (must satisfy sequence)
M10	A2 + D (must satisfy sequence)
M11	D + US23 (must satisfy sequence)
M12	D + US1 (must satisfy sequence)
M13	A3 + C2 + US123 (must satisfy sequence)
M14	A1 + D (must satisfy sequence)
M15	A2 + D (must satisfy sequence)
Z	Area Z: Written Communication II (GWAR)

General Education Requirements

General Education Requirements

A university brings together many separate areas of learning, yet it is more than just a collection of specialized disciplines. SJSU's general education program **establishes a strong foundation of versatile skills, fosters curiosity about the world, and prepares students to engage and contribute responsibly and cooperatively in a multicultural, information-rich society.** General education classes integrate areas of study and encourage progressively more complex and creative analysis, expression, and problem solving. The program aims to equip students with the knowledge, skills, and values they need for a lifetime of intellectual and personal growth. Review the learning goals and outcomes, policies, academic advisement information, and previous requirements.

4. Mathematics/Quantitative Reasoning

HumanitiesHumanities

General Education Requirements

General Education Core - Lower Division Requirements

Students must complete 39 units of Core GE courses. Courses that must be completed as a part of a sequence or are designed for specific majors only are identified in parentheses next to the course. Students may satisfy an Intensive GE sequence in science, math, or music.

A. English Language Communication and Critical Thinking

9 units

Complete one course each in 1. Oral Communication, 2. Written Communication I, and 3. Critical Thinking and Writing.

Minimum Grade: A minimum grade of "C-" or better (per the CSU General Education Breadth Requirements).

1. Oral Communication

Oral Communication courses cultivate an understanding of the social, psychological, political, and practical significance of communication, with special emphasis on the roles of public communication in a free society.

- CCS 74 - Public Address 3 *unit(s)*
- COMM 20 - Public Speaking 3 *unit(s)*
- COMM 20EL - Public Speaking for English Language Learners 3 *unit(s)*
- COMM 40 - Argumentation and Advocacy 3 *unit(s)*
- HUM 10 - Honors Global Oral and Rhetorical Cultures 3 *unit(s)*

2. Written Communication I

Written Communication I courses cultivate an understanding of the writing process and the goals, dynamics, and genres of written communication, with special attention to the nature of writing at the university. **First year students are expected to complete this requirement within their first two semesters at SJSU.**

- ENGL 1A - First Year Writing 3 *unit(s)*
- ENGL 1AS - First-Year Writing: Stretch English II 3 *unit(s)*

3. Critical Thinking and Writing

Critical Thinking and Writing courses develop students' understanding of the relationship of language to logic, develop students' abilities to research and analyze important topics, and to construct their own arguments on issues that generate meaningful public debate and deliberation.

- ANTH 13 - Archaeology 3 *unit(s)*
- COMM 41 - Critical Decision Making 3 *unit(s)*
- COMM 45 - Media and Culture 3 *unit(s)*
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)*
- ENVS 1 - Introduction to Environmental Issues 3 *unit(s)*
- HIST 50 - Historical Process: Understanding Historical Reasoning 3 *unit(s)*
- HUM 11 - Honors Critical Thinking across Global Cultures 3 *unit(s)*
- HUM 80 - Reading the World 3 *unit(s)*
- LING 21 - Critical Thinking and Language 3 *unit(s)*
- LING 24 - Language Variation in Space, Time, & Culture 3 *unit(s)*
- PHIL 57 - Logic and Critical Reasoning 3 *unit(s)*
- POLS 20 - Controversial Legal Issues 3 *unit(s)*

B. Scientific Inquiry and Quantitative Reasoning

9 units

Complete at least one course in 1. Physical Science, 2. Life Science, and 4. Mathematics/Quantitative Reasoning. At least one lab course (L) must be completed.

Physical, Life, and Laboratory Science courses (B1-3) develop students' knowledge of scientific theories, concepts, and data about living and non-living systems, as well as potential limits of scientific endeavors and the value systems and ethics associated with scientific inquiry.

1. Physical Science

Intensive Science: Students who have completed the Intensive Science courses with a "**C- or better**", will be allowed to use these courses to fulfill the requirement in B1/B3 or B2/B3. Students may petition to have (1) grades below C- (very rarely approved), or (2) other Intensive Science courses not on the list approved as intensive science courses. Additionally, the following packages of courses, all completed with "C- or better", will satisfy Areas B1, B2, and B3: Two courses from PHYS 50, PHYS 51, or PHYS 52, and CHEM 1A; or PHYS 2A and PHYS 2B and CHEM 1A; or CHEM 1A and CHEM 1B, plus a physics course. See details on the Office of Undergraduate Education's Student Petitions website.

- ASTR 10 - Descriptive Astronomy 3 *unit(s)*

- CHEM 1A - General Chemistry 5 *unit(s)* (L) (*Intensive Science*)
- CHEM 1B - General Chemistry 5 *unit(s)* (L) (*Intensive Science*)
- CHEM 30A - Introductory Chemistry 3 *unit(s)* (L)
- ENGR 5 - Science of High Technology 3 *unit(s)*
- GEOG 1 - Physical Geography 3 *unit(s)*
- GEOL 1 - General Geology 4 *unit(s)* (L)
- GEOL 3 - Planet Earth 3 *unit(s)*
- GEOL 6 - Geology of California 3 *unit(s)*
- GEOL 7 - Earth, Time and Life 4 *unit(s)* (L)
- GEOL 9 - Earth Disasters 4 *unit(s)* (L)
- METR 10 - Weather and Climate 3 *unit(s)*
- METR 12 - Global Warming: Science and Solutions 3 *unit(s)*
- NUFS 1A - Physical Science of Food 3 *unit(s)*
- PHYS 1 - Elementary Physics 3 *unit(s)*
- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (L) (*Intensive Science*)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (L) (*Intensive Science*)
- PHYS 23 - Animation Physics 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (L) (*Intensive Science*)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (L) (*Intensive Science*)
- PHYS 52 - General Physics III: Waves, Light, Heat 4 *unit(s)* (L) (*Intensive Science*)

2. Life Science

Intensive Science: Students who have completed the Intensive Science courses **with a "C- or better"** will be allowed to use these courses to fulfill the requirement in B1/B3 or B2/B3. Students may petition to have (1) grades below C- (very rarely approved), or (2) other Intensive Science courses not on the list approved as intensive science courses. Additionally, the following packages of courses, all completed with "C- or better", will satisfy Areas B1, B2, and B3: Two courses from PHYS 50, PHYS 51, or PHYS 52, and CHEM 1A; or PHYS 2A and PHYS 2B and CHEM 1A; or CHEM 1A and CHEM 1B, plus a physics course. See details on the Office of Undergraduate Education's Student Petitions website.

- ANTH 12 - Introduction to Human Evolution 3 *unit(s)*
- BIOL 10 - The Living World 3 *unit(s)*
- BIOL 20 - Ecological Biology 3 *unit(s)* (L)
- BIOL 21 - Human Biology 3 *unit(s)* (L)
- BIOL 30 - Principles of Biology I 4 *unit(s)* (L) (*Intensive Science*)
- BIOL 31 - Principles of Biology II 4 *unit(s)* (L) (*Intensive Science*)
- BIOL 65 - Human Anatomy 4 *unit(s)* (L) (*Intensive Science*)
- BIOL 65O - Human Anatomy 4 *unit(s)* (L) (*Intensive Science*)
- BIOL 66 - Human Physiology 5 *unit(s)* (L) (*Intensive Science*)
- ENV5 10 - Life on a Changing Planet 3 *unit(s)*
- GEOL 8 - The Age of the Dinosaurs 3 *unit(s)*
- GLST 1B - Introduction to Global Studies 3 *unit(s)*
- MICR 20 - General Bacteriology 5 *unit(s)* (L) (*Intensive Science*)
- NUFS 16 - Science, Physiology, and Nutrition 3 *unit(s)*

3. Laboratory

The following courses meet the Lab requirement only.

- BIOL 150 - Field Studies in Natural History 1-2 *unit(s)* (L)
- GEOL 4L - Earth Systems Lab 1 *unit(s)* (L)
- GEOL 150 - Field Studies in Natural History 1-2 *unit(s)* (L)

4. Mathematics/Quantitative Reasoning

Mathematics/Quantitative Reasoning courses develop students' abilities to reason quantitatively, practice computational skills, and explain and apply mathematical and/or quantitative reasoning concepts to solve problems at the college level. **First year students are expected to complete this requirement within their first two semesters at SJSU.**

Minimum Grade: A minimum grade of "C-" or better (per the CSU General Education Breadth Requirements).

Intensive Math: Students who have completed an Intensive Math course with a "C- or better" will be allowed to use these courses to fulfill the requirement in B4: MATH 30, MATH 30X, MATH 31, MATH 31X, MATH 32, MATH 32X, MATH 70, MATH 70X, MATH 71, or MATH 71X.

- CHAD 80 - Quantitative Analysis in Developmental Science 3 *unit(s)*
- CS 22A - Python for Everyone 3 *unit(s)*
- ESM 1 - Mathematical Reasoning 3 *unit(s)*
- ESM 9 - Mathematics and Logic for General Education 3 *unit(s)*
- ESM 10A - Mathematics in Art and Music 3 *unit(s)*
- ESM 10D - Probability, Data Science, Ethics, and You 3 *unit(s)*
- ESM 10P - Mathematics in Politics 3 *unit(s)*
- ESM 15 - Statway: Statistics-Concepts & Methods 3 *unit(s)*
- ESM 18A - College Algebra 3 *unit(s)*
- ESM 19 - Precalculus 5 *unit(s)*
- ESM 26 - Quantitative Reasoning in Linguistic Diversity 3 *unit(s)*
- JS 15 - Introductory Statistics in Justice Studies 3 *unit(s)*
- LING 26 - Quantitative Reasoning in Linguistic Diversity 3 *unit(s)*
- MATH 1 - Mathematical Reasoning 3 *unit(s)*
- MATH 10 - Mathematics for General Education 3 *unit(s)*
- MATH 10A - Mathematics in Art and Music 3 *unit(s)*
- MATH 10D - Probability, Data Science, Ethics, and You 3 *unit(s)*
- MATH 10P - Mathematics in Politics 3 *unit(s)*
- MATH 12 - Number Systems 3 *unit(s)*
- MATH 15 - Statway: Statistics-Concepts & Methods 3 *unit(s)*
- MATH 18A - College Algebra 3 *unit(s)*
- MATH 19 - Precalculus 5 *unit(s)*
- MATH 30 - Calculus I 3 *unit(s)* (*Intensive Math*)
- MATH 30X - Calculus I 3 *unit(s)* (*Intensive Math*)
- MATH 31 - Calculus II 4 *unit(s)* (*Intensive Math*)
- MATH 31X - Calculus II 4 *unit(s)* (*Intensive Math*)
- MATH 32 - Calculus III 3 *unit(s)* (*Intensive Math*)
- MATH 32X - Calculus III 3 *unit(s)* (*Intensive Math*)
- MATH 70 - Mathematics for Business 3 *unit(s)* (*Intensive Math*)
- MATH 70X - Mathematics for Business 3 *unit(s)* (*Intensive Math*)

- MATH 71 - Calculus for Business and Aviation 3 *unit(s)* (*Intensive Math*)
- MATH 71X - Calculus for Business and Aviation 3 *unit(s)* (*Intensive Math*)
- PH 67 - Introductory Health Statistics 3 *unit(s)*
- PHIL 9 - Mathematics and Logic for General Education 3 *unit(s)*
- SOCI 15 - Statistical Applications in the Social Sciences 3 *unit(s)*
- SOCS 15 - Statistical Applications in the Social Sciences 3 *unit(s)*
- STAT 95 - Elementary Statistics 3 *unit(s)*
- UNVS 15 - Statway: Statistics-Concepts & Methods 3 *unit(s)*

C. Arts and Humanities

9 units

Complete no fewer than 9 semester units, with at least one course in the Arts (C1) and one in the Humanities (C2).

In Arts and Humanities courses, students develop their understanding of the historical and cultural contexts in which works of art and humanistic inquiry are created and interpreted. Courses enable students to participate in social and cultural communities associated with artistic and humanistic endeavors, thus enriching their lives and promoting lifelong appreciation of the humanistic and creative arts.

Intensive Music: Students who have completed the Intensive Music courses MUSC 4A, MUSC 4B and MUSC 12, with a "C or better", will be allowed to use these courses to fulfill the requirements of Area C. Students may petition to have (1) grades below C (very rarely approved), or (2) other Intensive Music courses not on the list approved as intensive music courses. See details on the Office of Undergraduate Education's Student Petitions website.

1. Arts

- AMS 1A - American Cultures to 1877 6 *unit(s)* (*must complete sequence*)
- AMS 12 - Intro to US Popular Culture: Serious Fun! 3 *unit(s)*
- ARTH 15 - Intro to Visual Culture 3 *unit(s)*
- ARTH 70A - Art History, Prehistoric to Medieval 3 *unit(s)*
- ARTH 70B - Art History, Renaissance to Modern 3 *unit(s)*
- ARTH 70C - Arts of Asia 3 *unit(s)*
- ARTH 72 - Design in Society 3 *unit(s)*
- ASIA 19 - Music in World Cultures 3 *unit(s)*
- ASIA 70C - Arts of Asia 3 *unit(s)*
- CA 95 - Introduction to Queer Arts 3 *unit(s)*
- DANC 10 - Dance Appreciation 3 *unit(s)*
- ENGL 71 - Creative Writing 3 *unit(s)*
- HUM 20 - Honors Global Material Cultures 3 *unit(s)*
- KIN 68 - Visual Representations of Sport in Popular Culture 3 *unit(s)*
- MUSC 4A - Music Theory 4A 2 *unit(s)* (*Intensive Music*)
- MUSC 4B - Musicianship 4B 1 *unit(s)* (*Intensive Music*)
- MUSC 10A - Music Appreciation 3 *unit(s)*
- MUSC 10B - Introduction to Music 3 *unit(s)*
- MUSC 10C - Pop and Rock in the U.S. 3 *unit(s)*
- MUSC 10D - Introduction to Hip Hop 3 *unit(s)*
- MUSC 19 - Music in World Cultures 3 *unit(s)*
- PHIL 66 - Introduction to Aesthetics 3 *unit(s)*

- RTVF 10 - The Art of Film 3 *unit(s)*
- TA 5 - Acting 3 *unit(s)*
- TA 10 - Theatre Appreciation 3 *unit(s)*
- TA 55 - Intro to Design for Theatre 3 *unit(s)*

2. Humanities

- AMS 1B - American Cultures 1877 to Present 6 *unit(s)* (*must complete sequence*)
- AMS 10 - Stories that Make America 3 *unit(s)*
- CHIN 1A - Elementary Chinese 4 *unit(s)*
- CHIN 1B - Elementary Chinese 4 *unit(s)*
- CHIN 25A - Intermediate Chinese 4 *unit(s)*
- CHIN 25B - Intermediate Chinese 4 *unit(s)*
- ENGL 1B - Argument and Analysis 3 *unit(s)*
- ENGL 10 - Great Works of Literature 3 *unit(s)*
- ENGL 20 - The Graphic Novel 3 *unit(s)*
- ENGL 21 - Mystery and Detective Fiction 3 *unit(s)*
- ENGL 22 - Fantasy and Science Fiction 3 *unit(s)*
- ENGL 30 - Literature and the Environment 3 *unit(s)*
- ENGL 40 - Contemporary World Fiction 3 *unit(s)*
- ENGL 78 - Introduction to Shakespeare's Drama 3 *unit(s)*
- FREN 1A - Elementary French 4 *unit(s)*
- FREN 1B - Elementary French 4 *unit(s)*
- FREN 25A - Intermediate French: Reading 4 *unit(s)*
- FREN 25B - Intermediate French: Writing 4 *unit(s)*
- GERM 1A - Elementary German 4 *unit(s)*
- GERM 1B - Elementary German 4 *unit(s)*
- GERM 25A - Intermediate German 4 *unit(s)*
- GERM 25B - Intermediate German 4 *unit(s)*
- HEBR 1A - Elementary Hebrew 4 *unit(s)*
- HEBR 1B - Elementary Hebrew 4 *unit(s)*
- HUM 21 - Honors Reading Difference across Global Cultures 3 *unit(s)*
- HUM 90 - Bible History and Literature 3 *unit(s)*

D. Social Sciences

6 units

Complete no fewer than 6 units in Area D. Courses in the Social Sciences (Area D and Area S) must be completed in at least two different disciplines (for example, ANTH and POLS). Students who take two lower-division Area D courses in the same discipline must take an Area S upper-division GE course in a different discipline.

To earn American Institutions (US123) credit, students may complete two D courses that incorporate the American Institutions content, as noted below. Some courses may require completion of a 2-semester sequence in order to receive American Institutions credit (AFAM 2A/AFAM 2B, AAS 33A/AAS 33B, CCS 10A/CCS 10B).

Social Science courses increase students' understanding of human behavior and social interaction in the context of value systems, economic structures, political institutions, social groups, and natural environments.

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (*must complete sequence*)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (*must complete sequence*)
- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (*must complete sequence*)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (*must complete sequence*)
- AMS 1A - American Cultures to 1877 6 *unit(s)* (*must complete sequence*)
- AMS 1B - American Cultures 1877 to Present 6 *unit(s)* (*must complete sequence*)
- AMS 11 - Visions of Democracy 3 *unit(s)*
- ANTH 11 - Cultural Anthropology 3 *unit(s)*

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (*must complete sequence*)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (*must complete sequence*)
- CHAD 75 - Imagination, Play and Adult Creativity 3 *unit(s)*
- CHAD 76 - Child Development Among Media and Emerging Technologies 3 *unit(s)*

- WGSS 20 - Women of Color in the U.S. 3 *unit(s)*

E. Human Understanding & Development

3 units

Complete one course.

Human Understanding and Development courses prepare students for lifelong learning and enhance their understanding of the factors that contribute to overall well-being in college and across the human lifespan. Students also learn skills to employ available university resources to support academic and personal development.

- ANTH 25 - Human Lifecourse in Context 3 *unit(s)*
- BIOL 54 - Human Understanding 3 *unit(s)*
- BUS3 12 - Managing My life 3 *unit(s)*

- CA 60 - Creativity Matters 3 *unit(s)*
- CHAD 60 - Child Development 3 *unit(s)*
- CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)*
- COMM 74 - Fundamentals of Intercultural Communication 3 *unit(s)*

- EDCO 4 - Personal, Academic and Career Exploration 3 *unit(s)*
- EDCO 4FY - Personal, Academic and Career Exploration 3 *unit(s)*
- ENGR 10 - Introduction to Engineering 3 *unit(s)* (*specified majors only*)
- GEOL 5 - Sustainability, Human Development, and the Earth 3 *unit(s)*
- GERO 99 - Death, Dying and Religions 3 *unit(s)*
- HUM 99 - Death, Dying and Religions 3 *unit(s)*
- KIN 69 - Stress Management: A Multidisciplinary Perspective 3 *unit(s)*
- LING 22 - Language across the Lifespan 3 *unit(s)*
- MUSC 8 - The Artist's Way 3 *unit(s)*
- NUFS 9 - Introduction to Human Nutrition 3 *unit(s)*
- NUFS 10 - Basic Life Skills 3 *unit(s)*
- PH 1 - Understanding Your Health 3 *unit(s)*
- PHIL 12 - Human Nature and the Meaning of Life 3 *unit(s)*
- PSYC 2Q - Identity Development and Prejudice 3 *unit(s)*
- RECL 10 - Creating a Meaningful Life 3 *unit(s)*
- RELS 99 - Death, Dying and Religions 3 *unit(s)*
- SCED 5 - Sustainability, Human Development, and the Earth 3 *unit(s)*
- SCI 2 - Success in Science 3 *unit(s)*
- SOCI 57 - Community Involvement and Personal Growth 3 *unit(s)*
- TA 48 - Voice & Movement for the Actor 3 *unit(s)*

F. Ethnic Studies

3 units

Complete one course.

Ethnic Studies courses give students the knowledge and skills necessary for comprehending continued sovereignty movements, racial and ethnic dynamics, and colonial settler and social justice histories of the United States; and the socio-historical origins, processes, and consequences of racial construction, racialization, and racial oppression in the society in which they live. Students learn core interdisciplinary and comparative concepts and frameworks in ethnic studies with a focus on understanding race and ethnicity as they apply to the historically defined racialized core groups: Native Americans, African Americans, Asian Americans, and Chicanx/Latinx Americans. Students will gain the skills to better operate as responsible, informed, and constructive citizens in an evolving multiracial and multicultural democracy.

Minimum Grade: A minimum grade of "C-" or better (per the SJSU General Education Requirements).

- AAS 1 - Introduction to Asian American Studies 3 *unit(s)*
- AAS 25 - The Changing Majority: Power and Ethnicity in America 3 *unit(s)*
- AAS 159 - Asian American Media Representation and Popular Culture 3 *unit(s)*
- AFAM 22 - The Humanities in African American Culture 3 *unit(s)*
- AFAM 25 - The Changing Majority: Power and Ethnicity in America 3 *unit(s)*
- AFAM 134 - The Black Civil Rights Movements 3 *unit(s)*
- AFAM 158 - Race, Sport, Activism & Social Movements 3 *unit(s)*

- AFAM 162 - The Aesthetics of Hip-Hop 3 *unit(s)*
- CCS 1 - Introduction to Chicana and Chicano Studies 3 *unit(s)*
- CCS 25 - The Changing Majority: Power and Ethnicity in America 3 *unit(s)*
- CCS 30 - Race and Ethnicity in Public Space 3 *unit(s)*
- NAIS 1 - Intro to Native American and Indigenous Studies 3 *unit(s)*
- NAIS 2 - California Indigenous Peoples 3 *unit(s)*

SJSU Studies - Upper Division Requirements

Students complete 9 units of SJSU studies upper division general education courses (Areas R/S/V). In some cases, SJSU Studies areas are integrated in a single course or overlap with the major.

Grade Option: Areas R, S, and V must be taken for a letter grade.

Second baccalaureate students who earned their first bachelor degree from a regionally accredited institution in the U.S. are not required to take SJSU Studies unless specific courses are required by the major.

Transfer students who complete any portion of upper division GE at another CSU campus may request equivalency for coursework in SJSU Studies. Contact the Undergraduate Education Office for evaluation of coursework.

Areas R, S, and V

9 units

Complete one course from each area.

Minimum Prerequisites:

1. Completion of core GE;
2. Upper division standing; and,
3. Pre/Corequisite: a 100W course is strongly recommended.

Year-Long Course Sequences: Students enroll in 6 units in the fall and 3 units in the spring.

- HUM 177A/177B - Advanced Honors in Integrated Science, Social Science, and Humanities.

R. Earth, Environment, and Sustainability

In Earth, Environment and Sustainability courses, students apply knowledge of scientific theories and concepts as well as quantitative reasoning to explore the relationship between humans and the natural environment. Students achieve an understanding of the role that science plays in addressing complex issues, as well as the potential limits of scientific endeavors and the value systems and ethics associated with scientific inquiry.

- AMS 139 - Animals and Society 3 *unit(s)*
- AFAM 151 - Race, Class and the Environment 3 *unit(s)*
- ANTH 160 - Reconstructing Lost Civilizations 3 *unit(s)*
- ASTR 101 - Modern Astronomy 3 *unit(s)*
- BIOL 100W - Scientific Communication Workshop 3 *unit(s)* (*specified majors only*)
- BIOL 101 - Origins of Life 3 *unit(s)*
- BIOL 110 - Biodiversity and Biopolitics 3 *unit(s)*
- BIOL 135B - Eukaryotic Cell and Molecular Biology II 3 *unit(s)* (*specified majors only*)
- BIOL 159 - Integrative Biology 3 *unit(s)* (*specified majors only*)

- BIOL 160 - Ecology 4 unit(s) (specified majors only)

- PHIL 160 - Philosophy of Science 3 unit(s)
- PKG 152 - Globalization and the Environment 3 unit(s)
- SCWK 105 - Social Work and Environmental Justice 3 unit(s)

S. Self, Society & Equality in the U.S.

Students in courses in Self, Society & Equality in the U.S. study the interrelationships of individuals, racial groups, and cultural groups to understand and appreciate issues of equality, structured inequality, and justice in the United

States. By exploring different perspectives and helping students articulate and discuss their own values, Area S courses prepare students to live and work responsibly and cooperatively in a multicultural society.

Courses in the Social Sciences (Area D and Area S) must be completed in at least two different disciplines. Students who take two lower-division Area D courses in the same discipline must take an Area S upper-division GE course in a different discipline.

General Education Academic Advisement

Your college student success center provides general education academic advising to ensure your academic success and help you achieve your educational goals. Undeclared students should visit the Exploratory Student Success Center (formerly the Undergraduate Advising and Success Center).

To make the most of your advising sessions, please observe the following:

- You must be a currently matriculated student at the time you make an appointment.
- Bring a complete set of all college transcripts--unofficial copies are acceptable.
- Bring a copy of your General Education certification if you attended a California Community College. A partial certification is acceptable.
- Review your MyProgress and MyPlanner reports prior to your appointment
- Learn the requirements for your major--see the SJSU Catalog for details.
- See your major advisor.

Note: Admitted students should wait until after attending an orientation program before requesting an appointment. Students who have not yet been admitted to SJSU should make an appointment for advising with Student Outreach and Recruitment at 408-924-2564.

General Education Policies

Per the CSU General Education Breadth Requirements and University Policy S14-5.

1. All students must complete 48 units of approved GE courses with letter grades. If a requirement is waived without unit credit, additional approved GE courses must be taken to complete a minimum of 48 GE units.
2. All three areas of the following must be completed by all students: Core GE (39 units), SJSU Studies (9 upper division GE units) and American Institutions (US123) (0-6 units).
3. Transfer students may fulfill all lower division core GE by completing the Intersegmental GE Transfer Curriculum (IGETC) or a CSU GE 39-unit breadth certification prior to transfer. Having completed the IGETC or CSU GE Breadth certification, the transfer student cannot be held to additional lower division core GE requirements.
4. All students must satisfy SJSU Studies at SJSU regardless of GE completed at other institutions.
Exceptions:
 - A complete 48 unit GE Certification from another CSU is submitted, showing lower and upper division completed.
 - Second baccalaureate students who earned their first bachelor degree from a regionally accredited institution in the U.S.
 - Student completes an approved upper division GE course at another CSU, in person or online.
5. If a course is listed as a sequence (A-B), the entire sequence must be completed to satisfy the requirement.
6. Oral Communication (A1), Written Communication I (A2), Critical Thinking and Writing (A3), Mathematics/Quantitative Reasoning (B4), and Ethnic Studies (F) courses each require a minimum grade of "C-" or better.
7. To find approved courses, check the Course Note Abbreviations listed for the requirement. This designator is printed by each GE class section in the MySJSU Schedule of Classes (access through One.SJSU.edu).
8. All GE courses must be on the approved list of the California Community College (CCC), California State University (CSU) or University of California (UC) for CSU Breadth Requirements or the Intersegmental General Education Transfer Curriculum (IGETC) where and when the course is taken.
9. The following GE courses require prerequisites to enroll:
 - Written Communication I (Area A2), passed with a grade of "C-" or better, is prerequisite to Critical Thinking and Writing (Area A3).
 - Completion of Core General Education and upper division standing are prerequisites to all SJSU studies courses (GE Areas R, S and V). Completion of, or co-registration in, 100W is strongly recommended.
10. Subsequent to completion of all CSU General Education Requirements (at the lower and upper divisions), a student may not be required to satisfy additional general education requirements outside of the major program requirements.
11. Complete information on specific requirements and approved courses is found each semester in the General Education Requirements section of the catalog.

General Education Program Goals and Outcomes

Students who complete the General Education curriculum should be able to demonstrate the knowledge, skills and values described below:

Goal 1: To develop students' core competencies for academic, personal, creative, and professional pursuits. Goal 1 has five learning outcomes (PLOs 1-5):

PLO 1. [Oral Communication]

Create and deliver logically-organized, well-supported, and compelling messages both in presentation and in conversation for specific audiences and diverse settings.

PLO 2. [Written Communication]

Develop and practice a writing process that accounts for the goals, dynamics, and genres of written communication, with special attention to the conventions of writing at the university.

PLO 3. [Critical Thinking]

Identify and analyze a subject/topic/issue/problem of significance by evaluating the merits of different positions or perspectives; support the analysis with relevant evidence and information while stating assumptions; and draw evidence-based conclusions.

PLO 4. [Quantitative Reasoning]

Analyze, interpret, and represent quantitative information in various forms to examine a question; explain the processes behind data collection and generation; and communicate evidence in support of an argument or purpose while stating assumptions, limitations, and biases, and drawing appropriate conclusions.

PLO 5. [Information Literacy]: Identify information needs, locate and access relevant and credible information while accounting for bias, and use information legally and ethically.

Goal 2: To enact the university's commitment to diversity, inclusion, and justice by ensuring that students have the knowledge and skills to serve and contribute to the well-being of local and global communities and the environment. Goal 2 has two learning outcomes (PLOs 6 and 7):

PLO 6. [Diversity, Inclusion, and Justice]

Examine diverse cultures, communities, and environments; explore different perspectives; analyze connections to issues of justice/injustice; and prepare to live and work responsibly and cooperatively in multicultural societies.

PLO 7. [Civic and Global Engagement]

Engage with global perspectives and knowledge; develop civic skills, interests, and values; and apply knowledge, skills and values to multicultural, community, and environmental interests.

Goal 3: To offer students integrated, multidisciplinary, and innovative study in which they pose challenging questions, address complex issues, and develop cooperative and creative responses. Goal 3 has two learning outcomes (PLOs 8 and 9):

PLO 8. [Integration and Application]

Integrate and apply knowledge and methods from more than one discipline or area of study to explore a complex question, address an issue, or produce a creative work.

PLO 9. [Reflection and Self-Assessment]

Evaluate and reflect on one's own learning while building on prior knowledge and life experiences.

Developing Educated Persons

Each of the General Education areas develop students to become educated persons.

Fundamental Skills of an Educated Person

Fundamental Skills courses (A1-3, B4) develop students' communication and analytical skills. An educated person can communicate ideas effectively verbally and in writing. An educated person must also have strong reasoning powers in order to analyze all types of information. Per CSU policy, each Fundamental Skills course must be passed with a grade of C- or better to fulfill graduation requirements.

Fundamental Knowledge of an Educated Person

Fundamental Knowledge courses (B1-3, C1-2, D, E, F) develop students' understanding and appreciation of the fundamentals of science, arts and humanities, and the forces that shape the individual and modern society throughout the lifespan. This fundamental knowledge is crucial to understanding more advanced topics, including a major field of study.

Integrated Knowledge of an Educated Person

SJSU Studies courses (R, S, V) help students integrate knowledge between and among disciplines. An educated person is able to apply concepts and methods learned in one area to other areas as part of a lifelong learning process. SJSU Studies courses develop abilities that enable students to live and work intelligently, responsibly, and cooperatively in multicultural societies and to develop abilities to address complex issues and problems using disciplined analytical skills and creative techniques.

Previous General Education Requirements

Students approved for earlier GE patterns have four options:

1. Follow the General Education Requirements pattern in this catalog;
2. Continue to follow their previous pattern using courses that now appear in categories that are the same as the previous pattern;
3. Use courses previously taken when approved for the required categories; or,
4. Use courses in new categories to substitute for previous requirements.

The patterns for the GE Fall 2019-Spring 2021, GE Fall 2018-Spring 2019, and GE Spring 2018 & Earlier are available for reference.

Exceptions for University Graduation Requirements

Exceptions and in rare cases modifications to University Graduation Requirements apply only to students graduating with the below listed majors. View Course Note Abbreviations for a list of GE area abbreviations. Some majors waive the Physical Education Requirement for ADT Transfer Students only. Students may petition to waive some graduation requirements through the Office of Undergraduate Education.

- Aerospace Engineering, BS: GE Area A3 met with completion of major; Area B2 (Intensive Science with completion of the major); Physical Education Waived; Areas S and V met in the major (AE 171A/AE 171B or AE 172A/AE 172B plus ENGR 195A/ENGR 195B)
- Animation & Illustration, BFA: Physical Education Waived
- Aviation, BS: GE Area B2 (Intensive Science with completion of major); Physical Education Waived
- Biological Sciences - Marine Biology, BS: GE Area A3 met with completion of the major,
- Biomedical Engineering, BS : GE Area A3 met with completion of major; Area B2 (Intensive Science with completion of the major); Physical Education Waived; Areas S and V met in the major (BME 198A/ BME 198B plus ENGR 195A/ENGR 195B).
- Chemical Engineering, BS : GE Area A3 met with completion of major; Area B2 (Intensive Science with completion of the major); Physical Education Waived. These exceptions also apply to the Chemical Engineering BS + MS .
- Chemistry, BA: GE Area B2 (Intensive Science with completion of the major)
- Chemistry, BS : GE Area A3 met with completion of the major; GE Area B2 (Intensive Science with completion of the major)
- Chemistry, Biochemistry Concentration, BS: GE Area A3 met with completion of the major; Area R with CHEM 130A and CHEM 131B
- Civil Engineering, BS: GE Area A3 met with completion of major; Area B2 (Intensive Science with completion of the major); Physical Education Waived
- Computer Engineering, BS: GE Area A3 met with completion of major; Physical Education Waived; Areas S and V met in the major (CMPE 195A/CMPE 195B plus ENGR 195A/ENGR 195B)
- Earth System Science, BS: GE Area B2 (Intensive Science with completion of the major)
- Electrical Engineering, BS : GE Area A3 met with completion of major; Area B2 (Intensive Science); Physical Education Waived; Areas S and V met in the major (EE 198A/EE 198B plus ENGR 195A/ENGR 195B). These exceptions also apply to the Electrical Engineering BS + MS.
- Engineering Technology, Computer Network System Management (CNSM) Concentration, BS and Engineering Technology, Manufacturing Systems Concentration, BS: Area B2 (Intensive Science with completion of the major); Physical Education Waived
- Forensic Science, Biology Concentration, BS: Physical Education Waived
- Geology, BS: GE Area A3 met with completion of major; Area B2 (Intensive Science with completion of the major)
- Industrial Design, BS: Physical Education Waived
- Industrial and Systems Engineering, BS: GE Area A3 met with completion of major; Area B2 (Intensive Science with completion of the major); Physical Education Waived
- Interdisciplinary Engineering, BS: GE Area A3 met with completion of major; Area B2 (Intensive Science with completion of the major); Physical Education Waived; Areas S and V met in the major (ENGR 199A/ENGR 199B plus ENGR 195A/ENGR 195B)
- Materials Engineering, BS: GE Area A3 met with completion of major; Area B2 (Intensive Science with completion of the major); Physical Education Waived; Areas S and V met in the major (MATE 198A/MATE 198B plus ENGR 195A/ENGR 195B). These exceptions also apply to the Materials Engineering BS + MS.
- Mechanical Engineering, BS: GE Area A3 met with completion of major; Area B2 (Intensive Science with completion of the major); Physical Education Waived; Areas S and V met in the major (ME 195A/ME 195B or ENGR 195C/ENGR 195D plus ENGR 195A/ENGR 195B)

- Meteorology, BS: Area B2 (Intensive Science with completion of the major); Physical Education Waived
- Music, BM with concentrations in Composition, Jazz Studies, Music Education, and Performance: Physical Education Waived
- Physics, BA and Physics, BS: Area B2 (Intensive Science with completion of the major)
- Nursing, BS: Physical Education Waived
- Software Engineering, BS: GE Area A3 met with completion of major; Physical Education Waived; Areas S and V met in the major (CMPE 195A/CMPE 195B plus ENGR 195A/ENGR 195B)

Physical Education Waivers for ADT Transfers

The following Associate for Transfer (ADT) Roadmaps include Physical Education (PE) Waivers:

- Art History and Visual Culture, BA
- Behavioral Science, BA (with AA-T in Global Studies or AA-T in Social Justice Studies)
- Biological Sciences, BA
- Business Administration, Business Analytics Concentration, BS
- Business Administration, Entrepreneurship Concentration, BS
- Business Administration, Finance Concentration, BS
- Business Administration, General Business Concentration, BS
- Business Administration, Operations and Supply Chain Management Concentration, BS
- Business Administration, Hospitality, Tourism and Event Management Concentration, BS
- Business Administration, Human Resource Management Concentration, BS
- Business Administration, Management Concentration, BS
- Chemistry, BA
- Chemistry, BS
- Chinese, BA (with AA-T in Global Studies or AA-T in Social Justice Studies)
- Computer Science, BS
- Economics, BA (with AS-T in Business Administration)
- English, BA
- English, Creative Writing Concentration, BA
- English, Professional and Technical Writing Concentration, BA
- Forensic Science, Biology Concentration, BS
- Forensic Science, Chemistry Concentration, BS
- French, BA (with AA-T in Global Studies or AA-T in Social Justice Studies)
- Geography, BA
- Humanities, Religious Studies Concentration, BA
- Japanese, BA (with AA-T in Global Studies or AA-T in Social Justice Studies)
- Mathematics, BA
- Physics, BS
- Radio-Television-Film, BA
- Spanish, BA
- Spanish, BA (with AA-T in Global Studies or AA-T in Social Justice Studies)
- Spanish, BA, Preparation for Teaching Program

Majors Not Accepting Waiver of 100W

Majors that require students complete the 100W course and do not accept a waiver include:

- African American Studies, BA
- Biological Sciences - Ecology and Evolution, BS
- Biological Sciences - Marine Biology, BS
- Biological Sciences, BA
- Biological Sciences, Ecology and Evolution Concentration, MS
- Biological Sciences, Microbiology Concentration, BS
- Biological Sciences, Molecular Biology Concentration, BS
- Biological Sciences, Systems Physiology Concentration, BS
- Chemistry, BA
- Chemistry, Biochemistry Concentration, BS
- Chemistry, BS
- Child and Adolescent Development, BA
- Child and Adolescent Development, Preparation for Teaching W/CSET Waiver, BA
- Child and Adolescent Development, Preparation for Teaching, BA
- Communication Studies, BA
- Earth System Science, BS
- Economics, BA
- Economics, BS
- Engineering (all majors)
- English, BA
- English, Creative Writing Concentration, BA
- English, Preparation for Teaching (Single Subject), BA
- English, Professional and Technical Writing Concentration, BA
- Environmental Studies, BA
- Environmental Studies, BS
- Environmental Studies, Preparation for Teaching, BA
- Geography, BA
- Geology, BS
- Global Studies, BA
- History, BA

- Information Science and Data Analytics, BS

- Meteorology, BS

- Climate Science, BS
- Nursing, BS
- Political Science, BA
- Psychology, BA
- Social Science, Preparation for Teaching (Single Subject), BA
- World Languages and Literatures (all majors)

Policies and Procedures

Welcome to the listing for San José State University policies and procedures. This listing was created to organize important campus information that is critical to student success. Please suggest ways in which this section can better serve the SJSU community by contacting curriculum@sjsu.edu.

Calendar

2024-2025 Academic Year

Academic Year August 19, 2024 to May 23, 2025

Fall Semester August 21, 2024 to December 20, 2025

Spring Semester January 21, 2025 to May 23, 2025

Event	Fall 2024	Spring 2025
First Day of Instruction	August 21, 2024	January 23, 2025
Enrollment Census Date	September 18, 2024	February 19, 2025
Last Day of Instruction	December 9, 2024	May 12, 2025

Printable Academic Year Calendars, including past calendars, are available at Office of the Provost's site.

Academic Standing, Grades, and Registration

The Registrar's Office Calendar includes dates and deadlines for registration, grades, and academic standing:

- Fall 2024
- Spring 2025

Events

The Events calendar includes upcoming campus events, virtual meetings and webinars.

Exams

Visit the Testing Office site for more information about the Test of Essential Academic Skills (TEAS). The Final Examination Schedule includes dates for final exams, including a make-up day for fall and spring terms. The final exam for **Winter and Summer sessions** are normally scheduled for the last day of the term.

Fees and Housing

Payment due dates are based on when you register, see Bursar's payment schedule. The Office of Financial Aid and Scholarships post deadlines regarding financial aid and scholarships. University Housing Services includes dates for housing applications.

New Students

If you are a new student, you will need to attend a **New Student Orientation**. See the respective pages for dates: Freshman, Graduate, or Transfers.

Holidays / No Classes

Event	Type	Date
Independence Day	Campus Closed	July 4, 2024
Labor Day	Campus Closed	September 2, 2024
Veterans Day	Campus Closed	November 11, 2024
Non-Instructional Day	No Classes	November 27, 2024

- Duplicate Credit - Inadmissible Repeats
- Excess Units
- Maximum Unit Load
- Transcript of Record
- Repetition of Courses
- Verification of Unit Load

Unit of Credit

The unit of credit is the semester unit. Transferred work from a quarter-system college or university will be converted to semester-system units and grade points. Each semester unit is equal to one and one-half quarter units.

Credit Hour

On July 1, 2020, the United States Department of Education changed its definition of the student credit hour. Fundamentally, the change shifted responsibility for credit hour compliance to the accreditation agency and/or to the state.

SJSU defines a credit hour in accordance with the CSU's accreditor, the WASC Senior College and University Commission (WSCUC), which publishes its own updated definition of student credit hour and related accreditation processes. The new regulations no longer require an accrediting agency to review an institution's credit hour policy and procedures. It does require WSCUC to review an institution's definition of credit hour and an institution's processes and policies for ensuring the credit hour policy is followed.

The CSU/SJSU credit hour definition is consistent with federal law (600.2 and 600.4 revised July 1, 2020) and the requirements of the WSCUC. The CSU defines a credit hour as an amount of work represented in stated learning outcomes and verified by evidence of student achievement. Such evidence is an institutionally established equivalency that:

1. Approximates not less than:
 - a. One hour of direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately 15 weeks for one semester or equivalent amount of work over a different amount of time; or
 - b. At least an equivalent amount of work as required in paragraph 1.1 of this definition for other academic activities as established by the institution including laboratory work, internships, practica, studio work and other academic work leading to the award of credit hours; and
2. Permits an institution, in determining the amount of work associated with a credit hour, to take into account a variety of delivery methods, measurements of student work, academic calendars, disciplines and degree levels. Institutions have the flexibility to award a greater number of credits for courses that require more student work.

As in the past, a credit hour is assumed to be a 50-minute (not 60-minute) period. In some courses, such as those offered online, in which "seat time" does not apply, a credit hour may be measured by an equivalent amount of work, as demonstrated by student achievement.

For purposes of accreditation, all CSUs are required to develop, communicate and implement procedures for regular, periodic review of this credit hour policy to ensure that credit hour assignments are accurate, reliable and consistently applied. WSCUC published new draft guidelines that took effect in June 2021. The Office of Academic Scheduling notifies departments of courses that are not in compliance and the department is responsible for resolution of discrepancies. The Office of Academic Scheduling produces a Class Meeting Time Report with the publication of each regular session semester Schedule of Classes. Professional & Global Engagement is responsible for auditing special session courses.

Course Numbering System

1-99 Lower Division Courses (Freshmen and Sophomores)

Lower division courses are numbered 1-99 and should be designed for freshmen and sophomores. Many lower division courses have articulation agreements secured with California community colleges. The articulation agreements are available, as well as General Education (GE) articulation agreements. Visit the Articulation webpage for more information.

100-199 Upper Division Courses (Juniors and Seniors)

Upper division courses are numbered 100-199 and should be designed for juniors and seniors. It is recommended that upper division courses have a minimum prerequisite of upper division standing. Articulation agreements are available between university to university and other regionally accredited colleges and universities. Visit the Articulation webpage for more information.

200-299 Master's Courses

Master's courses are numbered 200-299.

300-499 Methods / Professional / Continuing Education Units

Courses in the 300 and 400-series are specially designed for professional in-service and relicensure purposes. Continuing Education Units (CEUs) are given for these courses. Courses are not applicable to degree programs and units earned do not affect grade point totals or average. These courses given by or for other departments are allowed upper division credit and are numbered 300-499.

500-599 Doctoral Courses

Doctoral courses are numbered 500-599.

180 Individual Study and 184 Directed Reading

Individual Studies (180) and Directed Reading (184) are used for independent study and are generally reserved for majors within a department. Normally, no more than four units of 180 and/or 184 may be taken for baccalaureate credit (see Undergraduate University Graduation Requirements).

96, 196, 296, and 596 Experimental Courses

Courses numbered 96, 196, 296, and 596 are offered to meet special demands for experimental courses on a temporary basis and are listed in the Schedule of Classes, but not in the academic catalog.

1000 No Degree Credit

Courses in the 1000-series do not earn credit toward any degree program. Examples: courses with pre-college content and units devoted to thesis, project, or dissertation beyond minimum required units. (Effective May 30, 2016)

Course Repeats with Grade Points Averaged

1. Undergraduate and post-baccalaureate students may repeat a maximum of 28 units for graduation credit (including units repeated for Grade Forgiveness; excluding grades of "W"). After the pool of Grade Forgiveness units have been depleted or used to the fullest extent allowable, the repeat grade shall not replace the original grade. Instead grade points and units from all attempts shall be calculated in the student's SJSU cumulative GPA and overall GPA.
2. Graduate students may repeat a maximum of 9 units of upper division or graduate coursework for graduation credit.
3. Course repeats with Grade Points Averaged will be assigned automatically for all eligible courses as soon as a student registers. When the pool of available units that may be repeated for graduation credit is insufficient for the next repeated course, unused units may be applied to a future course of lower unit value or simply left unused in the pool. If a repeated course is dropped prior to the Drop Deadline or a "W" is recorded for a repeated course, then the Grade Averaged units return to the pool of available units.

Students who (1) have repeated the maximum allowable units, (2) are otherwise making appropriate progress to degree, and (3) still need to repeat courses to fulfill specific major or minor requirements necessary for graduation may petition for an exception to the 28-unit limit. Undergraduate Education and the Registrar's Office will administer the petition process. Any course(s) approved for repeating by this petition process will have Grade Points Averaged.

Duplicate Credit - Inadmissible Repeats

Unless a course is designated "Repeatable for Credit" in the catalog, repeating a course in which a "C or better" was earned on the first attempt is not admissible. This restriction applies whether the first attempt was at another institution and the second attempt at SJSU, or the reverse. Articulation agreements determine if the course at another institution is considered equivalent to an SJSU course. See the course-to-course articulation information.

If the "inadmissible repeat" (second attempt) is taken at SJSU before the transfer record from the first non-SJSU attempt is posted, the units and grade points will appear on the transcript and the grade will initially be calculated into the SJSU and All College grade point averages. Students should be aware that units completed and associated grade points cannot be earned for "inadmissible repeats" and will be removed at any time prior to graduation. The grade earned will be indicated on the student's record. Students should keep track of these units and not count them twice for graduation purposes.

This same restriction about duplicate credit applies to credit earned by AP, CLEP and IB exams that articulate to specific SJSU courses. See credit by exam articulation information. When an exam and a course duplicate credit, the exam credit shall be removed or reduced according to the amount of overlap (EO 1036).

Enrollment Limits and Excess Units

Enrollment limits for undergraduate students will be set on a semester-by-semester basis. Petitions and information are available at the Registrar's Office.

Maximum Unit Load

An undergraduate student who enrolls in 12 or more units is classified as full-time for the purposes of financial aid. An average unit load of at least 30 units per academic year (15 units per semester without summer or winter coursework) is required to complete an undergraduate degree in four years. Advising is essential to be able to complete a degree in a timely and efficient manner. Students with work or family responsibilities outside of school should consult with an advisor and plan their study loads appropriately.

The maximum load for graduate students is normally 16 semester units. Reasonable exceptions beyond this number of up to 18 units may be approved by the graduate advisor and department chair, for sufficient cause, but permission must also be garnered from the Associate Dean of Graduate Studies by means of the Graduate Petition for Excess Units. Loads beyond 18 units for graduate students are prohibited by the CSU. The Graduate Studies & Research Committee strongly recommends that graduate students carry no more than 12 units of 200-level work in any one semester. There is no official minimum load for graduate students other than for those who wish to receive financial assistance or other benefits.

Immigration and Customs Enforcement (ICE) regulations on international students require that undergraduates maintain full-time status of 12 semester units and graduate students 9 semester units, excluding summer in both cases. To appeal this regulation, go to International Student and Scholar Services (ISSS).

Transcript of Record

Transcript Requests

Current and former San José State students have several ways to order official and unofficial transcripts

- Current students should use their MySJSU Account.
- Former students must order from our vendor Parchment. You do not need your SJSU ID number to place an order.
- For an unofficial transcript, log into your MySJSU Account. See this tutorial. If you no longer have access to MySJSU, you must order an official transcript via Parchment.

Visit the Registrar's Office website, for more information on Transcripts.

Holds

Holds may be placed on your student records by campus departments for various reasons (e.g. fees, books, housing, equipment or documents).

General Transcript Regulations:

1. Transcripts are a complete record of all courses and/or degrees completed at San José State University. Transcripts do not include coursework completed at other institutions. Only the transferable units are reflected on transcripts under "Transfer Credit". Transcripts from high schools or other colleges cannot be duplicated.
2. For students who have undergraduate and post-baccalaureate or graduate coursework, please be aware that it is not possible to separate undergraduate coursework from post-baccalaureate or graduate coursework on the transcript. All careers will appear on the transcript as it is considered one official record.

3. Transcript requests are not accepted by fax or email.
4. We do not accept requests for unofficial transcripts. Unofficial transcripts can be obtained through your Student Center page on the MySJSU portal (current and newly graduated students only). If you need assistance with your MySJSU account, please contact the IT Help Desk via e-mail: itservicedesk@sjsu.edu. Former students who no longer have access to their MySJSU must order from Parchment.

Repetition of Courses

In accordance with University Policy, F08-2, undergraduate and post-baccalaureate students (regular enrollment and Open University) may repeat courses only if they earned grades lower than a "C" (including "WU", "IC", and "NC").

Special programs, such as credential programs, that are governed by external standards may require grades higher than a C. In courses specific to those programs, a course repeat may be permitted when the grade does not meet the necessary standard.

Graduate students may repeat courses only if they earned grades lower than a "B" (including "WU", "IC", and "NC").

Repeating a course with an Incomplete ("I") grade is not allowed; a grade must be assigned or the "I" must revert to an "IC" prior to repeating the course. Repeating a course with an "RP" is allowed, although the course instructor and individual departments should be consulted for their requirements in this regard.

The limits on course repetition apply only to units completed at SJSU.

1. See Repeating a Class for more information.
2. Courses designated "Repeatable for Credit" may be repeated even if the original grade was "C" or better.
3. The policies regarding repetition of courses with Grade Forgiveness or Grade Averaging apply only to courses taken and repeated at SJSU.

Verification of Unit Load

In verifying enrollments to the Veterans' Administration, scholarship boards and loan agencies, the university reports the total number of units enrolled as the official unit load for an undergraduate.

The definition of "full-time student" made by the United States Citizenship and Immigration Service (USCIS), Veterans Administration and other agencies may vary. Students who are concerned with their enrollment status are urged to contact the specific agency involved to determine its policies. Full veterans' subsistence payments require a course load of 12 weighted semester units for both graduate and undergraduate students. Graduate students from foreign countries who are in the U.S. on student visas must normally carry 9 semester units to maintain full-time student status, while undergraduate international students must carry 12 semester units to maintain the required full-time status.

Students may request verification of unit load from the Office of the Registrar located in the Student Services Center.

Grades

- Change of Grade
- Grade Appeals and Grade Assignments
- Grade Disputes and Grievances
- Grade Forgiveness
- Grading System
Letter Graded | Auditing | Credit/No Credit | Incomplete | Report Delayed | Report in Progress | Withdrawal
- Grading System for Graduate Work
- Timely Feedback on Class Assignments
- Unauthorized Repeats

Change of Grade

The basic principle underlying changes of grade is that all students be treated fairly and be given equal opportunities to demonstrate their academic learning and earn course grades representing that learning. Application of this criterion precludes the assignment of extra credit unless such assignments were made known and available to all students in the class. It further precludes reconsideration of an individual's graded work unless such opportunity for change of grade is made equally available to all students in the class.

Unless a reconsideration is applied fairly and equally for all students in a class, a change of grade request may be submitted only when there is an error in grading an assignment or course component or in the case of a clerical, computational, transcriptional, or other administrative error. The specific nature of the error shall be recorded on the form requesting the change of grade. Once approved, the original grade will be removed from the transcript, and the new (changed) grade will replace it.

A change of grade request must be submitted by the instructor directly to the Office of the Registrar in a timely fashion. Normally, such requests must be received by the drop deadline of the following Spring or Fall semester and will require the signatures of the instructor and the department chair. Further extension of this deadline will be considered only when there is documentation of the student's attempt(s) to contact both the instructor and the department chair, and the late submission of the change of grade is clearly beyond the student's control.

A change of grade request received after the drop deadline of the following Spring or Fall semester and within one calendar year after the posting of the grade requires the signature of the appropriate college Associate Dean in addition to those of the instructor and the department chair.

A change of grade request received more than one year after the posting of the grade will also require the approval of the Associate Dean for Undergraduate Education or Associate Dean for College of Graduate Studies, as appropriate.

If a request for a change of grade is approved by the instructor but denied at a subsequent level of review, a written explanation for the denial shall be provided to the student, the faculty member, and the department chair.

Grade Appeals and Grade Assignments

Student Fairness Dispute, University Policy S14-3

Assignment of Grades and Provisions for Appeals

The following principles support the minimum standards governing the assignment of grades and provisions for appeals (per CSU Executive Order 1037):

1. Faculty have the sole right and responsibility to provide careful evaluation and timely assignment of appropriate grades.
2. There is a presumption that grades assigned are correct. It is the responsibility of anyone appealing an assigned grade to demonstrate otherwise.
3. In the absence of compelling reasons, such as instructor or clerical error, prejudice or capriciousness, the grade assigned by the instructor of record is to be considered final.
4. Process for student appeal
 1. Students who believe that an appropriate grade has not been assigned should first seek to resolve the matter informally with the instructor of record (per Change of Grade section).
 2. If the matter cannot be resolved informally, the student may pursue a grade appeal and present his or her case to the Student Fairness Committee (according to University Policy S14-3, Student Fairness Dispute Resolution), have it reviewed and, where justified, receive a grade correction.
5. If the instructor of record does not assign a grade, or if he or she does not change an assigned grade when the necessity to do so has been established by appropriate campus procedures, it is the responsibility of other qualified faculty as determined by the appropriate campus entity. "Qualified faculty" means one or more persons with academic training comparable to the instructor of record who are presently on the faculty at that campus.
6. SJSU shall maintain and implement existing policy and procedures covering the assignment of grades and grade appeals that include the following provisions:
 1. The time and manner of reporting course grades including provisions for assuring that such grades have been assigned by the instructor of record.
 2. Circumstances under which the instructor of record may change a grade once assigned, and procedures for making such changes.
 3. A means for preliminary review of potential appeals that may resolve differences before initiation of formal proceedings.
 4. Grounds for which a grade appeal is permitted.
 5. One or more committees for hearing grade appeals that shall provide safeguards to assure due process for both student and instructor. Such committees shall include student membership. Student members shall not participate in assignment of grades.
 6. Procedures whereby grades are assigned by other qualified faculty in circumstances where the instructor of record does not do so, including those instances where a grade change is recommended by a grade appeals committee and the instructor of record does not carry out that recommendation.
 7. Specification of time limits for completion of various steps in the appeal process and of the time period during which an appeal may be brought.
 8. Description of the extent of the authority of the appeals committee(s), including provisions that clearly limit grade changes to instances where there is a finding that the grade was improperly assigned.
 9. Limitation of committee authority to actions that are consistent with other campus and system policies.
 10. A statement that there is a presumption that grades assigned are correct. Thus, the burden of proof rests with the individual who is appealing.
 11. Procedures for dealing with allegations of improper procedure.
 12. Assignment of authority to revise policies and procedures for grade appeals to the campus Academic Senate. The campus president is responsible for ensuring that such revisions conform to the principles and provisions of this executive order.
 13. Provision for annual reporting to the President and Academic Senate on the number and disposition of cases heard.

Integrity of the Academic Record

1. All grades reported at the end of each semester are final, unless changes have been made according to the provisions given above, or those of University Policy F08-2. Students are responsible for reviewing their

grades for accuracy before the beginning of the subsequent term. They are also responsible for verifying their transcripts for changes, e.g., from grade forgiveness, withdrawals, clearance of Incomplete grades, or clearance of Report Delayed (RD) grades.

2. A student who believes he or she has received a grade in error should contact the instructor to verify and, if appropriate, correct the grade. If an instructor is unavailable or absent during the subsequent semester, the student should promptly consult with the department chair about the grade in question. If the department chair is unable to contact the instructor, they shall notify the Associate Dean of the college in writing, requesting that an extension of the grade correction deadline be granted. The Associate Dean will then contact the Office of the Registrar if the request for an extension is deemed valid.
3. After a degree has been posted, no further adjustments can be made on the record except under extraordinary circumstances as determined by Undergraduate Education or College of Graduate Studies.

Grade Disputes and Grievances

What is a Grievance?

A grievance is an allegation of an unauthorized or unjustified act or decision by a faculty or staff or an administrative officer (hereafter referred to as university employee(s)), that in any way adversely affects the status, rights or privileges of a student.

What is a Grade Dispute?

There is a presumption that grades assigned are correct. It is the responsibility of anyone appealing an assigned grade to demonstrate otherwise (CSU Executive Order 1037).

We encourage you to contact the University Ombudsperson with questions or concerns related to a grievance or dispute. The Ombudsperson is a neutral, confidential, and impartial resource accessible to students, faculty, and staff.

For more information, please visit: www.sjsu.edu/ombudsperson.

Grade Forgiveness

Grade Forgiveness

Course Repeats with "Grade Forgiveness."

Grade Forgiveness is the circumstance in which the new grade replaces the former grade with respect to the calculation of GPA. The original grade remains on the transcript. The policy regarding repetition of courses with Grade Forgiveness applies only to courses taken and repeated at SJSU (as stated in University Policy F08-2).

1. Undergraduate and post-baccalaureate students may repeat a maximum of 16 units of total Grade Forgiveness, consisting of a combination of up to 9 units (maximum) of lower division (numbered 0-99) course work, and up to 9 units (maximum) of upper division (numbered 100-199) course work.
2. Graduate (numbered 200-299) course work is not eligible for Grade Forgiveness. Graduate students are not eligible for Grade Forgiveness, but may repeat up to 9 units of upper division or graduate course work through Grade Averaging.
3. Grade Forgiveness will be assigned automatically for all eligible courses as soon as a student registers. Eligible courses include those courses with earned grades lower than a "C" (including "WU", "IC"; but excluding "NC"). Once the pool of available units is insufficient for the next repeated course, unused units may be applied to a future course of lower unit value or simply left unused in the pool. If a repeated course is dropped prior to the Drop Deadline or a "W" is recorded for a repeated course, then the Grade Forgiveness units return to the pool of available lower division or upper division units, as appropriate.

4. To opt out of grade forgiveness: A student may petition to have a repeated course NOT be granted Grade Forgiveness. Such petitions must be submitted prior to the Census Date for the term in which the course is repeated. See www.sjsu.edu/ue/student-petitions/ for instructions and forms.
5. Students may repeat an individual course for Grade Forgiveness only once.
6. Grade Forgiveness shall not be applicable to courses for which the original grade was the result of a finding of academic dishonesty.

Grade Forgiveness that results in a higher GPA will not remove a prior academic standing.

Grading System for Undergraduate Courses - "Traditional Grade Rules"

SJSU does not mail grades. Grades from Spring 1991 to the present are available at MySJSU (Search "MySJSU" in the Search Bar at One.SJSU.edu). SJSU ID and Password required.

Visit the Registrar's website for more information on official transcript requests.

Letter Graded - "Graded" or "Normal Grade Rules"

The grading policy of SJSU provides that A, B, C, D, F, shall be the basic grading system and shall apply to all coursework acceptable toward a degree program except for those courses in which it is mandatory or permissible that Credit/No Credit grades be used. To determine a student's standing, whether "good," probationary, or disqualified, quality of performance and progress toward degree completion are considered based on units attempted, grade points earned, and grade point average (GPA). The scholarship average is based on courses in which letter grades are earned (the total number of grade points divided by the number of units in letter-graded courses). Grade points are assigned as follows.

Grade	Points Per Unit
A+, A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7
D+	1.3
D	1.0
D-	0.7

F 0.0

WU, NC, CR, I, IC, AU, W, WB, RP 0.0

The grades of "CR," "NC," "AU" (audit), "I," "W," "WB," and "RP" (report in progress) receive no grade points and the units are not considered in computing grade point average. A plus or minus sign following a grade of "A," "B," "C," or "D" will affect the grade points allowed as indicated in the table. A grade of "A+" cannot exceed 4.0 grade points per California Code of Regulations, Title 5, Division 5, Chapter 1, Subchapter 2, Article 2, 40104.

Undergraduate and post-baccalaureate students must maintain an SJSU Cumulative GPA of 2.0 or better (calculated by dividing grade points (GP) by units graded (UG)). See Disqualification and Probation for Undergraduate and Post-baccalaureate students.

Auditing a Class - "AU"

An auditor must be officially enrolled in the course. Enrollment as an auditor is subject to permission of the instructor provided there is space available in the course. Auditors are subject to the same fee structure as credit students, and regular class attendance is expected. Once enrolled as an auditor, a student may not change to credit status unless such a change is requested no later than the last day to add classes in that term. A student who is enrolled for credit may not change to audit after the last day to add classes in that term.

Credit/No Credit - "CR/NC"

Credit/No Credit (CR/NC) - Elective (Undergraduates Only)

An upper-division (Junior or Senior) student shall have the option of taking a maximum of 12 semester units on the basis of Credit/No Credit for courses under the basic letter grade system, as long as the units are not in the major or minor, or in support of, preparation for or prerequisite to the major or minor, or for General Education. Eligible students may choose this option by turning in the CR/NC Option Form, by the add deadline. Students may accumulate a maximum of 60 semester units of Credit/No Credit grades toward a baccalaureate degree.

In addition to turning in the CR/NC Option form, you must have officially added the class. For undergraduate courses: Credit = A, A-, B+, B, B-, C+, C, C-; No Credit = D+, D, D-, F, IC, WU.

Credit/No Credit (CR/NC) - Mandatory

"CR/NC" grades are mandatory for thesis and remedial course work. It is also normally used in projects, field work, internships, individual studies, or directed reading. As recommended by departments and approved by the college dean, credit/no credit grades may be used in activity and laboratory courses, workshops, and selected seminars (colloquia). Students may accumulate a maximum of 60 semester units of Credit/No Credit grades toward a baccalaureate degree (excluding any remedial coursework). A maximum of 30 percent of the units required in a graduate degree can be credit/no credit (e.g., 10 units in a 30-unit program). In accordance with University Policy F18-5:

For undergraduate courses: Credit = A, A-, B+, B, B-, C+, C, C-; No Credit = D+, D, D-, F, IC, WU.

For graduate courses: Credit = A, A-, B+, B, B-; No Credit = C+, C, C-, D+, D, D-, F, IC, WU

Incomplete - "I/IC"

The symbol "I" (Incomplete Authorized) indicates that a portion of required coursework has not been completed and evaluated in the prescribed time period due to unforeseen, but fully justified, reasons and that there is still a possibility of earning credit. The instructor needs to create an incomplete grade agreement for the student when an "I" grade is assigned.

The student cannot re-enroll in the course until the course is completed or lapsed to "IC" (Incomplete Charged) which calculates as an F for GPA or an "NC" for non-traditionally graded courses. It is the student's responsibility to bring pertinent information to the attention of the instructor (regarding the unforeseen reason(s) for requesting an Incomplete) and to determine from the instructor the remaining course requirements that must be satisfied to remove the Incomplete.

In addition, the student must accept the incomplete agreement in a timely manner. See the Incomplete Grade Agreement guide [pdf] on how to review and accept the incomplete agreement. A final grade is assigned when the work agreed upon has been completed and evaluated. Clearing an incomplete grade does not permit retaking previously completed portions of the course, nor does it permit the assignment of additional graded work (e.g., extra credit) that was not available to other students in the class.

An "I" must be made up by the specified deadline in the agreement or within one calendar year following the end of the term in which it was assigned, whichever comes first. If students need more time to finish all required coursework beyond the specified Deadline for Completion in the agreement, they need to contact the instructor to request an extension. The maximum time for completion is two years from the semester in which the Incomplete grade was assigned; requests to extend the deadline beyond two years will be denied. This limitation prevails whether or not the student maintains continuous enrollment.

Failure to complete the assigned work will result in an "I" being converted to an "IC" symbol, or an "NC" for non-traditionally graded courses, unless the faculty member assigns a "grade without further work" at the time the Incomplete is assigned, which would replace the "I" in the student's record after the deadline specified in the Incomplete Agreement.

Report Delayed - "RD"

The "RD" symbol may be used where a delay in the reporting of a grade is due to circumstances beyond the control of the student. The symbol may be assigned by the registrar only and, if assigned, shall be replaced by a substantive grading symbol as soon as possible.

Report in Progress - "RP"

The "RP" symbol is used in connection with courses that typically extend beyond one academic term. It indicates that work is in progress, but that assignment of a final grade must await the completion of additional work. Work is to be completed within one year except for graduate degree projects and theses (supervised courses, e.g., 298 & 299 courses), which have a two-year time limit. Failure to complete the assigned work for an "RP" grade will result in an automatic grade change to an "NC" grade unless a request for an extension has been made and approved.

A final grade will be assigned to all segments of the course based on overall quality. Any extension of this time period must receive prior authorization from the instructor and department chair or school director.

Note: RP grades earned through the Early Start Program between Summer 2012 and Summer 2018 mean that the Early Start requirement was satisfied, but remediation was not completed. These RP grades do not need to be replaced and may appear on a student's final transcript.

Withdrawal - "W"

The symbol "W" on the official transcript indicates that the student was permitted to withdraw from the course after the drop deadline for the term with the approval of the appropriate campus administrator. It carries no connotation of quality of student performance and is not used in calculating grade point average or progress points. However, there are limits on the number of allowable units of "W" on the official transcript. Undergraduate students may withdraw from no more than 18 units. Post-baccalaureate students may withdraw from no more than 12 units. Graduate students may withdraw from no more than 9 units. Exceptions to these unit limits are granted when the cause of withdrawal is due to circumstances clearly beyond the student's control, and the assignment of an Incomplete is not practicable. Such exceptions are designated "WB" for internal processing of drops and withdrawals, and will revert to "W" on the transcript (University Policy S09-7). The grading symbols "WA" (withdrawals granted only during the first 80% of the term for serious and compelling reasons) and "WB" (withdrawals granted anytime during the term, or retroactively after the term, for serious and compelling reasons due to circumstances clearly beyond the student's control) do not appear on the transcript. Instead, "WA" and "WB" grades both show as "W" grades on the transcript.

Undergraduates may download the appropriate petition (course drop or withdrawal from all courses forms). Graduate Students may download the Course Drop/Semester Withdrawal petition.

Withdrawal Unauthorized - "WU"

The symbol "WU" indicates that an enrolled student did not officially withdraw from the course and also failed to complete course requirements. It is used when, in the opinion of the instructor, completed assignments, course activities, or both were insufficient to make a normal evaluation of academic performance possible. For purposes of grade point average and progress point computation this symbol is equivalent to an "F."

Grading System for Graduate Work

Traditional letter grades are used for all courses taken by graduate students except for field work, thesis, project, individual study, and internship courses, which are usually graded Credit/No Credit or Credit/No Credit/Report in Progress. Incomplete grades are not permitted for thesis or project courses, and Credit may not be given for a thesis or project course before completion of the coursework. Graduate students do not have the option of choosing between the traditional or non-traditional grading system. **A grade of Credit in a graduate-level course indicates performance by the student equal to a letter grade of "B-" or above.**

The cumulative GPA for the master's degree (3.0 minimum) includes all letter-graded work in 100-level or 200-level courses completed within the preceding seven years and for which the student received graduate credit, excluding transfer courses taken at another institution and those taken as an undergraduate at SJSU. Both the cumulative GPA and GPA of all of the course grades on the student's candidacy form, with the exception of non-Open University transfer courses, must be at least at the 3.0 level. Both the cumulative GPA and the GPA of all courses on the candidacy form must be a minimum of 3.0.

The cumulative GPA of the graduate student is computed by dividing the total number of grade points earned by the total number of graded units attempted at SJSU, excluding Open University courses that are not counted as degree requirements, after enrollment in the graduate school.

Timely Feedback on Class Assignments

In accordance with Students' Rights to Timely Feedback on Class Assignments, University Policy F13-1, every student has the right to know, within a reasonable time, his or her academic test scores, to review his or her papers and examinations, and to be provided with an explanation of the determination of his or her course grade.

With changing pedagogical perspectives and increasing use of technology, instructors give a much wider range of assignment types - presentations, online discussion, group projects, etc. - and students should be granted the same expectation for feedback on all assignments within a reasonable period as with papers, tests, and examinations.

Unauthorized Repeats

Students are not permitted to repeat courses in which they originally received a "C" or better, regardless of where they took the course originally. However, if this happens, units and grade points for the repeated courses cannot be counted for graduation credit. While the units and grade points may appear on the transcript and the grade may be calculated into the GPA, such units and grade points for repeated courses will be subtracted when the student applies for graduation or when discovered and brought to the attention of the Registrar's Office.

Failure to complete by the deadline, the instructor entered into the agreement, the "I" grade will convert to the grade indicated in the "Grade Without Further Work" section of the agreement. If no grade is indicated, the "I" grade will lapse to an "IC", which is a failing grade **or an "NC" for non-traditionally graded courses.**

CSU Tuition Fees Policies

- Refund of Tuition and Mandatory Fees, Including Non-Resident Tuition
- Fees and Debts Owed to the University
- Nonresident Students (U.S. and Foreign) Tuition
- Determination of Residency for Tuition Purposes
- Average Support Cost Per Full-Time Equivalent Student and Sources of Funds
- Cancellation of Registration or Withdrawal from the University
- Fee Waivers and Exemptions - CSU Systemwide
- Nonresident Alien Tax Assessment
- Dishonored Checks
- Establishment or Abolishment of Campus-Based Mandatory Fees
- Voluntary

Refund of Tuition and Mandatory Fees, Including Non-Resident Tuition

Regulations governing the refund of tuition and mandatory fees, including nonresident tuition, for students enrolling at the California State University (CSU) are included in Section 41802 of Title 5, *California Code of Regulations*. For purposes of the refund policy, mandatory fees are defined as those systemwide and campus fees that are required to be paid in order to enroll in state-supported academic programs at the CSU. Refunds of fees and tuition charges for self-support, special session, and Professional and Continuing Education (PaCE) programs or courses at the CSU are governed by a separate policy established by the University, available in the Fees & Payment page for Professional Education.

To receive a full refund of tuition and mandatory fees, including nonresident tuition, less an administrative charge established by the university, a student must cancel registration or drop all courses before the first day of instruction for the term. Information on procedures and deadlines for canceling registration and dropping classes is available on the Bursar's Office website.

For state-supported semesters, quarters, and non-standard terms or courses of four weeks or more, a student who withdraws during the term in accordance with the university's established procedures or drops all courses before the university-designated drop period will receive a refund of tuition and mandatory fees, including nonresident tuition, based on the portion of the term during which the student was enrolled. No student withdrawing after the 60 percent point in the term will be entitled to a refund of any mandatory fees or nonresident tuition.

A student who, within the university-designated drop period and in accordance with university procedures, drops units resulting in a lower tuition and/or mandatory fee obligation shall be entitled to a refund of applicable tuition and mandatory fees less an administrative charge established by the university.

For state-supported non-standard terms or courses of less than four (4) weeks, no refunds of tuition and mandatory fees, including nonresident tuition, will be made unless a student cancels registration or drops all classes, in accordance with the university's established procedures and deadlines, before the first day of instruction for state-supported non-standard terms or courses or before the first meeting for courses of less than four (4) weeks.

Students will also receive a refund of tuition and mandatory fees, including nonresident tuition, under the following circumstances:

- The tuition and fees were assessed or collected in error;
- The course for which the tuition and fees were assessed or collected was canceled by the university;

- The university made a delayed decision that the student was not eligible to enroll in the term for which tuition and mandatory fees were assessed and collected, and the delayed decision was not due to incomplete or inaccurate information provided by the student; or
- The student was activated for compulsory military service.

Students who are not entitled to a refund as described above may petition the Bursar's Office for a refund demonstrating exceptional circumstances, and the chief financial officer of the university or designee may authorize a refund if they determine that the university did not earn the fees and tuition.

Information concerning any aspect of the refund of fees may be obtained from the Bursar's Office, Student Services Center, 408-924-1601 or via e-mail at bursar@sjsu.edu.

Parking Permit Refunds

Parking permits can be returned for a prorated refund minus an administrative fee. No returns are accepted during the last month of each semester. More information can be found at the Parking Services website.

Fees and Debts Owed to the Institution

Should a student or former student fail to pay a fee or a debt owed to the institution, including tuition and student charges, the institution may "withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing a debt" until the debt is paid (see Title 5, California Code of Regulations, Sections 42380 and 42381).

Prospective students who register for courses offered by the university are obligated to pay the charges and fees associated with registration for those courses. Failure to cancel registration in any course for an academic term before the first day of the academic term gives rise to an obligation to pay student charges and fees, including any tuition for reserving space in the course.

The institution may withhold permission to register or other services offered by the institution from anyone owing fees or another debt to the institution. The institution may also report the debt to a credit bureau, offset the amount due against any future state tax refunds due the student, refer the debt to an outside collection agency, and/or charge the student actual and reasonable collection costs, including reasonable attorney fees if litigation is necessary, in collecting any amount not paid when due.

The institution may not withhold an official transcript of grades from anyone owing fees or another debt to the institution (see Title 1.6C.7 (commencing with Section 1788.90) Part 4 of Division 3 of the Civil Code). The institution can still charge a fee to issue transcripts pursuant to published transcript processing fees.

If a person believes they do not owe all or part of an asserted unpaid obligation, that person may contact the Bursar's Office. The Bursar's Office, to which the business office may refer the person, will review all pertinent information provided by the person and available to the university and will advise the person of its conclusions.

Failure to pay total registration fees when due or to clear any debt by the given deadline may result in an additional administrative fee or past-due hold in a student's financial account, preventing students from adding classes or receiving a diploma.

Nonresident Students (U.S. and International) Tuition

Nonresident Tuition (in addition to basic tuition fees and other systemwide fees charged all students): \$396 per unit each semester. The number of units taken will determine the total nonresident tuition paid per term.

Exemption from Non-Resident Tuition for Certain Students

If you attended high school in California for at least three full years and graduated or earned an equivalent, you may be eligible for resident tuition. Students must file an affidavit with the CSU campus stating that they have filed an application with USCIS to legalize their immigration status or will do so as soon as they are eligible. You will need to show proof of attendance and graduation.

Determination of Residency for Tuition Purposes

University requirements for establishing residency for tuition purposes are independent from residency requirements for other purposes, such as for tax purposes or other state or institutional residency. These regulations were promulgated not to determine whether a student is a resident or nonresident of California, but rather to determine whether a student qualifies to pay university fees at the in-state or out-of-state rate. A resident for tuition purposes meets the requirements described in the Uniform Student Residency Requirements. These laws governing residency for tuition purposes at the California State University are California Education Code sections 68000-68086, 68120- 68133, and 89705-89707.5, and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41900- 41915. This material can be viewed by accessing the California State University Residency website.

Each CSU's Admissions Office/Registrar's Office is responsible for determining the residency status of that university's new and returning students based, as applicable, on the student's Application for Admission, Residency Questionnaire, and, as necessary, other information the student furnishes. A student who fails to provide sufficient information to establish resident status will be classified as a nonresident.

Residency Requirements

Initial Determination: Eligible Immigration Status, Physical Presence and Intent

A student seeking to pay in-state tuition at a California State University (CSU) as a first-time freshman, transfer, or post-baccalaureate/graduate student must have an eligible immigration status to establish residency (see **Eligible Immigration Information**), meet physical presence by the Residence Determination Date, and demonstrate intent to indefinitely remain in the State of California for more than one year immediately preceding the Residence Determination Date. If the student is under the age of 19 (with limited exceptions), the student's residence status is derived from that of the parent or the legal guardian.

Requirements for Residency for Tuition Purposes

Eligible Immigration Status

A student seeking to pay in-state tuition at a California State University (CSU) as a first-time freshman, transfer, or post-baccalaureate/graduate student must have an eligible immigration status to establish residency. Therefore, the student must be a United States citizen, a permanent resident (Green Card holder), or hold an eligible visa status (all eligible visas can be found at www.calstate.edu/residency).

Students in the category of Deferred Action for Childhood Arrivals (DACA) or Temporary Protected Status (TPS) are also eligible to establish residency for tuition purposes. Also, students adjusting their immigration status, such as asylum, may qualify for residency depending on where they are in the application process.

Most nonimmigrant visa holders, such as an F-1 or J-1, are not eligible to establish California residency for tuition purposes. Students with a visa or without an immigration status should contact the university Admissions Office.

If a student does not qualify as a California resident, the student may be eligible for certain exceptions and exemptions, such as California Nonresident Tuition Exemption, commonly known as AB 540. Nonresident students (including US citizens, permanent residents, and undocumented individuals, including students with a T visa U visa, DACA, Humanitarian Parole (certain countries), Special Immigrant Juvenile, asylum, refugee, or Temporary Protected Status) may be exempted from paying nonresident tuition. Students seeking the AB 540 Exemption must satisfy attendance and graduation/transfer requirements from a California school (e.g., K-12, adult school, and community college).

Physical Presence

The student or parent/guardian must be physically present in California for more than one year immediately preceding the Residence Determination Date in which enrollment is contemplated. For example, if a student plans to attend the CSU for the Fall 2024 academic term, and the Residence Determination Date for that term is September 20, 2024, the student must establish a physical presence in California no later than September 19, 2023.

Residency Determination Dates

CSU Semester Term

Fall	September 20
Winter	January 5
Spring	January 25
Summer	June 1

CalState TEACH

Fall	September 20
Spring	January 5
Summer	June 1

Intent

California law stipulates the burden of proof rests with the student, and merely living in California for a year does not support a claim for residency for tuition purposes. The student, or in some cases a parent or legal guardian, must demonstrate intent to remain indefinitely in the state for more than one year immediately preceding the Residence Determination Date (RDD) and sever all residential ties with the former state or country of residence. If the student is under the age of 19, the student's residence status is derived from that of the parent or legal guardian unless an exception applies. There must be sufficient documentation to demonstrate that intent was established more than one year (a minimum of one year and one day) before the RDD.

Documents must include the student's name, California address, and a date at least one year and one day prior or on the RDD for the term. For students under the age of 19, documents must be in the parent or legal guardian's name unless an exception applies. Also, a parent or legal guardian's immigration status does not preclude a student from establishing residency; therefore, the parent or legal guardian is not required to provide any immigration documents to demonstrate intent.

Evidence demonstrating intent to remain in the State of California indefinitely may vary from case to case but will include, and is not necessarily limited to, the absence of residential ties to any other state, California voter registration and history of actually voting in California elections, maintaining California vehicle registration and driver's license,

maintaining active California bank accounts, filing California income tax returns and listing a California address on federal tax returns, owning residential property or occupying or renting a residence where permanent belongings are kept, maintaining active memberships in California professional or social organizations, and maintaining a permanent military address and home of record in California. For a complete list of acceptable supporting documents, please visit www.calstate.edu/residency under Intent.

Residency Exceptions and Exemptions

Students not classified as California residents for tuition purposes may qualify for an exception or an exemption from payment of nonresident tuition. Exceptions to the general residency requirements are contained in California Education Code sections 68070-68086 and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41906- 41906.6, 41910. Whether or not an exception applies to a particular student can only be determined after submitting application for admission and, as necessary, additional supporting documentation. Because neither the university nor the Chancellor's Office staff may give legal advice, applicants are strongly urged to review the material and consult with a legal advisor. Residency application deadlines and determination dates are found on the Office of the Registrar's Residency website.

Reclassification - Financial Independence (only applies to continuing students)

A student classified as a nonresident for a prior term may seek reclassification in any subsequent term; however, reclassification requires that, in addition to satisfying the requirements of physical presence and intent to remain indefinitely in the state, the student must also satisfy the requirement of financial independence as outlined in Title 5 CCR § 41905.5. To do so, the student must contact the appropriate person in the university Admissions Office and complete a Residency Questionnaire Form and provide supporting documents.

41905.5 Residence Reclassification - Financial Independence Requirement

- Any nonresident student requesting reclassification to resident for tuition purposes must demonstrate financial independence.
- Student has not and will not be claimed as an exemption for state and federal tax purposes by their parent in the calendar year the reclassification application is made and in any of the three calendar years before the reclassification application.
- Student has not and will not receive more than seven hundred fifty dollars (\$750) per year in financial assistance from their parent in the calendar year the reclassification application is made and in any of the three calendar years before the reclassification application.
- Student has not lived and will not live for more than six weeks in their parent's home during the calendar year the reclassification application is made and in any of the three calendar years before the reclassification application.
- Note: Students who receive a government scholarship and/or financial assistance should be viewed the same as state and federal financial aid and athletics grants-in-aid; and should not be counted as parental support.
- Effective Fall 2020 academic term, if the student meets at least one of the following criteria, the student does not have to meet the financial independence requirement. Student must provide the university Admissions Office supporting documents (e.g., state income tax returns, court documents, marriage certificate, military order form) that demonstrate they meet the criteria.
 - Dependent on a parent who has California residence for more than one year immediately preceding the residence determination date;
 - Enrolled in a graduate or postbaccalaureate program, regardless of age;
 - Turned 24 years of age by the residence determination date;
 - Married or registered domestic partner as of the residence determination date;
 - Active duty members serving in the U.S Armed Forces;
 - Veteran of the U.S. Armed Forces;
 - Legal dependent other than spouse or registered domestic partner;

- Former ward of the court, foster youth or both parents are deceased
- Declared by a court to be an emancipated minor; or
- Unaccompanied youth who is homeless or at risk of becoming homeless.

Residency Appeals

A student classified as a nonresident may appeal a final university decision within 30 days of notification by the university. Appeals will be accepted only if at least one of the following criteria applies:

1. The decision was based on:
 - a. A significant error of fact by the university;
 - b. A significant procedural error by the university; or
 - c. An incorrect application of the law which, if corrected would require that the student be reclassified as a California resident; and/or
 - d. Significant new information, not previously known or available to the student, became available after the date of the university decision classifying the student as a nonresident and based on the new information, the classification as a nonresident is incorrect.

Instructions to submit an appeal and additional information can be found on the California Residency for Tuition Purposes website.

Appeals via email, fax and U.S. mail will not be accepted. A student with a documented disability who is requesting accommodation to submit an appeal through the California State University (CSU) website should contact Student Affairs and Enrollment Management at residencyappeals@calstate.edu.

The Office of the Chancellor will either decide the appeal or send the matter back to the university for further review.

A student incorrectly classified as a resident or incorrectly granted an exception from nonresident tuition is subject to reclassification as a nonresident or withdrawal of the exception and subject to payment of nonresident tuition in arrears. If incorrect classification results from false or concealed facts, the student may also be subject to discipline pursuant to Section 41301 of Title 5 of the California Code of Regulations. A student previously classified as a resident or previously granted an exception is required to immediately notify the Admissions Office if the student has reason to believe that the student no longer qualifies as a resident or no longer meets the criteria for an exception.

Changes may have been made in the rate of nonresident tuition and in the statutes and regulations governing residency for tuition purposes in California between the time this information is published and the relevant residency determination date. Students are urged to review the statutes and regulations stated above.

Average Support Cost Per Full-Time Equivalent Student and Sources of Funds

The total support cost per full-time equivalent student (FTES) includes the expenditures for current operations, including payments made to students in the form of financial aid, and all fully reimbursed programs contained in state appropriations. The average support cost is determined by dividing the total cost by the number of FTES. The total CSU 2023-24 budget amounts were \$4,988,6754,000 from state General Fund (GF) appropriations, \$2,459,737,000, from gross tuition revenue, and \$707,090,000 from other fee revenues for a total of \$8,155,501,000. The 2023-24 resident FTES target is 387,114 and the nonresident FTES based on past-year actual is 20,907 for a total of 408,021 FTES. The GF appropriation is applicable to resident students only whereas fee revenues are collected from resident and nonresident students. FTES is derived by dividing the total student credit units attempted by a fixed amount depending on academic level (e.g., 30 for a semester university and 45 for a quarter university, the figures that define a full-time undergraduate or postbaccalaureate student's academic load).

Average Cost 2023-24	Amount	Average Cost per FTES	Percentage
State Appropriation (GF) 1	\$ 4,988,674,000	\$ 12,887	61.2%
Gross Tuition Revenue 2	\$ 2,459,737,000	\$ 6,028	30.1%
Other Fees Revenue 2	\$ 707,090,000	\$ 1,733	8.7%
Total Support Cost	\$ 8,155,501,000	\$ 20,648	100%

1. Represents state GF appropriation in the Budget Act of 2023-24; GF is divisible by resident students only (387,114 FTES).
2. Represents CSU Operating Fund, gross tuition and other fees revenue amounts submitted in university September 2023-24 final budgets. Revenues are divisible by resident and nonresident students (408,021 FTES).

The 2023-24 average support cost per FTES based on GF appropriation and tuition fee revenue only is \$18,915 and \$20,648, which includes all fee revenue (e.g., tuition fees, application fees, and campus mandatory fees) in the CSU Operating Fund. Of this amount, the average tuition and other fee revenue per FTES is \$7,761.

The average CSU 2023-24 academic year, resident, undergraduate student basic tuition and other mandatory fees required to apply to, enroll in, or attend the university is \$7,622 (\$5,742 tuition fee plus \$1,880 average campus-based fees). However, the costs paid by individual students will vary depending on the university, program, and whether a student is part-time, full-time, resident, or nonresident.

Cancellation of Registration or Withdrawal from the University

Students who find it necessary to cancel their registration or withdraw from all classes after enrolling for any academic term must follow the university's official withdrawal procedures. Failure to follow formal university procedures may result in an obligation to pay fees, the assignment of failing grades in all courses, and the need to apply for readmission before being permitted to enroll in another academic term. Information on canceling registration and withdrawal procedures is available from the Office of the Registrar.

Students who receive financial aid funds must consult with the Financial Aid and Scholarships Office before withdrawing from the university regarding any required return or repayment of grant or loan assistance received for that academic term or payment period. If a recipient of student financial aid funds withdraws from the institution during an academic term or a payment period, the amount of grant or loan assistance received may be subject to return and/or repayment provisions.

For further information, consult www.sjsu.edu/bursar and www.sjsu.edu/faso.

Fee Waivers and Exemptions - CSU Systemwide

The California Education Code provides for the waiver of mandatory systemwide tuition fees as summarized below:

Section 66025.3(a) - Dependent eligible to receive assistance under Article 2 of Chapter 4 of Division 4 of the Military and Veterans Code; child of any veteran of the United States military who has a service-connected disability, has been killed in service, or has died of a service-connected disability, and meets specified income provisions; dependent, or surviving spouse who has not remarried of any member of the California National Guard who, in the line of duty, and while in the active service of the state, was killed, died of a disability or permanently disabled as a result of an event that occurred while in the active service of the state, and any undergraduate student who is a

recipient of a Medal of Honor, or an undergraduate student who is a child of a recipient of a Medal of Honor who is 27 years old or younger, who meets the income restriction and California residency requirement.

Section 66025.3(b) - Current or former foster youth who is 25 years of age or younger; has been in foster care for at least 12 consecutive months after reaching 10 years of age; meet any of the following:

- i. Is under a current foster care placement order by the juvenile court;
- ii. Was under a foster care placement order by the juvenile court upon reaching 18 years of age;
or
- iii. Was adopted, or entered guardianship, from foster care; The current or former foster youth needs to complete and submits the Free Application for Federal Student Aid (FAFSA);
- iv. Maintains a minimum grade point average and meets other conditions necessary to be in good standing at the university; and meet the financial need requirements established for Cal Grant A awards under Chapter 1.7 (commencing with Section 69430) of Part 42.

The waiver of mandatory systemwide tuition and fees under this section applies only to a person determined to be a resident of California pursuant to Chapter 1 (commencing with Section 68000) of Part 41 of the California Education Code.

Section 66602 - A qualifying student from the California State University (CSU) who is appointed by the Governor to serve as Trustee of the California State University (CSU) for the duration of the student member's term of office.

Section 68120 - Surviving spouse or child of a deceased California resident who was employed by a public agency or was a contractor, or an employee of a contractor, performing services for a public agency, or was a firefighter employed by the federal government whose duty assignment involved the performance of firefighting services in this state. The deceased person's principal duties consisted of active law enforcement service or active fire suppression and prevention, and was killed in the performance of active law enforcement or active fire suppression and prevention duties (referred to as Alan Pattee Scholarships). Additionally, a person who qualifies for the waiver under this section as a surviving child of a contractor, or of an employee of a contractor, who performed services for a public agency, must be enrolled as an undergraduate student at California State University and meet the applicable income restriction requirement with supporting documentation (i.e. student's income, including the value of parent support, does not exceed the maximum household income and asset level for an applicant for a Cal Grant B award).

Section 68120.3 - Surviving spouse (until January 1, 2033) or surviving child (until attaining the age of 30) of a deceased California resident who was a licensed physician or licensed nurse employed by or under contract with a health facility regulated and licensed by the State Department of Public Health to provide medical services, or a first responder employed to provide emergency services as described in Section 8562 of the Government Code. The deceased person's principal duties consisted of providing medical services or emergency services during the COVID-19 pandemic state of emergency (started March 4, 2020, until the Governor lifts the state of emergency), and the deceased person died of COVID-19 during the COVID-19 pandemic state of emergency. The person who qualifies for this waiver must enroll as an undergraduate student at a CSU, was a resident of California during the COVID-19 pandemic state of emergency, and the annual income (including the value of parent's support) does not exceed the maximum household income and asset level for an applicant for a Cal Grant A award, as set forth in Section 69432.7.

Section 68121 - A qualifying undergraduate student (until attaining the age of 30) who is the surviving dependent of any individual killed in the September 11, 2001, terrorist attacks on the World Trade Center in New York City, the Pentagon building in Washington, D.C., or the crash of United Airlines Flight 93 in southwestern Pennsylvania, if the student meets the financial need requirements set forth in Government Code Section 69432.7 for the Cal Grant A Program and either the surviving dependent or the individual killed in the attacks was a resident of California on September 11, 2001.

Section 69000 - A California resident who has been exonerated, as that term is defined in Section 3007.05 of the Penal Code; completes and submits the FAFSA; and meets the financial need requirements established for Cal Grant

A awards. The student's mandatory systemwide tuition and fees waived pursuant to this subdivision shall not have in excess of the equivalent of six years of full-time attendance in an undergraduate program.

Students who may qualify for the above benefits should contact the Admissions/Registrar's Office for further information and/or an eligibility determination.

The California Education Code provides for the following nonresident tuition exemptions as summarized below:

Section 68075 - A student who is a member of the Armed Forces of the United States stationed in this state, except a member of the Armed Forces assigned for educational purposes to a state-supported institution of higher education, is entitled to resident classification only for the purpose of determining the amount of tuition and fees. If that member of the Armed Forces of the United States who is in attendance at an institution is thereafter transferred on military orders to a place outside this state where the member continues to serve in the Armed Forces of the United States, the member shall not lose the member's resident classification so long as the member remains continuously enrolled at that institution.

Section 68075.7 - A nonresident student is exempt from paying nonresident tuition or any other fee that is exclusively applicable to nonresident students if the student:

- Resides in California;
- Meets the definition of "covered individual" as defined in Section 3679(c)(2) of Title 38 of the United States Code; or
- Is eligible for education benefits under the federal Montgomery GI Bill-Active Duty program (Chapter 30 (commencing with Section 3001) of Title 38 of the United States Code), the Veterans Readiness and Employment program (Chapter 31 (commencing with Section 3100) of Title 38 of the United States Code), the Post-9/11 GI Bill program (Chapter 33 (commencing with Section 3301) of Title 38 of the United States Code), or the Survivors' and Dependents' Educational Assistance program (Chapter 35 (commencing with Section 3500) of Title 38 of the United States Code), as each read on January 5, 2022.

Section 68122 - A student who is a victim of trafficking, domestic violence, and other serious crimes who has been granted a status under Section 1101(a)(15)(T)(i) or (ii), or Section 1101(a)(15)(U)(i) or (ii), of Title 8 of the United States Code, shall be exempt from paying nonresident tuition to the same extent as individuals who are admitted to the United States as refugees under Section 1157 of Title 8 of the United States Code.

Section 68130.5 - A nonresident student, other than a person excluded from the term "immigrant" for purposes of the federal Immigration and Nationality Act (8 U.S.C. Sec. 1101), pursuant to paragraph (15) of subsection (a) of Section 1101 of Title 8 of the United States Code, shall be exempt from paying nonresident tuition if the student meets the requirements of (1) through (4), below.

1. Satisfaction of the requirements of either subparagraph (A) or subparagraph (B).
 - a. A total attendance of, or attainment of credits earned while in California equivalent to, three or more years of full-time attendance or attainment of credits at any of the following:
 - i. California high schools;
 - ii. California high schools established by the State Board of Education;
 - iii. California adult schools established by a county office of education, a unified school district or high school district, or the Department of Corrections and Rehabilitation (subject to the class hours' requirement);
 - iv. Campuses of the California Community Colleges (subject to the credit requirements); or

- v. A combination of those schools set forth in clauses (i) to (iv), inclusive.
 - b. Three or more years of full-time high school coursework in California, and a total of three or more years of attendance in California elementary schools, California secondary schools, or a combination of both.
2. Satisfaction of any of the following:
 1. Graduation from a California high school or attainment of the equivalent thereof;
 2. Attainment of an associate degree from a campus of the California Community Colleges; or
 3. Fulfillment of the minimum transfer requirements established for the California State University for students transferring from a campus of the California Community College.
 2. Registration as an entering student at, or current enrollment at, an accredited institution of higher education in California not earlier than the fall semester or quarter of the 2001-02 academic year.
 3. In the case of a person without lawful immigration status, the filing of an affidavit with the institution of higher education stating that the student has filed an application to legalize the student's immigration status or will file an application as soon as the student is eligible to do so.

Nonresident Alien Tax Assessment

International students and scholars receiving payments from San José State University must comply with all federal and state tax reporting responsibilities. The Internal Revenue Service requires that SJSU comply with specific federal tax withholding and reporting regulations when making payments to nonresident aliens. Non-U.S. citizens will be required to complete a Foreign National Information Form to assist in the determination of tax residency and applicable tax withholding liability. Payments affected by these IRS rules include, but are not limited to: compensation, wages, honoraria, consulting fees, scholarships, fellowships, stipends, and some reimbursements for travel and other expenses. Questions regarding nonresident alien tax assessment can be addressed by contacting the Human Resources Service Group at 408-924-2250.

Dishonored Checks

An individual is not officially enrolled until the university has received full payment of fees. The university has not received payment if the bank subsequently dishonors personal checks or eChecks.

Individuals paying registration fees by personal check or ACH (Automated Clearing House) are hereby notified if their check is dishonored by the bank for any reason, the registration is subject to cancellation. A \$25 fee for the first returned check and \$35 thereafter is charged. An additional administrative fee may be charged. All dishonored checks must be paid with money order, cashier check or cash.

Procedure for the Establishment or Abolishment of Campus-Based Mandatory Fees

The law governing the California State University provides that specific campus fees defined as mandatory, such as a student body association fee and a student body center fee, may be established. A student body association fee must be established upon a favorable vote of two-thirds of the students voting in an election held for this purpose (Education Code, Section 89300). The university president may adjust the student body association fee only after the fee adjustment has been approved by a majority of students voting in a referendum established for that purpose. The required fee shall be subject to referendum at any time upon the presentation of a petition to the university president

containing the signatures of 10 percent of the regularly enrolled students at the university. Student body association fees support various cultural and recreational programs, childcare centers, and special student support programs. A student body center fee must be established upon a favorable vote of two-thirds of the students voting in an election held for this purpose (Education Code, Section 89304). Once bonds are issued, the authority to set and adjust student body center fees is governed by provisions of the State University Revenue Bond Act of 1947, including, but not limited to, Education Code sections 90012, 90027, and 90068. A student success fee may be established or adjusted only after the university undertakes a rigorous consultation process and a fee referendum is held with a simple majority favorable vote (Education Code, Section 89712). The student success fee may be rescinded by a majority vote of the students only after six years have elapsed following the vote to implement the fee.

The process of establishing and adjusting other campus-based mandatory fees requires consideration by the campus fee advisory committee and a consultation or student referendum process as established by California State University Student Tuition and Fee Policy, Sections III & IV (or any successor policy). The university president may use consultation mechanisms if they determine that a referendum is not the best mechanism to achieve appropriate and meaningful consultation. A referendum is not required by the Education Code or Student Success Fee policy. The results of the referendum and the fee committee review are advisory to the university president. The president may adjust campus-based mandatory fees but must send a request to the chancellor to establish a new mandatory fee. The president shall provide the campus fee advisory committee a report of all campus-based mandatory fees. The university shall report a complete inventory of all campus-based mandatory fees annually to the chancellor.

For more information or questions, please contact the System Budget Office in the CSU Chancellor's Office at 562-951-4560.

Voluntary

The CSU Board of Trustees established a voluntary student fee, the Student Involvement and Representation Fee (SIRF), which went into effect in the fall 2015 term. This is charged to all students unless they choose to opt out of the fee, which can be done via the student portal. The fee amount is \$2.00 per term. For more information, please visit the California State Student Association (CSSA) website at www.csustudents.org.

Registration Fees

Course Load Classifications

Audit enrollment does not yield unit load credit for other than fee purposes. Financial aid recipients must enroll at least half-time to qualify for payment from most campus-awarded funds. Payments will be prorated for full-time, three-quarter-time, half-time, and less-than-half-time enrollment in some limited cases. Payments to unclassified graduate students and graduate credential candidates will be based on the credit totals defined for undergraduate students.

Undergraduate Classifications

All undergraduates are classified as full- or part-time by credit totals:

Fall/Spring Semesters

- Full Time = 12.0 or more units
- Three Quarter (³/₄) Time = 8.0-12.0 units
- Greater Than Half (¹/₂) Time = 6.1-7.5 units
- Less than Half (¹/₂) Time = 4.0-6.0 units
- Quarter (¹/₄) Time = 1.0-3.0 unit(s)

Summer Semester

5 Week Session

- Full Time = 3.5 or more units
- Three Quarter (³/₄) Time = 3.0 units
- Half (¹/₂) Time = 2.0-2.5 units
- Quarter (¹/₄) Time = 1.0-1.5 unit(s)

10 Week Session

- Full Time = 7.0 or more units
- Three Quarter (³/₄) Time = 5.5-6.0 units
- Half (¹/₂) Time = 4.0-5.0 units
- Quarter (¹/₄) Time = 1.0-3.5 unit(s)

Notes:

- During the fall/spring/summer terms these classifications also apply to post-baccalaureate unclassified students, 2nd bachelor's students, and credential students.
- International students enrolled in 12 units are classified as full-time during fall/spring/summer.
- Veterans should refer to the Veterans Benefits Overview website for additional classification information for Veterans and Vocational Rehabilitation and Employment benefits.
- Financial Aid applicants should contact the Financial Aid Office for eligible enrollment level.

Graduate Classifications

Post-baccalaureate students enrolled for 4 or more credits of coursework applicable to a graduate program are classified as full-time or part-time according to the unit totals shown below.

Fall/Spring Semesters

- Full Time = 8.0 or more units
- Three Quarter (3/4) Time = 6.0-7.5 units
- Greater Than Half (1/2) Time = 4.5-5.5 units
- Less than Half (1/2) Time = 2.5-4.0 units
- Quarter (1/4) Time = 1.0-2.0 unit(s)

Summer Semester

5 Week Session

- Full Time = 1.5 or more units
- Three Quarter (3/4) Time = 1.0 unit
- Half (1/2) Time = *not available*
- Quarter (1/4) Time = 0.5 unit

10 Week Session

- Full Time = 3.0 or more units
- Three Quarter (3/4) Time = 2.5 units
- Half (1/2) Time = 2.0 units
- Less than Half (1/2) Time = 1.5 units
- Quarter (1/4) Time = 1.0 unit

Notes:

- International classified graduate students enrolled in 8 units are considered full-time and unclassified graduate students enrolled in 12 units are considered full-time students during fall/spring/summer.
- Veterans should refer to the Veterans Benefits Overview website for additional classification information for Veterans and Vocational Rehabilitation and Employment benefits.

2023-24 Schedule of Tuition Fees

The CSU makes every effort to keep student costs to a minimum. Tuition and fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU reserves the right, even after tuition or fees are initially charged or initial payments are made, to increase or modify any listed tuition fees. All listed fees, other than mandatory systemwide tuition, are subject to change without notice, until the date when instruction for a particular semester or quarter has begun. All CSU-listed tuition and fees should be regarded as **estimates** that are subject to change upon approval by the Board of Trustees, the Chancellor, or the Presidents, as appropriate. Changes in mandatory systemwide tuition will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 through 66028.6 of the California Education Code).

The following reflects applicable systemwide tuition and fees for semester campuses for undergraduate, credential, graduate, postbaccalaureate, and doctoral programs.

These rates are subject to change.

All Students

Application fee (nonrefundable), payable online at the time of application via credit card or PayPal: \$70

Mandatory systemwide tuition is waived for those individuals who qualify for such exemption under the provisions of the California Education Code (see section on fee waivers).

Students are charged campus fees in addition to tuition and systemwide fees. Information on campus fees can be found by contacting the individual CSUs.

Credit Cards:

Visa, MasterCard, American Express and Discover credit cards may be used for payment of student tuition and fees but may be subject to a non-refundable credit card processing fee.

2023-24 Basic Tuition Cost Per Semester

Units	Per Semester	Per Academic Year
Undergraduate Tuition		
6.1 or more units	\$2,871	\$5,742
0 to 6.0 units	\$1,665	\$3,330
Credential Program Tuition		
6.1 or more units	\$3,330	\$6,660
0 to 6.0 units	\$1,932	\$3,864
Graduate or Other/Post baccalaureate Tuition		
6.1 or more units	\$3,588	\$7,176
0 to 6.0 units	\$2,082	\$4,164

2023-24 Doctorate Tuition *

	Units	Per Semester	Per Academic Year
Audiology	All Students	\$7,371	\$14,742
Education	All Students	\$5,919	\$11,838
Nursing Practice	All Students	\$7,635	\$15,270
Occupational Therapy	All Students	\$8,598	\$17,196
Physical Therapy	All Students	\$8,598	\$17,196

Public Health	All Students	\$9,450	\$18,900
----------------------	--------------	---------	----------

*Applicable term tuition applies for campuses with special terms, as determined by the campus. Total college year tuition cannot exceed the academic year plus summer term tuition. The summer term tuition for the education doctorate at quarter campuses is equal to the per semester tuition listed in the table. Total tuition for the education doctorate over the college year equals the per academic year tuition plus the per semester tuition for the summer term at all CSU campuses.

2023-24 Graduate Business Professional Fee

	Per Semester
Charge Per Unit	\$270

For students pursuing the MBA or MS Accountancy degrees, the graduate business professional fee is paid on a per unit basis in addition to applicable systemwide tuition and campus fees for specific graduate business programs authorized to assess the fee. A list of academic programs authorized to assess the fee can be found on the CSU Tuition website.

Nonresident Students (U.S. and Foreign)

Nonresident tuition (in addition to basic tuition and other systemwide fees charged all students) for all CSUs:

2023-24 Nonresident Students (U.S. and Foreign)

	Per Semester
Charge Per Unit	\$396

Adding classes will increase the balance on the student account for non-resident students, so check your account after adding classes. The total nonresident tuition paid per term will be determined by the number of units taken.

Mandatory systemwide tuition is waived for those individuals who qualify for such exemption under the provisions of the California Education Code (see section on fee waivers).

Students are charged campus fees in addition to tuition and systemwide fees. Information on campus fees can be found by contacting the individual CSUs.

Mandatory Campus Fees Per Semester

Students are charged campus fees in addition to tuition fees and other systemwide fees.

Fee Type	Total Fee
Student Association	\$105.50
Student Union	\$412.00

Health Center Operations	\$190.00
Health Center Facility Fee	\$38.00
Document Fee	\$18.00
Student Success Excel Tech Fee	\$631.50
Subtotal (Campus Fees)	\$1,125.00

Note: These fees do not include the \$2.00 optional Student Involvement and Representation Fee (SIRF).

Fees and dates subject to change without notice.

Estimated Semester Totals - California Residents

Units	Semester Estimate
Undergraduate	
6.1 - or more units	\$3,996.00
1.0 - 6.0 units	\$2,790.00
Teacher Credential	
6.1 - or more units	\$4,408.50
1.0 - 6.0 units	\$3,010.50
Graduate/Postbaccalaureate	
6.1 - or more units	\$4,713.00
1.0 - 6.0 units	\$3,207.00
Doctorate (Education)	
1.0 or more	\$7,044.00
Doctorate (Nursing)	
1.0 or more	\$8,760.00
Doctorate (Audiology)	

1.0 or more	\$8,496.00
Doctorate (Occupational Therapy)	
1.0 or more	\$9,723.00

2024-25 Schedule of Tuition and Fees

The CSU makes every effort to keep student costs to a minimum. Tuition and fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU reserves the right, even after tuition or fees are initially charged or initial payments are made, to increase or modify any listed tuition fees. All listed fees, other than mandatory systemwide tuition, are subject to change without notice, until the date when instruction for a particular semester or quarter has begun. All CSU-listed tuition and fees should be regarded as **estimates** that are subject to change upon approval by the Board of Trustees, the Chancellor, or the Presidents, as appropriate. Changes in mandatory systemwide tuition will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 through 66028.6 of the California Education Code).

The following reflects applicable systemwide tuition and fees for semester campuses for undergraduate, credential, graduate, postbaccalaureate, and doctoral programs.

These rates are subject to change.

All Students

Application fee (nonrefundable), payable online at the time of application via credit card or PayPal: \$70

Mandatory systemwide tuition is waived for those individuals who qualify for such exemption under the provisions of the California Education Code (see section on fee waivers).

Students are charged campus fees in addition to tuition and systemwide fees. Information on campus fees can be found by contacting the individual CSUs.

Credit Cards:

Visa, MasterCard, American Express and Discover credit cards may be used for payment of student tuition and fees but may be subject to a non-refundable credit card processing fee.

2024-25 Basic Tuition

Units	Per Semester	Per Academic Year
Undergraduate Tuition		
6.1 or more units	\$3,042	\$6,084
0 to 6.0 units	\$1,764	\$3,528
Credential Program Tuition		

6.1 or more units	\$3,531	\$7,062
0 to 6.0 units	\$2,049	\$4,098
Graduate/Post Baccalaureate Tuition		
6.1 or more units	\$3,804	\$7,608
0 to 6.0 units	\$2,208	\$4,416

2024-25 Doctorate Tuition*

	Units	Per Semester	Per Academic Year
Audiology	All Students	\$7,812	\$15,624
Education	All Students	\$6,273	\$12,546
Nursing Practice	All Students	\$8,094	\$16,188
Occupational Therapy	All Students	\$9,114	\$18,228
Physical Therapy	All Students	\$9,114	\$18,228
Public Health	All Students	\$9,450	\$18,900

*Applicable term tuition applies for universities with special terms, as determined by the university. Total college year tuition cannot exceed the academic year plus summer term tuition. The summer term tuition for the education doctorate at quarter universities is equal to the per semester tuition listed in the table. Total tuition for the education doctorate over the college year equals the per academic year tuition plus the per semester tuition for the summer term at all CSUs.

2024-25 Graduate Business Professional Fee

	Per Semester
Charge Per Unit	\$285

For students pursuing the MBA or MS Accountancy degrees, the graduate business professional fee is paid on a per unit basis in addition to basic tuition and campus fees for specific graduate business programs authorized to assess the fee. A list of academic programs authorized to assess the fee can be found on the CSU Tuition website.

Nonresident Students (U.S. and Foreign)

Nonresident tuition (in addition to basic tuition and other systemwide fees charged all students) for all CSUs:

2024-25 Nonresident Students (U.S. and Foreign)

	Per Semester
Charge Per Unit	\$420

Adding classes will increase the balance on the student account for non-resident students, so check your account after adding classes. The total nonresident tuition paid per term will be determined by the number of units taken.

Mandatory systemwide tuition is waived for those individuals who qualify for such exemption under the provisions of the California Education Code (see section on fee waivers).

Students are charged campus fees in addition to tuition and systemwide fees. Information on campus fees can be found by contacting the individual CSUs.

Mandatory Campus Fees Per Semester

1.0 or more	\$9,723.00

Billing

SJSU does not issue bills. To see the amount of fees owed in MySJSU (One.SJSU.edu), after you register for classes, go to: Student Center> Scroll down to Finances> Account Inquiry > Charges Due (tab). Due dates are posted within 24 hours after class registration. It is the student's responsibility to make payments by the stated deadline - failure to pay fees by the due date or making a partial payment may result in all classes being dropped. The university does not automatically drop classes after the census. If you are on a waitlist, please check your account daily since enrollment in waitlisted classes may result in additional fees owed.

Changing your unit load from 6.0 units to 6.1 or more, will result in additional fees being charged. Check your MySJSU account for your payment due date.

Parking Fees

A variety of parking permits of varying pricing and duration are available for sale through Parking Online Services. For more information, please visit Parking Services, e-mail parking@sjsu.edu, or call 408-924-6556.

Nonresident Tuition Exemptions (AB 540)

If you attended high school in California for at least three full years and graduated or earned an equivalent, you may be eligible for resident tuition. Students must file an affidavit with SJSU stating that they have filed an application with INS to legalize their immigration status or will do so as soon as they are eligible. You will need to show proof of attendance and graduation.

On October 11, 2001, Governor Gray Davis signed Assembly Bill 540 (now Education Code Section 68130.5) creating a new exemption from nonresident tuition for any student who meets ALL of the following criteria:

- a. attended high school in California for 3 or more years;
- b. graduated from a California high school or attained the equivalent;
- c. is registered at, or attending an accredited institution of higher education in California not earlier than Fall 2001; and
- d. if a student without lawful immigration status files an affidavit with the campus stating that he or she has applied to legalize immigration status (using INS form I-130, Petition for Alien Relative) or will do so as soon as he or she is eligible.

See Exemption FAQs for additional information.

Registration Late Fees

Students eligible for participation in advance registration who do not register	\$25
Registration after add deadline through census	\$45
Post Census Late Enrollment Fee	\$200

Those exempt from the late fee(s) prior to enrollment census date are:

- Students enrolled in the Step to College program
- Graduate students who cannot enroll in lower division classes during Advance Registration.

Late Registration

If you add classes during the Late Registration period which change your unit load from 6.0 units to 6.1 or less, additional tuition fees will be due. Review your account via MySJSU (one.sjsu.edu) to find the amount due and the payment deadline. Billing statements are not issued.

Registration - Deferrals and Waivers

In order to receive a tuition fee deferral, your financial aid file must be complete and all requested documents submitted. Check your "To Do" list at MySJSU for requested documents. Once you have submitted all requested documents, a fee deferral will be assigned to your record to hold your classes and delay the payment of registration tuition fees while your financial aid process is completed. To prevent enrollment cancellation, it is your responsibility to submit all requested documents prior to the scheduled tuition fee payment deadline. Be sure to monitor your account at MySJSU for file status changes and "To Do" items.

Important! Financial Aid fee deferrals are temporary and are issued once all requested financial aid documents are submitted. A financial aid fee deferral holds classes and delays the payment of enrollment fees while the financial aid process is completed. To prevent enrollment cancellation, it is the student's responsibility to submit all requested financial aid documents prior to the scheduled fee payment deadline. The financial aid fee deferral does not cover housing charges.

If your tuition fees are to be paid by a third party (i.e. employer, government agency, college savings plan, or foreign embassy), documents must be on file before your payment deadline authorizing the university to bill the agency for your fees. Authorization may be given in person, mailed or faxed to the Bursar's Office at 408-924-1654. If documentation is not received by your payment due date, classes may be dropped.

When financial aid or the amount to be paid by a third party is less than the amount due, you must pay the difference owed.

Federal regulations prevent the university from deducting parking permit charges from financial aid. Financial aid recipients must pay for parking permits separately.

Payment Deadlines - Registration

Check the Bursar's Office website for the latest registration payment deadlines and due dates.

If students do not pay the amount due by the payment due date(s), all classes may be dropped. Note: We do not automatically drop classes after census. Students wishing to partially drop or withdraw from all classes must do so by following the university policies and procedures.

Returned check/ACH payments - 1st time	\$25
Returned check/ACH payments - after 1st time	\$35

For more information

408-924-1601
www.sjsu.edu/bursar/

Installment Payment Plans (IPPs)

The university offers payment plans to assist students in making their payments over a period of time. The university now offers two payment plans, one for tuition and non-resident fees, and one for housing only.

- Tuition fees only payment plan. Sign-up for this plan if you need a monthly payment plan for tuition fees.
- Housing only payment plan. Sign-up for this plan if you need a monthly payment for housing charges.

Sign-up for both plans if you need a monthly payment plan for both tuition and fees, and housing charges.

To enroll in the installment plan, login to MySJSU, navigate to Self service > Student Center > scroll to Finance section > Payment Plans and Account Services. See Bursar's Office for more detailed information on payment plans.

Installment Type	Non-Refundable Processing Fee
Installment Payment Plan (IPP) for tuition and fees	\$35

Installment Payment Plan (IPP) for housing	\$35
--	------

Payment Plan Features

Mandatory campus fees are not included in either payment plan. The initial payment includes campus mandatory fees, optional SIRF fee, First Day Solutions charges and miscellaneous class fees.

Loan, Short Term

Short Term loans are available through the Bursar's Office to assist students with expenses over and above tuition, fees and housing. Short term loans are not intended for paying your student account, as they are funds that you borrow against your account, to be paid back during the semester.

To be eligible, you must:

- Be current on any outstanding debts to the university
- Must have sufficient financial aid or be gainfully employed
- Must be enrolled in at least half-time (six undergraduate or four graduate units).

Selective Service-Eligibility for Aid

The federal Military Selective Service Act (the "Act") requires most males residing in the United States to present themselves for registration with the Selective Service System within thirty days of their eighteenth birthday. Most males between the ages of 18 and 25 must be registered. Males born after December 31, 1959 may be required to submit a statement of compliance with the Act and regulations in order to receive any grant, loan or work assistance under specified provisions of existing federal law. In California, students subject to the Act who fail to register are also ineligible to receive any need-based student grants funded by the state or a public postsecondary institution.

Selective Service registration forms are available at any U.S. Post Office, and many high schools have a staff member or teacher appointed as a Selective Service registrar. Applicants for financial aid can also request that information provided on the Free Application for Federal Student Aid (FAFSA) be used to register them with the Selective Service. Information on the Selective Service System is available and the registration process may be initiated online.

Refunds - Registration

A 100% refund of basic and/or non-resident fees will be given to students who drop all classes or withdraw from the university no later than one day before classes begin. Refundable fees include basic registration fees, non-resident fees, course fees and the miscellaneous SJSU fees. See the Pro-Rata Refund Schedule for detailed information on refund percentages at www.sjsu.edu/bursar.

Students who drop units resulting in a lower fee structure and/or mandatory fee obligation will be entitled to a refund of applicable tuition and mandatory fees up to the end of the designated SJSU Late Registration drop period. There are no refunds for individual course drops after this date. See the Pro-Rata Refund Schedule for detailed information on refund percentages at www.sjsu.edu/bursar.

Financial Aid Students

When students who are receiving financial aid withdraw, the unearned portion of federal and state funds must be returned to the appropriate fund. Financial aid eligibility will be recalculated according to a federal formula. Since funds are based on attendance for the entire semester, financial aid must be recalculated on the actual number of days attended.

For All Students

See Bursar's Office for specific refund details.

Special Session and Open University students

Consult Professional & Global Engagement for specific refund policies.

Non-Resident

If a student completely withdraws or there is a reduction in units, any adjustments to the non-resident tuition is based on the transaction date according to the refund schedule as noted above.

Refunds - Parking Permits

Parking permits can be returned for a prorated refund (which adjusts weekly) minus a \$10 administrative fee. No returns are accepted during the last month of each semester.

For questions or additional information, please contact Parking Services at 408-924-6556 or via email at parking@sjsu.edu.

All refunds are processed at Parking Services, located in the University Police Building.

Alternative Enrollment Programs

- Dual Enrollment Program

e-Learning

San José State University delivers distance education courses via Web-based learning management systems and resources. These courses are offered by individual departments in regular and special sessions.

Intrasystem and Intersystem Enrollment Programs

Fully matriculated students enrolled at any CSU have access to courses at other CSUs on a space-available basis unless those universities/programs are impacted. This access is offered without students being required to be admitted formally to the host university and, in most cases, without paying additional fees. Students should consult their home university academic advisors to determine how such courses may apply to their specific degree programs before enrolling at the host university.

There are two programs for enrollment within the CSU and one for enrollment between CSU and the University of California or California Community Colleges. Additional information about these programs is available from the Registrar's Office concurrent enrollment website.

Due to impaction, SJSU will no longer accept any incoming students until further notice.

CSU Fully Online Courses - CourseMatch and AB386

Matriculated students in good standing may request enrollment in one course per term offered by a CSU host university. Enrollment requests will be granted based on available space, as well as completion of any stated prerequisites. Credit earned at the host university is electronically reported to the student's home university to be included on the student's transcript at the home university. Courses completed via the CSU Fully Online Courses program are treated as units completed in residence.

CSU Visitor Enrollment

Matriculated students in good standing enrolled at one CSU may enroll at another CSU for one term. Credit earned at the host university is reported at the student's request to the home university to be included on the student's transcript at the home university.

Intersystem Cross Enrollment

Matriculated CSU, UC or community college undergraduate students may enroll on a "space available" basis for one course per term at another CSU, UC, or community college and request that a transcript of record be sent to the home university. This program is not available to graduate students.

Dual Enrollment Program

SJSU sponsors a low-cost concurrent enrollment program for area high school students to earn college credit. Students must have permission from their school principal and meet all SJSU course prerequisites, including placement exams. For applications and more information, visit Undergraduate Education - Dual Enrollment.

Open University

Open University is not available to matriculated students.

Open University allows students to earn degree units from SJSU or to take noncredit or Continuing Education Unit programs.

- Fall schedule available online in July.
- Spring schedule available online in December.

For more information go to Open University website.

Professional Education

408-924-2670
professionaled@sjsu.edu

Summer Session

Summer Session offers both matriculated and non-matriculated students the opportunity to enroll in summer classes at San José State University. The program offers hundreds of courses to choose from across three sessions. Schedule policy, procedures and course information are available in April. For more information, see the Summer Session website,

Professional Education

408-924-2670
professionaled@sjsu.edu

Winter Session

Winter Session offers both matriculated and non-matriculated students the opportunity to earn up to four units in three weeks during SJSU's winter intersession. The program allows students to complete graduation requirements, enroll in highly sought after classes, and advance towards their degree. For more information, see the Winter Session website.

Professional Education

408-924-2670
professionaled@sjsu.edu

Professional Degree Programs Offered Through Special Session

Professional degree programs offered through Special Session offer unique opportunities to both traditional students and working professionals to earn graduate degrees and certificates on an alternate/flexible schedule, often online and/or off campus. For more information, see Professional Education website.

Professional Education

408-924-2670
professionaled@sjsu.edu

Registration Fees, Payments and Refunds

Caution!

- Fees are subject to change without notice.
- You are responsible for keeping your MySJSU and email address (which can be accessed through the one.SJSU.edu portal) account current.
- If a check or eCheck is dishonored by the bank for any reason, including keying errors for e-checks, your registration is subject to cancellation.
- Any delinquent outstanding charges owed to the university will be submitted to the Franchise Tax Board for tax refund offset.

All payments apply to the oldest balance on your account. For example, if you are making a registration payment and you have a housing balance with an earlier due date, the payment will apply to the housing charges first. Keep your account current to avoid the possibility of enrollment cancellation.

When you register, your MySJSU will show the balance due and due date. Fees are payable by the due date(s) and must be posted to your account before or on the due date to avoid enrollment cancellation. Please see acceptable methods of payment and payment plan options on the Bursar's Office website.

Failure to pay fees by the due date will result in enrollment cancellation and all classes will be dropped. Note: Classes are not automatically dropped after census. Students wishing to partially drop or withdraw from all classes must do so by following the university policies and procedures.

Final Examination Policy

- Time Frame for Culminating Activities
- Exceptions to Time Frame for Culminating Activities
- Circumstances in which students may request the rescheduling of a culminating activity
- Oversight of Culminating Activities

In accordance with University Policy S17-1, faculty members are required to have a culminating activity for their courses, which can include a final examination, a final research paper or project, a final creative work or performance, a final portfolio of work, or other appropriate assignment. Supervision, internship and individual study courses are not required to have a culminating activity. Visit the Class Schedules Calendar for a detailed listing of the latest term's final exam schedule.

Time Frame for Culminating Activities:

In the case where there is to be a timed, sit down final examination or an online synchronous final, it must occur during the scheduled final examination time for that course. The required submission date and time for take-home examinations, final papers or other culminating activities must fall no earlier than the beginning of the scheduled final examination time for the course. Online asynchronous final exams are to be treated like take-home exams. Final exams shall not be given, nor culminating activities due, during regularly scheduled class periods or on "Study/Conference Day."

Exceptions to Time Frame for Culminating Activities:

Exceptions for the above time frame are justified in the following circumstances:

- Performance courses in which it is impractical to examine each student individually in the time period assigned for final examinations; e.g. performance courses in theater arts, music, or athletics.
- Other such circumstances as approved by the chair with notification and rationale to be provided to the dean.

Circumstances in which students may request the rescheduling of a culminating activity:

- a. A student may request the rescheduling of a culminating activity if there is a verifiable emergency.
- b. A student may request the rescheduling of a culminating activity if three or more are scheduled/due within a 24-hour period. Requests must be made at least three weeks prior to the last class meeting of the semester.
 - If one of the three or more culminating activities scheduled for the same day is a paper or project, the deadline for the paper/project will be moved to a mutually agreeable time within the final examination period.
 - If three or more finals are scheduled on the same day, the student may request an alternative exam date and/or time from any one of the instructors.
 - The final exam makeup day may be used for rescheduled exams.
- c. Regarding a and b above: if a student and instructor are unable to reach agreement on rescheduling, the chair will first be consulted. If no agreement can be found through the department chair, the dean (or designee) will be consulted.
- d. Graduate students should refer to the section on Master's Examinations - Finals.

Oversight of Culminating Activities

The department chairperson will oversee culminating activities (examinations; portfolios; research or creative projects) in a manner that assures that the rules for culminating activities are followed. If a dispute arises, the dean (or designee) will be consulted.

Leaves of Absence and Withdrawal

-
-
-

One Semester Leaves

Students who have attended at least one semester as matriculated students and who are in good academic standing or on academic notice may choose to be voluntarily absent from the university ("stop out" or not enroll) for one semester (Fall or Spring) without submission of a leave-of-absence petition or any penalty. A student must return the semester following a stop-out semester and continue their enrollment as a matriculated student unless the stop-out semester is immediately followed by an approved leave of absence. If a student does not return in the semester following the one semester stop-out, application for re-admission for the next available admission term is required. If the student is in disqualified status or was disenrolled the previous semester for nonpayment of fees, they can neither apply for a leave of absence nor enroll after the initial absent semester without application for re-admission.

The exception to this rule is that graduate students who have completed all degree requirements except their culminating experience and who either have an RP grade in a project or thesis course or will be taking comprehensive exams may not stop out but must maintain continuous enrollment (see University Policy S17-5). They can do so by taking a 1-unit special session course designed for this purpose. Students should consult their Colleges and Departments or their majors to determine the course to take (1290R). Also consult the section entitled Thesis and Project Work - RP Status. At this stage of the graduate student career, leaves of absence other than medical or military duty will rarely be permitted.

Students who are members of an academic cohort may be restricted by their respective departments or schools in the duration of their leaves. Thus one-semester leaves may not be possible if it is necessary for course enrollment to join a future cohort, which usually would start after one academic year. The individual program director or graduate advisor of the cohort program should be consulted before and after an absence to determine the semester of eligibility to return.

Leaves of Absence

By University Policy S15-3, a formal leave of absence for undergraduate or graduate students in the first or subsequent semesters for medical, care-giving, military service, personal hardship, or educational reasons may be requested by submission of the fully signed and documented Leave of Absence Petition. Submission to the Registrar's Office must precede the leave period except in cases of retroactive leaves. Leaves can be 1-4 semesters in length (with some exceptions). If a stop-out semester is taken prior to the formal leave, that semester counts in the 4-semester maximum period. Following the leave period, re-enrollment is required to avoid application for re-admission. An early return from leave must be accompanied by written notice to the Registrar's Office. Students granted a leave are guaranteed a return to their department even if it is or becomes a program restricting the number of applicants.

Graduate students are eligible for all leaves of absence except when finished with all degree requirements other than their culminating experience (thesis, project, and/or comprehensive exam plus any other components required of the major). At that point, neither stopping out (voluntary absence for a semester) nor financial leaves are permissible and students must register for 1 unit of University Studies (UNVS) 1290R or a Departmental 1290R (Thesis/Project Supervision) through special session every semester until graduation (See Thesis and Project Work - RP Status) to maintain continuous enrollment (see University Policy S17-5). During this stage of a graduate student's career, leaves of absence for any reason beyond medical or military shall be precluded except under rare circumstances.

Time Limits

Course expiration, as per long-standing SJSU practice, (10 years on undergraduate courses and 7 years on graduate courses) shall remain in effect even for students who have taken leaves of absence. Upon a student's return, the student's catalog rights shall pertain to his or her most recent admission date. Graduate students - see the Graduate Policies & Procedures - Time Limits section for more information on time limits.

Types of Leaves

Documentation and a personal statement are always required (though see certain limitations below). Supporting memos from faculty advisors or mentors may be included but are optional, except in the case of educational leaves.

First-Semester Leaves of Absence

These leaves, which are to be awarded sparingly, are for matriculated students exclusively. Therefore, the student must have been admitted into the university rather than merely applying for admission. Any conditions or provisions imposed on admission status that are still in effect shall carry over to the semester of re-enrollment following the leave.

International Student Leaves

International students in F-1 and J-1 status must be enrolled in a full course of study (12 units for undergraduate students; 9 units for graduate students) for two semesters annually (summer and winter breaks not included). International students are eligible for leaves of absence only when authorized by International Student and Scholar Services (ISSS). Lack of enrollment for any reason other than prevention of the ability to pursue one's studies by severe medical circumstances shall result in the student having to leave the US. If the student is able to return from abroad at the expiration of the leave period, he or she shall derive the benefits of having had the formal leave, such as avoiding the readmission process. However, other restrictions, such as in the ability to work within the US, may be imposed by federal immigration regulations. International students in need of a leave of absence must first speak with an international student advisor. Walk-in advising is available at ISSS in Student Union-PGE.

International students may not take a leave of absence and must remain in the United States except for documented medical reasons. International students must be enrolled in a full course of study (12 units for UGRD and 9 units for GRAD) for two semesters annually. Winter and Summer registration are not required. If you have further questions, please contact the International Student and Scholar Services at international-office@sjsu.edu.

Medical Leaves

These leaves (including physical and mental health leaves) must be supported by submission of the Treating Healthcare Professional's Verification of Medical Condition Form. Details of the medical condition or the type of healthcare professional consulted should not be included, only that there is a medical condition that justifies the leave and is supported by a State-certified healthcare professional's authorization with respect to both the severity of the medical condition and the period of need for a leave, as given by means of the Treating Healthcare Professional's Verification of Medical Condition Form. A semester of pregnancy, maternity, or paternity leave (beyond the first stop-out semester) is acceptable.

Planned Student Educational Leaves

An Educational Leave permits a student to be absent from regular attendance for one or more terms while maintaining continuing enrollment status. Applicants must have an intention to return to formal study within a

specified period and a plan for how the time is to be spent. There must be a clear educational objective for award of the leave. At least one supporting letter from an advisor, mentor, or chair from SJSU as well as the consent of the associate dean of the college is also necessary.

The opportunity to apply for such leave is available to all non-international students except those attending their first semester and those in disqualified status.

Leave arrangements must be made in advance with the department in which the student is majoring. Undergraduate students in undeclared status will make leave arrangements with the Exploratory Student Success Center in Administration Building 150. Graduate students will make leave arrangements with the graduate program coordinator in their department.

Primary Caregiver Leaves

In most cases, a healthcare professional's certification of need for the care must be included by submission of the Treating Healthcare Professional's Verification of Medical Condition Form, as indicated above.

Personal Leaves

Personal Hardship Leave

This category encompasses a variety of social or financial insecurities, including, but not limited to, financial hardship, temporary job relocation, increased work hours in order to maintain employment, or housing insecurity. A personal statement of understanding is required and must include objectives to resolve the personal insecurity to be able to return successfully to one's studies.

International Military Service

For international students called to active military duty, leave requests must be supported by a copy of the military orders. Such leaves may not exceed four consecutive semesters.

Retroactive Leaves of Absence

Retroactive leaves may be granted for up to two semesters after the semester of the student's last enrollment, excluding summer and winter sessions. These leaves shall modify the enrollment status retroactively. After two semesters, the student will be required to reapply and be subject to current application deadlines.

U.S. Military Deployment Leaves

Federal law requires that campuses establish and maintain a policy to accommodate students called to serve on active duty in the Armed Forces of the United States. This policy outlines California State University (CSU) campus responsibilities and student rights established by state and federal law.

CSU campuses shall maintain a policy that ensures that students who are members of the Armed Forces are:

- Accommodated if they are temporarily unavailable to attend classes due to military service, or
- Are promptly readmitted to the institution if they must suspend their enrollment due to military service.
- As provided for in the Higher Education Opportunity Act of 2008^[2], students who were previously admitted to the CSU campus but who did not attend, or who attended then left the CSU campus to serve in the Armed Forces of the United States for a period of 30 days or more will be allowed to return to the same program

with the same standing they had when they left. Students returning from military leave shall not be required to submit a new application for admission.

- Students currently serving in the US Armed Forces (particularly those in the Reserve or National Guard) may be called to active duty or be required to fulfill reserve military obligations for periods shorter than 30 days. In recognition of the fact that such service is mandated by state or federal government authorities, absences for these duties shall be considered "excused absences" and shall be accommodated by the CSU campus. This means that the student shall not be penalized for the absence.

Please find the full policy here regarding Military Short Term Leaves, Long Term Leaves, and Readmissions for Military Leaves.

Withdrawal from the University

Students may withdraw officially from all courses through the day before the Census date without academic penalty (no "W" grade on academic record). Please see registration calendar. Students who have compelling reasons to cancel their registration or who wish to withdraw from all classes after the last day to drop without a "W" grade should consult their instructors, department chair or school director, academic advisor, and, for undergraduates, Exploratory Student Success Center in Administration 150. Counseling & Psychological Services might also be sought for assistance.

A completed Petition for Withdrawal form for undergraduates or a Graduate Petition for Course Drop/Semester Withdrawal for graduate students must be submitted. Failure to follow formal university procedures may result in an obligation to pay fees as well as the assignment of failing grades in all courses. Students who leave the university but who do not officially withdraw will receive a grade of "WU" (denotes failure for unauthorized drop or withdrawal) in all of their classes. No personnel actions, grades, or transcript services will be permitted until all financial obligations, such as unpaid fines have been settled. If a student fails to return the semester immediately following withdrawal, reapplication for admission at www.calstate.edu/apply will be required.

Students who receive financial aid must consult with the Financial Aid and Scholarship Office prior to withdrawing from the university regarding any required return or repayment of grant or loan assistance received for that academic term or payment period. If a recipient of student financial aid withdraws from the institution during an academic term or a payment period, the amount of grant or loan assistance received may be subject to return and/or repayment provisions.

Students holding visas must consult with International Student and Scholar Services (ISSS) regarding effects on their visa status before submitting a withdrawal petition.

Refer to the section on Continuous Attendance and Catalog Rights for information about the possible effect a break in attendance may have on requirements for graduation.

Registration and Attendance

-
-

Make sure you have access to one.SJSU.edu.

Make sure your browser (Chrome, Explorer, Firefox or Safari) supports access to MySJSU portal.

For your convenience, computer access locations are available at these campus locations:

- Clark Hall
- King Library
- Associated Students Computer Lab, Student Union
- Lobby, Student Services Center
- Peer Connections, Student Services Center
- Campus wireless hotspots

SJSU ID

- Use your SJSUOne login information to sign into MySJSU. Your SJSU ID, also known as your Tower Card, contains your student ID number on the front.
- Your ID number cannot be changed.
- New students receive this information from Admissions Office communications shortly after submitting a completed application for admission.

Primary Name (Legal Name)

- Will be used on all official university documentation such as the diploma, official/ unofficial transcript, the SJSU ID (Tower) Card, and any documentation involving financial aid or student accounts.
- Must be used when conducting official university business.
- Will be used for student's SJSU email address in this format: FirstName.LastName@sjsu.edu.
- Students may use a name other than their Primary (legal) Name on their diploma. Please visit Diploma Name information page.

If an update or correction is needed, submit Personal Information Change Request form online.

Preferred Name

San Jose State University recognizes that members of our community may choose names other than their legal names to identify themselves. SJSU allows preferred names as long as the name is not used to misrepresent or evade legal obligations. Inappropriate use of the preferred name policy may result in a violation of the Student Conduct Code and be referred to the Office of Student Conduct and Ethical Development. The university reserves the right to remove a preferred name if it is being used improperly. Students should check to ensure that their preferred name is current each semester.

- Current students can set up a "preferred name" by changing first and/or middle names on MySJSU
- The preferred name will only be seen on Class Rosters, Grade Rosters, CANVAS, and the Advisor Center in MySJSU. The student's Primary name (Legal name) will appear on all official documents such as transcripts and diplomas.

- The student's SJSU.edu email address will be the student's Primary name (Legal name) in this format: FirstName.LastName@sjsu.edu.
- CANVAS does have an internal process that allows you to display your preferred name.

Password

- You can set your password for the first time or reset it if you have forgotten it by navigating to one.SJSU.edu and clicking on the Password Help tile.
- When setting or changing your password, pay close attention to the case in which you enter the letters.
- Remember, your password is cASe seNsiTIVE!
- If you are having difficulty resetting your password, please contact itservicedesk@sjsu.edu for assistance. Include your full name, SJSU ID if known, your date of birth, and your mailing address.

What to do if you can't log in

- Contact our SJSU IT Service Desk. There are three ways:

Phone: (408) 924-1530

Email: itservicedesk@sjsu.edu

Live Chat: go to IT website and look for chat hours.

- If email to itservicedesk@sjsu.edu, an iSupport ticket will be created for the issue.

Appointments and Class Schedule

Do your research and plan your schedule

Check your enrollment appointment on your MySJSU account by logging on to one.SJSU.edu. The MySJSU tile will appear as a "Most Popular". You can also use the one.SJSU.edu search bar to search for MySJSU. For more tutorials and guides on how to get started with one.SJSU.edu and to customize the portal, visit the IT Support site.

You will not be able to register before your appointment time, but you can enter the system, run MyProgress and MyPlanner, and research course offerings, degree requirements, course prerequisites, etc. You will not be able to register until you clear registration holds (see Registration Holds).

It is your responsibility to monitor your account to see when the appointment time is posted. Note that enrollment appointments are not mailed or emailed to students.

Create a registration worksheet before logging on

Build a sample schedule and have alternate schedules or classes prepared in the event courses are either closed or canceled. SJSU offers course listings to you in 3 ways:

1. Use MyScheduler to find the schedule options that work for you. You can import your semester plan from MyPlanner to MyScheduler and you can block out times you have work or other commitments.
2. MySJSU class schedule search function: Real-time updates of available courses (open and closed sections, seats remaining).
3. SJSU Catalog: Instructions, policies, procedures and course listings at one URL. Searchable, linked to SJSU Catalog degree templates.

4. Check out the Roadmap for your major requirements and run MyPlanner.

Course Offerings and Canceled Classes

The courses listed in the online SJSU Schedule of Classes reflect the scheduled offerings by the departments available at the publication deadline. The online schedule of classes posted at MySJSU provides real time status of classes. Departments have the option, based on enrollment, to cancel and/or add sections or courses.

Priority Groups

Current units-in-progress is used to determine class level for registration purposes. All priority groups are established per University Policy F17-4.

Group One

Specific Priority Students

Students who meet the criteria for priority registration based on University Policy F17-4.

Group Two

- Graduating seniors (bachelors-level students who have a graduation application on file with an anticipated graduation date for the current or next semester) in the California Promise program
- Graduating seniors identified as student parents
- Remaining graduating students (bachelors- and graduate-level students who have a graduation application on file with an anticipated graduation date for the current or next semester)

Group Three

- Graduate students identified as student parents
- Non-graduating graduate students based on rotating alphabetical groupings

Group Four

- Seniors in the California Promise Program
- Seniors identified as student parents
- Non-graduating Seniors based on rotating alphabetical groupings

Group Five

- Second Baccalaureate students based on rotating alphabetical groupings

Group Six

- Juniors in the California Promise Program
- Juniors identified as student parents
- All other Juniors based on rotating alphabetical groupings

Group Seven

- Sophomore and continuing Freshmen in the California Promise Program
- Sophomores and continuing first-year identified as student parents
- All other Sophomores and continuing Freshmen based on rotating alphabetical groupings

Note: First-Time Frosh registration is completed through Frosh Orientation. Incoming transfer students have a registration date dependent on when they matriculate, or their Transfer Orientation date.

Adding a Class

- Navigate to one.SJSU.edu
- Enter your SJSU ID and Password to log into MySJSU
- Follow the instructions for "How to Add a Class"

Choose the class you wish to add.

- Two ways to select a class:
 1. If you know the Class Number for the class you wish to add, you can simply type the 5 digit Class Number and click the Enter button.
 2. Click the green "Search Button." Make sure the Course Career is set to Graduate or Undergraduate depending on the class you are searching for. If you find a class you wish to add, click the "Select Class" button to place it in your shopping cart.
- Once you have chosen a class, a new page called "Class Enrollment Options" will appear. Verify that the course is the one you selected.
- If required, enter permission number (see Department or Instructor Consent below)
- Select any related component classes if applicable (see below), and click okay.
- The Add Classes page will appear, and you will see your classes in your shopping cart.

Warning: you have not yet added your classes. You must click on "Finish Enrolling" to add the class.

Component Classes

If the course has related components attached to it (e.g., lab, seminar), the system will prompt you to select the one you wish to add.

Department or Instructor Consent

- Please note that classes designated "Department Consent Required" require a Permission Number (add code). This should be requested from the instructor or from the office of the department offering the course.
- If you received a Class Permission Number, enter it in the Permission Number box after selecting your class.
- **Please note that most classes will continue to add students from the waitlist when seats become available through the seventh business day after the first day of instruction for fall and spring semesters, per University Policy F20-1.**
- **Permission Numbers (add codes) will be required for all classes starting on the eighth business day after the first day of instruction, per University Policy F20-1.**

Switching or Swapping Class Sections?

You must drop the section (lecture and labs/seminar, as well, if they have related components or corequisites) before adding the new class section(s).

The Swap class enrollment function allows you to replace an enrolled class with another open or waitlisted class. To learn more, go to FAQs for Swapping Classes.

Add Additional Classes

If you want to add another class to your add classes list, simply repeat the previous steps.

Warning: Finish Enrolling

Make sure you complete the process! Once you have added all your classes to your shopping cart, click the green button that says "Proceed to Step 2 of 3." On the next page you will be given the chance to review your enrollment and make sure that it is accurate. Once you have verified your classes, click the green "Finish Enrolling" button to submit your registration.

Verify Add

Check to make sure you did not receive any errors for the classes you added. If you did, you can see a message explaining why you could not add the class, for example, prerequisites not met, or the class is full. Finally, check your class schedule to make sure all the classes you added appear.

"Instructor Consent" or "Department Consent"

Should you receive a registration error indicating that "Instructor Consent" is required, you must go to the instructor to obtain the Permission number. To add the course, use the Permission Number with the 5-digit Class Number for that specific course section, as listed in the course schedule.

"Department Consent" requires students to go to the department that offers the course to obtain the Permission Number. To add the course, use the Permission Number with the 5-digit Class Number for that specific course section, as listed in the course schedule.

Permission numbers become 'used' only after an enrollment request is successful. To assure a successful enrollment request if you are adding using a permission number, remember the following before clicking the submit button:

- Check that you have no holds.
- Check that you have met all prerequisites.
- If you know the 5-digit class number, enter the number. If not, use "search" function and enter Course Subject e.g. SOCI and course number e.g. 101. See the guide with screenshots on how to enroll
- Enter the permission number in the permission number box
- Enter any and all Component Courses (e.g., corequisite labs or seminars) and determine what required course is approved even before trying to "Enroll in the Class."

Adding Classes on the First Day of Instruction

At the first class meeting, Group 3: Graduating Students (bachelors and graduate level students who have a graduation application on file with an anticipated graduation date for the current or next semester) shall have top priority for any available spaces. Students seeking to add the course should provide documentation showing that they are graduating seniors as defined above.

An impartial procedure (such as a lottery or any other method of random selection) shall be used to choose, from among the graduating seniors, those who will fill the available spaces. Automated waitlists will run through the first nine days of the semester for most courses. Permission numbers will be required to add courses after that date.

University Policy F20-1

Adding Classes after the Last Day to Add

- After census date, students can petition for a late add using the Post-Census Late Enrollment form, which is available on the Registrar's website.

Late Fee Assessed

Students registering for classes after census are assessed a late registration fee. Students in the Dual Enrollment (Step to College programs) are not required to pay the late registration fee.

Amount	Description
\$200.00	Begins after census for any classes added (includes Retroactive Adds - which begins the first day after instructions ends).

Waitlisting

SJSU has "waitlisting" for all classes. Waitlisting puts you in line to get a space when a class is full (closed class), should a space become available. See University Policy F20-1 for more details on the waitlist policy.

When can I sign up for waitlist?

The waitlist process runs nightly from the first day of Advance Registration through 7 business days after the first day of instruction

How do I sign up to waitlist for a class?

You may sign up for the waitlist via MySJSU. If a class is full, you may place yourself on a waitlist.

Waitlist When You Add Classes

- Log into your MySJSU and navigate to 'add classes.'
- At "Step 1, Select classes to add," search for your preferred course.
- If the class is full and the waitlist option is available, you will see the yellow waitlist icon.
- To place yourself on the waitlist, you must click the **checkbox next to "Waitlist if class is full"**.
- You will be returned to Step 1. You must complete the remaining steps of the process to add classes.
- When you finish enrolling in the class, you will see a message indicating that you are on the waitlist and your current position number on the list.
- Monitor your waitlist position by navigating to "My Class Schedule" at MySJSU.

Feedback

Problems? Questions? Comments? Contact Registrar@sjsu.edu

After the third week of Advance Registration

- The automated waitlist process adds students based on priority.
 - For details on priority go to Automated Waitlist Reprioritization
- Variable Waitlist Unit Limit applies. The Variable Waitlist Unit Limit defines the available units a student can waitlist at a given time.
 - For details on this go to Variable Waitlist Unit Limit
- There is no guarantee you will be enrolled in the class from the waitlist.
- Check your schedule regularly at MySJSU to monitor your position on a waitlist.

Registration Procedures

- You may place yourself on the waitlist if the class is already full.
- If you are already enrolled in another section of the same course, you will not be moved from the waitlist if space becomes available unless you have set up the switch as a "swap". See Swap Class Enrollment Function details.
- When you place yourself on a waitlist, you hold a position that changes as students ahead of you get enrolled in the class or drop off the waitlist.
- If students drop from a full class, students from the waitlist will be placed in the class before any student who attempts to add the class but is not on the waitlist.
- If you are moved from the waitlist into the class, you will receive a confirmation message in your MySJSU account.
- If enrolled from the waitlist, it is your responsibility to drop the class if you decide not to attend. Failure to properly drop the class will result in a "WU" grade on your record which will lower your grade point average.
- It is your responsibility to monitor your waitlist, your enrollment limit, potential time conflicts and any additional fees due.
- If you decide you no longer wish to be on the waitlist, you must drop yourself from the waitlist.

How do I move from the waitlist into the class?

Students are moved from the waitlist into the class if space becomes available, and there are no registration issues (see below). To learn more about how the waitlist works consult "How Does the Waitlist Work?".

Registration issues that may prevent you from moving from waitlist to enrollment. Check the list below "before" you put yourself on waitlist

- **Hold:** Make sure you do not have a hold on your account.
- **Prerequisites or Corequisites:** Make sure you meet all the pre/corequisites(lab or workshop), major and class level requirements. Check your MySJSU for pre/corequisites or see course descriptions in the SJSU catalog.
- **Enrollment Limit:** Check your Enrollment Limit, you may not go over your enrollment limit.
- **Time Conflict:** Make sure that you have no time conflict with a class that you already enrolled in.

- **Already enrolled in another section of the same course:** Make sure you're not already enrolled in another section of the same course.
- **Repeating a class:** If you are repeating a class, you will not be able to enroll until a later date. See repeats and grade forgiveness page for details.
- **Course with components:** You must select all desired sections (lecture, lab and seminar). Space must open in all sections.

If you have any issue above, you will be skipped over and the next student will be considered. You will not be reconsidered until the next time space becomes available in that class.

Registration Billing

- You may be added into waitlisted classes at any time which might incur additional charges. It is important to check your class schedule and amount due daily to avoid possible cancellation of all your classes for failure to pay your fees in full by your payment due date.

Dropping a Class

Go to MySJSU

- Enter your SJSU ID and Password
- If you drop a class, you must do so prior to the time you submit payment to ensure that your registration fees are properly assessed.

Navigate to "Self Service" > Student center > Drop a class"

- Click on "Drop Classes"
- Click the checkbox next to each class you wish to drop and click "Drop Selected Classes."
- Review your selection and click "Finish Dropping."
- It is the student's responsibility to make sure classes are dropped.
- More information about how to drop a class is available in this guide

Dropping Without Penalty

Courses may be dropped without academic penalty through the day before the Census date. See the Calendar section for exact dates and deadlines. Courses dropped during this initial period will not appear on the student's transcript. With instructor consent, students may late add a class up to the add deadline. Please view the pro-rata refund schedule for the appropriate semester.

Dropping Classes After Drop Deadline

Students may petition to late or retroactively drop a course or withdraw from an entire semester of courses for serious and compelling reasons after the drop deadline. Check the official academic calendar to verify the date.

Conditions and circumstances are defined as "serious and compelling" only if beyond the student's control. Those acceptable as justifications for a late drop must have occurred after the drop deadline. A personal statement with supporting documentation must be submitted with the late and retroactive drop and withdrawal petition.

Undergraduates may go to this link for information on dropping/withdrawing from class. Undergraduate petitions are done via DocuSign. Graduate students may go to this link for information on dropping/withdrawing from class. Graduate petitions are done via OnBase.

Continue attending class and complete all assignments until the petition is approved or denied.

Instructor Drops

Instructors are permitted to drop a student who fails to establish a committed presence in the class. "Establishing a committed presence" is defined in University Policy F15-3 as the following options for the student:

1. In-person classes. Attending the first class meeting or informing the instructor of the intention to continue in the class before 48 hours after the first official class meeting.
2. Online classes. Logging on to the LMS (Canvas) class shell on the first scheduled day of the class or informing the instructor of the intention to continue in the class before 48 hours after the official class start date.

Some instructors may drop students who do not meet the stated course prerequisites. However, they are not required to do so. It is the student's responsibility to make sure classes are dropped.

See Instructor Drop Procedure.

Late Drop Petitions

Students may petition to Late Drop for serious and compelling reasons after the drop deadline. To verify the official dates, see Calendar for links to the official academic calendar. Petitions are available at Undergraduate Education for undergraduates and GAPE for graduate students.

Academic Renewal

Graduating seniors with a grade point average (GPA) below 2.0 in the major, minor, SJSU, or overall college coursework, may request that all grades earned in a previous semester (or two semesters) be disregarded, to permit graduation. If the petition is approved, all grades and units earned during the semester will be disregarded when calculating GPAs for graduation, but the courses and grades will still appear on the transcript.

All of the following conditions must be met:

- You must have applied for graduation and be ready to graduate.
- You must have a GPA below 2.0 in a category required for graduation (major, minor, overall, SJSU)
- At least 5 years must have elapsed since the semester you want to disregard.
- You must have at least a 3.0 GPA in your most recent 15 units at SJSU, or 2.5 in the past 30 units, or 2.0 in the past 45 units.
- No courses or units earned during the semester you want to disregard may be counted toward graduation.
- You must document extenuating circumstances associated with the semester you want disregarded and show that your performance is not representative of your ability.

Students need to apply for Academic Renewal through the Office of Undergraduate Education.

Cancellation of Registration or Withdrawal from the Institution

Students who find it necessary to cancel their registration or to withdraw from all classes after enrolling for any academic term are required to follow the university's official withdrawal procedures. Failure to follow formal university

procedures may result in an obligation to pay fees as well as the assignment of failing grades in all courses and the need to apply for readmission before being permitted to enroll in another academic term. Information on canceling registration and withdrawal procedures is available from Exploratory Student Success Center in Administration 150.

Students who receive financial aid funds must consult with the Financial Aid Office prior to withdrawing from the university regarding any required return or repayment of grant or loan assistance received for that academic term or payment period. Students who have received financial aid and withdraw from the institution during the academic term or payment period may need to return or repay some or all of the funds received, which may result in a debt owed to the institution.

Please contact the Office of the Registrar at 408-924-5680 for more information.

Restrictions

Graduate students

Cannot enroll in lower division classes during Advance Registration. Lower division classes will need to be added starting on the first day of instruction for the term.

Matriculated SJSU students cannot concurrently enroll in Open University.

Matriculated students are those who have been admitted to SJSU as regular students for the current semester or were registered as matriculated students in at least one of the two previous semesters and did not graduate. This policy does not apply to disqualified students.

Students returning after an absence:

After an absence of more than one semester (without a formal leave of absence petition), students must reapply for admission before access to registration is granted.

Maximum Unit Load:

During the Advance Registration period a cap is placed on the maximum number of units that students can enroll in. After a specified date, the cap is raised. Students wishing to enroll in excess units must submit an Excess Units petition to their Department Chair. More information is available from the Office of the Registrar.

Repeating a Class

In accordance with University Policy, F08-2, any matriculated student who is repeating a course for the first time shall be allowed to register for the course during the Advance Registration period no earlier than approximately three weeks prior to the start of the semester. Students who have received a grade of "W" will be treated as a first-time registrant for a course. Students who are repeating a class for two or more times or have repeated more than 28 units, must submit a Petition for a Repeat Exception.

Returning After an Absence

If you are in good standing and you were not disenrolled for non-payment of fees and you choose not to enroll or "stop out" for one semester, there is no need to reapply for admission. However, in order to maintain your matriculation at SJSU, you must enroll in classes the semester immediately following the one semester you stopped out. Some examples:

- You attended a spring term, earned grades and you are still in good standing. You do not enroll in the fall term, but you must return to take classes in the following spring. You do not need to reapply for admission.

When must you reapply for admission

- You attended a fall term, earned grades and are in good standing. You do not enroll in the next spring and fall terms (absence for a full year). You must reapply for admission.
- If you are absent for two or more consecutive semesters (a full year off from school)--you must reapply for admission. Note: summer and winter sessions are not included in this policy.
- You do not enroll in classes in your initial admission term and wish to attend a subsequent term. You must reapply for admission.

How to reapply for admission

Complete the online application at Cal State Apply.

If you intend to stop out for one semester but decide to extend your absence, you may request a retroactive leave of absence under certain circumstances, before the start of the second semester away from SJSU.

First Year Course Placement - English and Mathematics/Quantitative Reasoning Supported Instruction

- All entering SJSU frosh assigned a Math enrollment category of M-II, M-III, or M-IV must enroll in a B4 (mathematics/quantitative reasoning) course during their first academic year. All entering SJSU frosh assigned a Writing enrollment category W-II, W-III, or W-IV must enroll in an A2 (written communication) course during their first academic year.
- Students required to participate in Supported Instruction in Math (M-III and M-IV) and/or Writing (W-III and W-IV) may be restricted from enrolling in certain classes for which they do not meet prerequisites. Visit the Supported Instruction website for more details.
- Students assigned to enrollment category M-IV must enroll in an appropriate B4 course in fall of their first academic year. Students assigned to enrollment category W-IV must enroll in an appropriate A2 course in fall of their first academic year. (Spring admits choosing Stretch English, which starts only in the Fall semester, may extend their A2 enrollment start date to their first fall semester.) Students in category M-IV and/or W-IV must remain continuously enrolled in B4 and/or A2 courses until these GE areas have been completed with a grade of C- or better.
- Students required to participate in Supported Instruction in Math (M-III and M-IV) and/or Writing (W-III and W-IV) who do not enroll in or who drop out of the appropriate class(es) during any registration period for fall or spring terms without the consent of an advisor in their college success center or Exploratory Student Success Center may be subject to having all courses dropped. If this occurs, students must re-register with no guarantee that classes in which they were previously enrolled will be available.
- Entering SJSU frosh who have not completed A2 or B4 within a year of first registration will be placed on Administrative Academic Probation. Entering SJSU frosh who have not completed A2 or B4 within two years of first registration may be administratively academically disqualified, pending the outcome of an appeals process. The petition to extend the deadline for GE Area A2/B4 completion can be found on the Supported Instruction website.

CSU Immunization Requirements

The CSU Immunization Requirements policy applies to undergraduate and graduate students, students matriculated in self-support degree programs, and K-12 students participating in concurrent enrollment courses entering the California State University (CSU) in or after fall 2023.

Immunization and Screening, Recommendations and Requirements are adopted from the American College Health Association (ACHA) Immunization Recommendations for College Students linked here, and the California Department of Public Health (CDPH) Immunization & Screening Recommendations for College Students linked here.

See the CSU Immunization Requirements policy for more information regarding additional authorized discretionary requirements, academic program and fieldwork or clinical placement requirements, or immunization access.

NOTE: Any revisions of the CDPH recommendations for colleges and universities as of February 1, each year, will be reflected in CSU recommendations for the subsequent fall academic term.

Exemptions

A student may be exempted from the vaccine any requirements in this policy as described below:

Medical Exemption: due to a medical condition for which an Approved Vaccine presents a significant risk of a serious adverse reaction. Any medical Exemption must be verified by a certified or licensed healthcare professional.

Religious Exemption: due to either (i) a person's sincerely held religious belief, observance, or practice, which includes any traditionally recognized religion, or (ii) beliefs, observances, or practices which an individual sincerely holds and that occupy a place of importance in that individual's life, comparable to that of traditionally recognized religions.

Required Immunization

Hepatitis B (Hep B) - Ages 18 and younger as per California law (HSC sections 120390-120390-7), enrollees who are 18 years of age or younger are required to provide proof of full immunization against the hepatitis B virus prior to enrollment. If you need further details, please consult the Student Wellness Center.

Additional requirements for SJSU University Housing and International Students:

- Measles, Mumps and Rubella
- Meningococcal conjugate (MenACWY) Vaccine
- Tuberculosis (TB) screening form (available in Student Wellness Center Patient Portal)

Immunization and Screening Recommendations

The CSU recommends that students are current for the immunizations listed below. Immunizations and screening recommendations, and immunization schedules are linked above. Campuses should link to this policy to provide students with detailed immunization and screening recommendations.

Recommended Vaccines:

- Updated mRNA COVID-19 vaccine
- Influenza Vaccine
- Measles, Mumps and Rubella (MMR) Vaccine (required for some students)

- Meningococcal Conjugate (Serogroups A, C, Y, W-135) Vaccine (required for some students)
- Serogroup Meningococcal B Vaccine
- Tetanus, diphtheria, and pertussis (Tdap) Vaccine
- Varicella/chickenpox Vaccine
- Human Papillomavirus (HPV) Vaccine

Other Vaccines Recommended for Adults

- Hepatitis A (Hep A) Vaccine
- Hepatitis B (Hep B) Vaccine - Ages 19 and older
- Human Papillomavirus (HPV) Vaccine
- Pneumococcal Vaccine
- Polio Vaccine

Recommend Screening

- Tuberculosis Screen/Risk Assessment (TB)

The above are not admission requirements but are required of students as conditions of enrollment in CSU.

Immigration Requirements for Licensure

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193), also known as the Welfare Reform Act, includes provisions to eliminate eligibility for federal and state public benefits for certain categories of lawful immigrants as well as benefits for all illegal immigrants.

Students who will require a professional or commercial license provided by a local, state, or federal government agency in order to engage in an occupation for which the CSU may be training them must meet the immigration requirements of the Personal Responsibility and Work Opportunity Reconciliation Act to achieve licensure. Information concerning the regulation of these requirements are available from the Registrar's Office, Student Services Center.

Registration Holds

Students should periodically check for holds at MySJSU. Follow the instructions on how to clear them.

Holds on student accounts and records will prevent students from registering. Students should periodically check for holds at MySJSU. Financial holds of \$50.00 or more will block you from registration, diplomas and other miscellaneous services

College of Engineering Advising

All College of Engineering undergraduates must see an advisor every semester, prior to registration. Graduate Engineering students (except Civil and Environmental Engineering, Computer Engineering, General Engineering, and Industrial Systems Engineering) must also see a major advisor prior to enrolling every semester.

College of Science Advising

All undergraduate College of Science majors and graduate students in Chemistry, Computer Science and Physics must see a major advisor prior to registering every semester.

Undeclared Advising Hold

All Undeclared and Undeclared-PreNursing students are required to see an advisor in the Exploratory Student Success Center prior to registering every semester.

Financial Holds

Do you have a balance due on your student account? If so, you will not be able to register until the debt has been paid. Balances can fluctuate on your student account depending on activity. Pay your outstanding balance using the Pay Now option at MySJSU (which can be accessed through the one.SJSU.edu portal). Payments are applied to the oldest balance first. Keep your account current by paying all charges by the assigned due date.

Online Title IX Training Hold

All incoming students (undergraduate and graduate) are expected to complete online Title IX training course addressing sexual assault prevention. A hold (HW1) will be placed if the course is not completed. Questions? Email titleixeducation@sjsu.edu

AlcoholEdu Hold

All incoming undergraduates are expected to complete AlcoholEdu, an online training course addressing alcohol abuse prevention. A hold (HW2) will be placed if the course is not completed. Questions? Email titleixeducation@sjsu.edu

Hepatitis B Immunization Series

- Are you a first time SJSU student?
- Will you be 18 years or younger on the first day of instruction?

If the answer to both of these questions is yes, you may be required to submit proof of full immunization or immunity against Hepatitis B.

For further details please visit the Student Wellness Center.

International Student Health Insurance

Proof of health insurance is required prior to registration each semester. For questions about this hold, please call International Student and Scholar Services (ISSS) (408) 924-5920.

Measles and Rubella

- Are you a new or readmitted SJSU student?
- Were you born on or after January 1, 1957?

If the answer to both of these questions is yes, you may be required to submit proof of full immunization or immunity against Measles and Rubella. For further details please visit the Student Wellness Center.

Missing Document Holds

If you owe documents or transcripts to the Undergraduate Admissions office, please submit by the deadline posted in your MySJSU account. You must submit final, official transcripts or official documents as instructed in your MySJSU "to do" items before you are allowed to register.

Academic Notice Holds

- Is your SJSU cumulative grade point average below 2.00 for undergraduates (3.00 for graduate students)?
- Are you on a reinstated status on academic notice?

For undergraduates, if the answer is yes to either question, you must see your major advisor or an Exploratory Student Success Center advisor before you can register. This will happen each term until you are no longer on academic notice.

Records Holds

SJSU has the authority to withhold permission to register, receive services, materials, food or merchandise, or any combination of these, from any person owing a debt to the university. A debt is defined as an unpaid obligation of a student or former student, however incurred, arising while the debtor was a student. For students who have been recipients of Federal Perkins Loan funds, SJSU has the authority to withhold certain services for failure to complete a Perkins Exit Interview upon departure from SJSU.

An automatic financial hold will be placed against the student's records whenever a student has a past due balance with the University. Read more about Assembly Bill-1313 Higher Education: prohibited debt collection practices.

Services that may be held include, but are not limited to:

- Registration
- Diploma

When all debts are cleared, the hold will be removed.

Undergraduate Policies & Procedures

Information about course credit and number, including grades, registration and attendance is found in the Policies and Procedures section of the catalog.

Academic Notice and Disqualification

University Academic Notice

An undergraduate student is placed on academic notice if the student's SJSU cumulative grade point average (GPA) falls below a "C" average (2.0). Students will remain on academic notice until they return to good academic standing (SJSU cumulative GPA greater than or equal to 2.0) or are disqualified. Undergraduate students on academic notice will have holds placed on their records and will not be allowed to participate in further registration activities until they have conferred with their academic advisor(s) to design a study plan to raise their SJSU cumulative GPA to at least 2.0 in the most expeditious manner. The registration hold will continue until the student returns to good standing.

All work taken through Open University is included in the cumulative record and is considered in the determination of academic notice and disqualification.

Unless otherwise noted, post-baccalaureate (second baccalaureate) students follow the same policies and procedures as upper-division undergraduates.

University Academic Disqualification

Undergraduate students on academic notice are subject to academic disqualification if their Fall or Spring **term GPA** falls below 2.0. First year students who have not returned to good standing (SJSU GPA of 2.0 or higher) will remain on academic notice and are not subject to disqualification until they have attempted 30 units at SJSU or have completed three semesters, whichever comes first.

An undergraduate student reinstated on academic notice must achieve a grade-point average of 2.0 or better each semester following reinstatement until such time as they have achieved a cumulative SJSU GPA of 2.0. A student who fails to do so will be disqualified again (even if this occurs prior to readmission).

Undergraduate students are eligible to repeat a limited number of courses with grades of "C-", "D+", "D", "D-", "F", "NC", "WU", or "IC" through SJSU's Open University. All work taken through Open University is included in the cumulative record and is considered in the determination of academic notice and disqualification. Graduate students should see the graduate disqualification section.

Disqualified students should also refer to the section on reinstatement.

Unless otherwise noted, post-baccalaureate (second baccalaureate) students follow the same policies and procedures as upper division undergraduates.

Academic disqualification policies were revised in University Policy S16-16 and are effective with the determination of Academic Standing at the end of the Fall or Spring semester.

Disqualified undergraduate students may enroll in Open University coursework.

Administrative-Academic Probation, Administrative-Academic Disqualification, and Disqualification from Major

Section 41300 in Title 5 of the California Code of Regulations permits administrative-academic probation or disqualification from academic programs in the CSU for unsatisfactory scholastic progress regardless of cumulative GPA. See University Policy S16-16 for details.

Administrative-Academic Probation

A student may be placed on administrative-academic probation by action of the Provost for any of the following reasons:

1. Withdrawal from all or a substantial portion of a program of studies in two successive terms or in any three terms. A student whose withdrawal is directly associated with a chronic or recurring disability or its treatment is not subject to administrative-academic probation for such withdrawal.
2. Repeated failure to progress toward the stated degree or other program objective, including that resulting from assignment of 15 units of "NC", when such failure appears to be due to circumstances within the student's control.
3. Failure to comply, after due notice, with an academic requirement or regulation which is routine for all students or a defined group of students (examples: failure to complete a required CSU or campus examination, failure to complete a required practicum, failure to satisfy GE Areas A2 and B4 by the beginning of the 2nd year, failure to comply with professional standards appropriate to the field of study, failure to complete a specified number of units as a condition for receiving student financial aid or making satisfactory progress in the academic program).

When such action is taken, the student will be notified in writing and provided with the conditions for removal from probation and the circumstances which would lead to disqualification, should probation not be removed.

Administrative-Academic Disqualification

A student who has been placed on administrative-academic probation may be disqualified from further attendance if:

1. The conditions for removal of administrative-academic probation are not met within the period specified;
2. The student becomes subject to university academic notice while on administrative-academic probation;
3. The student becomes subject to administrative-academic probation for the same or similar reason for which he or she has been placed on administrative-academic probation previously, although not currently in such status.

When such action is taken, the student will receive written notification, including an explanation of the basis for the action.

In addition, an appropriate campus administrator may disqualify a student who at any time during enrollment has demonstrated behavior so contrary to the standards of the profession for which the student is preparing as to render them unfit for the profession. In such cases, disqualification will occur immediately upon notice to the student, which shall include an explanation of the basis for the action, and the campus may require the student to discontinue enrollment as of the date of the notification.

Disqualification from Major

Each college, school, program and/or department has the option of employing a guideline for disqualification from the major. Those that opt to disqualify from the major must have published criteria for determining probation in the major, disqualification from the major, and reinstatement into the major. Such criteria may include individual course grades below "C" (2.0) or "CR", a major GPA below 2.0, or a university GPA below 2.0. Students disqualified under this guideline must be notified by the department, school or college when placed on probation in the major or disqualified by the major.

Students disqualified from their major are listed as Undeclared, report to Exploratory Student Success Center, and may do academic work to be reinstated to the major (if permitted by guideline), or change to another major for which they are qualified. Appeals may be submitted to the Academic Disqualification and Reinstatement Review Committee via the Office of Undergraduate Education.

Impacted degree programs are those most likely to have policies for disqualification in the major, but even non-impacted programs may have such policies. The Office of Undergraduate Education will maintain current information about disqualification in the major.

Catalog Rights

Undergraduate students remaining in attendance in regular sessions at any California State University campus, at any California community college, or any combination of California community colleges and campuses of the California State University may, for purposes of meeting graduation requirements, elect to meet the requirements in effect at the campus from which they will graduate either:

1. at the time the student began such attendance, or
2. at the time of entrance to the campus, or
3. at the time of graduation.

Continuous attendance is defined as enrollment in at least one semester or two quarters in each calendar year. Absence related to an approved educational leave or for attendance at another accredited institution of higher learning is not considered an interruption, providing the absence does not exceed two years. Campus authorities may authorize or require substitutions for discontinued courses and may also require students changing their major or any minor field of study to complete the major or minor requirements in effect at the time of the change. Students who do not maintain continuous enrollment will be held to any new requirements approved by the university at the time of their readmission.

Continuous Attendance and Catalog Rights

Undergraduate students acquire "catalog rights" with respect to the requirements for a degree program by maintaining continuous attendance. A student who has been enrolled either at a California community college (CCC) or in regular sessions at a CSU campus for at least one semester or two quarters of consecutive calendar years is considered to be in "continuous attendance." Once a student has established his or her "catalog rights," an absence related to an approved leave of absence or for attendance at another accredited institution of higher learning (for undergraduates only) shall not be considered an interruption, providing the absence does not exceed two years.

This concept is important because continuous attendance affects the requirements a student must meet to graduate from a CSU campus. SJSU issues a new online catalog every year, which is the official record of all the degrees and degree requirements for the programs at SJSU. These degree requirements may change from one catalog to the next.

Students who have been in continuous attendance may meet the SJSU campus graduation requirements:

1. at the time they began continuous enrollment at a CCC or other CSU campus; or
2. at the time they entered SJSU; or
3. at the time they graduate from SJSU.

By maintaining continuous attendance and selecting option (1) or (2), students can be assured that their SJSU campus graduation requirements will not change. Their right to choose one of these options is called "catalog rights." SJSU will use the matriculation term (i.e., option 2) as the initial option (default) for all students; however, students transferring from a CCC or CSU campus, who would benefit from an earlier term based on continuous enrollment, may request option (1) or (3) from their departments or the Office of the Registrar.

If a student follows an earlier version of a program in which his or her department has discontinued or modified required courses, the department may authorize appropriate substitutions. If, while enrolled, a student changes major, concentration, or minor, he or she may be required to complete the major or minor requirements in effect at the time of the change. However, he or she may continue to follow the university, General Education, and mathematics and writing requirements listed in the university catalog for which "catalog rights," are claimed.

SJSU affords graduate students the same rights as indicated above with the exception of the references to CCCs.

Change of Major/Degree Objective

Undergraduate students who wish to change their major or degree objective need to meet with their major advisor, who can initiate an Advisor Request to the Registrar's Office.

Students changing to the Undeclared Pre-Nursing major must complete the Undeclared Pre-Nursing application available on the College of Health and Human Sciences Student Success Center website.

Students cannot change into Undeclared as a major.

Students who have earned more than 90 earned units (counting no more than 70 community college transfer units) are not likely to be approved for a change of major and will need to appeal through the Undergraduate Education Office. Change of major is not guaranteed.

Classification of Students

San José State University students are classified in the lower or upper division or in graduate standing based on the units completed and program of entry. The basis of classification is as follows:

Lower Division

Freshmen are those who have earned a total of fewer than 30 semester units. Sophomores are those who have earned a total of 30 through 59 semester units.

Upper Division

Juniors are those who have earned from 60 through 89 semester units. Seniors are those who have earned 90 semester units or more. Second or Post-baccalaureate students are those possessing a recognized baccalaureate degree and enrolled in an undergraduate degree program. Unless otherwise noted, post-baccalaureate students follow the same policies and procedures as upper division undergraduates.

Graduate Standing

Graduate standing is the classification for those who possess a recognized baccalaureate degree and are enrolled in a graduate degree or credential program.

Double Major

If a student has completed the requirements for two or more majors leading to the same baccalaureate degree (e.g., two B.A. degrees or two B.S. degrees) for the same graduation application period, those majors shall be acknowledged on a single diploma and on the student's transcripts. Each major, not including courses in preparation

for the major, must consist of at least 36 units for Bachelor of Science degree majors, or at least 24 units for Bachelor of Arts degree majors, units that are completely separate and distinct from the other degree. The University has the right to restrict students from pursuing double majors, particularly when resources must be equitably distributed among all students.

Double Concentration

If a student has completed the requirements for two or more concentrations within the same baccalaureate degree (e.g., two concentrations for the same B.S. degree) for the same graduation application period, those concentrations shall be acknowledged on a single diploma and on the student's transcripts. Each concentration, not including courses in preparation for or in support of the major, generally must consist of at least 12 units that are completely separate and distinct from the other concentration. Individual degree programs may set higher limits for the number of units that are completely separate and distinct from the other concentration. Exceptions to allow two concentrations with fewer than 12 units unique to each concentration will require the approval of both the appropriate college Associate Dean and the Associate Dean for Undergraduate Education. The University has the right to restrict students from pursuing double concentrations, particularly when resources must be equitably distributed among all students. This policy does not apply to Spartan Accelerated Graduate Education (SAGE) Programs.

Graduate Credit Earned by SJSU Undergraduate Students

Per University Policy S20-3

1. Undergraduate students shall petition through their major advisor to earn graduate credit for a graduate course (200 level or higher) taken. The Petition for Undergraduate Students to Earn Graduate Credit is housed on the Undergraduate Education Student Petitions website.
2. Undergraduate students shall meet the following criteria before enrolling in graduate level courses for graduate credit:
 - a. Will have applied to graduate from their baccalaureate degree program prior to enrolling in graduate level courses;
 - b. No more than 30 units are needed to complete the baccalaureate degree at San José State University;
 - c. None of the courses to be taken for graduate credit is required for the baccalaureate degree or minor;
 - d. Normally, a grade point average of 2.75 or better on all work completed in upper division standing at San José State University;
 - e. Normally, a maximum of 16 units is attempted in the semester in which the courses for graduate credit are proposed.
3. Graduate credit will appear on the student's official transcript, but that credit does not imply admission to any graduate degree program.
4. The student may not elect to take letter-graded graduate courses as CR/NC when graduate credit is requested.
5. If a student is admitted to an SJSU graduate degree program, the maximum graduate credit earned, including through the process described within this policy, that may be transferred into the graduate program is limited to 30% of the total units of the graduate degree (per University Policy S13-8) and must be approved by the appropriate program authority.

This policy applies solely to graduate classes taken in the undergraduate program at SJSU; courses taken at other universities during the undergraduate career do not qualify for transfer into an SJSU graduate program. The only exception is that SJSU undergraduates can transfer both upper division (100-level and above) and (200-level) graduate courses from their undergraduate program into a graduate program provided that those courses transferred were not used for credit in the undergraduate degree, and students successfully petition this request to the College of Graduate Studies via their graduate program coordinator. If the student subsequently matriculates into a graduate

program at SJSU and the courses are approved by the program's graduate coordinator, the units will be transferred into the graduate career.

These policies also apply to students in second baccalaureate status. No courses taken while a student is in second baccalaureate status shall be awarded graduate credit unless the student is within 15 semester units of qualifying for award of the second baccalaureate degree and meets the criteria specified above (including enrollment in all units required for completion of the second baccalaureate degree).

It is recommended that students obtain permission for future graduate credit in writing before enrolling in the graduate classes by means of the Request for Validation of Transfer Credit form.

Minors

An undergraduate student may elect to complete a minor. Some departments require or recommend a minor as part of the undergraduate degree.

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

If a minor is completed after a degree has been granted, the minor is not recorded on the student's permanent record. Minors are only available to undergraduate students.

Double Minors

If a student has completed the requirements for two or more minors, each minor must independently satisfy the criteria for a single minor. Additionally, each minor must include a minimum of 12 units of coursework completely distinct and separate from the coursework in the other minor(s).

Open University - Courses

San José State University's Open University program permits enrollment by non-matriculated students in specified regular curriculum classes on a space available basis. Formal admission to the university is not required. Registration is not possible prior to the first class meeting. A maximum of 24 semester units may be applied toward bachelor degree with the consent of the advisor; and not more than nine units for a 30-unit master degree (30% of the degree program total) with the exception of transfers from credential programs into master's programs (40% of degree unit total allowed, i.e., 12 units in a 30 unit master's program). Units earned in Open University may not be used to meet residence unit requirements for a degree. For undergraduate students, exceptions to these restrictions may be granted by petitions.

Regular (matriculated) students in good standing may not enroll as Open University students. Matriculated students are those who have been admitted to San José State University as a regular student for the current semester or were registered as a matriculated student in the previous semester and who have not graduated.

Disqualified students who seek reinstatement following disqualification must see their advisor to develop a plan to meet the required GPA standard for readmission to the university. In addition to reinstatement, disqualified students must reapply and be readmitted in order to become regular (matriculated) students once again.

All prerequisites are enforced when enrolling through Open University.

For further information concerning Open University offerings and policies, contact Professional and Global Engagement.

International Students

International students must be regular full-time matriculated students admitted to a degree program. Enrollment in Open University does not qualify international students for the immigration document necessary to enter the United States, to transfer to SJSU from another U.S. university, or to maintain their legal F-1 status. Academically disqualified international students are eligible to enroll through Open University but must transfer to another I-20 issuing institution to maintain their F-1 student status, or apply for reinstatement to F-1 student status from the U.S. Citizenship and Immigration Services after being re-admitted to SJSU.

Summer Session

Summer Session allows both matriculated and non-matriculated (i.e., Open University) students to enroll in summer classes at San José State University. Credit earned may be applied to residence unit requirements for previously matriculated students.

For further information concerning Summer Session, contact Professional and Global Engagement.

Winter Session

Both matriculated and non-matriculated students may enroll in this session. Credit earned may be applied to residence unit requirements for previously matriculated students.

For further information concerning Winter Session, contact the Professional and Global Engagement.

Readmission - Former Students Returning (FSR)

Readmission is the process of reapplying to the next available application cycle through Cal State Apply, and it is dependent on meeting all eligibility criteria.

Those that are intending to return to SJSU whether in good academic standing or disqualified are encouraged to submit the Petition for Re-Admission as a Former Student Returning (FSR). This petition process is based upon University Policy F12-7 which outlines enrollment priorities for FSR. Former Students Returning may complete and submit this petition by the deadlines stated on the petition found on the FSR website in order to receive priority consideration for admission prior to impaction processing for the term indicated by department administration.

To be eligible to submit this petition you must:

1. Have previously enrolled at SJSU as a fully admitted and matriculated student. (Students who have completed Open University units only are not eligible.) PLEASE NOTE: Students who left SJSU due to disqualification must complete the reinstatement process prior to or concurrently with submitting this petition.
2. Submit an application and application fee for admission by the deadline to apply via CSU's Cal State Apply for the term indicated on this petition. No exceptions.
3. Meet the admission requirements as an upper (Junior) division student. Transfer requirements.
4. Complete all the required steps for admission by the published deadlines for the term indicated. For example, transcripts must be submitted, intent to enroll must be completed, orientation must be attended, etc.

The Admissions for FSR website contains the most up to date readmission information for former students returning.

Disqualified

Students disqualified at the close of their last enrollment must petition for reinstatement. See the section titled Academic Notice and Disqualification for detailed information. Students seeking reinstatement to the university are also advised to make early application for readmission and meet all application and admission deadlines posted at Cal State Apply. Contact the Office of Undergraduate Education for details, or read the Petition for Reinstatement form.

- A. Students disqualified from San José State University who wish to be considered for readmission should:
 - 1. Read the section of this catalog titled Academic Notice and Disqualification.
 - 2. Complete a Petition for Reinstatement. Petition guidelines can be found on the Office of Undergraduate Education website.

Approval for reinstatement to the University after disqualification does not ensure readmission to any particular semester or specific degree objective.

- B. Students who have been disqualified from the college or university of last attendance (other than SJSU) will not be considered for admission to a regular session until:
 - 1. They have reapplied for admission, as upper division transfers, during the next available admission application cycle and meet all posted deadlines.
 - 2. The official transcript of record indicates eligibility to re-enroll
 - 3. Former Students Returning (FSR) should complete an "FSR petition" from SJSU in addition to applying for admission. Details may be found at FSR Petition.
 - 4. Register and attend Transfer Orientation, once re-admitted and reinstated.

Academic Notice

Students on university academic notice at the close of their last enrollment may be readmitted on university academic notice as upper divisions transfers, provided they are otherwise eligible. They must meet all application and admission deadlines. Students must furnish transcripts of any college work taken during their absence.

Former Students Returning (FSR) should complete an "FSR petition" from SJSU in addition to applying for admission. Details may be found at FSR Petition.

Good Standing

Undergraduates in good standing at the close of their last enrollment may be readmitted as upper division transfers provided they are otherwise eligible. They must meet all application and admission deadlines. All students must furnish transcripts of any college work taken during their absence.

Former Students Returning (FSR) should complete an "FSR petition" from SJSU in addition to applying for admission. Details may be found at FSR Petition.

Residency

Determination

University requirements for establishing residency are independent from those of other types of residency, such as for tax purposes, or other state or institutional residency. These regulations were promulgated not to determine whether a student is a resident or nonresident of California, but rather to determine whether a student should pay tuition on an in-state or out-of-state basis. A resident for tuition purposes is someone who meets the requirements set forth in the Uniform Student Residence Requirements. These laws governing residence for tuition purposes at the

California State University (CSU) are California Education Code sections 68000-68085, 68120-68134, and 89705-89707.5, and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41900-41916. This material can be viewed on the Internet by accessing the CSU's General Counsel Resources web page.

Each campus's Registrar's Office is responsible for determining the residency status of all new and returning students based on the Application for Admission, Residency Questionnaire, and, as necessary, other evidence furnished by the student. A student who fails to submit adequate information to establish eligibility for resident classification will be classified as a nonresident.

Generally, establishing California residency for tuition purposes requires a combination of physical presence and intent to remain indefinitely. An adult who, at least 366 days prior to the residence determination date for the term in which enrollment is contemplated, can demonstrate both physical presence in the state combined with evidence of intent to remain in California indefinitely may establish California residency for tuition purposes. A minor normally derives residence from the parent(s) with whom they reside or with whom they most recently resided.

Evidence demonstrating intent may vary from case to case but will include, and is not limited to, the absence of residential ties to any other state, California voter registration and voting in California elections, maintaining California vehicle registration and driver's license (or California identification card), maintaining active California bank accounts, filing California income tax returns and listing a California address on federal tax returns, owning residential property or leasing an apartment where permanent belongings are kept, maintaining active memberships in California professional or social organizations, and maintaining a permanent military address and home of record in California.

Nonresident students seeking reclassification are required to complete a supplemental questionnaire that includes questions concerning their financial independence. Financial independence is required, along with physical presence and intent, to be eligible for reclassification. Financial independence is established if in the calendar year the reclassification application is made and in any of the three calendar years preceding the reclassification application the student:

- has not and will not be claimed as an exemption for state and federal tax purposes by his/her parent;
- has not and will not receive more than seven hundred and fifty dollars (\$750) per year in financial assistance from his/her parent; and
- has not lived and will not live longer than six (6) weeks in the home of his/her parent.

A nonresident student who has been appointed as a graduate student teaching assistant, a graduate student research assistant, or a graduate student teaching associate on any CSU campus and is employed on a 0.49 or more time basis is exempt from the financial independence requirement.

Non-citizens establish residence in the same manner as citizens, unless precluded by the Immigration and Nationality Act from establishing domicile in the United States.

Exceptions to the general residence requirements are contained in California Education Code sections 68070-68085 and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41906-41906.6, and include, but are not limited to, members of the military and their dependents, certain credentialed employees of school districts and most students who have attended three or more years of high school in California and graduated from a California high school or attained the equivalent of graduation. Whether an exception applies to a particular student cannot be determined before the submission of an application for admission and, as necessary, additional supporting documentation. Because neither campus nor Chancellor's Office staff may give advice on the application of these laws, applicants are strongly urged to review the material for themselves and consult with a legal advisor.

Appeals

Students whose request for residency has been denied may appeal a final campus decision within 30 days of notification by the campus. For more information please visit the Residency website from the Chancellor's Office.

Residency Determination Dates

At San José State University, the residence determination dates are:

Fall - September 20
Spring - January 25
Summer - June 1

At San José State University, the application deadlines are:

Fall - October 1
Spring - March 1
Summer - July 1

The Office of General Counsel can either decide the appeal or send the matter back to the campus for further review.

Students incorrectly classified as residents or incorrectly granted an exception from nonresident tuition are subject to reclassification as nonresidents and payment of nonresident tuition in arrears. If incorrect classification results from false or concealed facts, the student is subject to discipline pursuant to Section 41301 of Title 5 of the California Code of Regulations.

Resident students who become nonresidents, or who no longer meet the criteria for an exception, must immediately notify the Registrar's Office.

Changes may have been made in the rate of nonresident tuition and in the statutes and regulations governing residence for tuition purposes in California between the time this information is published and the relevant residence determination date. Students are urged to review the statutes and regulations stated above.

Reinstatement

Reinstatement of Undergraduate Students After Academic Disqualification

Reinstatement is a different process from readmission. Readmission of a disqualified student is not possible unless reinstatement has been approved, but students must note that reinstatement is not readmission nor does it guarantee readmission. There may even be some situations in which reinstatement is sought with no intention of reapplying to SJSU, such as for admission to another institution or program.

In most situations, students will need to apply for readmission prior to being reinstated. All returning students must submit an application for admission to SJSU. Reapply for the next available term at Cal State Apply by the published deadline. If you miss the deadline for your desired term, you will need to submit an application for the next available term. The major listed on your application must match the major on the Petition for Reinstatement. If the majors differ, the major listed on your application will be changed to reflect the major listed on the Petition for Reinstatement. For more information regarding Readmission, see Readmission - Former Students Returning (FSR).

Categories for Reinstatement

1. SJSU cumulative GPA 2.0 or better. This category is for disqualified students who have attended SJSU through Open University and brought their SJSU cumulative GPA up to 2.0 or better. Raising the GPA to 2.0 or better does not guarantee that a department will approve the petition. Many departments place restrictions on reinstatement to their major degree programs. Please consult with your major advisor(s) as early as possible.
2. Extenuating Circumstances. Reinstatements in this category will only be granted for serious and compelling reasons that were clearly beyond a student's control. Generally, extenuating circumstances fall into one of

the following eight categories: administrative error, employment, military, natural disaster, death of an immediate family member, personal health or serious family illness, divorce, or personal/other. The following are not valid reasons for reinstatement under this category: Poor academic performance, non-attendance, change of major, or lack of prerequisite(s). In addition to the required documentation of extenuation, approvals will require demonstration that poor performance in a particular semester was atypical.

3. Special Consideration. This category is reserved for students whose petitions cannot be accommodated within the other categories. Typically, such students have spent substantial time away from SJSU since their disqualification (five years or more) and feel that their life experiences have prepared them for a successful return to school.
4. Petitioned Grade Change. This category is reserved for changes of grade approved under Section III (Grade Appeal) and Section IV (Change of Grade) of University Policy S09-7. If you are petitioning under this category, you must clearly explain which course grade was changed, when it was changed, and the reason for the change.

Reinstatement Petition Deadlines and Processing

Petitions for Reinstatement are accepted and evaluated on an ongoing basis. Allow at least fifteen business days for processing after submitting the completed petition form to the Registrar's Office. You may petition under more than one category, but if you do so, your personal statement and documentation must support each category you have selected. Your petition will not be processed if you are not using the current form.

Second or Additional Baccalaureate Degree

Effective Fall 2011: Post-baccalaureate students who have earned a first baccalaureate from a regionally accredited U.S. college or university, the second or additional baccalaureate degree will be awarded when the student has filed for graduation with Office of the Registrar and a graduation check determines that all major requirements have been satisfied. For such students, residence, university, GE, American Institutions, and PE requirements normally associated with first baccalaureate degrees are not applicable to second or additional baccalaureate degrees.

Due to enrollment restrictions and impaction, SJSU no longer accepts applications from post-baccalaureate/second baccalaureate students. The only exception is for Nursing.

For post-baccalaureate students who have earned a first baccalaureate from an institution that is not a regionally accredited U.S. college or university, the second or additional baccalaureate degree will be awarded when the student has filed for graduation with Office of the Registrar and a graduation check determines that all university requirements have been satisfied. To be eligible for the degree, students must complete all coursework which constitutes the second or additional degree in at least two additional semesters with a minimum of 30 units of work beyond the first degree in accordance with the minimum residence requirement. Second or additional baccalaureate degree candidates must meet the academic regulations required of all undergraduate students, including the residency requirement (30 units in residence, 24 of which must be upper division, 12 in the major and 9-12 in SJSU Studies).

Coursework completed in the second or additional baccalaureate degree status will be classified as undergraduate work. Students cannot pursue a graduate degree objective and a second or additional baccalaureate degree at the same time at the university.

Interdisciplinary Studies

The courses offered by the Office of Undergraduate Education under University Studies (UNVS) promote leadership, integrated and applied interdisciplinary academic experiences for students.

The office also sponsors undergraduate degrees as Interdisciplinary Studies, which is an individually designed course of study leading to a BA or BS degree. The Interdisciplinary Studies degree is designed for situations in which an existing university-level SJSU undergraduate degree major does not adequately accommodate academic or professional aims. Students who complete the Interdisciplinary Studies degree shall be able to demonstrate the characteristics of "intentional learners" who can adapt to new environments, integrate knowledge from different sources, and continue learning throughout their life.

Interdisciplinary Studies is an individually designed, interdisciplinary course of study leading to a BA or BS that gives a student who has a specific educational objective the opportunity to accomplish that goal. It is not to be used to bypass normal graduation requirements or projected programs of the University, nor to substitute for a major in which a student is having academic difficulty.

The proposed course of study must be a coherent program organized around an academic theme. Students who complete the Interdisciplinary Studies degree shall be able to demonstrate: "the ability to analyze an issue or problem, integrating at least two disciplinary perspectives." In addition, students identify two or more student learning outcomes related to their specific areas of study in consultation with a major faculty advisor. They demonstrate their attainment of the learning outcomes through a portfolio or senior project completed in a capstone course.

Applicants must have both a cumulative and SJSU GPA of at least 2.75 and have sixty units (upper division standing) and at least one year of academic work still to be completed to meet minimum degree requirements. Interdisciplinary Studies degrees are considered on a case-by-case basis. Approval is based on the academic merit of the proposed course of study, the applicant's proposed rationale and potential for successful completion of the program, and the ability of the university to support the proposed program. Students apply for consideration for the Interdisciplinary Studies degree through the Office of Undergraduate Education, ADM 159.

For more information visit Undergraduate Education's Interdisciplinary Studies web page.

Time Limit

Courses taken to meet degree requirements at San José State University are subject to a time limitation of 10 years. Students are required to meet those requirements in the major in effect no earlier than 10 years prior to receiving the degree. Students with an unusual problem may petition the major department chair for a waiver of the 10-year requirement.

Graduate students should refer to the section on Graduate Degree - Time Limits.

Facilitating Graduation

Any undergraduate or graduate student will be precluded from enrolling in any additional state-supported courses when that student has already met all necessary requirements for the degree for which that student is matriculated. Moreover, students who have met all requirements for graduation prior to any semester in which they are enrolled will be permitted to drop all courses for which they are registered, with little or no penalty, and to graduate at the next available date. Students who have earned more than enough units to graduate but have some remaining requirements to complete, will be advised and precluded from registering in any courses other than those required for a timely graduation.

Undeclared Majors

The university accepts freshmen who are not ready to declare a major academic objective or who do not meet impaction criteria for their desired major objective into the undeclared category.

Students selecting the undeclared category for admission must declare a degree major objective prior to attaining junior standing (earning 60 units). Students must obtain prior approval from the department in which they ultimately choose to major in accordance with university regulations.

Students who are in doubt about their degree program are encouraged to seek assistance from the Exploratory Student Success Center in Administration 150. The Exploratory SSC serves as the major department for Undeclared students and requires advising every semester. Exploratory SSC also serves as the major department for Undeclared-PreNursing students.

Staff and resources are also available in the Career Center to support major and career exploration.

Undeclared students should report to the Exploratory Student Success Center in Administration 150 for General Education and other academic advisement aimed at discovering an appropriate major degree program.

Units from 4-Year Colleges/Universities

At least 50 of the total units required for graduation with a bachelor's degree must be earned from 4-Year Colleges/Universities. This is commonly referred to as a maximum of 70 units of Community College academic work that may count toward the minimum 120 units needed for all baccalaureate degrees.

Undergraduate University Graduation Requirements

To Qualify for an Undergraduate Degree

The University offers the following undergraduate (or baccalaureate) degrees: Bachelor of Arts (BA), Bachelor of Science (BS), Bachelor of Music (BM), and the Bachelor of Fine Arts (BFA). View the Undergraduate Graduation Requirements Unit Overview. Students must satisfy the specific degree requirements for their undergraduate major and fulfill the following University degree requirements:

1. Academic
2. General Education (GE)
3. American Institutions (AI)
4. Graduation Writing Assessment Requirement (GWAR)
5. Physical Education (PE)
6. Units in Residence
7. Upper Division Units
8. Undergraduate Policies & Procedures
9. Apply for Graduation

Information about the Commencement Ceremony and Conferral of the Degree

University Graduation Requirements earning goals and outcomes are included in the Mission and Institutional Learning Goals section of the catalog. Exceptions for University Graduation Requirements, including exemptions and waivers, are approved for specific majors and on a case-by-case evaluation only. Students may submit a University Graduation Requirement petition to the Office of Undergraduate Education.

1. Academic

An "All College" average of "C or better" (2.0), a "C or better" average earned in all units taken at SJSU (as indicated on the transcript by "SJSU Cum"), a "C or better" average in both the requirements for the major and the minor (if applicable), a "C- or better" in each of the four GE basic skills courses (Areas A1, A2, A3, and B4), a "C- or better" in Ethnic Studies (GE Area F), and a "C or better" in Writing in the Disciplines (100W/GWAR), are required for graduation with a baccalaureate degree. Upon the completion of their programs, credential candidates must have a GPA of 3.0 or higher to be recommended for a credential.

A minimum of 120 semester units of credit must be earned for graduation with the baccalaureate degree. Normally, **no more than four units** of Individual Studies (180) and/or Directed Reading (184) may count for the baccalaureate degree. Exceptions must have approval from the major department.

All requirements listed here may be met either by passing external examinations (Advanced Placement (AP) Exams, College Level Exam Program (CLEP), or International Baccalaureate (IB)), waiver examinations, where available, or through the Credit for Prior Learning process, or by coursework. Students should note that success in a waiver examination satisfies a requirement but does not yield unit credit. For information about the examinations, contact the SJSU Testing Office.

Any additional academic requirements are specified on the undergraduate major catalog pages.

2. General Education (GE)

SJSU's General Education Program establishes a strong foundation of versatile skills, fosters curiosity about the world, promotes ethical judgment, and prepares students to engage and contribute responsibly and cooperatively in a multicultural, information-rich society. General education classes integrate areas of study and encourage progressively more complex and creative analysis, expression, and problem solving. The program aims to equip

students with the knowledge, skills, and values they need for a lifetime of intellectual and personal growth. Review the learning goals and outcomes, policies, academic advisement information, and previous requirements.

3. American Institutions (AI)

The American Institutions requirement is based on the premise that any student graduating from the CSU should have an understanding of the history and governmental institutions of the United States and the State of California. This requirement, which was put in place by the State of California, is laid out in California State University Executive Order 1061. The original mandate appears in the State Education Code Title 5, Section 40404. Students may complete waiver exams or coursework to satisfy the requirements. Consult the Testing Office for information about the waiver examinations. Students should consult an academic advisor to determine which of the various course combinations are best for their undergraduate major.

Courses in American Institutions should meet one or more of the following requirements: U.S. History, U.S. Constitution, and California Government. Students enrolled in these courses should develop civic skills, interests, and values through exposure to diverse perspectives on the historical events and political processes that have shaped the social, economic, and political systems in which they live.

Students should be able to apply their values, skills, and knowledge of the historical development of the United States, American institutions and ideals, and the processes of state and local government to multicultural, community, and environmental interests.

US123 Requirements (6-12 units)

Courses satisfy General Education Requirements as specified by the Course Note Abbreviations in parentheses.

U.S. History + U.S. Constitution + California Government (US123)

All of these sequences satisfy General Education Requirements listed in parentheses. All courses in the sequence must be completed to satisfy the requirement.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

American Studies (6 units)

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)

Asian American History (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

American History Only (US1)

- HIST 20A - History of the American People 3 *unit(s)* (US1)
- HIST 20B - History of the American People 3 *unit(s)* (US1)
- HIST 170 - Topics in American History 3 *unit(s)* (US1)

U.S. Constitution + California Government Only (US23)

- POLS 1 - American Government 3 *unit(s)* (US23)

California Government Only (US3)

- HIST 189A - California History to 1900 4 *unit(s)* (US3)
- HIST 189B - California History Since 1900 4 *unit(s)* (US3)
- POLS 102 - State Government and Politics 4 *unit(s)* (US3)

4. Graduation Writing Assessment Requirement (GWAR)

The CSU Graduation Writing Assessment Requirement (GWAR) states that all students must demonstrate competency in writing skills as a requirement for graduation. Effective Fall 2023, University Policy S19-3, Amendment B, the Writing Skills Test (WST) is no longer required as a prerequisite for enrolling in Writing in the Disciplines (100W) courses.

Satisfy the GVAR Requirement

All undergraduate students must satisfy the GVAR by *either*:

1. Passing a Writing in the Disciplines (100W) course with a "C or better" (C- not accepted). View a list of Writing in the Disciplines - 100W Courses,
or
2. Satisfying the GVAR while matriculated at another CSU campus,
or
3. For students who took the WST before the Fall 2023, earning a waiver score on the WST. This applies only in majors that permitted a waiver score before Fall 2023 (See 2022-2023 catalog for previous GVAR requirements).

Students should consult with their major advisors or the Exploratory Student Success Center for major-specific advice to satisfy this requirement. Graduate students should refer to the Graduate Policies - Graduation Writing Assessment Requirement (GVAR) section.

Writing in the Disciplines Courses (3 units)

Writing in the Disciplines (WID) courses develop students' abilities to communicate effectively in their major course of study and in their careers. With an emphasis on critical thinking, these upper-division core courses advance students' understanding of the genres, audiences, and purposes of college writing while preparing them for successful communication in their chosen professions.

Minimum Prerequisite: Upper division standing; A3 or equivalent second semester composition course (with a grade of C- or better); completion of core GE. Completion of the UDW-DSP is strongly recommended.

Minimum Grade: A minimum grade of "C" or better (C- not accepted).

- AFAM 100W - Writing Workshop 3 unit(s)
- AMS 100W - Writing in the Humanities & Interdisciplinary Arts 3 unit(s)
- ANTH 100W - Writing Workshop 3 unit(s)
- ART 100W - Writing Workshop: Fine Arts 3 unit(s)
- BIOL 100W - Scientific Communication Workshop 3 unit(s)
- CHAD 100W - Writing Workshop 3 unit(s)
- CHEM 100W - Writing Workshop: Chemical Communications 3 unit(s)
- COMM 100W - Writing Workshop: Writing for Influence 3 unit(s)
- CS 100W - Technical Writing Workshop 3 unit(s)
- DSGN 100W - Writing Workshop: Design 3 unit(s)
- ECON 100W - Writing Workshop: Economic Reports 4 unit(s)
- ENGL 100W - Writing Workshop 4 unit(s)
- ENGL 100WB - Written Communication: Business 3 unit(s)
- ENGR 100W - Engineering Reports 3 unit(s)
- ENVS 100W - Environmental Research and Writing 3 unit(s)
- FORL 100W - Writing Workshop 3 unit(s)
- FS 100W - Forensic Science Writing Workshop 3 unit(s)
- GEOG 100W - Writing Workshop 3 unit(s)
- GLST 100W - Writing Workshop 3 unit(s)
- HIST 100W - History Writers' Workshop 3 unit(s)

- PH 100W - Writing Workshop 3 *unit(s)*
- PHYS 100W - Methods of Research and Communication in Physics 3 *unit(s)*
- POLS 100W - Writing Workshop 3 *unit(s)*
- PSYC 100W - Writing Workshop 3 *unit(s)*
- RECL 100W - Writing Workshop 3 *unit(s)*
- RELS 100W - Writing in the Humanities & Interdisciplinary Arts 3 *unit(s)*
- SCWK 100W - Writing Workshop 3 *unit(s)*
- SOCI 100W - Writing Workshop 3 *unit(s)*
- TA 100W - Writing Workshop: Theatre Arts 3 *unit(s)*

5. Physical Education (PE)

All undergraduate students who matriculate at SJSU, except those students in majors that are exempt (see Exceptions for University Graduation Requirements), are required to complete two units of activity courses that satisfy the Physical Education requirement (University Policy S14-11). Students may satisfy this requirement by either:

1. taking two distinct 1-unit activity courses (may include 2 units of Intercollegiate Athletics courses), or
2. taking one single activity course of 2-or-more units.

Veterans who have completed at least one year of active duty in the armed services (Army, Navy, Air Force, Marines, Coast Guard or Space Force) have satisfied the physical education requirement (Credit for Military Training in Non-Collegiate Settings section). Activity courses at SJSU are not repeatable for credit, unless indicated in the course description. KIN 1 - Adapted Physical Activities, specifically designed to accommodate individuals with disabilities, is repeatable for credit with instructor consent. To petition a course to satisfy the Physical Education Requirement, students must submit a petition to the Office of Undergraduate Education, who will consult with the Department of Kinesiology, at least one semester prior to graduation.

6. Units in Residence

For all bachelor's degrees, a **minimum of 30 units** shall be **earned in residence** after matriculation at the campus granting the degree. A **minimum of 24 units** shall be **upper division**. Of these upper division units, a **minimum of 12 units** shall be in the major. Extension credit or credit by evaluation shall not be used to fulfill any of the thirty (30) units in residence. Summer and Winter Session for previously matriculated students earns residence credit; Open University units are not applicable toward the residence requirement.

7. Upper Division Units

A **minimum of 40 of the total units** required for graduation with the bachelor's degree must be upper division. For the **BA**, a **minimum of 12 units of upper division credit** in the major is required and for the **BS**, a **minimum of 18 units of upper division credit** in the major is required. Upper division credit will be allowed by the university and

applied toward the baccalaureate degree only for SJSU courses numbered 100 or above and for courses from other universities clearly designated as junior or senior level courses.

8. Undergraduate Policies

All Undergraduate Policies & Procedures apply to students seeking to earn a baccalaureate degree.

9. Apply for Graduation

- You should apply for graduation at least two semesters in advance, after completing at least 85 semester units (must be in good standing). See major for specific graduation course and unit requirements.
- File your application no later than the Processing Deadline dates. Submitting your application by the priority processing deadline allows us to review your graduation requirements before Advance Registration ends for your last term of attendance.
- MyProgress is used to evaluate completion of undergraduate degree requirements. Please work with your advisor to ensure that MyProgress accurately reflects all of your coursework and test credit.
- All courses and requirements must be completed by the date of graduation and transcripts received within one month after graduation. Any Incomplete (I) or Report Delayed (RD) grade must be cleared before your degree can be awarded. Once your degree has been posted, no grade changes will be made to your record.
- If you are unable to complete the coursework, or if the date of graduation is delayed, a "Graduation Date Change Form" must be submitted to the Registrar's Office.

Apply by the priority processing deadline dates. Applications will continue to be accepted up to the last day to add classes for the term of graduation; however, delays may occur in the initial and final evaluation of your application and names may not appear in the commencement book if application is received after the priority processing deadline. If we receive your application after the final deadline date for the term for which you are applying, your application will automatically be set up for the next available graduation date. See the Graduation page for further guidance.

Graduation Application Process

Candidates for the baccalaureate degree must file an application for graduation at least two semesters prior to the expected graduation date in order to allow time to make up any deficiencies or correct any discrepancies that may delay graduation. **At least 85 semester units** must be completed before an application for graduation may be submitted. In addition to fulfilling curricular graduation requirements, a student, to be eligible for a bachelor's degree, must have a **grade point average of at least 2.0 (C)** in each one of the following categories:

1. all college work (the overall average),
2. all units attempted at SJSU,
3. all units in the major, and
4. all units in the minor (if any).

Undergraduate students need to check with their major departments or their college success centers when they are ready to apply for graduation. For guidance see the Application for Graduation web page.

The graduation application for Master's or doctoral degrees is available to eligible students through their MySJSU account. Eligible students will be messaged once they are eligible to apply online. A tutorial and video instructions for completing the application are available on the GAPE Graduation website under Online Graduation Application.

Those planning to attend a college or university other than SJSU during the final semester must notify the Office of the Registrar. Courses must be completed by the date of graduation and transcripts received within one month after graduation.

If a candidate is unable to complete the coursework as expected, or if the date of graduation is to be delayed for any reason, a Change of Graduation Date form must be submitted, accompanied with the fee, prior to the new expected graduation date.

Commencement Ceremony and Conferral of the Degree

Degrees are conferred three times a year - in August, December and May - at the close of summer, fall and spring terms. The date of the diploma reflects the term during which the degree requirements were completed. **There are two graduation or commencement ceremonies each academic year, held at the close of the spring and fall semesters.** Students who have completed all requirements in the previous summer and fall semester, or expect to complete their degree requirements in the spring semester, are eligible to participate.

Undergraduate Admissions

-
-

Admission Procedures and Policies

Requirements for admission to San José State University are in accordance with Title 5, Chapter 1, Subchapter 3, of the California Code of Regulations. Complete information is available on the California State University website.

All CSU applications must be submitted online on the Cal State Apply website. An acknowledgment will be sent to the applicant when the online application has been submitted.

Importance of Filing Complete, Accurate, and Authentic Application Documents

San José State University advises prospective students that they must supply complete and accurate information on the application for admission, residency questionnaire, and financial aid forms. Further, applicants must, **when requested**, submit authentic and official transcripts of all previous academic work attempted. Failure to file complete, accurate, and authentic application documents may result in denial of admission, cancellation of registration or academic credit, suspension, or expulsion (Section 41301, Article 1.1, Title 5, California Code of Regulations).

Undergraduate Application Procedures

Prospective students applying for part-time or full-time undergraduate programs of study must submit a completed undergraduate application. The \$70 nonrefundable application fee should be paid online at the time of application via credit card or PayPal and may not be transferred or used to apply to another term. An alternate major may be requested on the application if desired by the university. The applications of persons denied admission to an impacted university may be redirected to another university at no cost, but only if the applicant is CSU eligible.

Impacted Programs

The CSU designates programs as impacted when more applications from regularly eligible applicants are received in the initial filing period (October and November for fall terms, June for winter terms, August for spring terms, February for summer terms) than can be accommodated. Some programs are impacted at every university which they are offered; others are impacted only at a few universities.

Candidates for admission must meet all of the university's specified supplementary admission criteria if applying to an impacted program or university.

The CSU will announce during the fall filing period those CSUs or programs that are impacted. Detailed information on university and program impaction is available on the Access & Impaction Website.

Each university will communicate supplementary admission criteria for all impacted programs to high schools and community colleges in their application service area and will disseminate this information to the public through appropriate media. This information will also be published on the San José State University's website.

Applicants must file applications for admission to an impacted program during the initial filing period. Applicants who wish to be considered for impacted programs at more than one CSU should file an application at each university for which they seek admission consideration.

Supplementary Admission Criteria

Each university with impacted programs or class-level admission categories uses supplementary admission criteria in screening applicants. Supplementary criteria may include rank-ordering of freshman applicants based on the combination of student's "A-G" GPA and supplemental factors or rank-ordering of transfer applicants based on verification of the Associate in Arts for Transfer (AA-T) or Associate in Science Transfer (AS-T) degrees, the overall transfer grade point average (GPA), completion of specified prerequisite courses and a combination of campus-developed criteria. Applicants for freshman admission to impacted universities or programs may need to have a higher "a-g" GPA. In no case will standardized test scores be utilized in making freshman admission decisions. Details about the factors used to evaluate applicants for admissions can be found on the SJSU Admissions website. Applicants who wish to be considered for admission to SJSU as an upper division transfer must complete SJSU's supplemental application. Details regarding the supplemental application process are posted to SJSU Admissions.

The supplementary admission criteria used by individual CSUs to screen applicants are made available by the universities to all applicants seeking admission to an impacted program.

Application Filing Periods

Note: Not all terms/programs are open for admission.

Terms	Applications First Accepted	Initial Filing Period	Filing Period Duration
Fall Semester	October 1	October 1 - November 30	Each non-impacted university accepts applications until capacities are reached. Many universities limit undergraduate admission in an enrollment category due to overall enrollment limits. If applying after the initial filing period, consult the university admission office for current information.
Spring Semester	August 1	August 1 - 31	

Admission to San José State is competitive in all majors because SJSU continues to have more qualified applicants than available new student spaces. This situation is called "impaction" and it means that meeting the minimum California State University (CSU) requirements does not guarantee admission to SJSU. We will no longer have the enrollment capacity to accept all CSU eligible applicants, including some from local high schools and community colleges.

San José State gives preference in the competitive admission process to "local" applicants. For freshmen, you are considered a "local" applicant if you will graduate from a high school in Santa Clara County. For transfer applicants, you are considered a "local" applicant if you will earn the majority of your transferable units at a college located in Santa Clara or Santa Cruz county.

All applicants are strongly encouraged to apply to an alternative campus that offers your preferred major. If applying after the initial filing period, consult SJSU Admissions for current information. Similar information is conveniently available at Cal State Apply.

Application Acknowledgment

On-time applicants may expect to receive an email acknowledgment from the universities to which they have applied within two to four weeks of filing the application. The notice may include a request that applicants submit additional records necessary to evaluate academic qualifications. Applicants may be assured of admission if the evaluation of relevant qualifications indicates that applicants meet CSU admission requirements, and in the case of admission impaction, supplemental criteria for admission to an impacted program. Unless specific written approval/confirmation is received, an offer of admission is not transferable to another term or to another university.

About a week after applying at Cal State Apply, you will receive an email with your nine-digit SJSU ID included. This nine-digit number will be your primary university identification throughout your career at SJSU. Make sure the spam filters on your email account are set to accept emails from @sjsu.edu.

For more information regarding the process go to SJSU Admissions.

Hardship Petitions

At the present time, because of severe budget limitations and the resulting campus-wide impaction, SJSU does not accept hardship petitions.

Notification

The Office of Undergraduate Admissions normally begins sending acceptance letters to applicants in February for admission to the fall semester and beginning in late September for admission to the spring semester. Letters from departments or faculty do not constitute admission to the university.

Applicants are not admitted as students in the regular session of the university until they have received an official letter of admission from the Office of Undergraduate Admissions. In addition to the official letter of admission, International student applicants for F-1 and J-1 status will be issued the appropriate form I-20 or DS-2019 for immigration processing.

Reservation

The university reserves the right to select its students and deny admission to the university or any of its programs as the university, in its sole discretion, determines admission based on an applicant's suitability and the best interests of the university.

California Promise

The California Promise Program enables a specific number of CSUs to establish pledge programs for entering first-time students who are both interested and able to complete baccalaureate degrees in 4-years. All CSUs have established programs for students with Associate Degrees for Transfer from any California Community College to complete their baccalaureate degrees in 2-years. The program is limited to students who are residents of California.

Students who commit to enter either the four-year or two-year pledge will be given a priority registration appointment for each state-supported enrollment period and will be provided with routine and thorough academic advisement. In order to remain in the program, students must meet with their advisors as prescribed, develop an enrollment plan and complete 30 semester units or the quarter equivalent within each academic year, including summer. Students must have started Fall 2017 or later, fill out the SJSU pledge form, and have a two or four-year plan in place in MyPlanner. Complete the Pledge Form to opt in to the program through the "To Do List" task on your MySJSU. Interested students entering the CSU in the fall term should contact californiapromise@sjsu.edu or visit the Cal State California Promise website.

Other Applicants

Fully matriculated students enrolled at any CSU campus have access to courses at other CSU campuses on a space-available basis unless those campuses/ programs are impacted. This access is offered without students being required to be formally admitted to the host campus and in most cases without paying additional fees. Students should consult their home campus academic advisors to determine how such courses may apply to their specific degree programs before enrolling at the host campus.

CSU Fully Online Courses - Matriculated students in good standing may request enrollment in one course per term, offered by a CSU host campus. Enrollment requests will be granted based on available space, as well as completion of any stated prerequisites. Credit earned at the host campus is electronically reported to the student's home campus to be included on the student's transcript at the home campus.

CSU Visitor Enrollment - Matriculated students in good standing enrolled at one CSU campus may enroll at another CSU campus for one term. Credit earned at the host campus is reported at the student's request to the home campus to be included on the student's transcript at the home campus.

Intersystem Cross Enrollment - Matriculated CSU, UC, or community college students may enroll on a "space available" basis for one course per term at another CSU, UC, or community college and request that a transcript of record be sent to the home campus.

Alternative Admissions for Adult Students

As an alternative to regular admission criteria, an applicant who is 25 years of age or older may be considered for admission as an adult student if they meet all of the following conditions:

- Possesses a high school diploma (or has established equivalence through either the General Educational Development or California High School Proficiency Examinations).
- Has not been enrolled in college as a full-time student for more than one term during the past five years.
- If there has been any college attendance in the last five years, has earned a 2.00 GPA or better in all college work attempted.

Consideration will be based upon a judgment as to whether the applicant is as likely to succeed as a regularly admitted freshman or transfer student and will include an assessment of basic skills in the English language and mathematical computation.

Appeal of Admission Decision

Section 89030.7 of the California Education Code requires that the CSU establishes specific requirements for appeal procedures for a denial of admission. Each CSU must publish appeal procedures for applicants denied admission to the University. The procedure is limited to addressing university decisions to deny an applicant admission to the University.

Admissions appeal procedures must address the basis for appeals, provide 15 business days for an applicant to submit an appeal, stipulate a maximum of one appeal per academic term, provide specific contact information for the individual or office to which the appeal should be submitted, and indicate a time estimate for when the university expects to respond to an appeal. The appeal procedures must be included in all denial of admission notifications to students and must also be published on the university website. Applicants should consult with SJSU Admissions.

Orientation

Frosh Orientation

Orientation is an important first step to help new students learn to navigate SJSU, register for classes, and make the connections they need to be successful! These mandatory programs assist new students with making the transition to college. Orientation is delivered collaboratively by two SJSU departments, Exploratory Student Success Center and New Student and Family Programs. These departments work with new students at Orientation and beyond by utilizing student leaders who are trained in approaches for effective transition. During the program, professional staff advise students about the General Education program, major courses, and prerequisites. Orientation staff who are knowledgeable about the campus guide students and parents/guardians through experiences that educate them about campus programs and services.

Transfer Orientation

Transfer Orientation is a mandatory program that acquaints students with the campus, introduces them to their colleges and major departments, and provides them with critical academic planning information. This program is managed by New Student and Family Programs in collaboration with Exploratory Student Success Center and other campus offices.

Freshman Requirements

Generally, applicants will qualify for consideration for first-time freshman admission if they meet the following requirements:

1. Have graduated from high school, have earned a Certificate of General Education Development (GED) or have passed the California High School Proficiency Examination (CHSPE);
2. The CSU requires that first-time freshman applicants complete, with grades of C- or better, a comprehensive pattern of college preparatory study totaling 15 units. A "unit" is one year of study in high school. These subject requirements are also known as the "a-g" pattern.

Subject Requirements

- 2 years of social science, including 1 year of U.S. history, or U.S. history and government
- 4 years of English
- 3 years of math (algebra, geometry and intermediate algebra; four years recommended)
- 2 years of laboratory science (1 biological & 1 physical, both must have laboratory instruction)
- 2 years in the same foreign language (subject to waiver for applicants demonstrating equivalent competence)
- 1 year of visual and performing arts: art, dance, drama/theater or music
- 1 year of electives: selected from English, advanced mathematics, social science, history, laboratory science, foreign language, visual and performing arts or other courses approved and included on the UC/CSU "a-g" list.

Note: The CSU will accept "Credit" or "Pass" grades to satisfy "a-g" requirements completed during Winter, Spring, Summer or Fall 2020 terms and during Winter, Spring or Summer 2021 terms. The CSU expects and assumes that high school Pass (Credit) grades will represent work completed at the C- or higher level. As of Fall 2021 and forward, grades are expected for courses.

3. Earn a qualifying "a-g" grade point average (GPA) as described below.
 - California residents and graduates of California high schools will be eligible for admission by earning a 2.50 or greater "a-g" GPA.
 - Any California high school graduate or resident of California earning a GPA between 2.00 and 2.49 may be evaluated for admission based upon supplemental factors such as number of courses exceeding minimum "a-g" requirements, household income, extracurricular involvement, and other available information that would inform the university admission decision.

- Non-California residents may be eligible for admission to the CSU by earning a 3.00 or greater "a-g" GPA along with other supplemental factors utilized by the individual university, including those outlined by impacted universities and programs.
 - Any Non-California resident earning a GPA between 2.47 and 2.99 may be evaluated for admission based upon supplemental factors such as number of courses exceeding minimum "a-g" requirements, household income, extracurricular involvement, and other available information that would inform the university admission decision.
4. Each CSU will determine the supplemental factors used with GPA to determine eligibility in these cases and communicate these criteria publicly for prospective students.

The California State University (CSU) has permanently discontinued the use of ACT/SAT examinations in determining admission eligibility. When available, admitted students are encouraged to submit official test scores; they would be considered only for purposes of student placement in Math or English courses.

Provisional Admission

San José State University may provisionally admit first-time freshman applicants based on their academic preparation through the junior year of high school and planned coursework for the senior year. The university will monitor the final terms of study to ensure that admitted students complete their secondary school studies satisfactorily, including the required college preparatory subjects, and graduate from high school. Students are required to submit an official transcript after graduation to certify that all coursework has been satisfactorily completed. Official high school transcripts must be received prior to the deadline set by the university. In no case may documentation of high school graduation be received any later than the census date for a student's first term of CSU enrollment. A CSU may rescind admission decisions, cancel financial aid awards, withdraw housing contracts and cancel any university registration for students who are found to be ineligible after the final transcript has been evaluated.

The offer of provisional admission is based on the academic information that applicants report on the CSU Apply application. All academic information must be verified before the admitted student will be allowed to enroll and register for classes at SJSU. The admission status will remain "provisional" until an official, final transcript(s) passes verification and confirmation of graduation from high school has been made. The offer of provisional admission to the academic plan (major) listed on the admission letter is only valid for the admit term and may not be deferred to another semester. In addition, it is not possible to change majors prior to enrollment at SJSU.

Applicants will qualify for regular (non-provisional) admission when the university verifies that they have graduated and received a high school diploma, have completed the comprehensive pattern of college preparatory "a-g" subjects and, if applying to an impacted program or university, have met all supplementary criteria.

SAT and ACT Tests

The California State University (CSU) has permanently discontinued the use of ACT/SAT examinations in determining admission eligibility. When available, admitted students are encouraged to submit official test scores, as they will be considered to help determine accurate placement in math or English courses..

Placement Measures for First-Year GE Written Communication and Mathematics/Quantitative Reasoning Courses

Freshman skills assessment and placement for general education written communication and mathematics/quantitative reasoning shall be based on systemwide skills assessment standards that include the Early Assessment Program/ Smarter Balanced Achievement Levels, ACT scores and/or SAT scores, high school coursework, high school GPA and math GPA. (Note: SAT and ACT are not used for admission, but admitted students are encouraged to submit official test scores, as they will be considered to help determine accurate placement in math or English courses.)

Skills assessments are not a condition for admission to the CSU; they are a condition of enrollment. These skills assessments are designed to inform entering freshmen of placement in appropriate baccalaureate-level courses based on their skills and needs.

First-time freshmen in need of support as determined by the skills assessment will be placed in courses with supported instruction. Supported instruction is designed to assist students in credit bearing courses. Students may also be required to participate in the Early Start Program.

The Early Start Program offers pathways and academic and social support that align with each incoming student's needs. The program's goal is to ensure that first time students successfully complete the General Education (GE) written communication (A2) and math/quantitative reasoning (B4) requirements within their first year.

Placement for GE Area A2 Written Communication

Fulfilled the GE Area A2 Written Communication Requirement (W-I)

The student has met the requirement via completion of one of the following:

Advanced Placement (AP) Test

- 3 or above: AP Language and Composition
- 3 or above: AP Composition and Literature

College Transfer Coursework

- Completed an approved college course that satisfies CSU GE Area A2 (written communication) with a grade of C- or better (official transcript required).

International Baccalaureate (IB) Exam

- 4 or above: IB Language A - Language and Literature (HL)
- 4 or above: IB Literature (HL)
- 4 or above: IB Language A1 (HL)

College Level Examination Program (CLEP)

- 50 or above: CLEP College Composition
- 50 or above: CLEP College Composition Modular

Enroll in a GE Subarea A2 English Course in the first year (W-II)

The student has met examination standards and/or multiple measures-informed standards via one of the criteria below:

English CAASPP/EAP Test:

- Standard Exceeded (Level 4)
- Standard Met (Level 3) and completed 12th grade approved year-long English course (CSU ERWC, AP, Weighted Honors English) with grade of C- or better

SAT Evidence-Based Reading and Writing Test:

- 550 or above
- 510 - 540 and completed 12th grade approved year-long English course (CSU ERWC, AP, Weighted Honors English) with grade of C- or better

ACT English Test:

- 22 or above
- 19 - 21 and completed 12th grade approved year-long English course (CSU ERWC, AP, Weighted Honors English) with grade of C- or better

High School Courses and GPA:

- Weighted GPA 3.3 or above
- GPA 3.0 or above and completed approved 12 grade year-long English course (AP, CSU ERWC, Weighted Honors English) with a grade of C- or better
- GPA 3.0 or above and completed Honors English
- GPA 3.0 or above and 5 or more years of high school English

Enroll in a Supported GE Subarea A2 English Course in the first term is recommended (W-III)

The student has met examination standards and/or multiple measures-informed standards via one of the criteria below:

SAT Evidence-Based Reading and Writing Test:

- 510 - 540 and 4 or more years of high school English

ACT English Test:

- 19 - 21 and 4 or more years of high school English

High School Courses and GPA:

- Weighted GPA 3.0 or above and 4 or more years of high school English

Enroll in a Supported GE Subarea A2 English Course in the first term (required) (W-IV)

If none of the above criteria is met, students must take their GE Subarea A2 course in the first semester and remain continuously enrolled in area A2 until the requirement is met. Students have the option to select the stretch version of English 1A after completing the Reflection on College Writing (RCW).

Placement for GE Mathematics/Quantitative Reasoning: Non-Math Intensive Majors (Algebra and Statistics Disciplines, Non-STEM and Undecided Majors)

Fulfilled the GE Subarea B4 Math/Quantitative Reasoning Requirement (M-I)

The student has met the requirement via completion of one of the following:

Advanced Placement (AP) Test:

- 3 or above on AP Calculus AB*
- 3 or above on AP Calculus BC*
- 3 or above on AP Statistics
- 3 or above on AP Computer Science Principles*

* Students may receive credit for only one calculus or computer science exam.

International Baccalaureate (IB) Test:

- 4 or above on Math (HL): Analysis and Approaches
- 4 or above on Math (HL): Applications and Interpretation

College Level Examination Program (CLEP):

- 50 or above on: Calculus, College Algebra, College Algebra-Trigonometry, Pre-Calculus, or Trigonometry

College Transfer Coursework:

- Completed math/quantitative reasoning college course with a C- or better that satisfies CSU GE Area B4 (official transcript required).

Enroll in a GE Subarea B4 Math/Quantitative Reasoning Requirement Course in the first year (M-II)

The student has met examination standards and/or multiple measures-informed standards via one of the following criteria:

CAASPP/EAP Math Exam:

- Standard Exceeded (Level 4)
- Standard Met (Level 3) and completed 12th grade approved year-long math course beyond Algebra 2 or Integrated Math 3, with a C- or better
- Standard Met and 4 or more years of high school math or quantitative reasoning

SAT Math Test:

- 570 or above
- 550 or above on Subject Test in Math Level 1 or 2
- 520 - 560 and completed 12th grade approved year-long math course beyond Algebra 2 or Integrated Math 3, with a C- or better

ACT Math Test:

- 23 or above
- 20 - 22 and completed 12th grade approved year-long math course beyond Algebra 2 or Integrated Math 3, with a C- or better

High School Courses and GPA:

- Weighted math GPA 3.0 or above and completed 12th grade approved year-long math course beyond Algebra 2 or Integrated Math 3, with a C- or better
- Weighted math GPA 3.0 or above and 5 or more years of high school math or quantitative reasoning
- Weighted high school GPA 3.7 or above
- Weighted high school GPA 3.5 or above and 4 or more years of high school math or quantitative reasoning

*View SAT score conversion for scores prior to March 2016 (old SAT)

Enroll in a Supported GE Subarea B4 Math/Quantitative Reasoning Course in the first term is recommended (M-III)

The student has met examination standards and/or multiple measures-informed standards via one of the criteria below:

High School MATH GPA:

- Weighted math GPA 3.3 or above
- Weighted high school GPA 3.0 or above

Enroll in a Supported GE Subarea B4 Math/Quantitative Reasoning Course in the first semester (required) and Participation in the B4 Supported Pathways Program (Early Start) is highly recommended (M-IV)

If none of the above criteria is met, it is highly recommended that students complete their GE Subarea B4 course through the Supported Pathways Program (EarlyStart) during the summer before their first year. Alternatively, students must take their GE Subarea B4 course in the first semester and remain continuously enrolled in area B4 until the requirement is met.

Placement for GE Mathematics/Quantitative Reasoning: Pre-STEM/STEM and Other Math-Intensive Majors

Fulfilled the GE Subarea B4 Math/Quantitative Reasoning Requirement (M-I)

The student has met the requirement via completion of one of the following:

Advanced Placement (AP) Test:

- 3 or above on AP Calculus AB*
- 3 or above on AP Calculus BC*
- 3 or above on AP Statistics
- 3 or above on AP Computer Science Principles*

*Students may receive credit for only one calculus or computer science exam.

International Baccalaureate (IB) Test:

- 4 or above on Math (HL): Analysis and Approaches
- 4 or above on Math (HL): Applications and Interpretation

College Level Examination Program (CLEP):

- 50 or above on: Calculus, College Algebra, College Algebra-Trigonometry, Pre-Calculus, or Trigonometry

College Transfer Coursework:

- Completed math/quantitative reasoning college course with a C- or better that satisfies CSU GE Area B4 (official transcripts required).

Enroll in a GE Subarea B4 Math/Quantitative Reasoning Course in the first year (M-II)

The student has met examination standards and/or multiple measures-informed standards via one of the criteria below:

CAASPP/EAP Math Exam:

- Standard Exceeded (Level 4)

- Standard Met (Level 3) and completed 12th grade approved year-long math course beyond Algebra 2 or Integrated Math 3 with a C- or better

SAT Math Test:

- 570 or above
- 550 or above on Subject Test in Math Level 1 or 2
- 520 - 560 and completed 12th grade approved year-long math course beyond Algebra 2 or Integrated Math 3 with a C- or better

ACT Math Test:

- 23 or above
- 20 - 22 and completed 12th grade approved year-long math course beyond Algebra 2 with a C- or better

High School Courses and GPA:

- Weighted math GPA 3.5 or above and completed 12th grade approved year-long math course beyond Algebra 2 or Integrated Math 3 with a grade of C- or better
- Weighted math GPA 3.5 or above and 5 or more years of high school math or quantitative reasoning
- Weighted high school GPA 3.7 or above

Enroll in a Supported GE Subarea B4 Math/Quantitative Reasoning Course in the first term is recommended (M-III)

The student has met examination standards and/or multiple measures-informed standards via the criteria below:

High School Math GPA:

- Weighted math GPA 3.3 or above

Enroll in a Supported GE Subarea B4 Math/Quantitative Reasoning Course in the first semester (required) and Participation in the B4 Supported Pathways Program (Early Start) is highly recommended (M-IV)

If none of the above criteria is met, it is highly recommended that students complete their GE Subarea B4 course through the Supported Pathways Program (EarlyStart) during the summer before their first year. Alternatively, students must take their GE Subarea B4 course in the first semester and remain continuously enrolled in area B4 until the requirement is met.

Early Start Program

The goal of the Early Start Program (ESP) is to:

- Ensure that first-time students successfully complete the General Education (GE) math/quantitative reasoning (B4) requirement within their first year.
- Better prepare students in written composition and mathematics/quantitative reasoning before the fall term of freshman year, improving students' chances of successful completion of a baccalaureate degree.
- Students are encouraged to visit the SJSU Early Start Program website once admitted.
- Pell-eligible students will receive a full fee waiver for Early Start courses. (Students may still be responsible for purchasing course materials such as textbooks or software licenses.)

To facilitate appropriate first-year course placement, the CSU evaluates entering students for academic preparation in two areas: math/quantitative reasoning and written communication. The evaluation process takes into account several factors, including grade point average, completed high school coursework, transfer-level coursework, and scores on standardized tests such as the SAT, ACT, CAASPP/EAP, and Advanced Placement and International Baccalaureate examinations. For more information on CSU first year placement policies in mathematics/quantitative reasoning and English/written communication, please visit CSU Student Success - Academic Preparation.

On the basis of this evaluation, some students who may benefit from additional academic preparation are encouraged to participate in summer skill-building activities through the Early Start Program, which provides students the opportunity to take a college level math course in the summer, work on their writing skills, and participate in online campus orientation activities. Eligible students will receive information about the program, including specific course recommendations, through MySJSU starting in the first week of May and continuing throughout the summer. Regular financial aid packages may not be applied to Early Start classes; however, fee waivers are automatically given to qualifying students.

Students who need sign language interpreters or other accommodations should contact the Accessible Education Center (AEC) at (408) 924-6000 as soon as possible, or at least two weeks prior to the first day of Early Start classes. For more information about obtaining accommodations contact the AEC.

Subject Requirement Substitution for Students with Disabilities

If you are unable to complete certain subjects because of your disability, please call the Accessible Education Center at 408-924-6000 or by email aec-info@sjsu.edu.

Step to College/Unitrack - High School Students

High school students may be considered for enrollment in certain special programs if recommended by the principal and the appropriate university department chair and if preparation is equivalent to that required of eligible California high school graduates. Such admission is only for a given specific program and does not constitute a right to continued enrollment.

The Dual Enrollment website provides additional information.

Transfer Policies of California State University

Most commonly, college-level credits earned from an institution of higher education accredited by a regional/national accrediting agency are accepted for transfer to member universities of the CSU. However, authority for decisions regarding the transfer of undergraduate credits is delegated to each university.

California Community Colleges and other authorized certifying institutions can certify up to 39 semester (58.5 quarter) units of General Education-Breadth (GE Breadth) or 37 semester (55.5 quarter) units of the Intersegmental General Education Transfer Curriculum (IGETC) for transfer students to fulfill lower-division general education requirements for any CSU prior to transfer.

"Certification" is the official notification from a California Community College or authorized institution that a transfer student has completed courses fulfilling lower-division general education requirements. The CSU GE-Breadth and the Intersegmental General Education Transfer Curriculum (IGETC) certification course lists for particular community colleges can be accessed at the official transfer and articulation system for California's public colleges and universities website, assist.org.

CSUs may enter into course-to-course or program-to-program articulation agreements with other CSUs, any or all of the California community colleges and other regionally accredited institutions. Established CSU and CCC

articulations may be found on assist.org. Students may be permitted to transfer no more than 70 semester (105 quarter) units to a CSU from an institution which does not offer bachelor's degrees or their equivalents, for example, community colleges. Given the university's 30-semester (45-quarter) unit residency requirement, no more than a total of 90 semester (135 quarter) units may be transferred into the university from all sources.

Transfer Requirements

Applicants who have completed fewer than 60 transferable semester college units (fewer than 90 quarter units) are considered lower-division transfer students. Applicants who have completed 60 or more transferable semester college units (90 or more quarter units) are considered upper-division transfer students. Applicants who complete college units during high school or through the summer immediately following high school graduation are considered first-time freshmen and must meet the CSU minimum eligibility requirements for first-time freshman admission. Transferable courses are those designated for baccalaureate credit by the college or university offering the courses and accepted as such by the university to which the applicant seeks admission.

Lower Division Transfer Requirements

An applicant who completes fewer than 60 semester (90 quarter) units of college credit is considered a lower division transfer student. Due to enrollment demands most CSU campuses, including SJSU, do not admit lower-division transfers so that more upper-division transfers can be accommodated.

Having fewer than 60 semester (90 quarter) units at the point of transfer may affect eligibility for registration priority at a CSU and may affect the student's financial aid status.

California resident transfer applicants with fewer than 60 semester or 90 quarter units must:

- Have a cumulative grade point average of 2.0 (C) or better in all transferable units attempted;
- Have completed, with a grade of C- or better, a course in written communication and a course in mathematics or quantitative reasoning at a level satisfying CSU General Education Breadth Area A2 and B4 requirements, respectively;
- Be in good standing at the last institution attended; and
- Meet any one of the following eligibility standards.

Generally, applicants will qualify for admission as a lower division transfer student if they have a cumulative GPA of at least 2.0 (C or better) in all transferable units attempted, are in good standing at the last college or university attended, and meet any of the following standards:

1. Will meet the freshman admission requirements (GPA and subject requirements) in effect for the term to which they are applying (see "Freshman Requirements"); or
2. Were eligible as a freshman at the time of high school graduation except for the subject requirements, and have been in continuous attendance in an accredited college since high school graduation, and have made up the missing subjects.

Applicants who graduated from high school prior to 1988 should contact the Admissions Office to inquire about alternative admission programs.

Making Up Missing College Preparatory Subject Requirements

San José State University does not allow students to make up missing college preparatory (a-g) subjects over the summer sessions. All work must be completed by the end of the 8th semester of high school with a "C- or Better" grade.

Upper Division Transfer Requirements

Generally, applicants will qualify for consideration for upper-division transfer admission if they meet all of the following requirements:

1. Cumulative grade point average of at least 2.0 (C or better) in all transferable units attempted;
2. In good standing at the last college or university attended; and
3. Completed at least sixty (60) transferable semester (90 quarter) units of college level coursework with a grade point average of 2.0 or higher and a grade C- or better in each course used to meet the CSU general education requirements in written communication, oral communication, critical thinking, and quantitative reasoning, e.g. mathematics.

The 60 units must include at least 30 units of courses that meet CSU general education requirements, including all of the general education requirements in communication in the English language (both oral and written) and critical thinking and the requirement in mathematics/quantitative reasoning (usually 3 semester units) OR the Intersegmental General Education Transfer Curriculum (IGETC) requirements in English communication and mathematical concepts and quantitative reasoning.

All applicants for transfer will be required to complete a SJSU supplemental application including grades for four basics coursework completed and any preparatory coursework considered in the impaction review for particular programs (majors).

Any transfer applicant who wishes to be considered for admission must complete and submit SJSU's supplemental application by the deadline posted to their MySJSU To Do List.

For more information about the way that this information will be considered for admission and a list of major-specific coursework, please see the Program Specific Supplemental Coursework website.

Questions about the Supplemental Application can be answered by consulting our help guide.

Associate Degrees for Transfer (ADT: AA-T or AS-T)

Student Transfer Achievement Reform (STAR) Act (SB 1440)

The Associate in Arts for Transfer (AA-T) and the Associate in Science for Transfer (AS-T) degrees offered at the California Community Colleges (CCC) are designed to provide California Community College students with the optimum transfer preparation and a clear admission pathway to those CSU degree majors.

Students who have completed these transfer degrees and are admitted to a similar CSU major program or option for that discipline will be able to complete the Baccalaureate Degree within 60 semester or 90 quarter units providing that all remaining required courses are completed successfully without a break in attendance and providing that no supplemental courses for minors or areas of emphasis are undertaken.

CCC students who earn an Associate Degree for Transfer (AA-T or AS-T) are guaranteed admission with junior standing to a CSU and given priority admission consideration over other transfer applicants when applying to a local CSU or non-impacted CSU program. AA-T or AS-T admission applicants are given limited priority consideration based on their eligibility ranking to an impacted university/program or to CSUs/programs that have been deemed similar to the degree completed at the community college. Students who have completed an AA-T/AS-T in a program deemed similar to a CSU major are able to complete remaining requirements for graduation within 60 semester (90 quarter) units. It is the responsibility of the student who has earned an AA-T/AS-T to provide documentation of the degree to the CSU. For the admissions process, students are responsible for working with their community college counselors to complete verification of AA-T or AS-T degree progress through the e-verify process within the established university deadlines.

Students who earn associate degrees for transfer and apply to a CSU campus but cannot be admitted due to impaction will be redirected to another CSU campus and offered admission for the same term. In order to qualify for the priority admission guarantee, transfer applicants must be conferred an approved Associate Degree for Transfer (AA-T/AS-T) by a California Community College, apply for admission to California State University campuses for an

open term by the published deadline, submit all requested transcripts and documents, meet CSU admission eligibility requirements for the campus and/or program, and comply with any other prescribed admission requirements. It is the responsibility of these transfer students to provide documentation about the completion of the degree to each CSU campus that has received an application for admission.

Transfers - Provisional Admission

The offer of provisional admission is based on the academic information that applicants report on the Cal State Apply application and supplemental application materials. All academic information must be verified before the admitted student will be allowed to enroll and register for classes at SJSU. The admission status for a fall term will remain "provisional" until an official, final transcript(s) passes verification and confirmation of completion of any spring work in progress. The admission status for a spring term will remain "provisional" until an official, final transcript(s) passes verification and confirmation of completion of any fall work in progress. The offer of provisional admission to the academic plan (major) listed on the admission letter is only valid for the admit term and may not be deferred to another semester. In addition, it is not possible to change majors prior to enrollment at SJSU.

Post-baccalaureate (Second Baccalaureate)

Due to enrollment restrictions and impaction, SJSU no longer accepts applications from post-baccalaureate/second baccalaureate students. The only exception is for Nursing.

International (Foreign) Student Requirements

The following information pertains to specific requirements for SJSU International Students.

Admission Requirements

The CSU must assess the academic preparation of foreign students. For this purpose, "foreign students" include those who hold U.S. temporary visas as students (F-1), exchange visitors (J-1) or in other nonimmigrant classifications.

The CSU uses separate requirements and application filing dates in the admission of foreign students. Verification of English proficiency (see the section on the English Language Requirement for undergraduate applicants), financial resources, and academic performance are each important considerations for admission. Academic records from foreign institutions must be on file at least by the posted deadlines and, if not in English, must be accompanied by certified English translations.

Insurance Requirement

Effective August 1, 1995, as a condition of receiving an I-20 or DS-2019 form, all F-1 and J-1 visa applicants must agree to obtain and maintain health insurance as a condition of registration and continued enrollment in the California State University. Such insurance must be in amounts as specified by the United States Department of State and San José State University. The campus president or designee shall determine which insurance policies meet these criteria. Further information may be obtained from International Student and Scholar Services,

English Language Requirement

All undergraduate applicants whose native language is not English and who have not attended schools at the secondary level or above for at least three years full time where English is the principal language of instruction must present a score of 61 or above on the Test of English as a Foreign Language (TOEFL). Some majors and class levels may require a higher score. For graduate student applicants, please refer to Graduate Admissions. A few programs may also use alternative methods of assessing English fluency: Pearson Test of English Academic (PTE Academic) and the International English Language Testing System (IELTS).

SJSU will assign "to do" items in MySJSU to notify applicants to submit test scores to the admissions office.

SJSU Minimum Proficiency Standards	TOEFL IBT	TOEFL IBT Home or Paper Edition	PTE	IELTS	Duolingo
Undergraduate, <i>except</i> Engineering	61	61	44	6.0	95
All Engineering majors	80	80	53	6.5	95
All Graduate applicants	80	80	53	6.5	N/A

Transcript Requirements

Transcript Submission

All transcripts submitted must be official and sent directly from the originating school or college to the Office of Admissions. San José State University accepts electronic transcripts as the preferred method. If possible please request your school to send your transcripts electronically. Electronic transcripts save processing time. Transcripts submitted by the student are not acceptable unless submitted in a sealed envelope. All records submitted become the property of the university, part of the student's file, and will not be released. If a student does not complete the application or enroll, the records will be kept on file for one year only.

Undergraduate students with college transfer work who are accepted for admission, and who desire advising, will be required to present a set of college transcripts to their departmental advisor. It is suggested that you order a set of transcripts for yourself at the same time you order transcripts sent to the Office of Admissions.

Freshmen Applicant Transcripts

Students applying for admission to the university while still attending high school may be evaluated on their self-reported application information. A final high school transcript with the date of graduation must be sent to the Office of Admissions at the time of graduation and by the assigned due date.

Transfer Applicant Transcripts

Transfer applicants who have completed 60 or more semester units of transferable credits and who are applying to the university need not file the high school transcript. However, applicants are cautioned that if, during the evaluation process, it is determined that fewer than 60 semester units of transferable credit have been earned, processing will stop and the application will be withdrawn.

All undergraduate applicants must file one official transcript from each college or institution in which they have enrolled. This includes USAFI, the Defense Language Institute, Special Sessions (Winter Session and Professional Development), correspondence and audited courses, as well as any college in which the student was enrolled and withdrew without earning credit.

Former students need not order transcripts of work completed at SJSU whether this work was accomplished in the regular session, Open University, Special Sessions, or through the university Professional Development Program. Similarly, they need not reorder transcripts that were previously forwarded to this university. But if they did college

work in the interim, such transcripts must be filed with their papers. Students absent from the university for a period of seven years or longer must resubmit all documents required for admission.

Credential Applicant Transcripts

Applicants to credential programs are required to file one official transcript from each and every college in which they have enrolled. Transcripts must be sent directly from the originating institution to the Office of Graduate Admissions & Program Evaluations (GAPE). Transcripts submitted by the student are not acceptable unless submitted in an official sealed envelope.

All college work must be reported. Failure to comply with this requirement may void the student's application.

Test Requirements

SAT and ACT

The California State University (CSU) has permanently discontinued the use of ACT/SAT examinations in determining admission eligibility. When available, admitted students are encouraged to submit official test scores as they will be considered to help determine accurate placement in math or English courses. Registration forms and dates for the SAT or ACT are available from school or college counselors or from a CSU campus testing office. Or students may contact:

The College Board (SAT)

250 Vesey Street
New York, NY 10281
866-756-7346

Placement by Examination

Advanced Standing by Examination

Advanced standing by examination permits accelerated progress toward the degree and a wider selection of course work.

Advanced standing by examination is divided into three categories: (1) advanced placement by examination (no unit credit awarded); (2) waiver of requirements (no unit credit awarded); and (3) advanced credit by examination.

Course Placement by Examination

See the policies below and the respective departments for details about all placement examinations.

Mathematics

The Precalculus Proficiency Assessment is offered to students who would like to place into MATH 30, MATH 30X, MATH 70, MATH 71, or MATH 71X and have not yet satisfied the prerequisites (MATH 70: MATH 18A/MATH 19 or SAT 570+ or ACT 23+; MATH 71: MATH 18A/MATH 19 or SAT 570+ or ACT 23+; MATH 30: MATH 19 with B or better; MATH 30X: MATH 19 with C- or better). Contact the Math Department for more information or contact the Testing Office; testing-office@sjsu.edu.

Foreign Language

Placement examinations in French, German and Spanish are recommended for those students who studied language in high school or acquired language skills through life experiences.

Students having completed college level foreign language (at SJSU or elsewhere) generally will not take the placement examination but will enroll in the course for which they qualify on the basis of units completed.

Music

All new and transfer music majors, including graduate students and returning former students, must report to the School of Music for auditions, advising and placement examinations. Music majors and minors must also audition for a major ensemble before completing registration.

Precalculus Proficiency Assessment (PPA)

The Precalculus Proficiency Assessment (PPA) is offered to students who would like to place into MATH 30, MATH 30X, MATH 42, MATH 42X, MATH 70, MATH 71, or MATH 71X and have not yet satisfied the prerequisites. For more information, consult the Testing Office; testing-office@sjsu.edu.

- Entering freshmen who plan to take MATH 30, MATH 30X, MATH 42, MATH 42X, MATH 70, MATH 71, or MATH 71X their first semester should take the Precalculus Proficiency Assessment *prior* to attending orientation. Exams are offered throughout September through January for Spring admits and May through August for Fall admits. Check the Testing Office website for details.
- For more information about the courses and their prerequisites, please read the Calculus, Discrete Mathematics, and Business Math web pages.

Placement Through External Exams

Information regarding external exams, Advanced Placement (AP) Exams and College Level Exam Program (CLEP), can be found in the linked sections of this catalog. Specific score information regarding MATH course prerequisites is found on the Calculus, Discrete Mathematics, and Business Math web pages.

Precalculus Proficiency Assessment through ALEKS PPL

The Precalculus Proficiency Assessment at SJSU is conducted through ALEKS PPL, an adaptive online program that uses artificial intelligence to map a student's strengths and weaknesses.

It consists of 3 parts:

1. Initial Assessment (approximately 30 questions, about 60-90 minutes to complete)
2. Prep and Learning Module (individualized, self-paced online review, with up to 2 practice tests)
3. Access to 2 Proctored Placement Assessments (Proctored in-person or online at SJSU. For non-local students, we can make arrangements for proctoring in person if available at other testing locations.)

Additional information on the PPA is found on the Testing Office website.

Registration and Payment

Students will receive information about registration and payment for the PPA once they are admitted to SJSU.

Accommodations

Students needing accommodations can take the Precalculus Proficiency Assessment through the Accessible Education Center (AEC). Registration can be done after payment and directly through the AEC.

Foreign Language Placement Examination

The placement test is recommended for those students who studied a language in high school or acquired language skills through life experiences such as foreign travel or study abroad.

If you have taken college level foreign language courses (at SJSU, a community college, or other university), you do not need to be tested. Just enroll in the course for which you qualify on the basis of units accumulated. If you are unsure about course equivalencies, call 408-924-4602 and you will be referred to an advisor.

Students may also take the Placement Test for Chinese, French, German, Italian, Japanese, Russian, or Spanish on an individual basis for the following semester. Details are available on the Immersion Language Placement Test website or call the Carmen Sigler Media Center at 408-924-4696.

For other languages, call 408-924-4602.

Waiver Examinations

A satisfactory score on one or more of the following tests will result in a waiver of the requirement, but no unit credit will be awarded. Information on all waiver examinations is available in the Testing Office. There is a test fee associated with some of these exams.

American Institutions

A waiver examination (giving no unit credit) is available in the Testing Office to challenge the California Government graduation requirement (Area US3).

Writing in the Disciplines (WID) Requirement

All students, regardless of where they began their college studies, are required by the California State University to satisfy an upper division written communication requirement, called the Graduation Writing Assessment Requirement (GWAR). At SJSU, the Writing in the Disciplines (WID) course fulfills the GWAR. To help students select the appropriate WID course, please consult the Upper Division Writing Directed Self-Placement website.

The following students do not need to take a WID course to fulfill the GWAR:

1. Students who have completed the Graduate Writing Assessment Requirement (GWAR) at SJSU or at another CSU campus as a matriculated student at the time of completion. Note: If you have satisfied the GWAR at another CSU campus, your department may still require that you take 100W to satisfy the requirements of the major, even though the university GWAR requirement has been met;
2. Post-baccalaureate students who have earned a baccalaureate degree from a regionally accredited U.S. college or university;
3. Students who have submitted a Writing in the Disciplines petition and received approval granting equivalency based on satisfactory completion of an upper division composition course completed at another university, or credit for prior learning, as applicable.

Test Accommodations

Students requiring test accommodations must submit the appropriate documentation to the Accessible Education Center (AEC). To ensure accommodations can be made, an appointment must be scheduled with an AEC counselor at least one month prior to a standardized or placement exam to determine eligibility and prescribe test accommodations. Students unable to meet this deadline should contact the AEC as soon as possible.

Transfer Credit

SJSU has extensive articulation with many colleges and universities in California. Course-to-course articulation agreements identify courses of comparable content for major and minor requirements for undergraduate degree programs at SJSU. The articulation agreement assures students that the approved transfer courses on the transfer campus will be accepted "in lieu of" the comparable SJSU courses. Information about the courses for each campus that SJSU has agreements with can be found at our comprehensive on-line transfer planning site.

Generally, transfer credit will be posted within the first semester of attendance or sooner in some cases. It is important to submit official transcript(s) from all institutions attended for work completed to ensure that transfer credit is posted.

San José State University accepts electronic transcripts as the preferred method. If possible, please request your school to send your transcripts electronically. Electronic transcripts save processing time. If you have questions or need assistance with your transfer credit, please email eval@sjsu.edu.

Credit from Other Colleges and Universities

California Community Colleges will certify to the California State University those courses that are of baccalaureate level and therefore transferable for at least elective credit. Credits earned in accredited community colleges will be evaluated by the Office of Undergraduate Admissions in accordance with Title 5 of the California Code of Regulations, Section 40409: A maximum of 70 semester units earned in a community college may be applied toward the degree, with the following limitations:

- a. No upper division credit may be allowed for courses taken at a community college, though content equivalence to upper division courses may be approved so that lower division courses may be articulated for "content credit only."
- b. No credit may be allowed for professional courses in education taken at a community college, other than an introduction to education course.

Credits earned at regionally accredited colleges will be evaluated by the Office of Undergraduate Admissions and advanced standing allowed on the basis of the evidence submitted. Credit toward the fulfillment of graduation requirements will be allowed only insofar as the courses satisfactorily completed have met the standards and the requirements of the basic course pattern of the college.

Credits earned at non-accredited colleges may be accepted as a basis for advanced standing only to the extent that the applicant can demonstrate to the satisfaction of the university that a satisfactory degree of proficiency has been attained in the course in question.

For details on transferring graduate credits from other institutions, see the section on Transfer Credit in the Graduate Program.

Credit for Prior Learning

Credit by Standardized Examination

San José State University grants credit toward its undergraduate degrees for successful completion of various standardized exams. The following are the guidelines for the credit that may be granted at SJSU for each standardized exam. Students may not earn duplicate credit by examination if they have previously taken or subsequently take equivalent exams or coursework.

Display information for: Advanced Placement (AP) Exams

Display information for: College Level Exam Program (CLEP)

Display information for: International Baccalaureate (IB)

Credit by Challenge Examination (CBE)

Students may challenge courses by taking examinations developed at San José State University.

In accordance with University Policies F15-5 and F15-11, academic credit may be earned through Challenge Exam (CBE) for any department-approved 0-100 level course for which an equivalent CLEP exam is not available. Credit earned from CBE is non-transferable and awarded on a Credit/No Credit basis. It can only be used to clear SJSU requirements and assist with progress towards a degree at SJSU. CBE can be attempted only once per course, up to a maximum of 30 units. This 30 unit maximum also includes course credit earned through CLEP examinations.

If you are seeking Credit By Challenge Examination, you must meet the following criteria:

- You are a currently matriculated student at SJSU.
- You cannot be enrolled in the course and have never received a grade (other than W) for the course or an equivalent course.
- You can only use the course towards completion of degree requirements at SJSU.
- You have never attempted CBE for the course before.
- You have fewer than the maximum of 30 units allowed for CBE/CPL/CLEP credit.

Visit the Testing Office Credit By Examination website for more information.

Credit for Non-Collegiate Instruction

San José State University grants undergraduate degree credit for successful completion of non-collegiate instruction, either military or civilian, appropriate to the baccalaureate degree, which has been recommended by the Commission on Educational Credit and Credentials of the American Council on Education. A maximum of 30 units of undergraduate degree credit is allowed for Credit for Prior Learning (CPL). The numbers of units allowed are those recommended in the

- American Council on Education (ACE) Military Guide, and
- American Council on Education (ACE) National Guide.

Credit for Military Training in Non-Collegiate Settings

Students shall be granted undergraduate or graduate credit for learning acquired through education, training and service provided by the Armed Forces of the United States as recommended by the American Council on Education (ACE) Military Guide. A maximum of 30 units of undergraduate degree credit is allowed for Credit for Prior Learning (CPL). Two units of Physical Education (PE) credit will be waived based on documented completion of a basic military training program.

Documents that should be submitted to assess credit for military education are:

- Joint Service Transcripts (JTS; Army, Navy, Marines, Coast Guard, Space Force)

- Community College of the Air Force transcript (CCAF)

The Office of Undergraduate Admissions will assist students with questions they may have about transfer credit in order to determine student level and admission eligibility.

Office of Admissions and Outreach (Undergraduate)

One Washington Square

San José, CA. 95192-0016

Phone: 408-283-7500

Email: eval@sjsu.edu

Credit for Professional Education

Special Session

Courses numbered 100-399 earn degree and residence credit. While the university may accept this work toward baccalaureate and graduate degrees, it is a matter of individual department evaluation as to whether such work is accepted as applying toward the major or minor. A record of this work is maintained by the Registrar's Office.

Transcripts are available once credit is posted.

Continuing Education Units (CEUs)

Courses numbered 400-499 offer Continuing Education Units (CEUs), a nationally-recognized unit of measurement for a variety of noncredit programs applying toward licensure, promotion or career advancement. CEUs are not applicable to a degree nor to residence unit requirements. A record of this work is maintained by Professional Education. Transcripts are available once credit is posted.

Credit for Demonstrated Learning, Knowledge, or Skills Acquired through Experience

Students may earn academic credit toward the degree for learning, knowledge, or skills acquired through experience. Academic credit for such experiential learning shall be awarded only when it is academically creditable and verifiable through a prior-learning assessment methodology.

Before academic credit earned for experiential learning becomes a part of the student's academic record, the student shall complete 15 units at the degree granting institution, or a sufficient number of units to establish evidence of a satisfactory learning pattern. Graduate students shall complete three units in residence at the degree granting institution.

Credit for Home Study

The university does not offer and rarely accepts credit for correspondence (home study) courses.

Advanced Placement (AP) Exams

San José State University grants credit toward its undergraduate degrees for successful completion of examinations of the Advanced Placement Program of the College Board. Students who present scores of three or better will be granted up to six semester units (nine quarter units) of college credit for each exam (no duplicate credit granted). The number of units granted, course equivalence, and satisfaction of requirements vary.

Requires scores of 3-5 for credit to be granted.

For historical AP credit by exam information, please visit the TES website and type the College Board in the institution search field.

Graduate Admissions

- Graduate Admissions and Program Evaluations (GAPE)
- Graduate Program Applicants
- Graduate and Post-Baccalaureate Application Procedures
- Prospective Students
- Requirements for Applicants
- Transcript Submission
- Graduate Orientation

We appreciate your interest in pursuing a graduate career at San José State University. In this section you will find out more about SJSU, the programs we offer, our application process and requirements, and important deadlines and forms related to applying for graduate admission. Some additional external links that might be of interest to prospective students are also listed, including information about housing and other available services.

Graduate Admissions and Program Evaluations (GAPE)

The GAPE office processes the admission for all graduate and teaching credential programs. For most programs, the admissions process is two-step, whereby applicants apply to the university and the department program. Applicants must first pass CSU eligibility and then pass the admission criteria of the specific department program.

For new students, the GAPE office:

- Receives all university applications, including supplemental materials such as transcripts, residency information, and declaration of finances
- Reviews documents for completeness
- Refers applications that meet minimum CSU eligibility requirements to departmental graduate program coordinators
- Sends out official letters of acceptance for those applicants accepted by both the university and the academic program.

For continuing students, the GAPE office:

- Reviews advancement to candidacy petitions and graduation requests for accuracy and alignment with policies and procedures of the university and the academic programs.
- Ensures course substitutions and transfer credit are applied appropriately to graduate degree programs.
- Awards graduate degrees upon an evaluation of completed program requirements.

Graduate Admissions and Program Evaluations

Student Services Center, Window G

Graduate Admissions: www.sjsu.edu/admissions/graduate

Graduate Program Applicants

Doctoral, Master's, Credential, and Graduate Certificates

All graduate applicants (new and returning, including disqualified students who have an approved Program of Study agreement with their graduate department) must submit a complete graduate application by applying through the

CSU Cal State Apply system at calstate.edu/apply. A \$70 nonrefundable fee is required to submit the university application. Applicants for graduate programs are limited to the choice of a single program on each application.

Those wishing to take SJSU classes in any capacity other than through extended education programs (e.g., Open University) must apply for admission to the university and (for most programs) to the department offering the degree in which applicants are interested. After formal admission, the applicant must enroll in classes in the first term of admission to retain active matriculation status.

Former students who have previously attended SJSU and have had a break of two or more consecutive semesters in their enrollment (not counting summer/winter session) must apply for readmission to regain their matriculation status. A former student of SJSU, whether returning after an official leave of absence or continuing immediately after receiving a baccalaureate, master's, or doctoral degree must also apply for admission. Reapplication by a previously matriculated student also results in loss of catalog rights. Therefore, returning students are subject, at departmental discretion, to current department policies and requirements.

Graduate and Post-Baccalaureate Application Procedures

All graduate and post-baccalaureate applicants (i.e., doctorate, joint Ph.D. applicants, master's degree applicants, those seeking educational credentials or certificates and, where permitted, holders of baccalaureate degrees interested in taking courses for personal or professional growth) must file a complete graduate application as described in the graduate and post-baccalaureate admission materials on the Cal State Apply website. Applicants seeking a second bachelor's degree must submit the undergraduate application for admission. Applicants who completed undergraduate degree requirements in the preceding term are also required to complete and submit an application and the \$70 nonrefundable application fee. To be assured of initial consideration by more than one CSU, it is necessary to submit separate applications (including fees) to each CSU campus. All CSU applications must be submitted online via the Cal State Apply application system. An acknowledgement will be sent to the applicant when the online application has been submitted.

Prospective Students

Students intending to pursue graduate work at San José State University may obtain pertinent information from a variety of sources. Careful reading of several publications will save time and prevent many difficulties that often arise due to lack of information. Publications recommended are:

- SJSU Academic Catalog - the listing of graduate courses offered, degree program requirements, and policies, procedures, and regulations by which the academic programs are governed;
- Office of Graduate Admissions & Program Evaluations (GAPE);
- Office of Graduate Enrollment Management (GEM);
- College of Graduate Studies; and,
- various departmental publications available from department offices and graduate program coordinators.

The prospective student is encouraged to consult with the graduate program coordinator for detailed information about his or her specific program of interest. Persons assigned responsibility for advising students in specific graduate programs are listed in various sections of the SJSU catalog. In addition, the Graduate Admissions website provides detailed information about university admission procedures and requirements.

Requirements for Applicants

Graduate and post-baccalaureate applicants may apply for a degree objective, a credential or an advanced certificate objective. Depending on the objective, the CSU will consider an application for graduate admission as follows:

- General Requirements - The minimum requirements for admission to graduate and post-baccalaureate studies at a CSU are in accordance with university regulations as well as Title 5, Chapter 1, Subchapter 3 of the California Code of Regulations.
- Specifically, a student shall at the time of enrollment:
 1. Have completed a four-year college course of study and hold an acceptable baccalaureate degree from an institution accredited by a regional accrediting association, or shall have completed equivalent academic preparation as determined by appropriate university authorities;
 2. Be in good academic standing at the last college or university attended;
 3. Have earned a grade point average of at least 2.5 on the last degree completed by the candidate or have attained a grade point average of at least 2.5 (A=4.0 grading scale) in the last 60 semester (or 90 quarter) units attempted; and
 4. Satisfactorily meet the professional, personal, scholastic, and other standards for graduate study, including qualifying examinations, as appropriate university authorities may prescribe. In unusual circumstances, a university may make exceptions to these criteria through a formal request for special action.
- Students who meet the minimum requirements for graduate and post-baccalaureate studies may be considered for admission in one of the four following categories:
 1. **Graduate Classified** - To pursue a graduate degree, applicants are required to fulfill all of the professional, personal, scholastic and other standards, including qualifying examinations, prescribed by the university; or
 2. **Graduate Conditionally Classified** - Applicants may be admitted to a graduate degree program in this category if, in the opinion of appropriate university authority, deficiencies may be remedied by additional preparation through the completion of prerequisites; or
 3. **Post-Baccalaureate Classified**, *e.g., admission to an education credential program* - Persons wishing to enroll in a credential or certificate program will be required to satisfy additional professional, personal, scholastic and other standards, including qualifying examinations, prescribed by the university; or
 4. **Post-Baccalaureate Unclassified** - To enroll in undergraduate courses as preparation for advanced degree programs or to enroll in graduate courses for professional or personal growth, applicants must be admitted as post-baccalaureate unclassified students. By meeting the general requirements, applicants are eligible for admission as post-baccalaureate unclassified students by using the Cal State Apply undergraduate application. Admission in this status does not constitute admission to, or assurance of consideration for admission to, any graduate degree or credential program. (Most CSUs do not offer admission to unclassified post-baccalaureate students.)

(These and other CSU admission requirements are subject to change as policies are revised and laws are amended. The CSU website and the Cal State Apply admission portal are good sources for the most up-to-date information.)

Requirements for International Students

The CSU must assess the academic preparation of international students. The designation, "international students" includes those who are seeking to hold a student visa, hold U.S. temporary visas as students (F-1), exchange visitors (J-1), or are in other nonimmigrant classifications.

The CSU uses specific requirements and application submission dates in the admission of international (F-1/J-1 seeking) students. Verification of English proficiency (see the section English Language Proficiency Requirement), financial resources, and academic performance are all important considerations for admission. Academic records from international institutions must be on file at least by April 20 for Fall and by October 20 for Spring for the first term, unless otherwise noted for a specific program (see Graduate Admission Deadlines). World Education Services (WES) are used to collect academic records from international institutions. WES evaluations must be on file by the stated deadlines for the admission term. Although WES evaluations are used for the authentication of academic documents, the evaluation of credentials and GPA will be conducted by the evaluation team at the Office of Graduate Admissions & Program Evaluations (GAPE). While WES is highly preferred, other evaluation services accepted at this time are Academic Credentials Evaluation Institute, Inc. (ACEI) and Educational Credential Evaluators (ECE).

Test Requirements

Graduate program applicants may be required to take one or more parts of the Graduate Record Examination (GRE). Students with graduate objectives in Business (MBA, MSTax, MSAcct, MSTmMgt) are required to take the Graduate Management Admission Test (GMAT). Some departments may require a locally developed qualification examination in their subject matter areas. Test Requirements can be viewed online and on graduate program web pages.

Applications and information about dates of administration for the GRE and GMAT are available in the Testing Office.

English Language Proficiency Requirement

All graduate and post-baccalaureate applicants, regardless of citizenship, whose native language is not English and whose preparatory education was principally in a language other than English must demonstrate competence in English. SJSU does not accept letters indicating an English-medium of instruction as a substitute for an English-language proficiency exam such as TOEFL, IELTS, the Pearson's Test of English, or other English language proficiency tests. Letters from applicants or institutions will not be accepted. Scores lower than the minimum will not be accepted. Waivers will also not be given for lower scores. Please note that a few of our graduate programs require a higher minimum score than what is posted by the university on the Test Requirements website.

English Language Proficiency Examination	Minimum Score
TOEFL iBT (Internet-based)	80
TOEFL IBT Home or Paper Edition	80
Academic International English Language Testing System (IELTS)	6.5
Academic Pearson Test of English (PTE)	53

Transcript Submission

Transcripts submitted for admission purposes must be official and sent directly from the originating school or college to Graduate Admissions & Program Evaluations (GAPE), San José State University, One Washington Square, San José, CA 95192-0017, or electronically to etranscript@sjsu.edu. International applicants must request WES, ACEI, or ECE evaluations to be sent electronically and directly to San José State University. Unofficial transcripts submitted via the student are not acceptable for this purpose. Records submitted become the property of the university and will not be released to the student. If a student does not fully complete an application and enroll, the records will be kept on file for approximately one year and then destroyed.

Graduate applicants must submit to the GAPE office one official transcript or international evaluation from each accredited institution attended. Failure to report to the university on the admissions application all previous college-level enrollment and to provide transcripts certifying that enrollment are regarded as serious infractions of university policy and may be punishable by permanent separation from the university. SJSU transcripts for prior coursework do not need to be requested to be sent to the Graduate Admissions office. Some departments may also require applicants to file additional transcripts with their graduate program coordinator. Program requirements are located on departmental websites, which can be accessed by clicking on the program name at Admission Requirements for Degree Programs website.

Graduate Orientation

The College of Graduate Studies presents a virtual program designed to inform incoming graduate students of university-wide policies and resources beyond those of individual departments and colleges and to integrate students into the SJSU campus community. Attendance is not mandatory but is highly encouraged. New F-1 international students are required to report to the Office of International Student and Scholars Services (ISSS). Students must check-in with ISSS in order to meet U.S. government requirements.

Graduate Studies Requirements

To Qualify for a Graduate Degree

Students must fulfill the specific program requirements as outlined in the graduate program catalog pages. All candidates for graduation must satisfy the master's requirements or doctoral requirements as described in the linked catalog sections.

Leadership:

Marc d'Alarcao, Dean

Jeffrey Honda, Associate Dean of Graduate Programs

Amy Leisenring, Associate Dean of Inclusive Student Success

The College of Graduate Studies assists graduate programs and their faculty and students to succeed. The College of Graduate Studies supports program development, advising faculty in transforming existing degree and certificate programs or building new ones at the post-baccalaureate, master's, or doctoral level. The College of Graduate Studies is also a resource for students seeking scholarships or who are facing special challenges such as probation or disqualification. The college helps maintain academic integrity through the fair and consistent administration of graduate policies, including those issued by the Chancellor and by the university's Academic Senate. Its Graduate Admissions and Program Evaluations (GAPE) division supports students as they enter and work their way through various degree requirements. The College of Graduate Studies interprets and administers the policies and procedures outlined in the sections that follow.

The Interdisciplinary Studies Major for either a Master of Arts or a Master of Science degree provides an alternative for individuals whose desired study plans do not fit the degree offerings of any single existing degree program on campus. In most cases, a thesis is required for this degree. Applicants or graduate students in other majors who wish to undertake the Interdisciplinary Studies major should consult the College of Graduate Studies Interdisciplinary Studies website to obtain the Information and Application for Interdisciplinary Studies Majors [pdf]. The guide contains the Proposal for Interdisciplinary Studies Major, which must be completed to obtain initial approval by the Associate Dean of Graduate Studies to be able to enter the program.

- Interdisciplinary Studies, MA

- Interdisciplinary Studies, MS

Degrees

Lucas College and Graduate School of Business

The Lucas Graduate School of Business in the Lucas College and Graduate School of Business offers the following degree programs:

- Accounting and Analytics, MS
- Business Administration, MBA
 - Early Career
 - For Professionals
- Finance, MS
- Taxation, MS
- Transportation Management, MS

Connie L. Lurie College of Education

The Connie L. Lurie College of Education offers the following degree programs:

- Child and Adolescent Development, MA
- Counseling and Guidance, MA
- Educational Leadership, Concentration in Emancipatory School Leadership, MA
- Educational Leadership, EdD (Fully Online)
- Educational Leadership, EdD (Hybrid)
- Higher Education Leadership, MA
- Multilingual and Multicultural Literacy Education, MA
- Special Education, MA
- Speech Language Pathology, MS
- Teaching, Critical Bilingual Education (Spanish) Concentration, MAT
- Teaching, MAT

Charles W. Davidson College of Engineering

The Charles W. Davidson College of Engineering offers the following degree programs:

- Aerospace Engineering, MS
- Artificial Intelligence, MS
- Biomedical Engineering, Biomedical Devices Concentration, MS
- Biomedical Engineering, MS (General)
- Chemical Engineering, MS
- Civil Engineering, MS
- Computer Engineering, MS
- Electrical Engineering, MS
- Engineering Management, MS
- Engineering Technology, MS

- Engineering, MS
- Human Factors/Ergonomics, MS
- Human Factors/Ergonomics, User Experience Concentration, MS
- Industrial and Systems Engineering, MS
- Materials Engineering, MS
- Mechanical Engineering, MS
- Quantum Technology, MS
- Software Engineering, MS

College of Health and Human Sciences

The College of Health and Human Sciences offers the following degree programs:

- Audiology, AUD
- Kinesiology, MS
- Nursing, Family Nurse Practitioner Concentration, MS
- Nursing, MS
- Nursing Practice, DNP
- Nutritional Science, MS
- Occupational Therapy, MS
- Occupational Therapy Doctorate, OTD
- Public Health, MPH
- Social Work, MSW

College of Humanities and the Arts

The College of Humanities and the Arts offers the following degree programs:

- Art, Art History and Visual Culture Concentration, MA
- Art, Digital Media Art Concentration, MFA
- Art, Photography Concentration, MFA
- Art, Pictorial Art Concentration, MFA
- Art, Spatial Art Concentration, MFA
- Computational Linguistics, MS
- Creative Writing, MFA
- Design, MDes
- English, MA
- Linguistics, MA (Not Accepting Students)
- Mass Communications, MS
- Music Education, MA
- Music, MM
- Philosophy, MA
- Spanish, MA
- Teaching English to Speakers of Other Languages (TESOL), MA (Not Accepting Students)

College of Information, Data & Society

The College of Information, Data & Society offers the following degree programs:

- Archives and Records Administration, MARA
- Data Analytics, MS
- Informatics, MS
- Library and Information Science, MLIS

College of Science

The College of Science offers the following degree programs:

- Applied Mathematics, MS
- Bioinformatics, MS
- Biological Sciences, MA
- Biological Sciences, Ecology and Evolution Concentration, MS
- Biological Sciences, Molecular Biology and Microbiology Concentration, MS
- Biological Sciences, Physiology Concentration, MS
- Biotechnology, MBT
- Chemistry, MA
- Chemistry, MS
- Computer Science, MS
- Data Science, MS
- Geology, MS
- Marine Science, MS
- Mathematics, MA (General)
- Medical Product Development Management, MS
- Meteorology, MS
- Physics, MS
- Quantum Technology, MS
- Science Education, MS
- Statistics, MS

College of Social Sciences

The College of Social Sciences offers the following degree programs:

- Applied Anthropology, MA
- Chicana and Chicano Studies, MA
- Clinical Psychology, MS
- Communication Studies, MA
- Criminology, Global Criminology Concentration, MS
- Economics, MA
- Economics, Applied Economics Concentration, MA
- Environmental Studies, MS
- Geography, MA
- History, MA
- Justice Studies, MS
- Psychology, Industrial/Organizational Psychology Concentration, MS

- Psychology, Research and Experimental Psychology Concentration, MA
- Public Administration, MPA
- Urban Planning, MUP

Certificates

- Accounting Fundamentals Certificate
- Advanced Accounting Topics Certificate
- Advanced Certificate in Geographic Information Systems (GIS) Certificate
- Advanced Communication(s) and Research Methods Certificate
- Advanced Global Leadership Certificate
- Advanced Social Work Practice in Gerontology Certificate
- Advanced Social Work Practice in Mental Health Certificate
- Advanced Taxation Certificate
- Affordable Housing and Community Development Finance Certificate
- Applications of Technology in Planning Certificate
- Business Analytics Certificate
- Clinical Genetic Molecular Biologist Scientist Training Program Certificate
- Clinical Laboratory Scientist (CLS) Training Program Certificate
- Community Design and Development Certificate
- Computational Linguistics Certificate
- Cybersecurity Engineering Certificate
- Cybersecurity Foundations Certificate
- Cybersecurity: Core Technologies Certificate
- Environmental Planning Certificate
- Ethics of Science and Emerging Technologies, Advanced Certificate
- Fundamentals of Cybersecurity Certificate
- Global Citizenship Certificate
- Global Philosophical Traditions Certificate
- Graduate TESOL Certificate (Not accepting students)
- High Technology Taxation Certificate
- High-Speed and Intercity Rail Management Certificate
- Higher Education Teaching Certificate
- International Taxation Certificate
- Library and Information Science Post-Master's Certificate
- Mindfulness-Based Health and Human Services Certificate
- Nursing Specialty Advanced Certificate
- Philosophy Post-baccalaureate Certificate
- Professional and Technical Writing Certificate
- Real Estate Development Certificate
- Secure Software Engineering Certificate
- Secure Test Engineering Certificate
- Six Sigma Black Belt Certificate
- Strategic Management of Digital Assets and Services Certificate
- Tax Practice Certificate
- Theory, Knowledge and Practice about Autism Spectrum Disorders Certificate (Not Accepting Students)
- Translation and Interpretation Certificate

- Transportation and Land Use Planning Certificate
- Transportation Management Certificate
- Transportation Safety, Security, and Emergency Management (TSSEM) Certificate
- Undergraduate TESOL Certificate

Credentials

- California Library Media Teacher Services Credential - now Teacher Librarian Credential
- Education Specialist Preliminary Teaching Credential: Early Childhood Special Education
- Education Specialist Preliminary Teaching Credential: Extensive Support Needs
- Multiple Subject Credential
- PK-3 Early Childhood Education (PK-3 ECE) Specialist Instruction Credential
- Pupil Personnel Services (PM-PPSC) Post-Master's Credential
- Education Specialist Preliminary Teaching Credential: Mild/Moderate Support Needs
- Pupil Personnel Services (PPS) School Counseling Credential
- Pupil Personnel Services (PPSC) Credential (Social Work)
- Single Subject Credential - Art
- Single Subject Credential - English
- Single Subject Credential - Mathematics
- Single Subject Credential - Music
- Single Subject Credential - Physical Education
- Single Subject Credential - Science
- Single Subject Credential - Social Science
- Single Subject Credential - World Languages
- Teacher Librarian Credential

Added Authorizations

- Adapted Physical Education Added Authorization
- Bilingual Authorization in Spanish
- Child Welfare and Attendance (CWA) Authorization
- Introductory Computer Science Supplementary Authorization
- Early Childhood Special Education Added Authorization (Not Accepting Students)

Graduate Policies & Procedures

- Graduate Student Catalog Rights
-

Information about course credit and number, including grades, registration and attendance is found in the Policies and Procedures section.

Graduate Student Catalog Rights

"Catalog rights" defines a specific set of requirements typically prescribed in a catalog for a specific year, which the student must satisfy to qualify for a program degree, credential, or certificate.

Graduate students may choose to qualify for graduation under any catalog year in effect from the time of SJSU admission as either a conditional or fully classified student to the time they graduate from SJSU.

If a student follows an earlier version of a program in which their department has discontinued or modified required courses, the department may authorize appropriate substitutions.

Change of Graduate Program

Official changes in a student graduate program are to be initiated by submitting a Change of Graduate Program Petition to the GAPE office. Submission of this request does not guarantee approval, as the new department must review and approve the student as a candidate for their program. The student should be aware of any additional admission requirements by the prospective program. The department must follow-up with the student request by approving the Change of Program request and returning its decision to the GAPE office. The GAPE office will then update the student's status to reflect the new program change.

If a student obtains permission to change their program or concentration after advancing to candidacy and the second program has different requirements than the first, then a new candidacy form (Petition for Advancement to Candidacy) must be filed that includes the signature of the new graduate program coordinator. Graded courses listed from the previous program candidacy form can be eliminated on the second candidacy form if not part of the new curriculum.

Switching culminating experience from Plan A (thesis) or C (creative project) to Plan B (project or comprehensive exams) or vice versa, do not require a new candidacy form. However, for Plan A or C students converting to a Plan B, any 299 units, project course units, or exam preparation course units in which credit was given must be retroactively dropped or changed to NC (no credit) grade. Furthermore, project and exam preparation courses as well as additional content courses might then be required, depending on the program. These changes all require that the GAPE office be informed by means of filing the Request for a Course Substitution for each course change. Degree requirements for the new plan must be satisfied in full. Therefore, retroactively adding a 298 (project) class, for example, in place of a 299 (thesis) class will be permitted only if all the requirements of the project have been met. The requirements for projects include a written report in every case.

Change in Classification Status

Notification of a change from conditionally classified to classified status within the same graduate program before advancement to candidacy is made to the GAPE office by the graduate program coordinator by means of the Change of Classification in Graduate Program form. Alternatively, a graduate program coordinator signature on the candidacy form indicates that the department has checked that all conditions have been fulfilled, allowing the conditional status to be lifted and establishing the classified status without the need to submit a Change of Classification form. Graduate

students must be in classified status in the graduate program to advance to candidacy. Once a student has advanced to candidacy and progressed to classified status, any conditions discovered still unfulfilled are sacrificed and can no longer be required.

Enrollment for Culminating Experience - 1290R

or Continuous Enrollment

Continuous enrollment is required of all graduate students between completion of regular courses and satisfactory completion of the culminating experience. Graduate students who receive an RP ("report in progress") grade in a thesis (299), project (often 298), dissertation (599), doctoral project (often 598), or other culminating experience course, as well as those who have completed course requirements but not the program comprehensive examination, may maintain continuous enrollment by registering for other courses or by registering for one unit of University Studies (UNVS) 1290R or departmental 1290R (Thesis/Project Supervision) through Special Session for each Fall and Spring semester until completion. In accordance with University Policy S17-5, graduate students preparing for comprehensive exams or completing a courses-only program culminating experience are included in this policy.

Graduate students who have completed their coursework but are still working on their culminating experience (thesis, project, or comprehensive exam) no longer may stop out for even one semester (Summer/Winter excluded), and they cannot be granted leaves of absence for any reasons other than military leave and severe medical issues.

Departments may require repeated enrollment in project, thesis, or comprehensive exam-preparation classes each semester until completion, thereby precluding the need for the 1290R course. There are no formal class meetings for the 1290R course. Failure to register for this \$280 1-unit course will result in a graduation hold until the unit is retroactively added.

Registration for 1290R

Registration for the 1-unit (\$280) UNVS 1290R or departmental 1290R special session course must be delayed to give students the opportunity to enroll in other courses. Students who have an RP grade in a culminating experience course, a graduation date in the current or future semester, and no enrollment in other courses will be notified after the add period by the Registrar's Office and given appointments for the UNVS 1290R or departmental 1290R. Graduate program coordinators of courses-only programs and those with culminating experiences not attached to courses with the RP grade option will need to generate appointments by submitting student names to Graduate Studies. Students with appointments may then register online through MySJSU. No permission or add code is needed. Students will have until the last day of course instruction to register for the course. To maintain their immigration status, international students are encouraged to add the course as soon as their appointments are available. Federal regulations require international students to be fully enrolled in classes within the first 30 days of the start of the semester. Those international students who fail to add 1290R within the first 30 days of the start of the semester will be out of compliance. Student F-1 status will be terminated which will result in the student's immediate U.S. departure. In each subsequent fall and spring semester, students still completing their culminating experience will have to register for this course and will be precluded from registering for any other. The RP grade in the project or thesis course remains on the official record until a culminating memo is submitted by the graduate program coordinators to the Office of Graduate Admissions & Program Evaluations (GAPE), the course instructor in which the RP was received has petitioned for a grade change, and the student has submitted the online graduation application through their MySJSU account.

The Associate Dean of Graduate Studies is officially the instructor of record for all 1290R courses and is responsible for assigning the grades as well as scheduling the courses each semester. Departments should not attempt to add 1290R courses on their own. Students may retroactively add a 1290R course by completing an online Retroactive Request for 1290R form, and paying associated tuition and fees.

More details regarding the continuous enrollment policy may be found in University Policy S17-5. Details on the RP (Report in Progress) administrative grading symbol may be found in University Policy S09-7.

For more information on required enrollment for culminating graduate students and Graduate 1290R Enrollment, view Required Enrollment for Culminating Graduate Students (1290R) on the College of Graduate Studies website.

Graduation Writing Assessment Requirement (GWAR)

The CSU Graduation Writing Assessment Requirement (GWAR) states that all students must demonstrate competency in writing skills as a requirement for graduation. Information on currently available ways to meet this graduation requirement may be obtained from the Testing Office.

Prior to Fall 2020 Semester

Graduate students enrolled in their program prior **prior to the Fall 2020 semester** may meet their Graduation Writing Assessment Requirement (GWAR) requirement in one of four ways following rescinded University Policy S94-7:

- Satisfactory completion of a baccalaureate degree at a CSU campus;
- Satisfactory completion of a GWAR course. Each graduate program has a designated GWAR course embedded within the degree requirements. Students should refer to their program's degree requirements - see a list of graduate programs on the College of Graduate Studies section of the catalog;
- Approval by the Associate Dean of Graduate Studies of a well-written, professional (peer-reviewed) publication, graduate thesis or dissertation in which the student was the sole author;
- Satisfactory completion of a discipline-specific upper-division writing course at another university judged by the Associate Dean of Graduate Studies to be equivalent in content and writing requirements to the SJSU 100W. To satisfy the requirement under this category, students are required to submit to their department graduate program coordinators a transcript (unofficial acceptable) showing completion of the substituting course and the grade received (a "B" or better is required); the syllabus of the substituting course; and original, single-authored writing samples from the course, including especially a large term paper from the course with instructor feedback visible. If the graduate program coordinator approves of the substitution for an SJSU GWAR course, the program coordinator would then petition the Associate Dean of Graduate Studies on behalf of the student. Students may not petition the College of Graduate Studies directly.

Fall 2020 Semester or Later

Graduate students enrolling in the **Fall 2020 semester or later** must follow University Policy S19-3 which requires that all graduate students demonstrate competency in written English for advancement to candidacy within a master's program. Graduate students may satisfy the Graduation Writing Assessment Requirement (GWAR) in one of three ways:

- Satisfactory completion of a GWAR course. Each graduate program has a designated GWAR course embedded within the degree requirements. Students should refer to their program's degree requirements - see a list of graduate programs on the College of Graduate Studies section of the catalog;
- Approval by the College of Graduate Studies of a professional publication written in English for which the candidate was a primary author.
- Completion of a master's or doctoral program with a substantive writing requirement at an accredited university in which the primary language of instruction is English unless a department requires additional documentation of writing proficiency.

Candidates should be aware that each department may establish its own criteria within these policy guidelines, and candidates must abide by the department decision. By policy, each program has identified a GWAR certified course which can be found here. Thus, even if a student has satisfied one of the criteria above, the department must

approve the waiver and can require that its GWAR-satisfying course still be taken. Waiving the program GWAR requirement will require the addition of an elective selected in consultation with the graduate program coordinator. Graduate courses cannot be taken for credit by examination.

Open University & Special Session

Also see the Alternative Enrollment Programs section of the catalog.

Open University

Open University, often known elsewhere as extended education, is set up primarily as an option for community members to take college courses. It is attended by non-matriculated, post-baccalaureate students seeking to gain future admission to a SJSU graduate program or who wish to take classes to prepare for a professional degree program, such as medicine. It can also be part of the program-of-study mechanism by which scholastically disqualified SJSU graduate students can gain university reinstatement (see section on Program of Study). Non-matriculated students who enroll only for Open University courses are reminded that they must apply for admission to the university and graduate program and complete other details of matriculation if they wish to obtain a degree or credential from SJSU.

Enrollment in Open University courses is governed by specific policies, as follows:

- Fees differ from those in regular and special sessions.
- Open University enrollment in a given graduate class is permitted only with instructor and department chair or school director approval and only after reasonable efforts are made to provide full enrollment opportunities to regularly matriculated students.
- Matriculated students may not take Open University courses. This restriction also applies to formerly matriculated students who have gone out of matriculation by stopping out or being disqualified, unless they receive special permission from the Associate Dean of Graduate Studies.
- Letter-graded or CR/NR courses may be taken through Open University, with the exception of supervisory courses (such as independent study courses and project or thesis courses).
- Either regular (state-support) or special (self-support) classes may be taken through Open University if all other requirements are met.
- Open University course enrollment in 200-level courses is only open to holders of baccalaureate degrees who meet course prerequisite requirements. Neither disqualified students nor those denied admission into a graduate program for reasons other than limitations imposed by enrollment caps are permitted to enroll in 200-level courses.
- Open University courses do not qualify for residence credit toward a master's degree, as specified by Title 5.

For Open University Courses planned for transfer into a master's or doctoral degree program, the following rules apply:

- Upper-division (100-level) and graduate (200-level) Open University courses may be applied to a master's or doctoral degree program when 1) the student has obtained approval from the program's graduate program coordinator or department, and 2) the Open University units add up to no more than 30% of the required graduate degree program units. The total allowable Open University units for transfer should not exceed 30% of the graduate degree program, if these courses are the only courses used for transfer credit. Note, that if courses from external institutions are approved for transfer, the total units from external course transfers and Open University course transfers combined must not exceed 30% of the graduate degree program.
- Upper-division (100-level) Open University courses taken as part of a Program of Study for the purposes of reinstatement after disqualification may be applied to the graduate program if they are listed on the student's approved candidacy form and are approved by the graduate program coordinator for use in the graduate

degree program. Courses taken by graduate students during a Program of Study via Open University do not count toward the 30% transfer limit.

All upper-division (100 level) and graduate-level (200 level) courses, **including SJSU Open University courses taken while in a graduate (GRAD) career**, will be used in the calculation of SJSU cumulative GPA. Those taken in the post-baccalaureate career (before matriculation and enrollment in the semester admitted) are also counted in the candidacy GPA if transferred into the graduate program.

Special Session

Special session is often confused with Open University. Although both are administered by Professional and Continuing Education (PaCE), special session programs and open university course offerings are different means for registering into graduate courses.

Special session classes are offered via different delivery modes or by schedules different from the regular session term. Matriculation is required for special sessions courses. Credit earned in 100-level, 200-level, or 300-level special session courses at SJSU is entered on the matriculated graduate student's record as graduate credit, provided the student holds an acceptable baccalaureate degree from an accredited institution at the time of enrollment in the courses. Courses taken through special session receive residence credit.

For further information concerning special sessions and policies, contact Professional Education and Continuing Education (PaCE).

Facilitation of Graduation

Pursuant to Title 5, Section 40411, and Presidential Directive (PD) 2009-05, undergraduate or graduate students are precluded from enrolling in any additional state-supported courses when that student has already met all necessary requirements for the degree for which that student is matriculated. Moreover, students who have met all requirements for graduation prior to any semester in which they are enrolled will be permitted to drop all courses for which they are registered, with little or no penalty, and to graduate at the next available date. Students who have earned more than enough units to graduate but have some remaining requirements to complete will be advised and precluded from registering in any courses other than those required for a timely graduation.

Repeat Policy

University Policy F08-2 on course repetition stipulates that graduate students may repeat a maximum of 9 units in their graduate careers, regardless of the number of units required in a degree program. This total does not include classes in the catalog that are designated repeatable for credit. A graduate student may repeat any 100-level or 200-level course in which a grade below a "B," including an "NC," "WU" or "IC," was received in the first attempt. The student's academic record will indicate the course as repeated and the grade earned. Units attempted and grade points earned for both the original and repeated course will be calculated for both the program and cumulative GPA. Additional units gained by repeating a given course will not contribute to the degree total. Graduate students and graduate coursework (200-level courses) are not eligible for "grade forgiveness."

Courses on the approved candidacy form in which a grade of any kind has been earned cannot be removed from the candidacy form; the grades will be averaged with other courses even when compensated for by additional coursework. Courses listed on the candidacy form in which grades of "NC," "I," "IC," "RP," "RD," or letter grades below "C" have been recorded will prevent graduation until completed, repeated, or compensated for in another way. This is also true of courses in programs that have special grade requirements beyond those of the university standard, e.g., requirement of "B" grades in all core classes.

SJSU (only) courses can be repeated when they have gone beyond the prescribed time period for completion of master's or doctoral degree requirements, which is seven or five years, respectively. Teaching credential courses cannot be repeated if the 7-year limit is exceeded.

See Repetition of Courses for more information about registering for a class you are repeating.

Time Limits

For master's students, Section 40510(b)(2), California Code of Regulations, Title 5, Education, requires that courses in completed master's degree programs be no older than seven years at the time of the degree conferral. The seven-year period is counted from the end of the semester in which the course was completed. Thus, no more than seven years may elapse between the time the first course in a graduate program is completed and the time the last course in the program is completed. Candidates have the following options to revalidate a course:

- Repeat the outdated course with a passing grade but without credit. The new grades will be factored into the GPA for graduation, and all grade requirements, such as the 3.0 minimum GPA, will still be in effect.
- Under some circumstances, another course (one already completed or to be taken) may be used to substitute for an outdated course. Permission for the substitution must be obtained from both the program's graduate program coordinator and the Associate Dean of Graduate Studies. This practice is highly discouraged, as it violates the rule that completed courses may not be removed from the candidacy form. If the original course is available for enrollment, it is unlikely that permission will be granted.
- Revalidate the outdated SJSU course by examination. Revalidation of courses is governed by University Policy S17-7. A student may revalidate a maximum of 9 units of a 30-unit master's degree program, or 12 units for a program with more than 30 units. Only courses in which a student has earned a "B" or better may be revalidated. Permission to revalidate from Graduate Studies or from GAPE is not required; examination can proceed and the results communicated to the program evaluator at the GAPE office by the form entitled Request for Course Revalidation - see the GAPE Forms. Course work completed at other institutions is not eligible for revalidation, but transfer courses taken at SJSU may be revalidated. Courses designated CR/NC, including supervisory courses such as project and thesis courses, seminar courses, independent study courses, and internship courses cannot be revalidated.

Veterans who are candidates for graduate degrees and who have had their graduate programs interrupted by military service may petition through the Associate Dean of Graduate Studies to extend the time limit imposed by the above regulations by the amount of time spent in military service. Nevertheless, students in this situation should apply for formal leaves of absence through the University Registrar, thereby making it unnecessary to contact the College of Graduate Studies.

For doctoral students, Title 5 stipulates that all degree requirements must be completed in five years. The Associate Dean of the College of Graduate Studies should be petitioned to extend the time for completion of the requirements if 1) the extension is warranted by individual circumstances and 2) the student demonstrates current knowledge of research and practice in their field of study. Doctoral candidates are encouraged to check with both their graduate program coordinator and Associate Dean of the College of Graduate Studies for more information specific to their program.

Transfer Credit

Students who have completed coursework at other regionally accredited colleges or universities may be eligible to apply credit toward master's degree requirements at SJSU. To be transferable, the coursework must have been taken at a regionally accredited U.S. university, or accredited international institution, whether through regular session, special session, online programs, or extension. To be transferable, courses must have been taken within seven years

(masters programs) or five years (doctoral programs) from the time of posting of the grade for the course to the date of conferral of the graduate degree from SJSU.

As stipulated in University Policy S13-8, not less than 70% of coursework required for the graduate degree must be completed in residence. For example, a maximum of 9 units can be transferred into a 30-unit graduate program. This total includes all transferred classes, including those from Open University and the SJSU undergraduate career. Transfer work from any source may be applied toward the degree program only if it is approved by the graduate program coordinator. Those taken at SJSU, whether through Open University or as a matriculated undergraduate, may be revalidated in accordance with the rules on revalidation if surpassing the 7-year or 5-year limit on course viability. Those taken at any institution other than SJSU cannot be revalidated.

No courses may be transferred into the graduate program if taken during the undergraduate career at another institution. Similarly, courses in a graduate (master's, PhD, or other) degree program in which the degree was awarded also cannot be transferred for credit. However, if the graduate degree was not awarded at the other institution, up to 30% of the coursework required for the master's degree at SJSU can be transferred. Note that letter-graded courses from previous master's degree programs taken at SJSU may be included up to a total of one third of the current degree total (i.e., 10 units in a 30-unit program) if approved by the graduate program coordinator. If a course was taken as part of a prior SJSU graduate degree program that was not finished (thus there was no award of degree), then the courses qualify for transfer credit. Students earning their undergraduate degree at SJSU and taking graduate-level courses should review the section on Graduate Credit Earned by SJSU Undergraduate Students.

For university approval of transfer units up to the 30% limit, the courses are entered in the "Transfer Courses" section of the Petition for Advancement to Graduate Candidacy [pdf]. The graduate program coordinator has full authority to allow or disallow transfer credit for those courses that meet the university requirements of eligibility. The signature of the graduate program coordinator on the candidacy form is sufficient to indicate departmental approval of the courses without additional forms. If the courses meet all of the requirements stipulated above, the university will accept the courses for advancement to candidacy and for graduation requirements. Credit is awarded for transferred courses of all categories, but grade points are not included in the SJSU cumulative GPA for transferred courses other than those from the SJSU Open University program taken in the GRAD career. Approved transferred courses taken in post-baccalaureate or graduate SJSU Open University may be included in the program GPA calculation for advancement to candidacy or graduation. Any approved transferred course must have an earned grade of "C" or better.

Official transcripts for all courses transferred from another university, if taken prior to application to the SJSU graduate school, must have been submitted directly to the GAPE office during the student's initial application to SJSU. Failure to have provided those transcripts precludes the later transfer of the courses. If the courses were taken or grades for them were posted after the application process, then the transferred courses must subsequently be verified by official transcripts sent to the GAPE office from that university at the time of transfer; failure to provide transcripts will result in a denial of advancement to candidacy and/or award of degree.

Research Policies and Procedures

Institutional Review Board (IRB)

Human Subjects Research

The IRB reviews all research protocols involving human subjects. Students and faculty are required to submit a research protocol for IRB review and approval before beginning any data collection from participants if their work entails research involving human subjects. Instructions, forms, and templates can be found at the IRB website.

Office of Research
IRB Coordinator
408-924-2479
www.sjsu.edu/research

Animal Care and Use Committee

If the dissertation includes research activities involving vertebrate animals or select invertebrate species, the care and use of animals or their tissues must be approved by the SJSU Institutional Animal Care and Use Committee (IACUC). Information concerning IACUC requirements and procedures is available from the IACUC Coordinator and on the IACUC website. Animal research approval from SJSU must be obtained prior to data collection even if the work is done in conjunction with another institution from which approval has been granted. SJSU prohibits retroactive approval of animal research that is considered ongoing or completed. The official letter of protocol review, obtained with IACUC approval, must be submitted along with the dissertation whether as an appendix or as a separate document. Failure to submit the necessary documentation can result in a delay or denial of the dissertation by the College of Graduate Studies.

The Institutional Biosafety Committee

The Institutional Biosafety Committee (IBC) reviews research activities involving hazardous biological agents, recombinant or synthetic nucleic acid molecules, materials derived from humans and nonhuman primates, toxins, select agents, or agents of dual use research concern. The IBC provides oversight for biological safety and ensures compliance pursuant to the NIH Guidelines [pdf] and University policies. University faculty and students intending to perform research under the above areas must submit a Biological Use Authorization (BUA) application for IBC review and approval before initiating the research. See the BUA page for more details on submitting BUA for approval.

Copyright Permission

If a student copies a figure, table or a significant section of someone else's work and it is believed that the use of these copyrighted materials is beyond that permitted by "fair use," the student will be required to obtain separate written permission letters from the publishers or authors of the works cited. It must be indicated in the text or figure caption within the dissertation that the material is "copied with permission." The student should plan well so that permission letters will be received in time. If letters of permission are not submitted with the final copies of the dissertation, the College of Graduate Studies will not approve the dissertation, and University Microfilms International (UMI) will not microfilm the work.

The permission letters should be included with the initial submission of the thesis as well as when the thesis is submitted for publication. For questions about the process, including whether permission is required for a particular insertion, contact the thesis coordinator at the College of Graduate Studies.

Latin Honors

Not Available for Graduate Students

Latin honors at SJSU are reserved, for those earning baccalaureate degrees per University Policy, S17-13. Because graduate students are required to maintain a minimum cumulative GPA of 3.0, all finishing graduate students would receive honors. Thus, they are not considered for receipt of Latin honors. Individual programs are free to award other forms of recognition to outstanding graduate students.

Academic Standing

Academic Notice | Administrative Academic Probation | Disqualification | Discontinuation | Appeal | Reinstatement | Readmission

Students are strongly advised to review University Policy S16-16 for more information on Academic Standing.

Academic Notice

Graduate students enrolled in a degree, credential, or advanced certificate program are subject to academic notice if their SJSU cumulative GPA falls below 3.0 (grade of "B" on a 4.0-point scale) in all units attempted subsequent to matriculation in either conditionally classified or classified status. Lower division courses (numbered 01-99) are listed on the transcript but cannot be used for graduate degree credit nor are they included in the GPA computation. Courses taken through SJSU Open University before matriculation will also be listed on the transcript and may, with graduate program coordinator consent on the candidacy form, be used toward the graduate degree if adhering to the transfer course limitation and residency requirement. Such courses will be figured into the GPA for advancement to candidacy and for the candidacy GPA computation at the completion of the program. All upper-division (100 level) and graduate-level (200 level) SJSU Open University course grades taken while in a GRAD career will be included in the SJSU cumulative GPA, which is used to determine academic standing for degree conferral. However, courses transferred into the graduate program from other institutions or from the SJSU undergraduate career will not count in the cumulative GPA computation.

At the completion of the degree program, should the SJSU cumulative GPA fall below 3.0 at the same time that the candidacy GPA is above 3.0, the student's academic standing will reflect the former only. In this unusual circumstance, the student or program must make the Associate Dean of the College of Graduate Studies aware of this discrepancy.

Each Spring, Summer and Fall term while on academic notice, the student must achieve a 3.0 GPA in the semester's work to avoid academic disqualification. To avoid disqualification, at least one graded course must be taken each Spring and Fall semester, while on academic notice. The student remains on continued academic notice as long as each individual term's work is equal to or above the 3.0 threshold but the overall GPA is still below 3.0. Academic notice is cleared when the SJSU cumulative GPA rises to 3.0 or better in any subsequent Spring, Summer or Fall term.

Graduate students are eligible to repeat courses with letter grades lower than "B" or with grades of "NC," "WU," or "IC" up to a total of 9 units, no matter how many units there are in the individual degree program. Exceptions may be made by the Associate Dean of Graduate Studies in this course repetition limit with respect to high unit clinical or field courses, as long as the exceptions do not violate academic notice and disqualification policies established in the major (see sections on Administrative Academic Probation and Disqualification). Repeated and elective courses may not be taken through Open University. Elective classes already taken in the degree program may be added to the candidacy form by means of the Request for Course Substitution in Graduate Degree form. However, all courses taken will be calculated in the GPA because any course taken with its associated grade cannot be removed from the candidacy form. The total allowable units that can be added as either repeated classes or substituted electives can be no greater than 30% of the total number of units for the individual degree for the entire graduate career. To clarify, in a 30-unit degree program, a student may add electives or repeat classes only up to a total of 9 units.

Failure to Achieve a 3.0 Grade Point Average on Completed Graduate Degree Program

If a master's candidate does not complete the graduate degree program with a minimum 3.0 GPA in both the overall coursework and the candidacy coursework, the student's major department may terminate the candidacy or permit completing additional courses in an attempt to raise the GPA in the program to the minimum 3.0 threshold. Elective courses may be added to the candidacy form if approved by the graduate program coordinator. Alternatively, courses can be repeated up to a limit of 9 units (per University Policy F08-2). In the entire graduate career, the combination of added elective units and repeated units cannot exceed 30% of the total number of units in the major. Failure to raise the candidacy and cumulative GPA to 3.0 after completing this additional coursework will result in a termination of the student's candidacy and an inability to earn the degree. Thus, the student would be academically disqualified without the ability to be reinstated by normal means.

Credential candidates who fail to achieve a 3.0 GPA upon completion of the credential program will be precluded by the department from attempting additional coursework and therefore not be recommended for an award of a credential by the State of California.

Administrative Academic Probation

Per Sections 41300.1 Title 5, graduate students may be placed on administrative academic probation or may be disqualified by appropriate campus authorities for unsatisfactory scholastic progress regardless of cumulative grade point average or progress points. Such actions shall be limited to those arising from repeated withdrawal, failure to progress toward an educational objective, and noncompliance with an academic requirement. Therefore, regardless of the cumulative GPA, administrative academic probation or disqualification can be imposed by the university.

Despite maintaining an SJSU cumulative GPA of 3.0 or better, a graduate student's academic performance in the major may fall below the minimum standards established in that major. In these cases, while students remain in overall good standing with the university, they are subject to administrative academic probation and disqualification from the graduate major.

In most cases, a direct reassignment from good standing in the major to disqualification from the major is prohibited. In other words, at least one semester of administrative academic probation in the major is required prior to disqualification from the major. By the same token, there must also be a way for a student to return from probationary status to good standing that should be clearly documented. Exceptions to these regulations are described below under Disqualification - Administrative Academic.

The department and university may impose administrative academic probation for any of the following reasons:

1. Failure to progress satisfactorily toward the degree or other program objective, including that resulting from assignment of 9 units of "NC," when such failure appears to be due to circumstances within the student's control, failure to pass writing requirements, or failure to take a reasonable number of courses in the student's own degree program.
2. Failure to comply, after due notice, with an academic requirement or regulation that is routine for all students or a defined group of students (examples: failure to complete a required CSU or campus examination, failure to complete a required practicum, failure to make satisfactory progress in the academic program, failure to put together a graduate committee of qualified individuals in programs that require a committee).
3. Failure to achieve a set of academic standards of the department. For example, a program might require the achievement of grades of "B" in every class or in particular classes with a stipulated number of repetitions permitted. Similarly, an acceptable standard would be to require a "CR" in field, student teaching, or internship courses with a stipulated number of "NC" grades allowed for repetition.
4. Programs may restrict a student to two attempts of any course offered by the program. Cohort programs may require that a minimum number of courses/units be taken each semester in order to best use resources or to ensure that the program is completed while student knowledge is still current. A maximum number of units can be set for students on probation.

When such action is taken, the student will be notified in writing and provided with the conditions for removal from probation and the circumstances that would lead to disqualification should probation not be removed. When notifying the student, the department must also inform the College of Graduate Studies and the Office of the Registrar.

Disqualification

Students are strongly advised to review University Policy S16-16 for more information.

Academic Disqualification

A graduate student who is on academic notice is academically disqualified if they fail to earn a term 3.0 GPA in any subsequent semester that they have been placed on academic notice and their cumulative GPA remains less than 3.0. This requires enrollment in at least one letter-graded course each Spring or Fall semester (but not Winter or Summer term) that the student is on academic notice. Teaching credential candidates are subject to the GPA dictates of the State Department of Education. Credential candidates will be notified of those requirements by their department within the College of Education in which they are seeking their credential preparation. At this time, the minimum GPA requirement matches that of the graduate division as a whole, that is, the 3.0 level. Credential candidates who fail to meet this standard are academically disqualified and are not eligible for reinstatement. Similarly, if at the time of completion of all credential requirements, a student's candidacy GPA or cumulative GPA is below the 3.0 threshold, the student is academically disqualified and will not be afforded the option of repeating credential courses to raise the GPA.

For master's candidates who complete all minimum degree requirements but fail to achieve a 3.0 GPA, the department may exercise its option to terminate the candidate. The department may also allow the student to repeat classes within the university limit of 9 units per graduate career or to add elective courses. The total units in the added courses and repeated courses (100 and 200 level coursework) cannot exceed in the entire graduate career 30% of the units of the degree program's total. If a student fails to raise the candidacy and SJSU cumulative GPA to 3.0 after these measures, they are academically disqualified without a possible reinstatement.

In many cases, students may petition for reinstatement following a first disqualification. Departments have the option of reinstating or refusing to reinstate a graduate student, and, if reinstatement is successfully achieved, the student is guaranteed readmission to the program.

After a second disqualification at the graduate level, reinstatement will not be granted and the student's candidacy will be terminated.

Administrative Academic Disqualification

Upon notification by the coordinator of the graduate program in which a student has been placed on administrative academic probation, the student may be administratively academically disqualified by the Associate Dean of College of Graduate Studies if the conditions for removal of administrative academic probation are not met within the period specified.

As indicated in the section on administrative academic probation, a probationary period must normally precede a disqualification. However, exemptions to this general rule include the following:

1. In clinical courses, laboratory courses, student teaching assignments, or other types of programmatic requirements, there may be such serious concerns about the safety or well-being of the student, other students, clients, patients, and so forth that repetition of the courses is not reasonable. For such courses or programmatic experiences, departments may establish "no repeat" policies, i.e., a course may not be repeated if not passed on the first attempt. In clinical or lab settings in which safety or well-being are severely compromised, an instructor may disenroll a student from the course, which may lead to disqualification from the major.
2. A program can disqualify a student without a probationary period for behavior that fails to comply with professional standards of conduct appropriate to the field of study. This conduct could occur in or out of class. It must be highly egregious for the disqualification action to be taken. Generally, a department will base its decision on a student's failure to comply with a written set of professional standards in the field of study.
3. Conditional acceptance to a program is, in effect, acceptance under probation in the major. Typically, a specified set of courses or requirements must be passed prior to attaining good standing in the program. There may be time limits or unit limits established to satisfy the conditions, which, if not met, may lead to disqualification from the major degree program without an intervening term on administrative academic probation. Cohort programs must provide in their policies a reasonable accommodation for students who must stop out for legitimate reasons.

In most cases (unless stipulated by the program in writing), graduate students administratively academically disqualified from their majors have no means for reinstatement. However, unlike academic disqualification, reinstatement and readmission are not absolutely necessary for continuation at the university after administrative academic disqualification. If a student finds another program willing to accept him or her within one semester, a Change of Graduate Program Petition can be filed with the office of Graduate Admissions and Program Evaluations and enrollment can resume following formal acceptance into the new program. Graduate students cannot be categorized as "undeclared", and thus a student must be accepted into some program to register for courses at the university other than through Open University. If more than one semester elapses from the point of disqualification, the student will be considered to have stopped out of enrollment and will be required to apply for readmission if a second department indicates willingness to allow a transfer.

International Students & Disqualification

To maintain their legal status in the U.S., international students must be matriculated within a degree program. After disqualification from SJSU, international students must transfer to another institution to maintain their legal status. Enrollment in Open University alone does not qualify them for the immigration document needed to remain in the U.S. Disqualified international students must speak with an international student advisor in the International Student and Scholar Services (ISSS) Office as soon as possible after receiving notification of their disqualification.

Discontinuation from the University

Students who fail to register for classes in two successive semesters are placed in a discontinued status and are no longer matriculated at the university. Discontinuation requires readmission to the university and program before a student may be permitted to enroll again. This policy also applies to students who leave the university after having registered for classes but who do not officially withdraw, or students who withdraw from all courses after the semester drop deadline. The courses will be assigned a grade of "WU" (denotes unauthorized drop or withdrawal). No personnel actions, grades, or transcript services will be permitted until all financial obligations, such as unpaid fees, have been settled. If the student fails to return the semester immediately following withdrawal, reapplication for admission will be necessary at Cal State Apply.

The exception to this policy is for students who file for a formal leave of absence. See the description of the options and regulations governing leaves in the Leave of Absence section.

Appeal of Disqualification and Probation

Students may appeal their probation or disqualification by petitioning the Academic Disqualification and Reinstatement Review Committee after the programmatic appeal process has been exhausted. The student should begin the appeal process by consulting with their graduate program coordinator. The appeal, in writing to the Associate Dean of the College of Graduate Studies, should contain a description of actions by the department contrary to departmental rules or university policy, or an explanation of extenuating circumstances that led to the action.

In cases of extenuating circumstances, the student must present evidence that the circumstances were beyond his or her control, that they disrupted previously satisfactory scholastic performance, and that they no longer affect the student's academic work. The Associate Dean of Graduate Studies has the authority to deny further appeal on the basis of reasonable grounds for appeal. If grounds exist, a subcommittee of the Academic Disqualification and Reinstatement Review Committee will in turn hold a formal hearing to confirm or rescind the probation or disqualification. Please review University Policy S16-16 for complete details.

Reinstatement From Disqualification

Following a notification of disqualification, a student's graduate program coordinator may file a Graduate Petition for Reinstatement. There are four categories by which a student can be reinstated: extenuating circumstances, special consideration, grade change and program of study. Please note that only the graduate program coordinator can initiate this form and students should work with their program coordinator when determining which reinstatement category is applicable.

Extenuating Circumstances

Similar to the appeal process for probation or disqualification, a request for reinstatement due to extenuating circumstances must meet the conditions indicated above for that process. The Graduate Petition for Reinstatement is submitted along with evidence of the circumstances and their role in the decline in scholastic performance.

Special Consideration

This category is reserved for individuals who have been absent from the university for five or more years and who have in that time achieved a renewed sense of purpose through job activities or through increased maturity that would prompt a greater chance of academic success. Often this request is accompanied by a switch in major from that in which the disqualification occurred.

Change of Grade

If a grade that was changed results in an increase in the semester GPA or in the cumulative GPA to 3.0 or above, the student may qualify for reinstatement in this category. In addition, retroactive (after the last day of classes) actions by students, such as completion of Incomplete ("I") grades or course drops, can also raise the SJSU cumulative GPA. The Change-of-Grade Form must be submitted by the department office directly to the Office of the Registrar by the drop deadline of the following spring or fall semester. Extension of this deadline will be considered only when there is documentation of the student's attempt(s) to contact both the instructor and the department chair and only when the late submission of the Change-of-Grade Form is clearly shown to be beyond the student's control.

Program of Study

The most common grounds for reinstatement is the completion of a program of study. A student must confer with the graduate program coordinator to receive approval for reinstatement and to develop a schedule of classes appropriate to the student's major. The courses in the program of study must amount to a minimum of 6 and maximum of 9 units per semester, and all must be taken in a single semester. They must be letter graded, upper division (100-level), and taken through SJSU Open University. The 100-level courses may or may not be part of the graduation requirements for the student's degree program. The program coordinator may require more than 6 units of coursework. Graduate (200-level) courses are not permitted on the program of study, and disqualified students cannot enroll in 200-level courses. Under no circumstances will courses be accepted that were taken prior to approval of the program of study via submission of the Graduate Petition for Reinstatement. Also precluded from the program of study are courses taken at another university, 300-level or 400-level or 500-level courses, and lower division courses.

If the student plans to pursue a different degree program upon readmission to the university, the program of study must be applicable to the new major, be developed in conjunction with the graduate program coordinator of the new major, and demonstrate the student's capacity to complete the new graduate degree requirements. If a course on an approved program of study becomes unavailable, another reinstatement petition must be submitted and approved immediately after enrollment in a substitute course. Once the program of study has been completed such that the student earns a minimum grade point average of 3.3 ("B+") with no course grades lower than a "B," the student will be reinstated and, after reapplication to the university, readmitted to the university and department. Should the student fail to achieve the minimum GPA of 3.3 in the program of study, additional programs of study are permissible.

with entirely new classes and consent of the graduate program coordinator of the major the student intends to pursue.

Reinstatement is not allowed for a second disqualification. Unless extenuating circumstances can be cited that result in rescinding the second disqualification, a Graduate Petition for Reinstatement will not be accepted from students who have been disqualified more than once. If the student plans to pursue a different degree program upon readmission to the university, the program of study must be applicable to the new major, be developed in conjunction with the graduate program coordinator of the new major, and demonstrate the student's capacity to complete the new graduate degree requirements.

Unless the disqualification is rescinded as above, reinstated students must apply to the university and department for readmission. Reapplication via Cal State Apply can be done during the semester in which the program of study is underway or in which the reinstatement petition is being considered. The application will be placed on hold at Graduate Admissions and Program Evaluations until the program-of-study grades are posted and the student is reinstated. A department is expected to readmit students who have successfully completed programs of study signed off by that department. Disqualified, reinstated students seeking readmission are, nevertheless, subject to the same enrollment limitations and admission application requirements as all other applicants. Learn more about the reinstatement processes.

Readmission

A graduate student readmitted after academic disqualification may still retain a sub-3.0 GPA upon reentry and, therefore, remain on continued academic notice during their first term back until the cumulative graduate GPA is raised to a minimum of 3.0. To avoid a second disqualification following reinstatement, a student must achieve a term GPA equal to or above 3.0 in any Spring, Summer, or Fall term while on academic notice. If a GPA equal to or above a 3.0 is not achieved, the student will be disqualified a second and final time. A student is removed from academic notice once the cumulative GPA meets or exceeds 3.0.

While disqualified, the graduate student has no capacity, outside of possible degree-satisfying courses taken as part of a program of study, to raise the GPA. Unlike an undergraduate student in disqualified status, courses taken by a graduate student through Open University or at other institutions during this period are not counted in university GPA calculations, except in the case of the program of study courses that are applicable to the degree program. Disqualified students lose their privileges for course registration and thus are effectively removed from the university.

Readmission differs from reinstatement. An academically disqualified student may petition for and be granted reinstatement; however, class enrollment requires that they also be readmitted into the university. Readmission is possible only after proper reinstatement is achieved, formal reapplication through Cal State Apply is submitted, university review is complete, and acceptance by the department graduate program is confirmed. This applies whether the student is returning to their previous program or if a student has been academically disqualified and is returning to begin a newly approved program. The student can reapply as early as the term following a first disqualification, even if reinstatement has not yet been achieved. The university will make special arrangements, before an official term begins, for former students who wish to return to their studies. The Associate Dean for the College of Graduate Studies should be contacted if these circumstances apply.

General Information and Student Messaging for 1290R Enrollment

Per University Policy S17-5, graduate students with an RP grade in a **thesis (299), dissertation (699), or project (often 298)** course in the Spring 2012 or later semester are required to enroll in the 1-unit CR/NC course, 1290R, each semester until degree completion for the purpose of continuous enrollment. Enrollment **must be repeated each semester until degree completion** except in cases in which the department requires repeated enrollment in the original project or thesis course. There are no class meetings for the course as it is supervisory in nature; however, there will be a \$288 fee associated with 1290R. "Stopping out" or a voluntary absence from the university will not be permitted unless a leave of absence petition is approved for either medical or military reasons. Failure to register will result in a hold being put on graduation until the unit is retroactively added, and a late fee will be associated with the retroactive action. To retroactively add any previous semesters in which a 1290R course was not taken, use the linked DocuSign form.

Professional & Global Engagement is responsible for scheduling 1290R:

- 1290Rs are **special session courses**, and students must have special session registration appointments (i.e., time/date window) to add via MySJSU.
 - The College of Graduate Studies oversees **both** grading and roster management for all 1290R courses (both UNVS 1290R and any department generated 1290R [e.g. BIOL 1290R]). The Associate Dean of Graduate Studies serves as the instructor of record for all 1290R courses, no matter the prefix.
 - One class for each department with an **enrollment cap of 100 students** can be generated.
 - UNVS 1290R is used only in cases in which the **department has not designated its own 1290R**. Tuition generated in this case does not go to the department.
- Students can add 1290R only if they are not enrolled in any other courses for the current semester.

Appointments to enroll for 1290R begins the day following the last day to add courses.

 - Because 1290R is scheduled through Special Sessions, and the Office of the Registrar delays appointments to allow students to register for other courses, 1290R registration is delayed until the day following the last day to add (**see example email sent to students below**).
 - Domestic students** have until the **last day of instruction** (11:59 pm) to enroll in 1290R.
 - Note: International students in F-1 status: Federal regulations require that students enroll in 1290R within the **first 30 days of the start of the semester** although they will not be able to complete the 1290R enrollment until they receive their appointment. Students who do not complete enrollment during that time will be out of compliance and their F-1 status will be terminated, resulting in immediate departure from the U.S. Therefore, it is critical that they do not delay in registering for 1290R once they have an appointment. Please contact International Student and Scholar Services (ISSS) for more information.
 - Students enroll in 1290R just as they would a regular course through their MySJSU Student Center (see the PDF Instructions).
 - Any 1290R enrollments after the last day of instruction become **retroactive adds**. Students will then be required to add 1290R retroactively for the course once the deadline has passed.

The Office of the Registrar is responsible for screening students, messaging, and posting grades for 1290R eligible students:

- Registration appointments are assigned to graduate students based on the following criteria:
 - Students who have an "RP" grade Spring 2012 or thereafter in a thesis/project course or applied to graduate in the current semester and/or following two semesters;
 - Students who are not enrolled in any courses for the current semester;
 - Completed all degree requirements other than thesis or project.

Important Notes:

- Students who do not have a graduation date for either the current semester or two subsequent semesters, must update their graduation date. Students who have not applied to graduate or have a past graduation date will not automatically receive a 1290R appointment via messaging.

2. Students who do not have an RP course in their program, do not have any recorded status for their pending culminating experience such as comprehensive exams (*i.e.*, courses only), or have an "I" reported for their culminating experience will not automatically receive an appointment invitation from the Office of the Registrar. In these cases, the student or graduate program coordinator must contact the Associate Dean of Programs, College of Graduate Studies, in order to notify the Office of the Registrar to provide the student a 1290R registration appointment via email. The following information is required:
 - a. Student contact information (name, ID number, email, and phone number);
 - b. Program and culminating experience.

Sample Email to Students

From the Office of the Registrar after census date.

Dear Student,

A registration appointment is now available for you to enroll in your department prefix 1290R or UNVS 1290R (a 1-unit thesis/project supervisory course for continuous enrollment), as our records indicate that you have met all of the conditions below for [*current semester*]. Registration is via MySJSU, and no permission number is needed. Failure to register for this course will result in a hold on your graduation until you retroactively add the course. Please be aware that retroactively adding this course will incur a \$200 late fee.

Conditions:

1. Graduate student
2. "RP" grade issued in Spring 2012 or thereafter in a thesis/ project course or applied to graduate in [*current semester, or the following two successive semesters*]
3. Enrolled in no other courses for the current term
4. Completed all degree requirements other than thesis or project

Questions can be directed to Dr. Jeffrey Honda, Associate Dean of Programs, College of Graduate Studies.

For other Graduate policy guidelines, visit the College of Graduate Studies Policy website.

Graduate Processes for Reinstatement

Reinstatement Processes

Per S16-16, academically disqualified students may apply for reinstatement. Academic disqualification occurs when graduate students on academic notice or administrative academic probation earn a fall, or spring term GPA below 3.0. The disqualified status is shown on the transcript. Graduate students disqualified from the university for the first time can petition to be reinstated, unless otherwise disallowed by an accrediting body or other governing agency.

Reinstatement is a process separate from readmission. Students must file an application for readmission with Cal State Apply through GAPE to register for classes following reinstatement. Application for readmission can be done during the semester in which the program of study is underway or in which the reinstatement petition is being considered. Please note the process below for students wishing to apply for reinstatement:

1. Students who are disqualified from the University will receive notification from the Office of the Registrar. Once this occurs, the student may immediately apply for reinstatement. Your Graduate Program Coordinator must initiate the Graduate Petition for Reinstatement.
2. Students must complete a Graduate Petition for Reinstatement with their graduate program coordinator and obtain all necessary signatures and documentation. Consideration is given for:
 - a. Extenuating circumstances
 - b. Special Consideration
 - c. Change of grade
 - d. Program of Study: **Note:** because Program of Study requires taking courses the semester following disqualification through Open University, students must submit their petitions for their Program of Study by the following deadlines to ensure that they can be reinstated for the next earliest semester:
 - i. Spring March 1st (if the Program of Study is to be done during the Spring semester)
 - ii. Summer July 1st (if the Program of Study is to be done during the Summer semester)
 - iii. Fall October 1st (if the Program of Study is to be done during the Fall semester)
 - iv. Example: If a student is disqualified in the fall semester, the student can take a Program of Study the following spring semester, and if the Program of Study is successfully satisfied, and if the application cycle is still open, they would be eligible to return the following fall semester (or possibly earlier during the summer semester depending on their program).
 - v. It is the student's responsibility to ensure that documentation reaches the College of Graduate Study for final approval and meets any of the above deadlines (see sample Program of Study confirmation letter).
 - e. A Program of Study must conform to the following policies:
 - i. Courses must be letter graded, upper division (100-level), and taken through SJSU Open University or SJSU's Extended Studies winter or summer session. Graduate courses can not be used in a Program of Study.
 - ii. The 100-level courses may or may not be part of the graduation requirements for the student's degree program.
 - iii. The program coordinator may require more than 6 units of coursework but no more than 9 units.
 - iv. Courses for a Program of Study cannot be from a past term.
 - v. If the student plans to pursue a different degree program upon readmission to the university, the Program of Study must be applicable to the new major, be developed in conjunction with the graduate program coordinator of the new major, and demonstrate the student's capacity to complete the new graduate degree requirements.
 - vi. If a course on an approved Program of Study becomes unavailable, another reinstatement petition must be submitted and approved immediately after enrollment in a substitute course.

- vii. Once the Program of Study has been completed successfully with a minimum GPA of 3.3 ("B+") and no grades lower than B, the student will be reinstated and, **after reapplication to the university**, readmitted to the university and the department.
- viii. Should the student fail to achieve the 3.3 minimum GPA, additional programs of study are permissible with entirely new classes and consent of the graduate program coordinator of the incoming major.
- f. Petitions are approved by the Associate Dean of Graduate Programs and forwarded to the Office of the Registrar. In the case of denial, department and student are notified.

Readmission and Appeals Processes

1. Simultaneous to the reinstatement process, **students must also reapply for readmission to gain matriculated status once again.**
 - a. Students must reapply to SJSU using the Cal State Apply processes and meet all regular admissions eligibility criteria, pay appropriate fees, and follow the regular term application deadlines.
 - b. To meet filing deadlines, students may need to start the readmission process **before** reinstatement is complete.
 - c. GAPE will not readmit students until the transcript states that the student has been reinstated. Any requests are held until reinstatement is approved.
 - d. Note: in some cases such as extenuating circumstances and change of grade petitions, readmission is not necessary if petitions are provided in a timely manner
 - e. See sample reinstatement letter
2. Students whose petitions are denied can appeal to the Academic Disqualification Reinstatement Review Committee
 - a. Process is initiated through the graduate program coordinator
 - b. Personal Statement must be provided to the Associate Dean of Programs for the College of Graduate Studies.

Spartan Accelerated Graduate Education (SAGE) Programs

Spartan Accelerated Graduate Education (SAGE) Scholars programs are combined bachelor's and master's programs at SJSU. Programs may also satisfy requirements for a teaching credential. SAGE programs allow students to earn graduate credit while in their junior and/or senior year and in some cases, may count courses for both undergraduate and graduate credit (up to 12 units) thus reducing the number of semesters required for completion of a master's degree. For a list of approved programs, view the Majors and Programs or MyRoadmaps Catalog - SAGE pages.

Why apply to the SAGE Scholars program? View the SAGE Scholars Program flyer for more information and view current SAGE programs.

Objectives

The Spartan Accelerated Graduate Education Scholars Programs objectives are as follows:

1. To provide an accelerated route to a graduate degree, with simultaneous awarding of both Bachelor's and Master's degrees.
2. In most cases, to allow for the possibility of students' earning graduate credit for several of their senior electives, effectively decreasing the summed unit requirements for both degrees.
3. To provide a seamless process whereby students can progress from undergraduate to graduate status without having to apply through the CSU application, Cal State Apply (thereby eliminating the need to pay the CSU application fee).
4. To provide a meaningful capstone experience that in some cases integrates the senior project with the graduate thesis or project.

SAGE Admission and Graduate Career Transition

All SAGE programs must adhere to the following CSU and SJSU policy admission requirements:

SAGE admission (Step 1) requirements:

1. Students must successfully complete a minimum of 60 undergraduate SAGE program applicable units but not more than 120 undergraduate program applicable units at the time of admission into the SAGE program. Note that SAGE program eligible units are not equivalent to degree applicable units. To determine the difference between the two designations, advisors should run a MyProgress 'what if' report.
2. Students must be enrolled in or have completed the undergraduate Graduation Writing Assessment Requirement (WID/100W/GWAR) prior to admission into the SAGE program.
3. As a scholar's program, students must have a minimum 2.5 SJSU cumulative GPA at the time of admission into the SAGE program.

Transitioning into the graduate career (Step 2) requirements:

1. SAGE students in the undergraduate career must have completed all lower division courses (designated as 0-99, including lower division general education courses and American Institutions courses) BEFORE transitioning into the SAGE graduate degree objective status. Students who have completed 120 degree

eligible units but not completed all lower division courses will be removed from the SAGE program and will complete the standalone undergraduate degree.

2. Undergraduate students must have a minimum 3.0 SJSU cumulative GPA following the completion of 120 SAGE program eligible units.

Note that these represent minimum SAGE requirements. A program may stipulate more rigorous standards for admission and/or graduate career transition than the above criteria.

Maintaining Academic Standing in SAGE Programs

SAGE scholars are required to maintain good academic standing per University Policy S16-16. Additionally, SAGE scholars are expected to meet with their SAGE advisor each semester to review their academic progress and standing. As an accelerated program, SAGE Scholars must meet a high standard in order to make timely progress towards their degrees. Thus, SAGE Scholars must maintain good academic standing the semester prior to completing 120 SAGE program eligible units and transitioning into the graduate career:

1. If a SAGE Scholar is not in good standing (i.e. are on either Academic Notice or Administrative Probation) the semester prior to completing 120 SAGE program-eligible units, and the bachelor's degree has not been issued, the SAGE Scholar will be removed from the SAGE program and returned to their stand-alone undergraduate degree program. To achieve this, the SAGE advisor must submit an Advisor Request form requesting that the student's status be converted to undergraduate status and should contact their respective Student Success Center and the Office of the Registrar to assist in the process. Students may apply to the program's graduate degree upon completion of the undergraduate degree.
2. SAGE Scholars in undergraduate status who are placed on Academic Notice for failing to maintain a 2.0 GPA are notified via the Registrar's Office and probation is noted on the transcript. These students will be removed from the SAGE program and returned to undergraduate-only status.
3. Those students in SAGE programs requiring maintenance of a higher GPA at the undergraduate level and who fail to meet that standard will be removed from the SAGE program and returned to undergraduate-only status.
4. If a SAGE Scholar is placed on notice while in graduate status for not meeting the graduate minimum GPA of 3.0 or other standards, then the SAGE Scholar must clear probationary status under the same policies that apply to the department's graduate program.
5. If a SAGE Scholar has already converted to graduate status, and leaves the program in good standing, the following will apply per F19-1, section IV:
 1. Credit earned for graduate coursework and used to complete the Bachelor's degree may not be used to satisfy unit requirements of the Master's degree;
 2. Credit earned for graduate coursework, counting toward the Master's degree, shall be available for application to an SJSU graduate program upon subsequent approval by the program and subject to University Policy S17-7, graduate course revalidation
6. Once a student is removed from a SAGE program due to either academic or administrative academic notice, they are ineligible for any SAGE program.

In general, to exit the SAGE program at any time, students should contact their advisor and/or College Success Center. Appeals may be brought to the attention of either College of Graduate Studies Associate Deans (Dr. Amy Leisenring or Dr. Jeff Honda) for review.

Application

Step 1A Department Evaluation and Admission to the SAGE Program

A student submits a department specific application for the SAGE program with the advisor. Contact the department for details, including application deadlines.

Advisor Responsibilities: Complete the SAGE Program Worksheet (formerly Career Academic Planner) from the beginning of the student's academic career (including degree applicable transfer units). Students should consider applying for their undergraduate degree upon completion of 85 units. Advisors should review the SAGE Advisor Information and SAGE Scholars Process. Once admitted to the SAGE program, advisors should confirm the student's MyProgress Report displays any applicable substitutions. Note: The MyProgress Report is the official audit for degree conferral.

Step 1B Transition into SAGE Program

The SAGE advisor will submit the SAGE Transition form with the student. This form is to be submitted twice in two different steps during the student's participation in the SAGE program. The form is to be submitted twice during the student's participation in the SAGE program.

Step 2 Transition into Graduate Classified Standing & Advancement to Candidacy

During the semester in which a student expects to complete at least 120-degree applicable units, the advisor and student submit the SAGE Transition form.

Advisor Responsibilities: During the semester in which a student expects to complete at least 120-degree applicable units, SAGE Scholars must complete Step 2. Advisors should review the SAGE Advisor Information and SAGE Scholars Process.

Deadlines

Fall Semester Start (completing 120-degree applicable units in prior Spring semester)
Opens February 1
Closes March 1

Fall Semester Start (completing 120-degree applicable units in prior Summer semester)
Opens June 1
Closes July 1

Spring Semester Start (completing 120-degree applicable units in prior Fall semester)
Opens September 1
Closes October 1

Summer Semester Start (completing 120-degree applicable units in prior Spring semester)
Opens February 1
Closes March 1

Master's Requirements

- General Graduate Policies & Procedures
- Advancement to Candidacy
- Examinations
- Master's Thesis Requirements
- Graduation
- Second Master's Degree
- Interdisciplinary Studies

Advancement to Candidacy

Students should seek advancement to candidacy as soon as possible for their given program and on the advice of their graduate program coordinator. Graduate students may submit a Petition for Advancement to Graduate Candidacy form to the Graduate Admissions & Program Evaluations (GAPE) office after satisfying the following:

- achieved classified status
- completed a minimum of nine letter-graded units with all grades "C" or higher
- fulfilled the GVAR requirement
- achieved a minimum cumulative and program 3.0 GPA, and,
- graduate within the seven-year time limit for degree completion.

Graduate students must submit their petition no later than one semester prior to graduating.

University Policy S19-3 requires that the Graduation Writing Assessment Requirement (GVAR) be fulfilled before advancement to candidacy. However, for special cases, the candidacy form may be filed during the semester in which a GVAR-satisfying course is taken

Note that Title 5 (CCR 40510) requires a minimum 3.0 grade point average for all courses to satisfy graduate degree program requirements. Should courses in the graduate degree program be completed with unsatisfactory grades, these grades must remain in the program and will continue to be computed in the grade point average of the program. Therefore, the candidacy form will record each program course repeated and the grade earned. Course grades will be effectively averaged in the GPA calculation for advancement to candidacy and graduation. Please review University Policy F08-2 for more details.

Finally, students should be aware as to which catalog year they wish to declare and use to fulfill their graduation requirements. As program requirements may change slightly over a student's course of study, catalog rights should also be discussed with a program coordinator as needed.

Graduate Degree Program

As indicated above, the Petition for Advancement to Graduate Candidacy ("candidacy form") is submitted to the GAPE office when the student is qualified to advance to candidacy. This form lists all courses and culminating experiences that must be fulfilled in order for a degree to be awarded. The proposed program must meet the following requirements:

- statement of the total number of units in the degree program.
- at least half of the units included on the form must be in 200-level courses.
- at least 60% of all units included must be in letter-graded coursework.
- at least 70% of the units included must be in residence at SJSU. Therefore, 30% or a maximum of 9 units may be transferred into a 30-unit program from all sources.

Included coursework may be entirely within the major department, or may include a combination of courses drawn from other fields accepted by the major program coordinator. If deficiencies in the student's record are identified, including prerequisites for required courses, additional coursework can be assigned by the graduate program coordinator. This coursework would not appear on the candidacy form and would not be counted in the total number of units required for the degree.

Coursework that may not be applied to the graduate degree include lower-division work (numbered 1-99), courses used to earn any prior degree (except other master's degrees at SJSU), courses taken at unaccredited institutions, directed (student) teaching, 300-level residence or 400-level Professional Education courses taken at SJSU, or courses taken over seven years previous to current degree conferral. Graduate credit by examination is not permitted.

There is no restriction in the number of units for project or dissertation research attempted, however, students completing a thesis must include at least one 299 unit on the candidacy form, and the total number of units must equal program unit requirements. Students may not receive credit for project or dissertation units unless successfully completed; instead either an RP, or NC grade will be assigned in the semester of enrollment. For courses in RP status, students may enroll in 1290R to maintain continuous enrollment until completion of their culminating experience. Students earning a NC must enroll in the course again and earn a CR to fulfill their culminating experience.

The original copy of the completed, signed Petition for Advancement to Graduate Candidacy should be submitted to the Program Evaluator in the GAPE office by the deadlines. The student will be informed by the approval or denial of the petition through the student's MySJSU account under "Other Indicators".

Program Coursework

Once approved, the candidacy form is an official contract between the student and university. It can be changed only with the permission of the graduate program coordinator via written petition to the Associate Dean of the College of Graduate Studies. Both elective and core course substitutions can be made by submitting appropriate course substitution forms. A course may not be dropped from the candidacy form, once it has been completed and approved.

If a student obtains permission to change programs and the second program has different requirements than the first one, then a new candidacy form must be filed; graded courses on the first form can be eliminated on the second form if not part of the new curriculum.

Examinations

It is university policy to require final examinations or defenses in all master's degree programs. Departmental examinations vary; they may be oral, written, or a combination of both. Students following Plans A and C are usually examined primarily over areas of their theses or projects. Plan B students are generally required to demonstrate their competence by writing in a broad field of concentration, by taking comprehensive examinations, or by completing a broad course project.

In all cases, it is the candidate's responsibility to register through the departmental coordinator of graduate studies to take all required final examinations. The candidate's program coordinator and/or the departmental graduate coordinator will provide general information concerning the nature of the examinations and recommended preparation for them.

The master's degree cannot be considered for conferral to the candidate until the major department certifies to the program evaluator at the GAPE office with the Verification of Culminating Experience memo that final examinations have been completed satisfactorily.

Master's Thesis Requirements

Time is critical during the semester thesis submission and timelines should be planned carefully to ensure that all department and university submission deadlines are met. Students must allow enough time for multiple draft preparation, committee feedback, formatting/word processing, and allowances for faculty time constraints. Students must leave time for the final reading and signing by the committee members. A minimum of two months may be needed for the entire process, and departments may require a longer period. Students must have completed all degree requirements within seven years of achieving classified standing in the master's program. All instructions for thesis formatting and submission to Graduate Studies are located in the SJSU Thesis and Dissertation Guidelines.

These instructions provide general thesis guidelines. Students should read the guidelines carefully and consult with their program coordinators concerning options for thesis formatting, and professional style guide to use. Departments may also provide students with more additional formatting instructions.

SJSU partners with the ProQuest information service for archiving theses and dissertations. Students completing theses and dissertations are required to email their committee-approved manuscript and accompanying documents to Graduate Studies according to Thesis and Dissertation Guidelines instructions.

Checking the Manuscript

The College of Graduate Studies does not serve as an editor nor content reviewer. The author and graduate committee members should carefully proofread the thesis before submission and are responsible for content and formatting.

Neither SJSU nor any of its separate offices or departments are responsible for matters concerning a student's relationships or agreements with any outside agency or individual consulted for manuscript preparation. Neither the university nor any of its offices will take part in disagreements between students and typists, editors or copy shops with regard to thesis preparation services, expected costs or billed costs. A student conducting thesis research off site, for example at a local company, must be free to include all of it in the thesis. SJSU's legal relationship is only with the student and their compliance with the rules set forth in this and related documents and does not include any obligations to the company in question unless expressly agreed upon in a separate legal document.

For information about **copyright permission, IBC, IRB & human subjects research, and animal research requirements**, view the Research Policies and Procedures section.

Plans A, B and C

SJSU offers three plans for candidates for master's degrees.

Plan A - Thesis Plan

This plan requires approval by the candidate's program coordinator and other members of the thesis committee. Plan A requires registration in departmental 299, Master's Thesis, for at least one unit. Departmental 298 units or other department-specific thesis research or methodology courses are often also taken during the data-gathering stages of the thesis research. While the total number of 298 and 299 units, as well as units in any other project or thesis-research or preparatory course, is restricted to six units for degree credit (and therefore inclusion on the candidacy form) by departmental rules and university policy, the total number of these units taken is not restricted.

Plan B - Degree-Without-Thesis Plan

Plan B is characterized by substitution of the thesis and departmental 299 units with another set of courses and either a project or comprehensive exam. The plan is expected to provide substantial practical experiences by means of the tools and techniques of advanced study in the field. The purpose of Plan B is most often to provide breadth, rather than specialization, and so is tailored by the selection of courses and the nature of the final, comprehensive exam. The exam may be oral, written, or both and constitutes the culminating experience in the plan. Many departments historically have assigned students to Plan B for projects, whether they are also accompanied by a comprehensive exam or not. The projects are usually conducted as part of a departmental 298 or otherwise numbered 200-level project course for a maximum of six units, as stipulated by the department, and the write-up for the project is required as part of the culminating experience. Departmental 299 units are not permitted for graduate credit under this plan.

Plan C - Special Plans Including Creative Projects

This plan is reserved for exceptional cases for which needs will be served best through a special arrangement of courses and/or special creative assignments. The assignments might include original paintings, dramatic presentations, motion picture productions, works of sculpture, electronic media or videotapes. In these cases, the candidate is required to submit a written report on the creative project in the form of a supplementary guide or handbook that puts the work into historical, cultural and/or professional context. This written report is to be cataloged in the university's institutional repository in the University Library in the same manner as regular theses discussed under Plan A. Departmental program coordinators will provide further information on special requirements of the plan. Plan C requires registration in a minimum of one unit of departmental 299. Note that creative projects can also be conducted under the Plan B umbrella without the submission of a thesis or taking departmental 299 units.

Thesis/Creative Project Unit Conditions

Registration for departmental 299 thesis courses occurs only after advancement to candidacy for the master's degree. By that point, the thesis committee should be fully established in accordance with the SJSU University policy. Before collection of data from human subjects, prior approval must be granted by the Institutional Review Board; see the section on Human Subjects Data Collection. Similarly, prior approval for research on or employing animals must be granted by the Institutional Animal Care and Use Committee; see the section on Animal Research Guidelines. Finally, prior approval for research utilizing hazardous biological agents, recombinant or synthetic nucleic acid molecules, materials derived from humans and nonhuman primates, toxins, or select agents must be granted by the Institutional Biosafety Committee; see the guidelines on recombinant DNA and hazardous biological agents.

A student is allowed a maximum of six semester units of thesis research and writing courses (departmental 299 and usually 298 but other thesis courses apply) for graduate credit in Plan A and Plan C, although more of these units can be attempted. The student may register for any or all of the required thesis units in one semester, but the sequence should follow departmental guidelines and regulations. All 299 units will receive a grade of "RP" until a final grade ("CR" or "NC") is awarded when the thesis is approved by Graduate Studies. "RP" units cannot be changed to "CR" until that time. Extensions of the two-year period for completing thesis work under the "RP" designation should be made before the period expires by means of the Incomplete Extension Petition available at available on the GAPE forms webpage. Upon satisfactory completion of the thesis, a "CR" is submitted by the thesis chair via the Change-of-Grade form to the Registrar to clear the "RP." A separate form must be submitted for each occurrence of "RP" (each semester the grade is displayed) on the record.

Thesis Approval and Publication

1. A student should determine the date they wish to defend and submit their thesis for publication based on their planned date of graduation. Submission deadlines for Fall, Spring, and Summer can be found on the College of Graduate Studies (CGS) Thesis and Dissertation Due Date website, and are updated each semester.
2. A student must select a style guide, departmental guidelines, or journal format governing the formatting of their thesis, and should work with their committee to determine the guidelines best suited for their discipline.

3. A student must defend their thesis according to departmental rules governing thesis approval. Once a student has successfully defended their thesis, and made any changes required by the committee after its defense, a Thesis Committee Approval form must be signed by all members of the committee. The form may be electronically or wet-signed by each member.
4. In addition to their final thesis, a student must submit the following forms to the College of Graduate Studies through their thesis mailbox (thesis@sjsu.edu) as individual pdfs.
 1. Thesis/Dissertation Information form [pdf];
 2. Thesis/Dissertation Committee Approval form [pdf];
 3. Thesis/Dissertation SJSU License Agreement form [pdf];
 4. IRB Approval, IACUC Approval, or Biological Use Authorization, if required by the nature of the student's research;
 5. Copyright permissions.
5. Students must follow the most current style guide (e.g., APA, ACS, Chicago, MLA) or use a departmental guideline (that includes heading and subheading styles, citations, and reference styles), as well as the SJSU 14 Formatting Rules. These rules include margin requirements, margin indents, spacing, and other required rules for the formatting of the thesis.

The College of Graduate Studies (CGS) will forward the student's thesis and Thesis Information Form to Montezuma Publishing, SJSU's non-profit publication partner, upon CGS' receipt. Montezuma Publishing will send the student an acknowledgement of their receipt of the thesis and Thesis Information form. They will review the thesis based on the chosen style guide (or departmental guidelines or journal format) and the SJSU 14 Formatting Rules. Once the student has been contacted by Montezuma Publishing, the student will work directly with them regarding corrections to the work and re-submissions.

6. When the thesis has been approved for publication and all publication fees have been paid, the College of Graduate Studies will forward the notice of approval to publish to your GAPE evaluator. If all other conditions have been met, the student's GAPE evaluator will award the student's degree for the semester of its submission, unless the student has been notified to the contrary (thesis approval for publication occurred after the publication date).

Graduation

Graduation Requirements

After being advanced to candidacy for the master's degree, the student is then required to:

- Maintain a minimum grade point average of 3.0 ("B") in completing requirements in the graduate degree program. The program is defined as completed courses included in the original graduate degree program plus all additions or substitutions.
- Complete all courses in the graduate degree program with grades between "A" and "C," or "CR." Grades of "C-" or lower, including "NC," "U," "IC" and "WU," are considered to be unsatisfactory. Should courses in the graduate degree program be completed with unsatisfactory grades, these grades must remain in the program and will continue to be computed in the grade point average of the program whether they are repeated or not.
- Complete all requirements for the degree as listed in the degree template in the university catalog. Substitutions for core and other required courses in the template must be justified and approved by the graduate program coordinator and department chair by submitting a Request for Course Substitution Petition.
- Complete an acceptable thesis, project or comprehensive examination. The thesis (Plan A) or creative project (Plan C) requires that one copy be submitted to the Associate Dean for Graduate Studies. In Plan B, completed projects are submitted to the student's major department and a final comprehensive oral and/or written examination over the field of concentration for the degree must usually be successfully completed.

Failure on initial attempts at these exams results in administrative-academic probation. Failure of the final attempt results in administrative-academic disqualification from the degree program. The program evaluator at GAPE is notified of passage of the exam by means of the graduate program coordinator's completion of the Verification of Culminating Experience memo or in some cases, verification through a message to the GAPE evaluator. Most program departments are required to certify when Plan A, B or C has been completed satisfactorily via the Verification of Culminating Experience form.

- Complete all work on the graduate degree program within seven years preceding award of the degree. If courses become outdated, the candidate should consult the section titled Time Limits on Courses in Graduate Degree Programs concerning steps to be followed.
- Apply for award of the master's degree by the posted deadline dates through your MySJSU account two weeks after achieving advancement to candidacy.
- Note that failure to clear incomplete ("I"), report-in-progress ("RP"), or report-delayed ("RD") grades will prevent graduation. An "I" obtained in a graded class results in an automatic grade change to an "IC" grade after one academic year has elapsed and conditions to remove the "I" are not met. The "IC" grade calculates to an "F" grade on the transcript, even after separation or graduation. In an ungraded ("CR/NC") course, the "I" reverts to a no credit ("NC") grade and is, therefore, also unsatisfactory for graduation if in a course on the candidacy form.
- Be in good academic standing (cumulative 3.0 minimum GPA in Graduate Division) at San José State University to receive a degree from this university.

Applying for the Master's Degree

The Petition for Advancement to Graduate Candidacy must be approved by the GAPE office before applying for graduation. Students should apply for graduation at least one semester before the date of anticipated graduation. However, it is highly advised that students apply at least one year before their future graduation date.

Advancement to candidacy is permitted only when all conditions of admission, if applicable, are met, nine letter-graded units, all with grades of C or better and a GPA of 3.0 or better have been achieved, and the graduate GVAR has been completed. For detailed information about these requirements, please visit the GAPE website or the above section on Advancement to Candidacy.

IMPORTANT: Eligible students can apply for graduation through self-service within their MySJSU account approximately two weeks after students have been approved for advancement to candidacy by the GAPE office. Students will be sent a MySJSU message including instructions and prompting them to apply for graduation. Only students who apply for graduation will be considered for graduation review.

Please note the following:

- All courses and requirements must be completed by the date of graduation.
- Any Incomplete (I), Report Delayed (RD), or Report Pending (RP) grades must be cleared before the degree can be awarded.
- Once the degree has been posted, no grade changes can be made to the record unless the Associate Dean for the College of Graduate Studies petitions the Registrar's Office on the student's behalf and only in rare cases.
- If a student is unable to complete the course work stipulated on the candidacy form or if the date of graduation is delayed, an online Graduation Date Change Request must be requested through the GAPE forms webpage (see Graduation Date Change Request)
- Required forms must be submitted by the deadlines posted on the GAPE website at deadlines webpage.
- Students are urged not to delay; failure to submit forms by the deadlines posted could delay graduation.

Master's Degree - Second

or Sequential and Simultaneous Master's Degree

There are two options for acquiring a second master's degree. Graduate students who have completed one master's degree program at San José State University may, with the approval of the new department, complete requirements for a second master's degree at this institution.

In the first option, the student interested in a sequential second graduate degree after finishing another master's degree must apply for admission to the second graduate degree program after the first degree is completed and recorded on the permanent record. All policies and procedures listed in this catalog applicable to satisfactory completion of a master's degree apply to completion of requirements for a second master's degree, including that program requirements must be completed within a seven-year period. Graduate Studies at SJSU will not admit an applicant in pursuit of a master's degree if it is determined that the applicant has a similar degree already. Pursuit of a second master's degree will receive a lower priority for admission.

The second option is pursuit of two simultaneous master's degrees. A student in good standing enrolled in one master's program may pursue a second master's degree. Matriculated master's students do not need to formally reapply to the university through Cal State Apply. However, the student must secure approval from and admission into the second master's degree program. This requires submission of all application materials previously requested of applicants by the department or school to the first degree program, as well as any additional materials required by the second program. Current transcripts, GRE scores, English-language test scores and letters of recommendation might be among those items required by the second department or school. The student is responsible for making those items available to the department regardless of the student's date of matriculation into the first major. Individual department deadlines apply for acceptance in any particular semester. Note: Approval for admission into the second master's program is given by means of its program coordinator's signature on the Master's Level Double Degree Application; contact the GAPE office for more information on this process.

The stipulation, however, is that a student pursuing simultaneous master's degrees cannot apply for graduation or be awarded either degree until both degree programs are complete. Both degrees must effectively be completed at the same time, and diplomas are issued for both degrees. If a student gains admission into a second degree program while still pursuing the first degree and applies for graduation before finishing the second program, the student will be awarded the first master's degree and then lose matriculated status. Student status will thus be revoked and pursuit of a second master's degree prohibited. To satisfy this procedural requirement, a student should simply delay the request for award of the first degree until the second degree program requirements have been fulfilled. Please keep in mind that graduate units expire after seven years.

Please note that both simultaneous degree programs must be completed in the same semester to qualify for the double degree award. Both programs must also be completed within seven years. The student who finds he or she cannot complete both degree programs in the same semester has the option of dropping one of the programs and receiving a single degree. Dropping one of the programs requires informing GAPE in writing.

Alternatively, if a second master's degree is desired but will not be completed at the same time as the first, the student must file for graduation from the first degree program and formally apply for admission into the second program. That would require a full application, submission of all documentation required by the university and the department of the second master's program, and acceptance by both entities. Pursuit of a second master's degree will receive a lower priority for admission.

Per University Policy F77-1, an approved program for a second master's degree should be prepared by the student and graduate program coordinator in the new field. If the new program happens to include coursework taken in the first degree, a maximum of 33% of the total units required for the new degree may be courses completed in the previous degree at this institution. For example, a student might be permitted to apply up to 10 units toward a 30-unit program. Such courses must have been completed by the student with a grade of "A," "B" or, in special cases, "CR." The courses must be approved by the graduate program coordinator who may limit the number of transferred units. The 33% level is allowed only for transfer of units from master's degree programs taken at SJSU. Transfer from completed degree programs at other institutions is not allowed.

Interdisciplinary Studies Master's Program

See the College of Graduate Studies.

Doctoral Requirements

- General Graduate Policies & Procedures
- Advancement to Candidacy
- Examinations
- Doctoral Project and Capstone Requirements
- Doctoral Dissertation Requirements
- Graduation

Advancement to Candidacy

Students should seek advancement to candidacy as soon as possible for their given program and on the advice of their graduate program coordinator. Graduate students may submit a Petition for Advancement to Graduate Candidacy form after satisfying the following:

- completed a minimum of one year of study
- achieved classified status
- completed a minimum of nine letter-graded units with all grades "C" or higher
- fulfilled the GWAR requirement
- achieved a minimum cumulative and program 3.0 GPA, and,
- graduate within the five-year time limit for degree completion.

Doctoral students must submit their petition no later than one semester prior to graduating.

University Policy S19-3 requires that the Graduation Writing Assessment Requirement (GWAR) be fulfilled before advancement to candidacy. However, for special cases, the candidacy form may be filed during the semester in which a GWAR-satisfying course is taken.

Title 5 (CCR 40510-40519.3) and CSU policy require a minimum 3.0 grade point average for all courses to satisfy doctoral degree program requirements. Should courses in the doctoral degree program be completed with unsatisfactory grades, these grades must remain in the program and will continue to be computed in the grade point average of the program. Therefore, the candidacy form will record each program course repeated and the grade earned. Course grades will be effectively averaged in the GPA calculation for advancement to candidacy and graduation. Please review University Policy F08-2 for more details.

Finally, students should be aware as to which catalog year they wish to declare and use to fulfill their graduation requirements. As program requirements may change slightly over a student's course of study, catalog rights should also be discussed with a program coordinator as needed.

Graduate Degree Program

As indicated above, the Petition for Advancement to Graduate Candidacy ("candidacy form") is submitted to GAPE when the student is qualified to advance to candidacy. This form lists all courses and culminating experiences that must be fulfilled for degree award. Students are advised to work closely with their program coordinator and GAPE evaluator prior to advancing to candidacy to ensure that the candidacy form is filled out accurately and in a timely manner.

There is no restriction in the number of units for project or dissertation research attempted but not included on the candidacy form. However, students completing a dissertation must include at least one unit of a 599 course on the form if their culminating experience requires a dissertation. The total number of units must be commensurate with program requirements. Students may not receive credit for project or dissertation units unless successfully completed; instead, either an RP or NC grade will be assigned in the semester of enrollment. For courses in RP

status, students may enroll in 1290R courses to maintain continuous enrollment until completion of their culminating experience. Students earning a NC must enroll in the course again and earn a CR to fulfill their culminating experience.

The original copy of the completed, signed Petition for Advancement to Graduate Candidacy should be submitted to the GAPE office by the deadlines. The student will be informed by the approval or denial of the petition through the student's MySJSU account under "Other Indicators".

Program Coursework

Once approved, the candidacy form is an official contract between the student and university. Course substitutions (either a core or an elective course) can be made by submitting the appropriate course substitution form to GAPE. A course may not be dropped from the graduate degree program, once a course has been completed.

Examinations

Doctor of Audiology - AuD

California State University policy requires a qualifying examination and an oral defense of the culminating doctoral project in Doctor of Audiology (AuD) programs. Departmental requirements for these examinations vary. In all cases, it is the candidate's responsibility to register through the departmental graduate coordinator to take all required examinations and the dissertation oral defense. The candidate's program coordinator and/or the departmental graduate coordinator will be able to provide general information concerning the nature of the examinations and recommended preparation for them.

The AuD diploma cannot be transmitted to the candidate until the major department certifies to the program evaluator at GAPE via the Verification of Culminating Experience form that the oral defense of the Doctoral Project has been completed satisfactorily. The student shall have completed all requirements for the degree within five years of achieving classified standing in the doctoral program. The appropriate campus authority may extend the time for completion of the requirements.

More details on the Doctor of Audiology Degree and its requirements may be found in the California Code of Regulations Title 5 §40517 and §40518.

Doctor of Education Degree - EdD

It is California State University policy to require a qualifying examination and an oral defense of the dissertation in Doctor of Education Degree (EdD) programs. Departmental requirements for these examinations vary. In all cases, it is the candidate's responsibility to register through the departmental graduate coordinator to take all required examinations and the dissertation oral defense. The candidate's program coordinator and/or the departmental graduate coordinator will be able to provide general information concerning the nature of the examinations and recommended preparation for them.

The EdD diploma cannot be transmitted to the candidate until the major department certifies to the program evaluator at GAPE via the Verification of Culminating Experience form that the oral defense has been completed satisfactorily. The student shall have completed all requirements for the degree within five years of achieving classified standing in the doctoral program. The appropriate campus authority may extend the time for completion of the requirements.

More details on the Doctor of Education Degree and its requirements may be found in the California Code of Regulations Title 5 §40511 and §40512.

Doctor of Nursing Practice (DNP)

California State University policy requires a doctoral qualifying examination or assessment and an oral presentation of the doctoral project in Doctor of Nursing Practice (DNP) programs. Departmental requirements for these examinations vary. In all cases, it is the candidate's responsibility to register through the departmental coordinator of graduate studies to take all required examinations or undergo assessments and to give the oral presentation of the doctoral project. The candidate's program coordinator and/or the departmental graduate coordinator will be able to supply general information concerning the nature of the examination or assessment and the oral presentation and recommended preparation for them.

The DNP diploma cannot be transmitted to the candidate until the major department certifies to the program evaluator at GAPE via the Verification of Culminating Experience form that the oral defense has been completed satisfactorily. The student shall have completed all requirements for the degree within five years of matriculation into the doctoral program.

More details on the Doctor of Nursing Practice Degree and its requirements may be found in the California Code of Regulations Title 5 §40513 and §40514.

Occupational Therapy Doctorate (OTD)

California State University policy requires a doctoral qualifying examination or assessment and an oral presentation of the doctoral capstone in Occupational Therapy Doctorate (OTD) programs. Departmental requirements for these examinations vary. In all cases, it is the candidate's responsibility to register through the departmental coordinator of graduate studies to take all required examinations or undergo assessments and to give the oral presentation of the doctoral capstone. The candidate's program coordinator and/or the departmental graduate coordinator will be able to supply general information concerning the nature of the examination or assessment and the oral presentation and recommended preparation for them.

The OTD diploma cannot be transmitted to the candidate until the major department certifies to the program evaluator at GAPE via the Verification of Culminating Experience form that the oral defense has been completed satisfactorily. The student shall have completed all requirements for the degree within five years of matriculation into the doctoral program.

More details on the Occupational Therapy Doctorate Degree and its requirements may be found in the California Code of Regulations Title 5 §40519 and §40519.1.

Doctoral Project and Capstone Requirements

Doctoral Project Requirements - Doctor of Audiology Degree

California State University policy requires a doctoral project in Doctor of Audiology (AuD) programs. A doctoral project proposal must be approved by program faculty. Approved proposals may be undertaken as projects that are developed under the guidance of faculty and approved by the doctoral project committee.

Project options may include, but are not limited to, one or more of the following:

1. Evidence-Based Project

Evidence-based projects shall demonstrate a thorough synthesis of evidence related to a defined clinical question pertinent to the profession of audiology.

Students shall produce a critical analysis of the literature, addressing the strength of evidence, synthesizing the findings of individual studies, interpreting the results, and applying the evidence to audiology practice.

Both the written document and oral presentation will be reviewed according to a set of defined criteria specified in the AuD student handbook.

2. Hearing Science Project

Projects shall demonstrate a thorough synthesis of evidence. Students shall produce a critical analysis of the literature, addressing the strength of evidence, synthesizing the findings of individual studies and interpreting the results. Both the written document and oral presentation will be reviewed according to a set of defined criteria specified in the AuD student handbook.

3. Clinical Research Project

CSU AuD programs may use a clinical research project significant to the field of audiology. The project may be in the form of a meta-analysis, systematic review, clinical research project, or single-case research design project. Both the written document and oral presentation shall be reviewed according to a set of defined criteria specified in the AuD student handbook.

Doctoral Project Requirements - Doctor of Nursing Practice Degree

California State University policy requires a doctoral project in Doctor of Nursing Practice (DNP) programs. Per that policy, the DNP doctoral project shall be the written product of a systematic, rigorous, evidence-based endeavor focused on a significant nursing practice issue. The doctoral project is expected to contribute to an improvement in professional practices, policy, or patient outcomes. It shall evidence originality, critical and independent thinking, appropriate form and organization, and adequate rationale. The DNP doctoral project shall reflect a command of the scholarly literature and shall demonstrate the student's mastery of evidence-based practice at the doctoral level. The written component of the doctoral project shall be organized in an appropriate form and shall identify the problem statement and purpose, state the major theoretical perspectives, explain the significance of the undertaking, relate it to the relevant scholarly and professional literature, identify the methods of gathering and analyzing the data, and offer a conclusion or recommendation.

Doctoral Capstone Requirements - Occupational Therapy Doctorate Degree

California State University policy requires a doctoral capstone in Occupational Therapy Doctorate (OTD) programs. Per that policy, the OTD doctoral capstone shall demonstrate the student's doctoral-level mastery of research skills, occupational science and/or current evidence-based practice. It shall demonstrate critical and independent thinking and a command of the research literature. The written component of the doctoral capstone shall demonstrate originality, evidencing critical and independent thinking. It shall be organized in an appropriate form and shall identify the research problem and question(s), state the major theoretical perspectives, explain the significance of the undertaking, relate it to the relevant scholarly and professional literature, identify the methods of gathering and analyzing the data, analyze and interpret data and offer a conclusion or recommendation.

Doctoral Dissertation Requirements

Doctoral Dissertation Requirements - Doctor of Education Degree

California State University policy requires a dissertation in Doctor of Education Degree (EdD) programs. Per that policy, the EdD dissertation shall be the written product of systematic, rigorous research on a significant professional issue. It is expected to contribute to an improvement in professional practices or policy. It shall evidence originality, critical and independent thinking, appropriate form and organization, and a rationale. The EdD dissertation shall also identify the research problem and question(s), state the major theoretical perspectives, explain the significance of the undertaking, relate it to the relevant scholarly and professional literature, set forth the appropriate sources for and

methods of gathering and analyzing the data, and offer a conclusion or recommendation. It shall include a written abstract that summarizes the significance of the work, objectives, methodology, and a conclusion or recommendation.

Process for Doctoral Dissertations

All instructions for doctoral dissertation formatting and submission to Graduate Studies are located in the SJSU Thesis and Dissertation Guidelines.

These instructions provide general guidance for authors of doctoral dissertations at SJSU. Examples of front pages are provided in the guidelines. Students should read the guidelines carefully and consult their program coordinators concerning the format of the thesis or dissertation, the professional style guide to use, and journal articles to emulate, if applicable. The major department sometimes provides students with more complete formatting instructions.

SJSU participates in the ProQuest information service for archiving theses and dissertations. Students completing theses and dissertations are required to email their committee-approved manuscript and accompanying documents to Graduate Studies according to the instructions provided in the SJSU Thesis and Dissertation Guidelines.

Checking the Dissertation Manuscript

The College of Graduate Studies does not serve as an editor nor content reviewer. The student and graduate committee members should carefully proofread the dissertation before it is submitted and are responsible for its content and ensuring that it is correctly formatted. A careful review should be used by the student as a guide to correcting similar errors in the entire manuscript.

Neither SJSU nor any of its separate offices or departments is responsible for matters concerning a student's relationships or agreements with any outside agency or individual consulted for manuscript preparation. Neither the university nor any of its offices will take part in disagreements between students and typists, editors or copy shops with regard to dissertation preparation services, expected costs or billed costs. A student conducting dissertation research off site, for example at a local company, must be free to include all of it in the dissertation. SJSU's legal relationship is only with the student and their compliance with the rules set forth in this and related documents and does not include any obligations to the company in question unless expressly agreed upon in a separate legal document.

For information about **copyright permission, IRB & human subjects research, IBC, and animal research requirements**, view the Research Policies and Procedures section.

Dissertation Approval and Publication

1. A student should determine the date they wish to defend and submit their dissertation for publication based on their planned date of graduation. Submission deadlines for Fall, Spring, and Summer can be found on the College of Graduate Studies (CGS) Thesis and Dissertation Due Date website, and are updated each semester.
2. A student must select a style guide, departmental guidelines, or journal format governing the formatting of their dissertation and should work with their committee to determine the guidelines best suited for their discipline.
3. A student must defend their dissertation according to departmental rules governing dissertation approval. Once a student has successfully defended their dissertation, and made any changes required by the committee after its defense, a Dissertation Committee Approval form must be signed by all members of the committee. The form may be electronically or wet-signed by each member.
4. In addition to their final thesis, a student must submit the following forms to the College of Graduate Studies through their thesis mailbox (thesis@sjsu.edu) as individual pdfs.

- a. Thesis/Dissertation Information form [pdf];
 - b. Thesis/Dissertation Committee Approval form [pdf];
 - c. Thesis/Dissertation SJSU License Agreement form [pdf];
 - d. IRB Approval, IACUC Approval, or Biological Use Authorization, if required by the nature of the student's research;
 - e. Copyright permissions.
5. Students must follow the most current style guide (e.g., APA, ACS, Chicago, MLA) or use a departmental guideline (that includes heading and subheading styles, citations, and reference styles), as well as the SJSU 14 Formatting Rules. These rules include margin requirements, margin indents, spacing, and other required rules for the formatting of the dissertation.

The College of Graduate Studies (CGS) will forward the dissertation and Dissertation Information Form to Montezuma Publishing, SJSU's non-profit publication partner, upon CGS' receipt. Montezuma Publishing will send the student an acknowledgement of their receipt of the dissertation and the Dissertation Information form. They will review the dissertation based on the chosen style guide (or departmental guidelines or journal format) and the SJSU 14 Formatting Rules. Once the student has been contacted by Montezuma Publishing, the student will work directly with them regarding corrections to the work and re-submissions.

6. When your dissertation has been approved for publication and all publication fees have been paid, the College of Graduate Studies will forward the notice of approval to publish to the student's GAPE evaluator. If all other conditions have been met, the student's GAPE evaluator will award the student's degree for the semester of its submission, unless the student has been notified to the contrary (dissertation approval for publication occurred after the publication date).

Graduation

Graduation Requirements

After being advanced to candidacy for the doctorate degree, the student is then required to

- Maintain a minimum grade point average of 3.0 ("B") in completing requirements in the graduate degree program. The program is defined as completed courses included in the original graduate degree program plus all additions or substitutions.
- Complete all courses in the graduate degree program with grades between "A" and "C," or "CR." Grades of "C-" or lower, including "NC," "U," "IC" and "WU," are considered to be unsatisfactory. Should courses in the graduate degree program be completed with unsatisfactory grades, these grades must remain in the program and will continue to be computed in the grade point average of the program whether they are repeated or not.
- Complete all requirements for the degree as listed in the degree template in the university catalog. Substitutions for core and other required courses in the template must be justified and approved by the graduate program coordinator and department chair by submitting a Request for Course Substitution Petition.
- Complete an acceptable dissertation or project. The dissertation requires that one copy be submitted to the Associate Dean for College of Graduate Studies. Completed projects are submitted to the student's major department and a final comprehensive oral and/ or written examination over the field of concentration for the degree must usually be successfully completed. Failure on initial attempts at these exams results in administrative-academic probation. Failure of the final attempt results in administrative-academic disqualification from the degree program. The program evaluator at GAPE is notified of passage of the exam by means of the graduate program coordinator's completion of the Verification of Culminating Experience memo. Additionally, the program department must certify to the program evaluator at GAPE via the Verification of Culminating Experience form that the oral defense has been completed satisfactorily.

- Complete all work on the graduate degree program within five years preceding award of the degree. If courses become outdated, the candidate should consult the section titled Time Limits on Courses in Graduate Degree Programs concerning steps to be followed.
- Apply for the award of degree by the posted deadline dates through your MySJSU account two weeks after achieving advancement to candidacy.
- Note that failure to clear incomplete ("I"), report-in-progress ("RP"), or report-delayed ("RD") grades will prevent graduation. An "I" obtained in a graded class results in an automatic grade change to an "IC" grade following one academic year, which calculates to an "F" grade on the transcript, even after separation or graduation. In an ungraded ("CR/NC") course, the "I" reverts to a no credit ("NC") grade and is, therefore, also unsatisfactory for graduation if in a course on the candidacy form.
- Be in good academic standing (cumulative 3.0 minimum GPA in Graduate Division) at San José State University to receive a degree from this university.

Applying for the Doctoral Degree

The Petition for Advancement to Graduate Candidacy Form must be approved by the GAPE office before applying for graduation (see "Advancement to Candidacy"). Students should apply for graduation at least one semester before the date of anticipated graduation before filing for candidacy. However, it is highly advised that students apply at least one year before their future graduation date.

For detailed information about these requirements, please visit the GAPE Graduation website and the catalog section Doctoral Requirements - Advancement to Candidacy.

IMPORTANT: Eligible students can apply for graduation through self-service within their MySJSU account approximately two weeks after students have been approved for advancement to candidacy by the GAPE office. Students will be sent a MySJSU message including instructions and prompting them to apply for graduation. Only students that apply for graduation will be considered for graduation review.

Please note the following:

- All courses and requirements must be completed by the date of graduation.
- Any Incomplete (I), Report Delayed (RD), or Report Pending (RP) grades must be cleared before the degree can be awarded.
- Once the degree has been posted, no grade changes can be made to the record unless the Associate Dean for the College of Graduate Studies petitions the Registrar's Office in rare circumstances.
- If a student is unable to complete the coursework stipulated on the candidacy form or if the date of graduation is delayed, a Graduation Date Change Request for Award of Graduate Degree must be requested through the GAPE forms webpage (see Graduation Date Change Request)
- Required forms must be submitted by the deadlines posted on the GAPE website.
- Students are urged not to delay; failure to submit forms by the deadlines posted could delay graduation.

Civil and Criminal Penalties for Violation of Federal Copyright Laws

Anyone who is found to be liable for copyright infringement may be liable for either the owner's actual damages along with any profits of the infringer or statutory damages of up to \$30,000 per work infringed. In the case of a willful infringement, a court may award up to \$150,000 per work infringed. (See 17 U.S.C. §504.) Courts also have discretion to award costs and attorneys' fees to the prevailing party. (See 17 U.S.C. §505.) Under certain circumstances, willful copyright infringement may also result in criminal penalties, including imprisonment and fines. (See 17 U.S.C. §506 and 18 U.S.C. §2319.)

Health Policies

Federal Law requires the university to provide a description of health risks associated with alcohol and drug abuse.

Drug and Alcohol Abuse Prevention Program (DAAPP)

The DAAPP is a specific set of comprehensive statements adopted by the university intended to prevent the unlawful possession, use and distribution of illicit drugs and alcohol abuse involving students and employees on campus and at institutionally-recognized events and activities. The current university DAAPP is available for viewing on the Drug-Free Schools and Communities Act webpage. A paper copy of the DAAPP is available upon request by contacting the Office of the Clery Director by phone at 408-924-1501 or by email at clerycompliance@sjsu.edu.

California Alcohol and Drug Abuse Law

The Alcoholic Beverage Control Act was enacted in 1953. This Act is intended to protect the safety, welfare, health, peace and morals of Californians, eliminate the unlicensed and unlawful manufacture, sale and disposal of alcoholic beverages and promote temperance in the consumption and use of alcoholic beverages. (Bus and Prof. Code 23001)

A person convicted of a violation of the Alcohol and Beverage Control Act is guilty of a misdemeanor or felony depending on the violation.

The Uniform Controlled Substances Act may be found in the Health and Safety Code, Section 11000-11651. This Act is the result of a growing concern over substances. Controlled Substances are divided into five Schedules and the substances under each Schedule may be found in Sections 11053-11058.

Local Laws

Local laws generally are consistent with Federal and State laws.

University Regulations

Use and Abuse of Alcohol and Other Drugs- University Policy F10-1

This policy delineates University policy concerning alcohol and illegal drugs or substances, provides procedural guidelines, and communicates the consequences of failing to adhere to established policies. Provision for the purchase, sale, service, and consumption of alcoholic beverages on campus is a privilege accorded to University members with the understanding that they will comply with internal rules, regulations, and relevant legislation (local, state or national). All members of the University community as well as their guests have a responsibility to ensure that alcohol is used in a responsible manner by persons twenty-one (21) years of age or older. The use of alcohol and other drugs should not interfere with the primary mission of the University as an educational institution.

University regulations controlling student behavior may be found in the Student Conduct Code (Title 5 of the California Code of Regulations Section 41301). The Campus Alcohol Policy includes procedures for serving alcoholic beverages on campus.

The University is required to post in designated areas information concerning the use of anabolic steroids.

Conduct Regarding Drugs and Alcohol

SJSU students, faculty and staff are expected to comply with Federal, State and Local laws governing the use of alcohol and illicit drugs on the University campus and as part of university activities both on and off the campus. These laws control the possession, use and distribution of alcohol and unlawful drugs.

All incoming students are expected required to complete online training on sexual assault and alcohol abuse prevention. Incoming students will receive MySJSU notifications on training dates and course instructions when they are available.

The sale, possession, distribution or use of illicit drugs will not be tolerated. Students, faculty and staff are expected to comply with laws governing the possession, distribution and consumption of alcohol as promulgated by the State of California and the university.

It is the responsibility of every student, faculty member and employee to report incidents involving infractions of federal, state and local drug and alcohol laws on campus or at officially sponsored Off-Campus Activities to University Personnel or the Vice President for Student Affairs.

As is the case in courts, lack of awareness and/or failure to comprehend the regulations are not acceptable defense of one's actions.

Available Drug or Alcohol Counseling and Treatment Programs

SJSU students are encouraged to seek assistance for drug and alcohol problems at the Student Wellness Center. The State also maintains an Employee Assistance Program to help employees and their dependents with problems of alcohol and drugs.

Federal Trafficking Penalties

Federal penalties for trafficking are dependent upon several conditions including the substance, amounts involved and whether the matter is a first or second offense.

Penalties involve monetary sanctions and/or prison terms up to and including life in prison.

Federal Penalties and Sanctions For Illegal Possession Of A Controlled Substance 21 U.S.C. 844(a) - 1st conviction: Up to 1 year imprisonment and fined at least \$1,000 but not more than \$100,000 or both.

After 1 prior drug conviction: At least 15 days in prison, not to exceed 2 years and fined at least \$2,500 but not more than \$250,000 or both.

After 2 or more prior drug convictions: At least 90 days in prison, not to exceed 3 years and fined at least \$5,000 but not more than \$250,000 or both.

Special sentencing provisions for possession of crack cocaine: Mandatory at least 5 years in prison, not to exceed 20 years and fined up to \$250,000 or both if:

- 1st crack conviction and the amount of crack possessed exceeds 5 grams.
- 2nd crack conviction and the amount of crack possessed exceeds 3 grams.
- 3rd or subsequent crack conviction and the amount of crack possessed exceeds 1 gram.

21 U.S.C. 853(a)(2) and 881(a)(7) - Forfeiture of personal and real property used to possess or to facilitate possession of a controlled substance if that offense is punishable by more than 1 year imprisonment.

21 U.S.C. 881 (a)(4) - Forfeiture of vehicles, boats, aircraft or any other conveyance used to transport or conceal a controlled substance.

21 U.S.C. 844a - Civil fine of up to \$10,000 (pending adoption of final regulations).

21 U.S.C. 853a - Denial of Federal benefits, such as student loans, grants, contracts and professional and commercial licenses, up to 1 year for first offense, up to 5 years for second and subsequent offenses.

18 U.S.C. 922(g) - Ineligible to receive or purchase a firearm.

Tobacco

As of August 2015, SJSU is a Smoke and Tobacco Free campus. For more information see Presidential Directive (PD2014-01) and CSU Executive Order 1108.

The Tobacco Free SJSU website provides more information.

For tobacco cessation services:

- Student Wellness Center - Wellness and Health Promotion
408-924-6202
www.sjsu.edu/treatyourselfwell/
- Low Cost Nicotine Replacement Therapies (NRT):
Patches and gum are available at Student Wellness Center Pharmacy
408-924-6115
- California Smoker's Helpline
1-800-662-8887 (1-800-NO-BUTTS)
- VA-San Jose Community Clinic
408-574-9100
www.va.gov/palo-alto-health-care/locations/san-jose-va-clinic/

Some of the rationale for a smoke free campus includes:

- Tobacco, both smoked and smokeless, is the leading cause of cancers of the cheeks, gums, palate, tongue and lips.
- A one-pack-a-day smoker increases their chances of cancer of the esophagus by as much as 500%.
- Cigarette smokers are ten times more likely to die of lung cancer than non-smokers.
- Cancer is not the only disease associated with smoking.
- Cigarette smokers are twice as likely to get peptic ulcers as are non-smokers.
- Nicotine is a powerful constrictor of blood vessels and small arteries and results in the restriction of oxygen flow to the heart and elsewhere.
- Heart attacks and strokes are results of oxygen restriction.
- Smoking more than 1/2 pack daily is also associated with higher incidence of infertility in women.
- Babies born to women who smoke are lighter and smaller than those born to non-smokers. This is important because birth weight is a predictor of infant health.

Human Immunodeficiency Virus (HIV)/Acquired Immune Deficiency Syndrome (AIDS)

HIV/AIDS is a viral disease which destroys the body's ability to fight specific illnesses.

The risks of HIV/AIDS can be reduced by:

- Avoiding the exchange of body fluids. HIV can be passed through the exchange of blood, semen, vaginal secretions and breast milk.
- Using condoms correctly and consistently to greatly reduce the exchange of body fluids.
- Reducing the number of sexual partners.
- Avoiding the use of intravenous drugs or sharing needles.
- Abstinence.
- Communicating with sexual partners before having sex about being tested for sexually transmitted infections and protection.

For more information about HIV/AIDS prevention, confidential testing, safer sex and free condoms, contact:

CSU Nondiscrimination Policy and Title IX

CSU Nondiscrimination Policy & Title IX

The California State University (CSU or University) is committed to maintaining an inclusive and equitable community that values diversity and fosters mutual respect. The CSU Policy Prohibiting Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking, and Retaliation (Nondiscrimination Policy) was created to codify that commitment. All Students and Employees have the right to participate fully in CSU programs, activities, and employment free from Discrimination and Harassment based on any Protected Status, which includes Sexual Harassment.

Please note that the Nondiscrimination Policy additionally covers Prohibited Consensual Relationships.

Both the Office of Equal Opportunity and the Title IX and Gender Equity Office use the Nondiscrimination Policy.

The Nondiscrimination Policy can be accessed in its entirety at: <https://calstate.policystat.com/policy/12891658/latest/>

Office of Equal Opportunity

The Office for Equal Opportunity (OEO) facilitates, investigates and resolves complaints of discrimination, harassment, and retaliation, provides training and consultation, and ensures adherence to compliance requirements.

The OEO addresses incidents of Discrimination, Harassment, and Retaliation on the basis of age (40 or older), disability (physical and mental), genetic information, medical condition, marital status, nationality, race or ethnicity (including color, caste, or ancestry), religion (including religious creed), and veteran or military status.

The OEO Office

UP North, Administration Building 242
1 Washington Sq. San Jose, CA 95192
Phone: 408-924-2450
Email: DHR@sjsu.edu

Julie Paisant, Senior Director, DHR Administrator
(408) 924-2250

Title IX and Gender Equity Office

The Title IX and Gender Equity Office (The Title IX Office) is committed to protecting all people, representing all gender identities, from discrimination based on sex and gender, harassment based on sex and gender, sexual harassment, sexual misconduct, sexual exploitation, dating and domestic violence, stalking, and retaliation. In furtherance of this commitment the Title IX Office strives to soften the impact of gender based discrimination and violence by providing students supportive measures so that they might continue on their academic journey as they navigate difficult circumstances. Please know that the university will not subject a student reporting an experience involving the personal use of drugs or alcohol to violations of the Student Conduct Code.

Title IX requires SJSU to designate a Title IX and Gender Equity Officer to monitor and oversee its overall Title IX compliance. The Title IX and Gender Equity Officer is available to explain and discuss the right to file a criminal complaint (for example, in cases of sexual misconduct); SJSU's complaint process, including the investigation process; how confidentiality is handled; available resources, both on and off campus; and other related matters.

The Title IX Office

Clark Hall, First Floor, Room 126
1 Washington Sq. San Jose, CA 95192
Phone: 408-924-7290 (8 AM - 5 PM)
Text: 669-877-0620 (All Hours)
Email: TitleIX@sjsu.edu

For more information on the Title IX Office, please visit us at <https://www.sjsu.edu/titleix/>

Nondiscrimination Policy and Complaint Procedures

Protected Status: Age, Genetic Information, Marital Status, Medical Condition, Nationality, Race or Ethnicity (including color, caste, or ancestry), Religion or Religious Creed, and Veteran or Military Status.

California State University does not discriminate on the basis of age, genetic information, marital status, medical condition, nationality, race or ethnicity (including color, caste and ancestry), religion (or religious creed), and veteran or military status - as these terms are defined in the CSU Policy Prohibiting Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking, and Retaliation (Nondiscrimination Policy) in its programs and activities, including admission and access. Federal and state laws, including Title VI of the Civil Rights Act of 1964 and the California Equity in Higher Education Act, prohibit such discrimination.

Julie Paisant, Senior Director, Employee Relations, Retention, and Equal Opportunity, has been designated to coordinate the efforts of San Jose State University to comply with all applicable federal and state laws prohibiting discrimination on these bases. Inquiries concerning compliance may be presented to this person at UP North, Administration Building 242, 1 Washington Sq. San Jose, CA 95192, Phone: 408-924-2450.

CSU Procedures for Complaints of Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking, and Retaliation (Nondiscrimination Policy) Made Against a Student, (or any successor policy) is the systemwide procedure for all complaints or discrimination, harassment or retaliation **made against** other CSU students. CSU Policy Prohibiting Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking, and Retaliation (Nondiscrimination Policy) Made Against an Employee or Third-Party (or any successor procedure) is the system wide procedure for all complaints of discrimination, harassment or retaliation made against the CSU, a CSU employee or a third party.

Protected Status: Disability

The California State University does not discriminate on the basis of disability (physical and mental) - as this term is defined in the CSU Policy Prohibiting Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking, and Retaliation (Nondiscrimination Policy) - in its programs and activities, including admission and access. Federal and state laws, including sections 504 and 508 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, prohibit such discrimination.

Julie Paisant, Senior Director, Employee Relations, Retention, and Equal Opportunity, has been designated to coordinate the efforts of San Jose State University to comply with all applicable federal and state laws prohibiting discrimination on the basis of disability. Inquiries concerning compliance may be presented to this person at UP North, Administration Building 242, 1 Washington Sq. San Jose, CA 95192, Phone: 408-924-2450.

CSU Policy Prohibiting Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking, and Retaliation (Nondiscrimination Policy) Made Against a Student (or any successor procedure) is the systemwide procedure for all complaints of discrimination, harassment or retaliation **made against**,

other CSU students. CSU Policy Prohibiting Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking, and Retaliation (Nondiscrimination Policy) Made Against an Employee or Third-Party (or any successor procedure) is the systemwide procedure for all complaints of discrimination, harassment or retaliation **made against the CSU, a CSU employee or a third party.**

Protected Status: Gender (or sex), Gender Identity (including nonbinary and transgender), Gender Expression and Sexual Orientation

California State University does not discriminate on the basis of gender (or sex), gender (including nonbinary and transgender), gender expression or sexual orientation - as these terms are defined in CSU policy - in its programs and activities, including admission and access. Federal and state laws, including Title IX of the Education Amendments of 1972, prohibit such discrimination.

Peter Lim, Interim Director Title IX and Gender Equity Officer, has been designated to coordinate the efforts of San Jose State University to comply with all applicable federal and state laws prohibiting discrimination on these bases. Inquiries concerning compliance may be presented to this person at Clark Hall, First Floor, Room 126, 1 Washington Sq. San Jose, CA 95192, Phone: 408-924-7290 (8 AM - 5 PM), Text: 669-877-0620 (All Hours).

The California State University is committed to providing equal opportunities to all CSU students in all university programs, including intercollegiate athletics. CSU Policy Prohibiting Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking, and Retaliation (Nondiscrimination Policy) Made Against a Student (or any successor) is the systemwide procedure for all complaints of discrimination, harassment or retaliation made against other CSU students. CSU Policy Prohibiting Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking, and Retaliation (Nondiscrimination Policy) Made Against an Employee or Third-Party (or any successor procedure) is the systemwide procedure for all complaints of discrimination, harassment or retaliation made against the CSU, a CSU employee or a third party).

As a matter of federal and state law and California State University policy, the following types of conduct are prohibited:

Sex Discrimination or Gender Discrimination is (an) adverse action taken against a complainant because of their protected status (sex or gender).

Adverse Action means an action engaged in by the respondent that has a substantial and material adverse effect on the complainant's ability to participate in a university program, activity, or employment. Minor or trivial actions or conduct not reasonably likely to do more than anger or upset a complainant does not constitute an adverse action.

Sexual Harassment means unwelcome verbal, nonverbal or physical conduct of a sexual nature that includes, but is not limited to, sexual advances, requests for sexual favors, offering employment benefits or giving preferential treatment in exchange for sexual favors, or indecent exposure, and any other conduct of a sexual nature where:

1. Submission to, or rejection of, the conduct is explicitly or implicitly used as the basis for any decision affecting a Complainant's academic status or progress, or access to benefits and services, honors, programs, or activities available at or through the university; or
2. Submission to, or rejection of, the conduct by the Complainant is explicitly or implicitly used as the basis for any decision affecting a term or condition of the Complainant's employment, or an employment decision; or
3. The conduct is sufficiently severe, persistent, or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the Complainant, and is in fact considered by the Complainant, as limiting their ability to participate in or benefit from the services, activities or opportunities offered by the university; or
4. The conduct is sufficiently severe, persistent, or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the Complainant, and is in fact considered by the Complainant, as creating an intimidating, hostile or offensive environment.

Sexual Harassment could include being forced to engage in unwanted sexual contact as a condition of membership in a student organization or in exchange for a raise or promotion; being subjected to video exploitation or a campaign of sexually explicit graffiti; or frequently being exposed to unwanted images of a sexual nature in a work environment, or in a classroom where the images are unrelated to the coursework.

Claiming that the conduct was not motivated by sexual desire is not a defense to a complaint of Sexual Harassment.

Sexual and/or romantic relationships between members of the university community may begin as consensual, and may develop into situations that lead to Discrimination, Harassment, Retaliation, Sexual Misconduct, Dating or Domestic Violence, or Stalking subject to this policy.

Sexual Misconduct

All sexual activity between members of the CSU community must be based on **Affirmative Consent**. Engaging in any sexual activity without first obtaining Affirmative Consent to the specific activity is Sexual Misconduct, whether or not the conduct violates any civil or criminal law.

a. Sexual activity includes, but is not limited to:

- Kissing
- touching intimate body parts
- fondling
- intercourse
- penetration, no matter how slight, of the vagina or anus with any part or object
- oral copulation of a sex organ by another person.

b. Sexual Misconduct includes, but is not limited to, the following conduct:

- an attempt, coupled with the ability, to commit a violent injury on the person of another because of that person's Gender or Sex,
- the intentional touching of another person's intimate body parts without Affirmative Consent,
- intentionally causing a person to touch the intimate body parts of another without Affirmative Consent,
- using a person's own intimate body part to intentionally touch another person's body without Affirmative Consent,
- any unwelcome physical sexual acts, such as unwelcome sexual touching,
- using physical force, violence, threat, or intimidation to engage in sexual activity,
- ignoring the objections of the other person to engage in sexual activity,
- causing the other person's incapacitation through the use of drugs or alcohol to engage in sexual activity,
- taking advantage of the other person's incapacitation to engage in sexual activity.

c. Intimate body part means the sexual organ, anus, groin, buttocks, or breasts of any person.

d. Sexual activity between a Minor (a person younger than 18 years old) and a person who is at least 18 and two years older than the Minor always constitutes Sexual Misconduct, even if there is Affirmative Consent to all sexual activity. The existence of Affirmative Consent and/or the type of sexual activity may be relevant to the determination of an appropriate Sanction.

e. Persons of all Genders, Gender Identities, Gender Expressions, and Sexual Orientations can be victims of these forms of Sexual Misconduct. Sexual Misconduct can be committed by an individual known to the victim including a person the Complainant may have just met, i.e., at a party, introduced through a friend, or on a social networking website.

Affirmative Consent

It is the University's expectation that every sexual encounter a member of our community engages in will happen with all parties' affirmative consent as defined in the Nondiscrimination Policy. At each point of a sexual encounter, the initiating person must receive a positive exchange of words or actions from those they are engaging with. Affirmative

consent may be withdrawn at any point, even if it was previously given. Affirmative consent cannot be given if the person giving it is incapacitated.

If affirmative consent cannot be given, or has not been given, then the sexual activity is non-consensual and a violation of the CSU Nondiscrimination policy.

Affirmative Consent must be voluntary, and given without coercion, force, threats, or intimidation.

It is the responsibility of each person involved in the sexual activity to ensure Affirmative Consent has been obtained from the other participant(s) prior to engaging in the sexual activity.

Affirmative Consent means an agreement to engage in sexual activity that is:

- Informed
- Affirmative
- Conscious
- Voluntary and
- Mutual
- Lack of protest or resistance does not mean there is Affirmative Consent.
- Silence does not mean there is Affirmative Consent.
- The existence of a dating or social relationship between those involved, or the fact of past sexual activities between them, should never by itself be assumed to be an indicator of Affirmative Consent.
- A request for someone to use a condom or birth control does not, in and of itself, mean there is Affirmative Consent.
- Affirmative Consent can be withdrawn or revoked. Consent must be ongoing throughout a sexual activity and can be revoked at any time, including after sexual activity begins. Once consent is withdrawn or revoked, the sexual activity must stop immediately. Consent to one form of sexual activity (or one sexual act) does not constitute consent to other forms of sexual activity. Consent given to sexual activity on one occasion does not constitute consent on another occasion.

Incapacitation

Affirmative Consent cannot be given by a person who is incapacitated. A person is unable to consent when asleep, unconscious, or incapacitated due to the influence of drugs, alcohol, or medication so that the person could not understand the fact, nature, or extent of the sexual activity. A person is incapacitated if the person lacks the physical and/or mental ability to make informed, rational decisions. A person with a medical or mental disability may also lack the capacity to give consent.

Whether an intoxicated person (as a result of using alcohol or other drugs) is incapacitated depends on the extent to which the alcohol or other drugs impact the person's decision-making ability, awareness of consequences, and ability to make informed judgments. A person's own intoxication or incapacitation from drugs or alcohol does not diminish that person's responsibility to obtain Affirmative Consent before engaging in sexual activity.

Sexual activity with a minor (a person under 18 years old) is not consensual, because a minor is considered incapable of giving consent due to age.

It shall not be a valid excuse that a person affirmatively consented to the sexual activity if the Respondent knew or reasonably should have known that the person was unable to consent to the sexual activity under any of the following circumstances:

- The person was asleep or unconscious;
- The person was incapacitated due to the influence of drugs, alcohol, or medication, so that the person could not understand the fact, nature, or extent of the sexual activity; or

- The person could not understand the fact, nature, or extent of the sexual activity, or was unable to communicate, due to a mental or physical condition.

It shall not be a valid excuse that the Respondent believed that the person consented to the sexual activity under either of the following circumstances:

- The Respondent's belief in Affirmative Consent arose from the intoxication or recklessness of the Respondent; or
- The Respondent did not take reasonable steps, in the circumstances known to the Respondent at the time, to ascertain whether the person affirmatively consented.

Dating Violence and Domestic Violence

Dating Violence means physical violence or threat of physical violence committed by a person:

- a. Who is or has been in a social relationship of a romantic or intimate nature with the Complainant; and
- b. Where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - i. The length of the relationship.
 - ii. The type of relationship.
 - iii. The frequency of interaction between the persons involved in the relationship.

Domestic Violence means physical violence or threat of physical violence committed by a current or former spouse or intimate partner of the Complainant, by a person with whom the Complainant shares a child in common, by a person who is cohabitating with or has cohabitated with the Complainant as a spouse or intimate partner, or by a person similarly situated to a spouse of the Complainant.

Physical violence means physical conduct that intentionally or recklessly threatens the health and safety of the recipient of the behavior, including assault.

Stalking

Stalking means engaging in a Course of Conduct directed at a specific person that would cause a reasonable person to fear for the safety of self or others' safety or to suffer Substantial Emotional Distress. For purposes of this definition:

- **Course of Conduct** means two or more acts, including but not limited to, acts in which one party directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about the other party, or interferes with the other party's property.
- **Substantial Emotional Distress** means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

Prohibited Consensual Relationships

A Prohibited Consensual Relationship is a consensual sexual or romantic relationship between an Employee and any Student or Employee over whom they exercise direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority.

Retaliation

Retaliation means that a substantial motivating reason for an Adverse Action taken against a person was because the person has or is believed to have:

- a. Exercised their rights under this policy,
- b. Reported or opposed conduct which was reasonably and in good faith believed to be in violation of this policy,
- c. Assisted or participated in an investigation/proceeding under this policy, regardless of whether the Complaint was substantiated,
- d. Assisted someone in reporting or opposing a violation of this policy or assisted someone in reporting or opposing Retaliation under this policy.

Adverse Action means an action engaged in by the Respondent that has a substantial and material adverse effect on the Complainant's ability to participate in a university program, activity, or employment. Minor or trivial actions or conduct not reasonably likely to do more than anger or upset a Complainant does not constitute an Adverse Action.

Retaliation may occur whether or not there is a power or authority differential between the individuals involved.

Additional Prohibited Conduct Definitions

1. **Sexual Harassment** means conduct on the basis of Sex that satisfies one or more of the following:
 - a. An Employee conditioning the provision of an aid, benefit, or service of the University on an individual's participation in unwelcome sexual conduct;
 - b. Unwelcome conduct determined based on the reasonable person standard to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to an Education Program or Activity.
2. **Sexual Assault** includes the following:
 - i. **Rape** is the penetration, or attempted penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the Affirmative Consent of the Complainant. Rape also includes the attempted penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the Affirmative Consent of the Complainant, with the present ability and the intent to commit Rape.
 - ii. **Fondling** is the touching of the private body parts of another person for the purpose of sexual gratification, without the Affirmative Consent of the victim, including instances where the Complainant is incapable of giving Affirmative Consent because of their age or because of their temporary or permanent mental incapacity.
 - iii. **Incest** is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
 - iv. **Statutory Rape** is sexual intercourse with a person who is under the age of 18 years, the California statutory age of consent. The definition of Affirmative Consent is that under Article VII.A.3 above.
 - v. **Dating Violence** means physical violence or threat of physical violence committed by a person:
 - i. who is or has been in a social relationship of a romantic or intimate nature with the Complainant; and
 - ii. where the existence of such a relationship shall be determined based on a consideration of the following factors:
 1. The length of the relationship.
 2. The type of relationship.
 3. The frequency of interaction between the persons involved in the relationship.
2. **Domestic Violence** means physical violence or threat of physical violence committed by a current or former spouse or intimate partner of the Complainant, by a person with whom the Complainant shares a child in common, by a person who is cohabitating with or has cohabitated with the Complainant as a spouse or intimate partner, or by a person similarly situated to a spouse of the Complainant.
3. **Stalking** means engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
 - i. fear for their safety or the safety of others; or
 - ii. suffer substantial emotional distress.

See further information in San Jose State University sexual violence prevention and education statement, Title IX Notice of Nondiscrimination (which includes facts and myths about sexual violence), and Victim's Rights and Options Notice, at www.sjsu.edu/titleix/help/choices/index.php.

Whom to Contact If You Have Complaints, Questions or Concerns

Title IX requires the university to designate a Title IX Coordinator to monitor and oversee overall Title IX compliance. The university Title IX Coordinator is available to explain and discuss the university's complaint process, including the investigation and hearing process; the availability of reasonable supportive measures (both on and off campus regardless of whether the person chooses to report the conduct); the right to file a criminal complaint (for example, in cases of sexual misconduct); how confidentiality is handled; and other related matters. **If you are in the midst of an emergency, please call the police immediately by dialing 9-1-1.**

Title IX Office

Clark Hall, First Floor, Room 126
1 Washington Sq. San Jose, CA 95192
Phone: 408-924-7290 (8 AM - 5 PM)
Text: 669-877-0620 (All Hours)
Email: TitleIX@sjsu.edu

University Police Department

Lieutenant Rafael Alvarez
Field Operations
(408) 924-2145
Email: rafael.alvarez01@sjsu.edu
www.sjsu.edu/campus-life/safety.php

Title IX requires the university to adopt and publish complaint procedures that provide for prompt and equitable resolution of gender discrimination complaints, including sexual harassment and misconduct, as well as provide training, education and preventive measures related to sex discrimination. CSU Policy Prohibiting Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking, and Retaliation (Nondiscrimination Policy) Made Against a Student (or any successor) is the systemwide procedure for all complaints of discrimination, harassment or retaliation made against, other CSU students. CSU Policy Prohibiting Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking, and Retaliation (Nondiscrimination Policy) Made Against an Employee or Third-Party (or any successor procedure) is the systemwide procedure for all complaints of discrimination, harassment or retaliation made against the CSU, a CSU employee or a third party.

Duty to Report

Except as provided below under confidentiality and sexual misconduct, dating violence, domestic violence, and stalking, **any** university employee who knows or has reason to know of allegations or acts that violate university policy shall promptly inform the Title IX Coordinator. These employees are required to disclose all information including the names of the parties, **even where the person has requested that their name remain confidential**. The Title IX Coordinator will determine whether confidentiality is appropriate given the circumstances of each such incident. (See confidential reporting options outlined below.)

Regardless of whether an alleged victim of gender discrimination ultimately files a complaint, if the university knows or has reason to know about possible sexual discrimination, harassment or misconduct, it must review the matter to determine if an investigation is warranted. The university must then take appropriate steps to eliminate any gender discrimination/harassment/misconduct, prevent its recurrence, and remedy its effects.

U.S. Department of Education, Office for Civil Rights (OCR):

(800) 421-3481 (National Headquarters), or (800) 877-8339 (TDD), or ocr@ed.gov (National Headquarters); or (415) 486-5555 (California office), or ocr.sanfrancisco@ed.gov (California office)

If you wish to fill out a complaint form online with the OCR, you may do so using the OCR Electronic Complaint Form.

Safety of the University Community is Primary

The university's primary concern is the safety of its university community members. The use of alcohol or drugs never makes the victim at fault for gender discrimination, harassment or sexual misconduct; therefore, victims should not be deterred from reporting incidents of sexual misconduct out of a concern that they might be disciplined for related violations of drug, alcohol or other university policies. Except in extreme circumstances, victims of sexual misconduct shall not be subject to discipline for related violations of the Student Conduct Code.

Information Regarding University, Criminal and Civil Consequences of Committing Acts of Sexual Violence

Individuals alleged to have committed sexual misconduct may face criminal prosecution by law enforcement and may incur penalties as a result of civil litigation. In addition, students may face discipline at the university, up to and including suspension or expulsion and withholding of their degrees. Employees may face sanctions up to and including suspension, demotion or dismissal from employment, pursuant to established CSU policies and provisions of applicable collective bargaining unit agreements.

Students who are found responsible by the university with gender discrimination, harassment or sexual misconduct will be subject to discipline, pursuant to CSU Policy Prohibiting Discrimination, Harassment, Sexual Misconduct, Sexual Exploitation, Dating Violence, Domestic Violence, Stalking, and Retaliation (Nondiscrimination Policy) Made Against a Students and the California State University and Student Conduct Procedures (see the Student Conduct Procedures Policy, revised on August 14, 2020, or any successor policy) and will be subject to appropriate sanctions. In addition, during any investigation, the university may implement interim measures in order to maintain a safe and non-discriminatory educational environment. Such measures may include but not be limited to: immediate interim suspension from the university; a required move from university-owned or affiliated housing; adjustments to course schedule; and/or prohibition from contact with parties involved in the alleged incident.

Confidentiality and Sexual Misconduct, Dating Violence, Domestic Violence and Stalking

The university encourages victims of sexual misconduct, dating violence, domestic violence or stalking to talk to someone about what happened - so they can get the support they need, and so the university can respond appropriately.

Privileged and Confidential Communications

Physicians, Psychotherapists, Professional Licensed Counselors, Licensed Clinical Social Workers, and Clergy - Physicians, psychotherapists, professional, licensed counselors, licensed clinical social workers, and clergy who work or volunteer on or off campus, acting solely in those roles or capacities as part of their employment, and who provide medical or mental health treatment or counseling (and those who act under their supervision, including all individuals who work or volunteer in their centers and offices) may not report any information about an incident of sexual misconduct to anyone else at the university, including the Title IX Coordinator, without the victim's consent. A

victim can seek assistance and support from physicians, psychotherapists, professional, licensed counselors, licensed clinical social workers and clergy without triggering a university investigation that could reveal the victim's identity or the fact of the victim's disclosure. However, see limited exceptions below regarding when health care practitioners must report to local law enforcement agencies. Health care practitioners should explain these limited exceptions to victims, if applicable.

Sexual Assault and Domestic Violence Counselors and Advocates - Sexual assault and domestic violence counselors and advocates who work or volunteer on or off campus in sexual assault centers, victim advocacy offices, women's centers and health centers (including those who act in that role under their supervision, along with non-professional counselors or advocates who work or volunteer in sexual assault centers, victim advocacy offices, women's centers, gender equity centers, or health centers), may talk to a victim without revealing any information about the victim and the incident of sexual misconduct to anyone else at the university, including the Title IX Coordinator, without the victim's consent. A victim can seek assistance and support from these counselors and advocates without triggering a university investigation that could reveal his/her identity or that a victim disclosed an incident to them. However, see limited exceptions below regarding when sexual assault and domestic violence counselors and advocates must report to local law enforcement agencies. Counselors and advocates should explain these limited exceptions to victims, if applicable.

The university will be unable to conduct an investigation into a particular incident or pursue disciplinary action against a perpetrator if a victim chooses to:

1. Speak only to a physician, professional licensed counselor, licensed clinical social worker, clergy member, sexual assault counselor, domestic violence counselor or advocate; and
2. Maintain complete confidentiality. Even so, these individuals will assist victims in receiving other necessary protection and support, such as victim advocacy, disability services, medical/health or mental health services, or legal services, and will advise victims regarding their right to file a Title IX complaint with the university and a separate complaint with local or university police.

If a victim insists on confidentiality, such professionals, counselors and advocates will likely not be able to assist the victim with: university academic support or accommodations; changes to university-based living or working schedules; or adjustments to course schedules. A victim who at first requests confidentiality may later decide to file a complaint with the university or report the incident to the police, and thus have the incident fully investigated. These counselors and advocates can provide victims with that assistance if requested by the victim. These counselors and advocates will also explain that Title IX includes protections against retaliation, and that the university will not only take steps to prevent retaliation when it knows or reasonably should know of possible retaliation, but will also take strong responsive action if retaliation occurs.

EXCEPTIONS: Under California law, any health practitioner employed in a health facility, clinic, physician's office, or local or state public health department or clinic is required to make a report to local law enforcement if the health practitioner provides medical services for a physical condition to a patient/victim who the health practitioner knows or reasonably suspects is suffering from:

1. A wound or physical injury inflicted by a firearm; or
2. Any wound or other physical injury inflicted upon a victim where the injury is the result of assaultive or abusive conduct (including sexual misconduct, domestic violence, and dating violence).

This exception does not apply to sexual assault and domestic violence counselors and advocates. Health care practitioners should explain this limited exception to victims, if applicable.

Additionally, under California law, **all** professionals described above (physicians, psychotherapists, professional counselors, licensed clinical social workers, clergy, and sexual assault and domestic violence counselors and advocates) are mandatory child abuse and neglect reporters, and are required to report incidents involving victims under 18 years of age to local law enforcement. These professionals will explain this limited exception to victims, if applicable.

Finally, some or all of these professionals may also have reporting obligations under California law to:

1. Local law enforcement in cases involving threats of immediate or imminent harm to self or others where disclosure of the information is necessary to prevent the threatened danger; or
2. To the court if compelled by court order or subpoena in a criminal proceeding related to the sexual misconduct, dating or domestic violence, or stalking incident.

If applicable, these professionals will explain this limited exception to victims.

Reporting

To University or Local Police

If a victim reports to local or university police about sexual misconduct crimes, the police are required to notify victims that their names will become a matter of public record unless confidentiality is requested. If a victim requests that their identity be kept confidential, their name will not become a matter of public record. However, even if the victim requests confidentiality of identity, the University Police should specifically ask the victim if the victim's name can be provided to the Title IX Office so that the Title IX Coordinator can contact the victim to discuss supportive measures that can be offered. If a victim gives consent to law enforcement to provide their name to the Title IX Coordinator, their name will not become a matter of public record. Even if a victim does not give the police permission to provide their name to the Title IX Coordinator, University police will report the facts of the incident itself to the Title IX Coordinator being sure not to reveal to the Title IX Coordinator victim names/identities or compromise their own criminal investigation. The university is required by the federal Clery Act to report certain types of crimes (including certain sex offenses) in statistical reports. However, while the university will report the type of incident in the annual crime statistics report known as the Annual Security Report, victim names/identities will not be revealed.

Reporting to the Title IX Coordinator and other University employees

Most university employees have a duty to report incidents of sexual misconduct when they are on notice of it. When a victim tells the Title IX Coordinator or another university employee about an incident of sexual misconduct, the victim has the right to expect the university to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably. In all cases, the university strongly encourages victims to report incidents of sexual misconduct directly to the university Title IX Coordinator. As detailed above, in the "Privileged and Confidential Communications" section of this policy, all university employees except physicians, licensed professional counselors, licensed clinical social workers, sexual assault counselors and advocates, must report to the Title IX Coordinator all relevant details about any incidents of sexual misconduct of which they become aware. The university will need to determine what happened - and will need to know the names of the victim(s) and the perpetrator(s), any witnesses, and any other relevant facts, including the date, time and specific location of the incident.

To the extent possible, information reported to the Title IX Coordinator or other university employees will be shared only with individuals responsible for handling the university's response to the incident. The university will protect the privacy of individuals involved in a sexual misconduct violence incident except as otherwise required by law or university policy. A report of sexual misconduct may result in the gathering of extremely sensitive information about individuals in the university community. While such information is considered confidential, university policy regarding access to public records and disclosure of personal information may require disclosure of certain information concerning a report of sexual misconduct. In such cases, efforts will be made to redact the records, as appropriate, in order to protect the victim's identity and privacy and the privacy of other involved individuals. Except as detailed in the section on "Privileged and Confidential Communications" above, no university employee, including the Title IX Coordinator, should disclose the victim's identity to the police without the victim's consent or unless the victim has also reported the incident to the police.

If a victim requests of the Title IX Coordinator or another university employee that their identity remain completely confidential, the Title IX Coordinator will explain that the university cannot always honor that request or guarantee complete confidentiality. If a victim wishes to remain confidential or request that no investigation be conducted or disciplinary action taken, the university must weigh that request against the university's obligation to provide a safe,

non-discriminatory environment for all students, employees, and third parties, including the victim. Under those circumstances, the Title IX Coordinator will determine whether the victim's request for complete confidentiality and/or no investigation can be honored under the facts and circumstances of the particular case, including whether the university has a legal obligation to report the incident, conduct an investigation or take other appropriate steps. Without information about a victim's identity, the university's ability to meaningfully investigate the incident and pursue disciplinary action against the perpetrator may be severely limited. See the Systemwide Sex Discrimination, Sexual Harassment, Sexual Misconduct, Dating and Domestic Violence, and Stalking Policy (or any successor policy) for further details around confidential reporting, and other related matters.

Student Complaint Procedure (Complaints Regarding the CSU)

The California State University (CSU) takes very seriously complaints and concerns regarding the institution. If you have a complaint regarding the CSU, you may present your complaint as follows:

1. If your complaint concerns CSU's compliance with academic program quality and accrediting standards, you may present your complaint on the Western Association of Schools and Colleges (WASC) website. WASC is the agency that accredits the CSU's academic program.
2. If your complaint concerns an alleged violation by CSU of any law that prohibits discrimination, harassment or retaliation based on a protected status (such as age, disability, gender (or sex), gender identity, gender

expression, nationality, race or ethnicity (including color, caste, or ancestry), religion or veteran or military status), you may present your complaint as described in Section XVI (Nondiscrimination Policy).

3. If your complaint concerns an alleged violation by the CSU of other state law, including laws prohibiting fraud and false advertising, you may present your claim complaint to the university president or designee. See Procedure for Student Complaints-Executive Order No. 1063 for details regarding the complaint requirements and complaint process.
4. Other complaints regarding the CSU may be presented to the university dean of students [or other appropriate administrator], who will provide guidance on the appropriate university process for addressing your particular issue.

If you believe that your complaint warrants further attention after you have exhausted all the steps outlined by the university, or by WASC, you may file an appeal with the Assistant Vice Chancellor, Academic and Student Affairs (or designee) at the CSU Chancellor's Office.

This procedure should not be construed to limit any right that you may have to take legal action to resolve your complaint.

Confidential vs. Private

The OEO and the Title IX Office are not confidential resources, however they are private. This means that information shared with these offices will be shared with a select group of university administrators, and should a report move into a formal investigation procedure, with the witnesses who are part of that investigation. Your information will never be publically shared by either office.

Responsible Employees

Unless otherwise specified, all employees have a duty to consult with and refer information to the Title IX Office when they have reason to believe Title IX Prohibited Conduct has occurred, or anytime Title IX Prohibited Conduct is disclosed to them. The following employees do not have a duty to report: Physicians, Psychotherapists, Professional Licensed Counselors, Licensed Clinical Social Workers, and Clergy.

If an employee believes an individual is about to disclose an experience, the employee should remind the individual of their duty to disclose, and offer to connect to a confidential resource.

Confidential Resources

Confidential Resources do not share information. See www.sjsu.edu/titleix/help/resources/index.php.

ROTC Recruiting

San José State University hosts the Air Force Reserve Officers Training Corps program on campus solely in compliance with the federal requirements contained in The Solomon Amendment. This law, passed as an attachment to the FY97 Federal Appropriations Bill, allows the government to deny federal funding, including federal student aid, to any school that does not provide access to ROTC programs and military recruiters on its campus.

San José State University is guided by the principle of equal opportunity, including the conviction that there will be no differential treatment or harassment of persons because of race, color, religion, national origin, age, sex, marital status, pregnancy, disability, veteran's status, or sexual orientation. The university has a firm and unambiguous commitment to the active elimination of discrimination, and the affirmative recruitment of a diverse, multi-racial community of students, faculty and staff.

Privacy Rights of Students in Education Records

The federal Family Educational Rights and Privacy Act of 1974 (20 U.S.C. 1232g) (FERPA) and regulations adopted thereunder (34 C.F.R. 99) set out requirements designed to protect students' privacy in their educational records maintained by the university. The statute and regulations govern access to certain student records maintained by the university and the release of those records. FERPA provides that the university must give students access to most records directly related to the student and must also provide an opportunity to correct the records if the student believes the records are inaccurate, misleading, or otherwise inappropriate. The right to petition to correct a record under FERPA does not include the right to challenge the appropriateness of a grade determined by the instructor. In addition, FERPA generally requires the university to obtain a student's written consent before releasing personally identifiable data pertaining to the student. The university has adopted a set of policies and procedures governing the implementation of FERPA and its regulations. Copies of these policies and procedures may be obtained at the Registrar's Office. Among the information included in the university statement of policies and procedures is:

1. The student records maintained and the information they contain;
2. The university official responsible for maintaining each record;
3. The location of access lists identifying persons requesting or receiving information from the record;
4. Policies for reviewing and expunging records;
5. Student access rights to their records;
6. Procedure for challenging the content of student records; and
7. The student's right to file a complaint with the Department of Education, which enforces FERPA. The Department of Education has established an office and review board to investigate complaints and adjudicate potential FERPA violations. The designated office is: Student Privacy Policy Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920.

FERPA authorizes that the university may release "directory information" pertaining to students. "Directory information" may include the student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, grade level, enrollment status, degrees, honors, and awards received, and the most recent previous educational agency or institution the student attended. The university may release this "directory information" unless the university has received prior written objection from the student specifying the information the student requests not be released. Written objections must be sent to the Registrar's Office. It should be noted, however, that University Policy S66-20 is more restrictive than the law. SJSU policy guidelines indicate that the only directory information routinely released to outside parties without student consent is enrollment status and degree completion (if applicable). Requests for addresses and telephone numbers are not honored, especially if requested for commercial purposes.

FERPA authorizes the university to provide access to student records without prior student consent to university officials, employees and others who have legitimate educational interests in such access. These persons include those with legitimate reasons to access student records to perform the university's academic, administrative or service functions, and those with a reason for accessing student records associated with their university or other related academic responsibilities. Student records will also be disclosed to the CSU Chancellor's Office to conduct research, to analyze trends, or to provide other administrative services. Student records may also be disclosed without prior student consent to other persons or organizations under certain conditions (e.g., as part of the accreditation or program evaluation, in response to a court order or subpoena, in connection with financial aid, or to other institutions to which the student is transferring).

University Development (Advancement) Programs

Directory information (see definition earlier) may be used by the university for the development of campus affiliated programs.

Career Placement Information

The Career Center may furnish, upon request, information about the employment of students who graduate from programs or courses of study preparing students for a particular career field. Data provided must be in a form that does not allow for the identification of any individual student. This information includes data concerning the average starting salary and the percentage of previously enrolled students who obtained employment.

The information may include data collected from graduates of the university or graduates of all universities in the California State University system.

Student Identification Information

SJSU ID Number

San José State University is concerned about keeping your personal data private. We are required to use Social Security numbers to process payroll; award financial aid and document fees paid for tax relief purposes. However, for all other purposes, we will use your SJSU ID number for identification, rather than your Social Security Number.

Use of Social Security Number

Applicants are required to include their correct social security numbers in designated places on applications for admission pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code (26 U.S.C. 6109). The university uses the social security number to identify students and their records including identification for purposes of financial aid eligibility and disbursement and the repayment of financial aid and other debts payable to the institution. Also, the Internal Revenue Service requires the university to file information returns that include the student's social security number and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. This information is used by the IRS to help determine whether a student, or a person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes. The Financial Aid Office will also use it to report Federal Work Study earnings to the Federal Department of Education.

Professional Education Scholastic Regulations

Disqualified students may enroll in Professional Education programs; however, the university, in considering applications for readmission and reinstatement, does not accept 400-series course credit as evidence of qualification for reinstatement.

Students desiring to apply extension credit toward the requirements for any degree or teachers' credentials must secure approval from the department that is authorizing the reinstatement.

All students enrolling through Professional Education must meet course prerequisites and are bound by all applicable university regulations given in this catalog, or in the most recent Winter Session, Summer Session or Open University schedule of classes.

Information concerning tuition fees, admission and registration policies and procedures, withdrawal and refund policies, grading systems, academic standards and student advisement may be found in this catalog. Regulations concerning the application of Professional Education credit toward bachelor's degrees and toward residence credit in the university are listed in Credit for Professional Education. For more information, visit the SJSU's State Authorization website, or contact stateauthorization@sjsu.edu.

State Authorization for Distance Education

Distance education authorization only impacts prospective students who are interested in completing a SJSU degree or certificate program (S16-17) while simultaneously residing in another state.

States expect institutions to obtain approval for regulated activities that occur in their state. These activities may include but are not limited to online learning, practical experiences, faculty teaching from another state, marketing, and advertising. The requirements as to which activities require authorization, the application processes, and the costs to comply vary greatly from state to state. An institution's compliance (or lack thereof) can affect its ability to receive federal financial aid.

Accreditation

San José State University is accredited by the Senior College and University Commission of the Western Association of Schools and Colleges (WSCUC). To view SJSU's most recent accreditation letter as well as learn more about visits and reports, please visit the Institutional Accreditation website.

Resolving a Grievance

Students residing outside of California (while attending San José State University's (SJSU's) distance education programs) wishing to resolve a grievance should contact the appropriate office (e.g. Bursar's Office, Financial Aid Office etc.). If the issue persists, please follow the CSU Internal Complaint Process.

CSU Internal Complaint Process

Prior to filing a complaint with a state agency, see Executive Order No. 1063 for details regarding the complaint requirements and process. If you are a student wishing to file a complaint in your home state, please select the state contact at the State Higher Education Executive Officers Association (members list) to file a complaint directly in your state.

Disclosures

Arkansas

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution, course or degree program. Such certification merely indicates that certain minimum standards have been met under the rules and regulations of institutional certification as defined in Arkansas Code § 6-61-301.

Georgia

After exhausting the below CSU Student Internal Complaint Process, Georgia residents may also file a complaint with the State of Georgia Nonpublic Postsecondary Education Commission using the student complaint form.

Maryland

The following content may be found on the Maryland Higher Education Commission website's:

1. Information on registration with the Commission; and,
2. The process for Maryland students to make complaints.

Minnesota

San José State University is registered with the office pursuant to sections 136A.61 to 136A.71. Registration is not an endorsement of the institution. Credits earned at the institution may not transfer to all other institutions.

Students may contact the Minnesota Office of Higher Education, 1450 Energy Park Drive, Suite 350, St. Paul, MN 55108-5227 or by sending an email to betsy.talbot@state.mn.us. Students may also access our complaints webpage.

Oregon

According to the Oregon Administrative Rules (OAR 583-030-0035(18)(c)), after classes begin for a term, an Oregon student who withdraws from a course is eligible for a partial refund through the middle week of the term. Refunds shall be based on unused instructional time and shall be prorated on a weekly basis for schools using a semester calendar.

Students should attempt to resolve any grievances they may have with their school first. Should attempts to resolve these problems with appropriate school officials fail, or should the student be dissatisfied with the final outcome of the college complaint process, then the Higher Education Coordinating Commission (HECC), can respond to a formal complaint. Students may contact the Higher Education Coordinating Commission, 3225 25th St. SE, Salem, OR 97302 or by sending an email to complaints@hecc.oregon.gov. Students may also access our complaints web page.

Virginia

San José State University is authorized and certified to operate by the State Council of Higher Education for Virginia (SCHEV) (8VAC40-31-30(A)(i)). This authorization is subject to periodic review.

Credits earned at the institution may not transfer to the receiving college, university, or other educational institution and is at the sole discretion of the receiving institution. Students are advised to contact the receiving institution in

advance for evaluation and determination of transferability of credits and/or acceptability of degrees, diplomas, or certificates earned.

Students residing outside of California (while attending San Jose State University's (SJSU) distance education program) wishing to resolve a grievance should contact the appropriate office (e.g. Bursar's Office, Financial Aid and Scholarship Office, etc). If issues persist, please follow the CSU Internal Complaint Process. The State Council of Higher Education for Virginia has the authority to investigate student complaints against specific schools. Visit the PPE Form for Students page for information regarding the SCHEV complaint process.

For information regarding Professional Licensure and Certification, please refer to the CSU Accreditation & State Authorization page pursuant to 34 CFR §668.43(a)(5)(v)(C).

Washington

San José State University is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes San José State University to offer field placement components for specific degree programs. The Council may be contacted for a list of currently authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430 or by email at degreeauthorization@wsac.wa.gov.

For Washington State residents seeking information and resources about student loan repayment or seeking to submit a complaint relating to your student loans or student loan servicer, please visit the WSAC Student Loan Advocate page or contact the Student Loan Advocate at loanadvocate@wsac.wa.gov.

The transferability of credits earned at San José State University is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any program of study at San José State University will be accepted by the receiving institution. Similarly, the ability of a degree, certificate, diploma, or other academic credential earned at San José State University to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation does not guarantee credentials or credits earned at San José State University will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and/or acceptability of degrees, diplomas, or certificates earned.

The Washington Student Achievement Council (WSAC) has authority to investigate student complaints against specific schools. WSAC may not be able to investigate every student complaint. Visit the WSAC Student Complaints page for information regarding the WSAC complaint process.

Refund Policy

If SJSU plans to be authorized to offer a program in a particular state but does not obtain approval before the term starts, the student's application fee will be refunded.

University Policies

To see official SJSU University Policies, see <https://www.sjsu.edu/senate/university-policies/>.

Academic Standards

Students studying for a baccalaureate degree are expected to maintain a grade point average of 2.0 "C" or better in their academic work at SJSU and in their overall collegiate record in order to continue in good standing. In determining a student's eligibility to remain enrolled in the university, both quality of performance and progress toward the student's objective are weighed. Use of grade points and grade point average for all letter-graded courses determines quality of performance. The length of time in meeting requirements is a factor in determining progress toward objectives. While the Registrar's Office makes every effort to notify students of their academic status, it is the student's responsibility to continuously monitor his or her own academic standing at MySJSU (which can be accessed through the one.sjsu.edu portal).

Attendance Policy

University Policy F15-12, Attendance and Participation

Students are expected to attend all meetings for the courses in which they are enrolled as they are responsible for material discussed therein, and active participation is frequently essential to ensure maximum benefit to all class members. In some cases, attendance is fundamental to course objectives; for example, students may be required to interact with others in the class. Attendance is the responsibility of the student.

Participation may be used as a criterion for grading when the parameters and their evaluation are clearly defined in the course syllabus and the percentage of the overall grade is stated.

Academic Integrity Policy

The University emphasizes responsible citizenship and an awareness of ethical choices inherent in human development. Academic honesty and fairness foster ethical standards for all those who depend upon the integrity of the university, its courses, and its degrees. University degrees are compromised and the public is defrauded if faculty members or students knowingly or unwittingly allow dishonest acts to be rewarded academically. This policy sets the standards for such integrity and shall be used to inform students, faculty and staff of the university's Academic Integrity Policy (University Policy F15-7). University Academic Integrity Policies at www.sjsu.edu/studentconduct/policies.php.

Student Role

The San José State University Academic Integrity Policy requires that each student:

1. Know the rules that preserve academic integrity and abide by them at all times. This includes learning and abiding by rules associated with specific classes, exams and course assignments.
2. Know the consequences of violating the Academic Integrity Policy.
3. Know the appeal rights, and the procedures to be followed in the event of an appeal.
4. Foster academic integrity among peers.

Faculty Member Role

The San José State University Academic Integrity Policy requires that each faculty member:

1. Provide a clear and concise course syllabus that apprises students of the Academic Integrity Policy and the ethical standards and supporting procedures required in a course.
2. Make every reasonable effort to foster honest academic conduct. Specifically, examinations should be appropriately proctored or monitored to prevent students from copying, using non-cited resources, or exchanging information. Examinations and answers to examination questions should be kept private. Efforts should be made to give unique and varied assignments.
3. Take action against a student in accordance with this policy when supporting evidence indicates that the student has violated the Academic Integrity Policy.
4. Comply with the rules and standards of the Academic Integrity Policy.

Office of Student Conduct and Ethical Development Role

The San José State University Academic Integrity Policy requires that the Student Conduct Administrator, the Director of the Office of Student Conduct and Ethical Development (SCED)

1. Comply with and enforce the Student Conduct Code which includes the Academic Integrity Policy.
2. Adjudicate student conduct cases and assign administrative sanctions to students who have violated the Student Conduct Code.
3. Serve as a resource for faculty, staff and students on matters of academic integrity and this policy.
4. Ensure dissemination of the policy to the campus community when changes are made to the policy or procedures.

1.0 Definitions Of Academic Dishonesty

1.1 Cheating

At SJSU, cheating is the act of obtaining credit, attempting to obtain credit, or assisting others to obtain credit for academic work through the use of any dishonest, deceptive, or fraudulent means. Cheating at SJSU includes but is not limited to:

- 1.1.1. Copying, in part or in whole, from another's test or other evaluation instrument including homework assignments, worksheets, lab reports, essays, summaries, quizzes;
- 1.1.2. Submitting work previously graded in another course without prior approval by the course instructor or by departmental policy;
- 1.1.3. Submitting work simultaneously presented in two or more courses, without prior approval of all course instructors or by the department policies of all departments;
- 1.1.4. Using or consulting sources, tools, or materials prohibited by the instructor prior to or during an examination;
- 1.1.5. Altering or interfering with the grading process;
- 1.1.6. Sitting for an examination by a surrogate, or as a surrogate;

1.1.7. Any other act committed by a student in the course of their academic work which defrauds or misrepresents, including aiding others in any of the actions defined above.

1.2 Plagiarism

At SJSU plagiarism is the act of representing the work of another as one's own without giving appropriate credit, regardless of how that work was obtained, and/or submitting it to fulfill academic requirements. Plagiarism at SJSU includes but is not limited to:

1.2.1 knowingly or unknowingly incorporating the ideas, words, sentences, paragraphs, parts of sentences or paragraphs, or the specific substance of another's work without giving appropriate credit, and representing the product as one's own work;

1.2.2 Representing another's artistic/scholarly works such as computer programs, instrument printouts, inventions, musical compositions, photographs, paintings, drawings, sculptures, novels, short stories, poems, screen plays, or television scripts, as one's own.

2.0 Notification of Standards of Detecting Plagiarism

San José State University or its faculty may subscribe to or use plagiarism-detection services. Any plagiarism-detection service used by faculty or with which San José State University contracts shall ensure compliance with FERPA, university data security policies, and accessibility requirements.

Except for the stated purpose of storing submitted work in databases solely for the purpose of detecting plagiarism, any plagiarism-detection service with which San José State University contracts shall, to the fullest extent possible, agree to assure that ownership rights of all submitted work shall remain with the work's author and not with the plagiarism-detection service.

3.0 Sanctions

There shall be two major classifications of sanctions that may be imposed for violations of this policy: academic and administrative. Academic sanctions are those actions related to the course work and/or grades which are the province of the faculty. Administrative sanctions are concerned with a student's status on campus and are acted on by the Office of Student Conduct and Ethical Development. The imposition of either an academic or administrative sanction will not preclude the additional imposition of the other.

3.1 Academic Sanctions

Faculty members are responsible for determining the type of academic sanction to be applied to students involved in incidents of cheating or plagiarism. Faculty may find it helpful to consult with their department chair, senior faculty, and/or the director of SCED in consideration of appropriate academic sanctions. Such sanctions shall be proportional to the offense against the Academic Integrity Policy that has occurred. Usually a form of "grade modification" will be employed. Before sanctions can be employed, the faculty member must have verified the instances of academic dishonesty by personal observation and/or documentation. In all cases, the violation must be reported to the Office of Student Conduct & Ethical Development on the reporting form for violations to the Academic Integrity Policy. The faculty member is expected to maintain in confidence notes and communications between the student and the faculty member as they may be relevant in subsequent disciplinary proceedings or any subsequent legal actions:

Recommended academic sanctions include:

3.1.1 oral reprimand;

3.1.2 repetition of the assignment with sufficient change in instructions such that none of the original assignment can be utilized;

3.1.3 lower grade on the evaluation instrument;

3.1.4 failure on the evaluation instrument;

- 3.1.5 reduction in course grade;
- 3.1.6 failure in the course;
- 3.1.7 recommendation of additional administrative sanctions (SCED to review for possible violations of the Student Conduct Code).

Faculty Discretion

Incidents involving the careless or inept handling of quoted material that fall short of the definitions of cheating or plagiarism, as defined in Items 1.1 and 1.2 of this policy, may be dealt with at the discretion of the faculty member concerned.

The faculty member also has the discretion and obligation to determine whether specific acts by a student fall under the description in 1.1.7.

3.2 Administrative Sanctions

As stipulated in the California Administrative Code, Section 41301 (and outlined in Executive Order 1098: Student Conduct Procedures), violations of the student conduct code and/or cheating or plagiarism in connection with an academic program may warrant expulsion, suspension, probation or a lesser sanction. Administrative action involving academic dishonesty at SJSU is the responsibility of the Office of Student Conduct & Ethical Development.

The Office of Student Conduct & Ethical Development will respond to:

1. referrals from the faculty of violations of the Academic Integrity Policy;
2. repeat violations as brought to attention by the faculty or through the centralized reports filed in the Office of Student Conduct & Ethical Development.

Faculty members will be notified by the Office of Student Conduct & Ethical Development when action has been taken. The Office of Student Conduct & Ethical Development shall maintain a record of students who have been reported for violating the Academic Integrity Policy. The information in this record will be used to identify and discipline students who have been reported.

4.0 Evaluation and Reporting

When a faculty member suspects a violation of the Academic Integrity Policy and is in possession of evidence to substantiate that violation (not excluding a statement of personal observation of the infraction by the faculty member or other SJSU personnel or students in the class), it is the faculty member's responsibility to take the following steps:

4.1 Confront the situation discreetly; that is, faculty members shall not discuss specific charges of cheating, plagiarism, or any other violations involving specific individuals in the classroom or elsewhere before other members of the class.

4.2 Communicate with the student concerning the alleged violation and arrange for a conference to present documentation. In this conference, the student should be advised of the allegation and be made aware of the supporting evidence and probable consequences. The student should be provided the opportunity to provide his/her perspective and respond to the allegation. Faculty members should make their best effort to meet with the student in person, but if that is not feasible, they can communicate in writing. The faculty member is expected to maintain in confidence notes and communications between the student and the faculty member except as they may be relevant in subsequent disciplinary proceedings or any subsequent legal actions.

4.3 Inform the student of the sanctions imposed in accordance with Section 4.0 if the faculty member still believes that a violation of the Academic Integrity Policy has occurred.

4.4 Report the alleged infraction and the academic action taken to the Office of Student Conduct & Ethical Development on the reporting form for violations to the Academic Integrity Policy. The form identifies the faculty member, student involved, and type of violation (cheating or plagiarism) and includes a description of the incident and the academic sanctions imposed. Office of Student Conduct & Ethical Development shall review the academic

sanctions imposed by the faculty member and determine whether they are justified in light of the provisions of the Student Conduct Code and commensurate with university norms of severity. Office of Student Conduct & Ethical Development shall further determine whether it will impose administrative sanctions. The faculty member must submit a copy of the supporting documentation to the Academic Integrity Reporting Form. After this initial report, no additional academic sanctions may be levied. Academic sanctions may not be imposed without a report to the Office of Student Conduct & Ethical Development. Should the faculty member neglect to file an appropriate report to the Office of Student Conduct & Ethical Development, any academic sanction imposed is invalid until the report is filed. All instances of ethical misconduct should be known to the university and reported to the Office of Student Conduct & Ethical Development. They should be reviewable and alterable by university oversight personnel, specifically the Director of the Office of Student Conduct & Ethical Development.

4.5 The instructor may impose the recommended penalty and make the report called for in Section 4.4 without a conference when a student fails to attend a scheduled conference to discuss the alleged dishonesty, or when the apparent dishonesty is detected only near the end of the semester and the faculty makes a good-faith effort to contact the student but is unable to do so. In either case, the student's right to appeal is preserved.

5.0 Protection of Rights

5.1 Students are guaranteed due process, including the right to be informed of the charges and nature of the evidence supporting the charges and to have a meeting with the faculty member, Office of Student Conduct & Ethical Development, or other decision makers. At any such meeting, statements and evidence on behalf of the student may be submitted. This policy is not intended to deny the right to appeal of any decision through appropriate university channels.

5.2 Office of Student Conduct & Ethical Development shall review the academic sanction imposed by a faculty member on a student and determine whether evidence exists in support of the instructor's allegation. It shall also make an assessment of the proportionality of the sanction to the severity of the infraction and may recommend a reduction or increase in sanction severity. This assessment shall be made in consideration of consistency across the campus.

5.3 If upon review by the Office of Student Conduct & Ethical Development, the student is found not responsible of the charges or if insufficient evidence has been presented by the instructor to establish responsibility, then the student shall be exonerated and the case dismissed. In this event, the record of the alleged violation shall be expunged and academic sanctions against the student prohibited, barring an appeal by the faculty member to the Board of Academic Freedom and Professional Responsibility (BAFPR). If the Office of Student Conduct & Ethical Development finds that sanctions should be modified, the instructor must make those modifications, again barring an appeal by the faculty member to the BAFPR. Should the instructor refuse to lift or modify the sanctions recommended by SCED, the case shall be referred to the BAFPR. This section represents an exception to University Policy S99-9, Section IV.2.

5.4 If the BAFPR upholds the findings of the Office of Student Conduct & Ethical Development to exonerate the student or to modify the sanction, the instructor must lift the sanction imposed or modify it accordingly. If the instructor refuses to do so, as per CSU Executive Order 1037, "it is the responsibility of other qualified faculty to do so ... [i.e.] one or more persons with academic training comparable to the instructor of record who are presently on the faculty at that campus." Preferably, the department chair or school director, in conjunction with associate dean of the relevant college, shall be compelled to do so. If the remedial action has not been taken within a reasonable time as determined by the BAFPR, a request to the President, Provost or appropriate vice president can be made by the BAFPR chair and/or student to expedite the resolution.

5.5 All reasonable accommodations shall then be provided to the exonerated student if there is a fear of retaliation by the instructor. Accommodations might include the ability to retake the course without charge from a different instructor or to substitute a different course (the latter if approved by the student's advisor). If retaking the same course, credit for assignments completed in the previous attempt shall be afforded if comparable. Academic standing shall revert to the standing that would have existed if the sanction had not been imposed.

5.6 Student Appeal Process. An appeal must be filed in writing to the BAFPR before the last day of instruction of the semester following that in which the academic sanction was imposed. The sanctions imposed and the Office of Student and Ethical Conduct findings shall be taken up by the BAFPR within 30 days of the official filing of the appeal. Evidence submitted by both student and faculty member shall be considered and the determination of responsibility shall be assessed.

6.0 Threats

Threats against any member of the faculty as a consequence of implementing this policy on academic integrity shall be cause for disciplinary action under Section 41301, Title 5, California Code of Regulations, and may also result in civil and criminal action.

7.0 Dissemination of Information

7.1 This policy shall be published in the University Catalog and on the university website. There shall also be copies of this policy in every department office and in the Office of Student Conduct & Ethical Development.

7.2 Dissemination of this information shall be the responsibility of the Office of Student Conduct & Ethical Development.

7.3 The Office of Student Conduct & Ethical Development shall submit a statistical report on the number and type of infractions and their eventual disposition to the Academic Senate annually.

7.4 Colleges and departments are encouraged to discuss periodically this policy at faculty meetings, including discussion of strategies for ensuring academic integrity among students and consistency among faculty

7.5 Department chairs and school directors should ensure that new faculty members receive a copy of this policy and an oral explanation at the time they are given their first class assignment.

Complaints

A student involved in a dispute must first attempt to resolve the matter with the other party. If an agreement is not reached, the student should seek the aid of the Student Ombudsperson or the immediate supervisor of the other party. Students may seek the counsel of the Student Ombudsperson before speaking with parties directly involved in the conflict. If this informal process fails to resolve the matter, the student should contact the Student Ombudsperson regarding the formal complaint process.

Complaint Procedures - Alleged Violations of State Law

Student/Applicant Complaint Procedure for Alleged Violations of State Law Not Covered by Another CSU Complaint Procedure

Executive Order 1069 fulfills the requirements of the Higher Education Act Title IV, 34 Code of Federal Regulations sections 600.9(a)(1)(i)(A) and 668.43(b), by establishing a complaint procedure for CSU students and student applicants alleging that the CSU has violated one or more state laws, where there is no other applicable CSU complaint procedure.

I. Scope of Procedure

This complaint procedure is for CSU students and student applicants who believe the CSU has violated one or more state laws. It does not encompass complaints already covered by another CSU complaint procedure

(e.g., student complaints alleging discrimination, harassment and retaliation, covered by Executive Order No. 1045). It also does not encompass complaints regarding CSU's compliance with academic program quality and accrediting standards; such complaints may be filed with the WASC Senior College and University Commission (WSCUC), the agency that accredits the CSU's academic program, at <https://www.wscuc.org/resources/comments/>.

II. The Complaint

- A. The complaint must be filed within 30 work days of the CSU's alleged violation of one or more state laws, or the complainant's discovery thereof.
- B. The complaint must be made in writing and clearly indicate the intent to file a complaint alleging that the CSU violated one or more state laws or specifically reference this executive order.
- C. The complaint must contain the following:
 - i. The complainant's name, student I.D. number, mailing address and telephone number.
 - ii. The term and year of the complainant's last active academic status or the term and year the complainant sought admission to the university.
 - iii. A detailed description of the specific actions that constituted the alleged violation of one or more state laws, including the specific law or laws alleged to have been violated and, if known, the name(s) and title(s) of the responsible CSU employee(s).
 - iv. The date(s) the alleged improper activities occurred or the condition developed.
 - v. A list of witnesses, if any, including their contact information and the facts known by each.
 - vi. Copies of any documentary evidence that supports the complaint.
 - vii. Descriptions of documents that support the complaint and, if known, where the documents are maintained and by whom if the actual documents are not in the possession of the complainant.
 - viii. A dated and signed statement by the complainant under penalty of perjury that the complaint is true, or is believed by the complainant to be true.
- D. The complaint may be filed with the campus president or designee ("campus administrator").
- E. The complaint must be personally delivered, or sent by electronic or certified mail. The complaint filing date is the date of personal service, the date on the electronic transmission or the postmark date of the mailing.

III. The Level I Campus Investigation

- A. The campus administrator shall review the complaint to determine whether it is timely filed, contains all the required information and falls within the scope of this executive order. If it does, the campus administrator shall notify the complainant in writing within 10 work days of receipt of the complaint that the complaint has been accepted. If it is untimely or does not contain all of the required information, the campus administrator shall notify the complainant in writing within 10 work days of receipt of the complaint that the complaint has not been accepted and state the reasons.

If it is determined that the complaint falls within the scope of another CSU complaint procedure, the campus administrator shall forward the complaint to the appropriate campus official and shall notify the complainant in writing within 10 work days of receipt of the complaint that the complaint has been deemed to fall within the scope of another CSU complaint procedure, why, and to whom the complaint has been forwarded. The administrator shall not forward the complaint or disclose the complainant's identity to anyone who has or appears to have a conflict of interest in regard to the allegation(s).

- B. If the complainant raises any new allegations after the complaint has been accepted, the campus administrator shall decide whether to include those allegations as part of the complaint. If they are not included as part of the initial complaint, the complainant shall be advised of the need to file a new complaint to address those allegations.
- C. The campus administrator shall investigate the claim, or may appoint a third party to conduct an investigation. The investigator shall be a management personnel plan employee or an external consultant experienced in conducting investigations. If the complaint is against the CSU, the chancellor or any Chancellor's Office employee, campus president or vice president, the campus administrator shall consult with the Associate Vice Chancellor, Academic Affairs at the Chancellor's

Office, who shall determine the appropriate handling of the complaint. The timelines and procedures for the process remain the same.

- D. The complainant is required to fully cooperate in the investigation, and must participate in a timely intake interview. If the complainant does not cooperate, the campus administrator may end the investigation.
- E. CSU employees are required to cooperate with the investigation, be truthful, maintain confidentiality, and provide all relevant and/or requested information to the investigator.
- F. Complaints and other information gathered during the course of the investigation by the university shall be shared only with individuals who have a legitimate business reason to know.

IV. The Level I Campus Decision

The campus administrator shall make the final decision and issue a letter of determination to the complainant no later than 60 work days from the date the complaint was filed, unless s/he determines that extenuating circumstances warrant an extension of time. In no case shall the decision letter be issued later than 90 work days from the date the complaint was filed.

- i. Within the investigation period, the investigator must make findings of fact and conclusions regarding the allegations, which s/he shall reduce to an investigative report. Preponderance of the evidence is the applicable standard: in order to establish a fact, the investigator must find that the evidence on one side outweighs the evidence on the other side.
- ii. The report should include the following information:
 - 1. A summary of the allegations.
 - 2. A description of the investigative process.
 - 3. The preponderance of the evidence standard used to determine whether a violation occurred.
 - 4. The evidence considered.
- iii. A determination of whether the allegations were found to be substantiated.
- iv. Within the time frame specified above, the campus administrator shall notify the complainant in writing of the outcome. The notification should include a summary of the allegations, a description of the investigative process, the preponderance of the evidence standard used, the evidence considered and a determination of whether the allegations were found to be substantiated. The notification shall also inform the complainant what, if any, actions were or will be taken (specific employee discipline is confidential), and of his/her option to file an appeal under Article V of this executive order. The campus administrator shall maintain a copy of the notification as required by the applicable document retention policy(ies).

II. The Level II Chancellor's Office Review and Decision

- A. If the complainant is not satisfied with the campus decision, s/he may file a Level II appeal with the Office of the Chancellor no later than 10 work days after receipt of the Level I decision. Level II appeals shall be addressed to: Associate Vice Chancellor, Academic Affairs, CSU Office of the Chancellor, 401 Golden Shore 6th Floor, Long Beach, California 90802.
- B. The appeal shall be in writing and must detail the specific disagreements with the campus decision. The issues raised on appeal shall be limited to those raised during the Level I process.
- C. The Associate Vice Chancellor, Academic Affairs or designee shall review the issues raised on appeal to determine whether the campus has adequately processed and addressed the complaint and/or whether the preponderance of the evidence indicates that there has been a violation of state law.
- D. The Associate Vice Chancellor, Academic Affairs or designee shall issue a decision no later than 60 work days after receipt of the appeal unless s/he determines that extenuating circumstances warrant an extension of time. In no case shall the final decision letter be issued later than 90 work days from the date the appeal was filed. The decision shall include a summary of the issues raised on appeal, a description of the review process, the preponderance of the evidence standard used, the evidence considered and a final decision. The notification shall also inform the complainant what, if any, actions were or will be taken (specific employee discipline is confidential), and note that the CSU's review of the complaint is now considered final and complete. A copy of the final decision letter shall be provided to the campus administrator.

II. General Provisions

- A. Work days are defined as Monday through Friday, excluding all official holidays or campus closures at the campus where the complaint originated.
- B. A student/applicant must proceed with a complaint in good faith. A student who knowingly and intentionally files a false complaint, abuses this policy, or files a malicious or frivolous complaint may be subject to discipline. Discipline shall be taken in accordance with Section 41301, Title 5, California Code of Regulations.
- C. When issuing a Level I or II response, personal delivery or certified mail shall be used. If personal delivery is used, a signature acknowledging the calendar date of delivery shall be obtained which will establish the date of response. If certified mail delivery is used, the postmark shall establish the date of response.
- D. The CSU is not obligated under this executive order to investigate a complaint not timely filed under its provisions. Regardless, the CSU may investigate the underlying allegations if it determines the circumstances warrant investigation. Also, if the circumstances warrant investigation, the CSU may waive the time limits and choose to process the complaint under the complaint process set forth herein.
- E. CSU will notify the California Department of Finance, Office of State Audits and Evaluation, and the Bureau of State Audits, of all cases of actual or suspected fraud, theft or other irregularities it learns of as the result of any complaint made under this executive order.
- F. Time periods set forth in this executive order may be extended by the campus administrator and, at Level II, by the Associate Vice Chancellor, Academic Affairs up to the specified maximums, if any, provided s/he informs the complainant of the new time period in writing.
- G. Care shall be taken to keep confidential the identity of the complainant in so far as feasible and consistent with the law.
- H. CSU employees are prohibited from retaliating against complainants or others who cooperate with the investigation.

Effective: September 1, 2011

Model Complaint Procedure

Model complaint procedure for CSU students/applicants in compliance with HEA Title IV, 34 CFR, Sections 600.9 (a)(1)(i)(A) and 668.43(b)

Student/Applicant Complaint Procedure Notice

The California State University takes very seriously complaints and concerns regarding the institution. If you have a complaint regarding the CSU, you may present your complaint as follows:

1. If your complaint concerns CSU's compliance with academic program quality and accreditation standards, you may present your complaint on the WASC Senior College and University Commission (WSCUC) website. WSCUC is the agency that accredits the CSU's academic program.
2. If your complaint concerns an alleged violation by CSU of a state law, including laws prohibiting fraud and false advertising, you may present your claim to the campus president or designee at [e-mail address]. The president or designee will provide guidance on the appropriate campus process for addressing your particular issue.

If you believe that your complaint warrants further attention after you have exhausted all the steps outlined by the president or designee, or by WSCUC, you may file an appeal with the Associate Vice Chancellor, Academic Affairs at the CSU Office of the Chancellor.

Note: Most complaints made to media outlets or public figures, including members of the California legislature, Congress, the Governor, or individual CSU trustees, are referred to the chancellor of the CSU.

Nothing in this disclosure should be construed to limit any right that you may have to take civil or criminal legal action to resolve your complaint.

The CSU has provided this disclosure to you in compliance with the requirements of the Higher Education Act of 1965, as amended, as regulated in 34 Code of Federal Regulations sections 600.9(a)(1)(i)(A) and 668.43(b).

Course Syllabi

Course Syllabi, University Policy, S16-9.pdf

Course syllabi enable students to better understand and fulfill their responsibilities as learners in courses. They are a necessary tool in higher education to enable students to take part in the learning process through knowing what is expected of them and what they can expect from the course. Student success is aided by students knowing in advance as much as possible about the course requirements so that they can plan their study time and coordinate work on assignments from multiple courses. Student success is also aided by encouraging students to contact their professors and providing information about key university policies to which they are subject. In addition, syllabi provide an opportunity to model thorough, clear, professional communication.

Review Syllabi Information Website.

Educational Equity

The California State University defines "educational equity" to be "...justice, equal opportunity, fairness and impartiality in the educational processes affecting under-represented minorities. It involves the implementation of programs designed to attract, admit and support students heretofore excluded from full participation in the university by conditions of educational and economic disadvantages" (Educational Equity: A Continuing Commitment, published by the California State University, 1989).

The Office of Diversity, Equity and Inclusion leads university-wide efforts to ensure a welcoming, safe climate for every member of the San José State community.

San José State University defines diversity as the active appreciation, engagement, and support of ALL campus members in terms of their backgrounds, identities and experiences (as constituted by gender, socioeconomic class, political perspective, age, race, ethnicity, religion, sexual orientation, disability, regional origin, nationality, occupation, language, among others, and the intersection of these aspects).

For more information, visit: www.sjsu.edu/diversity.

Equal Opportunity

San José State University does not discriminate on the basis of accent, age, ancestry, citizenship status, color, creed, disability, ethnicity, gender, genetic information, marital status, medical condition, national origin, race, religion or lack thereof, sex, sexual orientation, transgender, or veteran's status. This policy applies to all SJSU students, faculty and staff programs and activities. Title IX of the Education Amendments of 1972, and certain other federal and state laws, prohibit discrimination on the basis of sex in all education programs and activities operated by the university (both on and off campus). Questions regarding this policy should be directed to the Office for Equal Opportunity, 408-924-2450.

The California State University is committed to providing equal opportunities to men and women CSU students in all campus programs, including intercollegiate athletics.

For more information, please visit the University Personnel website.

Establishing a Committed Presence in Class

Establishing a Committed Presence in a Class, University Policy F15-3.pdf

Six instructional days before Census Day, i.e. the 14th day of instruction, is the last day for the student to add a class; this is also the last day for an instructor to drop a student who fails to establish a committed presence in the class. "Establishing a committed presence" is defined as the following options for the student:

- In-person classes. Attending the first class meeting or informing the instructor of the intention to continue in the class before 48 hours after the first official class meeting.
- Online classes. Logging on to the LMS class shell on the first scheduled day of the class or informing the instructor of the intention to continue in the class before 48 hours after the official class start date.

Faculty Office Hours

University Policy S12-1.pdf, Faculty Office Hours

Today's teaching and learning dynamics have changed dramatically for both students and faculty, with a much greater reliance on electronically mediated methods for communication. Faculty may now spend many hours in "unofficial" office hour time (including evenings and weekends) responding to students' instructional needs. These consultations are frequently held outside of the physical "official" office hours, but nonetheless constitute instructional and advising time. Faculty members are expected to be available to their students for instruction-related support and advising. To achieve this availability faculty members are expected to schedule office hours during which they will be available to their students for consultation.

Disciplinary Action Statement

Students who fail to comply with federal, state, and local laws governing the use of alcohol, illicit drugs, and other grounds upon which student discipline can be based, will be subject to sanctions ranging from disciplinary probation up to and including expulsion from the California State University. California State University Executive Order 1098 entitled Student Conduct Procedures governs the procedures that the University follows in student discipline cases.

Student Fairness Committee

The Student Fairness Committee is under the jurisdiction of the university's Academic Senate and is guided by University Policy S14-3.pdf. This committee hears complaints of violations of student rights in instructional and curricular matters, including grade appeals, and, when appropriate, makes recommendations for redress. The committee also hears and seeks redress of non-instructional student grievances concerning individual members of the faculty, administration or staff and, when appropriate, makes recommendations for redress.

A grievance can be brought as a result of an unauthorized or unjustified act or decision by a member of the faculty or staff or an administrative officer which in any way adversely affects the status, rights, or privileges of a student. The SFC does not have the authority to receive complaints on matters of sexual harassment, civil rights, disability rights, or equity and diversity. Nor does the SFC deal with allegations of violations of the student code of conduct.

Disputes arising out of assignment of grades or grade appeals shall be considered and decided in accordance with Executive Order 1037. There is a presumption that grades assigned are correct. It is the responsibility of anyone appealing an assigned grade to demonstrate otherwise (EO 1037).

The SFC will hear grade dispute petitions when petitions are deemed to be appropriate and include evidence related to the following conditions:

1. When there is evaluation of students that differs from announced requirements.
2. When there are belated impositions of requirements.

3. When grades are based on criteria other than academic performance in the course.
4. When grading criteria do not provide a clear and consistent method of evaluating students' work or performance.
5. When students' requests for information during the semester regarding their academic progress in the course are not responded to in a reasonable time (e.g., two weeks after the request is made).
6. When students' requests for an explanation of how the posted course grades for a term were determined are not responded to in a reasonable time (e.g., the later of two weeks after the request is made or one week before the add deadline for the fall or spring semester following the term in question).
7. When students are penalized for expressing opinions.
8. When students are given to understand that they are removed from a course without due process of a hearing

Petitions must be filed no later than the end of the subsequent fall or spring semester following that in which the alleged cause of the dispute occurred. Prior to lodging a formal complaint, the student must secure informal and confidential advisement from the Student Ombudsperson. Before the committee will accept a petition, the student must exhaust all available avenues for informal resolution (i.e., prior to filing a petition, consult with the instructor, Department Chair, and the College Dean - if applicable - about the specific complaint).

Any student may contact the Student Ombudsperson: Ombuds intake form, 408-924-5995, Administration Building (ADM) 271.

Student Ombudsperson

What steps should I take if I feel my rights have been violated?

If you feel that your rights have been violated or you would like to have an informal discussion with a confidential and neutral point person on campus you are encouraged to connect with the Student Ombudsperson.

The Student Ombudsperson is an advocate for procedural fairness who supports the integrity of the campus policies and procedures and ensures the equity of their application.

The Student Ombudsperson provides a neutral, confidential, and informal place to discuss a concern with the assurance that no action will be taken, nor will the visit be disclosed to anyone, without consent.

Religious Holidays

Accommodation to Students' Religious Holidays, University Policy S14-7.pdf

San José State University shall provide accommodation on any graded class work or activities for students wishing to observe religious holidays when such observances require students to be absent from class. It is the responsibility of the student to inform the instructor, in writing, about such holidays before the add deadline at the start of each semester. If such holidays occur before the add deadline, the student must notify the instructor, in writing, at least three days before the date that he/she will be absent. It is the responsibility of the instructor to make every reasonable effort to honor the student request without penalty, and of the student to make up the work missed.

Student Conduct & Ethical Development

The Office of Student Conduct and Ethical Development promotes fairness and consistency in the administration of the student conduct process while supporting a safe and inclusive living and learning environment. Student Conduct and Ethical Development commits to the principles of empathy, ethics, equity, integrity, and respect.

Through effective prevention (interactions, outreach, presentations) and response (student conduct process) initiatives, Student Conduct and Ethical Development facilitates ethical development, effective decision making, and problem solving skills and contributes to students' personal and academic success.

Student Conduct Code

Title 5, California Code of Regulations, §41301. Standards for Student Conduct

a. Campus Community Values

The university is committed to maintaining a safe and healthy living and learning environment for students, faculty, and staff. Each member of the campus community should choose behaviors that contribute toward this end. Students are expected to be good citizens and to engage in responsible behaviors that reflect well upon their university, to be civil to one another and to others in the campus community, and contribute positively to student and university life.

b. Grounds for Student Discipline

Student behavior that is not consistent with the Student Conduct Code is addressed through an educational process that is designed to promote safety and good citizenship and, when necessary, impose appropriate consequences. The following are the grounds upon which student discipline can be based:

1. Dishonesty, including:
 - A. Cheating, plagiarism, or other forms of academic dishonesty that are intended to gain unfair academic advantage.
 - B. Furnishing false information to a university official, faculty member, or university office.
 - C. Forgery, alteration, or misuse of a university document, key, or identification instrument.
 - D. Misrepresenting oneself to be an authorized agent of the university or one of its auxiliaries.
2. Unauthorized entry into, presence in, use of, or misuse of university property.
3. Willful, material and substantial disruption or obstruction of a university-related activity, or any on-campus activity.
4. Participating in an activity that substantially and materially disrupts the normal operations of the university, or infringes on the rights of members of the university community.
5. Willful, material and substantial obstruction of the free flow of pedestrian or other traffic, on or leading to campus property or an off-campus university-related activity.
6. Disorderly, lewd, indecent, or obscene behavior at a university-related activity, or directed toward a member of the university community.

7. Conduct that threatens or endangers the health or safety of any person within or related to the university community, including physical abuse, threats, intimidation, harassment, or sexual misconduct.
8. Hazing or conspiracy to haze. Hazing is defined as any method of initiation or pre- initiation into a student organization or student body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury to any former, current, or prospective student of any school, community college, college, university or other educational institution in this state (Penal Code 245.6), and in addition, any act likely to cause physical harm, personal degradation or disgrace resulting in physical or mental harm, to any former, current, or prospective student of any school, community college, college, university or other educational institution. The term "hazing" does not include customary athletic events or school sanctioned events. Neither the express or implied consent of a victim of hazing, nor the lack of active participation in a particular hazing incident is a defense. Apathy or acquiescence in the presence of hazing is not a neutral act and is also a violation of this section.
9. Use, possession, manufacture, or distribution of illegal drugs or drug-related paraphernalia, (except as expressly permitted by law and university regulations) or the misuse of legal pharmaceutical drugs.
10. Use, possession, manufacture, or distribution of alcoholic beverages (except as expressly permitted by law and university regulations), or public intoxication while on campus or at a university-related activity.
11. Theft of property or services from the university community, or misappropriation of university resources.
12. Unauthorized destruction, or damage to university property or other property in the university community.
13. Possession or misuse of firearms or guns, replicas, ammunition, explosives, fireworks, knives, other weapons, or dangerous chemicals (without the prior authorization of the university president) on campus or at a university-related activity.
14. Unauthorized recording, dissemination, or publication of academic presentations (including handwritten notes) for a commercial purpose.
15. Misuse of computer facilities or resources, including:
 - A. Unauthorized entry into a file, for any purpose.
 - B. Unauthorized transfer of a file.
 - C. Use of another's identification or password.
 - D. Use of computing facilities, campus network, or other resources to interfere with the work of another member of the university community.
 - E. Use of computing facilities and resources to send obscene or intimidating and abusive messages.
 - F. Use of computing facilities and resources to interfere with normal university operations.
 - G. Use of computing facilities and resources in violation of copyright laws.
 - H. Violation of a university computer use policy.
16. Violation of any published university policy, rule, regulation or presidential order.
17. Failure to comply with directions of, or interference with, any University official or any public safety officer while acting in the performance of their duties.
18. Any act chargeable as a violation of a federal, state, or local law that poses a substantial threat to the safety or well-being of members of the university community, to property within the university community or poses a significant threat of disruption or interference with university operations.
19. Violation of the Student Conduct Procedures, including:
 - A. Falsification, distortion, or misrepresentation of information related to a student discipline matter.
 - B. Disruption or interference with the orderly progress of a student discipline proceeding.
 - C. Initiation of a student discipline proceeding in bad faith.
 - D. Attempting to discourage another from participating in the student discipline matter.
 - E. Attempting to influence the impartiality of any participant in a student discipline matter.

- F. Verbal or physical harassment or intimidation of any participant in a student discipline matter.
 - G. Failure to comply with the sanction(s) imposed under a student discipline proceeding.
20. Encouraging, permitting, or assisting another to do any act that could subject him or her to discipline.
- c. Procedures for Enforcing this Code
The chancellor shall adopt procedures to ensure students are afforded appropriate notice and an opportunity to be heard before the university imposes any sanction for a violation of the Student Conduct Code. [Note: At the time of publication, such procedures are set forth in the California State University Student Conduct Procedures Policy (Reviewed October 6, 2023).
 - d. Application of this Code
Sanctions for the conduct listed above can be imposed on applicants, enrolled students, students between academic terms, graduates awaiting degrees, and students who withdraw from school while a disciplinary matter is pending. Conduct that threatens the safety or security of the university community, or substantially disrupts the functions or operation of the university is within the jurisdiction of this Article regardless of whether it occurs on or off campus. Nothing in this Code may conflict with Education Code Section 66301 that prohibits disciplinary action against students based on behavior protected by the First Amendment.

Title 5, California Code of Regulations, §41302. Disposition of Fees: University Emergency; Interim Suspension.

The president of the university may place on probation, suspend, or expel a student for one or more of the causes enumerated in Section 41301. No fees or tuition paid by or for such student for the semester, quarter, or summer session in which the student is suspended or expelled shall be refunded. If the student is readmitted before the close of the semester, quarter, or summer session in which the student is suspended, no additional tuition or fees shall be required of the student on account of the suspension.

During periods of emergency, as determined by the president of the individual university, the president may, after consultation with the chancellor, place into immediate effect any emergency regulations, procedures, and other measures deemed necessary or appropriate to meet the emergency, safeguard persons and property, and maintain educational activities.

The president may immediately impose an interim suspension in all cases in which there is reasonable cause to believe that such an immediate suspension is required in order to protect lives or property and to insure the maintenance of order. A student placed on interim suspension shall be given prompt notice of charges and the opportunity for a hearing within 10 days of the imposition of interim suspension. During the period of interim suspension, the student shall not, without prior written permission of the president or designated representative, enter any of the CSUs other than to attend the hearing. Violation of any condition of interim suspension shall be grounds for expulsion.

Student Conduct Procedures

SJSU is committed to ensuring a safe learning and living environment for students, faculty, and staff. The privilege of attending San José State University is accompanied by certain responsibilities to ensure this environment. The California Code of Regulations, Title 5, Section 41301 establishes behavioral expectations of our students to promote safety and good citizenship. The California State University issued Executive Order 1098, entitled, Student Conduct Procedures, on June 23, 2015 to outline the procedures for administering the Student Conduct Code as well as ensuring students' rights to due process. The process is intended to be educational in nature, and appropriate sanctions may be administered.

Policy and Implementation

At San José State University the responsibility for administering the Student Conduct Code resides with the Director of Student Conduct and Ethical Development in the Division of Student Affairs. This position is responsible for carrying out the duties in Executive Order No. 1098 assigned to the Student Conduct Administrator, including the determination of whether to initiate disciplinary action.

Students may be accompanied by an advisor of their choice. The advisor's role is limited to observing and providing consultation, support, and advice to the Student. The advisor may not speak on the Student's behalf.

San José State University excludes attorneys from student discipline proceedings except in limited circumstances where there are (a) pending criminal (felony) charges or (b) the recommended sanction is Expulsion. (Refer to Executive Order 1098, Article II, Section C for additional details about attorneys.)

The duties of the president in Executive Order No. 1098 are delegated to the Vice President for Student Affairs, including the appointment of hearing officers (Article II, section B), review of final reports of hearing officers and issuing notice of the final decision (Article III, Sections E and F), and the imposition of interim suspension (Article VI, Sections H and I).

Student Discipline and Conduct

Questions regarding student disciplinary matters should be directed to Student Conduct & Ethical Development, Administration 269, 408-924-5985 or www.sjsu.edu/studentconduct.

Student Disciplinary Process

The student conduct process is governed by Executive Order 1098. Copies of this document are available in Student Conduct & Ethical Development, Administration 269, 408-924-5985 or www.sjsu.edu/studentconduct.

California Code of Regulations

Inappropriate conduct by students or by applicants for admission is subject to discipline as provided in Sections 41301 through 41304 of Title 5, California Code of Regulations.

Disposition of Fees

Disposition of Fees - Campus Emergency - 41302 - Interim Suspension

The President of the campus may place on probation, suspend, or expel a student for one or more of the causes enumerated in Section 41301. No fees or tuition paid by or for such a student for the semester, quarter, or summer session in which he or she is suspended or expelled shall be refunded. If the student is readmitted before the close of the semester, quarter, or summer session in which they are suspended, no additional tuition or fees shall be required of the student on account of the suspension.

During periods of campus emergency, as determined by the president of the individual campus, the President may, after consultation with the chancellor, place into immediate effect any emergency regulations, procedures, and other measures deemed necessary or appropriate to meet the emergency, safeguard persons and property, and maintain educational activities.

The President may immediately impose an interim suspension in all cases in which there is reasonable cause to believe that such an immediate suspension is required in order to protect lives or property and to insure the maintenance of order. A student so placed on interim suspension shall be given prompt notice of charges and the opportunity for a hearing within 10 days of the imposition of interim suspension. During the period of interim

suspension, the student shall not, without prior written permission of the President or designated representative, enter any campus of the California State University other than to attend the hearing. Violation of any condition of interim suspension shall be grounds for expulsion.

Conduct by Applicants for Admission - 41303

Notwithstanding any provision in this Chapter 1 to the contrary, admission or readmission may be qualified or denied to any person who, while not enrolled as a student, commits acts which, were they enrolled as a student, would be the basis for disciplinary proceedings pursuant to Sections 41301 or 41302. Admission or readmission may be qualified or denied to any person who, while a student, commits acts which are subject to disciplinary action pursuant to Section 41301 or Section 41302. Qualified admission or denial of admission in such cases shall be determined under procedures adopted pursuant to Section 41304.

Student Disciplinary Procedures for the California State University - 41304

The chancellor shall prescribe, and may from time to time revise, a code of student disciplinary procedures for the California State University. Subject to other applicable law, this code shall provide for determinations of fact and sanctions to be applied for conduct which is a ground of discipline under Sections 41301 or 41302, and for qualified admission or denial of admission under Section 41303; the authority of the campus president in such matters; conduct-related determinations on financial aid eligibility and termination; alternative kinds of proceedings, including proceedings conducted by a hearing officer; time limitations; notice; conduct of hearings, including provisions governing evidence, a record and review; and such other related matters as may be appropriate. The chancellor shall report to the board actions taken under this section.

Drug and Alcohol Abuse Prevention Program (DAAPP)

The DAAPP is a specific set of comprehensive statements adopted by the university intended to prevent the unlawful possession, use and distribution of illicit drugs and alcohol abuse involving students and employees on campus and at institutionally-recognized events and activities. The current university DAAPP is available for viewing at <https://www.sjsu.edu/clery/docs/SJSU-Drug-and-Alcohol-Abuse-Prevention-Program.pdf>. A paper copy of the DAAPP is available upon request by contacting the Office of the Clery Director by phone at 408-924-1501 or by email at clerycompliance@sjsu.edu.

Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and Campus Housing Fire Safety Notification

Pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the Annual Security Report (ASR) is also now available for viewing at <https://www.sjsu.edu/clery/docs/SJSU-Annual-Security-Report.pdf>. The ASR contains the current security and safety-related policy statements, emergency preparedness and evacuation information, crime prevention and sexual assault prevention information, and information about drug and alcohol prevention programming. The ASR also contains statistics of Clery crimes for San José State University locations for the three most recent calendar years. A paper copy of the ASR is available upon request by contacting the Office of the Clery Director by phone at 408-924-1501 or by email at clerycompliance@sjsu.edu.

Pursuant to the Higher Education Opportunity Act, the Annual Fire Safety Report (AFSR) is also available for viewing at <https://www.sjsu.edu/clery/docs/SJSU-Annual-Fire-Safety-Report.pdf>. The purpose of this report is to disclose statistics for fires that occurred within SJSU on-campus housing facilities for the three most recent calendar years, and to distribute fire safety policies and procedures intended to promote safety on Campus. A paper copy of the

AFSR is available upon request by contacting the Housing Office by phone at 408-795-5600 or by email at uhs-frontdesk@sjsu.edu.

Sexual Harassment

San José State University is committed to maintaining a learning and working environment free from sexual harassment of its students, employees, and those who apply for employee or student status. Sexual harassment is conduct subject to disciplinary action.

SJSU policy defines sexual harassment to include "behaviors such as sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature directed towards an employee, student, or applicant when one or more of the following circumstances are present:

- Submission to or toleration of the conduct is an explicit or implicit term or condition of appointment, employment, admission or academic evaluation
- Submission to or rejection of such conduct is used as a basis for a personnel decision or an academic evaluation affecting an individual
- The conduct has the purpose of interfering with an employee's work performance or creating an intimidating, hostile, offensive or otherwise adverse working environment
- The conduct had the purpose or effect of interfering with a student's academic performance, creating an intimidating, hostile, offensive or otherwise adverse learning environment, or adversely affecting any student.

All complaints dealing with sexual harassment should be directed to the Office for Equal Opportunity.

Programs Leading to Licensure and Credentialing

Per CSU Memo: Federal Requirements for Posting Licensure and Certification Eligibility

Admission into programs leading to licensure and credentialing does not guarantee that students will obtain a license or credential. Licensure and credentialing requirements are set by agencies that are not controlled by or affiliated with the CSU and requirements can change at any time. For example, licensure or credentialing requirements can include evidence of the right to work in the United States (e.g., social security number or taxpayer identification number) or successfully passing a criminal background check. Students are responsible for determining whether they can meet licensure or credentialing requirements. The CSU will not refund tuition, fees or any associated costs to students who determine subsequent to admission that they cannot meet licensure or credentialing requirements. Information concerning licensure and credentialing requirements are available from the program directors.

The California State University has not determined whether its programs meet other states' educational or professional requirements for licensure and certification. Students enrolled in a California State University program who are planning to pursue licensure or certification in other states are responsible for determining whether they will meet their state's requirements for licensure or certification. This disclosure is made pursuant to 34 CFR §668.43(a)(5)(v)(C).

The list of all U.S. states and territories identifies for which the institution has determined that:

- Yes - Curriculum meets the state educational requirements for licensure or certification;
- No - Curriculum does not meet the state educational requirements for licensure or certification; or,
- Blank - Institution has not made a determination that its curriculum meets the state educational requirements for licensure or certification.

Faculty & Administration

Year in parentheses indicates date of appointment as a full-time member of the faculty or administration. Retired faculty and staff awarded Emeritus honors are listed on the Emeritus Faculty and Staff. Staff information is available in the SJSU Directory.

A

Abousalem, Mohamed - *Vice President, Research and Innovation* (2019)

BS, Alexandria University, Egypt

MBA, Santa Clara University

MS and PhD, University of Calgary, Canada

Abramson, Tzvia - *Professor, Biological Sciences* (2005)

BS and PhD, Ben Gurion University, Israel

Abri, Faranak - *Assistant Professor, Computer Science* (2022)

PhD, Texas Tech University

Ackerman, Brian - *Marine Operations Manager, Moss Landing Marine Lab* (2016)

BS, Loyola Marymount University

Adams, Ericka - *Associate Professor, Justice Studies* (2010)

BA, John Jay College of Criminal Justice

MA and PhD, University of Illinois at Chicago

Adams, Walter - *Assistant Professor, Biological Sciences* (2019)

PhD, University of California, Santa Cruz

Agbay, Alejandro (Drew) - *Director, Student Outreach and Recruitment* (2001)

MA, San Jose State University

Agarwal, Raghu - *Professor, Mechanical Engineering* (1980)

BSME, Michigan Technological University

MS and PhD, Texas A&M University

Agee, Ann - *Associate Librarian, University Library* (2008)

BA, University of California, Davis

MLIS, San Jose State University

Aggarwal, Nitin - *Professor, Information Systems and Technology* (2007)

BS, Delhi University

MBA, Lal Bahadur Shastri Institute of Management, India

PhD, Texas Tech University

Agrawal, Asha Weinstein - *Professor, Urban and Regional Planning* (2002)

BA, Harvard University

MS, London School of Economics and Political Science

PhD, University of California, Berkeley

Aguilar, Debra - *Dispatch and Communications Manager, UPD Administrative Services* (2021)

Aguilar, Katya - *Professor, Teacher Education* (2005)

BA, William Jewell College

MS and PhD, Kansas State University

Aguiñaga, José - *Assistant Professor, School of Information* (2022)

BA, University of San Diego

Ed. D, Northern Arizona University

Agumbe Suresh, Mahima - *Assistant Professor, Computer Engineering* (2015)

BTech, National Institute to Technology, Karnataka, India

PhD, Texas A&M University

Aiello, Ivano - *Interim Director, Moss Landing Marine Lab* (2001)

PhD, Foreign Institution

Al-Manaseer, Akthem - *Professor, Civil and Environ Engineering* (1996)

BS, Basrah University, Iraq

PhD, Glasgow University

Alaniz, Maria Luisa - *Professor and Chair, Chicana and Chicano Studies* (1988)

BA and MA, San Jose State University

PhD, Stanford University

Albert, Leslie - *Professor, Information Systems and Technology* (2007)

BS, Florida State University

MBA and PhD, University of Oklahoma

Albin, Greg - *Captain of Administration and Operations Bureau, UPD Administrative Services* (2018)

AA, Evergreen Valley College

Aleksander, Jason - *Professor, Philosophy* (2018)

BA, University of Texas, Austin

PhD, Vanderbilt University

Alexander, Brandy - *Student Affairs Case Manager, Student Services* (2022)

MA, California State University, Stanislaus

Alexander, Laura - *Senior Associate Athletics Director for Student Wellness, Student-Athlete Academic Services* (2013)

MS, Chapman University

Allen, Monica - *Associate Professor, Public Health and Recreation* (2013)

BS and MPH, Loma Linda University

DrPH, University of California, Berkeley

Allen, Heather - *Associate Professor, Music and Dance* (2009)

BSN, San Jose State University

MA, California State University, Long Beach

Allison, Chavon - *Director of Care Experience, Shared Services - SWC* (2022)

MS, California State University, East Bay

Alimo, Craig - *Director of Social Justice Education, Office of Diversity* (2019)

BA, Rider College, New Jersey

MS, Northeastern University

PhD, University of Maryland, College Park

Altura, Thomas - *Associate Professor, School of Management* (2015)

BA, MBA, and PhD, University of California, Los Angeles

Alvarez, Monica - *Custodial Crew Manager, Custodial* (2015)

Amirkhani, Kouros - *Assistant Professor, Accounting and Finance* (2021)

MS, Tarbiat Modares University, Iran

PhD, Washington State University

Amirkulova, Feruza - *Assistant Professor, Mechanical Engineering* (2018)

BS and PhD, Samarkand State University named after Alisher Navoiy

MS and PhD, Rutgers University, New Brunswick

Anderson, Benjamin - *Associate Professor, Accounting and Finance* (2015)

BS and MAc, Truman State University

PhD, University of Arkansas, Little Rock

Anderson, Curt - *Senior Director for Marketing, Communications, and Outreach, College of Professional and Global Education* (2013)

BA and MA, San Francisco State University

Anderson, James - *Director of Campus Application Support, Student Affairs Systems and Student Success Programs* (1998)

BS, San Jose State University

Anderson, Mary Elizabeth - *Associate Dean of Research and Faculty Success, College of Humanities and the Arts* (2023)

BA, University of California, Davis

MA, California State University, Sacramento

MFA, University of California, Davis

PhD, University of California, Davis

Anderson, Selena - *Assistant Professor, English* (2017)

PhD

Andonian, Lynne - *Professor, Occupational Therapy* (2004)

BS, Boston University

MA, The Pratt Institute

PhD, Saybrook Graduate Institute

Andreopoulos, William - *Assistant Professor, Computer Science* (2019)

BS, McMaster University, Canada

MS, University of Toronto, Canada

PhD, York University, Canada

Anyon, Yolanda - *Associate Professor, School of Social Work* (2021)

MSW and PhD, University of California, Berkeley

Arabit, Luis - *Assistant Professor, Occupational Therapy* (2018)

BS, University of the Philippines, Manila

MS, Texas Tech University

DOT, University of Saint Augustine, Florida

Armaline, William - *Associate Professor, Sociology and Interdisciplinary Social Sciences* (2007)

BA, University of Toledo

MA and PhD, University of Connecticut

Armani, Amir - *Assistant Professor, Mechanical Engineering* (2018)

PhD, Missouri University of Science and Technology

Armstrong, Amber - *Director, Special Events* (2019)

BA, St. Mary's University

JD, University of Texas School of Law

Armstrong, Cole - *Assistant Professor, Kinesiology* (2015)

BS and MS, University of Central Missouri

PhD, Florida State University

Artiga-Purcell, Alejandro - *Assistant Professor, Communication Studies* (2022)

BA, Bowdoin College

MA, Erasmus University, Rotterdam

PhD, University of California, Santa Cruz

Ashley, Terryn - *Manager, Payroll & ESS, University Personnel* (1999)

BS, University of California, Monterey Bay

Asplund, Curtis - *Assistant Professor, Physics and Astronomy* (2020)

PhD, University of California, Santa Barbara

Asuncion, Arlene - *Professor, Psychology* (1995)

BA and PhD, University of California, Santa Barbara

Attar, Nada - *Assistant Professor, Computer Science* (2018)

BSs, King AbdulAziz University, Saudi Arabia

MS, Tufts University

PhD, University of Massachusetts, Boston

August, Amy - *Assistant Professor, Sociology and Interdisciplinary Social Sciences* (2020)

BA and MA, University of Illinois at Chicago

MA, Dominican University, River Forest

PhD, University of Minnesota

Augustowska, Anna - *Director of Digital Marketing and Communications, Strategic Communications and Marketing* (2020)

MA, Arizona State University

Austin, Thomas - *Associate Professor, Computer Science* (2013)

BA, Santa Clara State University

MS, San Jose State University

PhD, University of California, Santa Cruz

Avena, Jennifer - *Assistant Professor, Biological Sciences* (2020)

BA, Ohio Wesleyan University

PhD, University of Colorado at Boulder

Azcona, Stevan - *Assistant Professor, Chicana and Chicano Studies* (2018)

BA, University of California, Santa Barbara

MM and PhD, University of Texas, Austin

B

Baba, Yoko - *Professor, Justice Studies* (1990)

BBA, Kwansai Gakuin University, Japan

MS, Pittsburg State University

MSW, MA, and PhD, University of Oklahoma, Norman

Bacich, Damian - *Professor and Chair, World Languages and Literatures* (2007)

BA, University of San Francisco

MA and PhD, University of California, Los Angeles

Badawy, Mohamed - *Assistant Professor, Electrical Engineering* (2016)

BS, Cairo University

MS and PhD, University of Akron

Baer, Cynthia - *Assistant Professor, English* (1981)

BA, San Jose State University

PhD, University of Washington

Bahuguna, Ramendra - *Professor, Physics and Astronomy* (1989)

BS, Bareilly College, India

MS and PhD, Indian Institute of Technology, New Delhi

Bailey, Christa - *Senior Assistant, University Library* (2003)

BS, Santa Clara University

MS, San Jose State University

Bagley, Brian - *Senior Landscape Manager, Ground* (2017)

BS, University of California, Davis

Bakhru, Tanya - *Professor, Sociology and Interdisciplinary Social Sciences* (2008)

Ba, University of Redlands

MA, San Diego State University

PhD, University College Dublin, Ireland

Balogh, Randy - *Senior Director of Planned Giving, Development University Advancement* (2016)

MS, Bowling Green State University

Bang, Janet - *Assistant Professor, Child and Adolescent Development* (2020)

BS, University of California, Los Angeles

PhD, McGill University, Canada

Barash, Mark - *Assistant Professor, Justice Studies* (2019)

BS and MS, Hebrew University of Jerusalem, Israel

PhD, Bond University, Australia

Barez, Fred - *Professor and Chair, Mechanical Engineering* (1985)

BS, Michigan Technological University

MS and PhD, University of California, Berkeley

Bargas, Darlene - *Manager, Instructional and Meeting Spaces* (2005)

AS, Monterey Peninsula College

Barrera, Magdalena - *Vice Provost for Faculty Success, Faculty Success* (2008)

BA, University of Chicago

PhD, Stanford University

Bartlinski, Stephen - *Director of Sports Medicine, Athletic Training Room* (2020)

BS, Ithaca College

Bashash, Saeid - *Associate Professor, Mechanical Engineering* (2015)

BS, Sharif University of Technology

MS and PhD, Clemson University

Basu, Anuradha - *Professor, Global Innovation and Leadership* (2003)

BEcon (Hons), University of Delhi, India

MBA, Indian Institute of Management, India

MPhil and PhD, University of Cambridge, United Kingdom

Barraza Gerardino, Catalina - *Assistant Professor, Music and Dance* (2021)

BA, Pontifical Javeriana University, Columbia

MA, University of Arkansas

DMA, Michigan State University

Baur, Joshua - *Assistant Professor, Public Health and Recreation* (2014)

BA, University of California, San Diego

MS, University of Michigan

PhD, Oregon State University

Bechert, Andrea - *Associate Professor, Film and Theatre* (2016)

BS, Northern Arizona University

MFA, Ohio University

Bechkoff, Jennifer - *Professor, Marketing and Business Analytics* (2008)

BS and MBA, California State University, Fresno

PhD, University of Cincinnati

Becker, Bernd - *Librarian, University Library* (2009)

MLIS, San Jose State University

Bejar Lopez, Sergio - *Associate Professor, Political Science* (2015)

PhD, University of Notre Dame

Belcastro, Frank - *Administration Bureau Commander, MLK Library Security* (2008)

BS, Fordham University

Bell, Karen - *Assistant Professor, Doctor of Audiology Program* (2021)

AuD, The University of Southern Mississippi

PhD and BA, University of South Florida

Bellofiore, Alessandro - *Associate Professor, Biomedical Engineering* (2014)

MS and PhD, Università Federico II di Napoli, Italy

Benson, Jeffrey - *Associate Professor, Music and Dance* (2011)

BS, New York University

MM and PhD, Florida State University

Benson, Sara - *Assistant Professor, Political Science* (2022)

Beresford, Melissa - *Assistant Professor, Anthropology* (2019)

PhD, Arizona State University

Bergman, Jacqueline - *Assistant Professor, Nutrition, Food Science, and Packaging*

PhD, University of California, Davis

Berkowitz, Rachel - *Assistant Professor, Public Health and Recreation* (2021)

BA, Northwestern University

EMT-B, Loyola University Medical Center

MPH, Emory University

DrPH, University of California, Berkeley

Bernier, Anthony - *Professor, School of Information* (2005)

BA and MLIS, University of California, Berkeley

MA and PhD, University of California, Irvine

Betre, Kassahun - *Assistant Professor, Physics and Astronomy* (2020)

PhD, Stanford University

Beyersdorf, Peter - *Professor, Physics and Astronomy* (2005)

BS, University of Michigan

PhD, Stanford University

Bhagat, Shaum - *Professor and Chair, Audiology* (2017)

BA, Washington State University

MS, The University of Arizona

PhD, University of Texas, Austin

Bishop, William - *Title IX and Gender Equity Officer, Title IX* (2021)

JD, University of the Pacific

Blackmer Reyes, Kathryn - *Librarian, University Library* (2007)

MA, Binghamton University

MLIS, San Jose State University

Blaine, Tobruk - *Assistant Athletics Director for Student-Athlete Development, Athletics Internal Operations* (2017)

BA, Oregon State University

MS, University of Idaho

Blanton, Andrew - *Assistant Professor, Art and Art History* (2014)

MFA, University of North Texas

Blisniuk, Kimberly - *Associate Professor, Geology* (2015)

PhD, University of California, Davis

Blockus, Marilyn - *Professor, Mathematics* (2020)

BA, Elmira College

PhD, Johns Hopkins University

Bodart, Joni - *Associate Professor, School of Information* (2003)

BS, BA, MLIS, MA, and PhD, Texas Woman's University

Boero, Natalie - *Professor, Sociology and Interdisciplinary Social Sciences* (2006)

BA, Linfield College

MA and PhD, University of California, Berkeley

Bolding, Deborah - *Associate Professor, Occupational Therapy* (1993)

BS, The University of Florida

MS, Boston University

PhD, Capella University

Bolton, Shawna - *Assistant Professor, Justice Studies* (2017)

BA, University of Toronto, Mississauga, ON

MSc, Radford University, Radford, VA

PhD, University of Wolverhampton, United Kingdom

Bogie, Nathaniel - *Assistant Professor, Geology* (2019)

BS, University of California, Santa Cruz

PhD, University of California, Merced

Bogle, Lucus - *Associate Vice President, IT Infrastructure and Operations, Infrastructure Services* (2022)

MA, Saint Mary'S College Of Minnes

Bonakdar, Sara - *Senior Director of Business Services, Business Services* (2016)

BA, University of California, San Diego

MA, University of Nevada, Reno

Bonesteel, Eric - *Associate Director of Silicon Valley Outreach, Alumni and Community Engagement* (2008)

BA, San Jose State University

Bowers, Joanne - *Head Coach, Women's Gymnastics* (2018)

BS, James Madison University

MA, Austin Peay State University

Bowsky, Sonja - *Manager, Distribution and Asset Services* (2014)

NG, Metropolitan State College of Denver

Boyce, Travis D. - *Associate Professor and Chair, African American Studies* (2020)

BA, Claflin University

MA and PhD, Ohio University

Boylan-Ashraf, Peggy - *Assistant Professor, Interdisciplinary Engineering* (2015)

BS, MEng, and PhD, Iowa State University

Brada-Williams, Noelle - *Professor and Chair, English* (1998)

BA, University of California, Berkeley

MA and PhD, University of California, Santa Barbara

Brady, Jacquelyn - *Assistant Professor, Psychology* (2020)

BA, California State University, San Marcos

MS, Washington State University

PhD, Portland State University

Brandt, Kirsten - *Assistant Professor, Film and Theatre* (2019)

BA, University of California, San Diego

MFA, Goddard College

Bremer, Martina - *Professor, Mathematics* (2007)

BS, University of Hanover, Germany

MS and PhD, Purdue University

Brennan, Brent - *Head Coach, Football* (2005)

BA, University of California, Los Angeles

Brent, James - *Professor, Political Science* (1994)

BA, Southern Methodist University

MA and PhD, Ohio State University

Briceño, Allison - *Assistant Professor, Teacher Education* (2015)

BA, University of Pennsylvania

MA, Stanford University

EdD, University of San Francisco

Bridger, Alison - *Professor, Meteorology and Climate Science* (1984)

BS, Sussex University, United Kingdom

MS, Reading University, United Kingdom

PhD, Colorado State University

Brinkman, Daniel - *Assistant Professor, Mathematics* (2016)

BS, University of Minnesota

PhD, University of Cambridge

Broberg, Scott - *Director of Operations and Finance, College of Professional and Global Education* (2017)

BS, Santa Clara University

Brook, David - *Professor, Chemistry* (2006)

BS, University of Lancaster, United Kingdom

PhD, University of Colorado at Boulder

Brooks, Candice - *Assistant Director, Housing Coordination* (2019)

BA, Emporia State University

MS, University of Kansas

Brown, Brigitte - *Research Development Specialist, Research Development* (2022)

MFA, School of Visual Arts

Brown, Corie - *Assistant Professor, Music and Dance* (2019)

BME, Alma College

MA, University of Oregon

DMA, University of Colorado at Boulder

Brown, Étienne - *Assistant Professor, Philosophy* (2019)

BA and MA, University of Ottawa, Canada

PhD, Université Paris-Sorbonne, France

Brown, Karin - *Professor, Philosophy* (2001)

BA, Hunter College, The City University of New York

PhD, The Graduate Center, The City University of New York

Brown, Patrick - *Assistant Professor, Meteorology and Climate Science* (2012)

BS, University of Wisconsin

MS, San Jose State University

PhD, Duke University

Bruce, Emily - *Associate Professor, School of Social Work* (1998)

BS, University of California, Davis

MSW, University of Washington

PhD, University of California, Berkeley

Bryant, Patience - *Director of Black/African American Equity, Office of Diversity* (2020)

PhD, Nova University

Buckner-Capone, Anji - *Assistant Professor, Public Health and Recreation* (2005)

MPH and DED, San Jose State University

Bui, Viet Anh - *Assistant Director for Enterprise, Accounting Services* (2018)

BS, San Jose State University

Bullen, Maria - *Associate Professor, Accounting and Finance* (2014)

PhD, University of California, Los Angeles

Burciaga, Maria Rebeca - *Associate Professor, Chicana and Chicano Studies and Educational Leadership; Interim Chair, Educational Leadership* (2010)

BA, University of California, Santa Cruz

EdM, Harvard Graduate School of Education

PhD, University of California, Los Angeles

Burrill, Gerald - *Executive Managing Director, Hammer Theatre* (2016)

MFA, University of California, Irvine

Busch, Joel - *Associate Professor, Accounting and Finance* (2013)

BS and MS, San Jose State University,

JD, Monterey College of Law

Bushey, Jessica - *Assistant Professor, School of Information* (2022)

BA, MAS, PhD, University of British Columbia

Bustillo, Pamela - *Associate Registrar, Office of the Registrar* (2014)

BS, Santa Clara University

Butler, Stanley - *Associate Professor, Kinesiology* (1989)

BS, Culver-Stockton College

MS, Northwestern State University

PhD, Texas A&M University

Butryn, Theodore - *Professor, Kinesiology* (1997)

BA, University of Tennessee-Knoxville

BS, San Jose State University

PhD, University of Tennessee, Knoxville

Butzlaff, Alice - *Assistant Professor, Nursing* (2016)

PhD, University of California, San Francisco

Buurman, Erica - *Assistant Professor, Music and Dance* (2019)

BM, MM, and PhD, University of Manchester

C

Cabot, Matt - *Associate Professor, Journalism and Mass Communications* (2007)

BA, University of the Pacific

MS, San Jose State University

MA, San Francisco Theological Seminary

PhD, Regent University

Cabrera, Peggy - *Associate Librarian, University Library* (2005)

MA, University of Arizona

Callaghan, Glenn - *Professor, Psychology* (1998)

BA, University of California, Irvine

PhD, University of Nevada, Reno

Campisi, Marion - *Assistant Professor, Mathematics* (2015)

BA, University of California, Santa Cruz

PhD, University of California, Davis

Campsey, Billy - *Professor, Accounting and Finance* (1982)

BA and BBA, University of Texas, Arlington

MBA, University of Houston

PhD, University of Texas, Arlington

Canete, Carolyn - *Annual Giving Manager, Development University Advancement* (2007)

MA, Saint Mary's College of California

Cantos, Immaculate - *Director of Strategic Initiatives, Student Wellness Center* (2021)

MA, San Jose State University

Capdevila, Lucia - *Assistant Professor, Aerospace Engineering* (2017)

BS, MS, and PhD, Purdue University

Capizzi, Lorri - *Assistant Professor, Counselor Education* (2020)

MA, San Jose State University

EdD, San Francisco State University

Capriotti, Matthew - *Associate Professor, Psychology* (2016)

BA and BS, University of Florida

MS and PhD, University of Wisconsin, Milwaukee

Caraves, Jack - *Assistant Professor, Sociology and Interdisciplinary Social Sciences* (2019)

BA, University of California, Santa Cruz

PhD, University of California, Los Angeles

Cargill, Shelley - *Associate Dean, College of Sciences* (2003)

BS, California Polytechnic State University, San Luis Obispo

MS and PhD, University of California, Davis

Carr, Valerie - *Associate Professor, Psychology* (2015)

BS, College of William and Mary

PhD, University of California, Los Angeles

Carroll, Michael - *Chief of Police, University Police* (2022)

MA, Saint Mary's College of California

Carter, Andrew - *Assistant Professor, Public Health and Recreation* (2019)

MA, San Jose State University

MPH and PhD, University of Memphis

Carter, Benjamin - *Associate Professor, Biological Sciences* (2015)

BS, California Polytechnic State University, San Luis Obispo

PhD, University of California, Berkeley

Cascella, Paul - *Professor, Communicative Disorders and Sciences* (2015)

BS, Marquette University

MA, State University of New York, Buffalo

PhD, University of Connecticut

Castillo, Francisco - *Managing Director, Jack Holland Student Success Center* (2011)

BA, University of California, Santa Barbara

MS, California State University, Long Beach

Castillo Vardaro, Jessica - *Assistant Professor, Biological Sciences* (2019)

PhD, Oregon State University

Castruita, Amanda - *Senior Construction Manager, Capital Outlay Project Management* (2022)

BE, California State University, Fullerton

Cava, Gary - *Professor, Child & Adolescent Development* (1999)

BA and MA, San Jose State University

Cayco-Gajic, Maria (Bem) - *Chair and Professor, Mathematics* (1988)

BS, University of the Philippines

MS, University of Connecticut

PhD, Carnegie Mellon University

Celano, Justin - *Police Lieutenant, UPD Administrative Services* (2003)

Ceran, Yasin - *Assistant Professor, Information Systems and Technology* (2022)

MS and Ph.D., University of Texas at Dallas

Chae, Andrew - *Senior Assistant Librarian, University Library* (2020)

MLIS, San Jose State University

Chagolla, Placentina - *Custodial Crew Manager, Custodial* (2006)

Chai, David - *Professor, Design* (2004)

BA and MA, San Jose State University

Chakrabarti, Sukanya - *Associate Professor, Film and Theatre* (2022)

BA, Jadavpur University (Kolkata, India)

MA, Jadavpur University (Kolkata, India)

PhD, Stanford University

Chakarov, Alexandra - *Assistant Professor, Computer Science* (2021)

BA, University of Colorado Boulder

MS and PhD, University of Colorado Boulder

Chan, Emily - *Associate Dean for Research and Scholarship, University Library* (2011)

MLIS, San Jose State University

Chan, Rebecca - *Assistant Professor, Philosophy* (2017)

BA, Boston University

MA and JD, University of Colorado

PhD, University of Notre Dame

Chancellor-Freeland, Cheryl - *Professor, Psychology* (1996)

BA, San Jose State University

PhD, University of California, Santa Barbara

Chang, Lee - *Professor, Applied Data Science* (1986)

PhD, University of Texas, Austin

Chang, Megan - *Associate Professor, Occupational Therapy* (2012)

BS, MA, and PhD, University of Southern California

Chang, Seung Ho - *Assistant Professor, Kinesiology* (2016)

BS and MA, Seoul National University, South Korea

PhD, Ohio State University

Chang, Shih Yu - *Assistant Professor, Applied Data Science* (2018)

PhD, University of Michigan, Ann Harbor

Cheers, Michaels - *Associate Professor, Journalism and Mass Communications* (2006)

PhD, Howard University

Chen, Caroline - *Assistant Professor, Accounting and Finance* (2016)

BS, Rutgers University Business School

JD, American University

LLM in Taxation, Georgetown University Law Center

Chen, Gong - *Professor, Kinesiology* (1990)

BEd, Shenyang Physical Education Institute

MEd, Beijing University of Physical Education

PhD, University of Arkansas, Fayetteville

Chen, Guangliang - *Assistant Professor, Mathematics* (2014)

BS, University of Science and Technology of China

PhD, University of Minnesota

Chen, Hsuanwei - *Associate Professor, School of Information* (2013)

BS and MS, National Taiwan University, China

PhD, University of Texas, Austin

Chen, Susan - *Assistant Professor, Professor, Nutrition, Food Science, and Packaging* (2021)

PhD, MS and BS, Virginia Tech

Chen, Xintong - *Assistant Professor, Political Science* (2021)

MSW, Columbia University in the City of New York

PhD, North Carolina State University

Chen, Yu - *Assistant Professor, Information Systems and Technology* (2018)

BE, Huazhong University of Science and Technology, China

MS, Norwegian University of Science and Technology, Norway

MS, Aalto University, Finland

PhD, Swiss Federal Institute of Technology at Lausanne, Switzerland

Cheng, Cheng - *Senior Assistant, University Library* (2018)

MLIS, State University of New York, Buffalo

Chierichetti, Maria - *Assistant Professor, Aerospace Engineering* (2019)

BS and MS, Politecnico di Milano, Italy

MS and PhD, Georgia Institute of Technology

Chin, Jessica - *Associate Professor, Kinesiology* (2008)

BA, St. Mary's College of Maryland

MA, American University

PhD, University of Maryland

Chin, Yu-mei - *Associate Director of Academic School, Academic Scheduling and Space Management* (2021)

MA, San Francisco State University

Cho, Jang Hyung - *Professor, Accounting and Finance* (2008)

PhD, Florida International University

Choi, Kyoung Mi - *Associate Professor, Counselor Education* (2019)

MA, MS, PhD, Syracuse University

Choo, Chang - *Professor, Electrical Engineering* (1991)

MS and PhD, Rensselaer Polytechnic Institute

Chopra, Ruma - *Interim Director of Special Academic Program, Provost/SVP Academic Affairs* (2008)

BS and MA, Carnegie Mellon University

MA, University at Albany

PhD, University of California, Davis

Chou, Chengkuo - *Director for Planning and Operations, Business Operations* (2017)

MS, University of California, Riverside

Chow, Anthony - *Director and Professor, School of Information* (2021)

BA, San Francisco State University

MS and PhD, Florida State University

Chu, Helen - *Associate Director for Enrollment Image and Archive Operations, Office of the Registrar* (2019)

BS, New Jersey Institute of Technology

Chun, Robert - *Professor, Computer Science* (1995)

BS, MS, PhD, University of California, Los Angeles

Chung, Wenchiang (Richard) - *Professor, Chemical and Materials Engineering* (1987)

PhD, Auburn University

Cisar, Craig - *Professor, Kinesiology* (1986)

BS, University of South Dakota

MS, PhD, University of Nebraska-Lincoln

Clapp, John - *Associate Professor, Design* (1994)

MA, Syracuse University

Clements, Craig - *Professor and Director of the Fire Weather Research Laboratory, Meteorology and Climate Science* (2007)

BS, University of Nevada

MS, University of Utah

PhD, University of Houston

Clark, Robert - *Senior Deputy Director of Athletics, External Athletic Operations* (2020)

BA and MAT, Occidental College

PhD, Texas A&M University

Coe, Joseph - *Assistant Professor, Civil and Environmental Engineering* (2024)

PhD, University of California - Los Angeles

Coelho, Raquel - *Associate Professor, Design* (2009)

MFA, School of Visual Arts

Cohen, Edward - *Interim Associate Dean for Research, College of Health and Human Science* (2007)

MSW and PhD, University of California, Berkeley

Cohen, Fred - *Professor and Chair, Music and Dance* (2014)

BA, University of California, Santa Cruz

MA and PhD, Cornell University

Colbert, Beth - *Associate Vice President, Advancement and Campaign Operations* (2005)

BA and MS, San Jose State University

Coleman, James - *Assistant Professor, English* (2020)

PhD, University of Pennsylvania

Colmenares, Erica - *Assistant Professor, Humanities* (2020)

DED, Columbia University

Cole, Kristen - *Assistant Professor, Communication Studies* (2019)

PhD, University of New Mexico

Collins, Elaine - *Professor, Chemistry* (2011)

BS, MS and PhD, University of California, Riverside

Combs, Howard - *Professor, Marketing and Business Analytics* (1996)

BA and MBA, Virginia Polytechnic Institute and State University

PhD, University of Georgia

Connolly, Thomas - *Associate Professor, Moss Landing Marine Lab* (2015)

BS, Stanford University

MS and PhD, University of Washington

Cook, Jennifer - *Clinic Manager, Health Services* (2022)

MSN, Southern Illinois University Edwardsville

Coopman, Stephanie - *Professor, Communication Studies* (1990)

BS, Western Michigan University

MA, Central Michigan University

PhD, University of Kentucky

Cordero, Eugene C - *Professor, Meteorology and Climate Science* (2002)

BS and MS, California State University, Northridge

PhD, University of California, Davis

Coria, Alfredo - *Investigator, University Personnel* (2018)

BA, Sonoma State University

JD, University of California Hastings of the Law

Coronado, Rosa - *Senior Director of Academic Employee Relations, University Personnel* (2021)

MA, San Jose State University

DED, California State University, East Bay

Correa-Morris, Carole - *Director of Data and Resource Management, University Library* (1990)

BA and BS, San Jose State University

Craig, Richard - *Professor, Journalism and Mass Communications* (2000)

BA, University of California, San Diego

PhD, University of Illinois at Urbana-Champaign

Craighead, Jamie - *Women's Basketball Head Coach, Women's Basketball* (2013)

BA, University of Oregon

Crawford, Michael - *Senior Associate Vice President, Strategic Communications and Marketing* (2021)

BA, Texas A&M University

Cross, Eric - *Parking Manager, Parking Services* (2018)

BS, Austin Peay State University

MPA, University of Phoenix

Crowe, Molly - *Interim Director, College of Engineering* (2021)

Crunk, Steven - *Professor, Mathematics* (2001)

MS, California State University, Northridge

PhD, University of Pennsylvania

Cruz, Marco Antonio - *Director of Data Analytics, Evaluation, and Applied Research, Institutional Effectiveness and Strategic Analytics* (2022)

MA, Santa Clara University

Cuellar, Megan - *Assistant Professor, Communicative Disorders and Sciences* (2020)

PhD, Tennessee State University

Currin-Percival, Mary - *Associate Professor, Political Science* (2012)

PhD, University of California, Riverside

Curry-Rodriguez, Julia - *Professor, Chicana and Chicano Studies* (2000)

BA, University of California, Santa Barbara

MA and PhD, University of Texas, Austin

Cushing, Katherine - *Professor, Environmental Studies* (2003)

BS, Northwestern University

MS and PhD, Stanford University

Czerwinski, David - *Professor, Marketing and Business Analytics* (2008)

BS, Stanford University

PhD, Massachusetts Institute of Technology

D

D'Alarcao, Marc - *Dean, College of Graduate Studies* (2007)

BS, Bridgewater State College

PhD, University of Illinois at Urbana-Champaign

D'Andrade, Amy - *Professor, School of Social Work* (2003)

MA and PhD, University of California, Berkeley

Da Silva, Nancy - *Professor and Director, School of Management* (2000)

BS, University of Toronto, Canada

MA and PhD, University of Houston

Daley, Eileen - *Deputy Director of Internal Operations/Senior Woman Administrator, Student-Athlete Academic Services* (2005)

BA, Sonoma State University

MA, John F. Kennedy University

Danh, Binh - *Assistant Professor, Art and Art History* (2006)

MFA, Stanford University

Daniels, Sonja - *Associate Vice President, Campus Life* (2016)

AA, Tyler Junior College

BBA, Texas Christian University

MA, New York University

DED, University of Southern California

Danzig, Arnold - *Professor and Director, Educational Leadership* (2013)

MA and PhD, University of Maryland

Dao, Michael - *Assistant Professor, Kinesiology* (2019)

BS and MA, San Jose State University

PhD, University of Toronto, Canada

Darrah, Chuck - *Professor, Anthropology* (1979)

PhD, Stanford University

Daum, David - *Assistant Professor, Kinesiology* (2015)

BA and MA, California State University, Chico

PhD, University of Illinois at Urbana-Champaign

Davalos, Michelle - *Director of Resources and Operations, College of Engineering* (2021)

BS, San Francisco State University

Davis, Theresa - *Vice President, University Advancement* (2020)

MA, University of Southern California

Davoudi Kakhki, Fatemeh - *Assistant Professor, Technology* (2018)

PhD, Iowa State University

Dawkins, Denise - *Assistant Professor, Nursing* (2019)

BS, City University of New York, Hunter College

MS, California State University, Bakersfield

DNP, California State University, Northern California Consortium

Day, Patrick - *Vice President, Student Affairs* (2018)

MED, Texas Tech University

de Bourbon, Soma - *Assistant Professor, Sociology and Interdisciplinary Social Sciences* (2013)

BA, University of California, Berkeley

PhD, University of California, Santa Cruz

De Giorgi, Alessandro - *Professor and Program Coordinator, Justice Studies* (2007)

PhD, Keele University, United Kingdom

Delacruz, John - *Associate Director and Associate Professor, Journalism and Mass Communications* (2012)

BA, Humberside Polytechnic

MA, Manchester Metropolitan University

Del Casino, Vincent - *Provost and Senior Vice President, Academic Affairs* (2019)

BA, Bucknell University

MS, University of Wisconsin, Madison

PhD, University of Kentucky

Derringer, Catherine - *Senior Director of Development, Davidson College of Engineering, Development Unit Advancement* (2022)

MA, San Jose State University

Desalvo, Jean-Luc - *Professor, World Languages and Literatures* (1995)

PhD, University of Virginia

Dessouky, Yasser - *Professor and Chair, Industrial and Systems Engineering* (1997)

BS, University of Wisconsin, Madison

MS and PhD, Arizona State University

DeVries, Maya - *Assistant Professor, Biological Sciences* (2020)

PhD, University of California, Berkeley

Deyo, Darwynn - *Assistant Professor, Economics* (2017)

BS, Saint Mary's College of California

MA and PhD, George Mason University

Dhar, Subhankar - *Professor, Information Systems and Technology* (2001)

PhD, University of South Florida

Diallo, Ismaila - *Assistant Professor, Meteorology and Climate Science* (2024)

PhD, Université Cheikh Anta Diop de Dakar (UCAD)

Diao, Minghui - *Associate Professor, Meteorology and Climate Science* (2015)

BS, Peking University, China

PhD, Princeton University

Diaz, Ella Maria - *Professor and Chair, Department of Chicana and Chicano Studies* (2022)

BA, UC Santa Cruz, MA and PhD College of William and Mary

Dillon, Jason - *Interim Associate Vice President for IT Infrastructure and Operations, Infrastructure Services* (2020)

CER, Other US Institution

Diridon, Sabra - *Executive Director of Development, Development University Advancement* (2011)

MPA, San Jose State University

Dirlam, Philip - *Assistant Professor, Chemistry* (2019)

MS, California Polytechnic State University, San Luis Obispo

PhD, University of Arizona

Diwan, Sadhna - *Professor, School of Social Work* (2005)

BA, University of Bombay, India

MS and PhD, Case Western Reserve University

Dizack, Anna - *Research Development Specialist, Research Development* (2022)

MA, University of Iowa

Do, Julie - *Director of Accounting Services, Accounting Services* (2021)

BA, Michigan State University

Do, Hien - *Professor, Sociology and Interdisciplinary Social Sciences and Coordinator, Asian American Studies Program* (1992)

PhD, University of California, Santa Barbara

Donahue, Kathleen - *Manager of Academic Program and Research Operations, Moss Landing Marine Lab* (2015)

BA, University of California, Santa Cruz

MED, Chapman University

Dougan, Marcelle - *Assistant Professor and Undergraduate Program Coordinator, Public Health and Recreation* (2015)

MS, Imperial College of Science

MPH, Columbia University

PhD, Harvard University

Douglas, Gordon - *Assistant Professor and Director of The Institute of Metropolitan Studies, Urban and Regional Planning* (2016)

BA and MA, University of Southern California

MSc, London School of Economics and Political Science, United Kingdom

PhD, University of Chicago

Drabble, Laurie - *Faculty, College of Health and Human Sciences (2001)*

MSW, California State University, Long Beach

MPH and PhD, University of California, Berkeley

Drury, Robert - *Senior Director for Resource Management (1999)*

BA, California State University, Sacramento

MPA, San Jose State University

Du, Winncy - *Professor, Mechanical Engineering (2000)*

BS, Jilin University, China

MS, West Virginia University

MS and PhD, Georgia Institute of Technology

Dubus, Nicole - *Associate Professor, School of Social Work (2015)*

BA, University of California, Santa Cruz

MSW, San Francisco State University

PhD, Boston University

Duckor, Brent - *Professor, Teacher Education (2008)*

BA, University of California, Santa Cruz

MA, Columbia University

MA and PhD, University of California, Berkeley

DuCros, Faustina - *Associate Professor, Sociology and Interdisciplinary Social Sciences (2014)*

BA, California State University, Long Beach

MA and PhD, University of California, Los Angeles

Dudley, Danijela - *Assistant Professor, Political Science (2012)*

PhD, University of California, Riverside

Dudley, Nancy - *Associate Professor, Nursing (2019)*

PhD, University of California, San Francisco

Duh, Shinchieh - *Associate Professor, Psychology (2014)*

BS, University of California, Los Angeles

MA, San Francisco State University

PhD, University of California, Santa Cruz

Dunn, Wendy - *Director of Operations and Administrative Services, University Library* (2005)

BS, Miami University, Oxford

MA, San Jose State University

E

Easter, Marilyn - *Professor, Marketing and Business Analytics* (2000)

BA, University of Colorado at Boulder

MSW and MA, Denver University

EdD, University of San Francisco

Eastwood, Adrienne - *Professor, English* (2005)

MA, San Diego State University

BA and PhD, University of California, San Diego

Ede, Kristin - *Senior Director of Enrollment Marketing, Strategic Communication and Marketing* (2022)

MA, Boston University

Edwards, Michael - *Emergency Services Manager, University Police* (2020)

MA, University of Redlands

Ehrman, Sheryl - *Dean, College of Engineering* (2017)

BS, University of California, Santa Barbara

PhD, University of California, Los Angeles

Eirinaki, Magdalini - *Professor and Associate Chair, Computer Engineering* (2007)

BSc, University of Piraeus, Greece

MSc, Imperial College, United Kingdom

PhD, Athens University of Economics and Business, Greece

Elsibai, Stacey - *Manager for Employee and Labor Relations, University Personnel* (2015)

BA, University of Hawaii at Manoa

Emmert, David - *Counselor II, Counseling and Psychological Services* (2007)

PhD, Alliant International University

Ensminger, David - *Assistant Professor, Biological Sciences* (2021)

BS, University of California, Santa Cruz

MS, Sonoma State University

PhD, Penn State University

Erdogan, Ayca - *Associate Professor, Industrial and Systems Engineering* (2014)

BS, Istanbul Technical University, Turkey

PhD, North Carolina State University

Erogbogbo, Folarin - *Associate Professor, Biomedical Engineering* (2013)

PhD, State University of New York, Buffalo

Escoto Reyes, Monica - *Assistant Director of Customer Operations, Housing Building Maintenance* (2000)

BS, San Jose State University

Esker, Nicholas - *Assistant Professor, Chemistry* (2019)

BA, Florida Atlantic University

PhD, University of California, Berkeley

Estrada Christina - *Head Women's Soccer Coach, Women's Soccer* (2018)

MS, Depaul University

Estrada, Ignacio - *Custodial Crew Manager, Custodial* (2010)

Etu, Egbe-Etu - *Assistant Professor, Marketing & Business Analytics* (2021)

BEng, Covenant University, Nigeria

PhD and MS, Wayne State University

Ezunkpe, Yawo - *Assistant Professor, Aerospace Engineering* (2021)

BS, San Jose State University

MS and PhD, University of California, San Diego

F

Faas, A.J. - *Associate Professor and Graduate Coordinator, Anthropology* (2014)

PhD, University of South Florida

Faas, Charles - *Vice President, Administration and Finance/Chief Financial Officer* (2016)

BBA, Siena College

MBA, University of California, Los Angeles

Fadiman, Jeffrey - *Professor, Marketing and Business Analytics* (1983)

PhD, University of Wisconsin, Madison

Falter, Benjamin - *Senior Student Affairs Case Manager, Student Wellness Center* (2015)

BS, Saint Vincent College

MA, Indiana University of Pennsylvania

Fang, Chiao-Ju - *Assistant Professor, Occupational Therapy* (2018)

BS, National Taiwan University, China

MA and PhD, New York University

Fassett, Deanna - *Assistant Vice Provost for Faculty Development, Center for Faculty Development* (2000)

BA, University of California, San Diego

MS and PhD, Southern Illinois University, Carbondale

Fatoohi, Rod - *Professor and Chair, Computer Engineering* (1996)

MS, Syracuse University

PhD, Old Dominion University

Faulkner, Matthew - *Assistant Professor, Accounting and Finance* (2019)

PhD, Florida Atlantic University

Fayad, Mohamed - *Professor, Computer Engineering* (2002)

BS, Cairo University, Egypt

MS and PhD, University of Minnesota, Twin Cities

Feist, Gregory - *Professor, Psychology* (2006)

BA, University of Massachusetts, Amherst

PhD, University of California, Berkeley

Felton, Mark - *Professor, Teacher Education* (1999)

BA, Stanford University

PhD, Columbia University

Feng, Xi - *Assistant Professor, Nutrition, Food Science and Packaging* (2018)

PhD, Iowa State University

Ferdolage, Traci - *Senior Associate Vice President, Facilities Development and Operations* (2020)

MBA, Humboldt State University

Feria, Cary - *Associate Professor, Psychology* (2008)

BA, University of California, Santa Barbara

MA and PhD, University of California, Irvine

Ferguson, Jason - *IT Support Manager, Desktop Support* (1996)

BA and BS, San Jose State University

Fernández, Vanessa - *Assistant Professor, World Languages and Literatures* (2016)

BA, Princeton University

MEd, Columbia University

MA and PhD, University of California, Los Angeles

Ferris, Braley - *Director of Donor Relations and Stewardship, Advancement and Campaign Operations* (2018)

BA, University of Michigan, Ann Arbor

Fisher, Dianne - *Interim Associate Vice President, Alumni and Community Engagement* (2021)

MA, Drake University

Fisher, Michael - *Assistant Professor, African American Studies* (2020)

BS and M.Div, Howard University

MA and PhD, Vanderbilt University

Fletcher, Shaun - *Assistant Professor, Journalism and Mass Communications* (2018)

BS, San Jose State University

MA, University of Central Florida

PhD, Howard University

Fonseka, Ruvani - *Assistant Professor, School of Social Work* (2021)

MSW, University of California, Berkeley

PhD, University of California, San Diego

Fouad, Ashraf - *Senior Director for Plan Design and Construction, Facilities Planning* (2016)

MA, University of California, Berkeley

Francisco, Richard - *Counselor III, Counseling and Psychological Services* (1997)

PhD, University of Oregon

Franks, Patricia - *Professor, School of Information* (2009)

BS, Bloomsburg University

MASS, Binghamton University

PhD, Capella University

Frazier, Stefan - *Professor, Linguistics and Language Development* (2005)

BA, Trinity University

MA, San Francisco State University

PhD, University of California, Los Angeles

Freedman, Marjorie - *Professor, Nutrition, Food Science and Packaging* (2005)

PhD, University of California, Davis

French, Rachael - *Chair and Professor, Biological Sciences* (2010)

BS, University of California, Davis

PhD, University of Washington

Freund, Louis - *Professor, College of Engineering* (2017)

Frey, Shirley - *Senior Director of Creative Strategy, Strategic Communications and Marketing* (2011)

BS, California Polytechnic State University, San Luis Obispo

MFA, L'Ecole des Beaux-Arts, France

Friedman-Biglin, Noah - *Assistant Professor, Philosophy* (2015)

BA, Saint Mary's College of California

PhD, University of St Andrews and the University of Stirling, United Kingdom

Froehlich, Alexandra - *Director, Student Conduct and Ethical Development* (2017)

BA, Loyola Marymount University

MA, University of the Pacific

Fryer, Dashiell - *Assistant Professor, Mathematics* (2015)

BS and BA, San Jose State University

PhD, University of Illinois at Urbana-Champaign

Fujimoto, Kell - *Senior Director of Well-being, Counseling and Psychological Services* (2002)

BA and MED, University of Hawaii at Manoa

DBA, University of California, Irvine

PhD, Argosy University, Honolulu

Furman, Burford - *Professor, Mechanical Engineering* (1994)

BS and MS, University of California, Davis

PhD, Stanford University

Furman, Pablo - *Professor and Coordinator, Music and Dance* (1989)

PhD, University of California, Los Angeles

Fusaro, Maria - *Associate Professor, Child and Adolescent Development* (2012)

Med and PhD, Harvard University

G

Gabet, Manny - *Professor, Geology* (2007)

PhD, University of California, Santa Barbara

Gaglia, Patricia (Sela) - *Executive Director for Corporations and Foundation Relations, Development University Advancement* (2015)

BA and MFA, San Diego State University

Gamblin, Kim - *Associate Director for Procurement Payments, Finance and Business Services* (2012)

AA, West Valley College

BA, University of California, Santa Cruz

Gao, Ge - *Professor, Communication Studies* (1990)

PhD, Arizona State University

Gao, Jerry - *Professor, Computer Engineering* (1997)

BS, Nanjing University, China

BS, Hohai University, China

MS and PhD, University of Texas, Arlington

Gao, Jie - *Assistant Professor, Hospitality, Tourism and Event Management* (2019)

PhD, Pennsylvania State University

Garcia, Alberto - *Assistant Professor, History* (2017)

BA, University of California, Davis

MA, Stanford University

MA and PhD, University of California, Berkeley

Garcia, Alejandro - *Professor and Project Director of the Physics Foundation, Physics and Astronomy* (1989)

PhD, University of Texas, Austin

Garcia, Carlos - *Professor, Sociology and Interdisciplinary Social Sciences* (2006)

PhD, University of Oklahoma, Norman

Garcia, Moctezuma - *Assistant Professor, School of Social Work* (2020)

MSW, Columbia University

PhD, City University of New York

Garcia, Pedro - *Manager for Recruit and Retention, University Personnel* (2001)

BS, San Jose State University

Garcia, Tony - *Interim Manager, Recruitment and Retention* (2001)

BS, San Jose State University

Gardner, Bruce - *IT Support Manager, College Support* (2002)

BA, San Jose State University

Garduno, Cynthia - *Interim Manager, Records and Administrative Projects, University Personnel* (2016)

BA and MBA, San Jose State University

MA, University of San Francisco

Garud Patkar, Nisha - *Assistant Professor, Journalism and Mass Communications* (2018)

PhD, Ohio University

Gaudinski, Julia - *Director of Research Development, Office of Research* (2019)

BS, University of California, Santa Cruz

PhD, University of California, Irvine

Gavino, Monica - *Associate Professor, School of Management* (2016)

PhD, University of Chicago

Gehrt, Kenneth - *Professor, Marketing and Business Analytics* (2002)

PhD, University of Kentucky

Gendzel, Glen - *Professor and Chair, History* (2005)

BA, University of California, Berkeley

MA and PhD, University of Wisconsin, Madison

Geneson, Jesse - *Assistant Professor, Mathematics* (2020)

PhD, Massachusetts Institute of Technology

Geraci, Steve - *Manager, Academic Resources, College of Science* (2002)

BA, California State University, Chico

Gerrick, Alexandria - *Counselor I, Counseling and Psychological Services* (2013)

PhD, Chicago School of Professional Psychology

Gerston, Larry - *Professor, Political Science* (2010)

Ghatak, Sambuddha - *Assistant Professor, Justice Studies* (2017)

MA Appalachian State University, Boone, NC

PhD, University of Tennessee

Ghosh, Souvick - *Assistant Professor, School of Information* (2020)

PhD, Rutgers University, Camden

Gibson, Katrice - *Assistant Director, Graduation Admissions and Program Evaluation* (2016)

BS, San Jose Christian College

MA, Brandman University

Gieng, John - *Assistant Professor, Nutrition, Food Science and Packaging* (2017)

BS, University of California, Berkeley

PhD, Pennsylvania State University

Giron, Daan - *Senior Director of Development for College of Social Sciences, Development University Advancement* (2011)

BA, San Jose State University

Glazer, Amy - *Professor, Film and Theatre* (1991)

BFA, Eckerd College

MFA, California School of the Arts

Gliner, Robert - *Professor, Sociology and Interdisciplinary Social Sciences* (2008)

PhD, University Of Minnesota Twin Cities

Gold, Clifton - *Associate Creative Director, Special Events* (2020)

Goldston, Daniel - *Professor, Mathematics* (1983)

PhD, University of California, Berkeley

Golloher, Andrea - *Associate Professor, Special Education* (2013)

BA, Washington University, Saint Louis

Med, Vanderbilt University

PhD, University of California, Berkeley and San Francisco State University

Gomez, Jonathan - *Assistant Professor, Chicana and Chicano Studies* (2018)

BA, University of California, Santa Cruz

BA and PhD, University of California, Santa Barbara

Gomez, Luis Felipe - *Associate Professor, Communication Studies* (2012)

BA, Tecnológico de Monterrey, Mexico

MA, Katholieke Universiteit Leuven, Belgium

PhD, University of Texas, Austin

Gomez, Vicky - *Assistant Professor, Public Health and Recreation* (2018)

DrPH, University of California, Berkeley

Gonzales, Deanna - *Director, Undergraduate Admissions and Outreach* (1989)

AA, De Anza College

BA, San Jose State University

Gonzales, Valerie - *Interim Director for Alumni Engagement, Alumni and Community Engagement* (2002)

BA and MA, San Jose State University

Gonzalez, Roberto - *Professor and Chair, Anthropology* (2001)

PhD, University of California, Berkeley

Gonzalez, Selena - *Campus Survivor Advocate, Counseling and Psychological Services* (2021)

BA, University of California, Santa Barbara

MA, University of California, San Francisco

Gorman-DaRif, Meghan - *Assistant Professor, English* (2019)

PhD, University of Texas, Austin

Gorman, Mike - *Associate Professor, School of Social Work* (1999)

MPH and MSW, University of California, Berkeley

PhD, University of Chicago

Goshev, Roman - *Digital Production/Project Manager, Strategic Communications and Marketing* (2020)

Gosart, Ulia - *Assistant Professor, School of Information* (2022)

BA, Kiev State University, Ukraine

MS, Southern Connecticut University

PhD, University of California, Los Angeles

Goward, Shonda - *Associate Vice Provost, Undergraduate Advising and Success* (2021)

EdD, The George Washington University

Gottlieb, Andrea - *Associate Professor, Mathematics* (2012)

PhD, University of California, Davis

Grace, Elizabeth - *Professor and Chair, Accounting and Finance* (1986)

PhD, University of Pennsylvania

Graham, Michael - *Professor, Moss Landing Marine Lab* (2003)

BA, University of California, Santa Barbara

MS, San Jose State University

PhD, University of California, San Diego

Grand, Maxime - *Assistant Professor, Moss Landing Marine Lab* (2018)

BS, University of Hawaii at Manoa

MS, University of Plymouth, United Kingdom

PhD, University of Hawaii at Manoa

Grazioli, Gianmarc - *Assistant Professor, Chemistry* (2020)

BA, BS and MS, Villanova University

PhD, University of California, Irvine

Green, Tonja - *Program Director, College of Science* (2008)

MA, San Jose State University

Greet, Erika - *Assistant Director, Ceremonies and Events* (2019)

Gregg, Jennifer - *Professor, Psychology* (2004)

PhD, University of Nevada-Reno

Gridley, Timothy - *Director for Maintenance and Information, Maintenance and Operations* (2013)

Grillo-Hill, Bree - *Assistant Professor, Biological Sciences* (2016)

BA, Occidental College

PhD, Washington University, Saint Louis

Guel, Carolyn - *Associate Director of Financial Aid Counseling, Financial Aid and Scholarships* (2000)

BA, San Jose State University

MA, John F. Kennedy University

Gunderson, Hilary - *Director of Constituent and Community Success, Alumni and Community Engagement* (2020)

BS and MBA, Oregon State University

Gunner, Staci - *Interim Director, Student Conduct and Ethical Development* (2008)

MA, Ball State University

Guzun, Gheorgi - *Assistant Professor, Computer Engineering* (2017)

BS, Technical University of Moldova, Moldova

PhD, University of Iowa

H

Ha, Jooyeon - *Associate Professor, Hospitality, Tourism and Event Management* (2014)

PhD, Purdue University

Haffey, Carlyn - *Director Donor Relations and Stewardship, Advancement & Campaign Operations* (2021)

BA, University of Michigan, Ann Arbor

Haidari, Daud - *Construction Manager, M&O Project Management* (2022)

BS, San Jose State University

Haight, Colleen - *Professor, Economics* (2006)

BA, University of California, Los Angeles

MBA, Notre Dame de Namur University

PhD, George Mason University

Hajikhameneh, Aidin - *Assistant Professor, Economics* (2018)

BS and MS, University of Tehran, Iran

PhD, Simon Fraser University, Canada

Halualani, Rona - *Professor, Communication Studies* (1998)

BA, University of California, Davis

MA, Sacramento State University

PhD, Arizona State University

Halushka, John - *Assistant Professor, Justice Studies* (2017)

BA, University of California, Berkeley

PhD, New York University

Hambaba, Mohamed - *Professor, Interdisciplinary Engineering* (1996)

PhD, Stevens Institute of Technology

Hambrook, Kyle - *Assistant Professor, Mathematics* (2018)

BS, University of Lethbridge, Canada

MS and PhD, University of British Columbia, Canada

Hamedi-Hagh, Sotoudeh - Professor, Electrical Engineering (2005)

PhD, University of Toronto, Canada

Hamilton, Scott - *Professor, Moss Landing Marine Lab* (2011)

BA, Princeton University

PhD, University of California, Santa Barbara

Han, Crystal - *Assistant Professor, Mechanical Engineering* (2018)

PhD, Stanford University

Han, Meekyung - *Professor and Co-Chair of Institute for Community-Partnered Research, School of Social Work* (2004)

MSW, Washington University, Saint Louis

PhD, University of California, Berkeley

Han, Yoon Chung - Assistant Professor, Design (2018)

MFA, University of California, Los Angeles

PhD, University of California, Santa Barbara

Hancock, Mark - *Lead Custodial Crew Manager, MLK Library Facility* (2004)

Hanson, Lauren - *Head Coach, Women's Soccer* (2014)

BA, University of Portland

Haramaki, Gordon - *Associate Professor and Graduate Coordinator, Music and Dance* (2006)

BA, MA, and PhD, University of California, Los Angeles

Harbrecht, Tiffany - *Assistant Director of Editorial Content, Strategic Communications and Marketing* (2021)

BA, California State University, Monterey Bay

MA, San Jose State University

Hardin, John - *Assistant Bursar, Bursar's Office* (2012)

BA, San Jose State University

Harlan, Mary Ann - *Assistant Professor, School of Information* (2015)

BA, University of California, Santa Cruz

MLIS, San Jose State University

PhD, Queensland University of Technology, Australia

Harper, Jennifer - *Title IX Investigator, Title IX* (2017)

BA, American University

MA, San Diego State University

Harrington, Solomon - *Associate Director, Custodial, Grounds, and Moving Services* (2021)

Harris, Katherine - *Professor, English* (2005)

BA, California State University, Los Angeles

MA, New York University

PhD, City University of New York

Harrison, Victoria - *Professor, History* (2021)

PhD, Rutgers University

Hart, Jillana - *Interim Associate Director, Enrollment Services Technical Implementation & Communication* (1994)

Hart, Tabitha - *Associate Professor, Communication Studies* (2012)

BA, University of California, San Diego

MA, Sacramento State University

PhD, University of Washington

Hartle, Jennifer - *Assistant Professor, Public Health and Recreation* (2016)

BA, University of California, Berkeley

MS and PhD, Johns Hopkins Bloomberg School of Public Health

Hatton, Oona - *Associate Professor, Communication Studies* (2013)

PhD, Northwestern University

Haverfield, Marie - *Assistant Professor, Communication Studies* (2019)

PhD, Rutgers University, New Brunswick

He, Daoping - *Professor, Accounting and Finance* (2006)

PhD, University of Hawaii at Manoa

He, Lili - *Professor, Electrical Engineering* (1998)

PhD, State University of New York, Buffalo

Headrick, Lucille - *Assistant Professor, School of Management* (2021)

BS, Saint Louis University

PhD and MS, University Of Illinois Urbana-Champaign

Headstone, Savana - *Assistant Director of Residential Life, Housing Coordination* (2022)

BS, California State University, Fullerton

Heiden, Lynda - *Professor, Psychology* (1990)

MS, San Jose State University

PhD, West Virginia University

Heimstead, Jennifer - *Assistant Athletic Director Compliance, Athletics* (2007)

BA, California State University, Humboldt

Heindl, Ranko - *Associate Professor, Physics and Astronomy* (2012)

PhD, University of South Florida

Heller, Philip - *Assistant Professor, Computer Science* (2016)

BS, University of California, Berkeley

MS, San Jose State University

PhD, University of California, Santa Cruz

Hendrick, Timothy - *Associate Professor, Journalism and Mass Communications* (2003)

MA, Brigham Young University

Hicks, Deborah - *Assistant Professor, School of Information* (2018)

BA, University of King's College, Canada

MA, York University, Canada

MLIS, Dalhousie University, Canada

PhD, University of Alberta, Canada

Higgins, Silke - *Associate Librarian, University Library* (2011)

MLIS, San Jose State University

Hilde, Libra - *Professor, History* (2005)

BA, University of California, Berkeley

MA and PhD Harvard University

Hill, Henderson - *Director, Student Involvement* (2017)

BA, Tennessee State University

MA, University of Missouri, Kansas City

Hill, Timothy - *Professor, Information Systems and Technology* (1998)

BS and MSE, Purdue University

MBA and PhD, Indiana University, Bloomington

Hillman, Pamela - *Consultant, Development Unit Advancement* (2021)

MS, California Lutheran University

Hirsh, Sandra - *Associate Dean for Academics, College of Professional and Global Education* (2010)

BA and PhD, University of California, Los Angeles

MILS, University of Michigan, Ann Arbor

Yip, Olivia - *Assistant Professor, Civil and Environmental Engineering* (2020)

PhD, University of California, Berkeley

Hobbs, G. Craig - *Associate Professor, Art and Art History* (2012)

BFA, California Institute of the Arts

MFA, University of California, Santa Cruz

Hobbs-Helmus, Bethany - *Senior Associate Athletics Director, Athletic Business Office* (2022)

MA, University of California, East Bay

Hodges, James - *Assistant Professor, School of Information* (2022)

BS and MS New York University

PhD, Rutgers University

Hofman, Darra - *Assistant Professor, School of Information* (2020)

PhD, University of British Columbia iSchool

Holberton, Rhonda - *Assistant Professor, Art and Art History* (2017)

BFA, California College of the Arts

MFA, Stanford University

Holian, Matthew - *Professor and Chair, Economics* (2008)

PhD, Ohio State University, Lima

Hollander, Daniel - *Industry Research Alliances Specialist, Office of Innovation* (2022)

MS, Foreign Institution

Hollinger, Diana - *Professor, Music and Dance* (2003)

MM, University of North Texas

DMA, Arizona State University

Hom, Margaret - *Associate Director for Facilities Operations, Housing Building Maintenance* (1979)

AA, City College of San Francisco

BA, San Jose State University

Honda, Jeffrey - *Associate Dean for Graduate Studies, College of Graduate Studies* (2014)

BS, San Jose State University

MS and PhD, University of California, Riverside

Hopkins, Sage - *Head Coach Swimming and Diving, Women's Swimming* (2005)

Hosoda, Megumi - *Professor, Psychology* (1998)

PhD, State University of New York, Albany

Hou, Xiaojia - *Associate Professor, History* (2015)

BA and MA, Peking University, China

PhD, Cornell University

Howard, Grace - *Assistant Professor, Justice Studies* (2019)

PhD, Rutgers University, Camden

Hsu, Ping - *Professor, Electrical Engineering and Director, Interdisciplinary Engineering Program* (1990)

PhD, University of California, Berkeley

Hsu, Funie - *Assistant Professor, Humanities* (2015)

BA, University of California, Davis

MEd, Harvard University

PhD, University of California Berkeley

Hsu, Timothy - *Professor, Mathematics* (2001)

PhD, Princeton University

Hu, Xiaolu - *Professor, Counselor Education* (1990)

PhD, Kent State University

Huang, Gaojian - *Assistant Professor, Industrial and System Engineering* (2021)

MS, Indiana University Bloomington

PhD and MS, Purdue University

Huang, Yinghua - *Associate Professor, Hospitality, Tourism and Event Management* (2012)

BBA and MS, Xiamen University, China

PhD, Oklahoma State University

Huerta Espinosa, Esperanza - *Professor, Accounting and Finance* (2014)

PhD, Claremont Graduate University

Hughes-Mathews, Jaymes (Alec) - *Interim Associate Director, Student Conduct and Ethical Development* (2021)

MED, Florida State University

Hughes, Peg - *Professor, Special Education* (1999)

PhD, University of California, Los Angeles

Huntsman, Laree - *Professor, Psychology* (1986)

BA and MA, San Jose State University

PhD, University of Wisconsin, Milwaukee

Hupke, Douglas - *Senior Director, Annual Giving, Development University Advancement* (2022)

MA, San Francisco State University

Hurst, Hilary - *Assistant Professor, Physics and Astronomy* (2020)

PhD, University of Maryland

Hutton, Mirabai - *Associate Director, Student Conduct & Ethical Development* (2021)

MA, School for International Training

Huynh, Frank - *Assistant Professor, Biological Sciences* (2018)

PhD, University of British Columbia, Canada

Huynh, Hien - *Information Security Officer, Information Security* (2014)

BA, Simon's Rock College of Bard

MS and MBA, University of Maryland University College

San Fratello, Virginia - *Professor and Chair, Design & Art & Art History* (2010)

March, Columbia University in the City of New York

I

Inaba, Seiichiro - *Professor, World Languages and Literatures* (1998)

PhD, University of Hawaii at Manoa

Ishigakhi, Genya - *Assistant Professor, Mathematics* (2021)

BS and MS, Soka University

PhD, University of Texas at Dallas

Issa, Tahir Bachar - *Assistant Professor, Mathematics* (2021)

MS, Gaston Berger University, Senegal

MS, African University of Science and Technology, Abuja, Nigeria

MS and PhD, Auburn University

Ivanov, Stoyu - *Professor, Accounting and Finance* (2009)

PhD, University of Nebraska-Lincoln

Iwasaki, Yoshitaka - Professor and Chair, Public Health and Recreation (2018)

PhD, University of Waterloo, Canada

Izenstark, Dina - *Assistant Professor, Child and Adolescent Development* (2017)

BS, MS, and PhD, University of Illinois at Urbana-Champaign

J

Jackson, Melinda - *Associate Dean, Undergraduate Studies* (2005)

BA, Simon's Rock College of Bard

PhD, University of Minnesota, Twin Cities

Jadhav, Shrikant - *Associate Professor, Electrical Engineering* (2021)

BE, Savitribai Phule Pune University, India

MS, Bharati Vidyapeeth Deemed University, India

PhD, North Carolina Agricultural and Technical State University

Jeffries, Micah - *Interim Director User Experience, University Library* (2014)

BA and MLIS, San Jose State University

Jahanbekam, Sogol - *Assistant Professor, Mathematics* (2018)

BA, Shiraz University, Iran

MS, Sharif University of Technology, Iran

PhD, University of Illinois at Urbana-Champaign

Janes, Michael - *Director, Executive Communications for Strategic Communications and Marketing* (2018)

BA, Western Washington University

MA, Seton Hall University

Jarvie, Scott - *Assistant Professor, English* (2020)

PhD, Michigan State University

Jaynes, Susan - *Senior Director, Budget Planning and Financial Management* (2016)

BS, Indiana University, Bloomington

Jensen, Areum - *Assistant Professor, Kinesiology* (2016)

BS, Sangmyung University, South Korea

MS, San Francisco State University

PhD, University of Missouri

Jensen, Scott - *Associate Professor, Information Systems and Technology* (2013)

PhD, Indiana University, Bloomington

Jetcheva, Jorjeta - *Assistant Professor, Computer Engineering* (2020)

BA, Mount Holyoke College

PhS, Carnegie Mellon University

Jeyachandran, Indumathi - *Assistant Professor, Civil and Environ Engineering* (2015)

PhD, University of Utah

Jiang, Lin - *Assistant Professor, Mechanical Engineering* (2021)

MS and BS, Nanjing University of Aeronautics and Astronautics, China

PhD, University of Texas at Dallas

Jimenez, Julie - *Director of Financial and Administrative Services, University Advancement* (1984)

AA, Evergreen Valley College

Jin, Li - *Assistant Professor, Kinesiology* (2019)

BS, Shanghai University of Sport, China

MS and PhD, University of Oregon

Johnson, Allison - *Assistant Professor, English* (2018)

PhD, University of California, Los Angeles

Johnson, Colleen - *Counselor II, Counseling and Psychological Services* (2012)

PhD, University of North Dakota

Marie, Tiffani - *Assistant Professor, Teacher Education* (2021)

PhD, University of California, Berkeley

Johnston, Jennifer - *Assistant Professor, Biological Sciences* (2017)

MS, Southern Illinois University

PhD, Emory University

Johnston, Vanetia - *Administrative Analyst, College of Social Sciences* (2021)

Jordan, Ryan - *Assistant Athletics Director for Compliance* (2018)

JD, Marquette University Law School

BA, University of Wisconsin, La Crosse

Jordan, Valin - *Associate Director for Teaching and Learning, Center for Faculty Development* (2020)

DED, George Washington University

Journey, Patrick - *Assistant Professor, Biomedical Engineering* (2019)

BS, University of Portland

MS and PhD, University of Texas, Austin

K

Kahn, Amanda - *Assistant Professor, Moss Landing Marine Lab* (2019)

BS, California State University, East Bay

MS, California State University, Monterey Bay

PhD, University of Alberta, Canada

Kao, Katy - *Professor, Chemical and Materials Engineering* (2019)

PhD, University of California, Los Angeles

Kari, James - *Senior Director, Maintenance and Operations* (2022)

BA, University of California, Sacramento

Karimianbahnemiri, Nima - *Assistant Professor, Computer Engineering* (2018)

MS and PhD, University of Connecticut

Karp, Fernanda - *Interim Director of Chicana and Latinx Equity, Office of Diversity* (2002)

BA, San Jose State University

Kassab, Lara - *Assistant Professor, Teacher Education* (2010)

BA, Holy Names University

MA California State University, Fullerton

EdD, University of San Francisco

PhD, Johns Hopkins University

Kaye, Melissa - *Assistant Professor, Occupational Therapy* (2014)

MS, San Jose State University

EdD, University of San Francisco

Kazemifar, Farzan - *Assistant Professor, Mechanical Engineering* (2019)

BS, Sharif University of Technology, Iran

MS and PhD, University of Illinois at Urbana-Champaign

KC, Santosh - *Assistant Professor, Chemical and Materials Engineering* (2019)

BS and MS, Tribhuvan University, Nepal

MS and PhD, University of Texas, Dallas

Keles, Ozgur - *Associate Professor, Chemical and Materials Engineering* (2015)

BS and MS, Middle East Technical University, Turkey

PhD, Purdue University

Kelly, Kristan - *Senior Associate Athletics Director for Compliance* (2021)

BS, Saint Louis University

JD, University of Missouri, Kansas City

Kelly, Resa - *Professor and Director of Science Education, Chemistry* (2005)

BA, University of Notre Dame

BA and MA, University of Northern Iowa

MS and PhD, University of Northern Colorado

Kenyon, Paula - *Research Development Specialist, Office of Research* (2020)

BA and MA, California State University, Chico

Kerstein, Spencer - *Assistant Athletic Director, Communications, Sports Information* (2021)

BA, Western Michigan University

Kersten, Trent - *Volleyball Head Coach, Women's Volleyball* (2020)

BS, University of California, Los Angeles

Khatami, Ehsan - *Associate Professor, Physics and Astronomy* (2014)

BS, Isfahan University of Technology, Iran

MS, Sharif University of Technology, Iran

PhD, University of Cincinnati

Khayatian, Mohammad - *Associate Professor, Computer Engineering* (2021)

MSc and BS, Shiraz University, Iran

PhD, Arizona State University

Khavul, Susanna - *Professor, School of Management* (2017)

DBA, Boston University

Khuri, Sami - *Professor, Computer Science* (1992)

BS, American University of Beirut, Lebanon

MS and PhD, Syracuse University

Kil, Sang - *Associate Professor, Justice Studies* (2007)

MA and PhD, Arizona State University

Kim, Chang Kim - *Professor, Design* (2000)

MFA, Hongik University, South Korea

MFA, University of Illinois at Urbana-Champaign

Kim, Suneuy - *Associate Professor, Computer Science* (2001)

PhD, Pennsylvania State University

Kini, Mitesh - *Director, Enterprise Systems* (2013)

BE, Veermata Jijabai Technological Institute, India

MS, North Carolina State University

Kinney, Edith - *Associate Professor, Justice Studies* (2014)

JD and PhD, University of California, Berkeley

Kinney, Kevin - *Director of Residential Life, Housing Coordination* (2016)

BS, Bloomsburg University of Pennsylvania

MA, Montclair State College

Klaw, Elena - *Professor, Psychology* (2000)

PhD, University of Illinois at Urbana-Champaign

Klee, Gary - *Professor, Environmental Studies* (1977)

PhD, University of Oregon

Klein, Michael - *Assistant Professor, Marketing and Business Analytics* (2017)

PhD, McGill University, Canada

Klock, Metha - *Assistant Professor, Environmental Studies* (2019)

PhD, Louisiana State University

Knepper, Paul - *Professor and Chair, Justice Studies* (2020)

PhD, Arizona State University

Kochanski, Adam - *Assistant Professor, Meteorology and Climate Science* (2020)

PhD, University of Nevada

Koev, Plamen - *Professor, Mathematics* (2008)

PhD, University of California, Berkeley

Komives, Claire - *Professor, Chemical and Materials Engineering* (1999)

BS, Tufts University

MS and PhD, University of Pittsburgh

Kong, Alan - *Contract Manager, Procurement* (2021)

MBA, Saint Mary's College of California

Konya, Jeffrey - *Director of Athletics, Athletic Director's Office* (2021)

JD, University of Iowa

Koo, Hahn - *Associate Professor, Linguistics and Language Development* (2008)

BA, Seoul National University, South Korea

PhD, University of Illinois at Urbana-Champaign

Korani, Tina - *Assistant Professor, Journalism and Mass Communications* (2017)

BA, Art University of Tehran, Iran

MFA, Louisiana State University

Kothari, Tanvi - *Associate Professor, Global Innovation and Leadership* (2012)

BS, University of Mumbai, India

PhD, Temple University

Kraskouskas, Jennifer - *Assistant Bursar, Bursar's Office* (2017)

MBA, Boston University

Kress, Monika - *Professor and Chair, Physics and Astronomy* (2004)

BA and PhD, Rensselaer Polytechnic Institute

Krishnan, Sudha - *Assistant Professor, Special Education* (2021)

MA, Boston College

EDD, University of San Francisco

Krishnaswamy, Revathi - *Professor and Graduate Coordinator, English* (2994)

PhD, Kent State University

Krow-Lucal, Samuel - *Assistant Director of General Accounting, Accounting Services* (2013)

BA, University of California, Santa Cruz

MBA, San Jose State University

Kubota, Jamie - *Assistant Professor, Nutrition, Food Science and Packaging* (2008)

MS, San Jose State University

Kulkarni, Saili - *Associate Professor, Special Education* (2018)

BA, Boston University

MS and PhD, University of Wisconsin, Madison

Kumar, Anil - *Associate Professor and Associate Director of Human Factor/Ergonomics, Industrial and Systems Engineering* (2015)

PhD, Western Michigan University

Kumar, Gautam - *Assistant Professor, Chemical and Materials Engineering* (2021)

BTech, Indian Institute of Technology, Kanpur

PhD and MS, Lehigh University

Kwan, Yvonne - *Assistant Professor, Sociology and Interdisciplinary Social Sciences* (2017)

PhD, University of California, Santa Cruz

L

Lacy, Veneice - *Assistant Professor, Educational Leadership* (2021)

PhD, Washington State University

Lage, Kathryn - *Associate Librarian, Moss Landing Marine Lab* (2016)

BA, University of California, Santa Cruz

MLIS, San Jose State University

Laker, Jason - *Professor and Chair, Counselor Education* (2010)

PhD, University of Arizona

Lattimer, Heather - *Dean, College of Education* (2018)

DED, University of San Diego

Lambrecht, Susan - *Professor, Biological Sciences* (2004)

PhD, Oregon State University

Lane, Emily - *Director of Development, College of Science* (2016)

BA, University of California, Sacramento

Laraway, Sean - *Professor, Psychology* (2008)

BA, Central Michigan University

MA and PhD, Western Michigan University

Lasser, Robin - *Professor, Art and Art History* (1990)

BA, University of California, Los Angeles

MFA, Mills College

Lau, Feyon - *Student Ombudsperson, Student Services* (2019)

MA, San Jose State University

Lazerson, Danielle - *Assistant Professor, Accounting and Finance* (2020)

MBA, Chapman University

PhD, Louisiana State University

Le, Thuy - *Professor and Chair, Electrical Engineering* (1996)

BS, MS, and PhD, University of California, Berkeley

Ledesma Limon, Maria - *Associate Professor, Educational Leadership* (2020)

PhD, University of California, Los Angeles

Lee, Bee Leng - *Professor, Mathematics* (2005)

BSS, National University of Singapore

MS and PhD, University of Wisconsin, Madison

Lee, Diane - *Assistant Professor, Design* (2018)

BS, University of Cincinnati

MFA, Rhode Island School of Design

Lee, Douglas - *Assistant Director for Assessment and Planning, Housing Business Services* (2022)

MA, University of Maryland, Baltimore County

Lee, Hojeong - *Assistant Professor, Film and Theatre* (2021)

BA, Ewha Womans University, South Korea

MA, Yonsei University, South Korea

MA, New York University

PhD, Temple University

Lee, Hyojin - *Assistant Professor, Marketing and Business Analytics* (2016)

BS and MS, Seoul National University, South Korea

PhD, Ohio State University

Lee, James - *Senior Director of Faculty Affairs, University Personnel* (2005)

BA, University of Notre Dame

MA, University of Florida

PhD, Indiana University, Bloomington

Lee, Jihyun - *Assistant Professor, Kinesiology* (2017)

BS and MS, Seoul National University

PhD, Ohio State University

Lee, Kathy - *Associate Director, Counseling and Psychological Services* (2021)

BA, University of California, Irvine

MA, Pepperdine University

PhD, Palo Alto University

Lee, Na Youn - *Assistant Professor, School of Social Work*

BA, Yonsei University, South Korea

MIA and MSW Columbia University

PhD, University of Michigan, Ann Arbor

Lee, Peter Allen - *Professor and Director, School of Social Work* (1999)

BA, MSW, and PhD, University of California, Berkeley

Lee, Sang Eun - *Professor, School of Social Work* (2006)

BA, Seoul Women's University, South Korea

MSW, University of Michigan, Ann Arbor

PhD, University of California, Los Angeles

Lee, Sang-Joon - *Professor, Mechanical Engineering* (2002)

PhD, Massachusetts Institute of Technology

Lee, Seungjoon - *Assistant Professor, Applied Data Science* (2020)

MS and PhD, Brown University

Lee, Wei-Chien - *Counselor III, Counseling and Psychological Services* (2004)

PhD, Purdue University

Lee, Wendy - *Assistant Professor, Computer Science* (2018)

BS, University of Waterloo, Canada

MS, San Jose State University

MS and PhD, University of California, Santa Cruz

LeFever, James - *Director of Technology, College of Humanities and Arts* (1984)

BA, San Francisco State University

Leineweber, Matthew - *Assistant Professor, Biomedical Engineering* (2017)

BS, University of Portland

MS and PhD, Cornell University

Leisenring, Amy - *Associate Dean, Inclusive Student Success, College of Graduate Studies* (2005)

BA, Miami University, Ohio

MA, New Mexico State University

PhD, University of Colorado

Lemon, Kathy - *Associate Professor, School of Social Work* (2006)

BA, University of California, Santa Cruz

MSW, San Jose State University

PhD, University of California, Berkeley

Lester, Gretchen - *Associate Professor, School of Management* (2012)

PhD, University of Nebraska-Lincoln

Lester, Thomas - *Associate Professor, Urban and Regional Planning* (2019)

BA, University of Pennsylvania

MUPP, University of Illinois

PhD, University of California, Berkeley

Li, Hua - *Professor, Computer Engineering* (1997)

BS, Tianjin University, China

MS and PhD, University of Iowa

Li, Kara - *Associate Vice President, Strategic Planning and Portfolio Management* (2016)

BBA, Georgia State University

Li, Zongchao - *Associate Professor, Journalism and Mass Communications* (2016)

PhD, University of Miami

Lim, Bob - *Vice President, Information Technology and Chief Information Officer* (2017)

MBA, Saint Mary's College of California

Lin, Ellen - *Special Consultant, Counseling and Psychological Services* (2021)

BA, University of California, Los Angeles

PhD, Washington State University

Lindelof, Leanne - *Professor, English* (2022)

BA, Brigham Young University

MA and MFA, San Jose State University

Lington, Aaron - *Professor, Music and Dance* (2004)

BM, University of Houston

MM and DMA, University of North Texas

Liss, Wendi - *Deputy Title IX Officer, Title IX* (2017)

JD, Loyola University of Chicago

Liu, Hongrui - *Assistant Professor, Industrial and Systems Engineering* (2017)

PhD, University of Washington

Liu, Kaikai - *Associate Professor, Computer Engineering* (2015)

PhD, University of Florida

Liu, Geoffrey - *Professor, School of Information* (2995)

BA and MA, Wuhan University, China

PhD, University of Hawaii at Manoa

Liu, Rui - *Associate Professor, Economics* (2013)

BS, Nankai University, China

MS, City University of Hong Kong, Hong Kong

PhD, University of California, Irvine

Liu, Ziming - *Professor, School of Information* (2000)

MS, Zhongshan University, China

PhD, University of California, Berkeley

Liz, Jordan - *Assistant Professor, Philosophy* (2018)

PhD, University of Memphis

Loatfi, Mehregan (Morgan) - *Senior Construction Manager, Capital Outlay Project Management* (2017)

BS, West Virginia University

Loertscher, David - *Professor, School of Information* (1996)

BS, University of Utah

ML, University of Washington

PhD, Indiana University, Bloomington

Lohmann, Tammy - *Head Coach, Softball* (2020)

MA, Bradley University

Lombardi, Paul-Vincent - *Assistant Professor, Economics* (2018)

PhD, University of California, Irvine

Long, Avizia - *Assistant Professor, World Languages and Literatures* (2018)

BA, University of North Carolina at Chapel Hill

MA, North Carolina State University

MA and PhD, Indiana University

Long, Katrina - *Assistant Professor, Occupational Therapy* (2020)

BA, California State University, Channel Islands

MA, Thomas Jefferson University

PhD, Columbia University

Loomba, Arvinder - *Professor, Global Innovation and Leadership* (1999)

BMe, Bangalore University, India

MBA, California State University, East Bay

PhD, University of Southern California

Lopez-Arreola, Juanita (Sarah) - *Director of Resources and Operations, College of Education* (2001)

BA and MPA, San Jose State University

Louie, Therese - *Professor, Marketing and Business Analytics* (2003)

PhD, University of California, Los Angeles

Love, Matthew - *Assistant Professor, Special Education* (2018)

BS, MEd, and PhD, University of Nevada, Las Vegas

Lowe, Carli - *Senior Assistant, University Library* (2019)

MLIS, University of Illinois at Urbana-Champaign

Lucero Wulf, Jane - *Interim Nurse Manager, Student Wellness Center* (2021)

BS, Santa Clara University

Ludka, Bonnie - *Assistant Professor, Geology* (2021)

BS, James Madison University

MS and PhD, University of California, San Diego

Luna, Christopher - *Assistant Professor, Music and Dance* (2021)

BA, Universidad Iberoamericana, Mexico

BM, National Autonomous University of Mexico, Mexico

MA, Mills College

PhD, University Of Virginia

Luo, Lili - *Professor, School of Information* (2007)

BA and MS, Peking University, China

PhD, University of North Carolina at Chapel Hill

Lupton, Nathaniel - *Assistant Professor, Global Innovation and Leadership* (2020)

MBA, Carleton University, Canada

PhD, Richard Ivey School of Business, Canada

Lustigman, Lyle - *Assistant Professor, Communicative Disorders and Sciences* (2016)

BA, MA, and PhD, Tel Aviv University, Israel

Luu, Raymond - *Associate Director of Commercial Services, Business Services* (2019)

BS, San Francisco State University

Ly, Anh - *Director of Development for Humanities and the Arts, Development University Advancement* (2017)

PhD, Northwestern University

M

Ma-Kellams, Christine - *Assistant Professor, Psychology* (2019)

BA, University of California, Berkeley

PhD, University of California, Santa Barbara

Macdonald, Scott - *Deputy Athletic Director for Public Relations & Content Strategy, External Athletic Operations* (2021)

BS, St. Andrews University

MPA, Oakland University

MacLeod, Megan - *Associate Athletics Director, Athletic Marketing* (2022)

MS, University of Illinois Urbana-Champaign

Madadi, Mahboubeh - *Assistant Professor, Marketing and Business Analytics* (2019)

BS, Shahid Beheshti University, Iran

MS, University of Tehran

MS, University of Arkansas

PhD, University of Arkansas

Madura, Thomas - *Assistant Professor, Physics and Astronomy* (2016)

PhD, University of Delaware

Maffini, Cara - *Associate Professor, Child and Adolescent Development* (2014)

BA and BS, University of California, Davis

MA, Sacramento State University

PhD, Indiana University, Bloomington

Maguire, Matthew - *Assistant Professor, School of Management* (2018)

BA, Cornell University

MSc, London School of Economics and Political Science

PhD, Boston University

Mahendra, Nidhi - *Professor and Chair, Communicative Disorders and Sciences* (2016)

BSc, All India Institute of Medical Sciences, India

MS, All India Institute of Speech and Hearing, India

PhD, University of Arizona

Mahzabeen, Fariah - *Assistant Professor, Technology* (2017)

PhD, Stanford University

Main, Linda - *Professor, School of Information* (1985)

BA and MA, University of Dublin, Ireland

MLIS, University of Wales

PhD, University of Illinois at Urbana-Champaign

Mak, Ronald - *Professor, Computer Engineering* (2021)

BS and MS, Stanford University

Makani, Betty - *Executive Director, Career Center* (2014)

PhD, Kansas State University

Malinowski, David - *Assistant Professor, Linguistics and Language Development* (2018)

BA, University of California, Berkeley

MA, San Francisco State University

PhD, University of California, Berkeley

Malloy, Kerri - *Assistant Professor, Humanities* (2021)

BA, Humboldt State University

MLL, University of Tulsa

PhD, Gratz College

Malloy, Suzanne - *Professor and Undergraduate Coordinator, Nursing* (1981)

BSN, University of Utah

MSN, University of Nebraska-Omaha

EdD, Nova University

Malutta, Jennifer - *Senior Director, Community and Government Relations* (2019)

BA, University of Kansas

Manaloor, Jacob - *Director of Development for Research and Innovation, Development University Advancement* (2021)

BBA, Indiana University - Kelley School of Business

JD, Indiana University-Purdue University at Indianapolis

Manuel, Anita - *Associate Director, Career Center* (2004)

BA, University of California, Santa Barbara

MA, Santa Clara University

Marachi, Roxana - *Professor, Teacher Education* (2006)

BS, University of Washington

MA and PhD, University of Michigan, Ann Arbor

Maraghehmoghaddam, Armin - *Assistant Professor, Technology* (2020)

PhD, Iowa State University

Marbouti, Farshid - *Assistant Professor, Interdisciplinary Engineering* (2016)

BS, Sharif University of Technology, Iran

MS, Amirkabir University of Technology, Iran

MA, Simon Fraser University, Canada

PhD, Purdue University

Marouf, Essam - *Professor, Electrical Engineering* (1990)

PhD, Stanford University

Marsh, Eleanor - *Associate Professor, World Languages and Literatures* (2007)

PhD, University of California, Davis

Martinez, Christie - *Manager of Employment Authorization and Compliance Services, University Personnel* (2014)

BS, San Jose State University

Martinez, Jerry - *Associate Professor, English* (2021)

MFA, George Mason University

Martinez, Maria - *University Registrar, Office of the Registrar* (2022)

PhD, Chapman University

Marwan, Rania - *Assistant Professor, Political Science* (2021)

MPA, American University, Egypt

DBA, Ain Shams University, Egypt

PhD, Auburn University

Marx, Robert - *Assistant Professor, Child and Adolescent Development* (2019)

BA, Brandeis University

MAT, Boston University

PhD, Vanderbilt University

Mashinchi, Kenneth - *Executive Director of Strategic Communications and Media Relations, Strategic Communications and Marketing* (2020)

BA, California State University, Stanislaus

MS, University of Southern California

Massey, Kimberly - *Professor and Associate Chair, Film and Theatre* (1987)

BS, University of Texas, Austin

MA, San Francisco State University

PhD, University of Utah

Masucci, Matthew - *Associate Dean, College of Health and Human Sciences* (2002)

BA, Salisbury University

MA, Ohio University

PhD, University of Tennessee

Mathias, Harold - *Associate Professor, Film and Theatre* (2012)

BA and MA, San Francisco State University

Mathur, Gita - *Professor, School of Management (2002)*

BTech and MTech, Indian Institute of Technology, India

MBA, University of California, Berkeley

PhD, Rensselaer Polytechnic Institute

DBA, Harvard University

Mathur, Ravisha - *Associate Professor, Child and Adolescent Development (2002)*

BS, Pennsylvania State University

MA and PhD, Purdue University

Mathur, Shishir - *Professor, Urban and Regional Planning (2004)*

BA, Regional Engineering College Tiruchirappalli, India

MUP, School of Planning and Architecture, India

PhD, University of Washington

Mattarelli, Elisa - *Associate Professor, School of Management (2019)*

MS, University of Bologna, Italy

PhD, University of Padova, Italy

Matthews, Lezlee - *Director for Co-Curricular Learning, Educational Equity and Assessment , Student Affairs (2022)*

PhD, University of California, Los Angeles

Mauldin, Kasuen - *Professor, Nutrition, Food Science & Packaging (2011)*

BS, Southern Methodist University

PhD, University of California, Berkeley

McClusky, John - *Professor, Design (2002)*

BS, University of Cincinnati

MA, Ohio State University

McConnell, Kathleen - *Professor, Communication Studies (2009)*

BA, Evergreen State College

MA, Bowling Green State University

PhD, Indiana University, Bloomington

McCraw, William - *Professor, Political Science (2006)*

PhD, Stanford University

McDonald, Birgitte - *Associate Professor, Moss Landing Marine Lab (2015)*

MA, Sonoma State University

PhD, University of California, Santa Cruz

McElhatton, Robin - *Assistant Director of Media Relations, Strategic Communications and Marketing (2015)*

BA, The University of Arizona

McElroy, Coleetta - *Interim Senior Associate Vice President, Enrollment Management (1988)*

BA, California State University, Long Beach

MPA, San Jose State University

McGahee, Bonnie - *Assistant Director of Residential Life, Housing Coordination (2018)*

MS, University of Baltimore

McGee, Elizabeth - *Professor, Biological Sciences (1997)*

BA and MA, University of California, Berkeley

MA and PhD, State University of New York, Stony Brook

McGiven, Kevin - *Football Assistant Coach/Offensive Coordinator, Football (2018)*

BSA, Utah Valley University

MS, Brigham Young University

McKee, Alison - *Professor and Vice Chair, Film and Theatre (2002)*

BA and MA, University of California, Santa Barbara

PhD, University of California, Los Angeles

McKenzie, Craig - *Assistant Professor, Music and Dance (2018)*

BM, University of Colorado at Boulder

MA, San Jose State University

DMA, University of Miami

McKinnon, Tamara - *Professor, Nursing (1992)*

MS, San Jose State University

McMullin, Kurt - *Professor, Civil and Environmental Engineering (1996)*

BS, Iowa State University

MS and PhD, University of California, Berkeley

McNabb, Richard - *Professor, Associate Chair and Writing Programs Administrator, English (2014)*

PhD, University of Arizona

McNiece, Zachary - *Assistant Professor, Counselor Education* (2022)

PhD, University of Florida

McNeil, Melanie - *Professor, Chemical and Materials Engineering* (1990)

BS, MS, and PhD, University of California, Santa Barbara

McNiesh, Susan - *Professor, Nursing* (2018)

PhD, University of California, San Francisco

McSharry, Kathleen - *Professor, English* (2015)

PhD, University of Wisconsin, Madison

Mead-Nytko, Danielle - *Assistant Professor, Child and Adolescent Development* (2016)

BS, University of Mary Washington

MA and PhD, George Mason University

Medders, Carrie - *Senior Director of Technology and Training, University Personnel* (1998)

BS, Arizona State University

MS, West Virginia University

Megwalu, Anamika - *Associate Librarian, University Library* (2016)

PhD, Long Island University, Brooklyn

Memarzadeh, Faranak - *Associate Professor, Hospitality, Tourism and Event Management* (2015)

PhD, Texas Tech University

Mena, Dolores - *Professor, Counselor Education* (2005)

PhD, University of California, Santa Cruz

Mendenhall, Monica - *Student Affairs Case Manager, Student Services* (2021)

MA, Saint Mary's College of California

Mendoza, Valerie - *Associate Professor, Art and Art History* (2004)

BFA, San Jose State University

MFA, California College of Arts and Crafts

Meniketti, Marco - *Professor, Anthropology* (2006)

BA, University of California, Berkeley

MA, Michigan State University

MS, Michigan Technological University

PhD, Michigan State University

Mercado, Crystal - *Interim Manager, University Personnel* (2015)

BBA, Loyola Marymount University

Merz, Michael - *Professor and Chair, Marketing and Business Analytics* (2008)

PhD, University of Hawaii at Manoa

Merz, Miwa - *Associate Professor, Marketing and Business Analytics* (2011)

PhD, University of Hawaii at Manoa

Meshcheryakov, Artem - *Associate Professor, Accounting and Finance* (2015)

BA, Volgograd State Technical University, Russia

MBA, Marshall University

PhD, Texas Tech University

Messing, Nicholas - *Student and Regional Alumni Engagement Specialist, Alumni and Community Engagement* (2020)

BA, MidAmerica Nazarene University

MS, University of Central Missouri

Meth, Michael - *Dean, University Library* (2021)

MS, University of Toronto, Canada

Metzger, Ellen - *Professor, Geology* (1989)

PhD, Syracuse University

Middaugh, Ellen - *Associate Professor, Child and Adolescent Development* (2014)

BA, George Washington University

PhD, University of California, Berkeley

Miles, Timothy - *Head Coach, Men's Basketball* (2021)

MS, Northern State University

Miller, Jonathan - *Professor, Geology* (1999)

PhD, University of North Carolina

Miller, Shannon - *Dean, College of Humanities and Arts* (2014)

BA, Dartmouth College

MA and PhD, University of California, Santa Barbara

Miller Conrad, Laura - *Associate Professor, Chemistry* (2014)

BA, Macalester College

PhD, University of California, Berkeley

Millora, Melissa (Lisa) - *Vice President for Strategy and Institutional Affairs & Chief of Staff , Office of President* (2019)

BA and MA, Boston College

MA and PhD, University of California, Los Angeles

Mir, Nader - *Professor, Electrical Engineering* (2001)

MS and PhD, Washington University, Saint Louis

Miranda, Celinda - *Counselor II, Counseling and Psychological Services* (2015)

MSW, San Jose State University

MDI, American Baptist Seminary of the West

Mitchell, Linda - *Professor, English* (1998)

PhD, University of Southern California

Mitchler, Joseph - *Tower Card Manager, Bursar's Office* (2018)

BS, San Jose State University

Mocarski Jr, Richard - *Associate Vice President for Research, Office of Research* (2021)

PhD, University of South Alabama

Moh, Melody - *Professor and Chair, Computer Science* (1991)

PhD, University of California, Davis

Moh, Teng-Sheng - *Professor, Computer Science* (2004)

PhD, University of California, Davis

Mohlenhoff, Marko - *Student Affairs Case Manager, Student Services* (2017)

BA, Cornell University

MED, Colorado State University

Mok, Gwendolyn - *Professor, Music and Dance* (2003)

BA, Yale University

MM and DMA, State University of New York, Stony Brook

Monday, Nyle - *Librarian, University Library* (2005)

BA, University of Hawaii at Manoa

MA, California State University, Bakersfield

MS, San Jose State University

Monsur, Seham (Sami) - *Senior Director of Academic Budgets, Administration and Operations, Provost/SVP Academic Affairs* (2003)

BA, San Jose State University

Mooradian, Norman - *Assistant Professor, School of Information* (2022)

BA, Claremont College

MA and PhD, Ohio State University

Moore, Dorothy - *Assistant Professor, Nursing* (2018)

DNP, California State University, Northern California Consortium

Morelos-Zaragoza, Robert - *Professor, Electrical Engineering* (2002)

BSEE and MSEE, National Autonomous University of Mexico, Mexico

PhD, University of Hawaii at Manoa

Moriarty, Thomas - *Professor, English* (2014)

PhD, Purdue University

Morris, Susannah - *Director, Study Abroad and Away* (2016)

MA, School for International Training

Morris, Nicole - *Director of Cleary and Drug-Free Schools and Communities Act Compliance, Administration and Finance* (2019)

BA and MS, Portland State University

Mou, Bo - *Professor, Philosophy* (2000)

PhD, University of Rochester

Mourtos, Nikos - *Professor and Chair, Aerospace Engineering* (1985)

BS, University of Patras, Greece

MS, Engineer, and PhD, Stanford University

Mullin, Deborah - *Director of Resources and Operations, Custodial* (2016)

Mullin, James - *Lead Custodial Crew Manager, Custodial* (2016)

Mullen, Elizabeth - *Associate Professor, School of Management* (2015)

PhD, University of Illinois at Chicago

Muller, Gilles - *Professor, Chemistry* (2012)

BS and MS, University Louis Pasteur, France

PhD, University of Lausanne, Switzerland

Mullin, James (Jim) - *Custodial Crew Manager* (2016)

Mulvaney, Dustin - *Professor, Environmental Studies* (2011)

BA and MS, New Jersey Institute of Technology

PhD, University of California, Santa Cruz

Munaganti, Pavankumar - *Assistant Professor, Marketing and Business Analytics* (2020)

PhD, Washington State University

Munayer, Ibrahim - *Head Coach, Athletic Performance, Strength and Conditioning* (2021)

MS, Texas Tech University

Mune, Christina - *Associate Dean of Innovation and Research Management, University Library* (2012)

MLIS, San Jose State University

Muñoz-Muñoz, Eduardo - *Assistant Professor, Teacher Education* (2014)

MA, University of California, Berkeley

MA and PhD, Stanford University

Murphy, Veronica - *Director, Donor Relations and Stewardship* (2006)

BA, San Jose State University

Muthig, Michael - *Director of Innovation, Office of Innovation* (2020)

BS and PhD, University of South Carolina

MS, University of Kentucky

Myatt, Rodney - *Professor, Biological Sciences* (2009)

N

Nathan-Roberts, Dan - *Associate Professor, Industrial and Systems Engineering* (2014)

BS, University of Rochester

MSE and PhD, University of Michigan

Ndon, Udeme - *Professor, Civil and Environmental Engineering* (1996)

PhD, University of Iowa

Nellen, Annette - *Professor and Director of MST Program, Accounting and Finance* (1990)

BS, California State University, Northridge

MBA, Pepperdine University

JD, Loyola Law School

Nelson, Joshua - *Associate Professor, Design* (2013)

MA, University of Washington

Nguyen, Hung - *Title IX Project Manager, Title IX* (2022)

BS, San Jose State University

Nguyen, Alice - *Assistant Director of Web Development, Strategic Communications and Marketing* (2020)

MPA, California State University, Stanislaus

Nguyen, Leon - *IT Program Director, Strategic Plan and Portfolio Management* (1999)

BA, San Jose State University

Nguyen, Ngoc - *Assistant Parking Manager, Parking Services* (2002)

AS, Mission College

BS, San Jose State University

Nicasio Solis, Luz Braulio - *Senior Construction Manager, Capital Outlay Project Management* (2022)

Bs, San Jose State University

Nie, Yining - *Assistant Professor, Linguistics and Language Development* (2022)

BA, University of Cambridge

MA, University of Toronto, Canada

PhD, New York University

Nieva Jr., Norberto - *Chief Engineer, Co-Generation Plant* (2019)

BSEE, Adamson University

MBA, University of Phoenix

Nojan, Saugher - *Assistant Professor, College of Social Sciences* (2021)

PhD, University of California, Santa Cruz

Norris, Keenan - *Assistant Professor, English* (2017)

PhD, University of California, Riverside

Nymeyer, Matt - *Director, Environmental Health and Safety* (2014)

BS, Northern Arizona University

MS, Arizona State University

O

O'Brien, Stephen - *Deputy Director, Athletics* (2017)

BA, Santa Clara University

JD, University of Southern California

O'Dell, Shaun - *Assistant Professor, Art and Art History* (2019)

MFA, Stanford University

O'Malley, Rachel - *Professor, Environmental Studies* (1998)

PhD, University of California, Santa Cruz

O'Rorke, Ryan - *Associate Athletics Director for Marketing, Athletic Marketing* (2018)

BA, University of North Carolina at Chapel Hill

Odum, Derrick - *Assistant Football Coach/Defensive Coordinator, Football* (2016)

BS, University of Utah

Oh, Dahyun - *Assistant Professor, Chemical and Materials Engineering* (2017)

BS, Seoul National University, South Korea

PhD, Massachusetts Institute of Technology

Okamoto, Nicole - *Associate Dean for Undergraduate Programs and Student Success, College of Engineering* (2001)

BS, Calvin College

MS and PhD, University of Illinois at Urbana-Champaign

Okuda, Roy - *Professor, Chemistry* (1990)

BA, University of California, San Diego

PhD, University of Hawaii

Olson, Katharine - *Associate Professor, History* (2016)

BA, University of Chicago

PhD, Harvard University

Olson, Nathan - *Assistant Athletics Director for Annual Giving , External Athletic Operations* (2019)

BA, University of Minnesota, Morris

MED, University of Washington

Onita, Colin - *Assistant Professor, Accounting and Finance* (2018)

BBA, Academy of Economic Studies, Romania

MSc, Fogelman College of Business and Economics

PhD, University of Memphis

Ormsbee, Todd - Associate Professor, Humanities (2005)

MA and PhD, University of Kansas

Osland, Asbjorn - *Professor, Global Innovation and Leadership* (2002)

PhD, Case Western Reserve University

Ouverney, Cleber - *Professor, Biological Sciences* (2005)

BS, Occidental College

MS, California State University, East Bay

PhD, University of Southern California

Oyamot, Clifton - *Professor and Chair, Psychology* (2005)

BA, Reed College

PhD, University of Minnesota, Twin Cities

Ozemek, Haluk - *Professor, Computer Engineering* (1982)

PhD, University of Arkansas, Fayetteville

P

Pagani, Marco - *Interim Dean, Lucas College and Graduate School of Business* (2006)

MS, University of Montreal

PhD, Georgia State University

Painter, Sierra - *Assistant Director, External Athletic Operations* (2021)

BA and MA, San Jose State University

Paisant, Julie - *Senior Director of Employee Relations, Retention, and Equal Opportunity, University Personnel* (2012)

AA, Monterey Peninsula College

BA, California State University, Fresno

Pala, Atulkumar - *Senior Director of IT Computing Services, Computing Services* (2006)

BS, Yeshwantrao Chavan College of Engineering, India

Palmer, Dedra - *Senior Associate Athletics Director of Athletics, Athletics Facilities and Events* (2022)

MA, Canisius College

Palmer, Evan - *Associate Professor and Graduate Coordinator, Psychology* (2016)

BA, MA, and PhD, University of California, Los Angeles

Palos-Pons, Manel - *Assistant Professor, Journalism & Mass Communications* (2022)

PhD, University of California, San Diego

Panahi, Maggie - *IT Project Director, Strategic Planning and Portfolio Management* (2015)

PhD, University of San Francisco

Papa, Lester - *Assistant Professor, Psychology* (2021)

PhD, Utah State University

Papadopoulos, Periklis - *Professor, Aerospace Engineering* (1998)

PhD, Stanford University

Papazian, Mary - *Special Assistant to Chancellor, Office of the President* (2016)

PhD, University of California, Los Angeles

Parent, David - *Professor, Electrical Engineering* (1999)

BS, MS, and PhD, University of Connecticut

Park, Chulwoo (Charles) - *Assistant Professor, Public Health and Recreation* (2020)

BS, University of Utah

MSPH, Johns Hopkins Bloomberg School of Public Health

PhD, George Washington University

Park, Hyun-Sook - *Professor, Special Education* (2002)

PhD, University of California, Berkeley

Park, Taeho - *Professor and Director, Global Innovation and Leadership* (1988)

PhD, University of Wisconsin, Madison

Park, Younghee - *Associate Professor, Computer Engineering* (2013)

PhD, North Carolina State University

Parrish, Vicki - *Professor, Computer Engineering* (2018)

Patel, Niranjani - *Professor and Graduate Coordinator, Industrial and Systems Engineering* (2002)

BSc and MSc, Maharaja Sayajirao University of Baroda, India

MS, University of Illinois at Chicago

MS and PhD, Georgia Institute of Technology

Paul, Cassandra - *Associate Professor, Physics and Astronomy* (2012)

BA, State University of New York, Oswego

MS, University of Wyoming

PhD, University of California, Davis

Payumo, Nino Alexander - *Assistant Professor, Biological Sciences* (2020)

PhD, Stanford University

Pearce, Jon - *Professor, Computer Science* (1982)

PhD, University of California, Berkeley

Penate, Rey - *Senior Director of Online Recruitment, Academic Innovation and Online Initiatives* (2021)

MBA, Notre Dame de Namur University

Pendyala, Vishnu - *Assistant Professor, Applied Data Science* (2021)

MS, San Jose State University

MBA and ME, Osmania University, India

PhD, Santa Clara University

Peng, Chunhui - *Associate Professor, World Languages and Literatures* (2010)

PhD, University of California, San Diego

Peck, Deanna - *Director, Peer Connections* (1999)

MA, Indiana University Southeast

Percival, Garrick - *Professor and Chair, Political Science* (2012)

BA and MA, San Diego State University

PhD, University of California, Riverside

Pereira, Gary - *Assistant Professor, Geography* (2002)

PhD, University of Minnesota, Twin Cities

Pereira Pignotti, Giselle - *Associate Professor, Director of Didactic Program in Dietetics (DPD) Nutrition, Food Science and Packaging* (2014)

BS and MS, University of São Paulo

PhD, Arizona State University

Perez-Guerra, Maria - *University Risk Manager, Business Services* (2016)

Perez, Felipe - *Interim Distribution Service Manager, Distribution and Asset Services* (2006)

Perez, Ramon - *Interim Director of Resources & Operations, College of Health and Human Sciences* (1996)

MA, San Jose State University

Perez, Yazmin - *Manager for Leave, Workers' Compensation, and Accommodation Programs, University Personnel* (2021)

AA, San Jose City College

BA, San Jose State University

Petel, Amanda - *Director of Corporate and Foundation Relations, Development University Advancement* (2021)

BA, MA and PhD, University of California, Los Angeles

Peter, Kenneth - *Professor, Political Science* (1990)

BA, Stanford University

MA, University of Chicago

MA and PhD, Princeton University

Pham-Hi, Ninh - *Director of Internal Control, Administration and Finance* (2003)

MA, Chicago State University

Phillips, April - *Head Coach, Women's Basketball* (2022)

BA, Xavier University

Phillabaum, Scott - *Associate Professor and TESOL Coordinator Linguistics and Language Development* (2008)

BA, Tulane University

MA, Louisiana State University

PhD, University of California, Los Angeles

Pickering, Mary - *Professor, History* (1994)

BA, MA, and PhD, Harvard University

Pietsch, Carlie - *Assistant Professor, Geology* (2017)

PhD, University of Southern California

Pizarro, Marcos - *Associate Dean, College of Education* (1999)

BA, Stanford University

PhD, University of California, Los Angeles

Plato, Peggy - *Professor, Kinesiology* (1976)

BS, San Jose State University

MS, University of Arizona

PhD, Ohio State University

Pogodzinski, Joseph - *Professor, Economics* (1987)

PhD, State University of New York, Stony Brook

Pollett, Christopher - *Professor, Computer Science* (2001)

PhD, University of California, San Diego

Ponniah, Jonathan - *Assistant Professor, Electrical Engineering* (2017)

PhD, University of Illinois at Urbana-Champaign

Poo, Adriana - *Senior Assistant, University Library* (2012)

Portner, Ryan - *Assistant Professor, Geology* (2017)

PhD, Macquarie University, Australia

Potika, Aikaterini - *Assistant Professor, Computer Science* (2015)

PhD, National Technical University of Athens, Greece

Poza, Luis - *Assistant Professor, Teacher Education* (2018)

BA, Yale University

MS, Columbia University

PhD, Stanford University

Prado, Carolina - *Assistant Professor, Environmental Studies* (2018)

BA, San Diego State University

PhD, University of California, Berkeley

Preston, Stephanie - *Counselor I, Counseling and Psychological Services* (2013)

MS, Pacific Northwest College of Art

PhD, Pacific University School of Professional Psychology

Pries, Eleanor - *Assistant Professor, Design* (2018)

BA, Harvard University

MA, University of Virginia

MArch, University of California, Berkeley

Prioleau, Jean - *Men's Basketball Head Coach* (2017)

BS, Fordham University

Pritsker, Jeffrey - *Associate Director of Budget Planning and Administration, Budget and Financial Management* (2018)

BS, Purdue University

MBA, Miami University

PhD, Florida State University

Prochaska, Frederick - *Professor, School of Social Work* (2017)

BA, Pennsylvania State University

MSW, West Virginia University

MPH and PhD, University Of Pittsburgh

Prunty, Kathleen - *Senior Associate Vice President, Finance and Business Services* (2018)

BA, Pitzer College

Pruthi, Sarika - *Associate Professor, Global Innovation & Leadership* (2014)

BA and MA, University of Delhi, India

MA and PhD, University of Nottingham, UK

Pyeon, Jae-Ho - *Associate Professor, Civil and Environmental Engineering* (2007)

PhD, University of Florida

Q

Quach, Wendy - *Professor and Graduate Program Director, Communicative Disorders and Sciences* (2007)

BA and MA, University of Alberta, Canada

PhD, University of Nebraska-Lincoln

Quan, Gina - *Assistant Professor, Physics and Astronomy* (2019)

BA, University of California Berkeley

PhD, University of Maryland, College Park

Quan, Xiaohong - *Professor, Global Innovation and Leadership* (2007)

BS and ME, Peking University, China

PhD, University of California, Berkeley

Queale, Abby - *Director of Innovation, Office of Innovation* (2022)

Quill, Lawrence - *Professor, Political Science* (2006)

PhD, University of Essex, England

Quintanar, Mary - *Senior Associate Athletics Director of Human Resources, Athletics Internal Operations* (2019)

PhD, Stanford University

R

Rabin, Colette - *Professor, Teacher Education* (2006)

BA, Reed College

MA, San Jose State University

PhD, Mills College

Radford, Cameron - *Director of Football Digital Communications, Football* (2017)

BS, Oregon State University

Radlauer, Madalyn - *Assistant Professor, Chemistry* (2017)

BS, Stanford University

PhD, California Institute of Technology

Raghuram, Sumita - *Associate Professor, School of Management* (2019)

PhD, University of Minnesota

Rajan, Mahesh - *Professor, Marketing and Business Analytics* (2001)

PhD, University of California, Irvine

Rajkovic, Tijana - *Associate Professor, Accounting and Finance* (2015)

BS, University of Belgrade, Serbia

PhD, University of Missouri

Raman, Priya - *Associate Professor, Communication Studies* (2008)

BS, Osmania University College for Women, India

MA, University of Arizona

PhD, University of Arizona

Ramasubramanian, Anand - *Professor, Chemical and Materials Engineering* (2016)

PhD, Rice University, Houston, Texas

Ramirez, Johnny - *Assistant Professor, Chicana and Chicano Studies* (2021)

PhD, University of California, Los Angeles

Ramirez, Maria -- *Director of Advancement Services, Advancement and Campaign Operations* (1998)

Ramirez, Ruby - *Assistant Professor, World Languages and Literatures* (2016)

PhD, University of California, Riverside

Ramirez, Terri - *Director of Resources and Operations, College of Social Science* (2007)

BA, University of Phoenix

Rampini, Costanza - *Assistant Professor, Environmental Studies* (2016)

PhD, University of California, Santa Cruz

Randle, Michael - *Associate Director, Student Athlete Resource Center*(1999)

BS, California State University, Los Angeles

MS, San Jose State University

Rao, Alaka - *Associate Professor, School of Management* (2009)

PhD, University of California, Irvine

Rascón, Alberto - *Associate Professor, Chemistry* (2013)

BS, California State University, Bakersfield

PhD, University of Arizona

Rasmussen, David - *Senior Associate Athletics Director for Compliance* (2018)

BA, Brigham Young University

JD, Pennsylvania State University

Rauch, Lisa - *Chair, Nursing* (2004)

AA, De Anza College

BS and MS, San Jose State University

DNP, University of San Francisco

Raynsford, Anthony - *Associate Professor, Art and Art History* (2008)

PhD, University of Chicago

Rawski, Jonathan - *Associate Professor, Linguistics & Language Development* (2021)

BA, University of Minnesota

MS, Higher School of Economics

PhD, Stony Brook University

Reade, Carol - *Professor, Global Innovation and Leadership* (2005)

PhD, London School of Economics and Political Science, England

Rebmann, Kristen - *Professor, School of Information* (2007)

PhD, University of California, San Diego

Rech, Sabine - *Professor and Director of Biotechnology Program, Biological Sciences* (1986)

BS, University of Santa Clara

MA, San Jose State University

PhD, University of California, Davis

Record, Matthew - *Assistant Professor, Political Science* (2017)

PhD, Ohio State University

Redd, Jennifer - *Senior Director, eCampus* (2011)

BS and MED, University of Nevada, Las Vegas

MS, California State University, Fullerton

PhD, Iowa State University

Reed, Ben - *Assistant Professor, Computer Science* (2018)

BA, Miami University, Oxford

MS, DePaul University

PhD, University of California, Santa Cruz

Reed, Donald - *Professor, Geology* (1991)

PhD, University of California, San Diego

Reekie, Shirley - *Professor, Kinesiology* (1982)

BA, University of Liverpool, England

MA, University of Leeds, England

PhD, Ohio State University

Rees, Matthew - *Senior Director, University Housing* (2005)

MA, Teachers College, Columbia University

Reimer, Kendra - *Director of Track/Field/Cross Country, Women's Cross Country* (2018)

MS, Texas A&M University

Reis, Seniorina - *Professor, Educational Leadership* (2018)

BA, University of California, Santa Cruz

MA, San Jose State University

EDD, University of La Verne

Reitz, Stephanie - *Senior Director, Accounting Services* (2022)

BS, Mcpherson College

Rejeb, Jalel - *Associate Professor, Electrical Engineering* (2000)

PhD, Syracuse University

Renzi, Michael - *Associate Vice President of Budget Planning and Administration, Budget and Financial Management* (2021)

JD, Santa Clara University

Reyes, Migdalia - *Professor, School of Social Work* (1994)

BA, University of Puerto Rico, Rio Piedras Campus, Puerto Rico

MSW, University of Connecticut

PhD, University of Massachusetts, Amherst

Rietz, Justin - *Assistant Professor, Economics* (2011)

BA, Stanford University

MBA, University of California, Berkeley

MA, San Jose State University

PhD, University of Santa Cruz

Riley, Shannon Rose - *Professor, Chair, and Coordinator of Creative Arts Program, Humanities* (2008)

BFA, Maine College of Art

MFA, Tufts University

PhD, University of California, Davis

Rios, Andro - *Assistant Professor, Chemistry* (2023)

BS, California State University, Sacramento

MS, University of California, San Diego

PhD, University of California, San Diego

Rios, Shauna - *Director for Financial Support and Innovation, Finance Support* (2007)

AA, Modesto Junior College

BA and MPA, California State University, Stanislaus

Rivera, Ferdinand - *Professor, Mathematics* (2002)

PhD, Ohio State University

Rivers, Daniel - *Assistant Professor, Humanities* (2019)

BA, Sonoma State University

MA, New York University

PhD, Claremont Graduate University

Roberts-Douglass, Karisman - *Counselor II, Counseling and Psychological Services* (2010)

PsyD, Alliant International University

Rodan, Simon - *Professor, School of Management* (2002)

BS, Imperial College, England

MBA and PhD, Institut Européen d'Administration des Affaires, France

Roddick, Cheryl - *Professor, Mathematics* (1998)

PhD, Ohio State University

Rodgers, Bernadette - *Associate Director, Enrollment Services Communication* (2011)

BA, California State University, Chico

Rodriguez, Patricia - *Administrative Resources Specialist, Office of Research* (2001)

BS and MA, San Jose State University

Rogers, Ronald - *Interim Vice Provost for Academic Innovation, Provost/SVP Academic Affairs* (1999)

BA, University of California, Santa Cruz

MA and PhD, Rutgers University

Rohrmeier, Kerry - *Assistant Professor, Urban and Regional Planning* (2014)

BA, Sierra Nevada College

MA, California Polytechnic State University, San Luis Obispo

PhD, University of Nevada, Reno

Rojas, Carlos - *Assistant Professor, Computer Engineering* (2019)

PhD, University of California, Davis

Roldan, Maria - *Professor, Information Systems and Technology* (2011)

PhD, University of California, Los Angeles

Rollerson, Eric - *Executive Director, University Housing Services* (2019)

MS, Oklahoma State University

Romanowsky, Aaron - *Associate Professor, Physics and Astronomy* (2012)

BS, University of California, Santa Barbara

MA and PhD, Harvard University

Rondilla, Joanne Marie - *Assistant Professor, Sociology & Interdisciplinary Social Sciences* (2017)

PhD, University of California, Berkeley

Rosenblum, Ruth - *Associate Professor and Program Coordinator of Northern Consortium, Nursing* (2006)

BS, University of Wisconsin

MS, Northwestern University

DNP, University of San Francisco

Rosenfeld, Liat - *Assistant Professor, Chemical & Materials Engineering (2015)*

BS, MS, and PhD, Israel Institute of Technology, Israel

Ross, Susan - *Assistant Professor, Coordinator of Recreation Therapy, and Coordinator of Complementary and Alternative Medicine, Public Health and Recreation (1999)*

PhD, California Institute of Integral Studies

Rostankowski, Cynthia - *Associate Professor and Coordinator of Humanities Honors and Advanced Honors Programs, Humanities (1987)*

PhD, Stanford University

Roth, Jonathan - *Professor and Director of the Burdick Military History Project, History (1994)*

BA, University of California, Berkeley

MA and PhD, Columbia University

Rouse, Wendy - *Professor and Coordinator of Social Science Teacher Preparation Program, History (2012)*

BA and MA, California State University, Sacramento

PhD, University of California, Davis

Roy, Mantra - *Senior Assistant, University Library (2019)*

PhD, University of South Florida

Rudy, Preston - *Assistant Professor, Sociology & Interdisciplinary Social Sciences (2004)*

BA, University of Texas, Austin

MA and PhD, University of California, Davis

Ruiz, Dora - *Director of Resources & Operations, College of Business (2002)*

BS, San Jose State University

Ruiz Duarte, Jose - *Assistant Professor, Marketing and Business Analytics (2020)*

PhD, University of Arizona

Russell, William - *Professor, Environmental Studies (2004)*

BS, University of California, Santa Cruz

MS, San Jose State University

PhD, University of California, Berkeley

Ryan, Charles - *Director of Track/Field/Cross Country, Women's Cross Country (2021)*

BA, University of South Carolina, Union

Ryan, Tricia - *Director, Graduate Admissions and Program Evaluation (2005)*

BA, San Francisco State University

MS, California State University

MA, San Jose State University

S

Sabalius, Romey - *Professor, World Languages and Literatures* (1995)

PhD, University of Southern California

Saldamli, Gokay - *Assistant Professor, Computer Engineering* (2016)

PhD, Oregon State University

Saleem, Mohammad - *Professor, Mathematics* (1990)

PhD, University of California, Davis

Samuelson, Cheyla - *Associate Professor, World Languages and Literatures* (2014)

PhD, University of California, Santa Barbara

San Fratello, Virginia - *Associate Professor, Design* (2010)

MA, Columbia University

San Nicolas-Rocca, Tonia - *Associate Professor, School of Information* (2013)

BA and MBA, California State University, San Bernardino

PhD, Claremont Graduate University

Sanchez, Carlos - *Professor, Philosophy* (2000)

BS, San Jose State University

PhD, University of New Mexico

Sanchez, Jeffrey - *General Manager, Golf Complex* (2020)

BA, Wofford College

Sanfilippo, Bradley - *Head Coach, Baseball* (2012)

BA, University of California, Davis

Santos, Michael - *Administrative Service Police Lieutenant, UPD Field Operations* (1998)

BA, San Jose State University

Sasaki, Blake - *Senior Associate Athletics Director for External Relations, External Athletic Operations* (2013)

BA, University of California, Davis

MA, Ohio University

Sasikumar, Karthika - *Professor, Political Science* (2009)

MA, Jawaharlal Nehru University, India

MA, English and Foreign Language University, India

PhD, Cornell University

Sasso, Barbara - *Research Development Specialist, Research Development* (2021)

Sauzade, Alena - *Art Gallery Director and Collections Manager, Art and Art History* (2020)

BA, Mills College

PhD, State University of New York, Stony Brook

Saxena, Navrati - *Assistant Professor, Computer Science* (2020)

BS, Kanpur University, India

MS, Agra University, India

PhD, Università di Trento, Italy

Schettler, Jordan - *Assistant Professor, Mathematics* (2015)

BS, University of Tennessee

PhD, University of Arizona

Schmidt, Teresa - *University Bursar, Bursar's Office* (2019)

BBA, Ohio University

MBA, Ashland University

Schultz-Krohn, Winifred - *Professor, Occupational Therapy* (2022)

MA, Saint Thomas Seminary

PhD, Saybrook Institute

Schuster, David - *Associate Professor, Psychology* (2013)

BA, University of Tampa

MA and PhD, University of Central Florida

Sclafani, Jennifer - *Director, Enrollment Services Technical Implementation and Communication* (2006)

MA and MS, San Jose State University

Scott, Kohar - *Assistant Professor, Design* (2015)

BS, Art Center College of Design

MA, San Francisco State University

Seah, Diana - *Associate Professor, Design* (2002)

- MA, Iowa State University
- Selvaduray, Guna - *Professor and Chair, Biomedical Engineering* (1978)
- BE, Tokyo Institute of Technology, Japan
- MS and PhD, Stanford University
- Semerjian, Tamar - *Professor and Chair, Kinesiology* (2007)
- BA, University of California, Berkeley
- MA and PhD, University of Iowa
- Sen, Soma - *Professor, School of Social Work* (2007)
- MSW, University of Minnesota, Twin Cities
- PhD, Arizona State University
- Senn, Laura - *Assistant Professor, Nursing* (2021)
- PhD, University of Minnesota Twin Cities
- Sequeira, Emmanuel - *Assistant Professor, Accounting and Finance* (2020)
- BS, Metropolitan State University of Denver
- MS and PhD, University of Texas, El Paso
- Serrato-Lager, Lucila (Lucy) - *Associate Director of Financial Aid Operations, Financial Aid and Scholarships* (2003)
- BS, Menlo College
- Sexton, Randall - *Professor, Design* (1986)
- BFA, University of Washington
- Sexton, Victoria - *Interim Student Affairs Case Manager, Student Services* (2020)
- BA, University of Iowa
- MS, University of Central Missouri
- Seymour, Chafin - *Assistant Professor, Music and Dance* (2019)
- MFA, University of Iowa
- Shaffer, Scott - *Professor, Biological Sciences* (2009)
- BS, San Diego State University
- MS and PhD, University of California, Santa Cruz
- Shams, Shayan - *Assistant Professor, Applied Data Science* (2021)
- PhD, Louisiana State University, Shreveport
- Sharifi, Mojtaba - *Assistant Professor, Mechanical Engineering* (2022)

- BSc, Shiraz University, Iran
- MSc and PhD, Sharif University of Technology, Iran
- Shay, Christopher - *Senior Director of Real Estate, Facilities Planning* (2021)
- MA, Michigan State University
- Shi, Tianqin - *Associate Professor, Global Innovation and Leadership* (2015)
- PhD, University of Illinois at Urbana-Champaign
- Shillington, Audrey - *Dean, College of Health & Human Science* (2020)
- PhD, Washington University
- Shim, Sang - *Professor, Computer Engineering* (1997)
- PhD, University of Minnesota, Twin Cities
- Shirani, Ashraf - *Professor, Information Systems and Technology* (2000)
- MBA, University of Ark, Fayetteville
- PhD, University of Mississippi
- Shiverdecker, Adam - *Assistant Professor, Art and Art History* (2015)
- MFA, University of South Carolina
- Shoemaker, Emily - *Director of Development, COS, Development Univ Advancement* (2016)
- BA, Sacramento State University
- Shojaei, Rahimeh - *Assistant Professor, Film and Theatre* (2020)
- ABD - Texas Tech University
- MA, Savannah State College
- Shukla, Namrata - *Interim Dean, College of Professional and Global Education* (2008)
- BA, University of Delhi, India
- MBA, University of Houston
- Sibley, Robert - *Associate Professor, Marketing and Business Analytics* (2002)
- PhD, Georgia State University
- Siebert, Erin - *Assistant Professor, Kinesiology* (2017)
- BS and MS, University of Wisconsin
- MPH and PhD, Oregon State University
- Silberman, Shai - *Director, Network Services* (2013)
- MBA, San Jose State University

Simic, Slobodan - *Professor, Mathematics* (2004)

PhD, University of California, Berkeley

Simon, Melinda - *Assistant Professor, Biomedical Engineering* (2017)

BS, University of Cincinnati

MS, University of California, Davis

PhD, University of California, Irvine

Simpson, Craig - *Associate Librarian, University Library* (2017)

MA, Marquette University

Simpson, Lisa - *Associate Professor, Special Education* (2014)

BS and MED, Texas Tech University

EDD, University of San Francisco

Singhal, Sonia - *Assistant Professor, Biological Sciences* (2020)

PhD, University of Washington

Singmaster, Karen - *Professor and Chair, Chemistry* (1988)

BS, University of Puerto Rico, Puerto Rico

PhD, University of California, Berkeley

Sirkeci, Birsan - *Professor, Electrical Engineering* (2007)

BS, Middle East Technical University, Turkey

MS, Northeastern University

PhD, Cornell University

Skinnell, Ryan - *Associate Professor and Assistant Writing Program Administrator, English* (2015)

BA, University of California, Santa Barbara

MA, California State University, Northridge

PhD, Arizona State University

Skovran, Elizabeth - *Associate Professor, Biological Sciences* (2012)

PhD, University of Wisconsin, Madison

Slusser, Emily - *Associate Professor and Chair, Child and Adolescent Development* (2012)

BA, MA, and PhD, University of California, Irvine

Smallwood, Christopher - *Assistant Professor, Physics and Astronomy* (2018)

BA, Harvard University

MA and PhD, University of California, Berkeley

Smallwood, Evan - *Director of Development, College of Social Sciences, Development Unit Advancement* (2019)

BA, University of Mary Washington

Smith, Grinnell - *Professor, Teacher Education* (2006)

PhD, University of Alabama

Smith, Jerilyn - *Associate Professor and Chair, Occupational Therapy* (2003)

BS and MS, San Jose State University

PhD, Trident University

Smith, Maureen - *Professor, Child and Adolescent Development* (1999)

BA, University of California, Davis

MA and PhD, Cornell University

Smith, Michelle - *Director of Corporate and Foundation Relations, University Advancement* (2019)

BA, Santa Clara University

MPA, California State University, East Bay

Smith, Sarah - *Assistant Professor, Moss Landing Marine Laboratories* (2021)

BS, Santa Clara University

MS, Moss Landing Marine Laboratories, SJSU

PhD, University of California, San Diego

Smith McDonald, Michelle - *Senior Director of Media Relations, Strategic Communications and Marketing* (2022)

BA, San Jose State University

Snycerski, Susan - *Professor, Psychology* (2005)

BA, Central Michigan University

MA and PhD, Western Michigan University

So, Wasin - *Professor, Mathematics* (2000)

BS and MA, University of Hong Kong, Hong Kong

PhD, University of California, Santa Barbara

Soehartono, Ruddy - *Senior Director, Customer Service* (2021)

BS, San Francisco State University

Soldofsky, Alan - *Professor and Director of Creative Writing, English* (1985)

MFA, University of Iowa

Sorkhabi, Nadia - *Professor, Child and Adolescent Development* (2007)

PhD, University of California, Berkeley

Sosa, Sylvia - *Contract Manager, Procurement* (2005)

BS, San Jose State University

Soto, Julio - *Professor, Biological Sciences* (1999)

PhD, University of California, Berkeley

Spangler, Matthew - *Professor, Communication Studies* (2005)

BS, Northwestern University

MA, Trinity College Dublin, Ireland

PhD, University of North Carolina at Chapel Hill

Spitzer, Julie - *Professor, Mathematics* (2000)

PhD, University of North Carolina at Chapel Hill

Stamp, Mark - *Professor, Computer Science* (2002)

BS, Morningside College

PhD, Texas Tech University

Stanton, Liam - *Assistant Professor, Mathematics* (2018)

PhD, Northwestern University

Stasiewicz, Amanda - *Assistant Professor, Environmental Studies* (2020)

BS, Siena College

MS and PhD, University of Idaho

Stemwedel, Janet - *Professor, Philosophy* (2002)

PhD, Stanford University

Stenberg, Joseph - *Assistant Professor, Philosophy* (2019)

PhD, University of Colorado at Boulder

Stenmark, Lisa - *Professor, Humanities* (2021)

PhD, Vanderbilt University

Stephens, Michael - *Professor, School of Information* (2011)

BA and MLS, Indiana University

PhD, University of North Texas

Stewart, Nancy - *Senior Director, Annual Giving* (2003)

BA, Santa Clara University

Stirling, Jennifer - *Associate Vice President, Development University Advancement* (2022)

MA, Santa Clara University

Stork, Nancy - *Professor, English* (1994)

PhD, University of Toronto, Canada

Stroh, Patricia - *Librarian, Beethoven Center* (1986)

BM, University of Illinois at Urbana-Champaign

MA, Univ of California, Berkeley

Struer, Amanda - *Director for Advancement Research and Prospect Management, Advancement and Campaign Operations* (2014)

BA, Copenhagen Business School

MA, Temple University

Su, Xiao - *Associate Dean for Graduate Studies and Research, College of Engineering* (2020)

PhD, University of Illinois at Urbana-Champaign

Sugerman, Gabriella - *Assistant Professor, Biomedical Engineering* (2024)

PhD, University of Texas at Austin

Sullivan-Green, Laura - *Professor and Chair, Civil and Environmental Engineering* (2008)

BS, University of Dayton

MS and PhD, Northwestern University

Sunseri, Charlotte - *Associate Professor, Anthropology* (2011)

PhD, University of California, Santa Cruz

Svec, Adam - *Assistant Professor, Audiology* (2020)

PhD, University of Minnesota, Twin Cities

Svorou, Soteria (Roula) - *Associate Dean, SSAP, College of Humanities and Arts* (1990)

BA, University of Athens, Greece

MA and PhD, State University of New York, Buffalo

Swan, Julia - *Assistant Professor, Linguistics and Language Development* (2017)

PhD, University of Chicago

Swanson, Patricia - *Professor and Chair, Teacher Education* (1997)

PhD, Stanford University

Sweet, Elizabeth - *Assistant Professor, Sociology & Interdisciplinary Social Sciences* (2017)

BA, Oregon State University

MA and PhD, University of California, Davis

Switz, Neil - *Associate Professor, Physics and Astronomy* (2016)

PhD, University of California, Berkeley

Szydlowski, Nicholas - *Senior Assistant Librarian, University Library* (2021)

BA, Yale University

MS, Simmons University

T

Tahsin, Salman - *Assistant Professor, Accounting and Finance* (2019)

PhD, University of Arkansas, Fayetteville

Talley, Joni - *Interim Senior Associate Registrar, Office of the Registrar* (2006)

MA, California State University, Fullerton

Tamasese, Travis - *Director of Strategy and Policy, Office of the President* (2021)

BA, California State University, Fullerton

Tan, Edwin - *Director of Advocacy and Community, Community and Government Relations* (2020)

BA, University of California, Riverside

MA and PhD, University of California, Irvine

Tanner-Mathews, Sarah - *Assistant Director, Housing Coordination* (2018)

BS, Northern Arizona University

Taylor, David - *Associate Professor, Computer Science* (2002)

PhD, University of California, Los Angeles

Taylor, Jeffrey - *Construction Manager, M&O Project Management* (2005)

Taylor, Nicholas - *Professor and Director of Martha Heasley Cox Center for Steinbeck Studies, English* (2007)

MFA, University of Virginia

Taylor Siegel, Matthew - *Senior Director of Development for the College of Humanities and the Arts, University Advancement* (2016)

BS, Santa Clara University

Teniente-Matson, Cynthia - *President, Office of the President* (2023)

EdD, California State University Fresno

Terrill, Roger - *Associate Professor, Chemistry* (1998)

BA, University of California, Santa Cruz

MS, Fresno State University

PhD, University of North Carolina

Thiele, Megan - *Associate Professor, Sociology & Interdisciplinary Social Sciences* (2013)

PhD, University of California, Irvine

Thienes, Benjamin - *Assistant Athletics Director for Football Operations, Football* (2017)

MS, Boise State University

Thompson, Gisi - *Interim Associate Director, Student Conduct and Ethical Development* (2014)

BS, University of Florida

MA, University of Central Florida

Thompson, Mark - *Associate Professor and Director of Professional and Technical Writing Program, English* (2013)

PhD, Carnegie Mellon University

Thompson, Wendy M. - *Assistant Professor, African American Studies* (2018)

PhD, University of Maryland, College Park

Thompto, Chelsea - *Assistant Professor, Art and Art History* (2020)

BFA, University of Iowa

MFA, University of Wisconsin, Madison

Tian, Shaonan - *Associate Professor, Marketing and Business Analytics* (2013)

PhD, University of Cincinnati

Tian, Yao - *Associate Professor, Accounting and Finance* (2012)

BS, University of Saskatchewan, Canada

PhD, University of Waterloo, Canada

Tien, Shu-Hwa Sara - *Nurse Manager, Student Wellness Center* (2019)

MPH, University of Texas Health Science Center at Houston

Tillinghast, Diana - *Professor, Journalism and Mass Communications* (1983)

PhD, Michigan State University

Tiomkin, Stanislav - *Assistant Professor, Computer Engineering* (2021)

MSc, Technion - Israel Institute of Technology, Israel

BSc and PhD, The Hebrew University of Jerusalem, Israel

To, Trang - *Assistant Director for General Accounting, Accounting Services* (1998)

BS, San Jose State University

Todd, Anne Marie - *Associate Dean for Academic Programs, College of Social Sciences* (2002)

BA, Emory University

MA and PhD, University of Southern California

Tohidi, Ali - *Assistant Professor, Mechanical Engineering* (2020)

PhD, Clemson University

Tokunaga, Howard - *Professor, Psychology* (1989)

PhD, University of California, Berkeley

Tortora, Cristina - *Assistant Professor, Mathematics* (2016)

PhD, University of Naples Federico II, Italy

Tran, Ngoc-Yen - *Associate Librarian, University Library* (2016)

MS, University of Washington

Trask, Jessica - *Director of Research Compliance, Office of Research* (2021)

PhD, Columbia College, Columbia

Trulio, Lynne - *Professor and Chair, Environmental Studies* (1991)

BA, Goucher College

PhD, University of California, Davis

Tsai, Chia - *Associate Director of Planning, Facilities Planning* (2016)

BS, University of San Francisco

MED, San Francisco State University

Tsai, Kim - *Assistant Professor, Child and Adolescent Development* (2017)

BA, University of California, Santa Cruz

PhD, University of California, Los Angeles

Tsai, Pei-Tzu - *Associate Professor, Communicative Disorders & Sciences* (2011)

BA, National Chengchi University, Taiwan

MA and PhD, University of Maryland, College Park

Tsao, Jacob - *Professor, Industrial and Systems Engineering* (2018)

BA, National Chiao-Tung University, Taiwan

MS, University of Texas, Dallas

PhD, University of California, Berkeley

Tucker, Virginia - *Associate Professor, School of Information* (2005)

BA, Stanford University

MLS, University of California, Berkeley

PhD, Queensland University of Technology, Australia

Tumaka, Kamillah - *Associate Director of Campus Wellness Education, Wellness & Health Promotion* (2022)

MPA, National University

Turner, Peter - *Head Softball Coach* (2006)

MBA, Hamilton University

Tzeng, Christina - *Assistant Professor, Psychology* (2020)

BA, Columbia University

MA and PhD, Emory University

U

Ukil, Patralekha - *Assistant Professor, Economics* (2020)

BS, Presidency College

MS, University of Warwick

PhD, University of Connecticut

Uresti, Aubrey - *Assistant Professor, Counselor Education* (2020)

BA, San Francisco State University

MA, Saint Mary's College

PhD, University of California, Davis

Uribe, Gary - *Head Athletic Performance Coach, Strength and Conditioning* (2013)

MS, Azusa Pacific University

Urrutia, Dominic - *Assistant Athletics Director for Development, External Athletic Operations* (2015)

BS and MA, San Jose State University

Uryu, Michiko - *Assistant Professor and Japanese Advisor, World Languages and Literatures* (2019)

PhD, University of California, Berkeley

V

Vagenas, Panagiotis - *Research Development Specialist, Office of Research* (2020)

MPH, Yale University

PhD, Imperial College London, England

Vaidya, Anand - *Professor and Director of the Center for Comparative Philosophy, Philosophy* (2005)

BA, University of California, Los Angeles

PhD, University of California, Santa Barbara

Valero Pérez, Mario Miguel - *Assistant Professor of Wildfire Behavior and Remote Sensing* (2021)

MS, Universidad Politécnica de Madrid

MS and PhD, Universitat Politècnica de Catalunya

Van Selst, Mark - *Professor, Psychology* (1997)

BA, University of British Columbia, Canada

MA and PhD, University of Waterloo, Canada

Van Wyngarden, Annalise - *Associate Professor, Chemistry* (2009)

BA and BS, Hope College

PhD, University of California, Berkeley

Vang, Chao - *Associate Director, Institutional Research* (2007)

BA, California State University, Sacramento

VanHoven, Miri - *Associate Dean for Research, College of Science* (2008)

BA, Pomona College

PhD, University of California, San Francisco

Vanniarajan, Swathi - *Professor, Linguistics and Language Development* (1995)

MLitt, Central Institute of English & Foreign Languages, India

MA, Ottawa University, Canada

PhD, University of California, Los Angeles

Vartan, James (Brad) - *Senior Director of Develop Business, Development University Advancement* (2015)

BA, Columbia College

Vasquez, Anita - *Senior Director, Benefits and Payroll, University Personnel* (1995)

Vasquez, Nathan - *Associate Director, Maintenance and Operations* (2013)

Vega, Christine - *Assistant Professor, Chicana and Chicano Studies* (2021)

AA, Los Angeles Mission College

MEd, University of Utah

BA and PhD, University of California, Los Angeles

Vera Sanchez, Claudio - *Associate Professor, Justice Studies* (2008)

BA, California State University, Long Beach

MA and PhD, University of Illinois at Chicago

Verducci -Sandford, Susan - *Professor, Humanities* (2004)

BFA, University of California, Santa Barbara

MFA, Rutgers University

MA and PhD, Stanford University

Vergine, Fabrizio - *Assistant Professor, Aerospace Engineering* (2017)

BS and MS, University of Rome, Italy

PhD, University of Texas, Arlington

Vickerman, David - *Associate Professor, Music and Dance* (2017)

BM, CSU Stanislaus

MM, Oregon State University

DMA, John Hopkins University

Villagran, Michele - *Assistant Professor, School of Information* (2018)

BS, University of Nevada, Las Vegas

MMLS and MBA, University of North Texas

MDR and DED, Pepperdine University

Villagrana, Jose - *Assistant Professor, English* (2019)

PhD, University of California, Berkeley

Villavelazquez- Hill, Ignacia - *Interim Director, Accessible Education Center* (2005)

BA, University of California, Santa Cruz

MA, San Jose State University

Vinuales, Gema - *Assistant Professor, Marketing and Business Analytics* (2019)

PhD, University Of Rhode Island

Viswanathan, Vimal Kumar - *Associate Professor and Chair, Mechanical Engineering* (2016)

BTech, National Institute of Technology, India

MS and PhD, Texas A&M University

Virick, Meghna - *Associate Dean of Undergraduate Programs, College of Business* (2005)

MBA, Texas Christian University

PhD, University of Texas, Arlington

Visintainer, Tammie - *Assistant Professor, Teacher Education* (2017)

BS, University of Wisconsin, Madison

MS, San Francisco State University

PhD, University of California, Berkeley

Vizzusi, Michael - *Assistant Director, Budget Planning and Financial Management* (2017)

BBA, San Jose State University

Vogel, Julian Ulrich Norbert - *Assistant Professor, Accounting and Finance* (2021)

MBA, Murray State University

Voss Plaxton, Catherine - *Associate Vice President for Health, Wellness and Student Services* (2014)

BA, University of Michigan, Ann Arbor

MA, University of San Francisco

Vukazich, Steven - *Professor, Civil and Environmental Engineering* (1993)

BA, University of California, Davis

MA, University of California, Berkeley

PhD, University of California, Davis

W

Wagle, Ashwini - *Professor, Chair, Nutrition, Food Science and Packaging* (2003)

MS, Indiana University of Pennsylvania

EdD, University of New England

Wallace, Danielle - *Director, Administrative Services* (2014)

ABA, Las Positas College

Waller, Michael - *Senior Associate Athletic Director, Business Operations* (2015)

BS, Central Missouri State University

Walsh, Elizabeth - *Associate Professor, Meteorology and Climate Science* (2012)

BS, Harvey Mudd College

MS and PhD, University Of Washington

Wang, Chunlei - *Associate Professor, School of Management* (2008)

PhD, Stanford University

Wang, Haonan - *Assistant Professor, Computer Engineering* (2020)

PhD, Marymount University

Wang, Ningkun - *Assistant Professor, Chemistry* (2017)

BS, University of Utah

PhD, University of Michigan, Ann Arbor

Wang Tung, Wei-Chen - *Professor, Nursing* (2020)

PhD, University of Utah

Wang, Yun - *Assistant Professor, Biomedical Engineering* (2020)

PhD, Michigan State University

Ward, Douglas - *Director of Financial Planning and Analysis* (2019)

MS, University of Wisconsin

Ward, Ryan - *Director of Advocacy and Federal Relations, Community and Government Relations* (2020)

BA, Willamette University

JD, University of Washington

Warner, Mary - *Professor, English* (2004)

BA, Mount Mary College

MA, Creighton University

PhD, University of Michigan

Warren, Jodie-Ann - *Assistant Professor, Justice Studies* (2019)

BSc, MS and PhD, Simon Fraser University, Canada

Watson, Wanda - *Associate Professor, Teacher Education* (2021)

MA and BS, Stanford University

EdD, Teachers College At Columbia University

Weaver, Kristen - *Student Affairs Case Manager, Student Services* (2021)

MA, Bowling Green State University

Wei, Belle - *Professor, Interdisciplinary Engineering* (1987)

PhD, University of California, Berkeley

Wei, Wenbin - *Professor and Director, Aviation* (2003)

PhD, University of California, Berkeley

Weiler, Luke - *Assistant Professor, Accounting and Finance* (2020)

MSBA and MAcc, University of Arkansas, Fayetteville

PhD, Michigan State University

Weiss, Elizabeth - *Professor, Anthropology* (2004)

BA, University of California, Santa Cruz

MA, California State University, Sacramento

PhD, University of Ark, Fayetteville

Wesley, Leonard - *Associate Professor, Computer Science* (1995)

PhD, University of Massachusetts, Amherst

West-Johnson, Phylis - *Professor and Director, Journalism & Mass Communications* (2016)

PhD, Southern Illinois University

West, Sara - *Assistant Professor, English* (2018)

PhD, University of Arkansas

Westlake, Bryce - *Associate Professor, Justice Studies* (2015)

BA, University of British Columbia

MA and PhD, Simon Fraser University, Canada

Wharton, Kenneth - *Professor, Physics and Astronomy* (2001)

BA, Stanford University

PhD, University Of California, Los Angeles

White, Brandon - *Professor, Biological Sciences* (2007)

BS, Auburn University

PhD, University of Alabama, Birmingham

Whitenack, David - *Professor, Teacher Education* (1996)

AB, Dartmouth College

EdM, Harvard University

PhD, Stanford University

Whitney, Robin - *Assistant Professor, Nursing* (2019)

BA, Bowdoin College

BS, University of Southern Maine

PhD, University of California, Davis

Widaman, Adrienne - *Associate Professor, Nutrition, Food Science and Packaging* (2016)

BS and PhD, University of California, Davis

Wiggins, Yolanda - *Assistant Professor, Sociology and Interdisciplinary Social Sciences* (2020)

BA, West Virginia University

MA and PhD, University of Massachusetts, Amherst

Wilkin, Katherine - *Assistant Professor, Biological Sciences* (2020)

BS and MS, California Polytechnic State University-San Luis Obispo

PhD, University of California, Berkeley

Wilkinson, Katherine - *Associate Professor, Biological Sciences* (2020)

BA and BS, University of Pittsburgh

PhD, University of California, San Diego

Williams, Anthony - *Assistant Professor, Kinesiology* (2021)

BS, Western Illinois University

PhD, Florida State University

Williams, Jahmal - *Director of Advocacy, Community and Government Relations* (2014)

BA, University of Michigan, Ann Harbor

MSW, Michigan State University

Wolcott, Abraham - *Assistant Professor, Chemistry* (2015)

BS and PhD, University of California, Santa Cruz

Wolcott, Gregory - *Associate Vice President for Student Success* (2001)

MA, Ohio University

DED, University of California, San Francisco

Wolf, Jennifer - *Associate Professor, School of Social Work* (2020)

MSW and PhD, University of California, Berkeley

Wong, Alan - *Senior Director, Business Development and Global Partnership, Business Development and External Relation* (2014)

BS, San Jose State University

PhD, University of California, Davis

Wong, Heidi - *Director for Budgeting Planning, Academic Business and Startegic Operations* (2002)

AA, De Anza College

Wong, Hiu Yung - *Assistant Professor, Electrical Engineering* (2018)

BE and MA, Chinese University of Hong Kong, Hong Kong

PhD, University of California, Berkeley

Wong, Vivian - *Professor and Director of the Wound and Ostomy Education Program, Nursing* (2005)

BS, University of Texas, Arlington

MS, University of Florida

PhD, University of California, San Francisco

Wood, Andrew - *Professor, Communication Studies* (1998)

BA, Berry College

MA and PhD, Ohio University

Wood, April - *Assistant Professor, Nursing* (2007)

BS and BSN, University of Iowa

MS, San Jose State University

DNP, American Sentinel University

Wood, Mike - *Assistant Professor, Moss Landing Morine Labs and Computer Science* (2023)

PhD, University of California, Irvine

Wood, Robert - *Professor, School of Management* (2001)

BA, Williams College

DBA, Boston University

Woodhead, Erin - *Associate Professor, Psychology* (2012)

BS, Pennsylvania State University

MS and PhD, West Virginia University

Worthen, Miranda - *Associate Professor, Public Health and Recreation* (2012)

BA, Harvard University

MA, Oxford University

PhD, University of California, Berkeley

Wright, Christie - *Director of Graduate Enrollment, Graduate Enrollment Management (2010)*

BA, Averett College

MA, University of Texas, Arlington

Wright, Joanne - *Senior Associate Vice President, University Personnel (2015)*

BA, University of California, Santa Cruz

JD, Rutgers University, Camden

Wright, Shannon - *Professor and Program Coordinator, Art and Art History (2002)*

BFA, School of the Art Institute of Chicago

MFA, Virginia Commonwealth University

Wright, Sonia - *Senior Director of Development for the College of Health and Human Sciences, Development University Advancement (2014)*

MA, University of Oregon

Wu, Angela - *Assistant Professor, Design (2010)*

BA, University of California, Berkeley

MA, San Jose State University

Wu, Ching-seh - *Assistant Professor, Computer Science (2018)*

MS, Air Force Institute of Technology

PhD, Texas A&M University

Wu, Yan - *Associate Professor, Global Innovation and Leadership (2019)*

PhD, Pennsylvania State University

Wu, Wencen - *Associate Professor, Computer Engineering (2018)*

BS and MS, Shanghai Jiao Tong University, China

MS and PhD, Georgia Institute of Technology

Wughalter, Emily - *Professor, Kinesiology (1991)*

BA, Herbert H. Lehman College

MS, University of Colorado

DED, University of Georgia

X

Xiao, Fangjun - *Assistant Professor, Accounting and Finance* (2019)

PhD, Washington State University

Y

Yagci Sokat, Kezban - *Assistant Professor, Marketing and Business Analytics* (2020)

BS, Istanbul Technical University, Turkey

PhD, Northwestern University

Yan, David - *Assistant Professor, Technology* (2017)

BE and MA, Auckland University of Technology, New Zealand

PhD, Deakin University, Australia

Yanai, Yasue - *Professor, Coordinator, and Advisor for Japanese Program, World Languages and Literatures* (2009)

BA and MA, Ochanomizu Women's University, Japan

PhD, Georgetown University

Yang, Bo - *Assistant Professor, Urban & Regional Planning* (2021)

BS, Shaanxi Normal University, China

MS, Capital Normal University, China

MA and PhD, University of Cincinnati

Yang, Minji - *Counselor I, Counseling and Psychological Services* (2017)

PhD, University of Maryland, College Park

Ybarra, Barbara - *Director of Development for the College of Education* (2020)

BA and MBA, University of California, Santa Barbara

Yeboah, Nikki - *Assistant Professor, Communication Studies* (2016)

PhD, Northwestern University

Yee, David - *Assistant Professor, Design* (2007)

BS, San Jose State University

MFA, University of Hartford

Yee, Raymond - *Professor, Engineering Off-Campus Programs* (2000)

BS, California Polytechnic State University, San Luis Obispo

MS and PhD, University of California, Berkeley

Yellamsetty, Anusha - *Assistant Professor, Doctor of Audiology Program* (2021)

PhD, The University of Memphis

Yen, Tsu-Hong - *Professor and Chair, Hospitality, Tourism and Event Management* (2002)

PhD, University of Illinois, Urbana-Champaign

Yu, Weider - *Professor, Computer Engineering* (2002)

PhD, Northwestern University

Yuan, Yue - *Assistant Professor, Justice Studies* (2016)

PhD, Indiana University, Bloomington

Z

Zandiatashbar, Ahoura - *Assistant Professor, Urban and Regional Planning* (2020)

BA, Shiraz Azad University, Iran

MS, Rensselaer Polytechnic Institute

PhD, University of Texas, Arlington

Zarate, Arthur - *Assistant Professor, Humanities* (2019)

BA, University of Wisconsin

PhD, MPhil and MA, Columbia University in New York

Zargar, Ali - *Professor, Technology* (2018)

PhD, Stanford University

Zartoshty, Parinaz - *Director, International Student and Scholar Services* (2018)

BA, Cornell University

MA, Boston University

EDD, San Jose State University

Zhang, Ni (Jennie) - *Assistant Professor, Public Health and Recreation* (2015)

PhD, University of Iowa

Zhang, Nicole - *Assistant Professor, Nursing* (2021)

PhD, Suny at Binghamton

Zhang, Jian - *Professor, Accounting and Finance* (2006)

PhD, Arizona State University

Zhang, Jing - *Professor, Marketing and Business Analytics* (2011)

PhD, University of Illinois at Urbana-Champaign

Zhang, Yan - *Assistant Professor, Mathematics* (2016)

BA, Harvard University

PhD, Massachusetts Institute of Technology

Zhao, Juzi - *Assistant Professor, Electrical Engineering* (2017)

PhD, George Washington University

Zhou, Ming - *Professor, Global Innovation and Leadership* (2006)

PhD, University of Maryland, College Park

Zhou, Shu - *Associate Professor, Global Innovation and Leadership* (2007)

PhD, Cornell University

Zhou, Mi - *Assistant Professor, Nutrition, Food Science, and Packaging* (2022)

PhD, Virginia Tech

Zipp, Robert - *Leadership Annual Giving Officer, Alumni and Community Personnel* (2019)

BA, Swarthmore College

Emeritus Faculty and Staff

Year in parentheses indicates date of retirement of the faculty or staff member.

A

Abriam-Yago, Katherine - *Emeritus Faculty*, Nursing (2018)

Acrivos, Juana - *Emeritus Faculty*, Chemistry (2006)

Adams, Michael - *Emeritus Faculty*, Film and Theatre (2013)

Adelman, Toby - *Emeritus Faculty*, Nursing (2019)

Ahlquist, Roberta - *Emeritus Faculty*, Teacher Education (2017)

Aitken, Don - *Emeritus Faculty*, Environmental Studies (1981)

Albers, Patricia - *Lecturer Emerita*, Art and Art History (2019)

Allmen, Cheryl - *Emeritus Staff*, Career Center (2012)

Alperin, Roger - *Emeritus Faculty*, Mathematics (2016)

Amiras, Mira - *Emeritus Faculty*, Humanities (2013)

Anagnos, Thalia - *Emeritus Faculty*, Interdisciplinary Engineering (2023)

Andersen, David - *Emeritus Faculty*, Geology (2018)

Anderson, Jennifer - *Emeritus Faculty*, Anthropology (2020)

Anthrop, Donald - *Emeritus Faculty*, Geography (2006)

Antoine, Rosa - *Emeritus Staff*, Computer Engineering (2017)

Antokal, Gale - *Emeritus Faculty*, Art and Art History (2019)

Alvarez, Mildred - *Professor Emeritus*, Psychology (2022)

Araya, Agustin - *Emeritus Faculty*, Computer Science (2011)

Arredondo, Elma - *Professor Emeritus*, Information Technology (2022)

Ashton, Sally - *Lecturer Emerita*, English (2019)

Asquith, David - *Emeritus Faculty*, College of Social Sciences (2010)

Austin-Lett, Genelle - *Emeritus Faculty*, College of Social Sciences (2013)

Averett, Janet - *Emeritus Faculty*, Music and Dance (2021)

Avila, John - *Emeritus Faculty*, Computer Science (2007)

B

Bakke, Celia - *Emeritus Faculty*, University Library (2011)

Baldwin, Cecilia - *Emeritus Faculty*, Journalism and Mass Communications (2014)

Barela, Albert - *Emeritus Faculty*, Art and Art History (2005)

Barnes, Judith - *Emeritus Faculty*, Communication Studies (2005)

Baroody-Hart, Cynthia - *Emeritus Faculty*, Justice Studies (2012)

Barozzi, Louie - *Emeritus Staff*, International Student and Scholar Services (2010)

Bates, Seth - *Emeritus Faculty*, Technology (2016)

Bawel-Brinkley, Karen - *Professor Emeritus*, Nursing (2022)

Becker, Joanne - *Emeritus Faculty*, Mathematics (2015)

Becker, Joseph - *Professor Emeritus*, Physics and Astronomy (2013)

Beckett, Alvin - *Emeritus Faculty*, College of Business (2005)

Beeson, Michael - *Emeritus Faculty*, Computer Science (2014)

Belanger, Sandra - *Emeritus Faculty*, University Library (2006)

Belet, Brian - *Emeritus Faculty*, Music and Dance (2020)

Belo, Panfilo - *Emeritus Faculty*, Nutrition, Food Science and Packaging (2014)

Berger, Florie - *Emeritus Faculty*, University Library (2010)

Bernardini, Eugene - *Emeritus Faculty*, Humanities (2007)

Bernhardt, John - *Emeritus Faculty*, History (2016)

Betten, Paul - *Emeritus Faculty*, College of Education (2007)

Bienenfeld, Sheila - *Emeritus Faculty*, Psychology (2015)

Billik, Martin - *Emeritus Faculty*, Mathematics (2007)

Bindal, Ahmet - *Professor Emeritus*, Computer Engineering (2024)

Blitzer, Roy - *Emeritus Faculty*, School of Management (2021)

Block, Joan - *Emeritus Staff*, Sociology and Interdisciplinary Social Sciences (2008)

Bloomer, Iris - *Emeritus Faculty*, Physics and Astronomy (2010)

Blythe, William - *Emeritus Faculty*, Civil and Environmental Engineering (2008)

Boekema, Carolus - *Emeritus Faculty*, Physics and Astronomy (2017)

Bohn, Ralph - *Emeritus Faculty*, Technology (2007)

Boothby, John - *Emeritus Faculty*, Biological Sciences (2015)

Borenstein, Sheldon - *Emeritus Faculty*, Design (2021)

Bornstein, Robert - *Emeritus Faculty*, Meteorology and Climate Science (2010)

Boschken, Herman - *Emeritus Faculty*, School of Management (2014)

Bossard, Earl - *Emeritus Faculty*, Urban and Regional Planning (2010)

Botha, Jan - *Emeritus Faculty*, Civil and Environmental Engineering (2022)

Bowman, Mary - *Emeritus Faculty*, Kinesiology (2006)

Boyacigiller, Nakiye - *Emeritus Faculty*, School of Management (2007)

Brale, Loy - *Emeritus Faculty*, Psychology (2008)

Brannen, Mary - *Emeritus Faculty*, School of Management (2009)

Branz, Stephen - *Emeritus Faculty*, Chemistry (2019)

Briggs, Elizabeth - *Emeritus Faculty*, Design (2022)

Brinegar, Anthony - *Emeritus Faculty*, Biological Sciences (2019)

Brook, Daniel - *Emeritus Faculty*, Sociology and Interdisciplinary Social Sciences (2022)

Brook, Sharon - *Emeritus Faculty*, Music and Dance (2020)

Bros, Shannon - *Emeritus Faculty*, Biological Sciences (2017)

Brown, Paul - *Emeritus Faculty*, Recreation and Leisure Studies (2007)

Browne, Clare - *Lecturer Emerita*, English (2019)

Bruck, David - *Emeritus Faculty*, Biological Sciences (2021)

Bryant, James - *Emeritus Faculty*, Kinesiology (2007)

Buell, Cathy - *Emeritus Faculty*, Kinesiology (2011)

Bull, Galen - *Emeritus Faculty*, College of Science (2008)

Bullock, Charles - *Emeritus Faculty*, Public Health and Recreation (2017)

Burak, Marshall - *Emeritus Faculty*, Accounting and Finance (2007)

Burke, Michael - *Emeritus Faculty*, Computer Science (2006)

Burkhard, Richard - *Emeritus Faculty*, Information System and Technology (2020)

Burkom, Selma - *Emeritus Faculty*, English (2007)

Burton, Ester - *University Staff*, Engineering Student Success Center (2019)

Burton, Gordon - *Emeritus Faculty*, Occupational Therapy (2004)

Buzanski, Peter - *Emeritus Faculty*, History (2010)

Byrd, Marquita - *Emeritus Faculty*, Communication Studies (2022)

C

- Calegari, Mary - *Emeritus Faculty*, Accounting and Finance (2020)
- Campbell, Toni - *Professor Emeritus*, Child and Adolescent Development (2023)
- Canham, Daryl - *Professor Emeritus*, Nursing (2022)
- Caohuu, Tri - *Professor Emeritus*, Electrical Engineering (2022)
- Cara, Elizabeth - *Emeritus Faculty*, Occupational Therapy (2017)

Danopoulos, Constantine - *Emeritus Faculty*, Political Science (2018)
Daoud, Adnan - *Emeritus Faculty*, Sociology and Interdisciplinary Social Sciences (2011)
Darrah, Charles - *Emeritus Faculty*, Anthropology (2020)
David, Debra - *Emeritus Faculty*, Public Health and Recreation (2015)
Davis, Kathryn - *Emeritus Faculty*, Environmental Studies (2022)
Davis, M - *Emeritus Faculty*, Environmental Studies (2022)
Day, Jane - *Emeritus Faculty*, Mathematics (2010)

Decena, Peter - *Chief of Police*, Parking Services (2011)

Delevoryas, John - *Emeritus Faculty*, Music and Dance (2009)

Demers, Anne - *Emeritus Faculty*, Public Health and Recreation (2019)

Desautel, Richard - *Emeritus Faculty*, Aerospace Studies (2004)

Devincenzi, William - *Emeritus Faculty*, Accounting and Finance (2016)

Dietz, Elizabeth - *Emeritus Faculty*, Nursing (2013)

Doi, Steven - *Emeritus Faculty*, Sociology and Interdisciplinary Social Sciences (2017)

Don, Patricia - *Emeritus Faculty*, History (2013)

Donnelly, William - *Emeritus Faculty*, Accounting and Finance (2007)

Dorosti, Javad - *Emeritus Faculty*, Interdisciplinary Engineering (2018)

Douglass, Malcolm - *Emeritus Faculty*, English (2019)

Dresser, Rocio - *Emeritus Faculty*, Teacher Education (2018)

Drobot, Vladimir - *Emeritus Faculty*, Computer Science (2007)

E

Earle, James - *Emeritus Faculty*, Film and Theatre (2011)

Eastman, Lucius - *Emeritus Faculty*, College of Humanities and Arts (2010)

Eden, Terri - *Emeritus Staff*, Degree Audit (2016)

Edfelt, Ralph - *Emeritus Faculty*, School of Management (2009)

Edwards, Frances - *Emeritus Faculty*, Political Science (2022)

Eggers, Daryl - *Emeritus Faculty*, Chemistry (2023)

El-Shaieb, Abdel - *Emeritus Faculty*, College of Business (2006)

Elmore, Dana - *Emeritus Faculty*, College of Education (2006)

Empey, John - *Emeritus Staff*, Psychology (2010)

Engell, John - *Emeritus Faculty*, English (2019)

English, Karen - *Emeritus Faculty*, Humanities (2015)

English-Lueck, June - *Professor Emeritus*, Anthropology (1991)

Estabrook, Reed - *Emeritus Faculty*, Art and Art History (2015)

Estill, John - *Emeritus Faculty*, Economics (2022)

Epstein, Karen - *Emeritus Faculty*, Teacher Education (2023)

Evans, Gail - *Emeritus Faculty*, Kinesiology (2013)

Evan, Kathleen - *Emeritus Faculty*, English (2023)

F

Faires, Debra - *Emeritus Faculty*, School of Information (2021)

Fallon, Michael - *Emeritus Faculty*, Sociology and Interdisciplinary Social Sciences (2017)

Fanos, Joanna - *Lecturer Emerita*, Psychology (2020)

Fimbel, Nancie - *Emeritus Faculty*, Marketing and Business Analytics (2015)

Fimbres, Manuel - *Emeritus Faculty*, School of Social Work (2019)

Finkelstein, Alan - *Emeritus Faculty*, Nutrition, Food Science and Packaging (2019)

Fisher, William - *Emeritus Faculty*, School of Information (2013)

Fister, A - *Emeritus Staff*, Economics (2015)

Fjelstad, Karen - *Emeritus Faculty*, Anthropology (2016)

Floyd, Karel - *Emeritus Staff*, College of Social Sciences (2018)

Foldvary, Fred - *Emeritus Faculty*, Economics (2019)

Fosdick, Scott - *Emeritus Faculty*, Journalism and Mass Communications (2020)

Foster, Leslie - *Emeritus Faculty*, Mathematics (2015)

Fountain, Anne - *Emeritus Faculty*, World Languages and Literatures (2016)

Fowler, Robert - *Emeritus Faculty*, Biological Sciences (2013)

Frank, Joseph - *Emeritus Faculty*, Music and Dance (2019)

Franks, Joel - *Emeritus Faculty*, Sociology and Interdisciplinary Social Sciences (2019)

Freeman, James - *Emeritus Faculty*, Anthropology (2006)

Freeman, James - *Emeritus Faculty*, College of Engineering (2011)

Friebel, Allen - *Emeritus Faculty*, College of Business (2008)

Fruin, William - *Emeritus Faculty*, School of Management (2015)

Furst, David - *Emeritus Faculty*, Kinesiology (2006)

G

Garcia, Julio - *Emeritus Faculty*, Technology (2016)

Garcia, Linda - *Emeritus Staff*, College of Social Sciences (2015)

Garcia, Marshall - *Professor Emeritus*, Art and Art History (2011)

Gasich, Dushan - *Emeritus Faculty*, Information Systems and Technology (2015)

Gayle, Debrayh - *Emeritus Faculty*, Nursing (2019)

Geller, Jonathan - *Emeritus Faculty*, Moss Landing Marine Lab (2021)

George, William - *Emeritus Faculty*, Music and Dance (2005)

Gerami, Shahin - *Emeritus Faculty*, Sociology and Interdisciplinary Social Sciences (2022)

Gerstman, Buddy - *Emeritus Faculty*, Public Health and Recreation (2016)

Gifford, Marjorie - *Emeritus Faculty*, Mathematics (2010)

Glancy, Maureen - *Emeritus Faculty*, Recreation and Leisure Studies (2005)

Gleixner, Stacy - *Emeritus Faculty*, Chemical and Materials Engineering (2021)

Glines, Daniel - *Emeritus Faculty*, Kinesiology (2009)

Glogoski, Carolyn - *Emeritus Faculty*, Occupational Therapy (2021)

Goldston, Daniel - *Emeritus Faculty*, Mathematics (2020)

Gonzales, Irene - *Emeritus Faculty*, Nursing (2012)

Goodman, Jindra - *Emeritus Faculty*, Meteorology and Climate Science (2010)

Gorenberg, Bobbye - *Emeritus Faculty*, Nursing (2007)

Gorman, Edward Michael - *Emeritus Faculty*, School of Social Work (2020)

Gorney-Moreno, Mary - *Emeritus Faculty*, Nursing (2010)

Gotliffe, Harvey - *Emeritus Faculty*, Journalism and Mass Communications (2008)

Goyal, Deepika - *Emeritus Faculty*, Nursing (2023)

Granner, John - *Emeritus Faculty*, Design (2016)

Grant, George - *Emeritus Faculty*, English (2007)

Greb, Gordon - *Emeritus Faculty*, Journalism and Mass Communications (2007)

Greene, Herbert - *Emeritus Faculty*, Moss Landing Marine Lab (2006)

Grilione, Patricia - *Emeritus Faculty*, Biological Sciences (2011)

Grindstaff, Beverly - *Emerita Faculty*, Art and Art History (2019)

Guenter, Scot - *Emeritus Faculty*, Humanities (2019)

Guerin, Gilbert - *Emeritus Faculty*, College of Education (2005)

Guerrazzi Martinet, Diane - *Professor Emeritus*, Journalism and Mass Communications (2022)

How to Become a Teacher

A California teaching credential is a license to teach in California public schools. A single subject credential is primarily for those who intend to teach in a designated subject area at the secondary (high school) or middle school level. A multiple subject credential is primarily for those intending to teach multiple subjects in the elementary or middle school level. The Education Specialist Credential is for individuals who want to become special educators.

A description of the different options is outlined on these pages. The process, requirements, and application materials are described in detail on each program's website.

Preparation and Tests

Credential	Undergraduate Preparation	Tests	Postbaccalaureate Preparation
Pre-School	Consult Child and Adolescent Development department	None	None
Elementary (TK-8)	Preparation to teach in any TK-8 grade in one of the following programs is strongly recommended-Child and Adolescent Development, Creative Arts, Environmental Studies, Liberal Studies, Natural Science, or Social Science	CBEST, CSET for Multiple Subject or equivalent	Multiple Subject Credential program
High School	Complete a Single Subject Matter Preparation program or pass CSET	CBEST or equivalent	Single Subject Credential program
Special Education	Complete a Multiple or Single Subject Matter Preparation program and/or demonstrate subject matter competence by CSET	CBEST or equivalent	Education Specialist Credential Program
Bilingual/ESL Authorization (Grades K-12)		CBEST, CSET or equivalent and Language Proficiency via the CSET LOTE III Test in Spanish	Multiple Subject Teaching Credential program with Bilingual Authorization
College	Complete a major in the subject that you want to teach	Consult major department	PhD (or MA/MS for some community colleges)

Becoming an Elementary School Teacher

1. Seek Subject Matter Preparation

As an undergraduate student consider one of the following programs to strengthen your preparation:

- Department of Child and Adolescent Development
- Department of Environmental Studies
- Department of Humanities

- Each of the above departments has majors with a teacher preparation option that was designed to provide you the opportunity to learn the content you will apply as you teach in grades K-8.
- 2. Apply for Admission to the Multiple Subject Credential Program
 - Applications to the Credential Program are accepted for Fall, Spring, and Summer semesters.
 - Requirements include:
 - Admission to Graduate Studies at San José State University
 - Grade point average (GPA) of 2.75 or above (undergraduate or last 60/90 calculation)
 - Passing score on California Basic Education Skills Test (CBEST) or equivalent
 - Pre-professional experience in a K-8 public school setting. This requirement can be met either through fieldwork hours completed as part of a college course, experience in a K-8 classroom, or a combination of the above. Experience observing/assisting or teaching in a Title 1 or "low performing" school is encouraged. Experience in a private school setting or at the preschool level cannot be included as part of the 45-hour minimum for pre-professional experience.
 - Passing score on California Subject Examinations for Teachers (CSET): Multiple Subject Tests or equivalent
 - Completion of a CalState Apply application
 - Submission of transcripts from all colleges attended outside of SJSU.
- 3. Complete all requirements for the Preliminary Multiple Subject Credential as listed below.

PRELIMINARY CREDENTIAL

- Bachelor's degree from a regionally accredited college or university and program. Bachelor's degree must be granted on the same day or after university graduation.
- Prerequisites: Certificate of Clearance for personal and professional fitness
- Foundations: EDTE 224 and EDTE 208
- Dual language: EDTE 262
- Curriculum: EDEL 108A, EDEL 108B, EDEL 108C and EDEL 108D
- Student teaching: EDEL 143A and EDEL 143B, including EDTE 260
- In addition, before or during the program, students must take and pass EDTE 190 or its equivalent
- *Program completers must also take and pass -
 - The Reading Instruction Competence assessment (RICA)
 - CalTPA (California Teaching Performance Assessment)
 - Satisfaction of the U.S. Constitution requirement
 - Level I Technology requirement
 - CPR - Adult, Child, Infant
- When ready, candidates should visit Credential Services to review requirements for the Multiple Subject Credential application process.

PROFESSIONAL CLEAR CREDENTIAL

- Employed teachers need to continue professional development for the advanced credential following completion of the Preliminary Credential. To meet the requirements for the advanced teaching credential check with the Commission on Teacher Credentialing (CTC) at www.ctc.ca.gov.

Becoming a Secondary School Teacher

1. Complete a Single Subject Matter Preparation Program
Programs with asterisks (*) are majors that are fully compliant with the requirements of the No Child Left Behind (NCLB) Act. Students in other majors may have to take the California Subject Exam for Teachers (CSET). See your department advisor for your particular course of study.

Major	Credential
Art	Art
Biology*	Science: Biological Sciences
Chemistry*	Science: Chemistry
Earth Science*	Science: Geosciences
Economics	Social Science
English*	English
French	World Language: French
Geography	Social Science
History	Social Science
Japanese	World Language: Japanese
Journalism	English
Kinesiology	Kinesiology

Students who have completed or wish to complete another major may consult with the teacher preparation advisor from one of the listed programs to determine possible equivalence to Single Subject Matter Competency.

2. Apply for Admission to the Single Subject Credential Program.
Applications to the Credential Program are accepted for both Fall and Spring semesters. Visit the program website at www.sjsu.edu/teachered for information on how to apply. Please note that the process of meeting application requirements can take several months to complete, so plan ahead.
3. Complete a Professional Preparation Program leading to a single subject credential. Requirements include:

PRELIMINARY CREDENTIAL (LEVEL 1)

Non-renewable, valid for a maximum of five years.

- o Bachelor's degree from a regionally accredited college or university
- o Prerequisite: Certificate of Clearance of personal and professional fitness
- o EDTE 208 - Educational Sociology
- o EDTE 224 - Seminar in Educational Psychology
- o EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy
- o EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners
- o EDTE 294 - Research/Practices in Health and Special Education
- o EDTE 282 - Assessment and Evaluation
- o EDSC 184X - Student Teaching I
- o Phase II Student Teaching: 184Y and 184Z in disciplinary departments
- o CalTPA
- o Subject-specific methods
- o CPR (adult, infant and child)
- o U.S. Constitution requirement
- o Technology requirement

Becoming a Special Education Teacher

1. Apply for admission to the Education Specialist Preliminary Teaching Credential: Early Childhood Special Education, Education Specialist Preliminary Teaching Credential: Mild/Moderate Support Needs, Education Specialist Preliminary Teaching Credential: Extensive Support Needs . Requirements include:
 - o Bachelor's degree from a regionally accredited college or university and program.
 - o Admission to San José State University.
 - o Grade Point average (GPA) of 2.75, or better.
 - o Passing score on the California Basic Education Skills Test (CBEST) or other approved method to meet the Basic Skills Requirement.
 - o Passing score on any of the California Subject Examinations for Teachers (or other approved method to meet Subject Matter Competency).
 - o Satisfaction of the Constitution requirement.
 - o Completion of 45 hours of verifiable, supervised experience with children in an instructional setting
 - o Completion of Department of Special Education materials in Quadrant 4 of CSU Apply including two letters of professional recommendation.
2. Complete a Professional Preparation Program leading to the Educational Specialist Credential
To be endorsed for the credential, the following requirements apply to all options:

PRELIMINARY CREDENTIAL

- o Satisfied all course requirements for the credential option (see Special Education section of the Catalog).
- o Grades of "B" or better in all credential courses/GPA of 3.0
- o Proof of competence in Reading Instruction by passing the RICA, unless having a valid California Multiple Subject Credential or Single Subject Credential.

- Satisfactory Dispositions Evaluations

Undergraduate BSN Application and Admission Procedures

Prior to applying to the University, students should refer to The Valley Foundation School of Nursing' website for application information. Virtual advising is available through monthly group sessions, and individual advising appointments. Applicants are encouraged to attend a 2-hour monthly group advising session offered during the spring and fall semesters. Group advising recorded presentation PowerPoints are available for review. Nursing has been an impacted major since Spring 2005 and certain supplemental criteria must be met. A student may apply a maximum of two times to this program. If not admitted by then, the student should seek general University advising to change to a different major.

The Valley Foundation School of Nursing has biannual admission application periods - Spring and Fall. Transfer students can only apply to the fall semester and post-baccalaureate students can only apply to the Spring semester. Application to the nursing program is a 2-step application process:

1. Submit a University application to Cal State Apply and official transcripts of all previous college work to the Office of Admissions. For current SJSU students, apply via NursingCAS only.
2. Submit to the nursing program via NursingCAS

The Valley Foundation School of Nursing has biannual admission application periods - Spring and Fall, although the University does not open Spring applications for transfer students. Students must have all 8 prerequisites completed in order to apply to NursingCAS for the applicant pool.

To be considered in the nursing application pool, applicants must meet the following supplemental criteria:

1. A minimum composite GPA of 3.3 for 8 prerequisite courses (BIOL 65, BIOL 66, MICR 20, ENGL 1A, CHEM 30A, COMM 20, STAT 95, and GE Area A3). All courses must be passed with a C or better.
2. BIOL 65, BIOL 66, and MICR 20 must be completed within 5 years of establishing eligibility and passed with a grade of "C" or better. If the course does not meet the 5-year, recency requirement the student will need to retake that course. The grade for any of these 3 courses taken within the 5 years will be used for calculation purposes. Courses may not be repeated, except for academic grade forgiveness when taken at the original school and this designation must appear on official transcripts. ("W" and "WB" grades are excluded).
3. A minimum TEAS score of 84%. This exam may only be taken within the past 5 years with a maximum of two trials. The highest score will be used in the impaction scoring.
4. Corequisites (NUFS 8, PSYC 1, and CHAD 70 must have a minimum of C, have been repeated no more than once, and either be completed or "in progress at the time of the Nursing application to NursingCAS.

Impaction Scoring

Students meeting the above minimum criteria will be ranked according to the following:

1. **GPA of all 8 required prerequisites of 3.3.** The 8 prerequisite GPA counts as $\frac{2}{3}$ of the impaction score.
2. **Test of Essential Academic Skills (TEAS)** - version 6 or 7 - available through the SJSU Testing Office. The TEAS minimum score is 84%. The TEAS test may be repeated only one time, regardless of version. The highest score will be used in the impaction scoring. To sign up for the TEAS exam, please see the SJSU Testing website For impaction scoring purposes, your TEAS score is divided by 30, to use a score that is similar to a GPA. For impaction calculations your TEAS 6.0 or 7.0 score is divided by 30 to create a score to be included in the final "impaction" scoring.
3. A minimum TEAS test of 84% counts as $\frac{1}{3}$ of the score. An increase in impaction score is applied if the applicant has the following: specific healthcare experience of a minimum of 100 hours within the past 3 years of application, completion of the three corequisites prior to applying, and first generation applicants based on the University criteria.

Application to nursing and documentation deadlines for entry in Fall semester is Feb. 15. Application and documentation deadline for entry in Spring semester is September 15.

Students may apply to NursingCAS up to one month prior to these NursingCAS deadlines.

In order to join the applicant pool for The Valley Foundation School of Nursing, students must:

1. Declare "pre-nursing undeclared" or any other major. The student does not receive the designation of "nursing major" until they are accepted and receive final confirmation by the School of Nursing.
2. Submit an application to NursingCAS with documented completion of prerequisites and TEAS score during the online application process. No prerequisites may be "in progress".
3. Three (3) corequisite courses must be completed with a C or better before beginning nursing courses.
4. Submit United States citizenship (U.S. Birth Certificate or current U.S. Passport) or Green Card Permanent Resident (documentation required). DACA or non-DACA students need certain documentation. Additionally, a California Driver's License (or picture ID from Driver's License Bureau) is also required.
5. Submit a signed functional competencies form (available on nursing website).
6. If applicable, submit documentation of healthcare experience using the Healthcare Experience Form.
7. Once admitted "provisionally", the student completes a required background check and drug clearance, using the School's vendor. A clear background check and drug screen are required. More information on this content is on the School's website under "Policies".
8. There is priority admission for persons with past military experience who meet minimum criteria.
9. Prior Baccalaureate applicants can only apply for Spring starts, and spots are limited to 10% of applicant selectees allowed by administration (e.g. 6 spots maximum, out of 60) within the application pool ranking.

Please note that application requirements and prerequisite courses are subject to change. Interested students should check the nursing website frequently for updates and changes.

Navigate to a list of CIP Codes and Start Term for Current Degrees and Concentrations or current Majors and Programs, including program requirements. Programs currently suspended are identified as "(Not Accepting Students)" next to their name throughout the academic catalog.

Effective Term	Degree Type	Program Name	Note
Fall 2024	MS	Accountancy	Offered as Accounting and Analytics, MS
Fall 2024	Minor	Ancient and Medieval History	
Fall 2024	Minor	Asian History	
Fall 2024	MS	Clinical Mental Health Counseling, MS	Offered as Clinical Psychology, MS
Fall 2024	BA	Communicative Disorders and Sciences, BA	Offered as Communicative Disorders and Sciences, BS
Fall 2024	Minor	Education Minor	
Fall 2024	MA	Education, Curriculum and Instruction (LACES) Concentration	
Fall 2024	MS	Engineering, Electronic Materials and Devices Concentration	
Fall 2024	Minor	European History	
Fall 2024	Minor	Latin American History	
Fall 2024	Minor	Military History	
Fall 2024	BA	Organizational Studies, BA	
Fall 2024	Minor	Science Minor	
Fall 2024	BA	Sociology, Social Interaction Concentration, BA	
Fall 2024	Minor	United States History	
Fall 2023	Certificate	Collaborative Response to Family Violence Certificate	

Fall 2023	BA	French, Preparation for Teaching, BA	
Fall 2023	Minor	Global Leadership and Innovation Minor	
Fall 2023	Minor	Italian Minor	
Fall 2023	BA	Liberal Studies, Cross-Cultural Studies in Mexican and American Education Concentration, BA	
Fall 2023	Minor	Mathematics Education Minor	
Fall 2023	Minor	Mathematics For K-8 Teachers Minor	
Fall 2023	Minor	Native American Studies Minor	
Fall 2023	BS	Psychology, BS	
Fall 2023	MS	Quality Assurance, MS	Offered as Engineering Technology, MS
Fall 2023	Minor	Science Minor	
Fall 2023	SAGE	Social Science, Preparation for Teaching, BA + Single Subject Credential + Teaching, MAT	
Fall 2023	BA	Sociology, Women, Gender, and Sexuality Studies, BA	Offered as Women, Gender, and Sexuality Studies, BA
Fall 2023	Minor	Transformative Leadership Minor	
Spring 2023	Certificate	Common Core Mathematics (K-8) Teaching Certificate	
Fall 2022	BS	Business Administration, Global Operations Management Concentration, BS	Offered as Business Administration, Operations and Supply Chain Management Concentration, BS
Fall 2022	BA	History & Social Science Teacher Preparation (SSTP), BA (Double BA)	
Fall 2022	MA	Kinesiology, Exercise Physiology Concentration, MA	

Fall 2022	MA	Kinesiology, MA	Offered as Kinesiology, MS
Fall 2022	MA	Kinesiology, Sport Management Concentration, MA	
Fall 2022	MA	Kinesiology, Sport Studies Concentration, MA	
Fall 2022	MS	Mathematics, MS	Offered as Applied Mathematics, MS
Fall 2022	MA	Sociology, MA	
Fall 2022	BS	Applied Mathematics, Statistics Concentration, BS	Offered as Statistics, BS
Fall 2021	BFA	Art, Animation/Illustration Concentration, BFA	Offered as Animation & Illustration, BFA
Fall 2021	MA	Education, Special Education Concentration, MA	Offered as Special Education, MA
Fall 2021	MA	Education, Speech Pathology Concentration, MA	Offered as Speech Language Pathology, MS
Fall 2021	MA	History, History Education Concentration, MA	
Fall 2021	BS	Hospitality, Tourism and Event Management, BS	Offered as Business Administration, Hospitality, Tourism and Event Management Concentration, BS
Fall 2021	Minor	Hotel and Restaurant Minor	
Fall 2021	MS	Kinesiology, Concentration in Athletic Training, MS	
Fall 2021	Certificate	Nurse Educator Certificate	
Fall 2021	MS	Physics, Computational Physics Concentration, MS	
Fall 2021	MS	Physics, Modern Optics Concentration, MS	
Fall 2021	MS	Psychology, Clinical Psychology Concentration, MS	Offered as Clinical Psychology, MS

Fall 2020	BS	Applied Mathematics, Economics and Actuarial Science Concentration, BS	
Fall 2020	BA	Art, Art History and Visual Culture Concentration, BA	Offered as Art History and Visual Culture, BA
Fall 2020	BA	Communication Studies, Preparation for Teaching, BA	
Fall 2020	MA	Education, Counseling and Student Personnel Concentration, MA	Offered as Counseling and Guidance, MA
Fall 2020	MA	Education, Administration and Supervision Concentration, MA	Offered as Educational Leadership, Concentration in Emancipatory School Leadership, MA
Fall 2020	Credential	Educational Leadership, Preliminary Administrative Services Credential	
Fall 2020	Minor	Global Leadership and Innovation Minor	
Fall 2020	MA	Kinesiology, Athletic Training Concentration, MA	
Fall 2020	BS	Public Health, Health Services Administration Concentration, BS	
Fall 2020	MS	Recreation, International Tourism Concentration, MS	
Fall 2020	BA	Social Science, Preparation for Teaching (Multiple Subject), BA	
Fall 2020	BA	Theatre Arts, Preparation for Teaching, BA	
Fall 2019	BS	Athletic Training, BS	
Fall 2019	BA	Art, Concentration in Design Studies, BA	Offered as Design Studies, BA
Fall 2019	Certificate	Big Data (Special Session Program)	
Fall 2019	BA	Humanities, Asian Studies Concentration, BA	
Fall 2019	BA	Humanities, European Studies, BA	
Fall 2019	BA	Humanities, Middle East Studies, BA	

Fall 2019	Minor	News Media Design	
Fall 2019	BS	Nutritional Science, General Concentration, BS	
Fall 2019	BA	Special Major, Organization Studies, BA	Offered as Organizational Studies, BA DISContinued EFF Fall 2024
Fall 2019	MS	Software Engineering, Cybersecurity Concentration, MS	
Fall 2019	MA	Theatre Arts, MA	
Spring 2019	MA	Educational, Higher Education, MA	
Spring 2019	DNP	Doctor of Nursing (Jointly offered through CSU Fresno)	Offered as Nursing Practice, DNP through SJSU only
Fall 2018	BS	Biological Science, Ecology and Evolution Concentration, BS	Offered as Biological Sciences - Ecology and Evolution, BS
Fall 2018	BS	Biological Science, General Concentration, BS	
Fall 2018	BS	Biological Science, Marine Biology, BS	Offered as Biological Sciences - Marine Biology, BS
Fall 2018	MS	Biological Science, General Concentration, MS	
Fall 2018	BS	Environmental Studies, Energy Concentration, BS	
Fall 2018	BS	Environmental Studies, Environmental Impact Assessment, BS	
Fall 2018	BS	Environmental Studies, Environmental Restoration and Resource Management, BS	
Fall 2018	MA	French, MA	
Fall 2018	BS	Nutritional Science, Packaging Concentration, BS	Offered as a Packaging, BS
Fall 2018	MA	Psychology, General Concentration, MA	

Fall 2018	BA	Spanish, Preparation for Teaching, BA	
Fall 2017	MA	Theatre Arts, MA	
Fall 2016	BA	Biological Science, Preparation for Teaching, BA

Writing in the Disciplines Courses (3 units)

Writing in the Disciplines (WID) courses develop students' abilities to communicate effectively in their major course of study and in their careers. With an emphasis on critical thinking, these upper-division core courses advance students' understanding of the genres, audiences, and purposes of college writing while preparing them for successful communication in their chosen professions.

Minimum Prerequisite: Upper division standing; A3 or equivalent second semester composition course (with a grade of C- or better); completion of core GE. Completion of the UDW-DSP is strongly recommended.

Minimum Grade: A minimum grade of "C" or better (C- not accepted).

- AFAM 100W - Writing Workshop 3 unit(s)
- AMS 100W - Writing in the Humanities & Interdisciplinary Arts 3 unit(s)
- ANTH 100W - Writing Workshop 3 unit(s)
- ART 100W - Writing Workshop: Fine Arts 3 unit(s)
- BIOL 100W - Scientific Communication Workshop 3 unit(s)
- CHAD 100W - Writing Workshop 3 unit(s)
- CHEM 100W - Writing Workshop: Chemical Communications 3 unit(s)
- COMM 100W - Writing Workshop: Writing for Influence 3 unit(s)
- CS 100W - Technical Writing Workshop 3 unit(s)
- DSGN 100W - Writing Workshop: Design 3 unit(s)
- ECON 100W - Writing Workshop: Economic Reports 4 unit(s)
- ENGL 100W - Writing Workshop 4 unit(s)
- ENGL 100WB - Written Communication: Business 3 unit(s)
- ENGR 100W - Engineering Reports 3 unit(s)
- ENVS 100W - Environmental Research and Writing 3 unit(s)
- FORL 100W - Writing Workshop 3 unit(s)
- FS 100W - Forensic Science Writing Workshop 3 unit(s)
- GEOG 100W - Writing Workshop 3 unit(s)
- GLST 100W - Writing Workshop 3 unit(s)
- HIST 100W - History Writers' Workshop 3 unit(s)
- HUM 100W - Writing in the Humanities & Interdisciplinary Arts 3 unit(s)
- JS 100W - Writing Workshop 3 unit(s)
- KIN 100W - Writing Workshop 3 unit(s)
- LLD 100W - Writing Workshop 3 unit(s)
- LLD 100WB - Writing Workshop for Business Students 3 unit(s)
- MCOM 100W - Writing Workshop: Mass Communications 3 unit(s)
- METR 100W - Writing Workshop: Meteorological Reports 3 unit(s)
- MUSC 100W - Written Communication II 3 unit(s)
- NUFS 100W - Writing Workshop 3 unit(s)
- NURS 100WE - Evidence Based Practice Writing Workshop 3 unit(s)
- PH 100W - Writing Workshop 3 unit(s)
- PHYS 100W - Methods of Research and Communication in Physics 3 unit(s)
- POLS 100W - Writing Workshop 3 unit(s)
- PSYC 100W - Writing Workshop 3 unit(s)
- RECL 100W - Writing Workshop 3 unit(s)
- RELS 100W - Writing in the Humanities & Interdisciplinary Arts 3 unit(s)
- SCWK 100W - Writing Workshop 3 unit(s)

- SOCI 100W - Writing Workshop 3 *unit(s)*
- TA 100W - Writing Workshop: Theatre Arts 3 *unit(s)*

Undergraduate Graduation Requirements - Unit Overview

To qualify for a baccalaureate degree, students must satisfy the major degree requirements and the Undergraduate University Graduation Requirements, which include the following minimum degree requirements and 51 units of coursework:

1. Academic Unit Requirements (120 units total with an average 2.0 GPA - "C" or better)
2. General Education Requirements (48 units)
3. American Institutions Requirement (0-6 units) (*may be satisfied in GE Areas C and D*)
4. Physical Education Requirement (0-2 units)
5. Graduation Writing Assessment Requirement (GWAR) 3 unit(s) (*see Writing in the Disciplines*)

Undergraduate Graduation Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Overview

Since 1928, the College of Business has served the business education needs of our community. We provide San José and Silicon Valley with talent, thought leadership and service, ensuring our region's growth in the global marketplace. An institution of opportunity, our accessible, high-value education empowers and transforms the lives of people of all ages and backgrounds. Both our challenging undergraduate curriculum and our innovative graduate program in the Donald and Sally Lucas Graduate School of Business equip graduates with the tools, work ethic and skills to succeed in the ever-changing global economy.

The Donald and Sally Lucas College and Graduate School of Business is the institution of opportunity, providing innovative business education and research for the Silicon Valley region and beyond since 1928. The College offers an accessible, high value education that empowers people of all ages and backgrounds to transform their lives. Faculty and staff are strongly committed to the College's mission; maintain a collegial, inclusive teaching and learning environment; and are dedicated to continuous improvement in all areas of academic achievement, scholarship, teaching and service.

The college is an active member of the San José and Silicon Valley community and provides a talent pool, thought leadership and service that supports the region's growth in the global marketplace. The college is one of the 755 institutions worldwide that are accredited by the prestigious AACSB International, the Association to Advance Collegiate Schools of Business. Fewer than five percent of business programs worldwide have earned the AACSB's certification of excellence. In addition, the college is accredited by the WASC Senior College and University Commission (WSCUC) and the California State Board of Education.

The college is dedicated to equipping graduates with the tools, work ethic and skills to succeed in the ever-changing global economy. This is accomplished through a challenging undergraduate curriculum and an innovative, high quality graduate education in the Donald and Sally Lucas Graduate School of Business.

The Business Honors Practicum

The Business Honors Practicum provides the best students in the College of Business with the opportunity to apply what they have learned in the classroom to real business problems. Students are selected based on a combination of high GPA, prerequisites, and excellent communication skills. Students are typically placed in groups of three to work on projects at Silicon Valley businesses for college course credit. The program also includes international study trips, executive level guest speakers, and networking events. Through seminar sessions students are also exposed to current issues, ideas, and practices in their own disciplines and other fields of business. Students who complete two semesters in the program, have a 3.5 GPA or above and write a scholarly paper qualify to graduate with honors from the College of Business.

Undergraduate Business Education

The college provides a rich undergraduate education through six departments and schools - Accounting and Finance, Global Innovation and Leadership, Hospitality, Tourism and Event Management, Information Systems and Technology, Management, and Marketing and Business Analytics. Infused throughout the undergraduate program are opportunities to develop competencies in a number of key areas -- communication, teamwork, global perspectives, critical thinking, ethics, entrepreneurship, community service, and innovation. The rigorous and challenging curriculum prepares graduates to be future leaders that succeed in the global economy.

The college is building upon its existing expertise in entrepreneurship, management, global finance, accounting, and leadership and organizational change. In addition, the college showcases the best and brightest students through the Business Honors Program and the Thompson Global Internship Program.

Jack Holland Student Success Center

Email: jackholland-center@sjsu.edu

Website: <https://www.sjsu.edu/lcobssc/>

The Jack Holland Student Success Center, located on the garden level of the Boccardo Business Center, provides advice to students about undergraduate business courses and programs. Prospective students are encouraged to talk with advisors about requirements for business major and general education courses. Prospective graduate students are encouraged to meet a graduate advisor in the Graduate Program Office in the Business Tower.

Business Tutoring Centers

Peer Connections supports students through tutoring, mentoring, supplemental instructions, learning assistants and student success events in an inclusive, welcoming environment. Peer Connections serves business students in the

Boccardo Business Center room BBC 303 for 1:1 tutoring and in the Business Tower room BT 053 for group tutoring sessions.

Donald and Sally Lucas Graduate School of Business

The Donald and Sally Lucas Graduate School of Business offers a high-value education with a global focus, innovative programs, and deep ties to Silicon Valley corporations and leaders. Our distinguished faculty provide a relevant business education focusing on excellence in teaching and applied research and serving the needs of diverse students from the Silicon Valley and beyond.

We offer an Early Career MBA program with three tracks: accelerated (12 months), full-time (21-24 months), and part-time (33-36 months). Our MBA for Professionals is a flexible part-time program suitable for working professionals who set their own pace. We also offer a STEM designated Master of Science in Accounting and Analytics, Master of Science in Finance, Master of Science in Taxation, and Master of Science in Transportation Management.

Undergraduate Major(s)

Business Administration, Accounting Concentration, BS

Accounting is a profession concerned with identification, recording, and communication of relevant information in financial statements and reports. Accountants must understand how to prepare financial and tax information, but also analyze, interpret, and safeguard information and systems. The concentration, offered by the Department of Accounting and Finance, includes coursework in financial statement preparation, taxation, auditing, internal control, and costing systems. Offered by the Department of Accounting and Finance, the curriculum prepares students for careers as certified public accountants (CPA), certified management accountants (CMA), certified internal auditors (CIA), and corporate officers for public accounting firms, corporations, governments and not-for-profit organizations.

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	15
Major Core Requirements	40
Concentration Requirements	24
University Electives	3
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for the Accounting Foundation Courses must be completed with a grade of "C or better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (or equivalent)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- ENGL 100WB - Written Communication: Business 3 *unit(s)* (WID)
- COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* (WID)
- LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (WID)

Major Requirements (64 units)

Core Courses (40 units)

Lower Division Courses (10 units)

- BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS3 80 - Legal Environment of Business 3 *unit(s)*

- BUS2 90 - Business Statistics 3 *unit(s)* (*Transfer students with STAT 95 (C or better) may use this in lieu of BUS2 90.*)
- BUS4 91L - Computer Tools for Business 1 *unit(s)*

Upper Division Business Fundamentals Courses (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Upper Division Business Integration and Perspectives Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (24 units)

Additionally, to qualify for a baccalaureate degree in business administration with an Accounting concentration, all courses in the Accounting foundation classes must be completed with a grade of "C" or better. A cumulative 2.0 GPA is required in all business classes.

Accounting Foundation Courses (15 units)

- BUS1 120A - Accounting Information Systems 3 *unit(s)*
- BUS1 121A - Intermediate Accounting I 3 *unit(s)*
- BUS1 121B - Intermediate Accounting II 3 *unit(s)*
- BUS1 122A - Management Accounting and Control Systems 3 *unit(s)*
- BUS1 123A - Taxation of Businesses and Investments 3 *unit(s)*

Required Electives (9 units)

Complete three courses from:

- BUS1 120B - Advanced AIS and IS Risk Assessment 3 *unit(s)*
- BUS1 120D - Accounting Topics in IT Audit 3 *unit(s)*
- BUS1 123C - Taxation of Individuals 3 *unit(s)*
- BUS1 124 - Forensic Accounting 3 *unit(s)*
- BUS1 125 - Special Topics in Accounting 3 *unit(s)*
- BUS1 126 - Advanced Accounting 3 *unit(s)*
- BUS1 127A - Honors Practicum in Corporate Financial Management 3 *unit(s)*
- BUS1 128 - Accounting for Nonprofit Organizations 3 *unit(s)*
- BUS1 129A - Financial Auditing 3 *unit(s)*

- BUS1 129B - Operational Auditing 3 *unit(s)*

University Electives (3 units)

Total Units Required (120 units)

Business Administration, Accounting Information Systems Concentration, BS

This concentration integrates accounting and management information systems disciplines to prepare students for careers in accounting information technology. Offered by the Department of Accounting and Finance, the curriculum focuses on relevant accounting, internal control, and information technology issues. AIS students take courses in database design, networking and data communications, systems analysis and design, and information technology audit, all with an accounting emphasis. Students who complete this concentration enter a fast-growing, dynamic area in accounting. Graduates are attractive to public accounting firms and corporations, and their careers take paths in information technology or internal audit, forensic accounting, risk management, or litigation services. AIS students are qualified to sit for the Computer Information Systems Auditor (CISA) examination.

Concentration Requirements	27
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for Accounting Information Systems must be completed with a grade of "C or better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)

- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (or equivalent)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* (WID)
- ENGL 100WB - Written Communication: Business 3 *unit(s)* (WID)
- LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (WID)

Major Requirements (67 units)

Core Courses (40 units)

Lower Division Courses (10 units)

- BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS3 80 - Legal Environment of Business 3 *unit(s)*
- BUS2 90 - Business Statistics 3 *unit(s)* (Transfer students with STAT 95 (C or better) may use this in lieu of BUS2 90.)
- BUS4 91L - Computer Tools for Business 1 *unit(s)*

Business Fundamentals (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*

- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Business Integration and Perspectives Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (27 units)

Additionally, to qualify for a baccalaureate degree in business administration with an accounting information systems concentration, all courses in the concentration must be completed with a grade of "C" or better. A cumulative 2.0 GPA is required in all business classes.

Accounting Information Systems Foundation Courses (24 units)

- BUS1 120A - Accounting Information Systems 3 *unit(s)*
- BUS1 120B - Advanced AIS and IS Risk Assessment 3 *unit(s)*
- BUS1 120C - Network Environment and Accounting Controls 3 *unit(s)*
- BUS1 120D - Accounting Topics in IT Audit 3 *unit(s)*
- BUS1 120G - Programming and Systems Development in AIS 3 *unit(s)*
- BUS1 121A - Intermediate Accounting I 3 *unit(s)*
- BUS1 121B - Intermediate Accounting II 3 *unit(s)*
- BUS1 122A - Management Accounting and Control Systems 3 *unit(s)*

Required Electives (3 units)

Complete one course from:

- BUS1 123A - Taxation of Businesses and Investments 3 *unit(s)*
- BUS1 124 - Forensic Accounting 3 *unit(s)*
- BUS1 127A - Honors Practicum in Corporate Financial Management 3 *unit(s)*
- BUS1 129A - Financial Auditing 3 *unit(s)*
- BUS1 129B - Operational Auditing 3 *unit(s)*

Total Units Required (120 units)

Business Administration, Business Analytics Concentration, BS

Business Analytics is a quantitative approach to business, driven by the intelligent use of data and mathematical models. Practitioners leverage methods from statistics and operations research to form insights and make decisions that improve business performance. Business analytics is crucial to a broad range of industries. Banks need to perform credit risk analysis and analyze streaming transactions in real time to quickly identify potential fraud. Utility companies need to analyze energy usage data to gain a better understanding of demand patterns. Retailers need to perform markdown optimizations, firm-wide liquidity management, and understand the social sentiment around their

products and markets to develop more effective campaigns and promotions. Business Analytics, offered by the Department of Marketing and Business Analytics, helps such organizations uncover insights from big data, build models that relate actions to consequences, and perform optimization and simulation analyses that lead to quality decisions and better outcomes in shorter times. The job opportunities for graduates with data analytical skills have never been more numerous. The business analytics concentration is designed to cater to this need by equipping our undergraduates with the skills needed to crunch huge data sets into meaningful information to further facilitate smart business decision-making.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	15
Major Core Requirements	43
Concentration Requirements	21
University Electives	3
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for Business Analytics must be completed with a grade of "C- or better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 unit(s)
- ECON 1B - Principles of Economics: Microeconomics 3 unit(s) (D)
- ENGL 2 - Critical Thinking and Writing 3 unit(s) (A3) (or equivalent)
- MATH 70 - Mathematics for Business 3 unit(s) (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- COMM 100W - Writing Workshop: Writing for Influence 3 unit(s) (WID)
- ENGL 100WB - Written Communication: Business 3 unit(s) (WID)
- LLD 100WB - Writing Workshop for Business Students 3 unit(s) (WID)

Major Requirements (64 units)

Core Courses (43 units)

Lower Division Courses (13 units)

- BUS1 20 - Financial Accounting 3 unit(s)
- BUS1 21 - Managerial Accounting 3 unit(s)
- BUS3 80 - Legal Environment of Business 3 unit(s)
- BUS2 90 - Business Statistics 3 unit(s) (Transfer students with STAT 95 (C or better) may use this in lieu of BUS2 90.)
- BUS4 91L - Computer Tools for Business 1 unit(s)

Business Fundamentals (15 units)

- BUS2 130 - Introduction to Marketing 3 unit(s)
- BUS5 140 - Fundamentals of Operations Management 3 unit(s)
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 unit(s)
- BUS1 170 - Fundamentals of Finance 3 unit(s)
- BUS2 190 - Fundamentals of Business Analytics 3 unit(s)

Business Integration and Perspective Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (21 units)

Additionally, to qualify for a baccalaureate degree in Business Administration with concentration in Business Analytics, all courses in the concentration must be completed with a grade of "C-" or better. A cumulative 2.0 GPA is required in all business classes.

Required Courses (12 units)

- BUS2 193 - Data Mining 3 *unit(s)*
- BUS2 194A - Statistical Analysis 3 *unit(s)*
- BUS2 194B - Prescriptive Analytics in Business 3 *unit(s)*
- BUS2 195B - Data Visualization and Exploration 3 *unit(s)*

Additional Courses (9 units)

Complete three courses from:

- BUS2 132B - Supply Chain Analytics 3 *unit(s)*
- BUS2 137H - Marketing and Business Analytics Honors Practicum 3 *unit(s)*
- BUS2 195A - Spreadsheet Modeling 3 *unit(s)*
- BUS2 195C - Simulation Modeling and Analysis 3 *unit(s)*
- BUS4 116 - Advanced Database Management Systems 3 *unit(s)*
- BUS4 118D - Big Data 3 *unit(s)*

University Electives (3 units)

Total Units Required (120 units)

Business Administration, Corporate Accounting and Finance Concentration, BS

This concentration integrates accounting and finance disciplines to prepare students for careers in corporate financial management. Offered by the Department of Accounting and Finance, the curriculum develops an understanding of how to obtain capital, distribute funds, manage cash flow, evaluate competing projects, and run a firm from a financial perspective. This concentration teaches how to record, analyze and interpret financial information. The curriculum enhances the attractiveness of its graduates to corporate finance groups as entry-level hires, and for the long-term, positions them for roles as controller, treasurer, and chief financial officer. CAF graduates are able to move between accounting and finance careers, increasing their marketability in a field with great opportunities.

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	15
Major Core Requirements	40
Concentration Requirements	27
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for Corporate Accounting Finance must be completed with a grade of "C or better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90, BUS1 170.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (or equivalent)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* (WID)
- ENGL 100WB - Written Communication: Business 3 *unit(s)* (WID)
- LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (WID)

Major Requirements (67 units)

Core Courses (40 units)

Lower Division Courses (10 units)

- BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS3 80 - Legal Environment of Business 3 *unit(s)*
- BUS2 90 - Business Statistics 3 *unit(s)* (Transfer students with STAT 95 (C or better) may use this in lieu of BUS2 90.)
- BUS4 91L - Computer Tools for Business 1 *unit(s)*

Business Fundamentals (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Business Integration and Perspective Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (27 units)

Additionally, to qualify for a baccalaureate degree in business administration with a Corporate Finance Management concentration, all courses in the concentration must be completed with a grade of "C" or better. A cumulative 2.0 GPA is required in all business classes.

Required Accounting Courses (12 units)

- BUS1 120A - Accounting Information Systems 3 *unit(s)*
- BUS1 121A - Intermediate Accounting I 3 *unit(s)*
- BUS1 121B - Intermediate Accounting II 3 *unit(s)*
- BUS1 122A - Management Accounting and Control Systems 3 *unit(s)*

Required Finance Courses (9 units)

- BUS1 171A - Financial Institutions and Markets 3 *unit(s)*
- BUS1 173A - Financial Management: Theory and Policy 3 *unit(s)*
- BUS1 173B - Problems in Financial Management 3 *unit(s)*

Concentration Electives (6 units)

Complete two courses from:

- BUS1 120B - Advanced AIS and IS Risk Assessment 3 *unit(s)*
- BUS1 123A - Taxation of Businesses and Investments 3 *unit(s)*
- BUS1 124 - Forensic Accounting 3 *unit(s)*
- BUS1 125 - Special Topics in Accounting 3 *unit(s)*
- BUS1 126 - Advanced Accounting 3 *unit(s)*
- BUS1 127A - Honors Practicum in Corporate Financial Management 3 *unit(s)* **OR** BUS1 127B - Advanced Honors Practicum 3 *unit(s)*
- BUS1 128 - Accounting for Nonprofit Organizations 3 *unit(s)*
- BUS1 129B - Operational Auditing 3 *unit(s)*
- BUS1 171B - Commercial Banking 3 *unit(s)*
- BUS1 172A - Investment Analysis 3 *unit(s)*
- BUS1 172B - Portfolio Management 3 *unit(s)*
- BUS1 172C - Futures and Options 3 *unit(s)*
- BUS1 173C - Entrepreneurial Finance 3 *unit(s)*
- BUS1 175 - Real Estate Finance 3 *unit(s)*
- BUS1 176 - Business Valuation 3 *unit(s)*
- BUS1 177 - International Business Finance 3 *unit(s)*
- BUS1 179B - Selected Topics in Business Finance 3 *unit(s)*

Total Units Required (120 units)

Business Administration, Entrepreneurship Concentration, BS

The concentration in Entrepreneurship, offered by the School of Global Innovation and Leadership, prepares students with a drive for innovation and the passion to create new businesses to be entrepreneurs or corporate innovators. Students who complete the program will gain a global perspective of entrepreneurship, an understanding of the key management principles across business functions and the need to embrace change in a rapidly evolving environment due to global competition, new technology and changing customer requirements.

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	15
Major Core Requirements	43
Concentration Requirements	18
University Electives	6
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for Entrepreneurship must be completed with a grade of "C- or Better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (or equivalent)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* (WID)
- ENGL 100WB - Written Communication: Business 3 *unit(s)* (WID)
- LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (WID)

Major Requirements (61 units)

Core Courses (43 units)

Lower Division Courses (13 units)

- BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS1 21 - Managerial Accounting 3 *unit(s)*
- BUS3 80 - Legal Environment of Business 3 *unit(s)*
- BUS2 90 - Business Statistics 3 *unit(s)* (Transfer students with STAT 95 (C or better) may use this in lieu of BUS2 90.)
- BUS4 91L - Computer Tools for Business 1 *unit(s)*

Upper Division Business Fundamentals Courses (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Upper Division Business Integration and Perspective Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (18 units)

Additionally, to qualify for a baccalaureate degree in business administration with an entrepreneurship concentration, all courses in the concentration must be completed with a grade of "C- or Better".

Required Courses (9 units)

- BUS2 131D - Marketing in New Ventures 3 *unit(s)*
- BUS5 181 - Introduction to Entrepreneurship 3 *unit(s)*
- BUS5 182 - Business Plans for New Ventures 3 *unit(s)*

Concentration Electives (9 units)

Complete Two Courses From:

- BUS5 169A - Honors Seminar 3 *unit(s)*
- BUS5 182A - Startup Founders & Funders 3 *unit(s)*
- BUS5 183 - Global Entrepreneurship 3 *unit(s)*
- BUS5 184A - Management of Innovation 3 *unit(s)*
- BUS5 185 - Family Business Dynamics 3 *unit(s)*
- BUS5 186H - Entrepreneurship Laboratory 3 *unit(s)* (*Instructor permission only*)
- BUS5 186V - Venture Lab 3 *unit(s)*

Additional Elective Courses

Complete one course from the following list or from electives listed above, if not already completed.

- BUS1 173C - Entrepreneurial Finance 3 *unit(s)*
- BUS2 131A - Business to Business Marketing 3 *unit(s)*
- BUS2 131B - Retail Marketing Management 3 *unit(s)*
- BUS2 134C - Social Media Marketing 3 *unit(s)*
- BUS2 136 - Product Development 3 *unit(s)*
- BUS3 153 - Management of Diversity 3 *unit(s)*
- BUS5 146 - Fundamentals of Project Management 3 *unit(s)*
- BUS5 162 - International and Comparative Management 3 *unit(s)*
- BUS5 163A - Negotiating Globally 3 *unit(s)*
- BUS5 163B - Business and Innovation in Emerging Economies 3 *unit(s)*
- BUS5 165A - Global Leadership 3 *unit(s)*
- BUS5 167 - Managing Environmental Issues 3 *unit(s)*
- BUS5 169B - Honors Practicum in Organization and Management 3 *unit(s)*

University Electives (6 units)

Total Units Required (120 units)

Business Administration, Finance Concentration, BS

Students studying finance learn to make decisions in three areas: corporate finance, investments and financial institutions. Corporate finance courses prepare students for financial analysis and planning. The investments area emphasizes decision-making processes required to value securities such as stocks or bonds and teaches principles of managing an investment portfolio. Students study financial institutions, including commercial banks, savings and loan associations, mutual funds, and insurance companies, to understand the function of U.S. and international money and capital markets. Offered by the Department of Accounting and Finance, the curriculum prepares students for careers as financial officers responsible for investment and financing decisions for corporations or financial institutions.

- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

All of the following courses must be completed with a grade of "C" or better prior to taking any upper division major coursework.

- ECON 1A - Principles of Economics: Macroeconomics 3 unit(s)
- ECON 1B - Principles of Economics: Microeconomics 3 unit(s) (D)
- ENGL 2 - Critical Thinking and Writing 3 unit(s) (A3) (or equivalent)
- MATH 70 - Mathematics for Business 3 unit(s) (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- COMM 100W - Writing Workshop: Writing for Influence 3 unit(s) (WID)
- ENGL 100WB - Written Communication: Business 3 unit(s) (WID)
- LLD 100WB - Writing Workshop for Business Students 3 unit(s) (WID)

Major Requirements (61 units)

Core Courses (43 units)

Lower Division Courses (13 units)

- BUS1 20 - Financial Accounting 3 unit(s)
- BUS1 21 - Managerial Accounting 3 unit(s)
- BUS3 80 - Legal Environment of Business 3 unit(s)
- BUS2 90 - Business Statistics 3 unit(s) (Transfer students with STAT 95 (C or better) may use this in lieu of BUS2 90.)
- BUS4 91L - Computer Tools for Business 1 unit(s)

Upper Division Business Fundamentals Courses (15 units)

- BUS1 170 - Fundamentals of Finance 3 unit(s)
- BUS2 130 - Introduction to Marketing 3 unit(s)

- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Upper Division Business Integration and Perspectives Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (18 units)

Must achieve a grade of "C" or better in the following required courses

Required Courses (9 units)

- BUS1 171A - Financial Institutions and Markets 3 *unit(s)*
- BUS1 172A - Investment Analysis 3 *unit(s)*
- BUS1 173A - Financial Management: Theory and Policy 3 *unit(s)*

Concentration Electives (9 units)

Complete three courses from:

Choose BUS1 127A or BUS1 127B do not take both

- BUS1 127A - Honors Practicum in Corporate Financial Management 3 *unit(s)* **OR** BUS1 127B - Advanced Honors Practicum 3 *unit(s)*
- BUS1 171B - Commercial Banking 3 *unit(s)*
- BUS1 172B - Portfolio Management 3 *unit(s)*
- BUS1 172C - Futures and Options 3 *unit(s)*
- BUS1 172D - Student Managed Investment Fund 3 *unit(s)*
- BUS1 173B - Problems in Financial Management 3 *unit(s)*
- BUS1 173C - Entrepreneurial Finance 3 *unit(s)*
- BUS1 175 - Real Estate Finance 3 *unit(s)*
- BUS1 176 - Business Valuation 3 *unit(s)*
- BUS1 177 - International Business Finance 3 *unit(s)*
- BUS1 179B - Selected Topics in Business Finance 3 *unit(s)*

University Electives (6 units)

Total Units Required (120 units)

Business Administration, General Business Concentration, BS

The General Business concentration, offered by the Department of Marketing and Business Analytics, offers students a broad spectrum of courses to prepare them for careers in small, medium-sized or family businesses and for jobs with companies that train new employees in a specific job largely unrelated to a functional area such as managing a large retail store or servicing technology company's customers.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	15
Major Core Requirements	43
Concentration Requirements	18
University Electives	6
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for General Business must be completed with a grade of "C- or better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 unit(s)
- ECON 1B - Principles of Economics: Microeconomics 3 unit(s) (D)
- ENGL 2 - Critical Thinking and Writing 3 unit(s) (A3) (or equivalent)
- MATH 70 - Mathematics for Business 3 unit(s) (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- ENGL 100WB - Written Communication: Business 3 unit(s) (WID)
- COMM 100W - Writing Workshop: Writing for Influence 3 unit(s) (WID)
- LLD 100WB - Writing Workshop for Business Students 3 unit(s) (WID)

Major Requirements (61 units)

Core Courses (43 units)

Lower Division Courses (13 units)

- BUS1 20 - Financial Accounting 3 unit(s)
- BUS1 21 - Managerial Accounting 3 unit(s)
- BUS3 80 - Legal Environment of Business 3 unit(s)
- BUS2 90 - Business Statistics 3 unit(s) (Transfer students with STAT 95 (C or better) may use this in lieu of BUS2 90.)
- BUS4 91L - Computer Tools for Business 1 unit(s)

Upper Division Business Fundamentals Courses (15 units)

- BUS2 130 - Introduction to Marketing 3 unit(s)
- BUS5 140 - Fundamentals of Operations Management 3 unit(s)
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 unit(s)
- BUS1 170 - Fundamentals of Finance 3 unit(s)
- BUS2 190 - Fundamentals of Business Analytics 3 unit(s)

Upper Division Business Integration and Perspectives Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (18 units)

Required Courses (12 units)

Courses selected must include at least one course from the Marketing & Business Analytics (BUS2) department and one course from either the School of Management (BUS3) or School of Global Innovation & Leadership (BUS5). There could be as many as 12 units from any one department and as many as 6 units of advisor approved transfer credit. All these courses require grades of "C-" or better.

Additional Courses (6 units)

Any upper division business courses. Please see an advisor for a current list of acceptable courses. All these courses require grades of "C-" or better.

University Electives (6 units)

Total Units Required (120 units)

Business Administration, General Business Concentration, BS (SJSU Online)

The General Business concentration, offered by the Department of Marketing and Business Analytics, offers students a broad spectrum of courses to prepare them for careers in small, medium-sized or family businesses and for jobs with companies that train new employees in a specific job largely unrelated to a functional area such as managing a large retail store or servicing technology company's customers.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes are delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times).

Summary of Degree Units

Transfer Units	60
SJSU Studies Area R	3
Major Requirements	51

University Electives	6
Total	120

Program Roadmaps

The 2-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Transfer Units (60 units)

- All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better.
- Applicants must also have completed the Core Lower Division General Education Requirements (39 units). The following courses must be passed with a C- or better:
 - (A1) Oral Communication/Speech
 - (A2) Written English Composition
 - (A3) Critical Thinking/Logic
 - (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)
 - (F) Ethnic Studies
- Completion of at least 22 units of the following courses (or equivalents). The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.
 - ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
 - ECON 1B - Principles of Economics: Microeconomics 3 *unit(s) (D)*
 - MATH 70 - Mathematics for Business OR MATH 71 - Calculus for Business and Aviation OR MATH 30 - Calculus I 3 *unit(s) (All B4)*
 - BUS1 20 - Financial Accounting 3 *unit(s)*
 - BUS1 21 - Managerial Accounting 3 *unit(s)*
 - BUS3 80 - Legal Environment of Business 3 *unit(s)*
 - BUS2 90 - Business Statistics 3 *unit(s)*
 - BUS4 91L - Computer Tools for Business 1 *unit(s)*

University Requirements (3 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult your major advisor before selecting courses to satisfy the Upper Division General Education Requirements.

- SJSU Studies Area R

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (51 units)

Written Communication (3 units)

- ENGL 100WB - Written Communication: Business 3 *unit(s)* (WID)
- COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* (WID)
- LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (WID)

Upper Division Business Fundamentals Courses (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Upper Division Business Integration and Perspectives Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)*
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (18 units)

Up to 12 units of coursework can be from any one department. The following courses must be completed with grades of "C-" or better.

Required Courses (12 units)

Select at least one course from the Department of Marketing and Business Analytics, and at least one course from either the School of Management or the School of Global Innovation and Leadership. Up to 6 units can be advisor approved transfer credit.

Additional Courses (6 units)

Any upper division business courses. Please see an advisor for a current list of acceptable courses.

University Electives (6 units)

Total Units Required (120 units)

Business Administration, Hospitality, Tourism and Event Management Concentration, BS

The Business Administration BS concentration in Hospitality, Tourism and Event Management (HTEM), offered by the Department of Hospitality, Tourism and Event Management, prepares graduates for leadership roles in food and beverage services, restaurants, hotels, resorts, event planning and management, corporate events management, destination marketing and management, and other travel and tourism business. Students who complete the program will gain a solid foundation of business functions and management coupled with industry-specific professional preparation courses with an emphasis on hands-on experience.

Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for Management must be completed with a grade of "C- or better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (or equivalent.)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- BUS2 90 - Business Statistics 3 *unit(s)*
- BUS4 91L - Computer Tools for Business 1 *unit(s)*

Business Fundamentals (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Business Integration and Perspectives Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (21 units)

Required Courses (12 units)

- HSPM 1 - Travel to Learn, Learn to Travel 3 *unit(s)*
- HSPM 102 - Hotel & Lodging Operations 3 *unit(s)*
- HSPM 130 - Special Event Planning 3 *unit(s)*
- HSPM 177 - Hospitality Service Management 3 *unit(s)*

Concentration Electives (9 units)

Complete three courses from:

- HSPM 11 - Restaurant Entrepreneurship 3 *unit(s)*
- HSPM 12 - Data Analytics in Restaurant Operations 3 *unit(s)*
- HSPM 86 - Special Events Management in Hospitality 3 *unit(s)*
- HSPM 101 - Multicultural & Intl Issues Hospitality 3 *unit(s)*

- HSPM 111 - Customs and Courtesies in Hospitality 3 *unit(s)*
- HSPM 140 - Corporate Event Management 3 *unit(s)*
- HSPM 141 - Resort and Club Management 3 *unit(s)*
- HSPM 142 - Trade Show and Exhibition Management 3 *unit(s)*
- HSPM 143 - Tourism Destination Marketing and Management 3 *unit(s)*
- HSPM 148 - Wine Appreciation 3 *unit(s)*
- HSPM 149 - Beer Appreciation 3 *unit(s)*
- HSPM 152 - Hotel Catering and Banquet Management 3 *unit(s)*
- HSPM 154 - Revenue Management 3 *unit(s)*
- HSPM 155 - Sustainable Hospitality and Tourism Management 3 *unit(s)*
- HSPM 161 - Cruise Operations and Management 3 *unit(s)*
- HSPM 191 - Hospitality, Tourism and Event Management Internship 1-4 *unit(s)*

University Electives (3 units)

Total Units Required (120 units)

Business Administration, Human Resource Management Concentration, BS

The program offered by the School of Management provides the academic foundation for careers concerned with activities related to creating and sustaining the competitive advantage of organizations through the effective management of human capital. This area of study is concerned with both the strategic and current day-to-day activities in areas such as performance management, human resource planning and information systems, recruitment and staffing, training and employee development, compensation and benefits and union-management relations in an environment that changes rapidly due to competition, globalization, diversity, technology and laws. The program qualifies graduates for positions in private sector, non-profit and public sector organizations.

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	15
Major Core Requirements	43
Concentration Requirements	18
University Electives	6
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for Human Resource Management must be completed with a grade of "C- or better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (or equivalent)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MMATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- ENGL 100WB - Written Communication: Business 3 *unit(s)* (WID)
- COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* (WID)
- LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (WID)

Major Requirements (61 units)

Core Courses (43 units)

Lower Division Courses (13 units)

- BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS1 21 - Managerial Accounting 3 *unit(s)*
- BUS3 80 - Legal Environment of Business 3 *unit(s)*
- BUS2 90 - Business Statistics 3 *unit(s)* (*Transfer students with STAT 95 (C or better) may use this in lieu of BUS2 90.*)
- BUS4 91L - Computer Tools for Business 1 *unit(s)*

Upper Division Business Fundamentals Courses (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Upper Division Business Integration and Perspectives Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- BUS3 186 or PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (18 units)

Additionally, to qualify for a baccalaureate degree in business administration with a Human Resource Management concentration, all courses in the concentration must be completed with a grade of "C- or Better".

Required Courses (15 units)

- BUS3 150 - Fundamentals of Human Resource Management 3 *unit(s)*
- BUS3 154 - Workforce Planning, Staffing and Training 3 *unit(s)*
- BUS3 157 - Legal Issues in Human Resource Management 3 *unit(s)*
- BUS3 158 - Compensation and Reward Systems 3 *unit(s)*
- BUS3 159 - Senior Seminar in Human Resource Management 3 *unit(s)*

Additional Courses (3 units)

Complete one course from:

- BUS3 151 - Labor Relations 3 *unit(s)*

- BUS3 152 - Human Resources Analytics 3 *unit(s)*
- BUS3 153 - Management of Diversity 3 *unit(s)*
- BUS3 155 - Performance Management and Development 3 *unit(s)*
- BUS3 155B - Special Topics in Human Resource Management 3 *unit(s)*

University Electives (6 units)

Total Units Required (120 units)

Business Administration, International Business Concentration, BS

The concentration in International Business (IB) is designed to prepare students for today's global business environment. IB as an interdisciplinary program builds capacity around key challenges and opportunities confronting all global businesses, including managing across borders, fostering innovation and entrepreneurship, and developing effective global strategies. In addition students may select an area of specialization, either a business functional area, an industry area, a geographic area of study, or language studies. Study abroad is required with one of three options: 1) a short-term faculty-led program; 2) a semester of study at a foreign university approved by CSU; or 3) an internship through AIESEC or other international internship program. The Director of the School of Global Innovation and Leadership can waive this requirement (e.g., international students need not study abroad). Study abroad courses that are regarded as equivalent can be substituted for IB program course requirements. This interdisciplinary approach provides a foundation for starting an international career. Graduates work in a variety of international areas and industries such as import/export, global operations, marketing, finance, hospitality and tourism, consulting, and project management, in both the private sector as well as governmental and non-governmental organizations.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	15
Major Core Requirements	43
Concentration Requirements	24
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for International Business must be completed with a grade of "C- or better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)

- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (Or equivalent.)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- ENGL 100WB - Written Communication: Business 3 *unit(s)* (WID)
- COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* (WID)
- LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (WID)

Major Requirements (67 units)

Core Courses (43 units)

Lower Division Courses (13 units)

- BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS1 21 - Managerial Accounting 3 *unit(s)*
- BUS3 80 - Legal Environment of Business 3 *unit(s)*

- BUS2 90 - Business Statistics 3 *unit(s)* (*Transfer students with STAT 95 (C or better) may use this in lieu of BUS2 90.*)
- BUS4 91L - Computer Tools for Business 1 *unit(s)*

Upper Division Business Fundamentals Courses (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Upper Division Business Integration and Perspectives Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (24 units)

Additional requirements for graduation: to qualify for a baccalaureate degree in business administration with an international business concentration all courses in the concentration must be completed with a grade of "C-" or better.

Required Courses (12 units)

- BUS5 162 - International and Comparative Management 3 *unit(s)*
- BUS5 162A - International Business Strategy 3 *unit(s)*
- BUS5 183 - Global Entrepreneurship 3 *unit(s)*

Complete One Course From:

- BUS5 163A - Negotiating Globally 3 *unit(s)*
- BUS5 163B - Business and Innovation in Emerging Economies 3 *unit(s)*
- BUS5 164 - Doing Business Globally 1-4 *unit(s)*
- BUS5 164A - Doing Business in Japan 3 *unit(s)*
- BUS5 164B - Doing Business in India 3 *unit(s)*
- BUS5 164C - Doing Business in China 3 *unit(s)*

Concentration Electives (12 units)

Select 12 units of concentration electives or an area of specialization

Do not take course if taken as part of required courses

- BUS1 177 - International Business Finance 3 *unit(s)*

- BUS2 133A - International Marketing 3 *unit(s)*
- BUS5 146 - Fundamentals of Project Management 3 *unit(s)*
- BUS5 163A - Negotiating Globally 3 *unit(s)*
- BUS5 163B - Business and Innovation in Emerging Economies 3 *unit(s)*
- BUS5 164 - Doing Business Globally 1-4 *unit(s)*
- BUS5 164A - Doing Business in Japan 3 *unit(s)*
- BUS5 164B - Doing Business in India 3 *unit(s)*
- BUS5 164C - Doing Business in China 3 *unit(s)*
- BUS5 165A - Global Leadership 3 *unit(s)*
- BUS5 169A - Honors Seminar 3 *unit(s)*
- BUS5 169B - Honors Practicum in Organization and Management 3 *unit(s)*
- BUS5 186H - Entrepreneurship Laboratory 3 *unit(s)*

Area of Specialization

Students can choose a set of 12 units of concentration electives or an Area of Specialization from Business Functional Areas, Industry Areas, Area Studies, or Language Studies. In order to complete the Area of Specialization, a student requires a minimum of 9 units, however, one needs to complete a total of 12 units to fulfill the International Business concentration requirements. Hence, the additional 3 units may be taken from the same area of specialization thus making it 12 units. Alternatively, students can choose 3 units from the list of concentration electives as indicated in the course catalog. Consult a business advisor in BBC008 for details on the Areas of Specialization.

Total Units Required (120 units)

Business Administration, Management Concentration, BS

The Management Program, offered by the School of Management, prepares graduates for successful and innovative careers. We emphasize fundamental principles underlying high-performance in diverse organizations at the team, company, and industry levels. We teach analytical tools, decision-making processes, and best practices for leading and managing workplaces that are legally compliant, ethical, and financially sustainable. Attention is focused on evidence-based management, competitive strategy, behavioral science, and stakeholder management.

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	15
Major Core Requirements	43
Concentration Requirements	18
University Electives	6
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for Management must be completed with a grade of "C- or better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (Or equivalent.)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* (WID)

- ENGL 100WB - Written Communication: Business 3 *unit(s)* (WID)
- LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (WID)

Major Requirements (67 units)

Core Courses (43 units)

Lower Division Courses (13 units)

- BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS1 21 - Managerial Accounting 3 *unit(s)*
- BUS3 80 - Legal Environment of Business 3 *unit(s)*
- BUS2 90 - Business Statistics 3 *unit(s)* (*Transfer students with STAT 95 (C or better) may use this in lieu of BUS2 90.*)
- BUS4 91L - Computer Tools for Business 1 *unit(s)*

Upper Division Business Fundamentals Courses (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Upper Division Business Integration and Perspectives Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- BUS3 186 or PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (18 units)

Additionally, to qualify for a baccalaureate degree in business administration with a Management concentration, all courses in the concentration must be completed with a grade of "C- or Better".

Required Courses (9 units)

- BUS3 161A - Applied Organizational Behavior 3 *unit(s)*
- BUS3 161B - Organization Theory 3 *unit(s)*
- BUS3 166 - Business, Government, & Society 3 *unit(s)*

Additional Courses (9 units)

Complete One Course From:

- BUS3 150 - Fundamentals of Human Resource Management 3 *unit(s)*
- BUS5 146 - Fundamentals of Project Management 3 *unit(s)*

Complete Two Courses From:

- BUS2 195A - Spreadsheet Modeling 3 *unit(s)*
- BUS2 195B - Data Visualization and Exploration 3 *unit(s)*
- BUS3 149 - Negotiation and Conflict Resolution 3 *unit(s)*
- BUS3 152 - Human Resources Analytics 3 *unit(s)*
- BUS3 153 - Management of Diversity 3 *unit(s)*
- BUS3 154 - Workforce Planning, Staffing and Training 3 *unit(s)*
- BUS3 155 - Performance Management and Development 3 *unit(s)*
- BUS3 165 - Analysis and Design of Teams 3 *unit(s)*
- BUS3 169A - Honors Seminar 3 *unit(s)*
- BUS3 169B - Honors Practicum 3 *unit(s)*
- BUS5 141 - Procurement and Supply Management 3 *unit(s)*
- BUS5 142 - Total Quality Management 3 *unit(s)*
- BUS5 144 - Supply Chain Management 3 *unit(s)*
- BUS5 145 - Operations & Supply Chain Strategy 3 *unit(s)*
- BUS5 147 - Service Operations Management 3 *unit(s)*
- BUS5 148 - Sustainable Operations Management 3 *unit(s)*
- BUS5 162 - International and Comparative Management 3 *unit(s)*
- BUS5 165A - Global Leadership 3 *unit(s)*
- BUS5 167 - Managing Environmental Issues 3 *unit(s)*
- BUS5 181 - Introduction to Entrepreneurship 3 *unit(s)*
- BUS5 183 - Global Entrepreneurship 3 *unit(s)*
- HSPM 102 - Hotel & Lodging Operations 3 *unit(s)*
- HSPM 130 - Special Event Planning 3 *unit(s)*

University Electives (6 units)

Total Units Required (120 units)

Business Administration, Management Information Systems Concentration, BS

The Concentration in Management Information Systems, offered by the School of Information Systems and Technology, merges information technology and business. Students gain practical knowledge and skills in applying technology to address business challenges and take advantage of business opportunities. Graduates of the MIS concentration are in high demand and go on to successful careers in businesses of all kinds and sizes, across all industries, as well as non-profits and public sector organizations.

Summary of Degree Units

University Graduation Requirements

38

Major Preparation	15
Major Core Requirements	40
Concentration Requirements	27
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for Management Information Systems must be completed with a grade of "C or better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (or equivalent.)

- MATH 70 - Mathematics for Business 3 *unit(s)* (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* (WID)
- ENGL 100WB - Written Communication: Business 3 *unit(s)* (WID)
- LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (WID)

Major Requirements (67 units)

Core Courses (40 units)

Lower Division Courses (13 units)

- BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS1 21 - Managerial Accounting 3 *unit(s)*
- BUS3 80 - Legal Environment of Business 3 *unit(s)*
- BUS2 90 - Business Statistics 3 *unit(s)* (Transfer students with STAT 95 (C or better) may use this in lieu of BUS2 90.)
- BUS4 91L - Computer Tools for Business 1 *unit(s)*

Upper Division Business Fundamentals Courses (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Upper Division Business Integration and Perspectives Courses (12 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (27 units)

Additional requirements for graduation: to qualify for a baccalaureate degree in business administration with a management information systems concentration, all courses in the concentration must be completed with a grade of "C" (2.0) or better.

Required Courses (21 units)

- BUS4 92 - Introduction to Business Programming 3 *unit(s)*

- BUS4 110A - Fundamentals of Management Information Systems 3 *unit(s)*
- BUS4 110B - Systems Analysis and Design 3 *unit(s)*
- BUS4 111 - Networking and Data Communications 3 *unit(s)*
- BUS4 112 - Database Management Systems 3 *unit(s)*
- BUS4 119B - Business Strategy and Information Systems 3 *unit(s)*

Complete One Course From:

- BUS4 119A - Practicum in MIS 3 *unit(s)*
- BUS4 119H - Honors Practicum in MIS II 3 *unit(s)*

Additional Courses (6 units)

Complete two courses from:

- BUS4 115 - Advanced Networking and Data Communications 3 *unit(s)*
- BUS4 116 - Advanced Database Management Systems 3 *unit(s)*
- BUS4 118A - Cloud Computing for Data Professionals 3 *unit(s)*
- BUS4 118B - Business Intelligence 3 *unit(s)*
- BUS4 118C - Information Security and Assurance Management 3 *unit(s)*
- BUS4 118D - Big Data 3 *unit(s)*
- BUS4 118H - Honors Practicum in MIS I 3 *unit(s)*
- BUS4 118I - Artificial Intelligence (AI) for Social Good 3 *unit(s)*
- BUS4 118S - Special Topics in MIS 3 *unit(s)*
- BUS4 118W - Web Based Computing 3 *unit(s)*
- BUS5 181 - Introduction to Entrepreneurship 3 *unit(s)*

Total Units Required (120 units)

Business Administration, Marketing Concentration, BS

Business graduates with a Marketing concentration are prepared to pursue careers in small business and retail store management; in product, advertising, pricing, or supply chain management; also direct marketing, customer service, sales, digital and social media marketing, and entrepreneurial and international marketing. The Marketing program, offered by the Department of Marketing and Business Analytics, focuses on the business function concerned with market definition and objectives, product or service development, customer segmentation and product positioning, sales management, advertising and promotion, pricing and distribution.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for Marketing must be completed with a grade of "C- or better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90, BUS2 130.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (or equivalent.)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* (WID)
- ENGL 100WB - Written Communication: Business 3 *unit(s)* (WID)
- LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (WID)

Major Requirements (64 units)

Core Courses (43 units)

Lower Division Courses (13 units)

- BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS1 21 - Managerial Accounting 3 *unit(s)*
- BUS3 80 - Legal Environment of Business 3 *unit(s)*
- BUS2 90 - Business Statistics 3 *unit(s)* (Transfer students with STAT 95 (C or better) may use this in lieu of BUS2 90.)
- BUS4 91L - Computer Tools for Business 1 *unit(s)*

Upper Division Business Fundamentals Courses (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Upper Division Business Integration and Perspectives Courses (15 units)

- BUS3 189 - Strategic Management 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (21 units)

Additional requirements for graduation: to qualify for a baccalaureate degree in business administration with a marketing concentration, all marketing courses must be completed with a grade of "C-" or better. Marketing courses are those numbered in the BUS2 130 - BUS2 139 sequence.

Required Courses (12 units)

- BUS2 134A - Consumer Behavior 3 *unit(s)*
- BUS2 134B - Integrated Marketing Communications 3 *unit(s)*
- BUS2 138 - Marketing Research 3 *unit(s)*

- BUS2 139 - Marketing Management 3 *unit(s)*

Additional Courses (9 units)

Complete three courses from:

- BUS2 131A - Business to Business Marketing 3 *unit(s)*
- BUS2 131B - Retail Marketing Management 3 *unit(s)*
- BUS2 131D - Marketing in New Ventures 3 *unit(s)*
- BUS2 132B - Supply Chain Analytics 3 *unit(s)*
- BUS2 133A - International Marketing 3 *unit(s)*
- BUS2 133B - Relationship Marketing: Pacific Rim 3 *unit(s)*
- BUS2 133C - International Marketing: Developing Nations 3 *unit(s)*
- BUS2 134C - Social Media Marketing 3 *unit(s)*
- BUS2 135 - Sales Management 3 *unit(s)*
- BUS2 135B - Services Marketing 3 *unit(s)*
- BUS2 135C - Entertainment Marketing 3 *unit(s)*
- BUS2 135D - Sports Marketing 3 *unit(s)*
- BUS2 136 - Product Development 3 *unit(s)*
- BUS2 137A - Soft Skills 3 *unit(s)*
- BUS2 137H - Marketing and Business Analytics Honors Practicum 3 *unit(s)*
- BUS2 137S - Special Topics in Marketing 3 *unit(s)*
- HSPM 142 - Trade Show and Exhibition Management 3 *unit(s)*
- HSPM 154 - Revenue Management 3 *unit(s)*

University Electives (3 units)

Total Units Required (120 units)

Business Administration, Operations and Supply Chain Management Concentration, BS

The Operations and Supply Chain Management (OSCM) concentration, offered by the School of Global Innovation and Leadership, prepares graduates with state-of-the-art knowledge of managing operations in a global context. The focus will be on contemporary issues related to operations function which are of relevance in a firm's ability to effectively collaborate with its supply chain partners in order to remain competitive in a global economy. The OSCM concentration prepares students for careers with global manufacturing, service, and consulting organizations by offering a variety of courses in management of materials, quality, supply chains, services, global projects, and operations strategy. As part of this concentration, students have an opportunity to interact with OSCM-related industry professionals as facilitated by the Global Operations Management Association, an OSCM-affiliated student club at SJSU. They can also work on real-world consulting projects or explore internships in operations as facilitated by Silicon Valley Center of Operations and Technology Management.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Concentration Requirements for Operations and Supply Chain Management must be completed with a grade of "C- or better". The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 unit(s)
- ECON 1B - Principles of Economics: Microeconomics 3 unit(s) (D)
- ENGL 2 - Critical Thinking and Writing 3 unit(s) (A3) (or equivalent.)
- MATH 70 - Mathematics for Business 3 unit(s) (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)

Writing in the Disciplines (3 units)

- COMM 100W - Writing Workshop: Writing for Influence 3 unit(s) (WID)

- One non-business global perspectives course in Area V 3 unit(s)

Concentration Requirements (21 units)

All concentration courses must be passed with a C- or better.

Required Courses (15 units)

- BUS5 142 - Total Quality Management 3 *unit(s)*
- BUS5 144 - Supply Chain Management 3 *unit(s)*
- BUS5 146 - Fundamentals of Project Management 3 *unit(s)*

Complete Two Courses From:

- BUS5 141 - Procurement and Supply Management 3 *unit(s)*
- BUS5 142B - Business Process Management 3 *unit(s)*
- BUS5 144B - Operations & Supply Chain Analytics 3 *unit(s)*
- BUS5 145 - Operations & Supply Chain Strategy 3 *unit(s)*
- BUS5 147 - Service Operations Management 3 *unit(s)*

Concentration Electives (6 units)

Complete two courses from the following list or from required courses listed above if not already counted:

- BUS2 131A - Business to Business Marketing 3 *unit(s)*
- BUS3 153 - Management of Diversity 3 *unit(s)*
- BUS5 141B - Transportation & Supply Chain Logistics 3 *unit(s)*
- BUS5 145B - Healthcare Operations Management 3 *unit(s)*
- BUS5 148 - Sustainable Operations Management 3 *unit(s)*
- BUS5 162 - International and Comparative Management 3 *unit(s)*
- BUS5 163A - Negotiating Globally 3 *unit(s)*
- BUS5 163B - Business and Innovation in Emerging Economies 3 *unit(s)*
- BUS5 165A - Global Leadership 3 *unit(s)*
- BUS5 167 - Managing Environmental Issues 3 *unit(s)*
- BUS5 169A - Honors Seminar 3 *unit(s)*
- BUS5 169B - Honors Practicum in Organization and Management 3 *unit(s)*
- BUS5 183 - Global Entrepreneurship 3 *unit(s)*
- BUS5 184A - Management of Innovation 3 *unit(s)*

University Electives (3 units)

Total Units Required (120 units)

Undergraduate Minor(s)

Business Minor

A minor consists of a minimum of 15 units and may be designed to fit the needs of a student majoring in any non-business department. The Minor in Business, offered by the Lucas College and Graduate School of Business, must include at least BUS1 20N and BUS3 160, and nine additional units. Six units must be completed in residence. Some majors have specific minor requirements.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Core Courses (15 units)

- BUS1 20N - Survey of Accounting 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- 2 Lower Division or Upper Division Courses 6 *unit(s)*
- 1 Upper Division Course 3 *unit(s)*

Total Units Required (15 units)

Master(s)

Accounting and Analytics, MS

- Educational Objectives
- Benefits of the MSAA
- Admissions Requirements
- Program of Study Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Science in Accounting and Analytics (MSAA), a STEM designated program, offered by the Lucas College and Graduate School of Business, prepares students for careers in public and corporate accounting. Students develop and apply an analytics-oriented mindset to audit, tax, advisory and managerial scenarios. Course work is structured to combine academic learning and accounting internship experience in a well-rounded preparation for careers in professional accounting. The program balances technical study and preparation for the CPA exam with business soft skills needed for recruitment and a career in accounting. The MSAA is a full-time, 9-month, daytime program, although students with flexible employers may be able to study part-time. The 30-unit program, taught online and on the SJSU campus, admits both accounting and non-accounting undergraduate majors in a competitive process. Non-accounting undergraduate students have the opportunity to prepare for the program in a 15-unit summer certificate program preceding Fall enrollment in the MSAA.

For more information, see the Lucas Graduate School of Business website.

Purpose of the MSAA Program

The MSAA program prepares students for a career in public or corporate accounting by providing them with a strong foundation for both public accounting certification (CPA) and career advancement.

Educational Objectives

Students with an MSAA degree should recognize and apply the accounting principles and procedures involved in measuring, recording, summarizing, and reporting financial and non-financial data for business organizations; taxation concepts; auditing and control procedures; and the ethical and legal challenges in an accounting career. They should communicate effectively, both orally and in writing, evaluate information technology, and demonstrate analytical proficiency.

Benefits of the MSAA

The program is designed for people with undergraduate degrees in accounting who want to further their studies in accounting while acquiring an additional 30 units needed for CPA licensure. It also allows liberal arts/sciences/business undergraduates who are interested in changing careers an entrance into the accounting profession. The course work and optional internship provide opportunities to build a framework for a successful and rewarding career in public or corporate accounting.

Admissions Requirements

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the Lucas Graduate School of Business to obtain admission into the MSAA program.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Admission to Classified Standing

To be fully accepted into the MSAA in classified standing, an applicant must have:

- A four-year bachelor's degree from an accredited college or university in the United States or from a recognized institution if the degree was earned outside of the United States.
- A preferred GPA of 3.0 or better (on a 4.0 scale) in the last 60 semester units or 90 quarter units of course work (Professional Development and Certificate Program course work cannot be included in this calculation);
- (Optional) A Graduate Management Admission Test (GMAT) or the Graduate Record Examination (GRE) exam. Applicants with a GPA below 3.0 are strongly encouraged to take the GMAT or GRE to demonstrate their readiness for graduate work.
- A personal statement explaining the MSAA applicant's career objectives.
- A resume detailing the applicant's professional and academic experiences.
- Two letters of recommendation.

In addition, a personal interview may be conducted for each applicant.

Requirements for Admission to Conditionally Classified Standing

If not accepted into classified standing, the applicant may qualify for conditionally classified status. Ambitious, highly motivated applicants with undergraduate degrees in liberal arts, sciences, or business will need to complete the

intensive Certificate in Accounting Fundamentals program during the summer semester before matriculation into the MSAA degree program. The individual admission letter will explain the required terms and conditions for attaining Classified standing.

Program of Study Requirements

To receive the Master of Science in Accounting and Analytics, students must complete 30 semester units of prescribed course work. Specific program policies include the following:

Prerequisites

The curriculum requires completion of two lower-division and five upper-division prerequisite courses (3 semester hours or equivalent) within the past five years with an average grade in the courses of "B" (3.0) or better prior to the start of the program. All upper-division prerequisites must be completed at an accredited four-year university in the U.S. The seven prerequisite courses are:

1. Introductory Financial Accounting (lower-division course, gateway to upper-division courses 2-6)
2. Intermediate Financial Accounting I
3. Intermediate Financial Accounting II
4. Accounting Information Systems
5. Management Accounting and Control Systems
6. Tax Factors of Business and Investment Decisions
7. Statistics (lower division course)

Students may be conditionally admitted into the program pending completion of the prerequisite courses. Students must, at a minimum, submit completion and/or verification of enrollment in Introductory Financial Accounting and Statistics by the published GAPE document submission deadline. One way to fulfill the rest of the prerequisites is to enroll in the Certificate in Accounting Fundamentals at SJSU to complete courses 2-6 with an average of B in the summer preceding Fall enrollment in the MSAA program.

Course Requirements

The 30 semester units of coursework include three core courses (9 units) required of all students, two core courses (6 units) from a list of designated topics, a culminating experience course (3 units), and four elective MSAA courses (12 units). Electives may be taken from offerings in the MST and/or MBA programs with approval from the MSAA director.

Internship

The courses in the MSAA program are designed to prepare students for internships with public accounting firms, governmental agencies, and corporations. From January through March, students may enroll in an internship course, BUS 220K. Students in this course gain practical work experience, participate in firm training programs, and attend roundtable meetings to discuss topics such as professional ethics, working in the professional environment, communication effectiveness, marketing professional services, and planning for professional growth.

Graduation Writing Assessment Requirement

The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Culminating Experience

Plan B (Project)

All students must complete a comprehensive project integrating business functional and interdisciplinary areas. The MSAA culminating experience is incorporated into BUS 220A - Financial Statement Analysis. An individual written project report is required and may take the form of a field study, business plan, research project, or business simulation.

Maintenance of 3.0 GPA

Students must maintain a grade point average of 3.0 or better on all graduate-level coursework. Students who receive grades of C-, D, F, or U in any business graduate course must repeat that course to achieve a grade of C or better.

Other University Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures. Students must comply with all other graduate requirements contained in this catalog.

Prerequisite Courses

Any of the prerequisite courses may be waived through evidence of recent prior equivalency (within the last five years with a grade of "B" or better)

- Introductory Financial Accounting
- Intermediate Financial Accounting I
- Intermediate Financial Accounting II
- Accounting Information Systems
- Management Accounting and Control Systems
- Tax Factors of Business and Investment Decisions
- Statistics

Master's Requirements (30 units)

Required Courses (15 units)

If more than two courses are taken, two fulfill the core course requirements and all others are electives.

- BUS 220J - Business Communications & Ethics 3 *unit(s)* (GWAR)
- BUS 220U - Information Technology Audit 3 *unit(s)*
- BUS 220Z - Advanced Data Science and Analytics for Accounting 3 *unit(s)*

Choose two courses:

Choose two of the following courses in consultation with the graduate advisor. If more than two courses are taken, two fulfill the core course requirements and all others are electives.

- BUS 220H - Auditing: Concepts and Practice 3 *unit(s)*
- BUS 220P - Taxation of Individuals and Flow-Through Entities 3 *unit(s)*
- BUS 220R - Data Analytics for Accounting 3 *unit(s)*
- BUS 220S - Financial Reporting and Analysis III 3 *unit(s)*
- BUS 220V - Special Topics in Accounting 3 *unit(s)*

Electives (12 units)

12 units of elective courses selected in consultation with the graduate advisor.

- BUS 220I - Forensic Accounting 3 *unit(s)*
- BUS 220K - Accounting Practicum 3 *unit(s)*
- BUS 220M - Accounting Ethics 3 *unit(s)*
- BUS 220X - Business Analysis and Valuation Using Financial Statements 3 *unit(s)*
- BUS 223A - Tax Research and Decision Making 3 *unit(s)*
- BUS 223G - Taxation of Business Entities 3 *unit(s)*
- BUS 225L - Accounting for Income Taxes 3 *unit(s)*
- BUS 250 - Law and Ethics 3 *unit(s)*
- BUS 253 - Negotiation and Conflict Management 3 *unit(s)*
- BUS 286 - Project Management 3 *unit(s)*

Culminating Experience (3 units)

Plan B (Project)

- BUS 220A - Financial Statement Analysis 3 *unit(s)*

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Business Administration (Early Career), MBA

- Purpose of the MBA Program
- Educational Objectives
- Benefits of the MBA
- Lucas MBA Programs
- Admission Requirements
- Program of Study Requirements for the MBA Degree
- Early Career MBA Requirements (42 units)
- Program Learning Outcomes

Purpose of the MBA Program

The MBA program provides a strong foundation of business concepts, models, skills, and methods with which to face immediate and future managerial challenges. The basic program aims at creating a general management (rather than a functional specialist) perspective. Pragmatic in approach, the focus is on problem analysis and synthesis, decision making, action taking throughout the functional areas of business, and understanding the international context of business. The Lucas Graduate School of Business prepares students through a broad curriculum of functional, cross-functional and integrative core courses, and elective courses.

Educational Objectives

The educational objectives of the Donald and Sally Lucas Graduate School of Business MBA are threefold: to provide a solid base of interdisciplinary business theories and techniques; to apply theory and analytic tools to the practical improvement of organizational performance; to explore personal beliefs and values as they affect ethical and economic organizational practices. Key processes involve: investigating opportunities and problems; defining causes or contributing factors to problems, including those that cut across organizational units; generating alternatives from which feasible programs of action are selected and implemented; and monitoring and changing, where necessary, the progress of enacted decisions.

These skills are developed using a combination of approaches including the case method, experiential exercises, computer simulations, team projects, and problem sets. Students are expected to develop competencies both as action-oriented leaders and as logical decision-makers.

Benefits of the MBA

The program is geared to the professionally-oriented person who aspires to move into middle management or to undertake greater managerial responsibility. It is designed to aid those who have the capabilities or potential to be action initiators. The MBA program accommodates students with a variety of educational and work backgrounds.

Lucas MBA Programs

Although SJSU grants one unique MBA degree, the Lucas Graduate School of Business offers two distinct MBA programs that differ according to student profile, flexibility, degree completion time, admission cycle, and cost.

The Early Career MBA program is tailored to students who have fewer than five years of work experience. Classes are conducted in a hybrid format with a mix of in-person classes on the SJSU campus and online classes. Classes meet during evenings and Saturdays in eight-week sessions during the Fall and Spring semesters and five-week sessions during the Summer semester. The Early Career Program offers three tracks that vary in length and pace: Accelerated Track (12 months), Full-Time Track (21-24 months), and Part-Time Track (33-36 months).

The MBA for Professionals is designed for working professionals with more than five years of work experience. This program offers a high level of flexibility in order to accommodate professionals with demanding life and work schedules. Classes are conducted in a hybrid format with a mix of in-person classes held on the SJSU campus and online classes. Classes meet during evenings and Saturdays in eight-week sessions during the Fall and Spring semesters and five-week sessions during the Summer semester.

Admission Requirements

Requirements for Admission to Classified Standing

To be fully accepted into classified standing, an applicant must have:

1. A bachelor's degree from an accredited university in the U.S. or the equivalent of a U.S. bachelor's degree earned from a recognized institution if the degree was earned outside of the U.S.
2. A preferred GPA of 3.0 on a 4.0 scale.
3. Taken an English language proficiency examination if the previously earned degree was from an institution in which the principal language of instruction was not English. The university's minimum entrance score for the TOEFL is 213 (computer-based) or 80 (internet-based). The minimum score required on the IELTS is 6.5, and the minimum PTE score is 53.
4. (Optional) Taken the GMAT or GRE. Applicants with a GPA below 3.0 are strongly encouraged to take the GMAT or GRE to demonstrate their readiness for graduate work.
5. Completed two prerequisite courses (Economics and Statistics, with a grade of B or higher). The economics course may be one of the following: Introduction to Microeconomics, Introduction to Macroeconomics, or Principles of Economics. An applicant may be admitted to the MBA program on a conditional admission basis prior to completion of these two courses but will need to provide proof of completion of all prerequisites before the day of orientation.
6. A personal statement of one to two pages explaining how an MBA can help to achieve the applicant's career objectives.
7. A resume detailing the applicant's professional and academic experiences.
8. (Optional) Two letters of recommendation.

The Lucas School does not follow a set formula for determining admission to the MBA programs. Our goal is to admit academically qualified candidates who show potential for completing the program and advancing into a successful business career. We seek to admit students whose backgrounds will enable them to contribute to the academic excellence and the demographic, educational, and experiential diversity of each class.

An applicant's academic profile - undergraduate major and institution, any graduate-level work, GPA, and optional GMAT or GRE scores - is a major factor in the admission decision. Other important areas of evaluation include a personal statement, work experience, letters of recommendation, writing skills, and extracurricular, community, and professional activities. From this overall review, we assess an applicant's potential for success and compatibility with our MBA program.

The average GPA of admitted candidates is 3.3. Ideally, a candidate's GPA will be at 3.0 or above. Many circumstances may exist which offer an explanation for a GPA below 3.0; candidates are encouraged to submit a statement of explanation if this is the case. However, please note that an absolute minimum GPA of 2.5 is required for graduate admission at San José State University.

Program of Study Requirements for the MBA Degree

To earn the MBA degree, all students must satisfy the following requirements:

Business Prerequisite Courses

- Introduction of Macroeconomics (at SJSU this course is ECON 1A) or Introduction to Microeconomics (at SJSU this course is ECON 1B) or Principles of Economics
- Statistics (at SJSU this course is BUS2 90)

Advanced Management Courses (Core Courses)

In both the Early Career MBA and the MBA for Professionals, all students are required to successfully complete eleven core courses for a total of thirty-semester units. Although the total units of core courses are identical across the two MBA programs, the composition of the core curriculum is slightly different to account for the differences in student academic and professional profiles. The advanced graduate courses (core courses - 30 units) ensure breadth in general management knowledge and help the student to develop mastery in applying essential business skills.

Elective Courses

Four elective courses (12 units) are required of all students. As an elective course, a graduate student can select a maximum of one upper-division business undergraduate course (100-level) OR one graduate non-business course (200-level). Enrollment in such an elective course is conditional on the written approval by the MBA Director and it is specific to a given course and a given semester.

Comprehensive Project

The comprehensive project is incorporated in the Strategic Thinking course (BUS 290). The comprehensive project is a culminating experience integrating business functional areas and interdisciplinary perspectives. An individual written project report is required and an oral examination may be included. The project may take the form of a field study, research project, business simulation, or a strategic plan for an organization, as assigned by the Business 290 instructor. Students must receive an overall equivalent grade of "B" or better on the comprehensive project and may be given a maximum of two opportunities to satisfy requirements.

Graduation Writing Assessment Requirement

The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Maintenance of 3.0 GPA

Students must maintain a grade point average of 3.0 or better on all graduate-level coursework. Students who receive grades of "C-", "D", "F", or "WU" in any business graduate course must repeat that course to achieve a grade of "C" or better.

Transfer Credit

Subject to the approval of the Donald and Sally Lucas Graduate School of Business MBA Program Director and validation by the College of Graduate Studies, students may transfer a maximum of twelve-semester units of business graduate course work from another regionally accredited institution. Grades in the transfer courses must be "B" or better.

Other University Requirements

Students must comply with all other graduate requirements contained in this catalog.

Early Career MBA Requirements (42 units)

Advanced Management Courses (Breadth Requirements) (27 units)

- BUS 201 - Business Communications 1 unit(s)
- BUS 210 - Developing and Managing People 3 unit(s) (GWAR)
- BUS 220 - Financial Accounting 3 unit(s)
- BUS 230 - Marketing Management 3 unit(s)
- BUS 250 - Law and Ethics 3 unit(s)
- BUS 260 - Managerial Decision Analysis 3 unit(s)
- BUS 265 - Silicon Valley Experience 2 unit(s)
- BUS 270 - Financial Management 3 unit(s)
- BUS 280 - Operations and Supply Chain Management 3 unit(s)

Complete One Course From:

- BUS 202 - Managing in the Global Economy 3 unit(s)
- BUS 244 - Information Technologies for Business: Essentials & Emerging 3 unit(s)

Electives (12 units)

Four elective courses. Students may take a maximum of one 100-level business course OR 200-level non-business course with written approval of the MBA director.

Culminating Experience (3 units)

Plan B (Project)

- BUS 290 - Strategic Thinking 3 unit(s)

Total Units Required (42 units)

Business Administration (For Professionals), MBA

The basic program aims at creating a general management (rather than a functional specialist) perspective. Pragmatic in approach, the focus is on problem analysis and synthesis, decision making, action taking throughout the functional areas of business, and understanding the international context of

business. The Lucas Graduate School of Business prepares students through a broad curriculum of functional, cross-functional and integrative core courses, and elective courses.

Educational Objectives

The educational objectives of the Donald and Sally Lucas Graduate School of Business MBA are threefold: to provide a solid base of interdisciplinary business theories and techniques; to apply theory and analytic tools to the practical improvement of organizational performance; to explore personal beliefs and values as they affect ethical and economic organizational practices. Key processes involve: investigating opportunities and problems; defining causes or contributing factors to problems, including those that cut across organizational units; generating alternatives from which feasible programs of action are selected and implemented; and monitoring and changing, where necessary, the progress of enacted decisions.

These skills are developed using a combination of approaches including the case method, experiential exercises, computer simulations, team projects, and problem sets. Students are expected to develop competencies both as action-oriented leaders and as logical decision-makers.

Benefits of the MBA

The program is geared to the professionally-oriented person who aspires to move into middle management or to undertake greater managerial responsibility. It is designed to aid those who have the capabilities or potential to be action initiators. The MBA program accommodates students with a variety of educational and work backgrounds.

Lucas MBA Programs

Although SJSU grants one unique MBA degree, the Lucas Graduate School of Business offers two distinct MBA programs that differ according to student profile, flexibility, degree completion time, admission cycle, and cost.

The Early Career MBA program is tailored to students who have fewer than five years of work experience. Classes are conducted in a hybrid format with a mix of in-person classes on the SJSU campus and online classes. Classes meet during evenings and Saturdays in eight-week sessions during the Fall and Spring semesters and five-week sessions during the Summer semester. The Early Career Program offers three tracks that vary in length and pace: Accelerated Track (12 months), Full-Time Track (21-24 months), and Part-Time Track (33-36 months).

The MBA for Professionals is designed for working professionals with more than five years of work experience. This program offers a high level of flexibility in order to accommodate professionals with demanding life and work schedules. Classes are conducted in a hybrid format with a mix of in-person classes held on the SJSU campus and online classes. Classes meet during evenings and Saturdays in eight-week sessions during the Fall and Spring semesters and five-week sessions during the Summer semester, with some elective courses available in an asynchronous online format.

Admission Requirements

Requirements for Admission to Classified Standing

To be fully accepted into classified standing, an applicant must have:

1. A bachelor's degree from an accredited university in the U.S. or the equivalent of a U.S. bachelor's degree earned from a recognized institution if the degree was earned outside of the U.S.
2. A preferred GPA of 3.0 on a 4.0 scale.

3. Taken an English language proficiency examination if the previously earned degree was from an institution in which the principal language of instruction was not English. The university's minimum entrance score for the TOEFL is 213 (computer-based) or 80 (internet-based). The minimum score required on the IELTS is 6.5, and the minimum PTE score is 53.
4. (Optional) Submitted GMAT or GRE scores. Applicants with a GPA below 3.0 are strongly encouraged to take the GMAT or GRE to demonstrate their readiness for graduate work.
5. Completed two prerequisite courses (Economics and Statistics, with a grade of B or higher). The economics course may be one of the following: Introduction to Microeconomics, Introduction to Macroeconomics, or Principles of Economics. An applicant may be admitted to the MBA program on a conditional admission basis prior to completion of these two courses but will need to provide proof of completion of all prerequisites before the day of orientation.
6. A personal statement of one to two pages explaining how an MBA can help to achieve the applicant's career objectives.
7. A resume detailing your professional and academic experiences.
8. (Optional) Two letters of recommendation.

The Lucas School does not follow a set formula for determining admission to the MBA programs. Our goal is to admit academically qualified candidates who show potential for completing the program and advancing into a successful business career. We seek to admit students whose backgrounds will enable them to contribute to the academic excellence and the demographic, educational, and experiential diversity of each class.

An applicant's academic profile - undergraduate major and institution, any graduate-level work, GPA, and optional GMAT or GRE scores - is a major factor in the admission decision. Other important areas of evaluation include a personal statement, work experience, letters of recommendation, writing skills, and extracurricular, community, and professional activities. From this overall review, we assess an applicant's potential for success and compatibility with our MBA program.

The average GPA of admitted candidates is 3.3. Ideally, a candidate's GPA will be at 3.0 or above. Many circumstances may exist which offer an explanation for a GPA below 3.0; candidates are encouraged to submit a statement of explanation if this is the case. However, please note that an absolute minimum GPA of 2.5 is required for graduate admission at San José State University.

Program of Study Requirements for the MBA Degree

To earn the MBA degree, all students must satisfy the following requirements:

Business Prerequisite Courses

- Introduction of Macroeconomics (at SJSU this course is ECON 1A) or Introduction to Microeconomics (at SJSU this course is ECON 1B) or Principles of Economics
- Statistics (at SJSU this course is BUS2 90)

Advanced Management Courses (Core Courses)

In both the Early Career MBA and the MBA for Professionals, all students are required to successfully complete eleven core courses for a total of thirty-semester units. Although the total units of core courses are identical across the two MBA programs, the composition of the core curriculum is slightly different to account for the differences in student academic and professional profiles. The advanced graduate courses (core courses - 30 units) ensure breadth in general management knowledge and help the student to develop mastery in applying essential business skills.

Elective Courses

Four elective courses (12 units) are required of all students. As an elective course, a graduate student can select a maximum of one upper-division business undergraduate course (100-level) OR one graduate non-business course (200-level). Enrollment in such an elective course is conditional on the written approval by the MBA Director and it is specific to a given course and a given semester.

Comprehensive Project

The comprehensive project is incorporated in the Strategic Thinking course (BUS 290). The comprehensive project is a culminating experience integrating business functional areas and interdisciplinary perspectives. An individual written project report is required and an oral examination may be included. The project may take the form of a field study, research project, business simulation, or a strategic plan for an organization, as assigned by the Business 290 instructor. Students must receive an overall equivalent grade of "B" or better on the comprehensive project and may be given a maximum of two opportunities to satisfy requirements.

Graduation Writing Assessment Requirement

The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Maintenance of 3.0 GPA

Students must maintain a grade point average of 3.0 or better on all graduate-level course work. Students who receive grades of "C-", "D", "F", or "WU" in any business graduate course must repeat that course to achieve a grade of "C" or better.

Transfer Credit

Subject to the approval of the Donald and Sally Lucas Graduate School of Business MBA Program Director and validation by the College of Graduate Studies, students may transfer a maximum of twelve-semester units of business graduate course work from another regionally accredited institution. Grades in the transfer courses must be "B" or better.

Other University Requirements

Students must comply with all other graduate requirements contained in this catalog.

MBA for Professionals Requirements (42 units)

Advanced Management Courses (Breadth Requirements) (27 units)

- BUS 200L - Leadership Communication 2 *unit(s)*
- BUS 210 - Developing and Managing People 3 *unit(s)* (GWAR)
- BUS 220 - Financial Accounting 3 *unit(s)*
- BUS 230 - Marketing Management 3 *unit(s)*
- BUS 250 - Law and Ethics 3 *unit(s)*
- BUS 260 - Managerial Decision Analysis 3 *unit(s)*

- BUS 265P - Silicon Valley Experience for Professionals 1 *unit(s)*

Four elective courses. Students may take a maximum of one 100-level business course OR 200-level non-business course with written approval of the MBA director.

Culminating Experience (3 units)

Plan B (Project)

- BUS 290 - Strategic Thinking 3 *unit(s)*

Total Units Required (42 units)

Note: Four elective courses must be taken in addition to the Advanced Management Courses (Core Courses) in order to achieve the total of 42 semester units. A graduate student can select a maximum of one upper-division business undergraduate course OR one graduate non-business course conditional upon the written approval of a given course and a given semester by the MBA Director. Enrollment in BUS 203 is conditional on the approval of the MBA Director and the BUS 203 instructor.

Special Session Program Information

Academic Programs offered through Special Session are operated by Professional & Global Engagement. Registration and enrollment in a Special Session course or program must use the special session application form and will follow special session fee and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or program will trigger a separate and additional set of fees. This may require an additional enrollment appointment from the Registrar and it may have implications for financial aid status or requirements. Please visit the Professional Education website for more information.

Finance, MS

- Admissions Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Science in Finance (MSF) program, offered by the Lucas College and Graduate School of Business, prepares students for careers in finance units of non-financial firms. The program emphasizes the knowledge

necessary to succeed in corporate finance roles. It teaches students to develop an evidence-based mindset and apply technical finance concepts to corporate financial planning & analysis problems. The course work is structured to combine accounting and finance knowledge, as well as provide experience with the relevant technology and prepare well rounded professionals for careers in corporate finance roles. In addition to technical and analytical skills, the program emphasizes the development of communication skills, professional development, and career readiness.

The 30-unit MSF program offers two tracks depending on the academic pace desired by the students. The full-time track allows students to complete the MSF within 12 months and the part-time track allows students to complete the degree within 24 months. This program accommodates professionals with demanding life and work schedules. The MSF program is taught using a hybrid delivery format combining online and in-person class sessions. Classes meet evenings and Saturdays in eight-week sessions year-round. In-person class sessions are held on the SJSU campus. The MSF is open to candidates who graduated with business or nonbusiness majors.

Admissions Requirements

MSF candidates must meet all of the university admission requirements.

To be fully accepted into classified standing, the following conditions must be met:

- A bachelor's degree from an accredited university in the U.S. or the equivalent of a U.S. bachelor's degree earned from a recognized institution if the degree was earned outside of the U.S.
- A preferred GPA of 3.2 on a 4.0 scale.
- An English language proficiency examination if the previously earned degree was from an institution in which the principal language of instruction was not English. The university's minimum entrance score for the TOEFL is 213 (computer-based) or 80 (internet-based). The minimum score required on the IELTS is 6.5, and the minimum PTE score is 53.
- A personal statement of one to two pages explaining how an MSF would help to achieve the applicant's career objectives.
- A resume detailing the candidate's professional and academic experiences.
- (Optional) Two letters of recommendation.
- The GMAT or GRE are not required but strongly recommended for applicants with GPAs less than 3.2 on a 4.0 scale. Scores at the 50th percentile in both the quantitative and verbal sections of either exam are considered competitive.

Prerequisites for Clear Admission

Students must complete the following SJSU courses or their equivalents:

- BUS1 170 - Fundamentals of Finance
- BUS2 90 - Business Statistics

Requirements for Advancement to Candidacy

A student must maintain an overall grade point average (GPA) of 3.0 at all times, otherwise she or he will be placed on academic probation and required to raise the overall GPA above the 3.0 minimum during the subsequent semester (failing to do so will result in disqualification from the program).

The student must complete with a grade of C or better at least 9 units towards the degree, and meet all other university requirements, including GVAR, before being advanced to candidacy.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement. This requirement is satisfied by taking BUS 220A.

Culminating Experience

The culminating experience will take place in the capstone course BUS 270D - Case Studies in Corporate Finance. The course focuses on the study of corporate finance problems integrating finance theory and business practice. Topics include assessing financial condition; valuation, cash flow and capital budgeting analysis; and decision-making pertaining to working capital, capital expenditures, capital allocation, capital structure, payout policy, IPOs, mergers, acquisitions, divestitures and corporate governance. The students are assigned a complex case study based on publicly available data which integrate accounting & financial knowledge, technology, and corporate strategical considerations. Students may propose themselves a case study based on actual private or publicly available data, conditional on the approval of the course instructor and program director. Students work on the case study and write a report in a professional format summarizing their analysis and findings. An oral presentation is also required.

Master's Requirements (30 units)

Core Courses (18 units)

- BUS 200F - Leadership Communication for Finance Professionals 2 *unit(s)*
- BUS 220 - Financial Accounting 3 *unit(s)*
- BUS 220A - Financial Statement Analysis 3 *unit(s)*
- BUS 265F - Silicon Valley Experience for Finance Professionals 1 *unit(s)*
- BUS 270 - Financial Management 3 *unit(s)*
- BUS 270A - Financial Planning and Analysis 3 *unit(s)*
- BUS 270C - Financial Modeling and Data Visualization 3 *unit(s)*

Elective Courses (9 units)

Complete 3 courses. Students may include up to two BUS elective courses in the MBA or MSAA programs subject to approval by program directors.

- BUS 222 - Profit Planning and Control 3 *unit(s)*
- BUS 270B - Financial Derivatives for Corporate Finance 3 *unit(s)*
- BUS 273 - Business Valuation 3 *unit(s)*

Culminating Experience (3 units)

- BUS 270D - Case Studies in Corporate Finance 3 *unit(s)* (GWAR)

Total Units Required (30 units)

Taxation, MS

- Admissions Requirements
- Program of Study Requirements for the Master of Science in Taxation
- Requirements for Advancement to Graduate Candidacy
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Science in Taxation (MST) Program is a 30-unit program designed to provide individuals with the conceptual understanding and sound technical knowledge necessary to compete successfully in the ever-changing tax world. It is appropriate for individuals already working in public accounting, a corporate tax department, a law practice or government service. College graduates with an accounting degree who wish to pursue a career in taxation and/or meet the 150 unit requirement to become a CPA will also benefit from the program. (State fee schedule does not apply.)

More information can be found on the Lucas Graduate School of Business Website: sjsu.edu/lucasgsb/prospective-students/mst.

Admissions Requirements

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the MST program.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage at GAPE.

Requirements for Admission to Classified Standing

- Completed the following undergraduate courses (or equivalent) prior to admission.
 - BUS1 20 - Financial Accounting
 - BUS1 21 - Managerial Accounting
 - BUS1 121A - Intermediate Accounting I
 - BUS1 121B - Intermediate Accounting II
 - BUS1 123A - Taxation of Businesses and Investments

These requirements may be fulfilled at any U.S. university or community college. If your undergraduate degree is in Accounting from a U.S. university, you have satisfied the course prerequisites.

- A four-year bachelor's degree from an accredited college or university in the United States or from a recognized institution if the degree was earned outside of the United States.

- A GPA of 3.0 or better (on a 4.0 scale) in your last 60 semester units or 90 quarter units of course work (Professional Development and Certificate Program course work cannot be included in this calculation).
- Unless one of several GMAT waivers is met (see list below), a Graduate Management Admission Test (GMAT) or the Graduate Record Examination (GRE) exam. Scores at the 50th percentile in both the quantitative and verbal sections of the exam are considered competitive. The GMAT/GRE requirement may be waived if the applicant meets one of the following criteria:
 1. SJSU student or alumni.
 2. Accounting degree (or equivalent) from any California State University (CSU) or University of California (UC).
 3. Passed all parts of the CPA exam (in the United States).
 4. Passed the Enrolled Agent exam administered by the IRS.
 5. Scored 145 or higher in the LSAT exam.
 6. Has a GPA of at least 3.2 from an accredited U.S. university AND completed at least three years of full-time work experience in taxation. An interview with the MST Director and/or a letter from the supervisor attesting to type of work responsibilities may be required.
 7. Has a GPA of at least 3.75 from an accredited U.S. university. An interview with the MST Director may be required.
 8. Earned a Master's degree or Ph.D. from an accredited institution in the U.S.

Program of Study Requirements for the Master of Science in Taxation

Core Taxation Courses

Six core taxation courses (18 units) are required of all students. Of the core courses, two must be selected from a list of designated topic areas (business entities and multijurisdictional taxation); see below for details.

Elective Courses

Students complete a minimum of 12 units of taxation elective courses.

Graduation Writing Assessment Requirement

The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. For the MST Program, the required writing course is BUS 223A.

Culminating Experience

The culminating experience is a comprehensive individual written project incorporated into the capstone course, BUS 223H - Tax Policy Capstone. An oral examination may be included.

Maintenance of 3.0 GPA

Students must maintain a grade point average of 3.0 or better on all graduate-level course work. Students who receive grades of "C-", "D", "F", or "U" in any business graduate course must repeat that course to achieve a grade of "C" or better.

Transfer Credit

Subject to the approval of the MST Program Director, students may transfer a maximum of nine semester units of business graduate course work from another accredited institution to be applied to advanced level course work requirements. Grades in the transfer courses must be "B" or better. MST courses taken via "Open University" are treated as transferred into the MST Program (and thus count toward the maximum of nine semester units of transferable course work).

Other University Requirements

Students must comply with all other graduate requirements contained in this catalog.

Requirements for Advancement to Graduate Candidacy

Students must meet the university requirements for candidacy. General university requirements for advancement to candidacy for the MST degree are detailed in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

Special Session Program Information

Academic Programs offered through Special Session are operated by Professional & Global Engagement. Registration and enrollment in a Special Session course or program will follow the special session fees and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or the program will trigger a separate and additional set of fees. This may require an additional enrollment appointment from the Registrar and it may have implications for financial aid status or requirements. Please visit the Professional Education website for more information.

Master's Requirements (30 units)

Required Core (15 units)

- BUS 223A - Tax Research and Decision Making 3 *unit(s)* (GWAR)
- BUS 223F - Tax Accounting Methods/Periods 3 *unit(s)*
- BUS 223G - Taxation of Business Entities 3 *unit(s)*

Business Entities Elective (3 units)

Choose one of the following courses in consultation with graduate advisor:

- BUS 223B - Taxation of Partnerships 3 *unit(s)*
- BUS 225B - Taxation of Corporate Reorganizations 3 *unit(s)*
- BUS 225G - Taxation of S Corporations 3 *unit(s)*
- BUS 225S - Consolidated Returns 3 *unit(s)*

Multijurisdictional Taxation Elective (3 units)

Choose one of the following courses in consultation with graduate advisor:

- BUS 225C - International Tax - US Corporations with Foreign Activities 3 *unit(s)*
- BUS 225F - State Taxation Fundamentals 3 *unit(s)*
- BUS 225P - Advanced International Tax - US Corporations 3 *unit(s)*
- BUS 225U - Fundamentals of Transfer Pricing 3 *unit(s)*
- BUS 225W - Introduction to International Taxation 3 *unit(s)*
- BUS 225X - International Taxation - US and Foreign Individuals 3 *unit(s)*

Electives (12 units)

Complete 12 units from:

- BUS 223B - Taxation of Partnerships 3 *unit(s)*
- BUS 225A - Taxation of Estates and Trusts 3 *unit(s)*
- BUS 225B - Taxation of Corporate Reorganizations 3 *unit(s)*
- BUS 225C - International Tax - US Corporations with Foreign Activities 3 *unit(s)*
- BUS 225E - Data Analytics and Security 3 *unit(s)*
- BUS 225F - State Taxation Fundamentals 3 *unit(s)*
- BUS 225G - Taxation of S Corporations 3 *unit(s)*

- BUS 227C - Tax Symposium 1 *unit(s)* (*Note: Topic changes each time offered; may be taken more than once.*)
- BUS 227D - Employment Taxation and the Modern Workforce 1 *unit(s)*
- BUS 227E - Foundation for Understanding Taxation 1 *unit(s)*
- BUS 227F - Personal and Business Leadership Skills for Tax Practitioners 1 *unit(s)* (*Note: Course counts towards the required ethics courses to become a CPA in California*)
- BUS 280IS - Independent Study 1-6 *unit(s)*

Culminating Experience (3 units)

Plan B (Project)

- BUS 223H - Tax Policy Capstone 3 *unit(s)*

Total Units Required (30 units)

Elective courses must be planned in consultation with the graduate advisor.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Transportation Management, MS

- Admission Requirements
- Requirements for Advancement to Candidacy
- University Graduation Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Science in Transportation Management (MSTM), offered by the Lucas Graduate School of Business with support from the Mineta Transportation Institute, is a fully accredited, 30-unit program that takes two and half or three years to complete as a part-time student. The curriculum consists of six required courses, two electives, and a two-course culminating capstone experience.

The curriculum is led by nationally recognized instructors who are academic or industry experts. The MSTM is fully accredited by the Association to Advance Collegiate Schools of Business (AACSB).

Live, online classes are held on weekday evenings, allowing students to work full time while earning their degrees. Students generally take one course at a time, one night per week, for each ten-class session, for a total of four classes per year.

Admission Requirements

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the Special Session MS, Transportation Management degree program. See the GAPE Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage at GAPE. For these requirements, see the Policies and Procedures section, Graduate and Post-Baccalaureate Information.

Admission to the Department

Applicants who meet university and program requirements will be considered for classified admission. Admission to the Special Session MS, Transportation Management degree program requires the following (more details about these requirements are provided at the "Admissions" tab from transweb.sjsu.edu/education/graduate):

- A bachelor's degree from an accredited university in the U.S. or the equivalent of a U.S. bachelor's degree earned from a recognized institution if the degree was earned outside of the U.S.
- A preferred 3.0 (on a 4.0 scale) grade point average (GPA) in the last 60 semester units or 90 quarter units of study. An absolute minimum GPA of 2.5 is required for graduate admission at SJSU.
- A statement of purpose explaining how a Master of Science in Transportation Management will help you to achieve your career objectives (500 to 800 words).

- A resume detailing your professional and academic experiences.
- A letter of recommendation written by a supervisor who managed you in paid or volunteer work or by a university instructor who taught you. Letters should include an evaluation of your writing and analysis skills.
- For students who did not earn a 4-year bachelor's degree, master's degree, or Ph.D. from an institution in which the principal language of instruction was English: scores from an English language proficiency examination. The university minimum entrance score for the TOEFL is 213 (computer-based) or 80 (internet-based); the minimum score required on the IELTS is 6.5, and the minimum PTE score is 53.
- Applicants with a GPA below 3.0 may submit GMAT or GRE scores to demonstrate their readiness for graduate work.

Admission in Conditionally Classified Standing

Applicants not accepted into classified standing may qualify for conditionally classified status. The individual admission notification will explain required coursework, terms and conditions for removing deficiencies and attaining classified standing.

Requirements for Advancement to Candidacy

Candidacy denotes that the student is fully qualified to complete the final stages of the MS - Transportation Management. In order to achieve candidacy, students must meet the university requirements for candidacy, as detailed in the Graduate Policies and Procedures section. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Students disqualified from the MSTM program must follow the Disqualification and Probation - Graduate Students procedures in the SJSU catalog. It is the policy of the Donald and Sally Lucas Graduate School of Business not to readmit disqualified graduate students after a second disqualification.

Transfer Credit

With the approval of the MSTM Program Director, the Donald and Sally Lucas Graduate School of Business Associate Dean for Graduate Programs, and the SJSU Associate Vice President for Graduate Studies and Research, students may transfer a maximum of nine units of related graduate course work from another accredited university in the United States to satisfy elective course requirements. Grades in the transfer courses must be "B" or better. Extension course work from other institutions is not acceptable.

MTM courses taken via SJSU's "Open University" are treated as transferred into the MSTM program (and thus count toward the maximum of nine units of transferable coursework).

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

MTM 201 serves as the GWAR requirement for this program.

Culminating Experience

Plan B (Project)

The program's culminating experience is incorporated into MTM 283 and MTM 290. Students use these courses to design and then carry out an individual, comprehensive capstone project.

Special Session Program Information

Academic Programs offered through Special Session are operated by Professional & Global Engagement. Registration and enrollment in a Special Session course or program must use the special session application form and will follow special session fee and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or program will trigger a separate and additional set of fees. This may require an additional enrollment appointment from the Registrar and it may have implications for financial aid status or requirements. Please visit the Professional Education website for more information.

Master's Requirements (30 units)

Required Core (18 units)

- MTM 201 - Transportation Systems and Society 3 *unit(s)* (GWAR)
- MTM 202 - Introduction to Transportation Funding and Finance 3 *unit(s)*
- MTM 203 - Transportation Marketing and Communications Management 3 *unit(s)*
- MTM 214 - Transportation Policy and Regulation 3 *unit(s)*
- MTM 215 - Transportation Planning and Project Development 3 *unit(s)*
- MTM 217 - Leadership and Management of Transportation Organizations 3 *unit(s)*

Electives (6 units)

Complete two courses from:

- MTM 226A - Transportation Emergency Management 3 *unit(s)*
- MTM 226B - Transportation Security Management 3 *unit(s)*
- MTM 226C - Transportation Safety and Compliance Management 3 *unit(s)*
- MTM 236 - Managing Technology Innovations in Transportation 3 *unit(s)*
- MTM 245 - High-Speed and Intercity Rail: Planning & Design 3 *unit(s)*
- MTM 246 - High-Speed and Intercity Rail Operations/Engineering 3 *unit(s)*
- MTM 250 - Sustainable & Resilient Transportation Management 3 *unit(s)*
- MTM 260 - Project Management in Transportation 3 *unit(s)*

Culminating Experience (6 units)

Plan B (Project)

- MTM 283 - MSTM Capstone - Project Design 3 *unit(s)*
- MTM 290 - MSTM Capstone - Evaluation Report 3 *unit(s)*

Total Units Required (30 units)

Elective courses must be planned in consultation with the MSTM Program Director. With prior approval from the Program Director, students may count towards the elective requirement one graduate or upper-division undergraduate course (3 units) from another SJSU program.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 3.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Students must comply with all other graduate requirements contained in this catalog.

Basic Certificate(s)

Innovation & Entrepreneurship Certificate

This Certificate in Innovation & Entrepreneurship will enable SJSU undergraduate students majoring in Business as well as non-Business disciplines to gain hands-on, experiential training in innovation and entrepreneurship with low barriers to entry. This certificate is offered by the School of Global Innovation and Leadership.

University Basic Certificate Requirements

Basic certificate programs provide opportunities for students to pursue specialized, often pre-professional, focused educational objectives that may be separate from a degree program. At least 6 units must be completed at SJSU. Students must have a minimum GPA of 2.0 in basic certificate coursework in order to be awarded a certificate. Generally, a maximum of 33% of basic certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, a basic certificate may be completed entirely through Open University if the student has completed a Bachelor's degree and received approval from the department or school (University Policy S16-17 A). If a student has completed a Bachelor's degree and received approval from the department or school, a basic certificate may be completed entirely through Open University.

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate completion form to the Office of the Registrar. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (9 units)

Required course (3 units)

- BUS5 181 - Introduction to Entrepreneurship 3 *unit(s)*

Practicum courses (6 units)

Complete two courses:

- BUS5 182 - Business Plans for New Ventures 3 *unit(s)*
- BUS5 186H - Entrepreneurship Laboratory 3 *unit(s)*
- BUS5 186V - Venture Lab 3 *unit(s)*

Total Units Required (9 units)

Students are strongly encouraged to participate in these programs:

- Silicon Valley Innovation Challenge (SVIC): BUS5 181, BUS5 186V
- ZinnStarter Program: BUS5 186V, BUS5 182
- Eminent Speaker series & Workshops: All courses
- SV Business Plan Competition (SVBPC): BUS5 182

Advanced Certificate(s)

Accounting Fundamentals Certificate

The Accounting Fundamentals Certificate, offered by the Lucas Graduate School of Business, is an intensive program providing a broad foundation of concepts and practices in financial reporting, managerial accounting, accounting information systems and corporate taxation. Over the course of one semester, it covers essential topics needed both for a career in accounting and for graduate study. The program is taught in its entirety during the summer, with each course taught in either two- or five-week sessions. The program is designed for both non-matriculated students and those satisfying entrance requirements for both the MS in Accounting and Analytics program. As this certificate is comprised of fundamental accounting knowledge and skills, students entering MSAA program without an undergraduate degree in accounting will be required to complete this certificate before enrolling in MSAA classes.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (15 units)

- BUS 220B - Financial Reporting and Analysis I 3 *unit(s)*
- BUS 220C - Accounting Information Systems I 3 *unit(s)*
- BUS 220E - Financial Reporting and Analysis II 3 *unit(s)*
- BUS 220F - Management Accounting and Control Systems 3 *unit(s)*
- BUS 220G - Tax Factors of Business and Investment Decisions: Theory and Practice 3 *unit(s)*

Total Units Required (15 units)

Advanced Accounting Topics Certificate

The Advanced Accounting Topics Certificate, offered by the Lucas Graduate School of Business, provides an in-depth study of topics useful for CPA exam preparation and a career in accounting. It supplements coursework in the Certificate in Accounting Fundamentals and in the MSAA program with advanced issues and topics relevant for a career in accounting. Specialized issues covered in the certificate program deepen understanding of accounting practice, broaden career preparation and better equip students for the CPA examination.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (12 units)

Complete 12 units from:

- BUS 220S - Financial Reporting and Analysis III 3 *unit(s)*
- BUS 220H - Auditing: Concepts and Practice 3 *unit(s)*
- BUS 220U - Information Technology Audit 3 *unit(s)*
- BUS 220I - Forensic Accounting 3 *unit(s)*
- BUS 220V - Special Topics in Accounting 3 *unit(s)*

- BUS 220M - Accounting Ethics 3 *unit(s)*
- BUS 220A - Financial Statement Analysis 3 *unit(s)*

Total Units Required (12 units)

Advanced Global Leadership Certificate

The Advanced Global Leadership Certificate, offered by the Lucas Graduate School of Business, is a focused program designed for those who want to develop their global leadership skills and embark upon a career that will involve global work. This skill set has become a highly valued commodity in an environment that is growing increasingly globalized, but lags in the human capital necessary to succeed in this new environment.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). High-Speed and Intercity Rail Management Certificate

The Certificate in High-Speed and Intercity Rail Management, offered by the Lucas Graduate School of Business and supported by the Mineta Transportation Institute, provides graduate study in transportation management, with specialized courses on managing high-speed and intercity rail systems, from planning and design to engineering and operations. The certificate is intended primarily for professionals working in the fields of public transportation or rail who wish to enhance their qualifications for advancement and promotion, or to provide opportunities for professionals from related fields to move into rail management. The program enables students to earn 9 graduate units of course credit that may later be applied to the Master of Science in Transportation Management (MSTM) program.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. - MTM 214 - Transportation Policy and Regulation 3 *unit(s)*
- MTM 215 - Transportation Planning and Project Development 3 *unit(s)*
- MTM 217 - Leadership and Management of Transportation Organizations 3 *unit(s)*

Total Units Required (12 units)

International Taxation Certificate

The advanced certificates in taxation, offered by the Lucas Graduate School of Business, provide an in-depth study of topics to help a tax practitioner advance in his/her career or develop a specialization. The coursework supplements prior graduate study in the tax area, in essence, serving as a post-Master's program.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (9 units)

Complete three courses from below in consultation with MST program director.

- BUS 225C - International Tax - US Corporations with Foreign Activities 3 *unit(s)*

- BUS 225P - Advanced International Tax - US Corporations 3 *unit(s)*
- BUS 225U - Fundamentals of Transfer Pricing 3 *unit(s)*
- BUS 225X - International Taxation - US and Foreign Individuals 3 *unit(s)*
- BUS 227C - Tax Symposium 1 *unit(s)* (3 *units required*)

Total Units Required (9 units)

Tax Practice Certificate

The Certificate in Tax Practice, offered by the Lucas Graduate School of Business, provides nine units of graduate-level tax research and tax foundation skills and knowledge to students who already have either an undergraduate or graduate degree in accounting. This certificate can also assist anyone seeking nine units to help meet the required 150 units to become a CPA. It can help with career advancement and passing the CPA examination. The nine units can be applied to the MST program (if within the required time limits for degree completion).

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (9 units)

- BUS 223A - Tax Research and Decision Making 3 *unit(s)* (GWAR)

Complete Six Units From:

- BUS 223B - Taxation of Partnerships 3 *unit(s)*
- BUS 223F - Tax Accounting Methods/Periods 3 *unit(s)*
- BUS 223G - Taxation of Business Entities 3 *unit(s)*
- BUS 225A - Taxation of Estates and Trusts 3 *unit(s)*
- BUS 225B - Taxation of Corporate Reorganizations 3 *unit(s)*
- BUS 225E - Data Analytics and Security 3 *unit(s)*
- BUS 225F - State Taxation Fundamentals 3 *unit(s)*
- BUS 225G - Taxation of S Corporations 3 *unit(s)*
- BUS 225H - Taxation of Property Transactions 3 *unit(s)*
- BUS 225I - Tax Practices, Penalties and Procedures 3 *unit(s)*
- BUS 225K - Advanced Individual Taxes 3 *unit(s)*
- BUS 225L - Accounting for Income Taxes 3 *unit(s)*
- BUS 225S - Consolidated Returns 3 *unit(s)*
- BUS 225V - Tax Considerations for High Tech Companies 3 *unit(s)*
- BUS 225W - Introduction to International Taxation 3 *unit(s)*
- BUS 227A - Individual Tax Compliance 1 *unit(s)* (3 *units required*)
- BUS 227B - Ethics for Tax Practitioners 1 *unit(s)* (3 *units required*)
- BUS 227C - Tax Symposium 1 *unit(s)* (3 *units required*)
- BUS 227D - Employment Taxation and the Modern Workforce 1 *unit(s)* (3 *units required*)
- BUS 227E - Foundation for Understanding Taxation 1 *unit(s)* (3 *units required*)
- BUS 227F - Personal and Business Leadership Skills for Tax Practitioners 1 *unit(s)*

Total Units Required (9 units)

Conditional on the approval of the program director, a student may select one other BUS elective course to substitute one of the elective courses listed above.

Transportation Management Certificate

The Certificate in Transportation Management, offered by the Lucas Graduate School of Business and supported by the Mineta Transportation Institute, provides an introduction to the graduate study of transportation management. It is intended primarily for professionals working in the field of transportation who wish to enhance their qualifications for advancement and promotion in their existing agency, or to provide opportunities to advance at other agencies. The program enables students to earn 9 units of course credit that may later be applied to the Master of Science in Transportation Management (MSTM) program.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (12 units)

Complete 12 units (or four courses) from:

- MTM 201 - Transportation Systems and Society 3 *unit(s)* (GWAR)
- MTM 202 - Introduction to Transportation Funding and Finance 3 *unit(s)*
- MTM 203 - Transportation Marketing and Communications Management 3 *unit(s)*
- MTM 214 - Transportation Policy and Regulation 3 *unit(s)*
- MTM 215 - Transportation Planning and Project Development 3 *unit(s)*
- MTM 217 - Leadership and Management of Transportation Organizations 3 *unit(s)*
- MTM 236 - Managing Technology Innovations in Transportation 3 *unit(s)*
- MTM 250 - Sustainable & Resilient Transportation Management 3 *unit(s)*

Total Units Required (12 units)

Transportation Safety, Security, and Emergency Management (TSSEM) Certificate

The Certificate in Transportation Safety, Security, and Emergency Management (TSSEM) offered by the Lucas Graduate School of Business and supported by the Mineta Transportation Institute, offers students a unique opportunity to develop expertise across the three interrelated topics of transportation safety, security, and emergency management. Safety management protects from harm caused by non-intentional hazards, security management protects from intentional human behaviors, and emergency management prepares organizations for effective organizational response in the face of emergencies.

While safety, security, and emergency management are each independently critical to protecting human life, property, and the environment, transportation professionals are much more successful at managing any one of the three when knowledgeable about all three topics.

Completing the certificate prepares students for careers across the transportation industry. Public-sector transportation organizations are required by law to have staff working on both safety and emergency management, and in recent years new federal mandates require public transit agencies to prioritize safety management. Students who complete the program would be well prepared for such positions as Chief Safety Officer of a public transit operator and emergency manager or security manager for a transit or transportation agency.

The program enables students to earn 9 units of course credit that may later be applied to the Master of Science in Transportation Management (MSTM) program. Additionally, students who complete the emergency management course (MTM 226A) earn certification in the California Standardized Emergency Management System (SEMS). Students who complete the security course (MTM 226B) also earn two certificates from the Department of Homeland Security/New Mexico Tech.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

- MTM 226B - Transportation Security Management 3 *unit(s)*
- MTM 226C - Transportation Safety and Compliance Management 3 *unit(s)*

Total Units Required (12 units)

Spartan Accelerated Graduate Education (SAGE) Scholars

Spartan Accelerated Graduate Education (SAGE) Programs programs are combined bachelor's and master's programs at SJSU (per University Policy F19-1). Sometimes they may also satisfy the requirements for a credential. Students in these programs pursue a bachelor's and master's degree simultaneously. These program allow students to earn graduate credit while in their junior and/or senior year, reducing the number of semesters required for completion of a master's degree.

Business Administration, Accounting Concentration, BS + Accounting and Analytics, MS

The Spartan Accelerated Graduate Education (SAGE) Accounting and Analytics Program enables qualified students in the BSBA Accounting program to complete requirements for *both* the baccalaureate and master's degrees at the same time. Students progress from undergraduate to graduate status seamlessly, with a simplified application process and *no application fee*. Students complete both degrees in less time than if completing them separately, providing significant cost savings. Students completing the Accounting and Analytics SAGE program are prepared for careers as practicing CPAs in public accounting or in industry.

Total SAGE Program Units (BS + MS) 141

Admission Requirements

All SJSU BSBA Accounting undergraduates are eligible to apply for the Accounting and Analytics SAGE program if they fulfill the following requirements:

- Have completed a minimum of 90 units towards the BSBA degree
- Have a cumulative GPA of 3.0 or better, or GPA of 3.0 or better in the last 60 semester units
- Have completed all lower division GE requirements
- Will have completed BUS1 120A, BUS1 121A, and BUS1 121B with an average GPA of 3.0 by June 1 of junior year.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Maintain a GPA of 3.0 or higher with no individual grade below a C. Students not maintaining these standards will be placed on probation initially, followed by disqualification if grades are not improved.
- A GPA of 3.0 is required to earn the SAGE Accounting and Analytics degree.

Program Requirements (141 units)

Business Administration, Accounting Concentration, BS (111 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

University Requirements (38 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass ENGL 100WB, COMM 100W, or LLD 100WB with a grade of "C" or better ("C-" not accepted).

- GE Areas A1, A2, B1, B2, B3, C1, C2, C1/C2, D/2 American Institutions (US123), E, and F 33 *unit(s)*

- SJSU Studies R 3 *unit(s)*
- Physical Education 2 *unit(s)*

Major Preparation (15 units)

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4) (*Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.*)
- ENGL 100WB - Written Communication: Business 3 *unit(s)* OR COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* OR LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (*all WID*)

Major Requirements (55 units)

Lower Division Courses (10 units)

- BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS3 80 - Legal Environment of Business 3 *unit(s)*
- BUS2 90 - Business Statistics 3 *unit(s)*
- BUS4 91L - Computer Tools for Business 1 *unit(s)*

Upper Division Business Fundamentals Courses (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Upper Division Business Integration and Perspectives Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)*
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (15 units)

Additionally, to qualify for a baccalaureate degree in business administration with an Accounting concentration, all courses in the Accounting foundation classes must be completed with a grade of "C" or better. A cumulative 2.0 GPA is required in all business classes.

Accounting Foundation Courses (15 units)

- BUS1 120A - Accounting Information Systems 3 *unit(s)*
- BUS1 121A - Intermediate Accounting I 3 *unit(s)*
- BUS1 121B - Intermediate Accounting II 3 *unit(s)*
- BUS1 122A - Management Accounting and Control Systems 3 *unit(s)*
- BUS1 123A - Taxation of Businesses and Investments 3 *unit(s)*

University Electives (3 units)

Accounting and Analytics, MS (30 units)

Required Courses (15 units)

- BUS 220J - Business Communications & Ethics 3 *unit(s)*
- BUS 220R - Data Analytics for Accounting 3 *unit(s)*
- BUS 220S - Financial Reporting and Analysis III 3 *unit(s)*
- BUS 220U - Information Technology Audit 3 *unit(s)*
- BUS 220Z - Advanced Data Science and Analytics for Accounting 3 *unit(s)*

Electives (12 units)

12 units of elective courses selected in consultation with the graduate advisor.

Culminating Experience (3 units)

Plan B (Project)

- BUS 220A - Financial Statement Analysis 3 *unit(s)*

Total Units Required (141 units)

The standalone Business Administration, Accounting Concentration, BS program requires the completion of 9 units of required electives. Students satisfy these courses in this SAGE Scholars Program by completing BUS 220R, BUS 220S, and BUS 220U. These 9 units are considered to count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

Business Administration, Finance Concentration, BS + Finance, MS

Pending final approval from the CSU Chancellor's Office

The Finance Spartan Accelerated Graduate Education (SAGE) Program enables qualified students in the BSBA Finance program to simultaneously complete the requirements for both the baccalaureate and master's degrees. Students can progress from undergraduate to graduate status seamlessly, with a simplified application process and no application fee, and complete both degrees in less time as compared to completing them separately. This will provide cost savings to the student.

Total SAGE Program Units (BS + MS) 144

Admission Requirements

All finance undergraduates are eligible to apply for, and be admitted to, the SAGE Finance program in Spring semester of their junior year if they fulfill the following requirements by June 1 of that year:

- Completed a minimum of 90 units towards the BS degree;
- Completed BUS1 170 (Fundamentals of Finance) and BUS2 90 (Business Statistics) with grades of B or better;
- Have a cumulative GPA of 3.2 or better, or GPA of 3.2 or better in the last 60 semester units;

- Completed all lower division GE requirements.

In cases where demand from qualified applicants exceeds available placements in the program, admission decisions will be determined by evaluating student GPAs, performance in prerequisite courses, and conducting interviews.

Those who qualify for the SAGE program but are not admitted are eligible for regular MSF admission.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Maintain a GPA of 3.0 or higher with no individual course grade below a C.
- Students not maintaining these standards will be placed on probation initially, followed by disqualification if grades are not improved.
- A GPA of 3.0 is required to earn the SAGE Finance degree.

Program Requirements (144 units)

Business Administration, Finance Concentration, BS (120 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

University Requirements (38 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass ENGL 100WB, COMM 100W, or LLD 100WB with a grade of "C" or better ("C-" not accepted).

- GE Areas A1, A2, B1, B2, B3, C1, C2, C1/C2, D/2 American Institutions (US123), E, and F 33 *unit(s)*
- SJSU Studies R 3 *unit(s)*
- Physical Education 2 *unit(s)*

Major Preparation (15 units)

All of the following courses must be completed with a grade of "C" or better prior to taking any upper division major coursework.

- ECON 1A - Principles of Economics: Macroeconomics 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (or equivalent)
- MATH 70 - Mathematics for Business 3 *unit(s)* (B4) (Students who complete any of the following with a C or better may substitute it for MATH 70: MATH 30, 30X, 31, 31X, 32, 32X, 70X, 71, or 71X.)
- COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* OR ENGL 100WB - Written Communication: Business 3 *unit(s)* OR LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (all WID)

Major Requirements (61 units)

The following Major Requirement courses must be completed with a grade of "C or better": BUS1 20, BUS1 21, BUS2 90, BUS1 170. All courses in the Concentration Requirements for Finance must be completed with a grade of "C or better".

Lower Division Courses (13 units)

- BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS1 21 - Managerial Accounting 3 *unit(s)*
- BUS3 80 - Legal Environment of Business 3 *unit(s)*
- BUS2 90 - Business Statistics 3 *unit(s)*
- BUS4 91L - Computer Tools for Business 1 *unit(s)*

Upper Division Business Fundamentals Courses (15 units)

- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Upper Division Business Integration and Perspectives Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- BUS3 186 / PHIL 186 - Professional and Business Ethics 3 *unit(s)* (S)
- One non-business global perspectives course in Area V 3 *unit(s)*

Required Concentration Courses (15 units)

- BUS1 171A - Financial Institutions and Markets 3 *unit(s)*
- BUS1 172A - Investment Analysis 3 *unit(s)*
- BUS1 173A - Financial Management: Theory and Policy 3 *unit(s)*
- BUS 220A - Financial Statement Analysis 3 *unit(s)*
- BUS 273 - Business Valuation 3 *unit(s)*

Concentration Elective (3 units)

Complete one course from:

- BUS1 127A - Honors Practicum in Corporate Financial Management 3 *unit(s)*
- BUS1 127B - Advanced Honors Practicum 3 *unit(s)*
- BUS1 171B - Commercial Banking 3 *unit(s)*
- BUS1 172B - Portfolio Management 3 *unit(s)*
- BUS1 172C - Futures and Options 3 *unit(s)*
- BUS1 172D - Student Managed Investment Fund 3 *unit(s)*
- BUS1 173B - Problems in Financial Management 3 *unit(s)*
- BUS1 173C - Entrepreneurial Finance 3 *unit(s)*
- BUS1 175 - Real Estate Finance 3 *unit(s)*
- BUS1 176 - Business Valuation 3 *unit(s)*
- BUS1 177 - International Business Finance 3 *unit(s)*
- BUS1 179B - Selected Topics in Business Finance 3 *unit(s)*

University Electives (6 units)

Finance, MS (24 units)

Core Courses (12 units)

- BUS 200F - Leadership Communication for Finance Professionals 2 *unit(s)*
- BUS 220 - Financial Accounting 3 *unit(s)*
- BUS 265F - Silicon Valley Experience for Finance Professionals 1 *unit(s)*
- BUS 270A - Financial Planning and Analysis 3 *unit(s)*
- BUS 270C - Financial Modeling and Data Visualization 3 *unit(s)*

Elective Courses (9 units)

Complete 3 courses. Students may include up to two BUS elective courses in the MBA or MSA programs subject to approval by program directors. Students in the standalone MSF degree complete BUS 270. Students in the SAGE program may complete BUS 270 or another elective course.

- BUS 222 - Profit Planning and Control 3 *unit(s)*
- BUS 270 - Financial Management 3 *unit(s)*
- BUS 270B - Financial Derivatives for Corporate Finance 3 *unit(s)*

Culminating Experience (3 units)

- BUS 270D - Case Studies in Corporate Finance 3 *unit(s)* (GWAR)

Total Units Required (144 units)

The standalone Business Administration, Finance Concentration, BS program requires the completion of 9 units of required electives. Students satisfy 6 of these elective units in this SAGE Scholars Program by completing BUS 220A and BUS 273. BUS 220A is a required course in the Finance, MS program while BUS 273 is an elective option. These 6 units are considered to count toward both the graduate and undergraduate degrees, thus allowing SAGE students to meet the minimum unit requirements for both degrees.

Students in the standalone MSF degree complete BUS 270. Students in the SAGE program may complete BUS 270 or another elective course.

SJSU Online

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. These upper division degree completion programs are offered through a special session that requires a separate application process. If interested, please contact one of our Enrollment Counselors for more information.

Business Administration, General Business Concentration, BS (SJSU Online)

The General Business concentration, offered by the Department of Marketing and Business Analytics, offers students a broad spectrum of courses to prepare them for careers in small, medium-sized or family businesses and for jobs with companies that train new employees in a specific job largely unrelated to a functional area such as managing a large retail store or servicing technology company's customers.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes are delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times).

Summary of Degree Units

Transfer Units	60
SJSU Studies Area R	3
Major Requirements	51
University Electives	6
Total	120

Program Roadmaps

The 2-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Transfer Units (60 units)

- All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better.
- Applicants must also have completed the Core Lower Division General Education Requirements (39 units). The following courses must be passed with a C- or better:
 - (A1) Oral Communication/Speech
 - (A2) Written English Composition
 - (A3) Critical Thinking/Logic
 - (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)
 - (F) Ethnic Studies
- Completion of at least 22 units of the following courses (or equivalents). The following Preparation for the Major and Required for the Major courses must be completed with a grade of "C or better": ENGL 2, MATH 70, BUS1 20, BUS2 90.
 - ECON 1A - Principles of Economics: Macroeconomics 3 unit(s)
 - ECON 1B - Principles of Economics: Microeconomics 3 unit(s) (D)
 - MATH 70 - Mathematics for Business OR MATH 71 - Calculus for Business and Aviation OR MATH 30 - Calculus I 3 unit(s) (All B4)
 - BUS1 20 - Financial Accounting 3 unit(s)
 - BUS1 21 - Managerial Accounting 3 unit(s)
 - BUS3 80 - Legal Environment of Business 3 unit(s)
 - BUS2 90 - Business Statistics 3 unit(s)
 - BUS4 91L - Computer Tools for Business 1 unit(s)

University Requirements (3 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult your major advisor before selecting courses to satisfy the Upper Division General Education Requirements.

- SJSU Studies Area R

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (51 units)

Written Communication (3 units)

- ENGL 100WB - Written Communication: Business 3 *unit(s)* (WID)
- COMM 100W - Writing Workshop: Writing for Influence 3 *unit(s)* (WID)
- LLD 100WB - Writing Workshop for Business Students 3 *unit(s)* (WID)

Upper Division Business Fundamentals Courses (15 units)

- BUS2 130 - Introduction to Marketing 3 *unit(s)*
- BUS5 140 - Fundamentals of Operations Management 3 *unit(s)*
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS2 190 - Fundamentals of Business Analytics 3 *unit(s)*

Upper Division Business Integration and Perspectives Courses (15 units)

- BUS5 187 - Global Dimensions of Business 3 *unit(s)*
- BUS4 188 - Business Systems and Policy 3 *unit(s)*
- BUS3 189 - Strategic Management 3 *unit(s)*
- PHIL 186 - Professional and Business Ethics 3 *unit(s)*
- One non-business global perspectives course in Area V 3 *unit(s)*

Concentration Requirements (18 units)

Up to 12 units of coursework can be from any one department. The following courses must be completed with grades of "C-" or better.

Required Courses (12 units)

Select at least one course from the Department of Marketing and Business Analytics, and at least one course from either the School of Management or the School of Global Innovation and Leadership. Up to 6 units can be advisor approved transfer credit.

Additional Courses (6 units)

Any upper division business courses. Please see an advisor for a current list of acceptable courses.

University Electives (6 units)

Total Units Required (120 units)

Connie L. Lurie College of Education

Office: Sweeney Hall

Telephone: (408) 924-3600

Email: luriecollege@sjsu.edu

Website: www.sjsu.edu/education

Leadership:

Heather Lattimer, Dean

Mark Felton, Associate Dean of Research

Overview

The Connie L. Lurie College of Education is a professional community of students, faculty and staff engaged in supportive partnerships to serve a community of culturally diverse children, youth and families by pursuing and promoting scholarly and reflective inquiry, and access to a quality lifelong education. Faculty, staff and graduates are compassionate and ethical professionals who are mindful of our responsibilities in a democratic society. The College's core values are excellence and equity. Excellence is manifested in the rigor of our academic programs, in our teacher/scholar faculty contributions, and in the high level of staff service. We challenge our students to strive for excellence in their academic and personal pursuits, as informed and active citizens in their own communities. To achieve equity, our students, faculty, and staff continuously work for social justice and educational opportunities for all members of our society.

The college offers Bachelor's and Master's degrees, a doctoral program, and numerous professional credentials. Programs are offered through six academic departments.

- Child and Adolescent Development
- Communicative Disorders and Sciences
- Counselor Education
- Educational Leadership
- Special Education
- Teacher Education

The college, housed in William Sweeney Hall, offers a variety of resources including the Student Success Center, the Kay A. Armstead Center for Communication Disorders and the Child Development Laboratory Preschool, as well as two computer laboratories that are open to both undergraduate and graduate students. Students also have access to other high tech education applications.

Student Service Centers

The Kay A. Armstead Center for Communication Disorders provides speech-language-hearing evaluations and therapy services to students, staff, faculty, and the local San Jose community.

The Child Development Laboratory Preschool includes the Toddler and Multi-Age Labs on the SJSU campus. These programs provide undergraduates with both observation and hands-on clinical/practicum opportunities and engagement.

The Credential Services Office recommends candidates for their credentials upon program completion. Additionally, the office provides resources and services to aid in meeting various requirements, including basic skills, subject matter competency, and other prerequisites for program admission and completion. Information regarding elementary (Multiple Subject), secondary (Single Subject), and special education (Education Specialist) teaching credentials, alongside other service credentials and certificate programs, is readily accessible.

The Lurie College Student Success Center provides in-person and virtual academic advising for undergraduate students majoring or intending to major in any of the departments in the College of Education. The Student Success Center team provides academic planning, including General Education (GE), university policies and procedures, change of major/minor, academic notice, disqualification, and reinstatement. We promote lifelong learning and provide students with resources to make informed decisions about their academic and career goals. We are committed to creating a clear path to graduation and student success.

Advising

Advising and information related to applications are handled through the six academic departments.

These departments include Child and Adolescent Development, Communicative Disorders and Sciences, Counselor Education, Educational Leadership, Special Education, and Teacher Education.

Undergraduate Major(s)

Child and Adolescent Development, BA

This ChAD program, offered by the Department of Child and Adolescent Development, provides a strong foundation in child and adolescent development and could be the basis for graduate study in child and adolescent development and related fields. This major is designed for students interested in pursuing a career in a variety of child-related fields, such as early childhood and elementary school classrooms, community settings, and/or agencies serving children, youth, and families. Students who have declared Child and Adolescent Development (ChAD) as their major should meet with the department advisor for consultation and approval of program roadmaps. Information about ChAD advising and how to make an appointment can be found on the department website.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	44
Major Requirements	51
University Electives	25
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (27 units)

Of the 39 units required by the university, 12 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Note: Students who have completed the ADT Transfer degree (under SB 1440) for this major will have completed all lower division GE requirements and should follow the 60 unit guarantee roadmap. Meet with an advisor prior to registering for your first semester for the 60 unit roadmap or specific questions.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (51 units)

Lower Division Core (12 units)

- CHAD 60 - Child Development 3 *unit(s)* (E)
- CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (E)
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- CHAD 80 - Quantitative Analysis in Developmental Science 3 *unit(s)* (B4) (*preferred*) OR STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (May substitute UNVS 15/MATH 15 or SOCS 15/SOCI 15)

Upper Division Core (24 units)

- CHAD 101 - Research Methods in Developmental Science 3 *unit(s)*
- CHAD 165 - Risk and Resilience in a Community Context 3 *unit(s)*
- CHAD 168 - Social and Emotional Development 3 *unit(s)*
- CHAD 169 - Motivating Children and Adolescents in Educational Settings 3 *unit(s)*
- CHAD 170 - Cognitive Development in Context 3 *unit(s)*
- CHAD 195 - Senior Seminar in Child & Adolescent Development 3 *unit(s)*

Complete one course:

- CHAD 100W - Writing Workshop 3 *unit(s)* (WID) (*may substitute LLD 100W*)

Complete one course:

- CHAD 162 - Cultural Influences in Childhood and Adolescence 3 *unit(s)*
- CHAD 164 - Contemporary Parenting 3 *unit(s)*

Area of Specialization (15 units)

Specializations are a cluster of courses used by departments for advising purposes. Specializations will not appear on transcripts or diplomas. Please see an advisor for more details. Complete one of the following specializations:

Early Childhood Focus (15 units)

- CHAD 150 - Development of Language and Communicative Competence 3 *unit(s)*

- CHAD 152 - Foundations for Early Childhood Curriculum 3 *unit(s)*
- CHAD 160 - Practicum in Early Childhood Education 3 *unit(s)*
- CHAD 161 - Administration of Early Childhood Programs 3 *unit(s)*
- CHAD 173 - Critical Issues in Infant/Toddler Development 3 *unit(s)*

Community Focus (15 units)

- CHAD 104 - Program Evaluation and Assessment in Community-Based Programs 3 *unit(s)*
- CHAD 156 - Social Media and Youth Civic Engagement 3 *unit(s)*
- CHAD 157 - Program Management in Community Organizations 3 *unit(s)*
- CHAD 158 - Practicum in Community Organizations 3 *unit(s)*

Critical Issues in Child and Adolescent Development (3 units)

Complete one course:

- CHAD 163 - Critical Issues in Adolescent Development 3 *unit(s)*
- CHAD 173 - Critical Issues in Infant/Toddler Development 3 *unit(s)*

University Electives or Minor (28 units)

A minor is strongly suggested.

Total Units Required (120 units)

CHAD 158, CHAD 160 and CHAD 195 may only be repeated once.

Child and Adolescent Development, Preparation for Teaching W/CSET Waiver, BA

This major is designed for students interested in teaching in elementary school or middle school. The following coursework satisfies San José State University's requirements for a BA in Child and Adolescent Development (ChAD) with Preparation for Teaching. This specific pathway has been approved by the California Commission on Teacher Credentialing (CCTC) to serve as a waiver of the CSET for Multiple Subjects requirement for post-baccalaureate teacher credential programs. Note that this pathway includes several lower-division course requirements. Students are encouraged to see a department advisor to identify appropriate coursework. Information about ChAD advising and instructions to make an appointment can be found on the department website.

The Commission on Teacher Credentialing in the state of California (CCTC) recognizes Teacher Preparation degrees as verification of subject matter competence. The following coursework, offered by the Department of Child and Adolescent Development, satisfies San José State University's requirements for a BA in Child and Adolescent Development, and is a program approved by the CCTC for waiver of the subject matter examination (CSET for Multiple Subjects) required to earn a teaching credential. The department also offers a Child and Adolescent Development, Preparation for Teaching, BA without a CSET waiver.

Maintaining a minimum grade point average (GPA) of at least 2.87 and completion of the program will not guarantee admission to the credential program. Like all other applicants, students must meet credential program standards and undergo screening for admission. See the Teacher Preparation section of the catalog for information on application and admission to credential programs.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	20
Major Requirements	39
Multiple Subjects Preparation Core	60-61
University Electives	0-1
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (12 units)

Of the 39 units required by the university, 27 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Of the 39 units, the following 12 units are not satisfied in the major:

- GE Area A1 3 *unit(s)*
- GE Area C2 3 *unit(s)*
- GE Area C1 or C2 3 *unit(s)*
- GE Area F 3 *unit(s)*

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (39 units)

Lower Division Core (12 units)

- CHAD 60 - Child Development 3 *unit(s)* (E)
- CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (E)
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- CHAD 80 - Quantitative Analysis in Developmental Science (*preferred*) **OR** STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (*May substitute with UNVS 15/MATH 15 or SOCS 15/SOCI 15*)(B4)

Upper Division Core (27 units)

- CHAD 101 - Research Methods in Developmental Science 3 *unit(s)*
- CHAD 159 - Practicum in K-8 Education 3 *unit(s)*
- CHAD 168 - Social and Emotional Development 3 *unit(s)*
- CHAD 169 - Motivating Children and Adolescents in Educational Settings 3 *unit(s)*
- CHAD 170 - Cognitive Development in Context 3 *unit(s)*
- CHAD 195 - Senior Seminar in Child & Adolescent Development 3 *unit(s)*

Complete one course:

- CHAD 100W - Writing Workshop 3 *unit(s)* (WID) (*may substitute LLD 100W*)

Complete one course:

- CHAD 162 - Cultural Influences in Childhood and Adolescence 3 *unit(s)*
- CHAD 164 - Contemporary Parenting 3 *unit(s)*

Complete one course:

- CHAD 163 - Critical Issues in Adolescent Development 3 *unit(s)*
- CHAD 173 - Critical Issues in Infant/Toddler Development 3 *unit(s)*

Multiple Subjects Preparation Core Curriculum (60-61 units)

Language and Literature (15-16 units)

- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (*ENGL 1B also accepted for Transfer Students.*)
- ENGL 112A - Children's Literature 3 *unit(s)*
- CHAD 135 - Development of Language & Literacy in Children 3 *unit(s)*

Complete one course:

- ENGL 103 - Modern English 4 *unit(s)*
- LING 107 - Patterns of English 3 *unit(s)*

Mathematics (9 units)

- MATH 12 - Number Systems 3 *unit(s)* (B4)
- MATH 105 - Concepts in Mathematics, Probability, Statistics 3 *unit(s)*
- MATH 106 - Intuitive Geometry 3 *unit(s)*

Science (15 units)

- BIOL 21 - Human Biology 3 *unit(s)* (B2+B3)
- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3)
- ENVS 158 - Environmental Education 3 *unit(s)*
- GEOL 103 - Earth Systems and the Environment 3 *unit(s)* (R)
- PHYS 1 - Elementary Physics 3 *unit(s)* (B1)

Visual and Performing Arts (9 units)

- CA 177 - Interdisciplinary Arts for Teaching 3 *unit(s)*
- MUSC 10B - Introduction to Music 3 *unit(s)* (C1)

Art Disciplines (3 units)

Complete one course:

- ART 39 - Multicultural Arts for Children 3 *unit(s)*
- ART 138 - Elementary Art Methods 3 *unit(s)*
- CA 70 - Visual & Media Arts for K-8 Teachers 3 *unit(s)*
- CA 75 - Performing Arts for K-8 Teachers 3 *unit(s)*
- DANC 148 - Children's Dance 3 *unit(s)*
- TA 131 - Storytelling 3 *unit(s)*
- TA 167 - Theatre in Education 3 *unit(s)*

Physical Education and Health (3 units)

- CHAD 149 - Child Health and Activity 3 *unit(s)*

History (9 units)

- SOCS 137 - California History for Teachers 3 *unit(s)*
- SOCS 138 - US History for Teachers 3 *unit(s)* (S)
- SOCS 139 - World History for Teachers 3 *unit(s)* (V)

University Electives (0-1 units)

Highly recommend world language and technology coursework for teaching credential (see Credential Information Services).

Total Units Required (120 units)

Students in the Child and Adolescent Development, Preparation for Teaching, BA have more flexibility in the selection of their General Education courses.

CHAD 159 and CHAD 195 may be repeated only once.

Child and Adolescent Development, Preparation for Teaching, BA

This major is designed for students interested in teaching in elementary school or middle school. The following course work, offered by the Department of Child and Adolescent Development, satisfies San José State University's requirements for a BA in Child and Adolescent Development (ChAD) with Preparation for Teaching. Students who are transfers or who are changing into this major, in consultation with a department advisor, identify the course work appropriate for the individual. Information about ChAD advising and making an appointment can be found on the department website.

The Commission on Teacher Credentialing in the state of California (CCTC) recognizes Teacher Prep degrees as verification of subject matter competence. The following coursework satisfies San José State University's requirements for a BA in ChAD, Preparation for Teaching. The department also has a program approved by the CCTC for waiver of the subject matter examination (CSET for Multiple Subjects) required to earn a teaching credential. There are different requirements for this waiver option. If interested, see the Child and Adolescent Development, Preparation for Teaching W/CSET Waiver, BA program.

Maintaining a minimum grade point average (GPA) of at least 2.87 and completion of the program will not guarantee admission to the credential program. Like all other applicants, students must meet credential program standards and undergo screening for admission. See the Teacher Preparation section of the catalog for information on application and admission to credential programs.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	41
Major Requirements	39
Multiple Subjects Preparation Core	33-34
University Electives	6-7
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (39 units)

Lower Division Core (12 units)

- CHAD 60 - Child Development 3 *unit(s)* (E)
- CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (E)
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- CHAD 80 - Quantitative Analysis in Development Science (*preferred*) **OR** STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (*May substitute STAT 95 with UNVS 15/MATH 15 or SOCS 15/SOCI 15*) (B4)

Upper Division Core (27 units)

- CHAD 101 - Research Methods in Developmental Science 3 *unit(s)*
- CHAD 159 - Practicum in K-8 Education 3 *unit(s)*
- CHAD 168 - Social and Emotional Development 3 *unit(s)*
- CHAD 169 - Motivating Children and Adolescents in Educational Settings 3 *unit(s)*
- CHAD 170 - Cognitive Development in Context 3 *unit(s)*
- CHAD 195 - Senior Seminar in Child & Adolescent Development 3 *unit(s)*

Complete one course:

- CHAD 100W - Writing Workshop 3 *unit(s)* (WID) (*may substitute LLD 100W*)

Complete one course:

- CHAD 162 - Cultural Influences in Childhood and Adolescence 3 *unit(s)*
- CHAD 164 - Contemporary Parenting 3 *unit(s)*

Complete one course:

- CHAD 163 - Critical Issues in Adolescent Development 3 *unit(s)*
- CHAD 173 - Critical Issues in Infant/Toddler Development 3 *unit(s)*

Multiple Subjects Preparation Core Curriculum (33-34 units)

Language and Literature (15-16 units)

- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- ENGL 112A - Children's Literature 3 *unit(s)*
- CHAD 135 - Development of Language & Literacy in Children 3 *unit(s)*

Complete one course:

- ENGL 103 - Modern English 4 *unit(s)*
- LING 107 - Patterns of English 3 *unit(s)*

Mathematics (9 units)

- MATH 12 - Number Systems 3 *unit(s)* (B4)
- MATH 105 - Concepts in Mathematics, Probability, Statistics 3 *unit(s)*
- MATH 106 - Intuitive Geometry 3 *unit(s)*

Science (3 units)

- ENV5 158 - Environmental Education 3 *unit(s)*

Visual and Performing Arts (3 units)

Complete one course from:

- CA 177 - Interdisciplinary Arts for Teaching 3 *unit(s)*
- ART 39 - Multicultural Arts for Children 3 *unit(s)*
- ART 138 - Elementary Art Methods 3 *unit(s)*
- DANC 148 - Children's Dance 3 *unit(s)*
- TA 131 - Storytelling 3 *unit(s)*
- TA 167 - Theatre in Education 3 *unit(s)*

Physical Education and Health (3 units)

- CHAD 149 - Child Health and Activity 3 *unit(s)*

University Electives (6-7 units)

Highly recommend world language and technology coursework for teaching credential (see Credential Information Services).

Total Units Required (120 units)

Students interested in the Child and Adolescent Development, Preparation for Teaching W/CSET Waiver, BA are required to satisfy specific General Education courses.

CHAD 159 and CHAD 195 may be repeated only once.

Communicative Disorders and Sciences, BS

The BS in Communicative Disorders and Sciences degree, offered by the Department of Communicative Disorders and Sciences, is a pre-professional program intending to prepare students for graduate study in audiology or speech-language pathology.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	38
Major Preparation	15-18
Major Requirements	42
University Electives	22-25
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Communicative Disorders and Science courses are only offered once per year. That means that students begin CDS courses in Fall semesters only, as Spring semester courses cannot be taken without having completed the Fall semester prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education (18 units)

Of the 39 units required by the university, 21 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)

- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education (2 units)

All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) is required to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

Major Preparation (15-18 units)

Statistics Course

- STAT 95 - Elementary Statistics 3 *unit(s)* (B4)

Biological Sciences Course

Complete one course from:

- BIOL 10 - The Living World 3 *unit(s)* (B2)
- BIOL 21 - Human Biology 3 *unit(s)* (B2+B3)
- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2B3)

Physics or Chemistry Course

Complete one course from:

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 30A - Introductory Chemistry 3 *unit(s)* (B1+B3)
- PHYS 1 - Elementary Physics 3 *unit(s)* (B1) (*must also take B3*)

Social Sciences/Behavioral Sciences Course

Complete one course from:

- ANTH 11 - Cultural Anthropology 3 *unit(s)* (D)
- GERO 107 - Aging and Society 3 *unit(s)* (S)
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- SOCI 57 - Community Involvement and Personal Growth 3 *unit(s)* (E)
- SOCI 80 - Social Problems 3 *unit(s)* (D)

Lifespan Development Course

Complete one course from:

- CHAD 60 - Child Development 3 *unit(s)* (E)
- PH 15 - Human Life Span 3 *unit(s)* (D)
- PSYC 102 - Psychology of Childhood 3 *unit(s)*

Major Requirements (42 units)

Core Courses (36 units)

- EDSP 102 - Communication Development in Children 3 *unit(s)*
- EDSP 110 - Survey of Communication Disorders 3 *unit(s)*
- EDSP 111 - Introduction to Clinical Phonetics 3 *unit(s)*
- EDSP 112 - Fundamentals of Clinical Practice 3 *unit(s)*
- EDSP 113 - Anatomy and Physiology of Communication Disorders 3 *unit(s)*
- EDSP 120 - Communicative Disorders in Children 3 *unit(s)*
- EDSP 161 - Neuroanatomy and Neurophysiology of Communication Disorders 3 *unit(s)*
- EDSP 162 - Communicative Disorders in Adults 3 *unit(s)*
- EDSP 176 - Guided Professional Clinical Observations 3 *unit(s)*
- EDAU 115 - Hearing Science 3 *unit(s)*
- EDAU 170 - Introduction to Audiology 3 *unit(s)*
- EDAU 172 - Principles of Aural Rehabilitation 3 *unit(s)*

Practicum (6 units)

Placement in clinical practicum is contingent upon completing a clinic application, clinic availability, major GPA verification of 3.0+ and an overall GPA of 2.7+. Students who do not complete an undergraduate clinic practicum will need to complete an approved clinic substitution and submit a course substitution form.

- EDSP 177 - Practicum in Speech Pathology 1-3 *unit(s)*
- EDAU 177 - Practicum in Audiology 1-3 *unit(s)*

University Electives (22-25 units)

See CDS Roadmap Assistance for suggested electives.

Total Units Required (120 units)

Interdisciplinary Studies, Educational and Community Leadership Concentration, BA (SJSU Online)

Fully Online Degree Completion Program

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. This upper division degree completion program is offered through a special session that requires a separate application process.

The Interdisciplinary Studies BA Concentration in Educational and Community Leadership, offered by the Department of Educational Leadership, empowers students to take a role in promoting change for social justice in their communities. The program is designed to enhance students' opportunities for professional advancement in careers in the fields of education, child and youth services, community organizations, and social services with a curriculum that brings together a variety of academic disciplines that explore societal inequities and methods to accentuate strengths of a community and of its members.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes will be delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times).

Summary of Degree Units

Transfer Units	60
University Graduation Requirements	9
Major Core Requirements	21
Specialization Requirements	15
University Electives	15
Total	120

Program Roadmaps

The 2-Year and 3-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Transfer Units (60 units)

All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better. Applicants must also have completed the Core Lower Division General Education Requirements (39 units), including all four CSU-approved Basics Skills courses, each with a C- or better:

- (A1) Oral Communication/Speech
- (A2) Written English Composition
- (A3) Critical Thinking/Logic
- (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)

GE Area F - Ethnic Studies must be completed with a C- or better to meet the requirement at San Jose State University.

Applicants interested in selecting the Early Childhood Education Specialization must have or find access for field placement in a suitable early childhood setting.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult your major advisor before selecting courses to satisfy the Upper Division General Education Requirements.

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GVAR may be found in the Undergraduate University Graduation Requirements (GVAR) section.

This requirement is fulfilled in this major with:

- CHAD 100W - Writing Workshop 3 *unit(s)* (*WID*)

Major Requirements (36 units)

Required Core (21 units)

- CHAD 100W - Writing Workshop 3 *unit(s)* (*WID*)
- CHAD 101 - Research Methods in Developmental Science 3 *unit(s)*
- EDSE 241 - Applying Assistive & Instructional Technology 3 *unit(s)*

- EDLD 110 - Introduction to Educational and Community Leadership 3 *unit(s)*
- EDLD 120 - The Right to Learn: Language, Dignity, and Education 3 *unit(s)*
- EDLD 140 - Identity, Solidarity, and Social Justice Leadership 3 *unit(s)*
- EDSP 150 - Communication, Leadership, and Social Justice 3 *unit(s)*

Specialization (15 units)

Complete one of the following specialization:

Early Childhood Education

Must have or find access for field placement in a suitable early childhood setting to complete this specialization.

- CHAD 60 - Child Development 3 *unit(s)* (E)
- CHAD 152 - Foundations for Early Childhood Curriculum 3 *unit(s)*
- CHAD 160 - Practicum in Early Childhood Education 3 *unit(s)*
- CHAD 161 - Administration of Early Childhood Programs 3 *unit(s)*
- CHAD 164 - Contemporary Parenting 3 *unit(s)*

Inclusive Education

- EDEL 102 - Psychological Foundations of Education 3 *unit(s)*
- EDEL 108E - Teaching Reading in Linguistically and Culturally Diverse Classrooms 3 *unit(s)*
- EDSP 110 - Survey of Communication Disorders 3 *unit(s)*
- EDSE 224 - Methods for Emergent Bilinguals with Disabilities 1-3 *unit(s)* (3 *units required*)
- EDSE 228A - Topics in Collaboration and Transition 3 *unit(s)*

University Electives (15 units)

May include lower or upper division, at least 9 units must be upper division.

Total Units Required (120 units)

Undergraduate Minor(s)

Atypical Child Studies Minor

The courses for the Minor in Atypical Child Studies, offered by the Department of Child and Adolescent Development, provides a solid foundation in both normative and atypical early childhood development. The minor is particularly beneficial for students who plan to pursue careers in a number of branches of the social and life sciences, education, medicine, and other human services professions focusing on atypical infants/children and their families.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the

coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Core Courses (9 units)

- CHAD 60 - Child Development 3 *unit(s)* (E)
- EDSE 104 - Early Intervention for Children with Disabilities 3 *unit(s)*
- EDSE 108 - Assessing Young Children 3 *unit(s)*

Elective Courses (6 units)

Complete two courses from:

- CHAD 161 - Administration of Early Childhood Programs 3 *unit(s)*
- CHAD 164 - Contemporary Parenting 3 *unit(s)*
- CHAD 168 - Social and Emotional Development 3 *unit(s)*
- EDSE 102 - Intro to Language Development and Disability 3 *unit(s)* (S)

Total Units Required (15 units)

Child and Adolescent Development Minor

The courses for the Minor in Child & Adolescent Development offer a range of opportunities to examine the course of human development with specific pathways for students interested in early childhood education, elementary school teaching, and community organizations serving children, youth, and families. The minor, offered by the Department of Child and Adolescent Development, is particularly appropriate for students planning to enter the fields of education, social welfare, nursing, child care, and other human services professions.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (15 units)

Complete one course from:

- CHAD 60 - Child Development 3 *unit(s)* (E)
- CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (E)

Minor Electives (12 units)

These focus areas are suggestions only. Students may select any courses from the list below. Specializations will not appear on transcripts or diplomas. Please see your advisor for more details. Complete four courses from any of the following focus areas:

Child & Adolescent Development (General)

- CHAD 162 - Cultural Influences in Childhood and Adolescence 3 *unit(s)*
- CHAD 163 - Critical Issues in Adolescent Development 3 *unit(s)*
- CHAD 168 - Social and Emotional Development 3 *unit(s)*
- CHAD 169 - Motivating Children and Adolescents in Educational Settings 3 *unit(s)*
- CHAD 170 - Cognitive Development in Context 3 *unit(s)*

Community Focus

- CHAD 104 - Program Evaluation and Assessment in Community-Based Programs 3 *unit(s)*
- CHAD 156 - Social Media and Youth Civic Engagement 3 *unit(s)*
- CHAD 157 - Program Management in Community Organizations 3 *unit(s)*
- CHAD 164 - Contemporary Parenting 3 *unit(s)*
- CHAD 165 - Risk and Resilience in a Community Context 3 *unit(s)*

Early Childhood Focus

- CHAD 150 - Development of Language and Communicative Competence 3 *unit(s)*
- CHAD 152 - Foundations for Early Childhood Curriculum 3 *unit(s)*
- CHAD 161 - Administration of Early Childhood Programs 3 *unit(s)*
- CHAD 164 - Contemporary Parenting 3 *unit(s)*
- CHAD 173 - Critical Issues in Infant/Toddler Development 3 *unit(s)*

Teacher Preparation Focus

- CHAD 131 - Equity, Resilience, and Risk in Public Schools 3 *unit(s)*
- CHAD 135 - Development of Language & Literacy in Children 3 *unit(s)*
- CHAD 149 - Child Health and Activity 3 *unit(s)*
- CHAD 150 - Development of Language and Communicative Competence 3 *unit(s)*

Total Units Required (15 units)

Deaf Education Minor

The Minor in Deaf Education offered by the Department of Special Education provides students with a basic understanding of American Sign Language and introduces them to American Deaf Culture. Students acquire an understanding of typical and atypical language development and explore the cultural perspectives of the deaf community.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (12 units)

- EDSE 14A - American Sign Language I 3 *unit(s)*
- EDSE 14B - American Sign Language II 3 *unit(s)*
- EDSE 102 - Intro to Language Development and Disability 3 *unit(s)* (S)
- EDSE 115 - Introduction to Deaf Culture 3 *unit(s)*

Total Units Required (12 units)

Special Education Minor

The Minor in Special Education offered by the Department of Special Education provides students with a foundation in teaching diverse learners. Students gain an understanding of typical and atypical development, particularly as it relates to language and social development, and strategies to support all learners in classroom and community settings.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Courses completed with a B or higher may be applied to an Education Specialist Credential upon completion of the undergraduate degree.

Minor Requirements (12 units)

Required Courses

- EDSE 102 - Intro to Language Development and Disability 3 *unit(s)* (S)
- EDSE 110 - Students with Autism Spectrum Disorders 3 *unit(s)*
- EDSE 124 - Teach for Social Justice: Language & Disability 3 *unit(s)* (V)

Complete One Course From:

- EDSE 104 - Early Intervention for Children with Disabilities 3 *unit(s)*
- EDSE 241 - Applying Assistive & Instructional Technology 3 *unit(s)*

Total Units Required (12 units)

Master(s)

Child and Adolescent Development, MA

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Arts degree in the Department of Child and Adolescent Development (ChAD) prepares students for advanced study leading to professional careers in settings that serve children, youth, and families.

Detailed information about the program can be found on the department website: www.sjsu.edu/chad/programs/ma-chad.

Admissions Requirements

Candidates apply separately to the university to obtain approval for university-level admission and to the department to obtain admission to the ChAD master's program. Candidates must meet all the university admission requirements. Note that applicants must have an undergraduate grade point average of 3.0 (B) or better in the last 60 semester units of undergraduate work.

In addition to meeting university requirements, the minimum requirement for admission to the ChAD MA program is 1) a baccalaureate degree awarded by an accredited institution, 2) a completed department application, 3) three letters of recommendation, 4) a 1-2-page typed statement of educational and professional background and professional goals, and 5) an essay on various topic areas in child and adolescent development. Preference is given to candidates with a background in ChAD or a related field (e.g., Psychology, Sociology, Education, Social Work, Nursing). Applicants can be admitted either in a conditional or classified status.

Applicants from countries in which the official language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage at GAPE.

Requirements for Advancement to Graduate Candidacy

Students must meet the university requirements for candidacy. General university requirements for advancement to candidacy for the MA degree are detailed in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

During the semester that the first 9 units of coursework will be completed, the ChAD MA candidate will need to submit a Departmental Request for Candidacy form [pdf]. This form must be signed by the ChAD graduate program coordinator and submitted to GAPE by the appropriate deadline. Check the deadline for submitting the Petition for Advancement to Graduate Candidacy. Any changes made in the program degree academic plan as listed on the candidacy form need to be requested using the Request for Course Substitution in Graduate Degree Program [pdf]. This form must be signed by the ChAD graduate program coordinator prior to submission to GAPE.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MA - Child and Adolescent Development Graduation Requirements

Students are expected to complete all required courses and select three electives from the department-approved list. In order to meet degree requirements, candidates for the MA in ChAD must maintain a 3.0 GPA in all courses with no single course grade below a B-. Students who earn less than a B- in any required course (CHAD 260A, CHAD 260B, CHAD 262, CHAD 266, CHAD 268, and CHAD 270) must retake the course and earn a grade of B- or better. For electives in which the earned grade was less than a B-, students have the option to retake the same course or to select a different elective.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

This requirement is satisfied by passing CHAD 260A.

Master's Requirements (30 units)

Core Courses (18 units)

- CHAD 260A - Seminar in Child and Adolescent Development: Research 3 *unit(s)* (GWAR)
- CHAD 260B - Seminar in Child and Adolescent Development 3 *unit(s)*
- CHAD 262 - Culture and Diversity in Child & Adolescent Development 3 *unit(s)*
- CHAD 266 - U.S. Social Policy Affecting Children and Families 3 *unit(s)*
- CHAD 268 - Seminar in Social and Emotional Development 3 *unit(s)*
- CHAD 270 - Seminar in Cognitive and Language Development 3 *unit(s)*

Interdisciplinary Electives (9 units)

Complete three department-approved elective courses from the department-approved list. Electives may be taken at any time during the MA program. In some circumstances, MA candidates may petition to take an elective not on the list. Candidates should submit a written statement to the Graduate Program Coordinator with the course request and justification.

Culminating Experience (3 units)

Complete One Option (Plan A or Plan B):

Plan A (Thesis)

- CHAD 299 - Master's Thesis 3-6 *unit(s)*

Plan B (Project)

- CHAD 298 - Special Studies in Child and Adolescent Development 3-6 *unit(s)*

Total Units Required (30 units)

* Meets the Graduation Writing Assessment Requirement (GWAR). Must be taken in the first semester of enrollment.

** To be completed concurrently with CHAD 260B.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Counseling and Guidance, MA

- Admissions Requirements
- Requirements for Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (48 units)
- Program Learning Outcomes

The Counseling and Guidance MA degree program prepares individuals to apply evidence-based counseling principles and practices to support individuals' academic, educational, vocational/career, and personal and social development. For candidates focused on K-12 school counseling, it also provides preparation in providing comprehensive school counseling services within elementary, middle, and secondary educational institutions. The program includes instruction in sociological and psychological counseling foundations, legal and professional mandates, and transformative and equity-minded social justice practices that lead to the development of justice-oriented multiculturally-skilled counselors. The program also provides students with opportunities to participate in short Faculty-Led Program (FLP) experiences abroad (ex: Costa Rica) to expand their global perspectives and cross-cultural experiences.

Additional information is available on the Department of Counselor Education website at www.sjsu.edu/counselored/.

Admissions Requirements

Applicants must submit all application materials, including the department's supplemental application materials (i.e., Autobiographical and Professional Goals Statement and resume) through the CSU's Cal State Apply system and meet the university's minimum admissions requirements to be considered for admissions to the MA program in Counseling and Guidance. See the Graduate Admissions website and this Catalog for general information about Graduate Admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage at GAPE. For TOEFL Requirements, see the Policies and Procedures section, English Language Proficiency Requirement.

Requirements for Admission to Classified Standing

Applicants may be fully admitted if they meet the admissions requirements for the Graduate Division and the department's requirements. The minimum requirements for the program are a bachelor's degree from a regionally accredited college or university in any major/discipline with a preferred GPA of 3.0 or higher. Experience serving individuals from diverse backgrounds within K-12, postsecondary education, and/or community settings and a strong commitment to equity, diversity, and social justice is also highly preferred. Candidates who do not meet the 3.0 GPA requirement may still be considered if they demonstrate considerable experience in the education and/or counseling field working with individuals from diverse backgrounds.

- A. Candidates must meet all university admission requirements.
- B. Department application materials include the items listed below and should be uploaded directly on the Cal State Apply portal. For more information about the Counselor Education Department's application materials and process, visit the department's website.
 - 1. Autobiographical and Professional Goals Statement (three pages typed and double-spaced maximum) that includes the applicant's: a) educational background, b) experiences that demonstrate concern and capacity to work with individuals from diverse backgrounds in addition to any paid or volunteer work experience directly related to the education and/or counseling fields, c) professional goals related to pursuing the master's degree with or without a PPS K-12 School Counseling Credential (include areas of interest in counseling), d) specific interest in being a graduate student in SJSU's Counselor Education Department, and e) any additional information relevant to pursuing a master's degree with or without a PPS K-12 School Counseling Credential through SJSU's Counselor Education Department.
 - 2. Resume (three pages maximum) that includes degree(s) earned or in progress, employment, volunteer work, research experience, and honors/awards, if any.
 - 3. Three (3) recommendations from current or former professors who can attest to the applicant's ability to successfully pursue an advanced academic degree and/or from employers or supervisors who can address the applicant's experience within the proposed field of study. PPS School Counseling Credential-only applicants are only required to submit two recommendations. The Recommendation Form can be found on the department's website.
- C. Official transcripts from each college/university attended can be sent electronically to etranscript@sjsu.edu or official and sealed copies can be mailed to the SJSU Graduate Admissions office at:

Graduate Admissions and Program Evaluations
San José State University
One Washington Square, SH 404
San Jose CA 95192-0073

Admission to Conditionally Classified Standing

Applicants may be conditionally admitted (admitted with conditions) if they meet the admission requirements for the Graduate Division but do not fully meet departmental admissions requirements (e.g., GPA is below 3.0). The admission notification will explain the required terms and conditions for attaining Classified standing.

Requirements for Advancement to Candidacy

Candidacy denotes that a student is fully qualified to complete the final stages of the Master of Arts degree. General university requirements for advancement to candidacy are detailed in the Graduate Policies and Procedures section of this catalog. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

Department Requirements

- 1. Complete foundational core courses [EDCO 215, EDCO 218, EDCO 232, and EDCO 244, (and EDCO 294 for PPS School Counseling Credential candidates)].
- 2. Complete a minimum of 9 units of advanced courses with a "C" or better. These courses can include practicum and fieldwork experience courses.
- 3. Complete the Graduate Writing Assessment Requirement (GWAR) by completing EDCO 215 with a "B" or higher.
- 4. Maintain an overall graduate GPA of 3.0 or higher.

5. Meet with your advisor to complete the Petition for Advancement to Graduate Candidacy form (typically completed while enrolled in EDCO 221).

Requirements for Graduation

University Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures. Completion of the degree also requires a minimum grade of "C" in all courses taken and a minimum overall GPA of 3.0.

Department Requirements

1. Successfully complete "Requirements for Advancement to Candidacy."
2. Complete 6 fieldwork units or 3 practicum and 3 fieldwork units.
3. Complete 12 units of advanced elective courses selected in consultation with the student's department advisor.
4. Complete 3 units (EDCO 221) to develop a project proposal (Plan B) or a thesis proposal (Plan A).
5. Apply for graduation via MySJSU.
6. Complete 6 units of advanced courses (EDCO 288 and EDCO 289).
7. Successfully complete either the project (Plan B, EDCO 298) or thesis (Plan A, EDCO 299).

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

This requirement is satisfied by passing EDCO 215 with a grade of B or higher.

Culminating Experience

Students choose a Plan A (Thesis) or Plan B (Project) option as their program culminating experience.

Plan A (Thesis)

Students selecting the Plan A option will write a master's thesis. The thesis will include original research on a topic approved by the thesis committee and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. Thesis proposals must be approved by the student's thesis committee, which is typically composed of two department faculty and a third faculty member from outside the department. Students enroll in EDCO 299 (3 units).

Plan B (Project)

Students selecting the Plan B option will complete a master's degree project or research paper. These students enroll in EDCO 298 (3 units).

Master's Requirements (48 units)

Foundational Core Courses (12 units)

To be completed in the order listed below:

- EDCO 215 - Introduction to Counseling and Guidance 3 *unit(s)* (GWAR)
- EDCO 218 - Counseling Process & Techniques 3 *unit(s)*
- EDCO 232 - Law & Ethics in Counseling 3 *unit(s)*
- EDCO 244 - Cultural Perspectives in Counseling 3 *unit(s)* OR EDCO 280 - Multicultural Counseling 3 *units*

Additional Foundational Courses (12 units)

To be completed in the order listed below:

- EDCO 266 - Education and Career Planning 3 *unit(s)*
- EDCO 282 - Assessment for Counselors 3 *unit(s)*
- EDCO 279 - Advanced Group Process Theory and Practice 3 *unit(s)*
- EDCO 285 - Trauma Counseling & Crisis Intervention 3 *unit(s)*

Research (3 units)

- EDCO 221 - Research in Counselor Education 3 *unit(s)*

Advanced Professional Development Courses - Required (9 units)

To be completed in the order listed below:

- EDCO 267 - Practicum in Lifespan and Career Development 1-3 *unit(s)*
- EDCO 288 - Seminar in Counseling Theory and Practice 3 *unit(s)* (GWAR)
- EDCO 289 - Seminar in Professional Counseling 3 *unit(s)*

Advanced Professional Development Courses - Electives (3 units)

Complete 1 course:

- EDCO 268 - Lifespan Development 3 *unit(s)* (If not already completed)
- EDCO 283 - Advanced Educational Assessment 3 *unit(s)*
- EDCO 289 - Seminar in Professional Counseling 3 *unit(s)* (a second section of EDCO 289 may be taken for credit if the content is different)

Practicum and Fieldwork (6 units)

- EDCO 292 - Supervised Experience in Counseling (3 *units* required)

Complete one of the following:

- EDCO 267 - Practicum in Lifespan and Career Development 1-3 *unit(s)*
- EDCO 292 - Supervised Experience in Counseling 3-6 *unit(s)*
- EDCO 280 - Multicultural Counseling 3 *unit(s)*
- EDCO 293 - Practicum in Child and Substance Abuse 3 *unit(s)*
- EDCO 294 - Practicum in Self-Development 3 *unit(s)*

Culminating Experience (3 units)

Complete One Option (Plan A or Plan B):

Plan A (Thesis)

- EDCO 299 - Master's Thesis 3 *unit(s)*

Plan B (Project)

- EDCO 298 - Special Studies in Counselor Education 3 *unit(s)*

Total Units Required (48 units)

Elective courses must be planned in consultation with the student's department advisor.

Upon completion of the degree requirements, the student must have achieved minimum candidacy in order to graduate.

Students pursuing the Master of Arts in Counseling and Guidance can choose to complete additional coursework and clinical counseling fieldwork experience to be eligible to pursue the Associate Professional Clinical Counselor (APCC) and Licensed Professional Clinical Counselor (LPCC) licensure through the California Board of Behavioral Sciences (BBS, see: <https://www.bbs.ca.gov/applicants/lpcc.html>). For more information about this option, students should refer to the LPCC Preparation website for specific requirements.

Educational Leadership, Concentration in Emancipatory School Leadership, MA

- Admission Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

The MA Educational Leadership with a concentration in Emancipatory School Leadership, offered by the Department of Educational Leadership, prepares school leaders through deep engagement with research and practice through applied consulting on living case studies. Emancipatory school leadership approaches create organizational cultures to reflect the diversity of experience and knowledge within school communities through collaborative approaches to deconstruct power systems, challenge inequitable practices and policies, and cultivate community cultural wealth.

Admissions Requirements

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the Master of Arts degree in Emancipatory Leadership for Schools. See the GAPE Graduate Admissions website and admissions requirements section. Applicants must submit a letter of nomination/recommendation from a school leader as part of their application. Upon review of the applications, all applicant finalists will participate in an interview by the admissions committee to finalize admission to the program. Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on GAPE's Graduate Program Test Requirements webpage. For TOEFL requirements, see the admissions requirements section.

Requirements for Admission to Classified Standing

Applicants may be admitted to classified standing if they meet the admissions requirements for both the Graduate Division and the department. The minimum requirements for the program are a bachelor's degree in any discipline, 3 years of experience working with K-12 schools, and a nomination/recommendation from a school leader. Preference is given to candidates who demonstrate a commitment to emancipatory practices in education.

- A. Candidates must meet all university admissions requirements.
- B. Department application materials include the items listed below and are to be sent directly to the department office at:

Department of Educational Leadership San José State University
One Washington Square, SH 491
San Jose, CA, 95192-0072

1. Autobiographical and Professional Goals Statement (two to three pages, double-spaced) that includes the applicant's:
 - a. educational background
 - b. experiences demonstrating work with schools
 - c. professional goals in pursuing the degree (include areas of interest in leadership)
 - d. any additional information explaining interest in the Emancipatory Leadership for Schools master's degree program
 2. One nomination/recommendation from a K-12 school leader.
 3. Two letters of recommendation from current or former professors and/or employers who can testify to the applicant's ability to successfully pursue an advanced academic degree and/or discuss the applicant's experience within the proposed field of study. Forms for these letters can be found on the Department of Educational Leadership website.
- C. Official sealed transcripts from each college/university attended should be sent to:

Graduate Admissions and Program Evaluations San José State University
One Washington Square, SH 219
San Jose, CA, 95192-0072

Graduation Requirements

Complete the following requirements:

1. PASC/CalAPA Transfer Units or Area of Specialization (12 units);
2. Core Courses: EDLD 201, EDLD 202, EDLD 204, EDLD 205, EDLD 206, and EDLD 253. Students must achieve a minimum of a "C" in each course, a cumulative GPA of 3.0 or better in all their coursework, AND a GPA of 3.0 or higher for the courses listed in the Candidacy form. At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The GWAR is satisfied with the degree requirements core course EDLD 201;
3. Both culminating experiences: Applied Consulting Project and the Emancipatory Leadership as Praxis Statement.

Master's Requirements (30 units)

PASC/CalAPA Transfer Units or Area of Specialization (12 units)

Students who have completed the PASC/CalAPA will be able to transfer 12 units of coursework and will take the remaining 18 units.

Students who have **not** completed the PASC/CalAPA will take graduate-level courses as a specialization in an area of interest that is related to educational leadership (e.g. Literacy - Instructional Leadership). These courses will be pre-approved by the department.

Year 1 (12 units)

Summer (6 units)

- EDLD 201 - Epistemologies of Educational Leadership: Personal, Political, & Intellectual 3 *unit(s)*
- EDLD 202 - Emancipatory Teaching and Learning 3 *unit(s)*

Fall (3 units)

- EDLD 205 - Equity & Access: Practices, Policies, & Pedagogies 3 *unit(s)*

Spring (3 units)

- EDLD 206 - Emancipatory Leadership as Praxis Seminar 3 *unit(s)*

Year 2 (6 units)

Summer (6 units)

- EDLD 204 - Critical Studies of Educational Policy 3 *unit(s)*
- EDLD 253 - Envisioning Emancipatory Leadership for Schools 3 *unit(s)* (3-Year Action Plan)

Culminating Experiences

The culminating experience contains an experience-based component requiring enrollment in both EDLD 205 and EDLD 206 in addition to submitting an approved praxis statement after completing EDLD 253.

1. Applied Consulting Project

Living Case Study on School Leadership

Upon identifying a school leadership challenge that a school or district is struggling with (living case study), students work as a cohort to research the problem, explore possible solutions, and work closely with the school or district to address the challenge with emancipatory leadership solutions.

2. Emancipatory Leadership as Praxis Statement

3-Year Action Plan

Students prepare an individualized 3-year leadership action plan that outlines their core values, a personal vision statement, current and lacking leadership skills and actionable goals to practice areas of growth.

Total Units Required (30 units)

Higher Education Leadership, MA

- Admissions Requirements
- Advancement to Candidacy
- Graduation Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

The Higher Education Leadership, MA offered by the Department of Educational Leadership prepares higher education leaders through an equity-minded praxis approach to engage in transformative thinking and practice with the aim of disrupting how power, in the form of racism, classism, sexism, and related oppressions, have historically intersected to (re)produce and sustain disparate opportunities in higher education. Students are also required to participate in one day-long in person seminar per semester.

Admissions Requirements

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants must also respond to two short essay prompts. Upon review of the applications, all applicant finalists will participate in an interview by the admissions committee to finalize admission to the program. Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Admissions Test Requirements webpage.

Requirements for Admission to Classified Standing

To be admitted to classified standing, applicants must have earned a Bachelor's degree from a regionally accredited institution with a minimum G.P.A. of 3.0 (based on a 4.0 scale). Two letters of recommendation are required, a third letter is optional.

Advancement to Candidacy

Students must meet the university requirements for candidacy. General university requirements for advancement to candidacy for the MA degree are detailed in the Graduate Policies and Procedures section.

Graduation Requirements

Complete the following requirements:

1. Core courses: EDLD 210, EDLD 211, EDLD 212, EDLD 213, EDLD 214, EDLD 215, EDLD 216, EDLD 217A, EDLD 217B, EDLD 298. A student must maintain an overall grade point average (GPA) of 3.0 at all times, otherwise they will be placed on academic probation and required to raise the overall GPA above the 3.0 minimum during the subsequent semester (failing to do so will result in disqualification from the program).
2. The program requires an individual two-semester, six-unit case-study sequence, as well as a culminating capstone project. For the required culminating experience (EDLD 298), Higher Education Leadership MA students must complete a final master's capstone project. A project is a significant undertaking that

evidences originality and independent thinking, appropriate form and organization, and a rationale. Beginning Summer '24, the culminating capstone project will be a group assignment.

3. At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). This requirement is satisfied by the passing of EDLD 212.

Master's Requirements (30 units)

Year 1 (15 units)

Semester 1 (6 units)

- EDLD 210 - Socio-Cultural Foundations of U.S. Higher Education 3 *unit(s)*
- EDLD 211 - Higher Education Leadership 3 *unit(s)*

Semester 2 (9 units)

- EDLD 212 - Diversity, Equity, and Social Justice in Higher Education 3 *unit(s)* (GWAR)
- EDLD 213 - Policy and Ethics of Higher Education Governance and Finance 3 *unit(s)*
- EDLD 214 - Critical Data Analysis in Higher Education 3 *unit(s)*

Year 2 (15 units)

Semester 3 (9 units)

- EDLD 215 - Contemporary Issues in Higher Education 3 *unit(s)*
- EDLD 216 - Law, Policy, and Ethics in Higher Education 3 *unit(s)*
- EDLD 217A - Equity-Minded Leadership in Higher Education: Practices, Policies, and Pedagogies 3 *unit(s)*

Semester 4 (6 units)

- EDLD 217B - Equity-Minded Leadership in Higher Education as Praxis 3 *unit(s)*
- EDLD 298 - Higher Education Leadership Master's Capstone/Culminating Experience Course 3 *unit(s)*

Culminating Experience

Prerequisite to the culminating capstone project, students enroll in two semesters of coursework (EDLD 217A & EDLD 217B - 6 units) in which they conduct living case study projects. In EDLD 298, students have the option of completing a culminating project within one of two strands: researcher-focused (producing a research project on a topic in higher education) or practitioner-focused (producing a practitioner project on a problem of practice in higher education). Final capstone topics must be approved by the Higher Education Leadership Master's Coordinator and/or EDLD 298 instructor of record.

Multilingual and Multicultural Literacy Education, MA

- Admissions Requirements
- Advancement to Candidacy

- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Multilingual and Multicultural Literacy Education (MMLE) master's degree program, offered by the Department of Teacher Education, prepares educators to center the experiences of marginalized youth at the heart of literacy teaching and learning. With a focus on teaching PK-12 multilingual youth and students who have not been traditionally well served by public schools, this 30-unit program meets the requirements of California's Reading and Literacy Leadership Credential. The culminating project is an online portfolio showcasing each student's work. The MMLE program is fully online.

Admissions Requirements

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply and meet all the university admissions requirements.

- Applicants must have earned a Bachelor's degree from a regionally accredited institution.
- Two letters of recommendation are required.
- Applicants must hold a current preliminary teaching credential and have the ability to work in a PK-12 classroom.
- Applicants from countries in which the native language is not English must submit TOEFL scores. Minimum TOEFL scores acceptable for admission are 600 (Paper-based), 250 (Computer-based), or 100 (Internet-based).

Advancement to Candidacy

Students must maintain an overall grade point average (GPA) of 3.0 at all times; otherwise they will be placed on academic probation and required to raise the overall GPA above the 3.0 minimum during the subsequent semester. Failing to do so will result in disqualification from the program.

Requirements for Graduation

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures. Completion of the degree also requires a minimum grade of "C" in all courses taken and a minimum overall GPA of 3.0.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The GWAR is satisfied in this degree with EDTE 290C.

Culminating Experience

Plan B - Portfolio

The culminating project for the MMLE program is an online portfolio that evidences candidates mastery of the PLOs and California Commission on Teacher Credentialing program standards. The portfolio is a significant undertaking that evidences originality and independent thinking, appropriate form and organization, and a rationale. It is described and summarized in a website that includes the portfolio's significance, objectives, methodology, and conclusion.

The portfolio is cumulative over the course of the 30-unit program. The final two courses (EDTE 212 - Critical Literacy Leadership Practicum and EDTE 242R - Critical Literacy Student Practicum) ensure completion and finalization, including ensuring that all PLOs and standards are met. EDTE 212 addresses aspects of literacy leadership, and EDTE 242R addresses candidates' literacy teaching. The portfolio also serves as a tool that candidates can use for providing ongoing professional learning for their peers, as it contains examples of assessments and instruction that can be shown to colleagues in professional learning settings. A tertiary purpose for the portfolio is for participants to use it to advance their professional opportunities, such as providing evidence of their accomplishments to future employers.

Master's Requirements (30 units)

Core Courses (20 units)

- EDTE 216 - Culturally Responsive Assessment for Instruction 4 *unit(s)*
- EDTE 215 - Culturally and Linguistically Sustaining Literacy Instruction 4 *unit(s)*
- EDTE 220 - Advanced Critical Literacy Instruction 3 *unit(s)*
- EDTE 223 - Politics, Theory and Practice of Critical Literacy 3 *unit(s)*
- EDTE 245 - Assessment and Instruction for Culturally Sustaining Literacy Leadership 3 *unit(s)*
- EDTE 290C - Critical Literacy Research Methods 3 *unit(s)* (GWAR)

Practicums (4 units)

- EDTE 217A - Practicum Culturally Responsive Assess to Instruct 2 *unit(s)*
- EDTE 217B - Practicum: Culturally Sustaining Literacy Instruct 2 *unit(s)*

Culminating Experience (6 units)

- EDTE 212 - Critical Literacy Leadership Practicum 3 *unit(s)*
- EDTE 242R - Critical Literacy Student Practicum 3 *unit(s)*

Total Units Required (30 units)

Special Education, MA

- Admission Requirements
- Requirements for Advancement to Candidacy
- University Graduation Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

Advisors: Dr. Andrea Golloher, Dr. Peg Hughes, Dr. Sudha Krishnan, Dr. Saili Kulkarni, Dr. Hyun-Sook Park, and Dr. Lisa Simpson.

The MA in Special Education is a 30-unit program, offered by the Department of Special Education, that prepares candidates to be transformative educators who possess the knowledge and skills necessary to creatively and holistically meet the intersectional identities (dis/ability, race, gender, linguistic, and ethnic identities) of all learners, and who work as change agents to create equitable and inclusive environments in schools and communities in order

to reimagine accessible schooling. Students complete an MA action research project in their fieldwork setting. Students may opt to complete the MA simultaneously with the Education Specialist credential.

Department of Special Education Master's Program Admission Requirements

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system at calstate.edu/apply and meet all the university and department admission requirements. See the GAPE Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU. Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on GAPE's Graduate Program Test Requirements webpage. For TOEFL requirements, see the Policies and Procedures section, Graduate and Post-Baccalaureate Information in this Catalog.

1. CSU Apply application with statement of purpose for admission to SJSU.
2. Bachelor's degree from a regionally accredited institution of higher education.
3. Grade point average (GPA) of at least 2.75 in last 60 units of coursework.
4. 45 hours of Pre-professional experience.
5. Certificate of Clearance (fingerprint clearance) from California Commission on Teacher Credentialing (CTC).
6. Two letters of recommendation.

If completing MA simultaneously with the Education Specialist Credential must also submit:

7. Verification of Basic Skills or Passing scores on the California Basic Education Skills Test (CBEST) - submit by end of first semester in program.

8. Verification of Subject Matter Competency or California Subject Examination for Teachers - submit by end of first semester in program.

Upon review of submitted document applicants may be called for a department interview. Applicants are encouraged to attend a department information session for more information about the application process and program offerings. Students must complete each course with a B or higher and maintain a GPA of 3.0 in the program.

Requirements for Advancement to Candidacy

To be advanced to candidacy for the Master of Arts degree, a student must first meet the university requirements for the degree as stated in the Advancement to Candidacy section. Applicants may be admitted to classified standing if they meet the admissions requirements for both the Graduate Division and the department. The minimum requirements for the program are a bachelor's degree in any discipline and a minimum 2.75 GPA at entrance. Candidates must maintain a 3.0 GPA for Advancement to Candidacy.

University Requirements

Candidacy denotes that a student is fully qualified to complete the final stages of the Master of Arts degree. General university requirements for advancement to candidacy are detailed in the Graduate Policies and Procedures section of this catalog. Candidacy includes successful completion of the Graduation Writing Assessment Requirement (GWAR). Students satisfy the GWAR, by successfully completing EDSE 285 - Seminar on Issues Related to Teaching Exceptional Individuals with a grade of B or higher.

Department Requirements

1. Complete the Graduate Writing Assessment Requirement (GWAR) by completing EDSE 285 with a grade of B or higher.
2. Maintain an overall graduate GPA of 3.0 or higher
3. Meet with your graduate advisor to complete the Petition for Advancement to Graduate Candidacy form.

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures. Students must pass the Graduation Writing Assessment Requirement (GWAR) course and Culminating experience identified below..

Master's Requirements (30 units)

Core Courses (24 units)

- EDSE 102 - Intro to Language Development and Disability 3 *unit(s)*
- EDSE 218D - Teaching Students with Autism Spectrum Disorders 3 *unit(s)*
- EDSE 224 - Methods for Emergent Bilinguals with Disabilities 1-3 *unit(s)* OR EDSE 124 - Teach for Social Justice: Language & Disability 3 *unit(s)* (V)
- EDSE 228A - Topics in Collaboration and Transition 3 *unit(s)*
- EDSE 241 - Applying Assistive & Instructional Technology 3 *unit(s)*
- EDSE 279 - Positive Behavior Support 3 *unit(s)*

Complete One From:

- EDSE 215 - Assessing Students with Disabilities 3 *unit(s)*
- EDSE 108 - Assessing Young Children 3 *unit(s)*

Complete One From:

- EDSE 213A - Methods for Students with Extensive Support Needs 3 *unit(s)*
- EDSE 221 - Methods for Young Children with Disabilities 3 *unit(s)*
- EDSE 230A - Inclusive Pedagogy for Students with M/MSN 3 *unit(s)*

Research Course (3 units)

- EDSE 285 - Intro to Action Research in Special Education 3 *unit(s)*

Culminating Experience (3 units)

Choose one of the following:

- **Plan A (Thesis):** EDSE 299 - Master's Thesis 3 *unit(s)*
Students selecting the Plan A option will write a master's thesis. The thesis will include original research on a topic approved by the thesis committee, and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. Thesis proposals must be

approved by the graduate committee made up of two department faculty and a third faculty member from outside the department.

- **Plan B (Project):** EDSE 220 - Advanced Research Projects in Special Education 3 *unit(s)*
Students selecting the Plan B option will complete a master's project or research paper. This a significant undertaking that evidences originality and independent thinking, appropriate form and organization, and a rationale. The final paper includes the significance, objectives, methodology and a conclusion or recommendation.

Total Units Required (30 units)

The maximum number of graduate units (with a grade of "B" or better) that can be transferred from approved accredited universities is 9 units. Continuing education and extended studies units are not accepted for transfer. Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Speech Language Pathology, MS

- Admissions Requirements
- Advancement to Candidacy
- Graduation Requirements
- Master's Requirements (66 units)
- Program Learning Outcomes

The Department of Communicative Disorders and Sciences (CDS) Master of Science degree program in Speech Language Pathology offers an in-depth study of communication disorders with an emphasis on articulation and phonological disorders, fluency disorders (stuttering), augmentative and alternative communication (AAC), voice disorders, dysphagia (swallowing disorders), neurogenic disorders, hearing disorders, language disorders, social aspects of communication, and cognitive-communication disorders. Courses and clinical training opportunities place a high priority on assessment and intervention within an evidence-based, ethical, inclusive, and culturally responsive framework. Clinical practices are completed in varied settings, including the Kay Armstead Center for Communicative Disorders housed in the department. Signature speech, language and hearing services include screenings, evaluations, and a variety of therapy clinics including an AAC clinic, a voice clinic, a clinic for adults with intellectual disability, a clinic for children with language disorders, the Spartan Aphasia Research Clinic, and a summer camp for children who stutter. Students have clinical opportunities for working with toddlers, children, adolescents, and adults in multiple settings, including public, private and charter schools (preschool, elementary, middle, high schools), rehabilitation agencies, private practices, skilled nursing facilities, and hospitals.

Admission Requirements

The MS in Speech Language Pathology (MS-SLP) program requires a two-step application process for admission:

- University Application: Cal State Apply
- Department Application: Communication Sciences and Disorders Centralized Application Service (CSDCAS)

Both applications must be completed by the deadline to be considered for admission.

University Requirements

Applicants must apply through the CSU admissions portal, Cal State Apply, and meet the graduate admission requirements at SJSU.

Department Requirements

Applicants must also apply through the Communication Sciences and Disorders Centralized Application Service (CSDCAS), and meet the program minimum eligibility and requirements.

The program admits students to either classified or conditionally classified standing based on the completion of program prerequisites before program start date. Eligible applicants who will have completed program prerequisites before enrolling in the program may apply to the two-year program and be considered for admission to classified standing. Eligible applicants who will not have completed all prerequisites before enrolling in the program should consider applying to the three-year extended program and be considered for admission to conditionally classified standing.

Instruction for applying to the MS in Speech-Language Pathology Program

Applicants from countries in which the official language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Admissions Test Requirements webpage.

Advancement to Candidacy

Students must meet the university requirements for candidacy. General university requirements for advancement to candidacy for the MS degree are detailed in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR). The department's GWAR is met by completing the EDSP 221 course with a grade of B or better.

Graduation Requirements

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures. Completion of the degree also requires a minimum grade of "B" in all courses taken and a minimum overall GPA of 3.0.

Degree Requirements

Students are expected to complete all required courses, the culminating experience, clinical practica, and observation requirements. To meet degree requirements, candidates for the MS degree must maintain a 3.0 GPA in all courses with no single course grade below a B- (B minus) and no single clinical practicum below a B. Students who earn less than a B- (B minus) in any required course or less than a B in any clinical practicum must retake the course and meet the minimum grade requirement.

1. Complete 24 practicum/fieldwork units including EDSP 277 (3 times in 3 different types of clinics), EDSP 276, EDSP 269 (School-based SLP placement), and EDSP 278 (Non-school based SLP placement). Candidates for the Master's degree must accumulate a minimum of 375 required clock hours in a supervised clinical practicum in three distinctly different settings, and a minimum of 25 hours of observation;
2. Complete 39 units of required academic courses, corresponding to national and state accreditation standards in Speech-Language Pathology;
3. Apply for graduation via MySJSU; and,

4. Complete the Culminating Experience: Successfully pass the Comprehensive Exam or complete a Master's Thesis as a required culminating experience in the graduate program.

Prior to providing any speech, language, or communication assessment or intervention services during clinical practica, students must show evidence of all of the following:

- a. Certificate of Clearance;
- b. Negative TB (tuberculosis) test;
- c. Negative Hepatitis test;
- d. Physical Clearance to provide speech-language pathology services;
- e. Successful completion of online training related to HIPAA (Health Insurance Portability and Accountability Act);
- f. CPR (Cardiopulmonary resuscitation) Certification; and
- g. Compliance with additional practicum site policies and requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). GWAR in this program is fulfilled by EDSP 221.

Culminating Experience

All students in the Master of Science (MS) in Speech-Language Pathology program must successfully complete the culminating experience requirement by selecting one of the following two options.

Plan A (Thesis)

Students who have a strong interest in research may be approved to complete the Thesis (Plan A). It requires students to secure a thesis advisor and a thesis committee and enroll in EDSP 299 during the final semester. The thesis must be defended and approved by a thesis committee and follow the College of Graduate Studies Master's Thesis and Doctoral Dissertation Guidelines.

Plan B (Comprehensive Exam/Project)

The comprehensive exam/project assesses broad knowledge and competency across topics in speech, language, hearing, cognitive-communication, and swallowing disorders. It requires students to enroll in [EDSP 298](#) during the Spring semester of the final year.

Program Delivery

On-Campus Program

The on-campus MS-SLP program offers a regular (two-year) and an extended (three-year) plan of study. The two-year plan is designed for students with completed prerequisite coursework or a Bachelor's degree in communication disorders and sciences. The two-year plan requires continuous enrollment over five semesters, including summer. The three-year plan is designed for students without prerequisite coursework or a degree in communication disorders and sciences. The three-year plan includes one year of leveling coursework followed by the regular two-year plan of study. For detailed information about the program, see the MS-SLP program webpage.

Online/Hybrid Program (Special Session)

SJSU SPEAKS (Speech-Language Pathology Education and Applied Knowledge and Skills) is a two-year online graduate program that requires continuous enrollment over five semesters. In SJSU SPEAKS, academic courses are completed online (with asynchronous sessions and synchronous sessions usually on weekday evenings), and clinical placements are completed in-person. The SPEAKS program degree requirements and the speech-language pathology competencies covered are the same as those of the on-campus MS-SLP program.

Special Session Information

SJSU SPEAKS is an academic program offered through Special Session, operated by SJSU Professional and Continuing Education (PaCE). Registration and enrollment in a Special Session must use the special session application form and will follow special session fees and course schedules. Note that regular session students seeking to enroll simultaneously in a special session course or the program will trigger a separate and additional set of fees. This may require an additional enrollment appointment from the Registrar and it may have implications for financial aid status or requirements. Please visit Special Session for more information.

Master's Requirements (66 units)

Core Courses (39 units)

- EDSP 221 - Research Seminar in Communicative Disorders 3 *unit(s)* (GWAR) (Students must earn a B (3.0) or better in EDSP 221)
- EDSP 222 - School Age Language, Literacy, and Social Communication 3 *unit(s)*
- EDSP 250 - Seminar in Voice Disorders 3 *unit(s)*
- EDSP 251 - Seminar in Phonological Disorders 3 *unit(s)*
- EDSP 252 - Seminar Fluency Disorders 3 *unit(s)*
- EDSP 254 - Seminar in Neurological Disorders 3 *unit(s)*
- EDSP 255 - Seminar in Motor Speech Disorders 3 *unit(s)*
- EDSP 259 - Seminar in Language Disorders in Children 3 *unit(s)*
- EDSP 260 - Seminar in Dysphagia 3 *unit(s)*
- EDSP 262 - Speech and Language in a Cross-Cultural Society 3 *unit(s)*
- EDSP 264 - Contemporary Professional Issues 3 *unit(s)*
- EDSP 265 - Seminar in Cognitive Disorders 3 *unit(s)*
- EDSP 288 - Seminar in AAC and Communication Disorders 3 *unit(s)*

Practicum (24 units)

Complete the following 24 practicum/fieldwork units for a minimum of 400 clinic hours (375 practicum hours + 25 observation hours):

- EDSP 269 - Field Experience in Public Schools - Speech Pathology and Audiology 6 *unit(s)*
- EDSP 276 - Practicum in Advanced Assessment 3 *unit(s)*
- EDSP 277 - Advanced Practicum-Speech Pathology 1-3 *unit(s)* (Students take EDSP 277 (3 units) three times for a total of 9 units)
- EDSP 278 - Clinical Management and Practicum 6-10 *unit(s)* (Students take EDSP 278 once for a total of 6 units)

Culminating Experience (3 units)

Complete One Option (Plan A or Plan B):

Plan A (Thesis)

- EDSP 299 - Master's Thesis 1-4 unit(s) (3 units required)

Plan B (Comprehensive Exam/Project)

- EDSP 298 - Special Studies 1-3 unit(s) (3 units required)

Total Units Required (66 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Teaching, Critical Bilingual Education (Spanish) Concentration, MAT

- Admissions Requirements
- Conditionally Classified Standing
- Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (34 units)
- Program Learning Outcomes

The Master of Arts Teaching (MAT) degree program, offered by the Department of Teacher Education, prepares teacher candidates to engage in social justice teaching practices, contribute to the development of cultural literacy, provide education that promotes democracy, and develop content knowledge expertise to teach in urban and suburban schools. The program additionally prepares teacher candidates to provide instruction for multilingual learners and students with special needs. Teacher candidates also will learn to set up a supportive classroom environment based on social-emotional learning principles and experience collaborative co-teaching experiences with successful mentor teachers in the field. Finally, teacher candidates will design, carry out, and report on classroom-based teacher inquiry.

Bilingual Candidates admitted to the Critical Bilingual Concentration will specialize further in the application of the knowledge and skills developed in the MAT to current issues in bilingual education. Additionally, they will engage with content specific to bilingual education that prepares them as transformational bilingual educators and leaders in their communities.

Admissions Requirements

Applicants must submit a complete graduate application to the Multiple or Single Subject Credential Program by applying through CSU Cal State Apply and meet all the university admissions requirements. A minimum 2.5 GPA is required. Provided that admitted teacher candidates remain in good standing, those who want to pursue the MAT degree will complete a program transfer (credential to MAT) during their penultimate semester, usually semester two of a three-semester program. That process allows candidates to complete the MAT in a more financially advantageous way (for themselves). For additional information on admissions, see the Teacher Education

Department website and the SJSU Graduate Admissions website. Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Admissions Test Requirements webpage. For TOEFL requirements, see the Graduate Admissions section.

Prospective Critical Bilingual Concentration candidates must meet additional requirements (outlined below) in an admission process conducted by the Coordinator/Faculty advisor: Dr. Eduardo R. Muñoz-Muñoz.

- A. Candidates must meet all university admissions requirements.
- B. Program Materials required by the Department are listed on the Department of Teacher Education website. The materials enumerated below must be uploaded to the Cal State Apply application. For additional details go to the Department of Teacher Education website.

1. **Subject Matter Competency (Required)**

The Subject Matter Competency Requirement can be met in a variety of ways including via the CSETs, approved degree major, CTC-approved subject matter preparation program, or qualified coursework that meets each of the CTC subject matter domains. Information about meeting this requirement for current and prospective SJSU students can be found here: Meeting the Subject Matter Competency Requirement. Additional information can be found on the CTC website. Note that the requirements for Subject Matter Competence at the point of admission may differ for the Multiple and Single Subject Programs.

2. **Basic Skills Requirement (Required)**

The Basic Skills Requirement can be met in a variety of ways including via the CBEST, SAT/ACT/AP scores, qualifying coursework, and more. Information about meeting this requirement for current and prospective SJSU students can be found here: Meeting the Basic Skills Requirement. Additional information can be found on the CTC website.

3. **Pre-Professional Experience (Highly recommended)**

Complete a minimum of 45 observation hours of Pre-Professional Experience and upload a completed/signed Pre-Professional Experience Form from the Department of Teacher Education website in the Cal State Apply portal to verify your experience. Pre-Professional Experience in a public school during the regular school day schedule is highly recommended for admission. You may contact any California public school and let them know that you are applying to the SJSU Teaching Credential program and need to complete your 45 observation hours of Pre-Professional Experience. SJSU courses that fully meet this requirement are: LSTP 185 and CHAD 159.

4. **Certificate of Clearance (Required)**

There are 3 steps to obtain a Certificate of Clearance (CoC): Do not wait until the last minute to request this item, as it can take weeks for CTC to issue. For detailed information about how to complete these steps, go to the Credential Information website.

- Step 1 - Live Scan Service
- Step 2 - Certificate of Clearance Application via CTC
- Step 3 - Upload a pdf of the granted Certificate of Clearance to your CalState Apply application

Note: A US Social Security or Tax Identification Number is required to obtain a COC. If you are an international student, please consult an advisor in our International Student & Scholars Services (ISSS) to see if this is possible on your particular visa.

5. **Statement of Purpose (2 required)**

In your Statement of Purpose, explain how you arrived at your decision to become a teacher. For *Critical Bilingual Concentration Candidates*: A second Statement of Purpose is required for Bilingual Authorization Spanish applicants and must be written in Spanish. This second essay is not a

translation of the first, but it may have overlapping content. The statement should explain your interest in bilingual education.

6. **Resume (Required)**

Prepare a brief (one page) resume that details your college-level academic, employment, and volunteer experiences. In describing a position that you held (employment or volunteer service), highlight the duties you performed and any awards/accomplishments.

7. **Two Letters of Recommendation (Required)**

Two professional letters of recommendation are required and are requested within your CalState Apply application. Letters must be written within the last 2 years and should be from someone in a supervisory role. Up to four letters of recommendation may be submitted.

8. **Transcripts (Required)**

Official transcripts (sealed or electronic) from each college/university attended, aside from SJSU, must be submitted. Transcripts will be submitted directly to San Jose State, not through your CalState Apply application. Information about how to submit transcripts can be found at the SJSU Graduate Admissions website. International transcripts must go through additional evaluation steps and will take additional time to prepare and submit. Please see the Graduate Admissions website above for more information.

9. **Interview**

Most applicants to the program are recommended for an interview.

- For *Critical Bilingual Concentration Candidates*: applicants will participate in an interview conducted in Spanish to determine oral proficiency and programmatic dispositions and alignment with the MAT program and the bilingual goals. Upon graduation, bilingual candidates also need to have passed the state test Languages Other than English (LOTE), subtest 3 or equivalent, in order to be eligible for the associated bilingual authorization (separate from the concentration).

10. **Language Proficiency (required upon graduation)**

Critical Bilingual Concentration Candidates also need to pass the state test Languages Other than English (LOTE), subtest 3, in order to be eligible for the associated bilingual authorization (separate from the concentration). Alternate options include a BA in Spanish or a degree from a Spanish speaking country. Based on availability due to cohort size, candidates may opt to pursue a portfolio assessment option to satisfy the language proficiency requirement.

Conditionally Classified Standing

Because the MAT program is nested within the Multiple Subject Credential and Single Subject Credential program, which requires applicants to meet departmental admissions requirements, admission to conditionally classified standing is not appropriate and is not permitted.

Advancement to Candidacy

Candidacy denotes that a student is fully qualified to complete the final stages of the MAT degree. Requirements for advancement to candidacy, including the Graduation Writing Assessment Requirement (GWAR), are listed on the Graduate Admissions and Program Evaluation website.

Department Requirements

1. Complete 12 units of core courses (EDTE 224, EDTE 260, EDTE 262, and EDTE 294) with a grade of "C" or better in each one.
2. Complete the 3-unit Critical Bilingual Education (Spanish) Concentration foundations course, EDTE 208B, with a grade of "C" or better.
3. Complete the 3-unit Critical Bilingual Education (Spanish) Concentration research methods course, EDTE 250B, with a grade of "C" or better.
4. Maintain an overall graduate GPA of 3.0 or higher.
5. Note: Grades of "C-" or lower will remain on a student's record, be computed for GPA, and require a course retake.
6. Critical Bilingual Education (Spanish) Concentration MAT candidates who also are Single Subject Credential candidates must complete each of their subject-area methods courses with a grade of "B" or better.

Requirements for Graduation

University Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures. Completion of the degree also requires a minimum grade of "C" in all courses taken and a minimum overall GPA of 3.0.

Department Requirements

1. Complete 12 units of core courses (EDTE 224, EDTE 260, EDTE 262, and EDTE 294) and 10 units of concentration courses (EDTE 208B, EDTE 250B, and EDTE 297B-twice).
2. Complete at least 6 units of subject-area curriculum and instruction courses.
3. Successfully receive approval for a project proposal (Plan B) or thesis proposal (Plan A) while completing EDTE 250B.
4. Apply for graduation via MySJSU (through one.SJSU.edu).
5. Successfully complete either a project / portfolio (Plan B, EDTE 298) or thesis (Plan A, EDTE 299).
6. Satisfy the culminating experience requirements, which typically consist of successful completion of the project / portfolio or thesis (i.e., 5 above) AND a presentation on the same at the department's colloquium, which is held near the end of each fall and spring semester.

Culminating Experience

Plan A (Thesis)

Students selecting the Plan A option will write a master's thesis. The thesis will include original research on a topic approved by the thesis committee, and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. The thesis identifies the problem, states the major assumptions, explains the significance of the undertaking, sets forth the sources for and methods of gathering information, analyzes the data, and offers a conclusion or recommendation. Thesis proposals must be approved by the graduate committee, which is made up of two department faculty and a third faculty member from outside the department. Students enroll in EDTE 299 - Master's Thesis.

Plan B (Portfolio or Project)

Students selecting the Plan B option will complete a master's portfolio or project report. Either is a significant undertaking that evidences originality and independent thinking, appropriate form and organization, and a rationale. It

is described and summarized, its significance, objectives, methodology and a conclusion and / or implications. Students enroll in EDTE 298 - Special Studies in Education (for PK-3), EDTE 298 - Special Studies in Education or CHAD 298 - Special Studies in Child and Adolescent Development.

Master's Requirements (34 units)

Core Courses (12 units)

- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*

Critical Bilingual Education Concentration (10 units)

- EDTE 208B - Bilingual Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 250B - Qualitative Research in Bilingual Education 3 *unit(s)* (GWAR)
- EDTE 297B - Advanced Issues in Bilingual Education 1-3 *unit(s)* (Course should be taken twice.)

Curriculum and Instruction Tracks (6-9 units)

Complete the Elementary Education Track (Multiple Subject Credential) or Secondary Education Track (Single Subject Credential):

Elementary Education Track (9 units)

- EDEL 108A - Curriculum: Reading/Language Arts 3 *unit(s)*
- EDEL 108B - Curriculum: Science 3 *unit(s)*
- EDEL 108C - Curriculum: Social Studies 3 *unit(s)*

Secondary Education Track (6-7 units)

- EDTE 282 - Assessment and Evaluation 3 *unit(s)*

Methods (3-4 units)

Complete 3-4 units:

- ARED 238 - Principles of Art Education 3 *unit(s)*
- ENED 353 - Methods of Teaching English 4 *unit(s)*
- FLED 380 - Teaching Foreign Languages 3 *unit(s)*
- KNED 339 - Instructional Materials and Procedures in Physical Education 3 *unit(s)*
- MTED 394 - Secondary Mathematics Methods 3 *unit(s)*
- MUED 370A - Methodology for Music Educators: Elementary K-8 2 *unit(s)*
- MUED 370B - Methodology for Music Educators: Secondary 2 *unit(s)*
- SCED 273 - Secondary School Science 3 *unit(s)*

- SSED 378 - Social Science Methods 3 *unit(s)*

Culminating Experience (3-6 units)

MAT Presentation at Department Colloquium AND satisfactory completion of MAT Project / Portfolio or Thesis.

Complete Plan A (Thesis) or Plan B (Portfolio or Project):

Plan A (Thesis)

- EDTE 299 - Master's Thesis 1-6 *unit(s)*

Plan B (Portfolio or Project)

- EDTE 298 - Special Studies in Education 1-6 *unit(s)*

Total Units Required (34 units)

Upon completion of the credential requirements, students must have achieved an SJSU cumulative grade point average of 3.0 in order to be recommended for a credential.

Teaching, MAT

- Admissions Requirements
- Conditionally Classified Standing
- Advancement to Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Arts Teaching (MAT) degree program, offered by the Department of Teacher Education, prepares students to engage in social justice teaching practices, contribute to the development of cultural literacy, provide education that promotes democracy, and develop content knowledge expertise to teach in urban and suburban schools. All the program courses will prepare enrolled students to provide instruction for multilingual learners and students with disabilities in general education classrooms. Enrolled students also will learn to set up a supportive classroom environment based on social-emotional learning principles and experience collaborative co-teaching experiences with successful mentor teachers in the field. Finally, students will design, carry out, and report on classroom-based teacher inquiry. The MAT is earned in combination with a teaching credential and is not a stand-alone Master's Degree.

Admissions Requirements

Applicants must submit a complete application to the Multiple Subject, Single Subject, or PK-3 credential program by applying through the CSU Cal State Apply portal and meet all the university admissions requirements. Information about current admission requirements can be found on the Teacher Education Department website.

Provided that admitted teacher candidates remain in good standing, those who want to pursue the MAT degree will complete a program transfer (credential to MAT) during their credential program. For additional information on admissions, see the SJSU Graduate Admissions website and graduate admissions requirements section.

Applicants from countries in which the native language is not English or who have an international transcript from outside the US/Canada must achieve a minimum English-language proficiency test score as indicated on Graduate Admissions Test Requirements webpage. This applies to applicants on various types of visas AND to applicants who have a degree from outside the USA/Canada. For TOEFL requirements, see the Graduate Admissions section. In addition, there are additional transcript evaluation requirements. Deadlines for applying may differ.

- A. Candidates must meet all university admissions requirements.
- B. Minimum grade point average is 2.5.
- C. The materials enumerated below must be uploaded to the Cal State Apply application. For additional details go to the Department of Teacher Education website.
- D.
 1. **Subject Matter Competency (via CSET, Teacher Prep Program, or approved majors).** The Subject Matter Competency Requirement can be met in a variety of ways including via the CSETs, approved degree major, CTC-approved subject matter preparation program, or qualified coursework that meets each of the CTC subject matter domains. Information about meeting this requirement for current and prospective SJSU students can be found here: [Verifying Subject Matter Competence](#). Additional information can be found on the CTC website. Note that the requirements for Subject Matter Competence at the point of admission differ for the PK-3, Multiple and Single Subject Programs.
 2. **Verification of Meeting the Basic Skills Requirement (CBEST or alternative)**
The Basic Skills Requirement can be met in a variety of ways including via the CBEST, SAT/ACT/AP scores, qualifying coursework, and more. Information about meeting this requirement for current and prospective SJSU students can be found at the [Meeting the Basic Skills Requirement](#) webpage. Additional information can be found on the CTC website. Note that the Basic Skills Requirement is not required for the PK-3 Credential program.
 3. **Pre-Professional Experience** (Highly recommended)
Complete a minimum of 45 observation hours of Pre-Professional Experience and upload a completed/signed Pre-Professional Experience Form from the Department of Teacher Education website to the Cal State Apply portal to verify your experience. For Single Subject: At least 25 hours should be in secondary (middle/high) public school setting in credential subject area and 20 hours may be any work with youth. (Subject area teacher prep programs also have accepted field experience coursework). For Multiple Subject: Pre-Professional Experience in a public school during the regular school day schedule is recommended for admission. SJSU courses accepted to meet the Multiple Subject Requirement are: LSTP 185 and CHAD 159. For PK-3 ECE Specialist: TBA by State of California. You may contact any California public school and let them know that you are applying to the SJSU Teaching Credential program and need to complete your 45 observation hours of Pre-Professional Experience.

For PK-3 ECE Specialist Instruction: Pre-Professional Experience in an early childhood or elementary classroom setting is recommended for admission. SJSU Courses accepted to meet this requirement are: ChAD 159, ChAD 160, and LSTP185. You may contact any California public school and let them know that you are applying to the SJSU Teaching Credential program and need to complete your 45 observation hours of Pre-Professional Experience.
 4. **Certificate of Clearance**
There are 3 steps to obtain the Certificate of Clearance (CoC): Do not wait until the last minute to

request this item, as it can take weeks for the CCTC to issue. For detailed information about how to complete these steps, go to the Credential Information website.

Step 1 - Live Scan Service

Step 2 - Certificate of Clearance Application via CCTC

Step 3 - Upload a pdf of the granted Certificate of Clearance to your CalState Apply application

Note: A US Social Security or Tax Identification Number is required to obtain a COC. If you are an international student, please consult an advisor in our International Student & Scholars Services (ISSS) to see if this is possible on your particular visa.

5. **Statement of Purpose**

In your Statement of Purpose, explain how you arrived at your decision to become a teacher. A second Statement of Purpose is required for Bilingual Authorization applicants. Spanish Bilingual Authorization applicants must write their second statement in Spanish. Mandarin or Vietnamese Bilingual Authorization applicants must write their second statement in English.

6. **Resume**

Prepare a brief (one-to-two page) resume that details your college-level academic, employment, and volunteer experiences. In describing a position that you held (employment or volunteer service), highlight the duties that you performed and any awards/accomplishments that you would like us to know about.

7. **Two Letters of Recommendation**

The letters of recommendation are requested within CalState Apply. Letters must have been written within the last two years and should be from someone in a supervisory role. Letters from relatives or friends should not be submitted. Up to four letters of recommendation may be submitted.

- E. Official transcripts from each college/university attended will be submitted directly to SJSU Graduate Admissions. Transcripts may be submitted electronically or by mail, noting that official transcripts must be in a sealed, unopened envelope.

Conditionally Classified Standing

Because the MAT program is nested within the PK-3 ECE Specialist Instruction Credential, Multiple Subject Credential and Single Subject Credential programs, which require applicants to meet departmental admissions requirements, admission to conditionally classified standing is not appropriate and is not permitted.

Advancement to Candidacy

Candidacy denotes that a student is fully qualified to complete the final stages of the MAT degree. Requirements for advancement to candidacy, including the Graduation Writing Assessment Requirement (GWAR), are listed on the Graduate Admissions and Program Evaluation website.

Department Requirements

1. Complete 12 units of core courses: EDTE 262 and (for Multiple or Single Subject Credential candidates) EDTE 224, EDTE 294, and EDTE 260, or (for PK-Grade 3 Credential candidates) CHAD 272, EDSE 104, and EDSE 269 with a grade of "C" or better in each one.
2. Complete the 3-unit MAT Foundations and Graduation Writing Assessment Requirement (GWAR) course, EDTE 208, with a grade of "C" or better.

3. Complete the 3-unit research methods course EDTE 250, or (for PK-3) EDTE 250 or CHAD 260A to develop a project proposal (Plan B) or a thesis proposal (Plan A) with a grade of "C" or higher.
4. Maintain an overall graduate GPA of 3.0 or higher.
5. MAT candidates who also are Single Subject Credential candidates must complete each of their **subject-area methods** courses with a grade of **"B" or better**.

Requirements for Graduation

University Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures. Completion of the degree also requires a minimum grade of "C" in all courses taken and a minimum overall GPA of 3.0.

Department Requirements

1. Complete 18 units of core courses (EDTE 208, EDTE 224 or CHAD 272, EDTE 250 or CHAD 260A, EDTE 260 or EDSE 269, EDTE 262, and EDTE 294 or EDSE 104).
2. Complete at least 6 units of subject-area curriculum and instruction courses.
3. Successfully receive approval for a project proposal (Plan B) or thesis proposal (Plan A) while completing EDTE 250 or CHAD 260A.
4. Apply for graduation via MySJSU (through one.SJSU.edu).
5. Successfully complete either a portfolio or project (Plan B, EDTE 298 or CHAD 298) or thesis (Plan A, EDTE 299).
6. Satisfy the culminating experience requirements, which typically consist of successful completion of the portfolio, project, or thesis (i.e., 5 above) AND a presentation of the same at the department's colloquium, which is held near the end of each fall and spring semester.

Culminating Experience

Plan A (Thesis)

Students selecting the Plan A option will write a master's thesis. The thesis will include original research on a topic approved by the thesis committee, and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. The thesis identifies the problem, states the major assumptions, explains the significance of the undertaking, sets forth the sources for and methods of gathering information, analyzes the data, and offers a conclusion or recommendation. Thesis proposals must be approved by the graduate committee, which is made up of two department faculty and a third faculty member from outside the department. Students enroll in EDTE 299 - Master's Thesis.

Plan B (Portfolio or Project)

Students selecting the Plan B option will complete a master's portfolio or project report. Either is a significant undertaking that evidences originality and independent thinking, appropriate form and organization, and a rationale. It is described and summarized, its significance, objectives, methodology and a conclusion and / or implications. Students enroll in EDTE 298 - Special Studies in Education, or (for PK-3) EDTE 298 - Special Studies in Education or CHAD 298 - Special Studies in Child and Adolescent Development.

Master's Requirements (30 units)

Foundations Core Courses (6 units)

- EDTE 208 - Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*

Curriculum and Instruction Tracks (24 units)

Complete the Elementary Education Track (Multiple Subject Credential) or Secondary Education Track (Single Subject Credential), or one of the PK-Grade 3 Tracks (PK-3 Early Childhood Education Specialist Credential).

Elementary Education Track (24 units)

Additional Foundations Courses (9 units)

- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*

Curriculum / Instruction (9 units)

- EDEL 108A - Curriculum: Reading/Language Arts 3 *unit(s)*
- EDEL 108C - Curriculum: Social Studies 3 *unit(s)*
- EDEL 108D - Curriculum: Mathematics 3 *unit(s)*

Research (3 units)

- EDTE 250 - Qualitative Research in Education 3 *unit(s)*

Culminating Experience (3 units)

Complete one of the following:

- EDTE 298 - Special Studies in Education 1-6 *unit(s)*
- EDTE 299 - Master's Thesis 1-6 *unit(s)*

Secondary Education Track (24 units)

Additional Foundations Courses (9 units)

- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*

Curriculum / Instruction (3 units)

- EDTE 282 - Assessment and Evaluation 3 *unit(s)*

Methods (3-4 units)

Complete 3-4 units from the following:

- ARED 238 - Principles of Art Education 3 *unit(s)*
- ENED 353 - Methods of Teaching English 4 *unit(s)*
- FLED 380 - Teaching Foreign Languages 3 *unit(s)*
- KNED 339 - Instructional Materials and Procedures in Physical Education 3 *unit(s)*
- MTED 394 - Secondary Mathematics Methods 3 *unit(s)*
- MUED 370A - Methodology for Music Educators: Elementary K-8 2 *unit(s)*
- MUED 370B - Methodology for Music Educators: Secondary 2 *unit(s)*
- SCED 273 - Secondary School Science 3 *unit(s)*
- SSED 378 - Social Science Methods 3 *unit(s)*

Research (3 units)

- EDTE 250 - Qualitative Research in Education 3 *unit(s)*

Culminating Experience (5-6 units)

Complete one of the following:

- EDTE 298 - Special Studies in Education 1-6 *unit(s)*
- EDTE 299 - Master's Thesis 1-6 *unit(s)*

PK-Grade 3 Track - Early Childhood (24 units)

Additional Foundations Courses (9 units)

- CHAD 272 - Seminar in Early Childhood Development 3 *unit(s)*
- EDSE 104 - Early Intervention for Children with Disabilities 3 *unit(s)*
- EDSE 269 - Supportive Learning Environments for Young Children 3 *unit(s)*

Curriculum / Instruction (9 units)

- CHAD 261 - Seminar in Early Childhood Curriculum 3 *unit(s)*
- EDEL 108A - Curriculum: Reading/Language Arts 3 *unit(s)*
- EDEL 108D - Curriculum: Mathematics 3 *unit(s)*

Research (3 units)

- CHAD 260A - Seminar in Child and Adolescent Development: Research 3 *unit(s)*

Culminating Experience (3 units)

- CHAD 298 - Special Studies in Child and Adolescent Development 3-6 *unit(s)*

PK-Grade 3 Track - Primary Grades (24 units)

Additional Foundations Courses (9 units)

- CHAD 272 - Seminar in Early Childhood Development 3 *unit(s)*
- EDSE 104 - Early Intervention for Children with Disabilities 3 *unit(s)*
- EDSE 269 - Supportive Learning Environments for Young Children 3 *unit(s)*

Curriculum / Instruction (9 units)

- CHAD 261 - Seminar in Early Childhood Curriculum 3 *unit(s)*
- EDEL 108A - Curriculum: Reading/Language Arts 3 *unit(s)*
- EDEL 108D - Curriculum: Mathematics 3 *unit(s)*

Research (3 units)

- EDTE 250 - Qualitative Research in Education 3 *unit(s)*

Culminating Experience (3 units)

- EDTE 298 - Special Studies in Education 1-6 *unit(s)*

Total Units Required (30 units)

Upon completion of the credential requirements, students must have achieved a SJSU cumulative grade point average of 3.0 in order to be recommended for a credential.

Doctoral

Educational Leadership, EdD (Fully Online)

The fully online Ed.D. Program in Educational Leadership at San José State University is dedicated to developing outstanding education leaders who are well prepared to meet the demands and challenges of schools, today and in the future. The program builds on the view that educational leaders serve in learner-centered systems in which inquiry, learning, equity and social justice, and human care are central concerns. The fully online Ed.D. Program is designed so that it may be completed in nine semesters over three years. This time frame allows for the completion of all coursework, pre proposal/literature review, dissertation proposal, and completion of the dissertation. The fully online program begins in Summer Year 1 with intensive five- and ten-week summer sessions that meet at least two days per week. Fall and spring semester classes are scheduled as fully online classes and meet on evenings or weekends during the semester. The second summer involves an optional global component that includes a two-week educational and cultural experience outside of the United States. It is anticipated that students will concurrently be working full time as they pursue their doctoral studies.

Additional information is available in the Educational Leadership Department Office or website: www.sjsu.edu/edd.

Admissions Requirements

Candidates must meet all university and Ed.D. Program admission requirements. The university-level graduate application is separate from the application that is sent to the Ed.D. Program. Minimum requirements for the program include a master's degree from an accredited institution and a 3.0 grade point average (B or better) in the last 60 semester units completed. In exceptional cases, experience and service will be considered in lieu of the Master's degree requirement.

In addition to the university admissions requirements as outlined in this catalog, applicants must meet the Ed.D. Program requirements below.

- Three letters of recommendation attesting leadership ability and potential for success in a doctoral program. One of the letters should be from a school district employer indicating support for participation in the doctoral program. Recommendation forms are available on the Ed.D. Leadership Program webpage at www.sjsu.edu/edd. Recommendation letters should be submitted directly from the person writing the recommendation letter to edd-leadership@sjsu.edu.
- Current professional resume or curriculum vitae that includes leadership experience and/or leadership strengths as indicated through job experiences, administrative credentials, and/or other evidence of leadership capacity and practice. Resumes or vitae should not exceed 4 pages.
- A written statement of purpose that explains the reasons for pursuing doctoral studies in educational leadership. The statement should include relevant personal and professional history and background, some of the core commitments and principles that drive one's career goals, and challenges facing education and educational leadership in California, nationally, and globally. Statements should not exceed 3 pages, single-spaced.
- A recent writing sample (last 5 years) of an individually authored paper, research projects, or reports (maximum of 20 pages). All writing samples should be single-authored and include citations and references. The writing sample is intended to demonstrate the ability to construct a meaningful argument on an education-related topic and to cite research/literature to support one's views. A PowerPoint presentation is not acceptable.

Requirements for Advancement to Graduate Candidacy

Students who have completed matriculation and have achieved classified standing in the Ed.D. Program curriculum will advance to candidacy for the Ed.D. degree. Students advance to candidacy after completing a minimum of 9 units of letter-graded work that is acceptable to the Ed.D. Program and fulfilling other university requirements for advancement to candidacy as detailed in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, and GPA requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Ed.D. Leadership Program Graduation Requirements

To be eligible for graduation, the candidate shall have completed all coursework and global out-of-country (or equivalent) requirements, pre-proposal/literature review, the dissertation proposal, IRB, and the doctoral dissertation. Students are required to complete the dissertation proposal in two attempts in order to proceed with the dissertation.

Dissertation Requirements

- The Ed.D. dissertation is expected to contribute to an improvement in education practice and/ or education policy in the context of a particular educational institution. It is expected that the dissertation will show evidence of originality, critical and independent thinking, appropriate form and organization, and a rationale for the examined research problem or question.
- The dissertation must meet all university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with assistance from two other members of the dissertation committee. The Dissertation Committee consists of three members, one who serves as the committee chair (or in some cases, two co-chairs can be identified). Two members of the dissertation committee must be tenured or tenure-track members of the San Jose State University faculty. The third member of the committee is expected to be employed at a local school or school district and have achieved the terminal degree (e.g., Ed.D., J.D., Ph.D.).
- All students must enroll in a total of 12 units of dissertation credit during the final year of the program: 6 units in the fall semester and 6 units in the spring semester of Year 3 of the program. Once the candidate has enrolled in 12 dissertation units, the maximum allowable, continuous enrollment must be maintained until the dissertation is approved and filed and the degree is awarded.
- All students are expected to produce a dissertation that consists of five chapters, namely Introduction, Literature Review, Methodology, Results/Analysis, and Conclusions/ Recommendations. This is typically followed by a References section and relevant appendices. Alternatives to the traditional dissertation format will be considered, with approval by the faculty advisor/dissertation committee, within accepted norms of research, scholarship, and creative activities. The Lurie College of Education uses APA style for research and the SJSU Graduate Studies division provides additional formatting/style guidelines for theses and dissertations. An exception to the traditional five-chapter dissertation will be made on a case by case basis.
- After completing the dissertation proposal defense and obtaining IRB approval, students carry out the research plan described in the approved proposal, collect and analyze data, and continue writing the dissertation. The Dissertation Committee Chair and committee members will guide the students to ensure their dissertation conveys scholarly work that results from an appropriate research study and contributes to the understanding and/or improvement of educational practice.
- All students are expected to submit drafts of their dissertation to their committee members in the appropriate word-processed form. The completed final draft also includes the Abstract, Copyright Page, Title Page, Acknowledgments, Table of Contents, List of Tables, List of Figures, References, and Appendices. The students submit the final draft manuscript to committee members for a final reading and approval. The final dissertation may take a variety of forms depending upon the type of research undertaken. The conventional five-chapter dissertation may be revised to reflect a specific design and purpose.
- Dissertation Examination: Every candidate for the Ed.D. degree must successfully pass a final oral examination based on the dissertation. At the final oral defense, the candidate will make a public presentation of his or her dissertation research. The final oral defense is conducted as an open forum led by the candidate and guided by the Committee Chair and the two other members of the Dissertation Committee. The purposes of this formal meeting are to (1) examine and assess the quality of the dissertation; (2) evaluate the ability of the student to present research; and (3) provide an opportunity to share the research with the campus community. Unanimous agreement of the Dissertation Committee is required for approval of the dissertation and recommendation that the Ed.D. degree be conferred on the candidate.

Doctorate Requirements (60 units)

Core Courses (48 units)

Educational Leadership and Education Policy (12 units)

- EDD 510 - Educational Leadership: Theory and Practice 3 *unit(s)*

- EDD 512 - Leadership, Complexity, and Systems Thinking 3 *unit(s)*
- EDD 515 - Leadership, Diversity, and Culture: Family, School and Community Connections 3 *unit(s)*
- EDD 535 - Education Policy, Resource Allocation and School Reform 3 *unit(s)*

Organizational Behavior and Adult Learning (9 units)

- EDD 511 - Leadership for Learner Centered Organizations 3 *unit(s)*
- EDD 520 - Organizational Behavior and Change in Education 3 *unit(s)*
- EDD 522 - Communication and Educational Leadership 3 *unit(s)*

Contexts for Educational Leadership (12 units)

- EDD 530 - Assessment, Testing and Evaluation: Contexts and Implications for School Reform 3 *unit(s)*
- EDD 536 - The Politics of Education and Finance of Schooling 3 *unit(s)*
- EDD 540 - Education and Leadership in Global Context: Globalization & Narrative Ethics 3 *unit(s)*
- EDD 585 - Field Experience: Global Context 3 *unit(s)* OR EDD 590 - Research Seminar and Colloquium in Educational Leadership 3 *unit(s)*

Research Methodology: Tools for the Scholar-Practitioner (15 units)

- EDD 501 - Quantitative Analysis for Educational Research 3 *unit(s)*
- EDD 502 - Qualitative Methods in Educational Research 3 *unit(s)*
- EDD 591A - Proseminar I: Introduction to Doctoral Studies in Educational Leadership 3 *unit(s)*
- EDD 591B - Proseminar II - Practitioner-Led Research 3 *unit(s)* (GWAR)
- EDD 591C - Professional Seminar III: Structuring & Writing a High Quality Dissertation 3 *unit(s)*
- International Out-of-Country Experience 0 *unit(s)*

Culminating Experience (12 units)

- EDD 598 - Dissertation Research Development 1-2 *unit(s)* (*Students take 1 unit of EDD 598 six times*)
- EDD 599 - Dissertation 3 *unit(s)* (*Students take EDD 599 for two semesters.*)
- Dissertation Defense

Total Units Required (60 units)

Satisfactory Academic Progress

All students are expected to make satisfactory progress in accordance with the Ed.D. cohort structure and program of study through the time of advancement to candidacy. The normal expectation is that students will attend and participate in all required program components. In the event that a lack of attendance/participation would cause a student to fail to maintain a grade point average of 3.0, the student would be notified and counseled regarding requirements for satisfactory progress toward the degree in the time specified by program faculty.

A student must earn a grade of "C" or better in all required classes in the doctoral program, with all "sub-C" grades considered as failure; those classes would have to be repeated, and students would have one additional chance to do so. Failure to achieve the "C" grade in two chances would result in a recommendation for administrative academic disqualification. All students are expected to achieve a grade point average of 3.0 or above in all semesters of coursework. In addition to the university requirements for minimal grade point average and academic disqualification,

the Ed.D. Program requires that all students achieve a minimum grade point average of 3.0 or above in every semester of coursework. A student who achieves less than a 3.0 GPA in a given semester will be required to attend a meeting with the Ed.D. Director, the student's advisor (if an advisor has been assigned), and the faculty member teaching the course (s) in which a grade below a "B" has been assigned. Possible outcomes of this meeting include (1) a recommendation for a remediation plan for the student, (2) academic probation in the Ed.D. Program with the recommendation of disqualification if achieved GPA falls below 3.0 in a subsequent semester, or (3) a recommendation that the student be immediately disqualified from taking further coursework in the doctoral program.

Additionally, satisfactory progress pertains to doctoral students' adherence to the high standards of professional ethics. Students must adhere to scholarly and ethical standards in all courses, fieldwork, and research endeavors. Such standards are defined by the faculty, the professional accrediting bodies, policies of the university and the CSU, and relevant statutes of federal, state, and local governments. Students may be placed on probation or disqualified based on unsatisfactory scholastic progress or failure to adhere to professional and ethical standards.

We note that, according to university policy, a student who falls below a 3.0 GPA in an academic term will be notified in writing that he/she has been placed on academic probation. When the student's overall GPA is below 3.0, failure to achieve a term GPA of 3.0 in any subsequent semester results in academic disqualification.

In all cases, a disqualified student will not be allowed to continue in the program, enroll in doctoral-level courses, or register in the doctoral program. The disqualification will be communicated to the student in writing through certified mail. A disqualified student will be permitted to apply for reinstatement into the Ed.D. Program; consideration of the student's application for reinstatement will occur along with consideration for all new applications into the program in a given year.

Students who need to make up assignments must work with the faculty member teaching a particular class, and it is up to each individual faculty member how best to negotiate missed assignments and/or requests for a grade of Incomplete. In the event that lack of attendance/participation causes a student to fail to maintain a GPA of 3.0, the student will be notified of academic probation and counseled regarding requirements for satisfactory progress toward the degree.

Any student may request a leave of absence from the Ed.D. Program for up to one year through a written request to the Ed.D. Director and a formal petition to the university. To be considered, the student should explain the reasons for the request and any mitigating circumstances involved. The request may be approved or denied by the Director in consultation with the Ed.D. Program faculty. If approved, the approval will stipulate the timeline and conditions or options for returning to the doctoral program. One possible option is for the student to join a later cohort and resume taking the classes that were missed.

Educational Leadership, EdD (Hybrid)

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Doctorate Requirements (60 units)
- Program Learning Outcomes

The hybrid Ed.D. Program in Educational Leadership at San José State University is dedicated to developing outstanding education leaders who are well prepared to meet the demands and challenges of schools, today and in the future. The program builds on the view that educational leaders serve in learner-centered systems in which inquiry, learning, equity and social justice, and human care are central concerns. The hybrid Ed.D. Program is designed so that it may be completed in nine semesters over three years. This time frame allows for the completion of all coursework, pre proposal/literature review, dissertation proposal, and completion of the dissertation. The hybrid program begins in Summer Year 1 with intensive five- and ten-week summer sessions that meet at least two days per week. Fall and spring semester classes are scheduled as hybrid classes and meet on evenings or weekends during the semester. The second summer involves an optional global component that includes a two-week educational and

cultural experience outside of the United States. It is anticipated that students will concurrently be working full time as they pursue their doctoral studies.

Additional information is available in the Educational Leadership (EdD) Program Office or website: www.sjsu.edu/edd.

Admissions Requirements

Candidates must meet all university and Ed.D. Program admission requirements. The university-level graduate application is separate from the application that is sent to the Ed.D. Program. Minimum requirements for the program include a master's degree from an accredited institution and a 3.0 grade point average (B or better) in the last 60 semester units completed. In exceptional cases, experience and service will be considered in lieu of the Master's degree requirement.

In addition to the university admissions requirements as outlined in this catalog, applicants must meet the Ed.D. Program requirements below.

- Three letters of recommendation attesting leadership ability and potential for success in a doctoral program. One of the letters should be from a school district employer indicating support for participation in the doctoral program. Recommendation forms are available on the Ed.D. Leadership Program webpage at www.sjsu.edu/edd. Recommendation letters should be submitted directly from the person writing the recommendation letter to edd-leadership@sjsu.edu.
- Current professional resume or curriculum vitae that includes leadership experience and/or leadership strengths as indicated through job experiences, administrative credentials, and/or other evidence of leadership capacity and practice. Resumes or vitae should not exceed 4 pages.
- A written statement of purpose that explains the reasons for pursuing doctoral studies in educational leadership. The statement should include relevant personal and professional history and background, some of the core commitments and principles that drive one's career goals, and challenges facing education and educational leadership in California, nationally, and globally. Statements should not exceed 3 pages, single-spaced.
- A recent writing sample (last 5 years) of an individually authored paper, research projects, or reports (maximum of 20 pages). All writing samples should be single-authored and include citations and references. The writing sample is intended to demonstrate the ability to construct a meaningful argument on an education-related topic and to cite research/literature to support one's views. A PowerPoint presentation is not acceptable.

Requirements for Advancement to Graduate Candidacy

Students who have completed matriculation and have achieved classified standing in the hybrid Ed.D. Program curriculum will advance to candidacy for the Ed.D. degree. Students advance to candidacy after completing a minimum of 9 units of letter-graded work that is acceptable to the hybrid Ed.D. Program and fulfilling other university requirements for advancement to candidacy as detailed in the Graduate Policies and Procedures. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, and GPA requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Ed.D. Leadership Program Graduation Requirements

To be eligible for graduation, the candidate shall have completed all coursework and global out-of-country (or equivalent) requirements, the dissertation proposal, IRB, and the doctoral dissertation. Students are required to complete the dissertation proposal in two attempts in order to proceed with the dissertation.

Dissertation Requirements

- The Ed.D. dissertation is expected to contribute to an improvement in education practice and/ or education policy in the context of a particular educational institution. It is expected that the dissertation will show evidence of originality, critical and independent thinking, appropriate form and organization, and a rationale for the examined research problem or question.
- The dissertation must meet all university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with assistance from two other members of the dissertation committee. The Dissertation Committee consists of three members, one who serves as the committee chair (or in some cases, two co-chairs can be identified). Two members of the dissertation committee must be tenured or tenure-track members of the San Jose State University faculty. The third member of the committee is expected to be an external reviewer employed at a local school or school district or higher education and have achieved the terminal degree (e.g., Ed.D., J.D., Ph.D.).
- All students must enroll in a total of 12 units of dissertation credit during the final year of the program: 6 units in the fall semester and 6 units in the spring semester of Year 3 of the program. Once the candidate has enrolled in 12 dissertation units, the maximum allowable, continuous enrollment must be maintained until the dissertation is approved and filed and the degree is awarded.
- All students are expected to produce a dissertation that consists of five chapters, namely Introduction, Literature Review, Methodology, Results/Analysis, and Conclusions/ Recommendations. This is typically followed by a References section and relevant appendices. Alternatives to the traditional dissertation format will be considered, with approval by the faculty advisor/dissertation committee, within accepted norms of research, scholarship, and creative activities. The Lurie College of Education uses APA style for research and the SJSU Graduate Studies division provides additional formatting/style guidelines for theses and dissertations. An exception to the traditional five-chapter dissertation will be made on a case by case basis.
- After completing the dissertation proposal defense and obtaining IRB approval, students carry out the research plan described in the approved proposal, collect and analyze data, and continue writing the dissertation. The Dissertation Committee Chair and committee members will guide the students to ensure their dissertation conveys scholarly work that results from an appropriate research study and contributes to the understanding and/or improvement of educational practice.
- All students are expected to submit drafts of their dissertation to their committee members in the appropriate word-processed form. The completed final draft also includes the Abstract, Copyright Page, Title Page, Acknowledgments, Table of Contents, List of Tables, List of Figures, References, and Appendices. The students submit the final draft manuscript to committee members for a final reading and approval. The final dissertation may take a variety of forms depending upon the type of research undertaken. The conventional five-chapter dissertation may be revised to reflect a specific design and purpose.
- Dissertation Examination: Every candidate for the Ed.D. degree must successfully pass a final oral examination based on the dissertation. At the final oral defense, the candidate will make a public presentation of his or her dissertation research. The final oral defense is conducted as an open forum led by the candidate and guided by the Committee Chair and the two other members of the Dissertation Committee. The purposes of this formal meeting are to (1) examine and assess the quality of the dissertation; (2) evaluate the ability of the student to present research; and (3) provide an opportunity to share the research with the campus community. Unanimous agreement of the Dissertation Committee is required for approval of the dissertation and recommendation that the Ed.D. degree be conferred on the candidate.

Total Units Required (60 units)

Satisfactory Academic Progress

All students are expected to make satisfactory progress in accordance with the Ed.D. cohort structure and program of study through the time of advancement to candidacy. The normal expectation is that students will attend and

participate in all required program components. In the event that a lack of attendance/participation would cause a student to fail to maintain a grade point average of 3.0, the student would be notified and counseled regarding requirements for satisfactory progress toward the degree in the time specified by program faculty.

A student must earn a grade of "C" or better in all required classes in the doctoral program, with all "sub-C" grades considered as failure; those classes would have to be repeated, and students would have one additional chance to do so. Failure to achieve the "C" grade in two chances would result in a recommendation for administrative academic disqualification. All students are expected to achieve a grade point average of 3.0 or above in all semesters of coursework. In addition to the university requirements for minimal grade point average and academic disqualification, the Ed.D. Program requires that all students achieve a minimum grade point average of 3.0 or above in every semester of coursework. A student who achieves less than a 3.0 GPA in a given semester will be required to attend a meeting with the Ed.D. Director, the student's advisor (if an advisor has been assigned), and the faculty member teaching the course (s) in which a grade below a "B" has been assigned. Possible outcomes of this meeting include (1) a recommendation for a remediation plan for the student, (2) academic probation in the Ed.D. Program with the recommendation of disqualification if achieved GPA falls below 3.0 in a subsequent semester, or (3) a recommendation that the student be immediately disqualified from taking further coursework in the doctoral program.

Additionally, satisfactory progress pertains to doctoral students' adherence to the high standards of professional ethics. Students must adhere to scholarly and ethical standards in all courses, fieldwork, and research endeavors. Such standards are defined by the faculty, the professional accrediting bodies, policies of the university and the CSU, and relevant statutes of federal, state, and local governments. Students may be placed on probation or disqualified based on unsatisfactory scholastic progress or failure to adhere to professional and ethical standards.

We note that, according to university policy, a student who falls below a 3.0 GPA in an academic term will be notified in writing that he/she has been placed on academic probation. When the student's overall GPA is below 3.0, failure to achieve a term GPA of 3.0 in any subsequent semester results in academic disqualification.

In all cases, a disqualified student will not be allowed to continue in the program, enroll in doctoral-level courses, or register in the doctoral program. The disqualification will be communicated to the student in writing through certified mail. A disqualified student will be permitted to apply for reinstatement into the Ed.D. Program; consideration of the student's application for reinstatement will occur along with consideration for all new applications into the program in a given year.

Students who need to make up assignments must work with the faculty member teaching a particular class, and it is up to each individual faculty member how best to negotiate missed assignments and/or requests for a grade of Incomplete. In the event that lack of attendance/participation causes a student to fail to maintain a GPA of 3.0, the student will be notified of academic probation and counseled regarding requirements for satisfactory progress toward the degree.

Any student may request a leave of absence from the Ed.D. Program for up to one year through a written request to the Ed.D. Director and a formal petition to the university. To be considered, the student should explain the reasons for the request and any mitigating circumstances involved. The request may be approved or denied by the Director in consultation with the Ed.D. Program faculty. If approved, the approval will stipulate the timeline and conditions or options for returning to the doctoral program. One possible option is for the student to join a later cohort and resume taking the classes that were missed.

Advanced Certificate(s)

Higher Education Teaching Certificate

The Higher Education Teaching certificate program provides graduate-level coursework and classroom experience to prepare current and future higher education instructors. This certificate program is aimed at developing postsecondary faculty's culturally-sustaining and responsive pedagogical knowledge grounded in social justice,

equity, and inclusion. The program offers a well rounded experience that integrates theory and teaching practicum. The program is offered in a hybrid modality, with the courses taught online and the practicum activities taking place remotely and in person.

Admissions Requirements

- MA/MAS Degree from a regionally accredited institution or currently enrolled in an MA/MS program
- Minimum GPA of 2.5, based on a 4.0 scale
- Candidates must also meet all SJSU admissions requirements
- Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on GAPE's Graduate Program Test Requirements webpage. For TOEFL requirements, see the admissions requirements section.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Required Courses (9 units)

- EDLD 212C - Diversity, Equity, and Social Justice in Higher Education 3 *unit(s)*
- EDLD 250 - Emancipatory Pedagogy in Higher Education 3 *unit(s)*
- EDLD 251 - Higher Education Teaching Practicum 3 *unit(s)*

Total Units Required (9 units)

Theory, Knowledge and Practice about Autism Spectrum Disorders Certificate (Not Accepting Students)

The Theory, Knowledge and Practice about Autism Spectrum Disorders Certificate is offered by the Department of Special Education. Admission into the program requires department consent.

University Advanced Certificate Requirements

Advanced certificate programs offer post-baccalaureate students coursework leading to a specific, applied, focused goal. In order to be eligible for admission to an advanced certificate, students complete an intake form or apply through CalState Apply and submit an official transcript(s) (noting the completion of a U.S. bachelor's degree from an accredited institution or the equivalent of a U.S. bachelor's degree from an accredited and/or recognized institution from a foreign country). To be admitted, students must have a minimum of 2.5 undergraduate GPA.

Students must maintain a minimum GPA of 3.0 in all advanced certificate coursework, and no course with a grade less than "C" may be counted toward the certificate. A maximum of 4 units of coursework with a grade of "C" can count toward an advanced certificate. A maximum of 4 units of coursework may be repeated. Undergraduate lower division courses are not applicable to advanced certificates.

Generally, a maximum of 33% of advanced certificate units (e.g., 3 units for a 9-unit certificate) can be completed in non-matriculated status at SJSU with approval from the department or school. In some cases, an advanced certificate may be completed entirely in non-matriculated status if the student has received approval from the department or school and the Associate Dean of Graduate Programs in the College of Graduate Studies.

A maximum of 30% of any graduate degree program units (e.g., 9 units for a 30-unit Master's degree) can be completed from another institution and/or units from Open University (including advanced certificate courses) at SJSU with approval from the department or school.

The choice of grading requirements may have implications for transferability to degree programs (University Policy S16-17).

The advisor/director of the program is responsible for verifying a student's satisfactory completion of the academic requirements established for the program and for forwarding a copy of the certificate audit completion form to the Office of Graduate Admissions and Program Evaluations. The Office of the Registrar records the completion of the program on the student's transcript.

Certificate Requirements (9 units)

Specialized Coursework (9 units)

- EDSE 218A - ASD: Moderate to Severe Disabilities 3 *unit(s)*
- EDSE 218B - ASD: Mild to Moderate Disabilities 3 *unit(s)*
- EDSE 218C - ASD: Collaboration and Implementation of Best Practices 3 *unit(s)*

Total Units Required (9 units)

Credential(s)

Credentials are primarily granted by the California Commission on Teaching Credentialing. This excludes the Credential in Spanish Language Counseling.

Education Specialist Preliminary Teaching Credential: Early Childhood Special Education

All candidates participating in the Early Childhood Special Education Credential Program, offered by the Department of Special Education, are prepared to provide instruction and special education support to students birth to kindergarten, who are eligible for early intervention special education and related services related to one or more of the following disabilities: autism, emotional disturbance, intellectual disability, orthopedic impairment, other health impairment, specific learning disability, traumatic brain injury and multiple disabilities including developmental delay and a disabling medical condition. Candidates must meet Teacher Performance Expectations set forth by the California Commission on Teacher Credentialing.

Preliminary Credential Requirements (39 units)

Core Courses (24 units)

- EDSE 102 - Intro to Language Development and Disability 3 *unit(s)* (S)
- EDSE 192B - All Learners: An Introduction to Disabilities 1 *unit(s)*
- EDSE 192C - Inclusive Strategies for Educating Students with Disabilities 1 *unit(s)*
- EDSE 192D - Introduction to Special Education Policy and Law 1 *unit(s)*
- EDSE 218D - Teaching Students with Autism Spectrum Disorders 3 *unit(s)*
- EDSE 224 - Methods for Emergent Bilinguals with Disabilities 1-3 *unit(s)*
- EDSE 228A - Topics in Collaboration and Transition 3 *unit(s)*
- EDSE 234 - Early Field Experiences in Special Education 1-3 *unit(s)*
- EDSE 241 - Applying Assistive & Instructional Technology 3 *unit(s)*
- EDSE 279 - Positive Behavior Support 3 *unit(s)*

Specialization (15 units)

- EDSE 104 - Early Intervention for Children with Disabilities 3 *unit(s)*
- EDSE 108 - Assessing Young Children 3 *unit(s)*
- EDSE 154 - Advanced Fieldwork in ESN and ECSE 6 *unit(s)*
- EDSE 221 - Methods for Young Children with Disabilities 3 *unit(s)*

Total Units Required (39 units)

Optional Internship

Candidates enrolled in this option are able to complete the advanced fieldwork requirement of the credential program as an intern, which allows them employment as a special education teacher while taking courses at SJSU. Visit the Intern Program page of the department website for more information regarding this option.

Education Specialist Preliminary Teaching Credential: Extensive Support Needs

All candidates participating in the Education Specialist Extensive Support Needs Credential Program, offered by the Department of Special Education, are prepared to provide instruction and special education support to students in

transitional kindergarten, kindergarten, grades 1-12 through age 22, and classes organized primarily for adults with extensive support needs related to one or more of the following disabilities: autism, deafblind, emotional disturbance, intellectual disability, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, and traumatic brain injury. Candidates must meet Teacher Performance Expectations set forth by the California Commission on Teacher Credentialing.

Preliminary Credential Requirements (42 units)

Core Courses (24 units)

- EDSE 102 - Intro to Language Development and Disability 3 *unit(s)* (S)
- EDSE 192B - All Learners: An Introduction to Disabilities 1 *unit(s)*
- EDSE 192C - Inclusive Strategies for Educating Students with Disabilities 1 *unit(s)*
- EDSE 192D - Introduction to Special Education Policy and Law 1 *unit(s)*
- EDSE 218D - Teaching Students with Autism Spectrum Disorders 3 *unit(s)*
- EDSE 224 - Methods for Emergent Bilinguals with Disabilities 1-3 *unit(s)*
- EDSE 228A - Topics in Collaboration and Transition 3 *unit(s)*
- EDSE 234 - Early Field Experiences in Special Education 1-3 *unit(s)*
- EDSE 241 - Applying Assistive & Instructional Technology 3 *unit(s)*
- EDSE 279 - Positive Behavior Support 3 *unit(s)*

Specialization(18 units)

- EDEL 108D - Curriculum: Mathematics 3 *unit(s)*
- EDSE 154 - Advanced Fieldwork in ESN and ECSE 6 *unit(s)*
- EDSE 213A - Methods for Students with Extensive Support Needs 3 *unit(s)*
- EDSE 215 - Assessing Students with Disabilities 3 *unit(s)*
- EDSE 216A - Literacy Instruction: Students with Disabilities 3 *unit(s)*

Total Units Required (42 units)

Optional Internship

Candidates enrolled in this option may complete the advanced fieldwork requirement of the credential program as an intern, which allows them employment as a special education teacher while taking courses at SJSU. Visit the Intern Program page of the department website for more information regarding this option.

Education Specialist Preliminary Teaching Credential: Mild/Moderate Support Needs

All candidates participating in the Education Specialist Mild-Moderate Support Needs Credential Program, offered by the Department of Special Education, are prepared to provide instruction and special education support to students in transitional kindergarten, kindergarten, grades 1-12 through age 22, and classes organized primarily for adults with mild to moderate support needs related to one or more of the following disabilities: autism, emotional disturbance, intellectual disabilities, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, and traumatic brain injury. Candidates must meet Teacher Performance Expectations set forth by the California Commission on Teacher Credentialing.

Preliminary Credential Requirements (42 units)

Core Courses (24 units)

- EDSE 102 - Intro to Language Development and Disability 3 unit(s)
- EDSE 192B - All Learners: An Introduction to Disabilities 1 unit(s)
- EDSE 192C - Inclusive Strategies for Educating Students with Disabilities 1 unit(s)
- EDSE 192D - Introduction to Special Education Policy and Law 1 unit(s)
- EDSE 218D - Teaching Students with Autism Spectrum Disorders 3 unit(s)
- EDSE 224 - Methods for Emergent Bilinguals with Disabilities 1-3 unit(s)
- EDSE 228A - Topics in Collaboration and Transition 3 unit(s)
- EDSE 234 - Early Field Experiences in Special Education 1-3 unit(s)
- EDSE 241 - Applying Assistive & Instructional Technology 3 unit(s)
- EDSE 279 - Positive Behavior Support 3 unit(s)

Specialization (18 units)

- EDEL 108D - Curriculum: Mathematics 3 unit(s)
- EDSE 215 - Assessing Students with Disabilities 3 unit(s)
- EDSE 216A - Literacy Instruction: Students with Disabilities 3 unit(s)
- EDSE 217A - Advanced Fieldwork in Mild Moderate Support Needs 6 unit(s) *(Plus 50 hours of fieldwork in a general education setting)*
- EDSE 230A - Inclusive Pedagogy for Students with M/MSN 3 unit(s)

Total Units Required (42 units)

Optional Internship

Candidates enrolled in this option may complete the advanced fieldwork requirement of the credential program as an intern, which allows them employment as a special education teacher while taking courses at SJSU. Visit the Intern Program page of the department website for more information regarding this option.

Multiple Subject Credential

The Credential in Multiple Subject Credential is offered by the Department of Teacher Education.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Multiple Subject Credential Requirements (46 units)

Core Courses

- EDEL 108A - Curriculum: Reading/Language Arts 3 unit(s)
- EDEL 108B - Curriculum: Science 3 unit(s)

- EDEL 108C - Curriculum: Social Studies 3 *unit(s)*
- EDEL 108D - Curriculum: Mathematics 3 *unit(s)*
- EDEL 143A - Beginning Student-Teaching (Phase I) 1-6 *unit(s)* (4 units required)
- EDEL 143B - Advanced Student-Teaching (Phase II) 1-10 *unit(s)* (10 units required)
- EDEL 143P - Introduction to Student Teaching 1 *unit(s)*
- EDTE 208 - Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*
- EDTE 297C - CalTPA Support 1 *unit(s)* (Take a total of 2 units of EDTE 297C)

Complete 2 units of one of the courses:

- EDTE 297B - Advanced Issues in Bilingual Education 1-3 *unit(s)*
- EDTE 297F - Field Support 1 *unit(s)*

Total Units Required (46 units)

Upon completion of the credential requirements, students must have achieved a SJSU cumulative grade point average of 3.0 in order to be recommended for a credential.

PK-3 Early Childhood Education (PK-3 ECE) Specialist Instruction Credential

The PK-3 ECE Specialist Instruction Credential Program is offered by the Department of Teacher Education in collaboration with the Department of Child and Adolescent Development and the Department of Special Education.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The requirement is satisfied with EDTE 208 in this program.

Core Courses (43 units)

- CHAD 261 - Seminar in Early Childhood Curriculum 3 *unit(s)*
- CHAD 272 - Seminar in Early Childhood Development 3 *unit(s)*
- EDEL 108A - Curriculum: Reading/Language Arts 3 *unit(s)*
- EDEL 108D - Curriculum: Mathematics 3 *unit(s)*
- EDEL 143A - Beginning Student-Teaching (Phase I) 1-6 *unit(s)* (4 units required)
- EDEL 143B - Advanced Student-Teaching (Phase II) 1-10 *unit(s)* (10 units required)
- EDSE 104 - Early Intervention for Children with Disabilities 3 *unit(s)*
- EDSE 221 - Methods for Young Children with Disabilities 3 *unit(s)*
- EDSE 269 - Supportive Learning Environments for Young Children 3 *unit(s)*
- EDTE 208 - Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 297C - CalTPA Support 1 *unit(s)* (Students complete this course twice.)

Total Units Required (43 units)

Upon completion of the credential requirements, students must have achieved a SJSU cumulative grade point average of 3.0 in order to be recommended for a credential.

Pupil Personnel Services (PPS) School Counseling Credential

The Pupil Personnel Services (PPS) School Counseling Credential (formerly K-12 School Counseling Credential), offered by the Department of Counselor Education, is a 54-unit program that qualifies individuals to be recommended to CTC to apply for a clear PPS School Counseling Credential to work as school counselors in California K-12 public schools.

Note: A master's degree in Counseling or a closely related field is required to be eligible to apply for a clear PPS School Counseling Credential through the California Commission on Teacher Credentialing (CTC).

Therefore, applicants who have not already earned a master's degree in Counseling or a related field need to apply via the Master of Arts (MA) degree in Counseling and Guidance program option. The MA in Counseling and Guidance with a PPS School Counseling Credential (MA + PPS School Counseling Credential) program option requires the completion of a minimum of 60 units.

Individuals admitted into the PPS School Counseling Credential program are eligible to apply for a **PPS School Counseling Internship Credential** (valid for up to two years) if they are offered a school counseling position by a local school district before completing the program requirements. To be eligible, a program candidate must have completed a minimum of 15 units (EDCO 215, EDCO 218, EDCO 232, EDCO 248, and EDCO 294) with a 3.0 GPA or higher and met the Basic Skills Requirement (BSR).

A Child Welfare and Attendance (CWA) Authorization, which focuses on issues related to truancy and dropout prevention, can also be obtained.

Please see department website for most current program offerings and requirements:
<https://www.sjsu.edu/counselored/>

PPS School Counseling Credential Requirements (54 units)

Foundational Core Courses (24 units)

- EDCO 215 - Introduction to Counseling and Guidance 3 *unit(s)* (GWAR)
- EDCO 218 - Counseling Process & Techniques 3 *unit(s)*
- EDCO 227 - School-Family-Community Collaboration 3 *unit(s)*
- EDCO 232 - Law & Ethics in Counseling 3 *unit(s)*
- EDCO 248 - Dynamics of Behavior and Development 3 *unit(s)*
- EDCO 266 - Education and Career Planning 3 *unit(s)*
- EDCO 294 - Practicum in Self-Development 3 *unit(s)*
- EDCO 244 - Cultural Perspectives in Counseling 3 *unit(s)* OR EDCO 280 - Multicultural Counseling 3 *unit(s)*

Advanced Professional Development Courses (21 units)

To be completed in the order listed below:

- EDCO 221 - Research in Counselor Education 3 *unit(s)*
- EDCO 279 - Advanced Group Process Theory and Practice 3 *unit(s)*

- EDCO 283 - Advanced Educational Assessment 3 *unit(s)*
- EDCO 285 - Trauma Counseling & Crisis Intervention 3 *unit(s)*
- EDCO 287 - Comprehensive School Counseling Analysis 3 *unit(s)*
- EDCO 288 - Seminar in Counseling Theory and Practice 3 *unit(s)* (GWAR)
- EDCO 267 - Practicum in Lifespan and Career Development 1-3 *unit(s)* (3 *units required*) OR EDCO 268 - Lifespan Development (3 *unit(s)*)

Supervised Counseling Experience (9 units)

- EDCO 292 - Supervised Experience in Counseling 3-6 *unit(s)* (9 *units required*)
Complete 800 hours of supervised counseling fieldwork experience - 200 hours for every 3 units of EDCO 292. A minimum of 200 hours must be completed within each of two public K-12 school levels.

Fieldwork experience can commence after five Foundational Core Courses (EDCO 215, EDCO 218, EDCO 232, EDCO 248, and EDCO 294) and 100 hours of K-12 practicum experience are completed with a 3.0 GPA or higher. Practicum experience is typically completed within EDCO 218 (35 hours) and EDCO 294 (65 hours).

Total Units Required (54 units)

Completion of coursework requires a minimum grade of C or higher in each course and a minimum overall GPA of 3.0.

Single Subject Credential - Art

The Single Subject Credential in Art is offered by the Department of Teacher Education.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The requirement is satisfied with EDTE 208 in this program.

Credential Requirements (38 units)

Core Courses (18 units)

- EDTE 208 - Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 282 - Assessment and Evaluation 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*

Methods (3 units)

- ARED 238 - Principles of Art Education 3 *unit(s)*

Student Teaching (15 units)

- EDSC 184P - Introduction to Student Teaching 1 *unit(s)*
- EDSC 184X - Student Teaching I 6 *unit(s)*
- ARED 184Y - Student Teaching II - Classroom Teaching 4 *unit(s)*
- ARED 184Z - Student Teaching III - Classroom Teaching 4 *unit(s)*

Content Seminar (1 unit)

- ARED 365 - Field Experience Seminar in Art Education 1 *unit(s)*

CalTPA Seminar (1 unit)

- EDTE 297C - CalTPA Support 1 *unit(s)*

Total Units Required (38 units)

Elective courses must be selected in consultation with the Graduate Advisor.

Upon completion of the credential requirements, students must have achieved a SJSU Cumulative grade point average of 3.0 in order to be recommended for a credential.

Single Subject Credential - English

The Single Subject Credential in English is offered by the Department of Teacher Education.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The requirement is satisfied with EDTE 208 in this program.

Credential Requirements (40 units)

Core Courses (18 units)

- EDTE 208 - Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 282 - Assessment and Evaluation 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*

Methods (4 units)

- ENED 353 - Methods of Teaching English 4 *unit(s)*

Student Teaching (15 units)

- EDSC 184P - Introduction to Student Teaching 1 *unit(s)*
- EDSC 184X - Student Teaching I 6 *unit(s)*
- ENED 184Y - Student Teaching II - Classroom Teaching 4 *unit(s)*
- EDSC 184Z - Student Teaching III 1-6 *unit(s)*

Content Seminar (2 units)

- ENED 365 - Seminar in English Education 2 *unit(s)*

CalTPA Seminar (1 unit)

- EDTE 297C - CalTPA Support 1 *unit(s)*

Total Units Required (40 units)

Elective courses must be selected in consultation with the Graduate Advisor.

Upon completion of the credential requirements, students must have achieved a SJSU Cumulative grade point average of 3.0 in order to be recommended for a credential.

Single Subject Credential - Mathematics

The Single Subject Credential in Mathematics is offered by the Department of Teacher Education.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The requirement is satisfied with EDTE 208 in this program.

Credential Requirements (38 units)

Core Courses (18 units)

- EDTE 208 - Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 282 - Assessment and Evaluation 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*

Methods (3 units)

- MTED 394 - Secondary Mathematics Methods 3 *unit(s)*

Student Teaching (15 units)

- EDSC 184P - Introduction to Student Teaching 1 *unit(s)*
- EDSC 184X - Student Teaching I 6 *unit(s)*
- MTED 184Y - Student Teaching II - Classroom Teaching 4 *unit(s)*
- MTED 184Z - Student Teaching III - Classroom Teaching 4 *unit(s)*

Content Seminar (1 units)

- MTED 184S - Math Education Phase II Seminar 1 *unit(s)*

CalTPA Seminar (1 unit)

- EDTE 297C - CalTPA Support 1 *unit(s)*

Total Units Required (38 units)

Elective courses must be selected in consultation with the Graduate Advisor.

Upon completion of the credential requirements, students must have achieved a SJSU Cumulative grade point average of 3.0 in order to be recommended for a credential.

Single Subject Credential - Music

The Single Subject Credential in Music is offered by the Department of Teacher Education.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The requirement is satisfied with EDTE 208 in this program.

Credential Requirements (38 units)

Core Courses (18 units)

- EDTE 208 - Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 282 - Assessment and Evaluation 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*

Methods (4 units)

- MUED 370A - Methodology for Music Educators: Elementary K-8 2 *unit(s)*
- MUED 370B - Methodology for Music Educators: Secondary 2 *unit(s)*

Student Teaching (15 units)

- EDSC 184P - Introduction to Student Teaching 1 *unit(s)*
- EDSC 184X - Student Teaching I 6 *unit(s)*
- MUED 184Y - Student Teaching II - Classroom Teaching 4 *unit(s)*
- MUED 184Z - Student Teaching III-Classroom Teaching 4 *unit(s)*

CalTPA Seminar (1 unit)

- EDTE 297C - CalTPA Support 1 *unit(s)*

Total Units Required (38 units)

Elective courses must be selected in consultation with the Graduate Advisor.

Upon completion of the credential requirements, students must have achieved a SJSU Cumulative grade point average of 3.0 in order to be recommended for a credential.

Single Subject Credential - Physical Education

The Single Subject Credential in Physical Education is offered by the Department of Teacher Education.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The requirement is satisfied with EDTE 208 in this program.

Credential Requirements (37 units)

Core Courses (18 units)

- EDTE 208 - Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 282 - Assessment and Evaluation 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*

Methods (3 units)

- KNED 339 - Instructional Materials and Procedures in Physical Education 3 *unit(s)*

Student Teaching (15 units)

- EDSC 184P - Introduction to Student Teaching 1 *unit(s)*
- EDSC 184X - Student Teaching I 6 *unit(s)*

- KNED 184Y - Student Teaching II: Classroom Teaching 4 *unit(s)*
- KNED 184Z - Student Teaching III - Classroom Teaching 4 *unit(s)*

CalTPA Seminar (1 unit)

- EDTE 297C - CalTPA Support 1 *unit(s)*

Total Units Required (37 units)

Elective courses must be selected in consultation with the Graduate Advisor.

Upon completion of the credential requirements, students must have achieved a SJSU Cumulative grade point average of 3.0 in order to be recommended for a credential.

Single Subject Credential - Science

The Single Subject Credential in Science is offered by the Department of Teacher Education.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The requirement is satisfied with EDTE 208 in this program.

Credential Requirements (39 units)

Core Courses (18 units)

- EDTE 208 - Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 282 - Assessment and Evaluation 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*

Methods (3 units)

- SCED 273 - Secondary School Science 3 *unit(s)*

Student Teaching (15 units)

- EDSC 184P - Introduction to Student Teaching 1 *unit(s)*
- EDSC 184X - Student Teaching I 6 *unit(s)*
- SCED 184Y - Student Teaching II - Classroom Teaching 4 *unit(s)*
- SCED 184Z - Student Teaching III - Classroom Teaching 4 *unit(s)*

Content Seminar (2 units)

- SCED 375 - Colloquium in Science Education 2 *unit(s)*

CalTPA Seminar (1 unit)

- EDTE 297C - CalTPA Support 1 *unit(s)*

Total Units Required (39 units)

Elective courses must be selected in consultation with the Graduate Advisor.

Upon completion of the credential requirements, students must have achieved a SJSU Cumulative grade point average of 3.0 in order to be recommended for a credential.

Single Subject Credential - Social Science

The Single Subject Credential in Social Science is offered by the Department of Teacher Education.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The requirement is satisfied with EDTE 208 in this program.

Credential Requirements (37 units)

Core Courses (18 units)

- EDTE 208 - Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 282 - Assessment and Evaluation 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*

Methods (3 units)

- SSED 378 - Social Science Methods 3 *unit(s)*

Student Teaching (15 units)

- EDSC 184P - Introduction to Student Teaching 1 *unit(s)*
- EDSC 184X - Student Teaching I 6 *unit(s)* (GWAR)
- SSED 184Y - Student Teaching II - Classroom Teaching 4 *unit(s)*
- SSED 184Z - Student Teaching III - Classroom Teaching 4 *unit(s)*

CalTPA Seminar (1 unit)

- EDTE 297C - CalTPA Support 1 *unit(s)*

Total Units Required (37 units)

Elective courses must be selected in consultation with the Graduate Advisor.

Upon completion of the credential requirements, students must have achieved a SJSU Cumulative grade point average of 3.0 in order to be recommended for a credential.

Single Subject Credential - World Languages

The Single Subject Credential in World Languages is offered by the Department of Teacher Education.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The requirement is satisfied with EDTE 208 in this program.

Credential Requirements (38 units)

Core Courses (18 units)

- EDTE 208 - Educational Sociology 3 *unit(s)* (GWAR)
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 282 - Assessment and Evaluation 3 *unit(s)*
- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*

Methods (3 units)

- FLED 380 - Teaching Foreign Languages 3 *unit(s)*

Student Teaching (15 units)

- EDSC 184P - Introduction to Student Teaching 1 *unit(s)*
- EDSC 184X - Student Teaching I 6 *unit(s)*
- FLED 184Y - Student Teaching II - Classroom Teaching 4 *unit(s)*
- FLED 184Z - Student Teaching III - Classroom Teaching 4 *unit(s)*

Content Seminar (1 units)

- FLED 285 - Student Teaching Seminar In Foreign Language Education 1 *unit(s)*

CalTPA Seminar (1 unit)

- EDTE 297C - CalTPA Support 1 *unit(s)*

Total Units Required (38 units)

Elective courses must be selected in consultation with the Graduate Advisor.

Upon completion of the credential requirements, students must have achieved a SJSU Cumulative grade point average of 3.0 in order to be recommended for a credential.

Teacher Librarian Credential

The Teacher Librarian Credential program, offered by the School of Information, will prepare you for the next step in your teaching career as a library media specialist. A California teaching credential and English Learner Authorization are prerequisites to the Teacher Librarian Services Credential.

Specialized Skills for K - 12 Careers

Graduates of the Teacher Librarian Services Credential program in the SJSU School of Information will emerge with a specialization in the functions and skills necessary for employment in K - 12 schools including collaboration, technology leadership, and program administration.

As a teacher librarian, you'll be a teacher, a librarian, and an instructional partner.

Credential + MLIS Degree

Students in the Teacher Librarian program can pursue both their Teacher Librarian Services Credential and Library and Information Science, MLIS degree! Teacher librarianship is one of the exciting career pathways students can follow within the MLIS program, which is fully accredited by the American Library Association.

Learn More

- Sign up for future student emails.
- Download the California Teacher Librarian Services Credential brochure.
- Attend an online open house or watch a recording.
- Contact Jonathan Hunt, Teacher Librarian program coordinator.
- Read the Gainful Employment Disclosure.

Approved Course Work

The Teacher Librarian program course work meets the requirements for the California Teacher Librarian Services Credential. If you live in a state other than California, please check to see if the course work is approved by your home state before undertaking this program.

Required Course Work for the TL Credential

Core Courses:

- INFO 200 - Information Communities 3 *unit(s)*
- INFO 202 - Information Retrieval System Design 3 *unit(s)*
- INFO 203 - Online Learning: Tools and Strategies 1 *unit(s)*
- INFO 204 - Information Professions 3 *unit(s)*

Program Curriculum and Technology:

- INFO 233 - School Library Media Centers 3 *unit(s)*
- INFO 250 - Design and Implementation of Instructional Strategies for Information Professionals 3 *unit(s)*
- INFO 285 - Applied Research Methods 1-4 *unit(s)*

Information Services and Materials:

- INFO 237 - School Library Media Materials 3 *unit(s)*
- INFO 248 - Beginning Cataloging and Classification 3 *unit(s)*
- INFO 266 - Collection Management 3 *unit(s)*

Capstone Course:

- INFO 295 - School Library Field Work 3 *unit(s)* (required for ALL Teacher Librarian program students)

Additional Course Work for the MLIS Degree

To complete the required 43 units of course work for the MLIS degree, students add four more courses to the 31 units of required course work for the Teacher Librarian Services Credential, nine more elective units and INFO 298 - Advanced Topics in Library and Information Science (e-Portfolio) or INFO 299 - Thesis.

Recommended Elective Courses for the MLIS in support of Teacher Librarianship:

- INFO 210 - Reference and Information Services 1-3 *unit(s)*
- INFO 240 - Information Technology Tools and Applications 3 *unit(s)*
- INFO 241 - Automated Library Systems 1-3 *unit(s)*
- INFO 246 - Information Technology Tools and Applications - Advanced 1-3 *unit(s)*
- INFO 260A - Programming and Services for Children Ages 0-8 3 *unit(s)*
- INFO 261A - Programming and Services for Young Adults Ages 9-18 3 *unit(s)*
- INFO 267 - Services to Youth 1-9 *unit(s)*
- INFO 275 - Library Services for Racially and Ethnically Diverse Communities 3 *unit(s)*
- INFO 281 - Seminar in Contemporary Issues 1-3 *unit(s)*
- INFO 282 - Seminar in Library Management 1-3 *unit(s)*
- INFO 283 - Marketing of Information Products and Services 1-3 *unit(s)*
- INFO 286 - Interpersonal Communication Skills for Librarians 1-3 *unit(s)*
- INFO 287 - Seminar in Information Science 1-3 *unit(s)*
(*Topics: STEM in Libraries; Innovation and Participatory Practice in Libraries (to include Maker Spaces)*)

Added Authorization(s)

Added Authorizations are granted by the California Commission on Teaching Credentialing and extend special authorization to specific audiences.

Bilingual Authorization in Spanish

The Bilingual Authorization in Spanish, offered by the Teacher Education Department, prepares both pre-credential and post-credential candidates to serve in dual immersion or bilingual school settings by developing pedagogy, practice and the ability to identify linguistic assets and potential for students, as well as empowering candidates to be changemakers in their own plurilingual context. The Bilingual Authorization in Asian languages is possible through the CSU Asian Language Consortium.

Teacher candidates in the Multiple Subject, PK-3 ECE Specialist Instruction, or Single Subject Credential program may complete the Bilingual Authorization in Spanish by gaining admission to the Critical Bilingual Authorization Program (CBAP), completing the credential requirements for the Multiple Subject, PK-3 or Single Subject Credential, and completing the alternative and additional courses as detailed below.

- CBAP admission requirements include submitting a second Statement of Purpose, which must be written in Spanish. This second essay is not a translation of the first, but it may have overlapping content. The statement should explain one's interest in bilingual education.
- CBAP applicants will participate in an interview conducted in Spanish to determine oral proficiency, grammatic dispositions, and alignment with program goals.
- Upon program completion, CBAP candidates also need to have passed the state test, Languages Other Than English (LOTE) subtest 3 or equivalent, in order to be eligible for the associated bilingual authorization. Alternate options include a BA in Spanish or a degree from a Spanish speaking country. Based on availability due to cohort size, candidates may opt to pursue a portfolio assessment option to satisfy the language proficiency requirement.

Contact

Professor Eduardo R. Muñoz-Muñoz, Ph.D.
Coordinator, Critical Bilingual Authorization Program
email: eduardo.munoz-munoz@sjsu.edu

Authorization Requirements

Completion of the following:

- Critical Bilingual Authorization Program (CBAP);
- Language proficiency test, CSET LOTE 3;
- Requirements for the Multiple Subject, PK-3 ECE Specialist Instruction Credential, or Single Subject Credential programs; and
- Alternative and additional courses as detailed below.

Alternative Courses

- CBAP teacher candidates will enroll in EDTE 208B instead of EDTE 208 for their credential coursework.
- CBAP candidates will also be placed in the bilingual section of EDTE 262, and for students in the Multiple Subject or PK-3 Credential Program, EDEL 108A, EDEL 143A, and EDEL 143B.

Additional Courses (2 units)

- EDTE 297B - Advanced Issues in Bilingual Education *1 unit taken during each of their two student teaching semesters*

Total Units Required (2 units)

Child Welfare and Attendance (CWA) Authorization

This authorization is offered by the Department of Counselor Education. The requirements for the Child Welfare and Attendance (CWA) Authorization can be met by completing all requirements for the Pupil Personnel Services (PPS) School Counseling Credential plus an additional section of EDCO 292 - Supervised Experience in Counseling where candidates complete a minimum of 150 hours of field experience, under the supervision of a Pupil Personnel Services (PPS) Credential holder. A minimum of 90 hours are to be completed in a school setting in direct contact with pupils. A minimum of 30 hours are to be completed in interdisciplinary experiences in a setting that is outside the field of education, such as law enforcement, juvenile justice, child health and welfare, mental health, social services, child protective services and community based organizations. The remaining 30 hours can be at the discretion of the EDCO 292 University Supervisor.

Authorization Requirements

- fulfill all requirements for the Pupil Personnel Services (PPS) School Counseling Credential
- 150 hours of Supervised Experience in Counseling (EDCO 292) that meet the CWA Authorization requirements stated above.

Please see department website for most current program offerings and requirements:
<https://www.sjsu.edu/counselored/>

Early Childhood Special Education Added Authorization (Not Accepting Students)

(This program is undergoing a revision and is on hold until further guidance is issued from CTC.)

The Added Authorization in Early Childhood Special Education, offered by the Department of Special Education, is available to individuals who hold a Clear Education Specialist Credential. Completion of this authorization extends special education teaching authorization to students with disabilities between the ages of birth and pre-Kinder.

Credential Requirements (24 units)

Specialized Courses (24 units)

- EDSE 104 - Early Intervention for Children with Disabilities 3 *unit(s)*
- EDSE 108 - Assessing Young Children 3 *unit(s)*
- EDSE 154 - Advanced Fieldwork in ESN and ECSE 6 *unit(s)*
- EDSE 218A - ASD: Moderate to Severe Disabilities 3 *unit(s)*
- EDSE 221 - Methods for Young Children with Disabilities 3 *unit(s)*
- EDSE 235A - Movement, Mobility, Sensory and Health 3 *unit(s)*
- EDSE 241 - Applying Assistive & Instructional Technology 3 *unit(s)*

Total Units Required (24 units)

Introductory Computer Science Supplementary Authorization

The Introductory Computer Science Supplementary Authorization program at SJSU focuses on providing the computer science knowledge that allows teaching students to engage fully and democratically in a technology rich society. With a parallel engagement in equity/justice, technological skills, and pedagogy, this supplementary authorization helps students to:

- Explore big issues of equity and social impacts of CS
- Learn core CS practices, theories, tools, and skills
- Gain programming experience
- Learn how to critique, revise (existing) and design lessons and CS curricula

The Introductory Computer Science Supplementary Authorization

- can be added to a Single Subject teaching credential and authorizes the holder to teach the supplementary subject matter content typically included in curriculum guidelines and textbooks for study in grades 9 and below.
- can be added to a Multiple Subject Teaching credential and authorizes the holder to teach departmentalized classes related to the supplementary in grades 9 and below.

Introductory Authorization Requirements (10 units)

- EDTE 193 - Introduction to Emancipatory Approaches to Computing 1 *unit(s)*
- EDTE 194 - Computer Practice and Programming 3 *unit(s)*
- EDTE 195 - Connecting Communities Through Computational Thinking and Computing Systems 3 *unit(s)*
- EDTE 197 - Computer Science Education: Pedagogical Practices for Community Impact 3 *unit(s)*

Total Units Required (10 units)

Pupil Personnel Services (PPS) School Counseling Internship Added Authorization

This program is offered by the Department of Counselor Education. To be eligible to be recommended to the California Commission on Teacher Credentialing (CTC) for a PPS School Counseling Internship, a PPS Credential candidate must have:

1. Completed a minimum of 15 units within the program (EDCO 215, EDCO 218, EDCO 232, EDCO 244, and EDCO 294) with a GPA of 3.0 or higher,

2. 100 hours of K-12 practicum experience [typically completed through EDCO 215 (35 hours) and EDCO 294 (65 hours)],
3. Met the Basic Skills Requirement (BSR), and
4. Been offered a school counseling position by a public school/district.

Credential Requirements

Required Courses (12-21 units)

A PPS Internship Credential is valid for up to 2 years and a candidate must register in EDCO 292 during every semester (fall and spring) they are employed under the PPS Internship Credential.

- EDCO 215 - Introduction to Counseling and Guidance 3 *unit(s)*
- EDCO 232 - Law & Ethics in Counseling 3 *unit(s)*
- EDCO 244 - Cultural Perspectives in Counseling 3 *unit(s)*
- EDCO 292 - Supervised Experience in Counseling 3-6 *unit(s)* (*Complete up to 4 times over 4 semesters*)

Practicum (6 units)

- EDCO 294 - Practicum in Self-Development 3 *unit(s)*
- EDCO 218 - Counseling Process & Techniques 3 *unit(s)*

Total Units Required (18-27 units)

Please note, all requirements for the PPS School Counseling Credential must be completed for a PPS School Counseling Internship Credential candidate to be recommended to CTC for a clear PPS School Counseling Credential.

Spartan Accelerated Graduate Education (SAGE) Scholars

Spartan Accelerated Graduate Education (SAGE) Programs programs are combined bachelor's and master's programs at SJSU (per University Policy F19-1). Sometimes they may also satisfy the requirements for a credential. Students in these programs pursue a bachelor's and master's degree simultaneously. These program allow students to earn graduate credit while in their junior and/or senior year, reducing the number of semesters required for completion of a master's degree.

Child and Adolescent Development, BA + Early Childhood Special Education Credential + Special Education, MA

This Spartan Accelerated Graduate Education (SAGE) program provides a pathway for students to earn a bachelor's degree in Child and Adolescent Development with a focus on early childhood and a master's degree in Special Education with a teaching credential in Early Childhood Special Education. Undergraduates enrolled in the program begin their graduate studies while completing undergraduate requirements. Students who complete this program will have developed a deep understanding of child development, including how to apply this knowledge in the instruction of young children with and without disabilities. Students completing this program will be eligible for endorsement for both the CTC Child Development Permit and the Education Specialist Credential in Early Childhood.

Total SAGE Program Units (BA + Credential + MA) 150

For more information, contact the Child & Adolescent Development Department at childdev@sjsu.edu.

Admissions Requirements

Most frosh and transfer students will become eligible to apply for the SAGE Scholars program in the Fall semester of Year 3 and enter the pathway during their Spring semester of Year 3. As per AA 2012-01, students will not need to apply formally for graduate admission if accepted into this program. To be eligible:

1. Students must have successfully completed a minimum of 60 undergraduate degree applicable units and not more than 120 undergraduate degree applicable units at the time of program entry;
2. Students must be enrolled in or have completed the undergraduate Graduation Writing Assessment Requirement (CHAD 100W) with a C or better;
3. Students must have a minimum 2.75 cumulative GPA;
4. Students must complete the Basic Skills Requirements, in the form of coursework in reading, writing, and math completed with a grade of B- or better, or an equivalent standardized test (e.g., CBEST) by the time of program entry;
5. Students must complete the Subject Matter Competency Requirement (9 units of coursework related to child development and early childhood education) by the time of program entry.

After completing those steps, students will submit a SAGE application to the Department of Special Education. Applications will be processed by the Special Education Department and not through CalState Apply. They are processed without an application fee. With the exception of the letters of recommendation (see below), all application documents should be collated into a single pdf and sent to the Special Education Department via special@sj.edu. This application includes the following components:

1. SJSU SAGE application and tracking form;
2. SPED departmental application form;
3. A Statement of Purpose that explains how they arrived at their decision to become an early childhood special educator and their commitment to complete the requirements for the SAGE program (one to two pages in length, double spaced, 10-12 font type);
4. Transcripts for any coursework completed at other colleges or universities not showing in the students' MySJSU account;
5. Two letters of recommendation addressing the applicant's qualifications and potential for success in the SAGE program (all letters must be written within the past 2 years and must include the date the letter was written, the signature of the recommender, and contact information of the recommender);
6. A Certificate of Clearance from the California Commission on Teacher Credentialing.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Meeting every semester with an academic advisor to plan and track coursework and graduate status. Once the BA is conferred, students meet every semester with their graduate advisor to plan a formal course of study.
- Maintain GPA of 3.0 or higher.
- The proposed graduate Course of Study Plan must be approved by the graduate coordinator before the student may be considered a candidate for the MA degree.
- To convert to graduate status, students must have completed their 45 hours of pre-professional service and all lower division requirements.
- To enter student teaching, students must have completed Subject Matter Competency requirements (in the form of 9 units of coursework related to child development and early childhood education).

- Students must also demonstrate aptitude for advanced work in professional education as measured by instructor appraisals, evaluation of previous academic work, recommendation by qualified professionals, or other assessments
- Demonstrating aptitude for advanced work in professional education as measured by instructor appraisals, evaluation of previous academic work, recommendation by qualified professionals, or other assessments.
- Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are satisfied with required courses in the major: GE Areas B4 and E, and SJSU Studies (S and V). Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units unless they are listed in the University Electives section of the major.

Note that SAGE students must meet the same undergraduate graduation requirements as all Child and Adolescent Development majors, including University and GE requirements, to be conferred the BA. As graduate students, SAGE students must meet all current graduate program requirements. Upon completion of the credential requirements, students must have achieved a SJSU cumulative grade point average of 3.0 in their graduate work order to be recommended for a credential.

Program Requirements (150 units)

Child and Adolescent Development, BA (105 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

University Requirements (38 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass the 100W course with a grade of "C" or better ("C-" not accepted).

- GE Areas A, B, C, D/American Institutions (US123), R 36 unit(s)
- Physical Education 2 unit(s)

Major Requirements (51 units)

Lower Division Core (12 units)

- CHAD 60 - Child Development 3 *unit(s)* (E)
- CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (E)
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- CHAD 80 - Quantitative Analysis in Developmental Science 3 *unit(s)* (B4) (*preferred*) OR STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (May substitute UNVS 15/MATH 15 or SOCS 15/SOCI 15)

Upper Division Core (24 units)

- CHAD 100W - Writing Workshop 3 *unit(s)*

- CHAD 101 - Research Methods in Developmental Science 3 *unit(s)*
- CHAD 164 - Contemporary Parenting 3 *unit(s)*
- CHAD 165 - Risk and Resilience in a Community Context 3 *unit(s)*
- CHAD 168 - Social and Emotional Development 3 *unit(s)*
- CHAD 169 - Motivating Children and Adolescents in Educational Settings 3 *unit(s)*
- CHAD 170 - Cognitive Development in Context 3 *unit(s)*
- CHAD 195 - Senior Seminar in Child & Adolescent Development 3 *unit(s)*

Early Childhood Focus (15 units)

- CHAD 150 - Development of Language and Communicative Competence 3 *unit(s)*
- CHAD 152 - Foundations for Early Childhood Curriculum 3 *unit(s)*
- CHAD 160 - Practicum in Early Childhood Education 3 *unit(s)*
- CHAD 161 - Administration of Early Childhood Programs 3 *unit(s)*
- CHAD 173 - Critical Issues in Infant/Toddler Development 3 *unit(s)*

University Electives (16 units)

Special Education, MA + Early Childhood Special Education Credential (45 units)

Special Education Required Courses (15 units)

- EDSE 102 - Intro to Language Development and Disability 3 *unit(s)* (S)
- EDSE 104 - Early Intervention for Children with Disabilities 3 *unit(s)*
- EDSE 108 - Assessing Young Children 3 *unit(s)*
- EDSE 110 - Students with Autism Spectrum Disorders 3 *unit(s)*
- EDSE 124 - Teach for Social Justice: Language & Disability 3 *unit(s)* (V)

Core Courses (24 units)

- EDSE 154 - Advanced Fieldwork in ESN and ECSE 6 *unit(s)*
- EDSE 192B - All Learners: An Introduction to Disabilities 1 *unit(s)*
- EDSE 192C - Inclusive Strategies for Educating Students with Disabilities 1 *unit(s)*
- EDSE 192D - Introduction to Special Education Policy and Law 1 *unit(s)*
- EDSE 221 - Methods for Young Children with Disabilities 3 *unit(s)*
- EDSE 228A - Topics in Collaboration and Transition 3 *unit(s)*
- EDSE 234 - Early Field Experiences in Special Education 1-3 *unit(s)*
- EDSE 241 - Applying Assistive & Instructional Technology 3 *unit(s)*
- EDSE 279 - Positive Behavior Support 3 *unit(s)*

Research Course (3 units)

- EDSE 285 - Intro to Action Research in Special Education 3 *unit(s)*

Culminating Experience (3 units)

- EDSE 220 - Advanced Research Projects in Special Education 3 *unit(s)*

Total Units Required (150 units)

Child and Adolescent Development, BA + MA

This Spartan Accelerated Graduate Education (SAGE) program provides a pathway for students to earn a bachelor's degree in Child and Adolescent Development with a focus working in community organizations that serve the needs of diverse children, youth, and families. Undergraduates enrolled in the program begin their graduate studies while completing undergraduate requirements. Students who complete this program will have developed a deep understanding of child and adolescent development, the contexts that shape their development, advocacy and collaborative leadership, and how to apply these skills to work in community organizations serving diverse children, youth, and families.

Total SAGE Program Units (BA + MA) 141

For more information, contact the Child & Adolescent Development Department at childdev@sjsu.edu.

Admissions Requirements

Most frosh and transfer students will become eligible to apply for the SAGE Scholars program in the Fall semester of Year 3 and enter the pathway during their Spring semester of Year 3. Applications will be processed by the Department of Child and Adolescent Development and without an application fee. Students will not need to apply formally for graduate admission if accepted into this program. To be eligible:

1. Students must have successfully completed a minimum of 60 undergraduate degree applicable units and not more than 120 undergraduate degree applicable units at the time of program entry;
2. Students must have successfully completed all lower division GE requirements;
3. Students must be enrolled in or have completed the undergraduate Graduation Writing Assessment Requirement (CHAD 100W) with a C or better prior to admission into the program;
4. Students must have a minimum 3.0 GPA in major coursework at time of admission.

Prior to applying to the program, prospective SAGE candidates will:

1. Meet with the ChAD SAGE advisor.
2. Meet with their ChAD Academic Advisor, who must sign the SAGE Application Form and the Course of Study Plan. The form and plan should be routed to the Registrar's Office and a copy should be included in the student application to the department.

After completing those steps, students will submit a Departmental Application. With the exception of the letters of recommendation (see below), all SAGE MA application documents should be collated into a single pdf and sent to the Department of Child and Adolescent Development (childdev@sjsu.edu). This application includes the following components:

1. Departmental application form;
2. A 1-2 page Statement of Purpose that explains their passion and career interests in community organizations, how this program will help them meet their career goals, and their commitment to complete the requirements for the SAGE program (one to two pages in length, double spaced, 10-12 font type);
3. Transcripts for any coursework completed at other colleges or universities not showing in the students' MySJSU account;
4. Two letters of recommendation addressing the applicant's qualifications and potential for success in the SAGE program (all letters must be written within the past 2 years and must include the date the letter was written, the signature of the recommender, and contact information of the recommender).

Applications will be processed by the Department of Child and Adolescent Development and not through CalState Apply. They are processed without an application fee.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Meeting every semester with an academic advisor to plan and track coursework and graduate status. Once the BA is conferred, students meet every semester with their graduate advisor to plan a formal course of study.
- Maintain GPA of 3.0 or higher.
- To convert to graduate status, students must have completed all lower division requirements.
- The proposed graduate program must be approved by the graduate coordinator before the student may be considered a candidate for the MA degree.
- Students are converted to graduate status when they have completed 120 SAGE program-applicable units. The following University Requirements are satisfied with required courses in the major: GE Areas B4 and E. Alternate courses that may satisfy these requirements are not counted in the calculation of the 120 SAGE program-applicable units unless they are listed in the University Electives section of the major.

SAGE students must meet the same undergraduate graduation requirements as all Child and Adolescent Development majors, including University and GE requirements, to be conferred the BA. As graduate students, SAGE students must meet all current graduate program requirements.

Program Requirements (141 units)

Child and Adolescent Development, BA (111 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

University Requirements (41 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass the 100W course with a grade of "C" or better ("C-" not accepted).

- GE Areas A, B, C, D/American Institutions (US123), F, R, S, V 39 *unit(s)*
- Physical Education 2 *unit(s)*

Major Requirements (51 units)

Lower Division Core (12 units)

- CHAD 60 - Child Development 3 *unit(s)* (E)
- CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (E)
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- CHAD 80 - Quantitative Analysis in Developmental Science 3 *unit(s)* (B4) OR STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (May substitute UNVS 15/MATH 15 or SOCS 15/SOCI 15)

Upper Division Core (24 units)

- CHAD 100W - Writing Workshop 3 *unit(s)* (*WID*)
- CHAD 101 - Research Methods in Developmental Science 3 *unit(s)*
- CHAD 162 - Cultural Influences in Childhood and Adolescence 3 *unit(s)*
- CHAD 165 - Risk and Resilience in a Community Context 3 *unit(s)*
- CHAD 168 - Social and Emotional Development 3 *unit(s)*
- CHAD 169 - Motivating Children and Adolescents in Educational Settings 3 *unit(s)*
- CHAD 170 - Cognitive Development in Context 3 *unit(s)*
- CHAD 195 - Senior Seminar in Child & Adolescent Development 3 *unit(s)*

Community Focus Courses (15 units)

- CHAD 104 - Program Evaluation and Assessment in Community-Based Programs 3 *unit(s)*
- CHAD 156 - Social Media and Youth Civic Engagement 3 *unit(s)*
- CHAD 157 - Program Management in Community Organizations 3 *unit(s)*
- CHAD 158 - Practicum in Community Organizations 3 *unit(s)*
- CHAD 163 - Critical Issues in Adolescent Development 3 *unit(s)* OR CHAD 173 - Critical Issues in Infant/Toddler Development 3 *unit(s)*

University Electives and/or Minor (19 units)

Master's Requirements (30 units)

Core Courses (18 units)

- CHAD 260A - Seminar in Child and Adolescent Development: Research 3 *unit(s)* (*GWAR*)
- CHAD 260B - Seminar in Child and Adolescent Development 3 *unit(s)*
- CHAD 262 - Culture and Diversity in Child & Adolescent Development 3 *unit(s)*
- CHAD 266 - U.S. Social Policy Affecting Children and Families 3 *unit(s)*
- CHAD 268 - Seminar in Social and Emotional Development 3 *unit(s)*
- CHAD 270 - Seminar in Cognitive and Language Development 3 *unit(s)*

Interdisciplinary Electives (9 units)

Complete three department-approved elective courses from the department-approved list. Electives may be taken at any time during the MA program. In some circumstances, MA candidates may petition to take an elective not on the list. Candidates should submit a written statement to the Graduate Program Coordinator with the course request and justification.

Recommended Courses:

- CHAD 252 - Community Leadership for Child & Family Wellness 3 *unit(s)*
- CHAD 254 - Professional Practice with Children and Families 3 *unit(s)*
- CHAD 285 - Special Topics in Child & Adolescent Development 3 *unit(s)*

Culminating Experience (3 units)

Complete One Option (Plan A or Plan B):

Plan A (Thesis)

- CHAD 299 - Master's Thesis 3-6 *unit(s)*

Plan B (Project)

- CHAD 298 - Special Studies in Child and Adolescent Development 3-6 *unit(s)*

Total Units Required (141 units)

The standalone Child and Adolescent Development, BA program requires 28 units of University Electives or Minor. Students satisfy 9 of these units in this SAGE Scholars Program with the three MA Interdisciplinary Electives. It is expected that these MA-level graduate courses will require mastery of the more rudimentary knowledge taught at the undergraduate level, and are likely to cover the content of the undergraduate courses that they replace.

Child and Adolescent Development, Preparation for Teaching, BA + Multiple Subject Credential + Teaching, MAT

This Spartan Accelerated Graduate Education (SAGE) program provides a pathway for students to earn a bachelor's degree in Child and Adolescent Development with a focus on K-8 teacher preparation and a Multiple Subject Credential and master's degree in teacher education. Undergraduates enrolled in the program begin their graduate studies while completing undergraduate requirements. Students who complete this program will have developed a deep understanding of child and adolescent development, including how to apply this knowledge to the instruction of children in Kindergarten through 8th grade.

Total SAGE Program Units (BA + Credential + MAT) 166

For more information, contact the Child & Adolescent Development Department at childdev@sjsu.edu.

Admissions Requirements

Most frosh and transfer students will become eligible to apply for the SAGE Scholars program in the Fall semester of Year 3 and enter the pathway during their Spring semester of Year 3. As per AA 2012-01, students will not need to apply formally for graduate admission if accepted into this program. To be eligible:

1. Students must have successfully completed a minimum of 60 undergraduate degree applicable units and not more than 120 undergraduate degree applicable units at the time of program entry;
2. Students must be enrolled in or have completed the undergraduate Graduation Writing Assessment Requirement (CHAD 100W) with a C or better;
3. Students must have a minimum 2.75 cumulative GPA over the last 60 semester/90 quarter units across colleges.

Interested students must meet with their ChAD Academic Advisor, who will fill out a SAGE Program worksheet and compose a Course of Study Plan. A copy of both the worksheet and the plan should be included in the student application to the department. The Department of Child and Adolescent Development will submit a SAGE application to the Teacher Education Department. With the exception of the letters of recommendation (see below), all application documents should be collated into a single pdf and sent to the Teacher Education Department via teacher-education@sjsu.edu. This application includes the following components:

1. SJSU SAGE application and tracking form;
2. TED departmental application form;
3. 1-page resume;
4. A 1-2 page statement of purpose that explains how they arrived at their decision to become an early childhood special educator and their commitment to complete the requirements for the SAGE program (one to two pages in length, double spaced, 10-12 font type);
5. Transcripts for any coursework not showing in MySJSU account;
6. Two letters of recommendation addressing the applicant's qualifications and potential for success in the SAGE program (all letters must be written within the past 2 years and must include the date the letter was written, the signature of the recommender, and contact information of the recommender);
7. A Certificate of Clearance from the California Commission on Teacher Credentialing.

Applications are processed by the Teacher Education Department and **not** through CalState Apply. They are processed without an application fee and are reviewed by faculty in the Teacher Education Department. Applicants may be contacted to schedule an admissions interview with the Teacher Education Department.

Graduate Standing Requirements

Requirements for program continuation and advancement to candidacy in the graduate program, include:

- Regularly meet with an academic advisor to plan and track coursework and graduate status. Once the BA is conferred, students meet every semester with their graduate advisor to plan a formal course of study.
- Maintain GPA of 3.0 or higher.
- The proposed graduate Course of Study Plan must be approved by the graduate coordinator before the student may be considered a candidate for the MAT degree.
- To convert to graduate status, students must have completed their 45 hours of pre-professional service and all lower division requirements.
- To enter student teaching, students must have completed Subject Matter Competency requirements (established by the California Commission on Teacher Credentialing).
- Students must also demonstrate aptitude for advanced work in professional education as measured by instructor appraisals, evaluation of previous academic work, recommendation by qualified professionals, or other assessments.
- Students are converted to graduate status when they have completed 120 SAGE program-applicable units.

Note that SAGE students must meet the same undergraduate graduation requirements as all Child and Adolescent Development majors, including University and GE requirements, to be conferred the BA. As graduate students, SAGE students must meet all current graduate program requirements. Upon completion of the credential requirements, students must have achieved a SJSU cumulative grade point average of 3.0 in their graduate work order to be recommended for a credential.

Program Requirements (166 units)

Child and Adolescent Development, BA (117 units)

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

University Requirements (44-45 units)

The Lower and Upper Division General Education requirements may be satisfied by coursework outlined below. To satisfy the Graduation Writing Assessment Requirement (GWAR), students must pass the 100W course with a grade of "C" or better ("C-" not accepted).

- GE Areas A, B1, B2, C, D/American Institutions (US123), F; SJSU Studies Areas R, S, V 39 *unit(s)*
- Physical Education 2 *unit(s)*
- University Electives 3-4 *units*

Major Requirements (39 units)

Lower Division Core (12 units)

- CHAD 60 - Child Development 3 *unit(s)* (E)
- CHAD 70 - Lifespan Development in a Global Context 3 *unit(s)* (E)
- PSYC 1 - Introduction to Psychology 3 *unit(s)* (D)
- CHAD 80 - Quantitative Analysis in Developmental Science 3 *unit(s)* (B4) OR STAT 95 - Elementary Statistics 3 *unit(s)* (B4) (May substitute UNVS 15/MATH 15 or SOCS15/SOCI 15)

Upper Division Core (27 units)

- CHAD 100W - Writing Workshop 3 *unit(s)* (WID)
- CHAD 101 - Research Methods in Developmental Science 3 *unit(s)*
- CHAD 159 - Practicum in K-8 Education 3 *unit(s)*
- CHAD 162 - Cultural Influences in Childhood and Adolescence 3 *unit(s)* OR CHAD 164 - Contemporary Parenting 3 *unit(s)*
- CHAD 163 - Critical Issues in Adolescent Development 3 *unit(s)* OR CHAD 173 - Critical Issues in Infant/Toddler Development 3 *unit(s)*
- CHAD 168 - Social and Emotional Development 3 *unit(s)*
- CHAD 169 - Motivating Children and Adolescents in Educational Settings 3 *unit(s)*
- CHAD 170 - Cognitive Development in Context 3 *unit(s)*
- CHAD 195 - Senior Seminar in Child & Adolescent Development 3 *unit(s)*

Multiple Subjects Preparation Core Curriculum (33-34 units)

Language and Literature (15-16 units)

- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- ENGL 2 - Critical Thinking and Writing 3 *unit(s)* (A3) (ENGL 1B also accepted for transfer students.)
- ENGL 112A - Children's Literature 3 *unit(s)*
- ENGL 103 - Modern English 4 *unit(s)* OR LING 107 - Patterns of English 3 *unit(s)*
- CHAD 135 - Development of Language & Literacy in Children 3 *unit(s)*

Mathematics (9 units)

- MATH 12 - Number Systems 3 *unit(s)* (B4)
- MATH 105 - Concepts in Mathematics, Probability, Statistics 3 *unit(s)*
- MATH 106 - Intuitive Geometry 3 *unit(s)*

Science (3 units)

- ENV5 158 - Environmental Education 3 *unit(s)*

Visual and Performing Arts (3 units)

Complete one course from:

- CA 177 - Interdisciplinary Arts for Teaching 3 *unit(s)*
- ART 39 - Multicultural Arts for Children 3 *unit(s)*
- ART 138 - Elementary Art Methods 3 *unit(s)*
- DANC 148 - Children's Dance 3 *unit(s)*
- TA 167 - Theatre in Education 3 *unit(s)*
- TA 131 - Storytelling 3 *unit(s)*

Physical Education and Health (3 units)

SAGE students complete EDTE 294 instead of CHAD 149.

- EDTE 294 - Research/Practices in Health and Special Education 3 *unit(s)*

Multiple Subject Credential + Teaching, MAT (49 units)

- EDEL 108A - Curriculum: Reading/Language Arts 3 *unit(s)*
- EDEL 108B - Curriculum: Science 3 *unit(s)*
- EDEL 108C - Curriculum: Social Studies 3 *unit(s)*
- EDEL 108D - Curriculum: Mathematics 3 *unit(s)*
- EDEL 143A - Beginning Student-Teaching (Phase I) 1-6 *unit(s)* (4 units required)
- EDEL 143B - Advanced Student-Teaching (Phase II) 1-10 *unit(s)* (10 units required)
- EDEL 143P - Introduction to Student Teaching 1 *unit(s)*
- EDTE 208 - Educational Sociology 3 *unit(s)*
- EDTE 224 - Seminar in Educational Psychology 3 *unit(s)*
- EDTE 250 - Qualitative Research in Education 3 *unit(s)*
- EDTE 260 - Critical Perspectives on Schooling for a Pluralist Democracy 3 *unit(s)*
- EDTE 262 - Classroom Issues in the Language/Literacy Development of L2 Learners 3 *unit(s)*
- EDTE 297C - CalTPA Support 1 *unit(s)* (Course should be taken twice.)
- EDTE 297F - Field Support 1 *unit(s)* (Course should be taken twice.)

Culminating Experience (3 units)

Plan B (Portfolio or Project):

- EDTE 298 - Special Studies in Education 1-6 *unit(s)* (3 units required)

Total Units Required (166 units)

The standalone Child and Adolescent Development, Preparation for Teaching, BA program requires the completion of CHAD 149. Students satisfy this course in this SAGE Scholars Program by completing EDTE 294. Students must

complete a minimum of 120 units to satisfy the bachelor's degree and a minimum of 30 units to satisfy the master's degree. In order to satisfy these requirements, 17 units of the credential count towards the bachelor's degree and 24 units of the credential count towards the master's degree.

SJSU Online

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. These upper division degree completion programs are offered through a special session that requires a separate application process. If interested, please contact one of our Enrollment Counselors for more information.

Interdisciplinary Studies, Educational and Community Leadership Concentration, BA (SJSU Online)

Fully Online Degree Completion Program

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. This upper division degree completion program is offered through a special session that requires a separate application process.

The Interdisciplinary Studies BA Concentration in Educational and Community Leadership, offered by the Department of Educational Leadership, empowers students to take a role in promoting change for social justice in their communities. The program is designed to enhance students' opportunities for professional advancement in careers in the fields of education, child and youth services, community organizations, and social services with a curriculum that brings together a variety of academic disciplines that explore societal inequities and methods to accentuate strengths of a community and of its members.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes will be delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times).

Summary of Degree Units

Transfer Units	60
University Graduation Requirements	9
Major Core Requirements	21
Specialization Requirements	15
University Electives	15
Total	120

Program Roadmaps

The 2-Year and 3-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Transfer Units (60 units)

All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better. Applicants must also have completed the Core Lower Division General Education Requirements (39 units), including all four CSU-approved Basics Skills courses, each with a C- or better:

- (A1) Oral Communication/Speech
- (A2) Written English Composition
- (A3) Critical Thinking/Logic
- (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)

GE Area F - Ethnic Studies must be completed with a C- or better to meet the requirement at San Jose State University.

Applicants interested in selecting the Early Childhood Education Specialization must have or find access for field placement in a suitable early childhood setting.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements (39 units) must be completed before transferring from a community college or any university.

Upper Division General Education (9 units)

Of the 9 units required by the university, 0 units may be satisfied by coursework outlined below. Consult your major advisor before selecting courses to satisfy the Upper Division General Education Requirements.

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GVAR may be found in the Undergraduate University Graduation Requirements (GVAR) section.

This requirement is fulfilled in this major with:

- CHAD 100W - Writing Workshop 3 *unit(s)* (*WID*)

Major Requirements (36 units)

Required Core (21 units)

- CHAD 100W - Writing Workshop 3 *unit(s)* (*WID*)
- CHAD 101 - Research Methods in Developmental Science 3 *unit(s)*
- EDSE 241 - Applying Assistive & Instructional Technology 3 *unit(s)*
- EDLD 110 - Introduction to Educational and Community Leadership 3 *unit(s)*
- EDLD 120 - The Right to Learn: Language, Dignity, and Education 3 *unit(s)*
- EDLD 140 - Identity, Solidarity, and Social Justice Leadership 3 *unit(s)*
- EDSP 150 - Communication, Leadership, and Social Justice 3 *unit(s)*

Specialization (15 units)

Complete one of the following specialization:

Early Childhood Education

Must have or find access for field placement in a suitable early childhood setting to complete this specialization.

- CHAD 60 - Child Development 3 *unit(s)* (*E*)
- CHAD 152 - Foundations for Early Childhood Curriculum 3 *unit(s)*
- CHAD 160 - Practicum in Early Childhood Education 3 *unit(s)*
- CHAD 161 - Administration of Early Childhood Programs 3 *unit(s)*
- CHAD 164 - Contemporary Parenting 3 *unit(s)*

Inclusive Education

- EDEL 102 - Psychological Foundations of Education 3 *unit(s)*
- EDEL 108E - Teaching Reading in Linguistically and Culturally Diverse Classrooms 3 *unit(s)*
- EDSP 110 - Survey of Communication Disorders 3 *unit(s)*
- EDSE 224 - Methods for Emergent Bilinguals with Disabilities 1-3 *unit(s)* (3 *units* required)
- EDSE 228A - Topics in Collaboration and Transition 3 *unit(s)*

University Electives (15 units)

May include lower or upper division, at least 9 units must be upper division.

Total Units Required (120 units)

Charles W. Davidson College of Engineering

- Overview
- Engineering Student Success Center (ESSC)

Email: engineering@sjsu.edu

Website: engineering.sjsu.edu

Leadership:

Sheryl Ehrman, Dean

Nicole Okamoto, Associate Dean for Undergraduate Programs and Student Success

Raymond Yee, Associate Dean of Extended Studies

Xiao Su, Associate Dean of Graduate Studies and Research

Overview

The Charles W. Davidson College of Engineering offers undergraduate and graduate programs in Aerospace Engineering; Aviation (BS only); Biomedical, Chemical and Materials Engineering; Civil and Environmental Engineering; Computer and Software Engineering; Electrical Engineering; Engineering Technology, Interdisciplinary Engineering; Industrial and Systems Engineering; and Mechanical Engineering. Additional graduate programs are offered in Artificial Intelligence, Engineering Management, Human Factors/Ergonomics, and Quantum Technology. Each department offers a variety of major and minor programs which are identified in their respective parts of this catalog.

Engineering Student Success Center (ESSC)

Office: Engineering Building 116

Telephone: 408-924-3990

Email: success-engineering@sjsu.edu

Website: www.sjsu.edu/essc

The mission of the Engineering Student Success Center (ESSC) is to empower engineering students from application to graduation, support their academic and personal growth, and engage them as lifetime members of the college learning community. The ESSC will provide programs and advising for undergraduate and graduate students in the

College of Engineering that support students' smooth transition to SJSU, their transformation into active learners and owners of their academic careers, and promote their personal and professional development.

The Community for Engineering Learning and Living (CELL) is a themed living community offered by the University Housing Services for first year engineering students. CELL's objectives are to provide a cooperative learning environment, to encourage and build the engineering community and to foster a sense of belonging and responsibility to the community. Through facilitated study groups, CELL students will experience the academic support and cooperation of a community committed to academic success. CELL students will have regular access to faculty, advisors and industry professionals through workshops and programs. CELL is about shared experiences and creating a vibrant and caring engineering community.

MESA Engineering Program

Office: Engineering Building 366

Telephone: 408-924-3830

Email: mesa.engineering@sjsu.edu

The MESA Engineering Program and the Women in Engineering Program work to increase the number of graduates entering the engineering profession from traditionally under-represented and economically disadvantaged groups. The MESA Engineering Program actively recruits students, provides support services until graduation and acts as liaison with companies offering employment experiences. It assists students with admissions, academic and personal counseling, financial aid and scholarships, and registration. The MESA Engineering Program also maintains a study center for tutoring, workshops, individual and group study and social functions. A summer job placement program assists students in obtaining jobs in industry.

Preparation for Engineering Programs

To prepare for engineering, the high school student should take as much advanced math and science as possible, as well as high school engineering and technology courses that may be available at their school. Students with scores of 3 or above on the AP Calculus exams may be able to reduce the number of math courses taken at SJSU; students who are not calculus-ready on entrance may take a longer time to graduate. Students transferring from California community colleges will be given junior level standing in the major if they have successfully completed the following course work:

- 12 semester units of calculus and differential equations
- 5-10 semester units of chemistry
- 8-13 semester units of physics which require calculus as a prerequisite
- 10-14 units of lower division engineering appropriate to their engineering major

All engineering majors require certain coursework (typically two semesters of calculus and one of calculus-based physics) before transfer. Completion of supplemental major-specific coursework will result in improved chances for admission and shorter time to graduation. The list of required and supplemental courses for each major can be found [here](#). Transfer students should use assist.org or this SJSU online catalog to determine the specific lower division requirements of their major. Graduation following two academic years of study is possible if the student completes all lower division units before transfer, satisfactorily completes the required upper division coursework and remains in good standing in the major.

Preparation for Technology and Aviation Programs

To prepare for technology and aviation majors, the high school student should take industrial technology classes such as electronics, computer-aided design, and manufacturing, or any engineering classes offered at their school,

and should complete courses in physics, chemistry, and pre-calculus or calculus. Community college students are urged to complete as many of the lower division requirements as possible in chemistry, physics, mathematics and technology or aviation at the community college.

Progress to Degree Requirements

All College of Engineering undergraduates are required to stay in good standing in their major by maintaining a Major GPA of 2.0 or above. The Major GPA includes all courses required for the major, including both lower and upper division math, science, engineering, technology, aviation or business courses required by their major. Some departments have additional grade requirements for individual courses, groups of courses or all courses taken in their department. See departmental sections for these requirements. Additional university GPA requirements are specified elsewhere in this catalog. The Engineering Major Academic Notice Policy can be found on the Engineering Student Success Center website.

Incoming Engineering frosh, or other students seeking to change major into Engineering, must complete MATH 30 (or 30X), MATH 31 (or 31X) and PHYS 50 within their first 60 units at SJSU. Change of major information can be found on the Engineering Student Success Center website.

General Education Requirements

Of the 51 units required by the university up to 30 units may be satisfied by specified major and support requirements for most programs. Most engineering majors may satisfy the remaining units by taking AMS 1A-AMS 1B or courses covering similar requirements (12 units), ENGL 1A (3 units), Oral Communication (3 units) and Ethnic Studies (3 units). Transfer students may satisfy core GE through the IGETC or CSU breadth requirements. Students should consult advisors in the Engineering Student Success Center for details for their specific programs.

Undergraduate Programs Offered

The College of Engineering offers BS degrees in:

- Aerospace Engineering, BS
- Aviation, BS
- Biomedical Engineering, BS
- Chemical Engineering, BS
- Civil Engineering, BS
- Computer Engineering, BS
- Electrical Engineering, BS
- Engineering Technology, Computer Network System Management (CNSM) Concentration, BS
- Engineering Technology, Manufacturing Systems Concentration, BS
- Industrial and Systems Engineering, BS
- Interdisciplinary Engineering, BS
- Interdisciplinary Engineering, BS (SJSU Online) (Currently Not Accepting Students)
- Materials Engineering, BS
- Mechanical Engineering, BS
- Software Engineering, BS

Please see the Majors and Programs or Colleges and Departments listings in this catalog for information about each undergraduate major.

Graduate Programs Offered

The College of Engineering offers graduate work leading to Master of Science degrees in:

- Aerospace Engineering, MS
- Artificial Intelligence, MS
- Biomedical Engineering, MS
- Biomedical Engineering, Biomedical Devices Concentration, MS
- Chemical Engineering, MS
- Civil Engineering, MS
- Computer Engineering, MS
- Electrical Engineering, MS
- Engineering Management, MS
- Engineering Technology, MS
- Engineering, Electronic Materials and Devices Concentration, MS (Discontinued Eff Fall 2024)
- Engineering, MS
- Human Factors/Ergonomics, MS
- Human Factors/Ergonomics, User Experience Concentration, MS
- Industrial and Systems Engineering, MS
- Materials Engineering, MS
- Mechanical Engineering, MS
- Quantum Technology, MS (offered jointly by Departments of Electrical Engineering and Physics and Astronomy)
- Software Engineering, MS

Graduate work offered by the College of Engineering reflects and supports the advanced scientific and technological endeavor which is typical of California industry, government and business.

Departmental curricula provide full- and part-time students the opportunity either to obtain master's degrees or to take specialized courses to improve job capabilities.

The Master of Science in Engineering offered by the Interdisciplinary Engineering program has unique, interdisciplinary characteristics which may be particularly appealing to persons with a bachelor's degree in engineering who are currently working in a technical management area and wish to extend their education.

For students whose native language is not English please see the English Language Proficiency (ELP) test requirements on the Graduate Admissions website. Students who meet this and the requirements for admission to the Graduate Division as outlined in this catalog should see individual department listings for requirements for admission to classified standing, conditionally classified standing and advancement to candidacy for the specific degree in engineering.

In addition to departmental requirements, the University requires that all graduate students demonstrate competency in written English as a condition for advancement to candidacy. Please refer to the SJSU catalog section titled "Graduation Writing Assessment Requirement (GWAR)" for details. Each graduate program has a designated GWAR course embedded within the program degree requirements. In addition, all graduates must complete an acceptable thesis, project or comprehensive examination.

Engineering Extended Studies (EES)

Engineering Extended Studies (EES) Department at San Jose State University within the Charles W. Davidson College of Engineering supports innovative programs and continuous learning in a climate of constant disruption.

Undergraduate Major(s)

Aerospace Engineering, BS

The Aerospace Engineering BS, offered by the Department of Aerospace Engineering, is based on a strong core of mathematics, science, and engineering science and is designed to prepare students for professional careers in aerospace engineering fields, such as aircraft and space systems research, design, development, testing, and integration. It also provides excellent preparation for graduate study. The Aerospace Engineering Bachelor of Science degree program is accredited by the Engineering Accreditation Commission of ABET, under the General Program Criteria and the Aerospace and Similarly Named Engineering Programs Program Criteria.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	21
Major Preparation	36
Major Requirements	63
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

Students in this major must complete all courses in Required in the Major (All courses in Preparation, Core, and Concentration/Specialization) with a "C or better" to graduate.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (15 units)

Of the 39 units required by the university, 24 units may be satisfied by coursework outlined below and General Education waivers. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Of the 39 units, the following 15 units are not satisfied in the major:

- GE Area A1 3 *unit(s)*
- GE Area A2 3 *unit(s)*
- GE Area C1 3 *unit(s)*
- GE Area C2 3 *unit(s)*

- GE Area F 3 *unit(s)*

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)

- POLS 170V - American Politics in Global Perspective 3 unit(s) (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (36 units)

To qualify for a baccalaureate degree in Aerospace Engineering, a student must receive a grade of "C" or better in all courses in preparation for the major.

- CHEM 1A - General Chemistry 5 unit(s) (B1+B3)
- ENGL 1B - Argument and Analysis 3 unit(s) (C2) (or equivalent second semester composition course.)
- MATH 30 - Calculus I 3 unit(s) (B4)
- MATH 31 - Calculus II 4 unit(s) (B4)
- MATH 32 - Calculus III 3 unit(s) (B4)
- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 unit(s)
- AE 105 - Mathematical Methods for Aerospace Engineers 3 unit(s)
- PHYS 50 - General Physics I: Mechanics 4 unit(s) (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 unit(s) (B1+B3)
- PHYS 52 - General Physics III: Waves, Light, Heat 4 unit(s) (B1+B3)

Major Requirements (63 units)

To qualify for a baccalaureate degree in Aerospace Engineering, a student must receive a grade of "C" or better in all courses required for the major.

Core Courses (13 units)

- EE 98 - Introduction to Circuit Analysis 3 unit(s)
- ENGR 10 - Introduction to Engineering 3 unit(s) (E)
- ENGR 100W - Engineering Reports 3 unit(s) (WID+R)
- AE 20 - Computer-Aided Design for Aerospace Engineers 2 unit(s)
- AE 30 - Computer Programming for Aerospace Engineers 2 unit(s)

Required Courses (39 units)

- AE 112 - Aerospace Structures and Materials I 4 unit(s)
- AE 114 - Aerospace Structures and Materials II 3 unit(s)

- AE 138 - Vector-Based Dynamics for Aerospace Applications 3 *unit(s)*
- AE 140 - Rigid Body Dynamics 3 *unit(s)*
- AE 157 - Aerospace Automatic Control Systems Design 3 *unit(s)*
- AE 160 - Aerodynamics I 3 *unit(s)*
- AE 162 - Aerodynamics II 3 *unit(s)*
- AE 164 - Aerothermodynamics 5 *unit(s)*
- AE 165 - Aerospace Flight Mechanics 3 *unit(s)*
- AE 167 - Aerospace Propulsion 3 *unit(s)* OR AE 267 - Space Propulsion Systems 3 *unit(s)*
- AE 168 - Aerospace Vehicle Dynamics and Control 3 *unit(s)*

Numerical Methods / Simulation Course

Complete one course:

- AE 119 - Finite Element Analysis for Aerospace Applications 3 *unit(s)*
- AE 149 - Advanced Dynamics and Simulation 3 *unit(s)*
- AE 169 - Computational Fluid Dynamics 3 *unit(s)*

Capstone (8 units)

Complete one of the following options:

Option 1: Aircraft Design

- AE 171A - Aircraft Design I 3 *unit(s)* (S)
- AE 171B - Aircraft Design II 3 *unit(s)* (V)
- ENGR 195A - Global and Social Issues in Engineering 1 *unit(s)* (S)
- ENGR 195B - Global and Social Issues in Engineering 1 *unit(s)* (V)

Option 2: Spacecraft Design

- AE 172A - Spacecraft Design I 3 *unit(s)* (S)
- AE 172B - Spacecraft Design II 3 *unit(s)* (V)
- ENGR 195A - Global and Social Issues in Engineering 1 *unit(s)* (S)
- ENGR 195B - Global and Social Issues in Engineering 1 *unit(s)* (V)

Technical Electives (3 units)

A technical elective may be chosen from the following list:

- AE 110 - Space Systems Engineering 3 *unit(s)*
- AE 119 - Finite Element Analysis for Aerospace Applications 3 *unit(s)*
- AE 142 - Astrodynamics 3 *unit(s)*
- AE 149 - Advanced Dynamics and Simulation 3 *unit(s)*
- AE 166 - Rocketry 3 *unit(s)*
- AE 169 - Computational Fluid Dynamics 3 *unit(s)*
- AE 173 - Uncrewed Air Vehicle Design 3 *unit(s)*

- AE 180 - Individual Studies 1-3 *unit(s)* (project must be approved by AE Department Chair)
- AE 199 - Special Topics in Aerospace Engineering 1-4 *unit(s)* (course must be approved by AE Department Chair)
Students with GPA 2.7 or higher may take an MSAE course as their elective

Non-AE courses from any of the topical lists below are also eligible

Design/Manufacturing

- ME 110 - Manufacturing Processes 3 *unit(s)*
- ME 136 - Design for Manufacturability 3 *unit(s)*
- ME 154 - Mechanical Engineering Design 4 *unit(s)*
- ME 165 - Computer-Aided Design in Mechanical Engineering 3 *unit(s)*
- ISE 114 - Safety Engineering 3 *unit(s)*

Management/Economics

- ISE 102 - Engineering Economic Systems 3 *unit(s)*
- ISE 105 - Introduction to Systems Engineering 3 *unit(s)*
- ISE 151 - Engineering Management Systems in Global Society 3 *unit(s)*

Mathematics, Numerical Methods & Modeling

- MATH 112 - Vector Calculus 3 *unit(s)*
- MATH 129B - Linear Algebra II 3 *unit(s)*
- MATH 133B - Partial Differential Equations 3 *unit(s)*
- MATH 143M - Numerical Analysis and Scientific Computing 3 *unit(s)*
- ISE 130 - Engineering Probability and Statistics 3 *unit(s)*
- ISE 170 - Operation Research 3 *unit(s)*

Materials

- MATE 131 - Fundamentals of Additive Manufacturing 3 *unit(s)*
- MATE 135 - Introduction to Composite Materials 3 *unit(s)*

Physics

- ASTR 117A - Astrophysics I 3 *unit(s)*
- ASTR 117B - Astrophysics II 3 *unit(s)*
- PHYS 105A - Advanced Mechanics I 4 *unit(s)*
- PHYS 105B - Advanced Mechanics II 3 *unit(s)*
- PHYS 120A - Electronics, Data Acquisition & Analysis 3 *unit(s)*
- PHYS 120C - Advanced Physics Lab: Optics and Lasers 3 *unit(s)*
- PHYS 158 - Modern Optics 3 *unit(s)*
- PHYS 160 - Thermodynamics and Statistical Physics 3 *unit(s)*

Structures

- CE 160 - Structural Analysis 3 *unit(s)*

Thermal/Fluids

- ME 114 - Heat Transfer 3 *unit(s)*
- ME 149 - Engineering Acoustics 3 *unit(s)*

Controls/Mechatronics

- ME 106 - Fundamentals of Mechatronics Engineering 4 *unit(s)*

Total Units Required (120 units)

Aviation, BS

The Aviation BS degree is offered by the Department of Aviation and Technology. The curriculum provides a four-year pattern of coursework for those interested in the several different aspects of aviation. In addition to the required course work in general education, aviation, science and business, the student has the opportunity to choose one of four options - Professional Flight, Flight Operations, Aviation Management, or Maintenance Management.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	30
Major Preparation	20
Major Requirements	27
Specialization	43
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Preparation and Required in Major (all courses in preparation, core, and concentration) must be completed with a grade of "C-" or better. With the exception of ENGR 100W which must be completed with a grade of "C" or better.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (24 units)

Of the 39 units required by the university, 15 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a grade of "C-" or better to meet the requirement. Consult with a major advisor for details. Of the 39 units, the following 24 units are not satisfied in the major:

- GE Area A English Language Communication and Critical Thinking 9 unit(s)
- GE Area C Arts and Letters 9 unit(s)
- GE Area E Human Understanding and Development 3 unit(s)
- GE Area F Ethnic Studies 3 unit(s)

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (20 units)

- BUS2 90 - Business Statistics 3 *unit(s)*
- GE Area B2 3 *unit(s)*
- MATH 71 - Calculus for Business and Aviation 3 *unit(s)* (B4) (MATH 30 or MATH 30X may be used in lieu of MATH 71)

Accounting (3 units)

Complete one course:

- BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS1 20N - Survey of Accounting 3 *unit(s)*

Physics (8 units)

Complete one sequence:

Physics A

- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)

Physics B

- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3) (Students may use PHYS 2B instead of PHYS 51)

Major Requirements (70 units)

To qualify for a baccalaureate degree in Aviation, students must earn a grade of "C-" or better in each required major and preparation course.

Core Courses (27 units)

- AVIA 78 - Introduction to Aviation Management 3 *unit(s)*

- AVIA 128 - Aviation Safety and Security 3 *unit(s)*
- AVIA 141 - Human Factors in Aviation 3 *unit(s)*
- AVIA 173 - Aviation Law 3 *unit(s)*
- AVIA 176 - Airline Operations and Management 3 *unit(s)*
- AVIA 190 - Senior Capstone Seminar 3 *unit(s)*
- AVIA 198 - Aviation and Human Civilization 3 *unit(s)* (V) (*any course in Area V may be substituted*)
- BUS3 186 - Professional and Business Ethics 3 *unit(s)* (S)
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)

Specialized Courses (43 units)

Choose one specialization.

Flight Operations

- AVIA 1 - Introduction to the Aviation Industry 3 *unit(s)*
- AVIA 31 - Aircraft Theory and Design 3 *unit(s)*
- AVIA 42 - Aircraft Systems 3 *unit(s)*
- AVIA 43 - Propulsion Theory 3 *unit(s)*
- AVIA 68 - Avionics and Airborne Communication 3 *unit(s)*
- AVIA 73 - Air Traffic Control 3 *unit(s)*
- AVIA 91 - Aircraft Turbine Engines 3 *unit(s)*
- AVIA 110 - Aviation Weather 3 *unit(s)*
- AVIA 178 - Airport Planning and Management 3 *unit(s)*
- AVIA 193 - Aerodynamics 3 *unit(s)*
- AVIA 194 - Advanced Aircraft Systems 3 *unit(s)*
- Major Electives 7 *unit(s)*

Complete one course:

- AVIA 177 - General Aviation Operations and Management 3 *unit(s)*
- AVIA 179 - Advanced Airport Planning and Management 3 *unit(s)*
- AVIA 195 - Internship with the Aviation Industry 1-6 *unit(s)*

Professional Flight

Students in the Professional Flight option are required to select an affiliated flight school and earn three FAA pilot ratings. The costs of flight training are not included in the tuition at SJSU.

- AVIA 1 - Introduction to the Aviation Industry 3 *unit(s)*
- AVIA 2 - Private Pilot Ground 3 *unit(s)*
- AVIA 3 - Introduction to Private Pilot Part 141 Flight 2 *unit(s)*
- AVIA 31 - Aircraft Theory and Design 3 *unit(s)*
- AVIA 42 - Aircraft Systems 3 *unit(s)*
- AVIA 43 - Propulsion Theory 3 *unit(s)*
- AVIA 62 - Instrument Pilot Ground 3 *unit(s)*
- AVIA 63 - Instrument Rating Part 141 Flight 2 *unit(s)*

- AVIA 68 - Avionics and Airborne Communication 3 *unit(s)*
- AVIA 73 - Air Traffic Control 3 *unit(s)*
- AVIA 91 - Aircraft Turbine Engines 3 *unit(s)*
- AVIA 110 - Aviation Weather 3 *unit(s)*
- AVIA 112 - Commercial Pilot Ground 3 *unit(s)*
- AVIA 113 - Commercial Professional Pilot Part 141 Flight 2 *unit(s)*
- AVIA 193 - Aerodynamics 3 *unit(s)*
- Major Elective 1 *unit(s)*

Aviation Management

- AVIA 1 - Introduction to the Aviation Industry 3 *unit(s)*
- AVIA 31 - Aircraft Theory and Design 3 *unit(s)*
- AVIA 42 - Aircraft Systems 3 *unit(s)*
- AVIA 43 - Propulsion Theory 3 *unit(s)*
- AVIA 73 - Air Traffic Control 3 *unit(s)*
- AVIA 177 - General Aviation Operations and Management 3 *unit(s)*
- AVIA 178 - Airport Planning and Management 3 *unit(s)*
- AVIA 179 - Advanced Airport Planning and Management 3 *unit(s)*
- BUS1 170 - Fundamentals of Finance 3 *unit(s)*
- BUS5 146 - Fundamentals of Project Management 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- Major Elective 4 *unit(s)*

Requirements for Minor in Business (6 units)

- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*

Business Elective (3 units)

Complete one courses:

- BUS3 150 - Fundamentals of Human Resource Management 3 *unit(s)*
- BUS5 141 - Procurement and Supply Management 3 *unit(s)*
- BUS5 145 - Operations & Supply Chain Strategy 3 *unit(s)*
- BUS5 167 - Managing Environmental Issues 3 *unit(s)*
- BUS5 181 - Introduction to Entrepreneurship 3 *unit(s)*

Maintenance Management

Airframes and Powerplants (A&P) coursework (30 units)

In order to complete this option, a student must complete an AS-level FAA-approved maintenance programs at an accredited community college, such as those listed below, prior to beginning upper division coursework. See <http://avtech.sjsu.edu/departement> for more information.

SJSU Required Courses (13 units)

The following courses are completed at SJSU.

- BUS5 141 - Procurement and Supply Management 3 *unit(s)*
- ECON 1B - Principles of Economics: Microeconomics 3 *unit(s)* (D)
- ISE 155 - Supply Chain Engineering 3 *unit(s)*
- TECH 145 - Lean Manufacturing 3 *unit(s)*
- Major Elective 1 *unit(s)*

Total Units Required (120 units)

Biomedical Engineering, BS

The Department of Biomedical Engineering is home to dynamic BS and MS engineering programs. Being located in the heart of Silicon Valley, we have developed strong ties and long-standing collaborations with the wide variety of biomedical engineering industries that surround us. These include the spectrum from mature companies that are household names enjoying world-wide recognition to startups that are at the brink of the next revolution in technology. The reputation of our educational programs as providing a unique practical approach built on a strong academic foundation continues to attract students. The Biomedical Engineering Bachelor of Science degree program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the General Program Criteria and the Bioengineering and Biomedical and Similarly Named Engineering Programs Program Criteria.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	18
Major Preparation	45
Major Requirements	60
Total	123

Program Roadmaps

The 4-Year and 5-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your academic advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

All courses required in the major, including all electives, must be completed with a grade of C- or better. This includes all courses in the following sections: Preparation for the Major, Requirements of the Major Core Courses, Biomedical Engineering Required Courses. Note that ENGR 100W, BME 198A, BME 198B, ENGR 195A, AND ENGR 195B must be completed with a grade of C or better.

Prerequisite Requirements

Enrollment in any chemistry course requires that the prerequisite courses be passed with a grade of "C or better" (C- not accepted). Exceptions may be made only with instructor consent or if not explicitly stated in the course description. Refer to the SJSU Course Catalog for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (12 units)

Of the 39 units required by the university, 27 units may be satisfied by the coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with GE advisor at the Engineering Student Success Center (ESSC) for details.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by the coursework outlined below. Consult with GE advisor at the Engineering Student Success Center (ESSC) for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (45 units)

- BIOL 30 - Principles of Biology I 4 *unit(s)* (B2+B3)
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 8 - Organic Chemistry 3 *unit(s)*
- CHEM 9 - Organic Chemistry Lab 1 *unit(s)*
- ENGL 1A - First Year Writing 3 *unit(s)* (A2)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2) (or equivalent second semester composition course.)
- MATH 30 - Calculus I 3 *unit(s)* (B4) (or MATH 30X)
- MATH 31 - Calculus II 4 *unit(s)* (B4) (or MATH 31X)
- MATH 32 - Calculus III 3 *unit(s)* (B4) (or MATH 32H or MATH 32X)
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

Differential Equations (3 units)

- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 *unit(s)*
OR
- MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*

Major Requirements (60 units)

Core Courses (11 units)

- BME 25 - Introduction to Biomedical Engineering Design 2 *unit(s)*
- BME 65 - Biomedical Applications of Statics 3 *unit(s)* (*CE 95 or CE 99 also accepted*)
- ENGR 10 - Introduction to Engineering 3 *unit(s)* (*E*)
- ENGR 100W - Engineering Reports 3 *unit(s)* (*WID+R*)

Major Courses (43 units)

- BME 68 - Biomedical Applications of Metals and Ceramics 3 *unit(s)* (*MATE 25 also accepted*)
- BME 115 - Foundations of Biomedical Engineering 4 *unit(s)*
- BME 116 - Biosensors and Bioinstrumentation 3 *unit(s)* (*EE 98 also accepted*)
- BME 117 - Biotransport Phenomena 3 *unit(s)*
- BME 130 - Numerical Methods in Biomedical Engineering 3 *unit(s)*
- BME 133 - Programming Applications in Biomedical Engineering 1 *unit(s)*
- BME 135 - Biomedical Engineering Design Methods 2 *unit(s)*
- BME 147 - Quantitative and Statistical Methods for Biomedical Engineers 3 *unit(s)*
- BME 165 - Applied Engineering Biomechanics 3 *unit(s)*
- BME 168 - Medical and Biological Polymers 3 *unit(s)*
- BME 174 - Biomedical Regulatory Requirements 3 *unit(s)*
- BME 177 - Physiology for Engineers 3 *unit(s)*
- BME 178 - Biomedical Product Realization 3 *unit(s)*
- BME 198A - Senior Design Project I 2 *unit(s)* (*S*)
- BME 198B - Senior Design Project II 2 *unit(s)* (*V*)
- ENGR 195A - Global and Social Issues in Engineering 1 *unit(s)* (*S*)
- ENGR 195B - Global and Social Issues in Engineering 1 *unit(s)* (*V*)

Technical Electives (6 units)

Electives must be selected from the approved departmental list in consultation with the student's academic advisor.

Total Units Required (123 units)

Chemical Engineering, BS

Chemical Engineers combine science with engineering technology to make an essential contribution to many industries, including biotechnology, semiconductor processing, environmental engineering, manufacturing and industrial chemicals. The Chemical Engineering degree also provides a strong foundation for graduate degrees in a range of disciplines. The Department of Chemical and Materials Engineering has excellent laboratory facilities for courses and student research.

The Chemical Engineering Program at SJSU is designed to provide a solid engineering foundation and then allow the student to develop some specialization in an area of interest. The Chemical Engineering Bachelor of Science degree program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the General Program Criteria and the Chemical, Biochemical, Biomolecular and Similarly Named Engineering Programs Program Criteria. The department also offers a combined Chemical Engineering BS + MS program.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	27
Major Preparation	31
Major Requirements	65
Total	123

Program Roadmaps

The 4-Year and 5-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

The following course in Preparation for the Major must be completed with a "C- or Better": ENGL 1B.

The following required courses in the Major Lower Division Core must be satisfied with a "C or better": PHYS 50, MATH 31, and MATH 32 or MATH 32X.

The CHE Sophomore and Junior Core consists of a 2.0 average in {CHE 110A, CHE 110B, CHE 115, CHE 151, CHE 160A, CHE 162 and CHE 190} and ENGR 100W. Students receiving a grade less than "C-" in any CHE Junior Core course will have to repeat the course(s). The Junior Core must be satisfied in order to enroll in Senior Core course(s).

The CHE Senior Core consists of {CHE 161L, CHE 163L, CHE 165A, CHE 165B, CHE 185, CHE 160B, and CHE 158}. Students receiving any grade less than "C-" in a Senior Core course(s) will have to repeat the courses. Students can repeat any ChE Junior or Senior Core course only once. Failure to pass any ChE Junior or Senior Core course with a grade of "C- or better" after the second attempt will result in disqualification from the ChE major.

Prerequisite Requirements

Enrollment in any chemistry course requires that the prerequisite courses be passed with a grade of "C or better" (C- not accepted). Exceptions may be made only with instructor consent or if not explicitly stated in the course description. Refer to the course descriptions for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (15 units)

Of the 39 units required by the university, 24 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Of the 39 units, the following 15 units are not satisfied by the major or the American Institutions courses outlined below:

- GE Area A1 Oral Communication (3 units)

- GE Area A2 Written Communication I (3 units)
- GE Area C1 Arts (3 units)
- GE Area C1 or C2 (3 units)
- GE Area F Ethnic Studies (3 units)

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 unit(s) (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 unit(s) (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 unit(s) (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 unit(s) (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (31 units)

- CHEM 1A - General Chemistry 5 unit(s) (B1+B3)
- CHEM 1B - General Chemistry 5 unit(s) (B1+B3)
- ENGL 1B - Argument and Analysis 3 unit(s) (C2) (or equivalent second semester composition course.)
- MATH 30 - Calculus I 3 unit(s) (B4) (or MATH 30X)
- MATH 31 - Calculus II 4 unit(s) (B4) (or MATH 31X)
- MATH 32 - Calculus III 3 unit(s) (B4) (or MATH 32H or MATH 32X)
- PHYS 50 - General Physics I: Mechanics 4 unit(s) (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 unit(s) (B1+B3)

Major Requirements (65 units)

Core Courses (16 units)

- CE 99 - Introductory Statics 2 unit(s) (CE 95 also accepted.)
- ENGR 10 - Introduction to Engineering 3 unit(s) (E)
- MATE 25 - Introduction to Materials 3 unit(s)
- CHEM 112A - Organic Chemistry 3 unit(s)
- CHEM 112B - Organic Chemistry 3 unit(s)
- CHEM 113A - Organic Chemistry Lab 2 unit(s)

Major Courses (40 units)

- ENGR 100W - Engineering Reports 3 unit(s) (WID+R)
- CHE 110A - Mathematical Methods in Chemical Engineering 2 unit(s) (Transfer students with MATH 33A (C- or better) or MATH 33LA (C- or better) may use these in lieu of CHE 110A.)
- CHE 110B - Computational Methods in Chemical Engineering 2 unit(s)
- CHE 115 - Industrial Chemical Calculations 3 unit(s)
- CHE 151 - Process Engineering Thermodynamics 4 unit(s)

- CHE 158 - Kinetics and Reactor Design 3 *unit(s)*
- CHE 160A - Unit Operations I 4 *unit(s)*
- CHE 160B - Unit Operations II 4 *unit(s)*
- CHE 161L - Undergraduate Chemical Engineering Laboratory 2 *unit(s)*
- CHE 162 - Engineering Statistics and Analysis 2 *unit(s)*
- CHE 163L - Undergraduate Chemical Engineering Laboratory II 2 *unit(s)*
- CHE 165A - Plant Design I 2 *unit(s)*
- CHE 165B - Plant Design II 2 *unit(s)*
- CHE 185 - Chemical Process Dynamics and Control 2 *unit(s)*
- CHE 190 - Introduction to Transport Phenomena 3 *unit(s)*

Technical Electives (9 units)

ABET required upper division chemistry (3 units)

- CHEM 130A - Biochemistry 4 *unit(s)*
- CHEM 135 - General Biochemistry 4 *unit(s)*
- CHEM 161A - Physical Chemistry 3 *unit(s)*

CHE Technical Electives (6 units)

Technical electives can be chosen from designated courses for breadth or focus in one of the four areas of Biochemical Engineering, Environmental Engineering, Semiconductor and Materials Processing, and Alternative Energy and Sustainability with advisor approval.

Total Units Required (123 units)

Civil Engineering, BS

Civil Engineers plan, design and supervise construction of buildings, roadways, bridges, water supply systems, communications networks and transportation systems. Using modern technology, they solve pollution and planning problems and tackle other engineering challenges. The Department of Civil and Environmental Engineering offers both Bachelor's and Master's degree programs. The Civil Engineering Bachelor of Science degree program is accredited by the Engineering Accreditation Commission of ABET, under the General Program Criteria and the Civil and Similarly Named Engineering Programs Program Criteria. It includes course work in construction, environmental, geotechnical, structural, transportation and water resources engineering.

Summary of Degree Units

University Graduation Requirements	30
Major Preparation	32
Major Requirements	58
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

The following course in Preparation for the Major must be completed with a "C- or better": ENGL 1B. Students must earn at least a 2.0 GPA in each Core: Mechanics Core, Foundational Core, Disciplinary Core and Breadth Core.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (15 units)

Of the 39 units required by the university, 24 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (6 units)

Of the 9 units required by the university, 3 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

This requirement is fulfilled in this major with:

- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)

Major Preparation (32 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2) (or equivalent second semester composition course.)
- GEOL 2 - Geology for Engineers 3 *unit(s)*
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 32 - Calculus III 3 *unit(s)* (B4)

- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

Major Requirements (58 units)

Students must earn at least a 2.0 GPA in each Core: Mechanics Core, Foundational Core, Disciplinary Core and Breadth Core.

- CE 95 - Theory and Application of Statics 3 *unit(s)*
- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)

Mechanics Core

Students must earn at least a 2.0 GPA.

- CE 112 - Mechanics of Materials 3 *unit(s)*
- ME 101 - Dynamics 3 *unit(s)*
- ME 111 - Fluid Mechanics 3 *unit(s)*

Foundational Core

Students must earn at least a 2.0 GPA.

- CE 8 - Plane Surveying 3 *unit(s)*
- CE 20 - Engineering Graphics, CAD and Programming 3 *unit(s)* (Taking both ME 20 and ME 30 can be used to satisfy CE 20.)
- CE 120 - Construction Materials Laboratory 1 *unit(s)*
- CE 130 - Civil Engineering Economic Analysis 2 *unit(s)*
- CE 190 - Numerical Solutions of Civil Engineering Problems 2 *unit(s)*
- CE 192 - Probabilistic Models for Civil Engineering Decisions 2 *unit(s)*

Disciplinary Core

Students must earn at least a 2.0 GPA.

- CE 121 - Transportation Engineering 3 *unit(s)*
- CE 131 - Introduction to Construction Engineering 3 *unit(s)*
- CE 140 - Geotechnical Engineering 3 *unit(s)*
- CE 150 - Introduction to Hydrology and Hydraulics 3 *unit(s)*
- CE 160 - Structural Analysis 3 *unit(s)*
- CE 170 - Principles of Environmental Engineering 3 *unit(s)*

Breadth Core

Students must earn at least a 2.0 GPA.

- CE 162 - Structural Concrete Design 3 *unit(s)*

- CE 181 - Civil Engineering Systems 3 *unit(s)*
- Two courses from Civil Engineering electives approved by a major advisor. One of the two Technical Electives must be a design course.

Total Units Required (120 units)

Computer Engineering, BS

The Bachelor of Science degree in Computer Engineering (CMPE), offered by the Department of Computer Engineering, goes beyond programming to include engineering methodologies and hands-on project experience. The program prepares students to become engineers, leaders and entrepreneurs. Course topics range from computer hardware design and embedded systems to software design and construction of real-time systems, virtual systems, and enterprise software. The curriculum integrates concepts and hands-on practice using the latest developments in emerging technologies, design, verification, implementation, and computer systems applications to provide students with advanced hardware and software skills.

High-tech companies seek out our graduates. Our alumni work in hardware/software analysis, design and verification, hardware/software co-design, systems software, domain applications and product testing at many Silicon Valley firms from start-ups to Fortune 100 companies. The Computer Engineering Bachelor of Science degree program is accredited by the Engineering Accreditation Commission of ABET, under the General Program Criteria and the Electrical, Computer, Communications, Telecommunication(s) and Similarly Named Engineering Programs Program Criteria.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	24
Major Preparation	33
Major Requirements	66
Total	123

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Preparation and Required in Major (all courses in preparation, core, and concentration) must be completed with a grade of "C- or better". The following Preparation for the Major courses must be completed with a grade of "C or better": MATH 30, MATH 31, PHYS 50 and PHYS 51. CMPE 195A/CMPE 195B and ENGR 195A/ENGR 195B must be completed with C or Better to meet GE Area requirements.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions,

Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (15 units)

Of the 39 units required by the university, 24 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Of the 39 units, the following 15 units are not satisfied by the major or the American Institutions courses outlined below:

- GE Area A1- Oral Communication 3 *units*
- GE Area A2 - Written Communication I 3 *units*
- GE Area C1 - Arts 3 *units*
- GE Area C1 or C2 3 *units*
- GE Area F - Ethnic Studies 3 *units*

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GVAR may be found in the Graduation Writing Assessment Requirement (GVAR) section.

This requirement is fulfilled in this major with:

- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)

Major Preparation (33 units)

Students must complete the following courses with "C" or better to graduate: MATH 30, MATH 31, PHYS 50, PHYS 51. The remaining courses in Preparation for the Major must be completed with "C-" or better to graduate.

- BIOL 10 - The Living World 3 *unit(s)* (B2)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2) (or equivalent second semester composition course.)
- ISE 130 - Engineering Probability and Statistics 3 *unit(s)*
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 32 - Calculus III 3 *unit(s)* (B4)
- MATH 42 - Discrete Mathematics 3 *unit(s)*
- MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

Major Requirements (66 units)

Students must complete all the courses in Core Courses, Required Courses and Approved Upper Division Electives sections with "C-" or better to graduate.

Core Courses (13 units)

- CMPE 30 - Programming Concepts and Methodology 3 unit(s)
- CMPE 50 - Object-Oriented Concepts and Methodology 3 unit(s)
- ENGR 10 - Introduction to Engineering 3 unit(s) (E)
- EE 97 - Introductory Electrical Engineering Laboratory 1 unit(s)
- EE 98 - Introduction to Circuit Analysis 3 unit(s)

Required Courses (46 units)

Note: Must complete CMPE 195A/CMPE 195B and ENGR 195A/ENGR 195B with C or Better to meet GE Area requirements.

- CMPE 102 - Assembly Language Programming 3 unit(s)
- CMPE 110 - Electronics for Computing Systems 3 unit(s)
- CMPE 124 - Digital Design I 3 unit(s)
- CMPE 125 - Digital Design II 3 unit(s)
- CMPE 126 - Algorithms and Data Structure Design 3 unit(s)
- CMPE 127 - Microprocessor Design I 3 unit(s)
- CMPE 130 - Advanced Algorithm Design 3 unit(s)
- CMPE 131 - Software Engineering I 3 unit(s)
- CMPE 140 - Computer Architecture and Design 3 unit(s)
- CMPE 142 - Operating Systems Design 3 unit(s)
- CMPE 146 - Real-Time Embedded System Co-Design 3 unit(s)
- CMPE 148 - Computer Networks I 3 unit(s)
- CMPE 152 - Compiler Design 3 unit(s)
- CMPE 195A - Senior Design Project I 2 unit(s) (S)
- CMPE 195B - Senior Design Project II 3 unit(s) (V)
- ENGR 195A - Global and Social Issues in Engineering 1 unit(s) (S)
- ENGR 195B - Global and Social Issues in Engineering 1 unit(s) (V)

Approved Upper Division Electives (7 units)

Selected in consultation with the student's advisor

Total Units Required (123 units)

Electrical Engineering, BS

The Department of Electrical Engineering at San José State University is a leading provider of engineering talent to Silicon Valley's high-tech industry. Our curriculum is designed to prepare our graduates for the dynamic global society. A very highly qualified and dedicated EE faculty is the strength of the department. The state-of-the-art laboratories, sponsored by industry, provide opportunities for our students to prepare for their profession. The Electrical Engineering Bachelor of Science degree program is accredited by the Engineering Accreditation

Commission of ABET, under the General Program Criteria and the Electrical, Computer, Communications, Telecommunication(s) and Similarly Named Engineering Programs Program Criteria. The department also offers a combined Electrical Engineering BS + MS program.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	21
Major Preparation	33
Major Requirements	69
Total	123

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Major-Specific Graduation Requirements

All required courses in Engineering, Mathematics, and Physics require a "C-" or better to graduate.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (15 units)

Of the 39 units required by the university, 24 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Of the 39 units, the following 15 units are not satisfied by the major or the American Institutions courses outlined below:

- GE Area A1 - Oral Communication 3 *units*
- GE Area A2 - Written Communication I 3 *units*
- GE Area C1 - Arts 3 *units*
- GE Area C1 or C2 3 *units*
- GE Area F - Ethnic Studies 3 *units*

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (33 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2) (or equivalent second semester composition course.)
- MATH 30 - Calculus I 3 *unit(s)* (B4) (or MATH 30X)
- MATH 31 - Calculus II 4 *unit(s)* (B4) (or MATH 31X)
- MATH 32 - Calculus III 3 *unit(s)* (B4) (or MATH 32H or MATH 32X)
- MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)
- PHYS 52 - General Physics III: Waves, Light, Heat 4 *unit(s)* (B1+B3)

Major Requirements (69 units)

Core Courses (13 units)

- EE 30 - Introduction to Programming Micro-Controllers for Electrical Engineering 3 *unit(s)* (CMPE 30 taken at SJSU is also accepted, but courses equivalent to CMPE 30 taken at other colleges/universities are not accepted.)
- EE 97 - Introductory Electrical Engineering Laboratory 1 *unit(s)*
- EE 98 - Introduction to Circuit Analysis 3 *unit(s)*
- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)

Major Courses (44 units)

The 1-unit ENGR 195A and ENGR 195B courses must be concurrently enrolled with the required EE 198A and EE 198B courses, respectively.

- EE 102 - Probability and Statistics in Electrical 3 *unit(s)*
- EE 110 - Circuits and Systems 3 *unit(s)*
- EE 110L - Continuous and Discrete Time Systems Lab 1 *unit(s)*
- EE 112 - Introduction to Signal Processing 3 *unit(s)*
- EE 118 - Digital Logic Circuit Design 4 *unit(s)*
- EE 120 - Microprocessor Based System Design 4 *unit(s)*
- EE 122 - Electronic Design I 4 *unit(s)*
- EE 124 - Electronic Design II 4 *unit(s)*
- EE 128 - Physical Electronics 3 *unit(s)*
- EE 132 - Theory of Automatic Controls 3 *unit(s)* **OR** EE 160 - Principles of Communication Systems 3 *unit(s)*
- EE 140 - Principles of Electromagnetic Fields 3 *unit(s)*
- EE 198A - Senior Design Project I 1 *unit(s)* (S)

- EE 198B - Senior Design Project II 3 *unit(s)* (V)
- ENGR 195A - Global and Social Issues in Engineering 1 *unit(s)* (S)
- ENGR 195B - Global and Social Issues in Engineering 1 *unit(s)* (V)
- MATE 153 - Electronic, Optical, and Magnetic Properties of Materials 3 *unit(s)*

Upper Division Electrical Engineering Electives (12 units)

With preapproval by the Electrical Engineering (EE) Major Advisor, students can take one (1) 3 unit upper division course from another engineering program OR one (1) 3 unit graduate level EE elective course (except EE 210, EE 221, EE 250, EE 275) to substitute for 3 units of upper division EE elective.

Matriculated EE students should visit the EE department website (www.sjsu.edu/ee/) for department policies in course transfers, major probation and major disqualifications.

Total Units Required (123 units)

Engineering Technology, Computer Network System Management (CNSM) Concentration, BS

The Bachelor of Science in Engineering Technology with a concentration in Computer Network System Management (CNSM), offered by the Department of Aviation and Technology, is designed to prepare graduates for the ever-increasing employment opportunities in the field of Computer Network Systems and Management. You will gain knowledge, skills, and practical experiences in the Internet of Things (IoT), network theory and administration, wireless communication, network security and prevention management, and cybersecurity management.

The computer network professional plans for implementation of systems, maintains the software and hardware, monitors the system for potential disturbances, analyzes problems, and develops plans for potential solutions. A computer network specialist professional is a problem solver who assures the network system is operational, secure, and protected at all times against cyber-attacks.

Computer and networking professionals are employed to facilitate the exchange and use of data in an organization in furtherance of organization goals. They also protect individuals, companies, and government organizations and their information throughout the enterprise. This requires that such professionals be knowledgeable about and familiar with constantly changing technologies and security processes. The major priority of the computer networking specialist professional is the day-to-day support that keeps the network functioning and secure.

University Electives 2

Total 120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Preparation and Required in the Major and required Business Minor (all courses in preparation, core, and concentration and minor) must be completed with a grade of "C- or better", with the exception of ENGR 100W which must be completed with a "C" or better.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by courses outlined below and approved waivers. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details. Of the 39 units, the following 21 units are not satisfied by the major or the American Institutions courses outlined below:

- GE Area A1 Oral Communications 3 units
- GE Area A2 Written Communication 3 units
- GE Area A3 Critical Thinking 3 units
- GE Area C1 Arts 3 units
- GE area C2 Letters 3 units
- GE Area C1 or C2 3 units
- GE Area F Ethnic Studies 3 units

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (22 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- TECH 30 - Introduction to Python Programming 3 *unit(s)*
- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
- MATH 71 - Calculus for Business and Aviation 3 *unit(s)* (B4) (*MATH 30 or MATH 30X may be used in lieu of MATH 71*)

Complete one Physics sequence:

- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- OR
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3) (*Students may use PHYS 2B instead of PHYS 51*)

Major Requirements (54 units)

To qualify for a baccalaureate degree in Engineering Technology with a concentration in Computer Network System Management, students must earn a grade of "C-" or better in each major and preparation course. ENGR 100W requires a C or better.

Core (21 units)

- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- TECH 60 - Introduction to Electronics 3 *unit(s)*
- TECH 65 - Introduction to Networks 3 *unit(s)*
- TECH 145 - Lean Manufacturing 3 *unit(s)*
- TECH 190A - Senior Project I 3 *unit(s)*
- TECH 190B - Senior Project II 3 *unit(s)*
- TECH 198 - Technology and Civilization 3 *unit(s)* (V)

Computer Network System Management (CNSM) Concentration (30 units)

- TECH 63 - Analog and Digital Circuits 3 *unit(s)*
- TECH 66 - Network Administration 3 *unit(s)*
- TECH 67 - Introduction to Internet of Things 3 *unit(s)*
- TECH 68 - Internet of Things Systems 3 *unit(s)*
- TECH 136 - Software Quality Management 3 *unit(s)*
- TECH 165 - Wireless Communications Technologies 3 *unit(s)*
- TECH 170 - Connected Products Applications 3 *unit(s)*
- TECH 171 - Network Security & Prevention Management 3 *unit(s)*

- TECH 173 - Cloud Computing System Management 3 *unit(s)*
- TECH 179 - Cyber Security System Management 3 *unit(s)*

Technical Elective (3 units)

Complete three units from any advisor approved upper division TECH or ENGR courses

Business Minor (15 units)

(required for this major)

- BUS1 20 - Financial Accounting 3 *unit(s)* OR BUS1 20N - Survey of Accounting 3 *unit(s)*
- BUS2 90 - Business Statistics 3 *unit(s)* (or equivalent)
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS3 186 - Professional and Business Ethics 3 *unit(s)* (S)

Complete One Course From:

- BUS5 141 - Procurement and Supply Management 3 *unit(s)*
- BUS5 142 - Total Quality Management 3 *unit(s)*
- BUS5 145 - Operations & Supply Chain Strategy 3 *unit(s)*

University Electives (2 unit)

Total Units Required (120 units)

Engineering Technology, Manufacturing Systems Concentration, BS

The Bachelor of Science in Engineering Technology with a concentration in Manufacturing Systems, offered by the Department of Aviation and Technology, is designed to prepare students for technical and management careers in business and industry. Manufacturing Systems prepares you for a career in manufacturing design and management. You will gain knowledge, skills, and practical experiences in innovative manufacturing processes and management, sustainable product design, and sustainable automation and robotics manufacturing practices.

This dynamic and expanding field applies computer design tools and other advanced technologies to the solving of problems in manufacturing systems. A new, strong emphasis on smart manufacturing design practices and sustainable operations will add to your basic and advanced manufacturing design knowledge.

Minor Requirements	15
University Elective	1
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Preparation and Required in the Major and required Business Minor (all courses in preparation, core, concentration, and minor) must be completed with a grade of "C- or better", with the exception of ENGR 100W which must be completed with a "C" or better.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements will apply to this major.

Core Lower Division General Education (21 units)

Of the 39 units required by the university, 18 units may be satisfied by courses outlined below and approved waivers. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details. Of the 39 units, the following 21 units are not satisfied by the major or the American Institutions courses outlined below:

- GE Area A1 Oral Communications *3 units*
- GE Area A2 Written Communication *3 units*
- GE Area A3 Critical Thinking *3 units*
- GE Area C1 Arts *3 units*
- GE Area C2 Letters *3 units*
- GE Area C1 or C2 *3 units*
- GE Area F Ethnic Studies *3 units*

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (22 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- TECH 30 - Introduction to Python Programming 3 *unit(s)*
- MATH 71 - Calculus for Business and Aviation 3 *unit(s)* (B4) (*MATH 30 or MATH 30X may be used in lieu of MATH 71*)
- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)

Complete one Physics sequence:

- PHYS 2A - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- PHYS 2B - Fundamentals of Physics 4 *unit(s)* (B1+B3)
- **OR**
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3) (*Students may use PHYS 2B instead of PHYS 51*)

Major Requirements (52 units)

Core (21 units)

- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- TECH 60 - Introduction to Electronics 3 *unit(s)*
- TECH 65 - Introduction to Networks 3 *unit(s)*
- TECH 145 - Lean Manufacturing 3 *unit(s)*
- TECH 190A - Senior Project I 3 *unit(s)*
- TECH 190B - Senior Project II 3 *unit(s)*
- TECH 198 - Technology and Civilization 3 *unit(s)* (V)

Manufacturing Systems Concentration (30 units)

- TECH 20A - Computer-Aided-Graphics 2 *unit(s)*
- TECH 25 - Introduction to Materials Science and Technology 3 *unit(s)*
- TECH 31 - Quality Assurance and Control 3 *unit(s)*
- TECH 41 - Machine Shop Operations and Safety 1 *unit(s)*
- TECH 45 - Facilities Design & Planning 3 *unit(s)*
- TECH 46 - Machine Operations and Management 3 *unit(s)*

- TECH 115 - Automation and Robotics 3 *unit(s)*
- TECH 140 - Product Design and Prototyping 3 *unit(s)*
- TECH 143 - Polymers and Composites Fabrication Technology 3 *unit(s)*
- TECH 147 - Manufacturing Analysis & Management 3 *unit(s)*
- TECH 149 - Smart Manufacturing 3 *unit(s)*

Technical Elective (1 unit)

Complete one unit from any advisor approved upper division TECH or ENGR courses

Business Minor (15 units)

(required for this major)

- BUS1 20N - Survey of Accounting 3 *unit(s)* OR BUS1 20 - Financial Accounting 3 *unit(s)*
- BUS2 90 - Business Statistics 3 *unit(s)* (or equivalent)
- BUS3 160 - Fundamentals of Management and Organizational Behavior 3 *unit(s)*
- BUS3 186 - Professional and Business Ethics 3 *unit(s)* (S)

Complete One Course From:

- BUS5 141 - Procurement and Supply Management 3 *unit(s)*
- BUS5 142 - Total Quality Management 3 *unit(s)*
- BUS5 145 - Operations & Supply Chain Strategy 3 *unit(s)*

University Elective (1 unit)

Total Units Required (120 units)

Industrial and Systems Engineering, BS

The BS Industrial and Systems Engineering program, offered by the Department of Industrial and Systems Engineering, prepares engineers for a broad scope of systems analysis and design challenges that deal with improving the overall performance of an organization or system. The Industrial and Systems Engineering Bachelor of Science degree program is accredited by the Engineering Accreditation Commission of ABET, under the General Program Criteria and the Industrial and Similarly Named Engineering Programs Program Criteria.

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

ISE 130 must be completed with a "C-" or better. ISE 195A and ISE 195B must be completed with a "C" or better. All Technical Electives Required in the Major must be completed with a "C-" or better. The following courses in Preparation for the Major must also be completed with a "C-" or better: ENGL 1B.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements will apply to this major.

Core Lower Division General Education (15 units)

Of the 39 units required by the university, 24 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details.

Upper Division General Education (3 units)

Of the 9 units required by the university, 6 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (29 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2) (or equivalent second semester composition course.)
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 32 - Calculus III 3 *unit(s)* (B4)
- MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)

- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

Major Requirements (67 units)

ISE 130 must be completed with a "C-" or better. ISE 195A and ISE 195B must be completed with a "C" or better. At least one approved technical elective must be an engineering course and all technical electives must be completed with a grade of "C-" or better.

Core Courses (11 units)

- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
- ME 20 - Design and Graphics 2 *unit(s)*
- MATE 25 - Introduction to Materials 3 *unit(s)*
- CMPE 30 - Programming Concepts and Methodology 3 *unit(s)*

Major Courses (50 units)

- ISE 102 - Engineering Economic Systems 3 *unit(s)*
- ISE 105 - Introduction to Systems Engineering 3 *unit(s)*
- ISE 115 - Lean Integrated Manufacturing 3 *unit(s)*
- ISE 120 - Work Methods Design and Measurement 3 *unit(s)*
- ISE 130 - Engineering Probability and Statistics 3 *unit(s)*
- ISE 131 - Statistical Process Control and Improvement 3 *unit(s)*
- ISE 135 - Design of Experiments 3 *unit(s)*
- ISE 140 - Operations Planning and Control 3 *unit(s)*
- ISE 142 - Service Systems Engineering and Management 3 *unit(s)*
- ISE 151 - Engineering Management Systems in Global Society 3 *unit(s)* (V)
- ISE 155 - Supply Chain Engineering 3 *unit(s)*
- ISE 167 - System Simulation 3 *unit(s)*
- ISE 170 - Operation Research 3 *unit(s)*
- ISE 194 - Analytics Workshop 1 *unit(s)*
- ISE 195A - Senior Industrial Engineering Design I 1 *unit(s)*
- ISE 195B - Senior Industrial Engineering Design II 3 *unit(s)*
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- CMPE 131 - Software Engineering I 3 *unit(s)*

Approved Technical Electives (6 units)

Selected from the approved departmental list in consultation with the student's advisor.

Total Units Required (120 units)

Interdisciplinary Engineering, BS

The Bachelor of Science Interdisciplinary Engineering (formerly General Engineering), offered by the Interdisciplinary Engineering Program, is an interdisciplinary, broadly focused, and customizable program. The program is intended

for students interested in developing engineering skills and knowledge applied across different fields of study or emerging technologies. In the BSIDE curriculum, the first two years focus on courses in math, science and general education areas similar to that of other engineering curricula, but may include prerequisite courses required for upper division studies. The second two years include required engineering depth and breadth elective courses. Students can select one of the pre-approved engineering depth 4-course sequences (12 units) from an engineering program in the college or from a 4-course focused STEM sequence. Two technical elective courses (6 units) can be chosen from other engineering programs or for supplementing the chosen depth courses or meeting the prerequisite courses for a minor. The academic breadth or minor requirement (12 units) allows students to take approved courses based on their career goal or pursue a minor degree, such as: Innovation and Law, Business, Computer Science, Bioinformatics, Green Engineering or Applied Computing for Behavioral and Social Scientists.

- Program Learning Outcomes

Summary of Degree Units

University Graduation Requirements	21
Major Preparation	30
Major Core Requirements	12
Interdisciplinary Courses	28
Technical Focus	18
Academic Breadth or Minor	12
Total	121

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

The following courses in Preparation for the Major must be completed with a "C- or better": ENGL 1B.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (15 units)

Of the 39 units required by the university, 24 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Of the 39 units, the following 15 units are not satisfied by the major or the American Institutions courses outlined below:

- GE Area A1 - Oral Communication 3 *units*
- GE Area A2 - Written Communication I 3 *units*
- GE Area C1 - Arts 3 *units*
- GE Area C1 or C2 3 *units*
- GE Area F 3 *units*

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with a major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 unit(s) (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 unit(s) (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 unit(s) (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 unit(s) (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (30 units)

- BIOL 10 - The Living World 3 unit(s) (B2)
- CHEM 30A - Introductory Chemistry 3 unit(s) (B1+B3)
or CHEM 1A may be used in lieu of CHEM 30A.
- ENGL 1B - Argument and Analysis 3 unit(s) (C2)
or equivalent second semester composition course.
- MATH 30 - Calculus I 3 unit(s) (B4)
or MATH 30X may be used instead of MATH 30.
- MATH 31 - Calculus II 4 unit(s) (B4)
or MATH 31X may be used instead of MATH 31.
- MATH 32 - Calculus III 3 unit(s) (B4)
or MATH 32X may be used instead of MATH 32.
- PHYS 50 - General Physics I: Mechanics 4 unit(s) (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 unit(s) (B1+B3)

Differential Equations or Discrete Math (3 units)

Complete one course:

- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 unit(s)
- MATH 33LA - Differential Equations and Linear Algebra 3 unit(s)
- MATH 42 - Discrete Mathematics 3 unit(s)

Major Requirements (58 units)

Core Courses (12 units)

- CMPE 30 - Programming Concepts and Methodology 3 unit(s) OR CS 46A - Introduction to Programming) 4 unit(s)
- EE 98 - Introduction to Circuit Analysis 3 unit(s)

- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)

Mechanics (3 units)

Complete one course:

- CE 95 - Theory and Application of Statics 3 *unit(s)*
- MATE 25 - Introduction to Materials 3 *unit(s)*

Interdisciplinary Courses (28 units)

Complete the required courses:

- BUS3 186 - Professional and Business Ethics 3 *unit(s)* (S)
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- ENGR 102 - Renewable Energy Engineering 3 *unit(s)*
- ENGR 120 - Programming Concepts for Behavioral and Social Science Applications 3 *unit(s)* OR CS 46B - Introduction to Data Structures 4 *unit(s)*
- ENGR 130 - Introduction to Intellectual Property for Engineers 3 *unit(s)*
- ENGR 199A - Senior Design Project I 1 *unit(s)*
- ENGR 199B - Senior Design Project II 2 *unit(s)*
- ISE 130 - Engineering Probability and Statistics 3 *unit(s)*
- ME 106 - Fundamentals of Mechatronics Engineering 4 *unit(s)*
- TECH 198 - Technology and Civilization 3 *unit(s)* (V)

Technical Focus (18 units)

Must be approved by the advisor.

Engineering or STEM Depth of four course sequence (12 units)

Technical Electives (6 units)

Academic Breadth or Minor (12 units)

Must be approved by the advisor.

Total Units Required (121 units)

Interdisciplinary Engineering, BS (SJSU Online) (Currently Not Accepting Students)

Fully Online Degree Completion Program

The mission of SJSU Online is to expand higher education access and degree attainment for learners requiring a fully online degree pathway. This upper division degree completion program is offered through a special session that requires a separate application process.

Our curriculum for the Degree Completion Program covers three primary areas - engineering management and statistical quality engineering, applied computing, and innovation and law. All three areas are applicable to a wide range of engineering and business practices, provide the skills and knowledge that serve existing and emerging technologies, and can provide a competitive advantage for students interested in opportunities in Interdisciplinary Engineering.

- Program Learning Outcomes

Program Delivery

The program is delivered completely online. Classes will be delivered fully online both asynchronously (no designated days/times) and synchronously (designated days/times convenient for the working learner).

Summary of Degree Units

Transfer Units	63
Interdisciplinary Courses	28
Technical Focus	18
Academic Breadth or Minor	12
Total	121

Program Roadmaps

The 2-Year Roadmaps are available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums).

Transfer Units (63 units)

- All applicants are required to have completed at least 60 transferable semester or 90 quarter units with an overall grade point average of 2.0 or better. However, 63 units of lower division may be completed at the community college.
- Applicants must also have completed the Core Lower Division General Education Requirements, except for GE Area A3 which is waived for this degree (36 units). Of the 36 units, 15 units are fulfilled by math, science, engineering, and second semester composition courses listed below.
- GE Area A3 (Critical Thinking/Logic) is waived for this degree. The remaining three CSU-approved Basics Skills courses must be completed with a C- or better for admission:
 - (A1) Oral Communication/Speech
 - (A2) Written English Composition
 - (B4) Math/Quantitative Reasoning (above the level of intermediate algebra)
- GE Area F - Ethnic Studies must be completed with a C- or better to meet the requirement at San Jose State University.

- Completion of at least 29 units of the Math and Science courses (or equivalents)
 - BIOL 10 - The Living World 3 *unit(s)* (B2+B3)
 - CHEM 30A - Introductory Chemistry 3 *unit(s)* (or CHEM 1A or CHEM 1B) (B1+B3)
 - MATH 30 OR MATH 30X - Calculus I 3 *unit(s)* (B4)
 - MATH 31 OR MATH 31X - Calculus II 4 *unit(s)* (B4)
 - MATH 32 OR MATH 32X - Calculus III 3 *unit(s)* (B4)
 - MATH 33A - Ordinary Differential Equations for SCI & ENGR OR MATH 33LA - Differential Equations and Linear Algebra OR MATH 42 - Discrete Mathematics 3 *unit(s)*
 - PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
 - PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

- Completion of at least 12 units of the Engineering courses (or equivalents):
 - CMPE 30 - Programming Concepts and Methodology 3 *unit(s)* OR CS 46A - Introduction to Programming 4 *unit(s)*
 - EE 98 - Introduction to Circuit Analysis 3 *unit(s)*
 - ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
 - MATE 25 - Introduction to Materials OR CE 95 - Theory and Application of Statics 3 *unit(s)*

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Core Lower Division General Education

The Core Lower Division General Education Requirements, except for GE Area A3 which is waived for this degree, (36 units) must be completed before transferring from a community college or any university.

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult your major advisor before selecting courses to satisfy the Upper Division General Education Requirements.

American Institutions

Recommend completion before transferring from a community college or any university. The American Institutions (AI) Requirement (US123) is normally satisfied with the completion of General Education Area D. Consult your major advisor to confirm you have satisfied the requirement.

Physical Education

The Physical Education Requirement (2 units) is recommended to be completed before transferring from a community college or any university. All SJSU undergraduate students, regardless of major, have an opportunity to expand their knowledge and skills in physical activities. To accommodate students' needs and interests, the university offers a diverse selection of activity courses.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Requirements (58 units)

Interdisciplinary Courses (28 units)

Complete the required courses:

- BUS3 186 - Professional and Business Ethics 3 unit(s) (S)
- ENGR 100W - Engineering Reports 3 unit(s) (WID+R)
- ENGR 102 - Renewable Energy Engineering 3 unit(s)
- ENGR 120 - Programming Concepts for Behavioral and Social Science Applications 3 unit(s)
- ENGR 199A - Senior Design Project I 1 unit(s)
- ENGR 199B - Senior Design Project II 2 unit(s)
- ISE 102 - Engineering Economic Systems 3 unit(s)
- ISE 130 - Engineering Probability and Statistics 3 unit(s)
- ME 106 - Fundamentals of Mechatronics Engineering 4 unit(s)
- TECH 198 - Technology and Civilization 3 unit(s) (V)

Technical Focus (18 units)

Engineering Four Course Sequence (12 units)

- ISE 120 - Work Methods Design and Measurement 3 unit(s)
- ISE 131 - Statistical Process Control and Improvement 3 unit(s)
- ISE 140 - Operations Planning and Control 3 unit(s)
- ISE 151 - Engineering Management Systems in Global Society 3 unit(s)

Technical Electives (6 units)

- ENGR 121 - Data Structures and Algorithms for Behavioral and Social Science Applications 3 unit(s)
- ENGR 122 - Data Technology for Behavioral and Social Science Applications 3 unit(s)

Academic Breadth (12 units)

- ENGR 130 - Introduction to Intellectual Property for Engineers 3 *unit(s)*
- ENGR 131 - Introduction to Patents for Engineers 3 *unit(s)*
- ENGR 195E - Interdisciplinary Computing Project 3 *unit(s)*
- PHIL 137 - Puzzles in Innovation and Law 3 *unit(s)*

Total Units Required (121 units)

Materials Engineering, BS

Materials Engineers design, characterize, and manufacture the "stuff" of our everyday world. Semiconductors, metals, polymers, ceramics, and composites are examples of the materials used to make everything around you - from your computer to the chair you are sitting in, from artificial body parts to the skin of the space shuttle. Materials scientists and engineers work in nanotechnology, biotechnology, aerospace, alternative energy, microelectronics and virtually every industry sector.

Major areas of study are the relationships between materials' structure, properties, processing, and performance. The MatE program, offered by the Department of Chemical and Materials Engineering, stresses the roles of design, development, and process engineering, and also prepares the exceptional student for research and graduate study. The Department has excellent laboratory facilities for courses and student research.

The Materials Engineering Bachelor of Science degree program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the General Program Criteria and the Materials (1), Metallurgical (2), Ceramics (3) and Similarly Named Engineering Programs Program Criteria. The department also offers a combined Materials Engineering BS + MS program.

Summary of Degree Units

University Graduation Requirements	21
Major Preparation	33
Major Requirements	66
Total	120

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

The following course in Preparation for the Major must be completed with a "C- or Better": ENGL 1B.

The following required in the Major Lower Division Core must be satisfied with a "C- or Better": MATH 30, MATH 31, MATH 32, CHE 110A, PHYS 50, PHYS 51, CHEM 1A, CHEM 1B, CE 99 (or CE 95), ME 20, MATE 25, and ENGR 10.

The MATE Junior Core consists of a 2.0 average in {MATE 115, MATE 141, MATE 151, MATE 153, MATE 154 and MATE 155} and ENGR 100W. Students receiving a grade less than "C-" in a Junior Core course may have to repeat the course. The Junior Core must be satisfied in order to enroll in Senior Core courses.

The MATE Senior Core consists of {MATE 186, MATE 195, MATE 198A, MATE 198B, MATE 185, and MATE 152}. Students receiving a grade less than "C-" in a senior core course will have to repeat the course before graduation.

Prerequisite Requirements

Enrollment in any chemistry course requires that the prerequisite courses be passed with a grade of "C or better" (C- not accepted). Exceptions may be made only with instructor consent or if not explicitly stated in the course description. Refer to the course descriptions for specific information regarding course prerequisites.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (15 units)

Of the 39 units required by the university, 24 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Of the 39 units, the following 15 units are not satisfied by the major or the American Institutions courses outlined below:

- GE Area A1 - Oral Communication (3 units)
- GE Area A2 - Written Communication I (3 units)
- GE Area C1 - Arts (3 units)
- GE Area C1 or C2 (3 units)
- GE Area F - Ethnic Studies (3 units)

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 unit(s) (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 unit(s) (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (33 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2) (or equivalent second semester composition course.)
- MATH 30 - Calculus I 3 *unit(s)* (B4) (or MATH 30X)
- MATH 31 - Calculus II 4 *unit(s)* (B4) (or MATH 31X)
- MATH 32 - Calculus III 3 *unit(s)* (B4) (or MATH 32H or MATH 32X)
- CHE 110A - Mathematical Methods in Chemical Engineering 2 *unit(s)*

- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

Major Requirements (66 units)

Core Courses (11 units)

- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- MATE 25 - Introduction to Materials 3 *unit(s)*
- CE 99 - Introductory Statics 2 *unit(s)* (CE 95 also accepted.)

Major Courses (46 units)

- CHE 110B - Computational Methods in Chemical Engineering 2 *unit(s)*
- CHE 161 - Process Safety and Engineering Ethics 1 *unit(s)*
- CHE 162 - Engineering Statistics and Analysis 2 *unit(s)*
- MATE 115 - Structure/Properties of Solids 3 *unit(s)*
- MATE 141 - Structure and Analysis of Materials 3 *unit(s)*
- MATE 146 - Experimental Methods in Materials Characterization 3 *unit(s)*
- MATE 151 - Solid State Thermodynamics 3 *unit(s)*
- MATE 152 - Solid State Kinetics 3 *unit(s)*
- MATE 153 - Electronic, Optical, and Magnetic Properties of Materials 3 *unit(s)*
- MATE 154 - Metals and Alloys 3 *unit(s)*
- MATE 155 - Materials Selection and Process Design 3 *unit(s)*
- MATE 185 - Ceramics 3 *unit(s)*
- MATE 186 - Polymers 3 *unit(s)*
- MATE 195 - Mechanical Behavior of Materials 3 *unit(s)*
- MATE 198A - Senior Design Project 2 *unit(s)* (S)
- MATE 198B - Senior Design Project 2 *unit(s)* (V)
- ME 20 - Design and Graphics 2 *unit(s)*
- ENGR 195A - Global and Social Issues in Engineering 1 *unit(s)* (S)
- ENGR 195B - Global and Social Issues in Engineering 1 *unit(s)* (V)

Technical Electives (9 units)

Electives must be selected from the approved departmental list in consultation with the students' advisor.

Total Units Required (120 units)

Mechanical Engineering, BS

The Department of Mechanical Engineering at San José State University is the major provider of engineering talent to Silicon Valley's high-tech and cross-disciplinary industries. Our curriculum is designed to prepare our graduates for the future needs of society. The department is supported by its world class faculties, state-of-the-art laboratories--sponsored by industry--and an integrated network of professionals and alumni who provide opportunities for our

students to prepare and succeed in their career. The Mechanical Engineering Bachelor of Science degree program is accredited by the Engineering Accreditation Commission of ABET, under the General Program Criteria and the Mechanical and Similarly Named Engineering Programs Program Criteria.

Summary of Degree Units

University Graduation Requirements	21
Major Preparation	33
Major Requirements	71
Total	125

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses required in the major (all courses in preparation for the major, core, required, capstone, and technical electives) must be completed with a grade of "C- or better". The following course in Major Requirements must be completed with a "C or better": ENGR 100W. The following required courses must be completed with a C average or better to earn S and V credit: ME 195A, ME 195B, ENGR 195A, ENGR 195B.

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (15 units)

Of the 39 units required by the university, 24 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Of the 39 units, the following 15 units are not satisfied by the major or the American Institutions courses outlined below:

- GE Area A1 - Oral Communication 3 *unit(s)*
- GE Area A2 - Written Communication I 3 *unit(s)*
- GE Area C1 - Arts 3 *unit(s)*
- GE Area C1 or C2 3 *unit(s)*
- GE Area F - Ethnic Studies 3 *unit(s)*

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. For this major, the Graduation Writing Assessment Requirement (GWAR) is satisfied by a course in the major.

Major Preparation (33 units)

- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2) (or equivalent second semester composition course.)
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- MATH 31 - Calculus II 4 *unit(s)* (B4)
- MATH 32 - Calculus III 3 *unit(s)* (B4)
- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)
- PHYS 52 - General Physics III: Waves, Light, Heat 4 *unit(s)* (B1+B3)

Major Requirements (71 units)

Core Courses (18 units)

- CE 95 - Theory and Application of Statics 3 *unit(s)*
- EE 98 - Introduction to Circuit Analysis 3 *unit(s)*
- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
- MATE 25 - Introduction to Materials 3 *unit(s)*
- ME 20 - Design and Graphics 2 *unit(s)*
- ME 30 - Computer Applications 3 *unit(s)*
- ME 41 - Machine Shop Operations and Safety 1 *unit(s)*

Major Courses (44 units)

- CE 112 - Mechanics of Materials 3 *unit(s)*
- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)
- ME 101 - Dynamics **OR** ME 101H - Honors Dynamics 3 *unit(s)*
- ME 106 - Fundamentals of Mechatronics Engineering 4 *unit(s)*
- ME 111 - Fluid Mechanics 3 *unit(s)*
- ME 113 - Thermodynamics 4 *unit(s)*
- ME 114 - Heat Transfer 3 *unit(s)*
- ME 115 - Thermal Engineering Laboratory 1 *unit(s)*
- ME 120 - Experimental Methods 2 *unit(s)*
- ME 130 - Applied Engineering Analysis 3 *unit(s)*
- ME 147 - Dynamic Systems Vibration and Control 3 *unit(s)*

- ME 154 - Mechanical Engineering Design 4 *unit(s)*
- ME 195A - Senior Design Project I 3 *unit(s)* (S)
- ME 195B - Senior Design Project II 3 *unit(s)* (V)
- ENGR 195A - Global and Social Issues in Engineering 1 *unit(s)* (S)
- ENGR 195B - Global and Social Issues in Engineering 1 *unit(s)* (V)

Required Capstone Courses (3 units)

Complete one course from:

- ME 157 - Mechanical System Design 3 *unit(s)*
- ME 182 - Thermal Systems Design 3 *unit(s)*
- ME 190 - Mechatronics System Design 3 *unit(s)*

Technical Electives (6 units)

Technical electives can be chosen from designated courses for breadth or focus in one of the three areas of mechanical design, mechatronics, or thermal/fluids, with advisor approval.

Total Units Required (125 units)

Software Engineering, BS

The Bachelor of Science degree in Software Engineering (BSSE), offered by the Department of Computer Engineering, goes beyond programming to include engineering methodologies and hands-on project experience. The program prepares students to become qualified engineers for IT leading companies in Silicon Valley and international engineering market by providing them with state-of-the-art engineering methods, emergent technologies, team work experience, and solutions so they are capable to address design, coding, validation, and measurement issues for the construction of large-scale computer systems and software applications in the real world. The Software Engineering Bachelor of Science degree program is accredited by the Engineering Accreditation Commission of ABET, under the General Program Criteria and the Software and Similarly Named Engineering Programs Program Criteria.

Major Requirements	66
Total	123

Program Roadmaps

The 4-Year Roadmap is available online. Roadmaps should be used in consultation with the catalog and your advisor to identify additional requirements for completing the major (for example, course grade minimums). Associate Degrees (ADT) Pathways are also available online.

Major-Specific Graduation Requirements

All courses in the Preparation and Required in Major (all courses in preparation, core, and concentration) must be completed with a grade of "C- or better". The following Preparation for the Major courses must be completed with a grade of "C or better": MATH 30, MATH 31, and PHYS 50. CMPE 195A/CMPE 195B and ENGR 195A/ENGR 195B must be completed with C or better to meet GE Area requirements

University Requirements

Students must satisfy all of the major and Undergraduate University Graduation Requirements, which includes unit, GPA, and residency requirements as well as the below identified General Education, American Institutions, Graduation Writing Assessment, and Physical Education requirements. Courses that meet Undergraduate University Graduation Requirements are noted with an area designation (see Course Note Abbreviations).

Exceptions for University Graduation Requirements apply to this major.

Core Lower Division General Education (15 units)

Of the 39 units required by the university, 24 units may be satisfied by coursework outlined below. Courses that meet GE Areas A1, A2, A3, B4, or F must be passed with a "C-" or better to meet the requirement. Consult with a major advisor for details. Of the 39 units, the following 15 units are not satisfied by the major or the American Institutions courses outlined below:

- GE Area A1 - Oral Communication 3 *units*
- GE Area A2 - Written Communication I 3 *units*
- GE Area C1 - Arts 3 *units*
- GE Area C1 or C2 3 *units*
- GE Area F - Ethnic Studies 3 *units*

Upper Division General Education

Of the 9 units required by the university, 9 units may be satisfied by coursework outlined below. Consult with major advisor for details.

American Institutions (6 units)

Complete one 6-unit sequence of American Institutions (US123) courses, which also satisfies GE Area D. Students may also satisfy the American Institutions Requirement with other courses, but these may not satisfy other GE areas.

The American Studies sequence (AMS 10/AMS 11; 6 units) satisfies the American Institutions Requirement and additional GE Areas (see course descriptions for details).

Consult with a major advisor to select the appropriate sequence.

African American Studies (6 units)

- AFAM 2A - African Americans and the Development of America's History and Government 3 *unit(s)* (D)
- AFAM 2B - African Americans and the Development of America's History and Government 3 *unit(s)* (D+US123)

Asian American Studies (6 units)

- AAS 33A - Asian Americans in U.S. History I 3 *unit(s)* (D)
- AAS 33B - Asian Americans in U.S. History II 3 *unit(s)* (D+US123)

Chicana and Chicano Studies (6 units)

- CCS 10A - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D)
- CCS 10B - Mexican Americans and the Development of U.S. History and Government 3 *unit(s)* (D+US123)

U.S. History and Government (6 units)

Complete One US1: US History Course

- AMS 10 - Stories that Make America 3 *unit(s)* (C2+US1)
- HIST 15 - Essentials of U.S. History 3 *unit(s)* (D+US1)
- HIST 170S - Topics in American History: American Identities and Institutions 3 *unit(s)* (S+US1)

Complete One US23: US Constitution and California Government Course

- AMS 11 - Visions of Democracy 3 *unit(s)* (D+US23)
- POLS 15 - Essentials of U.S. & California Government 3 *unit(s)* (D+US23)
- POLS 16 - Power and Ideas in American Politics 3 *unit(s)* (C2+US23)
- POLS 170V - American Politics in Global Perspective 3 *unit(s)* (V+US23)

Physical Education

The Physical Education Requirement is waived for this major. See the Exceptions for University Graduation Requirements.

Graduation Writing Assessment Requirement (3 units)

At SJSU, students must pass a Writing in the Disciplines (100W) course with a grade of C or better (C- not accepted) to meet graduation requirements. Exceptions to the GWAR may be found in the Graduation Writing Assessment Requirement (GWAR) section.

This requirement is fulfilled in this major with:

- ENGR 100W - Engineering Reports 3 *unit(s)* (WID+R)

Major Preparation (33 units)

Students must complete the following courses with "C" or better to graduate: MATH 30, MATH 31, PHYS 50. The remaining courses in Preparation for the Major must be completed with "C-" or better to graduate.

- BIOL 10 - The Living World 3 *unit(s)* (B2)
- ENGL 1B - Argument and Analysis 3 *unit(s)* (C2) (or equivalent second semester composition course.)
- MATH 30 - Calculus I 3 *unit(s)* (B4)
- MATH 31 - Calculus II 4 *unit(s)* (B4)

- MATH 32 - Calculus III 3 *unit(s)* (B4)
- MATH 42 - Discrete Mathematics 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

Complete One Course From:

- MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*
- MATH 142 - Introduction to Combinatorics 3 *unit(s)*

Complete One Course From:

- ISE 130 - Engineering Probability and Statistics 3 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*

Major Requirements (66 units)

Students must complete all the courses in Core Courses, Required Courses and Approved Upper Division Electives sections with "C-" or better to graduate.

Core Courses (11 units)

- CS 46A - Introduction to Programming 4 *unit(s)*
- CS 46B - Introduction to Data Structures 4 *unit(s)*
- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)

Major Courses (49 units)

Note: Must Complete CMPE 195A/CMPE 195B and ENGR 195A/ENGR 195B with C or Better to meet GE Area requirements

- CMPE 102 - Assembly Language Programming 3 *unit(s)*
- CMPE 120 - Computer Organization and Architecture 3 *unit(s)*
- CMPE 131 - Software Engineering I 3 *unit(s)*
- CMPE 133 - Software Engineering II 3 *unit(s)*
- CMPE 148 - Computer Networks I 3 *unit(s)*
- CMPE 165 - Software Engineering Process Management 3 *unit(s)*
- CMPE 172 - Enterprise Software Platforms 3 *unit(s)*
- CMPE 187 - Software Quality Engineering 3 *unit(s)*
- CMPE 195A - Senior Design Project I 2 *unit(s)* (S)
- CMPE 195B - Senior Design Project II 3 *unit(s)* (V)
- ENGR 195A - Global and Social Issues in Engineering 1 *unit(s)* (S)
- ENGR 195B - Global and Social Issues in Engineering 1 *unit(s)* (V)
- CS 146 - Data Structures and Algorithms 3 *unit(s)*
- CS 149 - Operating Systems 3 *unit(s)*
- CS 151 - Object-Oriented Design 3 *unit(s)*

- CS 157A - Introduction to Database Management Systems 3 *unit(s)*
- CS 166 - Information Security 3 *unit(s)*
- ISE 164 - Computer and Human Interaction 3 *unit(s)*

Approved Upper Division Electives (6 units)

Selected in consultation with the student's advisor

Total Units Required (123 units)

Undergraduate Minor(s)

Aerospace Engineering Minor

The Minor in Aerospace Engineering, offered by the Department of Aerospace Engineering, introduces non-majors to aerospace engineering applications and in particular to the basic principles of the fundamental aerospace engineering disciplines, such as aerodynamics, aerospace structures, materials, flight mechanics, aerospace dynamics, stability, and control.

Students must complete a minimum of 12 units as listed under the course requirements. All of these units must be outside the requirements for the student's major.

Students in majors other than engineering and certain STEM majors may need to take additional courses to meet prerequisites for the courses required in this minor.

Interested students are recommended to meet with an Aerospace Engineering Minor advisor.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (11 units)

- MATH 30 - Calculus I 3 *unit(s)* (B4)
MATH 30X may be used instead of MATH 30.
- MATH 31 - Calculus II 4 *unit(s)* (B4)
MATH 31X may be used instead of MATH 31.
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1B3)

Minor Requirements (13 units)

Required Courses (4 units)

- AE 15 - Air & Space Flight: Past, Present, and Future 1 *unit(s)*

- AE 100 - Fundamentals of Aerospace Engineering 3 *unit(s)*

Elective Courses (9 units)

Upon completion of the **Required Courses**, students must choose at least three (3) elective courses:

- AE 110 - Space Systems Engineering 3 *unit(s)*
- AE 112 - Aerospace Structures and Materials I 4 *unit(s)*
- AE 160 - Aerodynamics I 3 *unit(s)*
- AE 165 - Aerospace Flight Mechanics 3 *unit(s)*
- AE 166 - Rocketry 3 *unit(s)*

Total Units Required (24 units)

AE 160 Note: Aerospace Engineering minors may take any 100W course to meet the corequisite.

Applied Computing for Behavioral and Social Sciences Minor

The Minor in Applied Computing for Behavioral and Social Sciences, offered by the Interdisciplinary Engineering Program, is an interdisciplinary technology pathway program for behavioral and social science students seeking to develop and apply computing knowledge and skills toward real-world problems. Students learn programming languages such as Python and R, develop a working knowledge of data structures and algorithms, and complete a culminating interdisciplinary project.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (12 units)

- ENGR 120 - Programming Concepts for Behavioral and Social Science Applications 3 *unit(s)*
- ENGR 121 - Data Structures and Algorithms for Behavioral and Social Science Applications 3 *unit(s)*
- ENGR 122 - Data Technology for Behavioral and Social Science Applications 3 *unit(s)*
- ENGR 195E - Interdisciplinary Computing Project 3 *unit(s)*

Total Units Required (12 units)

Aviation Minor

A Minor in Aviation, offered by the Department of Aviation and Technology, is granted upon the completion of a coherent course of study and may be designed to fit the needs of a student from another major. The minor must include at least 12 units, six of which must be upper-division. Six units must be completed in residence. Contact the department office (IS 111) for more details.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Biomedical Engineering Minor

Students must complete a minimum of 13 units as listed under the course requirements. All of these units must be outside the requirements for the student's major, i.e., the same courses cannot be listed both on the minor and the major forms. BME 115 (4 units) and BME 177 (3 units) are required for all students taking this minor. In consultation with the Biomedical Engineering advisor, students must select two additional courses from the group of biomedical engineering-based courses. It is the student's responsibility to make sure that the prerequisites for each course are met. Students in majors other than engineering, biology, chemistry, or physics will probably need to take additional courses to meet prerequisites for the courses required for this minor. This sequence of courses is the recommended pattern for engineering majors. Alternative patterns may be approved by the biomedical engineering advisor for students majoring in biology, physics, or chemistry.

Interested students are encouraged to meet with a Biomedical Engineering Department Adviser to fill out the Biomedical Engineering Minor Form.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (13 units)

- BME 115 - Foundations of Biomedical Engineering 4 *unit(s)*
- BME 177 - Physiology for Engineers 3 *unit(s)*

Technical Electives (6 units)

Complete two courses:

- BME 68 - Biomedical Applications of Metals and Ceramics 3 *unit(s)*
- BME 117 - Biotransport Phenomena 3 *unit(s)*
- BME 147 - Quantitative and Statistical Methods for Biomedical Engineers 3 *unit(s)*
- BME 165 - Applied Engineering Biomechanics 3 *unit(s)*
- BME 168 - Medical and Biological Polymers 3 *unit(s)*
- BME 174 - Biomedical Regulatory Requirements 3 *unit(s)*
- BME 178 - Biomedical Product Realization 3 *unit(s)*
- BME 182 - Orthotics and Prosthetics 3 *unit(s)*
- BME 187 - Medical Device Quality Systems 3 *unit(s)*
- BME 188 - Biomedical Device Manufacturing 3 *unit(s)*
- EE 127 - Electronics for Biomedical Applications 3 *unit(s)*

- BME 65 - Biomedical Applications of Statics 3 *unit(s)*
- BME 116 - Biosensors and Bioinstrumentation 3 *unit(s)*

Total Units Required (13 units)

Electronics Minor (Not Accepting Students)

The Minor in Electronics is offered by the Department of Aviation and Technology.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (12 units)

Required Courses (6 units)

Complete Two Courses From:

- TECH 60 - Introduction to Electronics 3 *unit(s)*
- TECH 62 - Analog Circuits 3 *unit(s)*
- TECH 63 - Analog and Digital Circuits 3 *unit(s)*

Other Courses (6 units)

Complete six units from:

- TECH 115 - Automation and Robotics 3 *unit(s)*
- TECH 163 - Telecommunications Systems 3 *unit(s)*
- TECH 165 - Wireless Communications Technologies 3 *unit(s)*
- TECH 167 - Control Systems 3 *unit(s)*

Total Units Required (12 units)

Energy Systems Minor

The Energy Systems Minor, offered by the Department of Mechanical Engineering, covers basic theory and applications related to energy systems, including both conventional systems and alternative approaches for transition away from fossil fuels. The minor covers analysis and design of energy systems including thermal management and HVAC (heating, ventilation, and air conditioning). Focus areas include energy management in manufacturing facilities and HVAC in commercial buildings. Students also choose technical electives that span other contemporary topics in energy systems.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (0-10 units)

Complete one option:

Mechanical Engineering Option

- ME 111 - Fluid Mechanics 3 *unit(s)*
- ME 113 - Thermodynamics 4 *unit(s)*
- ME 114 - Heat Transfer 3 *unit(s)*

Chemical Engineering Option

- CHE 151 - Process Engineering Thermodynamics 4 *unit(s)*
- CHE 190 - Introduction to Transport Phenomena 3 *unit(s)*

Minor Requirements (12 units)

Core Courses (9 units)

- ME 171 - Energy Management in Manufacturing 3 *unit(s)*
- ME 182 - Thermal Systems Design 3 *unit(s)*
- ME 183 - HVAC Systems Design 3 *unit(s)*

Minor Electives (3 units)

Complete one course:

- CHE 176 - Energy Storage Systems 3 *unit(s)*
- ENGR 102 - Renewable Energy Engineering 3 *unit(s)*
- ENVS 133 - Sustainable Energy Strategies 3 *unit(s)*
- ME 170 - Solar Energy Engineering 3 *unit(s)*
- ME 172 - Alternative and Renewable Energy Resources 3 *unit(s)*
- ME 210 - Advanced Thermodynamics 3 *unit(s)*
- ME 211 - Advanced Heat Transfer 3 *unit(s)*

Total Units Required (12-22 units)

Engineering Management Minor

The Minor in Engineering Management is offered by the Department of Industrial and Systems Engineering.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (12 units)

Required Courses (6 units)

- ISE 102 - Engineering Economic Systems 3 *unit(s)*
- ISE 151 - Engineering Management Systems in Global Society 3 *unit(s)* (V)

Additional Requirements (6 units)

Complete two courses from:

- ISE 105 - Introduction to Systems Engineering 3 *unit(s)*
- ISE 142 - Service Systems Engineering and Management 3 *unit(s)*
- ISE 155 - Supply Chain Engineering 3 *unit(s)*

Total Units Required (12 units)

Engineering Technology Minor

The Minor in Engineering Technology is offered by the Department of Aviation and Technology.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Required Courses (9 units)

- TECH 31 - Quality Assurance and Control 3 *unit(s)*
- TECH 145 - Lean Manufacturing 3 *unit(s)*
- TECH 198 - Technology and Civilization 3 *unit(s)* (V)

Other Courses (9 units)

At least 9 units of technical courses chosen from either the Engineering Technology, BS core or the Computer Network System Management or Manufacturing Systems concentrations (a maximum of 6 units of lower division courses).

Total Units Required (18 units)

Green Engineering Minor

Students must complete a minimum of 12 units as listed under the course requirements. All of these units must be outside the requirements for the student's major, i.e., the same courses cannot be listed both on the minor and the major forms. ENGR 102 or ME 172 (3 units) and ISE 103 (3 units) are required for all students taking this minor. Students also take one of the Environmental Studies or Business courses listed below. In consultation with an advisor from the Interdisciplinary Engineering Program, students must select one additional elective course. It is the student's responsibility to make sure that the prerequisites for each course are met. Students in majors other than engineering will probably need to take additional courses to meet prerequisites for the courses required for this minor. This sequence of courses is the recommended pattern for engineering majors.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (12 units)

Core Courses (6 units)

- ISE 103 - Life Cycle Engineering 3 *unit(s)*

Complete One Course From:

- ENGR 102 - Renewable Energy Engineering 3 *unit(s)*
- ME 172 - Alternative and Renewable Energy Resources 3 *unit(s)*

Additional Course (3 units)

Complete one course from:

- ENVS 107 - Introduction to Environmental Economics and Policy 4 *unit(s)*
- ENVS 116 - Solar Energy Analysis 3 *unit(s)*
- ENVS 119 - Energy and the Environment 3 *unit(s)* (R)
- ENVS 132 - Solar Home Design 3 *unit(s)*
- ENVS 148 - Sustainable Materials Management 4 *unit(s)*
- ENVS 167 - Managing Environmental Issues 3 *unit(s)*

Elective (3 units)

One additional course to be selected with and approved by the Green Engineering minor advisor

Total Units Required (12 units)

Innovation and Law Minor

The Minor in Innovation and Law, offered by the Interdisciplinary Engineering Program, provides students the opportunity to learn the basics of legal framework and laws that impact the practices of technology industry and venture development. The program also familiarizes students with the entrepreneurial process and teaches students how to analyze the legal, philosophical, and economic rationales behind defining and protecting intellectual property rights. This minor expands students' educational and career pathways in the legal profession in the areas of technology-related laws.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (18 units)

Required Courses (15 units)

- ENGR 100W - Engineering Reports 3 *unit(s)* (*WID+R*) or Any SJSU 100W (*WID*)
- ENGR 130 - Introduction to Intellectual Property for Engineers 3 *unit(s)*
- ENGR 131 - Introduction to Patents for Engineers 3 *unit(s)*
- BUS5 181 - Introduction to Entrepreneurship 3 *unit(s)*
- PHIL 137 - Puzzles in Innovation and Law 3 *unit(s)*

Elective Course (3 units)

Complete one course from:

- ENGL 107 - Professional and Technical Writing 4 *unit(s)*
- PHIL 134 - Computers, Ethics and Society 3 *unit(s)* (*V*)
- ECON 141 - Law and Economics 4 *unit(s)*
- DSID 135 - Design, Entrepreneurship, Intellectual Property and Professional Practice 3 *unit(s)*
- BUS5 163B - Business and Innovation in Emerging Economies 3 *unit(s)*
- BUS5 182 - Business Plans for New Ventures 3 *unit(s)*
- BUS5 184A - Management of Innovation 3 *unit(s)*
- BUS3 186 - Professional and Business Ethics 3 *unit(s)* (*S*)
- BUS5 186V - Venture Lab 3 *unit(s)*

Total Units Required (18 units)

Manufacturing Minor

The Minor in Manufacturing is offered by the Department of Aviation and Technology.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (12 units)

Required Courses (3 units)

- TECH 46 - Machine Operations and Management 3 *unit(s)*

Manufacturing Electives (9 units)

Complete nine units from:

At least six units must be upper division

- TECH 41 - Machine Shop Operations and Safety 1 *unit(s)*
- TECH 45 - Facilities Design & Planning 3 *unit(s)*
- TECH 140 - Product Design and Prototyping 3 *unit(s)*
- TECH 145 - Lean Manufacturing 3 *unit(s)*
- TECH 147 - Manufacturing Analysis & Management 3 *unit(s)*

Total Units Required (12 units)

Materials Science and Engineering Minor

Students enrolled in good standing in an engineering or science major may complete a Minor in Materials Science and Engineering, offered by the Department of Chemical and Materials Engineering. To be awarded the Minor, which appears on the official diploma and transcript, the student must complete 12 units, all of which must be outside the required courses in the major. The 12 units cannot be counted on both the Minor Form and the Major Form. Either MATE 25 or MATE 115 (or both) must be included in the Minor. The student, in consultation with a Materials Engineering academic advisor, should select 12 units in either the electronic materials option, the structural materials option, or the general materials option. Prerequisites for each course must be met unless the student receives instructor permission to waive them.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Requirements (12 units)

Choose an Option

Electronic Materials and Processing (12 units)

Complete 12 units from:

- MATE 25 - Introduction to Materials 3 *unit(s)*
- MATE 115 - Structure/Properties of Solids 3 *unit(s)*
- MATE 129 - Introduction to Integrated Circuits Processing and Design 3 *unit(s)*
- MATE 141 - Structure and Analysis of Materials 3 *unit(s)*
- MATE 153 - Electronic, Optical, and Magnetic Properties of Materials 3 *unit(s)*

Structural and Mechanical Materials (12 units)

Complete 12 units from:

- MATE 25 - Introduction to Materials 3 *unit(s)*
- MATE 115 - Structure/Properties of Solids 3 *unit(s)*
- MATE 135 - Introduction to Composite Materials 3 *unit(s)*
- MATE 141 - Structure and Analysis of Materials 3 *unit(s)*
- MATE 175 - Biomaterials 3 *unit(s)*
- MATE 185 - Ceramics 3 *unit(s)*
- MATE 186 - Polymers 3 *unit(s)*
- MATE 195 - Mechanical Behavior of Materials 3 *unit(s)*

General Materials (12 units)

- MATE 25 - Introduction to Materials 3 *unit(s)*
- MATE 115 - Structure/Properties of Solids 3 *unit(s)*
- 9 additional units from either of the options above

Total Units Required (12 units)

Robotics Minor

The Robotics Minor offered by the Department of Mechanical Engineering introduces students to the growing field of robotics and provides a concentrated experience in this multidisciplinary field. It covers fundamentals of designing, analyzing, modeling, controlling, and programming robots, and dives deeper in serial linkage - the primary makeup of robot mechanisms. Students will learn Denavit-Hartenberg parameters and descriptions, forward/inverse kinematics and dynamics, Newton's and Euler's Equations, and trajectory planning of serial robots. Students will also learn to effectively operate various serial robots and integrate other systems (such as machine vision) in the laboratory.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (6 units)

- EE 98 - Introduction to Circuit Analysis 3 *unit(s)* **or** PHYS 120A - Electronics, Data Acquisition & Analysis 3 *unit(s)*
- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 *unit(s)* **or** MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*

Minor Requirements (17-18 units)

Required Courses (14-15 units)

Mechanical Engineering majors should consult with a minor advisor about substitutions for classes listed that are already required as part of their major.

- CE 95 - Theory and Application of Statics 3 *unit(s)* **or** CE 99 - Introductory Statics 2 *unit(s)*
- EE 30 - Introduction to Programming Micro-Controllers for Electrical Engineering 3 *unit(s)* **or** CMPE 30 - Programming Concepts and Methodology 3 *unit(s)* **or** other introductory programming class approved by a minor advisor.
- ME 101 - Dynamics 3 *unit(s)*
- ME 106 - Fundamentals of Mechatronics Engineering 4 *unit(s)* (*a different programming class may be substituted for the ME 30 prerequisite as approved by a minor advisor*)
- ME 192 - Robotics and Manufacturing Systems 3 *unit(s)* (*official Robotics minors do not need the ME 130 prerequisite*)

Electives (3 units)

Prerequisites may be waived based on a recommendation from the minor advisor and instructor consent. A 3.0 GPA is required to take 200-level courses. Other courses may be taken with advisor approval. Electives provide advanced coverage in areas such as automatic control system design, dynamic system control, microcontrollers, electronic sensors, and manufacturing automation.

Choose one of the following:

- ME 190 - Mechatronics System Design 3 *unit(s)*
- ME 187 - Automatic Control Systems Design 3 *unit(s)*
- AE 157 - Aerospace Automatic Control Systems Design 3 *unit(s)*
- EE 112 - Introduction to Signal Processing 3 *unit(s)*
- ISE 115 - Lean Integrated Manufacturing 3 *unit(s)*
- ME 280 - Automatic Control Engineering 3 *unit(s)*
- ME 281 - Advanced Control System Design 3 *unit(s)*
- ME 282 - Nonlinear and Adaptive Control 3 *unit(s)*
- ME 283 - Automatic Control of Manufacturing Processes 3 *unit(s)*
- ME 284 - Sensor Technology and Principles 3 *unit(s)*

Total Units Required (23-24 units)

Statistical Quality Engineering Minor

The Minor in Statistical Quality Engineering is offered by the Department of Industrial and Systems Engineering.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Major-Specific Graduation Requirements

All courses in this minor require a grade of "C- or better".

Minor Requirements (12 units)

Required Courses (9 units)

- ISE 131 - Statistical Process Control and Improvement 3 *unit(s)*
- ISE 135 - Design of Experiments 3 *unit(s)*

Complete One Course From:

- ISE 130 - Engineering Probability and Statistics 3 *unit(s)*
- ISE 162 - Engineering Statistics and Analysis 2 *unit(s)*
- MATH 161A - Applied Probability and Statistics I 3 *unit(s)*

Additional Requirements (3 units)

Complete one course from:

- ISE 102 - Engineering Economic Systems 3 *unit(s)*
- ISE 151 - Engineering Management Systems in Global Society 3 *unit(s)* (V)

Total Units Required (12 units)

Sustainable Engineering Minor

Sustainable engineering is the incorporation of environmental, economic, and social equity considerations in the engineering design process. The United Nations details 17 Sustainable Development Goals for humanity. These target sustainability in science, food security, gender equality, poverty, infrastructure, water, life, climate, etc. Sustainable engineering contextualizes these goals for the engineering profession and offers solutions. The sustainable engineering minor focuses on energy and material concerns as they relate to the processes that produce commodity chemicals, consumer products, energy, etc. Coupled with the energy and materials considerations, are engineering economics to detail variable circular economies that exist in markets.

Students must complete a minimum of 12 units as listed under the course requirements. All of these units must be outside the requirements for the students major, i.e., the same courses cannot be listed both on the minor and the major forms. CHE 115 and CHE 133 (3 units each) are required for all students taking this minor. Students also take

any two of the College of Engineering courses listed below (3 units each). Students in some engineering majors may need to take additional courses to meet prerequisites for the courses required in this minor. Interested students are recommended to meet with a Sustainable Engineering Minor advisor. This minor is offered by the Department of Chemical and Materials Engineering.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or minor support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.

Minor Preparation (5 units)

- ENGR 10 - Introduction to Engineering 3 *unit(s)* (E)
- TECH 20A - Computer-Aided-Graphics 2 *unit(s)*

Minor Requirements (12 units)

Required Courses (6 units)

- CHE 115 - Industrial Chemical Calculations 3 *unit(s)*
- CHE 133 - Sustainable Engineering 3 *unit(s)*

Minor Electives (6 units)

Choose two of the following courses. The chemical engineering courses offer backgrounds in process engineering and introduce sustainability to the realm of engineering. The mechanical engineering and technology courses offer students a product-oriented option, an energy path, or a focus on pollution abatement strategies with additional process engineering experience. Some elective courses have additional prerequisites. Consult with your minor advisor to select minor electives. This minor is intended for majors in engineering and related fields.

- CHE 137 - Pollution Control Engineering 3 *unit(s)*
- CHE 172 - Biofuels Process Engineering 3 *unit(s)*
- CHE 174 - Hazardous Materials 3 *unit(s)*
- CHE 176 - Energy Storage Systems 3 *unit(s)*
- ENVS 116 - Solar Energy Analysis 3 *unit(s)*
- ENVS 133 - Sustainable Energy Strategies 3 *unit(s)*
- ME 170 - Solar Energy Engineering 3 *unit(s)*
- ME 172 - Alternative and Renewable Energy Resources 3 *unit(s)*
- TECH 140 - Product Design and Prototyping 3 *unit(s)*

Total Units (17 units)

Students in majors other than engineering and certain STEM majors may need to take additional courses to meet prerequisites for the courses required in this minor.

Additional Preparation Courses (Also Required for All Engineering Majors) (25-26 units)

- CHEM 1A - General Chemistry 5 units (B1+B3)
- MATH 30 - Calculus I 3 unit(s) (B4)
- MATH 31 - Calculus II 4 unit(s) (B4)
- MATH 32 - Calculus III 3 unit(s) (B4)
- CHE 110A - Mathematical Methods in Chemical Engineering 2 unit(s) or MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 unit(s) or MATH 33LA - Differential Equations and Linear Algebra 3 unit(s)
- PHYS 50 - General Physics I: Mechanics 4 units (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 units (B1+B3)

Master(s)

Aerospace Engineering, MS

- Educational Objectives for Graduate Program
- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- MS - Aerospace Engineering Graduation Requirements
- Master's Requirements (30 units)
- Program Learning Outcomes

The MSAE Program, offered by the Department of Aerospace Engineering, is designed to prepare students for professional careers in industry or advanced study in Ph.D. programs. Students develop skills in research, design, development, experiment design, testing, and systems integration in air and space transportation systems. In addition to advanced aerospace engineering courses, electives are available in science, business, and other engineering fields. Class schedules are designed for the convenience of employed engineers who wish to pursue graduate work on a part-time basis. The MSAE Program welcomes students with undergraduate degrees in other engineering or science disciplines. For more information visit the MS Aerospace Engineering website.

Educational Objectives for Graduate Program

To provide MSAE graduates with

1. A strong foundation beyond the undergraduate level in their chosen focus area as well as in mathematics, basic science, and engineering fundamentals, to be able to solve current aerospace engineering problems.
2. Contemporary professional and lifelong learning skills to successfully compete for technical engineering positions in the local, national, and global engineering market, advance in their current position or pursue doctoral studies.
3. Expertise necessary to work in the analysis, design, development, and testing of aerospace engineering systems with possible specialization in areas such as aircraft design or space transportation and exploration.
4. Strong verbal and written communication skills, including the ability to write engineering reports.
5. Ability to perform research and work independently to solve open-ended aerospace engineering problems.

Admissions Requirements

Candidates must meet all the university admission requirements. Students can be admitted in either classified or conditionally classified standing. If an applicant's preparation for advanced graduate work is considered inadequate to

meet the course prerequisites or other departmental requirements, the conditions will include taking preparatory courses to meet these requirements. Such courses will not count as part of the master's degree program requirements.

To be admitted to classified standing, a student must possess a BS degree in Aerospace Engineering or related field (e.g., Aeronautical Engineering, Astronautical Engineering or Space Engineering, etc.) from an accredited institution with a grade point average of 2.75 or better in the last 60 units.

Students may be admitted with conditionally classified standing if they have a BS degree in any engineering or science discipline from an accredited institution. Students with conditionally classified standing will take a series of BS Aerospace Engineering core courses based on their evaluation by the AE Graduate Coordinator.

If an applicant's bachelor's degree is not from a US or Canadian university, a GRE must be taken; minimum scores acceptable for admission are listed on the Graduate Program Test Requirements webpage. Applicants from countries in which the native language is not English must achieve a minimum English-Language Proficiency (ELP) test score as indicated on the Graduate Program Test Requirements webpage.

Requirements for Advancement to Graduate Candidacy

Prior to registering for the first time (or upon re-entering), a student should consult with the AE Graduate Coordinator to develop a schedule of courses. Students admitted as conditionally classified must satisfy the requirements listed in their letter of acceptance. Students who have completed matriculation and achieved classified standing in the master's degree curriculum must next advance to candidacy for the degree. A student may advance to candidacy after completing a minimum of 9 units of graded work as a graduate student in letter-graded 100- or 200-level courses acceptable to the AE Department, as well as fulfilling the other university requirements for advancement to candidacy for the MS degree, detailed in the Graduate Policies & Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies & Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

MS - Aerospace Engineering Graduation Requirements

The AE Department offers courses designed to provide a flexible curriculum structure that allows students to follow a course of study to meet their individual career goals. As shown below, the program consists of 30 semester units of approved work, including 6 units devoted to a thesis or project. The required coursework includes 3 units of advanced mathematics, 12 units of aerospace core subjects, and 9 units of electives.

In selecting a project/thesis topic, the student must first identify a faculty member in his or her area of interest. Once the faculty member agrees to act as the student's project/thesis advisor, a program of study is established, including the project/thesis topic.

Culminating Experience (Plan A or Plan B)

In selecting a Plan A (Thesis) or Plan B (Project) topic, the student must first identify a faculty member in his / her area of interest. Once the faculty member agrees to act as the student's advisor, a program of study is established, including the thesis or project topic. In either option students perform graduate-level research and/or design and/ or development, involving aerospace systems or components of aerospace systems under the supervision of an AE faculty member. Students are encouraged to submit and present their work at student and/or professional conferences.

A project or thesis proposal is due to the AE 295A/ AE 299 Course Coordinator no later than the 2nd week of class. A written progress report is due at the end of each month. The first progress report must include a review of the relevant literature. An end-of-semester written report is expected at the end of the 1st semester.

Plan A (Thesis)

A thesis requires approval by a committee of three members. Two of the thesis committee members must be SJSU faculty. An AE faculty member must agree to serve as the chair of the committee. Students must secure the commitment of all three members of their thesis committee. The committee must approve the student's thesis proposal no later than the 2nd week of the 1st semester. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the other committee members. The candidate for the MSAE degree must successfully pass a final oral defense of the thesis.

Plan B (Project)

In the Project Option students work under the supervision of an AE faculty member.

Master's Requirements (30 units)

Advanced Mathematics (3 units)

- AE 200 - Engineering Analysis of Aerospace Systems 3 *unit(s)*

Core Courses (12 units)

Complete at least one course from each of the four areas described below.

Propulsion (3 units)

Students who have completed AE 167 or equivalent at the undergraduate level **and** are completing the **Aircraft Design** specialization may complete an additional graduate-level elective (3 units) in lieu of AE 267. Students completing the **Space Transportation and Exploration** specialization must complete AE 267.

- AE 267 - Space Propulsion Systems 3 *unit(s)*

Dynamics and Control (3 units)

- AE 242 - Orbital Mechanics and Mission Design 3 *unit(s)*
- AE 243 - Advanced Astrodynamics 3 *unit(s)*
- AE 245 - Spacecraft Dynamics and Control 3 *unit(s)*
- AE 246 - Advanced Aircraft Stability and Control 3 *unit(s)*
- AE 247 - Trajectory Optimization in Aerospace Applications 3 *unit(s)*

Structures and Materials (3 units)

- AE 250 - Advanced Structures and Materials 3 *unit(s)*
- AE 251 - Structural Vibrations for Aerospace Applications 3 *unit(s)*

Fluid Dynamics (3 units)

- AE 262 - Advanced Aerodynamics 3 *unit(s)*
- AE 264 - Gas Dynamics 3 *unit(s)*
- AE 265 - Boundary Layers 3 *unit(s)*
- AE 266 - Hypersonics 3 *unit(s)*
- AE 269 - Advanced Computational Fluid Dynamics 3 *unit(s)*

Area of Specialization/Approved Electives (9 units)

Complete three electives from one of the specialization areas below in consultation with the AE Graduate Coordinator. Students electing not to complete an area of specialization must complete one GVAR Course (AE 210, AE 271 or AE 273) and select two additional (100-level or 200-level) elective courses in consultation with the AE Graduate Coordinator.

Aircraft Design (9 units)

Complete either AE 271 or AE 273 and an additional 2 courses from below for a total of 9 units.

- AE 246 - Advanced Aircraft Stability and Control 3 *unit(s)*
- AE 247 - Trajectory Optimization in Aerospace Applications 3 *unit(s)*
- AE 250 - Advanced Structures and Materials 3 *unit(s)*
- AE 251 - Structural Vibrations for Aerospace Applications 3 *unit(s)*
- AE 262 - Advanced Aerodynamics 3 *unit(s)*
- AE 264 - Gas Dynamics 3 *unit(s)*
- AE 265 - Boundary Layers 3 *unit(s)*
- AE 266 - Hypersonics 3 *unit(s)*
- AE 269 - Advanced Computational Fluid Dynamics 3 *unit(s)*
- AE 271 - Advanced Aircraft Design 3 *unit(s)* (GVAR)
- AE 273 - Aircraft Subsystems 3 *unit(s)* (GVAR)

Space Transportation and Exploration (9 units)

Complete AE 210 and an additional 2 courses from below for a total of 9 units.

- AE 210 - Advanced Space Systems Engineering 3 *unit(s)* (GVAR)
- AE 242 - Orbital Mechanics and Mission Design 3 *unit(s)*
- AE 243 - Advanced Astrodynamics 3 *unit(s)*
- AE 245 - Spacecraft Dynamics and Control 3 *unit(s)*
- AE 247 - Trajectory Optimization in Aerospace Applications 3 *unit(s)*
- AE 250 - Advanced Structures and Materials 3 *unit(s)*
- AE 251 - Structural Vibrations for Aerospace Applications 3 *unit(s)*
- AE 264 - Gas Dynamics 3 *unit(s)*

- AE 265 - Boundary Layers 3 *unit(s)*
- AE 266 - Hypersonics 3 *unit(s)*
- AE 269 - Advanced Computational Fluid Dynamics 3 *unit(s)*

Culminating Experience (6 units)

Complete one option (Plan A or Plan B):

Plan A (Thesis)

- AE 299 - Aerospace Engineering Masters Thesis 3 *unit(s)* (*Students take AE 299 twice.*)

Plan B (Project)

- AE 295A - Aerospace Engineering Masters Project I 3 *unit(s)*
- AE 295B - Aerospace Engineering Masters Project II 3 *unit(s)*

Total Units Required (30 units)

Elective courses must be planned in consultation with the AE Graduate Coordinator. Students may also choose electives from other engineering fields, science, or business.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Artificial Intelligence, MS

- Admissions Requirements
- Advancement to Candidacy
- Graduation Requirements
- Master's Requirements (33 units)
- Program Learning Outcomes

MS in Artificial Intelligence program provides students with a state-of-the-art educational experience to become outstanding, socially responsible engineers of AI systems. Students will learn the theoretical foundations and gain practical skills to manage and engineer various data forms, to make predictive analyses, to derive actionable insights, and develop intelligent hardware and software systems and related cutting-edge AI technologies. The program will draw on insights from mathematics, statistical analysis, computer science, software engineering, and systems engineering and is, therefore, best suited for students with software/computer engineering, computer science, mathematics, and closely related backgrounds.

The program offers specializations in Data Science and Autonomous Systems.

Visit the program website at <https://www.sjsu.edu/cmpe/academic/ms-ai/>.

Admission Requirements

Candidates must meet all university admission requirements. Applicants can be admitted in either classified or conditionally classified standing. If an applicant's preparation for advanced graduate work is considered inadequate to meet the course prerequisites or other departmental requirements, the conditions will include taking preparatory courses to meet these requirements. These courses will not count as part of the master's degree program requirements.

For acceptance by the Department of Computer Engineering, the applicant must satisfy the following requirements:

- a. Undergraduate degree in math, physics, computer science, engineering, or a closely related field, equivalent to a four-year U.S. undergraduate baccalaureate degree, with demonstrated college-level courses in programming, data structures, algorithm design, three-semester sequence of calculus, linear algebra and statistics.
- b. Undergraduate GPA of 3.0 or higher.
- c. If the undergraduate program is not ABET-accredited, GRE is required with a minimum GRE q+v of 294 and GRE AWA of 3.0. GRE q+v minimum higher than 294 may be required for successful admission depending on the number of applicants.
- d. International applicants must meet SJSU's minimum requirements on English-language proficiency tests.

Advancement to Candidacy

Students may advance to candidacy after completing all admission conditions and all prerequisites for the culminating experience including the Graduation Writing Assessment Requirement (GWAR).

Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies & Procedures.

Master's Requirements (33 units)

Core Courses (9 units)

- CMPE 252 - Artificial Intelligence and Data Engineering 3 *unit(s)*
- CMPE 257 - Machine Learning 3 *unit(s)*
- ISE 201 - Math Foundations for Decision and Data Sciences 3 *unit(s)*

Specialization Courses (6 units)

Complete at least 6 units from the same specialization.

Data Science (at least 6 units)

- CMPE 255 - Data Mining 3 *unit(s)*
- CMPE 256 - Advanced Data Mining 3 *unit(s)*
- CMPE 259 - Natural Language Processing 3 *unit(s)*

Autonomous Systems (at least 6 units)

- CMPE 249 - Intelligent Autonomous Systems 3 *unit(s)*
- CMPE 258 - Deep Learning 3 *unit(s)*
- CMPE 260 - Reinforcement Learning 3 *unit(s)*

Elective Courses (9 units)

Select 3 courses (9 units) from the list below. At least 3 units need to be from Area A course list. The remaining 6 units can be selected from either list.

Area A (at least 3 units)

- CMPE 249 - Intelligent Autonomous Systems 3 *unit(s)*
- CMPE 255 - Data Mining 3 *unit(s)*
- CMPE 256 - Advanced Data Mining 3 *unit(s)*
- CMPE 258 - Deep Learning 3 *unit(s)*
- CMPE 259 - Natural Language Processing 3 *unit(s)*
- CMPE 260 - Reinforcement Learning 3 *unit(s)*

Area B (up to 6 units)

For the most updated list of approved Area B technical electives please refer to the MS AI home page (<https://www.sjsu.edu/cmpe/academic/ms-ai/msaiprogram-requirements.php>). Courses not listed as approved Area B technical electives need prior approval from the MS AI program coordinator.

Graduate Writing Requirement (3 units)

Students must pass the Graduation Writing Assessment Requirement (GWAR).

- CMPE 294 - Computer Engineering Seminar 3 *unit(s)* (GWAR) (recommended)
- ENGR 200W - Engineering Reports and Graduate Research 3 *unit(s)*

Culminating Experience (6 units)

All students must complete one of the following culminating experiences: thesis or project. Theses and projects are completed under the supervision of an advisor.

Plan A (Thesis)

A master's thesis includes original research on a topic approved by the thesis committee and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It undergoes a thorough review and revision process under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

- CMPE 299A - Master Thesis I
- CMPE 299B - Master Thesis II

Plan B (Project)

A master's project is a research or development effort performed by a student individually on a topic chosen by mutual agreement between an advisor and the student. The choice of project topic is also approved by the Graduate

Advisor. The individual student projects could be distinct components of a larger integrated project performed by a team of students. Students complete CMPE 295A and CMPE 295B. At the end of CMPE 295B, a project report is submitted for department review, and students present their project work in a department project exposition.

Total Units Required (33 units)

Biomedical Engineering, Biomedical Devices Concentration, MS

- Requirements for Admission
- Requirements for Candidacy
- Master's Requirements (30 units)
- Program Learning Outcomes

The concentration in Biomedical Devices, offered by the Department of Biomedical Engineering, offers the student the opportunity to focus on the design, development, and manufacture of medical devices that either come into contact with the human body or are implanted within the human body. This concentration area has been created to provide individuals with B.S. degrees in an engineering field or chemistry or physics with the necessary graduate-level education that prepares them to function effectively in this environment.

Requirements for Admission

Applicants must meet all university admission requirements. Applicants who have a major GPA of 3.0 or higher are not required to take the GRE. All others must take the GRE General Test and obtain a combined score of 315 or higher in the Verbal and Quantitative sections, and 3.5 or higher in the Analytical Writing section.

Students can be admitted to either classified or conditionally classified standing. To be admitted to classified standing, a student must possess a BS degree in biomedical engineering, or its equivalent from an accredited institution with a grade point average of 3.0 or better in the last 60 semester units, have met the GRE requirement if their major GPA is below 3.0, and have completed any required Transition Courses, or their equivalents, with grades of B or better.

Conditionally Classified Admission

Students can be admitted to conditionally classified standing if they have a BS degree in an engineering discipline, chemistry, physics, or biology from an accredited institution. Students with conditionally classified standing will take a series of Transition Courses, as determined by the Graduate Coordinator. Once the series is completed satisfactorily, with grades of B or better, students can petition for transfer to classified standing. For more information on the transition courses see the section on Transition Courses below, or, contact the Biomedical Engineering Department Graduate Coordinator at biomedical-engineering@sjsu.edu.

Advancement to Candidacy

Students must meet the university's requirements for candidacy, which include classified standing and the successful completion of a minimum of 9 units of graduate-level classes with grades of B or better. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy.

Course Requirements

To meet the requirements for the MS, Biomedical Engineering degree, a student must complete 30 units of approved courses. Students must achieve a minimum grade of a "C" in each course, a cumulative GPA of 3.0 or better in **all** their coursework, AND a GPA of 3.0 or higher for the courses listed in the Candidacy form.

Transition Courses

Students may be required to complete some or all of the following transition courses (or equivalent courses) prior to being admitted to Classified Standing in the major.

- BME 65 - Biomedical Applications of Statics 3 *unit(s)*
- BME 68 - Biomedical Applications of Metals and Ceramics 3 *unit(s)*
- BME 115 - Foundations of Biomedical Engineering 4 *unit(s)*
- BME 147 - Quantitative and Statistical Methods for Biomedical Engineers 3 *unit(s)*
- BME 165 - Applied Engineering Biomechanics 3 *unit(s)*
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- EE 98 - Introduction to Circuit Analysis 3 *unit(s)*
- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 *unit(s)*
- MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The GWAR is satisfied with BME 274, which is a core course.

Culminating Experience

Included in the 30 units of approved courses is the requirement that students must also complete a written thesis or project report and an oral defense of their thesis or project. The candidate may choose either the Plan A (thesis) or Plan B (project) option. For either option, the student is required to develop a project proposal in BME 291. This must be approved by the student's project adviser and the reading committee at the culmination of BME 291. Once the proposal is approved, the student is required to:

- Implement the approved research plan using appropriate methods for the investigation
- Use appropriate statistical techniques for analysis of the data and drawing conclusions
- Discuss the results in light of findings reported by other investigators
- Write a professional report of appropriate length
- Present it and defend the project to the reading committee

Plan A (Thesis)

Please see the "Plan A (Thesis)" description under the requirements for the Biomedical Engineering, MS degree.

Plan B (Project)

Please see the "Plan A (Thesis)" description under the requirements for the Biomedical Engineering, MS degree.

Master's Requirements (30 units)

Core Courses (18 units)

- BME 207 - Experimental Methods in BME 3 *unit(s)* (GWAR)
- BME 210 - Mathematical Methods in Biomedical Engineering 3 *unit(s)*
- BME 272 - Biomedical Device Design and Principles 3 *unit(s)*
- BME 274 - Regulatory, Clinical and Manufacturing Aspects of Medical Devices 3 *unit(s)* (GWAR)
- BME 276 - Project Management in Biomedical Technologies 3 *unit(s)*
- BME 291 - MS Thesis/Project Preparation Seminar 3 *unit(s)*

Concentration Requirements (6 units)

- BME 168 - Medical and Biological Polymers 3 *unit(s)*
- BME 254 - Microscale Biomedical Systems: Physics and Applications 3 *unit(s)*

Electives (0-3 units)

Complete 0-3 units:

- BME 217 - Experimental and Computational Biofluid Mechanics 3 *unit(s)*
- BME 254 - Microscale Biomedical Systems: Physics and Applications 3 *unit(s)*
- BME 256 - Biomedical Applications of Nanoplatfroms 3 *unit(s)*
- BME 258 - Medical Imaging for Engineers 3 *unit(s)*
- BME 280 - Graduate Research Studies 1-3 *unit(s)*
- BME 288 - Tissue Engineering 3 *unit(s)*

Culminating Experience (3-6 units)

Plan A (Thesis Option) (6 units)

- BME 298 - MS Project 3 *unit(s)*
- BME 299 - MS Thesis 3 *unit(s)*

Plan B (Project Option) (3 units)

- BME 298 - MS Project 3 *unit(s)*

Total Units Required (30 units)

Biomedical Engineering, MS

- Requirements for Admission
- Advancement to Candidacy
- Master's Preparation
- Master's Requirements (30 units)

- Program Learning Outcomes

Students pursuing the MS, Biomedical Engineering degree, offered by the Department of Biomedical Engineering, will have the satisfaction of being actively engaged in a discipline that has human health and welfare as its primary focus. Biomedical Engineering is an inherently interdisciplinary field in which professionals from engineering and the physical sciences play a major role in developing engineered products for deployment in the human body.

Requirements for Admission

Applicants must meet all university admissions requirements. Applicants who have a major GPA of 3.0 or higher are not required to take the GRE. All others must take the GRE General Test and obtain a combined score of 315 or higher in the Verbal and Quantitative sections, and 3.5 or higher in the Analytical Writing section.

Students can be admitted to either classified or conditionally classified standing. To be admitted to classified standing, a student must possess a BS degree in biomedical engineering, or its equivalent from an accredited institution with a grade point average of 3.0 or better in the last 60 semester units, have met the GRE requirement if their major GPA is below 3.0, and have completed the Transition Courses, or their equivalents, with grades of B or better.

Conditionally Classified Admission

Students can be admitted to conditionally classified standing if they have a BS degree in an engineering discipline, chemistry, physics, or biology from an accredited institution. Students with conditionally classified standing will take a series of Transition Courses, as determined by the Graduate Coordinator. Once the series is completed satisfactorily, with grades of B or better, students can petition for transfer to classified standing. For more information on the transition courses see the section on Transition Courses below, or contact the Biomedical Engineering Department Graduate Coordinator at biomedical-engineering@sjsu.edu.

Advancement to Candidacy

Students must meet the university's requirements for candidacy, which include classified standing and the successful completion of a minimum of 9 units of graduate-level classes with grades of B or better. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy.

Course Requirements

To meet the requirements for the MS, Biomedical Engineering degree, a student must complete 30 units of approved courses. Students must achieve a minimum of a "C" in each course, a cumulative GPA of 3.0 or better in all their coursework, AND a GPA of 3.0 or higher for the courses listed in the Candidacy form.

Transition Courses

Students may be required to complete some or all of the following transition courses (or equivalent courses) prior to being admitted to Classified Standing in the major.

- BME 65 - Biomedical Applications of Statics 3 *unit(s)*
- BME 68 - Biomedical Applications of Metals and Ceramics 3 *unit(s)*
- BME 115 - Foundations of Biomedical Engineering 4 *unit(s)*

- BME 147 - Quantitative and Statistical Methods for Biomedical Engineers 3 *unit(s)*
- BME 165 - Applied Engineering Biomechanics 3 *unit(s)*
- CHEM 1A - General Chemistry 5 *unit(s)* (B1+B3)
- CHEM 1B - General Chemistry 5 *unit(s)* (B1+B3)
- EE 98 - Introduction to Circuit Analysis 3 *unit(s)*
- MATH 33A - Ordinary Differential Equations for SCI & ENGR 3 *unit(s)*
- MATH 33LA - Differential Equations and Linear Algebra 3 *unit(s)*
- PHYS 50 - General Physics I: Mechanics 4 *unit(s)* (B1+B3)
- PHYS 51 - General Physics II: Electricity and Magnetism 4 *unit(s)* (B1+B3)

Graduation Writing Assessment Requirement

At SJSU, students must complete the Graduation Writing Assessment Requirement (GWAR). The GWAR is satisfied with BME 274, which is a core course.

Culminating Experience

Included in the 30 approved units is the requirement that students must also complete a written thesis or project report and an oral defense of their thesis or project. The candidate may choose either the Plan A (Thesis) or Plan B (Project) option. For either option, the student is required to develop a project proposal in BME 291. This must be approved by the student's project adviser and the reading committee at the culmination of BME 291. Once the proposal is approved, the student is required to:

- a. implement the approved research plan using appropriate methods for the investigation,
- b. use appropriate statistical techniques for analysis of the data and drawing conclusions,
- c. discuss the results in light of findings reported by other investigators,
- d. write a professional report of appropriate length, and
- e. present it and defend the project to the reading committee.

Plan A (Thesis)

The student who opts to complete a master's thesis is responsible for securing the commitment of a full-time tenured or tenure-track BME faculty member who agrees to serve as the thesis committee chair. The student must also secure the commitments of two additional committee members, one of whom must be a full-time tenured or tenure-track faculty member at SJSU, to serve on the student's thesis committee. The student must write a thesis proposal and have it approved by the thesis committee and pass BME 291 - MS Thesis/Project Preparation Seminar (3 units) and BME 298 - MS Project (3 units) before enrolling in BME 299 - MS Thesis (3 units). The thesis must also meet all university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

Plan B (Project)

Students opting to complete a master's project must pass BME 291 - MS Thesis/Project Preparation Seminar (3 units) before enrolling in BME 298 - MS Project (3 units).

The project proposal is prepared in BME 291 and must be approved by the student's reading committee at the culmination of that course.

Master's Requirements (30 units)

Core Courses (18 units)

- BME 207 - Experimental Methods in BME 3 *unit(s)* (GWAR)
- BME 210 - Mathematical Methods in Biomedical Engineering 3 *unit(s)*
- BME 272 - Biomedical Device Design and Principles 3 *unit(s)*
- BME 274 - Regulatory, Clinical and Manufacturing Aspects of Medical Devices 3 *unit(s)* (GWAR)
- BME 276 - Project Management in Biomedical Technologies 3 *unit(s)*
- BME 291 - MS Thesis/Project Preparation Seminar 3 *unit(s)*

Biomedical Engineering Electives (6-9 units)

Complete 6-9 units from the list below, or from other approved electives.

- BME 217 - Experimental and Computational Biofluid Mechanics 3 *unit(s)*
- BME 254 - Microscale Biomedical Systems: Physics and Applications 3 *unit(s)*
- BME 256 - Biomedical Applications of Nanoplatfroms 3 *unit(s)*
- BME 258 - Medical Imaging for Engineers 3 *unit(s)*
- BME 280 - Graduate Research Studies 1-3 *unit(s)*
- BME 288 - Tissue Engineering 3 *unit(s)*

Culminating Experience (3-6 units)

Plan A (Thesis Option) (6 units)

- BME 298 - MS Project 3 *unit(s)*
- BME 299 - MS Thesis 3 *unit(s)*

Plan B (Project Option) (3 units)

- BME 298 - MS Project 3 *unit(s)*

Total Units Required (30 units)

Chemical Engineering, MS

- Requirements for Admission
- Requirements for Candidacy
- Master's Requirements (30 units)
- Program Learning Outcomes

The MS Chemical Engineering program, offered by the Department of Chemical and Materials Engineering, provides advanced study of chemical engineering topics with an emphasis on both the fundamental and applied aspects. Elective courses are also available in science, other engineering fields, and business. This broad-based, multidisciplinary educational program has proven to be an important factor for a student's future success including leading Silicon Valley companies and in Ph.D. programs.

Faculty are involved in research areas including biochemical engineering, semiconductor processing, green and alternative energy, microfluidics, polymers and nanocomposites, nanotechnology, and environmental health and safety engineering, remediation, sustainability, and computational methods. Research activity is sponsored by local industries as well as by government funding agencies.

The MS Chemical Engineering program welcomes students with undergraduate BS degrees in closely related science (e.g. biology, chemistry, physics) and engineering disciplines (e.g. biochemical, biomedical, civil, materials, and mechanical).

Class schedules are designed for the convenience of employed engineers who wish to pursue graduate work on a part-time basis as the majority of classes are scheduled during the evening hours.

Department Website: www.sjsu.edu/cme.

Requirements for Admission

University Admission

Candidates must apply through the CSU admissions portal, Cal State Apply, and meet all university admissions requirements. Applicants should note that some department admission requirements are higher than university admissions requirements.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. The program does not currently require the GRE for admission.

Admission to the Program

Candidates must meet all the university admissions requirements. Students can be admitted in either classified or conditionally classified standing. To be admitted to classified standing, a student must possess a U.S. baccalaureate degree with a major in chemical engineering and a grade point average of 3.0 or better in the last 60 units, from an ABET-accredited chemical engineering program.

Students can be admitted with conditionally classified standing if they have a CHE degree from a U.S. accredited university in which they obtained a 2.7-2.99 GPA in the last 60 units; a U.S. equivalent CHE degree from a non-U.S. institution; or a BS degree in chemistry, biology, physics or closely related engineering discipline from an accredited or equivalent institution. Students admitted with conditionally classified standing will take a series of transition courses. The program admissions letter will explain terms and requirements. Once these conditions are completed satisfactorily, students can petition for classified standing. For more information on transition courses, see the department website.

Requirements for Candidacy

Students must meet the university requirements for candidacy which include successful completion of the Graduation Writing Assessment Requirement (GWAR). The University requires that all graduate students complete the GWAR as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program.

Course Requirements

To meet the requirements for the MS - Chemical Engineering degree, a student must complete 30 units of approved courses. Students must achieve a minimum of a "C" in each course and maintain a cumulative GPA of 3.0 or better. In addition to the 30 approved course units, students should select a Culminating Experience in consultation with their SJSU research advisor, and a written thesis or project report and an oral defense of their thesis or project must be completed.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Students in the MS, Chemical Engineering program will complete CHE 280 and CHE 281 and may complete 1-unit of CHE 298 / CHE 298I or CHE 299 / CHE 299I through their choice of a graduate project or master's thesis, respectively.

Thesis Requirements

Students opting to complete a master's thesis are responsible for securing the commitment of a full-time tenured or tenure-track faculty member who agrees to serve as the thesis committee chair. The student must also secure the commitments of two additional committee members, one of whom must be a full or part-time SJSU faculty member, to serve as the student's thesis committee. If the student is completing their thesis research off-site, then one person of their thesis committee must be at least a supervisor-level employee from that off-site facility. The student must write a thesis proposal and have it approved by the thesis committee in order to pass CHE 281. CHE 299 is taken in the semester the student expects to complete their final oral and written defense which will serve as their culminating experience. The MS candidate must successfully pass an oral defense and complete an approved thesis report in order to receive credit for CHE 299. Students must be enrolled in courses every semester with the exception of an approved leave of absence for one semester. Students who have finished all their 30 units with the exception of an RP grade in CHE 299 are eligible for enrollment in CHE 1290R for a reduced tuition fee. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

Project Requirements

Students opting to complete a graduate project are responsible for securing the commitment of a full-time tenured or tenure-track faculty member who agrees to serve as the project committee chair. The student must also secure the commitments of an additional committee member to serve as the student's project committee. If the student is completing their thesis project research off-site, then one person of their project committee must be at least a supervisor-level employee from that off-site facility. The student must write a project proposal and have it approved by the project committee in order to pass CHE 281. CHE 298 is taken in the semester the student expects to complete their final oral defense and written project report, which will serve as their culminating experience. The MS candidate must successfully pass an oral and defense and complete an approved written project report in order to receive credit for CHE 298. Students must be enrolled in courses every semester with the exception of an approved leave of absence for one semester. Students who have finished all their 30 units with the exception of an RP grade in CHE 298 are eligible for enrollment in CHE 1290R for a reduced tuition fee.

Master's Requirements (30 units)

Core Courses (12 units)

- CHE 200 - Research Methods 3 *unit(s)* (GWAR)
- CHE 211 - Advanced Chemical Engineering Thermodynamics 3 *unit(s)*
- CHE 218 - Reaction Kinetics 3 *unit(s)* (GWAR)
- CHE 219 - Transport Processes 3 *unit(s)*

Approved Electives (12 units)

12 units of electives selected in consultation with a graduate advisor. At least one technical elective needs to be an approved 200-level course.

Only students who are doing research on campus may be eligible for CHE 282 (3 units). CHE 282 may be taken 2 times for a maximum of 6 units of technical elective credit. Only one section of CHE 280/CHE 280I/CHE 282 can be taken per semester.

Culminating Experience (6 units)

- CHE 281 - MS Thesis/Project Preparation Seminar 3 *unit(s)*
- CHE 280 - Graduate Research OR CHE 280I - Graduate Research Internship 2 *unit(s)*

Complete one course for 1 unit:

- CHE 298 - MS Research/Project 1-2 *unit(s)*
- CHE 298I - MS Research/Project Internship 1-3 *unit(s)*
- CHE 299 - Master's Thesis 1-3 *unit(s)*
- CHE 299I - Master's Thesis Internship 1-3 *unit(s)*

Total Units Required (30 units)

Civil Engineering, MS

- Program Educational Objectives and Graduate Program Outcomes
- Admissions Requirements
- Requirements for Admission to Conditionally Classified Standing
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Master of Science in Civil Engineering program is designed for students to specialize in their choice of sub-discipline in Civil Engineering. The Department of Civil and Environmental Engineering offers specializations in Construction Management, Environmental Engineering, Geotechnical Engineering, Structural Engineering, Transportation Engineering, and Water Resources Engineering. Courses are practical-oriented, focusing on content and skills that prepare engineers to enter and/or advance in industry or enter doctoral programs. The program offers coursework in a once-per-week format in the afternoons and evenings to accommodate working individuals who wish to pursue their studies while gaining industry experience. Additional information is available at cee.sjsu.edu.

Program Educational Objectives and Graduate Program Outcomes

The graduate program's educational objectives (PEOs) for Civil Engineering are to

- Prepare students for their professional careers and licensure by strengthening their knowledge in their specialization (depth) and extending their skills and knowledge base (breadth);
- Provide students advanced proficiencies for professional practice to enable them to advance in the licensing process and equip them for advancement in their career;
- Improve students' research skills and prepare them for further graduate study;
- Provide students with experience and skills for multi-disciplinary and cross-CE disciplinary practice.

Four graduate program learning outcomes (PLOs) are aligned with the PEOs and are assessed in individual graduate courses. By the end of the program, students should be able to

- Apply advanced concepts, theory, and analysis for problem-solving;
- Synthesize and integrate necessary engineering concepts into engineering solution process;
- Apply modern tools for computations, simulations, analysis, and design;
- Communicate effectively.

Admissions Requirements

Requirements for Admission to Classified Standing

Prospective students must apply separately to the university to obtain approval for graduate-level admission and to the department to obtain admission into the MS in Civil Engineering program. In addition to meeting university admission requirements, an applicant must have:

- A bachelor's degree in civil engineering
- A 2.7 grade point average (4.0-based scale)

Requirements for Admission to Conditionally Classified Standing

Applicants who do not qualify for classified standing in civil engineering but who meet university requirements for graduate admission and whose academic records or professional achievements and maturity give promise of satisfactory performance in graduate study in civil engineering may, upon approval of a committee of department faculty, be admitted, with specific conditions, as conditionally classified. The conditions must be fulfilled before the student can be advanced to candidacy for the degree. If the conditions are not fulfilled, the program reserves the right to dismiss the student from the program by notifying the Associate Dean of Graduate Studies. This process is known as an administrative academic disqualification (see Section 41300.1, Title 5, California Code of Regulations). Applicants whose bachelor's degrees are not in civil engineering will be required to take additional courses that will not be counted in the graduate degree program for the MSCE. Details can be obtained on the department website at cee.sjsu.edu/graduate-studies/makeup-requirements.

English Proficiency Requirements

If an applicant's bachelor's degree is not from a U.S. or Canadian university, a GRE must be taken; minimum scores acceptable for admission are listed on the Graduate Program Test Requirements webpage at GAPE. Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage at GAPE.

Requirements for Advancement to Graduate Candidacy

Conditionally classified students must satisfy the conditional requirements listed in their letter of acceptance prior to advancing to candidacy. Students who have completed matriculation and achieved classified standing in the MS degree may advance to candidacy after completing a minimum of 9 units of graded work as a graduate student in letter-graded 100 or 200-level courses acceptable to the CE Department. Students must also fulfill other university requirements for advancement to candidacy for the master's degree as outlined in the Graduate Policies and Procedures section. Candidacy includes the successful completion of the Graduation Writing Assessment Requirement (GWAR).

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Approved courses may include graduate courses and upper-division elective courses in Civil Engineering and graduate or upper-division courses in other university departments from a list approved by the Civil Engineering Department Curriculum Committee. The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15. At least 60% of the courses taken must be letter-graded. No more than 30% of the courses listed for candidacy can be transfer units, including any graduate-level courses taken in the senior undergraduate year at SJSU.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Eligible primary and secondary areas of specialization in civil engineering areas are:

- Construction Engineering
- Environmental Engineering
- Geotechnical Engineering
- Structural Engineering
- Transportation Engineering
- Water Resources Engineering

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR). The GWAR is satisfied with CE 204 or CE 248 for this degree.

Culminating Experience

Plan A (Thesis)

Students choosing this option must complete 6 units of Project and Thesis courses. The student is responsible for securing the commitment of three committee members, in accordance with university policy, to serve as the student's thesis committee. One faculty member in the CEE department must agree to serve as the thesis committee chair. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. The candidate must pass a final oral defense of the thesis. Meeting thesis standards and passing the oral defense is solely the responsibility of the student and a student who fails to meet these standards will be required to maintain continuous enrollment at the university until the work is complete.

Plan B (Project)

Students choosing the Project option must complete 3 units of CE 298 under the advisement of at least one departmental faculty member. The student is also responsible for securing a committee to review the project. The project must culminate in a project report and an oral defense of the project. In addition to the project, the student must select and complete a program in a secondary area of emphasis in consultation with their advisor.

Plan B (Comprehensive Exam)

Students choosing this option must sign up for and pass the departmental comprehensive exam, given once per semester, during the final term of study. The student is responsible for applying for graduation prior to signing up for the exam. In addition to the comprehensive exam, the student must select and complete a program in a secondary area of emphasis in consultation with their advisor. The comprehensive exam covers topics in the student's primary and secondary areas of emphasis. Signing up for the exam does not necessarily meet enrollment requirements for external agencies and cannot be used for that purpose. Students who fail to register for or pass the comprehensive exam in their final term of study will be required to maintain continuous enrollment with the university in subsequent semesters and may be required to complete remedial work.

Master's Requirements (30 units)

Core Courses (15-18 units)

- 100-Level or 200-Level CE Courses within one primary area of specialization

Electives (6-9 units)

Consent of graduate advisor required

Culminating Experience (6-12 units)

Complete One Option (Plan A Thesis, Plan B Project or Plan B Comprehensive Exam)

Plan A (Thesis) (6 units)

- CE 298 - Special Problems *1-6 unit(s)*
- CE 299 - Master's Thesis *1-6 unit(s)*

Plan B (Project) (9-12 units)

- Project students take 6-9 units in a secondary area of specialization *6-9 unit(s)*
- CE 298 - Special Problems *1-6 unit(s) (3 units required)*

Plan B (Comprehensive Exam) (6-9 units)

- Comprehensive Exam students take 6-9 units in a secondary area of specialization *6-9 unit(s)*
- Sign up for Comprehensive Exam in the Department Office in your final semester.
- Comprehensive Exam

Total Units Required (30 units)

Computer Engineering, MS

- Admissions Requirements
- Requirements for Advancement to Graduate Candidacy
- Requirements for Graduation

- Master's Requirements (33 units)
- Program Learning Outcomes

The MS-CMPE program provides students with an educational experience that combines electrical engineering and computer science with the best of academia, the high-tech industry, and Silicon Valley. The high-tech industry increasingly requires engineers to be equipped with both hardware and software development knowledge and skills. The program provides in-class theory with hands-on hardware design and software development exercises to give students the skills necessary to create contemporary microelectronic products that are typically embedded computing systems containing both hardware and software. Graduates with an MS in Computer Engineering can expect to find significant opportunities in digital and computer hardware design and verification, system-level software development, and prototyping and testing as well as technical support and marketing.

Class schedules are designed for the convenience of employed engineers who wish to pursue graduate work on a part-time basis.

For more information, visit <https://www.sjsu.edu/cmpe/academic/ms-cmpe/>.

Educational Objectives of the Graduate Program

To provide MS CMPE graduates with

1. advanced knowledge of the practice of computer engineering, from vision to analysis, design, validation, and deployment.
2. the ability to tackle complex engineering problems and tasks, using contemporary engineering principles, methodologies, and tools.
3. leadership skills and the ability to participate in teamwork in an environment with people of different disciplines of engineering, science, and business.
4. understanding of the ethical, economic, and environmental implications of their work, as appropriate.
5. the ability to advance successfully in the engineering profession and sustain a process of life-long learning in engineering or other professional areas.
6. the ability to communicate effectively in both oral and written forms.

Admissions Requirements

Candidates must meet all university admissions requirements. Applicants can be admitted in either classified or conditionally classified standing. If an applicant's preparation for advanced graduate work is considered inadequate to meet the course prerequisites or other departmental requirements, the conditions will include taking preparatory courses to meet these requirements. These courses will not count as part of the master's degree program requirements.

For acceptance by the Department of Computer Engineering, the applicant must satisfy the following requirements:

- a. **Academic Background**
An applicant must have a degree equivalent to a four-year U.S. undergraduate baccalaureate degree with a GPA of 3.25 (B+) or higher in a computer-hardware related field, such as computer engineering or electrical engineering. Those with backgrounds and interests in software development should consider the MS in Software Engineering program. They will receive lower priority in admissions into the MS-Computer Engineering program than those with hardware backgrounds and interests.
- b. **Standard Test Scores**
An applicant without a baccalaureate degree from an accredited university in the United States must meet SJSU's minimum requirements on an English-Language Proficiency Exam (TOEFL or equivalent; please visit the Graduate Program Test Requirements website at GAPE for more information). The GRE is required of any applicant whose bachelor's degree was from a non-ABET-accredited program or whose bachelor's

degree GPA was beneath 3.0. Under rare circumstances, usually involving a minimum of 5 years of employment in hardware development, applicants are eligible for a waiver of the GRE test requirement.

Requirements for Advancement to Graduate Candidacy

Students may advance to candidacy after completing all admission conditions and all prerequisites for the culminating experience (refer to the MS-CMPE Student Handbook) including the Graduation Writing Assessment Requirement (GWAR). CMPE 294 satisfies the requirement in this program, although ENGR 200W will also be accepted. If a student qualifies for a university-approved GWAR waiver, they must select an additional elective class to achieve the 33-unit program requirement.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

MS - Computer Engineering Graduation Requirements

To obtain an MS degree in Computer Engineering, a student must meet the following requirements:

1. achieve a classified student status, i.e., a conditionally admitted student must meet the admission conditions specified in the student's admission letter;
2. complete all course requirements leading up to the culminating experience courses, as listed below.
3. complete 33 semester units of 200-level courses with a cumulative GPA of 3.0 or better. At least 27 units must be 200-level Computer Engineering courses.
Undergraduate coursework does not count towards the master's degree. Students may enhance their degree by adding internships (CMPE 298I) to their plan of study.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

This requirement is satisfied by passing CMPE 294 or ENGR 200W.

Culminating Experience (Plan A or Plan B)

All students must complete one of the following culminating experiences: thesis or project. Theses and projects are completed under the supervision of an advisor.

Plan A (Thesis)

A master's thesis includes original research on a topic approved by the thesis committee and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It undergoes a thorough review and revision process under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

Plan B (Project)

A master's project is a research or development effort performed by a student individually on a topic chosen by mutual agreement between an advisor and the student. The choice of project topic is also approved by the Graduate Advisor. The individual student projects could be distinct components of a larger integrated project performed by a team of students. At the end of CMPE 295B, a project report is submitted for department review, and students present their project work in a department project exposition.

Master's Requirements (33 units)

Core (12 units)

- CMPE 200 - Computer Architecture 3 *unit(s)*
- CMPE 220 - System Software 3 *unit(s)*
- CMPE 240 - Advanced Computer Design 3 *unit(s)*

GWAR (3 units)

Complete one course (CMPE 294 is recommended):

- CMPE 294 - Computer Engineering Seminar 3 *unit(s)*
- ENGR 200W - Engineering Reports and Graduate Research 3 *unit(s)*

Area of Specialization (6 units)

Complete two courses in one of the specializations:

System Software Architecture

- CMPE 213 - Parallel Computing 3 *unit(s)*
- CMPE 214 - GPU Architecture and Programming 3 *unit(s)*
- CMPE 249 - Intelligent Autonomous Systems 3 *unit(s)*
- CMPE 281 - Cloud Technologies 3 *unit(s)*
- CMPE 283 - Virtualization Technologies 3 *unit(s)*

Network Systems

- CMPE 206 - Computer Network Design 3 *unit(s)*
- CMPE 207 - Network Programming and Application 3 *unit(s)*
- CMPE 208 - Network Architecture and Protocols 3 *unit(s)*
- CMPE 209 - Network Security and Applications 3 *unit(s)*
- CMPE 210 - Software-defined Networks and Network Functions Virtualization 3 *unit(s)*

Embedded Systems

- CMPE 242 - Embedded Hardware Design 3 *unit(s)*
- CMPE 243 - Embedded Systems Applications 3 *unit(s)*
- CMPE 244 - Embedded Software 3 *unit(s)*
- CMPE 245 - Embedded Wireless Architecture 3 *unit(s)*

- CMPE 265 - High Speed Digital System Design 3 *unit(s)*

Cybersecurity

- CMPE 209 - Network Security and Applications 3 *unit(s)*
- CMPE 211 - Advanced Network Security in IoT 3 *unit(s)*
- CMPE 219 - Cybersecurity Clinics with HCI 3 *unit(s)*
- CMPE 279 - Software Security Technologies 3 *unit(s)*
- CMPE 287 - Software Quality Assurance and Testing 3 *unit(s)*

Machine Learning Engineering

- CMPE 252 - Artificial Intelligence and Data Engineering 3 *unit(s)*
- CMPE 255 - Data Mining 3 *unit(s)*
- CMPE 256 - Advanced Data Mining 3 *unit(s)*
- CMPE 257 - Machine Learning 3 *unit(s)*
- CMPE 258 - Deep Learning 3 *unit(s)*
- CMPE 260 - Reinforcement Learning 3 *unit(s)*

Approved Electives (9 units)

Complete one course (3 units) of any 200-level CMPE courses in the Area of Specialization except the first-choice specialization.

Complete two courses (6 units) of any 200-level CMPE courses except 295 or 299 culminating experience classes, 298, or 298i. To take graduate courses in other departments, students need to consult with the MS CMPE graduate advisor.

Culminating Experience (6 units)

Complete One Option (Plan A or Plan B)

Plan A (Thesis) (6 units)

- CMPE 299A - Master Thesis I 3 *unit(s)*
- CMPE 299B - Master Thesis II 3 *unit(s)*

Plan B (Project) (6 units)

- CMPE 295A - Master Project I 3 *unit(s)*
- CMPE 295B - Master Project II 3 *unit(s)*

Total Units Required (33 units)

Elective courses must be planned in consultation with the Graduate Advisor.

If the student qualifies for a university-approved GVAR waiver, they may elect to substitute the CMPE 294 (or ENGR 200W) requirement with an elective.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU cumulative grade point averages of 3.0 in order to graduate.

Electrical Engineering, MS

- Admissions Requirements
- Requirements for Graduation
- Master's Requirements (33 units)
- Program Learning Outcomes

The Master of Science in Electrical Engineering, offered by the Department of Electrical Engineering, is designed to prepare our graduates for the dynamic global society. Our programs have made us a leading provider of engineering talent to Silicon Valley's high-tech industry. The curriculum is continually updated to keep abreast of advances in the engineering profession and industry. Along with the traditional emphasis on fundamental scientific knowledge, current engineering practice using computer design tools is integrated into the curriculum. Information about the MSEE program can be found at <https://www.sjsu.edu/ee/>.

Admissions Requirements

Candidates for admission apply through the CSU admissions portal, calstate.edu/apply. Applicants must meet all admission requirements.

Follow the link for general information about the university admission requirements and process. Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirement webpage at GAPE.

Requirements for Admission to Classified Standing

To be admitted to classified standing, an applicant must possess a baccalaureate degree with a major in Electrical or Computer Engineering or its equivalent and a grade point average of 3.0 or better on a 4.0 scale from a U.S. university with an ABET-accredited Electrical or Computer Engineering program.

Requirements for Admission to Conditionally Classified Standing

Some applicants who do not qualify for classified standing may be admitted as conditionally classified graduate students. They must petition for a change to classified status after completing the common core graduate courses with grades of "B" or better. A maximum of 15 units earned before the student attains the classified status may be counted towards the MSEE degree requirements.

Applicants with a BSEE Degree from an Accredited University in the U.S.

An applicant with a BS degree in Electrical or Computer Engineering from an accredited university within the United States, whose GPA is 3.0 or above on a 4.0 scale, will be admitted to classified standing (GRE is not required). An applicant with a GPA lower than 3.0 but higher than 2.75 on a 4.0 scale is required to submit their general GRE scores with the application. If accepted, the applicant will be admitted as a conditionally classified graduate student. Such a student may petition for a change to classified standing after successfully completing two of the following

four courses: EE 210, EE 221, EE 250, or EE 275 with a "B" or better grade in each course. Information about GRE score requirements can be found at Graduate Program Test Requirement.

Applicants with a BS Degree in Another Branch of Engineering or Science from an Accredited University in the U.S.

An applicant who possesses a baccalaureate degree in another branch of Engineering or in Physics or Mathematics with a minimum GPA of 3.0 on a 4.0 scale is required to submit his/her general GRE scores with the application. If accepted, the applicant will be admitted as a conditionally classified graduate student. Such an applicant may be required to complete four undergraduate courses at the beginning of the graduate program. The four undergraduate courses are selected from EE 110, EE 112, EE 118, EE 120, EE 122, EE 124, and EE 140. Following the completion of the undergraduate courses, the student must successfully complete two of the four graduate core courses, EE 210, EE 221, EE 250, or EE 275 with a "B" or better grade in each course. He or she may not enroll in more than two other graduate courses before completing these requirements. Units for the undergraduate courses are not counted toward the MSEE degree unit requirement. Information about GRE score requirements can be found at Graduate Program Test Requirement.

Applicants with Undergraduate Degrees from Foreign Universities

An applicant with a baccalaureate degree in Electrical, Electronic, Telecommunications, Computer Engineering, or other similar majors with a minimum GPA of 3.0 on a 4.0 scale is eligible to apply. Applicants are required to take an English-proficiency test (TOEFL or equivalent) and the general Graduate Record Exam (GRE). Information about minimum score requirements for English-proficiency tests and GRE can be found at Graduate Program Test Requirement. In general, there are no hard cut-offs on the GRE scores but the scores will be used with applicants' degree and GPA to rank the candidates for admission.

Applicants satisfying these requirements may be admitted as conditionally classified graduate students with the condition that they complete two of the four core graduate courses, EE 210, EE 221, EE 250, or EE 275 with a "B" or better grade in each course before enrolling in any other graduate course. However, a student with a high GPA and GRE may be admitted into classified standing.

Applicants from Other Graduate Programs within the University

A graduate student who has been admitted to another department in San José State University must complete at least one semester of work in that department before being able to transfer to the Electrical Engineering Department. A minimum GPA of 3.0 and general GRE are required. The scores will be used with applicants' degree and GPA to compare the candidate with those seeking first-time admission.

A "Change of Major Form" must first be approved by the GAPE office and the request transferred to the Electrical Engineering Department before the student may be considered for transfer into the Electrical Engineering program.

Requirements for Advancement to Graduate Candidacy

Matriculated graduate students must submit a Petition for Advancement to Graduate Candidacy a minimum of one semester prior to graduating. See the link for information about this requirement.

Students also must fulfill the Graduation Writing Assessment Requirement (GWAR) before advancing to candidacy. See the link for information about the GWAR.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Course Requirements

To meet the requirements for the MS - Electrical Engineering degree, a student must complete 33 units including GWAR with a cumulative GPA of 3.0 or better. The program provides two plans: MS thesis (Plan A) or MS Project (Plan B).

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Plan A (Thesis)

Students choosing this option must complete the MSEE Thesis Proposal course (EE 299A) or MSEE Project Proposal course (EE 297A) and MSEE Thesis course (EE 299B). The student is responsible for securing the commitment of three university faculty members, two of whom must be full-time EE faculty members, to serve as the student's thesis committee, with one full-time EE faculty member agreeing to serve as thesis committee chair. The student must write a thesis or project proposal and have it approved by the thesis committee chair or project advisor and pass the MSEE Thesis or Project Proposal course (EE 299A or EE 297A) before enrolling in EE 299B. The thesis must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee. The candidate for the MSEE degree must successfully pass a final oral defense of the thesis.

Plan B (Project)

The student must complete the MSEE Project Proposal course (EE 297A) or MSEE Thesis Proposal course (EE 299A) and MSEE Project course (EE 297B). The student is responsible for securing the commitment of a full-time EE faculty member to serve as MSEE Project Advisor. The student must write a project or thesis proposal and have it approved by the project advisor or thesis committee chair and pass the MSEE Project or Thesis Proposal course (EE 297A or EE 299A) before enrolling in the final MSEE Project course (EE 297B). The candidate for the MSEE degree must successfully pass a final defense of the project.

Master's Requirements (33 units)

Core Courses (9 units)

- EE 295 - Technical Writing - Engineering Ethics 3 *unit(s)* (GWAR) (*Students with GWAR waivers take an additional 3 units of electives*)

Complete Two Courses From:

- EE 210 - Linear System Theory 3 *unit(s)*

- EE 221 - Semiconductor Devices I 3 *unit(s)*
- EE 250 - Probabilities, Random Variables and Stochastic Processes 3 *unit(s)*
- EE 275 - Advanced Computer Architectures 3 *unit(s)*

Area of Specialization (9 units)

Students desiring to pursue an area of specialization not listed should consult graduate advisor.

- Device Physics, Micro and Nano Electronics
- Analog Electronics, Integrated Circuits
- Power Electronics, Energy Systems
- Communications, Signal Processing, Remote Sensing
- Control, Robotics, Autonomous Systems
- Digital Systems, Microprocessors and Computers, Embedded Systems
- Network, Network Security, Mobile Network, IoT
- Quantum Computer, Quantum Information
- Artificial Intelligence, Machine Learning, Deep Learning

Advisor Approved Electives (9 units)

Culminating Experience (6 units)

Plan A (Thesis) (6 units)

- EE 299A - MSEE Thesis Proposal 3 *unit(s)*
or EE 297A - MSEE Project Proposal
- EE 299B - MSEE Thesis 3 *unit(s)*

Plan B (Project) (6 units)

- EE 297A - MSEE Project Proposal 3 *unit(s)*
or EE 299A - MSEE Thesis Proposal
- EE 297B - MSEE Project 3 *unit(s)*

Total Units Required (33 units)

In special circumstances, a maximum of 3 units of approved courses taken outside the Electrical Engineering Department may be applied toward the MS - Electrical Engineering degree. Students who wish to take courses outside the Electrical Engineering Department must have pre-approval by the Graduate Advisor/Coordinator. In addition to the above requirements, students must satisfy all university requirements and procedures as stated in this catalog.

Engineering Management, MS

- University Admissions
- Requirements for Advancement to Candidacy for the MS - Engineering Management

- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

Engineering Management, offered by the Department of Industrial and Systems Engineering, is a specialized form of management that is concerned with the application of engineering principles to business practice. Engineering management is a career that brings together the technological problem-solving savvy of engineering and the organizational, administrative, and planning abilities of management in order to oversee complex enterprises from conception to completion.

Engineering Management programs typically include instruction in the areas of accounting, economics, project management, finance, systems engineering, mathematical modeling and optimization, quality control and six sigma, operations research, human resource management, industrial psychology, safety, and health. At SJSU, the engineering management program emphasizes quality and six sigma, statistics, fundamentals of business accounting and finance, engineering economic analysis, business ethics, supply chain engineering, and systems engineering. Through technical electives, students become knowledgeable in other aspects of business management, such as project management, human resource management, and operations research.

Additional information can be found at the MS Engineering Management website.

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the MS, Engineering Management program. See the GAPE Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage at GAPE. For TOEFL Requirements, see the English Language Proficiency Requirement section in this catalog.

Requirements for Admission to Classified Standing

Applicants must meet all university admission requirements. Applicants who meet the following requirements beyond university requirements will be considered for admission into the ISE Department. In addition, applicants must possess a baccalaureate degree from an ABET-accredited engineering program with a grade point average of at least 3.0 in the last 60 semester hours of upper-division work completed in all subjects and in technical subjects only. Students meeting these criteria may be admitted in classified standing; however, students may still be admitted conditionally if they need prerequisite courses for the selected option. An engineering technology degree does not satisfy the degree requirement for admission to this program.

Requirements for Admission to Conditionally Classified Standing

Applicants who do not meet the requirements for classified standing may be admitted with specific conditions as conditionally classified. An applicant whose undergraduate record indicates deficiencies in one or more technical areas and/or has a grade point average less than 3.0 in the last 60 semester hours of upper-division work completed in all subjects and in technical subjects only may be admitted for graduate work on a conditionally classified basis. Such students will be expected to satisfactorily complete additional course work before becoming classified. Any conditions stated in the admission notification must be fulfilled within the first year and before the student can be advanced to candidacy for the degree.

Students admitted in conditionally classified status may petition for classified status when course work in deficient areas has been completed, when they have satisfied the Graduation Writing Assessment Requirement (GWAR), and when their records in classes at San José State University show sufficient promise of success in the master's degree program.

Requirements for Advancement to Candidacy for the MS - Engineering Management

Students seeking the Master of Science in Engineering Management degree must meet the general university requirements for advancement to candidacy as outlined in the Academic Requirements section of this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program. Advancement to candidacy and approval of the degree program will be handled by the Graduate Advisor. All classified graduate students must apply for advancement to candidacy after completing the GWAR and a minimum of nine units of graduate work. All MS EM students are encouraged to apply for advancement to candidacy as soon as they have completed the GWAR and three graduate courses.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Students choose the Plan A (Thesis) or Plan B (Project) option as their program culminating experience. The decision as to whether to embark on a thesis or project will be made by the student in consultation with the program's assigned advisor.

Plan A (Thesis)

Students wishing to pursue the thesis option must begin by obtaining the approval of the MS, Engineering Management (MS EM) program director, and then secure the agreement of a qualified faculty member to serve as Chair of the thesis committee. The candidate must provide the name of the committee Chair to the MS EM Program Director prior to the beginning work on the thesis. The thesis and thesis process must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. The thesis will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

Plan B (Project)

The project is the expected choice for the MS, Engineering Management candidate's culminating experience. Students must begin the project by identifying a qualified faculty advisor, or by having one appointed by the MS EM program director. The advisor and the student mutually agree on the scope of the project. The advisor determines when the student has met agreed-upon project requirements and when the project report is acceptable for

submission to the MS EM program and notifies the MS EM program director of the student's satisfactory completion of the culminating experience requirement.

Master's Requirements (30 units)

Core Courses (15 units)

- ISE 200 - Financial Methods for Engineers 3 *unit(s)*
- ISE 213 - Principles of Engineering Management 3 *unit(s)*
- ISE 222 - Adv Sys Engr 3 *unit(s)*
- ISE 250 - Leading the Six Sigma Improvement Project 3 *unit(s)*
- ISE 251 - Managing the Lean Enterprise Improvement Program 3 *unit(s)* (GWAR)

Approved Electives (12 units)

Twelve units of electives selected in consultation with graduate advisor. Students take two BUS electives (6 units) and two ISE electives (6 units).

Culminating Experience (3 units)

Complete One Course From:

Plan A (Thesis)

- ISE 299 - Master's Thesis 1-4 *unit(s)* (3 *units required*)

Plan B (Project)

- ISE 298 - Special Problems 1-4 *unit(s)* (3 *units required*)

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Engineering Technology, MS

The Master of Science in Engineering Technology degree program, offered by the Department of Aviation and Technology, prepares students with advanced managerial, leadership, analytical and business-based skill sets to improve the way an organization functions. Engineering technologists gain the ability to contribute to an organization's success by improving processes and systems, identifying and meeting customers' needs and assuring high quality of products and services through application of engineering principles and proper analytical tools and technical skills.

Various organizations, from global manufacturing corporations, government organizations, and industrial enterprises to small service-oriented businesses, such as healthcare systems, manufacturing operations, network and security systems, and educational institutions, can benefit from implementing engineering technology principles and approaches. Students are required to have completed a BS in a STEM-related major such as Engineering, Physics, Mathematics or Business with a strong analytical background.

Admissions Requirements

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system. Applicants must meet all university admission requirements. See the Graduate Admissions section for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage at GAPE. For TOEFL Requirements, see the Graduate Admissions section of this catalog.

Requirements for Admission to Classified Standing

The Department of Aviation and Technology admits students to the Master of Science in Engineering Technology program in Classified or Conditional Standing. Contact the department or see our admissions materials for specific application deadlines. For admission to classified standing the department requires the following:

1. A baccalaureate degree from an accredited academic institution in a technical or scientific discipline. Individuals from non-accredited or non-technical disciplines who demonstrate exceptional promise may be conditionally admitted to the graduate program;
2. Transcripts from an academic institution which verify a minimum grade point average of 3.0 in the last 60 upper-division university units;
3. Evidence of written and oral communication skills essential to meet the demands of graduate-level study and research. A well-written personal statement is often used for partial verification of these competencies; this statement should discuss the applicant's career plans and make note of how the master's degree will enhance career objectives; and
4. Foreign students must present a TOEFL score of at least 550.

Requirement for Admission to Conditionally Classified Standing

Applicants from non-technical disciplines may be conditionally admitted to the graduate program pending completion of additional undergraduate course work as prescribed by the program graduate coordinator. Students who are conditionally classified may seek admission to classified standing only after completion of nine units of graduate-level coursework with a minimum grade point average of 3.0. The individual admission letter will explain required terms and conditions for attaining Classified standing.

Requirements for Advancement to Candidacy

General university requirements for advancement to candidacy for the Master of Science degree are outlined in the Academic Regulations section of this catalog. After successfully completing a minimum of 12 graduate units, with a minimum grade point average of 3.0, and satisfied the university GVAR, students must finalize their programs of study with the guidance of the Program's Graduate Advisor.

The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Successfully passing TECH 200 course meets the GWAR requirement.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

In consultation with the department graduate advisor, the candidate will develop and pursue a program of study. The candidate must successfully complete all requirements of the selected plan including the course work specified in the Master's Degree Approval Program.

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

Students choose a Plan A (Thesis) or Plan B (Project) option as their program culminating experience.

Plan A (Thesis)

Students opting to complete a thesis enroll in six units of TECH 299. They must secure the commitment of three faculty members of the department, college or university, two of whom must be members of the faculty (permanent or part-time), to serve as members of the student's Plan A (thesis) committee, with one permanent faculty member agreeing to serve as chair. The committee must approve the student's thesis proposal for the master's degree no later than one semester prior to the end of the semester preceding the one in which enrollment in the final thesis course is planned. The thesis will include original research on a topic approved by the thesis committee, and must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will undergo a thorough review and revision process under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee. In addition, the candidate for the MS degree must successfully pass a final oral defense of the thesis. This includes a one-hour professional presentation with applicable slides outlining the work performed including an introduction, background and review of the relevant previously published literature, methodology, analysis/experiment/simulation, results and discussion, followed by conclusion(s).

Plan B (Project)

Students opting to complete a project enroll in TECH 295A (3 units) and TECH 295B (3 units). They must secure the commitment of three faculty members of the department, college or university, two of whom must be members of the faculty (permanent or part-time), to serve as members of the student's Plan B (Project) committee, with one permanent faculty member agreeing to serve as chair. The committee must approve the student's project proposal for the master's degree no later than one semester prior to the end of the semester preceding the one in which enrollment in the final project course is planned. The project will include original research on a topic approved by the project committee. It will undergo a thorough review and revision process under the guidance of the candidate's project committee chair and with the assistance of the committee members. In addition, the candidate for the MS degree must successfully pass a final oral defense of the project. This includes a one-hour professional presentation with applicable slides outlining the work performed including an introduction, background and review of the relevant

previously published literature, methodology, analysis/ experiment/simulation, results and discussion, followed by conclusion(s).

Master's Requirements (30 units)

Required Courses (9 units)

- TECH 200 - Research Methods for Engineering and Technology 3 *unit(s)* (GWAR)
- TECH 230 - Six-Sigma and Continuous Improvement Systems Management 3 *unit(s)*
- TECH 233 - Design and Analysis of Experiments 3 *unit(s)*

Specialization Area (9 units)

Complete 3 courses in one Specialization Area: Smart Manufacturing or Applied Networks Systems

Smart Manufacturing Specialization

- TECH 235 - Measurement Systems and Analysis 3 *unit(s)*
- TECH 239 - Design Assurance in Product Development 3 *unit(s)*
- TECH 241 - Application of Artificial Intelligence in Manufacturing 3 *unit(s)*
- TECH 244 - Selective Laser Melting Process 3 *unit(s)*
- TECH 245 - Advanced Solid-State Welding/Joining Processes 3 *unit(s)*

Applied Network Systems Specialization

- TECH 231 - Systems Reliability and Maintainability 3 *unit(s)*
- TECH 236 - Foundations in Quality Assurance for Software 3 *unit(s)*
- TECH 273 - Computer and Network System Auditing 3 *unit(s)*

Approved Electives (6 units)

Complete 2 courses from the following

- TECH 172 - Database Server System Management 3 *unit(s)*
- TECH 174 - Blockchain Technology and Applications 3 *unit(s)*
- TECH 175 - Industrial Internet of Things (IIoT) 3 *unit(s)*
- TECH 176 - Machine Learning Technology and Applications 3 *unit(s)*
- TECH 177 - Data Science in Industrial Systems Management 3 *unit(s)*
- TECH 234 - Quality Systems Management: ISO 9000 and 14000 3 *unit(s)*
- TECH 236 - Foundations in Quality Assurance for Software 3 *unit(s)*
- TECH 251 - Cybersecurity Operations Management 3 *unit(s)*
A graduate level course (from another department) with Graduate Advisor's approval

Culminating Experience (6 units)

Complete One Option (Plan A or Plan B):

Plan A (Thesis)

- TECH 299 - Master's Thesis 2-6 *unit(s)* (6 units required)

Plan B (Project)

- TECH 295A - Engineering Technology Project I (3 units)
- TECH 295B - Engineering Technology Project II (3 units)

Total Units Required (30 units)

Elective courses must be planned in consultation with the Graduate Advisor.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Engineering, MS

- Requirements for Admission to Classified Standing
- Requirements for Admission to Conditionally Classified Standing
- Requirements for Advancement to Candidacy
- Completing Requirements for the MS - Engineering
- Master's Requirements (30 units)
- Program Learning Outcomes

The MS Engineering degree by the Interdisciplinary Engineering Program offers practicing engineers the opportunity to develop a wide range of knowledge and skills needed to function in today's complex industrial environment. The program is designed to provide flexibility for students who need coursework that is truly interdisciplinary and not available through the other engineering programs in the college. The MS-Engineering programs typically include courses from at least three different programs in the College of Engineering and may also use courses in other colleges. Students are required to submit a program-of-study proposal by the end of their first semester enrolled in MSE. Additional off-campus specialized MSE programs are offered at local industry sites.

Requirements for Admission to Classified Standing

Students seeking admission to MS Engineering programs must meet the general university requirements for admission as outlined in this catalog. In addition, the applicant must possess a baccalaureate degree from an ABET-accredited engineering program with a grade point average of at least 3.0 in the last 60 semester hours of upper-division work completed in all subjects and in technical subjects only. Students meeting these criteria may be admitted in classified standing; however, students may still be admitted conditionally if they need prerequisite courses for the selected specialization. More information on admission requirements can be found on the program website.

Requirements for Admission to Conditionally Classified Standing

A graduate applicant whose undergraduate record indicates deficiencies in one or more technical areas and/or has a grade point average less than 3.0 in the last 60 semester hours of upper-division work completed in all subjects and in technical subjects only may be admitted for graduate work on a conditionally classified basis. Such students will be expected to satisfactorily complete additional coursework before becoming classified. Students admitted in conditionally classified status may petition for classified status when coursework in deficient areas has been completed, when they have satisfied the Graduation Writing Assessment Requirement (GWAR), and when their records in classes at San José State University show sufficient promise of success in the master's degree program.

Requirements for Advancement to Candidacy

Students seeking the MS Engineering degree must meet the general university requirements for candidacy as outlined in this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program. In addition, the applicant must demonstrate an aptitude for advanced professional work in engineering as measured by instructor appraisals, analysis of previous academic work, or other appropriate means. Advancement to candidacy and approval of programs will be handled by a faculty committee and the student's advisor.

Completing Requirements for the MS - Engineering

The normal course of study for the MS-Engineering degree consists of 30 semester hours of approved work in the following areas:

Graduation Writing Assessment Requirement

At SJSU, students must pass the Graduation Writing Assessment Requirement (GWAR).

Master's Requirements (30 units)

Core Courses (6 units)

- ENGR 201 - Engineering Analysis 3 *unit(s)*
- ENGR 202 - Systems Engineering 3 *unit(s)* (GWAR)

Specialized Core (3-9 units)

Approved Specialization Electives (9-15 units)

Culminating Experience (3-6 units)

Complete One Sequence From:

Master's Thesis Sequence (Plan A)

- ENGR 281 - Master's Project/Thesis Preparation Seminar 1 *unit(s)*
- ENGR 299 - Master's Thesis 1-6 *unit(s)*

Master's Project Sequence 1 (Plan B)

- ENGR 281 - Master's Project/Thesis Preparation Seminar 1 *unit(s)*
- ENGR 298 - Master's Project 2 *unit(s)*

Master's Project Sequence 2 (Plan B)

- ENGR 295A - Master Project I 3 *unit(s)*
- ENGR 295B - Master Project II 3 *unit(s)*

Total Units Required (30 units)

Human Factors/Ergonomics, MS

- Admission Requirements
- Requirements for Admission to Classified Standing
- Requirements for Admission to Conditionally Classified Standing
- Requirements for Advancement to Candidacy for the MS - Human Factors/Ergonomics
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Department of Industrial and Systems Engineering administers the Master of Science in Human Factors/Ergonomics (HF/E) degree program. This is a cooperative program involving the Departments of Industrial and Systems Engineering, Psychology, Industrial Design, and Kinesiology.

Human factors/ergonomics is the discipline concerned with the development and application of human-system interface technology to systems analysis, design, and evaluation. This technology encompasses human-machine (hardware ergonomics), human-task (workplace ergonomics), human-environment (environmental ergonomics), human-software (cognitive ergonomics) and organizational-machine (macro-ergonomics) interfaces. Practitioners are engaged in developing design specifications, guidelines, methods, and tools. They also apply human-system interface technology to ensure that work systems are compatible with the characteristics of the humans who operate, maintain, or otherwise interact with them. Their efforts include improving the operability, maintainability, usability, comfort, safety and health characteristics of systems to improve human and system effectiveness and to reproduce the potential of injury and error (adapted from remarks published by H. Holbrook, 1995-96 President, Human Factors and Ergonomics Society, HFES Bulletin, January 1996).

This program prepares students for practice in this emerging profession through an interdisciplinary course sequence that emphasizes theory, practical applications, and research. HF/E students take a group of five core courses from several different SJSU departments and elective courses in topics of their choosing. A one-semester weekly seminar is required of all students. The program culminates in a thesis or project.

Additional information can be found on the Human Factors/Ergonomics Program website.

Admission Requirements

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply system and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the MS, Human Factors/Ergonomics program. See the Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. For TOEFL Requirements, see the English Language Proficiency Requirement section in this catalog.

Requirements for Admission to Classified Standing

Applicants must meet all university admission requirements. Applicants who meet the following requirements beyond university requirements will be considered for admission into the ISE Department. Applicants for classified standing must have completed a BS or BA degree in Psychology, Industrial Engineering, Occupational Therapy, Industrial Design, Kinesiology, or other related fields at an accredited institution. A grade point average of 3.0 ("B") or better in the last two years of academic work is preferred. Applicants for classified standing will also be expected to have completed upper-division courses in statistics, cognition, and perception.

Requirements for Admission to Conditionally Classified Standing

Applicants who do not meet the requirements for classified standing may be admitted with specific conditions as conditionally classified; any conditions stated in the admission notification must be fulfilled within the first year and before the student can be advanced to candidacy for the degree. If the conditions are not fulfilled, the program reserves the right to dismiss the student from the program by a process known as Administrative Academic Disqualification (see Section 41300.1, Title 5, California Code of Regulations).

Requirements for Advancement to Candidacy for the MS - Human Factors/Ergonomics

Students seeking the Master of Science degree in Human Factors/Ergonomics must meet the general all-university requirements for candidacy as outlined in the Academic Requirements section of this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Courses that satisfy the GWAR are listed in the course requirements for the program. In addition, the applicant must demonstrate an aptitude for advanced professional work in human factors/ergonomics, as measured by instructor appraisals, analysis of previous academic work, or other appropriate means. Advancement to candidacy and approval of programs will be handled by the student's graduate advisor.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Graduation Writing Assessment Requirement

At SJSU, students must satisfy the Graduation Writing Assessment Requirement (GWAR).

Culminating Experience

The decision as to whether to embark on the project (Option B) or Thesis (Option A) path for the culminating experience will be made by the student in consultation with the program's assigned advisor.

Plan A (Thesis)

Students wishing to pursue the thesis option must begin by obtaining the approval of the HF/E program Director and then by securing the agreement of a qualified faculty member to serve as Chair of the candidate's thesis committee.

The name of the committee Chair must be provided to the HF/E program Director prior to the candidate beginning work on the thesis. The thesis and thesis process must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines. It will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

Plan B (Project)

The project is the expected choice for the HF/E candidate's culminating experience. Students must begin the project by identifying a qualified faculty advisor, or one will be appointed by the HF/E Program Director. The advisor and the student mutually agree on the project's scope. The advisor determines when the student has met the agreed-upon project requirements and when the project report is acceptable for submittal to the HF/E program, and notifies the HF/E program Director of the student's satisfactory completion of the requirement.

Three (3) elective courses must be planned in consultation with the Graduate Advisor. Electives may be selected from a wide range of graduate courses offered on the SJSU campus in industrial engineering, psychology, kinesiology, and other departments. Course descriptions can be found under the listings for the respective departments elsewhere in this catalog. The program develops and offers its own elective courses from time to time in topics such as usability testing, human-computer interaction, safety, and others. Please see the program website for further details.

Course Requirements

Students must maintain a GPA of 3.0 or above in all courses taken in fulfilling prerequisites and the 30 graduate units required for completion of the program. The general requirements for the course completion are as follows:

Master's Requirements (30 units)

Core Courses (17 units)

- ISE 210 - Human Factors/Ergonomics 3 *unit(s)*
- ISE 212 - Human Factors Experiments 3 *unit(s)* (GWAR)
- ISE 290 - Human Factors & Ergonomics Professional Seminar 2 *unit(s)*
- KIN 266 - Principles and Concepts of Perceptual Motor Learning 3 *unit(s)*
- PSYC 273 - Seminar in Human Factors 3 *unit(s)*

Complete One Course From:

- ISE 135 - Design of Experiments 3 *unit(s)*
- ISE 202 - Design and Analysis of Engineering Experiments 3 *unit(s)*
- ISE 211 - Experiment Design for Human Factors Engr 3 *unit(s)*

Approved Electives (9 units)

Elective courses must be planned in consultation with the graduate advisor

Culminating Experience (4 units)

Plan A (Thesis) or Plan B (Project)

Complete four units from:

- ISE 298 - Special Problems 1-4 unit(s)
- PSYC 298 - Special Problems 1-6 unit(s)
- KIN 298 - Special Studies 3 unit(s)
- ISE 299 - Master's Thesis 1-4 unit(s)
- PSYC 299 - Master's Thesis 1-6 unit(s)
- KIN 299 - Master's Thesis 1-6 unit(s)

Total Units Required (30 units)

The maximum number of upper-division undergraduate units that can be applied toward the master's degree is 15.

Human Factors/Ergonomics, User Experience Concentration, MS

- Admission Requirements
- Requirements for Admission to Classified Standing
- Requirements for Admission to Conditionally Classified Standing
- Requirements for Advancement to Candidacy for the MS - Human Factors/Ergonomics, Concentration in User Experience
- Requirements for Graduation
- Master's Requirements (30 units)
- Program Learning Outcomes

The Department of Industrial and Systems Engineering (ISE) administers the Master of Science in Human Factors/Ergonomics (HF/E) degree program with a Concentration in User Experience (UX). This program provides students with competency in human computer interaction (UX) through their course work and culminating project and creates a recognizable employment credential on the MS diploma from the MS HF/E program accredited by the Human Factors and Ergonomics Society (HFES). Students take 3 core courses, 3 required courses, and 2 electives in topics of their choosing. A one-semester weekly seminar is required of all students. The program culminates in a thesis or project. Additional information can be found at the Human Factors/Ergonomics Program website.

Admission Requirements

University Admissions

Applicants must submit a complete graduate application by applying through the CSU Cal State Apply portal and meet all the university admission requirements. Applicants apply separately to the department to obtain admission into the MS, Human Factors/Ergonomics program with User Experience Concentration. See the Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on the Graduate Program Test Requirements webpage. For TOEFL Requirements, see the English Language Proficiency Requirement section in this Catalog.

Requirements for Admission to Classified Standing

Applicants must meet all university admission requirements. Applicants who meet the following requirements beyond university requirements will be considered for admission into the ISE Department. Applicants for classified standing must have completed a BS or BA degree in Psychology, Engineering, Computer Science, Industrial Design, or other related field at an accredited institution. A grade point average of 3.0 ("B") or better in the last two years of academic work is preferred. Applicants for classified standing will also be expected to have completed upper division courses in statistics, cognition, and perception.

Requirements for Admission to Conditionally Classified Standing

Applicants who do not meet the requirements for classified standing may be admitted with specific conditions as conditionally classified; any conditions stated in the admission notification must be fulfilled within the first year and before the student can be advanced to candidacy for the degree. If the conditions are not fulfilled, the program reserves the right to dismiss the student from the program by a process known as Administrative Academic Disqualification (see Section 41300.1, Title 5, California Code of Regulations).

Requirements for Advancement to Candidacy for the MS - Human Factors/Ergonomics, Concentration in User Experience

Students seeking the Master of Science degree in Human Factors/Ergonomics, Concentration in User Experience must meet the general all-university requirements for candidacy as outlined in the Academic Requirements section of this catalog. The University requires that all graduate students complete the Graduation Writing Assessment Requirement (GWAR) as a condition for advancement to candidacy. Please refer to the SJSU catalog section titled "Graduation Writing Assessment Requirement" for details. Courses that satisfy the GWAR are listed in the course requirements for the program. In addition, the applicant must demonstrate aptitude for advanced professional work in human factors/ergonomics, as measured by instructor appraisals, analysis of previous academic work or other appropriate means. Advancement to candidacy and approval of programs will be handled by the student's graduate advisor.

Requirements for Graduation

University Graduation Requirements

Students must complete all residency, curriculum, unit, GPA, and culminating experience requirements as outlined in the Graduation Requirements section of the Graduate Policies and Procedures.

Culminating Experience

Students choose the Plan A (Thesis) or Plan B (Project) option as their program culminating experience. The decision as to whether to embark on a thesis or project will be made by the student in consultation with the program's assigned advisor.

Plan A (Thesis)

Students wishing to pursue the thesis option must begin by obtaining the approval of the HF/E program Director, and then secure the agreement of a qualified faculty member to serve as Chair of the thesis committee. The candidate must provide the name of the committee Chair to the HF/E Program Director prior to the beginning work on the thesis. The thesis and thesis process must meet university requirements as stipulated in this catalog and in the SJSU Master's Thesis and Doctoral Dissertation Guidelines (pdf). The thesis

will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee.

Plan B (Project)

The project is the expected choice for the HF/E candidate's culminating experience. Students must begin the project by identifying a qualified faculty advisor, or by having one appointed by the HF/E program Director. The advisor and the student mutually agree on the scope of the project. The advisor determines when the student has met agreed upon project requirements and when the project report is acceptable for submission to the HF/E program, and notifies the HF/E program Director of the student's satisfactory completion of the culminating experience requirement.

Course Requirements

Students must maintain a GPA of 3.0 or above in all courses taken in fulfilling prerequisites and the 30 graduate units required for completion of the program. The general requirements for the course completion are as follows:

Master's Requirements (30 units)

Core Courses (8 units)

- ISE 210 - Human Factors/Ergonomics 3 *unit(s)*
- ISE 212 - Human Factors Experiments 3 *unit(s)* (GWAR)
- ISE 290 - Human Factors & Ergonomics Professional Seminar 2 *unit(s)*

Concentration Courses (12 units)

- ISE 215 - Usability Evaluation and Testing 3 *unit(s)*
- ISE 217 - Human Computer Interaction 3 *unit(s)*
- ISE 218 - Interaction Design I 3 *unit(s)*
- ISE 220 - Interaction Design II 3 *unit(s)*

Approved Electives (6 units)

Elective courses must be planned in consultation with the graduate advisor.

Culminating Experience (4 units)

Plan A (Thesis) or Plan B (Project)

Complete four units from:

- ISE 298 - Special Problems 1-4 *unit(s)*
- ISE 299 - Master's Thesis 1-4 *unit(s)*

Total Units Required (30 units)

Two (2) elective courses must be planned in consultation with the Graduate Advisor. Electives may be selected from a wide range of graduate courses in industrial engineering, psychology, industrial design and other departments. Course descriptions can be found under the listings for the respective departments elsewhere in this catalog. The program develops and offers its own elective courses from time to time in topics such as usability testing, human-computer interaction, safety and others. Please see the program website for further details.

Upon completion of the degree requirements, the student must have achieved minimum candidacy and SJSU Cumulative grade point averages of 3.0 in order to graduate.

Industrial and Systems Engineering, MS

The goal of Industrial and Systems Engineering is to ensure that manufacturing or service organization systems are efficient, productive, safe, and well designed against cumulative injury, and that the systems incorporate the right tools and equipment. The Master of Science in Industrial and Systems Engineering curriculum, offered by the Department of Industrial and Systems Engineering, prepares engineers for these activities and helps achieve the goals of ISE in a manufacturing or service organization. It prepares students to bridge the gap between operations and management with courses ranging from operations planning and control, quality assurance and reliability, human factors and ergonomics, human-machine interaction, information engineering, and cost-effectiveness analysis, to organizational development and total quality management. It prepares students to enter the profession immediately or to enter a PhD program.

Admissions

Applicants must submit a complete graduate application through the CSU Cal State Apply portal and meet all the university admission requirements. See the Graduate Admissions website and this Catalog for general information about graduate admissions at SJSU.

Applicants from countries in which the native language is not English must achieve a minimum English language proficiency test score as indicated on the Graduate Program Test Requirements webpage at GAPE. For TOEFL Requirements, see the English Language Proficiency Requirement section in this Catalog.

Admissions to the MS ISE program include the following:

1. A bachelor's degree in Industrial or Systems Engineering from an ABET-accredited University; OR
